In the Heart of the City

IT PAYS TO USE GOOD SEED WHEAT

By H. M. Bainer, Director,
The Southwestern Wheat Improvement Association.

Even though Kansas, Nebraska, Oklahoma and Texas have just harvested a big wheat crop, good authority has conservatively estimated that, through the use of better seed alone, the total yield could easily have been increased 25,000,000 bushels. This is equivalent to an additional profit of \$25,000,000, as good seed costs very little more than ordinary seed. In fact, if better seed had been sown, thereby improving the quality of the crop and eliminating smut, rye and mixtures, the increase in value would easily have been twice this amount.

Mr. A. H. Ledligh, agronomist of the Texas Experiment Station, says: "Through the use of superior varieties of seed wheat in Northwest Texas, during recent years, large increases in yields have been secured. Had this kind of seed been uniformly sown last fall, in the place of a lot of country-run mixtures, the profits to Panhandle farmers this year would have been increased thousands upon thousands of dollars.

"Central North Texas is known by the mixed wheat it grows; pure seed is almost unknown. The Texas Agricultural Experiment Station has repeatedly tested the mixtures grown, as well as graded versus ungraded seed, and has found that the yield can be greatly improved through pure seed. The Station is ready to recommend and help locate seed of certain pure wheats for sowing in this part of the state."

Country-run seed can be greatly improved by cleaning.

ACTUAL RESULTS FROM GOOD SEED.

In Kansas (From 6 1/2 to 12 bushels gain.) County Agent Roy E. Gwin, of Columbus, writes: "Last fall, Mr. W. H. Shaffer sowed part of his field with a pure variety of wheat which gave him an average yield of 31 bushels per acre, while the balance of the field sown with ordinary seed yielded 21 bushels per acre." Mr. E. L. Bainer, a well known farmer of Scott County, reports a gain of 3 1/2 bushels per acre in favor of good seed. Still another farmer from Pratt County reports 23 bushels an acre from good seed, while his neighbor sowed "just wheat" and harvested 11 bushels an acre.

The dry method—applying copper carbonate for smut.

In Nebraska (A gain of 9 bushels.) County Agent C. R. Young, of Dakota City, says: "I furnished seven farmers with good, pure seed wheat, which outyielded the wheat from the common seed of the county by 9 bushels per acre."

In Oklahoma (A gain of 3 bushels.) A report from County Agent Tom M. Marks, of Ellis County, says: "During the past three years, I have kept an accurate record of the yields of twenty fields of wheat sown with good seed of adapted varieties in comparison with the yields from fields sown with the common varieties. All fields were handled alike, so far as preparation, date of sowing and quality of soil were concerned. The three year average showed an increase of almost three bushels per acre in favor of the adapted varieties."

In Texas (A gain of 7 bushels.) Our last year's records show that eight Panhandle farmers sowed a total of 968 acres of wheat; they made an average yield of 17 bushels per acre on 460 acres, sown with good seed, and 10 bushels per acre on 508 acres, sown with country-run seed.

Sow Clean Seed at Least. Even though country-run seed may lack purity, it can be greatly improved by cleaning and grading. Good authority states that 20 per cent of the wheat sown in the Southwest consists of cracked, immature or injured kernels that will not grow. The feeding value of these kernels, which are useless as seed, will pay the expense of running the seed through a faning mill. It is generally known that the best wheat farmers, who reclaim their seed and sow only the purest, obtain yields of at least 3 to 5 bushels more than the country average.

Avoid Rye. The presence of rye in wheat cuts down the grade as well as the price. It darkens the flour and produces a heavy bread. Five per cent of rye in a choice milling wheat will reduce the price from 5 to 6 cents a bushel. Over 2 1/2 per cent of the Hard Winter wheat coming into Kansas City during 1919, 1920 and 1921 graded

down one grade or more on account of rye. On this basis, the wheat delivered in Kansas City from July 1, 1923, to April 30, 1924, would have included over 1,500,000 bushels mixed with enough rye to lower the quality from one to two grades, representing a loss of approximately \$50,000 on this one market in less than one season.

Mixed Seed. There may be one predominating variety in mixed seed suitable for local conditions, but it is out of the question to assume that a mixture of two or more varieties is uniformly desirable. Crops from this kind of seed do not ripen evenly, and when sold, grade as "mixed," with considerable reduction in price.

Look Out for Smut. The loss in the Southwest this year from smutting smut is greater than for the past several years—amounting to millions of dollars. Fully 90 per cent of this loss could have been prevented through seed treatment just before sowing. The cost of the material for treating seed is from 1 to 5 cents a bushel.

The wet method—applying formaldehyde for smut.

Use of Formaldehyde. The old standard and dependable remedy for smut consists of dipping, floating or sprinkling the seed in a solution containing 1 pint of formaldehyde to 40 gallons of water.

Use of Copper Carbonate. This new, dry method of seed treatment is now being quite generally recommended by agricultural colleges. It consists of thoroughly mixing the seed with copper carbonate dust, at the rate of 2 ounces to a bushel. "Coppercarb," a well known commercial mixture may be used at the rate of 4 ounces to a bushel of wheat. This treatment cannot be made by shoveling; it must be done in some kind of a mixer, either home-made or commercial. An old churn, as shown in the illustration, or a concrete mixer will do.

For more information on either of the above methods, see your county agent or write the state agricultural college.

How and Where to Obtain Seed. Those desiring to locate pure or certified seed should see their county agent or write the state agricultural college. The Southwestern Wheat Improvement Association is locating a lot of good seed, as well as the districts needing seed. Where seed is needed, arrangements are being made so that the local mill, elevator or county agent will have on hand a supply of suitable seed, which can be bought or exchanged, usually on a cost basis. If you have more seed than you need or if you desire good seed and are unable to obtain it through your county agent, write The Southwestern Wheat Improvement Association, 946 New York Life Building, Kansas City, Missouri.

WOMAN TO TALK A LETTER FROM NEW SCHOOL SUPT ON WHITE SLAVES

Rev. J. A. Collier preached last night on subject of "Two Works of Grace," using as text John 14:16, "He shall give you another Comforter."

It has been conceded that Mrs. Collier had him bested in preaching, but last night he fully redeemed himself in presenting this message, and the sermon was full of spice and was enjoyed by all. There were two professions at the altar at the close of the service, these two professing the attainment of the blessing of "Entire Sanctification," as preached by Rev. Collier.

The interest that seemingly had waned on the two previous nights was again manifest and a large congregation greeted Rev. Collier. The singing was very enthusiastic. The meeting promises to grow in interest, as next week will be entered into with all the energy the band possesses and they will begin to draw the net closer than heretofore if possible.

Mrs. Collier will preach tonight on "Preparedness," using as a text Amos 4:12, "Prepare to meet thy God."

Sunday afternoon at 3:00 o'clock Mrs. Collier will preach on the white slave traffic. She has had a number of years active experience in this line of work and is prepared to present this matter in a forceful way, using actual experiences that have come under her observation. A number of pictures will be used in this lecture. She advised the folks to come early if they desired to get a seat.

EARLY ELECTION RETURNS EXPECTED

The ticket in tomorrow's election is a short one, and The Ledger expects to begin posting bulletins within a few minutes after the polls close. The polls close at 7:00 o'clock, and most of the county returns will be in by 9:00 or 10:00 o'clock, and state bulletins will be received every fifteen or thirty minutes. Unless the race for governor is close the returns will indicate how the race is going by 10:00 o'clock.

The Ledger will receive returns on all races in the run-off, and the bulletins will be announced as fast as they come. No paper will be issued Sunday morning. The public is invited to gather in the street in front of The Ledger office and get the returns. An effort will be made to clear the street and guard against auto accidents.

Rev. and Mrs. C. L. Ewing left this morning for Ft. Worth, where they will visit their daughter before going to Harlingen to make their home. Rev. and Mrs. Ewing have made many close and endearing friends in Brownwood and throughout West Texas who deeply regret to know that they are to make their home elsewhere. Rev. Ewing during the past twelve years has held the pastorate of the Paint Rock, Miles, Talpa and other Presbyterian churches and has been a leader in the Brownwood Presbytery. Rev. Ewing and family have been prominently associated in church educational and social affairs in Brownwood during their residence here.—Brownwood Bulletin.

Years of Travel in Wagon Planned by Western Artist

SEATTLE, Wash., Aug. 22.—Sightseeing in a covered wagon, with "Chicago in two years," as the first goal, is the plan of Louis Dana Johnson, a local artist, who has left here with his family on a journey of five or six years. In a trim gray prairie schooner, Betty Lou, aged 2, plays under the shelter of the canvas. Mr. and Mrs. Johnson and Barbara, aged 11, hike along the highways. Mr. Johnson expects to "knock off a year" in Chicago to study art. He will then continue to "hit the trail" until he and his family tire of the novelty. The schooner, which he constructed, is fitted with everything necessary for a home and a school.

W. D. Seales, manager of the Maeroy Theatre, accompanied by his family, returned home from a visit to Abilene, Stamford, and other points in Northwest Texas. Mr. Seales reports that the country where he visited is stirred up over politics, and that both sides were claiming the victory.

"Through the columns of your local paper I would like to say a few words to those who are interested in our Public Schools and I feel that this will include every man, woman, and child, for the school is one of the most important institutions in our community.

"In the first place, I am glad to be associated with the Ballinger people for the coming school year, especially so after having heard so many nice things said in regard to the character and kind of people of which Ballinger is composed.

"In the second place, I am moving to Ballinger with the intention of becoming one of you and hope to work with you, not only in the schools but in other ways that I am able to give you service.

"Primarily, I shall be connected with your schools and will put forth all the energy and intelligence that I have to help you to have the very possible school. But in the very beginning, I shall ask that you give me your hearty support and co-operation, for I am sure that you realize that I must have these to render you the best service. I shall ask again, that if you have a criticism, either good or bad, to bring it to me and let us talk it over, if it is adverse one, it may be that after having talked, we can come to the same view in regard to it.

"I want to assure the student body that I am their friend and that what I shall do this year in the schools will be, as I think for their benefit. We are offering some additional courses, as many as we could without increasing our teaching force.

"We are offering a unit in Bookkeeping to the tenth grade only, a unit to the eleventh in stenography, a half unit in Elementary Economics to the eleventh, also we offer a half unit in Advanced Arithmetic to the eleventh grade. We are increasing the course in American History to a full unit, also, the civics will be given a full year.

"In order for a student to graduate next year, he must have to his credit sixteen units of work. The required courses are as follows: two units in foreign language, either in Spanish or in Latin, two years in Algebra, one year in Plane Geometry, two units in the Social Sciences, either in History or Civics, and four years in English. The other five courses may be chosen as the student may see fit, after having consulted his parents and a teacher as an advisor.

"In order to facilitate matters, I shall be glad to see all students that will be candidates for diplomas next spring at the High School building on Thursday morning from nine to twelve o'clock. On Friday morning at the same time I shall be glad to see those who think that they are entitled to be classed as Juniors, then on Monday we shall not be so crowded and can take care of the other students.

"Thanking the paper for printing this announcement, I am, sincerely,
"W. A. CAIN."

GIRLS! USE LEMON TO WHITEN SKIN

The only harmless way to bleach the skin white is to mix the juice of two lemons with three ounces of Orchard White, which any druggist will supply for a few cents. Shake well in a bottle, and you have a whole quarter-pint of the most wonderful skin whitener, softener and beautifier.

Massage this sweetly fragrant lemon bleach into the face, neck, arms and hands. It can not irritate. Famous stage beauties use it to bring that clear, youthful skin and rosy-white complexion; also as a freckle, sunburn and tan bleach. You must mix this remarkable lotion yourself. It can not be bought ready to use because it acts best immediately after it is prepared.

DAVIS DISCUSSES KLAN AND OFFICE CORRUPTION

FINAL TALKS IN HOT CAMPAIGN

(By Associated Press)

DALLAS, Aug. 22.—Klan, anti-Klan, and prohibition issues, and also the spirited contest between man and woman for the democratic nomination for governor in Texas, will come to a close today.

The final words of the two candidates, Felix D. Robertson, speaking for himself, and James E. Ferguson, speaking for his wife, Mrs. Miriam A. Ferguson, will be spoken tonight. Mr. Robertson will speak in his home city, closing his campaign in Dallas. Mr. Ferguson will close the campaign for his wife with an address in Abilene.

Tomorrow the rank and file of the democratic party will go to the polls and decide the issues in the run-off primary. In addition to choosing the nominee for the democratic candidate for governor, the democrats will name nominees for lieutenant governor, attorney general, comptroller, railroad commissioner, both six and four year terms, and chief justice of the state supreme court.

TEXAS BAPTISTS SHOW BIG GAIN

Baptist property in Texas is valued at \$34,675,297, including sixteen schools and colleges, six hospitals, one orphanage, 2,150 church houses and 550 homes for pastors, Dr. F. S. Groner, General Secretary of the Executive Board of the Baptist General Convention of Texas, reports. Texas schools and colleges are valued at \$9,466,742, including endowment, the hospitals at \$5,919,460 and Buckner Orphans Home at \$1,000,000. Church houses and homes for pastors in the state have an aggregate value of \$18,289,095.

No other Southern state has a greater valuation of Baptist property than does Texas. There are more white Baptists in Texas than in any other Southern state, the number being 471,140, this membership being served by 2,809 ordained ministers serving 3,636 churches.

Last year the number of baptisms in Texas, reached 33,780 and the total number of additions to Texas Baptist churches numbered 51,000. Contributions to local purposes in the churches of this state totalled \$3,908,889 and the amount given to Christian education, missions and benevolence was \$1,609,903, while the total amount of the contributions was \$5,518,792.

H. F. Demmer and family arrived home Friday about noon from Gonzales county, where they went to visit relatives, and be with Mr. Demmer's father who underwent an operation. He left his father, who is 72 years of age and who underwent a very serious operation, getting along nicely. Mr. Demmer says politics are pretty warm in South Texas and that he saw many autos displaying both the Ferguson and the Robertson signs. "Me for Ma," is the way the Ferguson slogan goes, while the Robertson signs read "No Ma for Me, too much Pa."

SEAGIRT, New Jersey, August 22.—Calling the Ku Klux Klan by name, John W. Davis, democratic presidential nominee declared in his address here today that this organization, or any other, which raises the standard of racial or religious prejudices, "must be condemned by all who believe as I do in American ideals."

Having thus made his position clear, Mr. Davis expressed the hope that President Coolidge, as the republican presidential nominee, would see fit "by some explicit declaration" to join with him in entirely removing the Klan issue from the field of political debates, and that it would not be necessary to discuss this question in the campaign between the two political parties.

SEAGIRT, New Jersey, August 22.—John W. Davis, democratic presidential nominee, made it clear in his address here today that in his judgment President Coolidge failed in his acceptance address to meet the issue of corruption in public office.

Mr. Davis delivered an address at a luncheon given by Governor Silzer.

Referring specifically to oil, veterans bureau and prohibition scandals, Mr. Davis declared that the republican party could not escape the responsibility for the acts of its high officers elevated to it by the high places in power.

PIGGY-WIGGLY TO OPEN HOUSE

If the program as outlined for making its formal debut in the commercial society of this city is carried out, the opening of the Piggly Wiggly Saturday morning will be the most elaborate business "function" ever staged here.

Sam Behringer, head of the new enterprise, announces that the Piggly Wiggly store will open its doors to receive the public at 9:00 o'clock Saturday morning, and he has used a liberal spread of printer's ink to tell the people about it.

The doors will swing open accompanied by music on the outside by the Ballinger Band, and a four-piece orchestra will furnish music throughout the day. Each guest visiting the store will be presented with a ticket which will entitle them to share in the distribution of premiums, and souvenirs will be given those who visit the store.

One of the features of the opening day will be the demonstration of popular lines of groceries carried by the Piggly Wiggly. Eight booths have been artistically arranged and these will be in charge of demonstrators who will serve their goods to those who come and go. In addition the Piggly Wiggly store will serve refreshments.

"You are not asked to buy anything," says the opening announcement. This will be show day, although goods will be for sale, and those who wish to buy can do so. The main object of the opening day is to acquaint the people with the Piggly Wiggly way.

The Piggly Wiggly occupies the new Pearce building next door to Weeks' drug store. The building is one of the most modern in the city, and all Piggly Wiggly fixtures have been arranged and the goods displayed. No doubt many folks will visit the store on its opening day.

DECLINES G.O.P. NOMINATION TO AID FERGUSON

(By Associated Press)

DALLAS, Aug. 22.—When the republican state executive committee meets in Houston on Aug. 26th it is expected that the party leaders will name a new candidate for state superintendent of public instruction, as well as a new candidate for governor.

Miss Elizabeth Baker, of Dallas, who was nominated for that place by the republicans at their recent convention in Fort Worth, has declined to accept the place. Miss Baker mailed her declination to accept the nomination to the director of the republican organization yesterday.

In her letter declining the nomination Miss Baker said that she was supporting the attitude of Thomas Lee, nominee for governor, who came out for Mrs. Ferguson on the democratic ticket.

Miss Baker said that she believed that "all patriots, whether democrats or republicans" would support Mrs. Ferguson.

WINTERS ITEMS

Special to The Ledger:

WINTERS, Aug. 22.—The feed crop is turning out according to the expectations of the farmers the maize harvesting now being underway.

Vacation season is closing, many campers and fishermen returning home, and business is picking up in most all lines.

A large warehouse is under construction on the right of way of the A. & S. railroad. The building will be 186 feet long and 90 feet wide and will be used by a local auto dealer.

E. Burton, the pioneer mail carrier, has just returned from a trip with his family to their old home in Alabama. The roads are fine, he says and he could have made the trip through to the Georgia line in four days. He visited six states and Mrs. Burton seven while on the trip.

Sports

(By "Doc.")

In a game replete with all kinds of baseball, good, bad and indifferent, Miles defeated Eden yesterday to the tune of 12 to 7. Interest was held at fever point even until the last man was out. Miles rawhided Moore, the Eden catcher unmercifully and he had the worst day in the field the writer has ever seen him have. It is the consensus of opinion that he is the best ball player to set his foot on the focal diamond this week. If all the players would put into their work the same energy that Moore does we would see better baseball.

The game started with both teams going good and holding down the scores. Miles scored one in the third and Eden came right back with one in their half. Miles scored two in the 4th and Eden went two one better in their half scoring 3. Miles forged ahead in the 5th scoring 3, and 4 more in the sixth and were never headed, scoring one more in the 8th, although Eden scored one in the 6th and 2 in the 7th. Bunger was taken out in the fifth after his teammates had made a lot of errors letting Miles go into the lead.

Batteries—Miles: Hanna and Seagins; Eden: Bunger, Maddox and Moore. Umpires—Earnshaw and Josey. Time—2:45.

This afternoon at 4:00 o'clock Bradshaw and Lawn will play off the other semi-final, the winner of which will meet Miles for the final play-off Saturday. These two games promise to be real good ones with the most interest centered on Saturday's game. A large crowd is expected and all should come out and see the two championship teams battle for the prize.

The attendance yesterday was gratifying as more than four hundred attended.

German Bees Prosper

(By Associated Press)
BERLIN, Aug. 22.—The bee industry of Germany, which sent approximately 700,000 bees to France a part of reparations in kind under the peace treaty, is virtually normal again, according to reports of apiculturists. This has been accomplished chiefly by favorable weather conditions, and the development of queen rearing apiaries which are being operated on a larger scale than ever before.

MARCHING TROOPERS HIT BY AUTOMOBILE

Estell Branch suffered a crippled limb Thursday night, and Private Collins had a narrow escape when a Ford roadster ran into the local National Guard company while the guardsmen were doing some drilling on Seventh Street near the Ballinger State Bank.

It was regular drill night for the Guard and Capt. McCarver had the boys out for a little work. They were marching on the pavement on Seventh Street when a man living in the Northwestern part of the county, whose name The Ledger failed to get, ran into the column of soldiers, knocking Branch and Collins to the pavement. Collins was only slightly bruised, while Branch suffered a sprained limb. He was carried to the sanitarium and later carried home. He was not able to be out Friday.

TWO DEATHS IN GOLDEN FAMILY

J. L. Golden, of Eden; Rev. M. C. Golden and W. L. Golden, of this city; returned home Thursday afternoon from Bomarton, Baylor county, where they were called to attend the funeral of their brother's son, the fifteen year old boy of A. H. Golden.

The Golden brothers had just returned from Roscoe, where they went to attend the funeral of their brother's wife, Mrs. Fulton Golden. They returned from Roscoe Tuesday afternoon, and had not been at home thirty minutes when they received a message announcing the death of their nephew at Bomarton, and they left immediately for that place to attend the funeral.

Mrs. Fulton Golden died at Roscoe Sunday and was buried Tuesday. The 15-year-old son of A. H. Golden died at Bomarton Tuesday, two days after the death of Mrs. Golden. The boy was stricken ill with bowel trouble, underwent an operation and died very suddenly.

A. H. Golden, the father of the boy, spent several weeks in Ballinger last spring, being engaged in the cotton business. He was also here a short time ago on a visit to his brother.
