CONGRESS DELAYS ADJOURNMENT

TWO FLEEING KANSAS CONVICTS CAPTURED NEAR SAN ANGELO

MATTERN BELIEVED FLYING TO NORTH AMERICA

FLIER IS NOT EXPECTED TO BEAT RECORD

LAST SEEN 725 MILES FROM LAST LANDING POINT IN SIBERIA

SOLO TIME IS OBJECT

TEXAN SEEN AT 1:15 P. M. SATURDAY AT RUKHLOVO

By STANLEY P. RICHARDSON
Associated Press Staff
Correspondent

MOSCOW, June 10 (AP)—When last heard from today Jimmy Mattern, American round-the-Rukhlovo in Eastern Siberia, about 725 miles short of Khabarovsk, his next landing point.

That was at 9:15 o'clock this morning Moscow time (1:15 p. m. Eastern Standard Time). The chances were that by the time Moscow received news that Mattern had been sighted at Rukhlovo he already was in Khabarovsk, unless he had made an unscheduled stop, as communication with Eastern Siberia is very slow.

From Khabarovsk the flier will hope off for the North American continent. There is no expectation here that he will be able to take the round-the-world speed record from Wiley Post and Harold Gatty, the men he started out to beat, but it is assumed that he will go ahead to set a time for a solo flight circling the globe.

Mattern's takeoff place today was Beloye, Siberia, which he left at 1.50 a. m. Moscow time (5.50 p. m. Friday Eastern Standard Time). Forty minutes later he passed over Irkutsk, about fifty miles to the east.

Reports here indicated that weather conditions were fair all the way from Beloye to Khabarovsk. The weather bureau said he might encounter some local rain but otherwise the weather would be favorable.

New Relief Jobs Start Next Week

The Pampa reconstruction finance corporation committee paid $861 to 219 men and women yesterday morning for work done during the week.

New jobs will be started during the week and the regular number will be given work again. Building of the children's park, west of the city park on North Cuyler street, was started last week and will be continued. Other jobs will also be started.

MAY PROBE MORE

WASHINGTON, June 10, (AP)—Reverberations from its investigation of J. P. Morgan and company still echoing, the senate banking committee today turned to preparation for inquiries into other private bankers including Kuhn, Loeb and company and Dillon, Read and company.

Johnny Corrigan is spending the week-end in Wichita Falls.

MINISTER TO BE ADVANCED

Bishop Seaman Will Confer Office Upon a Former Pampa Resident.

ADVANCEMENT of the Rev. Warwick Aiken, deacon, to the office of a presbyter in the Episcopal church will be observed in a service at St. Matthew's chapel here tomorrow morning.

The service, beginning at 10:30, will be conducted by Bishop E. Cecil Seaman of Amarillo, assisted by the Rev. Newton C. Smith, Pampa minister, and Rev. L. L. Swan of Clarendon.

REV. WARWICK AIKEN

About four years ago the Rev. Mr. Aiken started his ministerial work in the Pampa Episcopal church, and is canonically listed as a resident of Pampa. He has spent most of the past four years in Dallas, receiving training at the Evangelical Theological college.

During his period of study there he has assisted in services in various Episcopal churches of Dallas and in evangelical work of that district.

TEXANS GIVEN FOREIGN POSTS BY ROOSEVELT

Chicago Professor To Be Ambassador To Berlin

WASHINGTON, June 10 (AP)—Reception and confirmation of presidential appointments went hand in hand today before the senate.

In the batch of names that went to the hill today and were approved was that of William E. Dodd, Chicago University professor, to be ambassador to Berlin.

Other diplomatic assignments, virtually rounding out the corps were those of John Cudahy, of Milwaukee, to be ambassador to Poland and Lincoln MacVeagh, of New Camnan, Conn., minister to Greece.

William H. Gilliland was chosen collector of customs at Port Arthur, Tex.

Not a single appointment has been sent back to the White House.

Among those approved almost as fast as their names were called were Francis White of Maryland, minister of Czechoslovakia, John Flournoy Montgomery of California, minister to Hungary; Robert Granville Caldwell of Texas, minister to Portugal; Alvin Mansfield Owsley of Texas, minister to Rumania, Robert P. Skinner of Ohio, ambassador to Turkey and C. B. Merriam, of Kansas, as a member of the board of the reconstruction corporation.

Meanwhile, W. W. Howes, second assistant postmaster general, announced formally the appointment of Stephen A. Cisler of Fort Worth, Tex., to be superintendent of the airmail service.

N. Gray was dismissed yesterday from Pampa hospital.

CANADIAN GIRL CHOSEN QUEEN IN WATER FETE

PAMPA GIRL IS GIVEN SECOND PLACE IN BEAUTY EVENT

HUNDREDS SEE OPENING

CLARENDON ENTRY IS THIRD IN CLOSE CONTEST

MISS MARJORIE RICHARDSON of Canadian was crowned queen of the water carnival last night on the stage of the LaNora theater at the close of the formal opening of the Pampa Municipal swimming pool, sponsored by the Junior chamber of commerce. The new queen is the daughter of Mr. and Mrs. W. F. Richardson.

To Miss Eva Mae Moore, daughter of Mr. and Mrs. B. L. Moore of Pampa went second place in the contest. Miss Joe Veta Jackson, daughter of Mrs. W. A. Wilson of Clarendon went the honor of third place. Miss Mildred Marshall daughter of Mr. and Mrs. J. H. Marshall of Pampa, was given fourth place.

The winner of the contest was presented with a large loving cup, the gift of W. T. Fraser and the Junior chamber of commerce. She also received several valuable gifts, donated by Pampa merchants.

The parade of entrants across the stage was led by Miss Alene Gregory, daughter of Mr. and Mrs. Jack Gregory, who has already been crowned Miss Pampa of 1933 and who will go to Roswell to compete for the title of Queen of the West. She did not compete for a prize.

The entrants were introduced by Harry Walker and the presentation of swimming prizes was made by President Fraser of the Jaysees.

The fact that Pampa has a swimming pool that has not an equal in this section of the state was proclaimed to the world Friday and yesterday during the formal opening of the new $10,000 structure. The Pampa junior chamber of commerce sponsored the formal opening which included a beauty pageant, kiddie revue and water carnival.

Prizes were awarded to winners in that event and to winners in the swimming races, diving contests and games at the La Nora theater.

The city took on a holiday atmosphere for the occasion which was started with a parade of entrants in the queen of the water carnival. At the pool were swimming races, diving contests, games and a parade of pulchritude. The program was repeated Friday night and Saturday afternoon. Friday night a dance was sponsored with success and a good time. Music was by the Thrill Harmony orchestra.

George Limerick and Jack Dunn were general chairman and the many committees worked hard and diligently to make the opening a success. Harry E. Hoare acted as master of ceremonies.

Results of the races and contests were:

Balloon race — Kenneth Dodge of Borger.

Free style race—David Whittenberg.

Relay—Jack White and Buck Mundy.

Goose race—Roger Townsend and Junior Pafford.

Under water race—Jack White.

Side stroke race—Jack White.

Girls swimming—Louise Walstad.

WHITE DEER BOY DROWNS

Steps Off Into Seven-Foot Ditch in Large Lake West of White Deer.

GEORGE LAWVER, 12-year-old son of the White Deer constable, lost his life by drowning, in the large and mostly shallow lake just west of White Deer on highway 33 about 3 o'clock yesterday.

The boy and a companion, Bill Easley, neither of whom was able to swim, waded through the shallow water for about a quarter of a mile to the middle of the lake where George stepped off into a seven-foot ditch which was excavated during the drought last summer. The body was recovered about 5 o'clock in the afternoon by Morris White and Tony Anderwell. Bob McCoy owns the lake.

Survivors include the boy's mother and father, Mr. and Mrs. R. C. Lawver, three sisters, Mrs. Mildred Jackson and Misses Ada and Geneva Lawver, and a brother, Jack.

The body is at Malone's funeral home pending funeral arrangements.

WHEAT BRINGS EIGHTY CENTS IN GRAIN PIT

Highest Price Paid In 2 Years—Smallest Crop Since '04

CHICAGO, June 10 (AP)—Eighty cent wheat came to the board of trade today for the first time in more than two years.

An official crop report late yesterday again estimating the 1933 winter wheat crop as the smallest since 1904 brought broad buying orders into the wheat pits at the start of trading and carried prices of all deliveries to the highest point of the season. The December delivery hit 81 cents and closed at that figure, the first time that eighty cents has been paid for wheat since May 29, 1931, when May wheat sold up to 83¼.

All other news was ignored by traders who predicted that even the small official figures would have to be revised downward later because of the damage done to wheat by the heat wave, which was not included in the government report, dated June 1.

The same conditions that carried wheat upward also acted to lift oats to the season's highest levels. Hot weather has caused great damage to the new oats crop, and the December delivery jumped to 32 3-8 cents. All deliveries hit new seasonal highs.

The rise in wheat was 1 3-4 cents a bushel maximum and in oats 1 7-8 cents.

New Dirigible Is Recommended

WASHINGTON, June 10 (AP)—Construction of another airship of the Akron's rank was urged for the navy today by congressional investigators at the same time that the lone surviving officer of the disaster was ordered to sea.

Lieutenant Commander Herbert V. Wiley was directed to report June 25 to the U. S. S. Cincinnati, a light cruiser in the battle force of the Pacific.

BILLIE WOODS AND CLIFFORD DOPSON TAKEN

CUSTOMS OFFICERS OF BORDER ROUND UP PARTY OF FIVE

HALTED NEAR JUNCTION

WOODS IS RECOGNIZED AS ONE OF KANSAS PRISONERS

SAN ANGELO, June 10 (AP)—Billie Woods and Clifford Dopson, two of 11 convicts who escaped from the Kansas penitentiary at Lansing May 30, were captured today near Junction, 80 miles southwest of San Angelo, and where held in jail there pending word from Kansas.

They were located accidently when two customs officers from the Mexican border, J. A. Tilley and W. M. Kilborn, stopped an automobile containing two men, two women and a small child at a schoolhouse as they cruised about hunting rum runners.

When the officers inquired concerning the bill of sale for the automobile, Tilley recognized Woods as one of the Kansas prisoners and the convicts were rounded up and started for Junction.

Kilborn started out first in the convicts' car with Woods and the women and child after he had unloaded and put in the back seat three six-shooters and a shotgun. Tilley trailed them in the officers car with Dopson.

As the caravan approached Junction, Woods in some manner managed to load one of the weapons and fired through the top of the car. He put the gun down upon the pleas of the women but the driver had lost control and the automobile rolled over in a barrow pit.

Tilley came up behind quickly, although delayed slightly by the car trouble and found his partner and the others standing beside the wrecked machine. Neither Woods nor Dopson attempted to break away and the whole party was brought into the town with hastily-summoned aid.

Rupp Installed As Noble Grand Of Odd Fellows

E. C. Rupp will be installed as noble grand of the Pampa I. O. O. F. lodge Monday night to replace Bill Bonner, retiring noble grand. Mr. Rupp was selected at a meeting of the lodge last Monday night.

The Clarendon lodge will be guests of the local lodge at the meeting Monday night. Two Clarendon visitors will take the first degree work with two others from Pampa.

Several Clarendon members visited here last Monday night when the election of officers was held. Refreshments were served.

READY TO OPEN

LONDON, June 10, (AP)—Negotiations among central bank officials of the United States, Great Britain and France on the stabilization of the dollar, the pound and the franc were under way here tonight as statesmen and financial experts of many nations prepared for lifting the curtain Monday on the world economic conference.

Joy and Sorrow—Baby Is Found

JOY AND SORROW are mingled here at the climax of one of the nation's strangest baby abduction cases. Mrs. John Sneed holds her six-weeks-old daughter, Pansy, taken from her by a woman who posed as a welfare nurse. Mrs. Virginia Rogers weeps as she confesses she stole the child because she wanted another baby. Mrs. Rogers, 31, is the mother of two children.

House Votes For Vet Compromise--Battle Near End

GASOLINE TAX EVASION TO BE MEETING TOPIC

Houston Publisher To Present 'Facts And Figures'

A SUBJECT, gasoline taxes and tax evasion, that is of vital interest to every man and woman in the State of Texas who drives an automobile will be discussed Tuesday night at 8 o'clock in the Crystal ball room of the Herring hotel under the auspices of the Panhandle chapter of the American Petroleum Institute.

J. H. Mover of Pampa, chairman of the chapter, hopes that there will be more Pampans at the meeting than from any other city, including Amarillo. He urges not only oilmen but business men, farmers and all car owners to make the trip.

The speaker of the evening will be Jack Dionne of Houston, publisher of the Gulf Coast Lumberman. Mr. Dionne is an expert on the subject and he will have facts and figures on taxes and tax evasions that he says will prove astounding.

Mr. Dionne in his address will tell how the first tax was placed on gasoline in 1923, and how it was increased to 5 cents. He will tell how the tax evasion became a business, then an industry and finally a racket. He will prove that twice as much profit is being made in dishonestly evading or stealing than in honest marketing.

The speaker will also present figures from the comptrollers' department intended to show that $6,000,000 is being stolen from the state annually through gasoline tax evasion. Much of that money is taken from the schools which get a percentage of the tax.

Every peace officer in Texas has been empowered to enforce a law which makes gasoline tax evasion a felony, punishable by penitentiary sentence.

HIGGS ELECTED

HOUSTON, June 10 (AP)—Rufus F. Higgs, editor of the Stephenville Empire-Tribune, today was elected president of the Texas Press association at the final session of the association's fifty-fourth annual convention.

RALLS MAN SUICIDES

RALLS, June 10, (AP)—Herbert D. Clark, 29, a farmer of the Savage community, 10 miles southwest of Ralls, was found dead in a cellar at his home about 6:30 o'clock this morning. A single-barrel shotgun was beside the body. F. M. Reed, justice of the peace, who investigated the death, returned a verdict of suicide.

WASHINGTON, June 10 (AP)—The stubborn struggle over reduction in veterans' compensation apparently ended in the house tonight with acceptance of the compromise offered by President Roosevelt.

The vote was 243 to 154.

The senate had yet to act on the compromise but there were predictions of quick acceptance by that branch to facilitate adjournment.

Both the administration and house members gave way in order to reach an agreement but leaders spent an anxious day lest a coalition of republicans and rebellious democrats should overturn the result and keep congress in session indefinitely.

Two test votes on procedure were necessary before the final ballot soothed the nerves of house chieftains. Administration forces won both of the preliminary trials.

The chamber only a little before had echoed to the appeals of members as republicans and democrats alike assailed the administration of the economy act which gave the president power to slash the funds spent in veterans' relief by over $400,000,000.

Leaders and members of the committee which had negotiated the compromise with the chief executive urged its acceptance. Word spread during the debate that President Roosevelt would veto the independent office supply bill which contained the concessions if the house approved an amendment adopted previously by the senate.

Water Record Broken Friday

A new record for water consumption was registered Friday when 2,145,000 gallons of water were pumped from the city water wells, according to the report from Supt. Andy Crocker to City Manager C. L. Stine. The pull yesterday was nearly as hard but the report was not available late last night.

Water users apparently "broke loose" after a long period of light usage of water. The amount pumped before the record day has been light.

FINAL REPORT ON INDUSTRIAL BILL ADOPTED

SENATE ACTION WOULD SEND MEASURE TO WHITE HOUSE

TAX PLAN IS ACCEPTED

AMENDMENTS CHANGE FIRST VERSION OF PROPOSAL

WASHINGTON, June 10 (AP)—Congress edged up almost to the point of adjournment tonight and then found the difficulties could not be surmounted. Faced by an uprising in the senate against President Roosevelt's reorganization proposal and objections that blocked passage of the appropriations measure carrying funds to start the economic recovery program into full action, senate leaders adjourned that branch over the week-end.

WASHINGTON, June 10 (AP)—The White House tonight adopted the conference report to the industrial control-public works bill, leaving only senate action on the report necessary to send the bill to the White House.

The senate tax program or corporation net worth and dividend levies and an increase of one-half of one cent in the one-cent gasoline tax to pay interest and sinking fund requirements for the $3,300,000,000 public works bond issue was adopted in place of the house income tax increases.

The LaFollette income tax return publicity amendment was accepted with a modification that extent of the publicity would be determined in rules and regulations to be promulgated by the president.

The Borah amendment, providing that codes of fair competition could not be agreed upon by industries if they involved combinations in restraint of trade, price fixing or other monopolistic practices, was agreed upon with a modification eliminating the price-fixing prohibition and leaving it to the president to decide whether monopolistic acts were intended.

The Clark amendment removing tax exemptions from all govern-

President Abolishes Offices

Congress Asked in Message To Approve Reorganization of Government.

WASHINGTON, June 10 (AP)—President Roosevelt tonight sent to congress his executive orders reorganizing the government, estimated to bring about savings of $25,000,000.

The series of executive orders called for consolidations, regroupings and abolishments of numerous government agencies.

The $25,000,000 savings was estimated at the White House to bring the total cut in the federal budget for the next fiscal year to $900,000,000.

With this savings the president was represented as confident of balancing the budget.

The reorganization program abolishes the shipping board and transfers its functions to the department of commerce. It sets up a single unit for the purchase of all government supplies.

Many other realignments of government agencies are contemplated by the president and will be put into effect later.

Other high points of the reorganization plan are:

Consolidation of all functions of administering public buildings, national parks, national monuments and national cemeteries in the department of interior. This means the abolition of the following commissions:

Arlington Memorial Bridge commission, Public Buildings commission, Public Buildings and Public Parks of the National Capital, National Memorial commission, and Rock Creek and Potomac Parkway commission. Consolidation of the 2,200 disbursing offices under the treasury department.

The executive orders become effective automatically in sixty days unless disapproved by congress.

EDITORIAL CORRESPONDENCE: HOUSTON.—It is a long way, measured in terms of hours of rail travel and sweeping expanses of plains, hills, and coastlands, to the inland seaport of Houston. It is a vaster change in terms of psychology and interests of the people. But we are all Texans. Here where the battle of San Jacinto was fought, the people still live much in the past, basking in the eternally reflected glory of the fathers of this state.

PAMPA
TOPICS OF OUR CITY
By O.E.H.

Duty to mine host city—now entertaining the 600 persons attending the Texas Press association convention—demands mention that this city of 372,000 is the largest city in Texas and the third port in the nation. Houston passed New York in exports last year by many millions of tons. It cost over 40 millions to bring the sea 25 miles inland to Houston, but it was worth it. Along the channel are wharves of dozens of industries and the room for development is huge. Houston, the leading outlet for the southwest, can appreciate the productivity of the interior.

Moving in excursion steamer down the channel, we noted many kinds of craft, including the following: City of Philadelphia, El Oceano, Helmstrath (British), Joseph Seep (Humble), Liberator, Weidenfels (Germany), Nosa Prince, San Antonio, Skagern (Swedish), Werra (Germany), Mercian (British), Abana (German), and Walter D. Munsen.

Most of the vessels, and others in coastal traffic, cleared with cargoes of Texas products, principally cotton. It is brought home to observers that isolation is the last thing Texas farmers need. Here vessels load Texas products for such ports as London, Hull, Newcastle, Liverpool, Manchester, Glasgow, Belfast, Dublin, Genoa, Leghorn, Naples, Venice, Trieste, Havre, Rotterdam, Antwerp, Tokyo, Shanghai, and the rest. Inland cities claim big territories; Houston claims the coast towns of the world as her neighbors.

The port of Houston is operated by a navigation and canal commission of 5 members, appointed by the city and county commissions, and serving 2 years without pay. The director of the port has a large staff, including the U. S. lighthouse service, and Uncle Sam participates in widening of the channel and its deepening. The channel has been in operation since 1915.

The port is 50 miles from the Gulf of Mexico, including a channel across Galveston bay. The channel has a uniform depth of over 30 feet and a width of 250-300 feet. The turning basin at Houston is 1,100 feet across, and has accommodated some of the largest vessels afloat. A total of 4,308 ocean-going vessels traveled this waterway in 1932. The turning basin is within the city limits, 4½ miles from the courthouse. There are wharves for 58 vessels. Oil company property share interest with the tall pines. There is storage for 35 million barrels of crude in the port area.

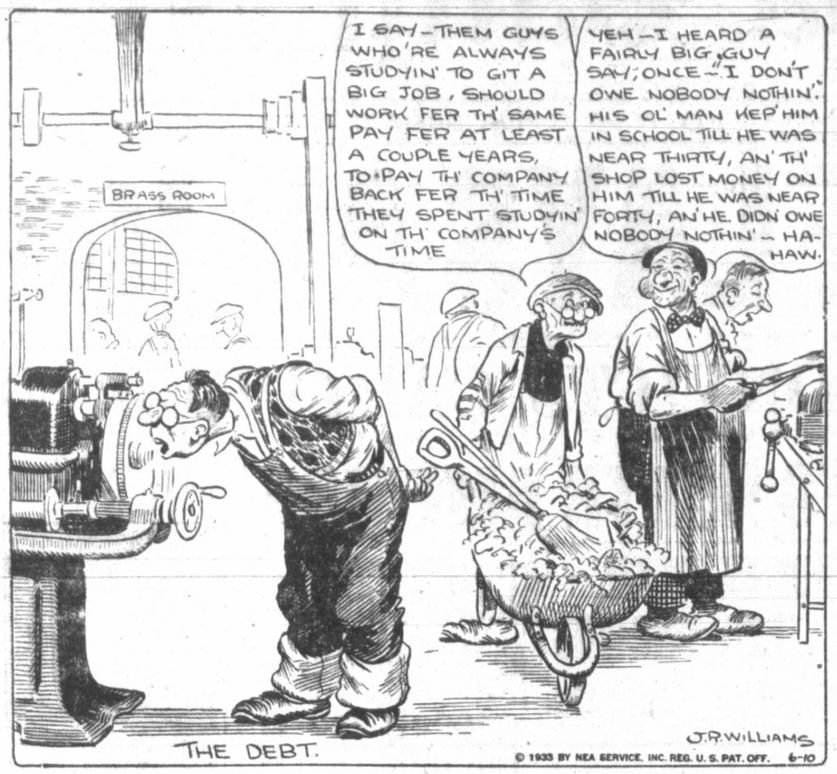

This is one city in which the "chamber of commerce" crowd is in admitted good repute as to industries—Houston is growing and will share abundantly the development of the state. A deep water port only since 1919, Houston can claim almost unparalleled growth. Right now the city is fighting for green coffee importing.

This section boasts hospitality of a high order. Texas editors Thursday afternoon rode down the channel, stopped at the San Jacinto battleground, and spent the evening at Sylvan Beach, Houston's playground on the sea. Journeying here from Dallas, the newsmen were guests of the Katy railroad, which played host at all meals en route, served in air-conditioned diners—and with afternoon tea and other beverages.

Call it selfish if you will; at any rate Houston is an asset to Texas because of her aggressive exporters. Remember that Texas exported merchandise valued at $299,650,783 last year, a decline of less than 10 per cent from the previous year. Cotton exports were about $200,000,000.

A study of Houston is an invasion of the subjects of exports, tariffs, war debts, world peace, transportation, and all manner of foreign relations, in addition to the domestic problems of the contributing sections!

WORLD LOVES A LOVER

PARIS, June 10 (AP)—Lovers give the largest tips—so says Pierre Edligman, veteran taxi chauffeur who has driven 950,000 miles in his 33-year career.

They give largesse ranging from 20 to 40 per cent of their bills, instead of the traditional 10, he estimates.

Erligman drove one of the famous "coffee grinders" that carried French troops from Paris to the Battle of the Marne in 1914.

Wood Osborn, who has been a patient in Worley hospital several days, was able to leave yesterday.

A New Serial by Ruby M. Ayres

SYNOPSIS: Dour under the repeated blows of fate, Nicholas Boyd cannot yet quite stifle his friendly interest in his very young admirer, Georgie Bancroft. Two months before Nicholas was at the top of the ladder in the movies. Then in the course of a heroic rescue his face was scarred and his leg injured—and his contract cancelled. Bernie, his wife could not face life in an English village, so Nicholas sailed for home alone. Georgie has told him of her beautiful mother and rich stepfather in America, of her uncle with whom she lives in England, of her dead father, whose cigarette case she always carries as a reminder of him and his love for her.

Chapter Seven

GIFT FROM NICHOLAS

NICHOLAS finally said, "You must have been very young when he died."

"I was seven but I can remember him quite well. He'd only been dead a year when mother married again."

"So much for everlasting constancy," Nicholas said cynically.

"I don't blame her," Georgie said quickly. "She'd been used to everything she wanted, and she couldn't have it after he died. She simply had to get married again."

"For money?"

"Yes. Everything my father had he left for me."

"And so you're a young woman of wealth?"

"No. I've got about fifteen hundred dollars a year. It doesn't go very far."

"What do you do with it?"

"I spend most of it on theaters and things like that. I love the theater and the pictures. I've always wanted to go on the stage."

"Good God!" Nicholas sat up suddenly, a heavy frown on his face. "Don't be a little fool. It's a hell of a life."

"Is it?" Georgie said wistfully. "I should love to be able to make people happy. I should love to see a great big theater full of people all laughing and applauding because they liked me."

A big sailing vessel was crossing the path of moonlight that lay across the quiet bosom of the sea. A fairy ship it looked, its dark silhouette tinged with gold, its sails like wings of silver.

Georgie started up—"Oh, let's go and look at the ship."

They went out onto the open deck and leaned on the rails.

It was a warm, still night, and the great vessel seemed hardly moving as they looked down at the silent sea far below.

"And to think we've got to leave it all," Georgie whispered.

She was standing very close beside him, their arms almost touching, and she said suddenly: "I wonder if we shall ever meet again."

He laughed. "Some day, perhaps, the world is small."

She looked up at him, her face very fair in the moonlight.

"I suppose you won't come and see me, even if I give you my address?"

IT seemed a long time before he answered; then he said unemotionally: "When you've travelled as much as I have you will know that people you meet at sea always seem far more attractive than they do when you meet them on land. There's an unnatural glamor."

"I know," Georgie said. "Nelly was saying something of the same sort this evening. You know she's had quite a love affair with that man I told you about, but she says she doesn't suppose she'll ever see him again when they get to England. She'd been crying. I expect I shall cry too, when we get to Southampton."

"You will? What for? You haven't had a love affair with anyone."

Georgie turned her face away, one hand clutching the wooden rail with frantic fingers.

"But I shan't see you any more," she almost whispered.

He must have heard—she knew quite well that he must have heard, but it was a long time before he spoke.

"I'm thirty-five," he said then, very quietly. "And I'm a married man. You're twenty-one, and all your life is before you. You've been kind to me—don't spoil it all by making yourself absurdly and sentimentally miserable even for five minutes. I shan't forget you. I believe I've even grown, well, fond of you in a way. But when we get to England—" he broke off.

A sudden tear splashed down onto Georgie's crimson frock.

"I will see him again, I will," she told herself passionately.

She moved suddenly to turn to him, and the old silver cigarette case she had been holding slipped from her hand and fell into the dark sea below.

She gave a little cry of pain—"Oh . . . it's gone. . . ."

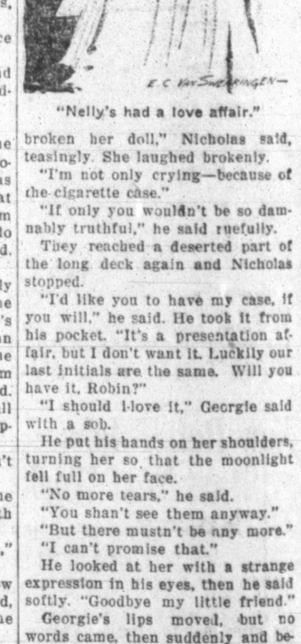

"Yes, it's gone right enough," Nicholas said grimly. "Why, you baby, you're not crying. . . ."

"I wouldn't have lost it for the world . . . it was my father's. I loved it. . . ."

HE touched her arm—"Let's walk along. The band has stopped and people will be coming this way."

She went with him obediently, walking slowly to keep pace with his dragging step, brushing her hands across her wet eyes.

"You're like a little girl who has broken her doll," Nicholas said, teasingly. She laughed brokenly.

"Nelly's had a love affair."

"I'm not only crying—because of the cigarette case."

"If only you wouldn't be so damnably truthful," he said ruefully.

They reached a deserted part of the long deck again and Nicholas stopped.

"I'd like you to have my case, if you will," he said. He took it from his pocket. "It's a presentation affair, but I don't want it. Luckily our last initials are the same. Will you have it, Robin?"

"I should l-love it," Georgie said with a sob.

He put his hands on her shoulders, turning her so that the moonlight fell full on her face.

"No more tears," he said.

"You shan't see them anyway."

"But there mustn't be any more."

"I can't promise that."

He looked at her with a strange expression in his eyes, then he said softly. "Goodbye my little friend."

Georgie's lips moved, but no words came, then suddenly and before he could prevent her, she stood up on tiptoe and kissed him on the scarred side of his face.

Nicholas caught his breath and his hands tightened their grip on her shoulders, then very deliberately he took them away.

She stood looking up at him, trembling, then she said brokenly:

"Nelly was right. You have to kiss a man—before you know if you . . . really love him. . . ."

Then she ran away from him down the deserted deck, and Nicholas Boyd stood looking after her, looking after her even when she had disappeared from sight.

KANSAS CITY LIVESTOCK

KANSAS CITY, June 10. (AP)—(U. S. D. A.)—Cattle trade during the week under review at mid-western markets was featured by an increased movement of killing classes. Chicago had a top of 7.30 on heavy steers and secured 7.10 for best yearlings. Country demand for stocker and feeder classes was slow at weak to 25 or more lower prices. Aggregate receipts at eleven markets totaled around 169,700, as compared with 143,962 last week and 138,737 the corresponding period a year ago.

The trend in hog prices was downward in most sessions and current quotations are 25-50 under a week ago. Chicago had a late top of 4.60. Total offerings were around 506,700, an increase of 46,000 over last week and 138,000 heavier than a year ago.

Outside of Chicago where values were relatively high last week, fat lamb prices are 25-50 higher than a week ago. Some strength also developed on yearlings while slaughter ewes held about steady. The supply approximated 207,000 against 207,279 last week and 282,424 a year ago.

CHICAGO GRAIN

CHICAGO, June 10. (AP)—Swift roaring of prices took wheat and oats today to above any peaks which future delivers have heretofore reached since May 1930.

A big renewal of public speculative buying followed official reports that indicated 36,500,000 bushels destruction of winter wheat in the past thirty days, with spring wheat now facing its critical period and showing a condition below a 10-year average. Giving brisk further impetus to buyers were advices of widespread intense heat today causing wheat firing in Illinois and the Ohio valley, areas that up to this time have been regarded as in the best condition of any in the United States.

Despite huge selling to take profits, wheat closed strong at virtually the day's top point, 1¼-1⅜ above yesterday's finish, oats 1-1⅞ up, corn ⅛-½ advanced, and provisions unchanged to a rise of 7 cents.

One dispatch said shifting of soil because of high winds had resulted in mounds on wheat fields all the way from Amarillo, Texas, to Sublette and Revel, Kansas, and that it would take three years to get the land back into normal production. Closing indemnities: Wheat—July 75¼-⅜, 78½; Sept. 77-77¼, 80⅛-⅓; Dec. 79½-¾, 82⅜. Corn—July, 45⅛-¼; 46¾; Sept. 48⅛-¼, 49¾-⅞; Dec. 51, 52⅝.

NEW ORLEANS COTTON

NEW ORLEANS, June 10 (AP)—Cotton was very active in the short session today and although prices advanced sharply at the start owing to approval by the senate of an allotment of $100,000,000 to carry out the cotton acreage leasing plan, most of the gain was later lost on hedge selling and week-end liquidation. The close was fairly steady at net gains for hte day of 2 to 4 points.

The opening was active and exalted due to the senate's action on the land leasing program.

Later prices weakened under rather considerable hedge selling and liquidation or profit taking for over the week-end. The continued good weather and erratic stocks helped the decline and lows of the day were made right at the end with July at $9.17, October at $9.43, and December at $9.57, down 10 to 13 points from the early highs. The close was at the bottom but showed net gains for the day of 4 points on July, 3 on October, and 2 on December.

Many Specimens of Pueblo Pottery Added to Canyon Museum Collection

CANYON, June 10. —The Panhandle-Plains Historical Society Museum this week received a large addition to the Baxter collection, which now occupies 10 cases and much wall space in the building. This time Mr. and Mrs. Baxter added to the pottery cases many specimens of Pueblo pottery found in graves and houses in northern New Mexico and Southern Colorado.

An especially interesting pitcher has a handle designed in the shape of a deer's head. Most of the pottery is decorated in lightning design, this being a favorite of the period represented. In this pottery group are three large bowls and two pitchers of red pottery, which according to Mr. Baxter, was the most prized of ancient pottery.

Another group consists of basket-weave pottery, which was made by pressing the clay into a basket and allowing it to harden. On the bottom of the bowls appear tiny bits of straw which pulled off the baskets when the pieces were removed. With these are placed two stones which were used for smoothing the clay when the utensils were being made.

The caribou head which was added to the Baxter collection of mounted specimens is a very fine one. Mr. Baxter called attention to the fact that the caribou is essentially a plains country animal, the angle at which its horns are set making it impossible for it to go through trees and underbrush with the ease of such other members of its family as the elk.

A set of longhorns, over eight feet in length is a part of the same collection. Mr. Baxter stated that these horns were taken from a steer killed more than a hundred years ago; he hopes, finally, to secure a long horn steer on which the horns may be mounted, thus giving those who will never see a genuine Texas longhorn a true picture of the animals from which present day Texas cattle have been developed.

Mr. and Mrs. Baxter, who live at Dimmitt, Texas, expect to continue to add to their collection, which is the largest and most varied in the Canyon Museum.

Even The Mayor Was 'Strange' To Young Theodore

NEW YORK, June 19 (AP)—Theodore Frank, an obedient boy, won't ride in any strange man's car, even though it has a flag on it and motorcycle cops for outriders.

Mayor John P. O'Brien was driving to the Baer-Schmeling Thursday night when Theodore, who is 10, stepped off the curb and was knocked down by the mayor's car.

The mayor picked the boy up himself and hurried him to a hospital. Then he paced the floor while a scalp cut, Theodore's only injury, was patched up.

"I'll take you home," said the mayor.

"No, thanks," said Theodore, "mamma told me not to ride with strange men."

"How would you like to ride home with one of my motorcycle policemen?"

"No, thanks," the boy said, "mama—."

"I see," said the mayor, "would you walk home with him?"

"Sure," said Theodore.

Amarillo Woman Elected to Head B. P. W. of State

SAN ANGELO, June 10 (AP)—Mrs. T. L. Gordon of Amarillo was elected president of the Texas Federation of Business and Professional Women's clubs and San Antonio was chosen as the 1934 convention city here today at the closing sessions of the 14th annual conclave. The meeting started Thursday.

Other officers named are Blanche McComb, San Antonio, first vice president; Evie Langston, San Angelo, second vice president; Frances Trotti, Port Arthur, corresponding secretary; Ollie Coon, Greenville, recording secretary; Imogene Bluntzer, Corpus Christi.

Mary O. Lilyerstrom of Beaumont, retiring president, automatically becomes director-at-large, succeeding Mary Jane Higgins of Fort Worth.

Mrs. Gordon won the presidency over Mrs. Flo Folmar of Tyler.

The Daisy Leake memorial cup was awarded to district one. Mrs. Irene Huber of Vernon, chairman of that district, received it. The Tyler club won the trophy for efficency standard for the second time, having held the award during 1930-31. The emblem trophy went to the Colorado City organization, and that for publicity to the Shamrock club, district one.

See It Today! THIS AMAZING
NEW GRUNOW REFRIGERATOR
ALL AMERICA IS TALKING ABOUT

From 31st to 2nd Place in 100 Days!

And there's a mighty good reason: Grunow is the only household refrigerator employing the non-inflammable, non-poisonous, non-explosive "CARRENE" refrigerant, making possible continuous, trouble-free operation WITHOUT HIGH PRESSURES. Not only that, thousands have proclaimed it America's most beautiful refrigerator.

If You Are TECHNICAL

You'll Be Interested in Knowing . . .

. . . The Grunow is the only household refrigerator in the world that operates on an exclusive vacuum principle that does away with dangerous, explosive pressures which sometimes reach pile-driver proportions. CARRENE, used in the Grunow vacuum, no-pressure system is not new. For years it has been used in large commercial installations such as the Chicago Stadium, U. S. Capitol at Washington, and in fine passenger ships where efficiency of operation with safety to human lives are prime requisites. CARRENE is non-explosive, non-toxic, non-irritating and non-corrosive.

Simple Mechanism

Because it operates on a vacuum instead of dangerous pressures, the mechanism in a Grunow is marvelously simple. There are no belts or pulleys—no connecting rods, wrist pins, pistons, or piston rings. It is so quiet in operation and free from vibration you may balance a coin on the unit, right while it's running!

Other Important Features Are:

- Welded construction throughout—results in one-piece construction.
- 3" of Dry-Zero rated by the U. S. Bureau of Standards as the most efficient available is employed in the walls—3⅛" in the door.
- Genuine Du Pont DULUX enamel—three coats of it, are baked on at high temperature.
- Stainless Vitreous enamel liner.
- Ice tray compartment sealed — excluding food odors.
- Plenty of space for large bottle.
- Ice tray capacity; in Model 50—84 cubes per freezing, in Model 60 and 75—112 cubes per freezing.
- All fittings and hardware are two-tone chronium plated.
- Soft rubber door gasket insuring against heat leakage and for increasing efficiency.
- Chill tray for ice cube storage.

Here Is a Refrigerator That Is Super-Safe-More Efficient-More Beautiful

Of course the new Grunow makes new history with its beautiful new type of cabinet design, that not only looks better . . . but IS better. But that's only partially responsible for its outstanding success.

Of greater importance is the fact that it is the only home refrigerator using the wonedrful new refrigerant, CARRENE.

CARRENE is non-poisonous. . . non-corrosive . . . it has no high pressure to cause expensive repair bills. It is the "miracle refrigerant" . . . more efficient . . faster freezing . . . less expensive operation. So safe . . . so harmless, that you can hold it it in your hand . . . smell it . . . taste it, without danger.

Along with this amazing achievement of beauty and design and operating efficiency, the Grunow has 34 other striking features that you will want in an electric refrigerator. . . Now for the first time, you can have them. Because Carrene makes possible a much more simple unit, this refrigerator is priced for this year's pocketbook. Come in . . . let us show you the various models. . . . let us tell you how easy and economical it is to own a Grunow.

WEEK'S SCHOOL AT CHURCH TO START MONDAY

Training Classes At Baptist Church Announced

THE annual summer training school of the First Baptist church will begin at 7:30 Monday evening to continue through the week. Classes will be conducted each evening, and examinations given Friday at the end of the courses.

Two class periods of 50 minutes each have been planned for each evening, with an assambly period of 20 minutes between.

Speakers for the assmblies include Rev. C. Y. Dossey, state evangelist of Dallas, and Rev. Douglas Carver of White Deer.

The seven courses of study to be offered, and faculty members who will be in charge of each, are as follows:

Growing a Church, Rev. C. E. Lancaster; Sunday school manual, Mrs. Lancaster; B. Y. P. U. manual, Mrs. Dewey Beck; Intermediate manual, Miss Lois Barrett; Junior manual, Mrs. Wilson Hatcher; Please Stand By, Miss Minnie Vernon Haines; Primary Bible stories, Mrs. E. C. Barrett.

Laymen in Charge Of Church Hour

In the absence of their pastor, who is attending a church assembly at Canyon, laymen of First Methodist church will conduct the morning service today. Roy Bourland, lay leader, will be in charge.

Dr. E. L. Thomason and Philip Wolfe have assisted in arranging the service. E. D. Zimmerman is director of the musical program.

John Hessey will give the address. Members of the church and visitors are invited to attend this lay service.

The pulpit will be filled for the evening sermon by the Rev. G. H. Gattie.

Success of Poppy Sale Reported To Auxiliary Women

Reports received at the national headquarters of the American Legion Auxiliary indicate that the Auxiliary's annual sale of memorial poppies was generally successful throughout the country, according to Mrs. W. C. de Cordova, president of Pampa unit of the auxiliary. The total number of poppies distributed in the sale is expected to be beyond highest advance estimates.

The poppy sale was conducted in thousands of cities and towns on Saturday, May 27, with 100,000 volunteer workers from the auxiliary offering the flowers on the streets. While complete reports will not be available for several weeks, it is estimated that more than eight million of the little red blossoms were distributed. An average of approximately ten cents each was contributed for the poppies, all of which will be used for the welfare of disabled veterans and their families.

The success of the auxiliary's poppy effort this year is expected to result in an early resumption of poppy manufacturing for the 1934 sale. Hundreds of disabled veterans are given employment making the flowers for the auxiliary in hospitals and workrooms. Shortage of poppies, reported from a number of localities where auxiliary units sold out their supply early in the day, may bring increased employment for the disabled veterans during the coming year.

CHILDREN WILL GIVE PROGRAM AT 11 O CLOCK

Parent-Teacher Congress Works To Meet State School Emergency

By MRS. J. M. CRAIN, Claude, State Publicity Director Texas Congress of Parents and Teachers.

Texas Congres of Parents and Teachers through its president, Mrs. A. F. Wood, Athens, has contact with the joint commission on the emergency in education. This committee was appointed by the national education association and the department of superintendence.

H. W. Stilwell, Texarkana, president of the Texas State Teachers association, has consented to appoint a committee from that group to study with a committee from the Texas congress the educational problems in Texas.

Situation Deplorable.

The educational situation in many communities is deplorable. Vital subjects of study are being eliminated, classes enlarged beyond all possibility of effective teaching, supervision abandoned, staffs reduced, salaries cut, terms shortened, health provisions slighted. The American right of every child to education is threatened.

The schools of Texas have been regarded as the best insurance of the state. Now that insurance is being cancelled and the value of the schools weakened by selling out to the lowest bidder.

When education is denied the youth, more space in the jails and penitentiaries must be provided. The school program goes hand in hand with the future stability of the government.

Schools Profitable.

The public schools have given a sound return for the money invested in them. They have created a literate and increasingly intelligent general public. This public has been self-controlled and level-headed in a time of unemployment and poverty which would have resulted in disorder, if not a revolution, in a less soundly disciplined people. The schools are the main hope of democracy.

Texas children are the watchword and the ward of the day and the hour. The public school represents the most powerful agency in child welfare. The Texas congress realizes this and is stressing by deeds as well as by words this fact more than heretofore.

Reports Show Service.

Reports received from all parts of the state—from local units, from committee chairmen, from county and city councils, from districts, from state officers—show that heroic service has been given the children in Texas this year by the parent-teacher associations.

The public school system of education has been safeguarded and defended before legislative bodies in the state's capitol, in the counties, cities, and villages—in every place where there was a congress unit.

Safeguarding children during the present economic crisis has been an outstanding achievement in the Texas congress this year. Children have been given clothes, food, school supplies, medical attention, transportation, and other necessties through the parent-teacher associations in order that no child might lose his chance for education and equal opportunity. A study of all reports sent to the state office and officers will show the unanimity of action in all parts of the congress.

Beautiful Italian Actress Claims Kinship To Pope

By ANDRUE BERDING

ROME (AP)—A beautiful blond actress who claims kinship with Pope Pius has become one of the leading movie stars in Italy, after preliminary training in Hollywood.

Sandra Ravel, 22, with large, dark, flashing eyes and a gorgeous smile, is taking the chief role in a series of pictures produced by the Cines, principal motion picture company in Italy.

Third Cousin Of Pontiff

As Sandra explained it, she is a third cousin of the Pontiff. She was born Sandra Winckelman, her father having been a German from whom her mother separated. The mother and daughted used the former's maiden name of Ratti, which was the surname of the pope, he having been Achille Ratti before his elevation. Sandra's maternal grandfather, she said, was Giuseppe Ratti, an attorney and cousin of Achille Ratti.

"I changed my name," Sandra said, "while I was in America, because of the way people pronounced it there. They made it sound like 'ratty'."

Sandra began studying dancing at the age of 11 with the ballet school of the famous Scala opera house in Milan.

"We were rich then," she smiled, "but my father lost his money."

Heeds Broadway's Call

At 16 she danced a solo before 30,000 spectators in the old Roman arena at Verona. Gabriele D'Annunzio, who was one of the spectators, christened her "The Soul Dancer," and later she danced for him at his Littoriale estate.

Not long after that she had two offers, one in Italy, the other with the old Manhattan opera house, New York. She chose New York, but while she was on the high seas the Manhattan closed. She landed in the metropolis without a job.

Shubert took her for "Sunny Days," which failed, and again she was out of a job. She then did minor film work and went to Hollywood, where her salary grew to a respectable figure.

After a few years, however, she left and came back to Rome. "My accent," she said, "was too strong for the talkies."

It was not long before she had a year's contract in Rome with the Cines company. She has made the following pictures: "Al Buio Insieme" (Into the Dark Together); "Paradiso" (Paradise); "Sette Giorni, Sento Lire" (Seven Days, Five Dollars), and "Voce Lontana" (Distant Voice). None of these has gone to America, but one has been done into French.

Sandra became accustomed to American methods while in Hollywood and she finds is hard to understand the Italian movie methods. "They waste so much time and effort," she grieved, "and so much film. It would pay them to get a good American camera man to instruct them in taking pictures. And there's so much overhead cost that a picture can scarcely make any money."

Sandra's chief grief is that the scenarios do not make more use of her dancing ability. "In my four pictures," she sorrowed, "there is only one bit of dancing."

She prides herself on her toe-dancing particularly. The strength of her toes enables her to jump from a piano to the floor and land on her digits.

Sandra would like to go back to America after next year, she confessed, but only to take leading roles. She will not go there for minor parts. "I feel that I am always getting better," she said. "I study hard."

SANDRA RAVEL, 22-year-old star of Italian films, who claims relationship, thru her mother's father, with Pope Pius, once played minor parts in Hollywood. She now has leading roles in a series of movies.

EXHIBITS AT 3 SPECIAL H. D. PROGRAMS SHOW ACHIEVEMENTS OF ENTIRE CLUB MEMBERSHIPS

Demonstrators In Clubs Assisted Members

ASSISTANCE to other members of their clubs, one of the goals of special demonstrators in home demonstraiton clubs, was successfully achieved by bedroom demonstrators, displays at their open house programs last week indicated.

In addition to showing the improved bedroom in each club, the programs included an exhibit of articles made by various members for use in their bedrooms. A poster also showed the total number of articles made by club women.

Quilts, linens, curtains, shoe racks, rugs, and even mattresses were made, and several women reported refinishing furniture, walls, and floors.

Bell club members reported making six dresser scarfs valued at $4.50; a pair of curtains, $1; four pair pillow cases, $1.40; 12 quilts, $48; two laundry bags, and 3 shoe racks. In addition, a closet was remodeled, a floor and a set of furniture refinished during the year.

Kingsmill women had a still more impressive list of articles, including 14 scarfs valued at $10.50; four pair curtains, $4; 26 pair pillow cases, $9.10; 24 sheets, $15.60; four bedspreads, $8; 29 towels, $11.25; 17 quilts, $68; three mattresses, $24; two mats, $3.

Members also made five hooked or braided rugs, a mattress pad and spring cover, two shoe racks and three magazine racks. Three sets of furniture were refinished, six walls finished, and five floors renovated.

For the Bluebonnet club, an attractive poster with pictures of the articles listed showed that members reported making eight sheets, six quilts, three laundry bags, 23 pair of pillow cases, seven rugs, two mats, five shoe racks, and a pillow, and renovating a set of furniture.

Pirates Decorate For Bridge Party

Pirates and pirate trappings adorned the bridge appointments when Mrs. Otto Patton entertained the Merry Mixers club and other guests at her country home east of Pampa Thursday afternoon.

Favors in the same motif were given to each player. The games were followed by a salad course with iced tea.

Special guests for the afternoon were Mesdames F. H. Meskermen, Sherman White, Ed Gober, Hugh Isbell, Bert Isbell, and Simmons.

Club members playing were Mesdames J. T. Morrow, C. H. Hunter, Shelby Gantz, Earl Powell, B. C. Fahy, Weldon Wilson, Johnny Weeks, Joe Berry, T. G. Greene.

Mrs. Powell is to be next club hostess.

Ridgeway Is Winner Of Fiddler Contest

Clyde Ridgeway was declared winned of the fiddlers' contest conducted Thursday at the Barn Dance hall with a large crowd of spectators. Ridgeway was accompanied by Bill Ridgeway, Mr. Byrd, and Miss Thompson.

Raymond Miller, who placed second, was accompanied by Gilbert Garett, Emmet Lane, and Mrs. Cupp. J. A. Poole, old-time Panhandle fiddler, was third in the contest and Earl Dillard, a favorite with the crowd, fourth.

Judges were Messrs. Husted, McCallum, and Posey.

VISITORS RETURN HOME

Mrs. Ed Gober and two daughters, former Pampa residents who have been house guests recently of Mrs. W. S. Wilson, returned Friday to their home in Clovis, N. M.

Young People of Class Picnic at Spot Near Hoover

A picnic at a pleasant spot near Hoover entertained members of the First Christian Sunday school class of high school students Friday afternoon.

A party of 42, including class members and a few guests, met at the church and drove to the picnic grounds, where they enjoyed impromptu games and a delicious supper.

John S. Mullen, minister of the church and teacher of the class, accompanied the group.

Judge Cary To Speak to Class

The men's Bible class of First Christian church will hear Judge C. E. Cary discuss current events in the light of phophecy this morning at 9:45.

All men who do not attend another class are cordially invited to hear the speaker discuss this vital subject, C. E. Hutchins, class president, said.

H. P. Abney of Fort Worth is a Pampa visitor for a few days.

Social Doings of Last Week in Neighboring Cities Are Reported

MIAMI, June 10.—A wedding of interest to Miami people took place at Mobeetie last Friday, June 2, when Miss Florence Rankin became the bride of Mr. Faucette Rudolph. Mr. and Mrs. Rudolph are both teachers and will spend the summer at Canyon, where they will attend W.T.S.T. college.

A community party was given in the Greenlake neighborhood last Friday night at the home of Mr. and Mrs. Arch Chesher. More than 60 young people from all over the countryside were present, besides adults and children.

The county dress contest of home demonstration clubs will be held at the office of the home demonstration agent next Friday. Lunch will be served at noon. Dresses will be judged at 9 o'clock by Mrs. Dora Barnes of College Station and Miss Ruby Adams of Pampa.

Nona Nickel, bedroom demonstrator for the Willing Workers 4-H club, will be visited June 13 by the district judge in bedroom work.

GARDEN CLUB CHOOSES NEXT MEETING DAY AS DATE OF ITS YARD TOUR AND PICNIC LUNCH

NEW PRESIDENT OF GIRL SCOUT TROOP ELECTED

Betty Curtis Named; Betty Blythe Is Treasurer

Betty Curtis was elected president of the Girl Scouts when they met last week, and Betty Jane Blythe treasurer. The meeting was at the home of Mrs. G. D. Stockton, Scout leader.

A swimming party and sunrise breakfast was planned for Saturday morning, June 17. The girls will meet in front of Woodrow Wilson school at 6:15, bringing bathing suits, towels, caps and the swimming fee.

Several girls left Wednesday for their summer camp, and will return Wednesday of this week.

Work on pillows, which will be used as seats at Scout meetings was started at the last meeting, and are to be completed by June 19.

The next meeting will be tomorrow at 4:30, at Mrs. Stockton's home. All members are urged to be present, so an estimate of the number to be expected at the swimming pool may be obtained.

Dinner Party Is Given at Close Of Club Contest

Winners in a contest which has just closed in the Contract bridge club were entertained, with husbands of all club members, when the losers were hostesses at the home of Mrs. Mel Davis Thursday evening.

A buffet dinner was served, and followed by games of bridge. Mrs. T. F. Smalling made high score for women, and Clifford Braly Jr. for men. Mrs. A. B. Zahn scored low.

Honor guests for the evening were Messrs. and Mesdames Zahn, L. O. Johnson, Philip R. Pond, Charles Thut, J. H. Kelley, and Smalling. Hostess and their husbands were Messrs. and Mesdames Frank Keim, Henry Thut, A. B. Goldston, Siler Faulkner, and Mel Davis. Mrs. Clifford Braly was escorted by her son, Clifford Jr.

Mrs. Zahn was leader of the winning group, and Mrs. Davis of the losers.

LeFors Church Will Have Special Music

A special evening service at the LeFors Presbyterian church has been announced by the pastor, Thomas A. Stamp, for today.

Mr. and Mrs. Claude Hipps will play a number of musical selections, and old hymns will be sung by the congregation. The pastor will bring a practical message, and invites the public to hear it.

PROGRAM ON SUMMER FLOWER CARE IS PRESENTED

WITH a garden tour set for their next meeting day, July 14, members of the Garden club planned events of the day when they met at the city club rooms Friday morning. An itinerary for the tour will be announced soon by a committee.

Visits to a number of beautiful yards here will be followed by a picnic lunch, it was decided. This tour will be one of the feature club events of the summer.

Another feature will be the annual flower show, although the date will not be set until there are indications that flowers here will be in maximum bloom.

Lawn Beautification.

Plans were discussed for a dandelion eradication campaign, in which all Pampa residents will be urged to rid their property of the weed which menaces lawns.

The club will request the library board to include several books on gardening in its next order of new books, members voted.

Mrs. Howard Buckingham was leader of a program on summer flower care. Mrs. Earl O'Keefe's discussion of "Iris, the Rainbow That Fell to Earth," gave the romantic history of iris and brought out the points that the flower needs good drainage, and requires transplanting every two or three years in July, August or September.

Rose Care Discussed.

Varieties and care of roses was Mrs. Buckingham's topic. She mentioned that they should be cultivated for strong plant as well as profuse bloom, and that in beds of roses the plants chosen should be of the same height, but not necessarily of the same color as all colors of roses blend well.

A demonstration of flower arrangement was given by Mrs. H. H. Hicks, who spoke of proper background for bouquets, and mentioned that use of flowers in season is in the best of taste. She showed that odd numbers of blooms should be chosen for a bouquet, and the stems cut in different lengths.

Members present for the meeting included Mesdames Clyde Fatheree, club president; Paul Kasishke, Siler Faulkner, Tom Rose, Frank Keim, Lynn Boyd, Jim White, Charles Thut, Claude Ledrick, Tom Clayton, McDonald, O'Keefe, Buckingham, Hicks, Henry Thut, A. A. Hyde, E. A. Shackleton, S. A. Hurst, Clifford Jones, Herbert Walker, C. T. Mullen, R. F. Dirkser, Mitchell, and W. Purviance.

Church Members To Attend Meet

Eight members of the First Christian church here will leave Monday to attend the state convention of that denomination at Texas Christian university, Fort Worth.

Convention sessions will be held Tuesday, Wednesday, and Thursday.

Pampans who plan to make the trip include the minister, John S. Mullen, Mr. and Mrs. J. L. Lester, Mr. and Mrs. Charles Thomas, Roy McMillen, and Charles Stowell.

FIFTH AVENUE FASHIONS

By ELLEN WORTH

Check This for Town Or Country

"One-piece for comfort, two-piece for chic" seems to be a by-word in fashions. The clever trick is to combine them and be both comfortable and chic. We can think of no better way of doing it than by choosing one of your favorite checks and combining it with white or a plain color in the simple little dress illustrated here. Doesn't it have a fresh new look?

Notice the other fashionable details of this particular model . . . the deep cape collar attached in front, the wide belt to make your waist look slimmer, the smooth line over the hips, and the inverted pleats adding fulness to the bottom of the skirt.

This is the kind of little frock that makes up in a jiffy, and is suitable for most active sports, as well as for applauding. It's just one of the new Easy-to-Make models in our Summer Fashion Book, which is something you can't afford to be without if you intend to make a versatile summer wardrobe. For fabric requirements see pattern envelope. See our Summer Fashion Book before you make your vacation wardrobe.

Steers Wallop Beaumont 5-3; Missions Lose

BEAUMONT, June 10 (AP)—One big inning in which the Dallas Steers got to Ray Fritz for four consecutive hits, including home runs by Bonura and Bennett and a triple by Ernie Holman enabled the visitors to win, 5-3, and make it two out of three with the Exporters this afternoon. Lefty Erickson was hit freely throughout but airtight support coupled with his ability to bear down in the pinches pulled him through several tight places before Joe Vance came to his rescue in the ninth.

SAN ANTONIO, June 10 (AP) — Oklahoma City's Indians cleared San Antonio tonight with a 7-5 victory in eleven innings to cop two out of three with the San Antonio Missions. Benton was shelled from the mound in the early innings Matuzak going ahead to win over Kowalik, also a relief pitcher, 7-5, after two extra frames. Ray Flaskamper put the Indians ahead by driving in a run for a 5-4 margin in the eighth, and also scored the winning run in the eleventh after a walk and Bettencourt's wild heave to left.

Youth Wins Fort Worth Tournament

FORT WORTH, June 10 (AP)—Husky Louis Nowlin, 19-year-old Dallas long hitter, who has been ringing at the championship doorbell for two years, got an answer today when he won the fifteenth annual River Crest Country club invitation touranment. It was his first major tournament victory. He eliminated Elliott Hatch of Fort Worth, 2 up.

It was one of the greatest of all River Crest championship matches. Through 36 holes, Nowlin and Hatch put on a stout exhibition that fairly rocked the huge gallery. It was a match that offered everything from sensational birdies to Nowlin's miss of a 5-inch putt at the sixteenth green to close out the match.

Grandview Women Quilt at Meeting

Quilting occupied women of the Grandview club when they met Wednesday with Mrs. G. C. Tiller. Eight members and two visitors were present.

An afternoon of neighborly talk made the work pleasant, and the quilt was almost finished when the meeting ended.

Refreshments of cake and fruit with whipped cream were served while the needles rested.

SCOUT NEWS

Troop No. 18, Harold Rickard, scribe

Troop No. 18 had its regular weekly meeting Friday night, with sixteen boys present. The meeting was opened by Everett Vanderburg, S. P. L., leading the boys in the Pledge of the Flag, and the Scout Oath, after which a game period of about 20 minutes was held. First class signalling and second class signalling was then studied for about 25 minutes, with Edwin Pierce of the Bear patrol passing in signalling, second class. A game using the points of the compass was then played for about 20 minutes, at the end of which time, those boys who had not already passed their compass test, knew the various points and degrees fairly well.

The boys were all enthusiastic about the camporal, and have set their goal to be first place next year. Several troop and patrol projects are under way, including a first aid kit for the troop, totem poles, fire by friction sets, patrol flags, life, star and first class badges, bead loom and several other articles of handicraft, which the boys intend for their booth next year.

Robert Yordy also passed his second class signalling test last night and Edwin Pierce, rules and practice of safety.

Re-registration is getting under way in the troop now, with about 15 boys already registered and several adults. We expect to register 27 boys this year, and 16 adult leaders as committeemen and merit badge counsellors.

Everybody is Talking Pontiac

"BALANCED VALUE"

"Pontiac makes a hit with me because of its Straight Eight performance. I get away first every time."

"Pontiac's appearance makes me feel proud of it—it is so smart and trim—very modern."

EVERYBODY is talking Pontiac this year. Why? We should like to tell you what we believe are some of the reasons.

Different people like it for different qualities. The artist, for example, stresses its appearance. The business man is impressed by its durability and economy. Others especially like its roomy comfort and its safety. A boy or a girl is thrilled by nothing so much as its performance.

Yet none of these people would be satisfied with a car that had only the one feature they talk about.

Even the man who talks most about his car's pick-up and speed, also wants durability, comfort, safety, appearance and economy.

That's Balanced Value—and that is why everybody is talking Pontiac this year.

Ask any Pontiac owner. Any Pontiac dealer will gladly give you a demonstration. Drive it yourself. Try it out in any way you can think of. Once you do that, we know you'll agree that Pontiac deserves its success. It's a General Motors Value—a car you'll like to own and drive.

Ask for copy of the FREE booklet— "What do you mean— Balanced Value"

"I like it because its weight and strength make me feel safe and it is so comfortable and easy-riding."

"I like my new Pontiac because I use it in business every day, and I need a car that's got durability enough to 'take it.'"

"I'm strong for Pontiac because it is so economical—easy to buy and easy to own."

"I like my comfort when on a trip—and our new Pontiac is so comfortable, thanks to Fisher No Draft Ventilation."

JOHNNY GOODMAN WINS NATIONAL OPEN GOLF CHAMPIONSHIP BY STROKE

FALLS STROKE SHORT OF ALL TIME RECORD

RALPH GULDAHL FAILS TO HIT 4-FOOT PUTT ON HOME GREEN

GLENVIEW, Ill., June 10. (AP)—By the slim margin of a single stroke and a missed four-foot putt on the home green by his one close pursuer, Johnny Goodman, bronzed, dapper little insurance salesman, and 23-year-old amateur "giant killer," of Omaha, Neb., today climbed on top of the golfing world as the new open champion of the United States.

After a phenomenal outburst of shot-making skill that at one dazzling juncture this afternoon threatened to explode all existing open championship records to bits, Goodman survived a sudden and dangerous slump with just enough of his previously lop-sided margin to stave off the closing rush of Ralph Guldahl, sensational 21-year old professional of the St. Louis Country club.

Goodman finished the 72-hole championship struggle with rounds of 75-66-70-76 for a total of 287 that fell only one stroke short of the all-time championship record. Guldahl, six strokes behind at the outset of the last 36 holes and nine behind with only 15 to go, rallied superbly to take second place with 76-71-70-71—288.

Olin Dutra, the big P. G. A. champion from Los Angeles, faded back after a good start and finished in a tie for seventh, with Gus Moreland, Texas amateur, at 295. Brother Mortie Dutra nosed into sixth place with 294, and Sarazen, the fallen champion, landed away back in the ruck, tied for 26th with a total of 303.

Busby's Indians Play Webb Again This Afternoon

The Pampa Indians, C. O. Busby's young ball team, will go to Webb this afternoon for a scheduled game. The young players have been going strong the last few weeks, their latest victory being over the Hoover team.

Webb has a strong team of veterans. They lost a 10-inning game to Hoover two weeks ago with a member of the Indians in the box. Manager Busby has not named his starting hurler but it will be either Wayne Kelley or Miles Marbaugh. Maples or Hamilton will do the receiving.

Mrs. S. B. Fast of McLean was a visitor in Pampa Thursday.

Twitty's Strong Team Will Meet Mags Here Today

An important game in the Cotton-Oil baseball league will be played at Magnolia park on East Foster avenue this afternoon, starting at 3 o'clock, when the fast Twitty team meets the Magnolia "Mags." Manager Howard Buckingham of the Pampa nine intends to send Rogers t othe mound with "Hoss" Wagner behind the bat.

Rogers has been working hard this week and is in good condition. Burke will also be ready if Rogers is unable to go the distance. Neither of the hurlers were available last Sunday when the "Mags" won a close game to stay on the top of the league along with McLean.

Either Gorman or Bartee will take the mound for Twitty with Nelson on the receiving end. Twitty has a hard hitting, fast fielding aggregation that has proved dangerous in every game played this season. Twitty has lost two games, both by one-run margins.

Manager Buckingham will start his regular lineup but may make some changes during the game. Some of his regulars failed to appear for practice during the week and their first miscue will probably be their last. He will have several extra men in uiform.

Teams in the league have been playing fast ball and the game this afternoon should be another good one.

Danciger Nine To Play Hoover Club

The newly organized Danciger ball team will go to Hoover this afternoon for a game with Hoover at 3 o'clock. The new Pampa team has been practicing for the last two weeks and is fast rounding into shape. Several new faces to Pampa fans will be seen on the team when they take the field at Hoover to play a team that has been going good all season.

Batteries for the game have not been announced but both managers will send their strongest hurlers to the mound. The Danciger team is made up mostly of veterans while Hoover has a sprinkling of veterans along with a bunch of young players.

GIANTS AT TOP AGAIN

NEW YORK, June 10 (AP)—The Giants continued their winning ways at the expense of the Phillies today and regained first place in the National League by defeating the last-place club 5-2. The Giants went a half game ahead of the St. Louis Cardinals.

One inning was all Bill Terry's wrecking crew needed to win its ninth triumph in ten starts against the Phils. They scored four runs off Eddie Holley then coasted thru behind the superb pitching of Fred Fitzsimmons and Adolfo Luque.

DODGERS WIN MOUND DUEL

BROOKLYN, June 10 (AP)—The Dodgers moved back into sixth place in the National League today by bunching their hits in the early innings to defeat the Boston Braves, 3-2. The game was a mound duel between Ray Benge and Ed Brandt in which each allowed six hits. Joe Mowry made half of Boston's blows.

CUBS OUST CARDS

ST. LOUIS, June 10 (AP)—The Chicago Cubs knocked the St. Louis Cardinals out of first place in the National League race by winning the final game of the series today, 4-3. The Giants won from the Phillies and regained the top.

The Cubs got four of their seven hits in the first inning off Haines, which combined with a walk and an error gave them three runs. Root was effective in the pinches and was given good support.

HOMER WINS GAME

PITTSBURGH, June 10 (AP)—Bill Swift permitted the Cincinnati Reds to score in only the first and last innings today and the Pirates won, 4-3.

It was the Bucs' second victory in the three-game series.

The Reds scored twice in the first inning on four hits but Pittsburgh evened it up immediately. The last Cincinnati counter was scored on a home run by Grantham, a pinch batsman.

W. W. Ward of Tulsa is a Pampa visitor for a few days.

COUNTRY CLUB GOLF TOURNEY STARTS TODAY

GROVER AUSTIN BREAKS PAR WITH 68 FOR MEDALIST

Play in the Country club open golf tournament will start this morning and continue through next Sunday when finals in each of the five flights will be played. Eighty golfers are scheduled to tee off today. Play will start at 8 o'clock this morning and at 1 o'clock this afternoon. The tournament committee is anxious that the matches be played in foursomes.

A list of valuable prizes has been collected with the winner of the first flight, or the city champion, to receive $25 in groceries and the runner-up $12.50 in groceries, including a 100-pound sack of Light-crust flour, from Barnes and Hastings. Other prizes will be given the winner and runner-up of each flight and for low medal score.

Grover Austin, 18-year-old local boy, turned in the low qualifying score with a par smashing 68. He received six golf balls given by the Country club.

All play in the tournament will be over 18 holes with the exception of the final round in the championship flight which will go 36 holes. Club rules shall prevail and a few addifional rules have been set aside by the tournament committee.

Included in the list of special rules are: A player shall putt regardless of how far he is from the cup—there will be no conceding putts. A change of ball will be allowed on the tee box only—putting must be with the same ball as driven off the tee box; only one ball shall be hit off the first tee box; all contested plays shall be taken to the tournament committee immediately after the game in which the contest arises.

Players were divided into flight Friday night by the tournament committee and then each name in each flight was drawn by a disinterested party.

The pairings follows:

First Flight

Buck Talley vs Grover Austin; Don Donavon vs Tom Perkins; Flyod Hoffman vs Buster Kaufman; Mack Graham vs Jack Davis; A. C. Medkiff vs R. A. Webb; H. H. Hicks vs Tom Darby; Mark Heath vs Gene Green; Ben Farris vs Radcliff.

Second Flight

Jimmy Weir vs Dr. R. M. Johnson; Fred Thompson vs Jet Brumley; R. G. Allen vs Lynn Boyd; Hamp Brown vs Jim White; John Moyer vs John McFall; Bill Lang vs A. Swanson; Odus Mitchell vs Clyde Fatheree; Marvin Harris vs Frank Wallace.

Third Flight

J. M. Hatfield vs F. D. Breedlove; Dan McGrew vs Gene Fathere; T. E. Rose vs Justine Devine; Joe Berry vs Gilmore Nunn; DeLea Vicars vs W. F. Cretney; Roy Marshall vs Chas. Thut; Bill Fraser vs Jack Deavers; C. T. Hunkapillar vs R. B. Mitchell.

Fourth Flight

Homer Sprinkle vs Ernie Voss; Frank Kelly vs Howard Buckingham; Bert Curry vs Jeff Beardon; Bryant Carraway vs W. M. Mumford; Moss vs R. S. Watkins; R. J. Hagen vs Jack Goldston; Petticord vs C. P. Buckler; Max Brown vs I. E. Duncan.

Fifth Flight

E. H. Sitton vs A. H. Doucette; Sam Fenberg vs R. C. Wilson; Ed Vicars vs E. G. Allison; J. B. Austin vs Ben Reno; W. A. Tacker vs Frank Hill; Frank Culberson vs A. B. Goldston; G. C. Austin, Jr. vs Dan Gribbon; J. M. Dodson vs B. C. Lowe.

A'S SMASH YANKS

PHILADELPHIA, June 10 (AP)—The Athletics did a thorough job of shattering the New York Yankee "jinx" today by winning both games of a double header from the world champions, 9-5 and 8-7, before a capacity crowd of 35,000, the largest of the season. The triumph sent the A's into third place ahead of the defeated Chicago White Sox.

Even Babe Ruth's thirteenth and fourteenth home runs of the season and Lefty Gomez' stunt of fanning five times to equal the major league record of batting futility couldn't stop the A's in the first game as Pinky Higgins smashed a four-bagger with two on base in the eighth to clinch the game.

Five more homers, including Jimmie Foxx' thirteenth of the year and two by Arndt Jorgens, Yankee catcher, marked the second game. Philadelphia won this contest in the ninth when Bing Miller hit Lefty Gomez for a pinch single, Roger Cramer walked and Ed Coleman brought them both in with a single after they had advanced on Bob Johnson's sacrifice. Jorgen's first homer was made with the bases full.

SOX PLAY LOOSELY

BOSTON, June 10 (AP)—The Washington Senators took advantage of loose fielding by the Boston Red Sox today, collected 12 hits and left the field with a 7-5 victory to their cedit, in the last of their four-game series, three of which the Senators won.

Goslin hit a homer in the seventh for Washington with Manush on base. R. Johnson hit a homer for the Sox in the third.

WIN ON SINGLES

CHICAGO, June 10 (AP)—After starting out with a flurry of five home runs in the first four innings, Detroit's game with the White Sox was decided on a basis of singles today and the Tigers won, 6-4.

White and Gehringer hit home runs for Detroit in the first inning and Kress hit for the circuit for the Sox in the second and fourth innings. Al Simmons also hit his season's seventh homer in the fourth inning. None was on base wher, each of the five blows was hit.

LOSING STREAK BROKEN

CLEVELAND, June 10 (AP)—Walter Johnson, the Cleveland Indians' new manager, watched the Trible have its way over the St. Louis Browns today, 5-2, and thereby break a losing streak of five straight games.

High lights were home runs by Earl Averill, who clouted out his first circuit-maker of the season, and Wes Ferrell, who got the first round trip he has ever had at the local stadium. Both teams played errorless ball in view of the shirt-sleeved Johnson.

WEDDING DAY

PHILADELPHIA—It was just another day to Mr. and Mrs. Felix Smith, fighting their marital battles in court, until Judge Lewis asked them how long they'd been married.

"We were married—, why we were married eight years ago today," gasped Mrs. Smith. "This is our wedding anniversary."

The realization failed to bring reconciliation, however.

Rifle Club Will Hold Shoot Today

The course of shooting for the season will start this afternoon at the range of the Pampa Rifle club east of the city. Shooting will be over the 200-yard range and will start at 2 o'clock.

A club meeting has been called for Monday night at 8 o'clock in the board room at the Schneider hotel. Members who have not received their badges from last season are urged to be present.

Mrs. Julian Barrett was reported resting well in Pampa hospital after a major operation Friday.

DON'T GAMBLE—BE SAFE!
with this 3 Times Safer Tire
Amazing new invention eliminates cause of blow-outs

Heat generated inside the tire separates rubber and fabric — starts "invisible blisters", common cause of blow-outs, even in new tires.

The exclusive Goodrich Life-Saver Golden Ply resists heat—makes the new Safety Silvertown 3 times safer from blow-outs at high speeds.

"I COULDN'T help it. I was driving along . . . doing 50 to 60 . . . and everything seemed all right. Then suddenly—without any warning whatever—my right front tire went BANG! I couldn't steer . . . I couldn't stop."

Has this ever happened to you? It *could*. Investigations show that the chances are better than even you'll have a blow-out some day. When . . . nobody knows. But right now . . . in summer weather . . . blow-outs are most likely to happen'

What causes blow-outs?

Today's high speeds generate terrific heat inside the tire. Rubber and fabric separate. A blister forms . . . *inside* . . . where you can't see it . . . and GROWS . . . bigger and bigger until . . . BANG! A blow-out. And your car may careen through a fence or into oncoming traffic.

But now Goodrich has perfected the amazing Life-Saver Golden Ply. This invention resists intense heat. Rubber and fabric don't separate. Thus, blisters don't form. Blow-outs are prevented by eliminating their *cause*.

At gruelling speeds on the world's fastest track the new Goodrich Safety Silvertown Tire lasted *3 times* as long as first quality tires that did not have this feature. These Silvertowns *never* blew. They were run till the tread was gone—but the Life-Saver Golden Ply refused to give.

Remember, Goodrich Safety Silvertowns cost not a single penny more than standard tires. So why take chances? That blister—that blow-out in the making—may be in your tires right now! Put a set of these new Silvertowns on your car and have real protection between you and the road. You owe it to your family and yourself.

BARBECUE WILL BE FEATURE OF PANHANDLE'S RACE MEET

Food To Be Served Visitors Saturday; Race Program Begins Friday.

PANHANDLE, June 10.—With the appointment of many special committees by President Asbery A. Callaghan, work is moving quickly in connection with staging the entertainment for the Southwest Race Meet and Stock Show to be held in Panhandle Friday to Sunday, June 16 to 18.

An important feature will be the big barbecue to be held Saturday, June 17. Vice President C. E. Deahl has been appointed to obtain beeves for the barbecue. A barbecue was held in connection with the meet here July 4th last year, and indications are that attendance that day will exceed that of a year ago.

Grocers to Assist

Sam Lanning will be in charge of barbecuing the meat. All the grocers of Panhandle are on a committee to assist in providing various article for the barbecue. Mr. Callaghan has named these grocers on the barbecue committee: H. W. Cunningham W. H. Rogers, J. I. Rains, J. I. Graham and I. S. Mullins.

A campaign will be waged to sell season tickets. J. G. Wadsworth is chairman and his his assistants are Geo. P. Grout, Mike Purvines and Dave Warren. This committee will make trips to Amarillo, Pampa, Borger and other places in connection with advance sales of tickets.

Name Ticket Salesmen

George F. Crow and G. S. Jackson have been named ticket salesmen at the main gate. R. E. Vaughn, Jack Adkins and Clark Henshaw are assistants. J. T. Owens will be in charge of grand stand ticket sales.

Policing of grounds will be in charge of E. H. Marvel on horseback. Owen Moore on motorcycle and George Smith and Jesse Neal.

Concessions will be handled by J. G. Wadsworth, Fred Surratt and Ralph Randel.

Joe Rorex will be clerk again.

Amarille Enters Horses

Jimmy Hamilton of Amarillo was here early this week and entered three horses from that city in the saddle show. Amarillo, he reported, is becoming greatly interested in the saddle show.

At the request of Mr. Hamilton, plantation and five-gaited combination classes were added to the program for Friday afternoon.

Horses are arriving daily and although it is almost a week until the meet begins, thirty head are in the stalls. Several horses have been here for a month.

Will Pay Purses

With $665 in purses and Panhandle having a reputation of paying off 100 per cent, horse owners know they receive a square deal at the local race meets.

Announcement will be made of the official starter in two or three days. J. B. Parker handled this work for the October meet last fall, and it is believed that he will be given this assignment again.

With a large grand stand just completed, spectators will be handled much easier than they were in the two meets held last year.

Extortion Plot Bared By Owner of Girls' School

WASHINGTON, June 10 (AP) — Complaints by Miss Louise Maret, co-proprietor of a fashionable girls' school, that she had been swindled out of $5,044 have resulted in the arrest of the Countess Grace de Benque and George S. Gormley, both of Washington.

In a statement to police, Miss Maret, 60 years old, said she went riding with Gormley one night last October and he "parked the car and turned off the lights."

"A moment after he had done this," she continued, "a man with a flashlight walked up to the car. This man, who wore a cap and some sort of a badge, said we were violating the Mann act and treatened to take us to a police station."

After some discussion, she said the man told Gormley to take her home and he drove her to the countess' residence. She added:

"When we arrved she said: 'What have you done?' Tell me quickly."

"I explained what had happened and she replied.

"'Why, you have done nothing. That officer must be bribed.'

Gormley, she said, then left to see the officer and when he returned reported the man agreed to accept $15,000.

"I was anxious to avoid any publicity which might injure the school," she went on, "and said I could raise about $5,000 quckly. The countess agreed to advance some money for which I was to give my personal notes."

William A. Gallagher, assistant district attorney, said Gormley denied after his arrest yesterday any knowledge of the incident described by Miss Maret but said she had loaned him $5,000 for which he had given her his receipt.

SEVEN BREAK JAIL

TAHOKA, June 10. (AP)—A 1929 model coupe, stolen here last night, was believed to have been used by all or part of seven men who escaped from the Lynn county jail. The automobile was stolen from a garage at the Ray Richards residence in north Tahoka.

M'GEE IDENTIFIED

KANSAS CITY, June 10. (AP)—Walter McGee, alleged leader of the kidnaping gang which abducted Miss Mary McElroy here two weeks ago, was identified tonight as the would-be extortionist who hired two school boys as messengers in an attempted extortion of $1,800 from Arthur L. Land, automobile company president, last April 2.

AUSTIN, June 10 (AP)—The Texas Railroad commission today planned to take testimony Monday concerning production conditions in the East Texas oil field.

Babe To Spend Three Years In Mastering Golf

LOS ANGELES, June 10. —Babe Didrikson, who is in Southern California to master that game called golf, is going to spend three years if necessary in an effort to reach the peak she attained in other sports.

Judging from her start, the Texas girl who gained international fame in the women's track and field events of the Olympic games, doesn't propose to let hard work stop her.

"I didn't make much money as a professional," said Miss Didrikson, "but I guess it was more than the other Olympic athletes made. It was enough to keep me going three years and by that time I'll have this golf game down pat. I might even turn professional."

Miss Didrikson does not believe she will be classified as a professional in golf. She was barred from amateur track and field athletics by the National A. A. U. after the Olympic games.

Professionals who have worked with Miss Didrikson say she possesses all the natural ability of a champion. She drives the ball exceptionally well, but her short iron shots are erratic and often as many as four and five putts have been necessary on the green.

For sentimental reasons Babe came back to the scene of her Olympic triumphs to gain her golfing goal. All her games have been in the nineties so far, but being very much of an optimist she expects to do better "tomorrow."

She works on an average of six hours a day under the watchful eyes of first one professional and then another.

Economy Menus Give First Aid To Food Budget

Menus and Recipes Prepared by Department of Home Economics Texas State College for Women.

Making the menus fit our income is a real problem in this day of reduced salaries. With the children coming home from school for vacation the appetites seem to have increased until they have reached unbounded proportions.

Although the food is plain it must be well cooked and substantial to satisfy this active group of children. Special attention is given to the use of "left overs" and to the use of the foods which are in season in order to come within the food budget.

Summer Menus.

BREAKFAST: Breakfast food, blackberries, toast, coffee, milk.

LUNCH: Vegetable plate (beets, string beans, and baked potato), muffins, butter, milk, strawberries on ice cream.

DINNER: Roast shoulder of pork, apple stuffing, new English peas (buttered), creamed cauliflower, bread, butter, graham cracker pudding.

BREAKFAST: Orange juice, toasted muffins, ham, coffee.

LUNCH: Bacon and potato salad, cheese crackers, pickles, dewberry pie, milk.

DINNER: Strawberry juice cocktail, broiled steak, gravy, buttered asparagus on toast, cramed carrots, bread, butter, apricot sherbet, iced tea.

Recpies.

Roast Shoulder of Pork: Order shoulder of pork boned. Put apple stuffing in opening and fasten securely. Cut through skin in criss-cross manner Put skin side down in dripping pan, nut over with salt and dredge meat and pan with flour. Place in a hot oven, 500F. until flour in pan is brown. Reduce heat to 350F. and finish cooking. Baste meat every 10 minutes. When about half done, turn over and dredge with flour. Roast 3½-4 hours.

Graham Cracker Pudding: Crumble one-half box of graham crackers real fine and add to it one-half box of chopped dates and three-fourths cup chopped pecans and about 12 to 15 chopped marshmallows. Mix together with condensed milk or cream until moist; place in refrigerator to mold. Serve with whipped cream.

Bacon and Potato Salad: In this salad there is a very good chance to use left overs. The bacon might be saved from the breakfast served the day before, and different left over vegetables might be used. 4-6 medium potatoes (cooked); ½ Bermuda onion; ½ pound bacon; salt and pepper, 1 t vinegar or paprika; 2 hard boiled eggs; ½ c peas; 3 T mayonnaise; 1 head lettuce. Wash lettuce, shred fine and chill. Place in a large salad bowl. Cut the potatoes into ½ cubes. Add onion, finely chopped, then the bacon, vinegar and mayonnaise. Season with salt. Add to the lettuce and garnish with egg slices, peas, and paprika. The eggs chopped finely and the cooked peas can be added to the salad itself if you prefer.

Apricot Sherbet: This is economical because it uses the apricots which might be left over from the breakfast served the day before. 18 marshmallows; ¾ c juice from canned apricots; 2 t lemon juice ¾ c sieved apricots; 2 T sugar; ¼ c egg whites. Put marshmallows and apricit juice in double boiler and cook, stirring frequently until melted. Remove, add lemon juice, fruit pulp and 1 T sugar. Cool; pour into freezing tray. When jellied, whip egg whites and remaining sugar. Fold in thoroughly and freeze.

Walter Brown was admitted to Worley hospital yesterday.

Who will take care of the ORPHANS?

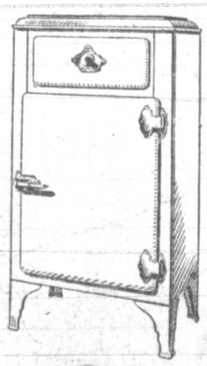

What is an "orphan"? It is a product whose manufacturer has gone out of business, leaving purchasers shift for themselves when things go wrong.

Why gamble in this fashion with a purchase that should represent a lifetime investment? Why buy any but a *quality* electric refrigerator . . . especially since you can now buy *Westinghouse* quality at prices only fractionally higher than the very cheapest, untried makes?

A Westinghouse Dual-automatic, hermetically-sealed Refrigerator will be serving you . . . and *saving money* for you . . . long after "bargain" types have been replaced.

We invite comparisons at our showroom. Come in . . . see how little it now costs to own a Westinghouse.

ARE YOU GUIDING YOUR CHILD TO HAPPINESS?

Your child could suffer no handicap half so bad or so unfortunate in its consequences as the lack of religious upbringing. The child is spiritually nurtured upon the bosom of the church. It is the Great Truths, learned during the formative period, that will sustain your child throughout his life. Therefore is the example you set by regular attendance at church of immeasurable importance. Come to church Sunday.

BARBECUE WILL BE FEATURE OF PANHANDLE'S RACE MEET

Food To Be Served Visitors Saturday; Race Program Begins Friday.

PANHANDLE, June 10.—With the appointment of many special committees by President Asbery A. Callaghan, work is moving quickly in connection with staging the entertainment for the Southwest Race Meet and Stock Show to be held in Panhandle Friday to Sunday, June 16 to 18.

An important feature will be the big barbecue to be held Saturday, June 17. Vice President C. E. Deahl has been appointed to obtain beeves for the barbecue. A barbecue was held in connection with the meet here July 4th last year, and indications are that attendance that day will exceed that of a year ago.

Grocers to Assist

Sam Lanning will be in charge of barbecuing the meat. All the grocers of Panhandle are on a committee to assist in providing various article for the barbecue. Mr. Callaghan has named these grocers on the barbecue committee: H. W. Cunningham W. H. Rogers, J. I. Rains, J. I. Graham and I. S. Mullins.

A campaign will be waged to sell season tickets. J. G. Wadsworth is chairman and his his assistants are Geo. P. Grout, Mike Purvines and Dave Warren. This committee will make trips to Amarillo, Pampa, Borger and other places in connection with advance sales of tickets.

Name Ticket Salesmen

George F. Crow and G. S. Jackson have been named ticket salesmen at the main gate. R. E. Vaughn, Jack Adkins and Clark Henshaw are assistants. J. T. Owens will be in charge of grand stand ticket sales.

Policing of grounds will be in charge of E. H. Marvel on horseback. Owen Moore on motorcycle and George Smith and Jesse Neal.

Concessions will be handled by J. G. Wadsworth, Fred Surratt and Ralph Randel.

Joe Rorex will be clerk again.

Amarillo Enters Horses

Jimmy Hamilton of Amarillo was here early this week and entered three horses from that city in the saddle show. Amarillo, he reported, is becoming greatly interested in the saddle show.

At the request of Mr. Hamilton, plantation and five-gaited combination classes were added to the program for Friday afternoon.

Horses are arriving daily and although it is almost a week until the meet begins, thirty head are in the stalls. Several horses have been here for a month.

Will Pay Purses

With $665 in purses and Panhandle having a reputation of paying off 100 per cent, horse owners know they receive a square deal at the local race meets.

Announcement will be made of the official starter in two or three days. J. B. Parker handled this work for the October meet last fall, and it is believed that he will be given this assignment again.

With a large grand stand just completed, spectators will be handled much easier than they were in the two meets held last year.
