Improvements At Talco Cemetery

Talco Cemetery recently annexed lots, which were donated for this purpose by the late Mrs. Leora Stevenson. A new fence and new gate was added. The name Talco Cemetery was placed over the gateway.

These improvements have added much to the appearance of the cemetery.

Austin. — Gov. John Connally has made his big decisions on state spending and taxes for the coming fiscal period.

He scheduled releases of his budget by sections starting this week. Reportedly, it calls for just under \$200,000,000 in new taxes.

First section on state employment problems calls for payroll hikes of \$75,000,000 from all funds and \$26,000,000 from the general revenue.

Connally told Texas mayors and council members that he will not recommend the optional local sales taxes they advocate. He indicated that he won't ask for an increase in state general sales levies.

Speculation is that the governor will include a gasoline tax increase, college tuition boost and sales tax on alcoholic beverages in his revenue program.

He definitely will recommend some financial relief for hard-pressed cities. He hinted this will be in the form of state assistance for building, maintaining and policing streets.

While Connally completed his financial recommendations which will be sent to legislators on December 15, legislative budget writers made no progress.

Lt. Gov. Preston Smith has not called a meeting of the Legislative Budget Board since dismissal of Director Vernon McGee on August 29. Smith promised a legislative budget would be submitted by Jan. 15 deadline, however.

—TEXAS' STATE AGENCIES HAVE REQUESTED 93 PER CENT MORE MONEY FOR THE 1968-69 BIENNIAL THAN THEY ARE RECEIVING DURING THIS BIENNIAL. GOVERNOR CONNALLY SAID THAT'S EVIDENCE OF THE INCREASING COMPLEXITY AND MAGNITUDE OF STATE GOVERNMENT.

Connally said general revenue appropriations for the current biennium total \$835,000,000, and requests for the next two-year period amount to almost double that sum — \$1,216,000,000.

"Biggest item in the budget is public and higher education," Connally said, "and it is in this critical area where the largest increase is requested." The current appropriation in this area is \$347,000,000, but \$683,000,000 is requested, he said.

OIL ALLOWABLE AT PEAK — Santa Claus came early for Texas oil producers. Railroad Commission set the highest production factor in seven and a half years for December.

Statewide allowable will be 36.5 per cent of potential. Factor will permit production of 3,322,712 barrels a day, compared with November's 34.5 per cent which produced allowable of 3,205,042 barrels daily.

Commented Commission Chairman Ben Ramsey in announcing

the happy tidings: "The crude oil market is extremely tight. Demand is extremely strong, and will remain strong for the next several months."

NEW VOTER SIGNUP SYSTEM PROPOSED — A bi-partisan election law sub-committee, headed by Sen. Tom Creighton of Mineral Wells, has agreed unanimously on a proposed new free registration system for Texas voters.

System would work like this: all voters must sign up personally with county tax officials, initially. Afterward, they can register annually by signing an official application form sent out by the tax office.

Voters must carry a registration card or certificate and identify themselves by signature at the polls.

Creighton said he hopes to submit the plan, together with an omnibus election law "clean up" bill, to the public hearing early next month.

Voters at the November 8 general election expressed preference for annual registration as opposed to permanent signup.

TEACHERS' BENEFITS — Texas college teachers may not get salary increases from the 60th Legislature, but they may get a new battery of fringe benefits as compensation, if the recommendations of the Interim Legislative Committee on Faculty Compensation in State-Supported Colleges and Universities are followed.

In reporting to approximately 200 college presidents and professors, the committee said it would recommend to the Legislature an optional retirement or annuity program, paid research or study leaves, state aid for group insurance plans, the weaver of tuition for faculty members and their families and lifting the legal ban against construction of parking lots that don't charge user fees.

WATER PLAN ADVISORS — Twelve West Texans have been named as an advisory group to the Texas Water Development Board to keep the board informed of West Texas attitudes toward the state's fulfilling its Texas Water Plan.

The 12, nominated by the West Texas Chamber of Commerce and the Plains Cotton Growers, Inc., of Lubbock, will be kept fully informed and will be asked for advice as two major Texas engineering firms and the U. S. Bureau of Reclamation explore various ways to get water surpluses from East and Northeast Texas to West Texas.

Board authorized the preparation of two contracts aimed at the West Texas water problem and accepted the bureau's offer to make a study of the possibility of pumping water back up the Colorado River to serve San Angelo, Midland, Odessa and El Paso.

OLD STONE FORT

Nacogdoches

The Old Stone Fort standing on the campus of the Stephen F. Austin State Teachers College at Nacogdoches is generally believed to have been built during 1779 or 1780.

It has been held and garrisoned at various times by Spain, Mexico, the Republic of Texas, the Confederacy and the United States.

It was truly an outpost in the wilderness!

Nacogdoches itself, one of the four oldest civilized settlements in Texas, was named for the Nacogdoches Indians. Here in 1716 the Spaniards established Mission Nuestra Senora de Guadalupe around whose deserted buildings Nacogdoches was permanently established in 1779.

Let us be thankful

From everyone at Community Public Service Company, best wishes for a happy holiday. And as families everywhere join in the traditional feasting and fellowship of Thanksgiving Day, let us all pay tribute to the Pilgrim Fathers for their courage and for their legacy of a bountiful land. Let us be thankful for our great American heritage of freedom and for the many other blessings that we so often take for granted.
