OCTOBER OCCASION in Colorado City is a lively scene -- with a large crowd of onlookers and purchasers and for this year's event, over 70 artists and craftsmen displaying their handiwork in 60 booths. Photos here show some of the activities at the arts and crafts fair held at the Civic Center last Saturday.

Grand Jury Indicts 25

A grand jury meeting in Mitchell County Courthouse Monday and Tuesday, about 6:30 p.m. Tuesday returned 24 separate indictments against 25 people, three of those re-indictments.

Most recently charged were three Colorado City people in connection with a BB gun shooting spree last week, indicted on charges of criminal mischief were Hollis Wayne Thomas, Carrie Ann Caswell Thomas and Daniel W. Andrews for damages of \$510 to the 66 Service Station on Walnut Street Oct. 14.

Named on the same indictment for using a knife to threaten the life of Joe Melendez Aug. 3 were Israel Santana and Juan Santana Jr. (not yet arrested).

Two men were indicted for attempted murder: Moises V. Garcia Jr. in charges stemming from a shot fired at Kenneth Abbott, Colorado City policeman July 13, and James Howard Bender, attempted murder of Donald Lee Emerson, May 21.

Dan Morgan Feaster was indicted for assault with a deadly weapon upon the person of Steve Mickle, June 15.

Others indicted include the following:

Alton Lee Abbe, burglary of the Buford Coop, May 20.

Aubrey D. King, burglary of the Buford Coop, May 20.

Robert W. Standridge, using a knife on Donald Joe White while committing a theft, June 15.

John R. Cozart, using a knife on Donald Joe White while committing a theft, June 15.

Jesus Luiz Aguilar, assault with a deadly weapon, a pistol, on Daniel Garcia, July 13.

Charles Gonce, \$200 to \$1,000 damage to a house rented from Margie Smith, July 9.

Nestor Diaz, unlawfully carrying a prohibited weapon, a misdemeanor returned to county court, Aug. 24.

Danny Jefferson, theft of a Harley Davidson cycle from Mark Marshall, March 9.

Raymond Womack, failure to pay child support for four children, Sept. 1.

Robert M. Cain Jr., auto theft of a car belonging to Claud Heath, July 9.

Re-indictments include the following:

Doak Weathermon, forgery.

Lupe Galvan, possession of over 4 oz. of marijuana.

Ronald Atkins, forgery.

Charged and indicted for driving while intoxicated, subsequent offense, were Samuel Clyde Wright, Florentino E. Sanchez, Brigido Delacruz and Jerry Don Geiger.

District Clerk Bill Erwin said that the indictment list was long and the jury met in long session because only three grand juries meet in the county in a year, February, May and October, and the case load increases during the long term from May to October.

Town Talk

By MAC McKINNON

There has been a lot of controversy over the proposed new state constitution in recent weeks.

In the next few issues of the Record, we hope to present articles on the proposed constitution in an effort to help everyone understand what will be voted on Nov. 4.

...

It seems to be the consensus of opinion in the area that New York City should stay in its own juice in relation to the financial trouble the Big Apple is having.

In case you haven't been following the news on New York City's financial troubles, they are about \$2 billion in debt and say there is no way they can get out of the mess without help from the federal government.

Leaders of other big cities in the nation have expressed concern over what would happen to the bond market if NYC defaulted.

In Senate hearings this past week after one crisis was met with a loan from the NYC Teachers retirement fund, NYC officials said there is no way they can handle another crisis coming up later this year without federal help.

However, some Senators seem to think that the rest of the nation shouldn't help pay or guarantee money for NYC's high living.

It has been pointed out that NYC has a lot of things that are nice to have, if you can afford them. NYC couldn't afford them but had those niceties anyway.

As one Senator said, NYC went to the dance but now they can't pay the fiddler.

It would seem that NYC has been taking lessons from big brother, the federal government, in spending money that they don't have.

A number of people in this area last week received a mailout from the National Taxpayers Union which shows that every individual is in debt \$114,818 for what the federal government owes and to cover future commitments.

The National Taxpayers Union mailout, which solicits membership, points out that "You face a very dangerous situation. Irresponsible politicians, almost totally under the sway of special interests, are threatening to spend you into bankruptcy."

The NTU also points out that "You may be squeezed for the rest of your life to pay the costs of government spending. They've (politicians) spent every cent of yours they could lay their hands on. And promised away \$5 trillion more. Staggering amounts have been spent in ways which bring little benefit to you."

"Item: \$170,000 for a junket by welfare administrators to the Virgin Islands to study how to save money."

"Item: \$100,000,000 for the army to build a truck so poorly designed that it can travel a maximum of 90 minutes at a time before catching fire."

"Item: \$250 billion for foreign aid, including money for the U.S. to finance and support both sides of 14 wars in the last 20 years."

I believe most Americans are fed up with government spending and it's about time that our government starts being responsible and conduct itself like any other business -- live within a budget and income.

They must remember that while there are many things that would be nice to have and do, the money must be available. As New York City found out, if you go to the well too often, it will soon be dry.

Occasion Termed A Huge Success

Colorado City's October Occasion, held inside and outside the Civic Center last Saturday, has been termed a "huge"

success as more than 60 booths were set up and between 70-75 artists and craftsmen participated in showing their handi-crafts.

Terming the event a "huge success," Chamber of Com-

merce executive vice president Sefton Pickens said that the Chamber's method of taking donations to help defray expenses was also successful as the Chamber made some money from the arts and crafts fair.

Pickens also said that as the artists and crafts people began packing their items for the trips home, a number of people expressed pleasure in taking part in the fair and asked to be invited back next year.

Chairman of the arrangements, Jolyn Mikow, said that many people also told her they were delighted with the response as a crowd estimated at between 1,500 to 2,000 people came out to watch demonstrations and purchase items from the booths.

Pickens said a number of downtown Colorado City merchants had also expressed their support of a similar project for next year as their stores and

businesses were visited by a number of out-of-town crafts people and visitors here for the October Occasion.

Students Get Monday Off

Students in Colorado City, Lorraine and Westbrook will get a holiday Monday as teachers attend the Region XIV Texas State Teachers Association Convention in Snyder.

All teachers in the three school systems will attend the meeting and students will get the day off from classes.

Body Found Here

The body of a 32-year old California man, Bruce Stephen Crowton, was discovered Tuesday morning in the vacant area south of Truck Town by an Abilene construction worker at the new high school site.

Police dispatcher Juanita Schafer said the call came into the department at 8:24 a.m. from Larry McGary and policemen and sheriff's deputies immediately went to the area to find Crowton's body a few feet in front of his pickup-camper.

A 16-gauge shotgun and box of shells was found beside the body, a blast apparently entering just below the chin and through the back of his head.

Justice of the Peace Mary Lee Moore ruled death by self-inflicted gunshot and the body was taken to Kiker-Seale Funeral Home by a Kiker-Seale ambulance for transportation to his home in California.

Drivers license and personal effects identified the body as Crowton, listing his address as 1902 Madison Avenue, Castro Valley, California. He had \$108 and some change in his wallet, a Teamsters Union card and an address book and a letter from a cousin in Walnut, Calif.

Police Chief Jesse Browning speculated that Crowton was just travelling through.

Today's Games

Colorado City Freshman football team will not play the game with Hamlin originally scheduled for today, as Hamlin has cancelled.

The Junior Varsity will play a game with Anson in Wolves Stadium. Kickoff is 7:30 p.m.

Middle School 7th and 8th grade teams also play here in games set for 5 p.m. and 6:30 p.m.

Lorraine's Junior High team travels to Roby to take on the Roby bunch at 6 p.m. there.

Get-Together Planned Here

Some 40 people will be in Colorado City Friday and Saturday from West Texas, New Mexico and Houston for a Rockwell Bros. & Co. "Get Together."

Host for the "Get Together" will be Tandy Curlee, manager of the local Rockwell Bros. & Co. lumberyard, the third oldest business in Colorado City, being founded in 1906.

Those attending the "get together" will be coming from the Company's office in Houston and from cities where the company has lumberyards including Portales, N. M. and Albany, Big Spring, Friona, Hamlin, Hereford, Plainview, Leuders, Rotan, Cisco, Coleman and Breckenridge.

On the program for the get-together Friday will be refreshments at the lumber yard, tours of local historic markers and museum and a shopping

tour and then a fish fry Friday night.

Saturday, there will again be refreshments at the lumber yard and then a luncheon.

The man who started the Rockwell chain, James Morton Rockwell, went to work in the lumber business when he was 19 in 1882. He went to work for M. T. Jones Lumber Co. in Albany and later formed the Eagle Lumber Co. After the death of M. T. Jones, Rockwell purchased part of the Jones Lumber Co., and combined it with his Eagle Lumber Co. to form Rockwell Bros. & Co., along with W. H. Rockwell and Alvin Rockwell.

Rockwell Bros. & Co., was officially founded in 1902.

Rockwell officials say the first Colorado City manager they have a record of was J. P. Ehrlich who was transferred to the headquarters in Houston in 1913.

Suspect In Own Auto

Highway Patrolman Marvin Keenan thought he had stopped an auto thief when he stopped a car matching a description coming out over the radio but it turned out the man was driving his own car, reporting it stolen for some unknown reason.

According to Keenan, who stopped a man on I-20 between Colorado City and Lorraine shortly before noon Tuesday, the man and automobile did match the description from the Midland Police Dept. because the man had actually stopped in Midland and reported he wished to turn himself in to the FBI as he was wanted and driving a stolen automobile, giving his name and license number and other identification. But when police went to the address he gave them, he was gone so the report went out over the radio to towns and cities along I 20.

When Keenan heard the report, he saw the car shortly afterward and stopped the man for possible auto theft.

Even though he was apparently not wanted anywhere and the car belonged to him, he was detained by the Sheriff's Department and held for questioning until FBI agents in Abilene said, they did not need to question him. He was released and went on his way.

Money Added For Prizes

As the football season goes into its final four weeks, additional cash prizes have been added to the Colorado City merchants football contest, this week on Page 4.

In addition to the cash prizes of \$10, \$8 and \$5 for the top three winners, there is now a cash prize of \$25 for a perfect score on the entire contest, excluding the key game.

Also there is an additional \$25 prize for anyone correctly guessing the exact score of the key game between Colorado City and Anson.

Deadline for entries is 5 p.m. Friday, Oct. 24.

District Shakeup For 6-AA In '76

Recent changes in district teams for Colorado City's District 6-AA resulted in a meeting of all district coaches, principals and superintendents in Sweetwater Monday in order for new schedules to be drawn up for the next two years.

Hamlin and Anson were dropped from AA to A in classification and District 6-AA added Wylie and Merkel to replace them.

Following the Sweetwater meeting, Colorado High School Athletic Director and Head Football Coach Mike Farda said the non-district and district schedule for the Wolves next year will be as follows:

Sept. 3, Slaton here.

Sept. 10, Sweetwater here.

Sept. 17, at Cisco.

Sept. 24, at Post.

Oct. 1, at Merkel.

Oct. 8, Abilene Wylie here.

Oct. 13, at Coahoma.

Oct. 22, Open.

Oct. 29, Ballinger here.

Nov. 5, at Winters.

Nov. 12, Stamford here.

The district games are with Merkel, Wylie, Coahoma, Ballinger, Winters and Stamford.

Farda said he was pleased with the district shakeup and thought competition would be evened up by the changes.

Lorraine's district was also affected by changes in the UIL districts and now includes twelve teams: Sands, Forsan, Borden County, Glasscock County (Garden City), Jayton, Klondike, Lorraine, New Home, Roby, Sterling City, Dawson (Welch) and Wilson.

Lorraine's district was also affected by changes in the UIL districts and now includes twelve teams: Sands, Forsan, Borden County, Glasscock County (Garden City), Jayton, Klondike, Lorraine, New Home, Roby, Sterling City, Dawson (Welch) and Wilson.

Kick-off will be at 7:30 p.m. Anson is real good and has a solid team, said Colorado High Athletic Director Mike Farda. They run out of the Houston Veer, the same as Sweetwater and a few other teams faced by the Wolves this year, with a good quarterback heading the attack.

On defense, Anson usually runs a 5-man front but last week against Stamford they went to a pro defense, a 4-3-4.

The Wolves are in good health after the week off and have had real good workouts, said Farda. Steve Belvin is the only starter who will probably see limited action as he is suffering from a bad eye infection.

Kenneth killer Kenneth Lain will start in Belvin's place on defense. Also to see some action on defense will be Danny Torrez and Gary Hulme off of the junior varsity squad.

Happy Days

By Ann Kandle Davis

Attended the Chamber of Commerce Arts and Crafts Fair and it was a tremendous success!

Was only there an hour but could easily have spent several more and then would have missed so much. I thought that most everything had been seen outside - pottery, beading, picture painting and more, then went inside and never saw so

much beautiful handwork in my entire life in one place.

Do believe nearly everyone came at the same time I did because you literally had a difficult time getting up and down the aisles. When you wanted to see something special had to wait your turn.

It would be utterly impossible to name even half the

people seen because all of Mitchell County and some of the surrounding area must have turned out for this glorious occasion. The committee who worked on this project put so much into it and, believe you me, it really showed!

A number of people we all love, have seen of late... like Hortense (Mrs. Keith) Neff

picking up her kids at middle school... saw Kent Gentry talking to someone on the steps of the post office and later got to speak to his pretty wife, Juanette.

When I was in the bank the other day, Ray Anne (Mrs. Bin) Carlock told me to come over to her window as she wanted me to see someone she was talking with.

Much to my delight, it was Norma Jane Richardson Holder, who now lives in Pampa with her husband. Norma Jane had come down to see about her mother, Mrs. Addie Richardson. Norma Jane and her husband have two daughters and one son.

I could hardly believe it but she said two of their children were married and the youngest was going to L.C.C. in Lubbock. It was wonderful getting to see her and also to learn her mother is doing fine.

Got to have a chat with the nice John Drummond who was hard at work... spied pretty Barbara (Mrs. Harold) Hamer as she was waiting to pick someone up and I'll bet it was her daughter, Dee Ann.

Had the nicest visit with Barbara Barber Darnall who now lives in Abilene. Her husband is Dr. Joe Darnall and is Chairman of the Department of Psychology and head of Division of Social Sciences at Hardin-Simmon University in Abilene.

They are the parents of two boys and a girl, ages nine, eight and five. Have thought of Barbara often and wondered where she was. Now, all this time she's been almost next door. We all know this the daughter of Dell Barber.

Also got to visit a minute with Wanda and Trevelyn Kelley who now lives in Roscoe. Didn't get a chance to ask about their girls. Think Trevelyn wanted to hear a football game. At any rate, was thrilled I got to see them if it was only for a minute.

Saw many more people at the Arts and Crafts Fair and I must tell you about a few of them... Mrs. Betty (John M.) Worrell, Mrs. Alice (Roy Davis) Coles, Mr. and Mrs. Tom Grant, Mrs. Tom Glover, Mrs. Trudy (Jessie Bodine), Mrs. John Brown, Mrs. Jody (Tom) Neff and two of her children, Julie and Holly, and Mrs. Betty Tomb.

Like I said, saw many more of you but can't get it all in one short space!

Again a huge thank you for such a wonderful Arts and Crafts Fair!!!!

HAVE A HAPPY DAY!!!!

Middle Chatter School

Colorado Middle School had their 5th pep rally last Thursday. All of the cheerleaders and Jamborees were there yelling and the football boys yelled louder than anyone. They were really fired up, and so was everyone else. A skit was put on by Karla Herin, Kim Feaster, Tracy Rees, and Sherry Stinson.

The cheerleaders sang a song to the tune of the "Oscar Mayer" song. The girls walked out as a silly kid, a fat kid, a tough kid, and a kid with chicken pox, but they were all kids C. City "love to watch."

All of the Jamborees and cheerleaders were at the game cheering our Wolves on. We have two more in-town games coming up, so everyone who can, come on out and watch our 8th Grade Wolves Beat'em!

The C-City 7th grade team played Coahoma last week and lost 14 to 2. Jay Green tackled a Coahoma boy in the end zone for a set back. Carlos Olivarez made a good run down to the one yard line but the offense couldn't get the ball across. Both Jay Green and Carlos Olivarez had a good running game. Coach Van Hoozer said we played the best game so far. Today we play here against Anson at 5:00. Come out & help us WIN ONE!

Last Thursday the 8th Grade Wolves played the Coahoma Bulldogs here. The Bulldogs won the toss & chose to receive. The Bulldogs moved the ball down field aggressively, but could not score. It was third and a long five, but the Wolves made the Bulldogs fumble.

The Wolves got the ball on about their own 30 yard line, but could not score. After the ball was handed from one team to another the Wolves halfback, Rudy Garcia, finally scored on a 45 yard run. At the end of the first quarter the score was Wolves 6, Coahoma 0.

In about the middle of the second quarter on a long run plus a penalty the Coahoma Bulldogs finally scored. The score was tied at the half. The Wolves came out more ready to play in the third quarter than the first. Wolves received the ball but could not score and were forced to punt. The Wolves punted the ball to about the Bulldogs 3 yard line, but it was over the Bulldogs head. The Bulldogs did not touch the ball.

On the first play the Wolves got a safety for 2 pts. Then Rudy Garcia took the kickoff back 65 yards for a touchdown. So the score stood Wolves 14, Coahoma 6.

The Honor Society elected its officers for this year. Only the eighth grade honor society members got to vote as we do not have any seventh grade members yet. Officers elected were: Blake Hardegree, president; Genia Guelker, vice pres-

Acquiring that farm might seem more practical with financing through the Federal Land Bank. Land is easier to pay off when costs are amortized over extra years with a long-term Land Bank Loan. Your total cost of borrowing, too, can be less. Ask us for help. We know land values; we will inspect the property. We will then try to make a loan that meets your exact needs.

Letter To The Editor

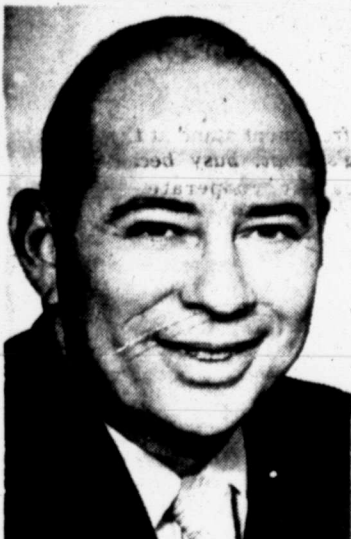

Have you driven over the Colorado City Cemetery lately? If not go now.

You may be wise to take a hoe, rake, broom and a man with a power mower!

A generous contribution to a "City Cemetery Fund" would help while waiting for the organization of a "Cemetery Association."

Providing an attractive and clean "final resting place" for our loved ones should be a worthwhile project this Bicentennial year!

Loraine Area News

By Ida Baird

Mr. and Mrs. J. M. Templeton and his brother and wife, Mr. and Mrs. M. B. Templeton of Sweetwater made a 15 day motor trip to the Eastern States, returning home October 13.

Enroute stops were made at the Natural Bridge and Harpers Ferry in Va. Gettysburg and the Amish Country were interesting places seen in Pennsylvania.

At Baltimore they visited a nephew and wife, Mr. and Mrs. Lewis Pendergrass who joined them on Saturday for a three day trip to Washington, D. C. They visited the White House and the Capitol, where they were met by Cong. and Mrs. George H. Mahon. Mrs. Mahon led them for a tour of the Capital where both congress and the senate were in session. Among other interesting places visited there were the Lincoln Memorial, Arlington Cemetery, Mount Vernon and the Smithsonian.

Enroute home two days were spent at historic Williamsburg and Jamestown. They noted every where much bicentennial preparation and restoration.

Many states have out bi-centennial maps and their guide through the White House said they expect 40,000,000 visitors next summer.

After crossing the James

River by ferry the return home was through the Southern States.

Mr. and Mrs. J. M. Templeton visited their daughter and family, Mr. and Mrs. Charles Bowen in Abernathy Sunday and they all attended the Capping ceremonies for students of the Methodist Memorial Hospital Nursing School Sunday afternoon. Their granddaughter, Barbara Bowen Blackmon received her cap. A reception followed the ceremony on the 8th floor of the hospital, after which the group visited in the Blackmon home.

Recent visitors of Mr. and Mrs. Charles Harris were his sisters, Mrs. David Bowling from Oxford, Ohio, Mrs. Della Lang from Louisville, Kentucky and Mrs. Cecil Keehn from Jeffersonville, Indiana and friend, Mildred Davis from Louisville, Kentucky.

Also visiting Monday night were Mr. and Mrs. Danny Praacht from Hughes Springs, Texas.

Visitors of Mr. and Mrs. Leonard Coldewey Saturday were Mr. and Mrs. Maurice Coldewey and children, Mr. and Mrs. Roy Richard and Roy Wayne from Midland; James Coldewey, from the University

of New Mexico, Mr. and Mrs. Joe Ed Coldewey, Charlotte and Sharon and Skeeter Jones from Colorado City.

Mrs. M. D. Cheek was leaving the Loraine Nursing Home Saturday afternoon and fell and injured her arm. After X-rays doctors found it was jammed and small bones shattered.

M. D. Cheek is a patient in the Loraine Nursing Home. Visiting them Saturday was a son and wife, Mr. and Mrs. M. D. Cheek Jr., from Odessa and visiting this week is their daughter and her husband, Mr. and Mrs. Bill Jones from Austin.

Irene Norman and Alma

Sawyer of Irving spent the weekend with her mother, Mrs. J. D. Norman.

Other recent visitors in the Norman, Frank Crownover and Mrs. Marion Mahon homes were Joe Jarratt and daughter, Mrs. John Skipper from Stephenville, Alvin Jarratt of Ft. Davis. Alvin also visited his father, Lester Jarratt in Claxton Lodge in Colorado City. Mrs. Mahon returned to Stephenville with Jarratt and Mrs. Skipper for a visit.

Mr. and Mrs. Dexter Taylor spent the weekend in Lubbock with their son and family, Mr. and Mrs. Jim Edd Taylor.

Johnson Honored At Reception Sunday

LORAIN - One hundred fifty people called to wish Mrs. Jim Johnson (Cora) Birthday greetings when she was honored at a reception at the First United Methodist Church fellowship hall from 2 to 4 p.m. Sunday.

The occasion marked her 90th birthday. Hosts for the fete were her two daughters and husbands, Mr. and Mrs. Jack Cook of Garden City and Dr. and Mrs. W. N. Porter of Denison, and her son and wife, Mr. and Mrs. Raymond Johnson from Whitesboro, Texas.

Mrs. K. L. Taylor played organ music during the calling hours, featuring old time favorites. A grape arrangement in a stemmed crystal bowl centered the refreshment table. A white birthday cake was decorated with purple and held the honoree's name and 90th birthday. Grape punch was served from a crystal bowl. Serving were Misses Jill Linam and Sheila Martin.

Others assisting with party duties were Dr. and Mrs. Bruce Johnson, Mmes. Bennett Blair, James Bennett, Jack Linam, J. E. Price, C. H. Martin, S. E. Meadows, Martin Dobbs, Duane Roeber and the honoree's granddaughters, Mrs. Dwayne Elledge, and Mrs. Jim Braswell.

The reception hall was decorated with floral arrangements, of carnations and daisies, accented with purple candles.

Mrs. Johnson, daughter of the late Mr. and Mrs. B. Miller of Loraine, was born in Bertram, Burnett County, Texas, October 20, 1885. She married the late Jim Johnson, June 7, 1908 and has lived in Loraine since that date.

After graduating from Colorado City high school in 1904, she enrolled in Normal School in Abilene where she received her State certificate to teach. She taught her first school in Coke County, and taught for 20 years.

She has been a member of the Methodist Church for 66 years and has taught a Sunday School class most of these years. She published a book of poems in 1958, and is still writing poems, and has just written her autobiography, for her grandchildren.

She is a charter member of the Athenaeum Study Club of Loraine and has served as reporter since its beginning in 1961. She is also a member of North Loraine H. D. Club, N.R.T.A., T.S.T.A. and honorary member of Delta Kappa Gamma. She visits the Loraine Nursing Home regularly and teaches a Bible class there once a week. She also entertains there with her harmonica which she learned to play two years ago.

Her accomplishments are endless and at 90 years there's no sign of her dropping any of her activities.

Other members of her family here for the occasion were a brother and wife, Mr. and Mrs. Arthur Miller of Tulsa, a sister, Mrs. Lettie Rowland of Lubbock, grandchildren, Trey and Derek Duncan of Little Elm, Dr. Bill Cook of Midland, great-grandchildren, Mindee and Margery Dee Elledge of Delaware, Ohio and Amie and Richard Braswell from Garland, Texas.

Other relatives and friends were from Aspermont, Quanah, Lubbock, Abilene, Big Spring, Ackerly, Sweetwater, Tulsa, Colorado City, Roscoe, Snyder, Hobbs, N. M., and El Vado Lake, N. M.

These bright ideas will help you light your home more efficiently.

It makes sense to use adequate lighting for reading, working or for security, and it makes sense to do it efficiently.

Locate table lamps so they provide the most light and fewest shadows.

When buying light bulbs, choose the right bulb for the job. Remember that the 1 men rating tells you the light output of bulbs. Watts tell you how much electricity is needed to produce that light. And bulb life is the estimated number of hours the bulb can be expected to burn.

Where bulbs are difficult to change, choose a "long life" bulb which may have fewer lumens for its wattage, but will last longer. A photoelectric cell or timer will regulate the use of security lighting.

And it's always a good idea to turn lights off when they are not needed.

Even though electricity costs less here than other places (your bill is about 27% below the national average), it's worth using wisely. For more ideas, call us. We'd like to help.

5. No person shall operate any boat in a manner reasonably calculated to endanger life, or property, and the speed of every craft around and near docks, or other landing places, and in channels shall be reduced so as to avoid disturbing such docks, landing places and boats to prevent the washing of channel banks.

2. It shall be unlawful for any person to make, create, continue, or cause to be made, created, or continued, any unnecessary loud, unusual, or prolonged noise which disturbs, or is calculated to disturb the persons in the immediate vicinity thereof.

3. In determining whether any such noise is sufficient to constitute a disturbance hereunder, the Court shall consider whether such noise is of such character, intensity and duration as to disturb a person of ordinary sensibilities, taking into consideration the nature of the neighborhood in which such noise occurs.

4. All outboard motors are to be equipped with the manufacturer's stock intake and exhaust systems and all inboard watercraft are to be equipped with operable, muffled intake and exhaust equipment; otherwise, no such watercraft shall be operated on Lake Colorado City.

Team Wins Sportsmanship In Tourney

Colorado City's volleyball team played in the Cap Rock Tournament in Big Spring last weekend, bringing home the Sportsmanship trophy.

The team lost their first game with Plains, 15-3 and 15-13, went on to win their second game against Odessa Permian 15-4 and 15-5 and played a close match with Denver City, 15-13 and 15-13 before being eliminated from the tourney.

Coach Susan Anderson said the Denver City game was a good, hard contest with good spiking by Jaime Pawkett.

They will play in the District Tournament next, games set for Nov. 5 in Hamlin and Nov. 6 in Ballinger. Mrs. Anderson said a team would be lost twice before being eliminated from the District tourney.

Water Deaths Total 520

After the Labor Day crowds go home and summer comes to an end, water safety officials at the Park and Wildlife Department have the sad task of tallying the number of Texans who lost their lives on the water.

For the first eight months of 1975, 520 people drowned in Texas, compared with the 557 who drowned during the same period last year.

Of this year's total, 197 died while swimming, 78 from fishing accidents and 35 people died in boating accidents.

Total for the entire year of 1974 came to 725. P&WD officials are hopeful that figure will be substantially lower in 1975.
