NOTHING LEFT—Only charred rubbish remains of the Ed Rigsby home at Huntoon which was destroyed by fire Saturday afternoon at 6:10 o'clock. Mr. and Mrs. Rigsby were gone at the time the fire broke out but five of their children were there. No one was injured, but the family lost all their clothes, furniture and personal belongings.

Saturday Afternoon Fire Destroys Furniture And Clothes of Ed Rigsby Family at Huntoon

Fire of undetermined origin blazed up at the Ed Rigsby home in Huntoon late Saturday afternoon and 25 minutes later the family of nine were homeless, all their belongings left in ashes.

Mr. and Mrs. Rigsby and two of the children had left about 6 o'clock for Canadian, leaving the eldest daughter, Mrs. Melvin Kiele, whose husband is in the Army, at home with the other four children.

At 6:10, the fire broke out. Two of the children ran down to the Huntoon Equity elevator for help but by the time manager Carl Hurter and Leroy Ellis could get to the house with fire extinguishers, it was too far gone.

"Flames were coming out the windows and doors," said Hurter. "We couldn't even get close enough to the house to use the fire extinguishers."

Mrs. Kiele managed to drag out a suitcase of clothes, but everything else was lost, including furniture, clothes and personal belongings.

The two room frame house was only a pile of charred rubbish by 6:35, Hurter said. The structure belonged to J. W. Rice of Twichell.

It is believed that the fire may have started from the refrigerator, a gas type, Hurter said that it appeared that the fire spread very rapidly, leading him to think the refrigerator may have exploded.

Mr. and Mrs. Rigsby were contacted before they got to Canadian and returned home as quickly as possible, but of course were too late to do anything about saving their property.

Neighbors started a fund for assistance of the family soon after the fire was over. By Tuesday, Carl Hurter had $100 in checks and cash at the Huntoon elevator and said other contributors were being received.

The Ochiltree Red Cross chapter is helping the family, too. There was no insurance and the loss means a severe financial blow.

Fire Damages Taylor Store

A fire which broke out at 4:10 a. m. Wednesday destroyed the interior of Taylors Store, at the croner of Main and Brillhart. Included in the loss were two pool tables, other fixtures and several articles of furniture.

Cause of the blaze was undetermined. It was discovered by Amos Green, city nightwatchman. An estimate of the damage was not learned.

Saturday Dance

Mel Allen and his orchestra will play for a dance Saturday night at the Veterans Memorial Building. The dance is sponsored by the Veterans of Foreign Wars post.

The public is invited to attend.

Mail Wheatheart Entry Blanks to Three States

Entry blanks have been sent to civic clubs and organizations in the Texas Panhandle, Oklahoma and Kansas, inviting entries in the annual "Wheatheart of the Nation" contest held as part of the Perryton Celebration on August 17-18. The contest is sponsored by the Chamber of Commerce.

The award this year to the Wheatheart is two eight-day, all-expense trips by Braniff Airways to Havana, Cuba. The young lady chosen as the 1951 Wheatheart may select her traveling companion.

Miss Jeanne Suitor, daughter of Mr. and Mrs. Lonnie Suitor, is the first entry received in the contest. She will represent the Chamber of Commerce in the "Miss Perryton" contest, to be held Friday night, August 17. The winner will compete in the Wheatheart contest the following night.

Miss Suitor is a prominent member of the junior class of Perryton high school. She won third place this spring in girls extemporaneous speaking at the state Interscholastic League meet and took part in most school activities.

Any business house or organization can sponsor a Wheatheart candidate.

WHEATHEART ENTRY—Miss Jeanne Suitor, daughter of Mr. and Mrs. Lonnie Suitor, is the first local entry in the Wheatheart of the Nation contest to be held at the Perryton Celebration, August 17-18. Jeanne represents the Chamber of Commerce.

Mercury Hits 105 Degrees Saturday

Perryton, along with most other Plains points, sweltered Friday and Saturday in the highest temperatures of the year. The mercury climbed to 102 degrees Friday and topped that with a 105 degree reading Saturday afternoon. The weather broke Sunday night with the welcome rain and the first part of the week was cool and enjoyable.

Gibson Named New Principal Of High School

Kenneth Gibson of White Deer has been hired as the new principal of Perryton high school, superintendent Gilbert Mize has announced. He will move to Perryton with hs family next week.

He replaces O. L. Anderson, who resigned at the end of the 1950-51 school term to enter business in Clovis, N. M.

Gibson has been basketball coach and history teacher at White Deer for the past two years. He is a native of Paducah, Texas, and received his B. S. degree in history and his M. A. degree in administrative education from West Texas State College.

His education was interrupted for four years during World War II when he served with the Army Air Corps.

He received his degree in 1946 and taught at Spring Creek school in Hutchinson county, then at Skellytown before moving to White Deer in 1949.

Mrs. Gibson is the former Miss Christine Jarrett of Canyon and they have a three-months-old daughter, Frances Gail.

He is a member of the Lions Club, the Presbyterian church and has been active in Boy Scout work.

Loans Issued On 158,291 Bushels Of 1951 Wheat

A total of 79 wheat loans have been made on the 1951 crop, reports Elliott Lee, county PMA secretary. These loans, all for wheat stored in commercial elevators, represent 158,291 bushels of grain, Lee said.

Total value of the loans is $319,000.

Loans on wheat stored on the farm will be made after the

Welcome Rains During Week Bring Relief to Row Crops

Perryton Gets 1.75 Inches Of Moisture

Welcome rain moved across the Plains this week, bringing needed moisture to the vast grain sorghum acreage in this area. Perryton received 1.40 inches of rain Sunday night; .10 inch Monday; and .25 inch Wednesday for an unofficial total of 1.75 inches in the past four days.

The rain was especially welcome after three weeks of 100-degree heat. Temperatures soared to 102 degrees last Friday and to 105 degrees Saturday before the rain broke the hot period.

While the row crops were not suffering badly, all fields have been in need of rain. The grass was revived by the showers, too.

The immediate Perryton area seemed to get the most rainfall, with the lightest rain reported southeast of town. The moisture averaged well over a half-inch and with the cooler weather, the grain sorghum fields can go a while without moisture.

Spearman reported only .08 inch on Monday and .18 inch on Tuesday. The rains were general over the Panhandle and South Plains, with the heaviest fall 3½ inches at Silverton.

JUST HERE and THERE

As we start on the story about the second half of our recent trip to Canada as a guest of the government of the Province of Ontario, we want to tell a little about prices in Canada. It seems that for some reason or other "prices" is a subject that most all of us are interested in these days.

It was our observation that generally speaking, prices are higher in Canada than in the States. Canadian cigarettes are 40 cents per pack while American brands are 50 cents. This high price is due to the tax which is 32 cents per pack. Two of our group were soaked $9.60 when they went through the customs at Windsor with an ample supply of American cigarettes to last them during the tour.

Gasoline (Imperial gallon, about five quarts) sells for 42 cents in southern Ontario and 52 cents a gallon in the northland. Postal cards require a three-cent stamp, letters four cents, and air mail stamps are seven cents.

Food in restaurants is some cheaper than in the States and we suppose that food in stores is also cheaper. It seemed to us that clothing prices are just as high, probably higher than we're accustomed to paying. Woolens, silks, chinaware, perfumes and all items that are imported into Canada from Europe are cheaper due to lower duty than we levy here in the United States.

Sixth Day, June 19

After a 7:15 breakfast at the Camp Land O' Lakes Lodge, we headed by bus for the 150 mile trip east to Petawawa Military Camp on the sixth day of our tour.

We journeyed back through North Bay and 33 miles east to Mattawa, one of the first trading posts in the Ontario northland and early home of many northern Ontario pioneers.

The route followed the course of the Ottawa River and we sighted various hydro-electric power projects, so vital in these days. Most of the electricity used in Ontario is generated by gigantic hydro plants owned and

PERMANENT POSSESSION—Pete Wermske, vice president of the Wolf Creek Sportsmen's Club and member of the trapshoot team, holds the trophy which the club won Sunday in the finals of the Amarillo Times eight-week trapshoot. The club won the trophy in 1949, 1950, and by winning the third time in succession this year, get to keep it.

Wolf Creek Sportsmen's Club Wins Permanent Times Trophy

Permanent possession of the Amarillo Times Trapshoot trophy was won by marksmen of the Wolf Creek Sportsmen's Club Sunday when they fired a 69 in the final round to win the eight week tourney with a total of 580.

Guymon took second, Groom third in the three-team field.

The local club won the trophy in 1949, 1950, and by winning it this year obtain permanent possession.

There will be a trap shoot at the fair grounds range within the next week or so, when shooters from the three towns vie for the individual trophies. Perryton has won all three small trophies for the past two years.

In the final round, Pete Wermske broke 23 of 25 traps, as did I. B. Howland and Whitey Howland of the local team.

Date for the three-team shoot will be announced later.

President of the Wolf Creek club is Johnny Jines, with Pete Wermske as vice president. Oscar Blank is secretary-treasurer.

Members of the club have met each Sunday for the past eight weeks and the top three shooters of the day were entered in the Times competition. The local club was 16 targets ahead when the final round opened last Sunday, which practically assured them of victory.

Outstanding marksmen on the club include Wermske, Dean Blank, Oscar Blank, Johnny Jines, I. B. and Whitey Howland, Bill Thomas.

Seek Red Cross Aid Here for Flood Relief

Disaster relief operations in the Kansas-Missouri flood have been brought closer to home this week with the announcement that local Red Cross chapters are being asked to raise $5,000,000 for Red Cross disaster aid in the stricken areas.

Mrs. J. F. Cox, executive secretary of the Ochiltree Red Cross chapter, asks that contributions for this special cause be mailed to the Ochiltree County Chapter, American Red Cross, Perryton.

See No. 2, Page 8

Coach Wesley Cox Resigns; Plans to Farm

Wesley Cox, assistant football coach of the Perryton Rangers, has submitted his resignation and is getting out of the coaching profession.

Cox submitted a written resignation this week to superintendent Gilbert Mize, stating that he had leased a farm in East Texas, near Frankston, and would move his family there in the near future.

He came to Perryton last fall to take charge of the Ranger line and conducted spring training for two weeks after head coach Lewis Emerick resigned. Cox also spearheaded the move to restore track to the PHS athletic program and turned out a fairly successful team this spring.

No successor has been named. Mize said that head coach James Peterson had two men in mind, and would contact other coaches at the Texas Coaching School in San Antonio next week.

MEET THE YOUNGSTERS—Leona Joyce, 4 years, Dewey Clifford, 2 years, and Veta Gail, 9 months, are children of Mr. and Mrs. Leonard Barlow of Perryton. Their paternal grandmother is Mrs. H. C. Barlow, Sr., and their maternal grandparents are Mr. and Mrs. D. M. French of Perryton. Maternal great-grandparents are Mr. and Mrs. W. W. French, South Makwa, Saskatchewan, Canada.

Canadian Trip—

(Continued from Page 1)

operated by Hydro, a government owned system.

Arriving at the camp shortly after noon, we were luncheon guests of the Canadian Army, but we didn't have to get into the chow line. This huge camp helped train many of the Canadian soldiers now in Korea. In World War I, all artillery units completed their training here before proceeding overseas. In World War II, Petawawa was the main training center for artillery and engineer units.

Since World War II, it has been used primarily as a summer camp of Reserve Force units. However, there are an armoured regiment, a parachute battalion and other service and administrative elements of the regular forces permanently stationed in Petawawa.

We were guests at a Fire Power Demonstration simulating the destruction of a radar station by air borne troops. Our observation point was on a high bluff overlooking a fairly level terrain with the Ottawa River in the background.

Following a low flying attack by Mustangs and artillery fire, the parachute battalion was dropped from Dakotas. The drop was followed by another wave of Dakotas that parachuted supplies to the troops. Gliders were also used in this demonstration. In defense were infantrymen with rifles, the Sten, Bren guns, mortars and grenades. Supporting weapons of the defense were anti-tank guns and flame throwers. It was a good show and just as the battle ended, the rains came. We got wet!

We boarded our bus for the 100-mile trip to Ottawa, the capital of the Dominion of Canada. This drive took us along the beautiful Ottawa valley through such charming towns as Pembroke, Renfrow and Arnprior.

Due to the rain we were thirty minutes behind schedule when we reached the outskirts of Ottawa with only 30 minutes to get downtown, check into our hotel and make an appearance at a reception at the United States Embassy . . . so we were met at the city limits by two motor cycle police and three police cars and sirened to the Lord Elgin Hotel at a 60-mile clip.

Arriving only thirty minutes late at the Embassy we were greeted by the Honorable Stanley Woodward and his gracious wife. The Embassy is one of the show places of Ottawa and we were indeed proud of the beautiful building and grounds. Woodward rates very high with Canadians with his work as United States Ambassador to Canada. Other guests were mostly Americans living in Canada.

The evening ended with a dinner in our honor as guests of Canada's Minister of Resources and Development, Robert H. Winters, and the Canadian Government Travel Bureau, D. Leo Dolan, director, at the Chateau Laurier.

Canadians use a lot of expressions and slang just like we do in the States. They pronounce "out" like a cross between "oot" and "cat". They refer to "woods" as "bush" and pronounce it "boosh."

Vacations are "holidays." An airplane ride is a "flip in a kite." A party is a "smash." To leave is to "bugger off." To scram is to "bugger off the high point." A guy is also a "bugger." The lowdown on any subject is "gen." To learn something is to be "genned up." Their most descriptive adjective for anything is "bloody."

Canada in area is about one-fifth larger than the United States with a population of about 14,000,000. Most of the people live within 300 miles of the United States border.

Seventh Day, June 20

Most of the seventh day was spent touring Canada's capital, Ottawa, a city of about 162,000 people.

Founded in 1800 by one Philemon Wright of Woburn, Massachusetts, and another New Englander, Nicholas Sparks, it was originally a lumbering center known as Byton. Sparks Street, the main business artery today, was named after him.

Sparks once owned 200 acres in the center of the city, which he bought for $340. It included a cabin with furniture. Today it is assessed at more than $100,000,000.

Queen Victoria chose it as the nation's capital in 1858, although as a community of only 20,000, it was not as important as Quebec, Toronto, Kingston or Montreal. Its distance from the international boundary at the time influenced the choice. Canada consisted of only two provinces at that time, Upper and Lower Canada, now Ontario and Quebec, local historians told us.

The city was a sight-seer's delight. Our tour included the Houses of Parliament, the Peace Tower, the Memorial Chamber and the Parliamentary Library on Parliament Hill; Victoria Memorial Museum, the Canadian National Art Gallery, the Dominion Observatory, the Royal Mint, the Dominion Archives, the Supreme Court of Canada, and what many of us were waiting for—the Royal Canadian Mounted Police Barracks at Rockcliffe. Here we saw the basic training of the "Red coats who 'Always get their man'."

In our visit to the Parliament Buildings we found procedure at the sittings basically was similar to our system except that the Canadian Senate was appointed for life.

In the afternoon we journeyed south again some 75 miles through history-rich southeastern Ontario stretching like a thumb toward Quebec, bounded on the north by the Ottawa River and the mighty St. Lawrence River on the south.

We arrived at Brockville, on the St. Lawrence River, and were dinner guests of the City of Brockville and the Brockville Chamber of Commerce. We spent the night here.

We were told that Canada has a twenty-five per cent tax on new cars . . . so as a result new cars are expensive. Fords and Chevrolets, not deluxe models, cost about $2,400. Cadillacs are $5,000 in the cheaper models. New cars are sold at one-half down, balance in 12 months. You see a much higher percentage of old model cars in use than in the States.

Ford of Canada make the regular Ford line, also a very similar car called the Meteor. The same is true in the Mercury line, they make a car very much like the Mercury that is named the Monarch. We also saw Mercury trucks in Canada.

Cadillac, Lincoln, and the larger model Buicks, Oldsmobile and Chrysler models are not manufactured in Canada and their importation is practically banned by the government on account of taking too much money out of Canada.

Eighth Day, June 21

We found ourselves on the banks of the St. Lawrence River as we began the eighth day of the tour.

Brockville, a city of 12,000, is proud of its many [illegible] buildings and homes. [illegible] zens told us the [illegible] eastern entrance to [illegible] popular playground [illegible] the Thousand Islands [illegible] Lawrence.

We discovered there [illegible] mile trip west to Kingston [illegible] the St. Lawrence. For [illegible] of those miles we saw [illegible] like stretch of islands [illegible] them adorned with [illegible] summer residences [illegible] from medieval castles [illegible] most modern homes.

Local citizens told us [illegible] day Caugnawaga Indians [illegible] on a reserve near the [illegible] from their legends the [illegible] known as "Manitou" [illegible] means "Garden of the [illegible] Spirit."

There are said to be [illegible] 1,600 islands in the group [illegible] ing in size from a [illegible]

...ian Trip—

...ued from Page 2)

...0,000 acres.
...'s historians inform- ...t the history of Ontar- ...t city began soon after ... Frontenac arrived as ... of New France in 1652. ... a fort near Cataraqui, ...gston now stands, to ... Iroquois Indians who ... running rampant since ... of Champlain. For the ... years Fort Frontenac— ... Kingston by the British ...tured in the history of early Ontario.

Built about 1832, Fort Henry was the strongest citadel in Upper Canada. Originally designed to keep Americans off British soil it was never invaded during its military history.

After it was declared obsolete in the 1890's it was left to the elements. Today, we visited this fort near Kingston and found it an outstanding example of historical restoration. The Ontario and Dominion Governments in 1936 started to rebuild its crumbling ruins and in 1938 had completely restored the fort. We even found guards dressed in the uniforms of 100 years ago. It was like stepping into another century. Even the original furnishings in the officers' and mens' quarters were there.

It was revealed to us that the project was quite successful when officials told us more than 109,000 persons visited the fort last year.

That afternoon we headed west again to Adolphustown where we boarded a ferry and landed at Glenora for a tour through Prince Edward County which included 200-year-old landmarks of pioneer days.

We motored on to Belleville, a city of 18,000, on the nearby Bay of Quinte. Local residents told us of the historical sights, strange phenomena of nature, and we saw a few relics of the pioneer days when United Empire Loyalists settled the land during and after the American War of Independence. The visit also included the "mysterious Lake-on-the-Mountain."

After a reception as guests of the Belleville Chamber of Commerce we moved on another 11 miles west to the R.C.A.F. Station at Trenton for a reception and dinner as guests of the Royal Canadian Air Force.

We stayed overnight at Firhurst Manor, Trenton.

Since we live in an agricultural country, you might be interested in the crop set-up in Ontario. Close to the border in the south, the main crops appeared to be corn, wheat and oats. There were also lots of orchards and vineyards. Wine making is a big business in the vineyard country.

Tobacco is a big crop in southern Ontario. They have a soil similar in color and texture to the tobacco lands of Virginia and their tobacco is known as Virginia tobacco. They raise sufficient tobacco for all of Canada and export some to England. They told us that tobacco was introduced into Canada and developed by a Virginian who was on the staff of their department of agriculture.

Farther north we find mostly hay with dairy and beef cattle. It is a great cheese making country. Surplus milk, butter, cheese and other dairy products are exported to England.

In the north country of lakes and forests, there are clay belts that are very productive. However, this is a hard country in which to live. The land has to be cleared, the winters are severe with lots of snow and 50 below zero weather.

Ninth Day, June 22

We looked over the Royal Canadian Air Force's largest station and headquarters for Central Command, at Trenton, in the morning of the ninth day.

Besides the activity, what particularly impressed us were the beautiful gates to the station, which we were told commemorated the Second World War's British Commonwealth Air Training Plan which graduated thousands of aircrew from all over the British Empire, and many United States pilots.

We headed by bus another 77 miles north-west to Peterborough, a city of 35,000, on the Ontonabee River and Trent Waterways System, connecting Lake Ontario and Georgian Bay. Natives are proud of the muskie fishing at Lake Chemong, just off Peterborough's main street; and the world's largest hydraulic lift locks which have an average lift of 65 feet.

After luncheon as guests of the Peterborough Chamber of Commerce, we took our bus back to Toronto, some 90 miles further west.

The route took through Port Hope, a lovely town of 6,000; Bowmanville and the city of Oshawa, 29,000, where the largest Canadian plant of General Motors is located.

We got a few general manufacturing figures about this time and learned that the Province's 4,500,000 population produces more than 50 per cent of Canada's manufactured products, and most of this in southern Ontario.

At Toronto, we were reception and dinner guests of the Hotel Association of Ontario.

After more than a week in Ontario we find out that their biggest business is "gold mining" with "tourists" mostly from the United States, in second place.

It is a big country. Just north of Kirkland Lake, the gold mining town we visited on the fifth day of the tour, is what they call the "Heighth of Land." This is where the water divides, flowing south to the Great Lakes and north to the Artic Ocean.

And just to give you an idea as to how large this North American continent is, we were told that this "Heighth of Land" is just north of the half-way mark between the equator and the North Pole.

Tenth Day, June 23

On the final day of the tour we travelled through the Midland Counties of southern Ontario containing such cities as London, Stratford, Woodstock, Galt, Kitchener, Guelph and Brantford, whose history dates to 1712.

Our first stop was Brampton, 23 miles west of Toronto, known as the "Flower Town of Canada," with a population of some 8,000. There, flowers by the millions are grown by more than a dozen countries.

We saw the largest greenhouses in the world, those of the Dale Estate Limited, whose glass-covered area comprises 35 acres. We were told also that its annual output included 9,000,000 roses, 2,000,000 carnations, 1,000,000 'mums, 2,00,000 tulips and bulbs, 200,000 lilies and 100,000 orchids.

Another 30-odd miles southwest we landed in at the city of Guelph, with 26,000 citizens. Here, we saw one of the finest examples of the last contribution to colonial architecture—the Scottish of Ontario. This was reflected in its many public buildings and a by-law which insists that every building on its main street have a limestone facade.

Our visit to Guelph included a tour on the Dominion's largest agricultural college, the Ontario Agricultural College, which has graduates all over the world. We were luncheon guests of Ontario's Agriculture Minister, Hon. T. L. Kennedy.

From here we headed to Hamilton, Canada's "Pittsburgh," Ontario's second largest city (182,000) and biggest steel producing city in Canada, 40 miles southwest of Toronto on the western tip of Lake Ontario. However, Hamilton's beautiful Royal Botannical Gardens held our interest.

We headed another 43 miles east through the Niagara Peninsula, famous for its fruit and vegetable crops, to Niagara Falls.

We had our farewell dinner that evening and many of us were welcomed into the 'KNOW ONTARIO BETTER' club, a group of United States editors and various Ontario members who have made this tour of Ontario.

The next day, Sunday, we split up again, the eastern group headed for Buffalo, and the Western group started for Windsor, some 260 miles west through rolling southern Ontario.

The "Know Ontario Better" club, better known as KOB was organized during the National Editorial Association convention in Chicago on November, 1949, for the purpose of perpetuating the friendships formed during the six Ontario tours held prior to that time. Its emblem is a small corncob which may be worn as a lapel button.

Approximately 175 United States newspapermen can now claim membership in this organization. About 30 Canadians are eligible for membership.

Before we close this account of our memorable Ontario, trip we want to say thanks to our Canadian hosts. They treated us royally . . . their every thought was for our comfort. If you are interested in a vacation trip, we would be glad to show you some of the mass of interesting and informative literature we accumulated on Ontario. We want to go back some time when we can spend more time at many of the spots we just breezed through on this tour.

In closing we're quoting James H. Hirtley from Indiana, who made the tour this year. He says: "So now you buggers are genned up on our holidays in Canada, we're going to close this bloody tale and bugger off the high point! Quite a smash, eh what?

C. B. Bullard of Snyder visited the past ten days with his daughter and family, Dr. and Mrs. O'Dell Ryan and Oma Dell. Dr. and Mrs. Ryan and Oma Dell took Mr. Bullard to Texhoma, Tuesday, to visit another son.

Attends Convention

Dr. and Mrs. George F. Mayfield returned from San Antonio Monday where they attended a five-day convention sponsored by the Texas Chiropractic Society. While there Dr. Mayfield took a refresher course in latest Chiropractic developments and technique.

They also visited the San Antonio zoo, where they purchased a young yellow-head parrot. Dr. Mayfield says that the parrot speaks a few words of Spanish and so far only "hello" in English.

Tri-State C of C To Meet August 2

The Tri-State Chamber of Commerce will meet at the home economics building in Goodwell on August 2, it has been announced.

Several from Perryton plan to attend, according to Lee Little, secretary-manager of the Ochiltree County Chamber of Commerce.

Knights Templar Are Invited to Borger School

BORGER, Texas, July 23—Borger Commandery No. 96, has invited all of the Knights Templar chapters of the Panhandle area to attend a School of Instruction on Sept. 12. The school will be held in the Masonic Hall, starting at 4 p. m.

Victor C. Whitehead, Emminet Grand Commander of the Grand Commandery, Knights Templar of Texas, will supervise the school.

Mrs. Mildred Wolters of Rochester, N. Y. is visiting in the Percy Austin home at Farnsworth. Mrs. Wolters is an aunt of Mr. and Mrs. Austin.

A HOT JOB—When the temperature reached 102 degrees Friday, most folks tried to get out of the sun, but these employees of the Santa Fe were right in the hottest part of it. Operating a weed mower, which trims the brush six feet on each side of the tracks, the men and machine make about 10 miles a day. This is the first time this summer that the weeds have been cut on this line. Above, left to right, are Frank Thornton, Ernest Parker, Lester Weese, foreman, C. A. Townsend, H. E. Karns and T. L. VanTassel.

• McMillen

By Mrs. Ralph Pattison

Those enjoying ice cream and cake in the Sam Judice home Sunday evening were Mrs. W. B. LaMaster, Mr. and Mrs. Walter LaMaster, Mr. and Mrs. Giltner LaMaster and children, Mrs. Ellis Kelly, Karolyn and Kenny Jack and Regna LaMaster of Whitesboro, Texas.

* * *

Mr. and Mrs. B. L. Barnes were in Hollis, Okla., over the week end visiting Mr. Barnes' brother, Harry Barnes, and Mrs. Doc Herndon of Phoenix, Arizona.

* * *

Mr. and Mrs. LeRoy Smith and children were in Carlsbad, N. M. last week end.

* * *

Mr. and Mrs. Lloyd Buzzard and Lynn left Monday for Kansas to look after their farming interests.

* * *

Bonnie Jean Humphrey spent Wednesday night with Ann and Christine Yates.

* * *

Mr. and Mrs. Ralph Pattison and boys and Mrs. Sam Judice were in Amarillo shopping Saturday.

* * *

Mr. and Mrs. Jerald Scribner and children spent last week end in Tulia visiting with Mr. and Mrs. Dalton Scribner and Mr. and Mrs. Glynn Scribner.

* * *

Mr. and Mrs. Paul Hardy and children left Wednesday for Hohenwald, Tenn., to visit Mrs. Hardy's parents, Mr. and Mrs. Billy Hinson.

* * *

Mr. and Mrs. Lester Barnes and Beverly were in Red River, New Mexico last week end.

* * *

Mr. and Mrs. Marvin Jones and children, Mr. and Mrs. Bob Urban and Mr. and Mrs. Audie Conley, Gary and Carolyn were Sunday dinner guests in the home of Mr. and Mrs. Harvey Urban.

* * *

Sam Judice and Cy LaMaster were in Amarillo last Tuesday on business.

* * *

Mr. and Mrs. Lloyd Buzzard and Lynn were in Amarillo Sunday to attend the car races.

* * *

Mr. and Mrs. Alamo Gipson and Girls of Pampa spent Saturday night with Mr. and Mrs. Frank Gipson and family.

* * *

Mr. and Mrs. Kenneth Edwards and son left Wednesday for Hohenwald, Tenn., to visit with Mrs. Edward's parents, Mr. and Mrs. Taylor Edwards.

* * *

Charlie Trew and Mrs. Allie West went to Wheeler Thursday for peaches.

* * *

Frank Gipson was in Wednesday on business.

* * *

Mrs. Clyde Herrington and sons spent Wednesday evening with Mrs. James Hardy.

* * *

Cy LaMaster returned to his home in Dallas Friday after looking after his wheat crop.

* * *

Mr. and Mrs. Martin McCartor and Myron were in Arnette, Okla., Sunday visiting relatives.

* * *

Frank Gipson and Alma Gipson and Cecil Regier were in Oklahoma City Sunday.

* * *

Fred and Chris Pshigoda were fishing near Woodward, Okla., Friday and Saturday.

* * *

Mr. and Mrs. Byrl Hardy and Donna Kay went to Plainview Sunday to take Mrs. James Seremon.

* * *

Mr. and Mrs. Earl Schwalk spent Sunday with Mr. and Mrs. John Hardy.

* * *

The Ochiltree County Chorus will meet in the home of Mrs. James Hardy July 30.

* * *

Chester Barnes and Claude Moore were in Pampa Saturday on business.

* * *

Mrs. Melvin Schwedland and daughters, Kay and Fay of Enid, Okla., visited Sunday and Monday in the home of Mr. and Mrs. Carl Phillips.

* * *

Grandmother Hardy is recovering from her fall at the home of Mrs. James Hardy.

* * *

Mr. and Mrs. Jerald Scribner and children and Mr. and Mrs. Hubert Uptergrove spent the week end camping down on the Canadian River.

* * *

PLAINVIEW HARDWARE COMPANY

If you've got the PRICE of a car— you can afford this BUICK

"Smart Buy's Buick"

Tune in HENRY J. TAYLOR, ABC Network, every Monday evening.

HAVE you taken a good look at a 1951 Buick SPECIAL?

Have you checked it against the field—for room and power and ride and handling—and all the things that go with a really great automobile?

Do you know what gas mileage owners are getting from its F-263 Fireball Engine—newest of Buick's famed valve-in-head power plants?

Do you know that this is the most powerful engine you'll find in any automobile of the same size and price?

Do you know what headroom and legroom and trunk space this big and beautiful bargain gives you?

Do you know that this SPECIAL has the road-steady ride of soft-action coil springs on every wheel—and the firm keel of Buick's torque-tube drive?

Do you know the lift that you'll get behind the wheel of this trim and talented traveler—as it steps away from a traffic light or rolls up the miles on the open road?

Fact is—by every check, including price—this Buick's a buy too good to miss.

Come in, look it over, and you'll agree.

Equipment, accessories, trim and models are subject to change without notice.

Beauty Expert At Sanford Drug

Caroline Vincent, beauty expert of Helena Rubinstein of New York, will be at the Sanford Drug from July 30 to August 4 and will give all women visitors a free beauty mask during the week.

Especially trained in Madame Helena Rubinstein's fabulous Fifth Avenue Salon, the beauty expert is visiting here to help every woman make the most of her own natural assets.

Colorado's state motto is: Nothing without God.

(Herald Staff Photo Engraving)

AT OPEN HOUSE—Mrs. Fred Miller and Miss Charlotte Batt of Darrouzett inspect some of the flowers which decorated the interior of the James Medical and Surgical Clinic at Darrouzett Saturday when the formal opening was held. Hundreds of citizens visited the clinic during the day.

Crowds Attend Clinic Opening At Darrouzett

Formal opening of the James Medical and Surgical Clinic at Darrouzett was held Saturday and residents of the Lipscomb county town arranged a warm reception for the scores of visitors on that day.

Every business firm in Darrouzett was represented in the floral arrangements which decorated the interior and the pride of local citizens was evident as they helped Dr. Frank M. James point out the features of the clinic.

Located between the theatre and the drug store, the building has been completely remodeled and equipped. It is air conditioned for winter and summer and its departments include complete laboratory facilties, x-ray, electrocardiagraph, basal metabolism, and physiotherapy including diathermy.

Facilities are available for complete examination, diagnosis and treatment of both acute and chronic disease problems.

Darrouzett has been seeking a doctor for some time, and a community committee has been working the past year to secure one. Several doctors visited Darrouzett, but Dr. Frank M. James of Dimmitt made a visit one Sunday in June and made an agreement with the committee to return by July 1.

He and his family, which includes five children, arrived before July 1 and all have worked on the clinic building, getting it ready for use. Mrs. James and the children, Ann, Sandra, Jackie, Stephen and Marshall, were on hand for the open house and took considerable personal pride in conducting visitors through the building.

Maurice Szafarowicz is the laboratory technician of the clinic, having moved to Darrouzett from Dimmitt with Dr. James. Miss Pauline Peil has been employed as receptionist.

Mr. and Mrs. Oliver King returned this week from a vacation in Colorado. They visited in Denver and Gunnison. While at Gunnison Mr. King got a chance to see Bob Hope and Governor Earl Warren of California. He says he didn't think about hurrying home because the Herald had already reported that the sheep on the football field were doing all of the grass cutting.

Mr. and Mrs. D. D. Hummer and twins, Mary and Martha, Mr. and Mrs. Arthur Morgan and Leota of Perryton and Mr. and Mrs. Levi Morgan of Booker went to Mutual, Okla., Sunday to attend the funeral services of Mrs. Mary Eads.

Follett Trims Blue Sox, 14-6 To Widen Lead In T-O League

League leading Follett trimmed the Perryton Blue Sox Sunday afternoon by a 14-6 score to widen their lead in the league. Perryton was dropped farther back in second place.

The visitors hammered out eight runs in the first two innigs, collecting one hit in the first inning and four in the second.

The closest margin Perryton made was in the seventh, when they narrowed the gap to 6-9. However, Follett scored a run in the eighth and four in the ninth to take the final 14-6 decision.

Fellowship Baptist And Methodist Split Ball Games

The Fellowship Baptist peewee team won over the Methodists, 11-6, Tuesday night, while the Methodist seniors won 8-5.

In the peewee game, the Baptist peewees scored ten runs in the first inning, aided by the 11 walks given by two Methodist pitchers.

Battery for the Baptists was Briggs and Waggoner; for the Methodists it was Apple and Baker pitching and Swink catching.

In the senior game, the Methodists were able to come out on the long end of the score after Bill Thrasher allowed no hits to the Baptist team.

Both pitchers allowed an abundance of walks and there were several errors which aided the scoring.

Battery for Fellowship Baptist was Gaunder and Waggoner pitching and Briggs catching. Battery for the Methodists was Thrasher pitching and Don Bell catching.

Baptists Hand Balko First League Loss

The First Baptist senior baseball team handed Balko their first defeat in the Church League Thursday night in a thrill-packed game which ended 6-4 for the Baptists.

Balko out-hit the winners, but were not able to score enough to win. Wildness by the Balko pitcher hurt the cause, with many walks putting Baptist runners on the bases.

A total of five pitchers were used in the game. Holdeman and Simpson were on the mound for the Baptists while Duff, Ollenberger and Pugh pitched for Balko.

The U. S. Navy rations, during the war of 1812, provided most minerals and vitamins now recognized as essential, but totally lacked vitamin C.

The capital of Liberia is Monrovia. The country was founded in 1822 by Negro freedmen from the United States.

Williams Hurls No-Hit Game Friday Night

Melvin Williams, regular Blue Sox catcher, went to the pitchers mound Friday night and hurled a no-hit, no-run game against the Slaughter nine. Williams struck out 14 men and issued one walk.

Meanwhile, the Blue Sox were collecting 15 hits off O. Smith and the final score was 21-0.

Bob Gibson led the hitting for the Sox, batting 3 for 5 and scoring three runs.

Methodists and Christians Split Double Header

The Christian peewees continued their winning ways as they defeated the Methodists Saturday night. Mounts, Christian pitcher, allowed only three hits and issued four walks. Meanwhile, his mates were collecting 11 solid blows, one of which was a home run by Lackey, who was the leading hitter of the night with three for four.

In the second game, the situation was reversed. The Methodist senior team had everything their way as they defeated Christian, 11-3. The Methodists collected seven hits while the Christian boys were unable to get a single hit off pitcher Bill Thrasher.

Thrasher's wildness accounted for three runs and he issued seven walks.

Batter for the Christian team was Mills and Carter; for the Methodists it was Thrasher and Bell.

The word "ptomaine" was invented by an Italian chemist named Selmi for the basic substances produced in putrefaction and is now used to indicate a certain class of food-poisoning.

Peiping has a population of 1,556,364.

ALASKA BOUND—Cpl. Bobby L. Wilson, son of Mr. and Mrs. T. O. Wilson, left July 25 for duty in Alaska. His parents and wife, and Mr. and Mrs. Russell Williams visited him at Colorado Springs last Sunday.

Balko Upsets Baptist Team

Balko's peewee team, not figured to be too strong, upset a strong Baptist team Thursday night. The Baptists collected three hits while Balko got only two, but one of those was a home run by pitcher Bergen.

Both pitchers were effective when it counted most. Clark pitched for the Baptists with Loy Clark catching. For Balko it was Bergen pitching to Neufeld.

Recruiter Returns From School

Technical Sergeant Emiel R. Sinner, local representative of the U. S. Army and U. S. Air Force, returned July 21 from Indianapolis, Ind., where he attended the three weeks Enlisted Recruiting Course at Fort Benjamin Harrison.

The purpose of this course is to familiarize personnel of the Recruiting Service with the latest information regarding advantages and benefits offered by the service. It also includes intensified courses in public speaking, salesmanship, and public relations.

Another Home Nursing Course To Open Soon

Another afternoon class in home nursing has been scheduled to begin on August 6 by the local Red Cross chapter and those interested may contact Mrs. J. F. Cox, secretary, or Mrs. J. E. Cudd, home nursing chairman.

Two classes, with 30 students, have been completed this week with Mrs. George Clennan and Mrs. Bertha McAnally as instructors.

Those who have completed the course this week include Miss Hulda Schmidt, Mrs. Ruth Meadows, Mrs. Jim Reiswig, Mrs. George Pletcher, Mrs. Harvey Hardy, Mrs. Lela Hurst, Mrs. H. K. Bryan, Mrs. Pat Beason, Mrs. Earl Schwalk, Mrs. Bernard Hurter, Mrs. John Faries, Mrs. Cecil Leicht, Mrs. Byrl Hardy, Mrs. Bernard Bryan. Mrs. George Clennan instructed this group.

In the class conducted by Mrs. Bertha McAnally were Mrs. Bertha Belt, Mrs. Albert Meier, Mrs. Ada Thornton, Mrs. LaVada Manners, Miss Mary Anita Selby, Margaret Scott, Darlene Claybrook, Mrs. S. S. Mallett, Mattie Black, Mrs. C. D. Phillips, Mrs. T. C. Morton, Mrs. Edna Gibley, Mrs. Clara Ferguson, Joan Kirkpatrick, Ellen Sheets, Mrs. Claude Cook.

Mr. and Mrs. J. H. Stephenson visited relatives in Canyon and Happy last week end. Mrs. Stephenson's father, Z. J. Steen of Canyon, and her niece, Miss Patricia Brally of Tulia, accomptnied them home and will visit in Perryton this week.

An Air Force Boeing B-50 Superfortress, the "Lucky Lady II," completed the first non-stop round-the-world flight March 2, 1949.

Services Held For Mrs. Barton

Funeral services were held Wednesday afternoon at the Follett Baptist church for Mrs. Josie Barton, who died on July 24 at her home in Follett. She was 92 years of age.

Mrs. Barton, born at Pontotoc, Miss., on January 29, 1859, had lived in Lipscomb county since 1909 and had resided in Follett for the past 16 years.

Rev. Don Anderson conducted the final rites. Pallbearers were Loyd Harrelson, Julian Flemming, Frank Kleiwer, Charlie Imke, E. B. Bowman, and Noble Brown.

She is survived by a daughter, Mrs. Joe Barton of Follett, two step-sons, Joe Barton of Follett and T. E. Barton of Gatesville, Texas.

Interment was in the Fairmont Cemetery.

Area Ministers At Methodist Rural Conference

SIOUX CITY, Ia., July 24—Some 30 Methodists from the Northwest Texas Conference are attending the Methodist Town and Country Conference here. Bishop Wm. C. Martin of the Dallas-Fort Worth area is the conference Saturday ing.

BALKO News

Marolyn McGlamery

Mr. and Mrs. Raymond McNerlin, Faye and R. C., Billie Jean Duff, Mr. and Mrs. Arthur Wood and Susie left Wednesday for a fishing trip to Ft. Supply, Okla.

* * *

Mrs. J. A. Kinsey is home again after spending several days in the Sanford hospital in Perryton because of an attack of summer flu.

* * *

In the absence of a pastor, Denny Sullivan of Perryton, will have charge of preaching services Sunday in the Balko Baptist Church.

* * *

Mrs. S. A. Pugh has received word that her brother, Cpl. Leon Garner who is a radio repairman with the 10th Battalion has arrived in Manheim, Germany and is living in Tent City. On his twelve day trip by water he was privileged to see the White Cliffs of Dover and the English Channel.

* * *

Mr. John Chisum, who is in the Air Force and stationed at San Antonio, Texas, received the rating of Pfc. last week.

* * *

A group of friends gathered at the County Park at Perryton Tuesday evening for a picnic supper of fried chicken, potato salad, sandwiches, pickles, cake cookies and pop.

After supper some attended the movies and others went to the ball game.

Enjoying the evening were Mr. and Mrs. D. L. Boyer and David, Mr. and Mrs. Ralph Cramer, Ronald and Ralph Jr., Mr. and Mrs. Tom Palmer and Mark, Mr. and Mrs. Clyde Pugh, Gary and Max, Mrs. Ed Meacham, Mr. and Mrs. Frank Duff and Forrest, Mr. and Mrs. Raymond McNerlin, Faye and R. C., Mr. and Mrs. Senator Pugh and Erlene, Mrs. John Chisum, Franklin McGlamery, Mrs. Marie McGlamery, Marolyn and Carolyn McGlamery, Billie Jean Duff, Roy Kerns, Benny Bob Kerns, Frankie Duff and Paul Zimmerman.

CARD OF THANKS

We wish to express our appreciation to everyone for their thoughtfulness and kindness to our brother-in-law, B. T. Kisner, who has undergone an operation. It is so encouraging to know that the people back hme have not forgotten him. A card now and then will make his stay in the hospital more pleasant.

Sincerely,
Mr. and Mrs. Irvin Williams
Mr. and Mrs. Lloyd McGarraugh.

A WALKING JOB—That's what Mike Jackson, lineman's helper of the Community Public Service Co., had this week. His job has been to nail these metal numbers on the new highline poles east of Perryton, which afford easy identification in the case of trouble. The "9-2" on this pole means that this is the second pole nine miles east on the line. There are 20 poles to the mile.

TO JAPAN — Pfc. Donald Graves, son of Mr. and Mrs. Jim Graves, has been visiting at home for the past two weeks. He recently finished the Army clerk-typist school at Oklahoma University and will leave this week for California, then to Japan. He enlisted February 8, 1951.

East of Boyd

By Mrs. Aldeen Rodgers

Our community received a light shower Saturday and a nice rain of over an inch on Sunday night.

* * *

George Kirton and Mr. and Mrs. Aldeen Rodgers made a business trip to Beaver, Liberal and Perryton Tuesday.

* * *

Word was received here a short time ago of the death of J. W. (Bill) Casdorph of California. He lived near Balko and Boyd for many years. Survivors include his wife, the former Matilda Lusk, a sister, Mrs. Belle Kuns of Forgan and a brother Jack and several nephews and nieces.

* * *

Mr. and Mrs. Earl Watkins called at the Hayden home and also at the Aldeen Rodgers home Sunday.

* * *

John Beck and daughter Helen of Beaver, Bill Nichols and Arthur Stickler, Jr., were dinner guests of Mr. and Mrs. Aldeen Rodgers and family.

* * *

Mrs. Emmitt Nichols and Elta Mae went to Amarillo Wednesday. Miss Deanna Deeds, a niece of Mr. Nichols, returned with them for a visit. Little Miss Patsy Nichols spent Wednesday with her aunt, Mrs. Russell Turner in Perryton.

* * *

Mr. and Mrs. Dee Rogers, Mr. and Mrs. Jerry Salley, Mr. and Mrs. Floyd Kemper, Mr. and Mrs. Elmer Boland and daughter Jo Ella of Liberal, Hugh Williams, Barty Lewis, Bill Nichols, Arthur Stickler, Jr., James and Royce Rodgers, Mrs. Marilyn Rowbotham were among those who enjoyed swimming Sunday at the pond on John Beck's farm southeast of Boyd.

* * *

Elta Mae, Patsy Nichols and Deann Deeds visited Anita and Arlene Watkins Friday. Anita and Arlene were guests of the Misses Nichols and Deeds on Sunday.

* * *

Anita and Arlene Watkins were among those who played piano solos on the "Stars of Tomorrow" program Saturday on station KSCB at Liberal.

* * *

Mr. and Mrs. Earl Watkins had as guests Saturday Mr. and Mrs. R. F. "Doc" Gordon and son Clifford of South Gate, Calif.; and Mr. and Mrs. Denny Trollinger, Jack and Jimmy of Sunray; also Adali Gabler of Oklahoma City.

* * *

Mrs. Marilyn Rowbotham and Patricia Ann visited with Mrs. Emmitt Nichols and daughters and Denn Deeds on Thursday.

Sanford Hospital

Births

Mr. and Mrs. Aubrey Rasor, daughter Saundra Lea, born July 22.

Mrs. Melvin Schwedland and daughters Kay and Faye of Enid, Okla., visited Sunday and Monday with Mr. and Mrs. Carl Phillips and Mrs. Hattie Newman. Mrs. Schwedland is the former Viola Smith, a former resident of Perryton.

Morocco is a monarchy and is also a French and Spanish associated state.

Waka News

Mrs. J. R. Stump

The rains were very welcome even though they were very spotted, ranging from .70 to 1.40 inches. However, the heat wave was broken with no more melting of candles in the house, I hope.

* * *

Ronnie Elledge returned to his home Saturday in Pueblo after spending a week with relatives. Mrs. C. J. Frantz and Leland took him home.

* * *

Mr. nad Mrs. L. L. Rawls and family are vacationing in Colorado. They left Tuesday.

* * *

Those from this community who attended services at the Mennonite Church Sunday evening were Mrs. D. B. Stump and Maud, and Mrs. Mae Newingham. A religious movie was enjoyed by all.

* * *

Those from this community attending the County Chorus practice Monday at Mrs. James Hardy's home in Perryton were Mesdames Orville Crain, J. R. Stump, Harley Elledge and Dean Leighnor. Rehearsal will be again Monday, July 30 at Mrs. Hardy's home in preparation for the singing at the State Home Demonstration Meeting at College Station August 29-30-31.

* * *

Mrs. C. J. Frantz visited from Tuesday until Thursday in the home of her daughter, Mrs. Nadine Brandvick of Gruver.

* * *

Alvin Klotz received word of the death of his father in Fredericksburg, Iowa Monday. Al was assisting with camp duties at Spring Lake when he received word. LeRoy Reeves met him in Shamrock enroute home and Howard Brillhart flew Alvin to the funeral Tuesday.

* * *

Mr. and Mrs. Jim Haden were visitors Monday in the J. R. Stump home.

* * *

Sunday dinner guests in the Jr. Dunnihoo home were Mr. and Mrs. B. J. Turner and family.

* * *

The Waka home demonstration club will meet August 1, Wednesday, in the home of Mrs. LeRoy Reeves. Material for the float will be worked on.

* * *

Mr. and Mrs. LeRoy Reeves and family left Tuesday for Colorado Springs to visit with his folks. They took Mrs. Alvin Klotz to Wiley, Colorado where she will visit in the home of her parents. Mrs. Klotz' mother had the misfortune of spraining her arm.

* * *

The Women's Work Group met Thursday in the home of Mrs. Roy Leicht. Clothes were mended for relief services.

* * *

Mrs. Cassie Reed and Velnor Gray of Perryton were Wednesday evening visitors with Mrs. Mae Newingham.

* * *

Several young people from the Brethren Church left Sunday for Spring Lake to attend camp. David Hummer granted the use of his truck for the trip. Those attending were LaVerne Burger, Curtis Leicht, Don, Glenn and Shirley Simpson, Billy Newingham, Winnsett Nichols, John Crain and Harold Groves. All of these young people were awarded camp scholarships on the basis of attendance.

* * *

Next Sunday, July 29, everyone is invited to attend Spring Lake Day at the camp. If you plan to drive down and have room, make sure that all intermediate campers have a ride before you leave. Brother Ernest Ikenberry, just recently returned from China where he spent a great share of his life as a missionary, will be the speaker. This will be well worth the drive to the camp.

* * *

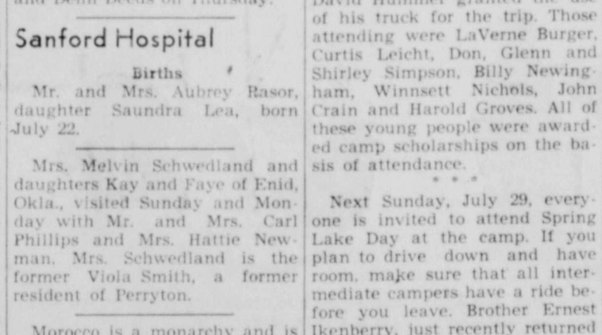

There was a very good attendance of 71 at Sunday School last Sunday.

* * *

Mrs. Harley Elledge returned Sunday from Carrollton, Mo., where she has been with her son and his family, Don Elledge. She brought Larry Don home with her. Don and Marilee will be moving home later.

The free territory of Trieste is garrisoned by 5,000 troops apiece of the United States, Great Britian and Yugoslavia in their respective zones.

Invite Entries In Celebration Day Parade

More parade entries are badly needed for the annual Perryton Celebration parade, according to parade chairman Jack M. Allen.

"Theme of the parade this year is western or old fashioned," Allen said, "And this should allow every business house and club to have a good, but inexpensive entry."

Several commercial floats have been entered, and the Wheatheart candidates will ride on these, but the commercial floats are not considered in selecting the winners.

Prizes for the parade are $50, $35, and $15, Allen said.

There will be a bicycle contest with $25 prizes for the best decorated bicycle.

The Khiva Drum and Bugle Corps of Amarillo will be here, and there will be a number of riding clubs, Allen said. Most of the county home demonstration clubs have made plans to have a parade entry.

Anyone desiring to enter the parade should contact Allen.

This additional $5,000,000 is required in addition to the disaster funds on hand, which will be exhausted by the national Red Cross organization in a short time. Congress has appropriated $25,000,000 for emergency relief, but the total damage is above the $1,000,000,000 mark and all available Red Cross assistance is needed.

There will be no formal solicitation of funds, but citizens of this area are urged to help. All money received will be sent to the Midwestern Area office for Red Cross distribution.

Mrs. Cox said that not only money is needed, but good used clean clothing of any kind and size, also household goods of any nature are urgently needed. These articles may be left at the local Red Cross office in the courthouse annex.

If you knew all this about B.F. Goodrich Tubeless Tires

...would you want to ride on any other kind?

1. Tested and proved by AAA! Impartial tests by the Contest Committee of the American Automobile Association prove the BFG Tubeless Tire protects against blowouts and seals punctures. And it's been proved in use by thousands of motorists.

2. No inner tube! No tube to go flat! No tube to blow out! The B. F. Goodrich Tubeless Tire holds air with a built-in lining of special rubber. Rim-seal ridges in the tire bead form an airtight seal at the rim.

3. Protects against blowouts! In case of injury that ordinarily would cause a blowout, there's no sudden loss of air to make you lose control of your car. All you get is a slow leak.

4. Seals punctures! You can drive this tire over 3-inch spikes and it does not go flat. Gummy material under tread plugs holes, prevents air loss.

5. More riding comfort! User after user reports the same thing: riding comfort is *noticeably* improved.

6. Longer mileage! The famous B. F. Goodrich "rythmic-flexing cord" body and wider, flatter tread give you thousands of *extra* miles.

The B. F. Goodrich Tubeless Tire does what *no* tire and safety tube combination can do — it protects you against both punctures and blowouts! Yet it costs less. Fits standard rims. Can be repaired and recapped like regular tires. Convenient terms. Stop in today!

You Couldn't Make a Smarter Buy!

BEFORE you make any deal on a new car, remember this:

One of the most important things you buy when you buy a new car is its name!

Just think for a minute what the Pontiac name means:

It means a car so thoroughly good it will give you years of carefree pleasure.

It means performance so fine you will look forward to every minute behind the wheel.

It means a car so beautiful it stands apart from everything else on the road.

The name Pontiac on your car means you are buying from a dealer who takes pride in the car he sells, the service he provides and his place in the community.

Come on in and talk deal—see how easy it is to own a Pontiac,

B & PW Club Enjoys Party

Members and guests of the Perryton Business and Professional Women's Club enjoyed a pot-luck supper and canasta party, July 19, in the home of Nellie Bryan, 1209 S. Main St. Ann Suitor was co-hostess for the occasion.

Guests for the evening were Georgia Hurlhey, Marie Wade, Carrie McLanahan, Nan Perry, Myrtle Wermske and Doris Leggett of Amarillo.

Members present were Mildred Holt, Leah Ward, Jessie Stewart, Beula Owens, Dorothy Wilson, Bertha NcNally, Eva Fisher, Nancy Lee, Moina Caldwell, Mary W. Jones, Mozelle Parr, Virginia McWilliams, Winnie Young and the hostesses.

In the games of canasta Myrtle Wermske held high score for guests and Nancy Lee and Bertha McNally held high and second high scores for club members.

The next meeting will be held, August 2, at the Hotel Coffee shop.

Miss Veneta Cook Is Complimented

A shower-tea complimenting Miss Veneta Ann Cook, bride-elect of John Taylor, was given, Friday afternoon July 20, in the Ray Wright home.

Hostesses for the courtesy were Miss Dorothy Portwood, Miss Dorene Wright, Miss Mary Anita Selby and Miss Rosamond Schroeder.

Miss Portwood and Miss Wright greeted the guests and Miss Schroeder and Miss Frances Payne presided alternately at the guest register.

Arrangements of gladioli decorated the receiving rooms. The hostesses presented Miss Cook, her mother Mrs. J. O. Cook and Mrs. Reese Taylor, mother of the prospective bridegroom, with corsages.

The tea table was covered with a white embroidered organdy cloth over pink. The centerpiece was a miniature bride and groom under an arch of Lily-of-the-Valley.

Sixty guests called during the afternoon.

GS Troop 7 Makes Leather Belts

Members of Girl Scout troop 7 met in the scout room of the First Christian Church, Monday afternoon.

Mrs. J. H. Woodward, scout leader, and Mrs. Thomas Depew assisted the girls in making leather belts. The girls will meet Thursday afternoon July 26, to finish work on the belts.

Fifteen scouts were present Monday afternoon.

MRS. LEROY EARL THOMPSON

Merydith-Thompson Marriage Read at Amarillo, July 15

The marriage of Pearl Yvonne Merydith, daughter of Mr. and Mrs. W. C. Merydith of Perryton, to Leroy Earl Thompson, son of Mr. and Mrs. Loyd Thompson, 213-B West Twelfth, Amarillo, was solemnized Sunday, July 15, in an afternoon ceremony in the chapel of Polk Street Methodist Church of Amarillo. Dr. Eugene Slater, pastor, read the single-ring service.

Miss Kathleen Pinkerton sang "Serenade" and "You Are Love," accompanied by Walter Reneker. The traditional wedding marches were played.

Vows were exchanged before an altar decorated with baskets of white gladioli and candelabra holding white tapers. White ribbons and pink rosebuds marked the bridal aisle.

Miss Joyce Merydith, sister of the bride, was the bride's only attendant. She wore pink organdy, fashioned with an off-the-shoulder neckline and complimented by a pink velvet belt fastened with a rhinestone clip. She wore pink accessories and carried a colonial bouquet of pink roses.

Richard Boggs was best man. Eldon Lehman and James Highley were ushers.

Given in marriage by her father, the bride wore a gown of white scalloped, embroidered organdy, styled with a ballerina length skirt and off-the-shoulder neckline. Her hat was a cloche of white lace with a veil of illusion, and she wore white accessories. Her jewelry was a string of pearls, and she carried a colonial bouquet of pale pink rosebuds..

For her daughter's wedding, Mrs. Merydith chose beige lace with white accessories and a corasge of gardenias. Mrs. Thompson, mother of the bridegroom, wore rose with white accessories and a corsage of gardenias.

A reception was held in the church parlor following the ceremony. The lace-covered serving table was decorated with white wedding bells entwined with pink rose-buds. Miss Anna Nell Butler served cake, and Mrs. Rozell Wafford and Mrs. Bobbie Coffman served punch. Mrs. Charlie Henslee presided at the guest book.

For a wedding trip to Denver, Colo., the bride traveled in a navy linen suit with navy linen pumps and white gloves and hat. She wore a corsage of gardenias.

Mrs. Thompson was graduated from Perryton High School and Amarillo College, where she was a member of Alpha Xi Omega Sorority. She works for the City of Amarillo in the personnel department.

Mr. Thompson attended Amarillo College and the University of Texas at Austin. He works for the Moorlane Co.

Susanna Wesley Class Meets In Urban Home

The Susanna Wesley Class of the First Methodist Church held their regular meeting, Tuesday afternoon, in the home of Mrs. Harvey Urban. Mrs. Martin McCartor was co-hostess for the afternoon.

During the business meeting the class voted to give a miscellaneous shower for the Rigsby family, who lost their home in a fire last Saturday.

Mrs. Fred Huston conducted the lesson on "Understanding" and Mrs. Jess Cudd gave the devotional and offered a prayer.

Refreshments were served to Mmes. Omar Truax, P. W. Wermske, T. M. Osborne, J. S. Thrasher, P. E. Gidley, Jess Cudd, L. H. Lance, Edmund Kirby, J. M. Kirby, Fred Huston, C. F. Jones, M. L. Brillhart, J. H. Woodward, J. W. Chase, Robert Barlow, B. F. Moon and the hostess.

Miss Josephine Foote Will Appear In Senior Recital, July 29

On Sunday, July 29, the Musical Arts Conservatory of West Texas will present Miss Josephine Foote in her senior recital. Miss Foote is a daughter of Mr. and Mrs. C. W. Foote, 1122 S. Drake.

The program will begin at 4:30 o'clock, in the school auditroium. All friends and interested persons are invited to attend.

Miss Foote has studied under Carolyn Pestor Hazon for the past two years. Mrs. Hazon will appear with Miss Foote in a two piano concerto.

The program will consist of selections by Bach, Chopin, Lougas, Lecuona, Shostakovitch and Mendelssohn.

Conners Entertain Wednesday Evening

Mr. and Mrs. L. R. Conner were hosts to a group of friends, last Wednesday evening, in their home at Farnsworth.

Square dancing was enjoyed in the patio during the evening. Cecil Dodd and Herman Hargrove called for the dancing.

Approximately seventy guests attended the party.

Captain C. E. Cone, who is stationed at Tinker Air Force Base at Oklahoma City, visited in Perryton last week end.

Herald Classifieds Get

Sow a Good Milling Variety This Year

We all know it isn't good business to gamble. Sowing undesirable varieties of wheat is a poor gamble with overwhelming odds against the producer. Cash returns per acre are definitely highest with improved varieties. Besides the increased yields, millers this season are offering premiums for carlots of wheat in percentage of acceptable types. Next year, undesirable types now going to export may be discounted or avoided entirely.

Avoid Future Discounts

Mrs. Carl Carter drove to Perryton for her mother Mrs. Kutch, who will visit for a few days in the Carter home.

* * *

The rain during the night Sunday was a wonderful thing, and just what the country needed for the forage crops which are getting to the heading stage in some places. We are indeed thankful for this moisture. The Safflower crop on the Carter farm looks as though it is getting near harvest time now. They have counted from 52 to 56 grains in the heads, whether that is average or not is yet to be seen.

Hundreds Attend Baptist Camp at Gibson Grove

BETHEL-CAMRICK — Baptists of the Oklahoma Panhandle saw a dream come true last week when they met at the Gibson assembly grounds.

Mr. and Mrs. Harold Gibson and family gave 10 acres of ground to the Panhandle Baptist Association for an assembly ground. Plans were started last spring for the building of a tabernacle and other improvements. A well was drilled and equipped with an electric pump and showers were installed for boys and girls.

Rev. V. A. "Pete" Jones of Sayre, Okla., was camp pastor and Dr. Christie Poal, who has spent 17 years in Africa as a missionary, was the missionary speaker.

Each night the crowds grew until the closing night, Friday, when there were nearly 600 people who attended the evening service.

Classes were held each morning, then in the afternoon Rev. D. W. Burkhalter had charge of the recreation of softball, volleyball and horseshoe pitching. The preachers played the boys softball two games. On the first day they were tied and the preachers played out and the boys won on Friday.

Rev. J. G. Heard, associational missionary, was camp manager and reported 130 registered, also that there were nine conversions and 31 coming to re-dedicate their life and for special service.

This year 12 churches out of the 18 were camped on the ground and every church save one were in attendance. Most all of the churches plan to build cabins before assembly time next year.

From where I sit ... by Joe Marsh

What's So Funny?

Just finished reading a magazine article that "proves" you and I don't know what's funny.

A bunch of psychologists came to this sad conclusion after telling jokes to college students. Very often they would give out with what *they* considered a side-splitter—and not get even a chuckle in response. Other times the students would laugh their heads off at stories that weren't considered really funny.

Maybe I'm wrong, but what makes a psychologist such a better judge of humor than the rest of us? If a man gets a kick out of a joke that proves it was funny to *him*—doesn't it?

From where I sit, when psychologists try to set up a standard for a sense of humor they're getting too serious for me. Stands to reason that different people laugh at different things, just as they have different tastes for most everything. I'm partial to a glass of beer with meals myself—but I promise not to make any "wise-cracks" if you prefer tea.

News From ANTHONY

By Mrs. Carl Carter

Mr. Ralph Bobbitt and Mr. Leroy Bobbitt helped the Lloyd Brown's haul their hay into the shed Monday.

* * *

Barr Brown baled the vetch crop on the Leslie Bobbitt farm Tuesday. After the vetch crop was baled the men all took a swim in the Leroy Bobbitt lake. The swimmers included: Ralph, Leroy, and Leslie Bobbitt, Barr and Lloyd Brown.

* * *

Mr. and Mrs. Carl Carter, Cleta and Howard visited in Perryton Tuesday. They visited in the Elza Kutch and O. E. Carter homes.

* * *

Mrs. Hoffman, Mrs. Ralph Bobbitt, and Joyce, Mrs. Leroy Bobbitt and girls drove to the John Winters home Monday afternoon and took Mrs. Winters and Mrs. Jiles, her guest, visiting in the W. J. Williams and John Davis homes.

* * *

The little son of Mrs. Harold Davis spent the week in the home of his grandparents, Mr. and Mrs. John Davis, and with his aunt and uncle, Mr. and Mrs. Lester Janzen. Mrs. Harold Davis is working this week in the Savage Clothing Store during their big sale, at Beaver.

* * *

Mrs. Walter Hyatt and Carolyn called in the Floyd Myers home on Wednesday of this week.

* * *

Mr. and Mrs. Carl Carter, Cleta and Howard were guests at the Raymond Mayo ranch Thursday. The two families enjoyed fishing and swimming at the big dam on the Maple ranch. Those enjoying the evening picnic supper and the fun of fishing were: Mr. and Mrs. Carl Carter and family, Mr. and Mrs. Raymond Mayo, Mark and Bob, and Mrs. Maple. Bob Mayo returned home with Howard Carter, for a few days visit.

* * *

Mr. and Mrs. McCormick visited in the Ralph and Leroy Bobbitt homes Thursday afternoon.

* * *

Mr. and Mrs. Lem VanDeburgh and daughters visited in the home of his mother, Mrs. Floyd VanDeburgh of Liberal, Thursday. Mr. VanDeburgh took some pigs to the sale at Liberal, too.

* * *

Glen Myers, Vernon Ratzlaff and Carl Carter went to Lake Supply to fish Friday and Saturday, but due to the heat and high winds they failed to bring home any fish.

* * *

Blum Morris and Mr. Peters of Turpin were in Colorado Friday and Saturday, visiting some of the big Hereford Ranches there.

* * *

Mr. and Mrs. Harry Sawyer and family of Liberal, and Mrs. Johnnie Davis were swimming at the Leroy Bobbitt Lake Wednesday evening.

* * *

Mr. and Mrs. Walter Hyatt, and Carolyn left Saturday for a few days vacation in New Mexico. They intend to visit the Carlsbad Caverns and perhaps go to other places of interest in New Mexico, and on down to the bor-

Let's Borrow From Them

In defense of the Marshall Plan or ECA assistance to foreign countries, it has always been pointed out that the outlay of millions of dollars is justified because the countries we've been helping are destitute and have no other way to get back on their feet.

We've always gone along on this, having seen evidences of the damage in war-torn Europe, in particular.

Now comes a bit of information which makes us wonder.

According to a press sheet from the Republic Bulletin, an outfit devoted mainly to attacking the Fair Deal, the Americans now have a much greater per capita debt than any of the countries we are aiding.

Assuming that the figures are correct, the United States has a very good reason to call upon the other countries to pay a larger share of their bills.

Each man, woman and child in the United States now has a share of the national debt amounting to $1,682. Britian's per capita debt is only $1,416; Canada's $1,209; Belguim's $750. These are the biggest debt loads in the world outside the U. S.

Senator Knowland of California says the government debt here is $256 million but the total governmental debt of all the other North Atlantic Pact Nations is only $157 billion. And they have 200 million population against our 150 million.

We wonder if there isn't some way the United States could start borrowing on a reverse ECA plan, if these other nations are so solvent.

Wolf Creek Philosopher

Blame High Prices On Poor Indians

(Ed. note: The Wolf Creek Philosopher this week has his two-bits worth, an inflationary amount, on the high cost of living.)

Dear editar:

I notice the government is still tryin to reduce the price of meat, on the theory I think that farmers and ranchers are gettin rich anyway and lowerin the price on just one item they raise won't hurt no more'n lowerin the price say on radiator caps would hurt General Motors, but I stumbled on a newspaper the other morn- in while I was out here studyin my feed crop, don't know that reflectin on your crops helps em any but it sure sounds important and gets you out of the house for a while and makes a man look busy, and after I got through decidin the feed was fair but wouldn't make as much as I'd figured on as there ain't a piece of land been invented yet a farmer couldn't out figure its production on, I took the paper home and stretched out on the front porch and read where an expert had been doin some figurin himself on what's causin high prices. Blamin the farmer for high prices is a poular pastime, he said, but there ain't a thing to it.

For example, he found, a can of pork and beans, mostly beans, used to cost a nickel, but now it costs 16 cents, and most housewives mutter and blame it on the farmer. Yet if the farmer just hauled off and gave his beans to the canner, the can of pork and beans would still cost 14 cents. In other words, no use blamin the high cost of a can of pork and beans on me and the other farmers. There's something in the woodpile maybe, but it ain't a farmer.

Also, this expert found if a farmer gave away the wheat in a 16-cent loaf of bread, the bread would still cost the housewife 14.4 cents. If the tobacco farmer gave away the tobacco in a 20-cent pack of cigarettes, the pack would still cost you 17 cents. If a sheep rancher gave away the wool in a $50 suit of clothes, the suit would still cost $40.50. In a $3 cotton shirt, there's about 35 cents worth of cotton, all told.

You get the point. I ain't about to start givin away wheat or anything else to prove us farmers ain't to blame for inflation, but Washington is barkin up the wrong tree when it thinks we are. It's somebody else's turn. How about the Indians? There ain't many of them and not one out of four can vote anyway. Down with the Indians and the high cost of livin.

Yours faithfully,
J. A.

Texas Safety-Responsibility Law

Is It An Insurance Law?

It is not an insurance law. It is an act of the 1951 Legislature to protect everyone in Texas against irresponsible owners or operators of motor vehicles who become involved in accidents. It is designed to promote street and highway safety by increasing the State's ability to remove habitual accident causers from behind the wheel. Texas is the 45th state to adopt such a law.

When Is the Law Effective?

The law becomes effective January 1, 1952. It affects all motor vehicles and operators, including non-residents when they become involved in an accident resulting in Death or Injury to a person or property damage to any one person exceeding $100.

What Can Happen?

Operator's license and registration plates of all cars owned can be suspended. The Dept. of Public Safety must enforce suspension unless satisfactory evidence has been received that those involved have:

Been released of all liability;
Judged Not liable;
Written agreement to pay all claims as set forth in the law;
Suspension remains in force until requirements have been met or one year has elapsed without court action for damages being filed.

Responsibility May Be Established By:

Filing with proper authorities a certificate of insurance certifying that there is in effect the motor vehicle liability insurance required; file acceptable real estate bond; file certificate of deposit with State Treasurer of $15,000 cash or securities; or a certificate of self-insurance.

From the SIDELINE

with HAROLD HUDSON

It is said that doctors bury their mistakes and lawyers send theirs to prison; a radio announcer's mistakes slip into the ether and are soon forgotten; a newspaper's mistakes are put into print for all the world to see.

What we're getting at is that there was a mistake in a story in last week's Herald. Besides that, it was a mistake in a very well-read story and we knew that if we made a mistake last week it would be in the results of the Perry Studio baby contest.

Sure enough, there it was. Discovered after the press run had been made, there was nothing to be done about it then. Due to the omission of two lines of type, the story said, in part: "Class 3: First, Terry Lee Jacobs, son of Mr. and Mrs. Leon Jacobs, Beaver; Second, Sue Hext, daughter of Mr. adn Mrs. Gene Lawrence."

This is not the way it should have been. It should have been like this: "Class 3: First, Terry Lee Jacobs, son of Mr. and Mrs. Leon Jacobs, Beaver; Second, Sue Hext, daughter of Mr. and Mrs. W. R. Hext of Glazier; Third Vicki Lea Lawrence, daughter of Mr. and Mrs. Gene Lawrence."

Mothers, fathers and relatives of these lovely children, please note. We apologize.

We were talking Monday to Gilbert Mize, Perryton superintendent, about the teacher situation, and he says it's rough. There are five vacancies on the local faculty, and to date, they have not been filled.

Mize is working on his PhD degree at Tech this summer, and he says that it is amazing to note the number of school men, especially principals and superintendents, that are leaving the profession. We asked him if it were the low pay that is causing them to leave, and he said it wasn't. It is the pressure.

Lots of coaches are leaving the field for the same reason, but the heat has been on the administrators only fairly recently. And amazing as it may seem, Mize says that there seems to be a sort of organized movement against the public school system all over the nation.

Most celebrated case of this was the firing of Dr. Willard Goslin at Pasadena, Calif., this year which was pictured as a revolt of the parents against "progressive education." Movements against the local school systems have been set in motion in a number of California schools, and even in Texas, according to what Mize has learned this summer.

The National Education Association has been investigating these movements, which seem to follow a more or less set pattern and would indicate that they are not spontaneous in local communities. A group has been found that seems to have had a hand in several local school "revolts," and while the NEA hasn't been able to pin a Communist label on the leaders, they have found out that these leaders have associated with top Communists.

Now all of this may be far-fetched and we don't know whether it is as serious as it sounds, but Communists have popped up in far more unlikely positions, our national government for example. It does sound logical that the Communists would launch a long-range campaign against the free public school as part of a plan to undermine America.

We read a rather interesting little news release from California the other day, where one Dr. F. J. Lehner, psychology professor at UCLA, conducted a poll among his students in which they indicated what form they would prefer if they had to choose a non-human form in a return to the earth after death. Most women preferred cats.

The men preferred to come back as horses, dogs, lions, monkeys, deer and birds, according to the professor.

After thinking it over quite carefully, and granting that this is sheer speculation, anyway, we prefer not to come back at all if we have to come back as an animal. Going down the list of cows, deer, antelope, horses, etc., we are distressed to learn that most of these wind up in a very short time as meat on the table or food for another animal.

Lions, tigers, bobcats, wolves, coyotes, etc., lead a very precarious existence outside zoos and a very bored one in zoos, so we will pass that group. Take a hippopotamus, for example—who on earth is really interested in one of them—except another hippopotamus.

Even the domesticated animals don't have life good enough to make it attractive to us. In fact, there is absolutely no future as we see it in becoming any sort of animal, even a cat, which does lead sort of a gay life, except for having to depend upon some human for food and shelter and a pass out the back door at night.

"Wage and price controls are only an appeasement of inflation."—William H. Ruffin, president of the NAM.

"A girl looks twice as short in a bathing suit, and a man looks twice as long." — Frances Rodman.

"Some men defy old age, still believing they're as good as they never were."—Edward H. Dreschnack.

Local Pastors Delegates to Methodist Meet

Dr. J. Edmund Kirby, district superintendent of the Perryton District, Rev. Harris, Darrouzett pastor, and W. H. Ham of Channing were delegates to the National Methodist Town and Country Conference in Sioux City, Iowa, July 21-24.

They represented the Perryton District, Northwest Texas Conference, and were part of the more than 2,000 delegates.

Prominent leaders of church and state addressed the conference, which was divided into seven working study groups, dealing with various phases of town and country life and focusing on the question of the contribution of rural America to the physical and spiritual life of the nation.

Mr. and Mrs. O. C. Watson and children visited relatives in Clarendon, Sunday.

Highway Test — Buyway Test

1. Road-Test proves its performance!

Try a Mercury for size. Try it for balance, pace, and hustle. Try it for mountain-melting power. You'll find each and every inch the performance-packed value that Mercury owners say it is. For Mercury is the car that cradles you gently, needles through traffic, parks in a pocket. It has the right combination of features to make driving real fun—handling ease, comfort and power to spare. Yes, one ride in this great car and you'll want to drive it home.

Standard equipment, accessories, and trim illustrated are subject to change without notice.

2. Budget-Test proves its value!

Does it have a down-to-earth first price? Mercury's price tag you can understand. It gives you a big dollar's worth for every dollar invested.

Will you be sure of good gasoline mileage? Mercury has proved its more-miles-per-gallon by winning officially sponsored economy tests.

Is it famous for long life? It is indeed! 92% of all Mercurys ever built for use in this country are still on the road, according to latest annual official registration figures.

Will trade-in value stay high? Mercurys keep their value; used car market reports consistently prove it.

Make the **MERCURY 2-Way Test** for "the buy of your life!"

3-WAY CHOICE!

For "the drive of your life!" Mercury now proudly makes available a triple choice in transmissions. Merc-O-Matic Drive, the new simpler, smoother, more efficient automatic transmission—or thrifty Touch-O-Matic Overdrive are optional at extra cost. There's also silent-ease standard transmission.

PERRYTON, TEXAS

'Texas Rangers' Is Salute To the Lone Star State

"The Texas Rangers," a glowing salute to the hard riding, straight shooting peace officers of Texas in earlier days, comes to the Ellis Theatre on Tuesday-Thursday, starring George Montgomery.

Montgomery is seen as an outlaw who trades in a convict's uniform for a Ranger's shield and joins the lone wolf watchdogs of Texas in their all-out fight against the murderous Sam Bass gang.

Montgomery fights the desperadoes, one of whom had betrayed him, with the only weapon he knows: a six-shooter. Gale Storm, who is co-starred with Montgomery in "The Texas Rangers," also fights the Bass gang as a crusading woman publisher whose father had been shot down by the notorious Sundance Kid. Montgomery goes gunning, successfully, for Sundance, and then decides to desert the Rangers. But this precipitous action is overruled by his younger brother (Jerome Courtland), also a Ranger, who talks with the eloquence of a gun in his hand. When Courtland is slain by Bass' men, Montgomery grimly proceeds to wipe out the gang, such cold-blooded killers as Bass, Dave Rudabaugh, John Wesley Hardin and Duke Fisher.

Mr. and Mrs. H. J. Boisdorf, who have been in Perryton looking after business interests, left last Tuesday for their home in Banning, Calif. Enroute they plan to visit a few days in Tucson, Arizona.

Mr. and Mrs. Jerome Woods and children are on a vacation to points in Colorado.

MERRY GO ROUND—"Half-Pint", a 20-pound pony born recently in the Wichita Falls Haven Amusement Park, tried a ride on the Merry Go Round with some help from the photographer. Later the pony will give rides to children who visit him. (AP Photo)

New Job for Old Horseman

OCEANPORT, N. J. (AP)—Louis Batjer, old time horseman and steeplechase rider, has been assigned a new post at Monmouth Park race track this season. Batjer is officiating as a "morning steward." His assignment is to check carefully all morning workouts and report any infractions of training rules to officials.

Big Visitor

NORANDA, Que. (AP)—Two Noranda police officers saw a moose weighing 900 pounds staring through their window the other morning. The moose lumbered across the golf course and jumped into the lake. A moose hadn't been seen in Rouyn for about 20 years.

Rev. and Mrs. Curtis L. Brown and children of Canyon were dinner guests of Mr. and Mrs. A. V. Goff, Sunday evening. Rev. Brown is Mrs. Goff's nephew.

Ceylon to Get Yarn

NEW DELHI (AP)—India will export 3,200 bales of cotton yarn to Ceylon "as a special case" during the second half... Industry and Commerce H. K. Mahatab said.

Replying to supplementary questions, he added that India might buy in return ... and plumbago.

This Studebaker truck a marvel of a gas saver

Note how trim and sleek it is! Its design is the secret of its thrift

Deflate your hauling costs—substantially. Get a clean-lined, sturdy Studebaker truck.

The whole structure of a Studebaker is rugged with solid "muscle"—no burdensome excess "fat"—no costly squandering of gasoline.

What's more, Studebaker's wear-resisting truck craftsmanship greatly reduces expensive tures for repairs.

Take a tip from America's hundreds of thousands of Studebaker truck owners. Economize for keeps with a new Studebaker truck.

Pro Football Is Theme of Douglas Film

Paul Douglas, Joan Bennett and Linda Darnell form the triple-star combination in "The Guy Who Came Back," which comes to the Ellis Theatre on Sunday and Monday.

Douglas enacts the leading role of the football star trying to play the hero when he's too old for it.

Joan Bennett is cast as the little lady married to Douglas and eager to offer a helping hand to a guy on the skids because he doesn't seem to know when to quit.

The story concerns an ex-football player who tries to enlist in the Navy but is rejected because of an old injury. He flies and fails to be a vaudeville comedian and even a wrestler until his big moment comes with the offer of a football coaching job.

In the climax, Douglas' team, behind 6-0, needs a touchdown to whip the Navy. Who do they put in in the fading moments? That's right, Douglas. He scores the touchdown, kicks the extra point, is acclaimed by the Navy and is allowed to enlist. Everybody becomes happy.

Mr. and Mrs. Nelson Pointer of Great Bend, Kansas and formerly of Perryton, announce the adoption of a daughter Emily Deane Pointer. Emily Dean was born June 21 and weighed 5 pounds and 14 ounces. Mrs. Pointer is the former Miss Lorraine Hibbs of Beaver.

The monetary unit of Canada is the dollar.

'Navy Bound' Is Story of Pals

"Navy Bound," filmed in large measure with the cooperation of the United States Navy, stars Tom Neal and Wendy Waldron. It comes to the Pertex on Wednesday and Thursday.

Neal, as a fighting sailor who emerges as fleet middle-weight champion before leaving the naval service, turns in a top-drawer performance. He particularly wins audience sympathy with his decision to refrain from re-enlisting for another four-year stretch until he has aided his foster-father, a fisherman, who has come upon hard times financially. How he lends needed aid is a focal point of the well-written screen play. Sufficient to say at this point, he, in turn, is helped by Lisa, sweetheart of one of his foster-brothers. As Lisa, Miss Waldron quickly proves cinema stardom did not come too quickly to her.

Mr. and Mrs. Raymond Overbey and Jerry visited at Childress with Mr. Overbey's parents, Mr. and Mrs. H. R. Overbey, last week end.

Mr. and Mrs. W. E. Perry and Gene, of Waco, visited friends and relatives in Perryton last week.

Hillbilly Laugh Hit Boasts Large Comedian Cast

With a cast of celebrities of radio, stage and screen, "Country Fair" comes to the Pertex Theatre on Sunday and Monday.

Lulubelle, of the well-known team of Lulubelle and Scotty, appears as a rustic lass, while Scotty portrays the city lad who tries to woo and win her, but meets with much interference from a local yokel, Guinn "Big Boy" Williams.

Also seen are Eddie Foy, Jr., cast as a fast talking, quick thinking young political campaign manager; June Clyde and Harold Peary, known as "Gildersleeve" to his radio listeners.

The Lazy J Ranch's 1950 Ford F-3 Express with POWER PILOT was one of more than 5,000 Fords in the nationwide, 50-million-mile Ford Truck Economy Run.

George Stephens of the Lazy J Ranch* says: "The low cost my Ford Truck showed in the Economy Run speaks for itself. I got regular service checkups from my Ford Dealer."
*Address furnished on request

"My ranch 'workhorse' runs for only 2⅖¢ a mile!"

Ranch owner George Stephens proved for himself, in the big Economy Run, just how little it costs to run his Ford Truck!

"The Lazy J's Ford Express did itself proud in the Ford Truck Economy Run," says Stephens. "Daily records kept during the entire six months show that our Ford Truck ran up a total of 5,109 miles. My out-of-pocket expense for gas, oil, maintenance and repairs was exactly $123.51 . . . about a $20 bill each month . . . only 2⅖ cents a mile!"

The Ford Truck POWER PILOT carburetion-ignition system is one reason why Ford Trucks cost so little to run, in ranch work or any work. The POWER PILOT gives you the *most power* from the *least gas*. In the low-price field, only Ford has it!

FORD TRUCKING COSTS LESS
because FORD TRUCKS LAST LONGER!
Using latest registration data on 7,318,000 trucks, life insurance experts prove Ford Trucks last longer!

XAS POLL

Crowds Were Small But of Texans Heard Mac

Texas — Although MacArthur attracted ely small crowds of hen he made his five ches last month, more of the adults in the hey heard him on the television.

June 13 and June 16, al made speeches in uston, San Antonio, Fort Worth. Estimat- d that between 90,000 0 people were in at- hen he made his five eches. These estimates m a low of 6,500 in to a high of 30,000 in Bowl in Dallas. Other ere that a far larger tayed home and at ear him on radio and

of the latest statewide The Texas Poll indi- ver one-half of Texas' hear him. That is two and a half mil- —plus teenagers and that listened to one or e talks.

oll interviewers asked tion in a cross section of cities, towns and rural areas: **"As you may know, General MacArthur made speeches in five Texas cities three weeks ago. Did you personally hear any of those Texas speeches, either in person, over the radio, or on television? How did you hear him—in person, over the radio, or on television?"**

Heard him in person	2%
Heard him on radio	48
Heard him on television	7
Total who heard him	57%
Didn't hear him	43
Total	100%

Older people seemed more interested than younger people in hearing what the general had to say:

	Age 20-29	Age 30-49	Age 50 Up
Heard him	48%	61%	57%
Didn't hear him	52	39	43
Total	100%	100%	100%

Very little difference between the listening of men and women is evident when the results are analyzed by sex, except that more men say they listened to the general in person.

Mrs. Black at Beauty School

Mrs. Augusta Mae Black is in Austin taking an advanced course in cosmotology at the University of Texas. She will study the latest styles and methods in hair styling and permanent waving and other phases of beauty culture.

She left July 22 and will be away until August 2.

The understanding of Truth, God, establishes man's dwelling place, heaven, harmony, here and now according to the Lesson-Sermon titled "Truth" to be read in all Christian Science churches on Sunday, July 29. The Golden Text, taken from Isaiah, describes this dwelling place. "We have a strong city; salvation will God appoint for walls and bulwarks. Open ye the gates, that the righteous nation which keepeth the truth may enter in."

This citation to be read from Psalms carries on the theme: "Beautiful for situation, the joy of the whole earth, is mount Zion, on the sides of the north, the city of the great King" (Psalms 48:2). And from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will be read this statement: "Mighty potentates and dynasties will lay down their honors within the heavenly city. Its gates open towards light and glory both within and without, for all is good, and nothing can enter that city, which 'defileth, . . . or maketh a lie'."

In the Cards

HOUSTON, Tex. (AP) — Former St. Louis Cardinal third baseman Eddie Kazak and promising young pitcher, Wilmer (Vinegar Bend) Mizell, combined to give the Houston Buffs a twin bill victory over Oklahoma City recently in Texas League play. Mizell shutout the Oklahomans, 9-0, on five hits in the opening contest. Kazak smacked a three-run homer in the tenth inning of the nightcap to break a 2-2 tie and give the Buffs their triumph.

Simmons Rites Held July 18 In Amarillo

Funeral services for Dr. Julius Alexander Simmons, a retired chiropractor, were held July 18 in the Boxwell Brothers Ivy Chapel in Amarillo. Dr. Simmons, 68 years old, died Tuesday, July 17, in his home in Amarillo. He became ill Tuesday morning and suffered a fatal heart attack shortly after noon.

He was the stepfather of Mrs. Juanita Kent and E. R. Bales, both of Amarillo. At one time he lived and practiced in Perryton. He retired two years ago and had moved from Enid to Amarillo seven months ago.

Dr. Newton J. Robinson, minister of the First Christian church, conducted the final rites. Pallbearers were Tommy D. Daniel, Richard R. Thomas, Sam S. Thomas, Otto L. Pitt, Ivan Pitt and Gene Latham.

Survivors include his wife, Mrs. Marie Simmons; a son, Robert Simmons, Chicago; a stepson, E. R. Bales, Amarillo; a stepdaughter, Mrs. Juanita Kent, Amarillo; and a brother, Lawrence Simmons, Dalles, Ore.

Burial was in Llano Cemetery.

National Survey Of Food Prices Planned by OPS

In another week the Office of Price Stabilization will begin a nation-wide survey of food prices to lay the base for a program of posted dollar-and-cents "community prices" in grocery stores, it is announced by the Lubbock district OPS office. The first step will be to survey prices of standard grocery items in 1,000 wholesale establishments. This will be followed by similar visits to over 2,000 retail grocery stores in the 84 district OPS offices. Information from individual sellers will be held in strictest confidence, said H. R. Gholson, Director of the District office.

A chief purpose of the survey will be to find out if there is enough stability in prices of a number of grocery items to make a community pricing program practicable. Community pricing is a system familiar in World War II under which the country is divided into relatively small market areas and grocery price ceilings set for each area on the basis of local transportation and other costs. Those ceilings would be the same for all stores of each size class and would be printed on charts for posting in retail stores where all customers can see them, the District Director said.

"OPS is fully aware of the important part that a community pricing program can play in the Stabilization program, of the necessity of having published ceilings for consumers, and of the great help such a program can be to individual grocers in simplifying their pricing problems," he said.

He explained that the community pricing program during the last war had a lot to do with holding the line on wholesale and retail food prices from the time it was started in May 1943 to the end of that control program.

"Up to now," Gholson pointed out, "OPS is prohibited by law from controlling below-parity farm prices and has not had sufficient assurance that prices have been stable enough to make the printing and posting of ceiling charts practicable."

Wheat is grown in each of the 48 states of the United States.

CARD OF THANKS

I wish to thank my friends and relatives for their visits, cards, flowers and remembrances during my stay in the hospital.

Mrs. Mae Belle Lawrence

Bel Canto Chorus to Sing at Church of Christ Wednesday

The Bel Canto Chorus of Boles Home, Quinlan, Texas, is scheduled to sing at the Church of Christ on Wednesday night, Aug. 1, at 8 o'clock.

This famed Bel Canto Chorus of 30 voices made an extensive three months tour of 35 states from coast to coast, and of Canada during the summer of 1950, covering some 15,000 miles, and making appearances before civic groups, singing in municipal auditoriums, and before churches of Christ.

Personal appearances were made on several nationally known radio programs.

The 1951 tour began June 3 and will continue throughout the summer months, with the initial appearances conducted in the western part of the United States.

Gayle Oler, superintendent of Boles Home, will give some highlights on the history and progress of Boles Home throughout its 27 years of existence, and will present the opportunities in caring for 296 boys and girls now living at Boles Home.

The Bel Canto chorus is directed by Gayle Edward Oler, and the Bel Canto male quartet, which won first place honors in the spring University Regional Interscholastic League Meet will also be presented in the evening concert.

The public is cordially invited to attend the concert. There will be no collection.

Fluoride Is OK For Drinking Water, Cox Says

AUSTIN, Texas — Cancer does not develop any earlier in areas where the water contains a high proportion of flourides than it does in flourine free areas, morbidity statistics compiled by the Texas State Department of Health and the M. D. Anderson Hospital for Cancer Research in Houston show.

State Health Officer George W. Cox, in a statement flatly refuting claims by a University of Texas biochemist that fluoride in municipal drinking water might speed up the development of breast cancer, said M. D. Anderson cancer research center, an adjunct of the University of Texas, completely supported the State Health Department's contention that fluoride additions to city water supplies does not accelerate the trend toward mammary cancer.

The state health agency has for the past two years recommended that municipalities add fluoride in the amount of one part fluoride to one million parts of water as a deterrent to tooth decay among children.

Also in support of the health department's position is the word of Dr. H. Trendly Dean, director of dental research, National Institute of Health.

Dr. Dean says he and "Dr. Howard B. Andervont (unidentified) have carefully evaluated the data in respect to the alleged relation of fluoride water to an accelerated rate in the development of mammary tumors, and are of the opinion that the evidence . . . does not warrant modification in the policy of recommending fluoridation of public drinking water supplies."

Dr. F. A. Bull, director of dental health in Wisconsin, in a letter to Dr. Cox, wrote that the Wisconsin health department has been accused of contributing to the cancer incidence for the past six years.

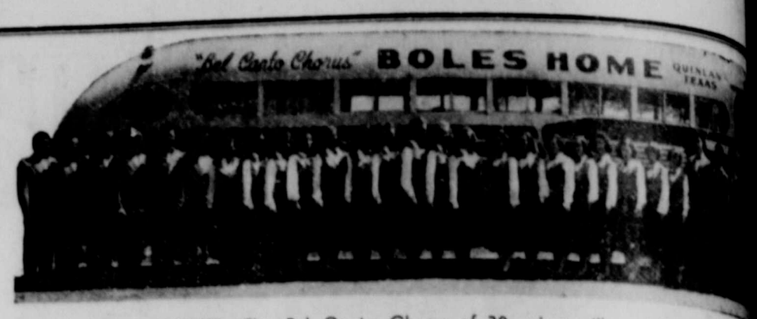

"We're going ahead, despite these deterrents, with flouridation," Dr. Bull said.

Dr. Cox said the same bone of contention came up years ago when chlorine, now a common addition to drinking water, was first used to disinfect water supplies.

"Further postponement of fluorides in water would penalize children unnecessarily," the health officer said. "They deserve its cavity-preventing properties, and the State Department of Health will continue to recommend its use by any and all cities in the proper proportion."

Ask Me About My Business
CECIL DODD

BEL CANTO CHORUS—The Bel Canto Chorus of 30 voices will appear at the Church of ... next Wednesday at 8 o'clock for a special musical program. The chorus, from Boles Home, Quinlan, Texas, is on a summer tour which will take them to most parts of the United States.

Veterans Forum

Q. May I take institutional on-farm training under the GI Bill on a part-time basis, such as one day a week?

A. No. One of the provisions of the law which set up the program is that the training must be of such a nature that it takes up the full time of the veteran-trainee.

Q. Is there any time limit for filing claims for funeral expenses for a deceased veteran who served after the outbreak of the Korean hostilities?

A. Yes. Claims must be filed with the VA within two years from the date of permanent burial.

Q. I served in World War II and stayed on active duty afterwards, and last week was discharged from service. Am I eligible for readjustment allowances for unemployment, or has that GI Bill benefit already expired?

A. You may still be eligible for unemployment allowances, if you are able to work, are available for suitable work, and register for work with a public employment office and meet other requirements as to service and discharge. For most veterans, however, no payments may be made for any week which begins later than July 25, 1952.

Q. My NSLI term policy is soon due to expire. May I renew it for an additional term period, at my attained age, or does the new "free insurance law prevent me from doing so?

A. The insurance may be renewed for an additional term period, provided you do so before your insurance expires. Once the insurance expires, it may not be renewed.

Terrorist's Body Shown

MALACCA (AP)—The body of Baba bin Yong, terrorist leader on whose head there was a $7,000 reward, was brought to the police station where a large crowd had gathered to see the noted bandit wanted for many crimes since June, 1949. He was shot dead in the Malacca area. The security forces ended his boast that he was invulnerable.

Mrs. Guy Allen and daughter Sandra Kay reutrned home Sunday after spending a week in Oklahoma City where Sandra was in St. Anthony Hospital.
