VOL. 60 - NO. 137

THE PAMPA DAILY NEWS, SUNDAY, SEPTEMBER 10, 1967

(38 PAGES TODAY)

PICKET LINES formed within seconds after the 12:01 a.m. strike deadline Sept. 7 with a spirit of old-time solidarity, like these at the River Rouge, Mich., plant. They vowed to keep walking until they get what they're demanding.

PICKETING IN 25 STATES

Auto Strike Heads Toward Stalemate

DETROIT (UPI)—The nationwide strike against Ford Motor Co. limped through a lifeless weekend Saturday without a hint as to how soon a serious attempt will be made to start work towards a settlement. Picket lines were spread in front of Ford installations in 25 states where members of the United Auto Workers marched for the third day. A preliminary meeting by members of both sides was scheduled Monday. But that encounter was billed only as an exploratory session aimed at trying to find out when the serious bargaining should be picked up again. There was no indication from either side during the weekend that the basic demands or offers had been revised. Money, including the UAW demand for a 6 per cent increase, a share of

the profits and a guaranteed income, was still the crux of the issue. The rings of economic disruption from the Ford strike continued to spread outward. More layoffs in feeder industries were reported, including the closing of the Bryan Manufacturing Co. plant in Monticello, Ind., where 400 employees were laid off at the end of Friday's shift. In Windsor, Ont., 425 workers were laid off at a Ford engine plant. More layoffs among Ford Ontario workers were also expected at Oakville and Niagara Falls as the supply of parts dried up. The other two major auto producers, Chrysler Corp., and General Motors Corp., have continued operation without a contract.

VICE PRESIDENT of Ford, Malcom Denise, was one of the last-minute negotiators in efforts to avert the strike.

GOVERNOR'S RACE HOT

Smith Is Running, Connally Not Sure

AUSTIN (UPI)—Like football, Texas politics had developed a habit of "coming in" with September in the odd years, and 1967 was no exception. Lt. Gov. Preston Smith could hardly wait for Gov. John Connally to shed his African safari uniform last week so he could tell the chief executive that he plans to seek his office next year.

Smith went to the governor's office early Tuesday and told him bluntly that he was going to seek Connally's office next year. He also asked Connally to step aside and support him. Connally reticent. But the governor was having none of that. He called a news conference of his own for early

Child Is Killed When Parked Car Rolls Backward

FORT WORTH (UPI)—A parked automobile killed a two-year-old Fort Worth girl Saturday when a playmate accidentally slipped it out of gear on a sloping street. Police said the car rolled backward and over the head of Lisa Rena McBride, the daughter of Mr. and Mrs. Vernie B. McBride. Officers said the victim and some other children were playing around the car that was parked in front of the McBride home on a sloping street.

Boy Scout Camporee Will Get Underway at Stadium

By JEFF HOLLADAY Daily News Staff Writer If all goes well, tents will not fold, beans will not be burned, and nobody will be hopelessly entangled in his ropes when Santa Fe district Boy Scouts get together here in Pampa for their "In-town Camporee" next Saturday. An estimated 200 scouts will converge on the practice field east of Harvester Stadium that day to demonstrate skills they have learned—and hopefully not forgotten—in cooking, camping, ropes and knots, first aid, and safety. The local scouting demonstration is part of a drive by the Adobe Walls Area Council to boost membership in Cub, Boy and Explorer Scout organizations. Parents can proudly watch Johnny struggle manfully to erect his tent against odds of too-strong winds, too many ropes, too much canvas, and too many jeers—and beam proudly even if it comes crashing down around his ears. And, if the beans are burned and the meat scorched—smile. It's all part of the game. After all, if he's only 12, there's still plenty of time to learn. If he gets tangled in his ropes forget it. Will Rogers didn't learn the ropes right offhand, either. If he flubs a line in the program, ignore it. It happens to even the best of Shakespearean actors like Laurance Olivier. And finally, if he tries to demonstrate first aid on you by applying a tourniquet around your neck—run, don't smile. It makes for better family relationships. Actually, none of those things is apt to happen, for scouts do have skills and take pride in displaying them. "Scouting rounds a guy out" is the theme of the campaign, and scoutmasters of the primarily Gray County Santa Fe district are confident they don't have a square in the group. Parents, of course, should have a special interest in the display. And, as for the public—well, did it ever occur to you that it might be the compest thing in town?

Republicans Pick Miami Beach For 1968 Convention

WASHINGTON (UPI)—Miami Beach, Florida will be the site of the 1968 Republican national convention which begins next Aug. 5. The site was formally approved Friday by the GOP National Committee on the recommendation of its site subcommittee. The subcommittee narrowed its selection of sites down to Chicago and Miami Beach before making its recommendation late July.

Official Orders All Strikers Back to Work

YOUNGSTOWN, Ohio (UPI)—Six-hundred striking police and firemen delayed a vote Saturday on whether to return to work until they found out the exact wording of an injunction ordering them back to their jobs. Meanwhile the safety force's Wage Policy Committee met with Mayor Anthony B. Flak and City Council to discuss the situation. The committee could not agree on whether a court order issued earlier in the day required the city administration to negotiate for a pay increase. Judge Sidney Rigelhaupt ordered the police and firemen back to work. In his remarks he "enjoined" the city administration to negotiate with safety forces and come up with revenue needed for a pay raise. The committee wanted to find

out if that was in the judge's remarks from the bench only, or also was entered in the legal journal. The injunction did not order the police and firemen to return to work immediately but to be on the job by 9 a.m. Monday. The judge noted the town's safety was involved with only 40 shifts. The three-day strike had 300 policemen and 300 firemen off the job. Fourteen of the 15 fire stations were closed. Youngstown, like most typical steelmaking cities, gets a little rough on Saturday night and police usually have double the number of calls. The policemen and firemen are asking for a wage increase of \$1,200 a year. The judge, in handing down the injunction, said they are entitled to the increase. Ridelhaupt said city council and the mayor were enjoined to negotiate with the Wage Policy Committee. "This situation goes far beyond politics," Rigelhaupt said. "If the levying of a tax (to pay for the wage increase) will result in the defeat of the mayor and City Council in the next election, so be it."

City Is Offered More Park Land

Acceptance of additional property along Red Deer Creek for park purposes will be considered by the Pampa City Commission at its Tuesday meeting in City Hall. The park property has been offered by the Gray Pampa Foundation, Inc. Another major item on the Tuesday agenda will be the appointment of five members to the Pampa Traffic Commission to fill vacancies created by expiring terms. The council also will consider acceptance of Lot 5, Block 2 in the Caldwell Addition for public park purposes. Consideration will be given to a request of Dr. J. H. Bailey for the purchase of irrigation water. Several miscellaneous items of business also are on the Tuesday morning council agenda.

Miss Kansas Named Miss America '68

ATLANTIC CITY, N.J. (UPI)—Miss Kansas, Dene Barnes, was announced here Saturday night as the 1968 Miss America titleholder. Top four runner-ups were Miss Mississippi, Joan Myers, first; Miss Wisconsin, Barbara Burk Baugh, second; Miss Rhode Island, Marilyn Coozeza, third; and Miss Florida, Dawn Cashwell, fourth. Others named in the top 10 are: Miss Indiana, Mary Haglund; Miss Iowa, Lynda Formanek; Miss Louisiana, Genevieve Del Gallo; Miss Maryland, Ingrid Larson; and Miss Minnesota, Charlotte Sims. Miss Rosemary Brown, 20, niece of J. D. Redmond, 1137 Juniper, a contestant in the Miss America contest was awarded a \$1,000 scholarship for winning one of five places in the talent contest. She entered in the popular music division. She is the daughter of Mr. and Mrs. Reginald E. Brown of Carlsbad, N.M., she entered the contest as Miss New Mexico, and has formerly visited in Pampa.

FIRST WINNERS in the Miss America Pageant at Atlantic City, N.J. were Sharon Evans of Arkansas, left, in the bathing suit competition and Mary Haglund of Indiana in the preliminary talent judging.

Many Officials Predict Passage City Sales Tax

AUSTIN (UPI)—Officials of the 13 Texas municipalities to serve as the proving ground for the local option city sales tax predicted victory Saturday after a closed door idea-swapping session. A group of about 75 officials from scattered Texas cities gathered in the Commodore Perry Hotel for the Texas Municipal League sponsored meeting, but attention focused on the 13 cities with Sept. 27-30 elections. The 1 per cent local tax passed by the 60th legislature to give local areas an extra kitty to finance needed improvements, went into effect Aug. 28. The first elections can not be called until Sept. 27. After the meeting, a group of city officials met with news men, predicting victory in all instances. Rep. John Traeger of Seguin, (See SALES TAX, Page 3)

Injunction Upheld By Michigan Panel

By United Press International A Michigan Court of Appeals panel Saturday upheld an injunction ordering school teachers in one community back to work, opening the way for similar action in 27 other Michigan school districts. A spokesman for the teachers said the court's decision may be appealed to the Michigan Supreme Court. The three-judge panel met in Grand Rapids, and upheld an injunction issued last Wednesday by the Ottawa County Circuit Court ordering 230 Holland teachers back to the classrooms. The injunction had been temporarily stayed pending Saturday's decision. Other school boards in 28 districts were prepared to take similar court action to open classrooms for almost half a million Michigan school children. In New York, officials of the Board of Education and the United Federation of Teachers were meeting in secret session late Saturday in a move to avert a mass resignation of teachers before the nation's largest school system opens on Monday. New York Schools Supt. Bernard E. Donovan and UFT President Albert Shanker met as the Board distributed copies of its proposed \$125 million budget. The board's decision gave every indication they would reject it at a membership

INSIDE DMZ

U. S. Forces Hammer North Viet Offense

SAIGON (UPI)—U.S. warplanes, 7th Fleet ships and American artillery hammered North Vietnamese troops and Communist fortifications inside the demilitarized zone (DMZ) Saturday with one of the most massive bombardments in months. The round-the-clock strikes were stepped up to head off what appeared to be a new Communist offensive designed to seize South Vietnam's northern provinces, where U.S. Marines and South Vietnamese have killed between 800-900 Communists in the past week. Giant B52 bombers flew four raids, three in the DMZ and the fourth north of the buffer zone inside North Vietnam. The huge rarely hit North Vietnam because of the danger from Soviet-built surface to air (SAM) missiles. The heavy cruiser USS St. Paul and the destroyer Du Pont

Dentists Will Convene Today

Registration will continue through 5 o'clock, and a buffet dinner is scheduled for 7 o'clock at the Inn. Business activities will get underway Monday. Featured lecturer will be Dr. Stewart Wallace of Dallas, who will speak on "practice management." The Panhandle District of the Dental Society encompasses the 18th Congressional District, but invitations are customarily sent to dentists in nearby states, according to Dr. Charles A. Brautehle, president of the district.

Bravo Smokes Are Bankrupt

HEREFORD, Tex. (UPI)—An executive officer of Bravo Smokes, Inc., a company that filed a petition for bankruptcy Friday in Amarillo, said Saturday the firm is not quitting business. William S. Wells of Dallas, director of manufacturing, explained that the bankruptcy petition was one of receivership that would allow the company to refinance. The company, which makes non-nicotine cigarettes from lettuce fiber, listed assets of \$843,000 and debts of \$705,546 for its Hereford plant and \$89,796 assets and \$221,546 debts for its Uvalde, Tex., plant. Federal bank referee Frank Murray said Bravo Smokes, Inc., will continue in operation until Sept. 27, the date set for creditors to file any objections or other reaction to the petition. Murray ordered plans for paying creditors to be filed by Dec. 4. He set a Dec. 20 hearing on the petition.

WEATHER

Clear to partly cloudy and mid today through Monday. The high today will be in the mid-80s, the low tonight near 60. Winds will be southerly at 12-18 mph during the day. YESTERDAY'S HIGH 80 YESTERDAY'S LOW 68

Kiwanians Hear Speaker Explain Longevity Span

Continued progress in drug industry research may in the not too distant future extend man's life-span to 100 years, according to Dr. Dora Denson of Amarillo, pharmaceutical company representative, who addressed the Pampa Kiwanis Club at its Friday luncheon.

"Research has reached the point," Denson said, "where we can look forward to an increase in our life-span from the traditional three score and ten to one hundred years."

Denson, who spoke on the rapid strides being made in drug research, also stated a major hunt is under way in virus research for a cancer vaccine.

The speaker said three out of four drugs used today in the fight against disease were not even known 15 years ago. As a result of this more and more lives are being saved.

Denson was introduced by Tom Beard who was in charge of the weekly program. The club's board of directors will hold a meeting at 6:30 p.m. Thursday in Lovett Memorial Library and the annual election of officers was set for next Friday.

'Texas' Will Go Into Third Year

The Labor Day performance completed the second season of 59 scheduled performances of the production, "Texas" in the Pioneer Amphitheatre at Palo Duro Canyon State Park. It also completed the season without cancellation of a single show because of rain.

The executive board of the Texas Panhandle Heritage Foundation Inc., the organization which produces "Texas," has voted to present the production again in the summer of 1968. They have already arranged conferences between the directors, William and Margaret Moore, and Paul Green, concerning next season. Administrative responsibility will continue under executive vice-president Raymond Raillard.

Attendance during the 1966 season totaled 61,338 people. Attendance for the second season of "Texas" was 64,733, including the final performance on Labor Day. This was 3,395 more than the attendance during the first season.

In 1286, the first major earthquake recorded in the United States killed 41 persons at Charleston, S.C.

TOO SHORT for the infantry, complained Robert Daly (right), who stands less than five feet tall. So the officials at Fort Ord, Calif., decided he'll be reassigned to an airborne unit after boot camp. Staff Sgt. Lawrence Reeves, (left), is 6-6.

Middle Class Paying Twice 1959 Tax Load

WASHINGTON (UPI)—Middle class wage earners are having more than twice as much taken out of their paychecks for Social Security this year as in 1959.

For Americans making \$6,600 or more in 1967, \$290.40 will be withheld and placed, along with an equal amount paid by employers, in Social Security trust funds for present and future benefit payments.

Compare that with the maximum \$120 paid in 1959, or even to the maximum \$174 withheld in 1965.

If the Senate passes the House-approved version of the administration's Social Security package, the amount withheld will take another sharp jump for persons earning \$7,600 or more.

In 1968, \$334 would be withheld. The amount would jump to \$364 in 1969; \$395 in 1970; \$429 in 1973; and \$448 in 1987.

President Johnson wants even larger increases in the amount withheld.

While Johnson has varied the practice slightly, presidents and Congress like to increase benefits with an election approaching. Elderly Americans have responded by becoming more active as a voting bloc.

Past increases have had relatively little impact on paychecks. But providing hospital and medical care for 19 million older Americans has increased the bites.

The other aspect is what the administration calls inadequate benefits for the elderly. It would appear impossible for a person to survive on the \$50-a-month minimum provided by the House bill or to make ends meet in a big city on the \$212 maximum. (Currently, the average monthly benefit to the retired worker is \$84.)

So the Johnson administration is becoming torn between

Income Tax Questions, Answers

EDITOR'S NOTE — This column of questions and answers on federal tax matters is provided by the Pampa office of the U. S. Internal Revenue Service and is published by the Pampa News as a public service to taxpayers. The column answers questions most frequently asked.

Q — My mother receives Medicare benefits. Will I have to count them to determine whether I provide more than half her support for dependency purposes?

A — No. Benefits under Medicare should not be included for support purposes.

Q — Does a return have to be filed for the year a taxpayer dies? If so, who has to file it?

A — A return must be filed for the year of the taxpayer's death. It is due on the same date it would have been due

providing adequate benefits and taking more and more from the voters' weekly paychecks.

had he lived. The executor or administrator of the taxpayer's estate, or his legal representative, should file the return.

Q — I have moved. Will the refund I'm expecting be forwarded to me?

A — Mail should be forwarded to you if a change of address card has been filed with your post office.

Q — I just divorced my wife. Will I have to make any change in my tax withholding?

A — If you have been claiming a withholding exemption for your wife, file a new W-4 withholding certificate with your employer dropping that exemption. You are no longer entitled to claim her exemption since you are divorced.

Q — Are fees paid to a licensed veterinarian for the care of a pet considered a medical expense?

A — Veterinarian fees are not a medical expense for tax purposes.

PRESCRIPTION PROFITS ARE NOT A SECRET

In 1966 their average selling price was \$3.48. The average cost to the pharmacy for ingredients and container was \$1.68 each. The pharmacy's fee for filling all prescriptions averaged \$1.80 and from this it pays ALL expenses such as rent, salaries, deliveries, etc. Only what is left over is the profit.

Reliable statistics also show the average profit per pharmacy before taxes is under 6%. A haircut, which has no deliveries, ingredients, or inventory, costs about \$2.00. Can someone explain to pharmacists why some people are criticizing their prescription pricing?

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound and dispense yours?

It's like a breath of English country air!
Wayside Inn by Thomasville

Such spirited designs and rugged good looks are reminiscent of rural inns and manor houses in 17th Century England. Thomasville recaptures the true English character of that era—in imposing door panels, bold moldings, beautifully turned spindles, and hardware in the muted silvery tone of pewter. And in impressive proportions that give a look of grandeur to your room.

The veneers and solids are pecan, and the finishes you simply must see! Tawny Heather, a mellow greyed-brown, and dark, rich Briar. If you've been longing for a dramatic change of scene, we have it for you here—in Wayside Inn!

Obituaries

MRS. C. C. DODD

Mrs. C. C. Dodd, 75, died at 11:50 a.m. Friday at Highland General Hospital. She was born Dec. 30, 1891, at Grafton, Ohio, and came to Pampa in 1910. She was the daughter of Rev. and Mrs. David D. McSkimming, early pioneers of this area. She was married to C. C. Dodd April 8, 1913, in Wichita, Kans.

Mrs. Dodd was a member of First Methodist Church and for several years had been active in Women's Society of Christian Service and the Friendship Class.

She was a charter member of Treble Clef Club and of the Messiah Singers of Pampa. She retired 10 years ago after working at three Pampa department stores.

Survivors include her husband of the home, 1418 N. Russell; one daughter, Mrs. Dorothy Peacock, Burbank, Calif.; three grandsons; seven great-grandchildren; one sister, Mrs. Warren Knoelton, Englewood, Calif.; two brothers, Rollin McSkimming, Los Angeles, Calif., Houston.

Funeral services will be held at 10:30 a.m. Monday at the First Methodist Church with Dr. H. DeWitt Seago, pastor, officiating. Burial will be in Fairview Cemetery directed by Carmichael-Whately Funeral Home.

Pallbearers are R. E. Cooke, Bob Bonsal, Allen Vickery, Raymond Harrah, Carl Wright, Frank Culbertson, Rayburn Thompson Sr. and Joe Shelton. Honorary pallbearers are A. M. Thorne, Jack Skelly, Harold Wright, R. D. Morris, Wyndell Cox, Russell McConnell, Ralph Sloan, L.L. Stone and T.C. Livey Sr.

Mr. Jay Wiggins Sr.
Mr. Jay Wiggins Sr., born Oct. 5, 1899, in Wise County, Tex., died at 12:10 p.m. Saturday in Worley Hospital. A retired engineer from the Coltex Gasoline Plant in Lefors, he moved to Lefors in 1945 from Vernon. Mr. Wiggins worked with Coltex for 20 years and retired in 1964. He was a member of the Lefors Baptist Church. He had been hospitalized since Aug. 21. Survivors include his wife, Mrs. Ellen Wiggins of the home, one daughter, Mrs. Irene Mickle, Cement, Okla.; one son, Jay Wiggins Jr., Vernal Utah; two grandchildren; two sisters and four brothers.

Funeral services are pending with Carmichael-Whately Funeral Directors here.

Funeral services will be held at 2:30 p.m. Monday in Carmichael-Whately Colonial Chapel with Rev. Ed Spivey, First Baptist Church, Lefors officiating. Burial will be in Lefors Cemetery.

Pallbearers will be Walter Hughes, L. N. Eowell, W. B. Minter, Bill Wall, B. T. Smith, Carl Wall, Horace Means and Joe Cochran.

Baby Lawson
Infant son of Mr. and Mrs. Charles Lawson of Skellytown died at birth at 11:40 a.m. Saturday in Groom Memorial Hospital in Groom.

He is survived by his parents; grandparents, Mr. and Mrs. J. E. Meeks, Skellytown and Mr. and Mrs. Henry Lawson, Pampa.

Funeral arrangements are pending with Carmichael-Whately Funeral Directors of Pampa.

Smith

(Continued From Page 1)

wanted to "talk to a lot of people in various walks of life in various meetings" to get their feelings on whether he should seek the office for a fourth consecutive term.

Meanwhile Speaker Ben Barnes was telling his friends that he will be running for a statewide office in 1966 and it likely would be for lieutenant governor.

One published report said U.S. Sen. Ralph Yarborough would run for governor if Connally bows out, but Yarborough denied this. It appeared likely that he will stay in his present position since he still has four years to go without having to run again.

R. E. (ART) DOBBIN

Cabot Promotion Sends Art Dobbin To Canadian Post

Effective Oct. 1, R. E. (Art) Dobbin will be promoted from his present position of Manager of U.S. Plants, Carbon Black Division, to vice-president and general manager of Cabot Carbon of Canada, Ltd., which is headquartered in Sarnia, Ontario, Canada, it was announced today by John Andrews vice-president of Carbon Black Division, Cabot Corp., Pampa.

Dobbin joined Cabot in 1940 and worked in the Boston, Massachusetts area until he and his wife, Barbara, moved to Pampa in 1951 where he joined Cabot's Western Region Division as assistant director of its Pampa research and development facilities. In 1954 he was made director of the Pampa research and development facilities. He has held his present position since 1961.

The Dobbins, who currently reside at 1909 Mary Ellen will be moving to Sarnia, Ontario, Canada, within the near future when he assumes his new responsibilities.

The Dobbins have one daughter, Mrs. James (Priscilla) Simpson and two granddaughters, Stephanie, age three years, and Debra, age one year, who reside in Pampa.

O. M. (MICK) PRIGMORE

Prigmore Gets Promotion As Cabot Manager

John Andrews, vice president, Cabot Corp., Carbon Black Division, announced that effective Oct. 1, O. M. (Mick) Prigmore will be promoted from his present position of Director of Purchases and Data Processing to the position of Manager of U.S. Plants, Carbon Black Division, which will maintain its headquarters at the current location in Pampa.

In his new capacity, Prigmore will report to John Andrews. Prigmore has been with the Company since 1932 and in the course of his career, he has been responsible for purchasing, office management, data processing and accounting.

Prigmore and his wife, Myrtle, reside at 1308 Charles with son Michael who is a junior high student. They have four other sons who are all married, and they proudly boast of seven grandchildren. Richard is currently living in Brownfield, Robert in Reno, Nevada, Don in Lubbock, and Brian is serving with the U. S. Air Force at Clovis, N. M.

Prigmore is currently president of the Pampa Country Club, a past director of the Pampa Club and an avid golfer.

Lefors Pep Squad Names Committees

LEFORS — The Lefors high school pep squad held its first meeting Sept. 5 under the direction of Kay Hollenshead head cheerleader. Plans were reviewed for the year and committee assignments were made for the hanging of signs and goal post decorations for the first game, when the Lefors Pirates meet the Wheeler Mustangs Sept. 8.

Cheerleaders assisting Miss Hollenshead were Rhonda Shipman, Lea Ann Timmons, Linda Taylor and Peggy Cox freshman.

MD Fund Drive Is Extended to Help Kit Solicitors

More than \$900 has been collected by the Greater Plains Chapter for Muscular Dystrophy in their drive. More funds are expected in the next few days from donation kits not yet collected.

A local spokesman, Mrs. Leonard Cannon, said the drive had been extended until Sept. 12 to give time for all kits to come in.

Greatest part of the funds were collected in the door-to-door drive Thursday, according to Mrs. Cannon.

Three-fourths of funds collected locally will go to the National Research Foundation for Muscular Dystrophy. The other money will be used locally to help victims buy lifts and other needed equipment.

Assisting in the drive were the Jayceettes, the Key Club, True Teens, and Future Nurses Club of Pampa High School, the Junior Knights of Pythias, the Demolay Club, and the fire department.

Coach Ramsey Guest of Optimists Monday

Pampa football coach Eural Ramsey will meet with members of the Pampa Optimist Club Monday at their regular meeting.

The club meets each Monday at 6:30 p.m. at Harvester Barbeque.

Ramsey will show a film of the Pampa-Perryton game played Friday.

Water Main Break Floods Streets

A six-inch water main broke about 4:45 p.m. Friday in the 200 block alley between north Gray and West streets, causing water to flood the streets, according to R. B. Cooke, public works director.

Workmen had the break under control by 6:45 p.m. They had to dig down to the pipe and place a band around it to repair the break, Cooke said.

Several fire hydrants in the area were opened to relieve pressure on the line, adding to the water in the streets.

Another small break in a water line occurred yesterday morning in the 900 block of east Francis. Very little damage resulted.

"This time of the year," Cooke said, "breaks often occur."

He explained that the shifting earth, which happens between the wet and dry seasons, causes pipes to slip out of line, sometimes enough to cause breakage.

Teachers

(Continued From Page 1)

court's injunction, thus permitting the teachers to continue their walkout, until it considered final arguments Saturday.

Teachers in the Oak Park and Taylor township districts were sleeping in during the weekend to force the school boards to resume bargaining.

In Detroit, a panel of 11 prominent citizens headed by Rep. John Conyers, D-Mich., offered to mediate negotiations. The strike has delayed the opening of schools.

Sales Tax

(Continued From Page 1)

who carried the bill through the legislature, predicted that by April 1—the next quarter the tax could be made effective for any city not voting in September—"many times the 13 cities will hold elections."

He said he felt 50 per cent of the state will have a city sales tax by next year.

The first elections will be held in El Paso and Elgin on Sept. 27. Wichita Falls, Electra, Henrietta, Texarkana, Nacogdoches, Corpus Christi, Aransas Pass, Orange Grove, Ingleside and Taylor plan Sept. 28 votes and Austin Sept. 30.

The law requires certification of the election a quarter in advance by the comptroller, and any city holding votes after Oct. 1 would have to wait until April 1 to carry out the tax.

The 13 cities will be able to start levying the 1 per cent on approved.

Telephone Pioneers Host Lubbock Group

Top O' Texas Telephone Pioneers will host the Lubbock Council of Telephone Pioneers at a dinner in the Coronado Inn Friday night at 7:30.

Telephone Pioneers from Midland, Odessa, and Amarillo will attend the banquet and a business meeting to follow Saturday.

Southwestern Bell sponsors the Pioneer organization for persons with over 21 years in the company.

Top O' Texas is the local chapter of the Lubbock district and includes Berger, Shamrock, Canadian, and McLean.

Pins and certificates will be awarded to persons who will be joining the over-21-years service organization, according to Mrs. Mabel Cross, Top O' Texas chapter president.

Are You Concerned About Retirement Living?

Or Have You a Friend Who Is Concerned?

Would you like to avoid life in a nursing home?
Would you like to know how to be active 5 years longer in life than the average citizen?

On Wednesday, September 13th, at 10 a.m. in the Fellowship Hall of the Methodist Church, an informal coffee will be held. Dr. Don R. Davidson, a member of the Governor's Advisory Council on Aging, will lead a Forum on Retirement Living.

Dr. Don R. Davidson

Dr. Davidson has years of experience with the problems involved in retirement. He is presently Executive Director of King's Manor, a Methodist home for retirement, in Hereford, Texas.

You are invited to attend the coffee whether or not you are a Methodist. Bring your questions along. The meeting will begin on time and will close by 11 o'clock.

BWIM RECORD
MOSCOW (UPI)—Alexander Gordeyev of the Soviet Union set a European record for the 100-meter butterfly Friday with a time of 58.4 seconds. Gordeyev, 19, broke the listed record of 58.5 seconds, set by Andre DePolo of Yugoslavia in 1965.

Local Option City Sales Tax Will Be Voted On By 4 Towns

AUSTIN (UPI)—Voters in four scattered areas of Texas may decide the future of the local option city sales tax which has become law.

Wichita Falls, El Paso, Corpus Christi and Austin all plan to let voters decide on the

new tax source for local government—Sept. 27 - 30, the first week it can be brought before the public.

Numerous other cities have been talking about it, but the outcome of the initial balloting under the new law could help many city fathers decide if they should take a chance on their political futures by submitting it to their citizens.

Although the law went on the books for the first time today, the groundwork for implementing the tax started soon after the legislature approved it last spring.

Information Given
 The Texas Municipal League, which the law has provided city officials with a "municipal sales tax information packet," which gives in-depth information on how to sell it to local voters.

Although the league says in the report that the packet is not designed to encourage or discourage enactment of the law, it includes every possible question that could be asked about the merits of such a tax, and gives a detailed rundown on how to handle a campaign to bring the sales tax about.

The timetable calls for "maximum publicity to stir interest," followed by mass meetings in which "the sales tax is advocated from the floor as the answer to the problem, and resolutions are passed calling for a city sales tax election."

Texas cities have had this handy guidebook at their disposal, and El Paso, Wichita Falls, Corpus Christi and Austin apparently made use of it well.

El Paso Vote Sept. 27
 El Paso already has announced it will be put to a vote Sept. 27, and Corpus Christi officials plan to announce their official plans for the same date — at an afternoon meeting today.

Wichita Falls plans a Sept. 28 vote, combining it with balloting on a \$15.4 million bond issue for streets, drainage, health facilities and a civic center. Austin has said it will hold the vote on Sept. 30.

All four cities would have to move quickly to get the tax authorized for Jan. 1, 1968. The state comptroller must wait a quarter-year after the election to certify the tax and the quar-

BIRD BRAINS know where to go for a handout at the Senior Citizen's Center in St. Petersburg, Fla. Al Burcklee—shows up every morning with goodies for the gulls, who have become very accustomed to his face, or at least his hat.

County Red Cross News

By **LIBBY SHOTWELL**
Executive Secretary
 The Red Cross Board will meet Tuesday at 7 a.m. at the Coronado Inn with Ted Gikas, chairman of First Aid, in charge of the program. All chairman and directors are urged to be present for this important meeting.

This week we were surprised by a nice letter from one of the parents of a serviceman thanking the Red Cross for assisting in finding their son when an emergency in the home made it necessary for him to come home. This is the work of the Red Cross and we do it gladly but how nice it is to be thanked by persons who have been helped by our organization!

Again we want to remind parents, wives and relatives who request assistance from the Red Cross, you should know the serviceman's name, serial number and military address. This makes it so much easier for us to help you. Write today and ask your loved one for his serial number if you do not have it, then when an emergency hap-

pens in the family, it will not be so hard to get in touch with the serviceman.

Miss Romona Boggs, 317 Henry has been authorized as a new Red Cross Youth Hospital Volunteer. Romona came to us last year and wanted to become a hospital worker, but she was not 14 years old and we asked her to wait another year. This year, Romona came to us again and took the orientation for hospital work. She will work with Brenda Herring on the 1, 3rd, and 5th Saturday mornings. We enjoy our young people who volunteer their work for others.

Mrs. Gerald Marlair, (Jackie to her friends) is teaching swimming lessons to members of the Pampa Youth Center during the fall and winter months. If you are interested in continuing your swim lessons, call Jackie at the Youth Center and get into one of her classes—Jackie is a Red Cross Water Safety Instructor and has taught

Baptist Schools Get 38 Library Grants

WASHINGTON (UPI)—The libraries of 38 Baptist schools are being strengthened through the purchase of books and other educational materials made possible by federal grants, the U.S. Office of Education reports.

Sixteen of the 38 Baptist schools are American Baptist, 15 are Southern Baptist and one school is related to both the southern and American Baptist conventions. In addition, there is one each General Baptist, Baptist General Conference, Free Will and Seventh Day Baptist institutions. The remaining two are independent Baptist schools affiliated with groups of local churches.

All but one of the Baptist colleges received the basic grant of \$5,000 awarded on a dollar-for-dollar matching fund basis. In addition, most of the schools received supplemental funds for \$10 for each full-time student.

Reject Name Change

NEW YORK (UPI)—A suggestion to change the name of the Lutheran Church—Missouri Synod to "Lutheran Church International" was rejected by delegates to the Synod's 47th general convention.

The 2.8 million member denomination was organized in Chicago in 1847 as the Evangelical Lutheran Synod of Missouri, Ohio, and Other States. Its present designation was adopted at its centennial convention 20 years ago.

SIGN SHORTSTOP

CINCINNATI (UPI)—The Cincinnati Reds Friday signed shortstop Frank Duffy of Stanford University.

Duffy was the Reds' first choice in the special June baseball draft.

Pilgrims Spurred King James Bible

NEW YORK (UPI)—The Pilgrims refused to bring a copy of the King James Version of the Bible on board the Mayflower because they considered it a newfangled translation, according to the American Bible Society.

However, by 1770, Benjamin Franklin reported that the Bible was not being read in the colonies because the King James version was out of date.

Cornerstone from Holy Souls Church Removed

By LARRY HOLLIS News Staff Writer

Nearly 40 years ago, on April 17, 1928, members of the Pampa Catholic community prepared to move into their new church building, the former Holy Souls Catholic Church, to hold their first mass in the church.

Although the building was nearly completed, it was not until shortly before services were to be held in the church that the members remembered that they should provide a cornerstone.

Thus, on the same day that the first service was held in the church, the cornerstone, containing a small metal box, was blessed.

This box was recently removed on Aug. 25 by Father William Brennan and Dick Sullins, and will soon be placed in the cornerstone of the new church building being constructed.

"There were really none of us who knew what to put in a cornerstone," said Mrs. Lynn Boyd, who was present at the original cornerstone blessing.

In the small gray metal box, measuring six inches by eight inches by four inches, were placed four newspapers; a 1928 edition of the Amarillo Pilot, published by Knights of Columbus; a copy of the cornerstone blessing; a small crucifix and several coins, plus various scraps of paper with signatures.

The cornerstone was blessed by the Right Rev. R. A. Gerken, Bishop of Amarillo. The blessing document reads, in part:

"This cornerstone is being laid with the ritual ceremonies of the Catholic Church on this 17th day of April in the year of the Lord 1928. Pius the 11th gloriously reigning Supreme Pontiff, Honorable Calvin Coolidge, President of the United States, Honorable Dan Moody, Governor of the State of Texas, Honorable Dave Osborne, Mayor of the City of Pampa, and the Right Reverend R. A. Gerken, D. D., first Bishop of the Diocese of Amarillo, and the Rev. Michael G. French, Pastor of Holy Souls Parish."

The papers placed in the box included two issues of the Pampa Daily News, and one each of the Amarillo News and the Southern Messenger of San Antonio.

Headlined story on the front page of the Pampa News, April 15 issue, was "Dance Hall Blast Kills Thirty-Eight," which dealt with an explosion at a dance hall at West Plains, Mo.

Other stories included a picketing of the White House, in which a group of demonstrators protested the administration's policies in Nicaragua; the marooning of trans-atlantic monoplane Bremen on Greenly Island; preparations for "Pampa's first Pure Food Show and Merchant's Carnival;" and the appearance of Jack Hoxie, "moving picture idol," in Pampa to get material for a picture.

Four coins were placed in the box. They are a 1919 penny, now worth 20 cents; a 1920 nickel, now valued at \$2.25; a 1917 dime, worth 35 cents; and a 1920 dime, worth 35 cents, according to Father Brennan.

Persons present at the blessing who signed their names to bits of paper were Mr. and Mrs. Ed Carrigan, Thomas J. McGarrity, A. (G.) Clark, P. B. Mooney, Martin J. McGarrity, J. J. Conroy, M. L. Hatfield, E. W. Anglin and William Flaherty.

The history of the Catholic Church in Pampa first becomes important during the oil boom days of the city during the mid-1920s.

"People appeared in town overnight," Mrs. Boyd said. "We knew there were a lot of Catholics, but we just didn't know who they were. There was no advertising; people just met on the streets."

After a time, though, Mrs. Boyd explained, a small number decided to start holding services. These first services were conducted by Father John H. Krukkert of St. Francis.

Before Holy Souls Church was constructed, services were held in a number of places. During September and October of 1926, members met in the residence of Dr. and Mrs. A. R. Sawyer. From November to January, 1927, they met in the American Legion Hall. Then, in February and March, they met at the Grand Theater, in the 300 block of South Cuyler, until the building burned down. Then, until the church building was constructed, members held services in the Chamber of Commerce offices in the White Deer Land Co. Building.

"There were 17 persons at the first service at the Sawyers," Mrs. Boyd said. "This grew to 22 persons in October, and then it grew more, until there was need for a church building."

At the time of the dedication (See CORNERSTONE Page 2)

LOOKING OVER the contents of a box removed from the cornerstone of the old Holy Souls Catholic Church are Mrs. A. D. McNamara, 1012 N. Somerville, left, and Mrs. Lynn Boyd, 1010 Christine. Both were present at the blessing of the cornerstone on April 17, 1928. The box contained several newspapers, old coins, a small crucifix and other material.

In 1966, a Britania plane Of the universal languages, crashed in Yugoslavia, killing 95. Esperanto has had the greatest success of the 117 aboard.

if Your Child Is In The Fifth or Sixth Grade, He Can —

JOIN THE BAND

Love those youngsters of yours? Want to give them every advantage that strengthens their character? Ten by all means encourage them to play a musical instrument. Authentic, amazing case records prove beyond a doubt that:

- ✓ Music stimulates alertness and concentration—makes a child brighter in all school subjects.
- ✓ Playing in groups promotes teamwork, discipline, tolerance, poise and self-confidence.
- ✓ Children who make music are happy, wholesome, popular youngsters, so busy having fun they have no time or inclination for mischief.

Musical training is a break your child deserves!

Every child has an "ear" for music. Your band director can give you more information. Just be sure you give your son or daughter the instrument that will give him more fun out of music.

Beef Cattle Production To Stay Same

COLLEGE STATION (Sp1) — The nation's capacity to produce beef for the remainder of 1967 and in 1968 is expected to show little change from 1965 and 1966 levels. The current year's total production is expected to continue around 1966's high level, says John G. McHaney, Extension economist at Texas A&M University.

He said the revised data on beef cow numbers shows a steady climb since 1958, a 43 percent increase over the nine-year period. Beef cows two years and older on Jan. 1, 1967 totaled 34.6 million head, up from the 24.2 million head on Jan. 1, 1958. The increase from Jan. 1, 1966 to Jan. 1, 1967 was very slight, he noted.

Larger cattle slaughter during the past two years, he said, more than offset inventory additions from calf crops and live cattle imports. The economist expects some further decline in the total cattle inventory due to a further decline in dairy cattle numbers. Beef calf numbers in 1967 are expected to increase at about the same rate posted for the past two years, moderately. Weather and range conditions will be factors to watch.

Fed cattle marketings in 1967 could equal or exceed those for 1966 without reducing the inventory of calves and yearlings carried in 1968. This, he said, results from the increase in the supply of young cattle at the beginning of the year. There were either in feedlots, available for feedlot placement or as additions to breeding herds.

Panhandle Water Conservation News

By FELIX W. KYALS
Melvin Semrad, one of the directors of WATER, Inc., has been interested for several years in sub-surface irrigation. He has been able to persuade Peoples Natural Gas, for whom he works, to sponsor such a project. It is located on Snell Farm near Booker, in the Panhandle. The installation project has cost more than \$300 per acre. When you look at the cost, you must also remember this is an experimental project, and will eventually cost much less for those who are interested in carrying on sub-surface irrigation as a more efficient way of irrigation and conservation.

Set Underground
The 10-acre sub-surface irrigation project is serviced by a four-inch well. The sub-surface system moves water over the project at the rate of 76 gallons per minute. All water is filtered before entering four underground main feeder lines. The

two-inch mains are made of polyethylene plastic. Mains feed water into one and one-half inch headers and into half-inch laterals. The laterals are buried 16 inches deep and 80 inches apart. All laterals are perforated every 40 inches. As information is gained, it is possible spacing of perforations will be changed to a more ideal distance.

Dr. James Zetsche, project director, warns sub-surface irrigation systems must be designed specifically for each farming situation, taking into consideration soil type, slope, and crops to be grown.

The Texas A&M Research Farm at Lubbock has also been carrying on a research project in sub-surface irrigation over a larger acreage. They have run into several problems, but have made great strides in getting "bugs" out of the system.

Root Penetration Problem
Experimenters have found root penetration from plants into the laterals was one of the perplexing problems that had to be solved. Some researchers are trying out a chemical inhibitor which shocks plant roots and thus prevents them from entering openings into the laterals. But researchers also discovered chemical inhibitors prevent surface growth of grasses. They hope to eventually come up with the proper inhibitor that will stop the root penetration and yet leave the surface portion alone.

Carson and Gray counties have a few irrigation wells that produce water that is on the border-line in salt content. Researchers have recommended excessive watering for these to carry the salt content beyond the root zone. In areas troubled by salt accumulation, sub-surface irrigation is also recommended as a trouble resolver. Just how effective this will be, the researchers do not yet know. With elimination of surface flooding and cutting down of surface evaporation, the amount of salt left behind should be greatly reduced. The natural leaching action, assisted by root zone watering only, carries salt into solution to the plant, and a large number of plants are able to assimilate amounts that usually build up.

Regulation, Need Modifying
Everyone connected with Water, Inc., the organization set up to push the import of water

into West Texas, realizes we are going to have to rely heavily on assistance of the Bureau of Reclamation and the Corps of Engineers to do the job that needs to be done. Although we need their assistance, we are keenly aware the Bureau of Reclamation has some restrictive regulations that unless changed, will not fit West Texas. Those who know anything at all about wheat and sorghum grain production know we are in an area of big-acreage farming. One hundred and sixty-acre farming is alien to our way of farming, yet the bureau has this restrictive regulation concerning projects it backs.

McHaney expects fed cattle prices to hold around current levels until late spring when a modest strengthening of prices is expected. This strength is expected to hold for the remainder of the year. Consumer demand for beef looks good, he said.

Due to the large supply of feeder cattle and the lower level of fed cattle prices, McHaney says it's unlikely that much further seasonal strength can be expected in feeder prices this spring. But he adds, expanded feedlot capacity will likely maintain sufficient demand to keep feeder cattle prices above fed cattle prices for the next several months.

McHaney concluded that annual prices for all cattle during 1967 will not differ greatly from the 1966 average.

Agriculturally Speaking

By FOSTER WHALEY

Recently we completed weighing 13 bull calves for Raymond Darsey, registered Hereford breeder, Pampa, Darsey ranches in the Lefors-Alanreed area and is presently on a world tour. Because the Suez Canal is closed, he was delayed in returning to the states and is due to be back in the states in early October.

One of the bull calves we weighed in the performance test had an adjusted weaning weight of 600 pounds and was based on 205 days of age. To qualify for Production Registry Certificate, a bull calf without the benefit of creep feed nursing must have a dam weighing 475 pounds. This bull calf, RD Colorado Domino 17, exceeded the minimum requirements by 125 pounds. The calf actually weighed 470 pounds but was only 160 days old when weighed.

For each day of RD Colorado Domino 17's age, he weighed over two and three-quarter pounds. We wouldn't say this is a record but there were other calves in this test that weighed only 478 pounds.

Think for a moment what the results would be if we could produce an additional 125 pounds of beef from the 15,000 head of basic cows in Gray County. Even 100 pounds would mean an added production of 1,500,000 pounds of beef. At 26 cents per pound, this would mean an additional income of \$390,000 to Gray County ranchers.

Darsey is taking all these bull calves to Pan Tech and Goodwell Testing Stations. A registered or commercial cattleman should keep his eye on how this bull performed in the feeding test. If he excels again, he will

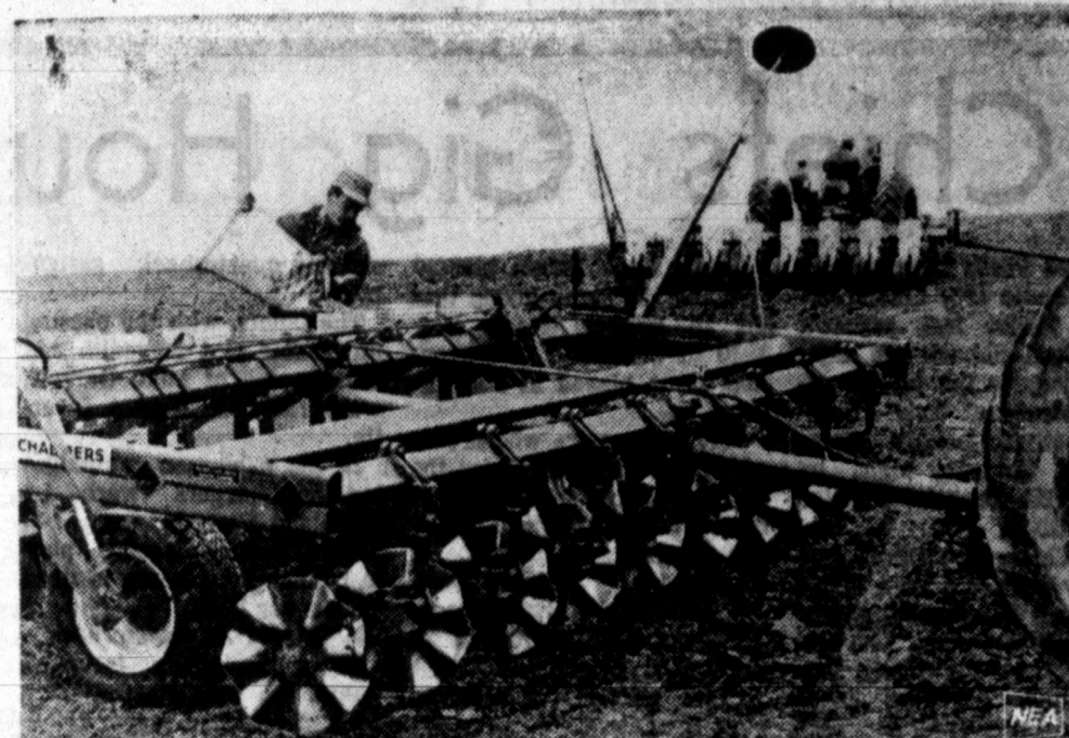

into West Texas, realizes we are going to have to rely heavily on assistance of the Bureau of Reclamation and the Corps of Engineers to do the job that needs to be done. Although we need their assistance, we are keenly aware the Bureau of Reclamation has some restrictive regulations that unless changed, will not fit West Texas. Those who know anything at all about wheat and sorghum grain production know we are in an area of big-acreage farming. One hundred and sixty-acre farming is alien to our way of farming, yet the bureau has this restrictive regulation concerning projects it backs.

command a nice premium. The moisture was fine but many farmers and ranchers would like to see more of the same. There will be thousands of wheat drills that will go into action in the Panhandle as soon as fields dry up enough to be planted. Many wheat farmers are planting much earlier than usual because they plan to grow wheat for both pasture and grain.

The market for both wheat and milo has gone to the dogs. Wheat prices are being quoted at \$1.34 per bushel and milo \$1.60 per CWT. Some observers think milo prices will go much lower.

The effective parity price of wheat today is \$2.61. This means wheat prices are a little more than 50 per cent of parity. This wouldn't be so bad if we could buy a new pickup for \$1,000 instead of \$2,500, or a new combine for \$2,500 instead of \$8,000, or a new tractor for \$2,000 instead of \$7,500.

PLANTING WITHOUT TILLING speeded the operation for Larry Hight, 26, and his father Clyde of Moweaqua, Ill., this spring when they put in 1,100 acres of corn in six days. Using a new type of planter that stirs up a seed bed five to seven inches deep just ahead of the seed boxes, they planted the entire crop without using a plow. Idea behind the new "No-Till" is to reduce time, effort and money spent to prepare a seed bed, according to the machine's developers, the Allis-Chalmers company.

Chiefs Gig Houston

By United Press International
The Kansas City Chiefs, eager to forget last season's Super Bowl setback and anxious to look to the future, opened defense of their American Football League championship Saturday night by beating the youthful Houston Oilers, 25-20.

The Chiefs and Oilers tangled at Houston's Rice Stadium in one of two AFL games scheduled last night. The other game saw the Boston Patriots and the San Diego Chargers, tied 14-all at half-time in the California city.

Two other league games take place today with the league-leading Denver Broncos visiting the Oakland Raiders and the Buffalo Bills taking on the New York Jets at Buffalo's War Memorial Stadium.

Coach Hank Stram started virtually the same lineup that fell to mighty Green Bay 35-10 in the world championship game played at Los Angeles.

Only newcomers who cracked the starting lineup for the league opener were cornerback Fletcher Smith, center Jon Gilliam and guard Al Reynolds.

Improved Oilers Squad
Kansas City carried a 4-1 pre-season record into the contest, including a 24-9 win over the Oilers.

"The Oilers have shown steady improvement each week. They are a young and talented squad," said Stram.

Houston, winless in four exhibition outings, opened with one major change. Veteran Jacky Lee, in his eighth year in pro-ball, drew the

starting quarterback assignment.

The Chiefs, with the passing of durable Don Meredith and the running of Mike Garrett, were rated a 12-point favorite.

In the exhibition campaigning the Chargers were 1-4 while the Patriots were 1-3. Boston opened league play last Sunday by losing to fired up Denver 26-21.

Flares At Quarterback
In a nationally televised game, the Bills started Tom Flores, acquired from Oakland during the off-season at quarterback in place of Jackie Kemp. The Bills won only one of four exhibitions while the Jets were 2-3.

The Jets were tabbed a five-point underdog despite the pre-season sharpness of Joe Namath, who has completed

64 per cent of his pass attempts in summer exhibition games.

Denver is a six-point underdog to Oakland despite the Broncos' 3-1 exhibition record and the triumph last Sunday over Boston. Oakland, 2-3 in pre-season play, will have Buffalo backup man, Daryle Lamonica, at quarterback.

In other games Chicago beat Philadelphia, 14-0; Green Bay downed New York, 31-14 and Washington beat Pittsburgh, 16-10.

Meanwhile, the NFL concludes its warmup schedule this weekend with eight intra-league games. The first meeting between the NFL's two newest clubs took place Saturday with New Orleans downing Atlanta, 27-14.

BREAK THROUGH — Pampa quarterback Dwight Rogers is about to break through the tackle being applied by Perryton's Don Stewart (85) Friday night. Rogers did, but the Harvesters were beaten 21-0. (See story page 10)

DROP AFFILIATION
INDIANAPOLIS, Ind. (UPI)—Max Schumacher, general manager of the Indianapolis Indians of the Pacific Coast League, announced the team will discontinue its working agreement with the Chicago White Sox. Although the move was made by mutual agreement of the two teams, the Indians' front office had in the past accused the White Sox of pulling key personnel in and out of Indianapolis during the season.

Twins, Tigers Keep Race Tied

Detroit Tumbles Chisox to Fourth

CHICAGO (UPI)—The Detroit Tigers, blanked for eight innings by Gary Peters, erupted for seven runs in the ninth inning Saturday to defeat the Chicago White Sox 7-3 and maintain a share of first place in the torrid American League pennant race.

The victory kept Detroit in a deadlock with Minnesota, which edged Baltimore 3-2, for the top spot in the league with identical records of 81-62. The loss knocked the fourth place White Sox two games off the pace with 78-63 mark.

Bosox 7, Yanks 1

BOSTON (UPI)—Dave More for a four-hitter Saturday night, enabling the third place Boston Red Sox to remain one-half game off the pace in the American League with a 7-1 victory over the New York Yankees.

The victory boosted Boston's record to 81-63 while Minnesota and Detroit are one-half game ahead, tied for first place with 81-62 records. Detroit beat Chicago, 7-3 and Minnesota edged Baltimore 3-2 Saturday.

Twins 3, Birds 2

BALTIMORE (UPI)—Harmon Killebrew's 38th homer and the five-hit pitching of Jim Kaat carried the Minnesota Twins to a 3-2 victory over the Baltimore Orioles Saturday.

Cards 6, Bucs 0

PITTSBURGH (UPI)—Steve Carlton pitched a seven-hitter Saturday to lead the pennant-bound St. Louis Cardinals to a 6-0 victory over the Pittsburgh Pirates, reducing the Cards' "magic number" to 10.

Sens 4, Cal. 0

WASHINGTON (UPI)—Dick Nen's bases-loaded triple highlighted a four-run fifth inning Saturday that carried the Washington Senators to a 4-0 victory over the California Angels.

Cubs 8, Giants 2

SAN FRANCISCO (UPI)—Two-run homers by Billy Williams and Ernie Banks and a bases-empty poke by Adolfo Phillips backed the steady pitching of rookie Rich Nye and led the Chicago Cubs to an 8-2 decision Saturday over the San Francisco Giants.

Shocks Lose Opener 32-0

By LARRY HOLLIS
Pampa's Shockers, with several injured players, succumbed 32-0 to Amarillo's Caprock High School 'B' team in their first game of the season Saturday in Amarillo.

Caprock scored 16 points in the first quarter and the other 14 in the last quarter.

Touchdowns were split, with Caprock making two by passing and two by running.

In passing, Caprock scored on one for 40 yards and on another for 12 yards. Nearly the same yardage was made in running, with one touchdown being made from 12 yards out and the other from 35 yards.

"We made a few mistakes," Shocker Coach Ed Lehnick said, "but I feel they can be corrected."

He explained the Shockers had some trouble during practice last week, with a few min-

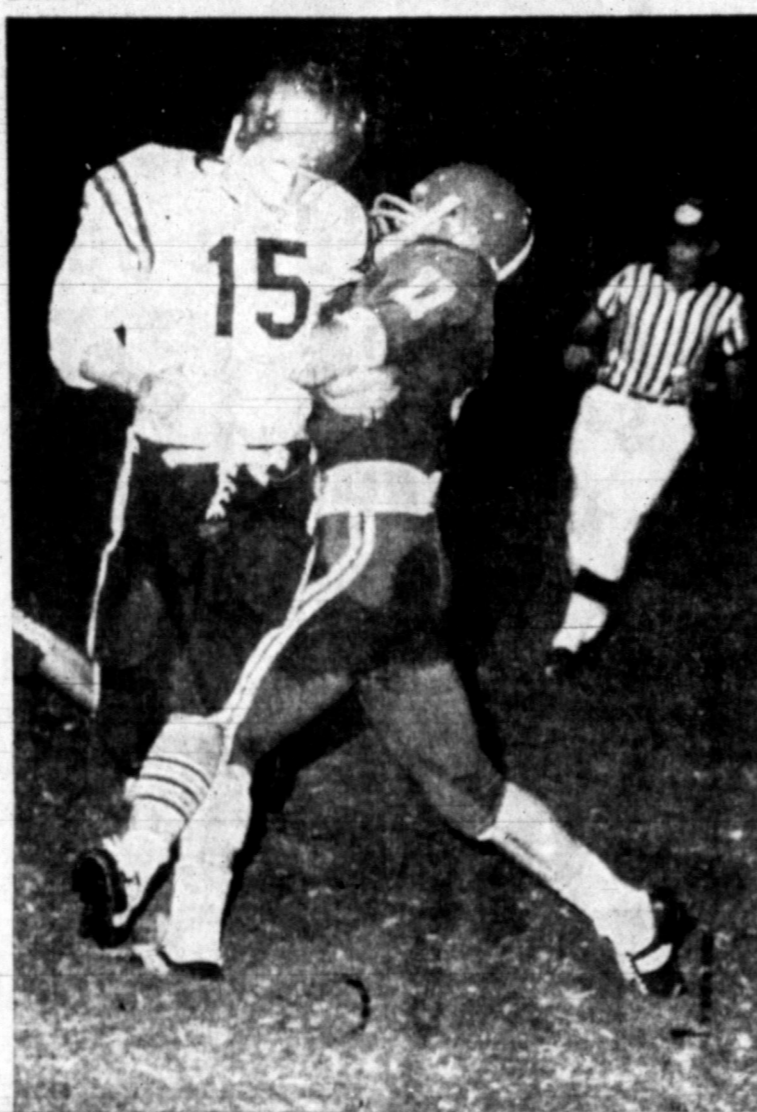

or injuries. Larry Kotara and John Young had a few bruises from practice, but they were still able to play in yesterday's game.

"The injuries weren't really bad," Coach Lehnick explained. But he added that it did detract from being able to play at their best.

"I wasn't disappointed with the game at all," he said. "I would be if I felt the mistakes couldn't be corrected. We need to improve on pass defense and tackling."

"Our boys were hindered some during practice," he continued. "They didn't have helmets at the time, and that made it a little hard on them."

He feels, though, that they will do better in their second game, against the Amarillo High School 'B' team at 4 p.m. here Thursday.

A GOOD GRIP is applied to the arm of Steve Summers (15) by Perryton's Dick McWhorter during the Harvesters 21-0 loss Friday night. This could cost a defensive team 15 yards. (See story page 10)

Unitas Passes Throttle Cowboys

DALLAS (UPI)—Johnny Unitas picked the Dallas pass defense apart at its green cornerback soft spots Saturday night to give the Baltimore Colts an easy 33-7 final exhibition victory over the Cowboys.

Unitas threw 18 and 10 yard scoring passes to Jimmy Orr and Ray Berry in the first and

Argentina Takes Lead

AKRON, Ohio (UPI)—Balding Roberto DeVicenzo F. Argentina, battled a heavy rain, fog and the water-soaked 7,180-yard Firestone Country Club course to a stand-still Saturday, to take a one-stroke lead at the halfway mark of the sixth annual World Series of Golf.

The British Open winner, rated an also ran by the odds makers, rapped in three birdies on the back nine to wind up with an even par 70, under almost impossible conditions.

One stroke behind was Masters champion Gay Brewer Jr. with a 71, PGA winner Don January wound up three-over par with a 73 and tourney

favorite U.S. Open champ Jack Nicklaus failed to make a birdie and settled for a four-over 74, four strokes in arrears.

All four golfers return Sunday for the second 18 holes and a shot at the \$50,000 first prize.

The four champions began their round in steady drizzle that turned into a rain storm at the 9-hole mark. Due to water standing on the greens, several pin placers were changed but the show involving four of the year's top golfers went on as scheduled.

Brewer, Nicklaus and DeVicenzo all were two over par at the turn, while January was three over at 38. Although the

conditions became rougher, DeVicenzo got better as he made his charge to the top.

The 44-year-old DeVicenzo tied for the lead with January and Brewer at the 11-hole mark when the Argentinian grabbed a birdie three while the others settled for pars. Roberto's second shot to the green was 13 feet from the pin from where he one-putted.

He grabbed undisputed first place on the next hole, stroking in a 27-foot putt that put him one-over par and one up on Brewer and January, and two-up on Nicklaus, who was having trouble with staying out of the traps.

DeVicenzo notched his second straight birdie on the 14th where his second shot landed one-foot from the hole and the putt made him even par. On the same hole Nicklaus slipped to four over by three-putting from 15 feet for a bogey five, Brewer grabbed a birdie with a 25-foot putt to trail by one, and January parred it.

With the wind stirring up to make the conditions even more difficult, all four golfers parred the next three holes, including the monstrous 625-yard 16th.

DeVicenzo toured the back nine in a remarkable 33, due to the almost impossible weather conditions.

On the 18th hole, DeVicenzo, Nicklaus and Brewer all got a par four while January slipped to a three-over when he three-putted from 75 feet.

IN DRAMATIC COMEBACK

Graebner Hits Finals

NEW YORK (UPI)—Clark Graebner of Beachwood, Ohio charged into the men's singles finale of the U.S. Tennis Championships Saturday with a dramatic come-from-behind 3-6, 3-6, 7-5, 6-4, 7-5 victory over Jan Leschly of Denmark.

Graebner's stirring conquest, after he was seemingly beaten by the Danish southpaw, put him into today's title match with top-seeded John Newcombe of Australia.

Leschly, an unseeded, unsung 26-year-old Danish druggist, starter, and Al Lyle combined to run the bespectacled 23-year-old Graebner right off the court.

The blond southpaw from Copenhagen gobbled up the first two sets and didn't even seem in any jeopardy when Graebner

suddenly buckled down to take the third one.

But then a sudden rain halted play for half an hour and after it stopped, the seventh-seeded Graebner came back dried off, but not cooled off.

He won the next set to square matters and the final set turned out to be something right out of a movie script.

Don January

Coronado Routs Monterey, 40-14

Upstart Lubbock Coronado pulled the upset of the young season Saturday night when they routed highly favored Monterey, 40-14.

The victory, the biggest in Coronado history, threw the North District 3-4A race wide open. Monterey had been picked to repeat as district champions. Coronado was expected to finish in the cellar.

In other Saturday games involving 3-4A teams Borger soundly whipped Lawton, Okla., 24-12 and Palo Duro battled strong Dumas to a 0-0 tie.

At halftime El Paso Burges led Caprock 14-0.

Friday night Perryton edged Pampa, 21-0; Amarillo downed Odessa, 14-0; Plainview beat Littlefield, 31-7; Odessa Permian ripped Tascosa, 32-6 and Midland Lee clipped Lubbock, 29-0.

So, both zone favorites, Tascosa and Monterey were bitten by the upset bugs in their season opener.

DOVE IN COOP
DETROIT (UPI)—Sonny Dove, a first round draft pick of the Detroit Pistons of the National Basketball Association, signed a three-year contract with the Pistons. The Pistons chose Dove with the pick they received from the Los Angeles Lakers when the Rudy La Russo deal fell through.

Dave, who played on the victorious U.S. Pan-American Games team, averaged 18.9 points in three varsity seasons at St. John's University. He established a school record by grabbing 1,130 rebounds.

Clark Graebner United States

W. Virginia Downs Villanova

MORGANTOWN, W. Va. (UPI)—Ken Juszkowich, a former soccer player, kicked a record four field goals and a kickoff Garrett Ford ran for two touchdowns to lead West Virginia to a 40-0 rout of Villanova in a football opener here Saturday.

The Mountaineers unleashed a quick, hard-hitting defense and held the bigger Wildcats without a first down by rushing until the West Virginia reserves went in. Villanova ended with only 23 yards rushing.

The closest that Villanova came to scoring was on a pass day in the final drive: the Virginia 11-yard line.

Lions Stall Cards, 21-7

ST. LOUIS (UPI)—The Detroit Lions had the St. Louis Cardinals under their thumbs Friday night and the Green Bay Packers on their minds.

Detroit scored a pair of touchdowns late in the third quarter to defeat St. Louis 21-7 in the last pre-season game for both teams. But the clubhouse talk looked ahead to next Sunday when the Lions open league play against the defending champion Packers.

Tom Vaughn, whose 45-yard touchdown run with an intercepted pass clinched the game, said, "If we can keep our mistakes to a minimum we'll beat the Packers."

Rookie halfback Mel Farr whose touchdown run broke a 7-7 tie, said "We have a good team. I hope this game will carry over to Green Bay."

St. Louis opened the scoring in the first period as second-year quarterback Jim Hart moved his team 56 yards in seven plays with Willis Crenshaw scoring the touchdown on a one yard plunge.

But Hart had to leave the game at the half with a bruised shoulder. In the meantime Detroit bounced back in the second and third periods. Quarterback Karl Sweetan passed to John Henderson for a 34-yard touchdown play, veteran QB Milt Plum guided the Lions 65 yards in five plays with Farr's three-yard run climaxing the drive, and three plays later Vaughn intercepted Tim Van Galder's toss and took it in.

Lamar Tech Gets New Coach

BEAUMONT (UPI)—Vernon Crowder, a former football end and a weight man in track, returned to his alma mater Saturday to become freshman track coach and an assistant physical education professor at Lamar Tech.

Crowder graduated from Tech in 1964 with honors as the outstanding athlete scholastically. He received his master's degree from Louisiana State. He attended high school at Port Acres.

Upsets Spice Prep Grid Openers

By United Press International
Upsets are to be expected in Texas high school football, but Friday night's opening round of action saw a host of shockers beginning at the very top of the pre-season favorite list.

San Antonio MacArthur, rated by some to be the best team in Class AAAA, was smashed in its first game of the year—40-14 by Victoria.

Other major upset victims included Raymondville in Class

AAA, highly-ranked Decatur in Class AA and Schulenburg in Class A.

Moving into contention for the favorite role in Class AAAA with the fall of MacArthur were Abilene Cooper, an 18-9 winner of Wichita Falls, Port Arthur Jefferson, which whipped Baytown Lee 36-19, and Dallas Bryan Adams, a convincing winner over Mesquite, 42-0.

Other AAAA highlights saw highly regarded Houston Sam

Houston trip Aldine 30-9, East Texas powerhouse Longview edge Dallas Woodrow Wilson 10-7 and the favorite in the Fort Worth District, Eastern Hills, fall to Richland Hills 14-0.

Another highly rated AAAA club, Wichita Falls Rider, lost to cross-town AAA rival Wichita Falls Hirschi 13-0, and Hirschi therefore earned a ranking among the state's top teams in its class.

The big loser in Class AAA

was Raymondville, figured to be one of South Texas' best clubs this season. Hartingen turned back Raymondville 6-0.

Class AAA favorites which won opening games included Lamar Consolidated (26-6 over LaPorte), Ennis (41-7 over Hillsboro), Silsbee (24-0 over Huntsville), and Sweetwater (6-0 over Burkburnett). Dumas, picked by some to win the AAA title this year, opens today against Amarillo Palo

Plano, a semifinalist last year in the Class AA title chase, stunned highly favored Decatur for the crown, picked up first week wins Friday night.

Most other top rated Class AA clubs rolled to easy victories. Bishop whipped Sinton 33-0, Atlanta smashed Gilmer 28-0, Iowa Park tripped Hallett 20-12 and Brady clobbered

Lampasas 41-7. Perhaps the biggest shocker among the state's smaller whitewash of Class A's Schulenburg—55-0.

Schulenburg had been rated among the top Class A teams in the state. Most of the leading Class A contenders played true to form Friday night, with Kress getting by Idalou 19-7, Santa Anna whipping Baird 33-13 and Archer City having an easy time with Electra 33-2.

Shamrock Slips By McLean, 3-0

McLEAN — After a couple of first quarter threats, mild ones, McLean and Shamrock fought a defensive battle Friday night before a packed house.

The Irish finally made it on the scoreboard in the third period on a 20-yard field goal and downed the Tigers, 3-0.

McLean, a 13-point underdog, showed a gallant defense but found their offense sputtering throughout the evening.

The Tigers, facing a rebuilding year, could get no closer to the goalline than the Irish 40-yard stripe.

SHORT YARDAGE — Gary Parrish (40) picks up five yards after catching a pass from Dwight Rogers in Pampa's 21-0 loss to the Rangers Friday night. Rick Graham (21) is about to bring Parish down. Coming up to help Parrish is Larry Elledge (86) while Perryton's Bill Brittain (53) watches.

NO COMPLETION — Gary Parrish (40) was in the right spot and broke up this pass intended for Perryton's Rick Graham (21) Friday night.

Weather Hurts Hogs Practice

By United Press International
The way Frank Broyles has built winning football teams at Arkansas during the past few years, it seemed the sun was always shining in Razorback land.

Broyles found out differently this past week. For the fifth straight day Friday, rain and cool weather hampered Arkansas' workouts.

The Razorbacks worked on goalline defense during the afternoon session. Still Broyles was not happy.

"We need sun and heat so we can get in better shape," he said.

Southern Methodist coach Hayden Fry said he and his staff would study the films of this week's practices and begin to decide on the starting teams for the opening game Sept. 16 against Texas A&M.

"I'm not satisfied with our scrimmages," Fry said. "We're still making too many mental mistakes, busting assignments, too inconsistent."

Texas Tech coach J. T. King announced after light workouts Friday that he planned to red-shirt junior halfback Alan Schriever of New Braunfels. Schriever has not fully recovered from a leg injury in the A&M game last year.

Quarterback P. D. Shabay threw two touchdown passes to Ross Montgomery at Texas Christian's practice. In all, Shabay completed 19 of 30 in the controlled scrimmage.

Southern Cal, UCLA Tough

SAN FRANCISCO (UPI)—Los Angeles city limits can unveil a secret weapon, it looks as if Southern California and UCLA will wage their customary battle this fall for the Rose Bowl invitation.

Each cross-town rival is well stocked with talent with the early press clippings divided between Trojan halfback O. J. Simpson and Bruin quarterback Gary Beban.

Simpson, a sensational transfer from San Francisco City College, is expected to restore some speed which the Trojans lost two years ago after Mike Garrett's graduation.

Beban "the great one" according to the Bruins tub-thumpers, is their morning line choice for the Heisman Trophy.

Washington handed UCLA a 16-3 shock in 1966 and is accorded the best chance of gaining the Pasadena trip should either Los Angeles school should either Los Angeles school

impressively after a bad start and also could cause trouble. But the rest of the Pacific Eight elevens seem pretty far behind.

San Diego State, tops among the small colleges in 1966, is back with another contender despite the graduation of quarterback Don Horn. And Coach Don Coryell feels his Aztecs, 11-0 last season, can keep on winning.

Southern California lost a squeaker to Purdue in the Rose Bowl last January. If the Trojans expect to make a quick round trip, they must weather a back-breaking schedule which calls for dates with Texas, Michigan State, Stanford, Notre Dame and Washington on successive weekends.

A rundown on the Pacific Eight (last year's record in parentheses):

Washington (7-4-0)—gaining the Pasadena trip should either Los Angeles school should either Los Angeles school

9.3 yards per carry. In addition to this explosive runner, Coach John McKay has such veterans as quarterback Toby Page, fullback Mike Hull, tackle Ron Yary, end Ron Drake and lin backer Adrian Young among 23 returning lettermen.

UCLA (9-1-0)—Beban, who already leads the Bruins in all-time total offense, is the key among the 20 returning lettermen. However, Coach Tommy Prothro also lost 21 veterans, including halfback Mel Farr. This means that Beban and fullback Rick Purdy will be under pressure to add to their ground-gaining ability.

Washington State (3-7-0)—Twenty-seven lettermen return headed by Doug Flansburg, the top pass receiver in the Pacific Eight last season, and quarter back Jerry Henderson

California (3-7-0)—Barry Bronk, a star soph quarterback last season, underwent arm surgery afterward and missed spring practice. But Coach Ray

Dee Andros may depend on linebacker Bill Enyart to handle the fullback spot while Steve Preece does the pass.

Oregon (3-7-0)—Len Casanova, the Ducks' head coach for 16 years, has become their athletic director and turned the coaching over to Jerry Frei. The latter, Casanova's assistant for 11 seasons, is a top quarterback prospect in sophomore Tom Blanchard.

Washington State (3-7-0)—Twenty-seven lettermen return headed by Doug Flansburg, the top pass receiver in the Pacific Eight last season, and quarter back Jerry Henderson

California (3-7-0)—Barry Bronk, a star soph quarterback last season, underwent arm surgery afterward and missed spring practice. But Coach Ray

Willsey still is counting on him to keep his form. The Bears also have an all time school high of 20 junior transfers on the roster plus the nucleus of an undefeated freshman team.

Stanford (5-5-0)—Here it is next year again for the "wait till next year"—Indians, who expected great things in '66. Coach John Ralston's looking to quarterback Gene Washington to reach the potential he failed to attain as a soph last year.

PREDICTS WIN
FRANKFURT, Germany (UPI)—Oscar Bonavena of Argentina arrived here Tuesday for his world heavyweight elimination bout with Germany's Karl Mildenerger.

NO CLEAR FAVORITE

SWC Teams All Tough

DALLAS (UPI)—Wipe out the forward pass as an offensive weapon and you could use statistics to prove that the Rice Owls, Texas Christian Horned Frogs, Texas Tech and Texas A & M would be the chief threats to the pre-season favorite's tag assigned to the Texas Longhorns in the Southwest Conference this fall.

University of Arkansas sports publicist Bob Cheyne went to the trouble of tracking down the statistics which show that these schools have the most potential rushing yardage returning from 1966 in the form of backfield talent.

Of course, Cheyne's theme narrows down to the fact that Coach Frank Broyles' Razorbacks, picked generally as the chief threat to Texas, will have the least potential of all—running or passing.

The Razorbacks' top five backs gained 1,716 yards around last season, but only David Dickey's 477 yards on 20

will be back this fall. Gone are Harry Jones (342 yards), Eddie Woodlee (213), Bruce Maxwell (376) and Jon Erittenum (168).

Texas, on the other hand, will have 1,707 potential rushing yardage returning from a total 1,913 yards. Foremost figure here will be junior Chris Gilbert's 1,000 yards with Bill Bradley contributing 335 yards and Linus Baer 211 yards.

TCU, which returns its backfield intact, will have a 1,198 yards returning with Ross Montgomery (467 yards), Kenney Post (247), Norman Dulaich (248), Steve Lanfon (126) and P. D. Shabay (102).

Rice returns its big three—Robby Shelton (697 yards), L. V. Bonningfield (597) and Lester Lehman (289) to provide 2,696-yard total offense. Rice returns 2,760 of 2,932, Texas Tech 2,673 of 2,844, Texas 2,487 of 2,693 Texas A&M 2,487 of 2,552, TCU 1,492 of 2,102 SMU 1,703 of 2,112 and Baylor 813 of 1,311.

1966 total of 1,374 yards. Mike Keinert got 495 a year ago, John Scovell 280, Roger Freeman 220 and Kenney Eaker 206.

Champion Southern Methodist, which lost top producer Mac White's 606 yard output, returns only 833 yards from a 1,738-yard total. The returnees include Mike Richardson (337 yards), Mike Livingston (269) and Jim Hagle (207).

Baylor is in much the same boat with top rusher Richard Deefe departing. The Bears return 673 of their 1,005 yards around with Pinky Palmer's 299 yards being the best.

Throw in the lost passing yardage and Arkansas winds up even worse off. The Razorbacks return only 494 yards of their 2,696-yard total offense. Rice returns 2,760 of 2,932, Texas Tech 2,673 of 2,844, Texas 2,487 of 2,552, TCU 1,492 of 2,102 SMU 1,703 of 2,112 and Baylor 813 of 1,311.

Rangers Throw PHS 21-0

By RON CROSS
PERRYTON — Pampa made a couple of trips to the hospital here Friday night but couldn't visit the opposition's goal line in the season football opener for Perryton and the Harvesters.

The Pampa pass defense called for a doctor to treat mental mistakes in the final two periods but too late and the Rangers made off with a 21-0 victory over the AAAA Harvesters.

While the Pampa News has its 'City Hall Cat', the Harvesters have aced of their own, called the 'Second Half Jinx', and he was with 'em Friday night.

Pampa bottled the Rangers for

almost three full quarters with a fierce defense but Perryton began pecking away at the Harvesters secondary with passes that eventually led to three touchdowns.

The Harvesters lost two key defenders when quarterback-linebacker Steve Summers and fullback-linebacker Dickie Henley were both carted off to a Perryton hospital with severe sprains.

Both will be out from three to four weeks thus further weakening Pampa, both offensively and defensively.

Summers, who was injured last year and didn't play left in the first period and Henley, who made it through six Pam-

pa games before breaking an arm, lasted until the fourth quarter.

A Pampa defense led by junior John Stokes, who has come out of no where, Ted Knight, Mike Tyler, Mike Hopkins and Larry Elledge, kept the Rangers offense fumbling and mumbering throughout the first half.

The Harvesters recovered three Perryton fumbles in the first two periods, stopping any chance Perryton had of scoring.

But while Pampa's defense excelled the offense couldn't move the ball past the center's hands.

Perryton, who hit only two of eight pass attempts in the first half, finally began to find the range in the third period behind Mike Hargrove.

The senior signal caller moved his club from the Pampa 24 to the goal line with 3:31 left in

the third period.

In this 76-yard drive, that took 11 plays to cross over with Perryton receiving a 15-yard penalty, Hargrove hit on four of five passes for 68 yards.

He hooked one on a fourth and 15 situation to end Bob Gobin that covered the final 28 yards. Hargrove missed his kick for the point after to make it 6-0.

The Rangers scored on the first play in the fourth quarter going 72-yards in only six plays.

Again it was Hargrove's passing that made the difference. Hargrove connected on two of four aerials for 46 yards, throwing 34 yards to halfback Ben Rupprecht for the tally. This came with 11:53 to play and Hargrove ran the conversion to make it 14-0.

The Rangers wasted no time in scoring their third touchdown either. After Pampa re-

ceived the kickoff Henley went in for his first offensive play of the night and promptly picked up five yards to midfield but fumbled the ball and Perryton recovered.

The Rangers moved the 50-yards in eight plays with Dick McWhorter throwing six yards to end Mike Doores for the score with 8:17 to play. Larry Roberts Jr. kicked the point for the 21-0 lead.

Pampa could get no closer to the Perryton goal than the 15-yard line, that coming on a fumble recovery in the first period. The Harvesters recovered another fumble on the Ranger 21 and moved to the 17 but went no further.

Pampa managed only 67 yards rushing and 36 passing although quarterback Dwight Rogers wasn't given the required time it takes to set up a

pass play.

The 3-7 quarterback did manage to get a couple of drives going in the fourth period and completed five of 11 passes for the night.

Rushing honors for Pampa went to sophomore Scotty King who carried four times for 14 yards and senior Wayne Williams who toted the ball eight times for 12 yards and fullback David Schaub, who looked the best runner of the night with 21 yards on seven carries.

Ranger Mike Simpson did the damage to Pampa with 86 yards on 14 carries while Hargrove gained 23 yards on five totes.

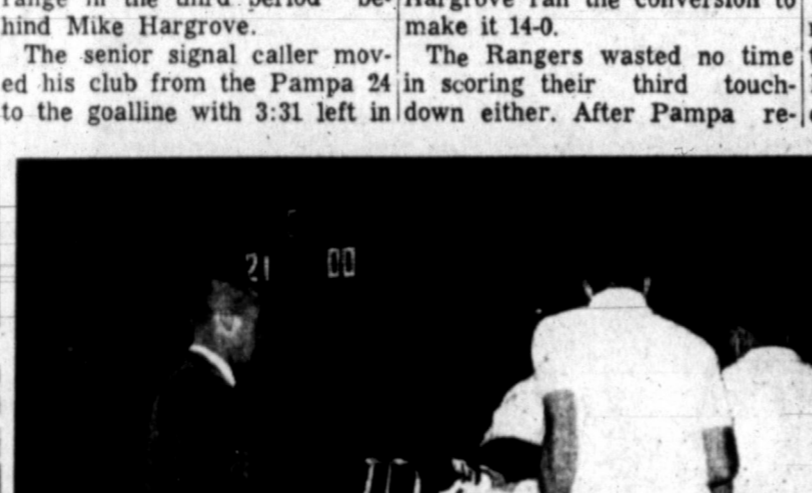

The Harvesters host Dumas Friday and then play host to Wichita Falls Rider the following week.

How They Ran

Q-Back Club Meets Tuesday

Members, new or old, of the Pampa quarterback club will hold their first meeting, beginning at 7:30 p.m. Tuesday.

The meeting will be held in the Pampa High School cafeteria with club president Monroe Rogers presiding.

Several items of importance will be discussed and all members are urged to attend. Membership cards for 1967 will be available.

Members are expected to discuss a fund raising program for this year.

IN OFFENSIVE GAME

Wheeler Stops Lefors

LEFORS — Wheeler's defense couldn't keep the Lefors Pirates from rolling up the ground yards Friday night. But the Mustangs kept the Pirates away from scoring territory except on two occasions and pounded at the Pirates goal on five different occasions.

Wheeler, with defending area scoring leader Fred Goad in the boot-made off with a 31-12 victory in the season for both teams.

Goad scored twice and added an extra point but set up two other touchdowns with his hard running and gained over 100-yards rushing.

The Pirates got good running from fullback Gary Smith and halfbacks Jim Gilbreath and Dale Finney.

Smith carried 22 times for 85 yards while Finney picked up 115 yards on 13 carries and Gilbreath gained 73 yards on 13 totes and had one score called back.

Wheeler, while making only three first downs, made two

Groom Fumbles Push Vega to 21-16 Grid Win

GROOM — Vega took advantage of Groom mistakes Friday night and set the Tigers down, 21-16 in the season football opener for both teams.

Vega, loaded with talent, took advantage of a blocked kick and fumble for two scores, the fumble resulting in defeat.

Vega took a 7-0 halftime lead, scoring in the second period when they blocked a Groom fumble on the 40-yard stripe.

Quarterback Don Alred went in from the two seven plays later and then booted the conversion.

Vega made it 13-0 early in the third period when Richard Kirk scampered 25-yards for the score.

But the Tigers came back strong with quarterback Mike Helton throwing a 30-yard touchdown pass to Bob Goodlett. Helton ran the conversion and Groom trailed only 13-8 after three periods.

The Tigers took the lead in the fourth period when Helton found the range again, this time on a nine-yard aerial to Don Conrad. Helton then ran the extra points for a 16-13 Groom margin.

But Vega recovered a Groom fumble on the Tiger 35 and Alred went over from the one with under a minute to play. Kirk ran the conversion to make it the final 21-16.

Flu-Hit 'Cats Fall to Booker

BOOKER — Flu-hit Canadian couldn't muster an offense Friday night and lost their season opener football game, 28-0.

The Wildcats, picked to dethrone White Deer in district 1-A, had their starting backfield sidelined all week by the flu bug and half the line.

A starting end, Bob Miller, broke a foot Tuesday and first defensive linebacker Don Schaefer moved to Oklahoma Monday.

Starting quarterback Bob Hill saw his first action in more than a week for the 'Cats' and did a creditable job.

The Kiowas made the most of nine fumble recoveries and two pass interceptions to hog the offense.

Jay Trospser, a possible All-State candidate, was the offensive show for Booker, scoring three of the four touchdowns and two conversions.

Trospser got Booker off to a 6-0 halftime lead scoring in the first period on a 73-yard run.

Ronnie Smith tallied on a 20-yard pass from Jim Rogers in the third period and Trospser ran the conversion to make it 14-0 when the period ended.

Trospser went in from the one and ran the conversion at the start of the fourth period and ended the game with a 16-yard run.

Q-Back Club Meets Tuesday

Members, new or old, of the Pampa quarterback club will hold their first meeting, beginning at 7:30 p.m. Tuesday.

The meeting will be held in the Pampa High School cafeteria with club president Monroe Rogers presiding.

Several items of importance will be discussed and all members are urged to attend. Membership cards for 1967 will be available.

Members are expected to discuss a fund raising program for this year.

White Deer Rips Boys Ranch, 36-0

AMARILLO — White Deer opened the 1967 football season just as most people figured they would, on a winning note.

The Bucks ran roughshod over Boys Ranch, 36-0 as offensively and defensively the Bucks appeared in their usual good form.

Boys Ranch could get no closer to the goal-line than the Buck 40 and this happened only once.

The rest of the time Boys Ranch was on the far side of the 50-yard line.

Quarterback Stan Bush and quarterback turned halfback, John Paul Quinn were most of the offensive show for the Bucks, who recovered three fumbles and intercepted one pass.

Bush pushed White Deer off to a 7-0 first period lead when he rambled 45 yards for a touchdown. Martinez kicked the first of his four points after.

White Deer went in twice in

By United Press International
The best defense for the Los Angeles Dodgers turned out to be the best offense.
It came in the person of Ron Fairly, who wears the dirtiest Dodger uniform because he says, "I believe in playing hard. If you have to get down into the dirt to do well, that's the place to be."

Friday night, Walt Alston sent Fairly, whom the Dodgers call their "All-American Boy," into right field for defensive purposes in the eighth inning. The Dodgers were trying to protect a 2-1 lead over the Houston Astros at the time.

The only thing wrong was that after the Astros' Jimmy Wynn came to the plate in the eighth inning there was nothing to defend against—he belted his 33rd homer to tie the score.

Fairly Comes Through
In the Dodger eighth, Fairly untied it when he hit the rightfield foul pole with two outs and Lou Johnson aboard for a Dodger 4-2 victory.

AMERICAN LEAGUE ROUNDUP

Tigers Not Dead Yet

By United Press International
The Detroit Tigers are still alive and hiding in the midst of the American League pennant scramble.
The Tigers, who've gone almost unnoticed during much of the frenzied pennant race and have seemed on the verge of falling out of contention several times, crept into a tie for first place Friday night for the first time since June 11.

Minnesota beat Baltimore 7-2 in the first game of a doubleheader on Jim Merritt's six-hitter but a messed-up sacrifice bunt led to a four-run second inning which gave Baltimore a 5-3 victory in the second game.
Billy Monbouquette, with relief help from Joe Verbanic, gave the New York Yankees a

5-2 victory over his old Boston teammates and foiled the Red Sox' chance had to take over first because of the Minnesota loss.
The Tigers' Mickey Lolich blanked the White Sox until the eighth when singles by Tommy McCraw, Tommie Agee and Ken Boyer produced Chicago's only run. But Fred Lasher held the White Sox hitless the final 1-3 innings to preserve the victory.

GOALIES TRADED

DETROIT (UPI)—The new Pittsburgh Phantoms, last place Detroit Red Wings of the National Hockey League traded goalies Thursday.
Hank Bassen, 34, the Red Wings' back-up goalie, went to Pittsburgh in return for 30-year-old Roy Edwards. Edwards was the Penguins' second choice in the expansion draft after playing with Buffalo of the American Hockey League last season.

The chewing gum people in New York said you're Topps Friday to the Mets' Tom Seaver and the Cardinals' Dick Hughes. A few hours later, the players who tied as baseball's top rookie righthanders on the Rookie team announced Friday, took their regular turn on the

PARDON, MISS but... Gussie Moran, who shocked the tennis world with her lace short several years ago, had nothing on Virginia Wade of Great Britain as she bent over to pick up a dropped racket during the United States National Tennis Tournament at Forest Hills, N.Y.

SWC Teams to Open Season Next Week

By United Press International
A Southwest Conference nationally-televised game pitting defending champion Southern Methodist against Texas A&M and Baylor against Big Eight power Colorado feature a 16-game opening week end college football schedule involving Texas teams next week end.
Actually, the season will get under way Friday night when the potent University of Houston Cougars host Florida State in the Astrodome at Houston.
SMU and the Aggies collide at College Station at 3:20 p.m. CDT in a game that was moved up from its original Nov. 11 date in order to fit the national television schedule. Baylor travels to Poulder to play the Buffs in an afternoon game.
The state's two other major independents also will open their schedules at home. The Texas Miners of El Paso will play Santa Barbara (Calif.) State and West Texas State

meets Montana State at Canyon Saturday night.
Southland Conference teams will face three inter-sectional foes with Lamar Tech at New Mexico State, Texas Rebels of Arlington hosting Los Angeles State and Trinity entertaining University of Mexico.
Abilene Christian of the Southland plays Lone Star Conference pre-season favorite East Texas at Commerce, while Southland's other member, Arkansas State, waits a week to start action.
Elsewhere around the Lone Star circuit, Angelo State is at McMurry, Howard Payne visits Tarleton State, Southwest Texas is at Texas Lutheran, Stephen F. Austin is at East Central Oklahoma, Texas A&I goes to Louisiana against McNeese State and Sul Ross hosts Eastern New Mexico.
Austin College opens its season at home Saturday afternoon against Mexico City Poly.

Homers by Ed Mathews and Jim Northrup produced two Tiger runs and the other two were unearned.
The key play of the Minnesota game came in the second inning when with one on and one out, winning pitcher Tom Phoebus laid down a bunt. First baseman Harmon Killebrew hesitated after fielding it and then threw too late to second. The Orioles then went on to get three more runs to cap a four-run rally.
Monbouquette, traded away by the Red Sox in 1965 to the Tigers for utility players George Thomas and George Smith and picked up by the Yanks when the Tigers released him earlier in the year, went 6 1-3 innings and touched off two rallies with singles besides scoring the winning run.
Elsewhere in the American League, Cleveland beat Kansas City 6-3 and California blanked Washington 4-0.

Krausse Says He'll Quit

CLEVELAND (UPI)—One way or another, Lew Krausse doesn't plan to pitch in Kansas City next year.
The 23-year-old righthander was suspended by Kansas City owner Charles Finley for "conduct unbecoming to a ballplayer" earlier. The subsequent furor saw Manager Alvin Dark lose his job and first baseman Ken Harrelson get his unconditional release from the club.
"If he doesn't trade me, I won't play for him next year," Krausse said Friday prior to the start of a weekend series with the Cleveland Indians. "For this season, I'm going to keep going to the ballpark."
Krausse added that unless Finley sold him, he didn't have any choice but to keep him this season.
"Of course, he could release me; as he did Harrelson. That would be beautiful," Krausse smiled.
Harrelson has since been signed by the Boston Red Sox at a raise in salary and stands to pick up a share of World Series money

HERE! '68 JOB TAMER TRUCKS

Look at all you get you can't get anywhere else!

ONLY CHEVROLET GIVES YOU ALL THESE TRUCK FEATURES FOR '68!

Road-balanced ride with rugged coil springs all around!
Coil springs deliver an extra-smooth ride. That's why we put truck-designed coils at all four wheels of the popular 1/2- and 3/4-ton Chevy pickups. Add **work-proved Independent Front Suspension** and you have the easy ride plus built-in toughness that comes only with a '68 Chevrolet pickup! Chevy-Vans, the low-cost delivery units, cushion your cargo with advanced design tapered leaf springs front and rear. Big Chevies up to 32,000 lbs. GVW travel on rugged variable rate leaf springs front and rear.

Truck-tough cab and body with double-strength construction!
All Chevrolet trucks have more than one cab. There's the one outside plus the one inside. Double-wall construction does it. Double strength! Pickup cabs, for example. Cowl, windshield pillars, roof and door openings are double strong to keep cab tight. Fleetside pickup boxes have full double-wall sides and tailgate. The strength of two boxes in one—plus weather protection and no exterior welded joints to rust! From pickups and Chevy-Vans to the big heavy-duty trucks—they're all double strong where they should be!

Extra workpower with job-tailored engines!
On your biggest jobs, save with gasoline or 2- and 4-cycle diesels. Check all the engines available for conventional pickups in '68! Begin with the 155-hp 250 Six—biggest standard Six you can buy. Or ask for the 292 Six. There's a brand-new 200-hp 307 V8 that's standard in V8 models. Specify a 327 V8 or 310-hp 396 V8! You won't find a broader range of power in any popular pickup! In Chevy-Vans, get Six economy or V8 go. Order gasoline or diesel economy in larger delivery vans.

Styling with a purpose that sets the pace!
Take a good look at Chevrolet's style—like the low silhouette of the '68 pickups. It helps provide road-holding stability and cuts wind resistance. The cab design gives a better view down front for greater maneuverability and added safety. Big windows give unsurpassed visibility.

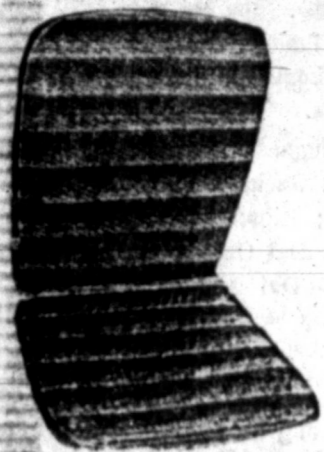

Biggest service network.
You're never far from a Chevrolet dealer because there are more of them, ready to help you keep working and earning. So see your nearby Chevrolet dealer today—see the '68 Job Tamers with all the things you can't get anywhere else!

See the '68 Job Tamer trucks at your Chevrolet dealer's!

Miss Vivian Berg, Franklin Baggerman Say Nuptial Vows in Church Ceremony

Miss Vivian Louise Berg and Franklin Delano Baggerman said their nuptial vows in a double-ring wedding ceremony Sept. 1 in Groom Methodist Church. Rev. C. R. Copeland, pastor of First Methodist Church of Lorraine, read the marriage vows for the evening ceremony.

Mr. and Mrs. A. M. Berg of New Braunfels. The bridegroom's parents are Mr. and Mrs. John Baggerman of Groom. Irene Baggerman was vocalist and Mrs. Eugene Carter accompanied her on the organ as they presented "O Promise Me," and "Wedding Prayer," for the wedding selections.

Two candelabra with white candles and baskets of white gladioli decorated the church.

BRIDE

The bride selected a street-length dress of white flowered lace over satin with a fitted bodice designed with a boat neckline. The elbow-length sleeves were scalloped in lace. Lace panels were attached to the center back of her dress, which was fashioned with a waist-cumebund fastened in the back with tiny stain buttons. Other features of her dress were side pleats on the skirt with scalloped lace at the hemline.

Her veil of silk bridal illusion was caught by a white satin pillbox hat. She carried a bouquet of white feathered carnations with white ribbon streamers.

RECEPTION

Following the ceremony, a reception was held in the home of the bride's parents. The serving table was decorated with an arrangement of the bridesmaids' bouquets and candles. The three-tiered wedding cake was topped with the traditional bride and bridegroom in miniature. Pink fruit punch, pink and white mints and nuts were also served.

Assisting with the reception were Mmes. Horace Rivers, Charlie Ellis, Elmo Wheeler and Marvin Longhofer.

The couple went to Red River, N. M., on a wedding trip. For traveling, the bride wore a pink silk linen dress with white accessories and a corsage lifted from her bridal bouquet.

The bride is a graduate of Canadian High School. The bridegroom attended high school at Olton. Both are attending the Panhandle State College at Goodwell, Okla.

man of Claude, brother of the bridegroom. Ushers were James Baggerman, Reuben Baggerman, the bridegroom's brothers, and Larry Baggerman, his nephew. Melvin Wills assisted with lighting candles.

RECEPTION

After the ceremony, a reception was held in Groom Methodist Church Fellowship Hall. Mrs. O. J. Miller registered guests while Mrs. Nace Baggerman served the three-layer cake which was decorated with white bells, aqua roses and bride and bridegroom figurines on top.

Mrs. Curtis Whatley, sister of the bridegroom, served punch at a serving table covered with a white lace cloth over aqua.

Flower arrangements were white chrysanthemums in an aqua bowl.

For the honeymoon to Colorado Springs, Colo., the bride traveled in a Nile green silk suit with white accessories and a white carnation corsage.

The couple plan to live in Lubbock where the bride is a senior mathematics and chemistry major at Texas Technological College, and the bridegroom is a junior agriculture major.

Pre-nuptial events included a welcoming party for the bride at the home of Nace Baggerman in Claude.

Mr. and Mrs. R. D. MacDougal and Diana of Lubbock were the out-of-town guests.

Miss Crowell, R. W. Hall Repeat Double-Ring Vows

CANADIAN — The sanctuary of First Methodist Church was the setting for the evening candlelight ceremony which united Miss Mary Tynette Crowell and Richard Walker Hall in marriage Aug. 26.

The bride is the daughter of Mr. and Mrs. Erbin Crowell of Canadian. The bridegroom's parents are Mr. and Mrs. W. T. Hall, Jr., of Olton.

A former Canadian minister, Rev. Lee Crouch of Crosbyton, read the double-ring ceremony before an altar decorated with baskets of gladioli and candelabra.

BRIDE

The bride was given in marriage by her father. She chose for her wedding a bridal gown of peau satin fashioned with a bateau neckline and short sleeves. The skirt flowed into a chapel train. Her ballerina-length veil cascaded from a crown of Alencon lace and crystal beads. She carried a bridal bouquet of white glemias and ivy.

ATTENDANTS

Mrs. Frank Muir of Mobeetie was her sister's matron of honor. Dora Mae Hest, Janie Jackson and Mary Rutledge were bridesmaids. Larry Francher of Lubbock was best man.

Groomsmen were Joe Hall of Olton, Frank Muir of Mobeetie, and Lonnie Peel of Post. Ushers were Max Crowell of Lubbock, Bill Scribner of Rails, and Greg Blackburn of Thousand Oaks, Calif.

Following the ceremony, a reception was held in the home of the bride's parents. The serving table was decorated with an arrangement of the bridesmaids' bouquets and candles.

The three-tiered wedding cake was topped with the traditional bride and bridegroom in miniature. Pink fruit punch, pink and white mints and nuts were also served.

Assisting with the reception were Mmes. Horace Rivers, Charlie Ellis, Elmo Wheeler and Marvin Longhofer.

The couple went to Red River, N. M., on a wedding trip. For traveling, the bride wore a pink silk linen dress with white accessories and a corsage lifted from her bridal bouquet.

The bride is a graduate of Canadian High School. The bridegroom attended high school at Olton. Both are attending the Panhandle State College at Goodwell, Okla.

ATTENDANTS

Miss Diana MacDougal of Lubbock, the maid of honor, wore an aqua sheath dress with a bodice of embroidered silk organza over peau de soie, with cap sleeves and a skirt of peau de soie. The waist cumebund was fashioned with a bow in the front. She also carried a white carnation bouquet.

Best man was Nace Baggerman.

Single Adults to Form Square Dance Club

Single Adults Square Dance Club will meet at 8 p.m. Monday at the Bob Rose Eldg. on Price Rd. for the first session. Any single adult is eligible to attend to learn square dance routines. Sid Perkins of Amarillo will be the caller.

The Levis and Lacey Square Dance Club of Amarillo and Parents without Partners Club of Pampa sponsors the new club.

MRS. WILLIAM STEWART PURVINES ... nee Linda Jo Broadaway

Miss Broadaway, W.S. Purvines Say Vows in Wedding Ceremony

PANHANDLE (Spl) — The First Baptist Church of Panhandle was the setting for the wedding of Miss Linda Jo Broadaway and William Stewart Purvines, on Saturday, Sept. 2.

Rev. Raymond Hall, minister of the church, read the candlelight double-ring ceremony at 6 o'clock in the evening, before baskets of white calla lilies interspersed with lemon leaf, backed by spirals of lighted tapers. Lighted tapers also marked both aisles of the church. Candles were lighted by Cheryl Williams, cousin of the bride, and Leisa Hollcroft, cousin of the bridegroom.

Parents of the couple are Mr. and Mrs. John Thomas Broadaway of Panhandle, and Mr. and Mrs. Stewart O. Purvines, west of Panhandle. Mrs. Walter Purvines, Pampa, is a great-aunt. Before the ceremony, Mrs. Douglas M. Smith, church organist, and aunt of the bride, played "Always," "Because," "More," "I Love You Truly," and "I Love Thee" by Grieg. During the ceremony Mrs. Smith played "Clair de Lune," the traditional wedding march, which was used.

Soloist, Mrs. Mose Von Hale of Glenview, Ill., aunt of the bride, sang, "How Do I Love Thee," "Through the Years," "One Hand, One Heart," and to include the ceremony, "The Wedding Prayer."

BRIDE

Given in marriage by her father, the bride wore a formal evening gown of candle-light aqua de soie. The empire bodice of French lace, re-embroidered in seed pearls, was accented with appliques of lace extending the full length of the

controlled skirt. The back fullness swept into a chapel train. She wore a bouffant veil of candlelight French illusion attached to a floral coil of peau de soie and seed pearl encrusted petals of French lace. She carried a cascade bouquet of cream-colored roses, stephanotis and English ivy.

ATTENDANTS

Attending the bride as maid of honor was her sister, Miss Diane Broadaway, with Mrs. Glen Haley of Happy, sister of the bridegroom, as matron of honor. Bridesmaids were Miss Cheryl Pitman of Poplarville, Miss Pam Bridgewater of Justin, and Miss Janice Smith of Panhandle. They wore gowns of avocado crepe in empire design with square necklines and a low cut back, accented with a bow. Bows of crepe were their headdresses. They carried Tropicana rose bouquets centered with lighted tapers.

Ringbearer was Cheryl Hollcroft, cousin of the bridegroom. Flower girls were Karen Williams, cousin of the bride, and Cathy Hollcroft, cousin of the bridegroom.

Best man was Ronnie Labus of Panhandle. Groomsmen were Shawn O'Neal of Panhandle, John Baron Broadaway, brother-in-law of the bridegroom, and Bill Gray of Panhandle. Ushers were Danny Dunlap of Amarillo, and Richard Hoffman.

RECEPTION

A reception was given in the home of the bride's parents. In the house party were Mrs. Clinton Williams and Mrs. Robert Hollcroft, aunts of the bride;

Mary Lynn Hale and Larry Von Hale of Glenview, Ill.; Carolyn Lynn Williams, Ricky Williams, Clint Williams, Bill Smith, David Smith of Panhandle, all cousins of the bride; Miss Donna Cleek, Miss Sandi Smith and Mr. and Mrs. Richard Nunn.

Following a wedding trip to New Mexico, Mr. and Mrs. Purvines will be at home in College Station, where the bridegroom is a junior at Texas A&M University, majoring in agricultural economics. The bride is a junior student at Baylor University, in Waco, where she is majoring in home economics.

PRE-NUPTIAL COURTESIES

Pre-nuptial courtesies included an announcement tea in the home of Mrs. Harold O'Neal, with Mmes. Phil Hawkins, J. L. Prendergast, W. T. Gray, Charles Smith and O'Neal as hostesses.

A miscellaneous shower was hosted by Mmes. L. R. Copeland, Mrs. Richard Nunn, Frank Robinson, A. J. Atkins, Ralph Metcalf, O. D. Smith, Wayne Cox, Calvin Murray and Maurice Garner. A lingerie shower was given by Miss Janice Smith and a kitchen shower, in Waco by Mrs. Cheryl Pitman and Miss Pam Bridgewater.

The bridesmaids' luncheon was in the home of Mrs. Smith, with other aunts of the bride, Mrs. Williams and Mrs. Hale as co-hostesses.

A dinner was given in the home of Mrs. R. F. Surratt, cousin of the bridegroom, with Mrs. W. C. Surratt, Mrs. J. I. Williams of Panhandle, and Mrs. L. E. Williams of Amarillo, other cousins of the bridegroom, assisting.

The rehearsal dinner was hosted by the parents of the bridegroom, Mr. and Mrs. Purvines.

About to paint a high ceiling? Follow these hints from the National Paint, Varnish and Lacquer Association. Rig a raised platform by putting a plank on the rungs of two sturdy stepladders. Allow the plank to extend at least a foot beyond the step of the ladder on which it rests. Make sure that the ladders are fully open and locked in position before you begin.

All About Women

Wanda Mae Hill, Women's Editor

Miss Glenda Givens, Dannie Jackson Heil Exchange Vows

MRS. DANNIE JACKSON HEIL ... nee Glenda Arlene Givens

Miss Glenda Arlene Givens and Dannie Jackson Heil said their double-ring wedding vows in a candlelight ceremony in the Church of Christ Sept. 1 at 8 p.m.

For the evening ceremony, three palms and two candelabra adorned the altar and two baskets of yellow gladioli decorated the church. Yellow and green satin bows marked honor pews.

The bride's parents are Mr. and Mrs. James W. Givens of 1402 E. Francis. The bridegroom's parents are Mr. and Mrs. Willie W. Heil of 1408 E. Francis.

BRIDE

Given in marriage by her father, with the "her mother and I" avowal, the bride walked to the altar in a formal, floor-length gown of chantilly lace over satin. The scalloped neckline and lace bodice was highlighted with tiny seed pearls and sequins. Its long tapered sleeves ended in petal point sleeves over the hands and were fastened with tiny, satin covered buttons. The back, fastened with small, satin covered buttons, flared in tiers from the waist in layers of lace and a tiny chapel train.

Her finger-tip veil of illusion was secured to a crown of satin in covered roses accented with tiny seed pearls. She carried a cascade arrangement of yellow and white carnations and roses.

Jim Kelly, assistant minister of the Church of Christ, performed the ceremony. The choir, directed by A. C. Cox, sang "I Pledge My Love," and Mrs. Peggy Martin sang "More," Mrs. Jeannie Hunter's song was "One Hand, One Heart."

ATTENDANTS

Miss Sheila Givens of Pampa, sister of the bride, was maid of honor. Miss Linda Cooper and Miss Gail Green, both of Pampa, were bridesmaids. All were dressed in Nile green brocade satin floor-length, A-line dresses with empire waists, scalloped necklines and slightly scalloped bell sleeves.

Each carried a cascade arrangement of yellow and white carnations tied with yellow rib-

bons. Candelighters were Miss Rhonda Hollis of Amarillo and David Givens of Pampa, the bride's brother. Tina Givens, and Lori Heil, flower girls, were dressed identically to the bridesmaids.

Walter Heil, brother of the bridegroom, was best man. Groomsmen were Charles Anderson and Danny Childers. Ushers were Harris Casey of Amarillo and Ricky Givens, brother of the bride.

RECEPTION

For the reception at the church, an ivory lace tablecloth over green covered the serving table. The centerpiece was of yellow and white arrangement of carnations.

A three-tiered wedding cake topped with a miniature bride and bridegroom under an arch, completed the table appointments.

Miss Alicia Heil, sister of the bridegroom, served punch. Miss Barbara Vance served cake, while Miss Janie Murphy registered guests.

For a short trip to Amarillo and Dallas, the bride traveled in a sleeveless orange A-line dress and matching jacket and wore white carnations lifted from her bridal bouquet.

The couple will live in Canyon where they are attending West Texas State University.

The bride is a 1967 graduate of Pampa High School and a freshman at WTSU. The bridegroom is a 1964 graduate of Pampa High School, and is a senior majoring in data processing at WTSU.

PRE-NUPTIAL EVENTS

Pre-nuptial courtesies included a bridal shower Aug. 18 hosted by women of the church in Mrs. Bobby Brazil's home, 711 Bradley Dr.

Out-of-town guests attending: Mr. and Mrs. Hugh Thomas and family of Mesquite; Mr. and Mrs. Junior Hollis and family of Perryton; Mr. and Mrs. Ralph Hollis and family of Amarillo, Mr. and Mrs. Harris Casey of Amarillo, Albert Ayer of Nashville, Tenn., Miss Donna Cleveland, Helen Hunter and Ray Jones, both of Borger and Miss Diana Sanders of Koma.

Miss Redman, R.E. Smith Wed in August Ceremony

Mrs. Gail Darlene Redman and Ronney Eugene Smith of Perryton were united in marriage in a single-ring ceremony Aug. 14 at the First Christian Church here. Rev. J. W. Duke, pastor of the Pampa church, performed the afternoon marriage rites.

The bride's parents, Mr. and Mrs. Joe H. Thomas, are residents of 1028 Crane Rd. The bridegroom is the son of Vernon Forrest Smith of Odessa.

Pampan's Niece Enters National Beauty Contest

Miss Rosemary Brown, 20, niece of J. D. Redmond, 1137 Juniper, is competing this weekend in the Miss America contest in Atlantic City, New Jersey.

She is the daughter of Mr. and Mrs. Reginald E. Brown of Carlsbad, N.M., and is entered in the contest as Miss New Mexico.

Miss Brown graduated from Carlsbad High School in 1965 and is attending Eastern New Mexico University in Portales, N.M. At the university she is a member of Chi Omega Sorority and of Spurs and has training in voice and piano.

Last year, Miss Brown, a blue-eyed blonde, was second runner-up as Miss Carlsbad. At the New Mexico pageant this year she won the swim suit trophy, a \$1,000 scholarship, \$500 wardrobe, \$52 hat, a watch and use of a new car for a year.

A former Pampa visitor, Miss Brown is majoring in home economics education.

'42' Party Honors Former Residents

CANADIAN — Mr. and Mrs. L. H. Bussard and Mr. and Mrs. Tom Hausler entertained recently in the Bussard home in honor of Mr. and Mrs. Dave McCubbin of Rogers, Ark. The McCubbins are former residents of this area.

The evening was spent playing "42." Refreshments were served to guests, Mr. and Mrs. Ollie Scott, Mr. and Mrs. Charles Thomas, Mr. and Mrs. Victor Schoenhals and the honorees.

Astrological Forecast

By CAROL L. RIGTER

FOR SUNDAY, SEPT. 10
GENERAL TENDENCIES: Except for very early in the morning when a somewhat beneficial aspect is in effect, this is a Sunday to do nothing that can arouse opposition from anyone who has any power whatever over your affairs and it is advisable that you avoid that temptation to speak sharply to anyone else for self-control kindness is necessary.

ARIES (Mar. 21 to Apr. 19) — You have to make sure not to argue if you are upset, promote and work done and also look into some new outlet. Later, get into some form of recreation. This will calm your nerves, relieve tensions.

Taurus (Apr. 20 to May 20) — Don't follow that intuitive thought that could lead you to have a serious argument with closest tie. A partner is having some kind of trouble. Listen carefully but do not add fuel to present smoldering fire. Show understanding.

GEMINI (May 21 to June 21) — Be certain to carry through with portions of or full promises made to partners and then discuss matters of policy instead of arguing. Do not stir up emotions at home, either. Maintain harmony there, also.

MOON CHILDREN (June 22 to July 21) — Clearing up some problematical labor after it is done in a.m. on this day of leisure, but take time to listen to some spiritual leader. Tomorrow you can handle it very easily and well. Show that you have wisdom.

VIROGO (Aug. 22 to Sept. 21) — Try to do whatever you can around the home yourself instead of expecting so much of others. Avoid arguments. Start a little peace is very important right now. Then have a happy time together in p.m.

LIBRA (Sept. 22 to Oct. 21) — There are some rather troubling conditions that are bothering you, so get straight at them and stop arguing so much. Plan time so that you get information from others and then give each problem its proper attention.

SCORPIO (Oct. 22 to Nov. 21) — This is not a good day to give helpful suggestions to good friends, so await a better time. Contact influential persons and plan to get backing from them. These study books of record in p.m.

SAGITTARIUS (Nov. 22 to Dec. 21) — Listen to what higher-ups have to say before you contact others in the world outside of your home. Safeguard your reputation, though, or you may show others that you are a person of wisdom and character.

CAPRICORN (Dec. 22 to Jan. 20) — You have some very clever ideas from men of high principle if you think along broader lines and stop fretting over small matters. Forget that gossip who depresses you and stick with newswomen.

AQUARIUS (Jan. 21 to Feb. 19) — Forget usual advisor and listen to what a good pal has to suggest for your betterment, success. Later, forget money matters and go out to the social. Dress attractively as possible; make a good impression on others.

PISCES (Feb. 20 to Mar. 20) — There is an opportunity now to make ideas understood and comprehend their ideas and will cooperate fully. Then the future will be more successful for all concerned. Get personal ties improved, also.

IF YOUR CHILD IS BORN TODAY: . . . he, or she, will be one of those fascinating young ones who will be very blunt with others, especially if their ideas are different, since there is a desire for perfection here. Teach first to do his, or her, duty without taking on too much time to criticize others, and then the success here is remarkable.

FOR MONDAY, SEPT. 11
GENERAL TENDENCIES: Charming others by making some straight-out-and-out compliment that they would like can turn some potential disadvantages under which you are laboring into an active victory. But tonight be careful you do not criticize one who is very sensitive and requires that you handle him or her, with the best of love.

ARIES (Mar. 21 to Apr. 19) — You are inspired to give a newcomer more leeway for his support in the days ahead. Do whatever will make you more charming in every way. Then it will be much easier to persuade others to your way of thinking.

Taurus (Apr. 20 to May 20) — You can please a particular member of your family now by buying some item he, or she, desires and should do so. Be sure that you also show others that you appreciate them. Increase harmony at home.

GEMINI (May 21 to June 21) — Contact those who are not too distant and to them what your aims are. Be sure you know just what to say to one who is of a philosophical bent. This could be your most important contact.

MOON CHILDREN (June 22 to July 21) — Monetary affairs now require your

84-Year-Old Lefors Twins Claim Title As Oldest Southwest 'Look-Alikes'

By MRS. D. C. READ
News Correspondent

LEFORS (Sp.) — Mrs. Ludia Carruth and Mrs. Dovie Douglas, both 84, and identical twins, live in a quiet atmosphere in a white stucco home and spend many hours with their hobbies and watching TV. They keep themselves young at heart by helping out in different activities in the church and being interested in what goes on around them.

They first realized they might be the oldest twins in the Southwest when they read about the twins born in 1884 in New Mexico, and wondered if they might lay claim to the title of being the oldest since they were born Oct. 13, 1883.

They live together and are as devoted as most twins always are and love to do things together. Mrs. Douglas came to live with Mrs. Carruth six years ago after a few years of living by herself and with family at times.

Both are widowed and love to talk about their families and grandchildren especially. Mrs. Carruth has 14 grandchildren

and seven great-grandchildren and keeps up with all their activities. Mrs. Douglas has two grandsons which she loves to talk about.

Mrs. Carruth has two sons; Ralph, who lives at Dumas with his family, and Raymond, who lives at Borger with his family; Mrs. Floyd Mathis who lives at Tyrone with her family, Mrs. Joe Inman and family live at Dallas. Mrs. Douglas has two sons, one deceased (Hoyt) and Loren at Fort Worth.

Mrs. Carruth and family came to this area with her husband when they drove a herd of cattle, and they leased a ranch, outside of Lefors. They lived at Pampa when the oil boom hit this area, in 1927. They moved to Lefors in 1929 and Mr. Carruth

worked as a pumper in the ette, Ga., on their father's farm and came to Texas with the family when they were 10 years old. They settled at Whitewright and later moved to Alstyne.

The twins were born in Lafayette, La., on their father's farm and came to Texas with the family when they were 10 years old. They settled at Whitewright and later moved to Alstyne.

POSSIBLY OLDEST TWINS

Skellytown WMU Circles Name Leaders

SKELLYTOWN — The two WMU circles, which are "The Kessia Mae Seagriff" and "The Elizabeth Cash," met together recently in the Fellowship Hall of the Skellytown First Baptist Church for a Royal Service Program which was presented under the direction of the Program Chairman Mrs. Walt Shair. "An Accelerated Witness to an Exploring and Shifting Population in the United States" was the program topic.

Women participating on the program were Mmes. Irvin Brown, Muriel Rogers, M. L. Mercer, Roy Paul Thurmond, Garrett Bewley. Others attending were Mmes. Jimmy Davis, O. G. Grant, Bill Thompson, Paul Thurmond and Bill Campbell.

New officers for the coming year were elected. They are as follows: president, Mrs. Muriel Rogers; vice president, Mrs. Jimmy Davis; secretary and treasurer, Mrs. Bill Houghton; program chairman, Mrs. Walt Shair; mission study chairman, Mrs. M. L. Mills; prayer calendar.

undivided attention, so be sure to give it them. See that your clothing is more modest. However, do not go in for anything that is ostentatious. Be dignified.

LEO (July 22 to Aug. 21) — You have to plan both romantic and social life better if you are to be more successful in such spheres. Show real devotion to the one you love. This can be an evening full of happiness for you.

VIROGO (Aug. 22 to Sept. 21) — Be courteous with experts and they give you benefits of their ideas. Their know-how, clearer the information you require. Evening can be particularly delightful with your mate. Show that you have a sense of humor.

LIBRA (Sept. 22 to Oct. 21) — Meeting with congenials is fine provided that it is some place that is mutually enjoyable. You know exactly what you like to do. Diplomatically talk others into it, discussing, trading, whatever.

SCORPIO (Oct. 22 to Nov. 21) — Show a higher-up that you are very practical where money is concerned and you make a good impression on him. You gain more respect from others by showing you have common sense. Be very clever.

SAGITTARIUS (Nov. 22 to Dec. 21) — You have certain ideas about which you have done nothing and can now be pursued with real success. Be more broad-minded with one whose thinking is different from your own. The success that you have expected follows quickly.

CAPRICORN (Dec. 22 to Jan. 20) — Be more sedate in handling responsibilities today so that you give your nerves a rest. Do not show jealousy where mate is concerned. Try to live a more placid life all together and you will be much happier.

AQUARIUS (Jan. 21 to Feb. 19) — Your associates have some plan that you want to take part in, so do your utmost to convince them that you should be included. Steer clear of arguing with anyone. Mind your own business strictly.

PISCES (Feb. 20 to Mar. 20) — Getting your work done in such fashion that you improve your own position as well as that of co-workers is fine. Take that chip off your shoulder or you lose backing. Do your laboring in a most enthusiastic way.

IF YOUR CHILD IS BORN TODAY: . . . he, or she, will have a most unusual charm and thereby be able to settle arguments with others very easily. Also, teach early that a kind word is the best in such instances. A career where helping to solve the difficult problems of others is the main interest would be ideal here. A boon to humanity in this chart.

Miss Sally Banks, Larry Michels Say Vows in Skellytown

Miss Sally June Banks became the bride of Larry Allen Michels in a double-ring ceremony at 8 p.m. Sept. 2 in First Baptist Church of Skellytown with Rev. Murie Rogers officiating. Vows were said before an altar appointed with seven-branched candelabra entwined with salal leaves and baskets of white gladioli.

The bride is the daughter of Mr. and Mrs. John F. Banks of Skellytown. The bridegroom's parents are Mr. and Mrs. Kenneth Michels of Commerce.

BRIDE

The bride was given in marriage by her father with the "her mother and I avowal." She wore an Empire gown with an Alencon lace bodice embroidered with seed pearls. The A-line skirt and removable train were of silk organza over taffeta. Alencon lace appliques embroidered with seed pearls and sequins were repeated in a design on the skirt and train.

Her shoulder-length veil of candlelight silk illusion fell from a lace-coif embroidered with pearls and sequins. Her attire included the traditional "something old, borrowed and blue," and she wore a penny in her shoe.

She carried a cascading bouquet of white carnations and cymbidium orchids atop a white lace-covered Bible. Her jewelry included a pearl necklace belonging to her mother and a pair of diamond and pearl earrings, a gift from the bridegroom.

ATTENDANTS

Maid of honor was Miss Sue Ann Scally of Commerce, aunt of the bride. Bridesmaids were Miss Sandra Kay Burns of Arlington, the bride's cousin, and Miss Cheryl Michels of Commerce, the bridegroom's sister. They wore A-line dresses of bright pink silk organza with matching veils and carried cascade arrangements of feathered

pink carnations and clusters of pink grapes.

Mark Ward of Commerce was best man. Groomsmen were Bobby Babcock of Groom and Michael Banks, brother of the bride. Ushers were Charles Parrish and Don Roy of Commerce.

Organist, Mrs. Winfred Simmons, played traditional wedding music. Vocalist, Mrs. Lowell McBroom of Panhandle, sang, "Because," "Whither Thou Goest," and "The Wedding Prayer."

For her daughter's wedding, Mrs. Banks chose a pink lace dress and matching hat with other accessories of white. The bridegroom's mother wore a turquoise silk dress with matching accessories. Both wore white glabella corsages.

The bride's parents were hosts for a reception in the church Fellowship Hall after the ceremony. Assisting at the reception were Miss Janie Burns of Arlington, Mrs. Linda Banks, of Amarillo, cousins of the bride; Mrs. Doris Burns of Arlington, the bride's aunt, and Miss Lynn Hand.

The bride's table was overlaid with a floor-length cloth of embossed net over polished cotton and was ornamented with white tapers in crystal holders and a centerpiece of white mums and pink carnations. At opposite ends of the table were a crystal punch service and the bride's cake. The four-tiered confection was encircled with white roses and crowned with a miniature bridal couple beneath an arch of white net.

At the bridegroom's table, coffee was poured from a silver service. His cake was a chocolate confection covered with white roses. The centerpiece was white mums.

Pink tulle bags filled with rice and tied with pink satin ribbons were presented to wedding guests.

The registry table was covered with white lace and was adorned with pink roses in a white bud vase.

For a wedding trip to Galveston, the bride wore a navy dress of dacron voile with white accessories and an orchid corsage from her bridal bouquet.

The couple will live in Commerce where both are juniors

at East Texas State University. **PRE-NUPTIAL COURTESIES**

Mr. and Mrs. Kenneth W. Michels were hosts at a rehearsal dinner Sept. 1 in Berger for members of the wedding party and other guests. Table decorations were white mums and ceramic dolls representing the bride, bridegroom and attendants.

Mr. and Mrs. Ben Hand were

hosts at a pre-wedding luncheon for the bride, bridesmaids, and other house party members.

Out-of-town guests included Mr. and Mrs. Kenneth W. Michels, Miss Cheryl Michels, Mrs. Lola Scally, Miss Sue Scally, all of Commerce; Mr. and Mrs.

Fall Fashions Come In Glitter Designs

By GAY PAULEY UPI Women's Editor

NEW YORK (UPI)—It's the glitter look head to foot in fall fashions.

In the glitter at the top department, there's a pillbox hat decorated with 14,108 rhinestones of assorted sizes and shapes. A foot, high-high boots to go with mini-skirts are bordered with rhinestones and have rhinestone clocks up the sides.

That sparkle-studded hat comes from Stanley Hagler, a New York jeweler. For fall he also has included jeweled bibs and "coveralls," worn from throat to waist on otherwise plain late day or evening dresses.

Desco of New York added the rhinestone trim to black boots. The firm also added gold braiding to knee high boots in beige, finishing the braiding with a curl at the toes in the manner of harem slippers.

These were among some of fashion's fixin's on view at "Accessorama," an event which is part of the New York Couture Group Business Council's semi-annual fashion shows for the nation's visiting press.

New accessories lower the boom on gloom, in the weather department. Now there's an umbrella called the "clocktail," a Polan Katz of New York design. This one has the pattern of a clock on it, the hands and giant numbers rhinestone-studded.

If that umbrella doesn't send you, choose a bumbershoot done to look like a Tiffany lampshade with its stained glass effect, or one that opens into an eight-ribbed square, in alternate sections of black and white.

Glitter goes into handbags in the form of shoulder length chains or huge, metal buckles. Several manufacturers of ready to wear showed their fall collections Friday. Highlights from each:

Davidow: This firm, famous for its classic suits, is also in the ensemble business. Handsomely styled dresses, many in solid tone wools, were shown with tweed greatcoats, often with deep pleats or belted back. Another new combination with the firm: The double breasted suit and double faced coat, as in one suit in black and beige glen plaid, the coat faced with beige wool twill. The coat also could be paired with a low-belted

beige twill dress.

Ginola: This firm featured the costume, usually a coat and dress combination, in wool gabardine. Full-length topcoats were cut narrow through the shoulders with just a trace of fit before flaring out to easy hemlines. Closings were both single and double-breasted and beneath were neat little gabardine dresses, either sleeveless or cap sleeved.

Nat Kaplan: Dresses looked like coats or elongated versions of the shirt were made into dresses. New fabrics included wool twills, gabardines, textured crepes, and petit point silk and worsteds.

Ben Barrack: Like most of the Seventh Avenue manufacturers, the firm featured gray flannel anew. For day, it showed in elongated versions of the shirt with white satin bow for a schoolgirl effect. And for evening, the flannel came belted and finished off with a giant rhinestone buckle.

TOPLESS BELL BOTTOMS ye! That's Carol Katzenbach's answer to the mini-skirt, which she thinks is on the way out. Carol of Dayton, Ohio, strolls down Main-Street in her half-mast version of nautical-garb.

MINI-NOTHING AND LOTS OF SHAPE is the message that rings true and clear from the Paris designer collections for fall '67. Left to right, floor-length, long-sleeved shift by Yves St. Laurent glitters with embroidery. It is in all green silk crepe. White wool knee-length coat by Meivneux is cut on circular lines. It is lined in chocolate brown crepe, the fabric used in the accompanying dress. From Marc Bohan of Dior comes this slender evening ensemble in striped orange and gold lame matelasse. Crahay for Lanvin presents this trouser evening costume with slender maharaja tunic, topped by a tailored coat. It is in orange lame, with silver booties and a jaunty beret.

Fall Season Offers News for Bridal Trousseau

By HELEN HENNESSY
Women's Editor
Newspaper Enterprise Assn.
NEW YORK (NEA) — Fall is a big season for weddings and the season offers good news for the bride who is getting together her lounge-wear trousseau. The romantic long gown is back. Twiggy, mini and groovy styles may reign supreme by day, but in the late quiet hours, at-home clothes have never looked more elegant and feminine. What's around right now in romance via the clothes line? If you're slender, empire gowns gathered under the bosom with tucks, ribbons or gathers are great. Body skimming shifts often slit to the hip, free flowing tents, Far Eastern caftans, palazzo pajamas and swishy culotte dresses are right for any figure type. Tall brides look glamorous in ankle-length Grecian-styled skirts that enhance their statuesque appearance. Gone are the wishy-washy pastels. Trousseau lounge-wear now comes in strong true shades like sunny yellow, lush peach, bright grass green, deep pink and jungle violet. The colors solo or combine into zingy stripes, Pucci-type prints, geometric and abstract patterns. Ankle-length peignoir sets, robes and gowns have been gone from the bridal fashion scene because of the time and effort needed to keep them bandbox fresh. But fabric manufacturers today have played Cupid and created luxurious man-made tricot fabrics for all of the latest at-home looks. Machine washable and dryable tricot fashions need little if any ironing. And "after the honeymoon is over" the stereotyped tableau of the young wife wearing a wrinkled robe over a droopy, faded gown as she serves breakfast to a husband hidden behind the morning paper is a catch and keep his eye only on her. And that's where she wants Today's loungewear will.

Women's Group Has Groom Meet

GROOM—Members of Groom Hereford on the regular club meeting date. Mrs. A. C. McAvoy presented a feather flower making demonstration. The hostess gift was won by Mrs. McAvoy. Those present were Mrs. McAvoy and Mrs. Jimmie Kirby, guests and members, Mmes. Glynn D. Harrill, Harris Barnett, Robert Kuhler, and the hostesses, Mrs. Jim Hermesmeier and Mrs. Charlie Hermesmeier.

Believe It or Not, the Mini Is Fini

By ROSETTE HARGROVE
NEA Staff Correspondent
PARIS — The "mini" is "fini." So is the era of Lolitas. That is the message conveyed in the hundreds of designs which were shown in the Paris collection for Fall '67. There is no cut-and-dried skirt length. The individual designers have followed their own sweet fancy on that score. The most generally adopted length hits the knee-cap. But there are also some hems which go inches further downwards. Altogether, the picture for next autumn is far more feminine and sex-appealing than it has been in many seasons. No more understated, starkly simple styles. Jabots and frills flutter from neckline and sleeves. Fringe and fur hem skirts and coats; chins disappear in soft fur collars. Skirts swing with pleats or a circular cut. Jackets gently re-emphasize the bust and hips. No more tents to hide bulges. Even the skimmers and shifts which appear here and there cling to the figure. Cullottes, Bermudas, knickers and tailored slacks appear in every collection, the latter for evening as well as daytime. Capes are very important and, while they demand certain fashion sense to be worn with flares, they are sure to appeal to women. They vary in length from the hip-length to down-to-the-floor romantic numbers and are often fur-lined. Black has made a definite comeback. Every designer showed dozens of little black dresses. But only St. Laurent's had a pert, cheerful look. The others looked sad. The outstanding note in accessories are stockings exactly matching the ensemble. This gives a smooth, continuous line. Lots of dark browns and much black in opaque and lacy form, as well as all the rich autumnal shades. Belts, usually two to three inches wide, are placed above, below or at the normal waistline. Boots of every description and height stalk throughout the day and often into the night picture. LANVIN is strong on minibus but maxi-skirts. Designer Jules Crahay has produced an exciting collection where pleated taffeta pantalettes in scarlet, green, yellow or purple peep out from swirling mid-calf black dresses — very, very Naughty Nineties. Waists here are marked by a belt above the natural line. The glitter, always part of the Lanvin picture, comes in the shape of bead or sequin streamers which make sleeves or are strung from the neckline down to the hem. PATOU — Here Michael Goma, the stylist, has accented the youthful, carefree style with a faint aura of the 1930s. His suits have blouson jackets cinched at the waist with a belt or a band of tricot which also reappears at the cuffs. With these go swinging, circular skirts which stop above the knee. Long-visored jockey caps in patent leather, velvet or fur are part of the daytime picture. BALMAIN showed his usual subtly elegant clothes for clients with large bankrolls. This season, however, his silhouette is somewhat disconcerting — a flattened bust and normal waistline which stems back to the days of the Charleston. His hems are mid-knee. For evening, there are some beautiful sheaths with yokes or deep "obi" waistbelts in glittering, gold and colored cabochon embroidery. He also showed a group of sheer, ribbon-embroidered or Chantilly lace dresses ending in handkerchief points just above the ankle. DIOR — To mark the 20th anniversary of the house, Marc Bohan produced a collection in which black is triumphant, heralding, too, the return of the shirtwaist and other early-Hollywood gadgets. There are slick mannish topcoats and circular capes. His suits are slick and wearable with skinny, hip-length jackets over circular skirts, often completed by circular capes. For daytime, stockings are either black or in dark autumn shades. For evening, they come in bonbon colors exactly matching the dress and shoes. CHANEL's fall collection was colorful with reds, pinks, blues and greens in exclusive and unusual striped and patterned wools and glittering lames which captured all the colors of a fireworks display. Her new gimmick is the use of printed panne velvet in Op Art designs for cocktail and evening suits and dresses which feature rich, glowing "Cathedral" blues, bronzes, greens, gold and reds. Her jackets are slightly longer and follow the figure more closely. Skirts are mid-knee or longer. For evening, she revived her full, swaying gypsy skirt attached to a simple straight bodice with straps. PIERRE CARDIN is still slightly space-age minded. This season he is also cape-minded. Tricky cape coats or capes in striped fabrics are worked so that one side is vertical and the other horizontally striped. Cardin has not discarded his little straight up-and-down shifts tricky cutouts. He features these for wear from dawn till night. As for hemlines, Cardin's hover just above or mid-knee for daytime. Evening dresses have asymmetrical hems — down to the floor at back and almost mid-thigh in front. Others finish in handkerchief points. SAINT LAURENT — Yves St. Laurent had lots of new looks but best were his copies of Chanel. They were all obviously Chanelisms, but made to look young and pert. The black, low-belted dress with white collar and cuffs and a big white gardenia at the neck, for example, Chanel created before St. Laurent was born. Yet Yves showed it in his recent collection. Among his own new looks is his famous chain belt, which turned up everywhere from waists to hats to shoes. His suits are a complete departure from Chanel. They have high Chinese collars, long jackets and big patch pockets. His dinner dresses have embroidered yokes and short, ostrich feather skirts and fringe turns up again on evening jumpers done in suede with high turtle necks. For the woman who can't wear the long, skinny jacket, bolero jackets stop above a wide fringe belt. Big scarves flung twice around the neck are all part of the St. Laurent look.

BRIDAL BOUQUET tossed on tricot in a profusion of pink morning glories (left) provides the delicate print for this lace-trimmed, ankle-length robe. Elegant caftan traced in lace (right) is worn over a silky white column of bridal beauty. These are of Burlington tricot by Lucie Ann.

by Abigail Van Buren

DEAR ABBY: My daughter was married last Saturday at a beautiful, large church wedding, and she and her husband are now away on her honeymoon trip. She asked me to open any wedding gifts that came in her absence, so I have. Today she received a big gift-wrapped box filled with baby things, disposable dapers, rattles, baby powder, etc.

If this is someone's idea of a joke, I fail to see the humor in it. What is your opinion of such a gift to a bride?

HER MOTHER: If she's not pregnant, it's a practical joke. If she is, it's a practical gift.

DEAR ABBY: Why are men so inconsiderate? My husband asks me out for dinner with an hour's notice, and I always have to say no. If he had asked me in the morning I could have had my hair done so I'd look nice for dinner.

He bought expensive tickets to a sports event and asked me to go the night before. Since he usually works on Saturdays I had the day pretty well outlined and there are some things you can't change the last minute, so I told him to invite a fellow. He was annoyed.

He used to ask me for a date in plenty of time before we were married. Why not now? He said if I really loved him I'd drop everything just to be with him. I DO love him, but I would like to train him to know he can't get me on an hour's notice. Am I wrong?

"CINCY": Lady, you are crying "famine" with a loaf of bread under each arm. If you don't have a portable hair dryer, buy one and put your hair up at the last minute. Or buy a few turbans for those days when your hair needs doing. Rearrange your schedule, but always be available, or you're apt to "train" him to quit asking you and to make other last-minute arrangements.

DEAR ABBY: I will be married in a couple of weeks. My fiancé, Gary, and I get along very well, except for one detail. Ironing!

I have an exceptionally good job, and Gary wants me to continue working after we are married so we can put a substantial down-payment on a house. This is fine with me, but I feel as long as I will be working, I should at least be entitled to send Gary's shirts out to be ironed. He wears 6 white shirts a week and that's a lot of ironing.

Gary thinks nothing of spending \$5 a week to bowl with the boys, but he thinks it's ridiculous for me to spend 15 cents a shirt to have them ironed, when I can iron them myself on the

night he bowls. On that night I want some leisure time of my own. Am I wrong to feel this way?

FLORISSANT: No! Stand pat. And how wise you are to iron out all these knotty little problems before you're married.

CONFIDENTIAL TO ETHEL IN BEVERLY HILLS: Do not waste any more time on that bald-headed bachelor. He's the "detergent type" — works fast and leaves no ring.

Troubled? Write to Abby, Box 69700, Los Angeles, Calif., 90069. For a personal reply, enclose a stamped, self-addressed envelope.

Hate to write letters? Send \$1 to Abby, Box 69700, Los Angeles, Calif., 90069, for Abby's booklet, "How to Write Letters for All Occasions."

THE ANTIQUITY OF MEXICO serves as background for the most contemporary idea of disposable dressing. The long caftan (left) is styled with a placket front and heightened collar from a nonwoven fabric. Add some glitter jewelry and step out for a summer dance in style. Plans for dinner and a night on the town might call for this fitted and flounced dress by Ann Pakradoni. Tuscany designs a "throwaway" shift (right) perfect for touring. Riotous shades of hot pink, emerald, navy and yellow mix in a psychedelic pattern. Tunnel collar can be zipped up or folded into a cowl effect. All these designs are in fabric containing Avisco rayon and all can be thrown away after a few wearings.

Miss Wainscott Suggests Home Safety Ideas

Home, sometimes thought of as a haven of safety and security, is not always so safe, points out Miss Jimmie Lou Wainscott, Gray County home demonstration agent.

The specialist quotes 23 million accidents yearly occurring in the home. Last year this figure included from 4 million disabling and 22,000 fatal. The accidental fatality toll in the home rates second only to death on the highway.

Home and its surroundings harbor two-thirds of all children's accidental deaths and almost half the fatalities of people 65 and over, Miss Wainscott reminds.

Statistics show nearly one-half of these accidents attributable to falls; 6,000 resulting from burns and fires; and 10,000 more of a variety of causes.

According to 1966 reports from the Council on Family Health and the National Safety Council, someone is injured every 7 1/2 seconds and a death occurs every 10 minutes.

"Studies indicate nine out of ten home accidents are preventable," says Miss Wainscott. She suggests that home accident prevention include good lighting for stairs or steps;

ESA Sponsors Mexican Fiesta Party

CANADIAN — Using a Mexican Fiesta theme members of the Epsilon Sigma Alpha Sorority held the final rush party of the season recently in the home of Mrs. Tommy Updyke.

South of the Border dishes were served on the patio to guests in traditional Mexican dress. Slides of Mexico were shown following the dinner.

Mrs. Jim Payless, president of the organization, and Mrs. E. H. Morris, educational director, told the rushees about ESA.

Rushees present were Mrs. Bob Killebrew, Mrs. Jerry Schafer, Mrs. David Cleveland, Miss Aurelia Garcia, and Mrs. Gene Sotck.

Members present were Mmes. Sue Cecotti, Winfred Bauer, Bill Popham, Richard Northcott, John Ramp, Jerry Smith, and Mmes. Bayless, Morris and Updyke.

DECEMBER WEDDING

Miss Patsy Vaughn

Mr. and Mrs. Jack B. Vaughn of 2109 Christine announce the engagement and approaching marriage of their daughter, Miss Patsy Vaughn, to Danny Leon Strawn, son of Mr. and Mrs. M. W. Strawn of Lubbock. Wedding ceremonies are planned for Dec. 2 in the First Christian Church. Guy Caskey, minister of Harvester and Mary Ellen Church of Christ, will perform the ceremony.

The teens go back to school in a variety of dress shapes. Silhouettes for the younger girls include the A, the flare, the flowing from a yoke, or flounced from low-dropped belts. Divided skirts get a new name—"scholottes." These are styled with deep inverted front plaits, starting above the natural waistline and making them look more like modified tents than culottes.

New for the home bartender is a cordless electric "pumper-matic" pour spout that will fit any bottle. At the touch of a fingertip, it will shoot exactly the amount of beverage desired into a glass. And a mix and "pour-o-matic" glass container mixes drinks in seconds with a rotary blade and pours them at the touch of the fingers.

Brows Now Come On Soft

By PATRICIA KING
NEA Beauty Editor
NEW YORK (NEA) — "The eyebrow affects the facial expression more than any other facial feature," explains Mr. Kenneth, hair-stylist for Jacqueline Kennedy and others of New York's beautiful people bunch.

Kenneth believes that the prettiest brow is a light brow, one that will enhance the eye and never attract attention to itself. For this reason he suggests using dark brown, light brown or charcoal eyebrow make-up. "No woman should use black on her eyebrows," he said.

Pretty brows, like pretty girls, come in all shapes and sizes, yet eyebrow styles change from time to time.

Making news this season is the brush-on brow, which gives a softer effect than the eyebrow pencil. To apply it, use the stiff little brush designed for the powder, drawing the color against the brow first. Then brush on short strokes in the direction in which the brow grows.

Eyebrows are appearing thinner than in recent years and Paris salons are trying hard for the skinny, 1930's brow. American beauty houses are also slimming the brows in the belief that less brow means more beauty and a more natural look.

Hair that swoops down past the cheekbone demands a smaller, straighter brow. Therefore, women with falls or long

hair are finding their high-arched, rounded brows look all wrong with longer hair.

The fashionable brow should extend no more than a fraction of an inch beyond the outer edge of the eye. The Egyptian eyebrow is passe. No longer do you extend your browline toward your hairline.

The broad face is most attractive when the brow tapers a quarter of an inch beyond the eye socket.

The thin face brow should end short of the eye socket at the outer corner.

The round face requires a peaked brow, close to the outside corner. The long face brow should be roundly arched.

Reshaping by plucking the brows should be done when your face is freshly cleansed. To pluck without pain, steam the brow area with hot water. Spread a thin layer of petroleum jelly over the area to soften and lubricate the skin so that tweezing doesn't hurt.

Using a sharply pointed pencil, draw an outline of the brow shape you want before you begin to pluck. Remove only the hairs that stray outside the line. After plucking, cleanse your face again and apply eye cream to the brow area for that extra bit of pampering.

Optimists Attend Family Activity

LEFORS — The Lefors Optimist Club held its family night Sept. 5 in the Old Gas Office with a good attendance.

Members and families were served refreshments after a brief business meeting.

Ben White presented Chestine Dunn, Guy James, and Joe Jernigan with trophies for their sportsmanship during summer recreation activities.

He also presented perfect attendance awards to Ralph Hix and Neal Cates who were present for one year. Bob Klein and Dick Sierman were not present for their one year pins. Wayne Moxon and Jessie Ring received three year pins for their attendance. Ben White and Chestine Dunn received seven year pins.

Those attending were Msrs. and Mmes. White, Cates, Moxon, Dunn, Ring, Klein and Mr. and Mrs. Ralph Hix and guests Mr. and Mrs. J. C. Jergan and Guy; Mrs. G. W. James and Guya and Mrs. D. C. Read.

The National Safety Council says that a total of 1,172 drownings in boating accidents were reported to the U.S. Coast Guard in 1966. There were also 146 other deaths in boating accidents.

CAGEY LOOK, or black widow's web if you prefer, is the idea of noted London milliner Simone Mirman. The lattice-cage veiling beneath the pillbox hat falls below the wearer's shoulders.

Child's Happy State

By BETTY CANARY
Newspaper Enterprise Ass'n.
Surrounded as I am by the Munch and Crunch Bunch, it is always a bit of a shocker when I get with people who do not understand children.

In order to reach the happy state of understanding, I feel the first thing an adult must understand is that the child really doesn't want to be understood.

The other half is, I think, knowing that when they are writhing around moaning "You don't UNDERSTAND me!" what they really mean is, "You won't let me do what I want."

It is really the adult I don't understand. Take the people who believe everything a child tells them. Now I don't exactly think children lie all the time but when a little boy down the street tells me he has to feed the tigers he has in the basement, well, I look askance rather than view with alarm.

Cissy's teacher really believed, along with the kids in class, when Cissy said she had had heart surgery. During health class I guess they discussed the marvels of medicine and Mrs. James mentioned the wonders of heart research. Don't ask me why, but Cissy said she had been operated on.

Mrs. James asked Stu about it during lunch hour. He, not wanting to put his sister on the spot, yet wanting to stop short of being what in these parts is known as a Bare Faced Liar, said, "We just don't talk about it... trauma and all, you know."

New Colors, Patterns Spark American Men's Autumn Styles

By GAY PAULEY
UPI Women's Editor
NEW YORK (UPI)—Male fashions for fall and winter take on new boldness of color and pattern, but the American male plumage still isn't directly from Carnaby Street.

In the color department, what is bold for men are the cinnamon, teal, olive and orange tones forecast for fall. Zowie! But they're drab when put alongside the psychedelic yellows, greens, oranges and reds of women's wear. Nothing named. "Ignition red" nor

"dynamic green" for the boys, as there is for girls.

In pattern, the plaids move into trousers as well as jackets, but the nearest thing to match any of the checkerboard squares of women's suitings is a "walking suit" in muted blue and brown windowpane checks. And it's strictly for sportswear, says the American Institute of Men's and Boys' Wear, Inc. (AIMIBW).

The institute, in a rundown of men's fashions from hat to square-toed boot, says that "elegance is the key word for

the new season.

Elegance, according to Webster, is polish, urbanity, tasteful richness, or refined grace.

To the institute the elegance is "easy" as a spokesman, Norman Karr, put it.

"Men are more fashionable," he said, "and they're doing it without tears. They've decided, 'if someone is brave enough to wear that in Carnaby Street, maybe I should venture a little.'" London's Carnaby shops for both men and women set off the "mod" of new off beat color combinations and styles that have swept the world.

Karr spoke at the institute's style show held as part of the 10 day series of shows for visiting fashion reporters. The shows, covering all facets of ready-to-wear, ended Friday.

Most of the brighter tones in American men's wear are still in the sports and casual division. The institute's forecast is for thousands of turtle-neck sweaters in assorted oranges. Some reds move in, especially in the glen plaids, and a muted red is blended with brown in something else to look for—the crew-neck-sweater with separate scarf. At the institute's show, a sweater knit scarf measured a foot-wide and six feet long.

A look through the institute's program produced these other colors in leisure wear: green heather, rust, gold, burgundy, cinnamon, camel, carmel brown, brown-black, white and aqua.

Coming in is the business suit in a heather green, a dull tone with an olive and bronze cast, worn with striped, muted green shirt. And in shirts, watch for a new blue, called French, a deeper shade than the pale blues now standard in shirting.

SAFETY HINT
from the Red Cross

To stop bleeding use direct pressure. When the wound is large, like the one illustrated here, keep piling large quantities of cloth over the wound, one piece on top of another, and use continuous pressure to check the flow of blood.

Miss June Ann Grider

Mr. and Mrs. Jack Grider of Waco announce the engagement and approaching marriage of their daughter Miss June Ann Grider, to Terry Patrick Nash, son of Mrs. Ruth Nash of 1113 S. Sumner. The wedding is planned for 7:30 p.m. Nov. 4 in Highland Baptist Church in Waco.

The bride is a 1965 graduate of Richfield High School in Waco where she was a member of the Student Council. She attended Navarro Junior College in Corsicana and was a member of Phi Beta Kappa. She is presently employed with Southwestern Bell Telephone Co. in Waco.

Her fiance is a 1965 graduate of Pampa High School, and attended Navarro Junior College. He is employed in Waco with the International Paper Co.

The Pampa Daily News

A Watchful Newspaper

EVER STRIVING FOR THE TOP O' TEXAS TO BE AN EVEN BETTER PLACE TO LIVE
The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities.

We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license, nor anarchy. It is control and sovereignty of oneself. No more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

King: Whipping Boy

There are no admirers of Martin Luther King, Conscious Communist, as the conspiracy lovers, or mixed-up "socialist" advocate, as others call him, the fact is, the man's ascribed with socialistic theories, economic claptrap as a key is with dressing on Thanksgiving Day.

Without doubt too, King, with his inflammatory speeches, has contributed more than his share to the nation and other unrest. His aims of being a pacifist andocate of peaceful solutions, followed with deeds that the government uses taxing and confiscatory power to take from some and give to others (as President Johnson said), would be ridiculous. It would be ridiculous to think that the government that they implant the defoliant in the minds of a King, in this respect, is more criminal or dangerous than Johnson himself, or Sar-Shrivers with his "poverty program" financed with plundered funds, or Congress itself, that matter, for appropriating such funds under its cloak of giving to the poor, and blessings to political, getting bribery and mas-theft.

Inflation Villain

By business as well as government spokesmen look for a nation of rising prices. It is a strong likelihood that will again see a wave of sweep the country. But, which direction will the price be aimed? Will retailers be more blamed for high prices, when they are forced to along to consumers the consequences of government policies leading to a further decline in the value of the dollar?

Birth Rate May Change

Demographers — professional counters — are happy the nation's steadily declining birth rate, which this year will reach a record low. Characteristically, they warn that it's too late to celebrate our escape from a totally unbalanced nation. One reason for the present birth rate decline, according to David Goldberg, University of Michigan sociologist, is the numerical disproportion between marriageable young women and marriageable young men.

boy" to blame the riots on and to divert public attention away from themselves and their parts in bringing them on. Then, too, King has now committed the cardinal sin of pointing the finger of guilt at the sacred institution of Congress itself.

Suddenly (reference the Allan Scott report, published recently in The News) the federal government discovers it has had a voluminous file on King all the time linking him with subversive individuals and organizations; which, in view of the socialistic dogma he has been preaching, would be surprising in the least.

When it is taught, both by precept and example, that legal theft and violence are permissible, the time will inevitably come when those so taught will conclude that illegal theft and violence are likewise so.

Any dispassionate look at the record of American retail distribution will show a rising performance curve that over the years has brought direct and substantial benefits to every family in the land. In view of this record, laying the blame for rising prices at the door of the retailer is illogical to say the least.

Rising prices, let it be repeated over and over again, ARE NOT inflation! Rising prices are the result of inflation — and inflation is the slushing into the economy, by the government, of worthless, printing press currency and bank credit.

Today, there are about one million more women than men in these age categories, says Goldberg. But this imbalance will disappear as the boys born in the baby boom 10 to 20 years ago become available. In fact, the imbalance will be reversed in the 1980s and we may very well see an upsurge in the birth rate.

As Robert C. Cook of the Population Reference Bureau puts it, "It is these boom babies who are now coming to the reproductive roost."

Cannel At Bay
By Ward Cannel

Escape Gear for Any Situation
NEW YORK (NEA) — There was a big announcement in the paper the other day saying that Harry Houdini's old paraphernalia was up for sale.

Houdini, as those in the prime of life know, was one of the world's greatest escape artists. And so his old paraphernalia includes elaborate shackles, straight-jackets and other items of restraint from which the great Harry made his escapes.

The sale price for this collection, according to a dealer involved, will amount to well over \$50,000. It was an astounding figure. We had no idea that old escape gear brought such high prices.

But if that is the case, it comes as a delightful surprise because we have an enormous collection of old escape gear collected over many years in the newspaper business. And we would be happy to sell it at bargain prices.

So, if anybody is interested, just send for our catalogue which lists such attractive offers as:

One used case of Mental Cruelty. Built in Hollywood, Mexico and Reno. Includes a year's supply of separate maintenance, plus matching sets of alimony and child care. Guaranteed to work or your money back \$750.

A complete panel of Experts. Previously owned but good as new. Contains one informed source, one qualified observer, one leading authority, one man-in-the-street, one unidentified informant, and nine out of 10 doctors \$375.

Sterling Silver On The Other Hand. A genuine antique. Used by Walter Lippman, Dorothy Thompson, Joseph Alsop and still in daily service by the Washington press corps. In mint condition. Requires no polishing. \$29.

Optional attachments: One Paradox, (formerly owned by James Reston). One However, One In-That-Event. One All-Other - Things-Being-Equal. \$10 ea.

Duly appointed Fact-Finding Mission. Gilt-edged, hide-bound. Suitable for all executive, legislative and judicial delays. No moving parts, nothing to get out of order. \$100.

Completely Deprived! Childhood. Made of top quality ashes and handsome recrimination. Available in all sizes. Specify male or female, rich or poor. \$9.95.

One carload of Fearless Predictions. From the collection of U. S. News & World Report. Guaranteed not to be remembered from one week to the next. \$0.5 ea.

Entire Public School System. Includes principal, teachers, books, curriculum. Somewhat shopworn, but still sturdy enough to support all the blame for modern youth \$150.

Congressional Censure. Standard model trimmed in righteous indignation. Does not include oil depletion allowance or conflict of interest \$0.6.

Matched set of Off Days. In hard-wearing elastic, fits most ball parks, boxing rings, basketball courts, operating rooms and Pentagon offices \$750.

One field of Incomplete Intelligence Reports. Made of same cloth as Off-Days, for use in emergencies. \$500.

Float-full of Movie Stars. Slightly used but still very serviceable for use in public office. Replaces older escape gear of Scoundrels, Rascals and Malefactors. \$1.50 ea.

One case of Human Element. Like new, 90-proof, well-known brand names. One Posthumous poltice covers most accidents, mistakes and computer errors. \$50.

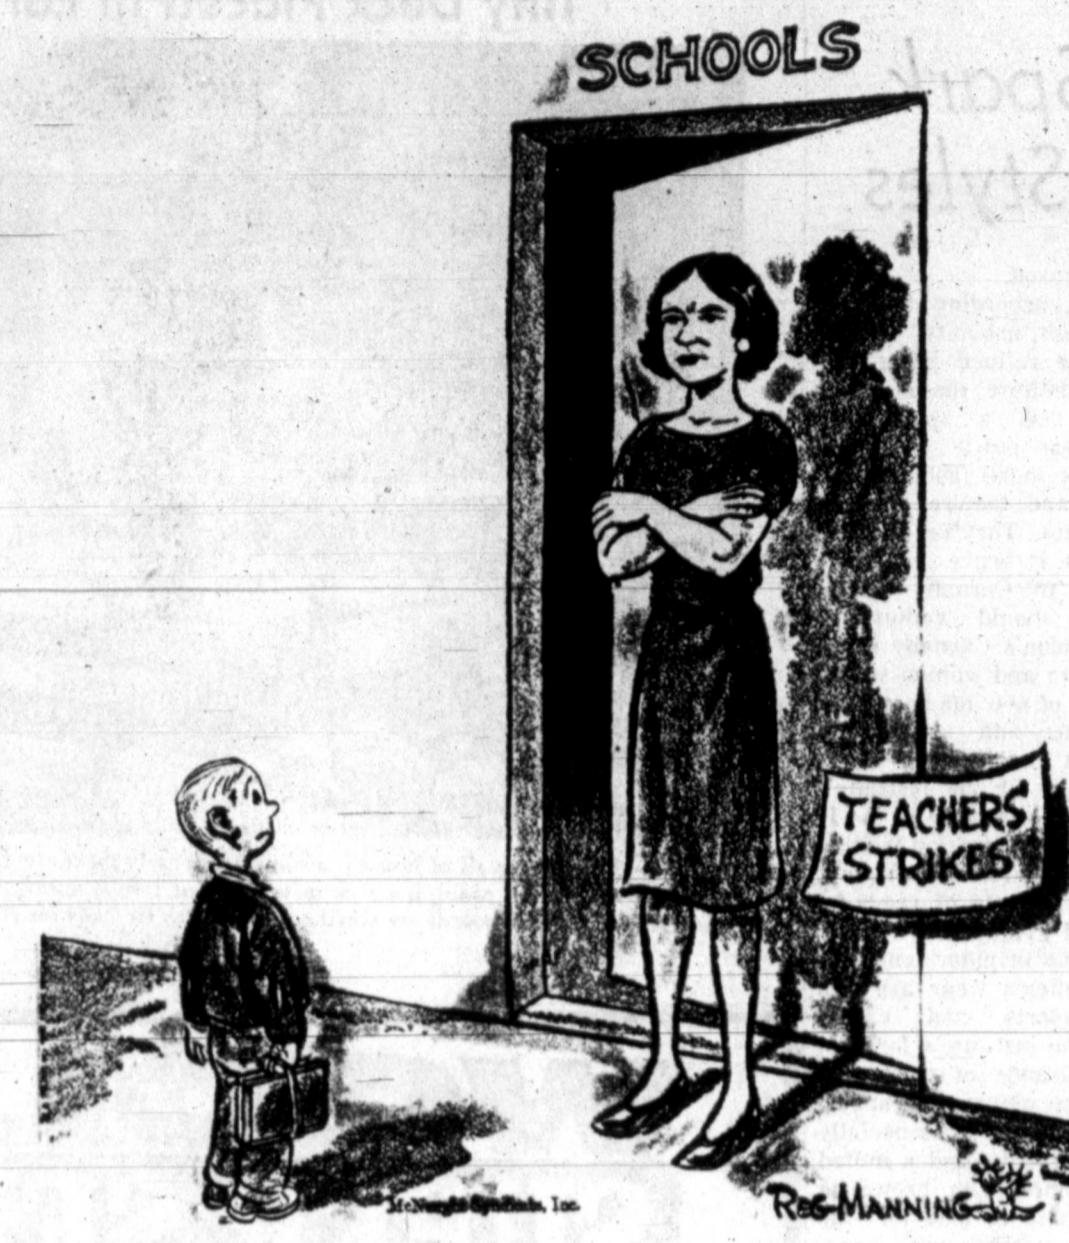

One wagonload of Free Enterprise. Each bucketful contains minimum daily requirements of Packaging, Labeling, Promotion and Restraint of Trade \$19.95.

One half-full of Acoustics. Includes complete exonerations for vocalists, instrumentalists and actors. \$0.7 ea.

Complete set of Fruitful Exchange of Ideas Ready to wear, all sizes. Specify Connie Red or True Blue \$0.2.

A thought for the day — America a novelist Thomas Wolfe once said: "Most of the time we think we're sick. It's all in the mind."

It Looked Different When Wallace Did It

Pull Up A Chair

By FRANK JAY MARKEY

How often have you found the announcement that you had won a million dollars, a year's vacation-trip around the world with all expenses paid, or four new Cadillacs (one for each season)? During the past six months we have received more than a baker's dozen of such missives. Years ago we fell for such schemes and entered many of the contests in pursuit of the pot of gold that always eluded us. Now we're wiser, if not smarter, and handle such matters differently. Whenever we receive such an announcement we carefully replace it in the envelope along with a little note scribbled on the margin telling the sender the address was correct and thanking them for having selected us to win the million dollars, and assure them we would be happy to get the cash in bills of large or small denominations. Next we mark the envelope "Return to sender" and drop it in the mail. To date we haven't received a dime. Of course someone must win in those contests, but to date all we've won is a lot of junk mail. Oh well, what would we do with a million dollars anyway?

Today's smiles: During the church service little Johnny kept scratching himself, much to the embarrassment of his parents. Afterward his mother asked him: "Why did you keep scratching yourself throughout the service?" Little Johnny replied: "Because no one else knew where I itched."

Thoughts while shaving: When we were young a peanut butter and jelly sandwich was a big treat as an after-school lunch. These days, however, the teenagers have their own snack foods with such zany names as Onion Funnies, Salty Surfers, Dippy Canoes, Sausage Scrambles, and Potato Piffles. And although we never had any difficulty in eating, today's food merchants are trying desperately to help the younger citizens to find their mouths more easily. They package the snack wares in round boxes because market testing has shown they are easier to reach into for the contents than a square or oblong carton. Speaking of young people, one of the big health chains is planning to issue credit cards to teenagers. Whoopee! And Dad will pay the bills. The new Metropolitan Opera House in New York's Lincoln Center has about 200 seats that offer only a partial view of the stage. Makes you wonder about the haste in destroying the old Met. You could see everything from any seat in the house. A fool authority tells us that the processed foods sold in supermarkets have cut the average housewife's work in preparing meals by at least two hours every day. The Cleveland (Ohio) PLAIN DEALER reported in a story: "The bride wore a white silk sari she had picked up on one of her tours for the U.S. fruit-cake which the bride's mother

The Nation's Press

The Arrogant Touch

(The Wall Street Journal)
There is more than a hint of arrogance in one of the administration's arguments for its proposed tax surcharge. The line runs thusly: In 1964 a generous Government gave the people a big tax cut; now it's only proper that the people give back a large part of it.

In the first place, this reasoning overlooks several relevant considerations.

Against a 10 per cent surcharge must be measured the inroads of inflation in the past three years. While taxation and inflation are not precisely comparable, inflation unquestionably is a form of taxation—a deprivation of purchasing power caused by the same government that now wants more in direct taxes. Cumulative inflation since 1964 has been something on the order of 6 per cent.

Taxes in 1964 were much too high anyway; they still are. Rates running to 91 per cent on individuals and 52 per cent on corporations could only be described as inequitable, a burden no people in a free society should be asked to bear. Consequently it was hardly a gift when the Government lowered them somewhat.

Those reductions, moreover, demonstrated once again the seeming paradox that lower rates can generate higher revenue for the Government. It's not especially mysterious. Tax cuts can contribute to heightened business activity, drawing larger payments from prospering individuals and corporations.

That fact suggests that the recommended surcharge may to some extent be self-defeating. Many expect it to cause a business stall or possibly a recession. However that may be, the administration might hope to secure more income by advocating a tax reduction instead of an increase.

Obviously it feels it cannot take such a chance, for if a tax cut didn't bring additional revenue this fiscal year's federal budget deficit would be even more frightening than it now is. The reason for so unhappy a circumstance is that the government resolutely refuses to moderate its own insatiable spending appetite.

Atop massive defense spending it has piled massive domestic spending, and it won't stop even in the face of these wild deficits. On the contrary, if it gets the tax surcharge it will almost certainly increase the spending that much more, although the surcharge would not remotely begin to wipe out the deficit. In the circumstances it seems probable that the surcharge would be followed by others in the not too distant future.

Here the arrogance starts showing. The government takes had brought from Cleveland." Something is nutty in that sentence and it's not the fruitcake. Country Editor speaking: "You're really getting along if you recall when the only bird watcher you knew was a farmer who tried to keep crows out of his corn field."

WASHINGTON

McNamara's Setup Saps Guard and Army Reserves

By RAY CROMLEY
Washington Correspondent
WASHINGTON (NEA) — The way in which Defense Secretary McNamara has attempted to reorganize the Army Reserves and National Guard may have weakened U.S. ability to handle both wars and civil disturbances.

Guard units have been established or eliminated in states, not according to whether governors might need them for state disasters or riots, but to meet national political considerations. (No state shall have more than its share of units or less than its share.)

So that it would keep its "share" of guardsmen, a state might get an artillery unit (no help in riots) to make up for losing an infantry unit (which it might badly need for keeping order).

Despite the sincere efforts of dedicated National Guardsmen, these McNamara organizational changes inevitably have weakened the ability of the Guard in some places to fulfill its riot control function as well as it could have otherwise.

While McNamara has been reorganizing the National Guard, he has been reducing the size of the Army Reserve. He has attempted (unsuccessfully) to put all paid Army Reserve units into the Guard.

There are indications McNamara's plans call for cutting back on needed Reserve units so thoroughly he may find essential-type units unavailable for

The Doctor Says:

By DR. WAYNE BRANDSTADT
Fellow Safety Rules In Sandlot Football

Coaches and school physicians have done much to make football a safer game for your boy in high school or college, but what about those who play sandlot football? The players are usually younger and there is no coach, doctor or referee present and no protective equipment is used. Sandlot football has the advantage over organized school football in that there is less pressure on your boy to overexert and win the day for dear old Siwash.

On the other hand it is estimated that sandlot football accounts for about 22 per cent of all football deaths. Fathers of football-minded youngsters can do a lot to prevent injuries and deaths in several ways. One of the best ways is by acting as coach whenever possible. Teach your boy how to relax and roll as he falls to minimize injury. Teach him, when waiting for the ball, to assume a flexed position, leaning forward slightly with his knees bent but not stiff. He should also learn to keep his head up at all times.

These young players rarely, if ever, engage in the recommended pregame warm-up in the absence of a coach. For this reason, it is doubly important to make sure that they are in prime physical condition. Boys who have had rheumatic heart disease greatly endanger their health by playing in any kind of contact sport, as many have found to their sorrow. Since his parents cannot be with him every minute, they must impress on such a boy the need for him to recognize his limitations.

All sandlot football should be restricted to touch football because the absence of protective gear makes tackling extremely hazardous. Flag football is even safer. In this game, each player wears a flag in his belt. For a down the "tackler" must remove it from the player carrying the ball.

On the sandlot the players should wear sneakers — never cleated shoes. No sharp buckles or pins should be worn. If your boy wears glasses, they should have safety lenses or he should use a protective mask. Preferably helmets should not be worn but if one player wears a helmet, they should all wear one. Dimestore helmets should not be worn because they are costume toys and not protective devices.

After all precautions have been taken some injuries are still bound to occur. Most of them will be minor but you must teach your boy not to try to be a hero. If he incurs even a minor injury, he should drop out of the game and not resume play until his injury can be evaluated.

them all — is that this steady decline in worth occasions almost no comment whatever, almost as if it were more beneficial than cruel and deceptive.

Natives Cool to 'In Cold Blood'

By NOEL GROVE
Newspaper Enterprise Assn.
GARDEN CITY, Kan. (NEA)—A sidewalk quip has made the rounds here among residents long badgered for "reaction" to the book "In Cold Blood" and the movie that is now following. Mocking news media, they ask each other not about reaction to the book or the movie, but: "What's your reaction to the reaction?"

If the jest seems a calloused attitude toward the best-selling account of this community's most horrifying crime, it shows an attitude that has inevitably developed. Reporters looking for citizens picketing and protesting vigorously against filming of the Clutter murder story in this windswept western Kansas community are going away disappointed.

For the most startling aspect of local reaction is the appearance of a truth as old as human tragedy itself—that time heals all wounds, be they scraped and torn anew on the printed page or recreated on a movie set.

And recreated this one is, in minute detail.

Scenes for the movie are being filmed right where they happened—in the same farmhouse, in the same corners of the same rooms where four members of a popular and respected family met their deaths eight years ago.

Scenes in which the killers, Perry Smith and Richard Hickock, are riding across Kansas on their grisly mission are filmed—not in a Hollywood studio—but from within a car traveling the identical route.

Even "Babe," the broad-backed, big-footed workhorse that once bore Nancy Clutter and her friend Susan Kidwell on summer jaunts, now plods doc-

cilely before arc lights and boom-mikes, two eager young actresses on her back.

But the penchant for authenticity held by writer-director Richard Brooks, which has the quadruple murder resurrected in the eyes of the world, is not causing fresh trauma among the residents of dusty Finney County. Inevitably, the cluck of tongues has been replaced by the clink of cash registers as motels and restaurants fill with movie people, newsmen and a few additional curious tourists. And the roster of movie extras chosen from local residents includes some former neighbors and acquaintances of the Herbert Clutter family, who lived and died a half mile west of the little town of Holcomb near Garden City.

But there is reaction, and dissent, much of it directed at those who show a lack of the same. Most objection is done with more calculated reasoning than that of the drunk who charged into the Garden City Telegram demanding where he could find "that guy making the movie," so he could tell him what he thought of a person making money off dead people.

And there was the letter to the editor that appeared in the

Telegram, calling author of the book, Truman Capote, an ass, writer-director Brooks an idiot, and anyone associated with either the book or the movie "carriers."

Among the more responsible criticisms is that of Bill Brown, wiry, opinionative editor of the Telegram. Brown claims no malice toward the movie company or Brooks, but regrets former mourners of the Clutters, "jumping on the bandwagon, out there grubbing for parts in the film."

Defense of the movie is done from the standpoint of "message" by Columbia Pictures personnel and local participants.

"Look," says Brooks, jabbing with a well-chewed pipe for emphasis, "there are any number of other stories I could have done that would have made a hell of a lot more money than this one and been a lot less trouble to film."

But there is worth in the film, he maintains, that justifies doing it. That worth he describes as a "promotion of understanding of what makes these things (the Clutter murders) happen."

Among local residents playing parts in the production is Mrs. Lloyd Joyce, long-time

THE FARM SCENE goes Hollywood. Director Richard Brooks, in checkered shirt, directs a sequence involving Babe, formerly Nancy Clutter's horse, and two of his young stars, Brenda Curran and Mary-Linda Rapelye, with the Clutter farmhouse in the background.

Mrs. Lloyd Joyce, long-time Finney Countian and a former acquaintance of the Clutters. She is playing the part of Myrt Clare, peppery post-mistress of Holcomb and ascribes to herself none of the opportunism that dissider's claim.

Argentines Try to Save the Tango Dance

By RICHARD RITTER
United Press International
BUENOS AIRES, Argentina (UPI)—The tango, that blaring, not-so-swinging but oh-so-popular music of the cantina and the streets in Buenos Aires is on its way out.

Or is it?

A group of writers and intellectuals say yes, and are striving to give the tango a facelift to keep it around.

"The lyrics are outdated," says writer Florencio Escardó. "The tango needs to reflect the lives, worries and loves of today's Argentines."

Poet-scholar Jorge Luis Borges says what is mostly needed are singers. Younger Argentine crooners lean toward music from the United States or Europe or to the more traditional folklore of northern Argentina. To them, the tango is "out."

"No Argentine girl wears percale dresses nowadays," said author Ernesto Sabato. "We must enliven the tango to win its acceptance by the younger generation."

But the music that came from the muddy slums in the last century still appeals to the poor—and the rich—Argentina of this generation, as a Saturday night stop at any of the dozens of plush clubs and dingy cantinas with tango combos will prove.

Tango musician Astor Piazzola, who plays the bandoneon, thinks the answer lies in updating the music, which even in decline is more popular here than it ever became elsewhere.

He advocates modern lyrics to replace the tired tales of unrequited love and broken hearts that has been the meat of the tango for so long. "The first sorrowful stage of the dance is over," he says, advocating a more symphonic sort of tango.

But the theme of unhappiness is part of the roots of

tangos, which was the music of the slum dwellers, Italian immigrants, and it was the sort of music that made millionaires out of Julio Sosa and Carlos Gardel.

Sosa came to Argentina from his native Uruguay in 1949 with only 30 pesos in his pockets.

He found a job singing and became one of the city's most popular tango artists before dying in a car accident Nov. 25, 1964.

Gardel's story was even better. A street urchin who hustled centavos, he learned the tango and found a better way to earn a living. The slick-haired youngster with a broad toothy smile became the greatest tango singer of all time. Gardel died in a plane crash in Medellin, Colombia, in 1935. His photographs are still printed throughout the city in buses, taxis, record stores and clubs. His records are bestsellers.

Memphis Girl In Try Tonight for National Honors

Three Texas teen-agers will compete in the national finals of the award winning 8th annual "Miss American Teen-Ager" contest at Palisades Amusement Park, N.J. tonight. They are Cynthia Jane Maddox, 14, Memphis, Miss Teen-Ager of Texas; Jan Jansen, 16, Bristol, Miss Central Texas Teen-Ager; and Meade Madden 13, Huntsville, Miss East Texas Teen-Ager.

The newly crowned "Miss American Teen-Ager" will succeed Rebecca Alkire of Circleville, Ohio, who celebrated her 18th birthday shortly after winning the "Miss American Teen-Ager" contest.

Becky, who topped a field of 70 finalists from small towns and large cities, selected from 230,000 contestants.

Cornerstone

(Continued From Page 5)

of the church, which was held on Thanksgiving Day, Nov. 29, 1928, there were about 35 families represented in the congregation, plus a number of single people, including a lot from the oil fields, Mrs. Boyd said.

The church was built to care for 220 people. Pastor at the cornerstone blessing was Father French. Father Joseph Wunderly was pastor at the time of the formal dedication.

The box and contents of the old cornerstone will be placed in the cornerstone of the new building, along with a new cornerstone and other materials.

Fred Neslage is chairman of the building committee. Other members are E. J. Dunigan Jr., J. J. O'Connor, Jimmy Massa, John Sweeney and Father Brennan.

HAIRDRESSERS UNITE AGAINST PHYLLIS DILLER!

CONFRONTING HAIRNIKS who were protesting her hairdo, or lack of same, comedienne Phyllis Diller gives a typical Diller reaction in New York. The group of pickets were waiting for her when she arrived in that city recently, and expressed fear that if her unkempt hairdos became a fad it would put them out of business.

September Allowable Cut By Commission

AUSTIN (UPI)—The Texas Railroad Commission, citing the return to near-normal oil production in the Middle East, Thursday cut the state's September oil allowable more than 7 per cent.

The commission reduced the allowable from its record high of 54 per cent to 46.7 per cent, retroactive to Sept. 1.

This will reduce production to 3,133,500 barrels daily—a drop of 180,500 barrels from the allowable originally set for September.

Langdon said the 46.7 per cent factor retroactive to the first of the month is equivalent to a 54 per cent factor for the first seven days and a 44.5 per cent factor for the remaining 23 days.

The three-member commission met with top executives of all the major purchasers for about an hour earlier Thursday.

All but three of the companies asked for the reduction because the 54 per cent allowable was producing more oil than they could handle.

The other three—Sinclair, Standard of Texas and Texaco

—said they did not object to a cut although they were having no difficulties with the higher production figures.

C. R. Dorsey, a Gulf executive, said the closing of the Suez Canal did not restrict Middle East oil supplies as much as had been expected because other routes to ship the oil were found quickly.

Frank Kelley Honored In Ceremonies

COLORADO CITY, Tex. —Members of the family of late Frank Kelley were honored Thursday evening in special ceremonies at the Civic House by West Texas oil-rancher C. T. McLaughlin, local bank president C. C. Charlie Thompson, and executive vice president of the American Association of Petroleum Landmen, C. D. Fleet Jr.

The family of the late Kelley, Mobil Landman many years for this area, received a plaque from American Association of Petroleum Landmen commemorating the institution of the Frank Kelley Memorial Award for excellence in journalism by that organization.

Jimmy Kelley, local rancher and son of the late Frank Kelley, was in New Orleans during June for the Annual Meeting of AAPL to confer the first honor instituted in his father's memory.

McKenny Promoted To Superintendent

OKLAHOMA CITY — Kerr-McGee Corporation has promoted Jere W. McKenny from chief operations geologist to superintendent of domestic oil and gas exploration, George C. Hardin Jr., vice president, exploration, announced today.

T. C. Danie Jr., formerly staff geologist, also was promoted to operations geologist. A graduate of Texas Christian University with a bachelor of science degree in geology, Danie joined Kerr-McGee as staff geologist in 1966.

McKenny now supervises all of Kerr-McGee's domestic oil and gas exploration activities. Kerr-McGee operates regional explorations office in New Orleans, Houston, Amarillo and Oklahoma City.

Humble Wildcat For Panhandle

HOUSTON —Humble Oil & Refining Co. has announced plans to drill a wildcat Arbuckle test in northeastern Gray County, near the Laketon Community approximately 18 miles east of Pampa.

Drilling operations will be started immediately on Humble's No. 1 Freeman Unit, approximately center SW NE Sec. 7, 79, Block M-2, H&G Railroad Survey. The well, located on the Corwin E. Freeman farm, will be drilled approximately 500 feet into the Arbuckle, estimated to require a total depth of 11,700 feet.

Humble has more than ten thousand acres of oil and gas leases in the immediate area of the wildcat test.

McFatter Is Named Complex Manager

TULSA — The promotion of W. E. McFatter to manager, refinery operations at Cities Service Oil Co.'s Lake Charles, La., complex has been announced by W. T. Cravens, vice president of the Refining Division, Cities Service Oil Company, a subsidiary of Cities Service Co., New York.

Dr. Muesseg told the observation in a paper presented here recently during the keynote session to mining engineers, researchers and top executives attending the Annual Fall Meeting of the Society of Mining Engineers (SME).

Dr. Muesseg told the mining experts that the United States is no longer self-sufficient in such basic minerals as copper and steel. He pointed out, however, that the nation still leads the world in the production of a relatively little-known group of minerals which are uniquely products of Western States, particularly evaporate minerals, which are found in the dry lake beds of the region.

The West has long led the world in production of borax and related products, and stories about the "Twenty Mule Teams" which hauled the borax to market have captured the imagination of students of Western Americana. Almost unknown, though, said Dr. Muesseg, is the fact that until recently two mines in California supplied 95 per cent of the free world's needs of this vital industrial commodity, or that borate products are the leading mineral exports of Calif., exclusive of oil and gas.

Dr. Muesseg pointed out that the two ore bodies producing these borate products, at Boron and Seales Lake, Calif., have values measured in billions of dollars each, and comprise two of the world's great ore bodies.

Lithium, which has a major use in the production of a hydrogen bomb, until recently has come from hard and lean ores found in Africa and North Carolina. These traditional sources of this vital space-age material will now be largely supplanted by a new source, derived from recently discovered deep brines below a dry lake bed near Silver Peak, Nev., Dr. Muesseg revealed.

Reserve Oil Buys Shares In Fargo

LOS ANGELES (UPI)—Reserve Oil and Gas Co. has purchased 2,310,626 shares of common stock of Fargo Oils Ltd., of Canada from General American Oil Co., of Texas, it was announced Thursday.

The shares, purchased for an undisclosed price, equal 27.17 per cent of the total 8,519,682 common shares outstanding.

W. B. "MAC" McLERoy has been appointed as sales coordinator for the Gulf Coast area for Nitrogen Service Company, it has been announced. A native of Corpus Christi, McLERoy was regional manager for Nitrogen Service at that location before his promotion. He has been with the company since November, 1964. He majored in industrial management at Texas Tech.

U.S. Leads In Evaporate Minerals Production

LAS VEGAS — This country's position of self-sufficiency in minerals is in general a thing

Miller Is Named Cities Service Representative

TULSA — John C. Miller, crude oil supply field office coordinator for Cities Service Oil Co., has been appointed field representative, it was announced by R. H. Chitwood, general manager of the Supply and Transportation Division.

Miller will be responsible for the Oklahoma, Kansas and North Texas areas where his duties will include crude oil purchasing. He will headquarter in the Tulsa offices.

Miller joined Cities Service in 1955 as a sales representative in the Marketing Division and has served in various capacities in that division until he was appointed coordinator in 1966 in crude oil supply.

A native of Duncan, Miller is a graduate of Oklahoma State University.

Entropy Computer Dry Gas Program

A subroutine for determining the entropy of dry gases has recently been released by the Natural Gas Processors Assn. This subroutine was developed to be used with the present OSU-Chao-Seader enthalpy and equilibrium ratio program and is available in either Fortran II or Fortran IV for the IBM 7090 or 7040 machine.

This information is a valuable asset for calculating gas compression and expansion data, but is applicable only to single phase, dry gas systems.

Additional information can be obtained from Natural Gas Processors Assn., 429 Kennedy Bldg., Tulsa, Oklahoma 74103.

Kelly Spuds Rank Wildcat In Gulf

Skelly Oil Co. this week spudded Well No. 1 on their OCS-G-1649 lease. This is a rank wildcat with Sinclair Oil and Gas Co. participating equally with Skelly.

Located in Block 237 in the Main Pass Area of offshore Louisiana, it is approximately 50 miles northeast of Venice, La. Water depth is about 180 feet.

Test will be drilled to 10,000 feet to test the Miocene and is in a block of 5,000 acres owned by Skelly and Sinclair.
