Tidelands Are U. S. Property: Supreme Court

WASHINGTON, June 5. (AP)—The Supreme Court today gave the federal government top rights over the oil-rich tidelands off the coasts of Texas and Louisiana.

Justice Douglas delivered the court's opinions in separate cases.

In the case of Texas, Justice Reed wrote a dissenting opinion in which Justice Minton joined. Justice Frankfurter wrote a separate dissent.

In the Louisiana case the vote was 7-0.

Justices Jackson and Clark took no part in either.

The government sued for the multimillion-dollar Gulf Coast oil prize after winning a similar suit in 1947 for "full dominion and power" over California tidelands.

Douglas said the decision in the California case controls the government's suit against Louisiana.

He wrote:

"We have carefully considered the extended and able argument of Louisiana in all its aspects, and have found no reason by Louisiana stands on a better footing than California so far as the three-mile (Seaward belt) is concerned.

"The national interest in that belt is as great off the shore line of Louisiana as it is off the shore line of California. And there are no material differences in the preadmission or postadmission history of Louisiana that makes her case stronger than California's."

Douglas also held that the California decision was largely controlling in the Texas case.

"When Texas came into the union," Douglas said, "she ceased to be an independent nation. She then became a sister state on an equal footing with all the other states."

Texas contended it was dirrerent from all other states because of its prior status as an independent nation. Texas insisted that terms of the annexation agreement between it and the United States barred the oil lands claim.

But Douglas said the act permitting Texas to join the union "conceededly entailed relinquishment of some of her sovereignty." He added:

"The United States then took her place as respects foreign commerce, the waging of war, the making of treaties, defenses of the shores, and the like.

Building Permits Up After 2 Month's Lag

Building permits were up again in May, after big drops in March and April. The city issued 42 permits representing a total value of $311,163.

This figure was the highest since February's record of 131 permits totaling $597,825. Permits slumped to 69, with a valuation of $256,400, in March, and still lower, to 32 permits totaling $152,725, in April. January's valuation of $532,400 still remains as second highest for the year.

New Creamery Warehouse Will Open Tomorrow

Banner Dairy's new $25,000 building at Seventeenth street and Avenue R has been completed and will be open to the public from 6 until 10 o'clock tomorrow night.

The open house will feature refreshments for all visitors, tours of the plant, and prizes every 15 minutes.

The 1-story brick building, 44 feet by 74 feet, was built by Banner and will be leased to J. L. Myers, who has the Banner dealership in Snyder.

Myers, who is 42 years old, was born in Kansas, educated in Oklahoma City and at the University of Missouri, and came to Texas in 1934. He has worked for the Continental Oil Co. and was in the automobile business in Seagraves, Tex., six years before moving here.

During the war he served with the Seabees, naval construction corps. His wife and two children will remain in Seagraves until the family's new home is built here.

The new building here is the twenty-seventh which Banner has constructed in West Texas. Others are located in Anson, Ballinger Big Springs, Breckenridge, Brownfield, Cisco, Coleman, Colorado City, Comanche, Eastland, Hamlin, Midland, Monahans, Munday, Odessa, Roscoe, Santa Anna, Seminole, Springtown, Seagraves, Kermit, Andrews, Winters, and McCamey.

Banner has been operating in Snyder since last November. They are serving 54 cafes here and several grocery stores.

The new building will be a wholesale distribution point, from which truck deliveries of all Banner products will be made to homes and commercial users.

Personnel at the Banner warehouse here includes Tobe Griffin, Riley Campbell, Harvey Ellison, Jim Hamilton, Roy F. Lackey, and L. L. Lewallen.

More Pay From Kent Strawn

Sun Oil Co. No. 1 D. G. Sampson, second well to find oil in the Strawn lime in the Clairemont-Pennsylvanian field in Central Kent County, has found more pay in that formation.

The project had its first oil in the Strawn in a drillstem test at 6,741-51 feet. It had an oil fill-up in the drill pipe of 70.5 barrels per hour during that investigation.

A considerable amount of that oil unloaded from the drill pipe while it was being pulled, after the tester had been opened one hour. No formation ETAOIf- ETAOI U No water was developed from that formation.

The venture then cemented 7-inch casing at 6,744 feet. After the plug was drilled out operator cored to 6,796 feet and ran a 40-minute drillstem test at 6,744-56 feet.

Gas showed at the surface in nine minutes. Mud flowed at the top in 35 minutes. And oil flowed out of the drill pipe in 46 minutes. The well flowed oil to pits for eight minutes and then the tool was closed.

There was no gauge or estimate on the flow. There was no indication of formation water.

Operator then cored at 6,756-61 feet and is now pulling that core.

This producer is 660 feet from north and west line of section 9, block 98, H&TC survey. It is one mile south of Clairemont and one location east of General Crude Oil Co. No. 1-A Jones, the discovery well of the Clairemont-Pennsylvanian field.

SULPHUR WATER

Standard-Fryer Drilling Co., Kingwood Oil Co., and associates No. 1 I. G. Harrell, northeast Scurry County wildcat, ten and one-half miles northeast of Snyder, developed a large amount of sulphur water in a drillstem test in the lower Permian lime at 4,973-5,357 feet.

Length of the test has not been reported. Recovery was 4,900 feet of sulphur water. There were no shows of oil or gas.

The prospector is drilling deeper. It is contracted to 8,000 feet to explore the Ellenburger unless it develops commercial production before reaching that level.

Location is 660 feet from north and west [illegible] section 98, block 2 H&TC survey.

The zone covered by the drillstem test had been soft, but the samples did not carry any shows of petroleum.

Segregation In Dining Cars Is Banned By Court

WASHINGTON, June 5, (AP)—The Supreme Court today outlawed segregation of Negroes in railroad dining cars.

Supreme Court today outlawed segregation of Negroes in railroad dining cars.

By an 8-0 vote the high tribunal declared such segregation violates a section of the Interstate Commerce Act which prohibits "any undue or unreasonable prejudice" to any person using the railroads.

NO CLARK VOTE

Justice Burton wrote the court's opinion. Justice Clark took no part.

Those who voted with Burton are Chief Justice Vinson and Justices Black, Reed, Frankfurter, Douglas, Jackson and Minton.

The court was expected to rule on two other segregation cases—perhaps later in the day. They involved segregation by state universities.

The dining car decision was on an appeal by Elmer W. Henderson, a Washington Negro. While serving as a field representative of the President's committee on Fair Employment Practices in 1942 he made a railroad trip to Birmingham. Henderson protested that he was unable to get a meal on a Southern Railway company diner.

Southern Railroads later adopted a policy of setting aside a table or two for Negroes in dining cars. These tables are separated from others in the cars by partitions or curtains. Henderson, however, pressed his fight against any segregation. He is now a director of the American Council of Human Rights.

GETS ICC OK

The new dining car policy was approved by the Interstate Commerce Commission. When Henderson took his fight to the Supreme Court, the commission defended its action, but the Justice Department opposed it.

The department insisted that "the notion that separate but equal facilities satisfy constitutional and statutory prohibitions against discrimination is obsolete."

Agreeing, Justice Burton said today "the right to be free from unreasonable discriminations belongs

Biggest Volcanic Eruption Of Century Goes on Flowing

HONOLULU, June 5. (AP)—Mighty Mauna Loa, a mountain with a stomach ache, continued its greatest eruption of the century today, spewing a lava flow toward the sea that endangered 35 homes and a lodge area.

Police at Kona, a village on the big island of Hawaii, said all residents of the endangered area had been evacuated. The new flow began about nightfall and raced at breakneck speed toward the sea.

LODGE IN DANGER

The lava's path transcends the southwest slope where the second and third flows of last week tumbled into the Pacific. Police said it endangers Ohia Lodge and four or five houses clustered around the lodge, and the village of Opihali, which consists of about 30 houses.

On the other side of the volano, Foreman Ernest Morton of the Kahuku Ranch said the flow there seemed to be dying out. Cowboys were stationed to watch it all night.

(The Island of Hawaii is the home of the United States' second largest ranch—the Parker Ranch which is slightly smaller than Texas' huge King Ranch.)

For the fifth straight day, rivers of red-hot rock curled down the Southwest slope, burned black paths through forests and green fields and boiled viciously into the ocean. These fiery streams already have consumed homes of 40 persons along the rich southwest Hawaii Kona coast and forced another 60 persons to flee.

"It's a tremendous flow — the greatest volume of this century," said Volocanologist Ray H. Finch. Revising estimates, he said the "new burst of activity" indicated the eruption "might last much longer" than two weeks.

CIO OPENS MEETING

WASHINGTON, June 5. (AP)—The CIO today opened a five-day conference designed to spur community welfare planning to help the unemployed.

Foreign Aid Bill, Including 'Point Four' Signed by Truman

WASHINGTON, June 5 (AP)—President Truman signed the $3,121,450,000 foreign aid authorization bill today, calling it a "major contribution to peace and freedom in the world."

The measure was signed at a White House ceremony. It authorizes five programs of world-wide aid, including funds for the third-year operation of the European Recovery Plan, and a start on the "point four" proposal to develop backward areas.

TYPICAL JOB

"Taken together," Mr. Truman said of the five programs& "they add up to a broad, enlightened and typically American enterprise in the building of a safe and prosperous world."

In his statement, the President expressed special pleasure over the $35 million fund approved for technical aid under the point four program.

He said it is an important step toward strengthening freedom and defeating "Communist imperialism," and expressed hope that Congress will soon pass a companion measure authorizing the government to encourage and support private investment in needy nations.

"The present act," he said, "is a memorable step forward in our program for peace. I am confident that the Congress will follow through promptly by appropriating the full measure of funds necessary to carry out the programs authorized in this act."

[illegible] said the [illegible] ute to the "wisdom and vigor of the forward-looking members of the Congress of both political parties, of both houses, and particularly to the hard work of the responsible congressional committees."

OTHER PROGRAMS

The measure's biggest authorization is $2,850,000,000 for carrying on the Marshall Plan in Europe for a third year. Other programs:

1—Aid to the free peoples of Korea, Southeast Asia, and non-Communist China — $194 million. Of this total $100 million is provided for the Republic of Korea.

2 — Technical assistance to under-developed areas — $35 million.

3 — Relief and public works for Arab refugees from Palestine — $27,450,000.

4 — Continuing support for United Nations programs for child welfare — $15 million.

The President said the exchange of technical assistance and skills under point four, and the fostering of capital investment abroad, are not new ideas, but are in line with the American traditions of initiative and free enterprise.

Japanese Voters Give Victory To Pro-Occupationist Ticket

(Associated Press Staff)

TOKYO, June 5, (AP)—Prime Minister Shigeru Yoshida's liberal party rode a general pro-occupation ticket to a strong victory in yesterday's house of councillors election.

Still incomplete returns showed the liberals had won a plurality in the upper house that probably will stand.

With only 22 seats still in doubt the Liberals had obtained 46 seats. The Social Democrats had 30, the Independents 16, the Green Wind Party nine, Democrats nine, Farm Co-operative two and the Communists and Farm Labor Parties one each.

[illegible] RED OUTLAW PLAN

The government has announced a plan to outlaw the Communist Party. The Communists, angered by th plan, have threatened to retaliate with "human bullets."

There has been no indication from the government what effect the plan to outlaw the Reds would have on any that might be returned to office.

The Communists entered 50 candidates, three of them incumbents. The present Liberal total when combined with the party's holdover of 23 seats gives it 69 members in the upper house.

IN SECOND

On the basis of present returns the Socialists went into second position with an over-all total of 54 and the formerly dominant Green Wind Society dropped to 50.

New Administrator Comes To Snyder Hospital From Iowa

Bruce L. Greer, 46, who came to Snyder from Council Bluff, Ia., began his duties as administrator for the Snyder Hospital Clinic Friday.

Formerly administrator of the Cogley Clinic in Council Bluffs, Greer resigned the position to come to Snyder. He has moved to 603 29th Street, with his wife and 4-year-old son, Alwyn Greer.

Before going to Council Bluffs in July, 1948, Greer had been administrator for the Furman Clinic in Fort Worth. A native of Oklahoma, he attended Oklahoma University. He has worked in the field of clinic administration for 12 years.

Greer is a member of the executive council of the National Association of Clinic Managers. In Council Bluffs he was active in a number of organizaitons, including Kiwanis and the Masonic lodge. His wife was a civic and church worker and they expect to join the Methodist Church in Snyder.

An absorbing hobby with Greer is collecting pipes. He has a collection of about 500 pipes, which he values at $2,500.

Greer replaces Mrs. Norine Andrew who resigned recently as administrator of the Snyder Hospital.

Johnson and Acheson Says Arms Aid Only Way to Peace

WASHINGTON, June 5. (AP)—The administration told Congress today that arming Europe is the only road left open toward peace and security.

"The Soviets have roadblocked every other avenue," Secretary of Defense Johnson testified before the Senate Foreign Relations and Armed Services Committees.

The program is a "vital immediate step" toward world peace, Secretary of State Acheson told the House Foreign Affairs Committee simultaneously.

BACK ARMS PLAN

Both cabinet officers testified in support of President Truman's call for a $1,222,500,000 authorization to bolster the defenses of countries opposing Communism.

Their appearance at the capital came on the heels of a statement from Sen. Byrd (D-Va) who called for an "impregnable national defense" for America itself and described the foreign arms program as a "waste of money."

OUTLINE

Johnson gave this outline of American plans for rearming the non-Communist nations:

Western Europe—

A relatively small European ground force equipped with modern weapons and backed by a tactical air force—with America's strategic Air Force ready to give immediate support.

Such a force, Johnson said, could contain the early phases of a Russian invasion.

Southeast Asia—

Arms aid programs are being developed for countries "most immediately threatened by Communist aggression and subversion." Funds have been earmarked for arms, ammunition, aircraft and other jungle-fighting equipment for governments in the Indo-China area.

Indonesia—

Constabulary equipment is to be provided to Indonesia to assure the stability of the new government.

Philippines—

Continued military aid is necessary because of the guerrilla activities.

Iran and Korea—

These countries are being subjected to "varying degrees of external Communist aggression" against which present forces are inadequate.

Greece—

This country must replace much of its war-battered equipment if it is to halt new Communist guerrilla outbreaks.

Turkey—

The training and modernizing of Turkish military forces is past the half-way mark.

Walter Ellerd Is Candidate For Precinct 4 Post

Walter Ellerd, 24, son of Henry C. Ellerd, the late commissioner of precinct No. 4, announced his candidacy Friday for the position held by his father.

Ellerd is a ditch digging, yard filling and levelling contractor, living on the Ellerd farm between Snyder and Hermleigh. Born at Abernathy, Tex., he moved to Scurry County with his family at the age of two. He attended Dunn School, graduated from Snyder High School, and attended Texas Technological College. He is unmarried.

A veteran of World War II, he served in the navy as yeoman third class and was stationed at Pearl Harbor. He is a member of the Masonic Lodge and the Church of Christ.

Ellerd's announcement brings to four the list of candidates for commissioner from the fourth precinct. Others in the race are Doyle Parmer, appointed to finish the present term, Simon Best and Wayne Rogers.

There were no takers until the sign was changed to "95 cents and up."

BEVIN DOING WELL

LONDON, June 5. (AP) — Foreign Secretary Ernest Bevin is making excellent progress in recovery from an operation and no further bulletins on his condition will be issued, his private secretary reported today.

Scurry County farmers again were asking today, "When can I get my planting done?" after a series of rain and hail storms fell on the area over the week end.

Most county farmers resumed planting or replanting last week after several days of dry, warm weather. However, after the Friday hail storm and last night's rain, their work proved futile.

TOTAL TO 10.98

Mrs. D. P. Strayhorn, weather observer, reported a rainfall of 1.31 inches here last night, which added to the .25-inch rain Friday afternoon brought the year's total to 10.98 inches. This gives Snyder an excess of rainfall of about an inch for the first six months of the year. The average rainfall here through June is 9.96 inches.

Seven-tenths of an inch fell last night at Fluvanna.

The one-fourth inch precipitation received here Friday was preceded by an approximately 20-minute hail storm, which caused slight damages throughout the community.

Several Snyder merchants reported neon signs damaged as a result of the ice barrage. At the Snyder Country Club the storm caused some damage to the roof of the recently remodeled clubhouse.

CROP DAMAGE

Oscar Fowler, county agricultural agent, said this morning that nearly every farmer that he had contacted since Friday's storm had reported some crop damages. Planting over the entire county received another setback as the result of rain, and over 50 per cent of the area's farmers have lost seed and will have to replant cotton crops.

Light to heavy showers splashed all vicinity points last night and early this morning. The rains were mostly slow falling and cooling.

HAIL LASHES ODESSA

Late last night windshields and windows at Odessa were broken by a severe hailstorm which knocked out the power system. Rain accompanied the hail, which lasted only five or 10 minutes. The hailstones ranged bigger than golf balls. Hail at Midland scattered a rodeo crowd. Rain flooded Midland streets momentarily.

The weather was cool, cloudy and showery generally over Texas At mid-morning rain was falling at Austin, Wichita Falls, Victoria, Waco, Texarkana and Tyler. Earlier rains had drenched Fort Worth and Dallas. Only in extreme West Texas and the upper Panhandle did the sun break through scattered clouds.

Early morning temperatures ranged from 50 degrees at Amarillo to 75 debrees at Brownsville.

FRONT INTO GULF

A cool front that invaded Texas Saturday had moved far out into the Gulf of Mexico, but its effects lingered and the mass of clouds over the state helped to keep temperatures down.

Rainfall totals for the state for 24 hours ending at 6:30 A. M. included: Big Spring 1.44 inches; Abilene .76; Amarillo .50; Brownsville .01; Dallas .42; Waco .15; Fort Worth .47; Ozona .35; San Angelo 1.03; Clarendon .34; Childress .29; Wichita Falls .11; Wink .01; Midland .04; Mineral Wells .69; Junction .65; San Antonio, trace. Corsicana reported .15 of an inch of rain.

Victorious Belgian Party Enthusiastic for Leopold

BRUSSELS, June 5, (AP) — The Social Christian Party, victorious in yesterday's parliamentary elections, embarked today on a program to bring exiled King Leopold III back to the throne. Enthusiastic party leaders predicted this will be accomplished by July 1 but leaders of the anti-Leopold opposition were not so sure.

The Social Christians, predominantly a Catholic party, won 170 seats in the lower house against 105 for the combined anti-Leopold forces of Socialists, Liberals, and Communists. Ministry of the Interior officials said the Social Christians are sure to get control of the senate, too. By law, only a majority of both houses sitting in joint session can end the regency of Prince Charles, Leopold's brother.

WIN MOST

In yesterday's balloting the Social Christians won 54 of the 106 senate seats at stake. Ministry of Interior officials said the party would get a minimum of 25 of the 46 seats which will be chosen by provincial councilors, and at least [illegible] which the senators fill themselves. This would give pro-Leopold partisans at least 90 of the Senate's 175 seats, or 197 votes to 190 in a joint session.

Social Christian strategy calls for formation of a government which can win a vote of confidence in both houses when they convene June 20. Then the Senate and House would be summoned into joint session to end the regency and return Leopold to the throne.

OTHER IDEAS

But the ardently anti-Leopold Socialist Party, which also made gains in the election, could throw a monkey wrench in the planning by calling general strikes and thus creating general unrest. The Socialists threatened prior to the election to follow such a course if Leopold is called back. The party's leaders were meeting today to consider a course of action in the light of yesterday's voting in which the Social Christians got only 46.93 per cent of the popular vote.

No Date on Start Of New Post Office

Starting date for the construction of a new post office building for Snyder still has not been set, according to George W. Gray, operator of the Snyder Gray Lumber Co., who has the contract for the building.

The post office department last month accepted Gray's bid to construct the building, which will be leased until a federal structure is erected.

The building will be a 1-story tile structure with a brick front. It will measure 48 by 83 feet and will be situated in the 2200 block of Avenue R.

Caso March Blasts Shivers, Stresses Old-Age Pensions

CANTON, Van Zandt County, June 5. (AP) — Caso March today labelled Gov. Allan Shivers as "the butcher boy" who did "more than anyone else to cut the heart out of the old people of Texas."

The candidate for governor stressed his old age pension program in a speech prepared for radio delivery.

He said Shivers "was the main reason" why Texas people did not have an opportunity to vote on a proposed constitutional amendment to lift the $35 million ceiling on welfare. March said Shivers, as a state senator "voted for andl sponsored" the orginal ceiling - setting amendment.

BIG BUSINESS

March said that the major oil and gas companies secured passage of the amendment which he called "the most inhuman piece of legislation ever placed on the statute books." He said Texas old people now receive the lowest old age pensions in the nation and that the ceiling amendment is the reason for it.

"When I become governor, I will sign no legislation of any kind until there is a joint resolution passed by the House and Senate submitto the peopte the question of lifting the 35 million ceiling on old age assistance," March said.

CASO BLASTS

Referring to failure of the last Legislature to submit the ceiling lifting amendment to a vote, March said:

"During this session the Texas House of Representatives by a large majority voted to let the people vote on this question, but the conferees appointed by the then-Lt. Gov. Shivers from the State Senate refused to concur with the House, unless there was attached an amendment which would place a lien on the homes of old people.

"After no agreement could be reached in conference, on the final day of the Senate session, Mr. Shivers refused to recognize any senator from the floor who would place the question of passing the joint resolution — already approved by the House — without the Senate Amendment."

Radford Says Navy Has No Need For Japanese Bases

TOKYO, June 5. (AP) — Adm. Arthur W. Radford said today the United States does not need naval bases in Japan.

Yoksuka is a "very fine base," the Pacific fleet commander said at a news conference, but "it isn't essential."

The Navy could get along fine with Guam and Pearl Harbor, Radford said, by using mobile support and supply ships. He said the Pacific fleet, now bolstered by carrier-based jet planes, is "adequate to any immediate tasks we can foresee."

The admiral's remarks were in answer to a question whether the Pacific fleet could offset any Russian thrust if war started.

His views conflict with those of some military leaders here who are known to hold that post-treaty bases in Japan are vital to Ameri-

Searchers Believe Lost Child Attacked By Bear in Forest

QUEBEC, June 5. (AP) — Hundreds of searchers combed the woods near here today for a three-year-old girl police fear may have been attacked by a bear.

Lt. Martin Healy of the provincial police said bear tracks had been found about a quarter-mile from a home where little Nicole Renaud was visiting before she disappeared Saturday in a nearby forest.

Santa Anna Vet . . Finds Oil On His G.I. Loan Farm

SANTA ANNA, June 5. (AP) — Joe Glenn Copeland, 31-year-old clerk in the Santa Anna National Bank, was this town's most talked-about citizen today.

An oil well was drilled in Sunday on the 121-acre farm that he bought in May, 1947, under a GI loan. It is only half a mile south of downtown Santa Anna, the farm adjoining the corporate limits.

The well, drilled by F. J. Glass, Jr., Oil Co. of Austin, was swabbed in through 5-inch casing from 21 feet of Breneke sand topped at 1,798 feet, and flowed naturally 13 barrels of oil hourly. It was to be tubed for completion.

THIRD TEST DRILLING

The producer is 660 feet west of the first well on the Copeland place, which is in process of completion as a smaller well. The initial test was drilled by Fred Pool of Abilene, who had leased 101 acres from Copeland. C. U. Norton of Coleman has an interest in the new well, 330 feet south of which a second test is being drilled by Glass.

Copeland bought the farm under a 25-year GI loan, which can be paid off after five years. With the tract went the full one-eighth royalty. Copeland had sold none of the royalty early Monday and had placed a price of $1,400 an acre base on part of it.

INFANTRY VETERAN

Mr. and Mrs. Copeland and daughters, Glenda Dianne, 3½ years old, and Paula Gail, five months old, live on the farm. Thirty acres are rented, Copeland operating the remainder, raising mostly grain this year and keeping a few cows.

Copeland served four years and eight months in World War II, including 25½ months in North Africa, Italy, France and Germany. He was a sergeant in an anti-tank company, 142nd Infantry, 36th Division, being discharged July 4, 1945. He is a native of Santa Anna. Mrs. Copeland is the former Miss Udell Windham of Santa Anna, earlier of Bertram.

Sponsors Broadcast

Mrs. Edith W. McKanna, Snyder oil operator, Saturday began a series of radio broadcasts in behalf of the election of Senator Dennis Chavez of New Mexico. The first broadcast, which was also telecast from station KOB, Albuerque, Saturday night, featured Joseph Rendon, speaking on conservation of natural resources in West Texas and Eastern New Mexico.

to each particular person.

"Where a dining car is available to passengers holding tickets entitling them to use it, each such passenger is equally entitled to its facilities in accordance with reasonable regulations."

BURTON OPINION

Burton added:

"The denial of dining service to any passenger by the (railroad) rules before us subjects him to a prohibited disadvantage.

"Under the rules, only four Negro passengers may be served at one time and then only at the table reserved for Negores. Other Negroes who present themselves are compelled to await a vacancy at that table, although there may be many vacancies elsewhere in the diner.

"The railroads thus refuses to extend to those passengers the use of its existing and unoccupied facilities. The rules (of the railroads) impose a like deprivation upon white passengers whenever more than four of them seek to be served at the same time and the table reserved for Negroes is vacant.

Number of Fires In May Reaches Lowest for Year

Snyder's Fire Department answered fewer calls in May than in any month for the past year.

Records at the fire department show five fires, resulting in minor damages or none at all, and one false alarm.

The department has already answered four calls during the month of June. An acetylene torch caught fire this morning at Murrell's Welding Shop in the 1900 block on Avenue T, resulting in minor damages before the fire trucks arrived.

Damages still undetermined but not believed to be serious resulted from fires at Ernest Taylor's residence, 2701 Avenue V, Friday afternoon, and at the Sportsman's Drive-In Saturday. Firemen also extinguished a fire in an automobile belonging to C. W. Gilbert Saturday.

Rules Governing Judging in Flower Show Are Specified

"Judging will be standardized for the flowers entered in the flower show the Snyder Garden Club will sponsor at the Country Club June 16," Mrs. Greenberry Simmons, publicity chairman for the show, said.

Point judging will be used in the two main divisions in which the entries are being divided, the specimen or horticulture division and the flower arrangement division.

Points to be given on features of flower arrangement:

Distinction, 20.
Relation to container, 20.
Color harmony, 20.
Appropriateness of arrangement to schedule, 10.
Condition, 10.

Points to be given on features of horticulutre entries:

Color, 25.
Substance and texture, 20.
Size according to variety, 20.
Form, 15.
Stem, 10.
Condition, 10.

In the house plants section, judges will use the schedule of judging from the National handbook.

Compensations will be as follows:

First place, blue ribbon.
Second place, red ribbon.
Third place, white ribbon.
Sweepstakes, gold ribbon.

Qualified judges will be chosen very soon to officiate in the flower show judging, said Mrs. Simmons, who urges that all persons who are flower fanciers on an amateur scale enter a display for the approaching flower show, which will take the form of a garden tea.

Nashville Stores May Sell Beer, Not Bread on Sundays

NASHVILLE, Tenn., June 5. (AP) — Grocery and delicatessen stores which operate here on Sundays can sell beer but not bread.

Police arrested the store proprietors yesterday and charged them with violating an old city ordinance which states specifically what retailers may sell on Sunday.

"We arrested the violators as soon as we caught them selling things they shouldn't sell, such as bread and lard," said Police Inspector D. H. Hosse.

Some of the closed delicatessen sores placed signs out front saying, "We can sell you beer, but not bread."

Hero's Son Taking Father's Advice, Getting Education

BOSTON, June 5. (AP) — The son of a Navy commander killed aboard the aircraft carrier, Wasp, in the South Pacific in 1942 is taking his father's advice.

Just before he left for the Pacific, Commander John Joseph Shea wrote his only son:

"Be a good boy and grow up to be a good young man. Study hard when you go to school. . . get all the education you can."

Today young Jackie Shea, of Arlington, now 13, has his choice of two high school scholarships.

An honor student for eight years at St. Agnes School in Arlington, he topped 400 other students recently to win a scholarship at Matignon Catholic High School in nearby Cambridge.

In competition at Boston College Saturday, he finished ahead of 700 other youths. His average for the English, was 96.5 per cent.

Miss Charlene Tatum Is Bride of Donald

Miss Charlene Tatum, daughter of Mr. and Mrs. Gib Tatum, 2304 Avenue J, and Donald Green, son of Mr. and Mrs. Tom Green, of Sweetwater, were married Friday night in a candlelight ceremony in Hobbs.

The double--ringceremony was said in the home of the bride's aunt and uncle, Mr. and Mrs. W. R. Grayson, with the Rev. R. L. Keaton, Hobbs Baptist minister, officiating.

Bridesmaid was Miss Bonnie Wilhite, of Snyder, and best man was Eddie Neagle, of Plainview.

The bride wore a white suit with white accessories, and carried with a small white Bible a cluster of baby orchids attached to white satin streamers. Miss Wilhite wore a white sheer organdy with white accessories.

Snyder people attending the ceremony were Miss Doris Jean Roe, Johnnie Tatum and Betty Tatum, Mr. and Mrs. Ravmond Kirkland, brother and sister of the bride, and Doris Kirkland, Linda Kirkland, Sarah Kirkland, Joyce Kirkland, and Mr. and Mrs. Ethridge Thompson.

Completing the wedding party were Mr. and Mrs. Jack Grayson, of Hobbs, and Mr. and Mrs. Floyd Grayson, of Lamesa.

Possible Eplulsion From C:I.O. Does Not Disturb Bridges

HONOLULU, June 5. (AP) — Longshoremen Union President Harry Bridges last night brushed aside his union trial by the CIO with the words:

"If we are expelled from the CIO, we'll lose three initials" that is all. The question is not what will happen to us, but what will happen to the CIO."

Bridges made his statement to 300 delegates ending a three day Hawaii International Longshoremen's and Warehousemen's Union convention.

University Seeks Second Collegiate Baseball Title

AUSTIN, June 5. (AP) — The University of Texas Longhorns set out today to repeat as National Collegiate Athletic Association baseball champs.

If they do, the 1949 titleholders will be the first team in the NCAA's baseball history to turn the trick.

They face a major obstacle in a heavy-hitting University of Arizona nine today at Clark Field. They will need every ounce of their strong pitching talent against a team whose hitting average is .326. Seven Arizona starters boast .300 plus A batting averages.

Texas is the Southwest Conference champion and Arizona won the Border Conference crown.

Lamesa Takes Borger 7-5 In West Texas-New Mexico Upset

By THE ASSOCIATED PRESS

The clubs were moving up to game Borger today in the West Texas-New Mexico League.

Borger, leading the circuit, took a licking from third-place Lubbock and fourth-place Albuquerque split a double-header.

The Gassers' lead today is two and one-half games.

Lamesa beat Borger 7-5 with Bill Ashley furnishing most of the punch. He hit a homer with two on, had a double and a single and handled 17 chances at first base without mishap.

Albuquerque won the first game from Lubbock 7-2 as Fred Bresna hurled a three-hit at the Hubbers. Lubbock took the afterpiece 8-5 on the four-hit twirling of J. B. May and Walt Stenborg.

Clovis licked Pampa 4-1 in a game called at the end of the fifth inning because of rain. The Pioneers got three runs in the first inning to sew up the game early.

Amarillo and Abilene split a twin-bill. The Gold Sox won the first game 12-1, getting 10 runs in the last three innings. Abilene took the nightcap 7-2 with big first and fifth innings.

Homer Gives Big Spring 9-4 Victory

By The Associated Press

The home run still takes precedence in winning ball games and the Longhorn League demonstrated that fact yesterday.

Big Spring pushed into second place in the circuit by using the circuit clout. Potato Pascual drove in six runs with a couple of homers, one of them with the bases full. It was enough to give Big Spring a 9-4 victory over first-place Odessa.

Big Spring replaced Roswell in the runner-up spot as the latter fell to cellar-dwelling Ballinger 3-1. Ballinger, which is in something of a drive; swept the two-game series with Roswell.

Two home runs gave Sweetwater a 6-4 win over San Angelo. Don Zahner and Dom Chiolawach put the ball over the fence with two on base.

Midland edged Vernon 3-2 as Lou Dawson knocked in two runs in the ninth.

Mangrum Wins $2,600 First At Fort Wayne Meet

FORT WAYNE, Ind., June 5. (AP) —Because he was steady over the long route and superb in the clutches, Lloyd Mangrum was $2,600 richer today and king of the first Fort Wayne Open Golf Tournament.

The Chicago clouter won the first $15,00 Fort Wayne meet at the Orchard Ridge Country Club yesterday as his one-under-par final round gave him a 72-hole of 271.

Ed (Porky) Oliver of Kenmore, Wash., put the squeeze on Mangrum in the final test yesterday.

Oliver holed out with a one-over-par 72, for a total of 274, while Mangrum was fighting his putter on the par four 16th hole. Mangrum, who had taken 17 putts in the first nine holes, took a five on the 16th by using three putts.

Johnny Palmer, Badin, N. C., finished with a rush to grab third place and $1,400, $500 less than Oliver. His score was 277.

That was just a stroke better than Norman Von Nida, Sydney, Australia, who fired a 67 for a 278 good for fourth place. Cary Middlecoff, National Open champion wound up with three rounds of 71 for a three-way tie with Chick Harbert, Northville, Mich., and Jim Ferrier, San Francisco. They all had 279.

Rawls Favored To Win Golf Tourney

DALLAS, June 5. (AP) — A field of 197 moves out today in qualifying rounds of the Women's Trans-Mississippi Golf Tournament at Lakewood Country Club with defending champion Betsy Rawls of Austin, aparently the gal to beat.

Miss Rawls yesterday burned up the 5-878 yard layout with a new course record of 71—four under par.

Polly Riley of Fort Worth, the Curtis Cupper, had a 76 and so did Miss Gracie Demoss of Portland, Ore., the Canadian National champion.

Match play in the tournament for the 32 who qualify for the championship flight opens tomorrow.

Cub's Frisch Is Candidate For Manager of the Year

By JOE REICHLER
Associated Press Sports Writer

Frankie Frisch is a candidate for the "manager of the year" award—all because his pre-season plan backfired.

How come? Well, when Frisch took his Chicago Cubs to Catalina Island for conditioning last February, he announced he planned to rebuild his club with youth. Of the 39 men in camp 20 were kids up for their first real chance in the majors.

YOUTH MISSING.

The Cubs broke away from the barrier fast and today, after seven weeks of competition are the surprise of the league. They're in fifth place with a better than .500 rating and are only four games behind the leaders.

Who's leading the team? Take a look: Hank Edwards is the club's batting leader with .368. He's 31 years old. Hank Sauer is the league's runs-batted-in pacesetter, with 36. He's also 31. Andry Pafko is tops in home runs with eight. He's 29. And then there's 33-year-old Phil Caaretta who is hitting 328 and doing a grand job at first base in his 17th big league season.

On the pitching side, Johnny Schmitz, Dutch Hiller and Walt Dubiel, all past 29, have won 10 games among them, or more than half of the team's total of 19.

And the youngsters? Well, there are only six left: Outside of Bob Borkowski, who hasn't played much, not one is hitting .300.

Edwards, Cavarretta, Sauer and Pafko all had a hand in yesterday's 13-8 triumph over Brooklyn that dropped the Dodgers into a first place tie with the St. Louis Cardinals. The Cards gained a full game by defeating the Philadelphia Phillies, 6-2.

Edwards batted in four runs with two doubles and a single. Cavarretta smacked two singles and his second homrne run. Sauer tied Bob Elliott of Boston for the league's runs-batted-in leadership by driving in a tally. Pafko got a couple of hits and two walks in five times at bat.

LANIER LIMITS

Max Lanier not only pitched but batted the Cards to their victory. He limited the Phils to eight hits and tripled with the bases loaded to feature a five-run sixth inning blast that wiped out a 2-1 deficit. Ken Heintzelman was the loser.

New York's improving Giants swept past Pittsburgh into sixth place, defeating the Pirates, 4-3. The Giants continued their happy policy of winning games in the final inning, tallying three times in the ninth to overcome a 3-1 deficit.

Thanks to Ken Raffensberger's four-hit pitching and his big bat that knocked in two runs with a pair of doubles, the Reds gained a split in their doubleheader with Boston's Braves. Raffensberger shut out Boston, 3-0, in the opener, but the Braves came back to blast Herm Wehmeier from the box to win the nightcap, 7-6.

The New York Yankees maintained their two-and-a-half game lead over Detroit in the American Tebbets, Ted Williams and Al Cleveland's Indians, 7-0. Detroit's Art Houtteman also hurled a shutout, blanking the Washington Senators, 3-0.

Boston's Red Sox continued to terrorize enemy hurlers at Fenway Park. Led by Walt Dropo, Birdie ebbetts, Ted Williams and Al Zarilla, the Red Sox pounded out 21 hits to bury Chicago's White Sox under a 17-7 score. Tebbetts and Zarilla got four hits nad drove in four runs each. Williams and Dropo collected three hits and scored three times apiece.

LOPAT JINX

The Brownies of St. Louis and Athletics of Philadelphia divided a doubleheader. The Browns won the opener, 12-5, and the A's took the second, 13-6, with a nine-run first inning.

In blanking the Indians with six hits, Lopat kept his Cleveland jinx alive. The lefthander now owns a 24-6 lifetime record against Tribe.

Houtteman's triumph over the Senators was his sixth of the season. It extended Detroit's winning streak to five and Washingtons Bob Kuzava, making his first start losing skein to the same number for Washington since the big trade with Chicago, gave up all the runs and eight hits in eight innings.

Corpus Rides School Boy's Victory To Near League Peak

By The Associated Press

The Rio Grande Valley League race tightened again today. Corpus Christi pushed within a game of front-running Harlingen and could thank a 17-year-old schoolboy for it.

Sonny Byrd, the Arkansas lad It enabled orpus CChristi to Schepps says is another Dizzy Dean if he ever saw one, made his third start in pro ball and shut out Brownsville 8-0 on four hits.

It enabled Corpus Christi to sweep a doubleheader, the Aces having won the first game 15-12 in a slugfest.

Harlingen meanwhile was bombarding Laredo 23-5 with an awesome volley of 25 hits. Harlingen Manager Sam Harshaney didn't stay around to see much of the slaughter, however. He was thumbed out of the game in the fifth for disputing a decision too vigorously.

Del Rio beat McAllen in a doubleheader, capturing the first game 3-1 and the nightcap 14-2. Manager Boyd Sorelle of McAllen protested the first game because a photographer was just back of the third base coaching box and Rudy Escobar, rounding third in the fifth inning, ran into the picture-taker and both were knocked sprawling. Escobar had to scramble back to third. Sorelle claimed it robbed him of a run.

Sugar Ray Robinson Favored For Tonight

PHILADELPHIA, June 5. (AP) — Sugar Ray Robinson, king of the world's welterweights, goes after another title tonight in a 15-round bout with the "indestructible" Frenchman, Robert Villemain.

The Municipal Stadium match is billed as a middleweight championship fight by the Pennsylvania State Athletic Commission. And the winner stands a chance to win National Boxing Association sanction as thet itleholder.

The middleweight boxing division has been in a muddle for a long time, ever since Jake La Motta won over Francois Mareel Cerdan after Cerdan injured his hand.

Robinson and Villemain, regarded by the NBA as the logical challengers, have repeatedly bid for the bouts with La Motta, but the Bronx bull has turned them down.

Now La Motta is matched with Rocky Graziano former middleweight champ, for an NBA-sanctioned title go at New York June 28.

After 11 Innings, Cats Take San Antonio to 6-5 Defeat

By HAROLD V. RATLIFF
Associated Press Sports Editor

The Texas League clubs made an afternoon and night of it with a couple of double-headers and one game that went three hours and forty minutes but nobody gained a thing on tight-fisted Fort Worth yesterday.

The Cats had to go 11 innings and start worrying about the curfew last night before licking San Antonio 6-5.

Tulsa divided a double-header with Beaumont and Oklahoma City, the other first division club, lost to Shreveport.

Dick Williams' two-base knock in the eleventh with the bases full paid off Fort Worth. San Antonio got one score in its half of the eleventh but with three runners on Andy Anderson fanned to end the Mission threat.

Beaumont won the first game from Tulsa 6-5 with a four-run blast in the first inning. Tulsa took the nightcap 9-3 on Jim Blackburn's fivehitter while the Oilers were punching out 11 blows.

Shreveport licked Oklahoma City 3-0 with Lee Holloman giving the Indians just four hits. The Sports pushed over two runs in the fourth inning by bunching three of their seven hits.

Dany Gardella's homer with a mate on base in the ninth brought Houston a 2-0 victory over Dallas in the first game of a night twin bill. Dallas got to Pete Mazar for only five hits. In the afterpiece Dallas came through 7-1 on Wayne McCleland's three-hit performance.

Fort Worth is again at San Antonio, Oklahoma City at Shreveport, Dallas at Houston and Tulsa at Beaumont tonight.

When you are braising or stewing chuck beef steaks, try using tomatoes for the liquid instead of water. The differing in stewing and braising lies in the amount of liquid called for. Braising uses only a little liquid. Stewing calls for enough liquid to partially cover the meat.

Fall of Dictatorship, Even In Russia, Seen by Webb

SYRACSE, N. Y., June 5. (AP) — Undersecretary of State Webb said today the world is moving toward an era in which totalitarianism will 'decay" before a mounting demand for freedom — even within Russia.

"The American program of to day seeks a better world for others as well as ourselves," Webb said in a speech prepared for commencement exercises at Syracuse University. "What it will be in the future is something you will have to help decide.

NEW ERA

"I think the sum total of our actions is carrying us steadily toward the beginning of a new era — an era in which we shall see the decay of totalitarianism and a mounting demand even in the Soviet Union and its puppet states for cooperation with the free nations of the world.

"I believe we are movving toward the day when the entire charter of the United Nations can be translated inot action, a day when a worldwide democratic community of free nations can operate on principles of justice and shared peace and prosperity."

The State Department official added, however, that "the burdens of that journey are heavy."

CONSTANT THREAT

At present, he said, "peace is constantly endangered by the direct or indirect aggression of Soviet Russia. This threat is worldwide, although its form and immediacy vary somewhat from area to area."

The answer to this menace, Webb said, is co-operative defense action by the western world — a venture in which the United States, as the wealthiest of the free nations confronted by this threat, must, for its own national security, play its share."

Out of the events of the recent years, Webb said, "has come the inescapable conclusion that the USSR, moved by a fanatic doctrine, is engaged in an all-out effort to impose its absolute authority over the rest of the world.

Gordon Goss Is Building New Cafe on Highway

Gordon Goss's new drive-in restaurant on the Big Spring highway will be open in three or four weeks, Goss has announced.

The drive-in, to be called Gordon's, is the fourth restaurant Goss has built here. He built and later sold Noland's Cafe, the Chuck Wagon, and the B. & B. Steak House.

The new restaurant, built at a cost of $34,000, will contain a counter-room, two small dining rooms, and a kitchen, and will be completely air-conditioned.

Located 16 blocks south of the square, the 1-story building has a circular front, and is situated in the center of a paved court 180 feet by 230 feet.

The kitchen will be equipped with a refrigerated salad unit, which will keep salads crisp between the time they are made up and the time they are served. An electric dish-washer also will be installed.

The two dining rooms will seat about 24 persons each, Goss said, and the total seating capacity of the restaurant will be 64. The dining rooms will have booths, indirect lighting, leatherette walls, and rubber tile flooring.

In the half-circular room in the front of the building, there will be a fountain, a counter and tables.

Guard Unit to Leave Next Week for Fort Hood Training Camp

Approximately 45 members of Company D, 112th armored cavalry, will leave Sunday for a two weeks' camp session at Fort Hood, according to C. Weldon Kincaid, commanding officer of the company.

The group will go by motor convoy in their own vehicles, arriving at Fort Hood the same day.

Training will begin the following day, and will consist of field training, driving and firing M-24 tanks, extensive communications training and reconnaisance work with rifle and scout sections. The second der June 25.
