By Arthur Brisbane

LEAD TO CURE CANCER? GOD THUNDERETH. THE KING SHOOT. EVEN THE BATHTUB.

Professor Bell, a surgeon of authority, director of the Liverpool Cancer Research, announces to the Tenth Academy of Medicine a new and successful treatment of cancer. Fifty cases, including many considered absolutely hopeless, have been cured by injections of a lead solution. One woman, with only a few weeks to live, was cured, so this responsible surgeon says, of a rapidly growing "spindle-cell sarcoma."

If it is true that a poisonous lead solution can attack and destroy cancer tissues without destroying normal tissue, it means the saving of millions of lives, and, most important, it means avoiding agony, physical and mental, beyond calculation.

England, in spite of her unemployed, diminished trade, coal troubles, etc., goes along cheerful. Good King George has gone to shoot with the Earl of Iveagh.

As they proceed through the estate, shooting as they go, a traveling kitchen accompanies them. Servants carry their guns, load them, and then up when the time comes to shoot.

Sometimes "six guns" in one day's shooting bring down as many as 300 pheasants and 500 partridges.

It is a most noble, glorious and inspiring sport, every bit as exciting as it would be to enter the Earl of Iveagh's chicken yard, shooting right and left.

In Britain it is called "sport." There is one advantage—it enables the traveling American to buy, all packed, for four shillings or less, a servant that has cost the Earl of Iveagh twenty shillings, merely for the pleasure of killing it.

George Pullman tried to create a separate city it didn't work.

Mr. Wood, once president of the American Woolen Company, decided he would build a city and spent \$2,000,000 on his model town, Shawshusetts, in Massachusetts. A new president of the American Woolen Company, Andrew G. Pierce, Jr., moves the company away and Shawshusetts becomes a deserted village.

A town is like a language or a human being. It must start naturally or grow of its own power. You can't invent it or create it.

It is said, in Job: "God thundreth arrogantly with his voice; great things doeth He, which we cannot comprehend."

To understand this universe, the power or the intelligence back of it, is hopeless after you read Dr. Huxley's description of the new rays of roams through space. They are stronger than ultra-X-rays, 1,000 times greater in frequency, their penetration is constant, day and night, and they are of the "10,000 volt variety."

When Volta, learned Italian, wrote creatively, "On the Attractive Force Electric Fire," 150 years ago, little did he or Napoleon, who made him a Count and Senator of the Kingdom of Italy, imagine what terrible forces in nature would be called "Volta" in his honor.

The magnificent W. K. Vanderbilt was in New York's Fifth avenue when he was turned over to wreckers and torn down. Meanwhile for character the crowd, to whom the name Vanderbilt means something, will pay

BALKO DEDICATES SCHOOL BUILDING

BEAUTIFUL NEW EDUCATIONAL AND COMMUNITY BUILDING FORMALLY DEDICATED LAST SUNDAY

The beautiful new school building at Balko was thrown open to the public for the first time last Sunday when the dedication exercises were held. An enormous crowd was in attendance and many were unable to get into the large building. Balko is justly proud of their fine new building. It is one of the best structures in this part of the state. The building was designed by Clyde Cofer of this city and the plans and specifications were prepared by him. Contractor M. R. Todd of Perryton had the general contract and he gave the Balko people a building that is worth every dollar that it cost. The scenery and stage fittings were made in the paint shops of C. E. Doll of this place.

Among the chief speakers at the dedication program were President Fanning of the Oklahoma A. & M. College at Goodwell, and W. L. Henson, County Superintendent of Schools for Beaver County. The orchestra was under the direction of Geo. L. Hyde of this city and was composed of musicians from Union, Bethany, Balko and Perryton.

Among those present from Perryton were Mr. and Mrs. M. R. Todd, Mr. and Mrs. Clyde Cofer and daughters, Mr. and Mrs. C. W. Callaway, Mr. and Mrs. John Black, Mr. and Mrs. C. E. Doll, Mr. and Mrs. Geo. L. Hyde; Misses Mattie Maude Guthrie, Zella Beever and Gracela Myers; J. M. Bales and son and Leon Myers.

FOLLETT NEWSPAPER MAN PASSES AWAY

C. A. Skaggs, owner and editor of the Follett Times, Gage Record and Fargo Statesman, died at Shattuck on November 14th and was buried in the cemetery near that city on the following Monday. Mr. Skaggs or "Shorty" as he was known to the newspaper fraternity, was a veteran newspaper man and had been active in the game in this part of the country for many years. His papers have always been loyal to their community giving freely of their space and time to the upbuilding and betterment of their respective towns and surrounding country. While "30" has been sounded for Editor Skaggs, his work will be carried on by his family, all of whom have been ably educated in the work and principles of the country newspaper office.

LONE TREE LITERARY FRIDAY NIGHT

Mr. and Mrs. Spencer Whippo of the Lone Tree school in conjunction with the pupils and patrons of the school have arranged a very attractive program which will be presented at the Literary tonight, Friday, November 27th. A special invitation is extended to all to attend.

On Wednesday, November 11th, a baby girl was born to Mr. and Mrs. Maryon Organ of the Blue Mound neighborhood. This little lady has been named Martha Elaine.

Mrs. John Smith is visiting at the J. F. Smith ranch this week.

To enter the house, wander about, contemplate the great dining room, two stories high "and Mrs. Vanderbilt's room on the third floor with the bathroom cut from Italian marble."

All this, even the bathtub, must pass away.

The only interesting thing about it is the fact that Benjamin F. Winter who owns and is tearing down the house to build something suitable, came here a poor Jewish boy not long ago. He has had more fun out of that Vanderbilt house than Vanderbilt, who built it, ever had. Winter, who EARNS his money and power, enjoys both.

SUCH IS THE FAITH OF MEN

By A. B. CHAPIN

GUN WAS USED IN REVOLUTION

A. C. NIES OWNS GUN WHICH WAS USED BY ANCESTOR IN BATTLE OF CONCORD

A. C. Nies, custodian of the high school building is the owner of a minute man gun which was used by Moses Call, his great-great grandfather on his maternal side. An inscription on the gun shows that it was made for Moses Call on June 6, 1755. It is a flint lock and is still in shooting condition. The gun has an extra long barrel and measures six feet over all. Mr. Nies says that according to the family history of the old gun, it fired the second shot at the Battle of Concord and that it has been shown at the St. Louis and Chicago World's Fairs.

MISSIONARY PROGRAM

Following is the Missionary Program, taken from Royal Service, which will be given Thursday, December 3:

Subject—The Child and the Future of the South.
Leader—Mrs. Lee Keith.
Devotional.

In the beginning, the faults of the child are the fetters of the man—Mrs. J. H. Key.

Child's Conception—Mrs. Clyde Landroop.

Play Power—Mrs. L. L. Lance.

Policeman's Problem—Mrs. E. R. Jarvis.

Employer Evidence—Mrs. Louie Tucker.

Teacher's Task—Mrs. W. B. Irvin.

Parents' Purpose—Mrs. G. I. Horne.

A New Arithmetic—Mrs. R. H. Ganel.

Religious Responsibility—Mrs. Jake Holland.

Conclusion of the Whole Matter—Mrs. Haskell Holland.

Questions—Mrs. Clyde Cofer.

Houston Pearson, little son of Mr. and Mrs. D. P. Pearson, had his collar bone broken while playing with little friends last Saturday afternoon.

Mr. and Mrs. Carl Ellis are the proud parents of a baby boy, who was born last Sunday.

Mrs. Buck Ellis of Canadian was a guest last Sunday of Mrs. J. B. Nash.

FARMERS, BANKERS AND BUSINESS MEN MEETING

Through a misunderstanding, a mistake was made in announcing the meeting sponsored by the Texas Wheat Growers Association. These meetings were advertised in last week's Herald to be held on last Friday and Saturday. The correct dates are Friday and Saturday of next week. On Friday night, December 4th, a meeting will be held at the courthouse and on Saturday afternoon a meeting will be held at the American Theatre. On Saturday afternoon, a free picture show will be given for all who come. These meetings are for a discussion regarding plans for selling and financing farm products so that all may understand the plan. Judge Gough of Amarillo, president of the Texas Wheat Growers Association will be present. A special invitation is extended to the ladies to attend both of these meetings.

JUNIOR CHRISTIAN ENDEAVOR

Following is the program for Junior Christian Endeavor for Sunday, November 29th:

Topic—Missionary topic.
Opening Sentence: Jehovah hath done great things for us, whereof we are glad.

Song—What a friend we have in Jesus.

Scripture, Mark 5:19—George Nies.
Sentence Prayers.

Song—Stand up for Jesus.

67th Psalm—Katherine Lamaster.
Quiz Leader—Clarice Allen.

Topic Thoughts:
Stop and Look—Genevieve Murphy.

It is America Too—Blanche Todd.

Religion that does not help—Evelyn Fulton.

They need the Bible—Burl Callaway.

Each Junior repeat the Golden Rule, Matt. 7:12.

Roll Call.

Offering.

Benediction.

R. O. James, formerly of this city and recently manager of the White House Lumber Company yard at Higgins, Texas, has been transferred to Shramrock, Texas, where he is opening up a new yard for the White House people.

Burl Callaway is getting around on crutches as a result of a severely cut right foot.

RANGERS LOSE BEAVER GAME

OKLAHOMA TEAM IS TOO FAST FOR RANGERS. WIN ON STRAIGHT FOOTBALL

The Rangers journeyed to Beaver last Friday afternoon, where they were taken into camp by the fast team of the Beaver high by a score of 24-16. It was a hard fought, cleanly played game with not a single dispute or ill feeling. Beaver has a good team and they are all real sportsmen and play the game to win by fair means only. Athletic relations between Perryton and Beaver have always been ideal and the two games played this year have been no exception to this rule.

In the game last Friday, Beaver scored the first touchdown after about five minutes play but failed to kick goal. In the second quarter, Beaver put over another touchdown but failed to annex the extra point. In this quarter, the Rangers scored 9 points from a touchdown and field goal. The score at the end of the first half was 12-9 in favor of Beaver. The third quarter was scoreless. During the first few minutes of the last quarter, Perryton put over a touchdown, making the count 16-12. Then the Beaver boys started their real offensive and they put over two touchdowns in succession by straight line backs, seeming to pierce the Rangers line at will for gain after gain.

The Rangers play at Guymon on Thanksgiving Day but we are unable to report this game as the Herald is going to press ahead of time this week.

METHODIST CHURCH

Our Sunday School ran over 200 again last Sunday. Other services were well attended. Church Member, God needs you in these services. The people of the world wonder why you do not attend, your own soul needs this culture, your conscience says you should come. Why not then? We want you.

The pastor is beginning a series on the "Life of Christ" next Sunday or rather he is finishing one began last year. Our plan for 1926 will be read at the morning services for the approval of the church. Each member should hear it.—Reporter.

GOBEN-TAIT GET LIFE

MURDERERS ARRESTED HERE BY SHERIFF TALLEY MUST SPEND LIFE IN PRISON

Oklahoma City, Nov. 10.—Fourteen times in four years in the shadow of death by the electric chair and fourteen times remanded to a death cell for stay of execution, Cleo W. Goben, army deserter and alleged slayer, today faced a life in prison.

The criminal court of appeals late yesterday wrote the final chapter in a crime which stirred southwest Oklahoma four years ago when Russel Sprague, Lawton boy, was found murdered, his skull crushed and his body riddled with bullets in a creek 14 miles from Lawton.

Six days after the murder Cleo Goben and Will Tait, Fort Sill deserters, in company with two women were captured at Perryton, Texas, in Sprague's car.

Then followed a dramatic trial in which Tait confessed and assumed responsibility for the crime, telling of the luring of young Sprague from his home and of his brutal murder to gain possession of his motor car.

Troops were necessary to prevent violence at the trial.

Tait was convicted of the slaying and sentenced to die but received commutation to life imprisonment by Governor Walton in 1923. Meantime, Goben faced three juries, the trial dragging on through the administration of three governors. The first jury found him guilty and sentenced him to death; remanded, a second jury failed to agree, but a third reaffirmed the death sentence.

Yesterday the sentence was modified, and Goben will serve a life in prison instead of paying for the crime with his life.

FINDS OLD PISTOL

Miss Lois Wilkison, daughter of Mr. and Mrs. J. F. Wilkinson, who lives with her parents on their Wolf Creek ranch, is the proud owner of an old relic of by-gone days. It is an old "cap and ball" six shooter which she found while riding in the pasture several weeks ago. The weapon was loaded and capped and all ready for action. It is silver mounted and all parts are in working condition with the exception of the handles, they evidently being made of wood and have rotted off. The history of this gun will probably always be a mystery but if it could only talk, no doubt many things of interest would be divulged. The gun was made by the Remington Arms Co. and an inquiry to them brought back the answer that the pistol was a part of a shipment made by that company to California in 1858 and that it was an 1857 model. Miss Lois has refused several offers for her find.

BIRTHDAY DINNER

Last Sunday, relatives and friends gathered at the home of Mr. and Mrs. I. N. Corbin and gave her quite a surprise, it being Mrs. Corbin's birthday. All brought well filled baskets, and a bountiful dinner was served. Those present to enjoy the day were: Mr. and Mrs. C. B. Leatherman and family, Mr. and Mrs. Robinson and two sons, Roy and Frank; Mr. and Mrs. Parker; Mr. and Mrs. Paul Corbin and two daughters; Mr. and Mrs. Gorman Creed; Mr. and Mrs. Paul Brickley and sons, Paul and Loyce; Mrs. S. A. Kuykendall and grandchildren, Ruby and Loyd Kuykendall Kerns; and Mrs. Ed Littleton and two daughters of Perryton.

BAZAAR

The children of the League and Missionary Society of the Methodist Church will have an Xmas Bazaar on Saturday, December 12th, the place to be announced later. They will also serve lunch. Come and find a good many things for your Xmas shopping and help the children in the good work they are doing.—Reporter.

About Your Health

Things You Should Know

by John Joseph Gaines, M. D.

Beware of Fake "Cure-Alls"

Every normal, humane soul sympathizes with the sick and afflicted, but it is to be regretted that many hearts are not up to the standard. There are those who seek, by false, misleading inducements, to exploit the invalid and swindle the sick.

Of all fraudulent schemes, the most contemptible is the one which preys on the helpless, sick man. Even today there are "cures" flaunted in the faces of chronic sufferers, too often aided and abetted by testimonials from clergymen! My readers will recall only a few years back, consump-

tion "cures" were advertised in big type even in religious periodicals, which were in fact abettors of the crime! Ignorantly, it is true, but nevertheless parties to the swindle.

The human machine is a complex affair, the masterpiece of an almighty God. If you happen to be afflicted with some ailment that you do not understand, think twice before you buy a guaranteed, or secret formulated "cure-all." Weigh every statement of the miracle-worker, the man who "wants no money." The money-back artist is as uncertain. Thousand of dollars annually are wrung from poor people on glittering promises that are never fulfilled. Trust nobody in as vital a matter as your health, unless you know them to be honorable. If you have money to give away, give it to the poor round about you, thus laying up treasures in heaven, instead of in the pocket of the charlatan and impostor.

NEXT WEEK

White House Lbr. Co., material	2.30
White House Lbr. Co., material	3.35
Ochiltree Tele. Co., phone rent	11.30
Bull, J. M., fee	5.00
Flowers, R. L., dragging road	5.00
Stewart Pig. Co., printing	49.20
Shanks, Dave, vital statistics report	3.00
Bloodgett, road damage	249.00
Cudd, J. E., dragging road	17.00
Barnes, B. L., dragging road	21.00
Maverick-Clark Litho. Co., supplies	43.86
Pryor, C. A., repairs	7.80
Pittman, T. O., shop work	3.90
Perryton Merc. Co., floor sweep	8.75
White House Lbr. Co., supplies	2.40
Bates, W. B., dragging road	9.00
West Pub. Co., supplies	18.00
Cutter, Geo. W., riding bailiff	78.00
Cooper, J. C., drayage	1.65
Waide, Earl, road dragging	6.00
Pearson, P. A., road dragging	12.00
Lance, L. L., road dragging	6.00
Farmers Oil Co., fuel	75.60
Farmers Oil Co., fuel	44.50
Shrader, W. M., road damage	7.50
Street, L. O., road damage	7.50
Stump, Jno. N., office rent Co. Agt.	5.00
Stark, Mrs. B., dirt for lake	

grade	\$5.00
Perry, Geo. M., and LaMaster, W. B., jurors on highway	102.00
Dorsey Co., supplies	56.60
Maverick-Clark Litho. Co., supplies	19.25

MISCELLANEOUS ORDER: It appearing to the Commissioners Court of Ochiltree Co., Texas that the closing of the East culvert, in the State Highway along the north line of land belonging to R. E. Wamble would result in injury both to Mr. Wamble and Ochiltree Co., in that it would flood the lands adjacent thereto it is ordered by the court that culvert be not closed. Done in regular session this the 13th day of April, 1925.

- E. O. Bruner, Comr. Prec. 1
- L. H. Lance, Comr. Prec. 2
- R. A. Fuller, Comr. Prec. 3
- T. C. Lott, Comr. Prec. 4
- J. M. Grigsby, County Judge.

On this day it came on to be considered the matter of obtaining an addition right-of-way on the west side of the grade for highway immediately south of the town of Perryton and it appearing to the court that the same is needed for the purpose of obtaining dirt sufficient to raise the grade to the standard required and that the same can be obtained from Mrs. B. Stark for the sum of \$85.00. It is therefore ordered by the court, all members favoring said order, that Mrs. B. Stark be and is hereby allowed \$85.00 for said addition right-of-way as agreed upon.

On this day came on the matter of examining and approving the report of County Treasurer, Mrs. J. T. Guthrie, and after due examination of said report and the same being found in all things to be true and correct the same is in all things approved this the 9th day of Nov. 1925. The balance of each fund being as follows: Jury fund \$1,040.73; Road and B. Fund \$655.12; General fund \$516.79; C. H. & J. Fund \$887.23; St. Hy. Fund \$304.50; Spec. R & B No. 2, 1,090.60; Sp. R & B No. 3, \$972.95; Contg. fund, \$1,394.59; Sp. Brdg. fund, "A" \$509.93; Sp. Rd. War. fund, 145.71. Said report was duly sworn to before B. Allen, notary public, Nov. 9th, 1925.

It is the order of this court that the judge and each of the commissioners be and are allowed \$5.00 each for their day's services.

There being no further business to come before the court at this term it is the order of the Court that this court now stand adjourned on this the 9th day of November, 1925.

The foregoing minutes being read in open court and found in all things to be correct are in all things approved this the 9th day of November, 1925
J. M. Grigsby, Co. Judge
Attest: Dave Shanks, Clerk (Seal)

LUTHERAN SERVICES SUNDAY

I wish to call the public's attention to the Lutheran services which will be held Sunday afternoon (Nov. 22) at 2:30 in the Plainview School, 4 miles north of Perryton. The pastor's subject will be, "Jesus Christ, The Light Of The World". For those who understand the German language, a morning service will be conducted at 10:30, to accommodate them and enable them to hear God's Word also. Come and attend one or both of these services. You need to hear these messages and will be benefited by them.

Also wish to state that preparations are now being made for a Christmas program at the School, consisting of songs, recitations, addresses, and the like around the Christmas tree. Last year's program was highly successful and our aim is to make this one better than ever. Children wishing to take part in it kindly announce next Sunday afternoon.
Rev. H. Hartenberger.

WAWAKA NEWS

After a few days of cold weather, everyone welcomes the sunshine and clear skies.

A large crowd attended the services which were conducted at the church by Mrs. Ed. Groover, Sunday afternoon.

A number of people enjoyed a singing at the church Sunday evening. Mrs. C. J. Frantz and children spent Sunday afternoon with Mrs. C. B. Barber.

Harvey Miller, who has been here putting in the wheat returned Sunday to his home in Oklahoma. J. C. Mills and family have returned from a few days' visit at Stratford.

I. N. Traylor and family spent Sunday in the P. M. Berry family. Mr. and Mrs. Walter Keim visited in the home of their son, J. J. Keim, Sunday.

Misses Gertrude and Eva Robertson spent Wednesday night with their sister, Mrs. W. A. Reed. Mrs. Hodges Hale and children,

Jimmie, Demetries and Hattie Louise, are visiting in the home of J. C. Mills.

M. R. Stowe and family visited in the home of Mr. Stowe's parents in Oklahoma, Sunday.

Messrs. George Woodhouse, Duke and Charlie Ludy are visitors in the L. W. Hohman house.

Mr. and Mrs. Alvie Henderson and daughter are visiting in the home of Mr. Henderson's sister, Mrs. J. V. Mills.

FOOLISH QUESTIONS-NO. 41,000

THE FORDS PAY 21 MILLION

Federal income tax returns, made public Tuesday, show the Fords and their motor car company, for 1924, paid more than 21 million dollars. John D. Rockefeller, jr., paid \$6,277,660, while John D. sr., paid only \$128,420.

President Coolidge's tax was \$14,918.66, and Vice-President Dawes paid \$24,834. Secretary Mellon's tax, the largest in the Pittsburgh district, is \$1,182,600. His brother, R. B. Mellon, paid \$1,180,029. John W. Davis, Democratic nominee for President last year, paid \$49,533, and William Gibbs McAdoo's tax was \$1,512.88.

The Ford tax was approximately one fourth of the entire assessment for Eastern Michigan. Henry Ford's personal tax was \$2,608,808.65. Edsel Ford paid \$2,158,555.99. Their company paid \$16,493,160.91. Both personal taxes are lower than last year, but the company tax is about 2 million dollars higher than for 1923.

Film fans here expressed surprise Tuesday when the federal income tax returns of internationally known motion picture celebrities were made public by the collector of internal revenue.

Charles Spencer Chaplin, believed by many to have one of the largest incomes in the world, paid a \$345 personal income tax, while Roscoe

C. Arbuckle, thought by many to be nearly broke, paid \$6,116.

Others who trailed Arbuckle include Rudolph Valentino, Wallace Berry, Monte Blue, Lon Chaney, Buster Keaton, Barbara La Marr, Ramon Novarro and Charles Ray.

Chaplin's showing on the list was strengthened somewhat by the \$1,994 tax paid by the Chaplin Studio, Inc., but even with that he was well behind cross-eyed Ben Turpin, who paid \$6,104.

Douglas Fairbank's paid \$182,190; Gloria Swanson, \$57,075; Jesse L. Lasky, the producer, \$48,592, and James Cruze, the director, \$40,363. Mary Pickford paid, \$34,387.

Harold Lloyd's payment was \$28,151.16; Bill Hart's, \$15,785.40, and Tom Mix's, \$7,514.96.

Other payments by film celebrities: Jackie Coogan, \$268.20; Alla Nazimova, \$3,120.80; Will Rogers, \$2,700.27, and Pola Negri, \$15,108.76.

Mrs. Atlanta E. Gillette, wife of the safety razor manufacturer, King C. Gillette, paid \$225,666, while her husband paid \$5,799.

The Atchison, Topeka & Santa Fe railroad is the biggest income tax payer in Kansas. The Santa Fe pays \$427,995.66 on capital stock investment of 428 million dollars.

The Prairie Oil and Gas Company pays the next biggest tax in the state, \$132,145. It pays on a capital investment of \$132,150,000.

The Santa Fe also pays \$15,840 for the Santa Fe Land and Improvement Company, and \$3,747 for the Cher-

okee-Pittsburg Coal Company, both subsidiaries of the road. The total Santa Fe tax is \$447,582. The Prairie Oil and Gas Company also pays a tax of \$96,648 for the Prairie Pipe Line Company, a subsidiary. This organization represents the Standard Oil in Kansas. The total tax of the Standard is \$228,793.

GET A BROADER VIEWPOINT

Because our country is so large, we are often inclined to narrow our views regarding its various activities to the more immediate sections in which we live. Californians may think their state is a leader in road work, New Yorkers that they have the only modern buildings and Florida that it has the principal recreation resorts.

To show the narrowness of such views, consider the road question alone. The Southern states, which have been generally advertised as having bad roads, are rapidly forging to the front in the construction of new paved motor roads. Reports from the highway departments of 16 southern states show that under their direction, a total of \$170,000,000 is available for new roads this year.

Including the construction work under way by counties and townships, the sums being spent in the South this year for road improvements will aggregate approximately \$400,000,000. In the new construction, the asphaltic types of pavement predominate and their mileage will outstrip any year heretofore, on account of their practicability for all types of hard-surfacing.

As it is with roads, so it is with other lines of activity. The whole country is growing. We should all know more about its resources and realize that its development is not confined to any one favored section.

CORNERSTONE OF COMMERCE

The fire insurance business of today represents the evolution of nearly 200 years, and during this long period it has become closely interwoven with the very fabric of the industrial and social life of the world; it is the cornerstone of commerce. In its ramifications, it affects directly and indirectly every individual in the country. It could not be otherwise, in view of the fact that outstanding fire insurance approximates the tremendous sum of \$100,000,000.

DICTATES OF COMMON SENSE

Buying away from home is a habit which usually does nobody any good but the mail order house. Buying at home is a habit which does a world of good to the buyer, the merchant and the home town. Why cultivate a bad habit when it is just as easy to acquire a good one and why continue a bad habit when there is a good habit which can easily be substituted?

Before the Perryton stores became so numerous and so abundantly stocked there was some defense for the mail order concerns with their diversified stocks. There was a time when the mail order house was the only place where the resident of the small town and country could supply all of man's needs and without delays, mis-

understandings and uncertainty of satisfaction. Four essentials in buying are quantity, quality, favorable price and quick delivery. Your hometown merchants set the standard in all four of these essentials.

There are men and women who go to larger cities to buy all or part of their wants. They argue that they can save money and obtain better satisfaction, but brought down to the actual facts they usually admit that buying-out-of-town is only a habit, and an expensive habit at that. They lose the leisurely shopping, the personal service and the realization of responsibility which characterize the local stores.

Big business buys its raw materials from the nearest source of supply. Every individual is a business in himself or herself. Thrifty buyers figure in the time, labor, transportation and market costs and buy accordingly.

Perryton, Texas

Notice To
AUTO OWNERS

The attention of all owners of motor vehicles and motor cycles is called to the following provision of the Texas Automobile Head light Law:

"Section 16. Before any county tax collector shall issue a certificate of registration to the owner of a motor vehicle or motorcycle as now provided by law, he shall require the presentation of a certificate showing that the headlights of such motor vehicle or motorcycle have been tested and adjusted at some one of the county test stations referred to, and that said test and adjustment have been made within the 30 day period just preceding the date of application for registration."

Since headlamps must be adjusted within thirty days of the date of registration of the cars, approximately two months will be available for the pre-registration tests. Considering extreme cases, for example, if a car is registered on January 1st, the owner will have had thirty days in which to have the headlamps adjusted, and if a registration is made on January 31st, practically the whole month of January will have been available. In other words, the certificate of adjustment must not be thirty days old at the time the car is registered. Of course, most motorists will have their time of registration.

Motorists are requested to begin registration at the earliest possible time and not wait until the latter part of January. Early registration will help the Tax Collector tremendously, and will save time for the motorist. The regular registration period will begin in this county about December 15, 1925, and will extend through January, 1926.

J. S. TALLEY, Tax Collector

GREETING CARDS at Herald office.

Practical Instructions in HOME SEWING

By Ruth Wyeth Spears

GRACEFUL TRIMMINGS

In the model that I have sketched here navy blue brocade is used for the body of the dress. The tie, collar, the narrow tie cuffs and the tunic drapery are all made of strips of plain navy blue crepe de chine.

The small sketch at the upper right shows the process of adjusting the trimming pieces. The collar and cuffs are made double. The tunic which cascades in such graceful lines is made of a straight strip of material two yards long and twelve inches wide.

The edges of the tunic piece are all pinned. The material is next pinned and then tacked across the front of the costume as shown, allowing ends to hang free.

READERS—If you have dressmaking problems let Ruth Wyeth Spears solve them for you. Address her in care of this newspaper.

BLUE MOUND ITEMS

Too Late for Last Week) We were very proud of the snow which fell last Saturday.

Lila Munger visited Josephine Saunders Thursday.

Mr. and Mrs. J. E. Bouse and daughter, Irma, of Laverne, Oklahoma, spent several days at the homes of M. A. Shuler and P. H. Sebastian the past week.

T. R. Mills went to Shattuck Wednesday to consult Dr. Newman in regard to his physical condition.

Wednesday evening Mr. and Mrs. Shuler entertained Mr. and Mrs. P. H. Sebastian in honor of their guests Mr. and Mrs. Bouse.

Mr. Cartwright was in the community Thursday in the interest of the Perryton Equity Produce Co.

Mr. and Mrs. O. A. Schuster and daughter Helen and little Robert spent Sunday evening at M. A. Shuler's.

Letha Coombes and her mother made a business trip to Perryton Monday.

Mr. and Mrs. Abbond, Miss Burns and Mr. Smith returned from Alva, Sunday evening.

Adair Smith spent Armistice Day

Just Like "Teddy"

Little Paulina, daughter of Congressman Nicholas Longworth is just nine months old, and some say they see behind her rosy complexion a likeness to her grandfather, the great "Teddy" Roosevelt.

the Lee Parson family south of Hooker.

The New Hope school visited our school last Friday afternoon, and if our boys were conceited about playing basketball, they are not now, as the New Hope boys outclassed them in size and everything.

Last Saturday being Miss Veneta Collin's birthday, a number of her friends gave her a little surprise party. Everyone present reported a good time.

Mrs. J. H. Tedder spent Sunday evening in the Overton home.

Ora Collins spent Sunday evening with Ilene Williams.

Mrs. Collins and daughter were Sunday visitors with the Overton family Aubin Allen and family of Perryton were also visiting in the Overton home Sunday.

Dean McLain spent Sunday with Loyd Collins.

Mr. Collins took his daughter, Ethel, to stay with Lena Williams so she would be close to Union school. Irene Tedder and Ilene Williams were out of school Thursday and Friday.

Mrs. Lela Tedder visited Monday in the home of her brother, Frank Elmore.

Mrs. Albert Hills, who has been visiting friends in Perryton and vicinity for the past week, returned to her home at Liberal on last Sunday.

Cupid's Assistant

"A medium for the dissolution of loneliness," says Mrs. Nellie B. of Elyria, Ohio, new president of the Widow and Widowers' Club America. "Don't rush—the forms on the left," says Cupid.

FAIRVIEW ITEMS

Lee McLain, Tom Collins, Edith McLain, Vineta Collins, Claude Newman and Denzil McLain attended Sunday school at Camrick last Sunday.

Robert Burns, Howard Cline and John Simons were visitors of Harold Williams.

Mrs. Ewing visited her sister, Mrs. Dora Johnson of Texhoma last Saturday, returning home Sunday evening.

Mr. Henry Johnson reports Mrs. Johnson recovering rapidly, having taken her to the home of her daughter some ten days ago.

Miss Veneta Collins spent the week end with her folks.

Mr. Massey helped Mr. Hamilton thresh last Friday. Mr. Hamilton has a thousand bushels or more of grain, which was good for this year.

Mr. and Mrs. Willis Forbes stayed at Mr. Taylors while they were gone to Beaver.

H. R. Ragsdale and family and Mr. and Mrs. Clint Ragsdale visited H. R. Peery's last Sunday.

A. Carter, Mr. Sellers and John Brodie called on Willis Forbes Sunday.

Mrs. Fred Hamilton and daughter, Fern, were Perryton visitors Saturday.

Ennis Lester was the guest of Basil Taylor Sunday evening.

Mr. and Mrs. Frank Keith of Perryton and Mrs. Effie Kettell spent Sunday afternoon and evening with

IT'S EASY TO BUY A FORDSON TRACTOR

As a means of assisting farmers to modernize their farms, a new financing plan has been developed through which farmers may procure a Fordson tractor and other necessary equipment with only a small initial outlay and conveniently timed deferred payments.

The heretofore heavy initial expense of motorizing the American farm, according to the United States Department of Agriculture, has retarded to a large degree the development of agriculture. The new financing plan circumvents this obstacle and puts motorized equipment within the easy reach of every farmer, and permits him to operate his farm along the same lines of efficiency as the modern factory, a thing which Secretary of Agriculture Jardine urges upon the farmers of the country.

Although agreeing that the tractor is a means toward greater crop returns, the lack of sufficient capital to meet the initial cost has for years prevented many farmers from taking the step toward modern methods. This situation is relieved through the new arrangement and the farmer, without embarrassing himself financially, can begin at once to enjoy the advantages of Fordson powered farm equipment.

GIVE "PA ROOSTER" A VACATION

The hens will lay just as many eggs without a rooster. Such eggs will not hatch, of course, but they keep much better, don't spoil so quickly in summer as eggs from flocks where roosters run with the hens. Hence as one of our farm poets says:—

"Go put the rooster in a pen
Till breeding season comes again;
Or if he's just a common scrub,
You'd better make him into grub."

Carl Williams of the Oklahoma Farmer-Stockman is emphatically campaigning for this idea. Under the heading, "Goodbye, Pa Rooster," his paper says:—

"The time has arrived for Pa Rooster to take his annual vacation, and on every well-conducted farm arrangements are being made for his departure."

"His lusty crew may be missed for a time by the light sleepers, but few people will regret the absence of this harbinger of the day."

"Pa Rooster is an important individual during March and April when he performs the worthy function of being father to all the baby chicks on the farm, but after the chicks are hatched, he is of no further use and is more or less of a nuisance by being in the way, eating feed which might well go to the more useful members of the flock."

"Pa Rooster's vacation is not a matter of sentiment to the modern poultry keeper, but is looked upon as a practical business proposition. The city man who orders soft-boiled eggs during July or August appreciates the fact that Pa Rooster is on

a vacation when he eats a clean, wholesome egg. Should he, however, be so unfortunate as to draw eggs from a farm where the rooster stays home all summer, the quick-lunch counter is likely to lose a customer and the price of eggs takes another tumble."

KILLING THE FARMER'S FRIEND

When an Iowa farmer complained that the pheasants were eating his corn, the game department killed two of the birds, examined their crops, and found 200 cutworms—and no corn. Almost without exception, when the scientists investigate such cases they find the same result. The farmer owes his crop to the feathered police that keep down the bugs, insects and worms. With continuing slaughter of every form of bird life, the insect loss will be heavier and farm worker harder. The nation could train an army of riflemen in a comparatively short time, but it couldn't in a century restore the bird armies that are the farmers' allies in raising food to feed the country.

Elmer Tennyson left Tuesday for Shamrock to visit with his parents over Thanksgiving.

Amazing Power of Mexican Mustang Liniment

Stops Rheumatism—Penetrates through the Skin to the Bone

If you suffer from Rheumatic pains and aches or have a lame back or feel stiff and sore, don't wait a minute longer. Apply a small quantity of Mexican Mustang Liniment right opposite the sore or aching spot—in almost a jiffy it will penetrate through the skin and soothe and calm the pain. Your sense of comfort and relief will be great.

The remarkable penetrating power of Mexican Mustang Liniment is the reason why it quiets and soothes pain even in obstinate cases of long standing and where other applications have failed. This wonderful liniment also heals cuts, burns and wounds and so makes a valuable remedy to have in the house at all times. All druggists and wholesalers sell Mustang Liniment or can get it for you.

About Your Health

By John Joseph Gaines, M.D.

CONTROLLING YOUR WEIGHT

There are at least three ways to acquire flesh: to eat too much, to eliminate too little, and to ride everywhere instead of walking. Reverse procedures if you would lose flesh. Eat less and exercise more, if your adipose threatens.

Fat people usually drink too much fluid at meals. Fluids ALL aid absorption. There are millions of absorbing glands in the intestine, and they are constantly at work, unless we may imagine the Lymph-channels so full that they will hold no more. Fat people absorb too much—more than they can dispose of properly. Since dry food absorbs more slowly and sparingly, your stout lady should drink no fluid at mealtime nor soon after. Note that I say FLUIDS. All diluents must be excluded, tea, milk, coffee, and other prepared beverages are as harmful at meals as water.

Excess of sugars and starches should be avoided as well, also white bread. The six o'clock dinner is the foe of long life. Avoid it. Indolent habits dispose one to fatness. OVERFLESH is sluggish, inactive, weakened tissues. Fat women have toiled, rolling on the floor, enduring hard sweats, submitting to maulings of "massage"—all the while pouring down fluids with meals, and eating six-course, six-o'clock dinners, taking "antifats" sure things, and wondering why on earth they remain fat! Here I may emphasize that drugs do not remove the CAUSE. Neither will belts, pads, or "supporters" out-do vigorous absorptive apparatus, when the intake of absorbable foods is pushed beyond all needs of the body.

NEXT WEEK—
"Influenza."

A husband's definition for a wife should be—"A woman to whom I may be as rude as I wish, without being compelled to apologize."

HIGH SCHOOL NEWS

Thursday of last week was Parents Day in the school and many parents gave us a visit to see for themselves the great progress we are making. It seems like a great number of the parents' main object was to visit the Latin Class room.

The basketball game played here last Friday night between the Perryton and Union girls was quite a disappointment to many of us. Our girls played a very good game but were unable to defeat the Union team because of the absence of two of our best players, Wilma Pearson and Mattie Maude Guthrie. At the end of the game Union crowded over a score of 15 to 7 in their favor. Wait until we play them with our full line-up!!!

The Art Exhibition that visited us from Tuesday to Thursday of last week was a great success. From the proceeds each room in the school is permitted their choice of any picture that was in the group. The teachers of each room will choose the pictures and from what we have heard the selections will be among the very best.

The Current Event Club of the 8B room, which meets on Thursday of each week, is progressing now at a fast rate and we are learning more subjects of nation wide interest each meeting. Re-election of officers was made for last week and were: president—Lester Burrow; Secretary—Kathryn Pryor. Former officers were: president—Clara Jacobson; secretary Lorene Coffee.

On last Saturday night, November 14th, a very elaborate banquet was served to the Senior Sorosis Club by Class 2, Home Economics girls. The room was decorated with the club colors, purple and gold. On the table were vases of yellow and white chrysanthemums. The following menu was served: fruit cocktail, olives, nuts, celery, turkey, dressing, carrots, chautilly potatoes, rolls, molded salad, grape jelly, plum pudding ice cream, puritan cake, mints and coffee.

A test was given by Miss Cearly in plane geometry last week. The grades were extremely low, in fact lower than any previous grades. There is nothing for this class to do, except get busy and study and raise the average.

Navis Witt Entertains

Last Friday evening Miss Navis Witt entertained the Seniors and the high school faculty at the home of her parents, Mr. and Mrs. A. C. Witt. Many clever games were played. At last we were successful in getting a joke on Mr. Shanks. This, everyone knows, is very hard to do. A contest was held in which Miss Carmichael won a box of chocolates. Mr. Minick won the booby prize, a package of Black-Jack chewing gum, with which he was very liberal. Novelty favors of tally cards were given, in which each present signed his or her name on the others' card. Delicious refreshments were served in which our class colors were brought out. Everyone went away believing Navis to be the most charming of hostesses.

The Bubble

When the house was full Monday night, November 16, the curtain arose and the first act of Edward Locke's comedy, "The Bubble," began. Each of the three acts of the play was a scream from beginning to end. Everyone seemed satisfied with the evening's entertainment and we hope they will all return to our next number.

History Outlines Received

The outlines and map books for the social science classes came in last week. Some of the folk are rather upset for they are afraid it means more work. This is not necessarily so

for these study helps are very beneficial in placing before the student a definite outline of the work covered and the maps are like pictures. They are a great help in remembering for it is easier to remember a picture you have seen than a written description of it.

Monthly Examinations

Monday, November 23, to Friday, November 27, inclusive, was set aside for the regular monthly examinations. Many of the pupils became very studious Monday morning but that was three weeks too late to get the work covered for the month. These examinations are coming every month and the best time to prepare for them is all the time. Three weeks of gradual acquirement is better than three hours of cramming. For it remains with you after you have written your "exam" paper. "An ounce of remedy is better than a pound of cure."

P. T. A. NOTES

The regular meeting of the Perryton P.T.A. was Monday evening at 8:00 o'clock. The faculty was elected as a committee to select a picture for each grade and as there was not enough money taken in at the exhibit to pay for them, a number of the patrons made up the amount which some of the grades lacked.

A shipment of books to the amount of \$154.00 for the school library has arrived and the P. T. A. is paying for these, with the exception of \$10.00 which the 7th grade won last year for holding the banner the greatest number of times during the year.

The following program was then given and each number was very much appreciated.

"The Bible Place in the School."—W. D. Christopher.

Reading—Mrs. O. C. Shearer.

"Discussion on Boy's Gangs" Led by D. D. Shanks.

Reading—Miss Abramson.

The Eighth grade won the Banner at this meeting.

—Reporter

New Students

Harold and Lorena Thrush entered school here last Monday. We are always glad to welcome new students to the school.

Withdrawals

Ruby Carley has withdrawn from the school here and moved to Shamrock, where she will attend school the remainder of the session.

Seventh Grade

The seventh grade girls basketball team went to Ochiltree Friday evening and played the school team there a fast game. We were defeated 24 to 11 but we are going to try them again some time.

Ralph Holland entered the seventh grade Monday. This is the first new pupil since the third day of school.

Good Pictures

Good pictures have an influence over children in a schoolroom. Such as Lincoln's or some other great man's picture. They make them want to make a success. They want to do big things.

Pictures have a meaning that leaves an impression on people. Bad pictures may make them be bad. Good pictures may inspire them to do right. While some people may not be affected by them.

I was affected by a picture in an art exhibit this week. It was a picture of a Dutch girl feeding the geese. She had such a swell look of innocence on her face that I was very much impressed—Audrey Beaver.

The Influence of Good Pictures

Good pictures are an asset to any community, and represent the culture of a people. They inspire high ideals, and bring to mind all that is pure and holy. For instance the picture entitled to "The Innocence" represents the pureness of the soul of a little child, and the picture entitled to the "Springtime" portrays the life at the beginning of the spring-time of life. "Can't you Talk?" is a picture that reflects the freshness and utterly unworldliness of the youthful mind, and seems to lift us from the sordidness of the world, and let us glimpse the pureness of the heart. We stand lost in thought gazing at a picture which recalls bitter sweet memories, and inspires awe in the mind. Pictures of eventide scenery bring peace to the troubled soul, and calm to the tired mind.—Dora Chadwick.

Influence of Good Pictures.

Good pictures have a great influence in the school room. They help to make the room attractive to visitors and pupils who come. The more necessary influence that good pictures has in school rooms is to help illustrate the many hard lessons in history, and also to remember the

important events.

The Art Exhibit is very important to help one remember scenes and incidents of life. It should be in the possession of each school once each year. To look over the Art Exhibits and see the pictures of events you have been studying or battles that have been fought, gives you a more vivid idea. The scene you grasp from a picture is more apt to be remembered than a thought you grasp from a printed page.—Lester Burrow.

TWO FORMULAS FOR COMMON WHITEWASH

"In Farmers Bulletin 1452 two common whitewash formulas are given for putting on sheds, fences, etc. Here is Formula No. 1."

We handed Sam this bulletin, pointing out the following formula:

No. 1.—Slake carefully half a bushel or 38 pounds of good quicklime; strain paste while still thick through wire fly screen and add 15 pounds of common salt in 7½ gallons of water. Mix thoroughly—very thoroughly. Thin with water to good brushing consistency."

The second formula was as follows:

No. 2.—Carefully slake half a bushel or 38 pounds of good quicklime; strain the paste while still thick through wire fly screen and add about 4 gallons of hot water. While stirring vigorously, pour into the lime mixture a solution made by first dissolving 12 pounds of common salt and 6 ounces of alum in 4 gallons of hot water. Then add one quart of molasses and thin with water."

"You say that is common whitewash?" Sam asked.

"Yes. Either of those formulas

will answer well for old wood surfaces and rough lumber."—The Progressive Farmer.

TRY THIS OUT

"One phase of radio reception which is generally overlooked and yet has a most important bearing on results," says Dr. Alfred N. Goldsmith, Chief Broadcast Engineer, the Radio Corporation of America "is the location of the loud speaker. It is astonishing how considerably radio music can be modified by changing the location of the loud speaker. A little experimentation along this line will generally produce worthwhile results. Especially this true in summer when the static background stands out boldly under the sound volume is reduced. The loud speaker, located indoors, will give more volume but it will also give static background included, no matter how faint it may be.

"On the other hand, if the loud speaker is brought out on the porch or on the lawn, little details of voice are no longer discernible and only the main theme—music speech—remains to attract attention of listeners."

Mr. and Mrs. H. H. Beatty and Mr. P. H. Sebastian of the Blue Mountain community were Perryton visitors Monday of this week.

FEEDING DIRECTIONS

FOR

Laying Hens

Keep Purina Chicken Chowder before the flock in self feeders all the time. The Purina Chicken Chowder hopper illustrated in our booklet is a satisfactory self feeder which will accommodate from 35 to 50 hens. Birds will consume a bout 10 pounds Chowder per hundred hens per day. In hot weather keep the hoppers in the shade and near the drinking vessels.

Feed 3 lbs. home grown grain in the morning and 7lbs. in the evening—10 lbs. altogether to each 100 hens. Both feedings should be buried in a straw litter 8 to 12 inches deep, to make the birds exercise.

Plenty of good sharp sand, gravel or poultry grit. Supply oyster shell in hoppers for the manufacture of egg shells. There is a difference between oyster shells and clam shells. Insist on oyster shells. Supply green feed in the form of sprouted oats or allow birds free range if possible.

Two-thirds of an egg is composed of water. See that you have plenty of water fountains. Always keep them full of good fresh water. Set in the shade near the Chowder hoppers. A hen cannot lay eggs without a good supply of water. Use earthenware vessels if you feed milk.

Don't crowd your birds in the laying houses. Allow three to five square feet of floor space for each bird. Provide plenty of ventilation without drafts. Allow one nest for every six birds. Always have a deep, fresh straw litter on the floor to allow exercise. Provide one linear foot of hopper feeding space for each six birds or one Purina Chicken Chowder feeder for every 35 to 50 birds. Keep birds confined to laying houses during cold weather—from November 1st to April 1st. Sanitation of houses and yards is necessary first, last and always.

RED CROSS YEAR A RELIEF RECORD

Huge Relief Work After Midwest Tornado the Greatest in American Annals.

DISASTERS DROP IN 1925

Ranged From Fire to Earthquake and Covered Wide Area at Home and Abroad.

Virtual completion of the largest peace-time project of post-disaster rehabilitation ever known has been accomplished by the American Red Cross in less than a year, as a part of its relief work in the more than 50 disasters in which it served in the past year.

This great program was undertaken following the tornado which struck five mid-western States last spring, killing 736 people, injuring 2,239 more, and causing inestimable property loss. It left a huge area of devastation in its wake, presenting a real problem.

The magnitude of the problem is indicated by comparison of its huge casualty list with that of the entire preceding year, whose combined losses were 735 dead and not quite 2,999 injured, as a result of the record number of 192 catastrophes.

The story of the Red Cross service in the past year, recounted by the report, ranges from fires leading the list of destructive forces with 29 disasters, to mine explosions, tornadoes, typhoons, floods and earthquakes.

The Santa Barbara earthquake was among the outstanding events recorded in the report. The Red Cross had completed its relief organization on the scene within a few hours of the disaster, and in addition had launched a program designed to permanently restore every person affected by it, to his former status once more.

The Red Cross service in the period following the wreck of the Navy airship "Shenandoah" was typical of its promptness and effectiveness. Service in this instance was afforded by Red Cross chapters in the vicinity of the wreck, and by representatives of the national organization. It demonstrates graphically the value of each of the more than 3,900 chapters of the society which are at work in virtually every part of the country, in the facility they afford the national organization in emergencies.

There were 61 domestic disaster operations reported in which the Red Cross rendered service either through chapter or national staff personnel during the year. In 34 of these the national organization appropriated a total of \$3,047,356.49, the greater portion of which was received as direct contributions for the relief of specified disasters. The relief operations following the northern Ohio tornado of June, 1924, were brought to a close in May, 1925, after an arrangement had been made with the Lorain chapter to provide export services to the families of any tornado sufferers who required such assistance in the next two years. In this single disaster the relief work was finally accounted, reached a total of \$1,019,751.23.

The mid-western tornado of this year, covering a strip of territory 400 miles long involved an expenditure up to June 30 of \$774,000, while the total amount turned in to the fund through the agency of the Red Cross was \$2,645,000. In addition to this sum specifically collected for the purpose, the Red Cross had expended from its regular reserves \$124,000.

In all these disasters, Red Cross workers have been impressed by the spirit of determination and helpfulness shown by the people. Once they realized from their grief and bewilderment, they began at once to build, materially and otherwise, and always on a better scale where possible. Another significant feature of these occurrences, as noted in the report of the Red Cross, was the promptness with which the local chapters organized emergency relief before help could be received from outside sources. A direct effect of their example has been to stimulate disaster relief preparedness among chapters all over the country.

The services of the American Red Cross are performed invariably in the name of the American people. On the effectiveness of this representation during the past year, it will launch the ninth annual roll call this year on November 11, to continue until Thanksgiving, November 26, during which support through membership will be invited for 1926.

What becomes of Red Cross Sweaters? What becomes of the sweaters which the American Red Cross has asked for? In the first place, they are needed for the 30,000 disabled veterans still in hospitals this winter, the garments being in great demand. The surplus left from the war has been exhausted since the Armistice, hence the new call for the sweater-knitters to resume their needles, a call already being met.

The American Red Cross serves in your name; you can make it more effective by adding your name to its membership during the Roll Call, Nov. 11-26.

RED CROSS FINANCES SHOW WIDE SERVICES

Past Year Cost \$10,321,679.80; Duty to Ex-Service Men Paramount.

Washington.—The national and international services of the American Red Cross are portrayed graphically in a statement of the Red Cross finances for the past fiscal year ended June 30, 1925. Expenditures by the Red Cross (including both the National Organization and the Chapters) during this period aggregated \$10,321,679.80.

The obligation of the American Red Cross to the ex-service and service men is represented in this sum by a total expenditure of \$4,225,292.61. In the interests of disabled veterans, the Red Cross expended \$3,577,916.42, of which \$1,677,916.42 came from the National Organization, and \$1,900,000 from the more than 3,900 Chapters and local branches of the society. Red Cross services to the men of the Regular Army and Navy the past year called for \$647,376.19, of which the National Organization furnished \$310,376.19, and the Chapters, \$337,000.

Sharing in importance with this responsibility was the Red Cross work of disaster relief during the year. In these operations there was absorbed a total of \$1,922,782.90 up to June 30, this year. This represented \$1,625,122.90 of National Organization funds and \$297,660.00 from the Chapters. Relief in foreign disasters amounted to \$2,579.35. This sum was appropriated altogether by the National Organization.

Insular and foreign operations of the American Red Cross during the year included relief in foreign disasters, the League of Red Cross Societies, Junior Red Cross Foreign Projects, assistance to Insular Chapters and similar functions. Besides its disaster relief, the National Organization financed these other branches of foreign work also, including \$110,235.72 for assistance to insular chapters, \$177,450 for the League of Red Cross Societies, \$84,384.43 for Junior projects abroad, and \$59,957.52 for other insular and foreign operations.

In addition to its paramount duty to assist veterans and other service men and their families, and its disaster relief, the Red Cross expended at home through its national and chapter funds, a total of \$1,029,616.95 for its Public Health Nursing Service; \$154,135.09 for nutrition instruction; \$314,422.76 for First Aid and Life Saving; \$445,797.34 for Junior Red Cross; \$122,759.88 for instruction in Home Hygiene and Care of the Sick; and carried on similarly important home duties. Included in the latter work such valuable services as the Enrolled Nurses' Reserve, for which the National Organization expended \$45,562.54, while other national operations at home amounted to \$102,957.54. The chapters, in addition to the large part they played in all Red Cross activity, spent \$678,060 of their own funds on general chapter services.

The broad humanity of the American Red Cross can never be measured by the money it costs, but even in bare terms of dollars and cents, the scope of its work is indicated. A study of these facts also shows the necessity for the largest possible enrollment, since Red Cross service is maintained almost entirely by its membership. The annual invitation to participate in this work through membership in the American Red Cross, is extended from Armistice Day, November 11, to Thanksgiving, November 26.

Red Cross First Aid Popular in America As Accidents Gain

The rapidly mounting toll from traffic accidents has brought home to the public the necessity of being prepared to render prompt assistance while awaiting the doctor. During the past year 356 chapters of the American Red Cross were instructing classes in First Aid, and in the same period certificates were issued to 25,691 persons qualified by Red Cross reports.

Many cities throughout the United States are showing interest in securing first aid instruction for their police and fire department personnel, and through the work of local chapters, practical results have been obtained in such cities as Washington, D. C.; Toledo, O.; Boston, Mass.; South Bend and Indianapolis, Ind.; Fort Arthur, Texas and other communities. In co-operation with the State authorities, intensive training in first aid and rescue methods has been given to State police and constabulary members at four State training schools.

Instruction in these subjects in public and private schools, colleges and universities has increased during the year. Attention has been given to training teachers at institutes and summer schools.

The Red Cross first aid railroad car has been in continuous operation throughout the year. It covered 10,340 miles, visiting 137 cities, where 1,200 meetings were conducted by the surgeons, with a total of 146,827 people.

Industries particularly have availed themselves of the instruction afforded by the Red Cross. The Western Electric Company, for example, reports a reduction of the accident rate per 1,000 employees.

Christmas Suggestions

In Royal Society Art Work, either to be embroidered or finished pieces, we now have a complete line in beautiful rich materials and designs. A full stock of embroidery threads, fast colors and boil proof, all reasonably priced. Let us show you this wonderful assortment of Art Work and lend our assistance in solving your Christmas gift problems.

RED CROSS AID TO VETS MOUNTING

Heavier Demands for War Service Laid to New Legislation Granting Wide Benefits.

ACTIVE FORCES AIDED ALSO

Duty to Ex-Service and Service Men First Responsibility of the Red Cross.

A marked increase in the service given by the American Red Cross to ex-service men, through Chapters, hospitals, Government and Red Cross offices during the past year, and which volume is expected to be maintained during most of the fiscal year ending June 30, 1925, is shown in the reports of the war service activities of the organization, just completed.

Service to the disabled and to men now in active service continued to be one of the primary obligations of the Red Cross. The increased activities in this regard were attributed largely to the legislation giving new benefits to ex-service men.

The keystone of the Red Cross service lies in the Home Service work of the chapters to veterans and men still in service. At the close of the fiscal year June 30, 1925, 2,591 Chapters were active in this work and had expended approximately \$2,237,000. Included in their work was assistance to ex-service men in making out adjusted compensation papers, in the handling of claims reopened, or made possible under liberalized terms of the World War Veterans' Act of 1924; and in many other ways.

An unusual amount of legislation passed by Congress and State bodies has necessitated the issue of much new material in the past year. Legislation was passed during the year liberalizing conditions applying to hospitalization, compensation and other benefits under the Veterans' Bureau; this in turn has entailed reopening of many claims formerly disallowed, filing of many new ones, and many applications for hospitalization. The Claims Service at National Headquarters this year handled 17,506 in comparison with 12,016 cases the previous year.

Increased service to men in hospitals was noted, as well in the number of hospitals in which service was maintained by the organization. Due to new legislation an increase of over 6,000 patients were admitted for hospitalization, a new peak approximating that of March 1922. Since a large number of this group includes patients not eligible for compensation, the solution of their personal and family problems has involved careful study by the National Organization.

There are 30,000 disabled ex-service men in Government hospitals every day of the year, and their need has directly led to a revival of the best-known and perhaps most popular activity the Red Cross sponsored in war—a new campaign for knitted "Red Cross sweaters." These articles are among the few not furnished by the Government.

For the men still on active duty in the Army, Navy and Marines, the Red Cross during the year maintained Field Directors at all important stations, camps, and hospitals of these armed forces of the country.

A monthly average of 36,931 service and ex-service men were aided by the Red Cross during the year.

The man in service, and the man who has served his country are among the primary responsibilities for which the American Red Cross is chartered by Congress. Nevertheless it has many other obligations and it is on this basis that an appeal will be made for a larger enrollment than ever during the Annual Roll Call, Armistice Day, November 11, to November 11, 1925.

NATIONAL HEALTH AIM OF RED CROSS PROGRAM

Nurses Guard Community Health; Home Hygiene and Nutrition Featured.

The increasing appreciation by the American people of the value of a national health structure is reflected in the comprehensive machinery built up by the American Red Cross and kept in constant operation in the past year, in the interest of national health.

Instruction in home hygiene and care of the sick, in nutrition; inspection of school children, the maintenance of an effective nursing service, all formed a part of the Red Cross organization assisting in keeping America well.

Altogether 51,121 students were instructed in home hygiene and care of the sick, including 31,480 school students, of whom 20,381 received certificates. This work reached the Girl Scouts, Camp Fire Girls and Girl Reserves; also telephone companies, public and private schools, community and industrial groups. An unusual fact of this service was its adaptation to the needs of the blind, through transcription of the text book in Braille print.

The year's work also demonstrated a growing understanding and appreciation on the part of Red Cross field representatives, chapters, co-operating agencies and others, of the place of nutrition in community programs, looking to community health.

There were 2,800 dietitians enrolled during the year; regular nutrition instruction reached 138,066 children; 20,359 adults attended nutrition meetings, while 1,886 schools were aided in furnishing lunches.

Co-operative relationships were established with various Government and educational agencies in making this branch of the Red Cross health work more effective.

Another of the health-promoting activities of the Red Cross lies in its public health nursing service. There are nearly 1,000 such nurses serving in every part of the country.

As an invaluable reservoir in time of a great national emergency, there is enrolled under the Red Cross banner a reserve of 42,802 nurses. In a number of disasters during the past year in which the Red Cross has aided, and where the services of the nurses were required, they have been among the first to mobilize.

At Lorain, O., last year 34 enrolled Red Cross nurses were engaged in relief work, while 124 were employed in the mid-west tornado disaster relief operation of this year. The work of Mrs. Dorothy Davis Slichter, a Red Cross public health nurse stationed at Fairbanks, Alaska, in checking a flu epidemic at Fort Yukon, in the Arctic, has won praise from all who know of it.

It is to assist in maintaining such valuable services to the community that the American Red Cross invites members during its ninth annual roll call, November 11 to 26, the only such appeal which the Red Cross makes in the year.

No appeal is so international as that to the humanity of every people. The sum of \$1.50 from a Japanese boy in Tokio to the Santa Barbara relief fund bespeaks a world of friendship, engendered by the American Red Cross.

When the mariners on the high seas enroll 100 per cent. in the American Red Cross, should you lag behind?

Join the American Red Cross whose work is your expression of your human impulses.

Purebred Live Stock Pays-

Thousands of Texas farmers are grading up their flocks and herds, and finding that it pays.

And to those farmers, purebred livestock is opening up wonderful new avenues of profit, that could not be found in any other way.

Do not overlook the fact that purebred livestock is another SURE MONEY CROP that is well worth the effort and initial expense.

Talk with the officers of this bank about MORE AND BETTER LIVESTOCK FOR YOUR FARM.

A 50,000,000.00 LIFE INSURANCE POLICY

Several months ago the Board Control of the National Rural Life Carriers Association was authorized by the membership to arrange a policy of life insurance, on a group plan, that could be made cover the entire membership. Primary negotiations were entered to at that time which finally culminated in a conference, at the National headquarters of the Association in Washington, between officials of several life companies and the officers of the Association. After a complete investigation the contract was awarded to the Great Southern which represented by President E. P. Greenwood. The contract as definitely executed bears the signature of W. Keown, President of the Association, L. G. Blackman Secretary and L. Andrews, Treasurer and Superintendent of Insurance.
