PAYMENT PLAN EXPLAINED

PARIS, Aug. 16 (AP)—Owen B. Sherrill of Dallas, regional manager of the government's crop production loan department, moved today to straighten out "confusion" over the announcement that the government would not deduct the amount owned by crop loan borrowers in Washington before mailing checks for cotton destroyed.

"This is a sale of mortgaged property covered by a blanket lien on this and any other product until the government obligation is paid in full," he said, "and the farmer will be expected first to pay his government obligation to the extent of the lien from any receipts, whether it be from cotton plowed up or from other sales. From whatever mortgaged property receipts are had, returns are expected to be turned in on mortgage to the extent of the mortgaged obligation.

Rights Waived

"Landlords have waived their rents until the mortgage has been paid to the government, other lien holders have waived and anything contrary to fundamentals of the credit structure would be damaging to the morals and interests of all credit relations and business generally, as well as to morals of persons involved."

Sherrill said that instead of subtracing the amounts in Washington due the government, the checks were being mailed to farmers and it was expected the farmer would clear his government obligations as rapidly as possible.

TWENTY-FOUR DIE IN STORM

KINGSTON, Jamaica, Aug. 16 (AP)—Twenty-four persons were dead and several houses were washed away today as the result of a severe electrical storm and floods which struck Kingston and St. Andrew last night. The storm was described as the worst in eighty years.

U. S. Banking Structure Is Said To Be Improved

ONLY 2,870 BANKS IN NATION NOW NOT ON RESTRICTIONS

BY CHAS. P. SHAEFFER

(Copyright, 1933, by The Associated Press)

WASHINGTON, Aug. 16 (AP)—The American banking structure is virtually back on its feet.

The records of Walter J. Cummings, executive assistant to the secretary of the treasury, today show 13,951 licensed banks operating without restrictions and only 2,870 closed or operating on a restricted basis. These figures include national banks and state members and non-members of the federal reserve system but exclude mutual savings institutions.

Data Given Out

The record is as of the close of business August 12 for member institutions and as of July 26 for non-members.

Cummings, brought to Washington by Secretary Woodin and regaled with the unofficial title of "bank opener," said that on August 12, there were 4,961 national banks doing an unrestricted banking business, with deposits of $16,938,145,000; that 740 state member banks with deposits of $9,741,987,000 and 8,250 non-members having deposits of $5,057,596,000 were operating on a full-time basis on July 26.

The deposits are as of December 31, 1932. There has been no assembled condition report of banks since that time.

The next such condition report, based on the national bank call by the comptroller as of June 30, will be made in about two weeks.

The figures in Cumming's report were taken from official records of the comptroller of the currency for national and state member banks, and from federal reserve board records for non-members.

On the inactive side, it was found

HOARDERS WILL BE PROSECUTED

WASHINGTON, Aug. 16 (AP)—Gold hoarders of the United States have about reached the end of the rainbow, for the government is going after their hidden pots of gold.

In the justice department, legal experts are quietly drawing up the case against gold hoarders. It would not surprise official Washington if warrants for the arrest of the hoarders were announced by Attorney General Cummings when he returns from his vacation Thursday or Friday.

Before he departed for his vacation, Cummings said that prosecution of gold hoarders who continued to defy the government would be started in two or three weeks. The three weeks expires Thursday.

ACTION PLANNED TO BAR DUMPING

WASHINGTON, Aug. 16 (AP)—Action to bar from this country importations of products found to be dumped from abroad, to the injury of American business, probably will be taken soon by the treasury.

In the long list of goods now before the treasury for decision are included steel from Germany; canvas top rubber sole shoes, electric light bulbs, and calcium carbide from Japan; stearic acid from Holland; rock salt from Canada; woven wire fencing, sulphide paper, and binder twine from England and thumb tacks from Holland and Germany.

All of these, American producers have charged, have been dumped in the United States—sold in this country without regard to, or for less than, the price the same articles bring at home.

Where the government finds dumping exists, it will apply the law which levies an additional duty of about 50 per cent.

Fortunes Of Former Chiefs To Be Taken

HAVANA, Aug. 16. (AP)—Bank accounts and properties of the deposed President Gerardo Machado and his followers were investigated today with a view to requisition by their successors.

Secretary of the Treasury Joaquin Martinez Saenz, a leader in the ABC Secret society, began the probe as provisional President Carlos Manuel De Cespedes' administration weeded out persons suspected of profiting by the Machado regime.

It was reliably reported that embargoes are planned on fortunes and property of the Machadistas.

Prison Mine Strike Is Settled Today

PETROS, Tenn., Aug. 16. (AP)—A two-day convict mutiny at the Brushy Mountain prison mines was broken today as virtually all the 160-odd in revolt abandoned their underground stronghold and agreed to go back to work.

The convicts had refused to leave the mines as a protest against a search of their belongings which a new deputy warden, O. C. Hendricks, conducted Sunday with the resultant discovery of knives, chisles, hammers and civilian clothing.

Dr. E. W. Cocke, state commissioner of instructions, replied to the demand for discharge of Hendricks by withholding food from the mutineers.

Decrease In Needy Families Is Noted

WASHINGTON, Aug. 16 (AP)—A steady decrease in the number of needy families receiving public aid was shown today in the first official checkup by the federal emergency relief administration and was noted by Harry L. Hopkins, the administrator, as "very encouraging."

The report showed 3,745,367 families received relief in June. Hopkins said this would show around 15,000,000 persons were being assisted in the country in that month and compared the figures with 4,222,263 families in May and 4,445,338 in April.

PRECIPITATION BRINGS AID TO CROPS

REPORTS TODAY TELL OF RAINS OVER LARGE AREA

Rains that varied from light showers to more than an inch covered widely separated sections of the South Plains area last night, bringing relief to rising temperature and aid for crops.

Territory covered ranged from Canyon on the north, Dimmitt and Muleshoe on the northwest, Lehman on the west, Seagraves southwest to beyond Crosbyton on the east and to Sweetwater on the southeast.

GARNER URGES REPEAL VOTE

VICE PRESIDENT GIVES APPEAL TO TEXANS TO VOTE WET

(By The Associated Press)

AUSTIN, Aug. 16.—John N. Garner, vice president of the United States, today appealed to Texans to vote for repeal of national prohibition at a special election August 26.

In a letter to Roy Miller, Texas director of the Democratic National campaign, the vice president, who is at his Uvalde home, stated his views. However, he did not commit himself on the proposition of modification of the Texas constitution to permit the sale of 3.2 per cent beer. That proposal will be submitted to a vote on the same day voters pass on the 18th amendment.

Letter Is Quoted

Garner's letter to Miller follows:

"In response to your inquiry as to my position concerning the Eighteenth amendment, I beg to remind you that I voted against its submission when it was first presented to congress because I believed it violated a fundamental principle of government. Since then I have availed myself of every opportunity to assist in bringing about its repeal.

"In obedience to the platform of the last Democratic national convention and on the first day of the session of congress following as speaker, I submitted the question of repeal to a vote of the house of representatives. I considered it my duty to do so because the American people, by overwhelming vote, had ratified the party platform which demanded repeal.

"That the Eighteenth amendment has not accomplished the results expected of it, even by its advocates, all will agree. That it has not produced a satisfactory or effective solution of the temperance problem

BIBLICAL PROPHECY DOESN'T PREVENT NRA AGREEMENTS, MINISTERS ANSWER

Does a Biblical prophecy, found in the Book of Revelation, prohibit a practicing Christian from signing the National Recovery Act agreement and from subscribing to the Blue Eagle?

"No", is the answer given by two of three Lubbock pastors asked the above question this morning. The third did not express an opinion.

Some persons have interpreted verses 11 through 17 of chapter 13, Revelation, as forbidding cooperation in the recovery move. The verses read:

"And I behold another beast coming up out of the earth; and he had two horns like a lamb, and he spake as a dragon.

"And he exerciseth all the power of the first beast before him, and causeth the earth and them which dwell therein to worship the first beast, whose deadly wound was healed.

"And he doeth great wonders, so that he maketh fire come down from heaven on earth in the sight of men.

"And deceiveth them that dwell on the earth by the means of those miracles which he had power to do in the sight of the beast; saying to them that dwell on the earth that they should make an image to the beast, which had the wound by a sword, and did live.

"And he had power to give life unto the image of the beast, that the image of the beast should both speak, and cause that as many as would not worship the image of the beast should be killed.

"And he causeth all both small and great, rich and poor, free and bond, to receive a mark in their right hand or in their foreheads:

"And that no man might

LEADERS TOLD CODES MUST COME SOON

FOUR BASIC TRADES IN ARREARS ON JOINING RECOVERY PLAN

(By The Associated Press)

WASHINGTON, Aug. 16.—Vexing difficulties in formulating trade codes for the four titans of American industry—steel, oil, coal and automobiles — today were shortening the present stride of the NRA toward its goal of embracing all business under work-spreading, pay-raising agreements.

To complicate further the issues affecting these four, Administrator Hugh S. Johnson and his aides were told by organized labor that steel was flaunting the recovery machinery's efforts to compose differences.

Johnson Sends Word

Johnson, bringing all NRA faculties to bear on the four major industries, sent word to them that codes must be agreed upon quickly to provide minimum wages and maximum hours.

His action bore full approval of President Roosevelt. Both were eager to bring in these four basic trades, which employ 4,000,000 to 5,000,000 persons.

FDR STEPS IN

WASHINGTON, Aug. 16 (AP) President Roosevelt took over the helm today in an effort to smooth the dispute over a working code for the steel industry, while in other quarters of his administration the pressure was tightened to draw the oil, coal and automobile industries in line with the Blue Eagle.

MURRAY'S TAX BILLS DOWNED

CIGARET TAX REPEAL, "SNOOPER" LAW, VOTED DOWN

(By The Associated Press)

OKLAHOMA CITY, Aug. 16.—Oklahoma again has voted its rejection of Governor William H. Murray's ideas of taxation.

Balloting repeal of 3-cent cigaret tax and so-called "snooper" tax assessment laws passed by administration forces in the last legislature, the electorate also overwhelmingly endorsed yesterday a reduction of the ad valorem tax limit from 43.5 to 27 mills.

Special Session Seen

Governor Murray, taking the stump, fought it out with his political foes on the first two issues. They agreed in urging support of the tax reduction measure, success of which, some authorities contend, will send a special session of the legislature on a hunt for new revenue sources this fall.

As for the repeal issues, it was the fourth time in two years that "Alfalfa Bill's" tax measures have met defeat at the polls.

A tabulation of returns from 2,179 of the state's 3,313 precincts showed today:

For the constitutional amendment reducing ad valorem taxes, 127,023; against, 16,343.

For repeal of the law to allow the state tax commission and the state board of equalization to go behind county assessments; 101,277; against, 42,740.

For repeal of the 3-cent-a-package cigaret tax law, 96,756; against, 48,376.

HENRY KIMBRO HERE

Henry T. Kimbro, former longtime resident of Lubbock and an ex-member of the Texas Tech directorate, is spending his vacation in this city, arriving last night. He expects to be here a week or two. Mr. Kimbro is now a member of the state industrial accident board and makes his home in Austin.

Bonds Of $100,000 Set For Bailey And 4 Others At Dallas

GOVERNMENT BEGINS TO "MAKE IT TOUGH" ON KIDNAPERS; BATES IS GUARDED IN DENVER

(By The Associated Press)

DALLAS, Aug. 16.—Lee R. Smith, United States commissioner, today set bond of $100,000 for Harvey Bailey and bonds of $50,000 each for four other persons held on federal warrants charging them in connection with the kidnaping of Charles F. Urschel, Oklahoma City oil millionaire, from his home last month.

Hearings for the five were held on the fifth floor of the Dallas county jail where they had been held since their arrest at a farm house near Paradise, Tex., Saturday.

Bailey Can't Get Bond

Bailey was brought before the commissioner first. The setting of bond for him was a formality for he is not eligible to bond because he is an escaped convict.

The other four, Mr. and Mrs. R. G. Shannon and their son, Amon Shannon, and his wife, were given a group hearing. After Smith fixed their bonds, they insisted that the amount was too high but expressed a desire to make it. They also asked for attorneys.

Plead Not Guilty

The prisoners will be held here pending removal to Oklahoma City on the kidnaping charges. The transfer can not be effected, however, except on orders of a federal judge in this district. The only such judge now is James C. Wilson at Fort Worth.

The three men and two women pleaded not guilty.

Bailey, attired in the dark grey overall garb of all prisoners, sat quietly while the commissioner read the charge against him. When asked if he had anything to say regarding the $100,000 bond, he answered: "That is plenty of bond but I have nothing to say."

DENVER JAIL GUARDED AFTER "TIP" TODAY

DENVER, Aug. 16. (AP)—Extra guards, armed with machine guns were on duty at the city jail today as Chief of Police Albert T. Clark and William Armstrong, captain of detectives, disclosed that they had received a "tip" that an attempt would be made to free Albert L. Bates, held here as one of the kidnapers of Charles F. Urschel, wealthy Oklahoma City oil man.

Bates was transferred to an isolated cell, Armstrong said, and special detectives, heavily armed, were stationed outside.

Armstrong also revealed that a watch was being kept for a 16-cylinder blue-back (Cadillac) sedan, reported seen at North Platte, Neb., at 1 a. m. today and believed to have been occupied by George (Machine Gun) Kelly, sought as Bates' partner, in the Urschel kidnaping. A blonde woman was driving the car, reports to Armstrong said.

SELIGMAN PLANS TO "CLEAN OUT" STATE

SANTA FE, N. M., Aug. 16. (AP)—Asserting New Mexico's lawless days are over, Governor Arthur Seligman warns the state is no harbor for criminals.

Stirred by reports of plans for bank robbery and kidnapings, one of which involved his grandmother, the governor pledged himself to "clean out every criminal element in the state." He gave particular attention to Lincoln county, where gun battles recently have brought death to several criminals and peace officers.

The governor revealed his son's home has been under guard after repeated warnings his 6-year-old granddaughter, Joan was to be abducted for ransom.

Close watch was being kept on the First National Bank here, on the theory a man who checked activities of the institution for several days from a vantage point in the plaza had been a spotter for raiders.

BARROW THOUGHT TO HAVE BEEN AT TERRELL

DALLAS, Aug. 16. (AP)—The sheriff's office reported today that Clyde Barrow and a woman believed to have been Bonnie Parker and three men companions were seen at Terrell, Tex., late Monday.

A filling station operator at that town reported that Barrow drove a sedan bearing a North Carolina license into his place and ordered a change of oil, gasoline and a check of the tires. He said one of the men helped a woman from the car. She walked with the aid of a man. The woman apparently was wounded, the attendant reported.

Barrow remained at the wheel

Roosevelt's Policy Of Inflation Still Pending

PRESIDENT SATISFIED WITH SWING UPWARD OF PRICES

(By The Associated Press)

WASHINGTON, Aug. 16 — Inquiries today at the White House on President Roosevelt's policy for inflation and a managed currency brought the response that there has been no change and that future action depends on conditions.

This was interpreted to mean that Mr. Roosevelt will only employ the inflation powers in his hands as is necessary to maintain the steady and regular upward swing in prices, which he wants.

So far, Mr. Roosevelt apparently is satisfied with the pace upward. His charts have shown a general levelling off between prices and wages with the average of 1910 to 1914 now prevailing.

The level of about 1924 to 1926 is the goal. Mr. Roosevelt gave indications he would pull the levers as he sees fit to reach that standard in prices, wages and living.

Under the inflationary provisions of the farm relief and mortgage refinancing act, President Roosevelt has the power to inflate the currency by three methods, including the issuance of currency, deflating the value of the gold dollar and the issuance of bonds.

HO! HUM! MAHATMA GANDHI BEGINS ANOTHER FAST; THIS TIME TO DEATH

(By The Associated Press)

POONA, India, Aug. 16—The Mahatma Gandhi began at noon today what he said would be a fast until death.

The little nationalist leader, was arrested August 1 at the outset of a new disobedience campaign and committed to Yeroda jail here for a year because he refused to obey a command to cease political activities, threatened to start the fast unless he was given full rights as a state or political prisoner.

At present he is treated as an ordinary prisoner, and certain privileges have been denied him. He had written the inspector-general of jails, asking for rights he enjoyed previously.

Thus he would be enabled, the Mahatma indicated, to conduct a campaign for the regeneration of the untouchables, as he did while imprisoned up to May 8 when he started a three-weeks' fast in protest against "untouchability."

It was believed that the Mahatma's new fast was due to the fact he has been unable to supply his usual articles to the press this week.

CHICAGO AREA IS CENTER OF MAN HUNT

SOUTHERN WISCONSIN'S HIDEAWAYS SCOURED BY POLICE TODAY

(By The Associated Press)

CHICAGO, Aug. 16.—A mobilized kidnap drive that began with the greatest man hunt in Chicago's history extended today to the southern Wisconsin hideaways of the Touhy gang and its subsidiary kidnaping syndicate.

Two score sharpshooters of the Chicago police department were rushed into the territory with orders to corral gangsters and kidnapers against whom detectives have been gathering evidence for weeks.

HOME GUARDED

DENVER, Aug. 16. (AP)—The Post says that the Colorado Springs home of Guy Waggoner, millionaire Fort Worth oilman and sportsman, has been under guard to prevent a feared kidnap attempt. Warned by a tip from Fort Worth, the Post says, Waggoner appealed to police and federal officers, who placed guards armed with sub machine guns at his home.

Death Threat Sent

In Chicago, a death threat to John Factor, millionaire speculator, was the kidnapers' answer to the attempt of 300 city, state and federal officers to capture two desperadoes who were met by police with a bogus ransom package in a western suburb yesterday. The suspects escaped after a gun battle.

Protected by a heavy guard at his hotel, Factor insisted he had no part in the police trap but that police had tapped his telephone wires, and thus learned of the ransom delivery plan.

Bogus Money Given

Factor was kidnaped several weeks ago and the money arranged to be delivered yesterday was part of the ransom agreed upon. The bogus package contained $500 in marked money.

"Factor could tell us the identity of the kidnapers, but he won't," said

Woman Is Held For Poisoning Kiddies

DETROIT, Aug. 16 (AP)—Mrs. Beatrice Stanley, who said her husband had been unemployed for two years, was held today following the poisoning of her three children.

Detectives said the woman told them she found only a dish of jelly in the home for breakfast, and decided "there was no use going on with it." They said she admitted placing poison in the jelly, but relented when the children became ill and called neighbors.

The children, Gordon, 8, Annetta, 7, and Jean, 5, were rushed to a hospital where physicians said they believed all would recover.

The detectives said Mrs. Stanley told them she intended to end her own life by taking the poison," after I made sure the children were dead."

Woman's Class Will Meet Thursday

There will be an all-day session of the Woman's class in First Christian church Thursday in the church annex. Two quilts are to be made to be sold and one quilt is to be made to be given away as a part of the class charity work.

Two Classes Have Meetings Tuesday

Social events here Tuesday included parties for the Gleaners class in First Baptist church and the Stephens Memorial class in First Presbyterian church.

The First Baptist Gleaners class attended a monthly party in the home of Mr. and Mrs. H. L. Allen, 2124 Seventeenth street. First Presbyterian Stephens Memorial class members met for a called meeting in the home of Mr. and Mrs. R. W. Amick, 2106 Eighteenth street.

The Baptist class party was a "white elephant" social and the guests exchanged gifts. Mrs. J. E. Ward, teacher, talked.

These Are Present

Those present were Mesdames H. C. Arbuckle, J. W. Mallory, C. E. Roberts, Ney Hunt, Lee Hinds, W. M. Peticolas, jr., O. G. Tumlinson, W. L. Metcalfe, Ford Benham, Claude Gray, A. T. D. Carnett, E. M. Calder of Kansas City, Mo., and R. J. Candler.

Officers of the class were hostesses on this occasion. They are Mesdames Metcalfe, Hunter, Mallory, Allen, Carnett and Allen.

Members of the Presbyterian class presented their teacher, J. C. Mench, and Mrs. Mench with gifts at their meeting. Business was transacted, also. Mr. and Mrs. Mench are leaving to make their home in Topeka, Kans. He has been teaching the class this summer.

Those present were Mesdames D. F. Wulfman, W. B. Hilliard, J. B. Waltrip, Roberta Doughtie, L. P. Lawrence, R. A. Woods, Eva Waddill, Joe Wilson, Adair Gossett, I. E. Barr, R. E. Overstreet and A. F. Schofield.

If youre boiling a ham and want to give it added flavor put half a cupful of vinegar and half a cupful of brown sugar, together with some cloves and you'll have a ham that is a ham.

'Spats' And Fine Stitches Feature New Shoe Styles

Here are some of the new notes in fall footwear. Bottom, a shoe containing a multitude of fine stitches—20,000 says its designer. The foundation is black kidskin and the stitching a dark gunmetal shade. Left, black kidskin is combined with eel gray kid suede in a side-lace oxford to give a spat effect. Right, eel gray kid ties go well with an eel gray crepe dress and velvet beret.

NEW YORK, (AP)—Fall styles in footwear, as displayed by metropolitan fashion houses, add several new notes for milady's shoes.

Spats are one; simulated spats, that is—not the old-fashioned gaiter. In some of the new spat shoes the bottom part is of black or brown kid with the upper part, which gives the spat effect, in a contrasting color—gray or taupe, for instance. Some have button fastenings while others are of the side-lace type.

Another mode uses 20,000 stitches—so its designer says—to give a new decorative effect. Sometimes the stitching is of colored silk to contrast with the leather. In some styles these minute sketches are used all over the shoe; in others stitched kid vamps are combined with plain quarters.

Bible Class Hears Talk Here Tuesday

Mrs. W. H. Trice taught a lesson from the book of Romans Tuesday afternoon when members of the Tuesday Bible class met with Mrs. C. A. Paulger, 1314 Avenue X.

Those who attended were Mesdames C. W. Ratcliff, N. A. Terrell, E. C. Milner, A. L. Harris, William Lowrimore, N. L. Ball, D. Mullins, M. H. Duncan, W. J. Seely, J. B. Rhodes, L. R. Wood, Eph Stevenson, A. L. Hawkins, H. W. Cherry, W. W. Ray, E. L. O'Neall, W. D. Haney, Misses Laverne Terrell, Veneta Haney, Arline Harris, Janette Ratcliff and Jane O'Neall.

Eastern Star Folk Attend Meet Here

There were 36 at a meeting of the Order of the Eastern Star Tuesday evening in the Masonic hall. Mrs. Ernest Nelson presided over a business session.

Among the out-of-town visitors were Mr. and Mrs. J. C. Mench of Topeka, Kans., and Miss Loraine McCarroll of San Angelo.

Methodist Class Has Picnic Tuesday

Members of the First Methodist Sunday school class that is taught by Mrs. William Dingus enjoyed a watermelon feast at Shannon park Tuesday evening. About 20 were in attendance.

CATTLEMEN SEEK MEETING TO WORK OUT MARKETING AGREEMENT PLAN

DENVER, Aug. 16 (AP)—A request that Secretary of Agriculture Wallace arrange a meeting for their committee and one of meat processors "as soon after August 25 as possible," to expedite conclusion of a marketing agreement was forwarded today to the secretary of agriculture by western livestock men. The livestock representatives adjourned late Tuesday their emergency conference which had been called at Mr. Wallace's request.

Resolutions were passed protesting Secretary Ickes' proposal to remove fences from grazing land in the public domain; asking congress to pass a new law for disposal of public lands and suggesting various remedies for problems confronting the sheep and cattle industry.

Proposition Condemned

The Ickes proposition to remove fences from the public domain, on the theory cattlemen with small herds would benefit, was condemned in the cattlemen's resolution, which declared such a scheme would stimulate cattle thievery, cause heavy losses by animals straying and would tend to spread disease among livestock.

Appointment of a committee of four was authorized in the resolution to "take whatever steps are necessary to defeat the secretary's plan."

The resolution on public lands asked for a new federal law which would give the states a choice of accepting outright public lands, including mineral rights, except properties under development, or else accepting them, in trust, from the government. In the latter case, the state and the federal government would divide the proceeds "equitably" when any lands were sold.

PANHANDLE PLANS RACES LABOR DAY

PANHANDLE, Aug. 16 (AP)—A racing event, which may be the first held in northwest Texas under the new racing bill, will open here September 1 and run through September 5.

It will be the regular fall program of the Southwest Race Meet and Stock show, which is three years old. The new certificate plan of betting, however, will be used for the first time. The new law goes into effect September 1.

The daily program will consist of about six races with purses totaling $400 or more. Efforts are being made to obtain a federal loan for improvement of the track, which already is considered one of the best in this section of the state.

The racing program is held twice annually and has become an attraction in this region. The average attendance at the spring meet was estimated at 2,500, a number greater than the town's population.

Spirea Bush Grows Through Button

"What a wonderful difference this soap made in my complexion," says Miss Rogers. Like thousands of women, she has found the secret of greater loveliness—alluring skin! 9 out of 10 screen stars have used fragrant, white Lux Toilet Soap *for years* because it's such a wonderful aid to complexion beauty.

A Lovelier You

Now scientists explain WHY. They say: "Skin grows old-looking through the gradual loss of certain elements Nature puts in skin to keep it *youthful*. Gentle Lux Toilet Soap, so readily soluble, actually contains such precious elements—checks their loss from the skin."

And lovely Joan Bennett tells you, "Lux Toilet Soap keeps my skin smooth, young-looking, clear." Whynotfollow her complexion care? Begin today!

WALLACE SAYS NATION WILLING TO MAKE WHEAT AGREEMENT

(By The Associated Press)

WASHINGTON, Aug. 16.—Secretary Wallace said this country was prepared to accept "any reasonable plan for European cooperation" involving the reduction of wheat production" which is satisfactory to Canada, Australia, and Argentina."

Wallace made his statement at a press conference after receiving a report from Henry Morgenthau, sr., American delegate to the London Wheat conference, which is scheduled to reconvene at London on August 21.

May Subsidize Exports

At the same time, Wallace said that unless a program of international reduction of wheat production was obtained, this country was prepared to proceed with a program of "subsidized exporting" in order to remove its surplus of the grain.

"Subsidized exporting" in effect he described as similar to "dumping" except that the program he had in mind would involve assurance that this country could export near the amount of its normal exports rather than in excess of normal exports. If the program involved exportation in excess of the normal flow of grain out of this country "dumping" would be the correct term, Wallace said.

Meeting On Wheat Plan Is Postponed

Postponement of a meeting of county agents, scheduled to have been conducted today and Saturday in Plainview, to next week, to begin Thursday noon, August 24, and close Saturday, August 26, was announced late Tuesday from extension department headquarters at College Station.

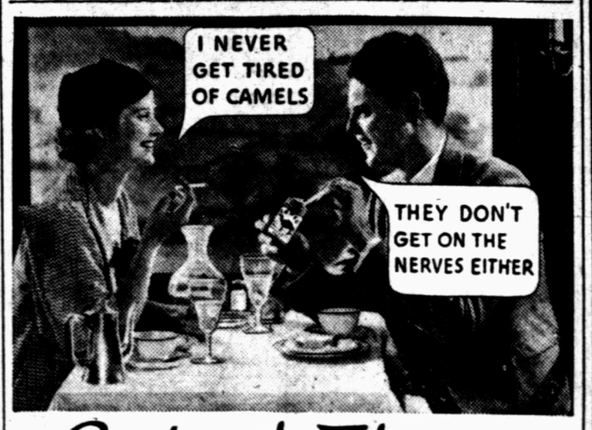

The meeting was called to discuss the proposed wheat allotment plan. Postponement was made because formal announcement of the plan will not be made by Secretary of Agriculture Wallace until August 22.

County agents in some 40 counties in the Panhandle-Plains territory are to meet and discuss ways and means of handling the 1934 wheat crop. The government is offering to take out of production a portion of the next crop.

Pigs Repay Civil War Loss

Capt. Thomas Jefferson Davis, aide to the army chief of staff, received two pigs sent by Lieut. John B. Sherman, a grand nephew of Gen. William T. Sherman, in payment for porkers stolen from the Davis estate by the civil war general's raiders on their march to the sea. Davis promptly named the pigs "whisky" and "soda" when they were delivered in a crate to his war department office in Wahsington. (Associated Press Photo)

SECRETARY OF TREASURY WOODIN IS RUNNING HIS OFFICE BY TELEPHONE

BY GARDNER L. BRIDGE
Associated Press Staff Writer

NEW YORK, Aug. 16. (AP)—The "boss" having told him to remain away from Washington another month, to avoid unfavorable climate conditions, Secretary William Woodin will continue to run the treasury department by telephone from his New York apartment until September.

The smiling treasury head said he suggested to President Roosevelt at Hyde Park last week that he return to the capital this month, but the president said "nothing doing."

"The boss keeps after me to take it easy," Mr. Woodin said today, in his breezy, informal manner. "He is very sympathetic and understanding."

But the secretary of the treasury can't take things easy. There is too much work to be done.

"The telephone starts ringing at about 8:30 in the morning and we stay on it sometimes until midnight or later."

Mr. Woodin laughed, and then added, "I wish you could see my secretary upstairs. He has enough work to keep him busy for two days."

The treasury secretary, who took office at a time he believed to be the most crucial since the days of Hamilton, declared the complex machinery of his department was running "like clockwork."

J. FRANK NORRIS IS TO SPEAK HERE

Known as an uncompromising foe of the liquor traffic, Rev. J. Frank Norris, pastor of the First Baptist church of Fort Worth, will speak at 8:30 o'clock Saturday night on the courthouse lawn here, George R. Bean, chairman of Lubbock county prohibition forces, announced late Tuesday.

"The meeting will be held on the courthouse lawn and there will be plenty of seats for those who attend," Mr. Bean said. "The place will also be lighted."

Location is the southwest corner of the lawn. Previous meetings have been held here.

John L. Ratliff, attorney and vice-chairman of the county dry forces, will preside and introduce Mr. Norris.

The last time the Fort Worth minister was in Lubbock for a public address was during the 1928 political campaign. He is well known throughout the state.

Blow-Out Proof!

RIVERSIDE TIRES

have LATEX WELDED CORDS

(100% PURE LIQUID RUBBER)

which prevent Cord Separation . . the cause of blowouts

Do you know this? An average size tire goes round *395 times every minute* at only 35 miles an hour! Think what happens when you drive at this speed—or faster! Friction develops scorching heat inside your tires! In many tires other than Riversides this heat separates cords! It weakens the tire, forms internal blisters! When you hit a rock or a bump . . . BANG! A blowout!

You need the *added* protection Riversides give you! Riversides' Cords—the heart of the tire—are made from extra strong, long staple, premium cotton Every cord in every ply is dipped in LATEX—100% pure, liquid, virgin rubber. This welds the cords into a super strong unit! It gives Riversides the strongest tire carcass made! It prevents cord separation . . . the *cause* of blowouts!

Why We Save You Money

Of course Riversides are made in one of America's largest and best tire factories. BUT—they come *direct* to us—*minus* the manufacturer's selling and general overhead expense. That's a saving. The second saving comes from Wards low cost method of distribution. These two reasons explain why we sell high quality tires for less. It's simple to figure out for yourself why Riversides are better in quality, mileage, and safety than any other tire at the same price.

*RIVERSIDE TIRES will not blow out under normal road conditions during the life of the tread if they are kept properly inflated in accordance with the specified air pressures.

Cord Separation

This shows how cords inside tires other than Riversides are separated by heat. Cord separation causes internal blisters, weakens the tire. A blowout is the result! Riversides are Blowout Proof because of Latex dipping!

Latex Dipping

By an extra process, every cord in every ply in all Riverside tires is dipped in Latex. This welds the cords into a super strong unit that defies cord separation and blowouts!

For your protection every single Riverside tire is guaranteed by Wards to give service that is satisfactory to you. No time limit! No mileage limit! A tire *has* to be extra good—*has* to be extra safe to be backed by the strongest tire guarantee ever written!

SPYING ON SPORTS

BY COLLIER PARRIS

Local and South Plains tennis players who wish to enter the Northwest Texas tournament, scheduled to start Monday, are requested to so signify within the next day or so. Official entry blanks are appearing at intervals on this page and in the Morning Avalanche sports page. They are to be filled in and mailed at once to Renford Taylor, tournament manager, or to this department.

• • •

It should be a pretty fair tournament. Some out of town stars have indicated they will be here. Appropriate prizes will be awarded. Play will be centered on the Texas Tech courts, which will be worked and groomed especially for the occasion. So all you ambitious Cuppers file your entry now let the tournament management get a line on the number of new tennis balls to order.

The annual City Open golf tournament for Lubbock players gets under way before long. Qualifying starts August 26 at the Meadowbrook club, and runs a couple of days. Shot-makers of the city are warned to keep in practice and be fit for one of the biggest golfing events of the local season. By special permission, several golfers are qualifying this and next week. Scores won't be announced till Aug. 27.

• • •

The Country club championship tournament has been postponed. Originally scheduled to begin last Saturday, the joust was temporarily discarded, apparently because nobody had taken any steps toward pushing the event. The Country club seems to be in a state of disorganization at present, which is not a good thing to follow upon the heels of a highly successful early season. For one thing, there seems to be an unusually large and unnecessary number of "bosses," yet no one or two of 'em will come to the front with a definite statement regarding how things are to be handled.

• • •

Resignation of John Edmisson as chairman of the tournament, or greens, committee has left the club organization in something of an uproar, or a state of dormancy—we don't know just which. Nobody seems willing to take the responsibility of giving orders and seeing that they are carried out. This is, of course, no discredit to President Wesley Read or to Edmisson. The latter's business activities, he said in his resignation statement, would take too much of his time. Johnnie, to our way of thinking, did a nice job of handling things while he was in office. It's about time now, however, that somebody took the Country club bull by the horns and tossed him for a loss.

• • •

Speaking of golf, Texas is going to be well represented in this year's National Amateur at Cincinnati. Gus Turner Moreland heads a cast of five determined athletes who will make things hot for the simon pures. The state could not be better represented, Bill Parker, the Texas A. P. scribe, notices, unless Dennis Lavender and Davis "Spec" Goldman could be included. In Leland Hamman, "Shorty" Long, Jack Munger, Gus Moreland and Reynolds Smith, the state is sending five golfers to the National who really can shoot par and subpar golf on anybody's green pastures. Moreland, in talking over the prospects of a National champion for Texas, discoursed as follows:

• • •

"I believe we all will qualify at Cincinnati. Hamman is the most improved youngster in Texas today. Long has the experience and the shots. He will be a dangerous man in match competition once he gets through the medal round. Jack Munger gained just the confidence he needed by winning the National interscholastic championship. Reynolds Smith, to me, is equal to Johnny Goodman or any other outstanding star when it comes to match play. We have four fellows with the shots and the nerve going to Cincinnati, and I would not be surprised to see them all make a commendable showing.

"As for me—well, I am just one of the five and will be pulling for Hamman, Long, Munger and Smith just as they will be pulling for me."

• • •

Modest fellow, this Moreland. And he's doing something that he hasn't done in two years—practicing his shots. Every afternoon, from two to four hours, he may be seen out at the Dallas Country club, practicing shots with all his clubs. It's a new wrinkle for him. He usually doesn't practice a bit, except for hitting a few extra balls before qualifying rounds. With a little practice, or a big lot, he might shoot some real golf.

The area of Alaska is nearly equal to that of Texas, California, Montana, Maryland and Delaware.

LARGE FIELD EXPECTED IN NET PLAY

NORTHWEST TEXAS TO SEND PLAYERS HERE FOR TOURNAMENT

Although entries are trickling in slowly two days before deadline, officials of the Northwest Texas tennis tournament expect a fairly large field of contestants here next Monday to compete in the biggest tennis event scheduled on the South Plains this season.

The tournament, designed to restore to this section a once popular West Texas tennis joust as an annual affair, is due to start Monday morning at the Texas Tech courts with some of the ace racqueteers of this immediate section and of other tennis centers of West Texas and New Mexico.

Deadline Saturday

The deadline on entries originally was set for tomorrow, but has been moved up to Saturday, August 19. Local players who plan to enter the tournament are requested to signify their intentions as early as possible.

Arrangements have been made to provide rooms and meals for out of town entries at a nominal cost. Matador Hall, home of the Texas Tech athletes, will be available during the three-day tenure of the tournament.

Entries should be mailed at once to Renford Taylor, 2422 9th street, Lubbock, Texas, or to the Avalanche-Journal. A small entry fee will be required of all participants. Attractive prizes will be awarded winners in singles and doubles and in consolation rounds. All amateurs of West Texas and New Mexico are eligible.

Univ. Of Mexico To Have Yale Mentor

MEXICO, D. F., Aug. 16. (AP)—The University of Mexico is to have a football coach again next year through the generosity of Harry F. Sinclair, wealthy oil man.

Allen Converse, former Yale player, will arrive here late this week, Leopoldo Noriega, manager of the team, announced today and take charge of the squad that already has practiced a month on its own. Converse's home is in Greenwich, Conn.

Sinclair underwrote last year's football program here and also the season of 1930, when Reggie Root, now head coach at Yale, taught the Mexican youths the principles of the United States game.

Mexico's first game is scheduled with Mississippi college Sept. 23 at the Century of Progress exposition in Chicago as an adjunct to "Mississippi day."

ARCHER USES HIS FEET TO BREAK RECORD; SHOOTS ARROW FOR THIRD OF A MILE TO PROVE HE'S MODERN ROBIN HOOD

BY ELLIS RAWNSLEY

DAYTON, O. Aug. 16. (AP)—Robin Hood, Little John and William Tell were well-known archers in their day, but their names are not in the record books so there is no way of telling whether young Curtis Hill, of Dayton, is champion of them all.

At any rate young Hill knows something about sending the "cloth-yard shaft" high and far.

In the Ohio archery meet at Cincinnati he shot an arrow 503 yards, two feet, 4 3-4 inches—nearly a third of a mile.

Keeps His Promise

"I am going to keep right on trying to better this record. It really gets under your skin to see that arrow going some place," he said, and then as if to make his words good he sent the shaft spearing through the air at the national meet in St. Louis for a new record—518 yards.

As far as anyone knows such a record never has been equaled before with a bow and arrow in a free-style event. At any rate it beats the modern mark of 466 yards set last year by Homer Prouty, of Portland, Ore., in the Oregon state meet.

Hill uses a peculiar method and "stance" in his long distance shooting.

Powered By Feet

Instead of the conventional bow, held in one hand and drawn with the other, he uses one of his own devising—a foot-power or stirrup-type bow.

To shoot it, he sits on the ground, hitches his feet through stirrups in the center of the powerful bow, notches his arrow, and then draws. Before he lets go his back is almost touching the ground, the arrow point pulled back almost to the bow itself. When he lets go, the arrow is off almost too fast to see.

As a matter of fact Hill doesn't see it, for when he lets go he naturally bumps hard to the ground.

Something of the power behind one of these arrows may be judged by the fact taht Hill exerts a pull of about 130 pounds, as compared to the 50 or 60 pounds used in most men's bows for target shooting.

The bow is made of Ohio orange wood, and his 28-inch arrows are of Norwegian pine.

Neither the long bow of the ancient English foot soldier nor the crossbow of William Tell is used by Curtis Hill, of Dayton, O. It is a stirrup bow and he has shot 518 yards, a modern record, lying in this prone position.

NEW POLICY ON BOXING TO BE PLACED IN EFFECT IN MADISON SQUARE RING

BY EDWARD J. NEIL
(Associated Press Sports Writer)

NEW YORK, Aug. 16. (AP)—John Reed Kilpatrick, in the World war a colonel decorated for his bravery, in years before that an end at Yale, stood forth today as the new president of Madison Square garden on a platform as simple as it is strange to the boxing business.

"Let's take boxing out of the class of big business," he says. "Let's make it a sport again. Let's get rid of chicancery and double dealing."

Banquets Writers

He stood at the head of a banquet table meeting the sports writers of New York for the first time. And into his words he put all the power of the 190 pounds that rode him into football fame.

Col. Kirkpatrick succeeds William F. Carey, who resigned several weeks ago after picking up the reins of boxing's $7,000,000 corporation where Tex Rickard dropped them in 1929.

"The only thing I know about boxing," he said, "is what seems to be the manager's first rule of matchmaking—never accept a bout for your fighter with any other fighter who has even the faintest chance of beating your man.

Going To Experiment

"There are 15 or 20 fine matches around that anyone can name. But we can't make them. So we're going to experiment. In the past we've gone about pairing fighters secretly, finding out who owned the various pieces of him, then trying to deal with him.

"Now we'll try something else. We're going to publish a list of matches we want to make. Then we'll tell you for publication the trouble we have, what prevents making them. We'll see what happens. If we can't make a go of it then, well, the boxing game is lost."

Far down the banquet hall sat James J. Johnston, the garden matchmaker, and he shook his head sorrowfully at these words.

"He's such a nice man," he said. "He has come into this business a peaceful man, a strong man. But I want to be around when he tells that to Carnera and his brain trust.

"A year from now he'll be gray and bent, and he won't dare pick up the papers in the morning for fear he'll have to read what's been written about him."

TWENTY-ONE NEW PUPILS JOIN FREE GOLF CLASS HERE

Twenty-one new pupils registered for the Avalanche-Journal and Meadowbrook free golf school yesterday as Professional Joseph W. Byrne continued his series of lessons in fundamentals.

The total enrollment now is 281, including men and women, boys and girls, beginners and veterans.

Yesterday's lessons, the third and fourth of the series, found the players hitting the ball for the first time. The first lessons dealt strictly with fundamentals of the swing, the stance and grip of the club. Balls went flying far and near yesterday, and caddies had a busy day recovering the pounded pellets.

According to close observers and veteran golfers, nearly all of the beginners are showing strong tendencies toward becoming regular and able golfers. They're taking after it seriously, yet they are having a lot of fun!

The school is free to anybody and everybody desiring to attend. Classes meet at 8:45 o'clock on Tuesday and Thursday mornings and at 6:15 o'clock on afternoons of the same days. Ambitious players who have not attended the school thus far are invited out on Thursday, at either or both classes. Everything is free, and no tax at all is charged. Even clubs are provided for players who lack them.

Additions to the school yesterday were Mrs. B. B. Baron, Mrs. R. J. Cobb, Maurine Jons, Mr. and Mrs. R. J. Chandler, Mrs. K. L. Riggs, Glenn L. Wallace, Orion W. Carter, J. O. Galber, Mrs. Neil C. TUESDAY BIG DAY IN SOFT BALL IN CITY AS FANS WITNESS FOUR GAMES

Following a heavy day in which eight teams attracted hundreds of fans to four playing fields, member teams of the Lubbock Softball association are idle today. No games are scheduled in either league.

Three games were played in the American league yesterday, one contest in the National league.

In the National league, Meinecke Bros. Hardware team defeated Kuykendall Chevrolet, 15 to 10. Hule-Ribble, Lubbock Printers and A. W. McKee company were victorious in American league games, defeating Weiss-Truck Terminal, Hotel Hilton and Quicksall-Pryor respectively.

Wholesalers Run Wild

In an American League game originally scheduled for today but played yesterday by agreement, A. W. McKee defeated Quicksall-Pryor, 16 to 6. Heavy scoring in the second and fourth innings turned the tide of battle in favor of the Wholesalers after the Auto Parts team had taken a lead with three runs in the first. A. W. McKee company scored seven times in the second and seven in the fourth.

Hule-Ribble defeated the Weiss-Truck Terminal, 12 to 8, in a fairly close game. The winners scored three runs in the first, and the inning ended with the Truckers three runs ahead. After that the Hule-Ribble defense tightened and allowed runs in only one inning, the fifth, when two more were pushed across. Three in the fourth and three in the fifth put Hule-Ribble ahead.

Printers Win, Anyway

The Lubbock Printers, who were scheduled to play Hilton Hotel last week and played the Weiss Motor company by mistake, defeated the Hotel team in a postponed game, 12 to 7. Three runs in the second inning overcame a lead and put the Printers ahead. They emphasized the lead in the third inning with four runs, although the Hotel crew scored three in that inning. Two in the fourth and three in the sixth was enough to make the victory decisive for the Printers.

The lineups:

A. W. McKee—Wood, Knight, Dlwell, Stalnaker, Allen, Higgins, Ingram, Kerr, Watkins, Tosh and Morgan.

Quicksall-Pryor—Scott, lss; Powers, 3b; Price, p; Allen, lf: Leaverton, 1b.; Lawson, 2b; Barton, cf; Alexander, c; Hamilson, rss; Lowery, rf.

EYES ON LOU GEHRIG AND BRAVES

YANK SLUGGER IS DUE TO SET NEW RECORD ON THURSDAY

BY HUGH S. FULLERTON, JR.
Associated Press Sports Writer.

While American league baseball fans had their eyes turned toward St. Louis and Lou Gehrig's approaching record, those who follow the National league were watching the Boston Braves today and wondering if they would nominate themselves as official "softeners" of the western clubs for the New York Giants.

Gehrig, who played his 1306th consecutive game with the New York Yankees and set the batting pace with three hits as they beat the Browns 8 to 5 yesterday, was due to equal "Deacon" Everett Scott's major league durability record today, barring rain, injuries or other mishaps.

Tackle Giants Next

The Braves started their home stand against the third place Chicago Cubs in a manner which reminded fans of their famous 1926 feat, when they bumped all four western clubs in succession and practically took charge of the pennant race although they finished in seventh place. Yesterday their stunt was to make five hits off Guy Bush good for a 2 to 1 victory over the Cubs, first of three western pennant contenders who visit Braves field before moving on to New York to tackle the league leading Giants in their current tour.

Every one of Boston's hits counted in the scoring while Ben Cantwell managed to hold Chicago to a single unearned run for his 16th victory of the year although he gave ten blows. Two hits produced a Brave run in the second and with the score tied in the ninth, Buck Jordan and Wally Berger hit singles and Randy Moore came through with a double to send in the winning tally.

Cards Trim Phillies

This result dropped the Cubs a full game behind the idle Pittsburgh Pirates and kept the Braves close behind the fourth place St. Louis Cardinals, who won the only other game on the National league program. With Bill Hallahan pitching six-hit ball, the Cards trimmed the Phillies, 5 to 1.

The Yankee victory, gained largely through a five-run rally in the fourth that drove Jack Knott to cover and aided by Herb Pennock's relief pitching when Johnny Allen weakened, served only to keep the World champions 5 1-2 games behind Washington. Trailing the Chicago White Sox in the early innings, the Senators whaled Sam Jones for four hits and three runs in the sixth and went on to win 5 to 1. Al Crowder helped himself to his 19th victory of the season by starting two Washington rallies.

A prospective mound duel between Grove and Wes Ferrell turned out to be a slugging match as the Philadelphia Athletics beat out the Cleveland Indians 8-7. Ferrell yielded 14 hits while the Indians inserted six extra base blows among their nine off Grove. The Boston Red Sox evened their series with Detroit by a 5-3 victory as they rapped Fred Marberry for three doubles in the eighth to tally three runs after the big flinger had started the inning with a walk.

CASEY STENGEL IS REPORTED TO BE IN LINE FOR MANAGER OF BROOKLYN

(By The Associated Press)

NEW YORK, Aug. 16.—The railbirds entered a new candidate today in the race for the job of managing the Brooklyn Dodgers next season, a job that for no other reason than that the club is going terribly has been taken from Max Carey by unanimous consent of all but the club owners.

The club officials, in fact, have denied that they intend replacing Carey either this season or next, but the baseball sharps believe a new manager is certain to be named.

The latest nominee is Casey Stengel, coach with the club, who managed Toledo in the American association after his big league outfield career with the Dodgers, Pirates, Phillies and Giants was through. Gabby Street, recently replaced by Frankie Frisch at the Cardinals' helm, also has been mentioned.

Painstaking analysts point out that Stengel is peculiarly fitted for the job of managing Brooklyn. He once startled a park full of people when he doffed his hat at the plate in solemn acknowledgement of a tribute, and a small bird flew out. He had caught it in the outfield during his spare moments.

HAMBLETONIAN TO BE RUN OFF TODAY

GOSHEN, N. Y., Aug. 16 (AP)—The little town of Goshen today paid homage to the memory of its equine "first citizen," Hambletonian 10th, with the seventh renewal of the Hambletonian stake, a $40,000 race that is considered the "Kentucky derby" of light harness racing.

Hambletonian 10th, an ancestor of about 95 per cent of the trotters and pacers who complete in the grand circuit races here and all over the country, was born near Goshen and now lies not far from the village with an imposing monument to mark his resting place. Because of this fact, Goshen and William H. Cane, the Hackensack, N. J., contractor and sponsors harness racing at Good Time park, annually outbids all other towns for the great race of the year and sees 30,000 or more horse lovers pour into a town of perhaps a tenth that size.

The largest crowd ever to see the Hambletonian was expected today as the advance sale of seats and the bookings at the town's two inns and every private house that was open to visitors indicated a record turnout.

A dozen three-year-old trotters, the largest field since the year the stake was inaugurated, was named to start and there was not an outstanding favorite on the list.

As word swept over the embattled city of Havana th at the tyrannical regime of President Gerardo Machado was at an end, thousands of joyful celebrants swept in to the presidential palace to loot and destroy. The result of the mob's frenzy is strikingly pictured abo ve. Windows and doors were smashed; rich furnishings pulled down and carried away; state papers an d records tossed into the court in a littered mass. Here you see members of the mob searching the de bris, and others carrying loot from the palace.

MORE QUESTIONS ON WHEAT PROGRAM ANSWERED; PLAN IS TO BEGIN SOON

EDITOR'S NOTE:—This is the last of three articles putting in question and answer form details of the voluntary domestic allotment plan now being put into effect for wheat.)

* * *

WASHINGTON, Aug. 16. (AP)—Where a farm is operated under share lease, how are benefit payments for reducing wheat acreage to be divided?

In the same proportion as the division of the crop under the existing lease. If a tenant has a cash lease he gets the payment.

If a tenant's lease expires at the end of this year's harvest and he moves will he receive any benefit?

Yes, if an allotment is made for the farm he leaves he is entitled to share in the first payment which will be a benefit on the crop grown this year.

When does the tenant who moves onto that farm, agreeing to reduce acreage on it the next two years, get his reward?

Next year.

How much will the 1933 payment be?

Not less than 28 cents nor more than 30 cents a bushel on the farmer's allotment, less expense of county administration, estimated at not more than two cents.

When will the 1933 payment be made?

The first installment about September 15, 20 cents a bushel; the second of not less than eight cents, following proof that the farmer did reduce his wheat acreage for harvest in 1934.

What is the penalty if a producer receives payments and then fails to reduce his wheat acreage?

His contract is cancelled, he receives no further payment and any made to him must be returned.

Can a producer sell or transfer his allotment to another producer who has signed a contract.

No. Allotments apply to particular farms.

Permit Is Granted For New Theater

Looking to establishment of another theater here, J. J. Clements, as contractor, was authorized at the city building inspector's office Tuesday afternoon to remodel a building at 1116 Broadway for Mrs. W. A. Mauldin, the owner, at a cost of $2,300.

The Broadway address is that announced Saturday by W. A. Maudlin, of the Lyric theater management, as the location of a theater to be known as the Ritz, to have a seating capacity of 500.

The building permit was the 81st here this year. The 81 permits foreshadowed an aggregate expenditure of $125,147.

REGAINS PRE-WAR LEVEL

BERLIN (AP)—New census figures disclose that Germany's manpower has been restored to normal.

The shortage of men cause by the world war has been made good and the normal proportion of sexes restored.

The latest statistics show an increase of 5 per cent in the number of men and of 3.8 per cent in women. For every 1,000 men there now are 1,060 women, compared with 1,073 in 1925, when the previous census was taken, and with 1,101 in 1919.

NRA IS UPHELD BY DECISION

JUDGE DENIES A PLEA FOR INJUNCTION FOR OIL REFINERS

(By The Associated Press)

WASHINGTON, Aug. 16. —The National Industrial Recovery act, keystone of the Roosevelt rehabilitation plan, has weathered its first court test.

Justice Joseph Cox of the District of Columbia supreme court returned a decision indirectly upholding the principle of that act because he believes that "all laws, including the constitution, should be read in emergencies in the light of the law of necessity."

Refiners Sought Injunction

A group of oil refiners, led by F. W. Fischer of Tyler, Texas, sought an injunction to keep Secretary Ickes from enforcing orders prohibiting the interstate shipment of oil produced in violation of state regulations. The orders, they said, were unconstitutional.

Without directly discussing the constitutionality of these orders, issued under the recovery act, Justice Cox ruled:

"In the law, it is recognized that necessity confers many rights and privileges that without the necessity might not be conferred. It is said that self-preservation is the first law and this principle, in some degree at least, seems to extend to governments.

Safety Supreme Law

"There is another maxim that 'the safety of the people is the supreme law' and all these must be considered in dealing with emergencies.

"Congress has declared that a great national emergency exists and has invested the president with extraordinary power to meet that emergency."

Consequently, Cox said the Ickes orders "look as if they are the means of the secretary carrying out the executive order of the president" and denied the plea for the injunction.

Miners Union Said To Be Communistic

GALLUP, N. M., Aug. 16. (AP)—Edward S. McGrady, assistant NRA administrator, advised city officials here today the government was not sure of the affiliations of the National Miners union against which the city was prepared to take "drastic action" on the ground it was "communistic."

McGrady in a telegram said: "It has been rumored they have an affiliation with communist parties. Of this, however, we are not sure."

His message was in reply to a request sent by the town board to Gen. Hugh Johnson, NRA administrator, asking for information about the union and its activities after the board had denied organizers of the union permission to hold a benefit dance here Saturday night.

NRA EMPLOYERS SHOW INCREASE

NEW YORK, Aug. 16. —(AP)—The number of Blue Eagle employers in the New York metropolitan district drew closer to the 200,000 mark today, and at least two other districts in the country also were up in the six figure class.

More than 8,000 signed agreements received yesterday brought the New York district total to 183,262. This district includes Connecticut and New Jersey, as well as New York.

The Blue Eagle, symbolic of the NRA program of shorter hours and more buying power, has been awarded to 131,566 employers in the Illinois-Iowa-Wisconsin district, according to latest available reports. The concerns affected employ 1,087,961 people.

Pennsylvania, another large industrial area where figures were available, had 112,483 employers under the sign of the eagle.

Among the available state totals of NRA employers were:

Arkansas, 14,228; New Mexico, 3,449; Oklahoma, 23,616; Texas, 79,075.

CLAM FISHERMEN BUSY

LANSING, Mich. (AP)—Clam fishing also is feeling the effects of the business uptrend, say officials of the Michigan conservation department. In a little less than seven months this year 225 clam fishing licenses had been granted by the department, as compared with 190 at the same time last year.

An almost complete skeleton of a mastadon has been recovered from Wakulla, Spring, near Tallahassee, Fla. It is exhibited by the state geological department.

"I'M SPOILED NOW FOR ANY CAR BUT Plymouth"

A CERTIFIED INTERVIEW WITH OFFICER HARVEY HAYES, DELAWARE STATE POLICE STATION No. 2, WILMINGTON, DELAWARE

"I had one of the boys clock me. She's good for 60 in second—85 in high!"

"Most cars eat oil at that speed—but after a run—my gauge reads 'full'."

"Some power plant there, boy! And it doesn't keep you broke running it."

"How do the boys like it? Well, six of us at this station have Plymouths of our own! And we get plenty of chance to judge cars on this job."
"I Couldn't Stand My Old Car after Driving a Plymouth on Duty"
THEY'VE had three Plymouths at Station No. 2. Harvey Hayes drives one of them.
And pushing his own "old crate" home (to use his words) didn't thrill him any after riding behind Floating Power from noon till midnight.
Now he has his own Plymouth. So have five others out of the eleven men at his station.
As Officer Hayes put it, they're all "spoiled" for anything else now—after learning first hand how Plymouth flashes away on pick-up, slips in and out of traffic, and brakes to smooth, quick, even stops in the tight spots.
You can see for yourself how smooth Plymouth is—how easily it handles—how quickly it responds to the accelerator. You can sample Floating Power engine mountings—hydraulic brakes—rigid-X double-drop frame. Just "look at all three" low-priced cars...ride in them and compare them.

Mistaken Idea

That three-day sham battle held in and about Tokio recently for the "spiritual education" of the Japanese people seems to have been designed to show that only through possession of a dominant navy can the Japanese escape the terrors which a new war might inflict on the civilian populace.

To a certain extent, of course, that may be true. But the militarist is given to overstating his case, and he seems to have done so in this instance.

The fact that England had, overwhelmingly, the world's greatest fleet during the World War did not save London from the horror of air-raids. It did not even save her North Sea coastal towns from bombardment by hostile cruiser squadrons. English women and children were blown to bits in their homes, not because England's fleet was inadequate—but simply because such things are an inevitable part of modern warfare. The only sure way to avoid them is to avoid war itself.

IN case you've missed this column in the last two issues of The Journal and wondered what it was all about, here's the answer: The Plainsman has been eating off'n his wife's kinfolks ever since last Sunday morning, returning to this bustling metropolis Tuesday afternoon.

They had a kind of reunion over in Motley county's wide open spaces where the longhorns, the shorthorns and the good, old Texas steers are now selling for next to nothing at all. And among the excess baggage was your humble servant.

However, he took part in all the ceremonials, distinguishing himself mightily in the general vicinity of the fried chicken.

* * *

There was just one fly in the ointment.

The Plainsman spent Sunday night hearing an unusually good young preacher at the First Baptist church of Matador, when he should have been at the First Baptist church here where an opinion, expressed last week in this column, furnished at least a part of the evening's dissertation.

The Rev. R. C. Campbell had a big time romping on 'the local two-by-four editor' who made the very grave error of writing a truth which didn't happen to appeal to the pastor.

* * *

WELL, ever since getting back, The Plainsman has been kidded on all sides by people wanting to know if he and Mr. Campbell had made a swap — if Mr. Campbell will give this column publicity from the pulpit in exchange for this column's giving the pastor publicity for his Sunday evening services. They recall that The Plainsman helped make Mr. Campbell a nationally known preacher a year or so ago, in the big Tech atheism rookus, and seem to think that, in a spirit of fair play, The Plainsman should give Mr. Campbell some more space here.

So here goes, an open letter to Mr. Campbell:

* * *

"Dear Bob: Sorry I wasn't in town for Sunday night, for I sure would have been there to hear you. In fact, I'd have missed the fried chicken and cow herding activities at Matador on Monday and would have stayed here, because I sure have been informed by lots of people that you were going good and are a swell judge of editorial ability.

"As far as I am concerned, I think you've got a right to have your opinions and to express them and I'm going to have mine, and express them—although I can't qualify as an expert judge of preaching.

"I'm sure you haven't changed your mind, since Sunday night, in regard to voting for beer and am equally as sure I haven't changed my mind about what I wrote last week that gave you the inspiration for a popular part of your Sunday night address.

"I still think it would be dumb for Lubbock county to stay dry with Texas wet, to see our county knee deep in illegal beer at high prices with nothing for revenue, and to have a lot of our business shunted off to nearby counties where beer would be legal.

"Honest, I'm getting a big kick out of this. Everybody who agrees with me is giving you a fit and those who agree with you are sure on my old sore back. But we ought to be able to stand it; we develop thick hides in these jobs we're in, eh Bob?

"I'm sorry this letter comes so late but I didn't know what had been going on until I got back yesterday afternoon. But believe me, I've heard plenty about it since!

"In all good humor and yours for bigger circulations, more reader interest, bigger Sunday night attendances and collections,

"The Two-By-Four Editor."

JUST the other day The Plainsman commented at length in this column favoring the inclusion of school teachers in general, and those of Lubbock in particular, in the NRA move for higher wages.

Since that time he has run across an idea of Dr. Clyde R. Miller, director of the Bureau of Education Service, of Columbia university, which is right down the same alley.

Doctor Miller would:

1. Include the building and maintenance of the schools under the public works system. He points out that if the purpose of public works is to get people back to work and keep them there, nearly 90 per cent of the ordinary local school budget goes for salaries and wages.

2. Rally America's million teachers as one of the most important potential propaganda forces for the New Deal.

3. Take immediate cognizance of the increasing bond of sympathy between unpaid teachers and unemployed high school and college graduates.

* * *

That school teachers compose a vital force in the life of any country will not be denied by those who reflect upon the statement.

And that they can help the New Deal tremendously, is also true.

But on top of these things there is a more important angle:

They have just as much right to aid as anybody else—and a whole lot more than some.

Yes, Yes—Go On!

Miners Recall Strike In 1922 And Ignore Lewis; Charge Betrayal In Old Case; Government Makes Direct Appeal

Evening Journal's Washington Correspondent

WASHINGTON, Aug. 16 — The striking miners of Fayette county, Pa., have a good memory.

That's why they didn't go dashing back into the mines when President John L. Lewis of the United Mine Workers ordered them to do so after signing a strike truce with the government and the subsidiary of the Steel Corporation which employs them.

Butcher

There was a long, bitter national coal strike in 1922 when coal operators announced wage reductions and union miners sought renewals of contracts. A remarkable outburst of union organization occurred in many non-union fields, with little or no help from the U. M. W. One such field was Fayette county, whose miners joined the strike.

• • •

Miners Charged Betrayal

But when the strike settlement was negotiated the newly organized fields were left out of the settlement. Lewis couldn't settle for anyone outside his previously organized territory.

Fayette miners, left to shift for themselves, charged betrayal. Since then they've worked for about two-thirds of the basic pay prevailing in union mines 50 miles away.

Recently they have oganized again under the U. M. W., demanding union recognition from the coal companies. But their allegiance to Lewis is slight. They wouldn't return to work merely on his sayso. Realizing that it would do no good to send Lewis, Administrator Johnson dispatched NRA Labor Advisor E. F. McGrady to Fayette in the belief that they would listen to a direct appeal from the government.

Sherman's Pigs

There's a story behind that embarrassing shipment of two black pigs which Capt. Thomas Jefferson Davis received at the War Department from Lieut. John Sherman, great-nephew of the General Sherman who marched to the sea.

Davis is aide to Chief of Staff Douglas MacArthur—at whose office the pigs were delivered—and Sherman is aide to Gen. P. L. Miles.

On inauguration day Sherman was standing directly behind Miles. Davis, who had been kidding Sherman about the pigs Great-uncle Sherman's troops had stolen from the Davis South Carolina estate, demanded that Sherman salute a confederate flag coming up the street.

"If you don't," Davis said, "I'll push you against Miles so hard he'll fall into the street."

So Sherman saluted, but swore to get even.

Officials of NRA explain their slip-up on the laundry code by citing the speed with which they have to work.

They okayed a temporary code—labor representatives as well as industrial representatives.

Then a lot of people began to roar, chiefly newspapermen. The code contained a $6.30 weekly minimum wage for female laundry workers in the south — a rate far below that provided in any other approved code.

So the NRA quickly withdrew its approval.

McKEAN, Pa.—Drouth, crows and passing motorists made Si Hancronnie despair of harvesting any of his corn crop. He set up a scarecrow and one day carelessly hung a pail on it.

Later, while pulling up stalks, he found the bottom of the pail covered with dimes, quarters and half dollars he believes were left by motorists in exchange for ears of corn.

John Gets Attention

NEW YORK — Rumors of everything from murder to kidnaping upset Richmond Hill, Queens — all because John Ramm, five years old, played a game of hide and seek with himself.

He climbed into the rumble seat of an automobile, slammed the cover shut and then couldn't open it. His two little sisters ran screaming down the street, crying that John was dead.

A homicide squad and an emergency squad pried John out.

Why Dog Days

CHICAGO—Maybe hay fever was responsible for their being called "dog days." Canines, may contract hay fever.

Veterinarians at their 70th annual meeting learned that sneezing and coughing in dogs quite often may be due to hay fever and other allergic complaints. The solution is to take out of your pet's diet the food which causes the allergic reaction—or send him to the north woods.

With 'Whiz' BARRY Under The Capitol Dome

BY R. W. BARRY
Associated Press Staff Writer

AUSTIN, Aug. 16 (AP)—Dr. Amelia Williams of the University of Texas has undertaken an interesting but difficult task.

Her aim is to collect, edit and publish the papers of General Sam Houston. She wants to record his letters, speeches and the articles he wrote for newspapers.

Already, she and those associated in the work with her have collected, copied and partially edited some 2,500 documents, covering upward of 12,000 pages of typed copy.

Dr. Barker Supervising

Dr. E. C. Barker, of history department at the university, is supervising the project. Cooperating with Dr. Williams are Mrs. M. A. Hatcher and Miss Winnie Allen, archivists of the university library.

The object in accumulating the Houston letters and papers is to make them easily available to students and writers of Texas history and biography.

Dr. Williams said "volumes have been written about Sam Houston, all more or less in partisan vein, according to the point of view the outhor chose to take of his subject."

None Satisfactory

"It is not surprising that none of these 'Lives of Houston,' has proved satisfactory to the earnest student, because all show the lack of a thorough knowledge of the many-sided subject," said Dr. Williams. "Indeed, students are now agreed that no satisfactory biography of Sam Houston can be written until Houston's own writings are collected, so that the writers may be guided not so much by what others have said about that versatile man, as what he himself shows forth of his ambitions, aims and purposes in his own writings.

"One may wonder why a collection of Houston materials have never been attempted before this, since for more than 30 years, Texas history practically centered itself about this man's life. Probably the chief reason for this long delay is the fact that this project is no small task, and students of history have realized its difficulty."

Covered 50 Years

Dr. Williams pointed out that Sam Houston's writings are voluminous, covering a period of 50 years, from 1814 to 1863, and are broadly scattered.

Dr. Williams estimated that more than half of the Houston material known to exist has already been brought together. Valuable writings of the general, however, known to be extant, have not yet been obtained. She said they are in possession of individuals in many states, treasured for various reasons. She explained that the originals could be retained, only copies of the documents being desired.

"Rare documents, like precious gems, gain nothing in value by being buried away from the sight and knowledge of the world." Dr. Williams said. "Hazards of fire, and decay, are persistent enemies to precious old documents. Once destroyed the facts and the records that would enrich the knowledge of the world are gone, unless copies of the originals have been made and preserved."

Then there was the fellow who quit the sausage-manufacturing business because he couldn't stand the grind.

DAILY MARKETS

Cotton Market

NEW YORK COTTON

NEW YORK, Aug. 16. (AP)—Cotton opened barely steady, 3 lower to 2 higher with steadier cables offset by favorable crop advices. Oct 8.87; Dec. 9.07; Jan 9.15; Mch 9.30; May 9.49; July 9.61.

There was some selling of near months and buying of later deliveries at the start, but offerings increased right after the call. Expectations of a favorable weekly weather report and the opening decline in the grain market influenced the decline. December cotton sold off to 8.96 and May to 9.57 and the general list was 9 to 13 points net lower at the end of the first half hour.

The market advanced late in the day on covering and trading buying, futures closing firm, 12-21 higher. Spot quiet; middling 8.65.

The weekly report of the weather bureau indicated that conditions during the past week had been generally favorable for cotton, and selling continued active later in the morning.

Stop orders were uncovered as prices eased off and while there was covering and trade buying on a scale down, the market appeared to be without much other support. December sold off to 8.66, and May to 9.11, making net losses of 35 to 44 points and was within a few points of these figures around midday.

NEW ORLEANS COTTON

NEW ORLEANS, Aug. 16. (AP)—Cotton opened steady, 2 to 4 points up today in response to better cables and higher sterling. Additional buying entered the market, mainly induced by higher cables, and October traded up to 8.84 and December 9.07, or 6 to 7 points above yesterday's close.

Later considerable hedge selling and selling by ring traders developed and October dropped to 8.75 and December to 8.98, or 9 points below the previous close. Later in the first hour the market was steady but at the lows.

The market ruled weak all morning. The decline was due to rather heavy hedge selling, owing to the increased movement of new cotton and also to rather liberal liquidation by longs induced by weakness in stocks and wheat. By the time offerings had been absorbed, October dropped to 8.35 and December 8.88, down 49 points from the early highs and 42 to 43 points below yesterday's close. Near midsession the market rallied on covering by shorts, October recovering to 8.50 and December to 8.73, uj 15 points from the lows but still 27 to 28 points below yesterday's close.

Stock Market

WALL STREET REPORT

NEW YORK, Aug. 16 (AP)—After tip-toeing cautiously through cloudy fields of grain and cotton, security markets stumbled over further real and imaginary uncertainties today and slipped rather abruptly to lower price levels.

Most trading eyes were centered on Chicago where the board of trade authorities pulled the "peg" on previous restrictions and wheat, corn, oats, rye and barley dropped the full allowable daily limit. Wheat at Winnipeg also sagged around 2 cents a bushel. Cotton, apparently in sympathy with the grain situation, slumped about $2 a bale at one time. Bonds were heavy. The dollar was steady in foreign exchange dealings.

Stocks mulled about rather dully until about noon when a half-hour selling flurry toppled the list for losses of 1 to around 5 points. The rush was short-lived and most of the leaders steadied and regained portions of their declines. Issues off 1 to 3 or more included Allied Chemical, Western Union, Case, U. S. Steel, Union Pacific, American Telephone, National Distillers, U. S. Industrial Alcohol, American Can, U. S. Smelting, Santa Fe, New York Central and others.

Declaration of the regular quarterly dividend by American Telephone seemingly was a minor influence. This action on the disbursement had been expected in Wall Street notwithstanding the company's failure by a substantial margin to earn the payment in the first half of 1933.

Livestock Market

FORT WORTH REPORT

FORT WORTH, Aug. 16. —(AP)—Trading in slaughter cattle was slow but sales were about steady here today. Calves were active with prices steady to strong and 10-15 higher in spots. Hogs were steady to 5 higher. Sheep were slow and steady with quality lacking.

Cattle: 1,500; two loads medium weight steers 4.65; one load 4.85; 2-year-olds 5.35; some yearlings 5.50-6.00, load lots around 4.65; medium to good yearlings 4.00-75; plain 3.50; canner and cutter cows 1.35-60; butchers around 2.00; few cows 2.50-75; weighty bulls 2.35; light bulls 1.50-75.

Calves: 700; one load 343 lb calves on order 4.25; better calves around 4.00; plain calves 3.00-75.

Hogs: 1,500; one load 235 lb rail hogs 4.35; truck hogs 4.25; bulk 175-240 lb good to choice butchers 4.00-25; packing sows 3.00-25.

Sheep: 1,200; supplies very light.

KANSAS CITY MARKET

KANSAS CITY, Aug. 16 (AP)—(U. S. Dept. Agr.)—Hogs 5,000; 240 lbs. down, steady to 5 lower; heavier weights dull; top 4.10 on 180 to 230 lbs.; good and choice, 140 to 250 lbs., 3.00 to 4.10; packing sows, 275 to 550 lbs., 2.60 and 3.05; stock pigs, good and choice 70 to 130 lbs., 2.75 to 3.25.

KIDNAP DRIVE

(Continued from Page One)

Chief of Detectives William Schoemaker. "I don't blame him much. He probably would be killed in an hour if the kidnapers believed there was any danger of his doing so."

Although police were secretive as to the exact destination of the Wisconsin hunt, it was indicated they believed the two men who escaped from the Factor ransom delivery trap were in the Wisconsin resort district.

Several kidnap victims, including William Hamm, jr., St. Paul brewer, believed they were held captive in the area. Roger Touhy and three henchmen have been charged with the $100,000 Hamm kidnaping.

A massive police trap carefully set for a gang of kidnapers snapped futilely but authorities today claimed new evidence of interlocking connections between organized abductors for ransom in far flung sections of the country.

Three days of preparation, the blue printed scheming of city, coun-

GOOD CLIP IS IN PROSPECT

SHEARING IS STARTED THIS WEEK ON BIG FALL MOHAIR CLIP

SAN ANGELO, Aug. 16. (AP)—Dry weather makes a good mohair clip and shearing of the 6,500,000-pound fall yield begins generally this week. A few bags are now in warehouses at Del Rio, Brackett, Uvalde and Kerrville.

Ranchmen say it is one of the best clips in many years.

Some contracting has been done at 30 cents for adult hair and 40 cents for the kid. Shearing prices range from 4 to 5 cents a head for goats.

While 40 cents a pound is the highest contract for kid hair reported signed there are many ranchmen looking for another rise in the price. Two goat buyers in the Menard country last week were offering $1.25 and $1.50 a head for mutton goats in the hair but found no takers. Counter offers of $1 a head out of the hair were likewise refused by the buyers.

Improvement in the goat industry is reflected in the rising price of billies—with the average around $20 now—and the fact that land in the goat country is difficult to lease, where a year ago some of it went begging.

BANKING REPORT

that on August 12 there were yet closed or operating on a restricted basis, 909 national banks having deposits of $964,304,000; 95 state member institutions, with deposits of $204,134,000; and 1,866 non-member institutions, exclusive of mutual savings banks, with deposits of $1,005,365,000.

The composite picture shows deposits in open banks of $31,737,728,000, while a total of $2,163,803,000 was tied up in closed or restricted banks.

PROPHECY ON NRA

(Continued from Page One)

buy or sell, save he that had the mark or the name of the beast, or the number of his name."

The next verse says that the number of the beast "is six hundred three score and six."

The two pastors who did not interpret the verses as applying to NRA and its Eagle were Dr. Jack M. Lewis, of the First Presbyterian church and the only Doctor of Divinity occupying a Lubbock pulpit; and Rev. Jeff D. Welch, pastor of the Central Baptist church. Rev. O. W. Carter, pastor of the Asbury Methodist church declined to comment without making a careful study of Revelation.

"No," said the Rev. Mr. Welch, "I am sure in my own mind that the verses do not apply to the present National Recovery Act agreement. I have received a number of inquiries, have studied the question quite a bit and have mentioned it twice in sermons. I have decided that the sign of the Blue Eagle is not 'the mark of the beast' and have so advised my church members.

Doctor Lewis said that careful study might add to a clarification of the interpretation of the Biblical verses but that he "cannot bring myself to believe Revelation applies to the NRA, nor can I see a clearly prophetic fulfillment in NRA from the verses mentioned in the last Book of the Bible".

The Presbyterian pastor characterized the National Recovery Act as "one of the finest methods possible to help the nation out of its financial difficulties."

Efforts to get other ministerial opinions were made both Tuesday night and this morning. Other pastors called but not contacted were:

Rev. C. A. Bickley, presiding elder of the Methodist church; Rev. Walter P. Jennings, First Christian church; Rev. R. C. Campbell, First Baptist church; Rev. J. O. Haymes, pastor, and Rev. Marshall Rhew, educational director, First Methodist church; Rev. R. M. Hocker, Church of the Nazarene; John T. Smith, minister, Church of the Nazarene; Jonn T. Smith, minister, Church of Christ; and Rev. C. J. McCarty, Calvary Baptist church.

The question of Revelation as applied to NRA first bobbed up in Muskogee, Okla., on August 3, when a retailer declined to sign the code, giving as his reason the Biblical prophecy. He agreed, however, to operate his business under code agreements but declined to display 'the mark of the beast.'

Ball Player In The Making

Little Billy Walton aspires to twinkle as a star on the diamond. His first instruction is coming from his dad, William H. "Tubby" Walton who makes quite a showing on the ball field. The elder Walton is a patron of the sandlot players and when he isn't out with the youngsters he tends to his restaurant business in Atlanta. (Associated Press Photo)

GINNERS' MEET IS POSTPONED

South Plains ginners, tentatively scheduled to meet here Saturday, have postponed their gathering until after the national code for ginners has been completed and approved, George Simmons, vice-president of the association, said today.

"I received a card this morning from R. E. Patterson, Lockney, president of the South Plains group, who said the meeting was being indefinitely postponed," said Mr. Simmons. "He said the meeting would not be held until after John C. Thompson of the Texas Cotton Ginners association returns from Washington."

Ginning will not start here for another 30 days, Mr. Simmons pointed out. By that time the code is expected to be completed and accepted by NRA officials, Thompson is to be at the meeting here.

Abilene is holding a meeting Thursday. Several South Plains ginners are expected to attend.

CRITICISM MADE ON ESCHEAT LAWS

AUSTIN, Aug. 16 (AP)—Failure of public officials charged with enforcement of the escheat laws to do their duty is losing much needed money to the state, Moore Lynn, state auditor, said in a statement citing instances of negligence.

He said he believed there are hundreds of tracts of abandoned land that should be escheated to the state.

Lynn said he had investigated "certain potential oil lands in East Texas that apparently had escheated to the state, or was subject to escheat."

He also said there are hundreds of thousands of dollars in state and national banks that should be escheated to the state if definite information were available by means of reports, and if effective procedure were provided by law.

As an example, he said he believed "there are still in banks thousands of dollars of unclaimed funds left by victims of the Galveston disaster of 1900.

Two Negroes Face Pro Law Charges

Charged with possession of liquor, O. C. Winfree and Aline Winfree, negroes, this morning were preparing to post bond of $300 each, set by Justice of the Peace J. S. Connell.

Constable L. H. Holt and Deputy Constable Nat Mullins said 54 bottles of beer, half a gallon of whisky, and some brewing equipment were confiscated Tuesday afternoon in a raid, in which they arrested the negroes, in the 200-block of Eighteenth street.

BODY IDENTIFIED

EXETER, N. H., Aug. 16 (AP)—Identification of the nude and dismembered body of a woman found in a thicket at a Hampton Falls roadside today was made positive by Dr. L. H. Jacobs, a dentist, who said a set of false teeth found in the mouth was made by him for Mrs. Louise Palmer, 50-year-old nurse and textile worker.

E. church for his sermon tonight at the revival being conducted on the lawn of the Asbury M. E. church, Avenue T and Twentieth street, Rev. O. W. Carter, pastor, said this morning.

Good crowds, and on several occasions crowds that taxed the seating arrangements in the open air east of the church building, have been attending, the pastor said. The place is lighted for night services. Music features the services. The choir leads, with Jess Woffard, director, in charge and Mrs. H. T. Wilkins presides at the piano.

Mrs. C. A. Bickley is conducting a young people's meeting. An average of 66 have attended for several nights.

Models will be Misses Pauline Jarrell, Floyce Apperson, Katie Lou Allen, Johnnie Margaret Taylor, Mary Sargent and Mrs. Virda Lee Davis.

Foster Daughter Is Charged Here Today In Kidnaping Case

An Oklahoma woman and her small half-brother were sought this morning after Mrs. Ethel Hope, mother of the child, had signed a complaint charging her foster daughter with kidnaping him.

The woman sought is a daughter of E. H. Hope, 1206 Thirty-fourth street, by a first wife. Mrs. Ethel Hope, mother of the boy, Billie Don Hope, recently sued E. H. Hope for a divorce.

Mr. Hope's daughter came here from her home, 30 miles west of Oklahoma City, to see her father, as he was sick, and about 3 o'clock this morning she left with her small half-brother, Sheriff Tom Abel said he was informed.

Burton S. Burks, assistant district attorney, this morning filed a complaint, charging the Oklahoma woman with kidnaping, in Justice of the Peace J. S. Connell's court.

NOTICE OF BANKRUPT'S PETITION FOR DISCHARGE

In the District Court of the United States For the Notrhern District of Texas, In The Matter of Thomas Pope Pool, Bankrupt. No. 217 in Bankruptcy.
Office of Referee, Lubbock, Texas, Aug -ust 14, 1933.

Notice is hereby given that Thomas Pope Pool of the County of Terry, and district aforesaid, did, on the 14th day of August, 1933, file in the Clerk's office of said Court, at Lubbock, a petition setting up that he has been heretofore duly adjudged a bankrupt under the act of Congress approved July 1, 1898; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said acts and of the orders of the Court touching his bankruptcy, and praying for a full discharge from all debts against his estate in bankruptcy, save such debts as are excepted by law from such discharge.

On considering the above mentioned petition, it is ordered that any creditor who has proved his claim, and other parties in interest, if they desire to oppose the discharge prayed for in said petition, shall, on or before the 14th day of September, 1933, file with the Referee for the Lubbock Division of said district, a notice in writing of their opposition to a discharge in the above entitled cause.

NRA MEETING IS CALLED

PUBLIC MASS MEETING TO BE HELD FRIDAY NIGHT IN DALLAS

(By The Associated Press)

DALLAS, Aug. 16.—Texas cotton ginners and North Texas druggists met here Tuesday to discuss codes of fair competition for their respective industries, while Maury Hughes, member of the National Recovery administration committee for Texas, called for a public mass meeting to enlist support for the NRA.

The mass meeting will be held here Friday night.

Representatives of the national drug institute preached salvation of the drug industry through cooperation of retailers, wholesalers and manufacturers under a general code prepared by the institute.

Speakers Heard

The meeting here of North Texas druggists, one of 35 such being held in the United States under the supervision of Ray Whidden, chairman of the institute's membership committee, was presided over by H. C. Burroughs of Dallas. Speakers were J. Ben Critz of Dallas; Frank H. Garnett of Council Bluffs, Ia.; Thomas Roach of Oklahoma City; and Earl Means of New York.

Means said the code drafted by the institute was planned to keep wholesale, retail and manufacturing establishments in line.

The institute officers went from here to Houston, where a similar meeting was planned.

Drive Discussed

A drive to bring the entire Texas ginning industry under the president's blanket code pending adoption of a specific national code for the industry was discussed at a meeting of members of the Texas Cotton Ginners' association in this district.

A meeting for West Texas ginners will be held at Abilene Thursday morning with W. J. Ely of Snyder, president of that division, in charge. The ginners agreed to enter the president's agreement, accepting his minimum wage of $2.40 a day for common labor, but excepting his provisions regarding working hours, pointing out that the seasonal nature of their business makes it imperative to have a 12-hour day temporarily.

Hughes expected that Clyde O. Eastus of Fort Worth, United States attorney for this district, would be back from Washington in time to address the mass meeting here Friday on provisions of the blanket code.

More than 3,000 complaints had been made to the United States attorney's office were regarding violations of codes allegedly made by Dallas employers and it was expected Eastus would take prompt steps to investigate these.

PHARR SAYS HE IS TO SEEK ELECTION

Homer L. Pharr, judge of 72nd district court, of Lubbock last night definitely announced he would be a candidate for the post of United States representative from the new 19th congressional district.

Judge Pharr said a formal statement of his candidacy, and of a platform, would follow. He definitely decided to enter the race after receiving requests from friends in the district, he said.

Pioneer Minister Is Buried Tuesday

LAMESA, Aug. 16.—(Special)—Funeral services for Rev. D. G. Wells, 74, who died here late Saturday, were conducted at the First Baptist church in Lamesa, Tuesday morning, by Rev. E. F. Cole. Burial was in a Big Spring cemetery.

The Rev. Mr. Wells was a pioneer Baptist minister and widely-known in Texas and Arkansas. He had held many important pastorates in the two states.

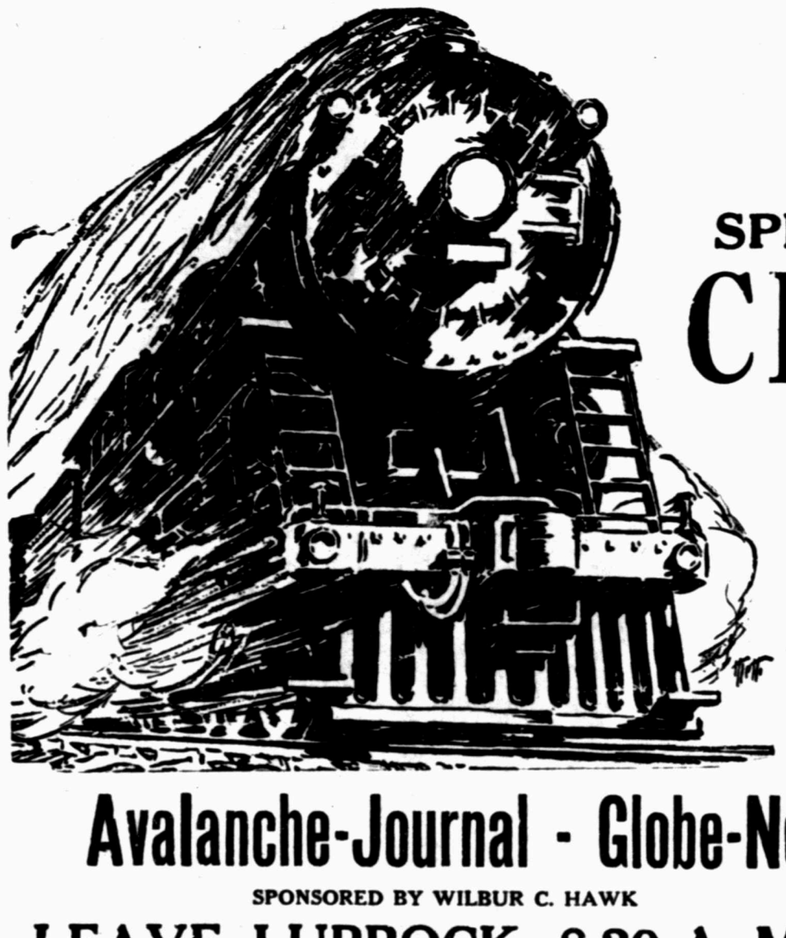

One of his five daughters is Mrs. Minnie Fickas of Lubbock. He also is survived by his 96-year-old mother, who lives at the birthplace of the Rev. Mr. Wells, Gurdon, Ark. Other survivors are Sid Wells, a son, of Corpus Christi; and the daughters, Mrs. John Priddy, Stanton; Mrs. Grace Bray of Lamesa; Mrs. Howard Hodge of Midland, and Miss Alma Wells of Cisco.

An "eat more fruit" campaign started in Great Britain in 1922 is considered successful, the importation of apples having more than doubled between 1921 and 1932.
