ROCKFORD HOMECOMING SET FOR JUNE 13

Annual homecoming at Rockford will be held June 13 at the Presbyterian Church. Rev. Jack Daniels of Ft. Worth will be the speaker. Rev. Daniels is the son of the late Mr. and Mrs. Joe Daniels. All former residents of the Rockford community are cordially invited to enjoy the day with good fellowship and singing.

Mr. and Mrs. Tim Clark of Mt. Pleasant visited Mr. and Mrs. W. Belcher, Saturday afternoon.

With bearded faces and ankle-length dresses abundant, it appears that the residents of Titus County eternally cling to some aspects of history and tradition. But upon inquiring, it is found that they are trying to relive history.

Titus County, located in the heart of Northeast Texas, is celebrating its 125th Anniversary this year with a gigantic historical and fun festival. Beards and long dresses will be just a part of the celebration to be held June 17-23. There will be many antique exhibits, square dances, a queen's contest, parades, tours of historic houses, a grand ball, and the Celebration will climax in a panoramic production, with a cast of 350 depicting the complete history of the county. There will be four evening performances — 19 through 23 — of this production.

Located on Interstate 36 between Dallas and Texarkana, Mt. Pleasant, the county-seat will be headquarters of all activities. Once famous for its mineral springs visited by John D. Rockefeller and J. P. Morgan the city has a most colorful history. Many of the old homes brimming full of history, will be open to the public during the celebration week.

This June 17-22 extravaganza, to be produced by the John B. Rogers Company of Fostoria, Ohio, will appeal to both the youngest and the oldest member of any family. It will undoubtedly be a fun-day, fun-weekend, and even more a fun-week for the whole family.

Austin. — Gov. Preston Smith surprised Texas lawmakers by announcing he would veto the \$900 million tax bill passed by the House and Senate unless they "cut out the fat."

He contended that this measure provided \$300 million more than was needed. After an anxious 24 hours, a compromise began to emerge; and the House and Senate satisfied the Governor by knocking out a \$287 million gasoline tax raise (two cents on the gallon). Smith found that feature the "most repulsive" in the giant revenue-raising measure.

Governor said he would sign the bill without the gasoline tax increase.

With this problem once more helpfully resolved, lawmakers turned to a hurry-up job of completing major mandatory duties and hundreds of minor ones before the May 31 adjournment date.

Gov. Ben Barnes expressed confidence that the tough congressional and legislative redistricting job can be accomplished in two weeks.

Other pending business, given high priority by federal court action invalidating state laws, includes passage of a new voter registration act and lowering political filing fees.

U. S. TO HELP MAKE RAIN — Federal aid through weather modification experiments, aimed at bringing rain for bone dry areas of Texas has been promised, Governor Smith announced.

Operational details of a cloud-seeding project will be coordinated with the U. S. Department of Defense, the Bureau of Reclamation and the National Oceanic and Atmospheric Administration.

Smith said he is hopeful that this step may bring President Nixon to realize the "tragic extent of the drought disaster in Texas." He pointed out that half of the wheat crop already has been lost to drought and that agricultural production income loss would be more than half a billion dollars if the drought were broken immediately.

LAND BONDS SOLD — Veterans Land Board sold \$23.5 million in bonds to continue financing the veterans land program of low-interest, long-term farm-ranch loans.

Land Commissioner Bob Armstrong said the sale will enable another 3,000 Texas veterans to get loans under the revived program.

Bonds were sold just under the constitutional interest rate ceiling — at 4.4992 per cent. Ceiling is 4.5 per cent. Buyers included the Harris Trust and Savings Bank, Bankers Trust Company, Northern Trust Company, Chase Manhattan Bank N. Y., Continental Illinois National Bank and Trust Company, First National Bank in Dallas and 41 others.

Armstrong said that there were three other bids of \$30 million in bonds offered for sale. Buyers represented all areas of

the country.

AIRPORT GRANT RECEIVED — Federal Aviation Administration approved a \$419,974 grant to Texas for a comprehensive study of future airport development needs.

Funds, together with \$269,987 in state money, will be used to develop an airport system plan for Texas. Grant seeks development of a plan that can be used to forecast regional and statewide demands for air transportation.

AG OPINIONS — Atty. Gen. Crawford C. Martin has held that the Parks and Wildlife Commission and similar state agencies can be increased in size by adding new members without abolishing present boards.

In other recent opinions, Martin concluded that:

• A school board may contract with a teacher whose first cousin has been elected to the board but has not taken oath. Contract remains valid after the relative qualifies for office.

• A pupil promoted to a high school grade not taught in the home district can transfer to any other accredited high school, and the resident district must pay the receiving district's legally-imposed high school tuition fee.

• A notary public can legally use a rubber stamp seal and India ink.

• County employees are entitled to retain jury fees for jury service.

BANK BILLS PROPOSED — A series of bills to prevent recurrence of such failures as that experienced by the Sharpstown State Bank and to strengthen the state's powers over the banking industry were introduced in the Senate by the General Investigating Committee.

One of the key measures gives the banking commissioner expanded authority to order "problem banks" to correct shortcomings without actually closing them. Another bill would prevent insider dealings by officers and directors of insurance companies.

SHORT SNORTS — An increase in state unemployment benefits from \$45 to about \$77 a week has been approved by the Senate but the proposal is heading for conference committee. House approved a \$60 figure.

Both House and Senate committees have advanced a bill to provide for 100 per cent state financing of the minimum foundation school program.

Texas Aeronautics Commission turned down requests by Braniff and Texas International Airways to reopen a case against the Southwest Airlines' authority to fly between San Antonio, Houston and Dallas/Fort Worth.

Governor Smith has signed a bill to provide for more flexibility in student loan programs.

President Nixon and Vice President Agnew will attend the dedication of the Lyndon B. Johnson Library here May 22.

Silver Star Award Jimmy D. Franks

A medic assigned to the Ft. Polk N. S. Army Hospital received the Silver Star, the Nation's third highest award for valor, in ceremonies May 7.

Spec. 5 Jimmy D. Franks received the medal for service in Vietnam from Brig. Gen. Henry J. Muller, Deputy Commanding General, at the weekly graduation parade.

The award was presented for gallantry in action in Sept. 1965, while engaged in military operations involving conflict with an armed hostile force. Spec. 5 Franks was serving as a medic with Headquarters Co. 2nd Bat., 8th Cav., 1st Air Cav. Div.

Spec. Franks and some of his fellow medics left the relative safety of their aid station to aid the wounded personnel in the bunkers on the perimeter. Moving to a bunker that had taken a direct hit, he removed all the wounded personnel from it for treatment. He then went to the Cerm of the perimeter to treat the wounded there.

"A medevac helicopter came to our aid as daylight approached," he said, "and the medics were carrying the wounded to meet the ship."

As he approached the helicopter, an incoming rocket exploded directly behind him wounding him seriously. Spec. 5 Franks holds two awards of the Purple Heart.

Spec. 5 Franks enlisted into the Army in 1963 after completing high school in Talco. He will return to civilian life next month.

Mr. and Mrs. J. E. Horn have returned after spending a week with Mrs. Horn's mother, Mrs. Lennie Medley of Childress, who suffered a heart attack.

ICE CREAM DESSERTS DE LUXE

More than 17 million American families will be eating ice cream today. One of three families has ice cream on hand in the freezer—and most of us buy the generous half-gallon size.

Some people have gotten out of the habit of serving ice cream as a company dessert because they want company desserts to be elegant and party-festive as well as delicious. They want dessert to be original, distinctive, and home-made!

You can make ice cream fit the bill perfectly, when you add a serving-plus to make it the specialty of your house. The plus can be an ingeniously simple sauce, made with fresh fruits and spirits, that you spoon over store-bought ice cream for a sophisticated gourmet effect.

You can make these sauces at your leisure, some of them weeks and months ahead—store them in a cool place, or in the refrigerator.

Red Cherry Sauce

2 cups pitted sour cherries (or drained canned sour cherries)

2 cups sugar

¼ cup whiskey

Stir cherries and sugar over low heat until sugar dissolves. Add whiskey. Cool, store in refrigerator. Use as ice cream or pudding sauce.

Raspberry Sauce

2 cups cleaned raspberries

¼ cup sugar, to taste

¼ cup whiskey

1 tablespoon lemon juice

1 tablespoon cornstarch

Cook berries and sugar over low heat until sugar dissolves. Stir lemon juice and cornstarch together, add to fruit. Cook, stirring, until sauce is clear. Add whiskey. Chill, store in refrigerator, serve with ice cream. Tip: to make this sauce with frozen berries, add only ¼ cup sugar.

Strawberry Bourbon Sauce

1 quart strawberries

2 cups sugar

¼ cup Bourbon

Wash and hull 1 quart strawberries. Add sugar. Let stand 30 minutes—in the sun if possible. Bring to a boil and cook, stirring occasionally, until sugar is dissolved. Add Bourbon, chill. Use as ice cream sauce. Keeps indefinitely in the refrigerator.

Mrs. Zeb Page received word that her cousin, Mrs. Maggie Copeland of Nashville, Ark., passed away Thursday.
