

County Gains 398 People In Census Report

Sherman County has a gain of 398 residents according to the 1950 census. In 1940 the county had a population of 2,026. In 1950 the population was counted as 2,424.

Stratford gained 499 residents during the 10 year period. The population of Stratford at present is 1,376 as compared to 877 in 1940. Texhoma, Texas has a population of 297 as compared to 191 in 1940.

Bill Craig Announces For Re-Election

State Representative William J. (Bill) Craig of Miami, Roberts County announces that he will be a candidate for re-election to the office of State Representative from the 124th Legislative District which is composed of the top ten counties in the Panhandle.

Craig was born and reared in Miami, Roberts County. After his graduation from Miami High School he attended Amarillo College, Texas Tech and received a degree in Business Administration from the University of Texas. He enlisted in the U. S. Navy in August 1941 and was discharged in 1946. He has been associated with his father in the retail drug business in Miami. Craig is 34 years of age, is married and has two young sons.

The following is his announcement:

As your representative I have worked for and supported the legislation and bills which the majority of the people of my district wanted, and have opposed and voted against the bills which were against your interests. I have never been nor will I ever be dictated to by any special interest group seeking special favors at the expense of the public. I am opposed to any organization, association or special interest having control or monopoly in any field.

I believe in the American free enterprise way of life; I am opposed to any form of Communism and to any person who believes in Communism, holding public office or teaching in our schools.

As your representative in the past session of the legislature I was active in the support of the improvement of our public school program. I voted for and worked for the passage of the Farm to Market Road Bill which is building many more miles of farm to market roads. I supported the bill which would have set up a State conservation program; the gas measurement law benefitting the small land owner; the Rural Telephone Co-operative bill bringing telephone service to the rural areas; and many other bills which would improve and better the living conditions and economic development of our state and people. I introduced and passed the bill in the House creating a Water Compact Commission on the Canadian River, which will allocate the waters of the river for development purposes.

As your representative I opposed unnecessary spending and tried to reduce appropriations wherever I believed it could be done without impairing the service rendered.

I am opposed to a Sales Tax as a method of solving our deficit problem, and to any increase in taxes until unnecessary expenses are eliminated. I favor and will support an increase in the Veterans State Land funds which will enable more Veterans to purchase a small farm or ranch on terms which they can meet.

I believe that the Old Age Assistance payments should have the ceiling removed and will vote to submit this to a vote of the people. As your representative I will continue to represent all of the people of the district, and to work for a better and more efficient state government.

LaMaster Visits In Stratford

LeRoy LaMaster, candidate for Congress from Perryton, was a business visitor here Wednesday.

According to law, a minimum of three persons can create a riot.

Miss Cooper Is Married In Kansas

Miss Barbara Elaine Cooper, daughter of Mr. and Mrs. H. H. Cooper, of Ness City, Kansas, became the bride of Mr. Ralph Dale Breit, son of Mr. and Mrs. George Breit, also of Ness City, on June 4 at Danforth Chapel on the University of Kansas campus, Lawrence. The Rev. Edwin F. Price performed the ceremony.

The bride, who was given in marriage by her father, wore a gown of white satin, fashioned with a yoke and wide bertha of illusion, caught with satin rosebuds. The bottom of the gown had a wide flounce of illusion and the full train of white satin had panels of illusion. Her short pouf veil was of illusion with a satin coronet. She carried a bouquet of white roses and stephanotis.

Miss Dorothy Watson, the maid of honor, was gowned in pale green organdy which was fashioned with a fitted bodice and a bouffant skirt. She wore a chaplet of yellow carnations in her hair and carried a bouquet of yellow Esther Reed daisies. The bridesmaids were Miss Barbara Burnham, who wore yellow organdy and a chaplet of yellow carnations and carried yellow daisies, and Mrs. Ray McCombs, sister of the bridegroom, wore pink organdy and a chaplet of pink carnations and carried pink daisies.

The candlelighter was Miss Gay Bonney, who wore aqua organdy and a chaplet of white carnations. The flower girl was Diane Youngers, cousin of the bride, who wore green organdy.

The ring-bearer was Louis Youngers, also a cousin of the bride. The organist was Mrs. F. L. Yates, an aunt of the bride, and Miss Glenna Joyce Davis was soloist.

Following the double-ring ceremony, a reception was held at the Sigma Kappa sorority house. Mrs. T. L. Brooks, an aunt of the bride, was in charge of the guest book, Mrs. V. C. Youngers, also an aunt of the bride, served the cake, and Mrs. Mary Younkman, Sigma Kappa housemother, served the punch.

For her going away outfit, Mrs. Breit chose a white linen two-piece dress, a white pique hat with black velvet trimming, white linen shoes, white gloves and a neutral-colored bag.

Following a wedding trip, the couple are at home at 1634 Buchanan, Topeka, Kansas.

Visitation Meeting Held At Texhoma

Mrs. Emil Blanck, Mrs. C. W. Moon, Mrs. A. L. Harrison, Mrs. Ralph Harding, Mrs. Selma Pen-dleton, Mrs. Art Ross, Mrs. William Martin, Mrs. Tim Flores, Mrs. J. G. Cummings, Mrs. W. P. Cummings, Mrs. J. K. Richardson, Mrs. C. R. Foster, Mrs. Gertrude Ashworth, Mrs. J. B. McWilliams, and Mrs. J. W. Flores attended the visitation meeting of the Woman's Society of Christian Service held in Texhoma Wednesday.

Upon arrival the guests were served a cool glass of lemonade which had been prepared to refresh thirsty visitors who drove to Texhoma on the hot afternoon.

The Texhoma ladies gave a very inspiring program. Each lady was given a candle. The first was lighted and then passed on to each one for the ladies to light their candles. These candles represented the light of each Christian life in the world. A review of the past ten years work was given by Mrs. Hook.

The Stratford ladies presented the Texhoma Society with a lovely birthday cake decorated with 10 candles.

The meeting was held in the beautiful home of Mrs. Gens.

Miss Worley Enters Draughn's Business College

Miss June Worley, daughter of Mr. and Mrs. Roy Worley, enrolled in Draughn's Business College in Amarillo Tuesday. She was graduated from Stratford High School in May.

Mr. and Mrs. Worley accompanied their daughter to Amarillo for her enrollment.

THE STRATFORD STAR

Volume 45.

Stratford, Sherman County, Texas, Thursday, June 15, 1950.

No. 36.

Prince of Peace Showing Here Friday-Saturday

One of the most unusual, and definitely one of the most worthwhile movies to reach the local theater, will show here Friday and Saturday. "The Prince of Peace" is top screen entertainment for Christian people who believe in God and who want to learn more about the story of Jesus Christ.

The Lawton story of "The Prince of Peace" is actually two stories in one. The picture is based on the life of the famous Little Minister, Rev. A. Mark Wallock of Lawton, Oklahoma, and his world-famous. Easter pageant which has become America's greatest Passion Play.

Appearing in the cast of 3,000 characters are citizens of Lawton, Oklahoma, who handle the biblical roles with sheer perfection and amazing sincerity.

A special screening of the picture was shown in the First Methodist Church Friday night of last week.

Stratford Plays In Top NPAA Tournament

Stratford's City baseball club will play in the top four North Plains Athletic Association baseball tournament being held in Boise City Friday and Saturday.

Boise City and Dalhart will play at 7:30 Friday night. This will be followed by the game between Stratford and Texhoma at 9:30.

Saturday the final game will be played at 8:30 P. M.

Boundaries Established For Conlen District

Boundaries of the Conlen School District annexed to the Stratford Rural High School district have been established. Land included in the Stratford School District largely conforms with the wishes of parents to send their children to school at Stratford. Property included in the Dalhart School district represents the same settlement.

With the establishment of the boundaries Sherman County people with land in the Conlen School District are being sent letters explaining the settlement and informing them that the deadline for payment of the 1949 taxes without penalty and interest will be July 31.

Attorneys had advised many property owners not to pay their taxes to either school district until the disputed boundary agreement was reached.

Producer's Wheat Plan Expense

When you market your wheat your local elevator will deduct from your settlement check one-fourth cent per bushel on your wheat. This means that your contribution will be \$2.50 for each thousand bushels you market, or if you raise 10,000 bushels of wheat you will pay \$25.00 to the organization. If you place your wheat under loan your local elevator will ask you to write a check for the amount of wheat going into loan when your warehouse receipt is issued.

The Sherman County Wheat Producers Association is asking each producer to invest this small amount in order to insure price levels for wheat.

County Agents Expected Home Sunday

Miss Dorothy Dixon, county home demonstration agent, and County Agent Ernest Goule are expected home Sunday from College Station. They have been

Phelps Decorating Shop Will Open Friday

The Phelps Decorating Shop, owned and operated by Mr. and Mrs. Earl Phelps will hold its formal opening Friday. The new firm is located in the Hotel building on Main Street.

The business will deal in wall papers, paints and tile floor coverings. Mrs. Phelps, a graduate of the New York School of Interior Decorating, will manage the business while Mr. Phelps continues his trade as a painter and paper hanger.

Four Drilling Locations Announced

Four new drilling locations were announced for Sherman County this week.

The Shamrock Oil and Gas Corporation Atha No. 1 is 1,330 feet from the south and east lines of section 205 in Block 1-T, Tascosa Gas Company No. 1 Eck is 1,650 feet from the north and west lines of section 169 Block 1-C.

Skelly Oil Company Oscar Cornelison No. 1 is 2,584 feet from the east and 2,640 feet from the south line of section 139 Block 1-C.

Tascosa Gas Company Sherman No. 1 is 1,650 feet from the north and east lines of section 33 Block 3-B.

Tascosa Gas Company McCrory No. 1 in section 233, Block 1-T, was completed for 1,597 MCF of gas with a rock pressure of 409 pounds.

Tascosa Gas Company Bush No. 1 in section 212, Block 1-T, was completed for 1,169 MCF of gas with a rock pressure of 416 pounds.

Tascosa Gas Company Harland No. 1 in section 37, Block 1-C, was completed for 1,210 MCF of gas with a rock pressure of 395 pounds.

Tascosa Tibbetts No. 1 in section 204, Block 1-C, was completed for 3,395 MCF of gas with a rock pressure of 416 pounds.

Mrs. Elms Entertains Kerrick Club

The Kerrick Home Demonstration Club met in the home of Mrs. Robert Elms Friday with eight members and one visitor present.

The secretary's book was turned over to Mrs. Allen Boren.

Mrs. Fred McDaniel gave a report on the council meeting held in May.

Several of the members made suggestions for the yearbook.

A demonstration on using sewing machine attachments was given by Mrs. Robert Elms.

Refreshments of ice cream, cake, and tea were served to Mesdames Fred McDaniel, Newton Scotts, Pete Taylor, Cal Wain-scott, Sam Roach, Allen Boren, Bill Johnston, A. W. Taylor, and Robert Elms, the hostess.

W.S.C.S. Ladies Food Sale Saturday

Ladies of the Woman's Society of Christian Service of the Methodist Church are announcing a food and bake sale which will be held Saturday in the King Equipment building. Foods will go on sale at 10:30 A. M.

Miss Bridwell Is Bridesmaid

Miss Jacqueline Bridwell, who is home for the summer vacation, flew back to Dallas Wednesday to attend the wedding festivities of a student friend of

attending the state 4-H club round-up and the agents conference.

E. W. Carter Is Candidate For Re-Election

County Commissioner E. W. Carter is a candidate for re-election in Precinct No. 2. His candidacy was placed before the voters of precinct two this week by friends who seek his return to the office he now holds.

Mr. Carter's friends state that they are well pleased with the manner in which he has represented them in caring for the business of the county and seek the support of the voters in that precinct in the coming election.

Mr. Carter's candidacy is announced subject to the action of the voters in the Democratic Primary election July 22.

Mr. Carter is one of the few county officials who has never announced for public office. He has served the county as a commissioner for several years but in each campaign his candidacy has been announced and promoted by his friends in that precinct.

Nine Officers Attend Borger Training School

Nine officers of the Woman's Society of Christian Service of the Methodist Church attended the school for the training of officers held in Borger Tuesday. Each officer was informed of the duties of her office.

Mrs. De Lamar of Dumas presided at the meeting. Mrs. Asa Willis of Texline is the promotional secretary. Mrs. Vera Cusick, district secretary of the C.S.R. and L.C.A. of the Amarillo district, was a guest speaker.

The school was well attended by ladies of the societies from the 26 churches in the Perryton district.

Representing Stratford were Mrs. Emil Blanck, Mrs. C. W. Moon, Mrs. Ernest Lovelace, Mrs. A. L. Harrison, Mrs. J. B. McWilliams, Mrs. Ralph Harding, Mrs. W. P. Cummings, Mrs. J. G. Cummings, and Mrs. J. W. Flores.

District Court Is In Session

District Court opened here for a short session Tuesday. Two cases were disposed of during the early session.

Sam Lasley et ux vs. James Taylor et al, a case to clear title, was decided in favor of the plaintiff.

C. C. Prince vs. the Texas Employers Insurance Association, an appeal for award of industrial accident, was settled with the award of \$1,150.00 for the plaintiff.

Heald Dies Of Traffic Injuries

John Heald, who in recent years had lived in Dalhart, was killed in a car accident near Clayton, New Mexico Tuesday of last week. In his younger years he worked on the M. B. Green farm in Sherman County.

Heald's wife was killed in a car accident while he was serving over seas with the armed forces, friends here relate.

Ballengee Claims Best Fish Of The Week

H. P. Ballengee, Mexico City, claims the best fish catch of the week. While deep sea fishing he caught a 9 foot sail fish weighing 98 pounds.

A dead person may vote legally, if he mails an absentee ballot and then dies before election day.

Southern Methodist University, Miss Jeanne Hall, Jacqueline will be a bridesmaid.

Death Takes Mother Of Mr. Cunningham

Mr. and Mrs. S. L. Cunningham and daughter, Adele, left Saturday to attend the funeral services of his mother which were held Sunday in Malvern, Arkansas. Mrs. Caldonia Cunningham passed away at her home in Malvern Friday.

Barnetts Are Hospitalized In Albuquerque

Mr. and Mrs. Grady Barnett are in an Albuquerque, New Mexico hospital recovering from injuries sustained in an automobile accident Sunday according to brief reports. Mr. and Mrs. Barnett were returning to their home in Socorro, New Mexico at the time of the accident. Mrs. Barnett is a sister of N. D. Kelp.

City Club Loses Dusty Game At Boise City

Stratford baseball fans' hopes of gaining the lead in the North Plains Athletic Association league waned Sunday when Stratford lost a game played at Boise City in high wind and dust. Boise City led the score 19 to 11.

High winds favored the batters. Pitchers worked against wind and blinding dust.

Heat Wave Follows Cool Rainy Season

The summer's worst heat wave struck Stratford Tuesday as the thermometer climbed to 100 degrees. Wednesday was a repeat visit of the summer's sun as the mercury climbed almost to 101 degrees.

During nights of the rainy season the temperature had dropped to lows of 55 and 58 degrees.

CONTRACTOR'S NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 31.198 miles of Cr., Strs., Flex. Base & One Crs. Surf. Treat. from 8.6 mi. East of Stratford, to Hansford Co. L.; Fr. Sherman Co. L. S. E. 2.2 mi.; from 18 mi. East of Stratford North to Oklahoma State Line on Highway No. FM 289 & 1269, covered by S 469 (3) & (4), R 790-3-4, R 1338-1-2, & V 1338-1-1, in Sherman & Hansford County, will be received at the Highway Department, Austin, until 9:00 A. M., June 21, 1950, and then publicly opened and read.

This is a "Public Works" Project, as defined in House Bill No. 54 of the 43rd Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Acts.

In accordance with the provisions of said House Bills, the State Highway Commission has ascertained and set forth in the proposal the wage rates, for each craft or type of workman or mechanic needed to execute the work on above named project, now prevailing in the locality in which the work is to be performed, and the Contractor shall pay not less than these wage rates as shown in the proposal for each craft or type of laborer, workman or mechanic employed on this project.

Legal holiday work shall be paid for at the regular governing rates.

Plans and specifications available at the office of J. R. Harris, Resident Engineer, Dumas, Texas, and Texas Highway Department, Austin. Usual rights reserved. (Pub. 6/8-15.)

Pilgrims Brought Parsnips

The parsnip is another one of the European or Asiatic root vegetables which have been developed in the Mediterranean area. It was known and liked by the ancient Greeks and Romans and introduced into America with the first settlers. In fact, John Smith's gentlemen at Jamestown, Virginia in 1609, and the Pilgrims at Plymouth, brought parsnip seed along. Parsnips are fairly easy to grow and very easy to store, in fact, parsnips may be left out all winter long, provided they are covered with a fairly heavy mulch or if the snow comes early and stays all winter long.

Forty-eight guns, one for each state, constitutes a national salute.

Thunder Storms Bring Flash Rainfall

A flash rain storm Saturday afternoon brought .45 inch of moisture to the Stratford area with heavier rains reported in nearby districts. In some localities, only traces of moisture fell.

During the early part of the storm the home of Mr. and Mrs. M. F. Reeder was struck by lightning. The fire alarm was sounded and the Stratford Volunteer Fire Department made the run during the height of the storm. Some sut was knocked from the chimney of the Reeder home and the smell of smoke was strong but no blaze was started by the bolt of lightning.

In the flash rain Sunday .37 inch of moisture fell at Stratford. The rain varied in localities over the territory.

During the storm Sunday, lightning struck a barn on the Webb Wharton place northeast of Stratford. A barn in which a pickup and a quantity of cake were stored, was destroyed in the blaze which was extinguished by the Stratford Volunteer fire department. The windmill tower at the Whorton farm was also struck by lightning and one anchor post was splintered.

During the same storm a sheet iron building near the destroyed Panhandle Chevrolet building at Texhoma was struck by lightning.

Heavy Traffic Expected On Highway 54

"This summer will see an all-time record for volume of traffic on U. S. Highway 54," said Colonel Claude C. Earp, of Nevada, Missouri, newly elected president of the National U. S. Highway 54 Association.

In elaborating on his statement, Earp pointed out the fact that the U. S. 54 is the only completely diagonal route which is crossed by every transcontinental highway. Highway 54 starts on Michigan Blvd., in Chicago and moves in virtually a straight line to El Paso, Texas, just north of the Mexican border.

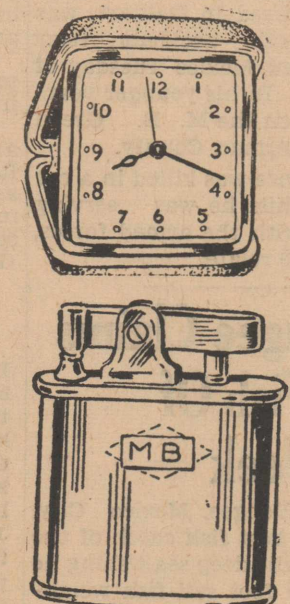

"Because U. S. 54 is one of the greatest transfer routes in the nation," Earp continued, "a great percentage of the tourists will travel at least a part of the way on 54. The motorist journeying from New York City to Southern California can save at least 300 miles and more than a day's driving time by using 54 as a transfer route."

"The time-saving and safety advantages are perhaps the most important advantages of this improved, direct route," Earp pointed out.

"U. S. Highway 54 is a time-saver for various reasons. In the first place, it is virtually a direct route, almost completely diagonal, with no lost mileage occasioned by long north and south stretches.

"Secondly, 54 bypasses the large cities. In the entire distance from Chicago to Santa Rosa, New Mexico, 54 passes through only one large city. That city is Wichita, with a population of 170,000, where 54 has

THE PERFECT GIFT
For Father's Day

LEONARD'S JEWELRY
All Work Fully Guaranteed

been widened through the city to speed traffic." "In addition to bypassing the large cities, another important safety aspect is the fact that it has extremely few railroad crossings. West of Wichita it runs along the Rock Island tracks most of the way to Santa Rosa." U. S. Highway 54 is one of the most convenient highways now in existence being well served by motor courts, restaurants, filling stations, garages and hotels. "Nixie is a postal term meaning mail which for some reason cannot be delivered."

THESE TAGS READ: BIG INVESTMENT

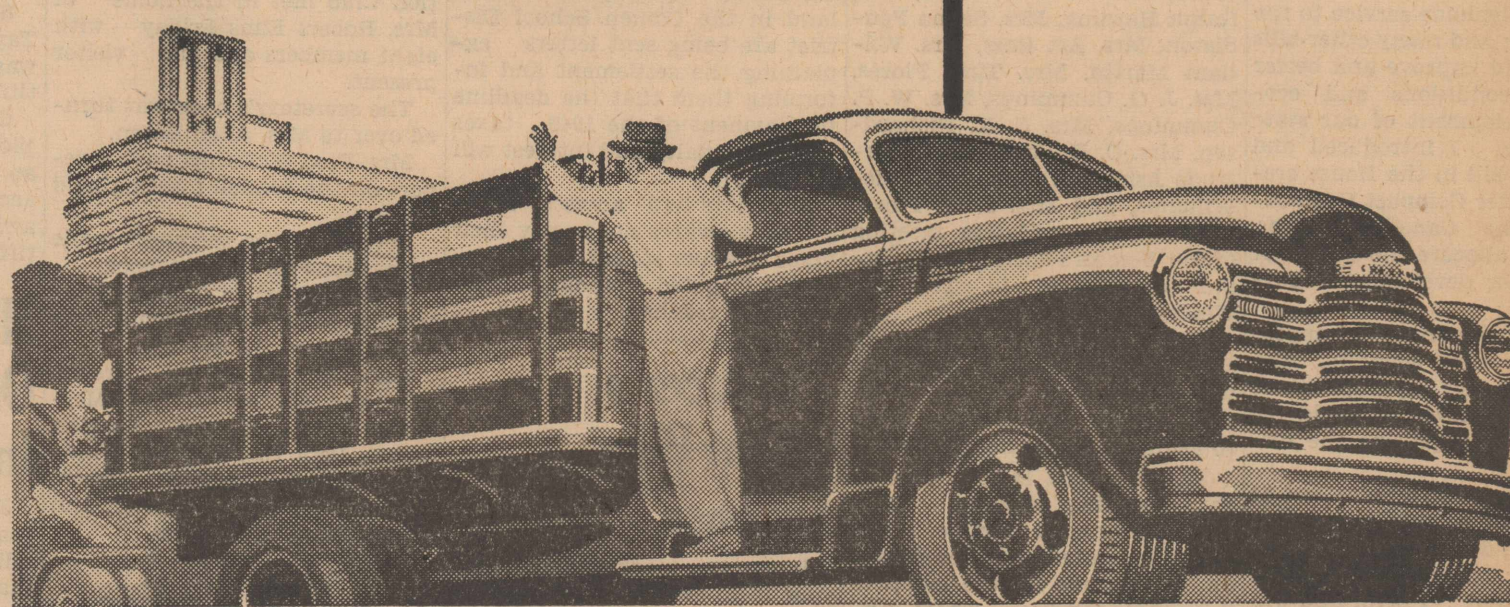

In order to protect the really big money you have invested in these vital machines, you make every effort to take care of them. You keep the tires properly inflated; you grease the moving parts regularly, you keep all surfaces painted or otherwise protected against rust; and, of course, you depend on the best motor oil available to protect the life and performance of each motor. Like all other farmers, you have specific needs which all motor oils do not meet. Only a motor oil made by farmers for farmers in a refinery which they own can also meet such requirements. That's CO-OP MOTOR OIL—the motor oil made to the farmer's own specifications. You can trust your costly motors to CO-OP MOTOR OIL always.

You can haul more loads . . . more miles . . . for less . . . with Chevrolet Trucks

Take time out to talk to some Chevrolet truck users. You'll find it revealing. You'll discover that Chevrolet trucks pay their way by hauling more loads—more miles—for less! And you'll find that this extra measure of value is even more apparent in the new Chevrolet models. Definitely, they're America's first-choice trucks. Heavy-duty units feature a brand-new 105-h.p. Valve-in-Head engine with the power to pull heavy loads and conquer steep grades. They offer new Power-Jet carburetion for smoother, quicker operation. They bring you the fast, safe shifting of Chevrolet's 4-speed Synchro-Mesh transmission. But whatever your hauling requirements, Chevrolet trucks are your best bet. See them in our showroom. You'll agree.

**BIT TOO EARLY
FOR SAINT NICK**

YONKERS, N. Y. — It sounded a little too heavy for rain on the roof of a South Broadway store Saturday night. Customers and employees rushed out to investigate.

There, prancing about, was a deer. The amazed watchers had

just figured out the deer must have leaped a 10-foot space from an embankment which is the level of the store roof at the rear when the deer gave another leap. This time she landed on the roof of a parked auto, crushing it. Extricating herself with difficulty, the deer limped across the street and died of injuries as incredulous police arrived.

Beginning of Spectacles

The naturalist Pliny (first century A.D.) and other ancient writers knew about burning-glasses, which consisted of hollow glass balls filled with water. But these scientific pioneers apparently did not draw any conclusions about magnification or refraction from their glass spheres. For more than a thousand years the record of ophthalmic development is almost a blank. But obscure scientists were at work in the field, and a number of writers state clearly that spectacles were in use around the beginning of the 14th century.

The National flower of the United States is the goldenrod.

Should You Buy?**

Shamrock Promises Just One Thing—

Dependable Lubrication!

Each of Shamrock's three motor oils can be absolutely depended upon to do the job for which it is designed:

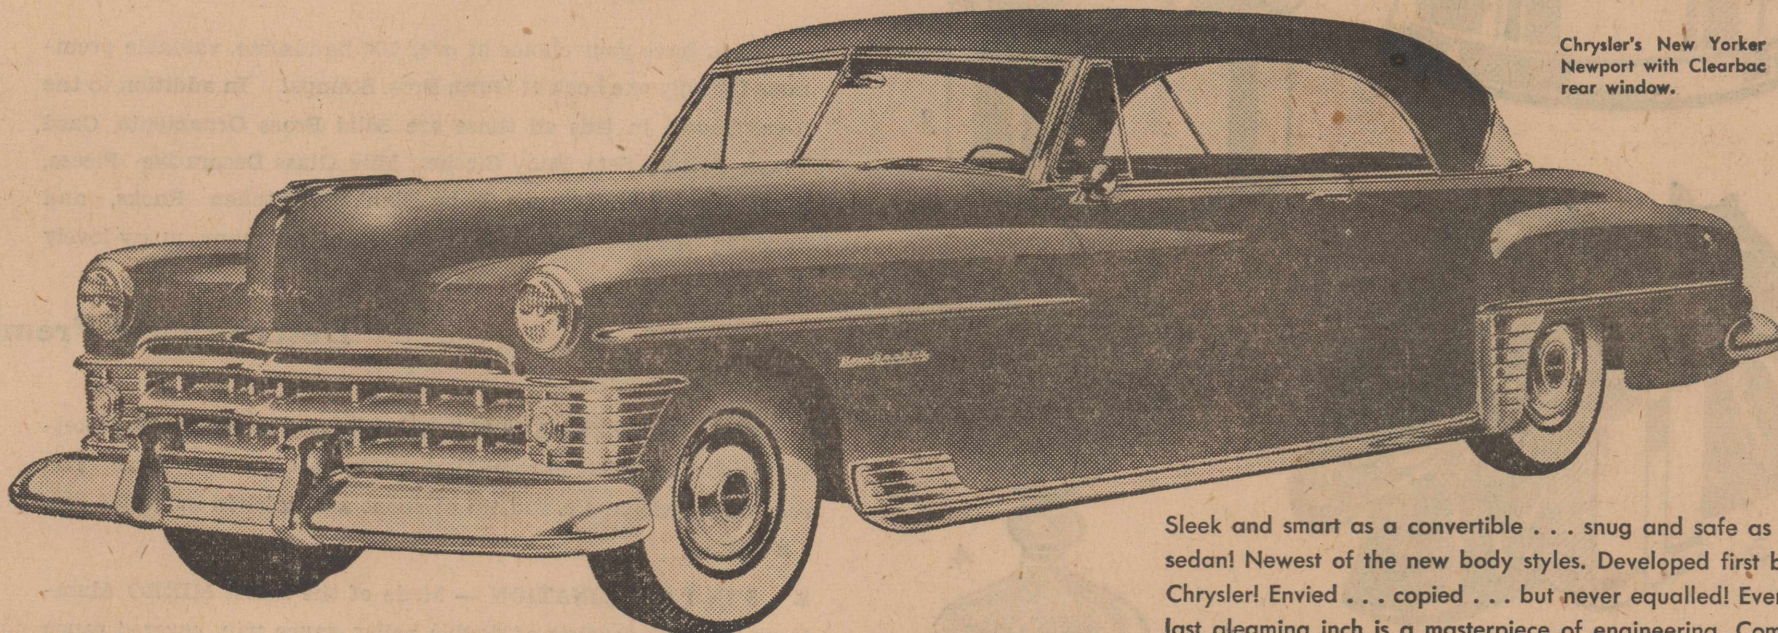

SHAMROCK PENN — for those who want a fine oil which meets all the rigid quality requirements of the Pennsylvania Grade Crude Oil Association.

SHAMROCK MOTOR OIL — for those who prefer a Mid-Continent 100% paraffin base crude which is highly refined to flow freely and to give long-lasting protection under all driving conditions.

SHAMROCK EKO-LUBE — for those who demand an economy oil which has a paraffin base and will give good service.

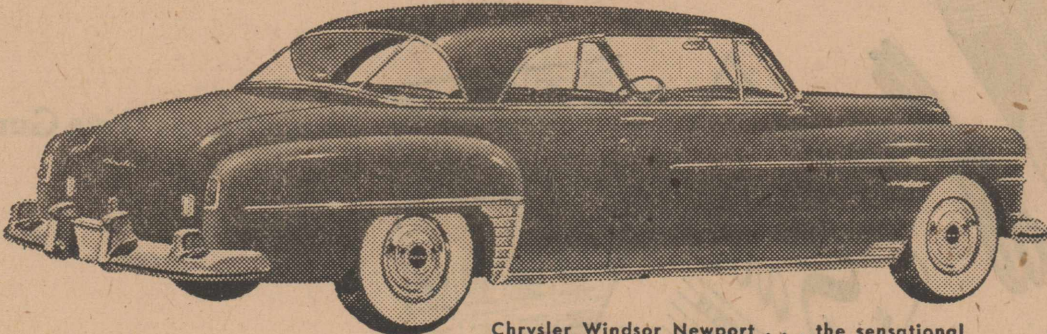

Introducing the Beautiful

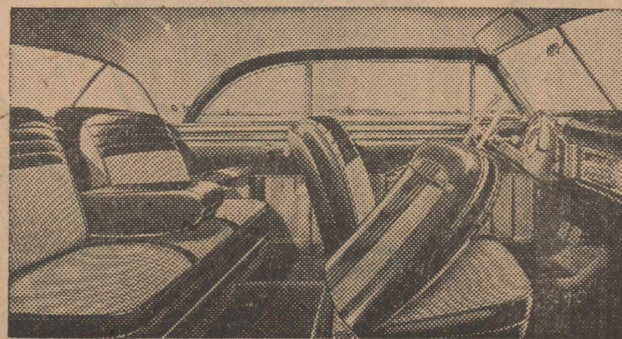

Chrysler's New Yorker Newport with Clearbac rear window.

Chrysler Newport

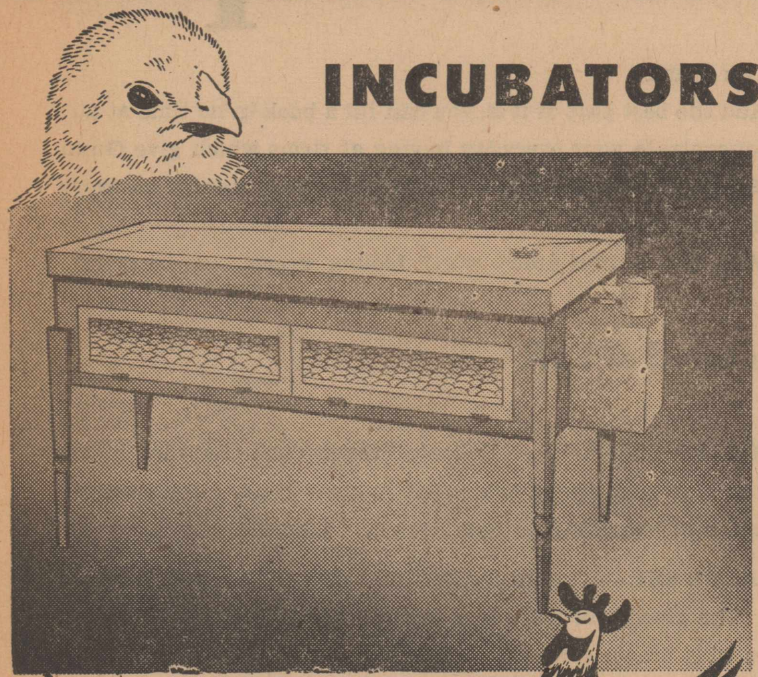

Chrysler Windsor Newport... the sensational medium priced version of this sparkling, sporting car with the all steel top and Clearbac rear window.

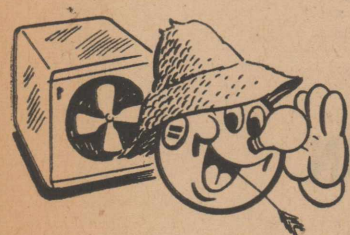

No car, regardless of price, can match the luxurious materials and the tasteful appointments featured in the interiors of this beautiful Chrysler Special New Yorker Newport shown above.

today's newest style classic!
Garrison Motor Co.

**INCUBATORS**

— are fine for chickens

But few people appreciate those same qualities in a hot summer's day. Most of us would rather be comfortable. When the sun is really bearing down, and the thermometer is stuck on a hundred-and-then-some in the shade, your evaporative cooler is a real life saver! Turn it on and feel it... degrees and degrees of difference! Clean, fresh air... every breath sparkling-washed in cool, cool water. That's how much more pleasant summer living can be!

See your favorite electrical dealer... or ask your Public Service representative... you'll find the evaporative cooler to suit your needs, for home or business. It's economical, too... low-cost, dependable electric service makes it that way!

Old-Time Premiums Were Never Like This!

The premiums pictured below and described at right are new merchandise and are not shown in Gunn Bros. catalog. Order them by number from this ad, if desired.

Look What You Get for Just 1 Book of Gunn Bros. Stamps

You have your choice of over 100 handsome, valuable premiums for only one book of Gunn Bros. Stamps! In addition to the items shown in this ad there are Solid Brass Ornaments, Card Trays, Pottery Sets, Baby Clothes, Milk Glass Decorative Pieces, Pyrex Sets, Hide-A-Brush, Baby Blankets, Kitchen Racks, and Sporting Goods. These are just a few of the many, many lovely

one-book items.

And the best part of it is, you can fill a book in no time at all! Just concentrate your everyday buying at firms which give Gunn Bros. Stamps and make certain you receive your stamps on every purchase you make.

Who said stamps aren't worth fooling with?

Description of Premiums Pictured at Left

- 1. WHISTLING TEA KETTLE** — A solid copper Revere Ware kettle finished in heavy chrome that will keep bright for years. The reed-wrapped handle and tip of spout are finished in bright red. **1 BOOK.**
- 2. 5 IN 1 COMBINATION** — Made of the finest MIRRO Aluminum, this set consists of double boiler, sauce pan, covered sauce pan, pudding pan, and casserole. Wide bottoms and straight sides for quick heating. **1 BOOK.**
- 3. BOOKENDS** — Artistically moulded Abingdon Pottery in graceful horse head design. They are solid black in color and will lend a distinctive touch to your home. **1BOOK.**

- 4. FOOTED COMPOTE** — Delicate French Opal Glass in lovely shade of blue with fluted top edged in clear glass. Faithful reproduction of charming antique design. **1 BOOK.**
- 5. RANGE SET** — Grease jar, salt and pepper in Abingdon Pottery. The pieces are ivory in color and the tops are yellow sunflowers with brown centers. **1 BOOK.**
- 6. BED LAMP** — Walnut finished metal with chrome trim — 9½ inches long. Handsome and useful. **1 BOOK.**
- 7. BABY DISHES** — Mug, cereal bowl and plate of Cameo Ware Pottery by Harker. Blue with amusing figures in white. Set, **1 BOOK.**

ONE Look

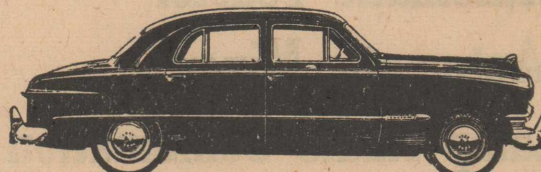

Yes, a look will show you why it's Ford for Fashion, again for '50! Once again Ford's modern styling earned it the Fashion Academy's coveted medal as "Fashion Car of the Year." No other car at any price has received such an honor 2 years in a row.

**ONE Listen**

You can hardly hear the '50 Ford's powerful V-8, or its companion in quality, the 95-h.p. Six—both are "hushed" to a whisper. Your ride is quiet, too, because "sound-conditioning" throughout Ford's roomy and sturdy "Lifeguard" Body keeps noise out!

**ONE Ride**

One "Test Drive" and you'll know the luxury comfort of Ford's "Mid Ship" Ride... the safety of its "Lifeguard" Body and King-Size Brakes... its big car roadability. Then check Ford's low first cost, great mileage, low upkeep and high resale value. You'll agree—Ford's the "Big Economy Package" of the low-price field.

**"TEST DRIVE" THE '50****FORD**

AT YOUR FORD DEALER'S

KROGER BABB and JACK JOSSEY Proudly Present

The Lawton Story OF

"The PRINCE OF PEACE"

THE LIFE OF JESUS CHRIST... THE SCREEN'S FIRST Great PASSION PLAY

53 NEW TESTAMENT TABLEAUX

Jimmy Fidler's Plea Answered

"The Prince of Peace," new full-length Hallmark cinecolor production, now showing at the Roxy Theatre is just what Jimmy Fidler, famous Hollywood radio commentator and columnist, has often said the film industry needs to produce more inspiring motion pictures, with definite spiritual quality.

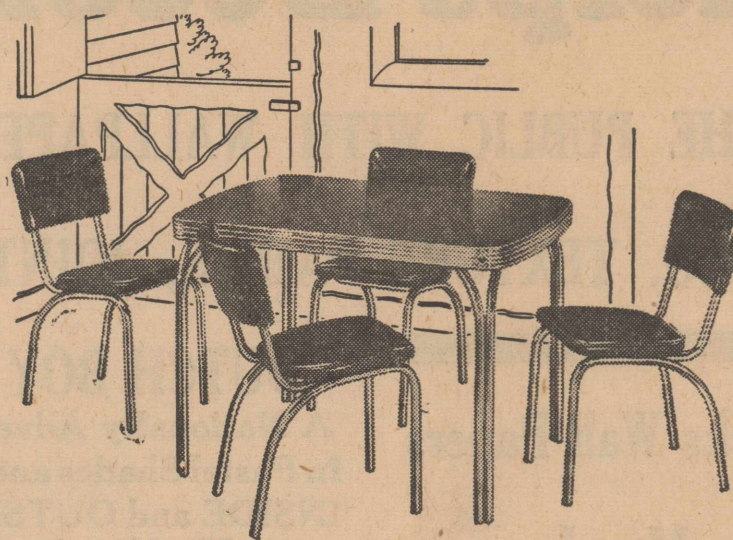

With more than half of the beautiful new film photographed in the stark grandeur of the rugged Wichita Mountains, "The Prince of Peace," in glorious cinecolor, is one of the most magnificent films ever made. Costing some \$2,500,000 to produce, a total of 63,400 feet of film was shot and edited to 9,000 feet in the

final cutting.

The cast includes more than 3,000 performers and over 100 speaking parts. The music required one of the longest recording sessions in recent years by a 62-piece studio symphony orchestra and the 80-voice Hallelujah choir under the personal direction of Edward J. Kay.

What was the *RIGHT* thing for this Driver to do?

Suppose you were driving the car in front. The driver behind wants to pass, and you see that he may run into a car coming from the opposite direction. If you are wise you will put out your hand and signal him not to pass. But, if he comes abreast of you too fast, keep to the right to provide clearance.

Drive *RIGHT* with Phillips 66

Phillips 66 Gasoline provides the fast, smooth response you want whenever you may be faced with a "ticklish" driving situation. Thanks to improved refining methods, this great motor fuel now gives smoother anti-knock performance, faster acceleration and greater power than it ever did before! It's *right* for safe, pleasurable driving.

You can get new, improved Phillips 66 Gasoline now, at your Phillips 66 Dealer's.

King Tut's Sandals

Still in a state of perfect conservation, a pair of leather-soled sandals, painted and embossed in gold, were found in the tomb of Tutankhamen in Egypt. Painted on the inner soles were figures of traditional enemies, Syrians and Libyans, "on whom the King trod".

Personal To Women With Nagging Backache

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.

If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Mr. Troutt

C. W. Troutt, of Lebanon, Tenn., well-known manager of square dances and operator of several trucks, now joins in a few steps of the dancing, much to the amazement of friends who know how severe aches and pains of neuritis have made him almost an invalid for some time.

This blessed relief came to Mr. Troutt as HADACOL helped overcome his deficiencies of Vitamins B₁, B₂, Niacin and Iron. This relief came to him after these horrible pains had haunted him, making it possible for him to carry on his business activities only through sheer determination. He didn't let aches and pains kill his spirits, however. Then, one of the musicians at his square dances brought him a large economy-size bottle of HADACOL. Gave him HADACOL.

"I am tired of seeing you suffer with these aches and pains," said the musician. "I bought you this big bottle myself because I want to see you start getting well." Here is Mr. Troutt's own story: "I have suffered with aches and pains of neuritis for some time. I have tried dozens of preparations but have had little relief. My greatest pains have been in my knees and ankles and recently there have been pains in my wrists. One of the greatest horrors was to be unable to sleep at night. Since taking HADACOL I have been able to sleep and it is wonderful to get rid of those terrible pains in the knees, ankles and wrists. I have found in HADACOL the only relief that has come after years of search."

You'll Feel Great... with the first few bottles you take, or your money back. There is only one HADACOL and it is sold on a strict money-back guarantee. So give this remarkable HADACOL medicine a chance to help you if you suffer from deficiencies of Vitamins B₁, B₂, Niacin and Iron. Remember that HADACOL is amazingly different and amazingly effective because it treats the real cause of such troubles. Make up your mind to take HADACOL regularly. Refuse substitutes. Insist on the genuine. You can't lose a cent, because it's sold on a strict money-back guarantee. Only \$1.25 for Trial size. Large Family or Hospital size, \$3.50.

If your druggist does not have HADACOL, order direct from The LeBlanc Corporation, Lafayette, Louisiana. Send no money. Just your name and address on a penny post card. Pay postman. State whether you want the \$3.50 hospital economy size or \$1.25 trial size. Remember, money cheerfully refunded unless you are 100% satisfied.—Adv. © 1950, The LeBlanc Corporation.

Good Care Can Give Farm Tires More Wear

Eight Ways Farmers Can Use to Keep Down Cost

Tire service experts say there are eight things the average farmer can do to get the best possible return on his \$200 or more investment in the tires on his vehicles. And coming just at the start of the planting season they serve as timely suggestions.

According to the B. F. Goodrich farm service department, farmers observing these tips will not only protect their tires and make them last longer, but will obtain maximum efficiency from their equipment:

1. Check air pressure twice a month, taking reading first thing in the morning when tires are cool. Never release air from tires

Regular examination of farm tires and prompt repairs to cuts, bruises or other damage may prevent most costly repairs.

Gaywood Wagner, Freehold, N. J., is shown inspecting a sidewall cut in one of the multi-ring front tires on his tractor.

after running tractor for long periods in hot sun. This will result in under-inflation and possible tire damage when casing cools off.

2. Do not permit grease or oil to remain on tires. This shortens the life of rubber. Wash off chemicals which accumulate after spraying with tractor.

3. When using liquid weight in rear tractor tires, do not fill more than three-quarters full of liquid. Maintain correct air pressure, because a slight leak under this condition will cause a much greater decrease in pressure than if the tire were 100 per cent air-filled.

4. When tractor is not in use for long periods, jack it up and cover it. Inflate tires to recommended pressure before putting tractor back in service.

5. Always use valve caps to keep out dirt and moisture and to prevent possible trouble from leaky valves.

6. Examine tires regularly for signs of damage and remove stones and other foreign objects from treads. Have cuts, bruises or other tire damage repaired as soon as they are discovered.

7. Choose correct size when purchasing tires, keeping in mind the load they must carry and the particular job for which the tractor is used.

8. Drive carefully at all times—especially on the highway—to obtain longer life from tires and to extend their own.

Power Saw

A new lightweight portable power saw, weighing only 25 pounds complete with blade and chain, recently has been placed on the market. The unit is designed for cutting cordwood, and clearing, felling, and bucking timber, making posts, and tree surgery.

Secretary Brannan Pays Tribute to Homemakers

Secretary of Agriculture Charles F. Brannan paid tribute to three million homemakers in home demonstration work in special messages during the annual Home Demonstration week.

He said: "Better informed, more prosperous, healthier and happier rural people are most important assets to our democracy. As you look around your homes you must be conscious of your efforts."

THE BIBLE SPEAKS

International Uniform Sunday School Lessons

By DR. KENNETH J. FOREMAN

SCRIPTURE: Malachi 4: 1-6

DEVOTIONAL READING: Malachi 4: 1-6

Help for Our Times

Lesson for June 18, 1950

FOR TIMES that are dull, times without hope, Malachi is the prophet. When he lived the exile was over; but it was no golden age. In the dingy little city of Jerusalem, rich and beautiful no longer, lived only a comparative handful of rather poor people, dragging out a monotonous existence. To these people, living in discouraging times, Malachi had, and has, a message from God.

His prophecies do not have the bitter tang of Amos nor the melancholy of Hosea, the grandeur of Isaiah, the dramatic power of Jeremiah or the eerie visions of Ezekiel. But with inspired common-sense, he offers in the name of God a simple remedy with four ingredients.

1. Check air pressure twice a month, taking reading first thing in the morning when tires are cool. Never release air from tires

2. Do not permit grease or oil to remain on tires. This shortens the life of rubber. Wash off chemicals which accumulate after spraying with tractor.

3. When using liquid weight in rear tractor tires, do not fill more than three-quarters full of liquid. Maintain correct air pressure, because a slight leak under this condition will cause a much greater decrease in pressure than if the tire were 100 per cent air-filled.

4. When tractor is not in use for long periods, jack it up and cover it. Inflate tires to recommended pressure before putting tractor back in service.

5. Always use valve caps to keep out dirt and moisture and to prevent possible trouble from leaky valves.

6. Examine tires regularly for signs of damage and remove stones and other foreign objects from treads. Have cuts, bruises or other tire damage repaired as soon as they are discovered.

7. Choose correct size when purchasing tires, keeping in mind the load they must carry and the particular job for which the tractor is used.

8. Drive carefully at all times—especially on the highway—to obtain longer life from tires and to extend their own.

9. Check air pressure twice a month, taking reading first thing in the morning when tires are cool. Never release air from tires

10. Do not permit grease or oil to remain on tires. This shortens the life of rubber. Wash off chemicals which accumulate after spraying with tractor.

11. When using liquid weight in rear tractor tires, do not fill more than three-quarters full of liquid. Maintain correct air pressure, because a slight leak under this condition will cause a much greater decrease in pressure than if the tire were 100 per cent air-filled.

12. When tractor is not in use for long periods, jack it up and cover it. Inflate tires to recommended pressure before putting tractor back in service.

13. Always use valve caps to keep out dirt and moisture and to prevent possible trouble from leaky valves.

14. Examine tires regularly for signs of damage and remove stones and other foreign objects from treads. Have cuts, bruises or other tire damage repaired as soon as they are discovered.

15. Choose correct size when purchasing tires, keeping in mind the load they must carry and the particular job for which the tractor is used.

16. Drive carefully at all times—especially on the highway—to obtain longer life from tires and to extend their own.

17. Check air pressure twice a month, taking reading first thing in the morning when tires are cool. Never release air from tires

18. Do not permit grease or oil to remain on tires. This shortens the life of rubber. Wash off chemicals which accumulate after spraying with tractor.

19. When using liquid weight in rear tractor tires, do not fill more than three-quarters full of liquid. Maintain correct air pressure, because a slight leak under this condition will cause a much greater decrease in pressure than if the tire were 100 per cent air-filled.

20. When tractor is not in use for long periods, jack it up and cover it. Inflate tires to recommended pressure before putting tractor back in service.

21. Always use valve caps to keep out dirt and moisture and to prevent possible trouble from leaky valves.

22. Examine tires regularly for signs of damage and remove stones and other foreign objects from treads. Have cuts, bruises or other tire damage repaired as soon as they are discovered.

23. Choose correct size when purchasing tires, keeping in mind the load they must carry and the particular job for which the tractor is used.

24. Drive carefully at all times—especially on the highway—to obtain longer life from tires and to extend their own.

25. Check air pressure twice a month, taking reading first thing in the morning when tires are cool. Never release air from tires

26. Do not permit grease or oil to remain on tires. This shortens the life of rubber. Wash off chemicals which accumulate after spraying with tractor.

27. When using liquid weight in rear tractor tires, do not fill more than three-quarters full of liquid. Maintain correct air pressure, because a slight leak under this condition will cause a much greater decrease in pressure than if the tire were 100 per cent air-filled.

28. When tractor is not in use for long periods, jack it up and cover it. Inflate tires to recommended pressure before putting tractor back in service.

29. Always use valve caps to keep out dirt and moisture and to prevent possible trouble from leaky valves.

30. Examine tires regularly for signs of damage and remove stones and other foreign objects from treads. Have cuts, bruises or other tire damage repaired as soon as they are discovered.

31. Choose correct size when purchasing tires, keeping in mind the load they must carry and the particular job for which the tractor is used.

32. Drive carefully at all times—especially on the highway—to obtain longer life from tires and to extend their own.

33. Check air pressure twice a month, taking reading first thing in the morning when tires are cool. Never release air from tires

34. Do not permit grease or oil to remain on tires. This shortens the life of rubber. Wash off chemicals which accumulate after spraying with tractor.

35. When using liquid weight in rear tractor tires, do not fill more than three-quarters full of liquid. Maintain correct air pressure, because a slight leak under this condition will cause a much greater decrease in pressure than if the tire were 100 per cent air-filled.

36. When tractor is not in use for long periods, jack it up and cover it. Inflate tires to recommended pressure before putting tractor back in service.

Historic Doubters

When the Italian Galileo 300 years ago dared to question an age-old theory by Aristotle that heavy objects fall faster than light ones, learned men scoffed, scolded and finally brought Galileo to trial for his beliefs. So, he climbed the Leaning Tower of Pisa, dropped a half-pound weight and a 100-lb. cannon ball. They fell together. Even then, the wise men ran home to point out the exact page and line in Aristotle's writings to "prove" Galileo wrong.

THE PLOW THAT PAYS FOR ITSELF

YOURS may be an 18-disc Krause pull-type, like Mr. Vahle's. It may be a 30-disc Krause Giant—or a handy direct-mounted Krause "9" or "12". In any size, your Krause One-Way will make money for you... it will pay for itself in all these ways:

- ✓ YOU GET BIGGER YIELDS from growth-promoting Krause-plowed seedbeds
- ✓ YOU CUT PLOWING TIME often in half with Krause's extra-wide swath
- ✓ YOU SAVE FUEL and cut tractor wear with Krause's 30% lighter draft
- ✓ YOU SAVE THE PRICE of extra implements. Use your Krause as a stalk cutter and harrow
- ✓ YOU SAVE YOUR SOIL using a Krause to contour, terrace and stubble-mulch
- ✓ YOU SAVE ON UPKEEP... Krause One-Ways are built for years of hard work

"Every time I use my Krause plow I am better satisfied with my decision to purchase the Krause. I shall purchase another Krause when my plans for expansion work out."

YOUR ENTIRE FAMILY MUST SEE IT.

Showing Great Spiritual Film

"The Prince of Peace," new \$2,500,000 Hallmark Production, in cinecolor, which has been breaking attendance records everywhere, is now showing here at the Roxy Theatre.

This unusual, two-hour attraction is a complete unit in itself, according to Manager Delbert Cummings, being actually two stories in one. Scenes filmed in the breathtaking beauty of the Wichitas are the background for the powerful, moving story.

It is because The Lawton Story of "The Prince of Peace" is so tremendous in scope, so beautiful in color, so sweeping in grandeur and so human in its theme that it is breaking boxoffice records from coast to coast. Its glorious and thrilling musical score and strong sermon-on-film has caused clergymen of every faith and educators at all levels to call the film the most important motion picture ever to come out of Hollywood.

"The Prince of Peace" is a movie for the entire family. Father and mother will thrill to its majestic beauty while little brother and sister will delight in the new six-year-old child star, Ginger Prince, making her first screen appearance. It will be shown daily Friday and Saturday at the Roxy Theatre.

many delegates as possible. Local and District officers are especially urged to attend.

There is no law requiring Justices of the Supreme Court to be lawyers.

Here's why I take my JOHN DEERE Equipment to the man who knows it Best!

"There are three mighty important reasons why my John Deere Equipment goes to a John Deere Dealer for reconditioning. First, I benefit from the skill of his trained mechanics, schooled in servicing methods recommended by John Deere. Second, his shop is well-equipped with up-to-date precision equipment. His mechanics have the tools to do the work right. Third, he uses only genuine John Deere Parts, which are made to fit and wear like the originals they replace. Thus, it's a three-way assurance of work well done... economically done." It will pay you to consider the important servicing advantages we offer. See us soon for complete details.
