Braves Win World Series As Burdette Blanks Yankees

THE SNYDER DAILY NEWS

VOL. 8, NO. 140 — SNYDER, TEXAS, THURSDAY, OCTOBER 10, 1957 — FOURTEEN PAGES—PRICE 5c

Braves Take Finale, 5-0

NEW YORK (AP)—The Milwaukee Braves won the World Series today by crushing the New York Yankees, 5-0, in the seventh and deciding game behind the brilliant pitching of Lew Burdette.

A four-run splurge, highlighted by Eddie Mathews two-run double, in the third inning, gave Burdette all the batting help he needed. Del Crandall added a solo homer in the eighth.

The righthander stopped the Yanks cold with seven hits to become the seventh pitcher to win three games in a seven game World Series. The last man to accomplish the feat was Harry (The Cat) Brecheen of the St. Louis Cardinals in 1946.

Burdette beat the Yanks 4-2 in the second game, and 1-0 in the fifth game, each time yielding seven hits. He blanked the Yanks for 24 consecutive innings also. The Yanks scored on him last in the third inning of the second game.

An error by rookie third baseman Tony Kubek, a Milwaukee resident, proved costly to the Yankees and starter Don Larsen, in the Braves' big third inning.

After Burdette had fouled out to lead off the third, rookie Bob Hazle lit the blaze by singling. Johnny Logan hit a sharp grounder to Kubek whose throw to second pulled Jerry Coleman off the bag. Coleman's relay to first was too late to get Logan.

Mathews then brought a roar from the 61,207 fans by lashing a double to the right field corner, scoring Hazle and Logan. Larsen, who last year pitched the only perfect game in World Series history, was replaced by little Bobby Shantz.

Harry Aaron, the mighty Milwaukee slugger, drilled a single through the middle of the diamond to score Mathews. Wes Covington followed with another single to send Aaron to third. Hank came home with the fourth run on Frank Torre's high chopper to Gil McDougald at short. Felix Mantilla flied deep to right to end the decisive spree.

Burdette, a fidgety, 6-2, 180-pounder, simply annihilated the Yankees with his breaking pitches except in the first, sixth and ninth innings. In between the first and fifth innings he retired 11 straight batters.

He ended the brilliant performance on a dramatic note when the Yankees loaded the bases with two out in the ninth. Bill Skowron hit to Mathews who made a sensational backhanded stop and stepped on third to force Jerry Coleman and end the game.

It was the first time the world championship had gone to a Western club since Cleveland beat the Boston Braves in 1948.

Halfway Mark Is Reached In Drive

About $19,400 has been turned in so far in the various drives of the 1957 Scurry County United Fund campaign.

With all but one drive now kicked off, the campaign has now reached the halfway point of its goal of $38,934.

The division yet to get its drive underway is the county-wide group, headed by M. L. Andress and Ross Williams.

Starting this morning was the industrial employe division headed by M. L. Broman, which is due to make its first reports in a few days.

The business employe division, headed by Charles Hooser, had its drive about half finished today, with employes of many businesses pledging an hour's pay each month. Many of those businesses were qualifying for United Fund Citizenship Awards.

The school division, headed by W. A. Mayfield, reported this morning that it has so far raised $2,325 and is not yet finished, according to Paul Keaton, general campaign chairman. No other reports were immediately available by divisions.

The advance gifts division, of which Lyle Deffebach is chairman, and the general business division, headed by E. H. (Ab) Williamson, were still at work, and reports were still coming in today from workers in those divisions.

Possibility Of 3rd Party Is Disclosed

HARRISBURG, Pa. (AP) — Gov. George Leader said today there is a "fair possibility" of Southern Democratic leaders forming a third party for the 1958 or 1960 elections as a result of the school integration dispute.

"Either they (Southern Democrats) have to stand for what the Democratic party stands for or form their own party for what they stand for," the Democratic governor said.

"I don't think the Democratic party can adjust to situations such as Little Rock, brought on by Southern Democrats."

Leader asserted his administration is doing all it can to prevent outbreaks of racial violence.

U. S. Ready For Talks On Satellite Controls

UNITED NATIONS, N.Y. (AP)—The United States declared today it is ready to begin multilation talks immediately on steps to harness space missiles for peace.

The statement was made by Ambassador Henry Cabot Lodge as the U.N.'s 82-nation Political Committee plunged into a detailed debate on disarmament.

Lodge asserted the United States was willing to separate the discussion of space missiles from the general disarmament debate and proceed with it independently.

The Lodge delegate reminded the committee that the United States 10 years ago had taken the initiative in proposing international control of atomic energy. If this proposal had been accepted, he said, widespread international anxiety could have been avoided.

"We now have a similar opportunity to harness for peace man's newest efforts in outer space," he said. "We have therefore proposed to work out an inspection system that will be a sufficient guarantee that such missiles will be used exclusively for peaceful purposes.

"The United States is prepared to join in this initiative without awaiting the conclusion of negotiations on other substantive issues."

The United States with Britain, France and Canada, had proposed in the London meetings of the U. N. Disarmament subcommittee that the supervision of space objects be included as a part of a general disarmament agreement.

Lodge told the committee international control of the newest devices of science—outer space missiles—was urgent because they can either be restricted to peaceful uses "or they can be used to blow us to bits."

"We already know that the prospect of an outer space missile armed with a nuclear warhead is too dangerous to ignore," he added.

On other phases of the disarmament problem, Lodge said:

1. The United States would agree to suspend nuclear tests only after the Russians had agreed in principle to other related matters, including a ban on the production and stockpiling of atomic and hydrogen weapons.

2. The United States is ready to halt the production of fissionable materials for weapons purposes and to reduce its armed forces as soon as proper safeguards can be set up to prevent surprise attacks.

3. The United States wants to keep the disarmament talks going in the Five-nation Disarmament subcommittee, which includes the United States, the Soviet Union, Britain, France and Canada.

4. The United States feels there is no cause at this stage for despair, despite wide differences which still persist between the Western Powers and Russia.

Lodge was followed by Japanese Ambassador Koto Matsudaira who formally presented a proposal for suspension of nuclear tests.

"As a porblem of peacetime," Matsudaira said, "we cannot ignore the effects of radiation resulting from test explosions."

Sputnik's Rocket Is Seen In U. S. Today

NEW HAVEN, Conn. (AP)—A moonwatch team here spotted the Russian satellite Sputnik's third stage rocket today in the first such sighting in the United States.

Two men atop the New Haven State Teachers College building saw the rocket at 5:23 a. m. EST as it moved in the sky some 650 miles behind Sputnik itself.

The rocket, larger than Sputnik, was used to give the satellite a final push that sent it spinning around the earth. Observers consider both it and Sputnik as earth satellites. Sputnik still hasn't been seen in this country.

"It looked like a star moving across the heavens," said James Plato, the first man to see the rocket. He is a telephone equipment engineer and has been an amateur astronomer for 20 years.

"It could not have been seen with the naked eye, but appeared to be about as bright as a third magnitude star," Plato said. "It was in our field vision for 30 or 40 seconds. It seemed to be moving slowly."

Plato and other members of the moonwatch team had been trying for the past several nights to spot the elusive Sputnik.

They used a 5.5 power wide field telescope to sight the satellite in the northwest part of the sky at an altitude of approximately 40 degrees from the horizon, or nearly halfway between the horizon and the zenith.

Plato carefully refrained from saying he had seen the satellite until his observation was confirmed by the Smithsonian Astrophysical Laboratory at Cambridge Mass., some hours later.

As Plato saw the satellite in the early morning skies, he pointed it out to Dr. Robert U. Brown, head of the New Haven moonwatch team and professor of science at the college.

Both Brown and Plato described the satellite as a small, bright object which had some perceptible movement but did not appear to be moving fast.

Until the Smithsonian laboratory which claims the New Haven team as its Station 87, confirmed that the sighting was of the satellite, Brown and Plato were not sure whether they had seen Sputnik or the final rocket which sent it whirling around the earth.

Demo Party Members To Meet Here

A meeting of all Scurry County Democratic party members has been scheduled for 7:30 o'clock tonight in the district courtroom of the Scurry County courthouse, Frank A. Wilson, county Democratic party chairman, said.

J. Ed Connally, state chairman of the Dallas for Democrats drive, will adress the group.

Wilson said the meeting will be held to achieve greater party harmony, broaden the base of party giving, get an up-to-date mailing list of active Democrats, and to give every Democrat in Texas a chance to participate in the statewide drive by contributing at least one dollar for each voting member of the family.

Congressmen Omar Burleson, Anson, has been invited to attend the meeting.

It's 'Flu Manchu'

SANTA MONICA, Calif. (AP) — It may be known elsewhere as Asian flu, but among hospital staffers here it is called Flu Manchu.

Barbecue Planned Here On Tuesday

A "barbecue for all" will be a major event on the Oil Progress Week schedule here.

The event is scheduled for 5:30 p.m. Tuesday at the high school football stadium, under sponsorship of the local Oil Industry Information Committee, headed by Harold Lacik of Warren Petroleum Corp.

Honored guests will be two West Texas Congressmen, Rep. Omar Burleson of Anson, and Rep. George Mahon of Lubbock.

Rep. Mahon represents Scurry County in the U. S. House of Representatives at present, but Scurry is being shifted to Rep. Burleson's district under the redistricting measure passed by the last session of the Texas legislature.

During the program, tribute will be paid to Rep. Mahon for his long service in Congress as representative of Scurry County's district. At the same time, Rep. Burleson will be welcomed and local citizens will get an opportunity to meet their new congressman.

The Snyder High School band will be on hand to play during the program. There will be no admission charge for the event.

Bill By Cox Introduced In Trial Today

AUSTIN (AP)—The state reopened its case in the bribery trial of former Rep. James Cox of Conroe today with a witness who testified Cox's bill to outlaw naturopaths died in committee during the last Legislature.

Cox is accused of agreeing to accept a $5,000 bribe to kill his bill regulating naturopathy.

Mrs. Adele Jacobs of Dripping Springs, calendar clerk of the House of Representatives who keeps daily track of legislation, told the jury Cox's bill was introduced Jan. 29, 1957—near the beginning of the session.

It was referred to the Committee on Public Health, of which Cox was a member, and no public hearing was held on it. The bill died in committee.

Miss Sybil Dickinson, chief of the administrative division of the secretary of state's office, produced the original of the bill which was sent to that office for recording.

The defense then offered its first witness, Naul Sandall of Navasota, who said he had represented the Missouri Pacific Railroad at legislative sessions since 1929. He is a friend of Cox.

House Speaker Waggoner Carr, a state witness yesterday, testified Cox had said nothing about trying to trap anyone. Cox's defense will stress is plea that he agreed to accept the bribe as part of a plan to trap "crooked lobbyists."

'Little Rock Nine' Given Safe Escort

LITTLE ROCK, Ark. (AP) — Nine Negro students were escorted without incident today into Central High School for another day of racially integrated classes.

Half a dozen federalized National Guardsmen crossed the campus with the Negroes. Several score white students looked on. There was no demonstration.

Aside from the presence of the troops and the knotty issue which keeps them there, conditions at Central High were edging back toward normal.

SPOT MUSE

LAKE J. B. Thomas caught about a quarter of a foot of water yesterday afternoon from rains the day before.

Reports this morning were that the lake's elevation now stands at 2,252.77 feet or slightly more than five feet below the service spillway level.

Before rains on the watershed, the elevation was 2,252.51.

The water had stopped running into the lake.

SNYDER FOOTBALL fans had best be on their good driving behavior on the way to and from the Breckenridge game tomorrow. The Dept. of Public Safety probably can be counted on to have some radar units along the way — they did last year for the Snyder-Graham game, and business was brisk. Snyder motorists are being urged to leave soon enough to eliminate any necessity for speeding. It will save the price of a speeding ticket, and it might save a life.

FILMS OF THE OIL INDUSTRY are available at the Snyder Chamber of Commerce office to clubs, churches and civic groups to be shown during Oil Progress Week next week.

Mrs. Jan Roberts, president of the Snyder Desk & Derrick Club, said that the films and other information were provided jointly by the Chamber of Commerce, the Desk & Derrick Club and the Scurry County Oil Industry Information Committee.

Five different films are available.

Anyone wishing to obtain the films for showing should contact the Chamber of Commerce office as soon as possible to avoid conflicts in showing times.

SUPPER SLATED TONIGHT

Snyder businessmen who are to attend the farmer-businessman supper at Gail tonight will gather at 6:30 p. m. at the Chamber of Commerce office to go to Gail.

The chamber agriculture committee, which is sponsor of the event, has arranged for a car pool for those who will go to Gail.

Businessmen of Snyder will be hosts to Borden County ranchers and farmers at the supper, which will begin at 7:30 p.m. at the high school in Gail. Tickets, still on sale, are $1.50 each.

Nolan von Roeder will serve as master of ceremonies for the supper. Entertainment will include the piano playing of Joe Williamson.

45 Crewmen Rescued From Stricken Ship

HONOLULU (AP)—All 45 crewmen of the stricken tanker Mission San Miguel were safely rescued by a Navy LST, the 14th Naval District reported today.

After taking the men aboard, the LST stood by to await a salvage vessel.

Official From Ghana Snubbed

WASHINGTON (AP)—The finance minister of the Negro republic of Ghana had breakfast with President Eisenhower today and received a personal apology from the chief executive for a Delaware restaurant's refusal to serve him because of his color.

It "makes up for what happened," the minister, K. A. Gbedemah, said as he left the White House.

Gbedemah quoted Eisenhower as saying there are "little things like that all over the place and you don't know where they're going to blow up or when."

Vice President Nixon also was a guest at the one-hour breakfast session. One reason was that Nixon was entertained at lunch at Gbedemah's home in Ghana last March on the occasion of the celebration of the former British Gold Coast colony's independence. Gbedemah had mentioned that fact in connection with the Dover incident. Nixon also entertained the 44-year-old Ghana official in his home here last month.

Gbedemah said the President discussed a lot of other things about Ghana and expressed an interest in the new country's development.

He said Eisenhower asked how the Dover incident happened and he told him he was not allowed to drink orange juice in the restaurant. The drink was delivered wrapped, for consumption outside.

Bill Sutherland, an American Negro from Glen Ridge, N.J., who is personal secretary to Gbedemah, told reporters before the minister left the White House the owner of the Howard Johnson chain of restaurants—the Dover restaurant was operating under a Howard Johnson franchise—called personally on Gbedemah at his New York hotel last night and apologized for the incident. Sutherland mentioned that he himself had been denied service in various American restaurants.

U. S. Ambassador Wilson Flake expressed his personal regret to the ministry last night, calling the episode "an exceptional and isolated incident" which he said did not reflect the view of the U. S. government or of the majority of Americans.

Eisenhower issued his invitation shortly after learning of the

Paralytic Polio Cut Sharply

WASHINGTON (AP)—Secretary of Welfare Folsom today reported a dramatic 80 per cent reduction in paralytic polio in this country over the past two years.

A sharp decline was noted also in the less severe nonparalytic cases.

Folsom said the success of Salk polio vaccine provides the means for "a knockout blow" to the disease next year if the millions of Americans under 40 who still have not done so will get the full three recommended doses.

He spoke out in a statement launching a new program to encourage use of the vaccine.

He reported that the number of paralytic polio cases this year up through Sept. 28 was only 1,576, compared with 7,886 two years ago, before widespread use of the Salk vaccine, and 5,241 cases up to this time in 1956.

A check of records showed deaths from polio in the first seven months of this year were estimated at 130, compared with an estimated 220 for the similar 1956 span and an actual 257 in the corresponding 1955 period.

"If people will use the vaccine available, it is possible to give paralytic polio a knockout blow within the next year," Folsom said.

"Still, more than 37 million Americans under 40 have received no vaccine, and 44 million have taken only one or two doses and have yet to complete the full schedule of three doses.

"It will be a tragedy if, simply because of public apathy, vaccine which might prevent paralysis or even death lies on the shelf unused."

He recalled that a big supply of unused vaccine developed last fall only to disappear quickly with the start of this year's polio season. Supplies again are starting to build up, he said, adding:

"If unvaccinated persons will start now, they can get the full schedule of three doses before the next polio season begins."

Folsom said only 63 cases of paralytic polio had been reported among the 28 million persons who have had three vaccine shots, and not all those cases have been confirmed.

Statistics showed there had been only two deaths among persons who had three shots — one death in 1956 and one early this year.

It was noted that even though the vaccine is designed to prevent paralytic polio, as distinguished from the milder, nonparalytic type, there has also been a sharp reduction in cases of all kinds.

Through Sept. 28 there had been 4,851 cases this year, compared with 12,146 a year ago, 21,667 two years ago, and an average of 24,928 a year over the past five years.

WEATHER

SNYDER TEMPERATURES: High Wednesday, 70 degrees; low, 53 degrees; reading at 7:30 a.m. today, 55 degrees.

East, South Central and North Central Texas — Considerable cloudiness through Friday with no important temperature changes.

West Texas — Considerable cloudiness through Friday with scattered light rain or drizzle. No important temperature changes.

IN HOBBS

Dedication Of School Slated

HOBBS — The Hobbs Independent School District will dedicate its new $203,000 school plant at a program at 2:30 p.m. Sunday.

The program will be held in the auditorium of the new building.

Olaf South, superintendent of the Sweetwater schools, will make the dedication address. A tour of the buildings of the system will be included in the afternoon's agenda.

The new building, completed only a few weeks ago, has 20 classrooms, library, offices, and teacher lounge, as well as the 450-seat auditorium.

The school system has also added two new teacherages, remodeled the homemaking building, converted its old elementary building into an agriculture building, and enlarged and refinished its lunchroom. New furniture and equipment were installed in the new plant.

Architect for the building was F. C. Olds of Abilene. General contractor was Alston Construction Co. of Sweetwater, mechanical contractor Webb Plumbing of Abilene, and electrical contractor Howell Electric of Snyder.

A. O. Dennington, superintendent, will preside at the Sunday afternoon program. Prelude will be by Mary Ann Kincaid. The invocation will be by C. J. Dalton, Fisher County superintendent.

The dedicatory prayer will be by W. S. Etheredge, Sr. Entertainment will be a song by Barbara Alice Cave and Neva Thompson. The Rev. J. H. Skiles will give the benediction. The senior class will serve as ushers for the tour of the building.

Members of the school board at Hobbs are B. R. Etheredge, president; James Nettleton, vice-president; Claude Weems, secretary; Ed Neves, Jimmy Walker, Clint Sellars, and Andrew Williams.

New Fingerprint Rule Announced

WASHINGTON (AP) — The Eisenhower administration today ordered an end to fingerprinting for virtually all visitors to the United States. A few exceptions were made.

The new rules are expected to become effective next weekend.

Under them, visitors could come here from the Soviet Union, which has complained for years against the fingerprinting requirement, without being fingerprinted.

Furthermore, if the government decided as a matter of policy to let them come, newsmen from Red China, Olympic athletes and the like would come within the waiver.

The State Department announced the action which was taken officially by Secretary of State Dulles and Atty. Gen. Brownell who used authority given by Congress last Sept. 11.

Dulles and Brownell, the department said, today authorized publication of new regulations which "will waive the fingerprint requirement on a basis of reciprocity in the case of most nonimmigrant vistors."

Pollution In Oil Industry Is Discussed

DALLAS (AP)—Mounting demand for fresh water emphasizes a need for the oil industry to keep trying to eliminate pollution, an Oklahoma City engineer said yesterday.

"The oil industry has met the problem by expending vast sums for disposal of waste fluids," W. F. Ellison of Magnolia Petroleum told the Society of Petroleum Engineers.

"It is estimated conservatively that approximately three barrels of waste fluids are produced for each barrel of oil on a national scale."

In a paper read at the engineers' fall meeting, Ellison noted water requirements of home and commercial users have continued to climb while available supplies decrease. He said this has prompted state legislators to put more stress on protecting and preserving fresh water reserves.

Costs of waste disposal frequently have forced operators to abandon oil wells producing at a small profit, Ellison said. He suggested a study of the economic life of oil producing properties to determine funds available for disposal facilities.

The petroleum engineers concluded their session with registration at an all-time high of 3,584. They voted to hold their fall meeting next year in Houston, and to return to Dallas in 1959.

Italian Flyers To Tour In El Paso

DALLAS (AP)—If the weather permits, two Italian flyers here on a goodwill tour plan to go on to El Paso today.

Maner Lualdo, 45, and Ruggiero Ruggieerei, 36, arrived yesterday from Memphis. They had planned to fly directly to El Paso, but changed their minds after receiving unfavorable weather reports.

The men, flying a single-engine Fiat, hopped the Atlantic and are on a 32,000-mile goodwill tour sponsored by their government.

From El Paso they plan to go to Los Angeles and San Francisco.

Daniel Has Answer For State Growth

LIBERTY (AP)—Gov. Price Daniel again emphasized that Texas' attack on water problems will answer the state's future growth and prosperity.

He told the Trinity Valley Exposition yesterday Texas must plan for its booming population.

He urged voters to approve on Nov. 5 the 200 million dollar water conservation constitutional amendment and support his proposed statewide water plan. Daniel will submit the plan to the Legislature Monday.

'Amnesia Husband' Is Found Dead Yesterday

LOS ANGELES (AP)—Five months after her marriage in 1942, something went wrong with Mrs. Henry Miller's memory. She couldn't remember her husband, didn't even know her own identity.

After 10 cloudy months — during which Miller became known as the "amnesia husband" — she finally recalled the marriage, threw her arms around her husband. They vowed nothing would ever separate them again.

And nothing did until yesterday, when Mrs. Miller, now 37, found her 58-year-old husband dead in their apartment. He had suffered a heart siezure.

More Texas Schools Are Closed By Flu

By The Associated Press

At least six more Texas schools were closed Thursday and four more high school football games cancelled because of flu.

Latest schools to close down were the Sulphur Springs Junior and senior high schools in East Texas, two Knox County school systems and one school in Haskell County.

The football cancellation list included Fort Worth Paschal at Dallas Highland Park, Stephen F. Austin of Austin at Alice, Kerens at Hubbard and Ben Bolt against Bishop High B.

Snyderites Attend Funeral In Dublin

Attending the funeral of their aunt in Dublin yesterday were Mrs. Marie Kruse, 2201 Forty-first Street, and Mrs. and Mrs. Leonard Carnes of Midland.

Their aunt, Mrs. Walter Reed, died Tuesday night of a heart attack.

ASKS SUSPENSION OF NUCLEAR TESTS—V. K. Krishna Menon, India's defense minister, gestures during a speech before the U. N. General Assembly during which he called for the United States, Britain and Russia to inform the U. N. of their willingness to suspend nuclear weapons tests. (AP Wirephoto)

ISLAND MAKING VOLCANO 'BLOW ITS TOP'—Passengers on the liner Independence got this view as the ship passed the Azores island of Fayal as the volcano making an island nearby again erupted. Out of the smoke, steam, and dense black ash, land can be seen at the lower right emerging from the Atlantic Ocean. The volcano has caused panic among the natives and serious damage to property and crops on nearby Fayal. (AP Wirephoto)

Losses were taken by Chrysler, General Electric, Ford and American Cyanamid.

Ends 78th Orbit

LONDON (AP)—Moscow radio said the Soviet satellite completed its 78th orbit around the earth early today. The broadcast estimated the sphere up to that time had covered 3½ million kilometers, or about 2,190,000 miles.

San Marino Rival Groups Meet Today

SAN MARINO (AP)—Leaders of San Marino's two rival governments planned to meet late today as some Communist volunteers threatened to shoot to defend their hold on government buildings.

Leaders of the anti-Communist "White" regime hoped to end the stalemate produced by Communist refusal to surrender the 38-square-mile mountain republic. An earlier agreement broke down last night.

Zaccharia Sovoretti, a member of the White government, said that a final decision might be reached at today's meeting.

Savoretti said that Domenico Morganti, interior minister and strong man of the Communists, had cautioned patience to avoid possible violence. He said Morganti had warned that some Red volunteers were holding on to their guns and threatening to fire if anti-Communists tried to take over the Capitol.

Morganti told White leaders the Communists hoped to disarm all their volunteers today.

The rival leaders met across the border in nearby Rimini, Italy, early today and a Communist official said later, "We hope to clear things up definitely in further talks."

Pool Being Made Up On Space Satellite

SAN JOSE, Calif. (AP)—An office pool in an advertising agency will pay $3 to each of two winners when the Russian space satellite's flight is officially declared ended.

Chances at 25 cents each were sold on both the day and the hour Sputnik quits.

The $2.40 balance in the 24 chance pool will be contributed to the Defense Department to help finance launching an American satellite.

Fireball Almost Hits Airplane

DENVER (AP)—A huge fireball, described by some as being as large as a house, streaked across western skies today narrowly missing a Navy transport plane with 20 persons aboard.

An official of the Civil Aeronautics Administration here said the object undoubtedly was a meteor. It was reported to have hit the ground near Myton, Utah.

A spokesman at the Naval Air Station at Alameda, Calif., said a DC6 which left Alameda at 12:33 a. m. was near the fireball as the plane flew en route to Norfolk, Va.

The pilot, Lt. Cmdr. W. F. Norris, radioed he was "all shook up because the fireball came so close."

The CAA log at Salt Lake City reported the pilot had to make a sharp turn to avoid the object.

He followed it down and circled after it crashed near the Utah-Colorado border.

Oil workers north of Worland in north-central Wyoming told newsmen of seeing a fireball "as large as a house" streaking from north to south. They said "there were flaming chunks falling from it."

At the University of Colorado, Dr. Walter Orr Roberts said he is convinced the fireball had no connection with the Russian satellite launched last Friday. Dr. Roberts is director of the High Altitude Observatory at the university.

The Denver Post reported that two meteor experts told them they are sure the fireball was a meteorite. They are Dr. Harvey Nininger of Sedona, Ariz., and Dr. Lincoln La Paz of the University of New Mexico at Albuquerque. Dr. La Paz said he is convinced the object was a stray fireball from the Giacobinid comet.

The Colorado Highway Patrol and the U. S. Weather Bureau said they received reports from several Denver residents who observed the bright object.

The highway patrol said the "bright thing" also was seen in several northeastern Colorado communities and also at Alamosa in the south-central part of the state.

The CAA said it had an unconfirmed report that the object, or part of it, had landed near Myton, Utah.

The CAA said no planes are reported missing in the region.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

BATTENFIELD - JONES

ADMISSIONS —Ronald Wayne Kimbrell, Route 1, Box 342; Adalene Soles, Arah Route; Ernest Lee, Route 3; Mrs. Troy Green, 3003 Forty-first Street; Jane Mireless, Route 2, Hermleigh; Mrs. D. L. Clark, Mr. and Mrs. W. L. Wilson, Jr., Mr. and Mrs. C. C. Nunnally, Mr. and Mrs. Bill Stephens, Mr. and Mrs. Couch, Mr. and Mrs. Lott, Mrs. Rube Smith, Mrs. Allen Stephens, Frank Beavers, Bob Beal and J. H. Beal.

Local Woman Appointed To Dist. Chairman

The Antheneum Study Club met Tuesday at the Martha Ann Woman's Club with Mrs. Bill Zimmerman, president, presiding.

The program was presented by Elders, Skiles and Roberts of the Latter Day Saints Church on the book of Mormans.

The group were notified that Mrs. Zimmerman had been appointed as district chairman of the Texas Historical Markers and Memorial Shrines of the Texas Heritage Department, of the seventh District of Texas Federated Womens Clubs.

Refreshments were served to the guests and 10 members.

How To Hold
FALSE TEETH
More Firmly in Place

Do your false teeth annoy and embarrass by slipping, dropping or wobbling when you eat, laugh or talk? Just sprinkle a little FASTEETH on your plates. This alkaline (non-acid) powder holds false teeth more firmly and more comfortably. No gummy, gooey, pasty taste or feeling. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH today at any drug counter.

Mrs. A. C. Pruiett Speaks To Cosmorama Club

Cosmorama Club met Wednesday at 3:45 p.m. at the Martha Ann Women's Club with Mrs. J. R. Meadows, as hostess. Mrs. Clyde Hall, Jr., presided over the business meeting.

Mrs. Ross Hemphill introduced Mrs. A. C. Pruiett, who gave the program on "Feminine Faces" — as portrayed in the Bible", Mrs. Pruiett said:

"For almost two thousand years the Virgin Mary has been a supreme symbol of human virtue and purity. Each age, in its art, its writing and its worship has had its own concept of her greatness; with her infant son, she has inspired more great painting than any figure in history.

"The other women of the new testament, many of whom mere witnesses to the most significant moments of Christ's ministry, have aroused only occasional interest on the part of artists and theologians.

"Recently, however, with the increasing emphasis by Christian teachers on the role of women in the life of the church, there has been a growing appreciation of the significance of other Biblical women, as well as Mary, and with the remarkable interest mounting in the finding and interpreting of the ancient scrolls, the women of antiquity, have become realities to be learned about."

"The Bible is a portrait gallery unsurpassed in the world of literature."

Following the inspirational and educational talk, refreshments were served to the guest and 20 members.

Officrs Elected By Brownie Troop No. 3

Officers were elected Tuesday at the first meeting of the sason of Brownie Troop No. 3

Lee Bassham was elected president, Sharlot Rose vice president, Joyce Greenway secretary treasurer and Linda Kay Schattel reporter.

Refreshments were served by Sharlot Rose.

Candlelight Services Held At YWA Installation Fete

The Young Womens Association officers of the First Baptist Church were installed in a candlelight service Wednesday evening in the home of Mrs. Grace Shuck, 2403 Thirty-first Street. Mrs. Shuck is councelor of the group.

The installing officer was Mrs. Homer Godair, who used as her theme "Praying Hands."

Those installed: Guiding hand of the organization was Toni Best, president; Friendly hands were stressed to Kay Shelburn, vice president; Creative hands such as Ann Bradley's for program chairman, while Judy Milton meets alert dependable hands as secretary. Accurate hands were Sandra Hardy's as treasurer; Compassionate hands, outstretched to help, are needed by Judy Duncan, community missions chairman. The artistic hands of the music chairman, Sally Herring lends inspiration to the worship; Joy Green's busy hands qualify her for publicity chairman, as Donnie Neals hands prepare for Christian fellowship as social chairman.

Mrs. Billy Murphy, WMU president, presented the song of dedication, followed by the dedicatory prayer by Mrs. Godair.

Refreshments were served to the installed officers, Miss Ann Emerson, Mrs. Bill Hartsfield, YWA director, Mrs. Murphy, Mrs. Godair and Mrs. Shuck.

Mrs. Cowan Heads New Nurses Unit

The local Licensed Vocational Nurses organization met in the dining room of Cogdell Memorial Hospital Monday to organize the Snyder division of the Texas Vocational Nurses Association.

Mrs. Verlie Graham of Austin, who is the state president of the association, was the principal speaker.

Election of officers was held with the following elected: Mrs. Ruth Cowan, president; Mrs. Lydia Davidson, vice president; Mrs. Edna Ray, treasurer, and Mrs. Myrtle Greene, secretary.

The new board of directors are: Mrs. Jessie Vittitow, Mrs. Edna Gann, Mrs. Mary Gilmore, Mrs. Marjory Leeder and Mrs. Lela Peel.

Following the business session, refreshments were served.

WOMEN'S CALENDAR

Teacher To Take Part In Meeting

Mrs. Travis Rhoades, fourth grade teacher at the West Elementary School, will speak at a symposium for English and language arts teachers of District 7 to be held at Abilene Christian College on Saturday.

The symposium will be part of the program of the 10th annual worksho, of District 7 English and language arts teachers.

Mrs. Rhoades, named "Teacher of the Year" here in 1955, will represent the elementary level of the symposium theme, "Expository Writing: The Most Urgent Need of the English Curriculum—A Unified Program for the Teacher of Expository Writing."

Other speakers at the symposium and their levels will be Mrs. Newman Hughes of Vernon, primary; Mrs. A. W. Weaver of Haskell, secondary; Dr. James W. Culp, assocate professor of English at ACC college. Mrs. Rhoades and the other speakers will compose a panel for a discussion period following their talks.

Also included on the workshop program will be group meetings and a luncheon at which Dr. Donald McDonald, director of curriculum of the Abilene Public Schools, will be the principal speaker.

Miss Mima Ann Williams, assistant professor of English at ACC, will be genera' chairman of the meeting, which will include representatives from the 24 counties of District 7.

Other officers for the workshop are Mrs. E. J. Yates of Sweetwater, program chairman; Mrs. Ora Kirklen of Abilene, secretary-treasurer, and Joe Marshall of ACC, public relations officers.

Oil Progress Emphasized At Kiwanis Meet

Oil progress was emphasized at Wednesday's luncheon meeting of the Snyder Kiwanis Club in the Village Restaurant.

Frank LeFeurvre of Warren Petroleum Co. presented a film titled "Barrel Number One." The film, which is circulated by the Oil Industry Information Committee, shows details of oil exploration, beginning with the first geological surveys of a drilling site and ending with various products derived from crude oil as they emerge from the refinery.

Grady Elder, manager of the Chamber of Commerce, distributed pamphlets and miniature bottles of Scurry County crude oil as souvenirs. The pamphlets and souvenirs will be distributed until the close of Oil Progress Week, which opens officially Sunday, by the Desk and Derrick Club and the Chamber of Commerce.

Joe Robinson, president-elect of the club, presided Wednesday in the absence of the Rev. John W. Reaves, who is in Cleveland, O., attending the Disciples of Christ convention.

Junior High Council Gets New Officers

The junior high school student council has begun a busy year of work with the recent election of officers for this school year.

Already, the group has been on a jaunt to Midland during the past weekend to attend the West Texas Forum, which was scheduled for student council groups. Twenty students from Snyder made the trip, according to Pat Haynie, reporter for the council.

Officers for this year are Mike Morris, president; Steve Free, vice-president; Chere Phillips, secretary-treasurer; and Spencer Dyer, fire chief. Jimmy Lynch, eighth grade social studies teacher, is sponsor of the organization.

"Student Council Looking Ahead" was the theme at the Midland conference, with Snyder members heading that discussion group. Dalton Walton, parlimentarian for the group, gave the invocation.

The junior high student council is now printing and selling football programs for junior high games as a means of raising funds for the various projects the group will sponsor during the school year.

People Come To Aid Of Druggist

By PATRICK MCNULTY

CALIPATRIA, Calif. (AP) — Japanese-born Takeo Momita is a druggist in this Imperial Valley community of some 2,500 persons.

While driving with his wife to visit a married daughter in Los Angeles last Saturday, Momita was involved in a head-on collision.

His wife Shizuko, 50, was killed.

A delegation of friends and city officials called on Momita at a hospital, where he was recovering from lacerations and shock.

"Give us the keys to your store," said Mayor Edward Rademacher. "We'll keep things going until you get back on your feet."

Townsfolk took turns running Momita's drugstore. They kept it operating just as if he were there. Chester Thompson, druggist in nearby Brawley, came over a few hours a day and worked in the pharmacy department.

Momita, 56, an American citizen for three years, has been operating the store since shortly after World War II. He spent the war with his family in a relocation camp near Poston, Ariz., as part of the government's program for persons of Japanese ancestry. Momita, born in Hiroshima, came under the program even though he had been in the United States since 1908.

Today Momita is recuperating at the home of his daughter, Mrs. Louise Kikawa in Gardena, a suburb of Los Angeles.

Mayor Rademacher said the townsfolk will continue to run his store until he is well enough to take over.

"This is not like the Little Rock story," the mayor said. "It is the story of the better side of our life that too often is not presented."

"It's good to know you're part of the community," said Momita.

Two Courses Are Planned For Scouters

Two training courses for scouters have been scheduled for 2 p. m. Sunday at the high school building, according to D. V. Merritt, Jr., leadership training committee chairman for the Lone Buffalo Scout District.

One of the courses will be a Cub leaders training course, the other a course for scoutmasters and committeemen.

The course for Cub leaders will be for new denmothers, as well as those active in past years.

While denmothers are being trained in one group, cubmasters and pack committeemen will receive training in another group on their responsibilities. Both groups will then be brought together for training which affects both groups.

Mrs. John Whitley, denmother of the Northeast Elementary P-TA pack, will serve on the training team for denmothers. Mrs. Frank Cabiness, who previously was denmother in the East Elementary P-TA pack, will also participate in the training event.

A complete training event will be conducted for scoutmasters and committeemen, as well as parents interested.

Birthday Run Is Completed By Mailman

BURLINGTON, N.C. (AP) — Burlington's 53-year-old running mailman, chagrined because he couldn't complete his annual mile-for-every-year birthday run recently, jogged 53.4 miles yesterday.

Satisfied, Paul (Hardrock) Simpson commented:

"I did it for my own personal satisfaction. I feel a lot better about myself now."

Simpson started the birthday run in 1946 and each year thereafter ran a distance in miles equal to his age in years.

Then, Sept. 20, 1957, rolled around and he had to postpone the jaunt because of a health condition.

Ten days ago he tried the twisting course in and around Burlington. His goal was 53.4 miles, the 4 tacked on because of the delay.

But after 38 miles and three massages from his trainer, he had to admit defeat.

Yesterday he tried again—successfully.

He started at 5:50 a.m. and finished at 2:25 p.m.

Moratorium Is Proposed

WICHITA FALLS (AP)—Edward Kadane, president of Kadane-Griffith Oil, proposed yesterday a 15-day moratorium on crude oil production in the United States.

The Wichita Falls independent operator told the Lions Club it would reduce what he called excessive above-ground petroleum stocks. He said he proposed the plan at the "risk of inviting criticism from several sources."

Kadane said he believed the moratorium would provide "immediate relief" from the present oversupply of crude.

He said the action would hold back from refineries, storage tanks and transportation mediums about one hundred million barrels of crude.

"This would relieve the purchasers and transporters so that all storage would be cleaned up, and they would remain in proper balance for another six months, which would put the industry approaching the heaviest consuming season with a healthy inventory picture," he asserted.

Petition Is Given Okay

DALLAS (AP)—A petition for a judgment on Texas segregation laws was approved by the Board of Education last night.

The petition asked the court to instruct the district as to whether it should follow ate or federal law in the desegregation case.

The document is to be filed in federal court.

It was prepared by school attorney Andrew Thuss Jr., as directed by the board in a meeting Sept. 25.

Texas law requires a vote on integration before a system integrates. If voters do not approve or if the election is not held, money is withheld.

Dallas must integrate its 141 schools at mid-term as directed by U.S. Judge William Atwell.

Pipe Line Planned

HOUSTON (AP)—Shell Pipe Line said yesterday it plans to build a crude oil pipe line in the Mississippi River Delta area. Joe Tickerson, president, said the trunk line will run about 100 miles from Shell Oil's Southwest Pass terminal to the company's Norco refinery west of New Orleans.

Jr. College Voted

DALLAS (AP) — The School Board voted last night to build and operate a junior college to handle about 6,000 students. The college is estimated to cost 6 million dollars and an additional tax rate of 18 cents was expected.

Sentenced To Life

FORT WORTH (AP)—Billy Jackson, 17, a Negro, was sentenced to life yesterday for raping an 18-year-old pregnant white carhop Aug. 5.

Irreverent Gunman

MISSOULA, Mont. (AP)—Missoula police were loking for an irreverent gunman who robbed the Roxy Theater during a showing of "The Ten Commandments" and escaped with about $1,000.

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

TWO MEMBERS OF LAST year's Tiger football squad will be on opposite sides tonight when TCU and Texas A&M Freshmen battle at College Station.

Powell Berry will perform at quarterback for the Aggie Fish while Milton Ham will be at an end position for the TCU Wogs.

Neither is listed on the starting lineups but both are expected to see a lot of action.

Last year, Berry topped the Tigers in total offense (rushing and passing yardage, while Ham led the Tigers in pass catching and scoring.

Tonight's game will be the Wogs' first game but it will be the second outing for the Aggie Fish. In their opening game, the future Aggies measured the University of Houston Freshmen, 7-6.

Ex-Tiger List In College Ball Growing

Berry and Ham, incidentally, are two of 13 former Tigers playing college football this season. This is a goodly number of boys representing one school the size of Snyder.

There could very possibly be other ex-Tigers playing college ball this season but here are the ones, in addition to Ham and Berry, that we know of: (the last year they played for the Tigers are shown in parenthesis):

Wiley Denson (1956), Rice Institute.

Bill Fowler (1956), Eldorado, Kans., Junior College.

Shorty Grimmett (1956), Hardin-Simmons University.

Robert James (1955), McMurry College.

Eddie Joyce (1955), Colorado A &M College.

Bernie Hagins (1954), Stephen F. Austin College.

George Herring (1953), North Texas State College.

Don McNew (1955), Hardin-Simmons University.

Frankie Minton (1954), Stephen F. Austin College.

Don Savage (1955), Eldorado, Kans. Junior College.

Jack Spikes (1955), Texas Christian University.

O'Malley Blasted

Bill Stern, widely known sportscaster, really lowered the boom on Walter O'Malley, owner of the Brooklyn (Los Angeles) Dodgers in his nightly sportscast last night.

Stern called O'Malley just about every name under the sun that would be permissible on radio for O'Malley taking his Dodgers to Los Angeles.

Stern, who said O'Malley was the "most hated" man in New York today, called the Dodger exec a crook, liar, stupid, and greedy among other things.

With the Dodgers vacating Ebbets Field, Stern added that he believed some team would move into Brooklyn before another season began. He mentioned as possibilities the Cincinnati Redlegs, Cleveland Indians, Chicago Cubs and Pittsburgh Pirates.

The short fences at Ebbets Field would certainly be inviting to the Redlegs what with the Red's over abundance of power hitters to begin with.

The Tigers climbed another notch, to sixth place, in the weekly UP state Triple-A football poll. The Bengals remained as No. 6 in the Fort Worth Star-Telegram rankings.

We wish to express our thanks to Big Spring fans for the two "crying towels" he sent us yesterday. The fan said the reason he sent two was that one wasn't enough.

World Series Ends Today; Yanks Favored

By JOE REICHLER

NEW YORK (AP) — The New York Yankees once again were favored over the Milwaukee Braves today to win the World Series.

The odds-makers justified their choice with the argument that the Yankees named as starting pitcher in today's seventh and final game a man who had four days of rest compared with only two for the Milwaukee starter.

New York's selection was Don Larsen, the pitching hero of the 1956 World Series. Milwaukee's choice was Lew Burdette, the pitching hero to date of the 1957 World Series. The right-handed Larsen was making his first start of the series, the right-handed Burdette his third.

Larsen hadn't worked since Saturday, when he hurled five-hit relief ball through 7 1-3 innings to receive credit for the 12-3 triumph. Whitey Ford was Manager Casey Stengel's original choice to hurl the finale but the star southpaw was forced to toil in the bullpen during the last two innings of yesterday's game, won by the Yankees 3-2 behind the four-hit pitching of Bob Turley. That squared the series at three victories apiece.

Burdette pitched only last Monday, in the fifth game. He won it 1-0. He also pitched the second game, defeating the Yankees 4-2.

Burdette said he has pitched with only two days rest before and saw no reason why he couldn't do it again, because "I'm bigger, stronger and dumber now." He has a chance to become the first pitcher to capture three games in one classic since Harry (The Cat) Brecheen did it for the St. Louis Cardinals against the Boston Red Sox in 1946.

The choice of Burdette was a desperate one by Manager Fred Haney, caused by circumstances. Burdette's roomie Warren Spahn was to have been the "if" pitcher, but Spahn was smitten with the flu shortly after the team arrived in New York and spent yesterday in his hotel room.

"Spahn will be in the bullpen, ready to work in relief, if we need him," said Haney. "In fact, all my pitchers will be in the bullpen and I'll call upon all of them if I have to."

Stengel said the same thing about his pitchers, although he phrased it differently.

"You go out there for me and tell all those guys to get ready," he said. "I'm shooting the works. I'll use all my pitchers if I have to, and (Mickey) Mantle because he can't swing a bat. But if I need a runner to score a run late in the game, that runner will be Mantle, you can bet on that. He can't hit and he can't throw but how he can run."

Mantle still is bothered by the lame right shoulder he hurt last Saturday. Bill Skowron said he felt better but he could not bend his sacroiliac back without feeling pain.

Also certain to miss the finale was Red Schoendienst, the brilliant second baseman of the Braves, who still is hobbled by the groin muscle he pulled in Monday's game.

The Braves probably would have been back in Milwaukee today, hailed as the world champions, were it not for three Yankees — Yogi Berra, Hank Bauer and Bob Turley.

Berra, entrusted with carrying the hitting load in the absence of Mantle, came through with three of the Yankees' seven hits. One of them was a screaming home run into the lower right field stands, following a walk to Enos Slaughter, that began the third inning kayo of Bob Buhl.

After Frank Torre and Henry Aaron rocketed home runs, in the fifth and seventh innings, to tie the score at 2-2, Bauer drove the game-winning homer against the cable connecting the 32-inch screen to the left field foul pole, in the bottom of the seventh. The ball landed, according to Jim Thompson, the stadium superintendent, exactly one inch fair.

Ernie Johnson, who relieved Buhl in the third and pitched brilliant one-hit ball up to that time, became the losing pitcher.

World Series Financial Table

World Series Facts and Figures By The Associated Press

Financial figures (for sixth game)
Attendance—61,408.
Net receipts—$465,784.76.
Commissioners' share—$60,867.71.
Each club's and league's share—$86,279.26.

Financial figures (for first six games)
Attendance—233,505.
Net receipts—$2,070,876.87.
Commissioners' share—$310,631.53.
Players' share—$709,027.55.
Each club's and league's share—$262,804.43.

Hog Coach Worried About Texas Heat

By The Associated Press

Arkansas Coach Jack Mitchell worried about Texas' heat but had a healthy squad Thursday while Coach Sam Boyd, f Baylor struggled with injury problems.

Boyd was pleased, however, with improvements in the Bears' physical condition compared to the flu-riddled state a week ago.

The thermometer at Fayetteville stayed in the 60s Wednesday and Mitchell moaned, "It's going to be hot in Texas, and this may hurt us." He ran the Razorbacks through a heavy offense and defense schedule in preparation for Saturday's Southwest Conference battle with Baylor at Waco.

At Waco, the Bears ran through another long scrimmage with defense stressed. Center Larry Cowart missed the rough work and halfback Joe Allen was out ill. A knee injury appeared likely to sideline left end Albert Witcher.

At Austin, the Longhorns worked on ways to stop Oklahoma's varied offense. Guard James Shillinburg will miss the Sooner game in Dallas Saturday.

Texas A&M avoided contact work for the first two units as illness and injury handicapped the Aggies. Offensive and defensive assignments were reviewed in a dummy scrimmage. A&M plays Houston Saturday.

TCU coaches called Wednesday's workout successful as the Horned Frogs prepared for the Alabama game Saturday. The Frogs worked on defensive formations and some offense.

SMU worked heavily on passing, both offensively and defensively. Billy Dunn, Ken Lowe and Charlie Arnold threw against freshmen deployed in Missouri defenses.

Two Rice linemen and a fullback appear out of the Duke game. Eddie Wojecki, Rice trainer, said guard Charley Knight is out with a pulled muscle. Fullback David Kelley is a doubtful starter because of a back injury and Don Gillis, guard, has a knee injury.

Area Teams In Loop Openers

Snyder's four area football teams open confernece play tomorrow night, all to be played away from home.

The Hermleigh Cardinals, the defending champions of District 6-B, will journey to Bronte to open their district schedule tomorrow night.

In other games, Hobbs goes to Divide, Ira to McCaulley and Gail to Klondike.

PHILLIPS HOLDS TACKLE LEAD

Morgan Takes Rushing Lead

Halfback Bud Morgan slipped into the lead in the Tiger rushing yardage for the season with his performance in the Levelland game last Friday.

Morgan netted 77 yards on the ground against Levelland to boost his season total to 193 yards, two yards more than his nearest pursuer, Dick Hayes who has gained 191 yards.

Morgan has carried 36 times for a 5.3 average. Hayes continued to lead in yards-per-carry with a 13.6 average.

Mickey McGrew with 177 yards and Richard Mahan with 167 are next in line in the Tiger ball toting department.

McGrew and James Vincent share the Tiger scoring lead, each with 18 points.

Tackle Bill Phillips held his lead on defense, getting nine tackles in the Levelland game to bring his total for the season to 28.

Linebacker Dickie Martin pulled to within one of catching up to Phillips by getting 10 tackles last Friday for a season total of 27.

The Tigers continued to brush up on their defense in yesterday's workout which was halted by darkness. The Bengals also spent a lot of time drilling on offense.

Coach John Conley expects all hands to be ready for duty for tomorrow night's game at Breckenridge.

Meanwhile about 200 reserved seat tickets of the original 1,001 remained to be sold here for the Breckenridge game. The tickets are on sale at the Chamber of Commerce office. The tickets will remain on sale until 3:30 p.m. tomorrow at which time they'll be returned to Breckenridge if any are left.

Ira Junior High Nips Hobbs, 27-13

Ira Junior High romped to a 27-13 victory over Hobbs Junior High at Ira Tuesday night.

Junior Jennings, with two touchdowns and an extra point, led the Ira scoring attack. Mike Sterling and Don Kimbrell each scored a TD for Ira while Donnie Dunn and David Clinkenbeard added extra points.

69 Skulboy Teams Are Still Unbeaten

By The Associated Press

Schoolboy football rolls into conference play in all classes this weekend but the emphasis is on efforts of 69 teams to keep undefeated, untied records intact.

In only two cases do teams with perfect records meet each other. San Benito clashes with Uvalde at San Benito Friday in the feature game of Class AAA. Cuero of AAA steps down to battle Edna of Class AA, an unbeaten, untied outfit, at Cuero.

Abilene, defending champion, winner of 41 straight and one of the favorites for the Class AAAA title again, plays Lubbock, a twice-beaten eleven, at Lubbock Friday.

Stinnett, kingpin of Class A riding a 19-game victory skein, should reach the score mark against LeFors at Stinnett.

In Class AAA Aldine plays once tied Port Acres, Brenham takes on once-tied El Campo, Kilgore does the same with Palestine and Killeen with Mineral Wells, AAAA Temple meets once-tied but very strong Cleburne of Class AAA.

Seven undefeated, untied elevens, including Amarillo, the general favorite in AAAA, have open dates.

PEACH ROYALE IS LIGHT, MOLDED DESSERT FOR TEA TIME
. . .chilled treat breaks cookie-cake club party monotony

Club Meeting Season Calls For Variety Of Sweet Treats

It's club time again for women's groups.

In addition to yearbooks and club projects, it also brings hostess-duties to homemakers, as most of the smaller groups meet in homes, plus committee and board sessions.

There's a hunt in the recipe file for something different to serve with tea or coffee. It needn't always be cake or cookies.

During the still-warm fall days, ice cream not only is cool but lends itself to a variety of disguises.

When its a late-morning session, sweet breads might be a welcomed change. A light molded dessert would be a happy choice for the tea hour, when dinnertime is just around the corner.

ICE CREAM PIE USES DATE BAR MIX

¼ cup butter
1 package date bar mix
1 pt. vanilla ice cream

For a quick to-make dessert when the committee meeting falls on a rushed day, try this ice cream pie.

Heat the oven to 400 degrees F. Mix softened butter and crumbly mixture from date mix package with fork. Spread in oblong pan 13x9½x2 inches. Bake about 10 minutes.

Take from oven, stir with spoon. Press hot crumbly mixture against bottom and sides of 9 inch pie pan, reserving ½ cup hot water to the date filling mix. Cool.

Spoon ice cream into pie shell and spread date mixture over ice cream. Sprinkle remaining crumbly mixture over pie. Serve immediately or freeze until firm.

'PEACH ROYALE' IS UNUSUAL FRUIT DISH

1-3 cup water
⅛ teaspoon almond extract
1-3 cup instant dry milk powder
2 envelopes unflavored gelatin (about 2 tablespoons)
1 cup cold water
½ cup sugar
2½ cups pureed fresh peaches (about 4 large peaches)

Pour 1-3 cup water and extract into deep one-quart bowl; sprinkle instant dry milk powder over surface. Beat with rotary beater or electric mixer until stiff, about 8 to 10 minutes. Place in refrigerator.

Soften gelatin in ½ cup cold water. Combine remaining water and sugar in saucepan. Cook, stirring constantly, until mixture begins to boil.

Boil one minute. Remove from heat. Add gelatin; stir until dissolved. Stir into peaches. Rinse a one-quart mold with cold water. Pour one cup of the peach-gelatin mixture into mold. Chill until just set.

Chill remaining mixture over ice water, stirring constantly, until consistency of unbeaten egg white; fold in whipped dry milk powder. Pour into mold on top of peach gelatin mixture. Chill about 2 hours. Unmold just before serving.

OLD-FASHIONED CAKE SERVED WITH SAUCE

5 cups sifted flour
1½ cups raisins
2½ teaspoons baking soda
1 teaspoon salt
2 teaspoons ginger
1 cup butter or margarine, softened
¾ cup sugar
¾ cup molasses
2 eggs
1 cup light cream
½ cup water
½ cup vinegar, plus 2 tablespoons

Combine, ¼ cup flour and raisins, mix well. Sift baking soda, salt, ginger and remaining flour together. Beat butter or margarine, sugar and molasses until light and fluffy. Add eggs one at a time, beat well after each addition.

Add sifted ingredients alternately with cream and water; beat well after each addition. Add raisin mixture and vinegar, mix well. Turn into well-greased 10-inch tube pan. Bake in moderate oven (350 degrees) 1 hour and 20 minutes or until cake tests done. Serve with nutmeg sauce.

For sauce, combine 1 tablespoon cornstarch, ¼ teaspoon salt and ½ cup sugar, blend. Gradually add 1 cup water and cook over low heat, stirring constantly, until thickened and clear.

Add 2 tablespoons vinegar, 1 teaspoon nutmeg and 2 tablespoons butter or margarine.

Cook, stirring occasionally, until butter or margarine is melted. Serve warm with cake. Makes 1¼ cups.

COFFEE BUTTER CREAM LOAF IS CHILLED

1-3 cup butter
¼ cup brown sugar
1-3 cup strong coffee
1 teaspoon vanilla
2 dozen ladyfingers
1 cup whipping cream
Melted semi-sweet chocolate pieces

Cream butter thoroughly. Add sugar gradually, beating until light and fluffy. Add coffee very slowly, a few drops at a time, while beating. Stir in flavoring. Place a single row of ladyfingers in a loaf pan, lined with waxed paper.

Sprinkle generously with additional strong coffee. Spoon layer of butter filling over them. Repeat, ending with ladyfingers and sprinkling with coffee. Cover with waxed paper.

Chill overnight. Unmold and frost with whipped cream.

Swirl melted semi-sweet chocolate into cream with tip of knife. Slice to serve. Makes about 12 servings.

'COCONUT MOUNDS' ARE SMALL GROUP MENU

1 envelope (1 tablespoon) granulated gelatin
¼ cup cold water
1 cup tender-thin flaked coconut
1¾ cups milk
¼ cup sugar
¼ teaspoon salt
½ teaspoon vanilla

Combine gelatin and ¼ cup cold water in mixing bowl, mix well. Heat coconut with milk. Remove from heat and add sugar and salt.

Pour over gelatin mixture and stir until gelatin is dissolved. Add vanilla. Chill until slightly thickened.

Then mix well and turn into large mold or individual molds. Chill until firm. Unmold and serve with favorite chocolate sauce. Makes 4 servings

BANANAS GARNISH BUTTERSCOTCH ICE CREAM

1 cup sugar, divided
1-3 cup ground coffee
1½ cups milk
¼ teaspoon salt
2 egg yolks, slightly beaten
2 teaspoons vanilla
1½ cups whipping cream

Caramelize ½ cup sugar in a heavy skillet. Add coffee to milk, bring to scalding point and strain. Add strained milk slowly to caramelized sugar, stirring constantly until dissolved. Add a little of the hot mixture to egg yolks and return to pan.

Cook, stirring constantly, about 2 minutes. Cool.

Add vanilla. Whip cream and fold in. Freeze in large refrigerator tray. When firm, turn into chilled bowl, break up with spoon and beat until smooth.

Return to tray and freeze until firm. Serve with whipped cream and garnish with sliced bananas. Makes 8 to 10 servings.

MOCHA FLUFF ALASKA IS EASY TO PREPARE

For meringue, beat 3 egg whites and ⅛ teaspoon of salt until frothy. Add ¼ cup of sugar, 2 tablespoons at a time to the egg white and beat after addition.

Add ¼ teaspoon of instant coffee gradually and continue beating until egg whites form stiff peaks.

Then cut a pound cake into pieces, one-inch thick and place on board or baking sheet covered with heavy paper. Slice a very hard brick of chocolate ice cream into slices and place a slice on each cake slice.

Spread meringue on top and sides, covering completely, then bake in pre-heated 450 degree oven until lightly browned (about 4 to 5 minutes). Serve immediately. This recipe makes enough meringue to cover 4 pieces of cake. May be doubled for larger groups.

TINY PAPRIKA PUFFS FILLED WITH SALAD

Combine ½ cup boiling water and cup butter or margarine. Cook until butter is melted, stirring occasionally. Add ½ cup sifted flour and 1 teaspoon paprika. Cook over high heat, stirring until mixture forms ball. Cool slightly. Add 2 eggs, one at a time, mixing well after each addition. Drop by level teaspoonfuls onto greased baking sheets. Bake in moderate oven (375 degrees) 20 to 25 minutes. Cool. Fill with chicken or ham salad, as desired.

GINGER-PINEAPPLE BREAD IS GARNISHED

Cream 2-3 cup sugar and 1-3 cup shortening. Add 2 eggs and beat with rotary beater until smooth. Stir in 1 cup crushed pineapple, well-drained.

Sift 2 cups flour, 1 teaspoon baking powder, ½ teaspoon soda, ½ teaspoon salt, 1¼ teaspoons powdered ginger, ¼ teaspoon nutmeg, ¼ teaspoon cinnamon. Add alternately with 3 tablespoons pineapple juice.

Flour 2-3 cup chopped pecans (or other nuts) lightly and fold into batter. Turn into well-greased 9x5x3 inch loaf pan. Bake in moderate oven (350 degrees F) for 50 to 60 minutes. When done, a wooden pick inserted in the center comes out clean.

While still warm, sprinkle top of loaf with ½ cu. powdered sugar and ½ teaspoon powdered ginger, mixed. Top may be garnished with pineapple wedges, candied cherries or nuts. Makes 1 loaf.

GREEN BEAN CASSEROLE USES ONION, PIMIENTO

2 10½-ounce packages frozen green beans
1 10½ ounce can condensed
1 tablespoon instant minced onion
2 tablespoons chopped pimiento
½ teaspoon salt
⅛ teaspoon ground black pepper
½ cup buttered bread crumbs

Cook beans according to package directions. Drain, if necessary. Add next 5 ingredients and toss lightly to blend. Turn into a one-quart casserole. Top with buttered bread crumbs. Bake in a preheated moderate oven (350 degrees F.) 20 minutes or until brown. Serve at once. Makes 4 to 6 servings.

ANISE SEEDS COVER SQUARE-CUT COOKIES

Beat eggs until thick. Add 1 cup sugar, beating constantly until thoroughly blended. Combined 2 cups sifted flour with 2 teaspoons ground anise, add to egg mixture. Knead on floured board until it forms a stiff dough, adding a little more flour if necessary.

Roll ⅛ inch thick and cut into squares. Place on greased baking sheet, which has been sprinkled with 2 teaspoons whole anise seed.

Let stand at room temperature for 10 hours to dry. Bake in slow oven (325 degrees F.) for 8 to 10 minutes. Makes 24 cookies.

STUFFED FLANK STEAK HAS CARAWAY ACCENT

Score 2 lb. beef flank steak, cut thin. Season with ½ teaspoon salt, ⅛ teaspoon ground black pepper, ¼ teaspoon onion, ¼ teaspoon celery salt.

Place 2 cups sage bread stuffing on steak and roll meat around it going with the grain of the meat. Fasten edges together with toothpicks and lace with string. Brown meat in fat.

Add ¾ cup water and ¾ teaspoon whole caraway seeds (or more to taste.) Cover tightly and simmer for about 2 hours or until tender.

Add more water from time to time if necessary. Remove steak to platter and strain seeds from gravy, if desired. Add a little more water to thin gravy to desired consistency and thicken with slightly more flour. Season with salt and pepper to taste. Serve over meat. Serves 5 or 6.

INDIAN STICK CURRY USES STEAK, GINGER

Alternate 1 lb. round steak, cut into one-inch chunks; 12 to 16 button onions, peeled, and 12 slices preserved ginger on 7-inch skewers.

Arrange skewers in a shallow 8-or-9-inch baking dish. Melt ¼ cup butter or margarine in a large skillet. Add 1 clove garlic, minced, and 2 tablespons curry powder and saute about 2 minutes, stirring constantly.

Gradually stir in 1 cup beef broth or water. Add ⅛ teaspoon cloves and ⅛ teaspoon cinnamon. Pour sauce over skewered meat.

Cover and bake at 300 degrees 1½ hours or until meat is tender. Turn skewers once during cooking.

To serve, place skewered meat on hot platter. Add ¼ teaspoon salt and 1 teaspoon lemon juice to sauce, then spoon it over skewered meat.

Giant Tankers Are Planned In Japan

KURE, Japan (AP)—National Bulk Carriers disclosed today they are planning to build three 100,000 deadweight ton tankers — the world's largest.

The project is awaiting approval by the Japanese Transportation Ministry.

The giant tankers have been ordered by Universe Tank Ship Co., an affiliate of National Bulk Carriers.

They would be 930 feet long, 134 feet wide and 67 feet deep, with a speed of 14.9 knots per hour.

Fourth Divorce

DETROIT (AP)—Mrs. Frances H. Adelsperger has been divorced for the fourth time from Henry E. Adelsperger, a Detroit industrialist. Circuit Court awarded her a cash settlement of $37,500 on her complaint charging her husband with having a bad temper. She had received more than $250,000 in past settlements.

Leg Is Torn Off

SAN QUENTIN, Calif. (AP) — A convict's right leg was torn off in a cotton milling machine at San Quentin prison. Bert Sanders, 36, serving five years to life on a Los Angeles robbery conviction, accidentally caught his right trouser leg in a splasher machine. His leg was drawn into the machinery and amputated.

Blank Message

HELENA, Mont. (AP) — Gov. J. Hugo Aronson's office received a 2-cent postcard carefully addressed to the "Executive Department, Helena, Montana," and postmarked Oct. 4, 1957, in Cooksville, Mo. The message side of the card was absolutely blank.

Ban Is Lifted

CANBERRA, Australia (AP)—Customs Minister Denham Henty said today he has lifted the Australian ban on J. D. Salinger's novel "Catcher in the Rye."

TEXAS WATER DEVELOPMENT FUND PROPOSED

The growth and prosperity of Texas are dependent in large measure upon the assurance of a plentiful water supply for all time to come. The voters of the State will soon have an opportunity to express their opinion concerning a proposed constitutional amendment which is quite pertinent to this problem.

The recent Fifty-fifth Legislature recognized the need for floor control as well as the assurance of an adequate future water supply. For those reasons they voted to propose an amendment to the Texas Constitution which, if approved by voters in a special election to be held Novemeber 5, 1957, would authorize the creation of a body to be known as the "Texas Water Development Board."

This Board, if created, would have authority to issue and sell general obligation bonds of the State of Texas in an amount not to exceed $100,000,000. If more funds should be required at some later date, the Legislature would be authorized to provide for the issuance and sale of an additional $100,000,000 in bonds. A two-thirds vote of the Legislature would be required for this authorization.

Proceeds from the sale of the bonds could not be expended directly nor given away, but could be loaned to various governmental authorities for certain authorized purposes. Eligible borrowers would include cities, counties, river authorities, conservation and reclamation district, and interstate compact commissions.

The money could be used to build and extend dams and reservoirs and to finance other measures necessary in preserving and developing water resources and in controlling and storing storm and flood waters. Money could also be loaned for the construction of facilities for transporting water from storage points to distribution points.

Money received by the Water Development Board in repayment of principal and interest on the loans would be placed in a sinking fund. From this fund the Board would make the payment necessary to retire the original bonds.

Two other proposed consitutional amendments will be submitted to the voters in the same special election on November 5. One of these concerns retirement and disability funds for State employees. The other would increase benefit payment for needy children, needy aged, and needy blind persons.

(This column, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)
