Cold Claims Victim In County; Traffic Stalled By Heavy Snow

GESTICULATING PREMIER

French Premier Pierre Mendes-France, right, gestures as he talks with an unidentified journalist leaving the National Assembly in Paris where he made a make-or-break parliamentary battle for West German rearmament. "France can no longer prevent the re-armament of Germany," he told the assembly shortly after the assembly started to vote on the question of confidence put by Mendes-France on admission of Germany to the North Atlantic Treaty Organization.

French Grope For Decision On Bonn Arms

By HARVEY HUDSON

PARIS (AP)—The French National Assembly groped in discussions today toward its final decision about the problem of West German rearmament. The deputies convened at 4 p. m. for the showdown on the fate of both the Western Defense Alliance and Premier Pierre Mendes-France's government.

A heavy police force stood guard outside the Assembly to prevent any mass demonstrations while the deputies come to the decision which they have delayed for four years.

Andre le Troquer, resplendent in white tie, boiled shirt and tailcoat, sat in the President's chair on a platform to guide the debate.

Premier Mendes-France sat in the center of the first row of the auditorium, with many of his ministers alongside him.

The deputies have been called on to vote twice today. An adverse vote either time would force the resignation of Mendes-France and might lead the United States and Britain to forge ahead with the rearmament of West Germany without respect to France's opinion on the recruiting of a half million German troops for Western defense.

The Premier was expected to win, but by even narrower margins than Monday's 289-251 ballot to admit the Bonn government into the North Atlantic Treaty Organization.

In theory, no debate can precede a French vote of confidence, but the deputies can explain their votes. The rules say that only five minutes can be allowed for each explanation, but this rule is interpreted so liberally that the talk sometimes goes on for hours.

The Assembly must decide today on two vital questions:

1—Entry of West Germany and Italy into an expanded Western European Union. This was turned down by the Assembly early last Friday, 280-259, but Mendes-France brought it up again as a new bill and hopes to get it approved this time.

2—Final action on the admission of West Germany into NATO, approved Monday in an article-by-article vote. Today's ballot will be on the bill as a whole.

When Mendes-France submitted his new bill on the enlargement of the WEU after his Friday defeat, he wrote in provisions for a consultation with Parliament before any increase in the armed forces of WEU members.

At the opening of this afternoon's session, Leon Noel a De Gaullist who first had proposed the idea, suggested that this section of the bill should be suppressed.

This reversal seemed immediately to create a greater spirit of optimism that Mendes-France would win out today.

Mendes-France made both votes confidence issues, staking his government's life on their outcome. Actual balloting was not expected to start until tonight.

The key vote was on ratification of the treaty admitting West Germany and Italy into the new Western European Union, along with France, Britain, the Netherlands, Belgium and Luxembourg. This pact—the one which actually spells out German rearmament—was defeated on its first reading in the Assembly last Friday. Mendes-France then brought it up again as a new bill.

The second ballot was set on the question of admitting West Germany and Italy into the new Western European Union, along with France, Britain, the Netherlands, Belgium and Luxembourg. This pact—the one which actually spells out German rearmament—was defeated on its first reading in the Assembly last Friday. Mendes-France then brought it up again as a new bill.

The second ballot was set on the question of admitting West Germany into the North Atlantic Treaty Organization. The deputies approved this treaty's separate articles Monday night but its ratification as a whole also was required.

The Assembly already had approved the other two key Paris agreements. A pact restoring German sovereignty was accepted 380-80 last Friday.

Stanton Blast Fatal To Pair

STANTON, Tex., Dec. 29 (AP) — An explosion demolished a farm home near here today and killed Mr. and Mrs. Louis O. Franklin, an elderly couple.

Sheriff Dan Saunders of Martin County said the explosion apparently was caused by manufactured gas collecting under the house. The debris of the home caught fire, but the flames had not reached the couple when the first persons arrived.

Clocks in the house were stopped at 7:05 a.m.

T. C. Clearman, who lived about half a mile away, heard the explosion, ran by a neighbor's house, and the two of them ran to the Franklin home. The husband was dead and the wife died about an hour later.

The couple were lying on the ground underneath the debris. Sheriff Saunders said they apparently had been in their bedroom and assumed they still were in bed.

2,000 Motorists Stranded On Roads

By The Associated Press

An estimated 2,000 motorists were stranded in north Texas Wednesday morning by snow and ice and bitter cold.

Miraculously, there were no reports that anyone suffered from the cold although it got down to 14 degrees. One man suffered exhaustion trying to get his car out of a snow drift and was all right after a short treatment.

Vernon, Electra and Seymour opened their homes, cafes, halls and even the Seymour jail to take care of those marooned.

Crews worked all night trying to reach all the stranded. The National Guard units at Vernon and Electra were called out to help.

Firemen, Sheppard Air Force Base personnel, railroad crews, oil workers and plain volunteers worked through the night.

Wednesday morning a bright sun came out on a fairyland of white. Eight and nine inches of snow covered the ground, and drifts were three and four feet deep.

By mid-morning cars were beginning to move.

Reports of farm families stranded on country roads still came in at mid-morning.

Ten young persons reached Nacona early in the morning after walking from their stalled car on the highway—and all were all right.

The Fort Worth and Denver railroad threw its facilities into the work.

The Zephyr, a passenger train, stopped at Oklaunion and Harrold between Vernon and Electra and picked up a dozen or so persons stalled in cars along the tracks. A freight train also stopped at Oklaunion and Harrold and took a caboose load to Electra and the engine and caboose returned for another load. The railroad carried about 150 persons on the two trips.

Conductor Clyde Wooten of Wichita Falls said there were "old ones, young ones and some very cold ones."

Construction companies in Vernon tossed all their trucks and vehicles into the work to help clear the roads and take gasoline to the stranded.

Personnel from Shepperd Air Force Base at Wichita Falls also helped.

Electra opened an old night club and a Junior Chamber of Commerce lodge took care of 180 of the estimated 800 refugees. Service stations with heated rooms for washing cars kept open and furnished cots for dozens.

At Seymour some 400 travelers stranded there were taken into homes for the night and at least 200 more spent the night in cafes and other public places. Some even stayed in hospitals. Others slept on beds in the Seymour jail.

A freight train went out of Electra and brought back some motorists stranded on the road to Vernon.

J. T. Huey, an agent for a gasoline company in Electra, drove all night in a tank truck furnishing gasoline free to motorists he could reach so that they could keep their motors running and their heaters going.

Five goose hunters were stranded on the vast Waggoner ranch near Vernon, and the Waggoner helicopter went out to rescue them.

An officer at Electra estimated about 350 cars were stalled in the area. An additional 100 cars were reported stalled overnight on the highway between Nocona and Gainesville. Among them were a group of Nocona high school basketball players who had played a game in Gainesville Tuesday night.

A bus with about 35 persons aboard was held up in Chillicothe. Another with about 35 aboard was reported stranded near Harrold. A third with eight persons aboard was stranded on U.S. 287 10 miles west of Vernon.

Vernon reported it was snowbound with no outlet except by telephone.

The state police radio said most roads out of Wichita Falls were closed but were expected to be open around noon. Roads were blocked east of Childress. Amarillo, Lubbock and the Abilene areas still had ice but roads were open, though dangerous.

The cold weather extended the length of the state. Brownsville, at the southern tip had a low of 44 degrees, and the citrus and winthe vegetables of the Lower Rio Grande Valley escaped the nip.

Measurable snow fell as far south as Abilene, which was blanketed by four inches. Dallas and Fort Worth had traces.

Rain was reported in central and south Texas. Houston had .53 of an inch and Galveston had .23

Lamesa reported the lowest reading—one below zero registered on the thermometer used for official Weather Bureau readings. Dalhart in the Panhandle had five above zero and Lubbock had six.

Just time was needed to get the stranded motorists going again. Most of them had pulled their cars off the highway and it was a big job to pull them back on the road.

More Charges Filed Against Negroes Here

Additional felony charges of robbery by assault and use of a firearm were filed yesterday afternoon against three Negro men being held here on burglary charges filed shortly after their arrest Friday morning.

The first charges were filed by the county attorney, Wayland G. Holt, in the absence of the district attorney, Renal B. Rosson. Holt said he only filed the burglary charges for a hold until the district attorney could investigate the matter in view of additional charges. Rosson filed the other charges after talking with the robbery victims.

The first charges, filed separately against each of the three Colorado City Negroes, allege that Abuary C. Tatum, 19, George Miles, Jr., 21, and Jim Edward Tryon, 23, broke and entered the home of Henry W. Severin with intent to commit theft. These charges will remain against the men and will be investigated by the grand jury along with yesterday's charges, Rosson said.

The later charges, filed separately against all three, allege that Tatum, Miles, and Tryon assaulted, threatened, frightened, and robbed both Severin and his wife by using a pistol.

The charges, in part, read: ". . . make an assault upon H. W. Severin and his wife, Kate Severin, and by assault and violence and by putting them in fear of their lives and of bodily injury and by using and exhibiting a firearm, to wit, a pistol, did fraudently and without the consent of the said H. W. Severin and wife, Kate Severin, take from their possession $10 in United States money, two gold watches, a pair of shoes, two shirts, four pairs of socks, and a pair of gloves."

Rosson and Bill Love, chief deputy sheriff who arrested the trio, went to the Severin home, a few

GENE'S BEST FRIEND

Suzie, the black Labrador dog, taught Gene Walker, 3, to walk. Gene was stricken with polio in 1952 and didn't get a start on walking until 14 months ago when he met Suzie. When he saw Suzie at a friend's home, Gene crawled to the dog, grasped her fur and hauled himself erect. Then, when Suzie began walking slowly Gene kept pace falteringly, starting a recovery that finds him still using Suzie as a balance wheel but walking without braces.

Revision Due For Vet Land Program

AUSTIN (AP)—The State Veteran's Land Board has rejected an offer by three South Texas companies to assume $1,167,758 liability in connection with G-I land deals.

The offer to assume liability if veterans are unhappy over their land purchases came from the Rio Val Development Co., Winter Garden Development Co., and Alamo Development Co. The companies, through their attorney, Everett Looney, offered to buy out 125 veterans in whose names the land had been bought from the state.

The land board's rejection came after a senate committee investigating charges of irregularities in the veteran's land program recessed until Jan. 12.

Texas' 100 million dollar loan program to help veterans with land purchases faced stringent tightening and revision as a result of findings in the first phase of the investigation.

Atty. Gen. John Ben Shepperd, one of the State Land Board's three members who testified before the Senate probers, told the panel his office was working on recommendations to the Legislature for tightening up the laws governing the veterans land program.

He also said that his office was looking into possible criminal violations in some land deals and that civil cases are being brief in an attempt to recover money he believes was paid by the state in fraudulent transactions.

Gov. Allan Shivers, appearing before the senators after Shepperd made his remarks, said he believes the veterans land program has been a good one and beneficial to veterans.

"In 20,000 applications, I think you could expect to find some that would be questionable for various reasons," Shivers declared.

He added, however, that if there has been any criminal wrongdoing, "those guilty ought to be punished and a full report made to the Legislature." He said he hoped the senate panel would continue its probe to "develop the full facts."

Shivers dwelt at length on ex officio boards, those made up of state officials with other duties. He was against such groups existing, he said, because state officials had enough to do in their own offices without being forced to use spare time in trying to perform other important functions.

Ex officio boards, such as the state land board, he said, "ought not to exist."

The state Veterans Land Board is composed of Land Commissioner Bascom Giles, chairman; Shivers, and Shepperd.

The governor said he had been able to attend only "three or four" meetings of the board because of pressure of other duties.

During its investigation, the board turned up evidence that a Crystal City, Tex., attorney, J. Paul Little, had approved title examinations to land he himself had sold the state under the name, "J.C. Hillery."

Veterans Land Board executive secretary Lawrence Jackson told questioning Sen. Jimmy Phillips of Angleton that he would not have approved the deal had he known Little and "Hillery" were one and the same person.

Phillips also asked Giles what board policy would be if it developed that C.P. Ernster of Cuero, Tex., already granted a land loan as a Texas veteran, received a bonus from Minnesota.

"I would void it if I had the authority," Giles said. But he added that he doubted his authority.

Jackson said the board had insufficient personnel to trace previous selling prices of land involved in block transactions. He said there was no evidence in land board files to hint at a large profit of deals pushed by the Winter Garden Development Co., in Zavalla County; by L. V. Ruffin, in Dimmitt County; or by T. J. McLarty, in Guadalupe County.

The secretary said "many matters" in board administration were "more or less left up to Commissioner Giles."

Chairman Dorsey B. Hardeman of the senate committee said his group was recessing until Jan. 12 at the suggestion of Atty. Gen. Shepperd and the state auditor's office. More time is needed to complete preparation of additional information, Hardeman said he had been told.

Ike To Ask For Pay Hikes

By WILMOT HERCHER

AUGUSTA, Ga. (AP)—President Eisenhower will send a special message to Congress Jan. 11 recommending pay increases for federal civil service workers and postal employes.

Another special message will be sent to Capitol Hill Jan. 13, the little White House announced, outlining a program of increased pay and benefits for members of the armed services.

The second message will also deal with the new reserve program outlined recently by Secretary of Defense Wilson.

James C. Hagerty, White House press secretary, told reporters the proposals for civil service pay increases and adjustment of job classifications would add about 202 million dollars a year to present payroll costs.

This figure is about 5 per cent of the present payroll for classified civil service workers, he said.

Hagerty did not provide any figures on the increases being considered for employes of the Post Office Department and members of the armed forces.

He did say, however, that the administration still feels that any increases for postal workers should come from increased postal rates, and that any legislation would include provision for such hikes.

WEATHER

NORTH CENTRAL TEXAS: Fair and cold this afternoon and tonight. Lowest 20-30 tonight. Thursday, fair and warmer.

WEST TEXAS: Fair and warmer Thursday and in Panhandle and South Plains this afternoon and tonight. Lowest 10-20 in Panhandle and South Plains and 18-28 elsewhere tonight.

Dermott Man Found In Field

The snow storm which started here before daylight yesterday and brought a minimum temperature reading of 11 degrees in Snyder last night took the life of one county resident who was lost in the storm for more than 12 hours.

Luther Edmonson, 69, who resided about three miles east of Dermott, a village 10 miles northwest of Snyder, died of exposure at 9:30 o'clock this morning at Cogdell Memorial Hospital here.

Mr. Edmonson was found unconscious at 7:30 o'clock this morning by a searching party of about 20 persons. He was lying across a patch of cactus in an open field of deep snow about a mile south of his home and approximately half a mile from the nearest road.

Relatives said he walked from the home about 7 o'clock last night. Neighbors and relatives sought him shortly afterward, and at 2 o'clock this morning, his son, Luther Gene Edmonson of Snyder, was called to search for him. A short time later, Homer Whisnand, sheriff, joined in the search which proved futile at that time.

Whisnand and E. E. (Buddy) Norris, deputy sheriff, said they attempted a search about 5 o'clock this morning but could not see well enough to locate any tracks. At about 6:30 this morning, a search party of seven officers and at least a dozen neighbors and relatives began work.

Officers in the search at the time he was found were E. W. Green and Bill Zimmerman, highway patrolmen, Bill Love, chief deputy sheriff, J. D. (Babe) Frith, city policeman, Howard Gibbons, deputy sheriff, Whisnand and Norris.

Mr. Edmonson was rushed to the hospital in a sheriff's department squad car. Officers said he was breathing at the time he was found but was unconscious, his hands and feet frozen. He was lightly clothed in shirt, pants, jacket, light shoes, and a hat.

Officers said his shoes, which resemble house slippers, could not be removed because his feet had swollen. He had also cut himself on a barbed fence but had not lost much blood.

Mr. Edmonson is survived by his wife; a daughter, Mrs. A. L. Maples who lives near Marfa; the son; and a brother, A. N. Edmonson of Dermott.

He had lived in the county more than 50 years.

Funeral arrangements will be directed by Bell Funeral Home.

Officers and other Snyder residents reported rescuing families from stranded automobiles throughout the night. Fifty cars were estimated to be stalled alongside U.S. Highway 180 between Lamesa and the edge of the caprock west of Gail. The caprock edge is only a few miles west of Gail, which is 31 miles west of Snyder and halfway between Snyder and Lamesa. The road between here and Gail was barely passable and only by extreme caution.

Norris said he brought a family of about five Negroes to town from their stalled automobile about 1 o'clock this morning. The Rev. Bob Creswell of Hermleigh brought a family of Mexicans from their stalled car at Inadale to Snyder at 10:30 last night. Allen Davis of Snyder brought five carloads of stranded persons to Snyder from the Lamesa highway.

By noon today, there had been only three automobile accidents of considerable consequence on highways near here as results of the weather.

Mr. and Mrs. Ernest Lavern Brown, Boulder City, Nevada, were hospitalized at Cogdell Memorial Hospital about 1 o'clock this afternoon following the overturning of their car about six miles south on highway 84 shortly after noon.

Hospital attendants said their injuries were not believed serious.

At 11:10 yesterday morning, a 1953 Ford station wagon driven by Jacque L. Saul, 24, a Marine Corps officer from York, Pa., overturned at Randal's corner eight miles west of here injuring his wife, Mrs. Isabelle Saul, 24, and their two-year-old son, Gary. The child suffered minor head injury, and Mrs. Saul was less seriously hurt. Saul and a one-year-old daughter were not hurt.

Two cars sideswiped at 6:40 yesterday morning about a mile north of here. Damage was heavy, but no one was hurt.

David Strayhorn, reporting the weather for his mother, Mrs. D. P. Strayhorn, official observer, said the minimum last night was 11 degrees, the maximum yesterday 30, and the reading at 7:30 this morning was 16. The moisture guage showed only seven hundredths of an inch, but Strayhorn said he knew much of the snow had blown away from the guage. Estimates of the moisture averaged about four tenths.

Strayhorn, who operates Strayhorn Courts, said also that all tourist courts were full last night, many accommodating stranded tourists and motorists in addition to many who stopped here as a caution; fearful of attempting to travel farther in the severe weather.

Employes of the city water department said that there had been no reports of broken pipes because of the winter's coldest weather.

"However, there may be some reports of leaky pipes after the pipes have had time to thaw," Horace Smith, water superintendent and city engineer, said.

City street maintenance personnel and the state highway maintenance department busied themselves early this morning grading loose snow and ice from the city streets and highways, and sprinkling sand on many of the highway streets at points where cars and trucks were stalling. Around the square salt was spread on the packed ice to thaw it, and the streets in the downtown area had thawed to a great extent by 11 o'clock.

The police department reported only two minor collisions in which there was only slight damages to the cars involved and no injuries to passengers since the beginning of the snow early yesterday.

Fying Boxcar Hits Mountain

NEW HOPE, Ala. (AP) — A C119 Flying Boxcar en route to Sewart Air Force Base, Tenn., with a crew of seven and four passengers hit a mountain near here today. First reports said seven were killed.

The big troop carrier was returning to the Tennessee base after a flight from a base not immediately disclosed.

Officers from Sewart, located near Murfreesboro, Tenn., were en route here by plane.

Mc Carthy Is Seeking Seat On Foreign Relations Committee

By G. MILTON KELLY

WASHINGTON (AP)—Sen. McCarthy (R-Wis) said today he is seeking a seat on the Senate Foreign Relations Committee in the hope of influencing Eisenhower administration policies in Asia which he regards as "disastrous."

On the committee he would have a new forum to argue for tougher measures against Communist China.

No Republican vacancy on the committee is in prospect, and McCarthy conceded to newsmen that his chances of winning a seat are slim. But he said that to attain one, he is willing to give up his place on the coveted Appropriations Committee. He serves also on the Rules and Government Operations committees.

He said he has asked the GOP Committee on Committees, which handles such assignments, to arrange a switch.

The GOP membership on the Foreign Relations Committee will be reduced by one when Democrats organize the Senate next week. One present Republican member, Sen. Ferguson of Michigan, was defeated in November. Thus no GOP changes appear in prospect.

McCarthy on Dec. 7 issued a statement accusing President Eisenhower of "a shrinking show of weakness" toward world communism. After the statement, Gen. James A. Van Fleet, former 8th Army commander in Korea, withdrew from an organization of McCarthy backers.

McCarthy said today he "felt very badly" about Van Fleet's action, and he continued:

"I was much disturbed by his thought that this was a personal fight between me and Eisenhower, which it is not. While there apparently is a parting of the ways between Van Fleet and me, I still think Van Fleet is an outstanding general and a very loyal American."

A reporter asked McCarthy: "If President Eisenhower is renominated in 1956, what part would you play in the presidential election campaign?"

"Frankly," he replied, "I don't have any idea.

"I think Eisenhower has been doing a substantially good job in Europe, but we have been doing a disastrous job in Asia."

He added after a pause that he regards the administration's cold war policy in Asia as "wrong to the point we could have a catastrophe there," and said he plans "a lot of public speaking" on the subject.

He said he will argue in public speeches for drastic steps, up to a naval blockade of the China coast, to force Red China to release imprisoned U.S. servicemen.

He said he believes an administration policy denying aid to any allied nation engaging in commerce with China would force them to join this country in a crippling economic blockade of the Reds.

"But if that is not enough," he said, "I certainly would favor a naval blockade while they are holding American soldiers."

Eisenhower has said a naval blockade would be an act of war, and has defended free world trade of nonstrategic goods with Red China by saying that if carefully controlled it is to the West's advantage.

Hammarskjold To Leave Tomorrow

By A. I. GOLDBERG

UNITED NATIONS, N.Y. (AP) — Dag Hammarskjold's U.N. mission to Red China—seeking freedom for 11 U.S. fliers and other U.N. personnel held captive there—gets under way tomorrow afternoon.

Accompanied by a top political adviser and other aides, the U.N. secretary general will board a Super Constellation of the U.S. Military Air Transport Service at New York.

Stopping en route in London and New Delhi, Hammarskjold plans to confer with British Foreign Secretary Anthony Eden and India's Prime Minister Nehru before he meets Red Chinese Premier Chou En-lai in Peiping.

He expects to arrive in Peiping by Jan. 4 or 5, traveling from London a British government aircraft to New Delhi and by Indian government plane to Canton.

Hammarskjold has told correspondents he wants to be back at U.N. headquarters by Jan. 15.

Ahmed Bokhari, former head of Pakistan's U.N. delegation, is accompanying Hammarskjold as political adviser. Bokhari's new appointment as undersecretary in charge of the U.N. Information Department becomes effective Jan. 1.

Also in the party will be Per Lind, executive aide to the secretary general; Miss Aase Alm, Hammarskjold's Norwegian secretary; and the only American in the group, William Ranallo, a native of Pittsburgh, Pa., who is a personal aide on the secretary general's staff.

They will be joined in London by British Prof. Humphrey Waldock, an expert on international law, and Gustav Nystrom, Swedish Lutheran missionary in China for 25 years who served as an interpreter at the Korean armistice talks at Panmunjom. Constantin Stavropoulos, Greek head of the U.N. Legal Department, will go as far as London to brief Waldock.

Hammarskjold is making his trip under a mandate from the U.N. Assembly directing him to use "unremitting efforts" to secure the release of the 11 airmen and other U.N. personnel.

AREA OIL ROUNDUP

Northeast Scurry Wildcat Spotted

Diamond Drilling Co. of Abilene has announced plans to drill a 7,400-foot rotary wildcat northeast of Camp Springs in Northeast Scurry County as the No. 1 Jessie J. Koonsman.

The location is 660 feet from south and 560 feet from east lines of section 245-2-H&TC, about 16 miles northeast of Snyder. It is on a 320-acre lease.

The location is about four miles north and one mile east of Union No. 1 Simmons, a recently completed Pennsylvanian discovery, and a mile west and two miles north of Robert Wood No. 1 Criswell, a Fisher County wildcat plugged as a failure earlier this month.

Operations are to begin at once on the No. 1 Koonsman.

SCURRY COUNTY

C. U. Bishop and others of Snyder have filed application to drill the No. 1 Bishop and others in the Diamond M-Clear Fork field eight miles southwest of Snyder.

The drillsite is 330 feet from north and west lines of the northeast quarter of section 165-97-H&TC. Rotary tools are to be used to drill to 3,500 feet.

Progress Petroleum Co. has reported completion of the No. 2-A E. S. Carden in the Cogdell field about 14 miles north of Snyder.

The well pumped 115.88 barrels of 41-gravity oil with no water on the final gauge. Production is through perforations at 7,045-067 feet, 7,095-100 feet, and 7,123-134 feet which had been acidized with 5,000 gallons. Top of the pay was at 7,043 feet, with casing cemented at 7,230 feet. Total depth is 7,285 feet. The well is 1,667 feet from east and 467 feet from north lines of section 503-97-H&TC.

Texaco No. 227 P. L. Fuller, also in the Cogdell field, was completed for a 24-hour flow of 186 barrels of 41.5-gravity oil with no water. The production is through perforations at 6,839-878 feet, 6,895-902 feet, 6,910-916 feet and 6,986-990 feet. The perforations were treated with 2,000 gallons of acid. Gas-oil ratio was 486-1, with tubing pressure 125 pounds and a packer set on casing.

The new producer is 1,738 feet from west and 540 feet from south lines of section 562-97-H&TC.

In the Kelley-Snyder field, Sun Oil has completed the No. 12-C G. H. Arledge for a 24-hour flow of 284.06 barrels of 43.8-gravity oil with no water. The flow was through a quarter-inch choke and from perforations at 6,641-656 feet and 6,678-694 feet. Gas-oil ratio was 524-1, with tubing pressure 500 pounds and casing pressure 650 pounds. The perforations were treated with 3,000 gallons of acid.

The No. 12-C Arledge is 1,666 feet from south and 1,376.5 feet from east lines of section 185-97-H&TC.

VEALMOOR LOCATION

J. D. Wrather, Jr., of Dallas has filed application with the Railroad Commission to drill the No. 1 J. B. Simpson in the Vealmoor field of Borden County.

It is to be 660 feet from north and west lines of section 14-33-13n-T&P, two miles northwest of Vealmoor. Contract depth is 8,700 feet, with drilling to start immediately.

KENT PRODUCER

Bright & Schiff No. 3 H. L. Casey, drilled in the SMS-Canyon sand field of Northwest Kent County, has been finaled for an initial potential of 163 barrels of 39-gravity oil plus .2 per cent water.

The production is through perforations at 6,046-063 feet. Pay was topped at 6,045 feet and five and a half-inch casing cemented at 6,100 feet. The flow was natural through a three-quarter-inch choke. Gas-oil ratio was 333-1, with tubing pressure 90 pounds and casing pressure 350 pounds.

The new well is 330 feet from north lines of section 2, block 1, J. B. Ward survey.

NOLAN FAILURE

Ashland Oil & Refining Co., Warner-Lutrell Drilling Co. and Peeler Brothers No. 1 W. J. Bugg, Northeast Nolan wildcat, has been ordered abandoned on total depth of 6,912 feet in the Ellenburger. It was five miles northeast of the Maryneal 5,500-foot field and 10 miles southeast of Sweetwater in section 93-21-T&P.

DRILLING REPORT

Hanley No. 1 Yeager, South Scurry County wildcat, is drilling below 5,997 feet in shale. Forest Oil No. 1 Eiland is drilling in shale below 6,720 feet.

Tennessee Production No. 1 Fambrough, Borden County prospector, is drilling in shale with streaks of sand below 7,883 feet. Shell Oil No. 1 Clayton-Johnson is drilling in lime and chert below 9,646 feet. El Capitan No. 1-Higginbotham is drilling below 4,728 feet in lime and shale. Tide Water No. 1-A Clayton & Johnson has drilled out to 7,782 feet and perforated from 7,774-780 feet. Operator is preparing to drillstem test through perforations.

CHARGES

Continued from Page 1

miles southwest of Hermleigh, yesterday and talked with the Severins. Severin is 84 years old. His wife is 83.

The morning of the arrest, Love quoted the Severins as telling him that the trio wearing handkerchief masks burglarized the home, then held the couple at gunpoint, demanding at least $50 in cash and refusing a check Severin offered to write. Love said the couple related then how that the trio compelled them to go upstairs, where the men tied the couple's hands behind them, struck Mrs. Severin on the chin with the pistol, and threatened to kill them.

The Severins were quoted as relating a discussion between the three men as to whether to shoot the Severins with the pistol or decapitate them with a razor they found in the home.

Love and a Colorado City policeman, L. C. Powell, arrested the trio less than three hours after Love was notified by telephone of the robbery.

Love talked with Severin a few minutes after the incident was reported, and they told him they thought they could recognize one of the Negroes as George Miles, Jr., despite the mask he wore.

Love then contacted the police department at Colorado City, and the department sought Miles at his home but was informed that he and two other Negroes had left the city in 1946 Plymouth. Love and Powell stopped the car as it approached Colorado City a short time later.

All the loot from the Severin home and the pistol were found in the car, Love said.

BIRTHS

Mr. and Mrs. James L. Bynum, 2703 Avenue V, are the parents of a son weighing eight pounds, one ounce, born at 4:33 a.m. today in Cogdell Memorial Hospital.

Mr. and Mrs. Royce Watts of Mercedes, Tex., are the parents of a baby girl born at 7:48 p.m. yesterday in Cogdell Memorial Hospital. She weighed seven pounds, eight and a half ounces.

A daughter weighing seven pounds, 15 ounces, was born to Mrs. Helen Angeles, 610 Thirty-second Street, at 8:15 p.m. yesterday in Battenfield-Jones Clinic-Hospital.

Pig Crop Up, But Still Under Average

AUSTIN (AP)—Texas pig production increased in 1954, but it was still far below aveage, the U.S. Department of Agriculture said today.

Bank Officer Confesses To Embezzling

ATLANTIC CITY, N.J. (AP)—The FBI says a tall and trusted bank official has admitted embezzling $48,000—which went on "personal enjoyment, entertainment, and to meet social obligations."

And, the FBI says, 45-year-old Robert F. Johnstone "attributed his downfall to an effort to live beyond his means."

Johnstone, married and the father of a son in college, fought hard to hold back his tears at his arraignment last night before U.S. Commissioner William E. Stringer.

He is assistant vice president of the Boardwalk National Bank—the largest in this resort city. He also serves as treasurer and vestryman of All Saint's Episcopal Church.

FBI Agent Harvey Foster said the $48,000 was taken from the bank by Johnstone over a 10-year period. However, the charge last night dealt only with an alleged misappropriation of $9,600 made the day before Christmas.

Further charges against Johnstone will be made to include the remainder of the $48,000, said U.S. Atty. Charles H. Nugent.

Johnstone's story, according to Foster, painted a picture of a man who kept falling deeper into trouble after making an intial mistake.

The FBI agent said Johnstone first took funds from an account over which he had sole control in 1944. Then he began manipulating accounts and making false entries.

He went to work at the bank 24 years ago. He was made an assistant vice president and director of public relatons in 1951.

Four years ago, Foster said, Johnstone found that his accounts were shy by $20,000. He placed big bets at the nearby Atlantic City race track in a vain effort to recoup the money, Foster declared.

According to a reliable source who declined use of his name, Johnstone's annual salary—including bonuses—was $7,000.

The bank official, who lived with his wife in a modest apartment in a suburban housing project, told federal authorities he had no assets of any value at present.

Shepperd Makes Check On Progress In Duval

AUSTIN (AP)—Atty. Gen. John Ben Shepperd left last night for Duval County to check progress in the state's investigation of school and county finances.

The investigation is a "continuing one," Shepperd's office announced.

Dismissals: Connie Hill, Snyder; Esker Land, 601 East Twentieth Street; Sue Moreland, 911 Seventeenth Street; LeRoy Selman, Snyder.

Pvt. Tommy E. Smith Is Serving In Japan

Marine Pvt. Tommy E. Smith, the son of Mr. and Mrs. J. D. Smith of Snyder, is serving in Japan with the 9th Marines, an infantry regiment of the 3rd Marine Division.

The 9th regiment is headquartered at Camp Sakai in southern Honshu near the industrial city of Osaka. The regiment recently participated in a month-long training exercise on the slopes of Mount Fujiyama in central Honshu.

Volcano Goes Into Action

MESSINA, Sicily (AP)—Stromboli volcano erupted today. Rolling earth tremors again shook the lonely Lipari Islands and, on Sicily, smoke poured from Mt. Etna.

These signs of nature in a restless mood frightened fishermen and farmers. No serious damage or casualties were reported.

The eruption of the bleak crater on Stromboli, a cone-shaped island in the Lipari group 30 miles north of Sicily, was the third this year. Sparks shot up from the mouth of the cone, and lava poured down the slope into the sea. It followed a well-worn path.

At Etna a dense column of smoke and cinders blew out of the northeast crater. Deep rumblings were heard, but volcanic experts said there was no immediate cause for alarm.

Earthquakes had been felt throughout the Lipari Islands for two days in a row. Shocks yesterday caused part of a church roof to collapse. A few moments before, villagers praying for the earthquakes to end, had fled outside. No one was injured.

Birth Rate For '54 May Top Four Million

WASHINGTON (AP) — The U.S. Public Health Service says births in the United States may top four million in 1954 for the first time in history, although it expects the rate per 1,000 population to be under 1947.

Surgeon General Leonard A. Scheele said yesterday an expected 1954 birth rate of 25.2 per 1,000 population would be the second highest in 28 years, about 5.3 per cent below the peak rate in 1947.

The high rate was attributed to a rise in the births of third, fourth and fifth children.

Analysis of vital statistics for the first 10 months of the year, Scheele said, indicates that 1954 will show the lowest death rate in history and a continuing drop in the marriage and divorce rates.

Budget Held Key To GOP's Chance In '56

WASHINGTON (AP) — Sen. Dworshak (R-Idaho) said today President Eisenhower's federal budget proposals next month may determine whether or not the Republicans win the 1956 election.

"The Republicans made a solemn pledge to curtail federal spending and balance the budget as soon as possible," Dworshak said in an interview. "This will be the last chance to do so before the voting in the 1956 election."

Secretary of the Treasury Humphrey said Dec. 6 it would not be possible to balance the budget in the fiscal year starting July 1. He did not forecast the prospective deficit.

The most recent estimate for the year which ends next June 30 is that the government will wind up about 4 billion dollars in the red. That would compare with 3 billions and 9½ billions in the two previous years.

Dworshak, a member of the Senate Appropriations Committee, said he is confident a balance could be reached next year "without impairing our national security and preparedness or curbing necessary federal services and functions."

A similar call for pruning out all unnecessary spending came yesterday from Rep. Cannon (D-Mo), who will be chairman of the House Appropriations Committee in the new Congress.

GLITTER GIRLS . . . Here are two versions of the new sparkle fashions. Left, separates outfit with black velvet camisole top and glamor skirt of pink and gray taffeta striped in pink metallic. Right, graceful red tulle dance frock embroidered in red metallic.

Sparkling Glamor Is Easy To Get

By DOROTHY ROE
AP WOMEN'S EDITOR

Today's glamor girls shine after dark, for glitter is the order of the evening.

New uses of non-tarnishing metallic yarns have produced a whole new kind of party fashions which can make wallflowers into golden girls.

The shining metallic fabrics come in many versions, and not only in gold, silver and copper but also in colors, shining like the ornaments on a Christmas tree. They come in many fabrics, from rich brocades to gauzy paper taffetas. They are used to embroider glitter into plain fabrics, or to add sparkle to such things as knit sweaters and stoles.

There are Paisley prints woven with metallics, and there are crisp sheer nylons striped in gold, silver or colored metallics. Even the fluffy tulles and nets used for dance frocks may be embroidered in glitter.

Important this season are after-5 dresses in pale pink and blue jacquard brocades woven of colored metallic yarns. These look even newer than the deep reds and greens done in the same manner.

They're even putting glitter on negligees, nightgowns and petticoats.

It's a gay whimsy, and nowadays it's practical, too. For the new metallics do not tarnish, can be dry cleaned or washed, resist moths and perspiration and don't fade even in bright sunlight.

So nowadays it's simple for every girl to sparkle.

Here's a wonderful topping for pancakes for Sunday brunch. Add a good dollop of butter or margarine and a generous amount of sugar and lemon rind to applesauce; let bubble a bit in a saucepan on top of the range, then ladle piping hot over the griddle cakes.

TRIO OF APRONS

Charming little tea-and-party aprons designed for ornament as well as use — make welcome gifts. So much fun in the making, too!

No. 2073 is cut in one size. Each apron takes 1⅞ yds. of 35-in. fabric.

Send 30c for PATTERN with Name, Address, Style Number and Size. Address PATTERN BUREAU, Snyder Daily News, Box 42, Old Chelsea Station, New York 11, N.Y.

Patterns ready to fill orders immediately. For special handling of order via first class mail include an extra five cents per pattern.

Respite Won By Macfadden

NEW YORK (AP)—Physical culturist Bernarr Macfadden has won a temporary respite from a court order that would have put him in jail for failure to pay debts.

Any stay in jail "would very well spell the ruination of my physical, mental and spiritual existence and may very well cause my death," the 87-year-old Macfadden pleaded yesterday before Supreme Court Justice Benjamin J. Rabin.

Rabin held up enforcement of the contempt of court order which would have put Macfadden behind bars on Friday. The order stemmed from his failure to pay his third wife, Jonnie Lee Macfadden, $1,500 in alimony and $5,000 in legal fees.

The justice called on Mrs. Macfadden, who recently won separation from the physical culturist, to show Thursday why the amount should not be cut down.

Macfadden, who said he once had 50 millions, claims he now has only a $2,000 - a - month annuity which has to cover judgments and back-tax payments, leaving him barely $100-a-month for personal needs. He thus could not comply with the contempt of court order, Macfadden said.

Four Candidates To Seek Ratliff's Post

AUSTIN (AP) — Four candidates have been certified by the secretary of state for the Jan. 8 special election in Legislative District 85. They are:

Onis M. Crawford, Hamlin; Moyne L. Kelly, Afton; Cleburne Huston, Stamford; Bowen Popel Hamlin.

Deadline for filing was Dec. 22.

The special election was called to fill a vacancy created when David Ratliff, Stamford, representative-elect, resigned. Ratliff was elected to the senate to succeed the late Harley Sadler.

Counties in the district are Jones, Stonewall, King and Dickens.

WHAT'S GOING ON

Mr. and Mrs. J. T. Wheelis and son, Teddy, of College Station left Monday after visiting for a week with Mrs. Wheelis' mother, Mrs. Beulah Hebel, 205 Twenty-fifth Street. Mrs. Hebel and the Wheelis family spent Christmas in Abilene with Mr. Wheelis' mother, Mrs. T. M. Wheelis.

Christmas visitors in the home of Mr. and Mrs. C. O. Lansford, 104 Peach Street, were their daughters, Joan Lansford of Rice and Mrs. Joe Ramsey of Austin, Mr. Ramsey, and Richard Cummins of Rice.

Holiday visitors in the home of Mr. and Mrs. R. W. Newman, west Twenty-fifth Street, were their daughter and family, Mr. and Mrs. Frank McClure of Floydada; their granddaughter, Mrs. Don McClure and daughter, Donna Jean, Crosbyton; their grandson and family Mr. and Mrs. Donald McClure, Houston; Mr. and Mrs. Leonard David and son, Danny, Irving; Mr. and Mrs. A. C. Newman and sons, Richard and Charles; Mr. and Mrs. J. E. Woodson and daughter, Lanelle, Lamesa highway.

Mr. and Mrs. John W. Leftwich of Tyler spent the holidays with his mother, Mrs. J. W. Leftwich, 2411 Thirty-second Street.

Mr. and Mrs. Alfred Lieb and children, 3774 Sunset, and Mrs. R. L. Haynie of Georgetown spent Christmas with Mr. and Mrs. H. R. Lieb in Portales, N.M., Mrs. Haynie returned with Mr. and Mrs. Lieb for a visit.

Mrs. J. J. Hamilton of Eastland is visiting in the home of her daughter and her family, Mr. and Mrs. C. B. Tankersley and son, Lynn, 2905 Thirty-eighth Street.

Mr. and Mrs. Herman Milton and Mrs. Willie Welch of Oklahoma City, Okla., Mr. and Mrs. A. C. Bullard and Arnie Lawler of Mount Pleasant and Mr. and Mrs. Elmer Welch visited Christmas with Mr. and Mrs. B. N. Odorizzi, 2411 Fortieth Street, and Mr. and Mrs. Ray Lunsford, Clairemont Route.

Mr. and Mrs. J. R. Johnson of Los Angeles, Calif., Mr. and Mrs. Robert H. Curnutte and children of Kermit and Ivan Dodson, Jr., of Las Cruces, N.M., are holiday visitors in the home of Mrs. R. H. Curnutte, 2306 Thirty-second Street.

Visitors in the home of Mr. and Mrs. W. E. McDowell, 801 Twenty-eighth Street, are Mrs. Dock Chambers of Abilene; her daughters and their husbands, Mr. and Mrs. E. E. Williamson of Odessa, and Mr. and Mrs. W. R. McCorkle and daughter, Kathy, of Nashville, Ark., and their son and family, Mr. and Mrs. W. R. McDowell and children, Ray and Kay, of Midland.

M-Sgt. and Mrs. Donald McGlaun and daughter, Kathy, of Wichita Falls, Loyd McGlaun of Big Spring and Joy McGlaun of Abilene spent Christmas with Mr. and Mrs. O. D. McGlaun, 2402 Avenue M, and other friends and relatives.

Weekend guests of Mrs. Mattie Weems and Johnnie Weems were Mr. and Mrs. Floyd Weems of Eagle Pass. Other guests in the Weems home included Mrs. Weem's granddaughter, Mrs. Glenn Stevens, and Mr. Stevens from Hobbs, N.M.; her grandson, A. J. Frizzell, and Mrs. Frizzell from Muleshoe, who also visited Mrs. Mary Lee Frizzell.

Burke Silent On His Plans

CINCINNATI (AP)—Former Democratic Sen. Thomas A. Burke, who said his wife decided he should not be a senatorial candidate in 1956, last night dodged a question asking if he would conform to his wife's wishes.

Burke was defeated in November by Republican George H. Bender for the remaining two years of the late Sen. Robert A. Taft's term. A recount gave Bender a victory margin of some 3,000 votes.

When a reporter asked Burke if he was going to run for the Senate in 1956 he replied:

"My wife has already decided that. She says I'm not."

But when he was asked if he ever acts contrary to his wife's wishes, he replied:

"All I'll say is that I'll keep an interest in public affairs."

CAKE BELLS RING IN NEW YEAR

Helps For Homemakers

Send your questions to "Helps for Homemakers," Snyder Daily News, or call 3-5486.

The clock strikes 12! It's the New Year, of course, and the party table is ready to get everyone off to a delicious start. Whatever you choose for the main course, you will want to have a festive dessert to tempt those guests who have a sweet tooth. You can use a devil's food mix for our Bell Cakes, or use your own favorite chocolate cupcake recipe, bake it in custard cups and decorate with Mint Frosting. So pretty, these cakes with their silver dragees on the frosting's soft curves and their ingenious "handles."

NEW YEAR'S BELL CAKES

One 20-ounce package devil's food mix, Mint Frosting, silver dragees, fruit flavored ring-shaped hard candies.

Prepare devil's food mix according to package directions. Pour batter into 14 greased and floured 2-3-cup-size custard cups, filling two-thirds full. Bake in moderate (350 degrees) oven about 25 minutes or until cakes appear done when tested. Cool 10 minutes then turn out cakes and finish cooling. Cover with Mint Frosting, curving into the shape of bells. Decorate each bell with silver dragees and a fruit flavored ring-shaped hard candy for the handle.

MINT FROSTING

2 egg whites
1½ cups sugar
Dash of salt
1-3 cup water
2 teaspoons light corn syrup
¼ teaspoon peppermint extract

Put unbeaten egg whites, sugar, salt, water and corn syrup in top of double boiler. Beat about one minute, or until thoroughly mixed. Then place over boiling water and beat constantly with sturdy egg beater or at high speed of electric beater 7 minutes, or until frosting will stand in stiff peaks. Remove from boiling water. For a very smooth and satiny frosting, pour at once into a large bowl. Add perppermint extract and beat about one minute, or until frosting is thick enough to spread.

• • •

Indelible ink stains from a ball point pen can be removed by sponging off the spot with cotton which has been soaked in rubbing alcohol.

Separates Favor Vivid Cotton

This is the year for lots of color in sporting life cottons. Separate jackets, skirts, shorts, pants, camisoles and blouses favor brilliant hués in poplins, no-iron cottons, sailcloth and cotton sharkskin, reports the National Cotton Council.

Hot pink, lime, violet and orange are featured in poplin play separates trimmed in black or white ribbon looping. For greater opulence and more color, one designer uses gold embroidery on bright plaid denim. A straight beach jacket and one-piece boy-shorts bathing suit, as well as separate shorts, skirts and sundresses feature this new "designing" touch on a classic cotton.

Printed cottons that look as if they had stepped out of the world of the painter into the world of fashion are shown in water-color effects — dazzling blues and greens used together, or oranges, reds and yellows fused to look like a painting. Prints of this kind are used by sportswear designers for jackets, bathing suits, pants, blouses and skirts. Combined with a rough textured, plain colored cotton in bold colors, these separates are outstanding.

Sharkskin in turquoise is used for a short skirt and worn over a striped cotton knit shirt and shorts for bright color emphasis. White middies are combined with bright colored pants — an orange coverall in middy silhouette features rows of multi-colored stitching.

Heat apple cider with a small stick of cinnamon, some whole cloves and whole all-spice; add brown sugar to taste. Serve piping hot in mugs topped with freshly-ground nutmeg. Delicious with crackers and a cheddar cheese spread.

Gena Richardson Is Honored On Birthday

Mr. and Mrs. Gene Richardson, 3108 Avenue V, honored their daughter, Gena, at a birthday party Friday afternoon. It was the honoree's third birthday.

Favors for the guests were Santa Claus candles and suckers shaped like Christmas trees. The birthday cake was shaped like a Colonial doll.

Refreshments were served to Sally Neuberger, Sarah Trigg, Betty Holt, Terri Cox, Judy Wilson, Dale and Scott Dawson, Cheryl Rutledge and Ginger Howell.

Las Vegas Has Biggest Boom In Entertainment History

By BOB THOMAS

HOLLYWOOD (AP)—That low rumble heard from Las Vegas is not another atomic bomb test. It's the beginning of one of the biggest entertainment booms in history.

That gambling oasis on the great American desert, already making money hand over dice, will get its biggest push in 1955. Five new hotel-casino-niteries are being built adding to the seven now in business, and others are projected. It is estimated that 20 million dollars will be paid to entertainers next year to lure citizens to the gaming tables.

Will Las Vegas find enough new customers to absorb this huge new expansion?

Or will the new places and skyrocketing salaries for entertainers kill Nevada's golden goose?

You hear it both ways from the entertainment bookers for the Las Vegas hotels. They spend much of their time here, since Hollywood is their principal source of star talent.

"I think we're creating a Frankenstein that we'll never be able to cope with," argues Abe Schiller, rugged, colorful contact for the Hotel Flamingo. "Where will it end? There isn't enough money in the world to pay for the fantastic salaries that some of the places are offering."

Taking another view is Jack Entratter, big, smooth-operating major domo of the Sands, who formerly operated big New York clubs. Says he: "We're going to try to get by on the same basis we have before. I think this whole thing will level itself off after six months or so."

Whatever happens, the face of the desert is going to change even more radically than it has in the decade since Las Vegas started becoming the playground of the West.

Ten years ago, Las Vegas was a smallish frontier town, chiefly noted as a runaway spot for Californians who wanted to marry in a hurry. Then there started arising on the highway south of town large, Hollywood-styled hotels with huge swimming pools, waving palms and handy crap tables. The Strip is now alive with construction.

Total amount of new building investments, including a huge downtown hotel, is estimated at 45 million dollars. In addition, several other projects have been announced.

Good enough for company: broiled chicken breasts over thin slices of Virginia ham and a topping of cream sauce. Make the sauce with butter, flour, chicken stock and light cream; season with salt, pepper and paprika. Garnish this deluxe dish with parsley sprigs and send to the table.

Alabama, Frogs Meet In Tournament Final

By MAX B. SKELTON

HOUSTON (AP)—Alabama, the first guest team ever to reach the finals of the Southwest Confer Tournament, is favored to take the championship of the 4-year-old meet tonight when the Tide plays Texas Christian.

The 9 p.m. finale of the three-day tournament marks TCU's second trip to the finals. The Horned Frogs won the first tournament in 1951.

Rice and Southern Methodist play for the consolation title at 4 p.m., following a 2 p.m. game between Texas and Baylor for seventh place.

Texas A&M and Arkansas decide third place at 7:30 p.m.

Alabama set a scoring record for the tournament last night as the Tide dropped Arkansas 84-64 in the semifinals. TCU whipped Texas A&M 72-57 to reach the finals.

Consolation play opened with SMU's 77-63 triumph over Texas and Rice's 67-64 victory over Baylor.

The Alabama score replaced the old high of 81 points set last year by Rice in an overtime victory over SMU. The Tide hit 38 per cent of its floor shots, compared with 41 per cent in last night's opener.

TCU topped both Alabama marks by hitting 42 per cent of its field goal attempts.

George Linn, 6-foot-4 junior from Ohio, dumped in 24 points to lead Alabama past Arkansas. Sophomore Jerry Harper was next with 21. The Tide started slowly, scoring only once from the field in the first six minutes but moved ahead 19-18 on a free throw by Harper and never lost the advantage. The Crimson cagers led 38-28 at halftime.

A&M, with only two victories under its belt for the season, jumped ahead of TCU by six points in the early minutes and matched the Frogs 32-32 as late as three minutes deep in the second half.

Dick O'Neal rolled up 25 points before fouling out with 6:45 left to lead TCU. John Fortenberry, who set a tournament record for free throws Monday, led A&M with 19.

SMU's sophomore center, 6-foot-8 Jim Krebs, scored 29 points to pace the crippled Mustangs past Texas. Krebs had 15 points in the first half as SMU moved ahead by nine points, then turned the spotlight over to Oscar Furlong, Buenos Aires, Argentina, sophomore who whipped in two quick free throws for a 39-31 halftime edge.

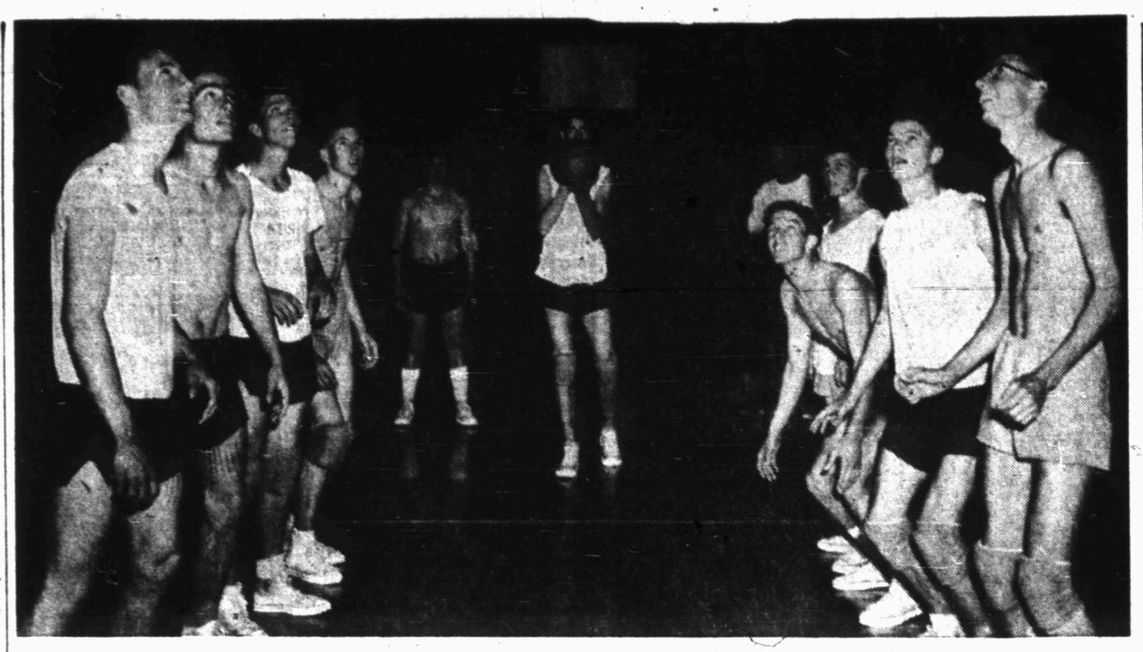

Reserves played most of the second half for SMU. Wayman Buchanan gave Texas its best showing with 22 points.

Forward Murray Bailey kept up his steady play with 28 points but got little support as Baylor fell before Rice. Bailey's efforts gave him the tournament scoring lead with 54 points in two games, seven points better than the record of SMU's Krebs. O'Neal and Ray Warren of TCU are next with 46 each.

Fred Woods hit eight points late in the first half to give Rice a 26-25 lead at intermission, then came back to sink a crip shot with 10 seconds left to insure the Owls' victory.

Rice hit 11 straight free throws in a late surge that gave the Owls a 55-47 lead with five minutes to go, but almost blew the lead as Bailey kept pouring the points through. A final Bailey goal with 15 seconds to play cut the Rice lead to one point before Woods matched the two-pointer.

Woods was Rice's top scorer with 18 points.

TIGERS TO BROWNWOOD TOURNEY

The Tiger cagers shown above practicing free throws in their final preparations yesterday afternoon left at 8:30 o'clock this morning to play this afternoon in a tournament at Brownwood. They will play William B. Travis High School of Austin at 3:30 o'clock. Shown from left are: Jack Spikes, Alan Snead, Powell Berry, Hubert O'Neal, Don McNew, Robert Dabbs, Coach J. P. Ward, Jerry Taylor, Jimmie Bennett, Milton Hamm and Joel Tankersley. (Lee Watson photograph)

Aussies Salvage Last Singles Sets

By WILL GRIMSLEY

SYDNEY, Australia (AP) — Rebounding from three straight defeats, Australia's Ken Rosewall and Rex Hartwig whipped America's Tony Trabert and Vic Seixas today in the final two singles of the Davis Cup Challenge Round.

But since the United States had already won the cup, symbol of world tennis supremacy, the matches furnished only a measure of consolation to Australia's pride and made the final score for the record books, United States 3, Australia 2.

With the pressure off, the little southpaw Rosewall crushed Trabert 9-7, 7-5, 6-3. Hartwig, playing his first Challenge Round singles, drubbed Seixas 4-6, 6-3, 6-2, 6-3.

Hartwig, who recently recovered from an attack of the mumps, was substituted for Lew Hoad, and his brilliant play today started Australians second-guessing the selectors who passed over him in both the opening singles and doubles.

"Well, there goes my prediction of five to nothing," said U.S. Captain Bill Talbert with a broad smile. "But we should worry. We have won the cup, and that's what matters."

Talbert said both Trabert and Seixas suffered a physical and mental letdown after reaching their peak to score victories in the first two singles and doubles.

Trabert himself said he had little heart for his match because he wanted Hamilton Richardson, his teammate, to be given a chance to play in the round.

"I have a pretty mean cut on my racquet finger and I didn't want to play today," he said. "I thought it would be nice if Ham, who has been out here four times, could get a chance for some Challenge Round experience.

"But the officials wanted no substitutions because they feared it would disappoint the sellout crowd. Then we were told today around noon that Australia was substituting for Hoad."

Hoad sprained a groin in his right thigh in the third set of yesterday's doubles match, won by Trabert and Seixas, and the doctor advised him to lay off tennis for six weeks.

Hartwig, a 25-year-old country boy whose record over the last six months probably tops that of any amateur gave a slashing exhibition against Seixas, who was outsped and outmaneuvered.

Only in the opening set did Seixas show superiority. In the last three sets, Hartwig was in full command all the way. In the fourth set he ran through the first four games with the loss of only three points.

Smith Set To Meet Andrews

MIAMI, Fla. (AP)—Boardwalk Billy Smith, the Atlantic City ring veteran who has risen in a year from obscurity to top ranking among the light heavyweight title contenders, meets Paul Andrews tonight.

The International Boxing Club has promised the winner a title bout with champon Archie Moore Feb. 4 in Madison Square Garden.

Smith, who has won eight fights in a row, seven by knockouts, is a 2-1 favorite tonight.

CBS will telecast the 10-rounder at 10 p.m. EST.

Andrews had won four straight before clever Joey Maxim former light heavyweight champion, outboxed him Nov. 24. Andrews is rated fifth among the division contenders.

The odds favoring Smith probably are based on the showings of fighters this year against Harold Johnson, the No. 3 contender. Smith knocked out Johnson in the second round Oct. 8. Andrews lost a 10-round decision to Johnson March 17.

A veteran of 14 years of professional fighting, the 33 - year - old Smith got nowhere until 1952, when he signed Sheriff Jerry Gormley of Atlantic County, N.J., as his manager.

Boardwalk's last beating was by Moore, who chased him out of the ring in the eighth round in 1951. After that poor showing, Smith quit fighting for 18 months, until Gormley took him under his wing. He hasn't been beaten since.

France, Colonies In Indochina Sign Pact

PARIS (AP)—France today signed agreements giving her three former colonies of Indochina economic independence.

The ceremony took place in the French Foreign Ministry. Guy la Chambre, minister for the Associated States, signed for France, and heads of delegations from Laos, Cambodia and South Viet Nam for their countries.

Top Lineman Sure To Be Brooks Boy

By HAROLD V. RATLIFF

DALLAS (AP)—The big individual duel of the Cotton Bowl will be won by a fellow named Brooks.

William (Bud) Brooks is the power of the Arkansas line—the first All-America football player in the school's history.

Franklin (Squinch) Brooks is the anchor of the Georgia Tech line—one of the greatest in the array of mighty men who have played for the Yellow Jackets.

They have the same name and both play guard and much of the time they'll be smashing at each other in the Cotton Bowl battle here Saturday.

As they go it's likely their teams will go.

Bud Brooks was an All-Southwest Conference player in his sophomore season but as a junior he had to fight his way back onto the team. Coach Bowden Wyatt, who doesn't deal in past history, didn't think Bud showed the proper desire. And it was the third game of the season before Brooks could convince him he was ready to play football. So in he went and he became the greatest of all Razorback linemen.

Weighing 200 pounds but capable of running 100 yards in 10.3 in football regalia—second fastest man on the Arkansas squad — Brooks made All-America in a breeze and also was awarded the Outland Trophy as the top lineman in the nation by the football writers.

When Franklin Brooks went to Georgia Tech he only had to step across the street. His high school practice field at Atlanta was that close to the practice field at Georgia Tech. He was good enough to play on Tech's best football team in 1952 while still a freshman. In 1953 he was Lineman of the Week for his great work against Southern Methodist.

The 190-pounder played defense only in 1952 but went both ways in 1953. He was not outstanding offensively until this season, however, when he found out it was fun to block as well as tackle. He was credited with 106 tackles this season, with the high point being 20 against Georgia.

Says coach Bobby Dodd: "I think anybody to be better than Brooks would have to be a superman."

So those are the fellows who will be facing each other when Arkansas and Georgia Tech line up for the Cotton Bowl kickoff. It should be an interesting afternoon just watching them.

Hogs Drill In Freezing Rain

By The Associated Press

Rain, sleet and snow won't stop Arkansas in its efforts to reach perfection for the Cotton Bowl clash with Georgia Tech.

The Razorbacks worked in freezing rain at Fayetteville Tuesday and returned to practice Wednesday in the face of snow and subfreezing temperatures. Coach Bowden Wyatt said the session would be held outdoors. "The field house has 15 or 20 leaks," he explained, "and if we work in there we might as well be outside."

Weather was ideal at Atlanta where Georgia Tech holds its final practice at home Wednesday.

Both squads move into Dallas Thursday for two days of workouts before the big game Saturday.

Arkansas leaves Fayetteville by train at 8 p.m. Wednesday and will arrive in Dallas at 7:15 a.m. Thursday to be greeted by Dallas and Cotton Bowl officials. There will be 34 players in the party.

Georgia Tech departs by plane in two contingents Thursday morning at 7:30 a.m. and 7:55 a.m., arriving in Dallas at 11 a.m. There will be 39 players.

Arkansas is at full strength, without a single player being on the injury list. Georgia Tech has all players on hand but two of them, Henry Hair and Bill Sennett, both ends, worked out in sweat clothes Tuesday as they recovered from influenza. Otherwise, the squad was in top shape.

The weather worried Cotton Bowl officials at Dallas. Rain and snow came Tuesday and there was uncertainty over what is to be expected for the remainder of the week, especially Saturday. The Weather Bureau wasn't ready to make a definite prediction for the day of the game but said some rain was indicated "about Friday."

Captive Cardinal Is Reported Ill In Poland

MUNICH, Germany (AP)—Radio Free Europe said today it has received information that Stefan Cardinal Wyszinski, Roman Catholic primate of Poland arrested by the Communists last year, is gravely ill.

The American cold war station here said the 53-year-old cardinal has been transferred from Lidzbark Prison to Warsaw and may undergo a serious operation to save his life.

Wolfpack Goes For Big Score

By ED WILKS

It isn't enough that North Carolina State is the No. 2 team in college basketball and has an 11-0 record. They want to score a slew of points too.

What's more, you can bet the Wolfpack will try to do just that tonight when it runs into Minnesota for the Dixie Classic title.

State's preference for high scores popped up yesterday when the Wolfpack had to scramble for a 47-44 edge over North Carolina. The Tarheels just didn't have the bench to cope with the likes of State, so they shunned a running game and went into a freeze.

It almost paid off. State had to overcome a five-point deficit in the second half to win. At one point in the first half, Coach Frank McGuire's Tarheels held the ball for three minutes without trying a shot.

Minnesota moved into the finale—won four times by the Wolfpack—by defeating Duke (No. 18) 79-73. The Gophers and State will have at it tonight after Wake Forest, 96-94 winner over West Virginia, and Southern California (No. 14), 77-58 victor over Cornell, decide the consolation title.

In other tournament play last night, Louisville (No. 13) won the Kentucky Invitation 93-77 over Eastern Kentucky. Western Kentucky defeated Murray 98-89 for third place.

Three other tournaments wound up play: Detroit won its own Motor City Classic, 82-57 over Wayne (Mich.). Penn State defeating Toledo 71-53 for third place.

Spring Hill, a little Catholic school in Mobile, Ala., walked off with the Gator Bowl crown by defeating Florida 66-60. Florida State won the consolation honors from Georgia 97-87.

Tennessee State topped host Xavier in the New Orleans festival 86-57. Gramling (La.) beat Dillard (La.) 82-73 for third.

Most of the top-ranked teams in this week's Associated Press poll were idle, but here's what happened to those who saw action:

George Washington (No. 9) defeated Colgate 92-77 in a first-round game in the Richmond Invitational; Alabama (No. 12) followed its favorite role with an 84-64 semifinals victory over Arkansas in the Southwest Conference Tournament, and Kansas (No. 16) was dumped by unranked Iowa State 82-81 in first round play of the Big Seven tourney at Kansas City.

Fans Arriving In Pasadena

PASADENA, Calif. (AP)—The Midwest caravans of fans started arriving today as Ohio State and Southern California gridders tapered off for Saturday's 41st Rose Bowl game.

The 140-piece Buckeye band was due today. Also two trainloads of OSU alumni and the wives of 12 Ohio football players.

Coach Woody Hayes booked his Ohio Staters for a morning practice session, and Jess Hill of Southern Cal had his boys slated for an afternoon workout.

A sellout crowd of about 102,000 was assured for the New Year's Day contest between the Bucks, boasting a nine - game winning streak, the Big Ten and national titles, and Southern Cal, winner of 8 of 11 games.

Both coaches said they had completed all scrimmages, but that some contact work would be on tap the next two days to keep the lads at top pitch.

The Ohioans, in contrast to Monday's rugged workout which reinjured four players, took fairly easy yesterday and Hayes said no further casualties were incurred in the secret session.

Hayes said Howard (Hopalong) Cassady, All America halfback, donned his pads and ran well, showing no effects from an injured rib.

Salad Bowl Mixes Champs

PHOENIX, Ariz. (AP)—In the backfield, Saturday's Salad Bowl football game between all-star squads from the Skyline and Border Conferences may resemble a meeting of the conference champions.

While definite starters have not been named for either team, in workouts so far, backfield men from Texas Tech, the Border Conference champion and Denver, the Skyline king, have worked as units.

Coach DeWitt Weaver of Tech, the Border head coach, has been running Jerry Johnson at quarterback, Rick Spinks at fullback and Walt Bryan at halfback. Tommy Grimes of Arizona has been the other halfback with this group.

Coach John Roning of Utah State has been using Denver's Rusty Fairly at quarterback and Fred Mahaffey at halfback, Fred Tesone of Denver is giving Dick Imer of Montana a stiff fight for the other halfback slot. George Gafuska of Wyoming is running at fullback with the probably starting team.

The Border crew went through a 30-minute scrimmage yesterday but Weaver said no further contact work is planned.

"We'll just run, run, run from now on," he said.

Roning said the 25-man limit on the squads led him to decide against any contact work.

"Most of the boys are stiff and sore and we don't have enough depth to risk hurting anyone," he said.

But while Weaver will work his boys just once today, Roning will have the Skyline crew out for morning and afternoon sessions. He'll cut down to one workout for tomorrow and Friday.

Lions Hear Guest Speaker At Luncheon

Sgt. R. H. Thomas of Albuquerque, N.M., was guest speaker at the Lions club's luncheon meeting Tuesday.

Sgt. Thomas, who returned recently from Alaska, was a guest of Frank Patterson. He told of his experiences in Alaska.

Substitutes To Help Rebs

By HAROLD CLAASSEN

NEW ORLEANS (AP)—Both were substitutes when the football season started in September but come Saturday the outcome of the annual Sugar Bowl game may be decided by the play of either Navy quarterback George Welsh or Eagle Day, the Indian who directs Mississippi.

The quarterback job in the gridiron machine built by Coach Eddie Erdelatz was up for grabs when the Midshipmen started practice in September. John Weaver, a senior, received most attention. Before the sailors had a full head of steam, Welsh was doing the signal calling and Weaver was the regular left halfback.

Day, one-fourth Cherokee Indian, still isn't the starting field general for Coach Johnny Vaught's Southeast Conference champions but he's the player who gives the team its verve and dash.

Erdelatz is satisfied with the 162-pound Welsh and approves the daring shown by the junior from Coaldale, Pa. As an example, he points to a fourth down play in the first period of the Army-Navy game. Navy needed a yard for first down and was on its own 30. Army expected a punt but Welsh squirmed through for two yards and Navy retained possession of the ball.

Playing all games except the Stanford contest, missed because of rib injuries, Welsh completed 39 of 81 passes for 527 yards and seven touchdowns. As a runner he has gained 213 yards in 52 tries.

Day still shares the Mississippi quarterbacking with Houston Patton but he played enough time to finish second in the Southeastern Conference in total yards gained. He flung 85 passes, of which 40 reached their target. That meant 879 yards and four touchdowns. Afoot he scampered for 172 yards.

Chicago has the most American Bowling Congress member teams. During the 1953-54 season 28,051 teams were registered. Detroit was second.

Family WEEKLY is coming to town!

EVERY SUNDAY BEGINNING JANUARY 2nd

A big, colorful additional feature for readers of

THE SNYDER DAILY NEWS

America's great new full-color rotogravure Sunday Magazine...

FAMILY WEEKLY Magazine is now appearing as a supplement to hundreds of Sunday newspapers throughout America. We are proud to announce that, beginning next Sunday, it will come to you with THE SNYDER DAILY NEWS as an added service to our readers.

You will like FAMILY WEEKLY . . . its handsome appearance . . . its beautifully printed full-color pages . . . its lively content . . . its consciousness of the things in which you are genuinely interested.

FAMILY WEEKLY has caught the heartbeat of the nation. Through words and pictures it explores the fascinating things in life and reports them to you vividly and accurately — science, religion, sports, medicine, art, amusements, romance, home - making, food, children, business, industry, gadgets, travel, fiction and fashions.

FAMILY WEEKLY will talk about cities and towns and people. It will take you to the far corners of the earth. It will tell of the significant advances in the medical and scientific worlds. It will discuss important events as well as the new fashions, bring you the latest information on time- and effort-saving devices that make life easier, and it will give you a weekly selection of tried and tested food recipes you won't be able to resist.

Each Sunday you can expect an exciting fund of reading in FAMILY WEEKLY that will enrich your experience and heighten your awareness of what is going on in the world. FAMILY WEEKLY informs as it entertains; entertains as it informs. We believe you will look upon it as a dependable, interesting, and satisfying friend that will be as welcome in your home as is THE SNYDER DAILY NEWS.....

LOOK FOR FAMILY WEEKLY

NEXT SUNDAY AND EVERY SUNDAY IN THE SNYDER DAILY NEWS

An extra dividend in reading pleasure for you and your family!

"WANT TO FINISH PAINTING THE BASEMENT FLOOR? A CAN FELL DOWN AND STARTED IT."

1955 Certain To Be An Eventful Year

By HAL BOYLE

NEW YORK (AP)—What lies ahead in 1955?

Smoke signals rising within our clouded crystal ball forecast the following events—but don't bet on it!—during the coming year:

The world population will increase by more than 70,000 a day. So pay no attention if you get the feeling of bees in your bonnet. The earth is bound to become more like a hive in 1955.

The firecrackers in the Far East will sound louder, a lot of guns will also go off in other places. But no nation will start throwing atom bombs around like spitballs, and there will be no general war.

The Westinghouse people will unveil a marvelous new talking refrigerator, and its first public act will be to endorse Betty Furness.

The motion picture industry will boldly adopt a fresh slogan, "New movies are your best entertainment." Television will stick to its tried-and-true formula, "old movies are your best entertainment—at least late at night."

Sportscasts: The Notre Dame football team will lose a game. The Kansas City Athletics will get into the World Series (if they all buy tickets). Casey Stengel will do it again (but just what he'll do again, the crystal ball doesn't make clear).

In March a butcher will startle housewives across the land by advertising, "all the steak you can carry—ten cents a pound." The next day his famil,' will have him quietly committed.

In Britain a rich but ungrateful cat will die and leave a will in which she cuts off without a shilling her elderly, faithful and poverty-stricken mistress. (I have been saying for years that cats are ingrates; one has to turn up sooner of later.)

Politico-scope: No unemployed symphony orchestra conductor will be appointed to the U.S. Senate.

Money will become more popular than ever, even though the Russians claim during the year that they invented it originally, and capitalists stole the idea.

A new machine capable of doing the work of 3,000 people will be developed. It will take 4,000 people to build the machine and keep it operating.

Weather guess: More moisture than fell in drouth areas in 1954. Hotter in other sections of country. Plan on rain during your vacation, and let your wife plan on sunshine. That way you can't both be disappointed.

Motion For Rehearing Overruled By Court

The supreme court has overruled a motion for rehearing of a case it ruled on recently which originated in district court here.

The overruling of the motion leaves the status of the case as it was when the supreme court last month reversed the court of civil appeals in Eastland and affirmed the trial court's verdict awarding Everett C. Stone of Snyder workman's compensation.

The suit was against Texas Employers Insurance Association and was tried here in March, 1953, when a district court jury voted that the plaintiff be paid $7,133 in addition to $1,750 which the association had already paid him for the injury he had suffered.

The court of civil appeals reversed the trial court's decision, the supreme court later reversed the appellate court's opinion, and the supreme court now has reaffirmed its stand.

Army Starts Culling Lists

WASHINGTON (AP)—The Army is moving to trim down its size by taking in fewer new men, culling out some officers and shortening slightly the active duty terms of some draftees.

The administration announced last week that the Army had been ordered to reduce its strength by 73,000 more men than had been planned by next June 30, and by an additional 100,000 by mid-1956.

Army officials said today they still are working on a program to bring about these reductions in an orderly way.

The Army's first move was to cut the February draft call from 20,000, which had been fixed earlier, to 11,000. The Pentagon said draft quotas of about that size would continue at least through June.

Terms of some draftees, all of whom were called up for 24 months will be shortened.

According to present thinking, no draftees will be forced out ahead of time, but present plans call for the release next May of draftees who have completed 23 months' service and in June of those who have completed 22 months.

The Army also expects to raise its standards for the acceptance of volunteers and for soldiers who want to re-enlist.

Pentagon officers said they did not believe it will be necessary to conduct any wholesale forceout of reserve officers now on active duty. But other reserve officers and regulars will have their efficiency reports carefully scrutinized. The Army has already announced stricter enforcement of provisions for involuntary retirement of officers who have been twice passed over for promotion.

The Navy and the Marine Corps, also involved in the manpower cutback, but to a lesser degree than the Army, now plan no emergency action to meet their lowered strength levels. The Air Force will be increased slightly.

Kansas Area Gets 17 Inches Of Snow

KANSAS CITY (AP)—The Weather Bureau reported 17 inches of snow had piled up at Fort Scott, Kan., this morning, with the fall continuing.

Total precipitation there so far is equivalent to 1.70 inches of rain.
