Community Service Set

Community-wide Thanksgiving services are slated for 7 p.m. Sunday in the First Baptist Church. Everyone in the community is invited to participate in the union worship.

Special choir selections will be presented by the OHS choir. The Rev. Perry Shuffield, pastor of the Assembly of God Church, will bring the message.

A special offering will be taken for use by the Ministerial Alliance for projects to aid needy persons in the community.

Stolen Hogs Are Recovered

Fifty-three head of swine, taken recently from A&P Pork Producers and Anton Swine Breeders, Inc., were recovered last Thursday in Vega.

Three young men were arrested and arraigned in Vega and transferred later to Littlefield. They were brought before Justice of Peace Stanley Doss and charged with felony theft and bond set at \$2000.

The swine were identified by Larry Manuel, manager of the Anton firm and Paul Walden of A&P.

A fourth suspect was charged later, according to Lamb County Sheriff E.D. McNeese.

Bids Being Accepted

All of the bookshelves in the Chamber of Commerce office are being put up for bid and will be sold to the highest bidder. Come by the Chamber of Commerce office and leave a signed bid. These shelves are different sizes, averaging around 5 feet wide and 6 feet tall. Bids will be open on Monday, November 26, at noon. High bidder will be notified.

\$20 Thousand Deposited In Olton Bank During First Day Of Business In 1929

Twelve o'clock noon on an autumn day forty-four years ago marked the beginning of an opportunity for folks in Olton and surrounding territory.

It was at that hour that Olton State Bank officials opened the doors of the small white frame building which stood between what is now Charles Barber Shop and the Masonic Lodge building. H.P. Webb, superintendent of schools and the man whose memory is honored by the elementary school which bears his name, was the new financial firm's first depositor.

At the close of business that Monday, Oct. 28, 1929, 45 customers had been welcomed and deposits for the day totaled \$20,616.79.

G.T. Abbott was president of the new institution. L.E. "Jack" Silcott was vice-president and cashier and Key Patterson, bookkeeper. First directors included Abbott, Silcott, A.C. Brigance, C.E. Bley, P.B. Campbell, R.E. Dennis, Guy Willis and G.H. Phillips.

A November 1929 issue of the Enterprise reported, "C.E. Bley is having his cement garage across the street from Western Drug (now the Masonic Lodge)

WHAT'S THE GOOD WORD? - Kindergarten teacher, Marsha Johnston and two of her young charges, Timothy Oursbourn and Kauli Burrus, pause before the bulletin board in the foyer of H.P. Fuel Crisis Affects Mailing, Residents Asked To Mail Early

Postmaster D.M. Holt today joined Postmaster General E.T. Klassen in urging the residents of Olton to post their domestic and foreign Christmas mail one to two weeks earlier than the Postal Service originally recommended, so that the energy shortage will not interfere with on-time deliveries.

"The urgency of the fuel energy crisis compels us to request a one-week advancement of suggested dates we gave for domestic mail and a two-week advancement for foreign mail," Holt said.

The new deadline for

posting domestic first-class Christmas mail is Dec. 8 rather than Dec. 15, as previously announced. Domestic surface parcels, except those for Alaska and Hawaii, should be mailed by Dec. 3, instead of Dec. 10. To Alaska and Hawaii, mail by Nov. 23 instead of Nov. 30. Airmail parcels and letters within the United States (except Alaska and Hawaii) should now be posted no later than Dec. 15, rather than Dec. 21. To Alaska and Hawaii, mail by Dec. 13 rather than Dec. 20.

"The seriousness of the fuel shortage to the Postal

Service is underlined," Postmaster Holt said, "by the fact that in addition to the fuel consumed by commercial air carriers, we require approximately 350-million gallons of fuel to travel 2.25 billion miles delivering the 90-billion pieces of mail that flow through the system each year. Our requirement for the month of December alone is 45-million gallons."

Postmaster Holt said that "public cooperation on meeting these new, advance mail early dates is needed to help us complete all Christmas deliveries."

Bids On Well Accepted, Special Election Called

Bids on a new water well for the city were opened and accepted when the city fathers met for a regular meeting Tuesday night.

Bids on a water line were

opened but none accepted.

Getting the nod on the water well construction was High Plains Drilling, Inc. of Abernathy for a total of \$29,922.50 less deductions

on casing (\$2,275) and on wood line bearings (\$1,075).

The mayor was authorized to call a special election to choose a councilman to serve the unexpired term of

Walter Struve, who recently resigned. Election will be held Jan. 3, 1974 with Russell Strain serving as election judge and Lily May Silcott as assistant. Clerks will be named by the judge.

City Council agreed to host a dinner for the Volunteer Fire Department and their wives during the month of December. Plans will be finalized and announced at a later date.

First Drawing Held Saturday

Olton Bargain Days drawings got underway here Saturday, with some twenty five merchants participating.

Lucky winners will be announced in the next issue

School Board Hires Personnel, Approves Textbook Committee

Approval of employment of several new persons in the school system, plus approval of a textbook committee and routine matters were the duties of the board of trustees when they met Monday night in regular session.

Mrs. Geneva Smith was hired as half-time secretary for high school, and will be serving High School Principal Robert Sivley. She replaces Mrs. Jo Stockdale, who is now employed at Olton State Bank.

Mrs. Miles Caudle was approved as a part time bus driver. Mrs. Jolene Burgess, replacing Roscoe Thomas as full time driver, had been employed only part time.

Mary Escamilla replaced Mrs. Evangelynn Coleman as teacher aide. Mrs. Coleman is now working for a Plainview firm.

Textbook committee approved includes Jack Burkhalter, Joe Turner, Ray Kinnison, Carl McClure, Robert Sivley, Uleta Jenkins, Carmaleta Barnett, Rosalyn Sorley, Martha Shackelford, Barbara Kinnison, Gene Gee, Susie Spain and Fred Stockdale.

In reports from Superintendent Joe Turner, attendance showed a loss from the last report dates Oct. 8 which had a total enrollment of 1034. Presently there are 1009 enrolled. However, Turner noted, the figure was

up from last year at the same time, when it showed less than 1000.

Adult education classes have 52 students enrolled, according to Supt. Turner, with about half in grades one through six and the other half from that level upward.

A perfect attendance record by those who are enrolled was also noted by Supt. Turner.

As a matter of routine, the

board approved an allocation from Part "C" of Federal Funds for a reading program. A total of \$1,248 was received and will be used for teaching supplies.

Supt. Turner told the board that the sewer line from the girls' restrooms in the old elementary building had to be replaced, stating that M.R. Cavett had replaced about 130 foot of line.

Mustangs Whip Bobcats

The Olton Mustangs, playing one of their finest games of the year, defeated the Dimmitt Bobcats Friday night in Dimmitt by a score of 16-15. The win gave the Mustangs a 5-5 season record. All the scoring was done in the first half with the second half being one of good defense and ball control by Olton to insure the win.

Glen Johnson received the opening kickoff for Olton and returned it to the 25 yard line of Olton. On the first play from scrimmage, Quarterback Vic Alcorn fumbled the snap, but fell on the ball to recover his own fumble. A Dimmitt boy hit Alcorn late and 15 yards was stepped off against Dimmitt. After an incomplete pass and one running play by Joe Alcorn, the ball rested on the 50 yard line. Alcorn sprinted up the

middle 50 yards for the first score of the night. The score came with a little over 11 minutes remaining in the first quarter. Alcorn also ran the two point conversion over to give Olton an 8-0 lead.

The lead was short-lived as Dimmitt took the kickoff and in four plays scored their first touchdown of the night. Robert Mayberry ran 13 yards for the score. The run for two points was good and with 9:30 remaining in the first quarter, the score was tied 8-8.

The rest of the quarter was mainly a defensive battle. Towards the end of the first quarter, Dimmitt received an Olton punt at their own 49 yard line and drove in for their second score of the night. Acoveda ran the ball over from the two yard line to give Dimmitt the lead. The kick

for extra point was good and Dimmitt led at the start of the second quarter 15-8.

Midway through the second quarter, Olton received a Dimmitt punt at their own 15 yard line. They then drove 85 yards in 16 plays for the go ahead points. Alcorn took the ball over from the three yard line to make the score Dimmitt 15, Olton 14. On the all important two point conversion, Johnson just got into the end zone for the two points to give Olton the lead 16-15. This lead was to eventually be the final score. The score came with 39 seconds remaining in the half.

Neither team was able to score in the second half. Olton played very good defense to keep Dimmitt from ever getting in scoring range. Olton's offense can

pleted and dedicated. The building was remodeled in 1969. Pipe-in music adds to the pleasing atmosphere of simple elegance.

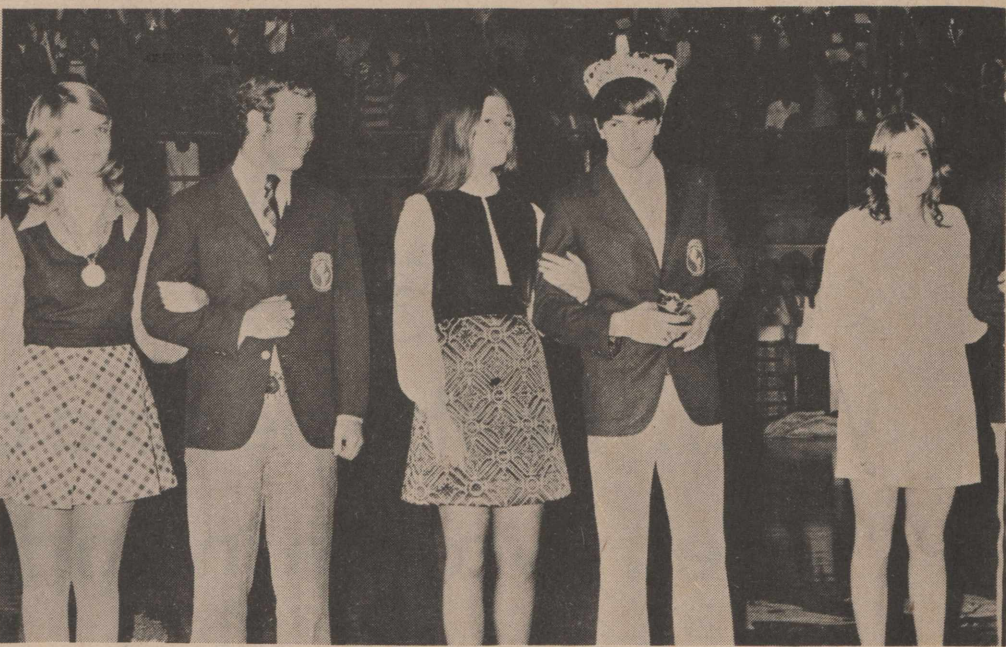

In its beginning, the banking business was carried on by Silcott and Patterson with D.M. "Dubb" Granbery joining the firm in the spring of 1930. He was named assistant cashier in 1935 and in 1944 became cashier, assuming the management of the bank. He succeeded Abbott as president in 1949.

Bill Yates, Frank Cornelius and Owen Norfleet purchased controlling interest from Granbery in 1960 when Yates became president. He served until April, 1961 when he sold his interests and Norfleet assumed the presidency. Norfleet and Cornelius sold their interests in 1967.

Kenneth Burgess joined the firm as vice president in December, 1968 and was named president in January 1972.

CROWNED PEP SQUAD KING - Monte Chitwood, son of Mr. and Mrs. Dale Chitwood, was crowned Pep Squad King at the last pep rally of the season Friday afternoon. He is escorted by Carla Moses, daughter of Mr. and Mrs. A.D. Moses.

Norene Roberson's Guessing Gives Her Tie For Bowl Tickets

The Arkansas Porkers were not the only ones upset by Rice's victory Saturday; the surprise win by Rice was the only blemish on the football contest entry of Norene Roberson since she went along with the favored Razorbacks.

Two contestants missed two games each. Billie Jean Manuel and T. J. Roberson also missed the Rice-Arkansas contest with Mrs.

Manuel also incorrect on her prediction of the St. Louis Cardinals-Green Bay Packers. Roberson missed with his Lockney-Floydada pick.

Mrs. Manuel was just 12 points off the actual Mustangs-Wildcats score with her 7-28 prediction and claims second place. Roberson was off 18 points with a pick of 7-34.

Good picking by Mrs.

Roberson and a guessing slump by Lynn Gullett who had led in season standings since mid-October puts the two in a tie for top spot with 128 points each.

Two contests remain to be graded and standings are subject to change with each contest. Contestants listed elsewhere in this issue, with 121 or more correct guesses for the year, should not give up trying for the big win.

Many Opportunities Available To Farmer For Tax Reduction

Many opportunities to reduce or defer paying federal income taxes are available to farmers, says a Texas Agricultural Extension Service economist.

"Cash farm income often fluctuates greatly from year to year. Good financial management includes leveling taxable income to reduce or defer taxes," explains Dr. Wayne A. Hayenga. "Since this year is an unusually high income year for many Texas farmers, quick action can help reduce the 1973 tax bill."

The first step in year-end tax planning is to determine where the farm business stands now, explains the Texas A&M University

System economist. Good records make this job much easier.

First, total this year's income and expenses up to the present time. Next, estimate and include expected transactions for the rest of the year. Then, compute depreciation for buildings and equipment. Using these results, estimate the taxable income.

"Depending on your findings, you may want to buy more supplies or sell less than you planned before next January 1," says Hayenga.

"Farmers using the cash method of accounting who need to reduce taxable

income should consider buying fertilizer, feed and other supplies for use next year. Buying fertilizer now may be an especially good move, since higher prices and tighter supplies are expected next spring."

Everything But The Kitchen Sink

BY MOZELLE TROTTER

Thanksgiving has it really been a year since Turkey Day, 1972? It can't have been and yet the calendar says it's so.

Seems there's never been a greater need for a day to be set aside for this nation to devote for giving thanks than 1973.

Embroiled in so much ugliness and proclaiming it daily around the world in newspapers, radio and television we need desperately to stop for a special time of thanksgiving.

Boss Lady made a very profound statement this week about how different it could be if there were "as many prayers offered for the President as there are Cussins."

Certainly we're much in need of prayers to be said for our nation and, yes, for our leaders and for "we, the people."

A good helping of "humble pie" might be the best dish on the Thanksgiving dinner menu, too.

Fussing and complaining is too much with us—certainly it is for me. I'm not the pot calling the kettle black—I'm black with guilt myself.

Perhaps the energy crisis is what we needed to wake us up to the enormous waste we leave in our wake. We hop in the car to drive a block when God's blessed us with strong legs and hearty lungs which would gain from a walk in a spot of the world's free land.

We yelp with pain when asked to "turn off the lights" and seldom think of the wonders of electricity except to pay our monthly bill.

Empty pews in our churches are a mockery to God in this land where Christians know no threat or persecution. Free to worship, we do so when it's "convenient."

May we be reminded of a poet's words, "One day is not enough to thank You properly—unless we've thanked You other days.. three hundred sixty-four."

Continued from page 1 Janice Sivley, Rachel Ruthart, Curtis Scruggs, Janet Cooper and Jim Ferguson. Jim Bob Edwards and Kenneth Burgess Jr., OHS seniors are employed 15 hours each week through the co-operative program of Olton schools.

January 1973 marked another progressive milestone for the bank when they became the first in the county to become computerized. As business machines used in banking wear out and become obsolete, other banks will eventually all go computer, Hair says. He added that, prior to the change, some new machine was needed every year.

Hair remembers well the bank's daylight robbery in the summer of 1932 although he was down the street at his dad's grocery store.

Granbery was on duty at the time, along with Silcott. During the noon time hour, only one customer was inside the bank. The local deputy sheriff walked inside the bank during the three-man robbery and was ordered to lie on the floor along with Silcott and the customer while the trio forced Granbery to open the vault's inside combination. Granbery recalls that the heist netted the robbers less than \$5,000.

There have been no other robberies or threats but some nervous trips into the closed bank when the sensitive alarm system has been accidentally tripped.

A "complete service bank" the firm has grown from that long-ago day's 45 depositors. When the January switch to computer banking was made, there were some 3,500 checking accounts plus other depositors with savings accounts only.

Olton State Bank's first

"statement of condition," dated Dec. 31, 1972 reported deposits of \$98,119.59. A depression period low was recorded in September, 1930 with deposits of only \$30,000. At the close of business Wednesday, Nov. 14, deposits had reached a high of \$14,709,178.92 with total assets of \$16,258,318.60.

Victory....

Continued from page 1 trolled the ball most of the second half.

One of the highlights of the game came when Olton took over in the fourth quarter with 7:10 showing on the clock. Behind the running of Alcorn, Olton marched down the field in a drive that ran the clock out. This drive climaxed the 1973 season with a well-earned win over Dimmitt.

Coaches Comments

Coach Miller, elated over the win, said, "You can't say enough about Vic. He played super. He hadn't taken a snap all year. We had been working him some in practice all along however."

"We called on him to come in and, man, he played like a man. We got the ball back with 7:10 left in the ballgame and we ran the clock out, which has to be one of the greatest drives that you could have. I thought everybody played real well."

"It was one of the best hitting games that we have had. Those seniors knew they were playing their last game and they sure played good. McCurry, Gunter, Alcorn, Chitwood, and Smith played good at guard. We wanted to win real bad. I think the kids wanted to win this one as bad as any of them with the exception of the Littlefield game. They played good enough to win and they deserve it."

DENISE MYERS

December Vows Planned

Mr. and Mrs. Parley Myers announce the engagement and approaching marriage of their daughter Denise to Craig Smith, son of Mr. and Mrs. Leo Smith. Wedding vows will be pledged at 3 p.m. Sunday, Dec. 2 in the First Baptist Church. Friends and relatives are invited.

Miss Myers is a student at Olton High School. The prospective bridegroom is self-employed in Hereford.

Justin Chaney Honored With Birthday Party

Justin Bryan Chaney, son of Mr. and Mrs. Bill Chaney, was honored on his third birthday with a party in his home on Sunday, November 11, from 3:30 to 4:30 p.m.

The circus theme was beautifully carried out in the

entertaining room. Cups, napkins, plates, and the tablecloth featured brightly clothed clowns riding bicycles. The table was centered with a circus train containing miniature elephants, zebras, lions, tigers, monkeys, and giraffes.

Red and blue crepe paper streamers and balloons were draped from the ceiling.

The white sheet cake was decorated with a clown wearing a blue costume, and contained the inscription, "Happy Birthday, Justin."

Party favors of birthday hats, magic balls, and large balloons were presented to the children.

Ice cream, cake, and punch were served to Cynthia and Kristi Curtis of Earth, Chad Phares, Keelon McAlister, Chad Givens, Melissa and Tifanee Chaney, Kory and Kary Novak, DeAnn Eby and the honoree. Adults attending were Mrs. W. B. Hucks of Springlake, grandmother of the honoree, Mr. and Mrs. Don Curtis, Earth, Mrs. Gene Chaney, Mrs. Wayne Phares and Mrs. Dennis Givens and the hostess Mrs. Bill Chaney.

Senior Citizens Luncheon Fetes

Senior Citizens Club were entertained with a Thanksgiving luncheon Wednesday by regular sponsors, Mmes. Joe Chester, Denver Offield and Tom Smith. The covered dish dinner was held in Women's Clubhouse.

Mrs. Elza Miller and Frank Adams presented a musical program of gospel songs to the guitar accompaniment of Adams.

Members sang "Happy Birthday" to Patsy Franklin. The club's annual Christmas party was discussed with the date set for Dec. 6. Gifts will be exchanged. All senior citizens are invited.

Attending were Floyd Coleman and Mmes. Minnie Sherman, B. H. Henson, Cora Wozencraft, Pearl Schreier, J. C. Ogletree, Callie Miller, Dora Ellis, Bessie Jones, Ocie Holland, Patsy Franklin, Bessie Cowart, G. T. Galloway, Helen Bohner, and visitors, Ivin Wozencraft, Rev. and Mrs. Ronnie Travis and Lisa Kay, Ann Warren, Mrs. Frank Adams and Stephanie Miller.

FROM ARLINGTON

Mr. and Mrs. Rex Sherry had as guests during the weekend their son and family, Mr. and Mrs. Steve Sherry and Rod of Arlington. Saturday afternoon callers in the Sherry home were Mr. and Mrs. John Stiles, and sons.

MR. AND MRS. REYNALDO GARZA

Mr. Garza, Miss Sanchez Exchange Wedding Vows

In a ceremony performed at high noon Saturday, Nov. 10, Miss Mary Jane Sanchez became the bride of Reynaldo Garza.

Held in St. Peter's Catholic Church, the Rev. Clarence Huber, pastor, officiated the double ring vows.

The bride is the daughter of Mr. and Mrs. Pete

Sanchez. Mr. and Mrs. Hilario Garza are parents of the groom.

Traditional wedding selections were presented by Ruben Luera, organist, who also accompanied Stella Luera as they presented a vocal duet.

The altar area was set with baskets of pink gladioli and greenery. Small baskets

of daisies were arranged at focal points.

Presented in marriage by her father, the bride wore a formal gown of satin and lace fashioned with long sleeves edged with a narrow ruffle, high wedding ring collar and cathedral length train. Her illusion veil was held by a lace petaled headpiece and she carried a

pearl cascade bouquet with white satin streamers.

Miss Cindy Rodriguez served as maid of honor. She wore a formal Empire gown of white. Bridesmaids were Misses Janie Luera, Hortencia Ochoa and Amelia Zamora.

Flower girls were little misses Julie Minajarez and Jeanine Sanchez, nieces of the bride. Train bearers were Rose Mary Minajarez and Junior Cordova.

Other bridal attendants included Messrs. and Mmes. Hector Herrera, Joe Luera, Sabino Sanchez, Tony Perez, Arturo Ruiz, George Cervantez, Frank Pedroza and Cervantez Garza.

Feminine attendants were gowned in shocking pink formal length dresses styled along Empire lines. White lace accented the bodice, above the A-line skirts. Matching headpieces were formed of loops and cascading blossoms of self-material. Wearing hot pink gloves, they carried long stemmed roses of brilliant pink.

Serving as best man was Israel Zamora Jr. Groomsmen were Joe Orasco, Joe Villanueva and Ricky Garcia.

A wedding dinner was served immediately following the ceremony in Parish Hall. A traditional three-tiered wedding cake centered the table occupied by the bridal party.

The bride, who attended Olton schools, has been employed the past two years in Garland.

Having attended schools in Springlake and Dimmitt, Garza is presently serving with the U.S. Armed Forces stationed in El Paso, where the young couple will be at home after a short wedding trip.

LUNCHEON GUESTS

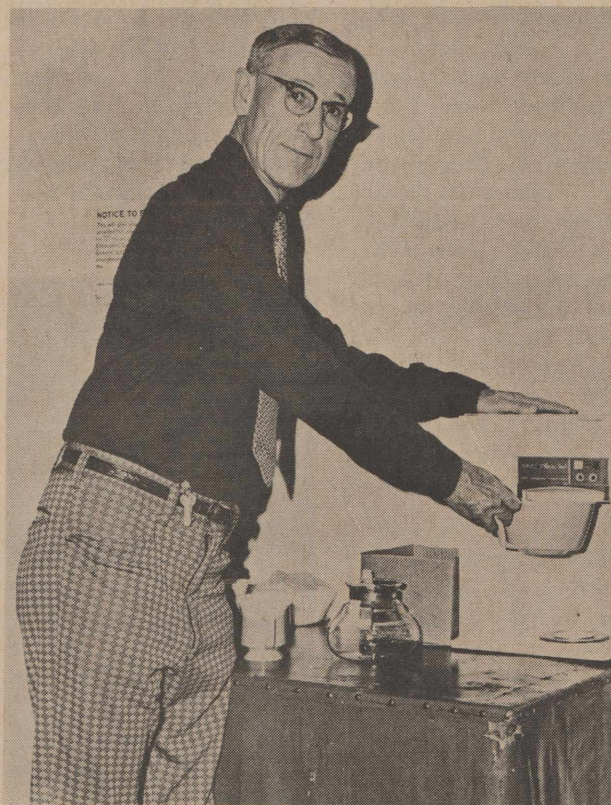

Saturday luncheon guests of Mr. and Mrs. L. G. Elkins were Mr. and Mrs. J. L. Petty of Frankston and Mrs. Charles Boliver who lives near Dallas. Mr. and Mrs. Petty and Mrs. Boliver were here for Cotton Center's Homecoming.

November Is Designated 'Food And Fiber' Month

November—a month steeped in tradition, a time for harvesting, a time for thanksgiving! And what better time than to pay tribute to the great agricultural industry in Texas for the high quality food and fiber products that are available to consumers.

That's why November has been designated as "Food and Fiber Appreciation Month," points out Dr. William Vastine, economist in marketing and food distribution for the Texas Agricultural Extension Service.

"Farmers and ranchers and those engaged in processing and distributing food and fiber products deserve a great deal of credit for the everyday miracle of feeding and clothing the people of this state and nation," contends Vastine. "And, with Texas being a leading state in exporting agricultural products, we are now providing food and fiber for many other countries as well."

According to the Texas A&M University System specialist, consumers in the United States spent more than \$125 billion for food in 1972, making food retailing the nation's largest retail industry. In Texas the amount totaled about \$6.4 billion.

Vastine attributes this continued growth in the food industry to increased per capita disposable income for a growing population and the increased demand for services associated with food. Unemployment is down and with more than 40 per cent of all wives now working, eating out and convenience foods are also adding to the boon in the food industry.

"With present-day techno-

logy and expertise, agricultural producers now account for only about five per cent of the nation's population. Yet, they do an efficient job; in fact, they produce enough food and fiber for themselves and more than 50 other people," notes the economist.

"Yet, as more and more generations of families become further removed from farm and ranch life, agricultural producers are sometimes forgotten and their role in our society and economy is overshadowed by other 'more contemporary' events and happenings.

"But they along with the people engaged in the overall agribusiness industry continue to be the backbone of this country, providing what is so often taken for granted—high quality food and fiber products," Vastine points out.

CLEANING TIP

Clean up spills on carpet immediately—they won't stay on the surface long. After a few grinding footsteps, debris goes deeper into the rug and can gnaw at the fiber, warns Patricia Bradshaw, housing and home furnishings specialist, Texas Agricultural Extension Service, Texas A&M University System.

FURNITURE CARE

Although rust-resistant, aluminum furniture can become dull, pitted and dirty. Use a damp cloth or stiff brush to remove dirt. Detergent-based steel wool pads polish the frame, as does a homemade paste of whiting and ammonia. Rinse quickly and remove residue with a dry cloth. To restore luster, use auto paste wax on the clean frames, suggests Patricia A. Bradshaw, housing and home furnishings specialist, Texas Agricultural Extension Service, Texas A&M University System.

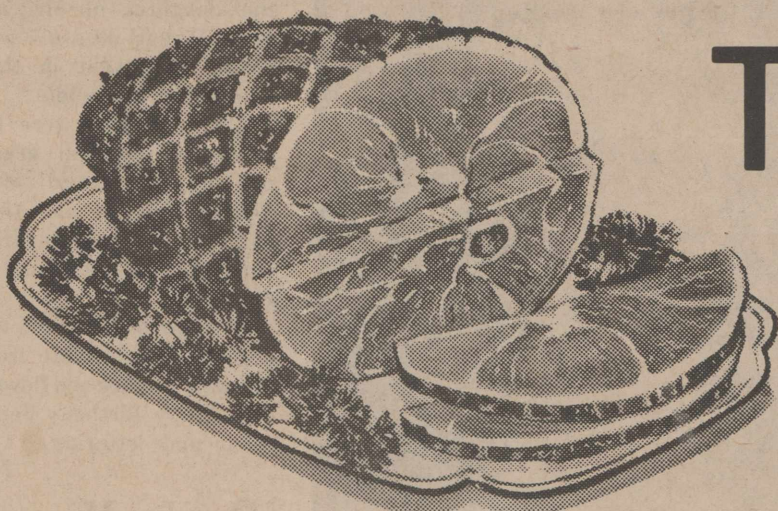

FROM MICHIGAN

Mrs. R. F. Perry of Saline Mich., returned to her home last Sunday having spent a week in the home of her parents, Mr. and Mrs. A. D. Melton.

TO PORTALES

Mrs. Mary Ashcraft and her daughter, Mrs. Jimmie Jenkins visited in Portales, N.M., Sunday with Mrs. Ashcraft's sister, Mrs. W. G. Worley. The Olton ladies were guests of Mrs. Ashcraft's nephew and his wife, Mr. and Mrs. Billy J. Taylor of Portales where he is state highway patrolman.

INJURED IN ACCIDENT

Melvin Richards, grandson of Mr. and Mrs. W.K. Britton, was injured this week at Abilene when his car collided head-on with another vehicle. The accident occurred near Abilene as Richards was returning home after attending a school function. He is in an Abilene hospital. Cards may be sent to him at 833 Davis St., Abilene, Texas.

MRS. DON LAWSON

Cook Of The Week

Recipes are shared this week by Mrs. Don Lawson, a native of Olton who's lived here all her life except for a seven-year hitch as a serviceman's wife. Don, who also grew up here, served three years in France with Margaret's stay there just six months shorter. During their overseas assignment, the Lawsons saw as much around them as possible including one visit to Luxemburg, Germany. The Lawsons are parents of two sons and two daughters. Ricky Don, the eldest, is in the Navy and is serving aboard the USS Hoist, presently cruising in the Mediterranean. Brenda is a sophomore at OHS and Pamela and Leonard are fourth and fifth graders, respectively. A former mechanic, Don is presently farming for Elmer Lewis. Margaret not only keeps the Lawson home, but "housekeeps" for the U.S. Post Office, a job she truly enjoys. Members of the Hopewell Baptist Church, Margaret works with six to eight-year-old Sunbeams. She also serves with the Saturday bus ministry, calling in homes to lend encouragement in attending Sunday's services to those who picked up and transported in the church bus each Sunday. Re-finishing furniture is one of Margaret's hobbies, although she claims "I'm not very good." She also likes to bowl.

LEMON PECAN FRUIT-CAKE

1 box brown sugar
1 lb. margarine
6 egg yolks, beaten
4 c. all-purpose flour, divided
1 tsp. baking powder
1 - 2 oz. bottle lemon extract
4 c. chopped pecans
1/2 lb. candied pineapple, chopped
1/2 lb. candied cherries, chopped
6 egg whites, beaten
Cream together brown sugar and margarine until smooth; add beaten egg yolks and mix well. Combine 2 cups flour and baking powder; add to creamed mixture. Add lemon extract. Coat pecans pineapple and cherries with 2 cups flour; add to cream mixture. Fold in beaten egg whites. Cover and let stand overnight. The next day, put mixture into a greased tube pan which has been lined with greased paper. Bake at 250° for 2 1/2 hours or until cake tests done.

Visited Shut-Ins Express Joys Tape Ministry Brings

Homebound by health or golden years, some one dozen persons visited each week by Mrs. L. A. Marshall glow as they speak of the calls that have come to mean so much.

The visiting ministry, begun from the inspiration of Hopewell Baptist Church pastor, Ronnie Travis, is a bright spot in the week for each of the persons visited. Some of those share their impressions this week.

Shut-in because of a physical handicap, Jean Sachse says she enjoys any gospel music so the songs of Mrs. Elza Miller and Frank Adams are a special treat. "I really enjoy Ronnie's preaching (brief devotional messages) and I enjoy Gerlene's visits."

Jettie Lawson, still very much confined as she recuperates from recent knee surgery, is also grateful for the weekly visits. She confided that so many persons were good to visit her during her hospital

stay and soon after her return home but the visits have dwindled since she's improved.

"These visits have really helped fill that emptiness," she says. She enjoys every bit of the tapes and the visits and looks forward to the next week.

Mr. and Mrs. E. E. Whitson also look forward to the weekly visits. "It's mighty nice," Whitson says of the tape ministry. "We certainly enjoy the tapes. We've enjoyed every one. It (the tape ministry) is the most wonderful thing. We hope Mrs. Marshall continues."

"I think it's the grandest thing in the world for them to do this," says Mrs. M. T. Bagley. I've enjoyed every program they've brought."

Mrs. Maudie Cure says, "I've always found it very difficult to stay in and now that I have to, I really appreciate the visits and the tapes. Mrs. G. T. Galloway has been here when Mrs.

Marshall came and she and I both enjoy it so much. I think the singing is beautiful and the inspirational messages are very nice. I don't ever get enough of good religious music and devotionals so I really appreciate it."

CORRECTION

It was stated in last week's Olton Enterprise that Curtis Schaefer is attending Texas Tech. That was an error. He is employed at Texas A&M, Experiment Station near Lubbock.

TO HEREFORD

Floyd Coleman was a recent guest of his son and family, Mr. and Mrs. Jack Coleman and M'Lee of Hereford. Accompanying Coleman was his son-in-law and daughter, Mr. and Mrs. Ivin Wozencraft.

Mr. and Mrs. D. C. Eby visited in a Lubbock hospital Saturday with his brother, J. L. Eby, who lives in Lubbock. He has been dismissed from the hospital.

CALIFORNIA VISITORS

Recent guests of J. B. Inglis and his daughter and family, Mr. and Mrs. Eugene Griffin, Carol, Fonda and Allan were Inglis's daughter-in-law, Mrs. Donald Ray Inglis of Napa, Calif., and her son Dennis Inglis of San Jose, Calif.

SISTER VISITS

Mrs. W. G. Worley of Portales, N.M., came Sunday night to visit her sister, Mrs. Mary Ashcraft.

"HURRAY FOR THE PUMPKIN PIE"-a pretty little pilgrim girl with a Thanksgiving pie is admired by an Indian lad in the festive door decoration of Mrs. Lillian Rape's classroom in H. P. Webb Elementary School.

Fourth & Fifth Graders In 'Mulligan Stew' Series

Fourth and fifth grade classes of Webb Elementary School are participating in the "Mulligan Stew Nutri-

tion Program," according to Mrs. A. J. Spain.

This series of six 30-minute TV programs is

produced by the USDA in cooperation with Extension Service and 4-H clubs across the nation.

Each student has his own Mulligan Stew book, a comic-type publication with nutrition and food facts presented in an easy to understand way.

Each week a different nutritional fact is presented on the TV program which can be seen on Channel 11, Lubbock, at 12 noon.

Parents are urged to remind their children to watch this excellent program, which will be used in Health classes of both Mrs. Spain and Mrs. Elmer Moore.

GRANDCHILDREN VISIT

Mr. and Mrs. A. E. Hudgens had with them during the weekend their grandchildren, Missy and Tony Anderson, children of Mr. and Mrs. Tab Anderson of Plainview.

IN EARTH

J. B. Inglis was in Earth last weekend with his son and family, Mr. and Mrs. Gerald Inglis, Terry and Toni.

CLUB MEETS

Mrs. Hollis Cain was hostess to the Thursday Bridge Club. Guests were Mrs. Charles Ramage of Cotton Center and Mmes. Robert Struve, Ed Jones, Jim Stephens, Orville Drake, Billy Wayne Clayton and K. B. Parish.

LIFE STYLE OF THE FUTURE

What will be the life style of the future? One thing we can be sure of . . . it will revolve around electricity. Without electric energy there is no hope of getting the pollution eliminators that only electricity can operate.

We'll need our factories, our refineries, our water treatment plants . . . all the things necessary for survival in a modern civilization.

But, without electricity none of these can function.

That's why our industry and we, as a Company, continuously plan for the future . . . contribute toward research and development of better, more efficient ways to get electricity to you.

We know we'll be needed in the future even as we are now . . . and we'll be there when the time comes . . . even as we are now . . . making sure that every kilowatt you buy is 100% usable.

ORIAN HACKLER AND HAROLD LLOYD

Water Department Earns Awards

Orian Hackler, water superintendent, and Harold Lloyd of the sanitation department, have been awarded official certificates for the oldest ecology oriented profession in Texas.

To practice water ecology in Texas, they have been taught effective ways for producing safe drinking water and treatments to make wastewater into clean streams for public use.

Registered in a class of 30,

in a class of community awareness, conducted by Texas A&M University engineering extension service in Lubbock, the certificate is granted by Texas Water Utilities Association. The two have accumulated a prescribed amount of actual work experience and passed the examination given by the State Health Department's Sanitary Engineering Section.

Although their efforts may not be seen by those he serves, results are visible every time one turns on a tap.

Write In The Groove

BRYAN ALLCORN AND FREDDY STOCKDALE

The big rival game was last Friday night. If you missed it and just read the papers, the game was not the same. For the Olton Mustangs came out at halftime (without a power failure) and WHIPPED the Littlefield Wildcats!

It really depends on which paper you read. If it was the A-J you probably read that Littlefield won and won district and so on. But if you read the Littlefield paper?? - you probably (like everyone else) got a little upset. We're sick and tired of the Littlefield paper always cutting us down, saying how great they think they are. For example: they said that "Littlefield won Friday night (as usual)." If you look back into time, Olton has 2 wins over Littlefield and Littlefield has 2 wins over Olton. Next year we will make it Olton 3-2! They also said that on the first drive, Bryson, the quarterback, ran for 40 yards, which is true. But is you recall, Olton made a great defensive stand on the one foot line. They didn't put that in. They just said that after the Bryson run, three plays later Randy Cook came onto the field to try a field goal. By the way, Pat Britton blocked it and he engaged in a little hit and run. Also they said that Bryson (fooled?)

Olton on a fake field goal. We didn't see him in the end zone. And as you recall last year in the paper they said that "if you want to know how great the Littlefield Wildcats are, just ask a Mustang. And be sure to go during visiting hours."

If you would like to know who hit the hardest, just ask a Littlefield Wildcat - but be sure to go during visiting hours! The main purpose of the preceding words was not to cut down the Littlefield football team, who we admit are a fine team, but to make a point to a certain "Leader News" who is making more enemies than friends. Coach Miller has done an outstanding job taking over as head coach. We weren't supposed to even win a game, but he has molded us into a team that believes in each other. Ferd and Byron believe that Littlefield should give some credit where credit is due.

Now on with the comments: Jeanie R. - jailbird Jan. B. - two-seater? John R. - Let me at him. Pat B. - Get a ticket Friday night? Deryl C. - Seen any rabbits lately? Mandy G. - Boooo! Mrs. Walden - Eva! Jerry J. - Smoking pot during your entrance?

Ken B. - Janey D.? Mike F. - Pretty good art job!

Freshman of the Week - Laura White Sophomore of the Week - Mike Franks Junior of the Week - Deryl Clark Senior of the Week - Connie Thomas Teacher of the Week - Coach Lacy

We're going to do something new next week. We have a quick quiz and if you want to be in it, here are the blanks:

Adjective, number, geographical location, exclamation, number, adjective, adjective, plural noun, adverb, adjective, person's name, noun, plural noun, adjective, noun, name of person.

All you do is fill in each blank with an appropriate response and give your paper to Ferd or Byron. The winner of the quiz will be published in next week's column. All entries are to be turned in by Wednesday afternoon.

Tomorrow's Housekeeping

By Samantha of Lestoil Homemakers Service

When tackling general top-to-bottom housecleaning, I find it's essential to lay down a couple of ground rules and stick to them—it's a matter of personal survival! Let's face it, serious, seasonal housecleaning isn't a one-day job and she who tries it ends up exhausted with a lot of unfinished projects and a grumpy disposition.

So, Rule Number 1: Organize your work. Don't undertake too many jobs at the same time. If you try to do the laundry, defrost the freezer and clear out the basement store room on the day you're also cleaning the upstairs bedrooms—general chaos will result. Concentrate on one room at a time. Just seeing it completely clean and shiny is a great morale booster and gives you the courage to move on.

Rule Number 2: Organize your equipment. Have everything you need on hand and keep it as uncomplicated as possible. First on my list is Lestoil. Its heavy duty formula contains a natural grease cutting ingredient that really saves time and energy. And this one hard-working, all purpose cleaner can be used for so many different jobs. To make quick work of cleaning painted walls, tile, floors and all porcelain and enamel surfaces, use 1/4 cup of Lestoil in a gallon of water. For really tough greasy marks, like crayon or scuff marks, use it full strength, straight from the bottle. It's handy, too, to fill a spray bottle with 1 part Lestoil to 8 parts warm water—an easy way to wipe away those fingermarks and smudges on woodwork and cabinet doors.

Rule Number 3: Make it easy on yourself. You can

save a lot of bending, climbing and stretching if you arm yourself with tools to fit the job. A clean white cloth tied around a dust mop makes it a light, efficient tool for dusting ceilings and walls. If you're planning on washing down the kitchen or bathroom walls, a long-handled sponge mop is ideal. If the handle isn't long enough, have an extension added at your local hardware store. A dish-washing sponge on a handle pokes easily into hard-to-

reach spots and corners. Nail brushes make great miniature scrub brushes for small nooks and crevices. And old toothbrushes are indispensable for any number of odd jobs—they're just the right size for cleaning soap-slicked soap dishes, the holes in toothbrush holders and the grout between tiles.

Most important of all: Set a realistic schedule for yourself with time allotted for brief rest periods. You'll accomplish more in the long run. I'm sorry to say I have no magic formula for making housecleaning fun but the right equipment and dependable Lestoil do make it a lot easier.

CHRISTMAS TREE FACTS AND FANCIES

Decorating evergreens dates from pagan times. The Romans decorated trees during the Saturnalia, the midwinter festival marked by feasting and revelry.

An old Christian legend says that on the night Christ was born every tree in the

forest blossomed and bore fruit. An evergreen can't do that, but its fragrance and freshness can last the whole holiday season with new PROLONG live-cut Christmas tree preserver. This liquid mixes with water and "feeds" the tree, preventing drying out and dropping needles.

Decorated Christmas trees in Christian homes did not become popular until the six-

teenth century, when Martin Luther cut a snow-laden tree from his garden, decorated it with candles, and placed it in the nursery for his wife and children.

More than 30 million American households will have a decorated live-cut Christmas tree this year.

WARM UP TO CHERRIES JUBILEE

The role of hostess has become a whole new vista for the homemaker. With increased entertaining, contemporary hostesses are experimenting with recipes that once were the private domain of famous restaurants.

With the multitude of modern appliances and convenience foods, the hostess can devote time necessary to add special touches to a formal dinner party.

A good example is this cherries jubilee, a flaming dessert that will be the talk of any home dinner party. The recipe from the test kitchens of Corning Glass Works is relatively simple

to prepare and exciting to serve.

It is a dessert particularly easy to prepare on a range with thermostatically controlled heat such as the new Table Range by Corning, complete with a glass-ceramic skillet.

Cherries Jubilee
1 (1-lb., 1-oz.) can pitted dark sweet cherries
¼ cup sugar
1 tablespoon cornstarch
½ cup brandy
1 quart vanilla ice cream

Drain cherries, reserving syrup. In glass-ceramic skillet, combine sugar and cornstarch; blend well. Add cherry syrup; mix well. Set

heat control on Table Range at 375°F. Cook and stir cherry mixture till thickened and bubbly. Stir in cherries. Turn heat control to "off."

To flame, rest serving spoon on top of cherries. Pour brandy slowly into the spoon so that brandy flows from spoon and floats on cherry mixture. Remove spoon carefully to avoid disturbing brandy layer. Light brandy with match applied to corner of skillet. Spoon flaming cherries over ice cream in dessert dishes (not crystal). This recipe makes four or five servings. However, skillet will accommodate a double recipe to serve eight or ten.

LET US GIVE THANKS

FOR THE CONTINUED PROSPERITY OF OUR LAND

Ever since the first Thanksgiving celebrated by the Pilgrim fathers, this country has been blessed with abundance. We ask for God's benediction once more upon our beloved land . . . long may she prosper!

FOOTBALL CONTEST

Each week's entry must be turned in to one of the merchants sponsoring the contest. Contestants are given a week to prepare and turn in their entries. Deadline is 4 p.m. Fridays.

Sponsoring merchants may accept mailed entries. All late entries will be discarded.

In case of ties prizes will be divided equally.

The weekly prizes will be given to the persons picking the most number of games for that week. The tie-breaker will count as one of the games picked, and the predicted scores will be used to determine the top three places in that week's contest, if necessary.

Only one entry per person is allowed.

TIPS ON FIREPLACE SAFETY

Popular though the fireplace is—approximately 20 million American homes have them—not all people know how to use them. Fire authorities say that most accidents occur each year simply because fireplace users ignore obvious safety rules.

Many things people do with a real wood fire are either wasteful or dangerous, such as poking at the fire, breaking up a burning log and building too large a fire. These are the most serious mistakes and they also can create a potential danger when using a brand new product category—the manufactured firelog.

Public concern for ecology has created the firelog industry nearly overnight. Firelog manufacturers say their product will replace natural wood in more than 30 million fires this year.

Manufacturers and fire authorities concur that one of the major difficulties consumers experience with manufactured logs is ignoring instructions against using more than one log at a time. Adding a wax/wood log to an existing fire may result in a flare-up or an excessively hot fire.

Another mistake fireplace log users make is poking or breaking apart the log. The firelogs are made of compressed sawdust and wax, and when they are poked, bits of burning wax may stick to the fireplace tools, and drop on the carpet. Poking also may break up the log, whether it be manufactured or natural, creating a larger burning surface and resulting in an intense heat flare-up.

Most importantly, authorities say, always use good fireplace sense when burning any logs. The following safety tips are basic rules to remember when using manufactured or natural wood logs:

- Start with an open damper and a clean flue.
- Use the right log for your fireplace -- small logs producing lower heat are acceptable for small and free-standing fireplaces.
- Read the manufacturer's instructions when using a man-made firelog--and follow them.
- Place the log at the back of the fireplace, preferably on a grate.
- Don't unwrap a manufactured log.
- Don't overload your fireplace.
- Never break up a burning log.
- Don't try to move a

burning log--it can break.

- Never add a manufactured firelog to an existing fire. (However, a firelog or other fuel may be added to a manufactured firelog fire after 2 hours.)
- Always use a fireplace screen.
- Never leave children unattended near a fire.
- To extinguish in emergency, douse flames with plenty of sand, water or chemical fire extinguisher. Do not break log apart, as this tends to spread the fire.
- Simply by paying close attention to such safety instructions, consumers can take full advantage of the many benefits manufactured logs provide. The logs are designed to burn for two or three hours without special attention, and the best method of tending such a fire is to sit back, relax, and enjoy the beauty and warmth it provides.

Gentlemen:

Planting of TRITICALE on contract for food grain production for TRITICALE Foods Corp. will continue through December 15, 1973.

During the next two weeks, our field representative as well as our growers will have complete information for those of you who are interested in planting TRITICALE right away following your milo, soybeans, or cotton. This has proven to be a very profitable practice the past two years in this area.

We know that this is a busy time for everyone. Even though you may have been unable to attend our recent seminar or growers meetings, if you want to reserve or obtain a base acreage allotment, give us a call before our December 15 deadline.

Watch next week's Enterprise issue for a listing of TRITICALE Foods representatives and contract growers, who will have full information as to seed costs and contract prices. We certainly invite you to inspect any of the many fields of TRITICALE in this area and get all the facts concerning the economics of planting TRITICALE.

Diabetes - A Top Killer May Strike At Any Age

Diabetes, one of the top 10 killers, is being attacked full scale in portions of the Rio Grande Valley.

A massive screening program, along with a public awareness campaign, is being conducted in Starr and Hidalgo Counties through local health departments, the medical society and backup support of the State Health Department.

Diabetes may strike anywhere, but in the Rio Grande Valley it is more prevalent among those in the high risk group. Who composes this high risk segment of society? You are in it IF-if you are more than 45 years of age; if you are 45 or older and a close blood relative of a diabetic; if you are 45 or older and you are very overweight (obese); and if you are 45 or older and the parent of a newborn baby weighing nine pounds or more.

Some private physicians and local health departments screen patients for diabetes routinely if they fall into the high risk category. In Starr and Hidalgo counties, with a strong assist from television stations, those who are most susceptible are being sought out.

Through use of four specially produced television films from the State Health Department, as well as spot announcements, the message is being carried to all viewers. They are being asked to have screening blood tests made at a health department clinic, or from a private doctor if they are in the high risk group. The blood samples are then sent to the State Health Department Laboratories for evaluation. Local health department personnel will follow up on persons whose tests were positive.

Studies done in Starr County and elsewhere in the Valley have indicated that diabetes mellitus is much more prevalent in South Texas than elsewhere in the nation. Dr. Mario Ramirez of Roma said about 20 per cent of his patients at high risk have diabetes. Oftentimes, those with diabetes don't report to a physician until complications from the disease force them to seek medical aid.

Some of the complications from diabetes are blindness, gangrene, damage to kidneys, blood vessels and nerves, heart attack and stroke.

Early detection and treatment, so important in other diseases, is just as important if you have diabetes.

It is estimated that only about half its victims are aware they have the disease. In the other half it is hidden.

Programs such as the special effort in the Valley may insure a healthier

future for those in whom the disease is found.

Diabetes is a chronic, metabolic disease which is a world-wide problem. It has been known for thousands of years. The oldest known document, and Egyptian papyrus of 1500 B.C., contains the earliest reference to what was probably diabetes.

Although diabetes affects people of all ages, in this country it is 10 times more prevalent after age 45.

Despite research through the centuries, no cure is yet known. However, the introduction of insulin therapy during the 1920's, followed by oral drugs in the 1950's, greatly improved the prognosis for diabetes. Today the life expectancy of a diabetic is much greater than it was 50 years ago when insulin was first administered to a 14-year-old boy in Toronto. The boy recovered from a deep coma. Since that day, insulin has saved the lives of millions of people.

Simply put, diabetes is too much sugar in the blood. Blood sugar-glucose-isn't broken down into body fuel as it should be because of a malfunction of the pancreas.

A person with diabetes may have these symptoms: excessive thirst, frequent urination, excessive hunger, weight loss, failing eyesight, intense itching, pain in fingers toes, weakness, tiredness and drowsiness.

A blood test can detect sugar in the blood, and many persons learn of the disease while undergoing regular checkups or being treated for another illness.

Prevalence in this country is increasing and probably is attributable to many factors.

People, in general, are living longer. The life expectancy of diabetics has increased.

Finding of the diabetic is important, and finding the hidden diabetic is doubly so. The earlier diabetes is detected, the easier it can be controlled and a person put on the proper diet and medication, says the Health Department.
