Texas Oil Allowable Unchanged

By ERNEST STROMBERGER

AUSTIN (AP)—The Railroad Commission ordered today that Texas oil production held again to 29 per cent of potential during March.

The order, adopted at the statewide proration hearing, sets March allowable production at 2,893,222 barrels daily.

February production was ordered held to 2,919,705 barrels daily under a 29 per cent order. The average calendar day allowable was 2,893,222 barrels Saturday.

March, 1963 production was ordered held to 2,459,486 barrels daily under a 28 per cent formula.

Three of 12 major oil purchasers asked for a 29 per cent order. Six asked for flow based on 28 per cent; two for 27 per cent and one for 25 per cent.

Purchasers' nominations in barrels per day, by percentage, with the total change from Saturday's statewide allowable for each, are:

29 per cent (no change)—Sun, 106,117; Humble, 418,375; Texaco, 140,000.

28 per cent (57,240 daily decrease)—Atlantic 78,195; Indiana, 253,000; Mobil, 232,500; Sinclair, 101,400; Standard of Texas 35,400, and Gulf, 203,500.

27 per cent (114,480 decrease)—Cities Service, 82,000 and Shell, 162,300.

25 per cent (228,961 decrease)—Phillips, 122,418.

STRICKEN SHIP — The British freighter Ambassador, with a 50-degree list to port, wallows in the Atlantic 660 miles southeast of Halifax. The 443-foot ship, with a 35-man crew, rides 35-foot waves, her engine room flooded and pumps useless. (AP Wirephoto)

Parade Of Veniremen Questioned, Rejected

By RELMA MORIN

DALLAS, Tex. (AP) — Five more prospective jurors in the Jack Ruby murder case were dismissed for cause in rapid order today.

This brought to 21 the total of jury candidates who have been rejected.

After the 19th rejection, Melvin M. Belli, chief defense counsel, renewed his motion that the trial be moved to another Texas city.

Dist. Judge Joe B. Brown turned him down again.

As the third day continued in the effort to assemble a jury, there still was not a juror for the trial of the man who killed Lee Harvey Oswald, accused assassin of President John F. Kennedy.

Of the first five prospects struck from the list today, two women and a man said they cannot return a verdict of death in the electric chair. Another man said he cannot be convinced that Ruby was insane when he gunned down Oswald. And another woman said she had an opinion as to Ruby's guilt or innocence.

Rejected in the first moments of today's session were Maude Ford, 52, and Margie N. Ackles 42.

Answering the questions of Dist. Atty. Henry M. Wade, Mrs. Ford said she has religious scruples against capital punishment.

Mrs. Ackles was asked if she has religious or conscientious scruples and she replied: "Not religious but conscientious. I just don't feel I would be able to do it. I don't want any part of it."

Belli previously has stated that he was taking exception to excusing jury candidates who have scruples against voting the death penalty.

He told the court Wednesday that; if this practive prevails, the jury eventually chosen will be composed entirely of jurors who are willing to return a verdict of death.

He renewed these exceptions today.

J. P. Carr, 21, a bookkeeper, was disqualified by the court when he said, "I don't think they can prove to me that Ruby is insane."

Then E. G. Boyd, 60, owner of a trailer company, was excused because of opposition to capital punishment.

Mrs. H. M. Walne, a housewife, 59, followed Boyd. She said: "I really can't help having formed some opinion."

A. B. Catlett, an engineer, was excused because of illness.

Talking to newsmen during a brief recess, Dist. Atty. Henry Wade expressed no discouragement with the slow process of jury selection. Asked how long he now thinks it will require to get a jury he replied: "Two or three weeks."

Sheriff Bill Decker disclosed that his officers picked up two men in the building today. He did not identify them.

One, he said, came from Tupelo, Miss., and said he was anxious "to help Henry Wade win this case." The other, the sheriff said, came from the state mental hospital in Terrell, Tex. He said he is holding both for the time being.

Fines Paid; 29 Cubans Board Boats

KEY WEST, Fla. (AP) — Twenty-nine freed Cuban fishermen boarded their four trawlers today to sail for their homeland but were delayed, apparently by mechanical trouble on one of the boats.

The Coast Guard cutters Cape Darby and Cape York and a patrol boat stood by to escort the trawlers into international waters. The Cubans and their Castro-owned boats were captured 18 days ago for poaching in U.S. waters.

Czech diplomat Frantisek Telicka of Washington paid fines of $500 each Wednesday for the four captains of the boats on behalf of the Fidel Castro government. The captains were given suspended sentences in addition to the fines. Judge Thomas Caro dismissed similar charges against 25 crewmen, saying they merely took orders.

The Coast Guard took the fishermen into custody Feb. 2 off Florida's Dry Tortugas Islands and turned them over to the state since the applicable federal statute provided no penalties.

Baker Defies Senate Probe

By JOHN CHADWICK

WASHINGTON (AP) — Senators push ahead today with the Bobby Baker investigation, but the former Senate aide has flung a wet blanket over the inquiry by his refusal to answer questions.

There is substantial opinion around the Senate that while a lot of smoke still may pour out of the investigation, most of its low-burning fire may have been snuffed out.

A Republican member of the Senate Rules Committee, unwilling to be quoted by name, said that Democrats were talking about a speedy windup of the inquiry but that Republicans have around 40 prospective witnesses they want interviewed and possibly called to testify.

Baker, who resigned under fire last Oct. 7 as secretary to the Senate's Democratic majority, is under subpoena to appear for questioning at a public hearing next Tuesday.

But he said Wednesday, after a closed hearing at which he refused to surrender subpoenaed documents, that he would follow the advice of his lawyers and decline to answer the committee's questions.

The committee said that after Tuesday's hearing it will consider whether to recommend to the Senate that he be cited for contempt of Congress, punishable by a year in jail, a $1,000 fine, or both.

It is investigating whether Baker, while on the Senate payroll at $19,600-a-year, engaged in outside business and financial dealings that conflicted with his official duties or involved other improprieties.

Among witnesses called to testify today were W. F. Collins, president of the District of Columbia National Bank, and Jose Benitez, deputy high commissioner of the Pacific Trust Territory and a former Democratic chairman in Puerto Rico.

The committee said Collins would be asked about loans Baker has obtained from the bank, in which Baker has reported holding 1,500 shares of stock. Benitez has been linked with Baker in prior testimony involving imports of meat from Haiti.

DAVID RATLIFF

Ratliff In Race For New Term

State Sen. David Ratliff of Stamford this week made his formal announcement for re-election as Senator for the 24th Senatorial District, which includes Borden, Fisher, Garza, Haskell, Howard, Jones, Kent, Mitchell, Nolan, Scurry, Shackelford, Stonewall, and Taylor counties.

He was elected to the Senate in 1954 and re-elected in 1958 and 1962. Ratliff has to make an extra race this year because he was one of 15 Senators who drew two-year terms in 1962 under the new state redistricting law. Normally, senators serve four-year terms.

In 1961, Sen. Ratliff was elected President Pro Tempore of the Senate, the highest honor the Senate can confer on one of its members. He ranks ninth in seniority among its members, which increases his value to the people of this district.

Sen. Ratliff is Chairman of the Insurance Committee and serves on eleven other standing committees, including the most powerful ones in the Senate, Banking, Finance, Oil & Gas, State Affaris, Transportation, and Water & Conservation. In addition, he serves on the Senate General Investigating Committee. In the past, he has served in key interim study groups such as the Tax Study Commission, the Cost of Government Study Committee, the Legislative Budget Board and recently was appointed by the Governor to a special committee to study the problems of the aging. He is on more committees than any other Senator.

During the last session of the legislature, Sen. Ratliff was the author of the special enabling act setting up the Texas 65 Health Insurance Association to provide low - cost health insurance for persons for over 65. Among other statewide legislation, he also obtained passage of the Free-port Bill, a bill to help attract industry to Texas.

US, Reds Agree On Spending Cut

GENEVA (AP)—The United States and the Soviet Union agreed today on the need to reduce military spending, but disagreed today over proposals to achieve the goal.

The U.S. delegate, William C. Foster, urged the Soviets to join in discussion of an American proposal to freeze arsenals of intercontinental missiles and other means of delivering nuclear weapons.

Foster told the 17-nation disarmament conference a halt in production of rockets would bring about great savings, slow down the armaments race and ease international tensions.

The Soviet delegate, Semyon K. Tsarapkin, instead urged upon the conference a Soviet proposal to cut all military spending by 10 to 15 per cent. Such a reduction, applied as each nation prefers, has the best chance of acceptance and must have absolute priority at the Geneva talks, he said.

Tsarapkin urged the conference to appeal to all nations to make such cuts. The Soviet Union and the United States both announced military spending cuts recently but neither was as high as 10 per cent.

AREA GETS SNOWFALL

Snow flurries which had been predicted today for Northwest Texas moved into the Snyder area at about 11 a.m. today.

Earlier it was reported that a brisk snowfall was in progress around Fluvanna.

The snow here increased steadily in intensity and had reduced visibility considerably by noon.

Weather forecasts for Northwest Texas called for snow flurries during the day but were expected to decrease later in the day. Colder weather was in prospect for today and tonight.

Impostors Reported

Imposters who claim to be Social Security representatives are operating in Texas, warns Even L. Fisher, District Manager of the Big Spring Social Security Office.

Fisher said the impostors are asking money in payment for assisting in getting Social Security checks or higher payment rates. Several persons have already paid the fraudulent representative fees of $19.60 for promised help, he said.

Fisher said real Social Security representatives carry identification and do not accept payment from applicants for their services. Persons who represent themselves as Social Security agents and ask payment for their services should be reported to the police.

Snow Storm Slams East

By The Associated Press

A snow storm spawned in the Gulf of Mexico slammed into the Eastern Seaboard Wednesday, with gale-force winds piling drifts up to six feet from North Carolina to Maine.

The affected areas were expected to have a "breather" today, with snow flurries, light rain or just cloudy weather forecast.

The storm closed many schools and slowed plane, train, auto and bus traffic. Numerous sports and social events were canceled.

Drifts were six feet deep in northern Virginia; five feet on Maryland's secondary roads. Near Carlisle in central Pennsylvania the snow measured 25 inches, as it did in Martinsburg, W.Va.

The Baltimore and Washington, D.C., areas were practically bypassed. Baltimore got only a few inches of snow and rain prevailed in the nation's capital. Trains from Washington to Philadelphia were up to a half hour late.

New York City escaped with 4 to 6 inches of snow, but gusty winds up to 32 miles per hour caused some power failures.

Westchester County, north of the city, and the Catskill Mountain area were hit hard, with snow accumulations of up to a foot. In Upstate New York the snow depths were: Albany, 6 to 8 inches; Glens Falls, 4 inches; Syracuse and Rome, 2 inches; and Rochester and Utica, 1 inch.

Bergen County in New Jersey had 8 to 10 inches.

Also in New Jersey, the storm prevented refueling operations at McGuire Air Force Base, canceling air lifts for 1,500 troops headed from Texas to Germany and the same number headed the other direction.

The airlifts were to demonstrate U.S. ability to rush troops to trouble spots.

Connecticut called it the winter's worst storm, with up to 11 inches of snow in some inland spots. The coastal areas had up to 6 inches.

Snow and strong winds which swept through the northern and central Rockies and into the northern and central Plains caused hazardous driving conditions in many areas.

Snow flurries continued in sections of the Great Lakes region but fair and dry weather prevailed in most areas west of the Rockies.

Snowslides closed two major transcontinental highways in the Colorado Rockies for a period Wednesday night. U.S. 6 over Loveland Pass in central Colorado was closed by a snow slide 12 feet deep and 75 yards long. U.S. 50 over Monarch Pass in southern Colorado also was closed for a time because of heavy snow. Blowing snow caused much drifting and poor visibility in many parts of Wyoming.

Coast Guard Searches For Survivors

NEW YORK (AP)—A Coast Guard cutter and planes continued searching the North Atlantic today for 14 men missing from the storm-battered British grain ship Ambassador, but their survival was considered improbable.

Twenty of the 35 crew members have been rescued. The captain died.

Coast Guard area headquarters reported that a Dutch tugboat today took over the listing and abandoned Ambassador as a prize of the sea.

The Coast Guard cutter Coos Bay radioed early today that the tugboat Elbe put men aboard the Ambassador, they stopped flooding in the ship and the tug started towing her to the Azores Islands. The Elbe had sped to the Ambassador for salvage purposes and arrived Wednesday night.

The Coos Bay and the planes continued to look for liferafts.

Weather in the vicinity of the Ambassador improved considerably before dawn.

Twenty-one of the men aboard the vessel when she began to take on water and listed badly were dramatically picked up by crewmen of the cutter and the Norwegian freighter Fruen.

WEATHER

SNYDER TEMPERATURES: High Wednesday, 58 degrees; low, 25 degrees; reading at 7 a.m. today, 37 degrees.

North Central Texas: Cloudy and a little colder today and tonight. Chance of a few snow flurries in north late today and early tonight. Decreasing cloudiness Friday. Low tonight 24 to 32. High Friday 42 to 52.

Northeast Texas: Increasing cloudiness and colder today, cloudy tonight and Friday. Low tonight 26 to 36. High Friday 42 to 52.

Northwest Texas: Cloudy and a little colder today and tonight. A few snow flurries ending tonight. Partly cloudy Friday, not so cold in north. Low tonight 15 in north to 30 in south. High Friday in 40s.

Coast: East winds 12 to 22 knots today becoming northerly 15 to 25 knots tonight and Friday.

South Central Texas: Cloudy today and tonight with occasional rain ...ontsuh tonight with occasional rain in south and along coast. Friday cloudy to partly cloudy and colder. Low tonight 35 to 45. High Friday 50 to 60.

Southeast Texas: Increasing cloudiness today, cloudy with occasional rain tonight. Friday cloudy to partly cloudy and colder with rain ending by afternoon. Low tonight 38 to 45. High Friday in 50s.

Southwest Texas: Cloudy with scattered showers today, cloudy to partly cloudy and a little colder tonight and Friday. Low tonight 25 to 35. High Friday 45 to 55.

Club Formed In 1940

Appreciation Banquet Set By Jaycees

The Snyder Junior Chamber of Commerce has issued an invitation to all past members to participate in an "appreciation dinner" to be held Friday evening at the 66 banquet room.

In addition to the past members who have been invited, the present members also extend an invitation to all young men, 35 years of age or under and who have the interest of their community at heart, to attend the dinner.

Special invitations have also been extended to those who have been honored by the organization in the past by receiving the young man of the year award, young farmer award, and others. Also special friends of the Jaycees such as C. T. McLaughlin, Mayor John Hamblen, Chamber of Commerce manager Woody Forrester, Harold Bennett and Herbert Feather have been invited.

Members of the original Junior Chamber organization, formed here in 1940, will also be honored.

Scrapbooks and a clipping history of the club will be displayed. Former presidents of the club will briefly give the highlights of their administration.

Doug McGlaun, president of the Jaycees in 1961, will serve as master of ceremonies. The dinner will start at 7 p.m.

The meeting is planned as the kickoff of a membership drive, and also as an opportunity for members who have passed the Jaycee age limit, and are now known as "exhausted roosters" to renew old friendships.

SATO Installs New Secretary

BANGKOK, Thailand (AP)—Thailand's Konthi Suphamongkol, one of his country's best known diplomats, was installed Wednesday as secretary-general of the eight-nation Southeast Asia Treaty Organization.

Supplies Rushed To Quake Victims

ANGRA DO HEROISMO, Terceira, Azores (AP) — Tents, medicine and food were rushed to homeless thousands on Sao Jorge today after a wave of earthquakes crumbled the island's main town to rubble.

An emergency evacuation that brought more than 1,000 Sao Jorge islanders to nearby Terceira was stopped Wednesday when the six-day series of quakes subsided. The other 19,000 inhabitants chose to stay on the island.

The American freighter Steel Director joined nine British, Norwegian, Italian and Yugoslav ships in removing dazed refugees. Two landing craft from the U.S. Air Force Base at Lajes, on Terceira's eastern shore, brought the refugees from the larger ships to shore.

Most of the 1,600 buildings in the area of Velas, Sao Jorge's chief town, were reported destroyed.

"The news we have is that all is desolation and ruins in that once happy sector of the island" the district governor said.

Rosais Township also was reported heavily damaged.

Portugal, which rules the volcanic Azores chain 1,000 miles west of Lisbon, sent troops to Sao Jorge with relief supplies.

Antonio Lourerio, a refugee, said he lost count of the tremors, which began last Friday. "There must have been over 1,000 of them," he reported.

Jose Miniz Madruga said he and many others got away with only the clothes they wore after the quakes wrecked their homes.

Many of the homeless assembled at Calheta, an east coast village, to await rescue.

There was speculation that the seismic shocks were the result of a volcano building up on the ocean floor. All of the nine Azores islands except Santa Maria are of volcanic origin.

Britian Airlifts Troops As Talks On Cyprus Continue

By A. I. GOLDBERG

UNITED NATIONS, N.Y. (AP) — Diplomats negotiated privately today on proposals to keep the peace in Cyprus as Britain began flying nearly 2,000 more troops to the eastern Mediterranean island.

Security Council debate on the Cyprus crisis was in recess until Friday afternoon, and there were no sure prospects for agreement on proposals for an international force to take over enforcement of the shaky cease-fire between the Greek and Turkish Cypriot communities.

U.S. Ambassador Adlai E. Stevenson called on the council Wednesday to endorse a Western proposal to bolster the British troops on Cyprus with soldiers from other nations.

Seeking to avoid Soviet intrusion into the dispute, Stevenson pointedly added that composition of the force would require the approval of Cyprus and her three guarantors under the 1960 independence treaties — Britain, Turkey and Greece.

Stevenson also urged the council to call on Cyprus and her three protectors to designate U.N. Secretary-General U Thant as an impartial mediator.

The U.S. delegate spoke after Chief Soviet Delegate Nikolai T. Fedorenko charged the 1960 treaties had been imposed on Cyprus and denounced the British force as a Western plot to establish a North Atlantic Treaty Organization bridgehead in the eastern Mediterranean.

Backing the Greek Cypriot government of President Makarios, Fedorenko demanded that the council first give guarantees for Cyprus' territorial integrity and against aggression. The Greek Cypriots demand council guarantees. They fear the Western powers will support Turkish Cypriot demands for partition of the island, and that Turkey will invade to aid the Turkish Cypriots, outnumbered 4 to 1 in a population of nearly 600,000.

Fedorenko accused the Atlantic alliance powers of doing everything possible to keep the issue from coming before the council and said the presence of British, Greek and Turkish troops violates Cypriot sovereignty.

Britain's Sir Patrick Dean replied that his country had intervened at the invitation of the Cyprus government and that Britain deserved thanks for taking on the peace mission.

Problems On Redistricting May Spread

AUSTIN (AP)— Texas' redistricting problems may spread to other states if this state's 1964 congressional elections are interrupted, says a new Texas appeal filed with the U.S. Supreme Court.

The brief asking a full hearing on Texas' case by the court was mailed late Wednesday.

Atty. Gen. Waggoner Carr contended in the brief that the court's decision this week on a Georgia case did not settle all angles of the Texas case. There has been speculation that the Texas decision may be announced next Monday.

From whatever angle the matter is viewed, indescribable chaos and confusion is in store for this state if its congressmen must be elected at large in 1964," the brief said.

It added that interruption of Texas congressional elections this year would set a precedent.

"If Texas is required to redistrict or hold at-large congressional elections in 1964, the same requirements can be imposed in all other states where lawsuits have been or will be filed. The dire results of this are obvious," the brief said.

The Georgia case decision said population should be the guide in mapping congressional districts.

Texas appealed a Houston federal court order which told Texas as to reapportion congressmen's territories before the Feb. 3 filing deadline or, it said, all Texas congressmen must stage statewide campaigns, instead of by districts. The Feb. 3 order was stayed while the U.S. Supreme Court considered Texas' appeal.

The attorney general said the Georgia case decision did not say whether the Texas Legislature would be given a "reasonable opportunity" to write a new redistricting bill, and whether the Houston court could order congressmen to run at large.

The brief said a special legislative session would not solve the problem. It said a session would cost nearly half a million dollars and legislation could not be enacted in time for candidates to "conduct an effective statewide campaign for an election before the May 2 primaries."

The brief said the expense of a separate primary later for congressmen alone "would be utterly prohibitive."

After conferring with Lt. Gov. Preston Smith and Speaker Byron Tunnell, Connally directed the Texas Legislative Council to study Texas' congressional redistricting problems.

PROSPECTIVE JUROR QUESTIONED — This sketch by artist Woodi Ishmael depicts the scene in District Court in Dallas, Tex., as defendent Jack Ruby listens to the questioning of prospective juror Mrs. Sherry Lundberg, a librarian. Mrs. Lundberg was dismissed after examination. (AP Wirephoto)

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: Would you get mad if someone asked you if you were wearing something false?

CURIOUS

DEAR CURIOUS: Only if I were.

• • •

DEAR ABBY: I am on the verge of losing my senses. A neighbor of ours has become a pigeon-fancier and he is literally driving me insane. Those birds are so dirty I can't even hang my laundry outside. And I am forever hosing down my sidewalk. Parking my car in my own driveway is out of the question. There must be 50 or 60 pigeons, and this man and wife feed them popcorn and bread all day long. I just can't take it any more. I have heard that pigeons carry disease. Is this true? Is there anything I can do? I hate to be a poor neighbor, but this is too much.

PIGEON HATER

DEAR HATER: It has been established that a harmful fungus (Cryptococcus neoformans) is found in pigeon droppings. Health officials everywhere are waging a war to rid cities of pigeons for this reason. There should be a special breeding ground where pigeons are kept under control. Call your local health department.

• • •

DEAR ABBY: My brother and his wife are the world's biggest tightwads. They have no children and are both holding down good paying jobs. They pulled a few strings and got a heating system for their home—wholesale. Then they talked my husband, who is a crack furnace and air-conditioning man, into installing it for them. When he finished the job, they said, "thanks a lot." Don't you think my husband was entitled to something for his time? He wouldn't have charged them his regular price, but he wasn't given one dime! How's that for cheap? I would give them a piece of my mind, but we aren't speaking.

MAD AS HOPS

DEAR MAD: Before anyone performs a service (be it for a customer, relative or his best friend), there should be an agreement on price. Your brother IS cheap—but your husband should have learned a cheap lesson.

Fruits Of Glenn's Flight Apparent After Two Years

CAPE KENNEDY, Fla. (AP)—Two years ago today, astronaut John H. Glenn Jr., became the first American to orbit the earth. He proved man could function effectively in space and opened the gateway to the moon.

The fruits of his mission are evident at Cape Kennedy, where preparations are underway for the first trial launchings in the Gemini and Apollo man-in-space programs.

Glenn wanted to participate in Gemini and Apollo. But at 42 he became an old man in his field. Last month he resigned from the space program to seek a U.S. Senate seat in Ohio, his home state.

Glenn would have been young enough for the two-man Gemini flights, but many in the program believed that, as a national hero, he should not risk his life again. In 1969, goal for the first Apollo man-to-the-moon flight, Glenn would be 47. Officials say younger men will make the journey.

Astronauts M. Scott Carpenter, Walter M. Schirra and L. Gordon Cooper Jr., followed Glenn into orbit on flights of 3, 6 and 22 orbits, respectively. Cooper's flight last May ended Project Mercury.

An Air Force cargo plane Wednesday delivered a section of the first model of the Apollo ship to Cape Kennedy. It is the Command Module, the area in which three astronauts will ride to the moon on operational missions.

Also arriving Wednesday was the first stage of a Saturn I superrocket, forerunner of the Apollo booster. The second stage and the prototype Apollo craft will be wedded to it for a flight scheduled in May to check aerodynamic and structural capabilities of the rocket-spacecraft combination.

Several such unmanned tests are planned before the first manned Apollo flight.

Connally Says Groups' Work Most Vital

AUSTIN (AP) — Gov. John Connally paid a surprise visit Wednesday to his 25-man committee studying the state's higher education needs as it met behind closed doors.

"There is no work now being done that is more important to Texas," Connally was quoted as saying.

The committee issued a news release at the end of its day's work, saying the members had debated the needs for a single, strong coordinating authority for all public education in Texas.

"In their studies, several subcommittees became aware that numerous aspects of our goal of a better educational system could best be dealt with through a strong single board or authority," chairman H. B. Zachry said.

"Such an overall authority with broad policy powers has been employed effectively in other states. We explored in depth the feasibility of such an authority for Texas, and alternatives of form and responsibilities it might take," he said.

The meeting was the first of a series to consider specific issues and arrive at preliminary decisions to be part of the final report, which is to be submitted to Connally by Aug. 31.

The committee will meet again early next month.

Solons May Begin On Cotton Bill

WASHINGTON (AP)— Hurrying to clear the decks for the coming civil rights debate, Senate Democratic leaders may decide today whether to start floor action on a cotton-wheat bill Saturday.

Assistant Democratic Leader Hubert Humphrey urged leader Mike Mansfield of Montana to accept this schedule after the Senate Agriculture Committee passed the measure Wednesday.

If floor consideration starts Saturday, Humphrey said, "We can continue debate on it Monday and Tuesday until the tax bill comes over from the House. We can lay it aside while we act on the tax bill, and then return to the farm measure."

The Senate is marking time, pending House action on the $11.5 billion cut measure which was approved Wednesday by Senate - House conferees. President Johnson told Democratic leaders he wanted the civil rights bill taken up as soon as the tax bill receives final approval — expected either Tuesday or Wednesday.

Once leaders move to bring the civil rights bill up for action, a filibuster by Southern opponents is expected to erupt and block all other Senate business for a matter of weeks—or even months.

Republicans have indicated they would oppose any move for a speed-up in action on the farm measure.

Humphrey said it should be possible to pass the farm bill "in three or four long days" —sessions from 10 a.m. until late at night—and not delay start of the civil rights debate.

Approval by the Agriculture Committee of the farm bill came by a 14-3 vote with Chairman Allen Ellender, D-La., and Sens. E. L. McHem, R-N.M., and Bourke Hickenlooper, R-Iowa, voting no.

Ellender said there was apparently little or no objection to combining measures for cotton and wheat in the same bill.

"The wheat bill is aimed at preventing a drop in farm income, which threatens wheat farmers in the absence of legislation for this year. Under the plan, farmers who comply with acreage allotments would receive certificates giving them an over-all wheat price of $1.80 per bushel, compared with a market price of $1.30 a bushel.

Bandit Busy As City Celebrates

HOUSTON (AP) — While the city celebrated, a young bandit robbed the bank.

As a giant, three - mile long parade moved along downtown Wednesday, the bandit robbed the First City National Bank of $7,000.

He stuffed seven neatly stacked packages of $20 bills into his pockets and then disappeared into the crowd of 400,000 that lined Main Street watching the parade which officially opened the annual livestock show and rodeo.

A bank official said the bandit entered when the bank was nearly empty. The official said he sauntered toward the counter occupied by Thomas Wayne Custer, a 24-year old teller.

"Give me your 10s and 20s", the bank officer quoted the bandit as instructing Custer.

When Custer seemed to hesitate, the bandit exhibited a .32 caliber pistol, the bank official said.

Custer said he first thought it was a joke until the man pulled a gun.

"I tried to attract the attention of others but the tellers near me were talking and most of the others were watching the parade," Custer said.

Arthur Stapleton, a bank guard in plain clothes, saw the bandit and gave chase but lost him in the parade crowd.

The Houston police did not receive word of the robbery until about 45 minutes after it occurred. The bank notified the FBI and an FBI spokesman said he assumed the bank had notified the police and the sheriff's office.

Coliseum Is Discussed

A discussion of plans for the proposed new coliseum for Scurry County was the program presented to the Kiwanis Club yesterday by City Manager George Patterson and D. D. Shelburne.

Shelburne showed color slides of the Brownwood Coliseum that was visited recently by a group of interested Scurry County citizens. The series showed various phases of construction of the building and its facilities.

Guy Sullivan, chairman for the day, was in charge of the program. Kiwanis President Norman Fulks presided and and luncheon music was presented by the club sweetheart, Nancy Meador.

Also attending the meeting was a group of visiting Kiwanians from the Ector Club in Odessa.

Panhandle Has Snow

By The Associated Press

Light snow whipped by 30 mile winds engulfed most of the Texas Panhandle today as a mass of cooler air pushed into the state.

The Weather Bureau said that precipitation would spread southward during the day with rain, possibly mixed with light snow, extending into the Red River Valley and North Central and Northeast Texas. Rain was also expected along the coast.

Snow had covered the ground at Muleshoe during the morning as snow flurries were reported at Amarillo, Hereford, Littlefield and other points in Northwest Texas.

Skies were cloudy over Northwest Texas and in extreme South Texas with the cloudiness due to spread over most sections of the state during the day.

The clouds kept the temperatures from plunging downward in the snow area. Early morning minimums ranged from 22 degrees at Dalhart to 52 at Corpus Christi.

FBI Agents To Testify

LOS ANGELES (AP) — FBI agents were listed as followup witnesses today to Wednesday's testimony by Frank Sinatra Sr. at the trial of three men accused of kidnaping the singer's son.

The FBI men were expected to describe the manner in which they recorded a series of telephone calls that Sinatra said led to the ransoming of his 20-year-old son.

Frank Jr., abducted Dec. 8 at a Lake Tahoe, Nev., motel, was released unharmed near his mother's home in the Bel-Air district of Los Angeles 56 hours later.

Sinatra, 48, denied Wednesday that the kidnaping was a hoax or a publicity stunt.

He offered details on a series of eight telephone calls — all from the same man—which he said resulted in his paying $240,000 in ransom.

On trial are John Irwin, 42, Barry Keenan and Joseph Amsler, both 23.

BIRTHDAY PARTY — Mrs. Tiny Periman, left, and Mrs. Rose Coleman, were honored by members of the Home Economics class of Snyder High School Tuesday afternoon. The girls are studying entertaining and decided to make it official by giving a birthday party for Mrs. Periman, 91, and Mrs. Coleman, 95. Long stemmed red roses were presented each. Ten friends of the honoree's were also present, with the HE members visiting and serving. The lovely tea table held individual cakes for the two, decorated with their names and pink roses. An arrangement of pink roses graced the center of the table. Appointments were in crystal and silver.

Nobles Take Altrurian Club On Tour

The Altruruain Club met on St. Valentine's Day at Martha Ann Woman's Club with 21 members and seven guests present. The guests of Mrs. J. A. Eubank, hostess, were Mrs. A. D. Dodson, Mrs. Austin Erwin, Mrs. Whitt Thompson, Mrs. T. L. Lollar, Mrs. John Phillips, and Mr. and Mrs. Charles Noble.

Response to roll call, as usual, was varied and interesting. An important letter was read by Mrs. Hattie Dorward, corresponding secretary, requesting the support of the club if the possibility of a State Mental Hospital locating in Snyder should become a reality. The vote was unanimous, for such support.

Mrs. J. W. Leftwich, president, adjourned the group to the reception room for the program, where she asked Mrs. Eubank to introduce her program. Mrs. Eubank in her introduction remarks, recalled a few humorous indictments in the life of Charles Noble Mrs. Noble responded to the introduction with jokes, and then into a complete narration of the trip the couple recently took. She said: "Japan was thoroughly traversed on our guided tour. Tourists were received with courtesy and warmth".

The slides shown had caught many phases of life in Japan. Japan is a paradox of crude, hard, hand labor, and modern industry; the terrain from rugged mountains to valleys with flooded rice paddies; clothing, as worn from antiquity, to modern western dress.

Tokyo provided fabulous shopping, being stocked with rich brocades, china furniture, cloisonne, as well as infinite articles of every kind. Several gardens were photographed. These are excellent examples of the car, artistry and precision of their gardners.

It was in Japan that these travelers rode in palanquins. This is a covered chair carried as a litter by two carriers. This ancient mode of travel has long been used in the Orient, and in Europe it was known as a sedan chair.

Hong Kong is a city of great contrasts. The slides showed a great, busy, brilliantly lighted city. Not far is the poverty stricken section where refugees from communist Red China crowd together. The guarded line of Red China was shown. Hong Kong harbor had every sea going craft imaginable in it.

Thailand was mentioned and shown as a country very pleasant to visit. Happiness, friendliness, courtesy and beauty make this country famous. Pointed, ornate temples seemed to be everywhere. Slides of some of their Shints or Buddhist priests were shown, with their shaven heads and orange colored raiment.

The Philippine Islands, with their mixed races and tongue, was visited. Poverty was noticed there.

The enthusiasm manifested in this tour must be duplicated many times, in more tours and must serve the great purpose of showing foreign nations the good-will and friendliness of our people.

Still another fresh flare is a slightly shaped shirt buttoning from the shoulder down the side to the floor. At the hemline the dress bursts into black and white checked gingham ruffles, each tier a small, smaller, smallest set of checks.

WOMEN'S CALENDAR

Sweetheart Banquet

A Sweetheart banquet for young and old of the Knapp Baptist Church and community was held Valentine's night at the Knapp community center.

Joy Stirling gave the Introductory prayer Joyce Browne introduced Bro Rowland Nitcher, a youth director of Lubbock, who presented several musical numbers, jokes and a whistling pantomine of "The Three Bears."

Bro. Nitcher introduced Bro. Jerry Haley, a student of Levelland College, who spoke on "Life's Voyage with God as captain."

A delicious fried chicken supper, beans, salads, cakes, pies, coffee and tea was served by the ladies of the community.

Out of community visitors were Bros. Nitcher and J. Haley Mrs. Frances Bryan and two children of Big Spring, Mr. and Mrs. Wayland Tolbert of Snyder, Jerry Hagin of Gail, Kathy Scrivner of Snyder, and Joe Skelton of Alpine.

Community members present were: Mr. and Mrs. Neiman McMichael, Mr. and Mrs. Albert Taylor and family, Mr. and Mrs. Maurice Duncan, Terry and Susan, Mr. and Mrs. D.L. Bowles, Mr. and Mrs. Vernon Todd, Janice and Verna, Joyce Browne, Mr. and Mrs. Cliff Skelton, Richard Odell Skelton and daughter Sylvia, Doris and Harold Steadman, Mr. and Mrs. Wayne Crowe and family, Mr. and Mrs. Jackie James, Robert and Sharla, Mr and Mrs. Ben Weathers, Bro. D. W. Copeland, Mrs. A. J. Ray, Mary and Jimmy, Joy Stirling, and Mr. and Mrs. Raymond Robinson and son.

Beauticians Give Combs

During National Beauty Salon Week, Feb. 9-15, the Snyder Beauticians Unit 77 members visited the Snyder Rest Home.

They participated in giving numerous hair cuts, permanents, shampoos and sets. As a remembrance, combs were left to each of the recepients.

When you are putting chunks of lamb on a marinade before skewering and broiling, count on allowing the meat to stand in the mixture for several hours or even overnight.

Mrs. Murphree Hostesses To Plainview H-D

The Plainview Home Demonstration Club met recently in the home of Mrs. W. T. Murphree for their monthly meeting.

Roll call was answered by 11 members, each giving a baking tip or memory from school days.

Mrs. J. N. Eicke gave the 4-H Club report: Linda Daugherty took first place with reserve champion calf showing in El Paso; Sahala Eicke placed fourth and Eddie Eicke fifth with their calves in San Antonio.

Mrs. Elvie Blalock was in charge of recreation, with Mrs. Glenna Bell Roggenstein receiving the recreation gift. Mrs. John Floyd was lucky lady.

The program for the day was baking yeast breads. Mrs. Grace Andrews, food leader, baked whole wheat and white bread. It was served along with the refreshments of banana bread, coffee and spiced tea.

Mrs. Edgar Wilson was a guest. The next meeting will be with Mrs. Boss Baze.

Bonnies Fall To DePaul

By TED MEIER
Associated Press Sports Writer

"If we had to lose to DePaul it's just as well we got beat now instead of in the NIT."

Maybe Larry Weise, coach of the St. Bonaventure college basketball team, didn't say those words Wednesday night, but he might have after the Bonnies lost to DePaul for the first time ever, 81-76.

It was a sort of preview of a possible rematch in next month's National Invitation Bonnies had accepted a bid to the NIT. DePaul, ninth-ranked nationally in The Associated Press poll, had been named earlier this week.

The Blue Demons, beaten by the Bonnies 71-67 last season and in three other previous games, withstood a late rallyby the Bonnies before 4,265 at their Alumni Gym in Chicago.

Behind by 11 points the Bonnies surged to within three points at 77-74 with two minutes left, but couldn't get any closer as DePaul converted four straight free throws.

Fred Crawford with 25 points, nine of them in the late rally, led the boys from Olean, N.Y., Dave Mills topped DePaul with 22.

In another game involving tourney-bound teams, Pitt, in the NIT, whipped Temple, in the NCAA, 78-67. Louisville, also in the NCAA, humbled St. Francis, Pa., 84-70.

Ohio Univ. edged Miami of Ohio 63-60 for the lead in the Mid-American Conference and Penn State defeated West Virginia 86-76 for its eighth straight victory in other games on the slim national program.

THEY'LL BE BACK—These seven members of the Snyder Tiger varsity basketball squad will return for another season of action next year. All juniors, three of them were on this year's starting five and all saw considerable action during the 1963-64 campaign. Kneeling, from left, are Phillip Floyd, Reed Robinson and Jimmy Featherston. Standing are Leslie Anderson, Leslie Brown, Drew Bullard and Jerry Vestal.

DeBusschere In Training

By MIKE RATHET
Associated Press Sports Writer

Durable Dave DeBusschere, the only pro athlete still doing double duty in basketball and baseball, is heading for spring training with a weak leg, a strong arm and a determined cake-and-eat-it philosophy.

DeBusschere signed his baseball contract with the Chicago White Sox Wednesday, then received permission from the Detroit Pistons of the National Basketball Association to leave the club and head for spring training.

DeBusschere has been sidelined most of the NBA season with a broken leg received in a game against Philadelphia, Nov. 6. He returned to the line-up in January but aggravated the injury, and has been sidelined ever since.

Until the injury, DeBusschere had taken a couple of big steps in his basketball career, and was averaging 8.6 points a game. He has taken only uncertain steps in his bid to break into the White Sox' pitching rotation.

A 23-year-old right-hander, DeBusschere was used as a spot starter and as a reliever for the White Sox last year—his second in the majors—and compiled a 3-4 record with a 3.11 earned run average in 24 games.

DeBusschere, who became the last of the two sport men when Gene Conley of the Boston Red Sox and New York Knicks gave up his basketball career, was given permission to leave the Pistons by Detroit owner Fred Zollner.

"The team physician has indicated it will take two or three weeks for DeBusschere to completely recover from the leg injury," said Zollner in explaining his decision to let DeBusschere go. "By that time the basketball season will be over."

The opportunity to leave the Pistons will enable DeBusschere to round into baseball form, even though his leg is weak, and prepare for a full-scale assault on a starters' berth with the White Sox. He will join the advance camp Wednesday at Sarasota, Fla.

Despite the basketball injury, DeBusschere says he is going to continue in both sports. His philosophy is that the two-sport parlay is "like breakfast and dinner." He explains it this way:

"They're really two different meals, but they both taste good. It just depends on when you eat them."

Other players signing Wednesday were pitchers Chuck Estrada and John Papa, outfielder Joe Gaines and catcher Larry Haney with Baltimore, infielder Harry Bright with the New York Yankees, second baseman Tony Taylor with Philadelphia, pitcher Tony Cloninger with Milwaukee, pitchers Larry Jaster, Jerry Wild and Dave Bakenhaster with St. Louis, first baseman Gordy Coleman with Cincinnati and outfielder Gino Cimoli with Kansas City.

Tornadoes Take Playoff Berth

BIG SPRING — Lamesa's Golden Toradoes gunned down the Lake View Chiefs in their fourth try 74-60, to capture the "rule-book" championship of District 3-AAA here Wednesday night.

The two teams had finished in a tie with 7-3 won-lost records at the end of regular district play. Snyder, the top team in the league with a 9-1 record, was not permitted to accept a championship trophy or advance into the state playoffs.

The Tornadoes found the range and Lake View made like an iceberg in the second period. After winding up the first quarter in an 18-18 tie, the Tors scored 22 points in the second period while the Chiefs managed only 13.

The Chiefs, who had reduced the Tornadoes to a gentle breeze in three earlier encounters, were all thumbs in the last three quarters of play, although at one time in the third period they made a spurt and pulled within 6 points of Lamesa.

Wayne Robertson paced Lamesa's scorers with 21 points, while Sam Keel had 14 for Lake View.

Officials of the four teams who will represent districts of the northwest region in the playoffs will meet Saturday in Lubbock to determine whether they will play bi-district games or compete in a regional tournament to decide on regional representative to the state meet in Austin.

In addition to Lamesa of District 3, the teams involved in this region are Perryton of District 1, Seminole of District 2, and Graham of District 4.

Benefit Tilt Is Proposed

HOUSTON (AP) — The Houston Oilers have proposed to the Dallas Cowboys that rookies signed by the two football clubs play an inter-league benefit game each summer.

K. S. Adams Jr., owner of the Houston club in the American Football League, made the suggestion in a letter to Clint Murchison Jr., owner of the Dallas team in the National Football League.

Cowboy officials declined comment.

Adams recommended that proceeds go to the United States Olympic Committee. He suggested the game serve as the occasion for presenting a John F. Kennedy memorial award in athletics to an individual, group or organization helping to further physical fitness.

For the Cowboys, general manager Tex Schramm said in Dallas:

"We will answer the letter, and if Mr. Adams wishes to release the letter that will be his problem, but we will have no public comment."

Junior Bill Weldon of Brooklyn, N.Y., is one of the veterans on the North Dakota gymnastic team.

Independent Powers Meet

EL PASO (AP) — Two titans of independent college basketball, Texas Western and Pan American, will square off Saturday night and it should be a struggle fans won't soon forget.

Led by 6-foot-6 Jim Barnes, the Texas Western Miners have won 20 and lost only two games. They're headed for the NCAA playoff March 9 in Dallas.

Pan American, the defending NAIA small college champion from Edinburg, Tex., has posted a 21-4 record with 6-foot-9 Lucious Jackson showing the way.

Their only common opponent has been Tennessee Tech. The Miners beat Tennessee Tech twice, 10-62 and 64-48, and Pan American's Broncs hung up a 73-65 victory.

Barnes has averaged 30 points and 20.3 rebounds per game, Jackson a fraction less than 24 points and 19.1 rebounds.

In their last outings Monday, Texas Western whipped New Mexico State while Jackson flipped in 35 points in Pan American's 102-78 triumph over the University of Corpus Christi.

Four Selected For College Tournament

BEAUMONT (AP) — Four basketball teams will take part in the NCAA's Southwest regional tournament for small colleges here March 6-7, and one of them will be Lamar Tech, the host school.

Athletic Director James Higgins accepted the invitation Wednesday for Lamar Tech and agreed to serve as tournament director.

Southeastern Missouri also will compete. Two other teams are due to be named by the weekend.

Tigers Tops In Team Statistics

The Snyder Tiger basketball team not only had the best won-lost record of District 3-AAA in the season just completed, it also led all other teams in both offensive and defensive categories.

The Tigers finished the season with a 9-1 won-lost record in district play, two full games ahead of Lake View and Lamesa, who tied for second place. Snyder led the district in points scored with 687, and allowed the least number of points by the opposition, 526. Lamesa, was second to Snyder in both departments.

Two members of the Snyder team were in the top ten scorers in the district. Jimmy Wilson placed third with 169 points and Leslie Brown was tenth with 122. Sweetwater's Benny Pace topped the scorers with 234 points, followed by Lake View's Joe Hartman who had 187.

Wilson not only led the Tigers in scoring during district play, he also was the top point-getter for the season, nosing out Brown by seven points, 288 to 281. Brown also came in second among the Tigers in district scoring. Drew Bullard was third with 243 points for the season and 117 for district action.

Wilson grabbed off 186 rebounds for the year to lead in that area, followed by Billy Stewart with 156. These two boys also came in the same order in rebounding during district play. Wilson had 77 and Stewart 71.

Glen Patterson led the B team in scoring as he tallied 186 for the year and 109 in the ten district games. Steve Crowell was second with 162 for the season and 105 against district opponents. Crowell missed the last game against Brownfield. The Snyder B team ended up as district "champions", winning 8 and losing two. Lamesa came in second with 7 wins and three losses.

Coach Ned Underwood will lose only three members of his varsity squad by the graduation route. Jimmy Wilson, Billy Stewart and Jackie Stewart are seniors. Those who are due to be back next year are Brown, Bullard, Jerry Vestal, Leslie Anderson, Phillip Floyd, Reed Robinson, and Jimmy Featherston.

Bi-District Game Here

Tiger Gym will be the scene of a Class B bi-district basketball game Monday night.

Roby, winner of District 85-B and Loraine, winner of District 86-B, will clash here in a game beginning at 7:30 p.m. Horrace Bostick, athletic director of Snyder Schools, said the two teams made arrangements yesterday to play their bi-district game here Monday night.

Loraine swept through a 10-game District 86-B slate without a defeat, while Roby had a 9-1 won-lost record during district play.

Admission prices for the game here will be $1 for adults and 50 cents for students.

City Meet Nearing End

The City Tournament for Woman Bowlers of Snyder has just one more weekend to go.

When the pin falls Sunday, a new city champion will be crowned. She will be the individual with the highest scratch total for the three events: team, doubles and singles. There also will be handicap winners in all events.

There are 27 teams, 19 doubles and 38 singles competing.

Leading now are Central Tire team with a 749 series; Norge Cleaners, second, and Snyder Lanes third. In doubles, Doris Bunch and Jo Nell Kesner lead with 1155, and in singles Doris Bunch leads with 635.

HEART FUND BOWLING LEADERS—Winners of trophies in the Heart Fund Bowling Tournament at Snyder Lanes were, front row, from left, Bob Mahood, high game; Jim Ward, runner-up high game; Jim Wilson, high series; Bobby Burnett, runner-up high series. Back row, from left, Marie Zimmerman, high series; Joan Pruitt, runner-up high game; Iva Martin, high game; Betty Winkles, runner-up high series. Ila Ruth Newton, who tied for high game honors in the women's division, was not present for the picture. Howard Crenshaw was director of the Heart Fund Bowling Tournament.

Red China Aims To Rid Asia Of Western Influence

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — When Americans stop being mad at Fidel Castro long enough to reflect about the shoe on the other foot, Red China comes to mind —and it isn't pleasant.

Since the Red Chinese are not the mousy type, this country can be sure its desire to eliminate Castro and communism from this hemisphere is matched by Red China's ardor to rid all Asia of Western influence.

The more so since this country has some history of doing unto others what it doesn't want others to do to the United States. The classic example was in missiles.

The Russians were irritated to no end when the United States put missiles in their backyard, in Turkey and Italy. But when Russia put missiles in Cuba the United States screamed and there was a crisis.

This was resolved when Russia pulled its missiles out of Cuba and this country took its missiles out of Turkey and Italy.

One of this country's great embarrassments of the century was to see communism not only get a foothold in its backyard, in Cuba, but survive and, more or less, flourish.

Castro is more than embarrassment. He's a danger. While he lasts he is an inspiration to other Latin American Communists to try to do likewise in their countries.

Besides, Cuba can be a training school for Red guerrillas and agents from all over Latin America. When they get their diplomas they can return to their own countries to practice their special kind of scholarship.

No wonder the United States wants Castro out.

Meanwhile, the United States is up to its neck in Southeast Asia, in the Chinese Communists' backyard, trying to keep the people there pro-Western and anti-Communist or, if not anti-Communist, at least neutral.

This is as insufferable for the Red Chinese as Castro is for the United States. So they can be expected to try to dominate their continent as soon as they feel ready, particularly since they seem to have an even fiercer Communist missionary zeal than the Russians.

But the two giants, the United States and Red China, are momentarily frustrated in their ambitions. As of now the United States clearly doesn't seem to know what to do next about Castro.

A direct attack on his island would risk some gruesome possibilities, like war with Russia, alienating the rest of Latin America, and losing trust, respect and influence elsehwere.

As for the indirect method of attack—by Cuban exiles with American backing—this country has painful recollections of what happened when it was tried. This was President Kennedy's disastrous failure in 1961.

Right now in Southeast Asia's South Viet Nam—where this country has put over 15,000 troops and more than $5 billion in aid—the United States is trying to prevent a takeover by North Viet Nam's Red guerrillas.

The Red Chinese, who have split with Russia and respect American nuclear weapons so long as they don't have any, so far have avoided direct participation in South Viet Nam and the rest of Southeast Asia.

They don't have to hurry. They tower over their neighbors, as this country does over its neighbors in this hemisphere. When they feel strong enough, and that the time is right, it seems inevitable they will move.

Even now, despite all its efforts, the United States isn't making much progress in South Viet Nam. But if tomorrow the Red guerrillas from North Viet Nam abandon the fight, it could hardly be more than temporary truce.

Junior Editors Quiz on OPAL

QUESTION: What gives an opal it's special color effect?

* * *

ANSWER: Precious opal is one of the most beautiful, as well as one of the most unusual of gem minerals. There is a white, common kind which has little value, but precious opal possesses the qualities which make a stone rank as a gem: beauty of color and rarity. This stone has a curious misty, milky color through which the light filters, resulting in sudden flashes of brilliant color, changing as one turns the stone. Multitudes of tiny gas bubbles trapped within the stone give the misty effect, and the brilliant flashes are caused by different inner structures which cause "interference" of light rays—which collide with each other, throwing out rainbow color effects.

In Roman days, opal was ranked second only to emerald and it was known as a "noble" stone. In the natural state, precious opal is found in such pieces as at upper left. It is not ground in many faces like diamond and other gems, but shaped in smooth ovals, so the inner color may be most enjoyed. Gem opal comes from Australia, Japan, Mexico, Honduras, India, New Zealand and the western part of the U. S.

* * *

FOR YOU TO DO: Look in a jeweler's window and see if there is an opal there—it will probably be in a ring. Notice the misty effect and the flash of the colors as you move. 2-20

(Jeri Lynn Rains of Montpelier, Ind., wins today's grand prize of a 20-volume set of the World Book Encyclopedia for this question. Mail yours on a postcard to Junior Editors in care of this newspaper, and you may win a set too.)

Something Else Put On Ordeal List

By HAL BOYLE

NEW YORK (AP) — One of life's little ordeals today is the person who says, "Let's don't talk about me—let's talk about you."

When you hear anyone make this remark, flee him on sight. For you are in the presence of that most boring of all bores—the "formula conversationalist."

The formula conversationalist is one of the curses of our day. He, or she, is someone who has read a book or taken a course on how to influence people through personal magnetism and social charm.

The crux of the advice he has received seems to be this: "The best way to be interesting to others is to show how deeply you are interested in them. Get them to brag a little about themselves, and they will open up like an oyster."

The mistake the formula conversationalist makes lies in believing that the average man is always glad to talk about himself to anyone who will listen, and that he enjoys bragging 100 per cent of the time.

The average man normally prefers to talk about himself only to someone he himself wants to impress; and, except when inhabited by too many martinis, he rarely brags more than 75 per cent of the time.

The male formula conversationalist claps you on the back enthusiastically with one hand while energetically pumping your limp paw with the other, as if he were trying to draw water from a reluctant well. If a woman, she puts her arm cosily in yours, snuggles close, and gazes up into your face with a soft, doe-eyed friendliness.

"Tell me what's new with you—have you taken any interesting trips lately?" Should you or should you not tell her about your last subway trip to the Bronx?

The trouble with the formula conversationalist's formula is that it doesn't work. People quickly realize a false interest in them from a real one.

How to deal with a formula conversationalist? As soon as he begins his butter-voiced inquiries, deal him a judo blow to the throat, put a heavy knee into his solar plexus, and say: "Enough about me — what's been happening to you lately?"

You'll leave him with an unforgettable impression.

But We Just Gotta Hear The Beatles!

MEMPHIS (AP) — Three teen-agers were arrested Wednesday in connection with the theft of a stereophonic record player, plus 15 record albums and a box of 45 r.p.m. singles—all by the Beatles.

LIGHTEST MEXICO

BY JOHN ABNEY

IXTAPAN, Mexico — One of the first safety measures a fellow must take when he moves to a new town is find himself a competent witch. Any schoolboy can tell you this is the best insurance against evil eyes, hexes and spells somebody might conjure up against you.

Also, a reliable witch is necessary to adivse you about all sorts of things and which decisions to make. The Lady from Puebla tries to make the decisions (which seem to favor her instead of me) and this is one of the reasons a man needs a trusted witch.

So I checked up with our gardner, Elpidio, the other day on the witch situation here and he said there were two or three pretty good ones but not to fool around with the run of the mill type who couldn't beat a slow ball to first base on their brooms.

Unfortunately, he warned me to stay away from the most talented one because she dabbles in black magic from time to time and is not considered Kosher by the others.

Elpidio says the trouble was she could not be faithful to one cause since she would do anything for a fee and was known to commune with Satan when the moon is full.

And he said that one time there were two brothers having a sort of feud here and one of them went to this evil witch and asked her to conjure up a ten peso spell on his brother.

She put a blight on the brother's corn and simply loaded his bean patch with field mice. And Elpidio says she promptly sneaked over to this fellow's house and told him what HIS brother had done (business is business with ladies so it was the MAN who did this) and suggested counter - measures should be taken.

The blighted brother was so furious he paid the witch twelve pesos to make his brother's cow go dry. She did and then went right over and big - mouthed it to the cow brother who went into a rage.

They had a terrible time until one day the brothers sat down over a bottle of decent spirits and agreed to quit hiring this fickle witch to do anything, which would save them considerable money and stop the magic problems.

And Elpidio says the witch got mad and put a hex on both the brothers so they slipped out of town and wouldn't tell anybody where they were going. The Sorcerers Union expelled the evil witch but all the members have to keep a magic herb in their right ear so she can't shoot columns of air through their brains. (Air from witches always goes in the right ear and comes out the left.)

Apparently they are shrewd enough to keep her from working any spells on them but like the old saying goes, "An ounce of tequila is worth a pound of hangover." (Rough translation.)

So Elpidio suggested an awfully nice witch, whose name I cannot even pronounce, and she is a direct descendant of Ome Tochtli. He was also known as Two Rabbits and was the deity of all games as well as of wine (I'm not sure about gin and pernod but Elpidio promised to check up on it for me) and a very likeable fellow.

Well, it seems reasonable enough that this nice witch is the dedicated motherly type who should take care of my affairs, being the descendant of Ome Tochtli. Elpidio says she would carry on the tradition and be secretly in charge of the golf tournament they are holding here in a couple of days.

I told Elpidio to tell her if she will straighten out all hooks and slices when the contestants shoot by my spread I will hire her at a substantial retainer. And Elpidio will get a five peso bonus.

Johnson Aids St. Barnabas Project

FREDERICKSBURG (AP) — President Lyndon Johnson's church attendance is helping the building fund at St. Barnabas Episcopal Church.

"The building fund has come up a few thousand dollars since President Johnson first visited after Christmas," said the Rev. Jack Langford, pastor of the tiny Episcopal mission built in 1848. The native stone and cedar shingle building holds only 30 adult worshipers, three each on 10 pews arranged before the small altar.

The President and members of his family attended the church Jan. 5 and again on Feb. 9. Fredericksburg is about 15 miles west of the LBJ Ranch on the Pedernales River.

"The Johnsons have been quite regular in attendance when they have been home at the ranch," the pastor said. "Both took quite a bit of pride in the little church. They ordered some pew cushions last summer which were dedicated at Christmas time."

After each visit there have been photographs distributed nationwide showing the President and the pastor in front of the church. In the background is a sign with a painted thermometer showing the progress of the finance drive for a new church building.

"As of now we have $12,300 in cash with a goal of $15,000," said the pastor. He says he is not sure whether the President has contributed personally "but I understand something came in from one of the foundations."

Each dollar raised by the local congregation is matched by the Episcopal Diocese of West Texas. Total expected cost of the new church is between $30,000 and $40,000.

The new church will seat from 85 to 100 persons.

200	2	7.00
200	4	6.00

(x) Everyone is entitled to one exemption for himself and one for each dependent. A married couple has two, a married couple with two children four, etc.

(xx) There is no withholding at this level, under present law or the new bill.

This table reflects the difference between the new and old withholding rates. How much tax you actually will owe depends on a variety of factors and the withholding is only roughly gauged to your tax bill—it may come out right at the end of the year, or you may get a refund or have to pay a difference.

History's Largest Tax-Cut Will Fatten US Pockets

By JOE HALL

WASHINGTON (AP) — An $11.5-billion tax cut, largest in the nation's history, is ready for the final formalities expected to put more money into the pockets of 80 million American taxpayers by mid-March.

Senate and House conferees completed work on the 400-page measure Wednesday. The House is expected to pass the compromise bill next Tuesday, with Senate action coming either the same day or next Wednesday. Little opposition is anticipated.

President Johnson is then expected to sign the bill early the following week. The first effects of the bill will come in reduced withholding of taxes in paychecks dated eight days after the measure is signed—either March 11 or 12.

The reductions average about 19 per cent of present individual taxes. Rates for some 550,000 corporations are also being cut.

Conference agreement climaxed a solid year of concentrated work in rewriting dozens of provisions in the U.S. tax code.

House hearings began on the bill in February last year, just after the late President John F. Kennedy asked Congress for a massive tax cut to try to solve many of the nation's economic problems.

Johnson followed his predecessor in putting the tax cut measure at the top of his legislative agenda along with civil rights.

The reductions are expected by the administration to provide a stimulus aimed at boosting the 1964 economy and providing healthy long-run effects on unemployment and other problems.

The new withholding rate is expected to pump an extra $800 million into the economy each month.

The biggest administration victory came in the last-minute decision Wednesday to knock out a House provision reducing the capital gains tax on assets held two years or more.

There might have been trouble with the compromise measure in the Senate if this cut had been retained.

It would have lowered the capital gains rate to 40 per cent of the normal levy, with a 21 per cent ceiling, on profits made from sales of stock and other property held two years or more. The present rate is 50 per cent of the regular tax with a 25 per cent maximum.

Elimination of the provision saved a $260 million annual revenue loss in the long run.

The major provisions in the bill were the same in both Senate and House bills.

The new personal rate schedule will run from 14 to 70 per cent compared with 20 to 91 per cent now. About two-thirds of the cut is effective this year, retroactive to Jan. 1, and one-third in 1965.

For corporations, the present 52 per cent rate is reduced to 50 per cent in 1964, 48 per cent starting in next year.

The wage and salary withholding will drop from the present 18 per cent level to a new permanent 14 per cent rate eight days after the bill becomes law.

UC Co-eds To Punch Time Clocks

BERKELEY, Calif. (AP) — University of California co-eds won't have to sign out any more when they leave two of the dormitories on campus.

The books at Cunningham and Freeborn residence halls will be removed starting Friday night.

The girls will punch in and out at a time clock by the elevators. Each girl will have her own card.

Co-eds complained about the books because they had to print where they were going in a space beside the place for their signatures.

Ethiopia, which contains 475,000 square miles, is as large as America's 17 northeast states.

BAKER ARRIVES FOR SHOWDOWN SESSION — Robert G. Baker, former Senate aide, arrives for a showdown session with the Senate Rules Committee in Washington, D. C. Baker was served with a subpoena directing him to produce his records relating to his financial and business deals. At rear is Baker's lawyer, Edward Bennett Williams. (AP Wirephoto)

Johnson And Mateos Plan Happy California Visit

By FRANK CORMIER

WASHINGTON (AP) — President Johnson flys to Southern California tonight for goodwill talks with President Adolfo Lopez Mateos of Mexico and a brief meeting with former President Dwight D. Eisenhower.

No major problems were in sight for the Johnson-Lopez Mateos conference and one Mexican official predicted, "It's going to be a happy visit."

The two Presidents will confer Friday and Saturday at Palm Springs, Calif., sandwiching in some speechmaking and ceremonial appearances in Los Angeles both days.

The most urgent topic on their agenda is a long-standing dispute over the routing of Colorado River irrigation water to 300,000 acres of Mexican farmland.

While both countries are unhappy because the water has a high salt content—after being used to irrigate salty soil on the American side of the border—the problem is not one to prompt heated discussion. They also are expected to talk about the Alliance for Progress, the Cuban problem and the use of Mexican farm labor in the United States.

Johnson will fly by jet transport to Palm Springs early this evening. He will spend the night in the desert resort city before going to Los Angeles Friday to formally welcome his Mexican counterpart to the United States.

The first Johnson-Lopez Mateos conference will take place in Palm Springs Friday afternoon. Then the two presidents will drive to Eisenhower's winter home in neighboring Palm Desert for a courtesy visit scheduled to last a half hour.

Planes for the Mexican-American conference were announced by Johnson at his first news conference Dec. 7. His invitation to Lopez Mateos caught some State Department officials by surprise and it apparently was extended without the usual diplomatic preparations and consideration of timing.

This will be the first meeting between American and Mexican presidents since President Kennedy traveled to Mexico City to see Lopez Mateos in June 1962.

Johnson met with Lopez Mateos at Acapulco in 1958.

THE "White" WAY

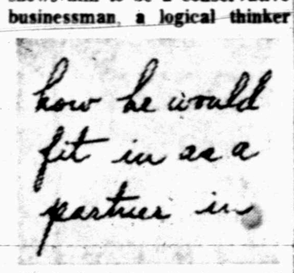

Dear Ruth:

My husband is planning a new business venture with a very good friend of ours. I think this is a mistake. I've heard that good friends often make poor business associates. What do their handwritings tell you? Am I being too —

Apprehensive

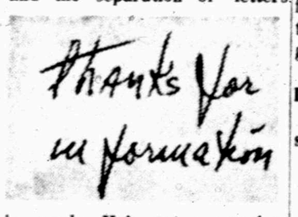

Dear Apprehensive:

Your husband's handwriting shows him to be a conservative businessman, a logical thinker

who looks before he leaps. His small, careful script reveals a realistic, analytical mind and a cautious nature.

His friend "B" has handwriting revealing he's a chance-taker, possibly a gambler. Highly developed intuition shows up in his rather large script and the separation of letters

in words. He's not a worrier. He plays hunches, is impulsive, shrewd, something of an opportunist — and lucky.

As friends, these men would be congenial, your husband admiring B's off-hand manner in taking risks, which somehow seem to come out on top — and B impressed by your husband's ability to hang on to what he methodically earns.

But in the business ring, they'd soon need a referee. B's impulsiveness would irk your husband, while B would chafe at your husband's conservative approach.

Your husband should find a more compatible partner — if he really needs one.

Dear Ruth:

I've noticed my handwriting has changed quite a bit in the past year. Does this mean anything?

Teenager

Dear Teenager:

Could mean your outlook on life is broadening into adult perspective. The changes may mean you're becoming more conscious of your emotions — and from your present writing, I'd say you're falling in and out of love frequently!

Definite changes in handwriting are of great significance, indicating that the personality is being developed — or repressed. By comparing samples of both past and present writing, it can be determined whether these changes are for the best. Why not send me some old samples?

• • •

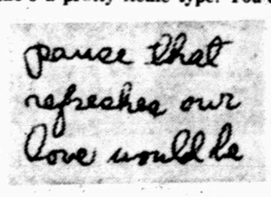

Dear Ruth:

I received a "Dear John" letter from the girl I plan to marry as soon as I'm out of the service. She says she thinks it would be best if we stopped writing for a while. Does she really mean "the pause that refreshes our love would be a good thing" — or is there another guy?

Pausing

Dear Pausing:

From her handwriting, I'd say she's a pretty fickle type. You'd

better make the pause permanent! You'll be better off if you find a more devoted, loyal and sympathetic girl — particularly one less interested in herself and more interested in YOU!
