ODDS & ENDS

The weatherman sent us a pre-Christmas surprise Tuesday when everyone here waked to a world covered with snow. It was a real treat for the young and the young-at-heart. Snowmen came into being in many yards and even a few of the older group suddenly felt kittenish and threw snowballs.

We don't suppose there was anyone who didn't enjoy it except maybe a few cats who, like ours, vocally and loudly expressed their resentment at having to spend a night in the Arctic.

Some say it's the earliest snow on record for this part of the country. One thing for sure, it played tricks on the usually wisethan - the - weather mesquite. Along the roads, the mesquite were quite bowed with embarrassment at being caught unaware with their summer clothes on.

We are early this week so that we may join the other business-houses the town in observing Armistice Day. All the business-houses, that is, except the bank. Our sympathies to those good public servants who are depriving themselves of a holiday in order to serve the community better.

No football game this weekend. Gives us, and the Broncos, a chance to rest up for the Eldorado bout.

When the husband started about his business as usual the morning of his 25th wedding anniversary, the wife rightfully annoyed.

"Don't you realize what day this is?" she asked.

"Sure I do," he replied.
"Well, how are we going to celebrate?"

He meditated for a moment, then he suggested quietly, "How about two minutes of silence?"

MEET YOUR TEACHERS

Here are our musical teachers-of-the-week, the William D. Bradley, Jr. Bradley, as everyone knows, directs the Bronco Band, and also teaches band in high school, Central Elementary and L. W. Elliott.

Mrs. Bradley teaches public school music in all three schools, directs the choral group from Central Elementary and is in charge of the choir of the First Methodist Church.

She is a native of Fort Worth and a graduate of that city's Paschal High School. She holds Bachelor of Arts and Master of Music Education degrees from Texas Christian University.

VISIT LOCAL WTU OFFICE

Business visitors at the local West Texas Utilities Co. office were Mr. Cal Young, president of the WTU Co., Mr. G. H. Schroeder, executive vice-president, and H. H. Batjer, district manager for the San Angelo District.

Head coach Joe Turner came in the office Saturday morning saying he knew everyone wanted to know what happened in Friday night's game. "Well," he said, "We were beat by a team which was ready when we were not."

Turner had high praise for Menard's Pete Perry, the bulldozing 186-pound back who would not be stopped.

Breaking the game down into statistics, Turner pointed out that Menard gained a total of 301 yards rushing to Sonora's 106. The Broncos penetrated twice for one touchdown while the Yellowjackets capitalized on all three of their penetrations.

Menard had possession of the ball 74 time. The Broncos owned the ball 24 times and fumbled four times with Menard recovering all four fumbles.

After the half the Broncos held the ball for seven plays, scoring seven points and fumbling twice. It took nine minutes in the third quarter for the Broncos to get the ball and then it was only on the kickoff after a Menard touchdown.

Turner and his boys have no game this weekend but they won't be idle-they will be polishing up for the season's final game with Eldorado on November 18.

Top Ropers To Vie For Purse Of \$3,000 In Weekend Events

Final arrangements are under way for the World's Championship Matched Calf Roping to be held at the Fairgrounds Saturday and Sunday afternoons.

LIONS ROAR

Seventy-five Lions and four guests, Sid Rogge, Morgan Davis and Jerry Drew and E. W. Brooks of Eldorado, enjoyed a program presented by students of Sonora High School at their weekly meeting Tuesday.

Martha Valliant served as mistress of ceremonies and gave a humorous reading, "Mr. Prince's Pressed Pants." June Rose Lyles sang "The Longest Walk", accompanied by Frank Potmesil.

Martha Mittel played a piano solo and Yvonne Davis sang "Somebody Bigger Than You and I." Jan Keng played a flute solo, "Man In A Raincoat" and Frank Potmesil played "St. Louis Blues."

It was announced that Eldorado Lions will serve a pancake supper at fifty cents per person, before the Sonora-Eldorado game. Supper will be served at the Memorial Building.

Lunch was served by the Parsonage Committee.

Twenty-two of the nation's top Those scheduled to participate in the roping are Toots Mansfield of Big Spring, John D. Hollyman of Rankin, Troy Fort of Lovington, New Mexico, Jack Riggs of Dryden, James Leonard of Del Rio, Loyd Mitchell of Rocksprings, Bud Smith of Del Rio, Ray Wharton of Bandera, Buddy Groff of Bandera, George Epperson of Cherokee, Don McLellan of Smithville, Jim Bob Altizer of Del Rio, Tuffy Cooper of Hobbs, New Mexico, Earl Tagge of Camp Wood, Landham Riley of Ft. Worth, Doyle Riley of Ballinger, Bill Teague of Crane, Sonny Davis of Kenna, New Mexico, Clifton B. Lowrey of Del Rio, Rex Beck of Valera, Jess Goodspeed of Okem, Oklahoma, and Johnny Leonard of Del Rio.

Ropings are scheduled to start at 1:30 Saturday and Sunday afternoons, with Buck Jackson announcing.

Admission to the ropings, sponsored by the Sonora Park and Horse Show Association, will be one dollar for adults and fifty cents for children.

Ropers are scheduled to rope a total of eight calves each for the \$3,000 in purses being offered.

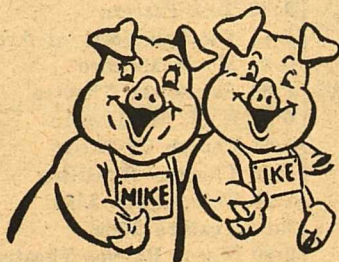

Appeal Railroad's Request To Discontinue Passenger Service

Representatives from Sonora were in San Angelo Thursday, November 3, to attend a hearing on the Panhandle and Santa Fe Railroad's proposal to discontinue passenger, baggage and express service to ten towns in West Texas, including Sonora.

Sonora's representatives asked for a postponement of the hearing in order to have sufficient time to prepare evidence, claiming that they were not given sufficient notice of the hearing. Examiner C. F. Petit for the Railroad Commission denied the request and asked for witnesses to show need for passenger service. Since Sonora's real need is for freight service, there were no witnesses.

The railroad's proposal of passenger and express discontinuation would mean that the railway company would not be required to maintain a regular schedule, but would be allowed to make freight runs only as traffic demanded. This could be one step toward closing of the railroad at some time in the future, the next step being petition to pull up rails on the excuse of lack of traffic.

An appeal has been sent to the Texas Railroad Commission requesting a hearing before the commission, and its receipt has been acknowledged but as yet no decision on whether the hearing will be granted has been reached. Attending the San Angelo hearing were Boyd W. Lovelace, George H. Neill, Herman Smith and County Judge George A. Wynn.

New Directors Named At NFLA Meeting Monday

At the November 7 meeting of stockholders of the Sonora National Farm Loan Association Frank Bond was elected a director, succeeding Joe Brown Ross and P. T. Robinson of Ozone was reelected as a director.

The association which serves Crockett, Schleicher and Sutton Counties, has a net worth of \$476,000 and has \$3,350,000 in loans.

Other directors are Charles E. Davidson, Jr., of Ozone and B. E. Moore and James Williams of Eldorado.

In a directors meeting following the stockholders meeting, Frank Bond was elected President and P. T. Robinson vice-president of the board of directors.

BSA Meeting In Angelo Monday

The date and time for the 1955 annual meeting and banquet of the Twin Mountain Boy Scout District was announced today by Dallas Goss, District Scout Chairman.

The meeting will be held Monday, November 14, 1955, at 7 p.m. at the Crystal Ballroom of the Hotel Cactus.

Tickets are \$1.75 and are available from any Scout Institutional Representative, Ticket Committee Chairman Harvey Keys, or the local Scout office.

Goss said all Scouters and their families as well as all friends of Scouting are invited to the banquet.

During the banquet program, Scout work during 1955 will be recapped and the new Four Year Scout program, "Onward for God and My Country," will be launched. District Scout officers for 1956 will be installed. The name of the principal speaker for the banquet will be announced later.

Another highlight of the banquet, according to Goss, will be the recognition of Scouters and the Scouters' Training Awards presentation.

Goss urged all who wish to attend the banquet to secure their tickets early.

Menard Rallies In Second Half To Upset Broncos 19-7

By Billy Bob Ellingson

A high-spirited Menard team invaded the Sonora Broncos last Friday night and took the Bronco's hopes for their third District Championship away. Sonora saw their hopes fade in the third quarter when Pete Perry started the Yellowjackets rolling through the Sonora line and continued to roll to the 19-7 victory. This leaves the Broncos with one loss, one tie and one win in district play. This week the Broncos will be idle and the following week travel to Eldorado to take on the Eagles in final district play.

Throughout the first half both teams were playing heads-up ball and neither team was able to threaten in much. At the half the score was still the same as the beginning 0-0. Then came the hard running of Pete Perry and Terry Hooten who spelled the difference in the score. Mid-way in the third quarter Menard took over on their own 41 and from there in several plays moved to the Sonora 5 yardline. From there it was Terry Hooten who went over for the first Menard score. Extra point was no good. Late in the same quarter Menard took advantage of the breaks and got a Sonora fumble on the Sonora 45 yardline. Early in the fourth quarter Menard moved to the Sonora 10 yardline and from there Pete Perry went over standing up. Extra point was no good. The Sonora fans saw their hopes get brighter after the kickoff when in two pass plays Sonora moved for their lone score with George

Johnson doing the tossing and Vivian Vasquez doing the receiving. The score play was good for 30 yards. Extra point was good. But once again it was Pete Perry who spelled the difference as he slipped and twisted through the Sonora line for the Menard third and final TD from 10 yards out. Extra point was good. The final score was 19-7 Menard. Menard had the edge in first downs by 22-3.

Next week Menard plays Eldorado at Eldorado. Game time is 7:30.

Guerra Sentenced To 2 To 5 Years At Huntsville

Jesus Guerra, who was given a five-year probated sentence for burglary on March 21 of this year, had his sentence revoked and was re-sentenced to two to five years in the State Penitentiary in Huntsville by 112th District Judge Jim C. Langdon on November 3.

Revocation of the probated sentence, which was probated under the terms of the adult probation law, followed Guerra's repeated violations of his probation.

On May 5 following his March sentence, Guerra was involved in a knife fight in a Sonora beer tavern. Ten days prior to November 2 of this year Guerra was convicted in San Angelo on a charge of drunkenness and about the same time was convicted in Sonora of purchasing beer as a minor. He was repeatedly seen and observed in places where liquor is sold and in beer taverns in violation of the terms of his probation. Guerra was also repeatedly seen in the company of persons of immoral and unlawful character and because of his wilful and repeated violations of his probation, the probation was revoked and Guerra re-sentenced, sentence to begin on November 3, 1955.

Sheriff Wess Hill delivered Guerra to the State Penitentiary in Huntsville Wednesday morning, November 9.

Personal Notes

Mr. and Mrs. Jim Perry left Wednesday for Silver City, New Mexico, where they will spend this week with their son-in-law and daughter, Mr. and Mrs. L. A. Porter and children, Kenneth Ray and Barbara Gail.

Mr. and Mrs. Thomas Morris had as their guests last weekend Mr. and Mrs. Jimmy Huit and Judge and Mrs. John R. Leavell all of Kerrville. Mrs. Leavell and Mrs. Morris are sisters.

Mr. and Mrs. Johnnie Hamby, Mrs. J. W. Pepper, Jr., and Mrs. Violet Morrow spent the weekend in Austin attending the game and visiting with John Stanley Hamby and Jimmie Morrow, who are students at the University of Texas.

Mrs. A. F. Moffett and children, Al and Cathy, returned to their home in Arlington, Va. last week. Her mother, Mrs. Manila Trainer, accompanied them as far as Fort Worth.

Mrs. John Eaton, Mrs. Tom Davis and their sister, Mrs. Jack Turner of Junction, left last Thursday for a visit to California and a tour of some of the western states. They plan to go about two weeks.

Mrs. Roy Aldwell had as her guest last weekend her son, Lea-Roy, who is a student of the Episcopal Theological Seminary of the Southwest in Austin.

43 YEARS AGO

Bert Bellows returned from a visit to Mertzon Tuesday.

Mrs. Hagerlund entertained the ladies of the Episcopal Guild Tuesday afternoon.

Mr. and Mrs. Henry Bridge was up from their ranch on Devil's River this week visiting.

Will Lacy, who ranches in the Sheffield country, was in Sonora a few days this week on business.

J. J. Ford of San Antonio,

former ranchman of the Sonora country, was a visitor here this week.

Ira Word and Roy Wyatt were up from their ranches in the Juno neighborhood Wednesday on business.

Miss Jewel Decker, who is successfully teaching a class in piano music, was in Sonora Monday to attend the funeral of her grandfather, W. F. Decker.

E. V. Meek and John Vesmirosky have opened a restaurant in the Morris building and every thing is in first class style. They will appreciate your patronage.

Mr. and Mrs. T. J. Stuart returned Friday from a visit to friends in San Angelo, Mertzon and to their daughter, Mrs. Mayes at Big Lake.

Clifton Simpson of Lawton Oklahoma, where he is engaged in the grocery business, was surprised at the amount of stock

carried by the Sonora merchants, when he made the rounds Monday. Mr. Simpson says it is almost impossible to get labor in Oklahoma that is competent labor. He left for his home Tuesday accompanying his sister, Mrs. C. J. Nichols and Claude Keene.

Mr. and Mrs. E. S. Briant accompanied Mr. and Mrs. E. E. Sawyer to San Antonio Tuesday.

That great circus play "The Four Dare Devils" will be presented at Cope's picture show. Undoubtedly the greatest dramatic picture play ever shown. Thursday night, Thanksgiving day, November 28, 1912.

C. A. Yoas, who ranches in the Middle Valley country was a business visitor in Sonora Monday.

Charles A. Robison, funeral director of San Angelo, and apparently a master of the business, was in Sonora Sunday for the funeral of C. J. Nichols. Mr. Robison said he had never seen so many autos at a funeral and was delighted for the formation of the Sonora country. Mr. Robison made a hit with the Sonora people.

The Wool Storgae Co. sold the mohair consigned to them at 30 and 34 cents.

Watch lost - On Friday, Nov. 8, between the ten mile rock and Sonora on the Ozona road, a gold watch (Waltham) gold hands, odd one, no second hands, black leather fob with San Angelo Bank and Trust Co. stamped on it. A liberal reward will be paid for the return to Charles Clibourne, Sherwood, Texas.

John Bryden, who ranches about 12 miles west of Sonora,

has a wolf proof fence around his place and with some common dogs has been fortunate in keeping the wolf on the other side of the fence. A few days ago however, traps that had been set outside of the fence caught blood. John threw the dogs over the fence and gun in hand followed the trail. He didn't know what he was up against until in a thicket he heard one of his dogs whine and then seeing the aggressor fired. Fortunately Mr. Bryden made a good shot. He is free to admit that had the first shot missed there would have been a record breaking foot race. The panther measured seven and a half feet from tip to tip.

The County and State is expected to pay him \$5 for the capture of this more than desperate wildcat-wolf or coyote, but John is glad he never got over the fence.

W.N. Kelley reports the sale of five head of fine bucks to Sam E. Jones of Mayer at \$25 per head and twenty head to R.U. Taylor at \$19. These bucks were yearlings and were raised by Mr. Kelley in Schleicher County.

THEY GO RIGHT ON FEED....

Because They Were Taught To Eat Palatable Purina Omolene And Beef Chow

When calves are weaned, they're often set back because they haven't learned to eat dry feeds. Lots of ranchers lick this problem with Purina Omolene and Beef Chow. Calves really relish it. Start feeding several weeks before calves are weaned, and they never miss their mothers.

They're ready to go right on feed.

Edwards Plateau Soil Conservation District News

By E. B. Keng
Soil Conservation Service

The Edwards Plateau Trial Area on the Herbert Fields ranch is now stocked with 100 lambs, averaging 68 pounds; 100 nanny kids, averaging 48 pounds; and 3 yearling heifers, averaging 808 pounds each.

Livestock are showing a grazing preference at present, for sideoats grama and blue panic in the seeded grasses. Buffelgrass and KR bluestem are less palatable after frost and are not preferred as long as more palatable grasses are present.

Native grasses preferred at present include sideoats grama, hairy grama, Halls panic, and green sprangletop. Buffalograss and hairy tridens are also being grazed. Native perennial weeds such as orange zexenia, indian-

mallow and umbrellawort are being grazed heavily.

Approximately two inches of "wet" snow snow left .17 inches of moisture in the rain gage on the SCD Trial Area. Many ranchmen have observed that this is the earliest snow they can remember. Nobody can remember seeing snow fall on green mesquite leaves.

Moisture penetration varied from one-half to one inch in depth. Even this limited amount of moisture will do much to help keep young weeds alive. Evaporation is much lower during the winter months and small rains

will last longer.

Tom Davis, C. L. Davenport, and E. B. Keng looked at some good grass on O. L. Richardson's Kimble County ranch this week. O. L. has had good rains and native as well as introduced KR bluestem, have made remarkable growth.

KR bluestem, planted several years ago in cut cedar while the drought was in progress had never shown up. This year, with good rains, the KR was waist high and abundant on all hillsides where it was planted.

O. L. has the one section place fenced into two pastures and runs kid goats and lambs from fall to fall. He runs all in one pasture, and switches to the other pasture after each good rain. This type of rotation, plus cedar control and KR seeding has worked well in bringing a "wornout cedar brake" to good conditions.

Local officials working on the project say that Firestone Co. has been notified of the conditions under which they may operate a test track and a decision by the company is expected in the near future. -Big Bend Sentinel.

LOGGING MACHINE LOST

A \$30,000 Grama Ray electrical machine was lost last Friday by Haliburton Oil Well Company, while in the process of testing a supposedly dry hole drilled on the Wardlaw Ranch in 1947. The expensive machine was lost while it was being pulled out of the hole.

The Grama Ray is equipped to log or indicate on a graph the formation of oil bearing strata and the exact depth, where it is located. It was a surprise to all, who thought this well was dry to find that the machine graphed 800 feet of live oil in the Wardlaw hole. -Texas Mohair Weekly.

Test the tremendous GO of the fabulous

'56 Pontiac

Introducing a Big and Vital
General Motors "Automotive First!"

IT'S THE GREATEST THRILL IN HIGHWAY HISTORY!

If you've come to think of driving as just routine, it's high time you tried the tremendous "go" of this masterful new monarch of the highway.

Here's a car with such exhilarating drive—eager oil-smooth response and safe, secure handling—that even monotonous home-to-work driving becomes your finest hour!

And out on the open highway, the fabulous '56 Pontiac comes alive with all the eager, heads-up alertness of a thoroughbred.

Its blazing 227-h.p. Strato-Streak V-8, coupled with silken smooth Strato-Flight Hydra-Matic, thrives on challenges. The hill you see looming up virtually disappears before your eyes.

A new Strato-Flight Hydra-Matic—coupled with Pontiac's 227-H.P. Strato-Streak V-8—results in performance so new and dramatic it must be experienced to be believed!

And at any legal speed, there's such a reserve of power that your engine literally loafs—ready at a touch to spring into the most thrilling, satisfying action that ever shortened a country mile.

Of course, this is only a hint of what's awaiting you. The difference in performance—in driving, smoothness, ride and control—is so terrific that it can only be appreciated at the wheel.

So come in and take charge of one of these glamorous new beauties yourself. Choose your own test route and sample the greatest "go"—and enjoy the greatest safety ever built into a car. Then you'll know why the word's spreading—"They'll be a long time catching up to this one!"

MUSIC CLUB PROGRAM
MONDAY ON CHAMINADE

The Sonora Music Club met at the home of Mrs. George Barrow Monday night for a program and business session. Mrs. J.C. Stephen was co-hostess and Mrs. Louie Trainer, president, presided.

The club voted to purchase cymbals and to donate \$15 to the band. They also decided to give money for the donation of a book on music to the library of McMurray College in memory of Robert Wylie.

Plans for a musical comedy to be presented in January was announced. It was also announced that Mr. J. W. March of Fort Worth will be guest speaker here March 2.

Mrs. O. G. Babcock talked on the life and works of Chaminade and Mrs. A. E. Prugel spoke on the life and works of Debussy. Mrs. E. S. Mayer played "Clair de Lune" and Mrs. Louie Trainer played "The Flatterer" on the piano. Convention highlights were presented by Mrs. George Barrow.

Refreshments were served to ten members.

DONATE PROJECTOR
TO METHODIST CHURCH

Mr. and Mrs. Gene Lightfoot have given a 16 mm. sound movie projector to the First Methodist Church as a memorial to their son Jimmy. The projector is for Church use, especially in youth work.

Mr. and Mrs. Charles G. Stiedman of San Antonio, from whom the projector was purchased, will be at the Church Sunday afternoon to make proper installation of the screen and will remain until evening to show the first movie, a special picture for young people, at M.Y.F. meeting.

Mothers of M.Y.F. members will serve a sandwich supper at 6:30 Sunday evening in the church basement and the program will follow immediately after the supper.

All Methodist Youth Fellowship members are urged to attend.

"Thou shalt
love..."

Is Christianity guilty of too much emphasis on the "thou shalt not" teachings of the Bible? Eight of the Ten Commandments are "Thou shalt not..." commandments.

One of the most positive statements

made by our Lord on earth is made part of the Communion service in the Episcopal Church. Christ's own commandment (St. Matthew, 22: 37-40) is, "Thou shalt love the Lord thy God with all thy heart, with all thy soul, and with all thy mind." This is the first and great commandment. And the second is like unto it, "Thou shalt love thy neighbor as thyself." On these two commandments hang all the law and the prophets. That's straight talk.

Episcopalians believe that these two aggressive commandments, urging positive action, is the foundation of militant, forward-looking Christianity. Won't you join us?

The average cost of a prescription is just about the charge for a good meal. This is a tribute to the pharmaceutical industry that spends millions on research yet keeps ultimate costs so low.

Some medicines appear to be expensive. Judging by appearances a dozen capsules may not seem to be worth as much as six dollars. You Physician knows their higher cost and true value. When he prescribes them for you he knows that your eventual cost will be much lower because they will do you more good in less time. Trust his judgement. We will cooperate by pricing them fairly.

Looking Through The Windows Of Life

By W. H. Marshall

Love is patient and kind; love is not jealous or boastful; it is not arrogant or rude. Love does not insist on its own way; it is not irritable or resentful. 1 Cor. 13:4-5. R.S.V.

The above scripture is one that Christians might well study. Paul is here giving us a picture of the Christian heart and life. He tells us that a Christian is patient and

kind, that a Christian's love is not jealous or boastful, that it is not arrogant or rude. The display of arrogance and rudeness is seen too often. How sickening it is to see a so-called Christian arrogant and rude even in the house of God. Jesus had a time with the Pharisees. They thought they were so good. But they were so loveless. They even broke the heart of the Christ who loved them to the very end.

Our scripture goes on to say, "Love does not insist on its own way." I tried that once when I was a younger preacher, and my Official Board let me know at once I was wrong. I have never made that mistake again, and I have always loved that Board for their kindness to me, and their love for me when I made the mistake, love changes your mind from mistakes to harmony, to helpfulness, to the Christian viewpoint. There is no such thing as a Christian without love. Not to love a single soul is to confess you are a sinner without the grace of God in your heart.

"Love is not irritable or resentful. Our doctors tell us that to be irritable and resentful is a

good sign that we are not well. We are really sick when we can't get along with people. Something is wrong with me when I just can't get along with my fellow beings.

To take delight in trying to hurt some one, or to be rude. To do that-how can I do it? I can't if I am a well person. If I know my heart, and if you know your heart-if WE KNOW OUR HEARTS-we just won't be unkind or rude to anyone. Would Jesus? No. Christians, real Christians, are good people, good wherever they are, under all circumstances.

A Christian is considerate; he is well balanced; he is kind; he is helpful; he is trustful; he is a person with love, real love, in his heart for everybody. Put him to the test anywhere, on any thing and, he will ring true. He will stand for what is right. He will stand for the individual that is right. The principle of WHAT IS RIGHT IN THIS MATTER IS THE THING ON WHICH THE CHRISTIAN WILL GIVE HIS JUDGEMENT.

Follow Christ through the New Testament and you will find he followed through on the principle that was involved. He never dealt in personalities. He was above that.

Paul seemed to expect every Christian man to be a gentleman. To be such for Christ's sake, he seemed to think, was rendering a more worthy service to our Lord than to be able to speak in tongues that no one understood.

By the same token he seemed to expect every woman of the Church to be genteel, gracious, and gentle. Let the Christians get the reputation for being the best behaved people in the community, and our churches will be filled.

I said last week that the biggest problem a man has is himself. This week I make an honest confession: The biggest problem I have is myself. And I can't handle myself without love for others. The Christian must be God's man, or he is nobody's man.

BIG LAKE JUNIOR RODEO TO BE NOVEMBER 12-13

The hottest features for '56 are in the new Chevrolet

Chevrolet never had it so good for you before... and no other car in its field even comes close. See if Chevrolet doesn't feature everything you want for '56.

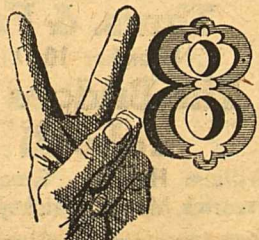

All New! The Bel Air with 4 doors and no sideposts

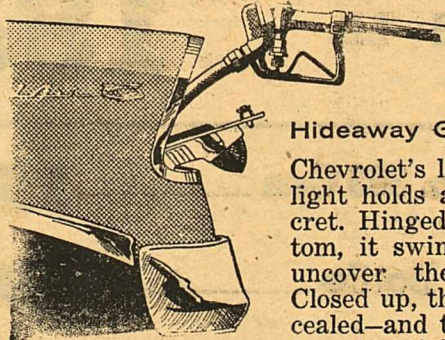

Bold, new Motoramic Styling

Just look it over—the lower, longer hood... the wider grille that spans the full front end... the big bold parking lights. From the side, you see the sweeping new speedline chrome styling and high-set taillights. Colorful new contemporary interiors add the final touch! Body by Fisher, of course.

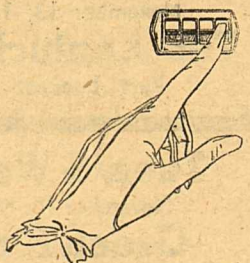

V8 Horsepower Zooms to 205

That's what the new "Super Turbo-Fire V8" pours out (an extra-cost option). You can see why we say the hot one's even hotter!

Hideaway Gas Cap

Chevrolet's left-side tail-light holds a stylish secret. Hinged at the bottom, it swings down to uncover the gas cap. Closed up, the cap's concealed—and there's nothing in sight but the taillight!

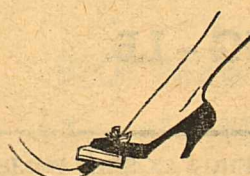

Everything in Automatic Power Features

Power Steering, Power Brakes, power-positioned front seat, power window controls. All are available as extra-cost options.

Steering made easy

Ball bearings reduce friction and steering effort in Chevrolet's Ball-Race steering.

Anti-Dive braking

Anti-Dive braking, an exclusive Chevrolet development, means more level stopping—even when you hit the brakes hard!

12-volt Electrical System

Packs twice the punch of ordinary 6-volt systems... spins the engine up to one-third faster. You get surer starting in all weather. And you have a greater electrical reserve supply.

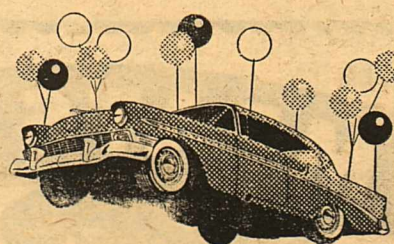

A new 6 with 140 H.P.

The new "Blue-Flame" 6 brings you this higher horsepower plus a higher compression ratio (8 to 1) and oil-hushed hydraulic valve lifters.

THE HOT ONE'S EVEN HOTTER

It's the Pikes Peak Record Breaker!

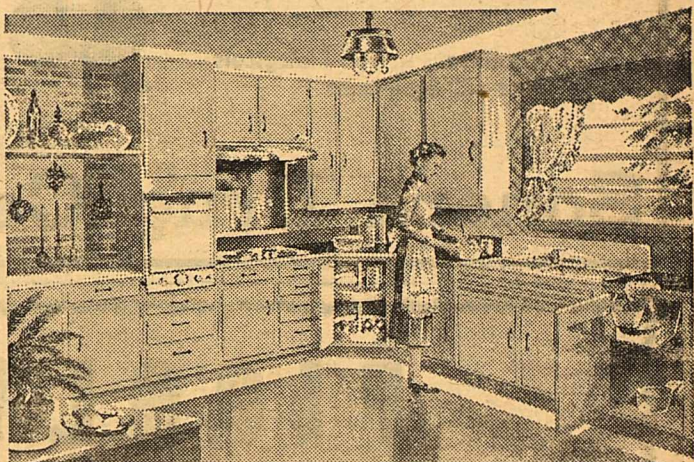

The '56 Chevrolet proved its surer, safer driving control by breaking the Pikes Peak record!

Floats over the bumps

Roads seem newly paved with Chevrolet's Glide-Ride front suspension and long outrigger rear springs soaking up the jolts. And Chevy's cat-footed on curves! Chevrolet performance puts your safety first!

A NEW IDEAL KITCHEN DOES SO MUCH FOR THE HOME

NEW, POPULAR FEATURES

Don't buy any kitchen until you've seen the latest in IDEAL Kitchens with all of the new features that make IDEAL so convenient, practical and modern. The new cabinets built to accommodate the newest appliances are outstanding... made of handsome Western Ponderosa Pine... paintable ANY color!

Payments as low as \$500 Per Mo.

"I REMEMBER" BY THE OLDTIMERS

From Alfaretta Courtright, McDonald, Kansas: I remember when there were a lot of soddies in the county. At the present time I can not think of more than one and no one lives in it. The home of the first plains settlers were sod for three main reasons.

First, on the level plains there was nothing else available but sod for the people who came before the railroads. Second was the matter of economy. By working together, all the settlers could afford to own homes. The third reason that some lived in sod houses was safety—safety from winds and prairie fires.

I remember when letters from relatives in the east were full of anxious queries about the awful cyclones in Kansas. Many sods were located in draws because people thought they would blow away if they were out on the level.

The first sods had sod on the roof and dirt floors. As they were able to get them people replaced the dirt floors with planks. Those planks were covered with rag carpets in the sod houses I remember. The walls were plastered with mud and whitewashed. The ceilings were covered with muslin. I remember when cleaning house consisted of taking down the ceiling and washing it, taking up the carpet and beating it and whitewashing.

The case of the missing housewife

There's a roast cooking to perfection in the electric range. Ice cream is being made—in the refrigerator. Coffee is percolating. The children's play clothes are being washed clean as new.

But there's no one in the kitchen!

One clue solves the case—electricity. It works automatically—Mother doesn't have to stay in her kitchen. Right now, she's attending a P.T.A. meeting. And when she gets home, the dinner will be ready, the laundry done.

Another clue—electric servants work for low wages—costs only a few cents a day for the average family. Isn't it by far the biggest bargain in your family budget? The men and women in your electric service company are constantly working to keep it that way.
