Dr. Nolan Kinsey Named New Rotan Superintendent

Dr. Nolan Kinsey, a native of Lampasas and former superintendent at Salado and Moody and former dean of the evening college at Central Texas College at Killeen, has accepted the job of Rotan Superintendent of Schools at a salary of $53,000 a year (total package) plus moving expenses.

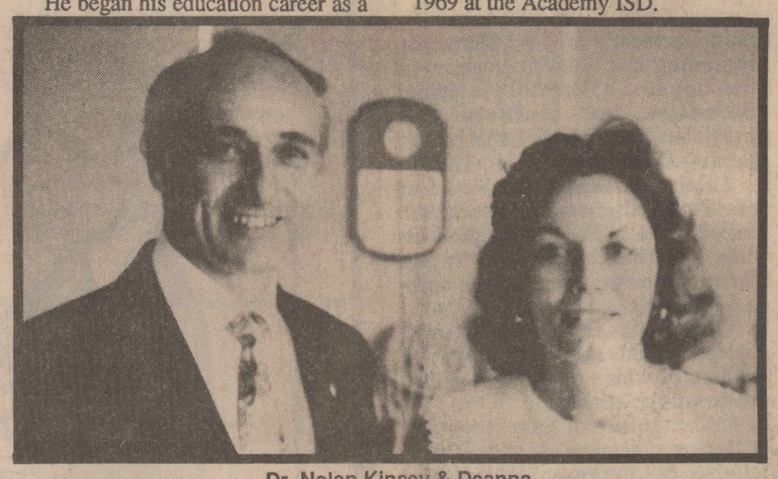

Dr. Kinsey had his wife Deanna are the parents of three children. The oldest, Kelly is a senior education major at Texas Tech; Grant, age 16 will be a Rotan High School junior and the youngest Zachary, age 5 will be a first grader.

Rotan School Board President Pete Fowler, in making the announcement of the hiring, was elated that the board was able to secure the services of Dr. Kinsey. The new superintendent is a 1968 graduate of Southwestern University at Georgetown, where he majored in biology and chemistry. He received his Masters Degree at Baylor University in 1972 and his Doctorate from Baylor in 1982.

For the past year he has served as an educational consultant with the Don Legge Architectural firm. From 1981 until 1988 he was Superintendent of Schools at Salado ISD; from 1978 until 1981 he served as the Dean of the Evening College, Central Texas College at Killeen and for one year 1978 he was Administrative Assistant to the Superintendent at San Benito ISD.

Dr. Kinsey served as superintendent of Schools at Moody IDS from 1974 until 1978; was high school principal 1972 to 1974 at Moody and high school principal at Florence ISD from 1969 until 1972.

He began his education career as a teacher at the Salado ISD from 1965 to 1967 then taught for a year from 1968-1969 at the Academy ISD.

Dr. Nolan Kinsey & Deanna

He and his wife Deanna are members of the Baptist Church. He is a past President of the Chamber of Commerce and has been active in the Lion's Club, serving in numerous local offices and serving as Lion's Zone Chairman.

Dr. Kinsey's philosophy of education, as outlined in his letter to the Rotan ISD, stated, "According to many recognized experts, an individual begins learning from the time he or she is born and continues to learn throughout life. The meaningful experiences one is exposed to have an influence upon the learning process. The school provides the formal educational setting for these learning experiences. It can be said then that education is a life-long endeavor.

In relation to the total education of the child, our schools prepare youth for life and for the present. Our schools should strive to prepare each student for living in a democratic society. This preparation should begin when a child first enrolls in school.

The learning of basic skills should be uppermost in the minds of educators in the elementary school. Each year should prepare the student for the next year to come. The child should be allowed to learn at his own rate. Arithmetic concepts, skills in communica-

Hospital In Shaky Financial Condition

Fisher County Hospital Board Needs To Borrow $150,000 On Future Tax Collections For Payroll

Fisher County Hospital Board members, during regular session last Monday night, signed a resolution authorizing the borrowing of $150,000 in the form of a loan from the First National Bank of Rotan, in order that the hospital can meet payroll e..penses.

Administrator Pete Hohon informed the board "basically we had a bad May and we are out of tax money and operating money and where we had to borrow $250,000 at this time last year, I feel that this year we can get by on borrowing $150,000," said the Administrator.

The $250,000 borowed last year was borrowed against tax collections and was paid back in full.. The $150,000 will also be borrowed against tax money that will be collected in the final quarter of 1990.

Hohon added that the borrowed money will basically be used to meet payroll expenses. Average costs of keeping the doors open at the Fisher County Hospital are $150,000 a month, including payroll and expenses to run the hospital. May deposits from operations only amounted to $63,000 and only $4,800 in tax money was collected.

"The $150,000 loan will be cutting things close, but if we have to, we can go back. It is worth trying to make it on the $150,000," stated Hohon.

Board members, after a motion by Billy Jeffrey and second by William Cleveland, Jr., unanimously approved signing the resolution to borrow the funds.

Another item discussed by the board last Monday night was the $17,000 down payment, co-signed by the board of directors for Dr. Alice Pangle to make a down payment on a 160 farm/ranch in the Royston area. Pangle has filed bankruptcy and the $17,000 is long past due to the Citizen's State Bank in Roby. Board members approved authorizing Frank Mitchell

Official Audit Underway At Hospital, Mitchell Wants All Funds Checked

Pete Hohon has issued his resignation to individual board members as the Fisher County Hospital Administrator. At approximately the same time that Hohon submitted his letter of resignation, Board President Frank Mitchell fielded allegations that there could possibly have been some hospital funds expended in an improper manner.

The allegation involving public funds, led Mitchell to request an official audit of Fisher County Hospital monies. He authorized representatives of Condley & Company, Certified Public Accountants of Abilene to conduct the audit investigation.

No charges have been made. Mitchell indicated that he felt obligated to call for the audit in light of the alleged accusations that could possibly involve taxpayer funds.

The official results of the audit are not expected to be known or released until later in the week, according to Mitchell.

The Fisher County Hospital Board went into executive session, under Article 6252-17 V.A.T.S. (Section 2G) - Texas Open Meeting Act, involving personnel, at 8:00 p.m. , last Monday night and stayed in executive session until 8:35 p.m. Upon going back into open session, the following motion was made by William Cleveland, Jr., and seconded by Billy Jeffrey, passing unanimously.

The motion by Cleveland read: "Considering the lack of official consent and approval of the entire board of directors, I move that the Fisher County

Pete Hohon Gives Resignation As Administrator

Fisher County Hospital Administrator Pete Hohon, an employee of the Fisher County Hospital District for the past 3 years, issued a letter of resignation to board members last week.

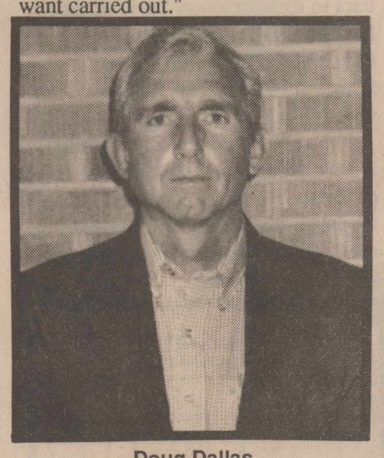

Hohon began work with the Fisher County Hospital District on June 29th of 1987 and served as Fisher County Hospital District Administrator from November 1987 until the present time.

His resignation becomes effective when a replacement can be found.

His purpose for resigning, according to a statement made last Monday morning, was, "For personal and family reasons and my feeling that the hospital needs a change in leadership at this time," stated Hohon.

Hohon continued by indicating that since he came to the Fisher County Hospital, three board members have changed. The three changes include William Cleveland, Jr., Steve Nowlin and Brenda McCall replacing Dave Williams, Glen Copeland and Marion Reed. Holdover board members, since Hohon was hired included: Billy Jeffrey and Frank Mitchell.

"The new Fisher County Hospital Board, as it stands today, needs the opportunity to have an administrator determine and enforce the policies they want carried out."

Doug Dallas

Doug Dallas Is New Rotan A/D Football Coach

Doug Dallas, former Head Football Coach and Athletic Director at Santa Anna, was hired last Saturday afternoon as the new Rotan Head Coach. He replaces Weldon Nelms who took a like position at Wimberly.

Dallas is originally from Cross Plains. He graduated from Cross Plains High School, attended Cisco Junior College and received his B.S. degree from Sul Ross State University at Alpine in 1966.

He began his teaching and coaching career at Eastland and remained there for 23 years. He moved to Santa Anna, coaching there for one-year, taking his team to the area playoffs before falling to Rotan by the score of 14-0.

He and his wife Christy, a native of Cross Plains, are members of the Church of Christ and are the parents of two children. Jody, who will be an 8th grader and Jake, who will be a second grader.

Dallas was hired at state base plus $6,700.00, plus $60.00 a month for insurance.

Rotan Little League Pirate Team Wins 1990 League Championship

The Rotan Little League Pirates won the league championship for 1990 with their 9-3 season record and are in the process of playing in the area Little League playoffs in Merkel.

The Rotan Little League Pirates played their first game on Tuesday night, June 19th. If they won, they play in Merkel on Thursday night.

Team members are Stoney Carrillo, Chris Terry, Bradley Atkinson, Phillip Hull, Jason Knight, Jeremy Stidham, Michael Stidham, Tony Yanez, Shea Feagan, C.W. Robertson, Jeremy Torres, Patrick Cortez and Damon Dickson.

The Rotan Little League Pirates are managed by Fred Cortez and coached by Billy Don Atkinson.

The Farm Team and T-Ball Team coaches and managers will play the Little League team coaches and managers on Monday, night June 25th at 7:00 p.m., following the game the Rotan Little League All-Stars will be announced, according to Mike Hull, Rotan Little League President.

LEAGUE CHAMPIONS. Members from left to right are: Stoney Carrillo, Damon Dickson, Toney Yanez and Patrick Cortez. 2nd Row Phillip Hull, Jeremy Stidham, Chris Terry, Jason Knight and Shae Faegan. 3rd Row Jeremy Torez, C.W. Robertson, Bradley Atkinson and Micheal Stidham. Coaches are Billy Don Atkinson and Fred Cortez.

Rotan Baptist Church Names Pulpit Committee

The members of the First Baptist Church of Rotan named a pulpit committee last weekend to begin the search for a new pastor. Rev. Steve Peace resigned his local position last month to accept a position with the Bear Creek Baptist Church in Houston.

The First Baptist Church pulpit committee members are: Jim Nowlin, Chairman; Robert Witherspoon, Annie Henderson, James Carter and Celia Cain. Teresa Harrison is the alternate member.

SURVIVORS: For all of you born before 1945, consider yourselves survivors. The below information has been shuffled around on my desk for several months, since this is a rather light week - it finally made the cut. "Consider the changes you have seen. You were born before television, before penicillin, before polio shots, frozen foods, xerox, plastic, contact lenses, frisbees and the pill.

You were born before radar, credit cards, split atoms, laser beams and ballpoint pens; before pantyhose, dish washers, clothes dryers, electric blankets, air conditioners, drip-dry clothes and before man walked on the moon. You got married first and then lived together.

In your time, closets were for clothes, not for "coming out of". Bunnies were small rabbits and rabbits were not Volkswagons. Designer jeans were scheming girls named Jean or Jeanne, and having a meaningful relationship meant getting along with your cousins.

You were before house-husbands, gay-rights, computer dating, dual careers and computer marriages. You were before day-care centers, group therapy and nursing homes. You never heard of FM stereo, tape decks, electric typewriters, artificial hearts, word processors, yogurt and men wearing earrings. For you, time-sharing meant togetherness - not computers and condominiums. A "chip" was a piece of wood; hardware meant hardware; and softwear wasn't even a word.

In 1940, "made in Japan" meant junk and the term "making out" referred to how you did on your science examination. Pizzas, "McDonalds" and instant coffee were unheard of.

You hit the scene when there were 5 & 10 cent stores, where you bought things for five and ten cents. The local drug store sold ice cream cones for a nickel or a dime. For a nickel you could make a phone call, ride a street car in the big city, buy a Pepsi or enough stamps to mail one letter and two postcards. You could buy a new Chevy coupe for $600.00, but who could afford one, because gas was 11 cents a gallon.

In your day, cigarette smoking was fashionable, grass was mowed not smoked; Coke was a cold drink not a drug and pot was something you cooked Sunday dinner in. Rock music was a Grandma's lullaby and AIDS were helpers in the school principal's office.

You were certainly not before the difference between the sexes were discovered, but you were surely before the sex change; you made do with what you had and yours was the last generation foolish enough to think that you needed a husband to have a baby.

-KK-

STATISTICS: How about some statistical information about Texas from 'Plain Talk' by Wendell Faught at Haskell. He garnered the information from Statistical Abstract Of The United States.

"Texas is the third most populous state, ranking behind California and New York. By the year 2000, Texas is expected to take over New York.

The birth rate in Texas is the fifth highest in the nation --- 18 births for every 1,000 people. Of these, 15.2 percent are to teenage mothers and 17.7 percent are to unwed mothers, the 13th and 38th highest rates in the country.

The lifespan of the average Texas is 73.6 years, just below the national average of 73.8. (Hawaii has the highest, 77 years, but is apparently has nothing to do with the climate since Minnesota ranks second at 76.

Doctors aren't plentiful in Texas. There are 165 doctors for every 100,000 residents, far below the national average of 205.

But it's not so difficult to get a lawyer. The state has a lawyer for every 410 citizens. Still, the citizen-to-lawyer ratio is below the national average of 360-1.

Texas ranks 13th in average salaries, but is still below the national average. Here, the average pay is $20,463, while the average is $20,855. (Alaska is first at $28,008.)

Texans die on the highway at the rate of 22.2 per 100,000 residents, good enough for the nation's 21 worst record.

Don't we rank first in anything? Yep. We have 14.1 homicides for every 100,000 citizens in the Lone Star State, tops in the United States of America.

State Capital Highlights

By Lyndell Williams
TEXAS PRESS ASSOCIATION

A burning tanker off Galveston's coast became a burning political issue last week, and it seems no Texas official has the authority to coordinate the state's response to the oil spill.

Several state officials found time, though, to offer answers, explanations and point blame-fingers.

Texas Land Commissioner Garry Mauro, a member of the state's oil spill task force, said, "If the Mega Borg spills anywhere close to its full cargo, there's no way we can deal with it."

Gov. Bill Clements dismissed Mauro's comments as "absolute baloney."

"Everyone of them's different," Clements said. "Whatever you have in place, it wouldn't fit the then-existing circumstance. It is impossible to have equipment for every type of spill."

Adm. William Merlin, commander of the U.S. Coast Guard's 8th District, agreed, saying it is "just impossible to have enough equipment off every port and harbor for a massive spill."

Clements' nemesis, state Sen. Carl Parker, D-Port Arthur, said the nearest oil spill response team is in Mobile, Ala., while the equipment is stored on the Atlantic seaboard.

Meanwhile, Galveston-area legislators called for the state to purchase foam applicators, skimmers and booms to be stored at easily accessible locations.

Oil-Eating Bug

Mauro, who last year called on the Legislature to buy its own spill-fighting equipment, said an oil-eating microbe will be tested to alter spilled oil into fatty acids.

Mauro said state officials had received federal approval to try out on the oil spill a process called "bioremediation."

The process, developed by Carl H. Oppenheimer, a University of Texas marine science professor, involves using naturally occurring bacteria that eat the oil spill.

Mauro said the spill will be crop-dusted with 100 pounds of the microbe dust for three days, at a cost of $50,000. Fish will eat the end-product of the microbe dust.

Bullock Aide Quits

Comptroller Bob Bullock's long-time media and campaign advisor quit Bullock's lieutenant governor campaign last week in a parting some described as "less than amicable."

Tony Proffitt, who has worked for the comptroller since 1978 as press advisor and information officer, apparently left because of a dispute over campaign tactics.

"I'll miss him a lot," Bullock said. But insisted the campaign will remain on track. "I'll not miss a heartbeat."

Bullock's opponent, Republican Robert Mosbacher Jr., gives Bullock his first serious election test in 15 years, and word that Mosbacher's campaign plans to spend $6 million on TV advertising has (privately) worried some Bullock supporters.

Proffitt's unexplained departure encouraged Mosbacher's camp. However, considering their long and close association, plus Bullock's skill at never severing ties, Proffitt may well be back in the war tent soon.

Texans, Flag Amendment

Ann Richards, Democrat for governor, accused her Republican opponent, Clayton Williams, of setting a political trap for her which exploits the American flag.

Williams, who had said as governor he would lead Texas to ratify a proposed amendment to protect the flag, denied any involvement in a skirmish which pitted Richards against a pro-flag veterans group.

At first, Richards issued a plain vanilla statement, but when reporters pressed her staff for a yes or no position, one said she supported the flag but not the amendment.

That prompted retired Army Col. Charles Beckworth, who led the '90 attempt to rescue hostages in Iran, to blast her at a press conference.

"We (veterans) did not risk our lives to bring home the nation's flag so that Ann Richards and her Hollywood cohorts could use it as kindling for their liberal camp fires," said Beckworth, referring to her celebrity-studded fund-raisers in California.

The attack angered Richards, who said she personally favored the amendment and accused Williams of setting a trap. Meanwhile, the staffer explained she had not checked with Richards before issuing the weaker statement.

Other Highlights

* James Huffiness, appointment secretary to Gov. Clements, is joining the Austin investment banking firm of Capitol Municipal Securities Inc. Huffines was president of a Dallas bank before joining Clements' staff in 1987.

* Robert Dedman, chairman of the Texas Highway Commission, called for a 10-cent per gallon increase in the gasoline tax to pay for road construction in the coming decade.

The tax hike from 15 cents to 25 cents, would raise an extra $1 billion, of which one-fourth would go to public education.

* A sculpture of Sam Rayburn, a former speaker of the Texas House of Representatives who went on to serve 17 years as speaker in Congress, was dedicated in the Texas House chamber last week.

Roby High School Offers Teaching Contracts To Two

The Roby School has extended contracts to two additional individuals, according to Superintendent George Price.

"We have extended a contract to Dennis Harris and John Cox but have not had the contracts returned," said Price.

Dennis Harris was extended a contract to teach science. He is originally from Cisco and is a graduate of Howard Payne at Brownwood. He has taught school in Priddy for two-years. His wife is a registered nurse.

John Cox was extended a contract to teach high school math. He is a native of Rotan. He is a graduate of Abilene Christian University and received his math certification from Hardin - Simmons University.

"The Whole World In HIS Hands"

When we are infants, we instinctively clutch the finger of our mother or father, holding tightly, knowing that we must cling to our parents for mere survival. As toddlers and young children, we are taught values and rules by which to live, based on our parents' wisdom and beliefs.

As the pre-teen and teen years ensue, we experience a new influence — peer pressure. As we are influenced by our friends, we may feel that our parents' beliefs are outdated, and may go astray. As a result, we enter into situations which can be difficult to resolve alone.

Even though we may not feel we deserve it, our parents are still there. All is not lost. This is unconditional love.

God, our heavenly Father, is the supreme example of unconditional love, ever present in time of need. It is available to all who will accept it.

Receive God's love. All is not lost.

Rotan City Council Looking Into Grant And Loan For Water Lines

The members of the Rotan City Council conducted a public hearing last Tuesday night for the purpose of soliciting citizen input on the development of a Community Development Program Application to be submitted to the Texas Department of Commerce.

Rotan is attempting to make application for a $250,000 grant for street paving in the southwest area of Rotan and for sewer and water improvements throughout town.

According to City Secretary Kenneth Vann, the grant, if approved, would mean that the City of Rotan would have to come up with $40,000 in matching funds making the total package a $290,000 improvement program.

Vann indicated that the City of Rotan is also investigating the possibility of attempting to secure some funds from the State of Texas at 6 3/4 % interest for water line improvements in Rotan. Vann indicated that the city water lines are in need of replacement and he is investigating borrowing approximately $150,000 to replace old 6" and 8" water lines that are cast iron and not lined.

Vann indicated that the City of Rotan is also investigating the possibility of attempting to secure some funds from the State of Texas at 6 3/4 % interest for water line improvements in Rotan.

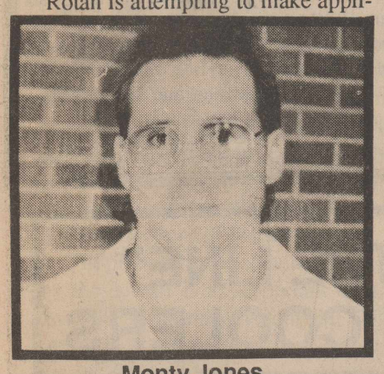

In other action, the Rotan City Council, at their regular meeting on Tuesday, June 12th, revised sewer rates using the water use scale for December, January and February. "In most instances, the adjusted sewer rates represented a decrease for 95% of the Rotan residents.

Vann indicated that the City of Rotan had a 31% water loss for May. Vann felt that this high water lass was due to several water line breaks. The City of Rotan also had two bad water samples submitted for testing. Vann also felt that unsettled silt was the cause of the bad samples.

Rotan Council members were informed that the garbage truck needed two new hydraulic cylinders at an approximate cost of $2,200; that the jogging trail was going to be repaired where water from the recent rain damaged the trail and that a complaint had been received on the condition of some of the playground equipment and unmowed grass in the playground area. Vann indicated that the playground problems had been corrected.

Rotan City Council members approved the payment of a Rotan Community Center deficit of $537.99.

In final action, Vann reported to the Rotan Councilmen that he had been informed that the Texas Department of Public Safety driver's license man would not be issuing drivers licenses in Rotan any longer. The reason, according to information received by Vann from the driver's license representative, was because Rotan streets were not able to handle commercial vehicles. All licenses would now be issued out of Roby.

Monty Jones

Monty Jones Is Newly Hired As Rotan Coach

Monty Jones, an assistant coach for the past year at Santa Anna, has been hired as an assistant coach under new Rotan Head Football Coach Doug Dallas. Jones was hired last Saturday afternoon during a special session of the board.

Jones is a 1984 graduate of Howard Payne at Brownwood and has coached at Comanche, May, Brooksmith and Santa Anna.

Jones was hired at $3,000 above state base.

County Extension News

By Beth Dannheim

Nibbling appetizers before the main course at restaurants is gaining in popularity, according to surveys. While these goodies may tide you over until dinner, they also can pack as many calories as a full meal.

How many calories do these little tummy pleasers hold? The calorie counts for an average serving of several popular appetizers are surprising:

Buffalo wings w/blue cheese dressing- 685; Fried mozzarella w/marinara sauce- 660; Potato skins with cheese- 570; Chicken fingers- 505; Chicken kabobs- 490; Fried zucchini- 400; Fried onion rings- 320.

To enjoy tantalizing appetizers and limit calorie intake, split an order with a friend or order the appetizer as your entree.

Some other ideas to keep the calorie count in check include choosing:

Marinated artichoke hearts- 275; Shrimp cocktail- 100; Steamed clams w/cocktail sauce- 150; Marinated mushrooms- 80.

* * * * * * * * * * * *

EGG SUBSTITUTES

Egg substitutes, which usually come in liquid form, are made primarily from egg whites. This means they do not contain fat and cholesterol -- substances found only in the yolks. Supermarkets do not store these products next to eggs but in the frozen food section. One quarter of a cup of egg substitute, incidentally, generally replaces a whole egg -- not only in egg dishes such as omelets but also in a variety of other foods, including baked goods and casseroles.

BAKERY FOODS

When shopping for bakery goods whether in the grocery store or bakery, bagels and English muffins are good low-fat choices. Avoid fried donuts, croissants and other flaky pastries which are loaded with fat. Muffins may or may not be a good choice. Although a homemade oatbran or other muffin may be made with polyunsaturated or monounsatured fatty acids, those commercially baked may have a large amount of sugar, fat, and calories. To be on the safe side, bake your own or use a muffin mix adding either canola, olive, corn, safflower, soy or cottonseed oil to the mix.

Jennifer Nettleton In Alpha Lambda Delta At Tech

The Texas Tech University chapter of Alpha Lambda Delta, the national academic honor society for freshman college students, has initiated 150 new members selected for superior classroom performance during the 1989-90 school year.

There have been 212 Alpha Lambda Delta chapters established in the United States since the honor society was established in 1924. The Texas Tech chapter was established in 1949.

Chosen from Texas Tech's freshman class of more than 6,000 full-time students, the new freshman honorary initiates included:

Jennifer D. Nettleton, finance major, daughter of Gary and Sandy Nettleton of Rotan, Texas.

Summer Reading Club To Begin At Rotan Library

The Summer Reading Club at Rotan Public Library will begin June 18th. The theme of this year's club will be "The Secret Code is R.E.A.D.". Sponsored by the library and the Texas State Library jointly, the purpose of the program is to encourage young people in grades one through eight to read at least ten books during the summer. Those who reach their goal will receive a certificate. There are many kinds of books to choose from. Children who do not have library cards should be accompanied by an adult to register.

There will be a "Read-to-me" Club for small children, and they can count books that are read to them by an older person. Parents who are interested in having a storytime should contact Mrs. Arnett about the day and time.

Rotan School Board Accepts Resignation Of John Cox, Floyd Garcia, Janie Fields and Coach Bruce Merrill

The members of the Rotan School Board, accepted four resignations of teachers last Saturday afternoon and hired a new superintendent, head football coach and assistant and possibly two teachers subject to assignment. The special meeting lasted approximately four and a half hours last Saturday afternoon.

The board hired Dr. Nolan Kinsey as the new Rotan ISD superintendent

Doug Dallas, former head coach at Santa Anna, was hired as the new head football coach and athletic director.

Monty Jones, Santa Anna assistant coach, was hired as an assistant coach.

Christy Dallas, Santa Anna Elementary School teacher, was hired subject to assignment.

The board accepted the resignation of Janie Fields, who will be joining her husband Alton at Stanford-Fritch.

Accepted the resignation of John Cox, math teacher and assistant coach. He will be teaching at the Roby ISD.

Accepted the resignation of Bruce Merrill, boys basketball coach and assistant football coach. He will be moving to Wimberly to work under Coach Weldon Nelms.

Accepted the resignation of Floyd Garcia, Jr., elementary teacher. He will be teaching in the Snyder School system.

Funeral Services Held For Lawrence L. Alexander

Lawrence L. (Alex) Alexander, 88, of Granbury, Texas, died June 11, 1990 at Granbury, Texas. Services were held on Wednesday, June 13, 1990 at 3:00 P.M. at Holly Hills Memorial Park in Granbury, Texas. Dr. Bill Parkey officiated. Graveside rites were held at the cemetery. The funeral was directed by Martin's Funeral Home of Granbury, Texas.

Mr. Alexander was born January 14, 1902 in Longworth, Texas. He married Hattie Edmondson on November 30, 1923 at Roby, Texas. He was a member of the Emmanuel Baptist Church. Mr. Alexander was a barber for 69 years in Abilene (Alex's Barber Shop), Past Master Mason, Lodge 559 in Abilene, Secretary/Treasurer of Abilene Shrine Club, Charter Member of the Suez Shrine Temple in San Angelo.

Survivors include: His wife: Hattie Alexander- Granbury, Texas; 1 daughter: Dorothy Matlock- Granbury, Texas; 1 son: Edward C. Alexander- Granbury, Texas; 1 granddaughter- Peggy Matlock- Houston, Texas; 1 brother- Cecil Alexander- Abilene, Texas.

Pallbearers were: J.Y. Simpson, Byron Bryant, Jake Bratton, Bill Murphey, J.T. Duke and Paul Warren. All are members of Abilene Masonic Lodge 559.

Eighteen Schools Join Two County At Risk Centers

The Snyder Independent School District is the newest school to join the Hobbs Association of Schools developing the at-risk alternate learning program for students, according to Frank Davis, Sweetwater ISD Coordinator.

The full list of schools joining the association include: Sweetwater, Snyder, Roscoe, Colorado City, Loraine, Hermleigh, Blackwell, Ira and Rotan.

The Hobbs AtRisk school, expected to have a staff of 12 and projected enrollment of 80 will open in September.

The other at-risk association, at McCaulley, is also rapidly progressing toward a September opening with nine association school signed-up for the new learning center program.

McCaulley at-risk school member schools are: Merkel, Anson, Aspermont, Haskell, Hamlin, Hawley, Roby, Stamford and Trent.

County 4-H Clubs Sponsoring July 4th Celebration

The Fisher County 4-H Clubs will sponsor a "Fisher County July 4th Celebration", from 10:00 a.m., until 2:00 p.m., on the Fisher County Courthouse square.

Spin art, crafts, pet show, petting zoo, games, hamburgers, ice cream and bicycle races are scheduled. There will be a flag raising ceremony at noon.

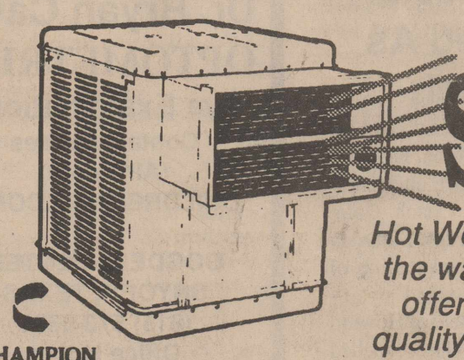

CARD OF THANKS

The family of LaTisha Marie Ortiz wants to thank the community of Rotan and all the people who prayed for our little girl and sent flowers and food. Special thanks to Dr. Paul Maslanka and Dr. Karen Kemper, Abilene, Dr. C.M. Callan, Rotan, all the nurses at Pediatrics and C.C.U. who helped her live with us for six happy years. The kind ladies who prepared all the good food. Also to Robert and Susan Martinez for the lovely flower arrangements and their good things from the bakery. Thanks to all and may God bless you.

Scott Fuel And Nubbins Stores To Be Part Of Chevron 'Giveaway Game'

Scott Fuel and Nubbins convenience stores will be part of Chevron's Great Gasoline and Grocery Giveaway Game which begins June 18 and runs for six weeks in the Mid-Atlantic, Southern and Central regions.

This "instant winner" game will offer an assortment of prizes ranging from $1-$10 gasoline certificates to food mart certificates, a 5-minute grocery shopping spree (valued at $1,000), a one-year supply of Chevron gasoline (valued at $1,000) and a grand prize of five years of Chevron gasoline and groceries (valued at $30,000).

There will be over 1,000,000 instant winners during the six-week promotional period and it is estimated that there will be 200 to 2,000 winners at each station, depending on gallonage participation at each site.

Roby 4-H Clovers Meet

Roby 4-H Clovers met May 16, 1990 in the Roby Elem. building at 3:45 p.m. Ronda Henry presided. The program was about communication skills and was presented by the 4-H'ers who attended Teen Leader Lab; Bryce Moore, Coby Moore, Mike Counts, Chad Dannheim, and Anita Floyd. Jessica Moore presented a talk about "Teenage Nutrition". The Clovers will attend their summer outing on July 21-22 with the Rotan 4-H'ers.

Members present were: David Hohon, Mike Counts, Bryce Moore, Makala Herron, James Arnwine, Jason Gruben, Matt Counts, Amanda Moore, Ronda Henry, Timothy Moore, Kelly McWilliams, Amy Beauchamp, Coby Moore, Kendra Kiser, Anita Floyd, Monica Pullig, Chad Dannheim, Elizabeth Hohon. Refreshments were served by David Hohon, Elizabeth Hohon, and Monica Pullig.

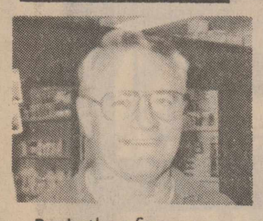

A Gift to the AMERICAN CANCER SOCIETY MEMORIAL PROGRAM goes a long way in cancer control.

Weekly Health Tip

RESEARCH

Research has raised hopes for a protective vaccine against leukemia and other cancer forms. The tragedy is that many illnesses now occur for lack of use of the vaccines already available. Check with your doctor to see if your children are immunized against whooping cough, tetanus, measles, smallpox and polio.

NOTICE OF SHERIFFS SALE

THE STATE OF TEXAS
COUNTY OF FISHER

By virtue of an Order of Sale issued out of the Honorable 32ND Judicial District Court of Fisher County, on the 4th day of JUNE, 1990 by the Clerk thereof, in the case of SWEETWATER INDEPENDENT SCHOOL DISTRICT vs. RONNIE JOE LINDSEY; Cause 4315 and to me, as Sheriff, directed and delivered, I will proceed to sell, at 10:00 A M. on the 3RD DAY OF JULY, 1990 which is the first Tuesday of said month, at the NORTH door of the Courthouse of said Fisher County, in the City of Roby, Texas, the following described property, to wit:

Being all those certain Lots 10, 11, and 12 in Block 9 of the Original Town of Longworth, Texas, and being more particularly described in that certain Deed of record in Volume 445, Page 253 of the Deed Records of Fisher County, Texas.

Levied on the 4 day of JUNE, 1990 as the property of RONNIE JOE LINDSEY, Route 1, Box 264, Sweetwater, Texas 79556; MARY BETH LINDSEY, Route 1, Box 264, Sweetwater, Texas 79556; to satisfy a judgment amounting to $701.02 with interest from the 13th day of March, 1990 at 10 per cent, per annum, and all costs of suit in favor of SWEETWATER INDEPENDENT SCHOOL DISTRICT, ET AL.

GIVEN UNDER MY HAND THIS 4 day of JUNE, 1990

Mickey A. Counts
SHERIFF/CONSTABLE FISHER COUNTY, TEXAS

TAX PLANNING

Written by
Gerald Rodgers, CPA

PENSION PLANS FOR SMALL BUSINESSES

Small businesses and self-employed individuals often tune out when conversations or articles about pension plans come up. That's just for big business, they think, not for little guys like us.

But small firms can tap into the tax breaks of pension plans more easily than they imagine. Pension plans provide tax deductions to the business and tax-deferred earnings for the employee. The establishment of this important fringe benefit can also reduce employee turnover by increasing employee job satisfaction.

There are several plans tailored to fit the needs of small business. Some plans available include the following:

*** The Simplified Employee Pension (SEP) is perhaps the easiest to set up and maintain. This plan works much like an IRA; however, the contribution limitations are higher. SEPs can be used for last minute tax planning since contributions can be made any time up to the due date of the company's tax return, including extensions. The SEP has no annual tax return to file.**

*** The 401 (k) plan gives the employer better control of pension funds since the funds don't necessarily belong to the employee immediately upon the contribution. 401(k)s allow workers to contribute a percentage of their compensation, up to $7,979 for 1990, and employers can match those contributions. There are requirements that prevent highly compensated employees from contributing large amounts while the rank and file contribute little. 401(k)s are more complicated to maintain than a SEP.**

*** The two basic types of Keogh plans are the profit sharing plan, where annual contribution can vary, or even be skipped entirely, and the money-purchase plan, which calls for annual predetermined contributions.**

Contact us if you'd like further details about pension plans.

Eric Whitley Earns Merit Badges At Camp Tonkawa

Eric Whitley returned from a successful week at the Boy Scouts Camp Tonkawa in Buffalo Gap. During the course of the week long camp, he earned nine different merit badges. Also, he advanced to the rank of Tenderfoot Scout and swam the BSA Mile Swim for the second year in a row. Eric is currently registered as the only Lone Scout in the Chisholm Trail Council. The Lone Scout Program offers scouting to boys in an area where Scouting is not present. Eric is associated with Troop 222 out of Baird, Texas. Camp Tonkawa offers aquatic activities at the pool and lake front, field sports including rifle and shot gun, black powder and archerv. other areas included cooking, camping, knot and lashing skills, and wilderness survival.

As a Lone Scout, Eric will need community support in seeking counselors to teach merit badges. Boy Scouts of America offers 120 different merit badges to the Scouts in all areas of interest, computer space exploration and cineamatography are a few of the ones that attract a lot of interest. If you are interested in becoming a Scout, contact Rick Stanford, Rt. 3 Box 356, Clyde, Texas 79510.

Governor Clements Signs School Finance Bill

After three months of special sessions and two vetoes, Texas Governor Bill Clements suddenly reversed his field and decided to sign into law a school finance bill very similar to one of last session's legislative proposals.

"The bill could have done more for our schools and could have been less costly to our taxpayers," said 30th District State Senator Steve Carriker (D-Roby). "But I guess that we're lucky to have any kind of school finance plan at all considering the mixed signals, flipflops, and political chicanery coming out of the governor's office for three solid months."

Senate Bill 1, which is virtually identical to the bill twice vetoed by the governor, represents a compromise that moves toward financial equalization. While bolstering state funds to poorer districts, most of them will still be short of the state revenues that full equalization would provide. Wealthier districts will be protected from tax shock by phasing in reductions to their state aid.

Locally SB 1 impacts local school districts as follows in terms of state aid increases for the coming school year:
Roby + $130,897
Rotan + $239,377

Senator Carriker went on to say, "It's a shame that this bill, which could have been adopted in a single week with the cooperation of the governor, took us four special sessions to enact and still leaves Texas schoolchildren at the mercy of the courts. We've simply got to do better for our public schools."

Public Notice

TO ALL FORMER AND CURRENT INTRASTATE WIDE AREA TELECOMMUNICATIONS SERVICE (WATS/800) SUBSCRIBERS:

Southwestern Bell Telephone Company has instituted a Class Action Lawsuit seeking judicial approval of a settlement reached in Docket No. 7297, an inquiry of General Counsel of the Public Utility Commission of Texas into possible overcharges which occurred between September, 1976, and February, 1987, due to rounding practices, on bills of intrastate WATS/800 customers sent by Southwestern Bell and other telephone companies which concur in Southwestern Bell's tariff. The suit is styled "Southwestern Bell Telephone Company, Plaintiff, vs. MCI Telecommunications Corporation, A Member of the Class of Texas Intrastate WATS and 800 Service Customers Who Paid Overtime Charges From September 1976 Through February 1987, Defendant," and identified as Cause No. 471,460 in the 126th Judicial District Court of Travis County, Texas.

Pursuant to the settlement, while not admitting liability, Southwestern Bell, the other local exchange telephone companies in Texas, and AT&T Communications of the Southwest, Inc. have agreed to pay refunds to those WATS/800 customers who paid overtime charges attributable to the rounding practices for intrastate WATS/800 services at any time between September, 1976, and February, 1987. The refunds will be based upon either the actual or estimated amount of overtime charges attributable to such rounding practices. An exact refund will be determined for customers able to produce copies of their WATS/800 service bills. For customers who do not have copies of their WATS/800 service bills to establish actual overtime charges paid, an average refund of $4.53 to $5.95 per WATS/800 service line per month will be applied. All claims will be subject to verification. The refunds will also include interest at the rate of 7.80% per annum.

Claim Forms And Additional Information

Those customers who think they may be entitled to a refund or who desire more information must call 1-800-782-3026, 8:30 a.m.-4:30 p.m., Monday through Friday, or write to WATS Refund Pool Administrator, One Bell Plaza, Room 670, P. O. Box 650376, Dallas, Texas 75265-0376, to request a WATS Refund Information Package. The WATS Refund Information Package will contain further information regarding the lawsuit and eligibility for a refund, a description of documentation required to support a customer's claim for refund, and a refund claim form to be filled out and submitted requesting a refund. REQUESTING A WATS REFUND INFORMATION PACKAGE DOES NOT OBLIGATE YOU IN ANY WAY.

All claims for a refund must be received by the Refund Pool Administrator by Friday, October 5, 1990, and all rejections of the settlement (that is, requests for exclusion from the class action lawsuit) must be received by the Court by Wednesday, September 5, 1990. Only those who respond by filing a claim or by filing a rejection of the settlement, as explained in the WATS Refund Information Package, will receive notice of future developments in this proceeding.

Persons who wish to obtain further information may also contact the Public Utility Commission, Public Information Division, at (512) 458-0257 or (512) 458-1221, teletypewriter for the deaf.

ROBY JR. HIGH CHEERLEADERS: The new Roby Jr. High Cheerleaders for 1990-91 are left to right: Kelly McWilliams, daughter of Lance and Terry McWilliams; Kendra Kiser, daughter of Cecil and Penny Kiser; Amy Beauchamp, daughter of Rex and Bobbi Beauchamp and Carissa Kiser, top, daughter of Genia Kiser.

Roby Jr. High Cheerleaders Attend Camp At HSU

The cheerleaders from Roby Jr. High in Roby were among approximately 300 participants in the 1990 Big Country Cheerleader camp held on the campus of Hardin-Simmons University in Abilene June 10-15.

The five-day camp was conducted by Southwest Camps of Cisco, with Mr. Eris Ritchie as camp director. Instructional staff and program were supplied by the National Cheerleaders Association.

The cheerleaders were taught new cheers, stunts, chants, and spirit ideas from a seven-member NCA staff headed up by Tracie Parker, a professional cheerleading instructor from the NCA's national headquarters in Dallas.

The June 10-15 session of the camp was the first of two sessions, with the second to be held June 17-21.

Rachel Petty Named To Dean's Honor Roll

Rachel L. Petty of Roby has been named to the Dean's Honor Roll for the spring semester at Wayland Baptist University, it was announced today.

Ms. Petty, a sophomore human services major, maintained a perfect 4.00 grade point average (GPA) during the recently completed term.

The Dean's Honor Roll is announced at the end of each semester by Dr. Bill Hardage, academic vice president and dean of the university. It lists the names of students who earned a GPA of at least 3.50 on a 4.00 scale while completing at least nine semester hours. A total of 176 students from 14 states were named to the Dean's Honor Roll at Wayland for the spring semester.

Fisher County Rodeo Queen Contest Deadline July 9th

It's almost Rodeo time again. Girls interested in the Fisher County Fair and Rodeo Queen contest need to contact Genia Kiser at 776-2778. Sponsors fees are twenty-five dollars, your fee needs to be in by July 9, 1990, along with a head and shoulder shot picture. Girls entering the Rodeo Queen contest need to have a hat on in the picture. Age groups on Rodeo Queen are Juniors 9 and under, Seniors 10-18. Fair Queens are 13-18. Ages are as of January 1, 1990.

Stealing electricity is against the law!

Stealing electricity is a felony.
Some people tamper with their electric meters to avoid paying for the energy they use. Stealing electricity is a felony offense in the state of Texas and violators will be prosecuted. West Texas Utilities' Current Diversion Department is working hard to help combat the growing problem of energy theft.

Energy theft is dangerous.
Not only is service theft a crime, but it is also very dangerous. Serious injuries can result from meter tampering.

A crime against you!
When someone steals electricity, they are not only stealing from WTU — they are also stealing from you, as a ratepayer. Just as shoplifting increases the cost of items you buy in the store, power theft increases the cost of your electric service.

WTU will prosecute.
Because we are concerned about the dangers and costs resulting from meter tampering, West Texas Utilities will prosecute energy thieves.

Decendents Of J.A. Morton Hold Reunion In Roby

The descendents of Mr. and Mrs. J.A. Morton gathered at the Roby Community Center June 9, 1990. Even though the afternoon was hot, there was lots of talking, telling things that some members of the family did or said and of course a good supper was spread and enjoyed by all. After supper they had a short program of dancing, singing and organ playing. All afternoon there was singing by some of the group.

Those present were: Ira Morton- Mission, Tex.; Charlie Carmichael, Dustin, Heath- Dora, N.M.; Thomas and Irene Taylor- Loraine, Tex.; Doyle and Gwen Morton- San Marcos, Tx.; Janie Billy, Bradley Burch- Lubbock, Tex.; Gene and Lena Moore- Abilene, Tex.; Fred and Julia Forgay- Sweetwater, Tex.; Jenene Taylor- Sweetwater; Carolyn Walker, sons, Stephen and Justin- Sweetwater; Paula Schubert- Longworth; Jennifer Moore- Sweetwater; Annie Bruce- Roby; Cotton and Beverly Rister- Roby; Buster Palmer- Roby; Floy Pursley- Roby; Archie and Bettie Rivers- Roby; Kevin and Lisa and Tiffany Rivers- Roby; Allen and Lenora- Roby; John and Lora Cleveland- Roby; Walter and Terry Cleveland- Roby; Robin Cleveland- Roby; Brenda Breeden and children, Mindy, James, Sheila- Abilene; Robert and Doris Morton- Dublin, Tex.; Joe Wayne and Shelly Bryan- Ft. Worth, Tex.; Ralph and Sarah Headstream- Dallas; visitors: Jennifer Blaine- Roby; Lela Hatter- Sweetwater.

Any person who usually stays somewhere else most of the week while working there.
Any person visiting here who has a usual home elsewhere.

I am listing **all** persons living in this household on **April 1, 1990**, and those staying or visiting here who had NO other home.

Please list on line **1** the household member who owns, is buying, or rents the home. (PLEASE PRINT)

	Last name	First name	Middle initial	**How is this person related to the person on line 1?** For example: Husband/wife, Son/daughter, Father/mother, Grandchild, Mother-in-law, Roomer/boarder, Housemate/roommate, Unmarried partner, Other nonrelative	**Male or Female** M or F	**What is the race of this person?** (Print name of race group.) White; Black or Negro; Indian (Amer.) (Also print the name of the enrolled or principal tribe.); Eskimo; Aleut; Asian or Pacific Islander (API): Chinese, Japanese, Filipino, Asian Indian, Hawaiian, Samoan, Korean, Guamanian, Vietnamese, Other API; Other race (Print race)	**When was this person born?** Month / Year	**Is this person –** Now married? Widowed? Divorced? Separated? Never married?	**Is this person of Spanish/Hispanic origin?** No – not Spanish/Hispanic; Yes – Print one of the following groups: Mexican, Mexican-Am., Chicano; Puerto Rican; Cuban; Other Spanish/Hispanic (Print one group, for example: Argentinean, Colombian, Dominican, Nicaraguan, Salvadoran, Spaniard, and so on.)

Superintendent

tion, reasoning, and human relations should be obtained progressively. Strong emphasis should be placed on a sound reading program, since it is the basis for all the academic areas of the curriculum to come. Growth in learning should take place through one's experiences.

The secondary school increases the dimensions of preparation for all students. The high school must prepare students to go on to college, or technical school. It must prepare some for making a living after high school with no further formal education.

The school should teach the cognitive, affective and psycho-motor areas of learning. The preparation of a student morally is an important task of the school. Learning fair play and honesty, learning how to get along with others, and to follow instructions are also important functions of the school.

The physical development of a child by the school is as important as his mental and moral development. The importance of athletics, physical education, and health programs cannot be minimized. They keep students physically fit and prepare them for leisure time activities in later years.

It is my belief that the school should strive to prepare and develop the whole child as an individual. No one aspect of the total school program is more important than another. Each area compliments the others. It takes all aspects of the school working together to obtain a well educated individual."

Dr. Kinsey's administrative philosophy, as outlined in his information packet presented to board members last Saturday, stated, "The school administrator should be a leader among the various educational and community groups with which he works. Many people participate in the educational programs at the elementary and secondary school levels. The administrative head should give direction and coordinate their involvement. The process by which the machinery of education is begun is through the school administration. Competencies that must be obtained by a good school administrator are financial management, personal management, and management. In addition to being the educational leader of the school, the superintendent should also be one of the educational leaders of the community.

I believe one of the top priorities of the superintendent is financial management. It is the superintendent's responsibility to assure the public that the school is financially sound. He should recommend to the board of education means to keep the school district on a sound financial basis.

The superintendent should have working with him capable and efficient personnel. A major function of the superintendent is to recruit, select, and employ a qualified staff of administrators, teachers and supportive personnel. The superintendent should develop methods whereby each staff member is evaluated on the basis of his job definition and is told of his status within the school district. Some degree of authority and responsibility should be delegated by the superintendent to qualified and responsible personnel and he should see that these responsibilities are carried out.

The superintendent must be organized and as such give direction to the individuals under his supervision. The administrator should be firm but fair in working with all teachers, parents, students, and community advisory groups.

Teachers must keep order within their classes to do an effective teaching job. If disciplinary conflicts arise, teachers should be backed in their decisions but encouraged to always use the best possible judgment in disciplinary actions. If a teacher is wrong or has exercised poor judgment, the teacher should be corrected privately in order to remain effective as a teacher in future relations with the parent or student. I believe to have an effective educational atmosphere, you must have a strict disciplinary system. I also believe discipline should be consistent, firm, just, fair, and above all tempered with love.

The expertise of a superintendent lies in his conceptualization of the tasks to be performed and in his inventiveness and ability in organization. The superintendent should have an overall perspective which he utilizes in charting the course that the school is to take. Although the staff assists him in achieving this perspective, he must articulate it to the board of education and the community. Teachers must follow the leadership of the administrators.

The superintendent must adhere to a code of ethics for the education profession. Among these are: a commitment to the student, a commitment to the community, a commitment to the profession, a commitment to superiors, and a commitment to professional employment practices.

I believe the good administrator encourages scholarship, promotes democratic citizenship, and above all believes in the human dignity and worth of all people. As such, I believe in the equal opportunity for all students."

Some of the major accomplishments of Dr. Kinsey's tenure as superintendent at Salado included: (1) Successfully participated in the passage of two major bond issues and the building construction on same. (2) Construction - 1982 completed a $630,000 construction addition and renovation of the elementary school. No tax increase. In 1984 - completed a new athletic complex to include football field, all metal bleachers, concession stand and all weather track. In 1984 - completed construction additions at the high school and elementary in excess of $1,000,000 and in 1988 completed construction of a new baseball field.

(3) In 1986 - purchased approximately 15 acres of land adjacent to school for future expansion. (4) Developed curriculum guides for all grades and each course of study in the school system. (5) Updated school policies (6) Initiated and implemented curriculum innovations and additions in the following areas (a.) work study program for special education. (b.) physical education classes for K-12. (c.) Music program grades K-12. (d.) Computer classes and computers and software for same. (e.) Fine Arts to include a full time Art teacher for elementary and high school.. (f.) Added the AIS (Artists In The School) program. (g.) Expanded the secondary school science, language arts and reading programs. (h.) Added the QUEST program.

(7) Added an elementary summer school and summer library (reading) program. (8) Initiated a program for "At Risk" students. (9) Initiated a "Gifted and Talented" program.

(10) Added a full time counselor, Assistant Principal, and AEP teacher. (11) Expanded the Chapter 1 reading and math program to include the junior high school. (12) Completed and updated a new five year plan for school accreditation. Also initiated the Campus Plan. (13) During my tenure as superintendent the school has scored overall extremely well on the state TEAMS test. (14) Our band and athletic teams have also excelled at various times during my tenure. (15) House Bill 72 was implemented without request of wavier at any time since its passage.

(16) Community input in the schools has been employed and encouraged. (17) A close working relationship has been maintained with community organizations. (18) Through sound financial management the tax rate is one cent higher that it was seven years ago.

Gruben And Lovett Receive Degrees From Texas Tech

More than 1,400 students at Texas Tech University received degrees in spring 1990 commencement exercises.

Degree recipients included:
Tony Lynn Gruben: Mathematics, Degree: Bachelor of Arts, son of Mr. and Mrs. Bobby Gruben of Rotan, Texas.
Tisa Lynn Lovett: Degree in Doctor of Jurisprudence, daughter of Mr. and Mrs. Dwight Lovett of Rotan, Texas.

Samuel And Sara Henderson George Reunion Scheduled

The descendents of Fisher County pioneers, Samuel and Sara Henderson George, will hold their family reunion on Saturday, June 23, 1990 at the Rotan Community Center. The building will be open at 8:00 a.m. A catered meal will be served at 12 noon. There will be a dance from 9 p.m. to 12 midnight. For more information call Mrs. Eugene Hudnall.

Brock Kelton Terry Born To Kenneth And Rena Terry

Kenneth and Rena Terry would like to announce the birth of their son, Brock Kolten Terry, born Monday, June 11, 1990 at 11:07 a.m. at Hendrick Medical Center.

Brock weighed 4 lbs 9½ ozs and was 18 ¾ inches long. He has a sister, Teryn, and 2 brothers, Chase and Skyler. His grandparents are Mr. and Mrs. Neil Moore of Sweetwater and Mr. and Mrs. Bob Terry of Roby. Great grandparents are Mr. and Mrs. E.B. Hull of Rotan; Mr. and Mrs. Thurman Terry of Roby; and Mr. and Mrs. Denzil Coker of Sweetwater.

The baby is still in the hospital. Parents and family are hoping to have him home in 2 weeks.

Hospital Board

Fisher County Agent's Report

By Richard Spencer

Cattle grubs are internal parasites and their damage is largely unseen, yet they cause greater economic losses to the U.S. beef cattle industry than any other insect pest.

While grubs are usually found on the backs of infested animals during the winter months, that's not the time for control measures since the pests have already done their damage. Feed efficiency and animal vigor are reduced in infested animals.

Grubs are the larvae or worm stage of heel flies, and adult heel flies are generally active.

The time to control grubs is now from now through August when grubs are small and before infested animals suffer stress, weight loss and decreased feed efficiency. Considerable hide damage will occur if infested animals are slaughtered. Hide value has increased rapidly during the past year.

Heel flies cannot sting, have no functional mouth parts and cause no pain to cattle. Yet, they frighten animals, making them difficult to manage.

Heel flies lay their eggs on an animal's hairs in the lower leg region, glued in position. Tiny larvae hatch in a few days, crawl down to the base of the hair and burrow into the animal's skin.

Then they begin a migratory course through the animal's body, congregating in the throat after a few months, and after eight to nine months, appear in the mature grub stage on the animal's back.

If a producer has a history of grubs in his cattle herd, it's best to treat each animal over three months of age with one application of an approved systemic insecticide or injectable treatment during the May through August period.

Systemic insecticides are absorbed directly through the animal's skin, circulate throughout the body, and kill grubs while they are small. Injectable treatments are circulated in the animal's body fluids to kill the invading pests.

These insecticides come in various forms--dips, sprays, pour-ons, injections and spot-on treatments. A listing of approved insecticides and methods for controlling cattle grubs is available at the County Extension Office from publication B-1306, which contains information on livestock pests.

News From Down South

By Bertha Warren

The Pearce reunion was held Saturday and Sunday at the Claytonville/Capitola Community Center and there were about 60 registered. Ollie's two children and families, George and Carolyn Ogden of Brownwood and Tommy and Darline Warren of Grandbury attended and all of the late Andrew and Anne May Pearce children were able to attend. Melva Pearce visited with Carrol and Lena Hodges while here.

Hoppy Pearce had three of his sons from Utah visiting. Boyd and Jennie Blythe had two daughters and two sons that came so they had a much bigger crowd than they have been having. There were a lot of games played, picture taking and plenty of food to enjoy by everyone.

Cleatie Gruben of Rotan and Polly Matthies of Roby also attended. Visiting with the J.L. Mashs' for Father's Day was Barbara and Johnny Justiss, Don and Ellaoise Grubbe of Wichita Falls, Jerry Mash and daughter Cara from Abilene, along with Cindy Huffman of Colorado City and Judy Doty and Julia of Snyder.

The Shipps' will have their reunion Saturday and Sunday the 22nd and 23rd at the Roby Community Center. They are looking forward to seeing everyone again.

Helen and Lowell Thornburg attended the Hobbs family reunion Saturday and Sunday in Snyder at the Snyder Barn. About 40 registered. One of the sisters came from as far as Arkansas and a niece and nephew and their families came from El Paso.

The Claytonville/Capitola quilting club will meet Thursday, the 21st.

Jean and Howard Whitworth and Kathilene and Jimmy Whitworth attended funeral services for Maxine Lowis, Wed., the 11th at the First Baptist Church in De Leon. Mrs. Lowis and husband lived in this area several years ago. She was 66 years old and is survived by her husband, Ray; two sons, Carl Ray and Jerry and one daughter, Vicky McQuagge. Burial was at De Leon. She was a sister-in-law to Marie Ammons of Roby. Our sincere sympathy goes out to the Lowis family.

Bernice Hayes hasn't been feeling too good lately, and we hope she gets to feeling better soon.

Mable Warren came home Thursday from being with her sister during surgery to find her home had been damaged by the storm we had Wednesday evening. She had a window blown out and the T.V. antenna bent over her house and all the plants beat into the ground from the hard rain and high wind. She reported about 3" of rain. I think we got ½ inch and a lot of wind. The folks in Sweetwater reported very high winds also. Mable stayed with Tommy and Darlene while she was going back and forth to the hospital to visit her sister.

Marti and Joyce Warren and children spent Friday night with her.

Edna Warren, Mable's daughter-in-law from Novarro Mills is here spending the week with her.

Remember 'The Clothes Closet' will have their big two for one sale July 4th from 8 a.m. till 2 p.m.

Paul and Sheila Warren and children arrived today from Logansport, La. They will be staying all week. Sure is good to see them as it has been over a year since they have been home.

Call and let us know what's going on in your world.

Rotan Varsity Cheerleaders Return From Attending North Texas Camp

The Rotan High Varsity cheerleaders recently returned from a National Cheerleaders Association summer camp workshop where they received top recognition as the most improved squad at the camp. The workshop was held at University of North Texas and attracted over 1,100 cheerleaders from surrounding states.

The National Cheerleaders Association is sponsoring the "Most Improved" squad award at each of over 315 NCA workshops held across the United States. The Rotan cheerleaders were selected for this award above all other cheerleaders at the workshop on the basis of their cheerleading technique, unity, friendliness, cooperation, leadership, and sportsmanship.

The presentation of the NCA "Most Improved" squad came at the completion of a full workshop of training on cheerleading technique, cheers, chants, jumps, partner stunts, and pyramids, as well as a leadership program for sportsmanship, crowd participation, responsibilities, organization, and dedication. The National Cheerleaders Association has been conducting summer workshops for over 40 years, teaching nearly 100,000 students each year on the art of cheerleading.

Final Rites Are Held For Ella Weems Of Rotan

Ella Weems, 81, longtime Rotan area resident, died Saturday morning, June 16, 1990, at Hendrick Medical Center in Abilene. Funeral services were at 3 P.M., Sunday, at Weathersbee Chapel in Rotan with Rev. L.D. Parks officiating. Burial was in the Belvieu Cemetery.

Mrs. Weems was born July 18, 1908 at Goldthwaite, the daughter of James Henry Vaughan and his wife, Ella (Stanley) Vaughan. She came to Fisher County in 1933 and married Claude Weems in November 1934 at Snyder. She was a homemaker and a member of the Baptist church.

She is preceded in death by two sisters and four brothers.

Mrs. Weems is survived by a daughter, Nora Finch of Fort Worth; two sisters, Vera Weems of Rotan and Jewel Vaughan of Fort Worth; a brother, Milton Vaughan of Goldthwaite; three grandchildren and 2 great grandchildren.

Casket bearers were: Billy Henderson, Louis Hayes, Charles Masters, William Masters, James Nettleton, and Doyle Hayes.

95% Of Fisher County Cotton Is Planted

GENERAL SITUATION

It looks like cotton is up and coping. Reports say 95% of the cotton has been planted with 75% emergence.

The rain condition varies greatly across the 5 county area. Reports range from a .10 in Roby to 3 inches with pea to marble size hail in the Sylvester-Longworth area. Damage was reported in that area. Kent County received up to 11 inches in Jayton with 2 inches being reported in the Kent County Courthouse basement. North and West of Haskell, there were reports of tornado damage to telephone poles and to frame buildings. 2-4 inch cotton is standing in water in some areas of Haskell and Stonewall counties. I noticed wind damage to some fields and some fields are being replanted.

Scouts have been hired and should begin "buggin" or scouting on June 8.

BOLL WEEVIL TRAPS

In addition to the various traps scattered around the 5 county area, I have been putting out rain gauges within a few feet of most of the traps. I hope this will be a benefit to the growers.

BOLLWORM/BUDWORM

These traps are being set out in different areas in the 5 county region at this time. Daily catches will be recorded and results will be printed in the newsletter.

CASEBEARERS

If you have not found any eggs on the nutlets by this time (June 11) no spraying will be necessary. We lucked out!

JUMBO GRASSHOPPERS

These big "lubbers" are moving out of pastures into some field borders. Young cotton is very susceptable to these pests.

If you use bait (which is very effective) I would recommend putting a ditch approximately one foot deep around the field margin which is being invaded by the hoppers. This can be accomplished by using a moldboard plow. Then place bait in the ditch by putting a handful of bait about every 3 to 5 feet (wear rubber gloves).

A basic bait recipe follows:
10 lbs. of wheat bran
1 pint of Sevin XLR
7 pints of water
(Mix ingredients thoroughly)

ATTENTION

There will be a Turnrow meeting at 8:00 a.m. on June 25 at Terry's Gin in Roby. Annette Overby with DuPont and myself will be present to present a short program on cotton.

Soil Conservation Service Good Source For Technical Assistance

The USDA-Soil Conservation Service in Rotan has been and continues to be a good source of technical assistance in managing brush on grazing land in Fisher County. The idea of eradicating brush has changed over the years, however; these days SCS conservationists talk about managing brush.

All the old methods of killing brush are available including mechanical and chemical. But the idea now is to get the brush down and maintain the control with low cost maintenance practices. An example of this philosophy would to aerial spray with chlopyralid and picloram at ¼ pound each per acre and follow with prescribed burns every three to four years. Another example might be to rootplow, rake and range seed then follow with grubbing every fourth year.

The idea of knocking brush down and keeping it down makes a lot of sense. Many people have applied brush control but have waited too long to treat it with low cost methods. Continued management with low cost methods makes better sense. With continued management grass production remains high, cattle are easier to gather, and the cost outlay for brush control is not as high.

For more information on brush management contact the Soil Conservation Service in Rotan.

Jeff Cave, John Everett Get Honors

More than 2,000 Texas Tech University students qualified for the academic honors lists at the end of the 1990 spring semester.

Students on the President's Honor List earned a perfect 4.0 (A) grade-point-average while enrolled in 12 or more hours with a grade-point-average of 3.5 to 3.9 qualified for the Dean's Honor List.

Students making the honor rolls included the following:
John Howard Everett - Junior; Majoring in Finance- Dean's List. John is the son of Mr. and Mrs. Kenneth Martin of Roby, Texas.
Jeffrey Brooks Cave - Sophomore; Majoring in Management -Dean's List. Jeffrey is the son of Mr. and Mrs. Haldean Cave of Rotan, Texas.

Descendents Of A. Pursley Hold Reunion

The descendents of Mr. and Mrs. A.W. Pursley met at the community building in Sylvester Saturday, June 16. Those present were:

Annie Bell Fountain- Sylvester; Lucille Green- Sylvester; Homer & Opal Pursley- Sylvester; Woodford & Lorena Pursley- Abilene; Gene & Lena Moore- Abilene; Bettie Tiffany and Lisa- Roby; Floy Pursley- Roby; Dub and Ruth Estell (Pursley) Byers-Zepher.

Visitors that joined the family for lunch were: a cousin and his wife from Louisiana, a cousin and her husband from Ft. Worth; L.C. and Mary Ellen Brown-Sylvester; Buster Brown and his wife and two daughters; Bettie Brown, daughter and her husband from Abilene. Everyone enjoyed the dinner and visiting.

Census Drawing To Close, Now Time To Determine If Fisher County Counted

As the 21st. Dicennial Census begins to draw to a conclusion, we want to ask for each community leader (i.e., mayors, city managers, judges or commissioners, city public relations departments, etc.) to help us with a last public relations campaign entitled, "Were You Counted?"

The "Were You Counted?" (WYC) campaign is conducted through newspaper, radio, and television advertising. The campaign is designed to provide an opportunity for those individuals and households to be counted who believe they were missed in the census enumeration of this past spring in your area.

The WYC campaign involves obtaining cooperation, without charge, from the local print, radio, and television media, as well as, community-based organizations, Complete Count Committees, local governments, and other groups. These organizations can assist by disseminating the WYC toll-free telephone number (1-800-999-1990) or the WYC form in their daily or weekly publications. Telephone assistance will be available from Wednesday, June 6, 1990 through Thursday, July 5, 1990. Our assistance number will be manned Monday through Saturday from 7 a.m. to 10 p.m. and Sundays from 1 p.m. to 6 p.m.

Active involvement by every person in your community area is the key to the success of the 1990 Dicennial Census. The importance of ensuring a complete and accurate count is our ultimate goal.

Public Report Due Soon On Study Of Cotton/Wool Project

Dear Mr. Spencer:

I have been steadily working on our project, and it is nearing completion. There has been some delay due to the turnaround time involved in getting equipment estimates from Hollingsworth. I am still waiting on some electricity requirements for the plant sizes that we are discussing. Once this information is in, I should be able to complete the project report very soon. My estimated completion date has been moved to the end of this month.

The market for cotton/wool blends is very small, as I believe I related to you during our last conversation. The market size estimates range from slightly over 1,000,000 pounds of yarn per year to 2,500,000 pounds per year. There are three main domestic competitors in the market: Meritas Yarns, Dixie Yarns, and Doran Textiles. One producer, Swift Spinning, has been recently bought and will likely discontinue cotton/wool production. None of the three produces cotton/wool yarns as their primary product. There is some foreign competition: the Viyella company in England has had the most success with marketing a cotton/wool product in the United States.

I strongly believe that a cotton/wool blend, particularly if used in a product such as knitted sweaters and socks, has potential in the market. The blend does present definite consumer benefits over 100% cotton products, and if these benefits can be conveyed to the consumers, and to the sweater/sock manufacturers, the blend will sell. Up to this point, I don't believe that any manufacturer of yarn has focused on the cotton/wool blend seriously enough to push it through to the consumers. For this reason, I believe that the cotton/wool blend market, while small, can be "grown". The market will probably not reach mass market size, but it may be increased to the point where a small manufacturer with a quality product could sell its yarn.

The size of the Fisher County textile facility has been set on the basis of a production rate of 3,000,000 pounds per year. Preliminary findings suggest that there are two options for the cotton/wool textile facility. These will be called Options A and B. Option A facility, including production, warehouse, office, service, and parking space, is estimated at a cost of $3,153,000.

Option B is estimated at $3,585,750. Early machinery estimates are at $3,395,264 for Option A, and $3,909,180 for Option B. As for labor requirements, early indications are that Option A will employ approximately 58 persons, and Option B would employ roughly 46. I would like to stress that this information is still being adjusted, and may change slightly before the final report is presented.

Final financial calculations are still to be completed, and the likelihood of a break-even feasibility is not yet determined. As I stated above, I expect to have a final report for you at the end of this month.

I would like to take this opportunity to say that I have enjoyed working with the Fisher County community tremendously. You and Chris Denton have been very instrumental in helping me to complete this project, and I appreciate your efforts. Please do not hesitate to call me if you have questions regarding the information I have given you to this point, or questions about any other subject. I look forward to seeing you again soon to present my findings.

Sincerely,
Amy Flanagan

Hustlin Around Hobbs

By Joy Walker

We really had a bad storm here Wednesday afternoon with some more hail and such high winds. I have tree limbs everywhere again and the fields are all under water. Once more the terraces broke and the water was running out of my field like a river. I measured almost 2½ inches of rain here at the house with lots of small hail. Looks like the little cotton is washed away again. But the wind blew and we had a sandstorm Friday and Saturday, the roads dried out and the graders came Friday and the roads are now real smooth. Now if the farmers can get in the fields and plant over and it won't wash them away again, we'll have it made. It's been so hot these past few days and maybe it won't come up a bad cloud; dread to see them building as there is nearly always hail in them and the little cotton can't stand very much of that.

It is with great sorrow we learned of the death of Ella (Mrs. Claude) Weems of this community. She passed away Saturday morning in Abilene and was buried Sunday in Rotan. Our heartfelt sympathy goes out to her daughter, Nora Helen, her family, and all of Ella's family. Mrs. Weems was a long time resident of the Hobbs Community.

Mr. and Mrs. David Etheredge and family from Levelland visited with the J.W. Etheredges over the weekend, they came Friday and left Sunday. The J.W. Etheredges spent some time with Sam and Roxie Etheredge and Mr. and Mrs. Wendell Barrett on Father's Day. Mrs. Lealon Wilburn visited with LaNelle and Jackie Wayne Sunday evening and Mr. and Mrs. Randy Etheredge and family also visited with them all.

Ester and Junior Lopez and boys from Big Spring visited with Marcus Medrano and ate dinner with him Father's Day. After lunch they all visited with relatives. Marcus heard from all the remainder of his children wishing him a happy Father's Day.

Mr. and Mrs. John (Teressa) Swofford from Lubbock spent Father's Day and Sunday night and part of Monday with the James Ratliffs.

Louise Martinez had a birthday on the 14th and all her kids called her to wish her a happy day. Happy birthday to Louise. Then all the kids called Sunday to wish Rudolph a happy Father's Day, so they heard from them all twice in one week.

Mr. and Mrs. Wayne Boydstun and family from Mesquite are here visiting with the Frank Boydstuns. They came Friday and stayed until Wednesday. They all attended the Thomson reunion on Saturday which was held at the Community Center in Rotan. Mary's mother was able to attend the reunion for a short while, and really enjoyed seeing everyone. We are glad that she was able to be there. Sunday the Boydstuns' went to visit with Mrs. Pat House at Peacock.

Mrs. Bea Hardin is still at Lubbock and seems to be doing pretty good. Bro. C.J. Smith went to Lubbock to see her one day last week.

Bro. C.J. Smith had lots of company at Hobbs Church on Sunday. His daughter, Mrs. Carolyn Cox from Snyder and some of her family were there, also his son, Tom Smith and his wife and some of their family from Graham. Mr. and Mrs. Tom Smith and Carolyn brought our special music Sunday morning. Sunday night some of Bro. Smith's family came back for the evening services, and we were so pleased to have them all.

We were pleased to have J.C. Cave back with us Sunday and his daughter, Mrs. Billy Carter from Brownwood. Our oldest father was J.C. and the youngest was James Nettleton, and they each received a gift.

Brian Odom from Floydada was visiting his grandparents, Mr. and Mrs. Topsy Guinn and he came to church with them Sunday evening. His parents, Robbie and John Odom and children, Patrick and Nicole, have been here visiting with the Guinns' and the Dan Bavousetts.

It was sure hot Sunday and Monday and I ate dinner Sunday with Carol and Wilber and grandson, Greg, who was here from Midland visiting over the weekend. I also attended the funeral of Ella Weems that evening, as did a number of folks from our community.

Well out this way the farmers are all really busy and the tractors are rolling. Everyone would like to get planted and have their little cotton up before we get another rain. That's all for this week.

Rotan Girl Passes Exam For L.V.N.

Alice Montemayor of Rotan has passed the national exam which qualifies her as a licensed vocational nurse.

Charla Cain, chairwoman of Texas State Technical Institute's vocational nursing program, said that Montemayor passed the all-day, 240-question test. Classified as a graduate vocational nurse since completing TSTI's program, Montemayor now will receive a license to practice in Texas as an LVN.

TSTI-Sweetwater will accept a new class of nurses in the fall of 1990. Contact Charla Cain for more information at either 235-7388 or 1-800-592-TSTI.
