Mountain Echoes

By Barbara Kingsbery

Announcements for the Santa Anna Public Schools in 1905-06 and 1906-07 were recorded in book-like form for the patrons and parents of those years. The little booklets from those two years were handed us last week — relics in the collection of the late Miss Bettie Blue.

The 1905 school term was to begin on October 2. M. Tyson was listed as president of the Board of Trustees, L. V. Stockard was secretary and S. H. Phillips was serving as treasurer. Other members were J. T. Overby, A. G. Weaver, R. H. Laird and W. B. Mitchell.

—bk—

Faculty members for the year were G. W. McDonald, superintendent, Miss Mary Bennett, first assistant, and Miss Ollie Pearce, Miss Bettie Blue, Miss Mary Dodson, Miss Stella McDaniel, Mrs. Watkins, Mrs. L. R. Hale and Miss Ruby Grady.

—bk—

The following described the facilities at the Santa Anna Public School:

"We have made quite an addition to our school building. Six new rooms have been added at an expense of \$7,000, making the cost of the entire building and equipments \$11,000. We are thus furnished with a ten room structure of modern architecture — commodious, comfortable, and in every way well adapted for school purposes.

A library of several volumes has been collected and a strong effort will be made to add to this some of the best and most needful books for school work."

—bk—

Two literary societies were open to all students of the local school at the turn of the century. A debating society for boys met each Friday evening. The girls literary society met on Friday afternoon. Their exercises consisted of reading, speaking and debating. The two societies met in joint session at stated times during the year to prepare special programs for the public.

—bk—

The Santa Anna School for 1905-07 was divided into three departments — primary for grades one through four, grammar school, comprising grades five, six and seven, and high school for grades eight, nine and ten.

—bk—

Included in the little booklet was the following description of Santa Anna:

"The town of Santa Anna is located on a branch of the Santa Fe railroad in Coleman County, twenty-one miles west of Brownwood. It is situated at the foot of Santa Anna Mountains which serve not only as a protection from the north winds of winter, but which also on account of their shapely appearance, and their rockwalled summits and beautiful scenery, add much to make the town attractive and especially interesting to all lovers of nature. These mountains furnish sand and stone of the best quality for building purposes. The town enjoys an enviable reputation as a business center and the natural conditions surrounding it make it in many respects the most attractive little town in West Texas.

"The healthfulness of the town is beyond question and has been highly recommended as a health resort by some of the best physicians. It is

Coleman Rites For E. J. Hodges Held Tuesday

Funeral services were held in Coleman Tuesday afternoon for Edgar J. Hodges, 75, a former Rockwood resident who died Monday, July 26, in the Coleman Hospital. Burial was in the Coleman cemetery.

Born February 14, 1896, he was a veteran of World War I, a Mason and a Methodist. He had lived in Coleman County since 1916 and was a retired oil consigner for Phillips and Continental petroleum companies.

Survivors include his wife; one son, Joe Andy Hodges of Fort Worth; one daughter, Mrs. Jerlene Haynes of Rokane; two sisters, Mrs. Mattie Tucker of Pleasanton, Calif., and Mrs. Hazel Inman of Oklahoma City; one brother, Ralph M. Hodges of Waco; two stepchildren, Mrs. Patsy Deal of Abilene and Wyndell Rehm of Snyder; and five grandchildren.

S.A. Group Will Attend RA Camp At Lake B'Wood

A group of boys from the First Baptist Church will be among the number attending the annual Royal Ambassador camp at Lake Brownwood on Monday, August 2, through August 6. Five boys from the church will serve on the camp staff by leading or assisting with the activities.

David Horner will be archery director in the sports program. Others from the local congregation who will assist with different activities are David Huggins, Tony Owen, Ricky Jones and Ronnie Yancy. About ten younger boys and a sponsor are also expected to attend from the Santa Anna church.

Rev. Bill Brewer, RA director of the multi-county area, has been in charge of the planning for the camp. Dewey Lamb, pastor of the Belle Plain Baptist Church in Brownwood, will be camp director.

About 300 boys are expected to attend the annual camp next week.

Baseball Teams End '71 Season

The Coleman County All-Star teams for the little league and senior little league ended their seasons last weekend after being defeated in the first round of the playoffs.

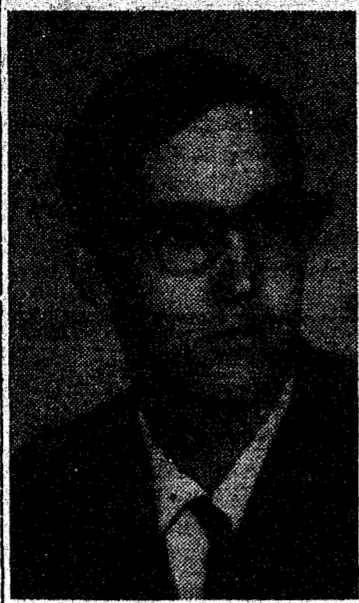

The little league team was defeated 3-2 by the Cisco All-Stars. The senior little league, of which Lyndon Wells was manager, lost to Breckenridge 4-3 in the opening game. All-star teams are eliminated from the playoffs at their first loss.

Several Santa Anna boys were members of the two all-star groups.

N'Side Church Gospel Meeting Begins August 8

A gospel meeting is planned at the Northside Church of Christ in Santa Anna beginning Sunday, August 8, and continuing through August 15. E. R. Harper of Abilene will be speaker for the services which are scheduled each evening and twice on Sunday.

Everyone in the area is invited to attend the services.

EDDIE VOSS, JR.
On Honor Roll At ASU

SAHS Graduate On Dean's List At Angelo Univ.

Eddie Jaul Voss, Jr. of Santa Anna, a student at Angelo State University in San Angelo, is listed on the honor roll for the spring semester at the University. He is listed on the 3.00 to 3.49 grade point honor roll.

A 1969 graduate of Santa Anna High School, Voss will return to ASU as a junior student this fall. He is majoring in business administration at the university.

Parents of the honor student are Mr. and Mrs. E. P. Voss, Sr. of Santa Anna.

Two Visitors, One New Member At Lions Club

Two guests and one new member were present for the Tuesday meeting of the Santa Anna Lions Club held at the Lions Club building. Visitors were Bill Griffin and Tommy Clark, members of the Coleman Downtown Lions Club.

C. F. Wenzel, a new resident of the community, became a member of the organization.

During the business meeting, conducted by president Norman Walters, the Labor Day junior rodeo was discussed and a committee was appointed to investigate possibilities of holding the annual event.

Shortage of livestock due to the drought and the rescheduling of rodeos in neighboring communities because of the VEE quarantine may cause changes from former plans.

Rev. Bill Brewer and H. A. Burden were in charge of the program which was a film on chaplaincy in the U.S. armed forces.

Rockwood Area Has Good Rains, S. A. Gets Trace

Scattered rain in the Santa Anna area has brought up to 3.3 inches in the south part of Coleman County and varied amounts to other communities in the general area. The over-three inch measurement was at the Bryan farm on the Colorado River south of Rockwood.

The general area around Rockwood had about two inches, though Santa Anna itself received about one-half inch of rain during the weekend and Monday. The rain was heavier, measuring about one inch to one and one-half within a ten-mile radius of town.

Rain was still falling at Rockwood Tuesday afternoon, apparently the fringe of heavy rains in McCulloch County and at Brady where 11-13 inches have been reported.

CCTC GROUP AT REGIONAL MEET OF NTCA

Coleman County Telephone Cooperative was well represented at the Southwest Regional meeting of the National Telephone Cooperative Association which was held at the Lodge of the Four Seasons, Lake Ozark, Missouri, last week.

Among the 150 delegates present for the meeting were Glen Copeland, Grady McIver, and Gordon Monsey, directors of the local telephone cooperative, and Thomas Wristen, manager. Wives of the four delegates also accompanied them to the meeting.

A re-vitalized rural America, with modern telephone service available to strengthen rural communities was the theme of the meeting. Highlight of the two-day meeting was the presentation on the operation of the recently enacted rural telephone bank. This new bank will soon not only double the amount of loan capital available to rural telephone systems to maintain and upgrade their service, but will gradually end total dependence on Federal Government financing.

The meeting was keynoted by an address by NTCA President Eldon M. Snowden of Colchester, Illinois. Snowden called the passage of the bank legislation "a great achievement" and "one of which NTCA members, such as Coleman County Telephone Cooperative, should be vastly proud."

Also featured on the meeting program was an informative presentation on community development by A. G. Baebler of Union Electric Co. in St. Louis, who gave the delegates a nuts-and-bolts presentation on how small rural communities can work to bring development to their area.

National Telephone Cooperative Association is headquartered in Washington, D.C. and represents the nation's 235 telephone cooperatives. It has members in 31 states coast to coast.

The local delegation made the trip by car and enjoyed sightseeing enroute to Missouri and on the way home. They returned to Santa Anna Saturday afternoon.

Coleman Co. Fair Reset Sept. 25

The Coleman Betterment Council, sponsors of the annual Coleman County Fair, have announced that the date of the annual fair has been postponed until Saturday, September 25.

The date was previously set as August 12-14 but due to a number of circumstances the decision was made to make the change.

The August date was to be in conjunction with the annual junior rodeo. The new September date is at the same time as the 1970 fair.

A number of Santa Anna and area women have been named to committees assisting with the women's division. The women's exhibits will be on display at the Rodeo Recreation building during the one-day fair.

SOFTBALL GAME RESULTS

The Santa Anna girls teenage softball team was defeated by the Bangs women's outsiders team at Bangs on Saturday evening. The final score was 26-11.

Results of a re-match of the two teams, played Tuesday, will be reported later.

Annual REA Membership Meeting To Be Held at Coleman Friday

The annual membership meeting of the Coleman County Electric Cooperative will be held at the Coleman Rodeo grounds on Friday

night, July 30. Registration will open at 7:00 p.m. Beginning at 8:00 p.m. there will be musical entertainment and at 8:30 the bus-

ness meeting will be held. Three directors for the cooperative will be elected at the Friday night meeting. Ballots have been mailed to each member or will be available at the meeting. Annual reports will also be given by cooperative officials.

Ken Loyd of the Texas Electric Cooperatives of Austin will be guest speaker for the program which will begin at 9:00 p.m. Musical entertainment will be furnished by the Singing Blues of Coleman, the high school athletic chorus directed by Pete Simmons.

A number of merchandise prizes will be given away in a drawing at 10:00 p.m. which will conclude the meeting. Free gifts will be presented each member of the cooperative that attends the meeting. Visitors are welcome to attend the membership meeting Friday night and join the several thousand people that are expected to attend. A concession stand will be open during the evening.

NEW BAND UNIFORMS ARRIVE

The new uniforms for the Santa Anna Mountaineer Band arrived Monday from the uniform company in San Antonio. The 80 new uniforms were ordered in May and the July delivery was weeks earlier than expected.

The Santa Anna Band Booster Club has undertaken payment for the new uniforms, assisted in financing by the local school. Numerous fund raising projects were held during the past year to make partial payment on the purchase and other

projects will be sponsored by the club during the coming year to make additional payment on the uniforms.

The old uniforms, purchased about ten years ago, were almost beyond repair and there were not enough of the right sizes to outfit the 1971-72 band which is expected to have approximately 55 members.

The new uniforms, made of black all-wool fabric, are designed tuxedo style, for concert band and each has a separate white overlay with emblem and trim in gold to be used for the marching band. New hats were also included with the uniforms.

It is expected that the new uniforms will be fitted and issued to band members right away so that any alterations of changes may be completed before school starts.

Many local people have helped with the uniform fund and donations. Help with planned fund-raising projects will be sought to complete payment of the new uniforms.

Vernon Parnell served as president of the Band Booster Club last year and Mrs. Janice Cozart is the new president of the group.

Stocker Calf Short Seminar Set August 5

There will be a Stocker Calf Seminar held August 5 at 8:00 p.m. in Coleman according to Mike McCravey, Assistant Co. Agricultural Agent. The meeting will be held at Coleman County Electric Cooperative, Willie Wirehand Room.

This stocker calf seminar was proposed because running stocker calves is becoming a popular practice in Coleman County. The seminar will deal with special problems and the opportunities that will be encountered when running stocker calves.

Speakers will be: Dr. J. Ray Martin — health problems encountered when stocking young calves.

Mr. Zeno Hemphill — Local rancher speaking on the stocker-calf operations on his ranch.

Mr. Robert Kensing — Area Farm Management Specialist from San Angelo who will give an economic picture of opportunities and problems with stocker calves.

Following each presentation there will be a short question and answer period.

Due to the large sell off of cows this dry spring and summer some farmers and ranchers might want to consider a stocker calf operation this fall. All Coleman County livestock producers are cordially invited to attend.

Methodist Men Meet Thursday

Men of the United Methodist Church will meet at the church annex on Thursday night (tonight) at 7:30 p.m. The meeting will include supper and a program.

All men of the church are invited to attend the monthly session.

SACY SUNDAY AT FBC

The Santa Anna Christian Youth organization will meet Sunday evening, August 1, at the First Baptist Church. Both junior and senior groups will meet for a program, fellowship, games and refreshments.

Young people of all denominations are invited to be present for the weekly get-together.

HOME FROM ABILENE

Miss Lisa Herring spent the weekend in Abilene with her aunt, Mrs. Danny Bryan and family. She returned home Sunday afternoon.

SBA Officials In Brownwood Next Thursday

Officials of the Small Business Administration will be in Brownwood Thursday, July 29, to explain the Agency's business drought disaster loan program.

Fred S. Neumann, SBA Regional Director in Dallas, said the session — scheduled for 1:30 p.m. at the Holiday Inn — is open to businessmen from Brown, Callahan, Coleman and man, Comanche, Coryell, Eastland, Erath, Hamilton, Johnson, McCulloch, Mills, Rannels, San Saba and Somervell counties.

"We are bringing the Agency's economic injury disaster loan (EIDL) program to the local level to assist small business firms suffering substantial economic injury because of the effects of the prolonged drought on farmers and stockmen," Neumann said. "We also are encouraging representatives of area banks and Chambers of Commerce to attend this meeting," he added.

The SBA can provide EIDL assistance up to a maximum of \$500,000 to small firms to provide working capital or to pay debts, except bank loans, which the borrower would have been able to meet had he not lost income because of the drought.

Interest on SBA drought disaster loans is set monthly by the Department of Treasury and for July is 5 3/4%.

Cemetery Assn. Memorial Gifts For Mr. Switzer

The Santa Anna Cemetery Association has received several donations during the past week as memorials to the late Mr. M. C. Switzer. Gifts into the memorial fund have been from the following people:

Calvin Fuller and Baby Mr. and Mrs. Bill Griffin Mr. and Mrs. Ken Bowker Mr. and Mrs. Arlie Welch

Memorial donations to the Cemetery Association are put in a fund for special projects at the cemetery. The present plan calls for the construction of a restroom at the cemetery and all memorial donations will go into that fund unless otherwise designated.

In Our Opinion

By W. T. HAYS

THERE HAS BEEN much discussion about spending by politicians and in fact it has recently publicized just how much air lines, and telephone and telegraph companies have still "on the cuff" from past political campaigns, including President Nixon's.

One source of campaign funds has come under criticism, and so it should. That is funds coming from organized labor from assessments of members.

What it boils down to is this: a man is required to belong to a union in order to work at his job because of a union-shop contract. The unions then make political contributions various guises, as political support by a union is a violation of federal law. An example is COPE, or Committee of Political Education, which union members contribute and the funds are in turn sent to political campaign treasurers.

That way an employee may financially support a candidate for whom he would not vote. Yet his contribution to this fund is compulsory and collected along with union dues.

Legislation has been introduced by Rep. Philip Crane of Illinois, which would prohibit labor unions from using any part of a members dues or assessments for political purposes. Under this law union leaders could not assess the rank and file member for political funds of any sort.

And, along with their ability to get around the law and support what George Meany, president of the AFL-CIO calls "one of the best political machines in the nation," the unions are tax exempt.

Yet corporations are denied the right to make political contributions, and do so through individuals, they are subject to taxation.

Politicians, recognizing the need for political funds, are very sensitive to the wishes of big contributors and in too many instances their voting records in Congress and other places reflect where their campaign contributions come from.

PRESIDENTS NIXON'S upcoming visit to Red China has caused considerable discussion among those who support the idea and those who don't.

In some ways it seems rather inconsistent to refuse to recognize that the Communists control China after all these years, and since they do, it would probably be better to have some kind of understanding with them. We can't see any difference in recognizing Red China than in recognizing Soviet Russia. Actually there might be some advantage in it.

There is quite a bit of antagonism between the two largest Communist countries, and the competition between them could work to an advantage for the United States. Neither want's the other to have any political advantages, and although they claim to be friendly nations, their friendship is pretty shallow.

How we use our position between the two could be a key factor in our own world affairs, and could work to a tremendous advantage for us in such thing as the Viet Nam war, and some other explosive situations.

We had better play our cards right, and take advantage of opportunities. The Communists certainly would.

Certainly we should not desert Chang Kia Shek and Taiwan. They have been our friends for many years and we need them about as bad as they need us. If Red China is recognized and allowed to become a member of the United Nations, the Republic of China certainly should also remain a member. We need to retain our defense perimeter which includes, along with Taiwan, South Korea, Japan and the Philippines. They can't afford to go back to our pre-World War II isolationism. We are still a part of the world, and what happens in any part of it is of interest to us.

One thing we must insist on is that even should we maintain trade relations with the Communist countries, we will never support Communist aggression anywhere in the world, and will oppose it from whatever source it comes.

STATE Capital NEWS

By VERN SANFORD

Austin — Investigations of stock-loan scandals which have rocked the state for nearly seven months moved forward on three fronts during the past week.

• Travis County District Attorney Robert O. Smith announced plans to present to the grand jury here evidence compiled by Texas Atty Gen. Crawford C. Martin's staff.

Martin said evidence includes material pertaining to federal Securities and Exchange Commission allegations that large bank loans were extended to high state officials by the Sharpstown State Bank in 1969. Money went to stock purchases by officials at the Sharpstown bank head Frank Sharp was trying to get deposit insurance legislation passed.

• Sharp was invited to testify within the next three weeks before a House General Investigating Committee.

Committee asked Sharp to talk about bills in which he was interested in 1969 "and other matters that may be pertinent concerning Sharpstown State Bank," the National Bankers Life Insurance Company and any relationship with public officials.

• Meanwhile, State Insurance Commissioner Clay Cotten turned over to district attorneys in Houston, Dallas and Austin results of his investigation of NBL.

Cotten said he feels insurance, embezzlement and conspiracy laws may have been overstepped but preferred to leave it up to prosecuting attorneys to decide if violations occurred. He offered names of five one-time NBL officers and directors prominently involved in his report.

Federal court at Houston set hearing this week to determine if a June 14 immunity order protecting Sharp from further prosecution or summons should be modified. Martin and Smith want to force him to testify before the Travis County Grand jury hearing.

COURTS SPEAK — An Austin federal district judge upheld the local school district's desegregation plan calling for a minimum of crosstown pupil busing, holding against a federal government proposal for massive busing. Judge scored the federal government for its uncooperative attitude toward a compromise.

State Supreme Court rejected an appeal of A&M University employees who had paychecks stopped when it was discovered they were serving on the College Station city council.

In other decisions, High Court:

• Stuck by its original decision holding former president of Sharpstown State Bank was not negligent in failing to investigate bonds offered as security on a \$470,000 loan.

• Turned down the appeal of a Dallas oilman's widow in a law suit over his estate brought by the man's five daughters by an earlier marriage.

• Upheld the will of multimillionaire Robert A. Welch's sister leaving \$300,000 in Texas oil and gas property to the Welch Foundation.

• Held against an Alice woman seeking damages from drug companies which manufactured the anesthetic she claims partially paralyzed her following 1963 surgery.

• Reversed a lower court judgement and concluded the foreclosure of mortgage on the

home of a Dallas couple who had paid \$420 more than their schedule called for was void.

• Rejected disputed evidence of a remarriage in Mexico and backed a Nueces County trial court finding that a Corpus Christi man owes nearly \$24,000 in alimony to his former wife in Nevada.

LIVESTOCK DISEASE SPREAD — As sleeping-sickness-like Venezuelan Equine Encephalomyelitis continued to strike horses and some humans, threat of a new livestock malady loomed.

Outbreak of African hog fever in Cuba alarmed swine owners. Latter is almost invariably fatal, and there is no known vaccine. Ailment does not effect people, as does VEE (which is usually mild in humans).

More than 1,100 Texas horses are believed to have been killed by VEE and 1,500 others stricken. More than 6.6 million acres have been sprayed to kill disease-carrying mosquitoes.

AG OPINIONS — Texans under 21 may not serve on juries in Texas despite recently-lowered voting to 18, Attorney General Martin held.

In other recent opinions, Martin concluded:

• Texas Industrial Commission can open an extension office in Mexico City and pay salaries of employees there.

• Governor is without authority to negotiate open-end contracts for computer supplies for state agencies.

• County attorney of Cooke County will serve as 16th district attorney when 16th district court sits in Cooke County. District attorney of 235th district will serve that court in all counties where it functions.

• Law passed last May 28

sets maximum compensation for assistant county school superintendents in all counties.

• Renewal license issued by State Board of Hairdressers and Cosmetologists June 2-Aug. 29, 1971, expires Aug. 31, 1972. Applicant for Sept. 7, 1971, board examination must pay \$15 filing fee with application and additional \$5 license fee.

• SB 194 of last legislature repeals other acts on commercial drivers' license exemptions.

MEDICINE AID SYSTEM CHANGED — On September 1 State Department of Public Welfare will begin making payments directly to pharmacists for drugs prescribed to Texas welfare recipients.

Under current system, allowance for drugs is included in monthly assistance checks. Legislature this year appropriated \$11.9 million for new vendor drug program.

Welfare authorities believe the new system will provide improved prescribed medicine coverage and delay a cut in overall welfare payments for food, clothing and shelter.

However, some complained of welfare check cuts, since drug allotments no longer will go to recipients, and a few who get only payments for drugs will be taken off welfare rolls. Latter will be interviewed by Welfare Department to determine if they should still get cash aid.

APPOINTMENTS — Governor Preston Smith appointed Dr. Max C. Butler of Houston to State Board of Medical Examiners and reappointed Dr. Albert B. Spiers Jr. of Taylor, Dr. L. G. Ballard of Granbury and Dr. Howard O. Smith of Marlin.

Smith also announced these recent appointments:

• James D. Abrams of El Paso to State Air Control Board.

• Joe B. Burnett of Dallas as 44th district judge.

• J. Chrys Dougherty of Austin and Dr. Robert R. Lankford of Houston to the Submerged Lands Advisory Committee.

• Dr. Theodore Andreychuk of Lubbock and Dr. Ernest Barratt of Galveston and re-appointments of Dr. John I. Wheeler of Houston, Dr. Alvin John North of Dallas, Dr. George H. Kramer of Corpus Christi and Dr. Carl Finley Hereford of Austin to Texas Board of Examiners of Psychologists.

• Guy Cowser of Center, C. C. Rice of Hemphill and Eugene A. Meek of Newton to Sabine River Authority of Texas.

• Paul K. Herder of San Antonio to San Antonio River Authority.

• William D. Cox Jr. and Thomas J. Murphy of Dallas to John F. Kennedy Memorial Commission.

Jesse Gilmer of El Paso (re-appointed) to Rio Grande Compact Commission.

• Francis Flynn of Austin, Land Wall of Lubbock, Wilfred Millington of Nixon, Carroll Curry of Hillsboro, Virgil Maxwell of Houston and James Baker of Lufkin to Board to License Nursing Home Administrators.

SCHOOL DISTRICT WARNED — At least 50 Texas school districts have been warned not to accept transfer students where the act would be interpreted as designed to impede desegregation or continue discrimination.

Dr. J. W. Edgar said districts were reminded of the April 20 Tyler federal court order for-

bidding transfers between districts where effect would be to interfere with integration or promote discriminatory treatment.

La Pryor, Uvalde and Carrizo Springs Independent School Districts were advised not to accept students from Crystal City (where Anglo parents apparently sought to move pupils out of Mexican-American dominated schools). Del Rio school district was warned not to accept 729 transferees from San Felipe ISD which serves Laughlin Air Force Base. San Antonio ISD was notified it may be in violation of court order if it takes 316 transfer students from Edgewood ISD.

Edgar said state aid for transferees would have to be withheld, and accreditation of receiving district would be in danger.

SHORT SNORTS

Driver safety responsibility act still applies under some circumstances regardless of federal court decisions against license suspensions where no fault is shown, says Department of Public Safety.

Parks and Wildlife Department moved up game management officer training schedule four months (to August 29).

Trickham News Notes

By Mrs. Oscar Boenicke

The Grady McIvers went to a National Telephone Cooperative meeting with three other couples from the Coleman County Coop. It was a National Convention. They were gone a week to Lake of the Ozarks in Missouri. They report a nice trip and a wonderful time. They returned home Saturday.

Royce and Wanda McIver and children of Midland visited in the Grady McIver home last week with Gayla Hornell, Lori and Allen. They bought a boat and took it to Lake Brownwood one evening and all enjoyed boat rides and skiing. They visited here

and at Rockwood with Wanda's parents.

Russie James and Harold and Oneta James and Wanda and Donna went to Fort Worth and spent the weekend with Mr. and Mrs. Melton Johnson and family. They went Friday and came home Sunday evening.

Pat and Leann McClatchy and family of Hurst spent Friday night with his parents, the Wiley McClatchys.

Homer Goodgion visited the Howell Martins Sunday night awhile.

Visitors with the Bernice McIvers Sunday evening and night were Grady and Genia McIver and Rankin and Natalie McIver, Darla and Chris. Sherrie is visiting at Austin with the H. C. Bylers.

Mrs. Mamie Lancaster spent several days last week with her daughter and husband, Lucile and John Carter in Brownwood. She went home with them on Sunday and they brought her home Thursday. Virgil visited her Saturday.

Thursday night Russie James and Oscar and Mary Boenicke visited Roy and

Inez Miller in Coleman before time for the Farm Bureau Meeting. We were glad to see Inez doing better. She can walk with her crutches pretty good and puts some weight on her leg now which she had broken.

Visitors with the O. J. Martins Sunday evening were Mr. George Stewardson of Rockwood, Daisy McClatchy, Joe and Ora Stacy, Mamie and Stafford Stephens, Oscar and Mary Boenicke. On Saturday J. S. Martin of Santa Anna and Pete McClatchy visited. Oma Lee Dockery took her mother for a check-up at Temples Hospital Monday. Oll Martin went with them.

Sherman and Dortha Stearns and Clint of Fort Hood, and her mother, Mrs. Frank Gramond of Lexington, Ky., visited the G. K. Stearns Sunday and Sunday night. They will be moving to Waco this week. Sherman is getting out of the Army. Also Mrs. May Sharp of Santa Anna visited them Sunday and Clint will spend this week with his grandparents.

Mr. and Mrs. Fred Haynes attended a birthday party for Jim Linebery and Jackie Wooley at the Robert Haynes home Saturday night in Brownwood.

Visitors with the Fred

Haynes Sunday and Monday were Janie Haynes and Justin and Jim Linebery and Anna Laura York and Winnie Haynes. The Fred Haynes visited in Santa Anna with Berdie Miller Sunday night awhile.

Mr. and Mrs. Lefty Adkins and children, Todd and Tracy of Midland, came Friday and visited with Minnie Wilson and Gary Laughlin. They all attended the Church of Christ at Bangs Sunday. Mr. and Mrs. Carl Sheffield also visited in the Laughlin home Saturday and Sunday.

Mr. and Mrs. Doyle Laughlin and David and Darla from Seymour came Saturday to spend a few days with his mother, Mrs. Edna Laughlin. Mr. and Mrs. Billy Roy Laughlin and Lee are vacationing in Colorado now.

Mrs. Bill Vaughn received word last Thursday from her sister, Mrs. Elmer Woods, she has a grandson born Wednesday night, July 21. They named his Bruce Allen, his parents are Joanna and Bill Smith of Suttland, Md. Her mother has been with them several weeks before the baby came. She will return home to Bangs this weekend.

Visitors with the Walter Stacey and the Del Ray Stacys this weekend were Bill and Tavy Heldbrier of Fort Worth, and O. T. and Sue Stacy and grandson of Abilene. They all had dinner with Del Ray and Patsy Stacy and family Sunday. Also Darla and Chris Crawford had dinner with them and in the afternoon Wiley and Carrie Stacy visited them.

Lynn and Ann Rice and Melissa of Irving visited the Delbert Rices and the Bond Featherstons last week. Also Wendell and Sherry Rice and baby visited them. They all went fishing and caught 14 nice cat fish one evening.

The rains are good that we have been receiving. We have received 1 1/2 inches but south

of us Mrs. Lancaster reported 2 1/2 inches which is the most received here. Some only got one-half an inch north of us in all. We are proud for the people that have been getting these big rains, eight and 11 inches, they ought to have plenty of water.

It looks like we could get more today (Tuesday).

Mrs. Hilburn Henderson went Thursday to Irving to visit her daughter and family, Naomi and Brent Nichols and baby. She came home Sunday.

Miss Sanchez, Jesse W. Upchurch Married In Saturday Ceremony

Fleming Chapel at Howard Payne College was the setting Saturday for the wedding of Miss Adela Sanchez and Jesse Wayne Upchurch. Rev. Louis Shambeck, pastor of the Santa Anna United Methodist Church, performed the ceremony.

Parents of the couple are Mr. and Mrs. Florencio Sanchez of Victoria and Mr. and Mrs. Jesse Lee Upchurch of Santa Anna.

Fredrick Thlebauld was pianist for the ceremony and accompanied Rebecca Sanchez, soloist.

The alter area was decorated by wrought iron candleabra holding yellow tapers. Potted palms were at each side of the alter and a large arrangement of yellow mums, gladioli, daisies and pom poms centered the communion table. A wrought iron arch decorated with yellow flowers and greenery formed a background for the ceremony.

Given in marriage by her father, the bride wore a formal gown of silk organza fashioned with an empire waistline trimmed with white daisies. The bodice of Victorian lace featured a scalloped neckline and the chapel train was attached by a silk bow. A pearl tiara held her veil of illusion. She carried a bouquet of carnations centered with a white orchid entwined with English ivy.

The bride's honor attendants were Miss Rosemary Sanchez, sister of the bride, and Mrs. Mary Benavides, both of Victoria. Bridesmaids were Miss Cynthia Ann Thomas of La Porte, Miss Jo Ann Killingsworth of Houston and Miss Connie Garza

of Alamo. The attendants wore floor-length empire dresses of spring green whipped cream with yellow daisy trimming. The gowns featured long Juliet sleeves and each attendant wore a yellow lace hat and yellow accessories. They carried bouquets of yellow gladioli, daisies and pom pom chrysanthemums.

Melanie Ann Upchurch of Fort Worth, niece of the groom, was junior bridesmaid. Norma Benevides was flower girl and Morty Garza was ring bearer. Mike Upchurch of Fort Worth lighted candles.

Waymon Upchurch of Fort Worth served his brother as best man. Groomsmen were Jack Brewer of San Angelo, Floyd Carpenter of Fort Worth, Edward Sanchez and Ruben Benevides, both of Victoria.

Bob Bavin and K. D. Fields, both of Fort Hood, seated guests. Ushers were Mike Upchurch and Chris Upchurch, both of Fort Worth.

For her daughter's wedding Mrs. Sanchez chose an A-line dress of pastel yellow double knit with white accessories. The groom's mother wore a green dress of double knit with white accessories. They each wore a Japette orchid corsage.

Serving in the houseparty for the reception in the fellowship hall of Fleming Chapel were Mrs. Sara Oyler of Brownwood, Mrs. Shirley Smith of Cross Plains, and Mrs. Martha Upchurch of Fort Worth.

The bride's table was covered with a white floor-length cloth of shirred organza. A white wrought iron carriage lamp was surrounded by the bouquets of the attendants to form the centerpiece. A three-tier wedding cake and a crystal bowl of frosted lime punch were at opposite ends of the oblong table. Appointments were of crystal and silver.

After a wedding trip to Fort Worth and Dallas the couple will be at home at Fort Hood where the groom is stationed with the U.S. Army. He is a graduate of Santa Anna High School and

WEDDING DATE SET . . . Lt. Col. (Ret.) and Mrs. Russell Park Jones of College Station, Texas, announce the engagement of their daughter, Miss Kassie Marie Jones, to Capt. Raymond Earl Clark, United States Air Force, son of the late Mr. and Mrs. Joe G. Clark of Santa Anna, Texas.

Miss Jones attended North Dakota State University where she was a member of Phi Mu Sorority and Angel Flight. She also attended Burnley School of Art in Seattle, Wash. Capt. Clarke is a graduate of Tarleton College, attended the University of Texas and is presently working on his M.S. at Texas A & M University where he is a member of Alpha Pi Mu Fraternity.

The wedding will take place on August 21 in College Station, Texas.

Central Texas Commercial College at Brownwood.

A graduate of Victoria High School and Victoria College of Vocational Nursing, the bride is a senior student at Howard Payne College and employed as a licensed vocational nurse at the Brownwood Community Hospital.

The parents of the groom hosted a rehearsal luncheon on Saturday noon at the fellowship hall of the Santa Anna United Methodist Church.

The buffet luncheon was served from a table decorated with arrangements of daisies entwined with green ribbon. Place cards at a T-shaped table were white decorated with gold wedding bells.

Misses Laurie Shambeck and Kelly Cammack assisted in serving the group which included members of the wedding party, family members and other guests.

Shirley Baker — Billy King Wed In Ceremony Saturday, July 24

Shirley Darlene Baker and Billy Ray King were married Saturday, July 24, in the First Baptist Church of Zephyr. Rev. E. G. Key read the wedding vows.

The bride is the daughter of Mr. and Mrs. Silas Eugene Baker of Brownwood and the granddaughter of Mr. and Mrs. S. S. Baker of Santa Anna. The groom is the son of Mrs. Eva D. King of Brownwood.

Wedding music was provided by Mrs. A. M. Denson. Terrie Sharpe served the bride as maid of honor. Sherrie Rahn was bridesmaid.

Johnny King of Austin was the groom's best man. Groomsmen were Jimmy King of Austin, David Baker of Brownwood, and Steve Reiger of Zephyr.

For her wedding, the bride wore a floor-length gown of candlelight peau de sole and lace. The bodice of lace was empire style. The skirt was of peau de sole. The lace sleeves were gathered to cuffs which were edged with scallops of lace and fastened by tiny self-covered buttons. Her veil of illusion was attached to a petal-shaped headpiece of seed pearls.

After the wedding a reception was held in the Zephyr Community Center.

After a wedding trip to Dallas, the couple will live in Brownwood.

The bride is a member of the senior class at Early High School and is employed at Mott's in Brownwood. Her husband, a member of the senior class at Mullin High School, is employed at the Brownwood Care Center.

Services Slated At Air-A-Torium During Weekend

Another series of weekend services will be held Friday through Monday at the Air-a-torium, the unique bubble-shaped structure at Ranger Park. The services are being sponsored by the Seventh-day Adventist Church and led by the pastor, Jere Webb.

The subject of the Friday evening service will be "The Water and the Blood." The movie, "Under the Shadow of the Boomerang" will be concluded.

The 11:00 a.m. Sabbath service will be held at the church auditorium Saturday morning. Other services at 8:00 p.m. each evening through Monday will include gospel music, a film and a black light art display. The Sunday evening service will be only for the sermon, entitled "Mark of the Wounded Beast."

Persons attending four of the five weekend services will be presented a book, either of which would be prized in any library.

Everyone is invited to attend any or all of the services during the weekend.

Daniel Circle Meeting Set For August 4

The Nittia Daniel Circle of the United Methodist Church will meet at the church annex on Wednesday, August 4, at 7:30 p.m.

The program will be "United Methodism Divided by Race." Mrs. Nap C. Watson will be program leader assisted by Mrs. Ken Bowker.

New officers for the group will be elected during the business session. Mrs. Cliff Herndon will be hostess for the meeting.

County Agent's News...

Rain at last. The rains finally came but so far they're still spotty. This is a definite improvement however.

Tuesday the 27th was set for a clean-up day on VEE vaccination for horses. Anyone owning horses, donkeys or mules should have them shot on this date. A complete vaccination of all horses will not only save the horses, but prevent further spread northward of the disease. In addition is should reduce the danger of humans contracting the VEE disease in this area. Dr. Martin will have vaccine and he is shooting horses at no charge to the owners.

Today's hog wash was picked up from a 4-H'er.

Mrs. L. Winger Returns From Hawaiian Trip

Mrs. Lura Winger and her daughter, Mrs. Glenda O'Dwyer of Fort Worth, have returned home from a nine-day trip to Hawaii. The trip for Mrs. Winger was a Mother's Day gift from her daughter.

The two ladies left Love Field at Dallas on July 10 for the non-stop trip to Hawaii. They spent a week sightseeing throughout the islands, including two days in a rented car touring the sugar cane and pineapple fields, Sea Life Park, Foster Gardens, and other places of interest. They took the glass-bottomed boat tour and attended a luau and the Don Ho show. They visited both Wakiki and Ewa beaches and especially enjoyed seeing orchids growing in their natural state.

Mrs. Winger and her daughter returned to Dallas on July 19. After visiting relatives in the Fort Worth area, Mrs. Winger returned to her home here last Thursday.

Seasons Adopted By Commission For Wild Birds

The Texas Parks and Wildlife Commission has set dates for the state's dove seasons and early teal duck season.

The commission in a special meeting in Austin also set seasons on other migratory game birds (except waterfowl) and dealt with other business items.

There were no changes in bag or possession limits from last year, and each season for 1971-72 will be the same number of days as the previous year's seasons.

The open season on mourning doves in the North Zone which includes Coleman County, will be Sept. 1 through Oct. 30, from noon to sunset. In the South Zone, the dates are Sept. 25 through Nov. 23.

The daily bag and possession limit is unchanged from last year, at 10 and 20 birds for both species.

Both the migratory waterfowl seasons and quail seasons will be set later. The migratory bird seasons, bag limits and other regulations will be detailed in the 1971-72 Migratory Game Birds Hunting Digest to be published by the department this fall.

SANTA ANNA VISITORS

Visitors Tuesday in the home of Mrs. A. L. Crutcher were her daughter and family, Mr. and Mrs. Joe Andy Hodges, Eddie Joe and Ellen, of Fort Worth, Mrs. L. D. Crutcher of Bangs and her grandchildren, Debbie and Bryan Stephenson of Fort Worth.

They had lunch with Mrs. Crutcher before attending funeral services for Edgar Hodges in Coleman that afternoon.

A brief caller was Mrs. Tom Rutherford of Whon.

ASC News...

By JOE K. TAYLOR

The County Committee has received some major changes in the 1972 wheat program.

A. National domestic wheat allotment for 1972 is 19.7 million acres, same as previously announced. We expect to receive the county wheat allotment and yield within the next two weeks.

B. Required set-aside equal to 83 percent of the 1972 farm domestic allotment.

C. Price support loans at the national average of \$1.25 per bushel as previously announced.

D. Barley will be included as a feed grain in 1972.

E. Substitution of feed grain and soybean acreage as wheat is authorized if needed to protect loss of allotment.

The County Committee has been authorized to adjust the actual yield on cotton for 1971 from 80 percent to 90 percent, provided that abnormal weather conditions reduced the yield below the 1971 expected production.

Farmers failing to fully meet the expected production will be given a proportionate protection.

The 1972 cotton payment yield will be the larger of the following:

A. The 1970 projected yield plus the 1970 actual yield adjusted to 80 percent of the 1970 projected yield if abnormal weather conditions prevailed, plus

B. The 1971 actual yield adjusted to 90 percent of the 1971 yield if reduced because of abnormal weather conditions, or

Children's TB More Serious

Most TB germs can be done in by drugs like isoniazid. This discovery revolutionized the treatment of TB. But now some TB germs are waging a counterrevolution. They have developed a resistance to anti-TB drugs.

The per cent of cases of TB with drug-resistant germs is still tiny. But a serious problem nonetheless.

One comprehensive four-year study at Kings County Hospital in Brooklyn, New York, showed that tougher TB germs were more prevalent among children than adults. A much greater number of children than adults failed to respond to any initial treatment for TB. Other studies indicate similar results.

Research suggests that children pick up these drug-resistant infections from adults who fail to obtain adequate drug treatment for their own infections. The germs are spread by coughing and sneezing. Children usually develop active disease shortly after they are infected with TB germs. But adults, on the other hand, can be infected for years before the germs trigger active TB.

Fortunately, new kinds of anti-TB drugs have been developed in recent years. And children as well as adults—who have TB germs resistant to such drugs as isoniazid and streptomycin—can be treated with the new drugs. Eventually, the TB germs may also develop resistance to the new drugs. Then, the cycle will have to begin again.

The comparisons of drug-resistant TB germs in children and adults were reported in a recent issue of the American Review of Respiratory Disease, a publication of the National Tuberculosis and Respiratory Disease Association.

For more information, check with your local tuberculosis and respiratory disease association. It's a matter of life and breath.

C. The 1971 actual production meets or exceeds the expected production.

D. The 1971 payment yield multiplied by the ratio of actual production to expected production, if 1971 actual production is less than expected production.

SDA Sponsored African School Report Is Given

Santa Anna Seventh-day Adventists marked their concept of world missions last Saturday morning by a report given by Miss Nellie Cabansag about their Gtwe College in Rwanda, Africa. It is one of more than 350 such schools Seventh-day Adventists operate outside the United States.

On September 25 Santa Anna Adventists will join with the two million Adventists around the world in giving a special offering for the Rwanda school. According to the report given by Miss Cabansag, the Gtwe school is able to accommodate only 150 students. There are 483 Adventist churches and more than 86,000 members in this area, which explains the concern for expanded facilities. A new administration and science blocks are immediate needs of Gtwe.

Miss Cabansag said, "Christian education is the greatest need in Rwanda today. Many thousands still cling to old customs and superstitions because they are uneducated."

The key to Seventh-day Adventist philosophy, according to the superintendent, is in changing the world by changing the people. Legislation or foreign aid can do only so much, but when people are educated and adopt Christian principles of living they make better citizens and a better world.

The Texas Conference operates one college, two boarding academies, a number of day academies, and almost every local church has an elementary school. Santa Anna operates its church school.

Social Security Insurance Given For Disability

Last week, we had begun some national statistics on who gets disability benefits, and for what reason, from social security. Here are some more excerpts from our Office of Research and Statistics:

Those aged 60 or more accounted for 31% of recent award actions; from 55-59, 25%; from 50-54, 16%; under 50, 28%.

Diagnoses by age ran like this: under 30, schizophrenic disorders, pulmonary TB, displacement of intervertebral disc; aged 30-39, schizophrenic disorders, displacement of intervertebral disc, pulmonary TB; aged 40-49, arteriosclerotic heart disease, schizophrenic disorders, disc displacement; from 50-54, arteriosclerotic heart disease, emphysema, osteo-arthritis and allied conditions; 55-59, same as 50-54; above 60, same as 50-54.

Persons in manufacturing and related activities accounted for 47% of disability awards; 13.5% were in service occupations; 12.4% were in clerical and sales; 9.5% were in professional or managerial fields.

89.9% of the disability awardes are able to be ambulatory outside their homes, one out of five needing help; 6.5% are housebound; 7.8% are institutionalized; 4.8% are hospitalized.

Disorders of the circulatory system account for 26.2% of the total awards; 13.2% come from bones and organs of movement impairments; 12.3% arise from nervous system and sense organ problems. (More on this next week)

Let's Go Boating!

DOCKING SKILL TAKES PRACTICE

Learning to properly handle a boat in close quarters is sometimes a problem for the novice skipper. But it needn't be according to the Evinrude News Service. Here are a few tips which, if put into practice, can make docking a lot easier.

Remember an outboard boat doesn't have brakes, and reverse gear wasn't designed as a substitute. Proceed toward the pier slowly. The normal approach is from a 45 degree angle.

Keep a light hand on the throttle and when within 10 yards of the pier, cut your speed to an idle. Coast the last several feet in neutral and just before the bow has a chance to nudge the pier, cramp the steering wheel toward the pier and shift into reverse. This will swing the stern around and bring the boat parallel with the pier.

If a stiff breeze is blowing or a current is moving the water, try to make your approach into the wind or current, whichever is stronger. This will brake your forward motion and give you more control over the boat.

If you must approach with the wind or current, make allowance for the extra push it will give the boat. In some cases it may be necessary to keep the engine in reverse. In any case be ready to shift gears quickly to control the motion of the boat.

Remember, your standard shift outboard will shift easiest at idling speed. With the automatic push-button type, the throttle can be set at higher speeds and the boat maneuvered by simply pushing the buttons.

A couple of fenders placed between the boat and the pier will keep the hull from being scratched. Have the fenders attached and ready to flip over the side of the boat as you approach.

When docking, waiting to get on a ramp, or operating a boat in any other tight situation, remember that a cool head and a light hand are most important. Try to anticipate the effect of the wind and current and be ready to act accordingly.

Skilful helmsmanship, like anything else, can be learned by either practice or experience. Experience takes years, but practice can do it in a surprisingly short time.

Shield News

Mrs. George Wheatley

There's nothing that can put a smile on the face and a spring in the step faster than a good rain. Makes you feel like a kid again, doesn't it? When you hear a fellow laugh because he got stuck in a mud hole, you can rest assured he's a happy man. It's easy to tell how much he received. If he managed to get out by himself he had a fair shower, but if it buried all the way up to the axel then, joy oh joy, he got a gulley washer.

They tell of the man who lived in the community long years ago during a similar dry spell. He hitched up the team, loaded the barrels on the wagon and drove the long way to Home Creek to haul water. He filled his barrels with a bucket, tied the old canvas covers over them and started for home just as it started to rain. It poured from the sky in torrents. The road became so muddy the horses could hardly pull the heavy load, so the man stopped and poured it all over the side. Since it rained he wouldn't need it anyhow! When he was about a mile from home he ran out of the

rain area and discovered that his place hadn't received a drop.

It seems we are still getting those kind of showers. Rain-fall amounts range from one inch up to three inches with some water caught in the tanks. We're thankful for every precious drop of it and hope everyone will get more soon.

Mr. and Mrs. Ted Stewardson were in Abilene recently to attend funeral services for a cousin, Mr. John Ferguson. He was the son of Mr. and Mrs. Terrel Ferguson.

Mr. and Mrs. Glynn Gilbreath of Midland spent Saturday night with Mr. and Mrs. Otis Powers.

Mr. and Mrs. Charles Scarborough visited over the weekend with Mr. and Mrs. Aubrey Scarborough, and Charle returned home with them after visiting several days with his grandparents.

The Fidelis Sunday School Class of the First Baptist Church met in the home of Mrs. Aubrey Scarborough on Tuesday.

Mr. and Mrs. Lewis Densman and Debbie of Hitchcock spent Monday to Thursday with Mr. and Mrs. Oba Yancy and Mary. Mrs. Adrian Price of Irving visited Saturday and Sunday with the Yancys. Other Saturday night guests were Mr. and Mrs. Bobby Joe Densman of Abilene and Mr. and Mrs. Denny Densman and children of Brady. Mary is spending this week in Abilene with the Bobby Joe Densman family.

Mrs. Bessie Stewardson is a patient in the Coleman hospital. At last report she was getting along fine.

Little Todd Lawrance came home from the Brownwood hospital on Thursday and is getting along well. He was injured when a trailer ran over him. Todd, we hope you will be good as new real soon.

Mr. and Mrs. Bert Fowler spent the weekend in Fort Worth with Mr. and Mrs. Larry Fowler and children.

Sunday guests in our home were Mr. and Mrs. Riley McFarlin of Santa Anna and Richard Dillingham and Sunday night guests were Mr. and Mrs. Delmer Crye.

Mr. Jack Dillingham returned to Scott and White Hospital in Temple Sunday for reports of tests and for further treatment.

Mr. and Mrs. Vance Cobb of Odessa spent the weekend with Mr. and Mrs. George Cobb. They all visited in Cross Plains on Saturday with Mr. and Mrs. Jack Watkins.

Whon News

By MRS. TOM RUTHERFORD

We may not have so much news from our little community, but awfully good news for us is the good rain we received Monday. The measuring for the community for Saturday morning and Monday morning was over two inches, falling real slow.

Mr. James Avants of Coleman and his son, Jimmy of Santa Anna, were Sunday dinner guests with his parents, Mr. and Mrs. Aaron Avants.

Our grandson, Rocky Rutherford of Coleman, spent Tuesday night of last week with us.

Hilary Rutherford and Rusty Ryan of Coleman were here Wednesday assisting Tom with the cows. Rocky returned home with them Wednesday afternoon.

Mr. Don Fitzpatrick and Ruth Ann Walter visited with Don's sister, Mr. and Mrs. Jacky Bullion and little daughter, Mychelle, in Lampasas over the weekend.

Mr. Warren Gill and his brother-in-law Munger Kemp of Brownwood, were on the Gill Ranch Monday enjoying the rain.

Mr. and Mrs. Aaron Avants were transacting business in Coleman and Santa Anna Monday afternoon.

Mr. Wimpy Watson of Lubbock spent the weekend on his farm here. His brother, Darwin Watson of Coleman, assisted him with some farm work Saturday. Wimpy visited briefly with the Tom Rutherfords Sunday morning.

Mrs. Orval Bible of Houston was on the Bible farm here during the past week.

Mr. and Mrs. Rex Turney of Santa Anna were on their farm here Sunday.

HPC SESSION

STARTS AUG. 25

Registration for the 81st session of classes at Howard Payne College will get underway Monday, August 23.

And Dr. Guy Newman, HPC president, expects the largest enrollment in the history of the school.

"We are expecting an increase this fall," Dr. Newman said, "which should boast us above last fall's record enrollment of 1442."

First class sessions will start August 25.

The fall calendar of events calls for a faculty workshop August 21, the same day marking the opening of residence halls.

Orientation and testing of all freshmen and transfers who did not attend the clinics will be held the first day of registration.

Highlights of the fall session include the Formal Founders Day Convocation, Sept. 20, homecoming activities Oct. 22-23, and the Fall Revival, Nov. 15-19.

Cookie Jar Bandits?

Although surveys of the National Federation of Independent Business reveal that the current wave of crime and lawlessness puts an especially heavy burden on the smaller business establishments, so far on the national scene not much of any consequence has been done to combat this problem.

As a matter of fact, the most widely publicized approach to crime was a proposal to stamp out the cookie jar bandits.

A former medical doctor, turned psychiatrist proposed in all seriousness that every child on reaching the age of six years be subjected by Federal law to a series of tests to uncover any latent criminal tests in the child's make-up.

As a matter of fact, the principal testing would be the Rorschach test in which the subject is asked to look at a series of various ink blots and tell what these blots suggest.

Thus, presumably if the imaginations of the six year old child identified an ink blot as suggesting an ice cream sundae, that child would be destined to grow up to be a pillar of society, if, on the other hand, the blot suggested a sub-machine gun to him, he, on reaching maturity would be on the FBI's list of the Big Ten.

In the meantime the nation's six-year olds can breathe a little easier.

Plundering Mother's cookie jar is not yet a Federal offense.

Federal Tax Questions And Answers

This column of questions and answers on federal tax matters is provided by the local office of the U. S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q) I'm planning to give my daughter money as a wedding gift. Will she have to pay tax on it?

A) No. A gift is not taxable to the recipient. However, depending on the size of the gift, the donor may have to file a quarterly gift tax return, Form 709, and pay a gift tax. A return must be filed for the calendar quarter in which a donor's gifts to any one person for the year exceed \$3,000. Gifts of property, furniture, vacation trips, etc., are subject to the same general rules as cash gifts.

STOCKMEN CAUTIONED ABOUT PRUSSIC ACID POISONING

Several cases of prussic acid (hydrogen cyanide) poisoning in cattle grazing Johnson grass and sorghum hybrids have been diagnosed during the past week at the Texas Veterinary Medical Diagnostic Laboratory at A & M.

Dr. John C. Reagor, toxicologist, said that in one case, 260 hungry cows were turned into a Bermuda grass field about 4:30 p.m. The upper edge of the field had a large amount of wilted Johnson grass, which the animals began to eat immediately.

The next morning, 27 were found dead. They never made it to the Bermuda grass.

In another case, 20 cows were placed in a small pasture containing volunteer Haygrazer from hay fed in early spring. The young, drouthy plants were quickly grazed, and 13 animals were found dead the next morning.

Dr. Reagor said prussic acid caused the deaths in both instances. Johnson grass and sorghum hybrids may contain high levels of the deadly poison when under drouth stress followed by a summer rain shower.

Either the wilted or fast growing stage of the plant can be dangerous, the toxicologist points out. Problems usually arise when hungry animals are suddenly placed in these pastures.

Prussic acid is swift. Reagor said death can occur within five minutes after grazing affected plants, and almost always within 12 hours.

He urged stockmen to graze their cattle in such pastures only with great caution. Hungry cattle should never be turned in.

Samples of muscle tissue may be submitted to the Texas Veterinary Medical Diagnostic Laboratory for testing, Reagor said. However, they must be "fixed" in a 1 percent mercuric chloride solution for transportation to the lab because prussic acid is not stable.

The lab also offers a testing service on plants suspected to be poisonous. Reagor said the fee for either the muscle tissue or plant test is \$2 per sample.

AT TEMPLE HOSPITAL

Mr. H. D. Speck is to have surgery this week at Scott and White Hospital in Temple. He is expected to be there for several days.

Q) I recently changed employers. When will I get my Form W-2 from my old employer?

A) Employers are required to furnish W-2's no later than 30 days after the last payment of wages upon termination of employment if the employee is not expected to return to work within the calendar year.

Q) My son has taken a job between school semesters. Will I still be able to claim him as a dependent, regardless of how much money he makes this year?

A) Yes, if your son is a full-time student or is under 19 at the end of year, he can have any amount of income and still be claimed as a dependent, provided you furnished more than half of his total support during the year and the other dependency tests are met.

Q) What's the deadline for paying my second estimated tax installment for 1971?

A) Payment of the second installment of estimated tax should be made by June 15, 1971. Using the pre-addressed voucher and envelopes that came with the 1040ES tax package IRS mailed you in February will help to insure that your payments are properly credited to your account.

Q) Are all students exempt from income tax withholdings?

A) No. However, students and other individuals are exempt from withholding if they did not owe any tax last year, expect to owe none in 1971 and have filed a Withholding Exemption Certificate (W-4E) with their employer.

However, if tax has already been withheld this year, the taxpayer must file a tax return next year to have it refunded.

Q) My husband's company transferred him to another state. Some of the furniture we brought with us did not fit in our new apartment and we had to pay to store it. Can we deduct these storage charges as moving expenses?

A) No. Only in-transit storage charges are deductible as moving expenses, not storage charges incurred after the move.

Aunt Sarah, I love you.

Remember my 10th birthday, when you gave me that funny piece of green paper and everybody made such a fuss over it. (Except me.) Frankly, it was a pretty disappointing present for a kid. I couldn't eat it, couldn't play with it, couldn't wear it—and Mom took it away from me practically the minute I got it.

And every birthday after that (and Christmas, too), you gave me another one of those Bonds, you called them. I thought you were pretty gooney.

At least, I never had to guess what I was going to get from good old reliable Aunt Sarah.

And what I got was good old reliable U.S. Savings Bonds.

What I didn't realize then was that you gave me a gift of security for the future. Thanks to you and those Bonds, I had extra funds for college. And they helped when I bought my first new car.

Next week, I'm giving my nephew, Harry, his first U.S. Savings Bond. I know the kid is gonna think I'm some kind of nut. But, someday . . .

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. Tax may be deferred until redemption. And always remember, Bonds are a proud way to save.

Take stock in America. Now Bonds pay a bonus at maturity.

The U.S. Government does not pay for the advertisement of this product. The amount of the bonus is determined by the Internal Revenue Service.

Emergency Drought Assistance Continues For Texas Farmers

During the two weeks from June 14 through 27, the Farmers Home Administration disbursed \$4.6 million in loan funds to 387 drought-affected farmers and ranchers in the State of Texas, according to a report to the President released today in Dallas by the Federal Interagency Drought Committee.

The report notes that 387 farmers and ranchers received FHA loans during the two-week period, bringing the total of loan recipients in Texas to 5,507 under the accelerated assistance program. FHA loan funds disbursed in Texas thus far total \$56.5 million. Overall, FHA has made \$90.7 million in loans throughout the three-state area.

The loans are in three categories: Emergency, Operating, and Ownership. Emergency loans are being used to pay for operating and living expenses and to replace livestock and equipment needed to restore operations affected by the drought.

Operating loans are being used by ranchers and farmers to buy livestock, equipment, feed, seed, fertilizer, poultry, and supplies for farm and home operations. They also may be used to refinance debts or pay interest on them, pay depreciation on equipment, make minor real estate improvements, improve forest lands, or establish non-farm enterprises to supplement farm income.

Ownership loans are being used to refinance drought-related debts, buy lands, construct or improve buildings, improve farm land, develop water facilities, and establish farm-based business enterprises to supplement farm income.

In Texas, 223 emergency loans with a value of \$1.3 million were disbursed during the June 14-27 period. Seven operating loans were disbursed, and \$3.2 million in ownership loans were made to 157 farmers and ranchers.

The federal government has been subsidizing the purchase of feed grains to assist drought-affected stockmen in

the three-state area. Thus far, 5,748 farmers and ranchers in Texas, New Mexico, and Oklahoma have purchased 25,492 tons of the grain at about half the current market price.

During the two-week period, 1,968 tons of hay were transported by Southwest ranchers with two-thirds of transportation costs — up to \$20 per ton — paid for by federal funds. To date, 234 farmers and ranchers in the three-state area have applied for and received this assistance to transport 4,482 tons of hay for their livestock.

An emergency conservation program has been initiated to permit the federal government to pay up to 80 per cent of costs for such conservation practices as water development, deep plowing, pipeline installation and water facility construction. During the last half of June, 3,153 applications for assistance under this program — 3,033 from Texas — were approved by the Department of Agriculture, bringing the total of approved applications for this drought aid to over 14,000, according to the report.

The Regional Committee Chairman added that his staff has published a 16-page pamphlet that describes the various forms of assistance available to drought-area residents. He explained that copies may be obtained from County Agents, the Agricultural Stabilization and Conservation Service and the Farmers Home Administration.

The committee also has developed and distributed a series of eight bilingual radio spot announcements which serve as a directory to the types of assistance being offered to drought-affected area residents. Television public service announcements soon will be distributed to stations that cover Texas, New Mexico and Oklahoma.
