Chances Are Slim For Pari-Mutuel Betting In State

AUSTIN (AP)—The possibility that big-time horse racing and pari-mutuel betting will return to the Texas scene looked dim today.

Rep. Ed Sheridan, San Antonio, the freshman legislator who stuck out his neck by introducing a bill to legalize horse race gambling, decided the opposition was too hot at the moment.

Yesterday he asked postponement of the public hearing on his bill which had been set for tomorrow night. Rep. Horace Houston of Dallas said the decision on whether to delay was up to the members of the State Affairs Committee of which he is chairman.

When the committee met last night, Rep. Joe Pyle of Fort Worth called for postponement. Sheridan wasn't on hand, and Houston wouldn't allow a vote until he had definite word from Sheridan that he was agreeable to the delay.

Rep. Stanley Banks of San Antonio likewise thought Sheridan should personally "appear before the committee and request postponement when something as important as this is involved."

Sheridan sent Houston a written message of consent, and the committee promptly approved "indefinite postponement" of hearing.

Sheridan had said earlier he merely wanted time to let his bill "cool off." He also said he might offer an amended version which he apparently thought would be more acceptable. House members privately predicted little chance of success for any kind of horse race gambling bill.

A bill to give Texans a vote on candidates for presidential nomination won unanimous approval of a Senate committee over fiery one-man opposition.

The bill would set up a state-wide election on the second Saturday in June in each year a President is to be elected. There, delegates to the convention would be chosen by districts and told who to support on the convention's first ballot.

Women declared yesterday they were ready and willing to serve on juries in Texas.

And they took some kidding from the men of the House Committee on Constitutional Amendments in good fun.

"What would you do if you had to choose between Tyrone Power and Joe Pyle here?" asked Rep. Tom King of Dallas. Pyle is a tall, lanky representative from Fort Worth.

"Well, I always did like good-looking men," Mrs. Hilton R. Greer of Dallas, a little gray-haired woman with snappy brown eyes, answered right back. "But I'm opinionated."

"Have you made a study of how much it would cost to fix up separate jury rooms for men and women when a jury has to be locked up overnight?" asked Rep. Thomas H. Stillwell, Texarkana.

"I'm not legal-minded," Mrs. Greer replied. "I'd like for you men to handle the legal side and the expenses."

Mrs. Greer said she spoke for the Texas Federation of Women's Clubs.

The committee had before it two proposed constitutional amendments to let women serve on grand and petit juries. There were some technical differences between the two.

They didn't vote on either one, but told their authors, Reps. Horace Houston of Dallas and Ewitt Hale of Corpus Christi, to work out one bill and report back next Monday.

Twenty well - dressed women crowded into the committee room to back up their spokesmen.

Texas theater operators held a successful premier showing on a bill to pave the way for higher movie prices.

The audience was the House Revenue and Taxation Committee which sent the bill to the House with unanimous approval. Star Actor was R. J. (Bob) O'Donnell, vice-president and general manager of Interstate Theaters.

O'Donnell said the theater business needs the proposed law giving a tax exemption on tickets up to $1

One Dead After Plains Blast; Damage Heavy

PLAINS, Tex. (AP)—A man standing a block away was fatally injured and more than a score of other persons were hurt when dynamite exploded in a burning warehouse here yesterday.

Firemen fighting the blaze and spectators were included in the injured, at least three of whom were in a critical condition today.

George McNabb, 35, died in the Yoakum County Hospital at Denver City, Tex., several hours after the blast.

Sam Trivitt, Brownfield contractor, estimated damage from the blast at $150,000. Firemen said the blaze started from a welding torch in use in the warehouse.

Deputy Sheriff R. H. Chamblis of Yoakum County said the burning building went up in a funnel-shaped cone of debris.

Chamblis said Pierre St. Romain, owner of the warehouse, shouted, "Dynamite! Dynamite!" just before the blast. Some of the firemen and spectators ran, he said, but others stood their ground, apparently not understanding.

Chamblis said he saw two firemen laying a hose line knocked flat by the blast and watched another blown across the street into a vacant lot.

Force of the blast destroyed the burning building which housed supplies of the Plains Telephone Co., caved in doors, heavily damaged nearby structures and jolted Denver City, 20 miles south and about 15 miles from the New Mexico border.

Nearly all the injured, including the man fatally hurt, were struck by flying debris, although officers said concussion caused some injuries.

Critically injured were Dick McGinty, 40, internal injuries, an employe of a frozen food locker firm; Duane McDonnell, 19, head injuries, an oil field worker, and T. J. Miller, 28, oil company employe, internal and head injuries.

Sherman Tingle, 41, service station operator, received a broken collar bone when a nail was driven head first into his chest. Brownfield doctors removed it.

Tingle is a former resident of Big Spring and a nephew of Mrs. W. D. McDonald.

Mrs. McDonald said that she talked to Mrs. Tingle by telephone Monday night. Mrs. Tingle said her husband suffered a severe throat injury, a broken collar bone and a broken shoulder. He was one of the volunteer firemen working at the scene of the warehouse fire when he blast occurred.

Tingle lived in Big Spring for several years before moving to Plains. He is being treated at a Brownfield hospital.

All the injured were in Denver City. Those held overnight were J. W. Moore Jr., 43, dry goods store owner; E. R. Wauson, 36; St. Romaine, owner of the Plains Telephone and Water Co.; the Rev. F. R. Pickens, pastor of the Plains Methodist Church.

Other injured were discharged last night after first aid.

Mama And Baby

W. W. Moeser Files For Post On Commission

Another name—that of W. W. Moeser—was on the lists today as a candidate for the City Commission. Moeser filed his candidacy Tuesday morning with City Secretary C. R. McClenny. The city election, to fill two posts, is set April 7.

Moeser, a resident of Big Spring since 1945, and an employe of Cosden Petroleum Corporation all that time, said he was asking for the office as a representative of the working class of Big Spring.

He has been financial secretary of Local 826, International Union of Operating Engineers (AFL) throughout his tenure at Cosden, and has been active in the Local's affairs. He has been its representative in many of the civic undertakings in the city. He is a treater at the Cosden refinery.

"I do not intend to offer any radical changes in our city administration," said Moeser. "I want simply to serve the best interests of Big Spring, and feel that I could do this as a spokesman and representative of its working people."

Moeser, 55, resides at 700 Johnson. His wife passed away in 1948. He has an 18-year-old daughter, Billie Lee, who is in nurse's training at San Angelo.

Moeser is a member of the Eagles Lodge here, a member of the First Baptist Church, and a member of the Business Men's Bible Class. He is affiliated with the Masonic Order, holding membership in the Mitchell County Blue Lodge, and in the Chapter and Council at Albuquerque, N. M.

Group Discusses Highway Planning

A meeting to discuss the future highway plans for Big Spring and vicinity was held at the Settles Hotel today at noon.

Called by the Chamber of Commerce, the representatives included county, city, and state government officials as well as civic leaders.

J. C. Roberts, district highway engineer from Abilene, discussed the future freeway which is planned for routing through Big Spring.

Both the "straight through" route on 3rd and 4th Streets and the "circle" route around the north side of the city was discussed.

The meeting followed a conference Monday between members of the Howard County Commissioners' Court and members of the Chamber highway commission.

Execution Stay Is Granted Rosenbergs

NEW YORK (AP)—The U. S. Court of Appeals today granted a stay of execution to March 30 to atom spies Julius and Ethel Rosenberg to permit them to petition the Supreme Court for a review of their case.

Their execution originally was set for Jan. 14 but a stay was granted pending a presidential decision on an appeal for clemency. President Eisenhower rejected the appeal last Wednesday and a new execution date of the week of March 9 had been set only yesterday.

THE WEATHER

FAIR & WARMER

BIG SPRING AND VICINITY: Fair and a little warmer this afternoon and tonight. Warmer Wednesday.

High today 62, low tonight 35, high tomorrow 66.

Highest temperature this date 81 in 1947; lowest this date 6 in 1903; maximum rainfall this date 2.33 in 1911.

Brotherhood Appeals To Be Voiced Here On Wednesday

Three laymen — Protestant, Catholic and Jew—will team in an appeal for brotherhood here Wednesday.

The three Dallas men are being brought here as a high point in the observance of National Brotherhood Week. They will make three appearances, at 9 a.m. at HCJC, at 10:30 a.m. at the high school, and at noon at a joint session of the Lions, Kiwanis and ABClub.

They may make other appearances before their return to Dallas on the evening air line flight.

Speakers are Grady Spruce, W. J. (Jack) Moser, and Ronald Marks, Spruce, incidentially, is 118th district Rotary governor and a number of Rotarians here are planning to attend the Wednesday luncheon.

Arrangements here were handled by R. L. Tollett, chairman of the Brotherhood observance, who announced office workers at the headquarters would be free to attend the 9 a.m. meeting and the foremen the 10:30 a.m. session. Of course the public is urged to attend either of these assemblies, or, by payment of plate fee, the noon session.

President Not Thinking Of Blockade Or Embargo

Ike Confident Farm Problems To Be Solved

WASHINGTON (AP) — President Eisenhower declared today declining farm prices are a serious problem but he expressed confidence the new administration will be able to handle it.

The President, at his first news conference, said the difficulties represented by falling farm prices were largely inherited from the Democratic administration.

He added that the Republicans have been in office only a few weeks and farm prices have been falling for two years.

Emphasizing the importance he attaches to the farm situation, Eisenhower chose that subject to talk about first at his initial meeting, as President, with newsmen.

Eisenhower quoted the Republican platform as saying the party is pledged to 'a prosperous agriculture with free and independent farmers."

He said one way to deal with the situation is through what he called arbitrary power. That is the easy way, he added, making it clear that it is not the way for him.

Farm programs, he said, must be based on freedom for the nation's farmers.

The President said that on Jan. 19, 1952, beef livestock was selling at $34.22 a hundred pounds and that by the end of last November the price had declined to $31. Last Jan. 24, he added, it was down to $24.51.

Since the recent removal of price controls on beef, the price has climbed a bit, except at retail, the President said.

He called that a narrowing of the gap between the farmer and the consumer.

Eisenhower's agriculture secretary, Ezra Taft Benson, has been the center of much congressional criticism, particularly from Democrats who say he has done nothing about falling farm prices.

In the hour immediately preceding his news conference, Eisenhower talked over the farm problem with Benson and Sens. Aiken (R-Vt), chairman of the Senate Agriculture Committee, and Carlson (R-Kan). Carlson not only hails from the nation's biggest wheat

BUNDLES FOR BRISTOW SHOULD TIDE LOCAL LEGISLATOR OVER

AUSTIN, — There were Bundles for Bristow in Monday's mail at the Capitol.

C. W. Guthrie, Big Spring oilman, took pity on his representative, Obie Bristow, and sent him a second-hand shirt and old tie, "to tide you over until you get your pay raise."

"The thing that gets me," Bristow said, "is that I didn't even vote for giving more pay to legislators."

Guthrie enclosed the following note with his gift:

"Been noticing that all the constructive legislation that you have passed so far is going to benefit the representatives. I did not know that you were as near out of money as you are and I thought surely you could get by on $10 a day when you went down there.

"Financially I can't help you at this time, but I have sent you a shirt and tie (summer shirt) and hope this will tide you over until you get your pay raise.

"If you can't make it in this shirt, let me know and I will send you another bundle."

Other Aides May Be Studying Plans

By ED CREAGH

WASHINGTON (AP)—President Eisenhower said today he personally is not considering a naval blockade or an embargo against Red China but he supposes such steps are being looked into by several government departments.

Meeting with newsmen for the first time since he took office, Eisenhower said also:

1.—Any tax cut this year would probably mean higher taxes in years to come and should be held up until a balanced budget is in sight.

2.—He will ask Congress for new authority to deal with prices if there is price gouging or other unreasonable action by business freed of federal controls.

3.—He wants Congress to nullify any parts of secret agreements which have permitted enslavement of free peoples. But he doesn't feel there should be any repudiation of long-secret agreements such as the Yalta Pact as a whole.

4.—United Nations forces can't be pulled out of Korea completely so long as a dangerous situation exists there, but South Koreans should replace other U. N. troops in the fighting to the greatest possible extent.

Addressing 256 correspondents, mostly on topics he selected himself, the new Republican president also cracked back at the expressed misgivings of Adlai E. Stevenson that his "business administration" might become a "Big deal" administration.

Eisenhower told a questioner he has lived with all Americans, including fighting men, and can't conceive of anyone's thinking he is not concerned with the welfare of all 150 million Americans. He said he chose his Cabinet members without regard to their business connections but solely because he was sure they could supply badly needed businesslike administration.

The President reaffirmed, in even stronger terms than he has used before, that he is absolutely convinced Russia has atomic weapons. Ex-President Truman has expressed doubt whether the Soviets have a workable atomic bomb.

Eisenhower began the conference by saying he wanted to talk about four things—farm prices, secret agreements, controls and taxes. He added he'd entertain questions later if there was time. The half-hour he alloted left time for quite a few.

Eisenhower voiced sympathy with the plight of farmers hurt by falling prices but said beef prices have begun to rise a bit, except at retail, since price controls were removed. He reaffirmed his campaign promises to enforce the present price support law. And when the time comes for legislation to replace it, after 1954, he said, the new law will be based on detailed studies taking into consideration the interests of the farmers, consumers and everybody else.

The President didn't bring up Korea himself, but he told questioners the embargo and blockade questions have not been discussed with him except for what he has read in the papers.

Reporters asked him to clarify this, and he said the questions have not been brought up officially to him.

Then such matters are not under

See EISENHOWER, Pg. 6, Col. 5

AHEAD OF TAX CUT

President Wants Balanced Budget

WASHINGTON (AP)-President Eisenhower said today a tax reduction ought to be deferred until a balanced budget is in sight.

The President reaffirmed at a news conference the position he has taken all along on the tax cut question. It gained special significance, however because of the drive among some Republican congressmen for a cut in personal income taxes next July.

Eisenhower said a tax cut now might mean higher taxes later.

A tax cutting bill cleared its first congressional hurdle yesterday. There are signs, however, that it faces a rocky path of parliamentary roadblocks, delay and eventual tough opposition.

Eisenhower brought up the subject of taxes himself before reporters had a chance to question him about his attitude toward this bill.

He said he never has promised to reduce taxes but that he does believe it is an essential objective.

Later, in reply to questions, the President would not go so far as to say he would veto a tax cut bill. Reporters had framed questions in a way aimed to draw such a statement from him.

Eisenhower told them he did not know in what form such a bill might reach his desk and he could not possibly predict what his decision would be.

At one point in the exchange, the President indicated the administration is studying a substitute for the excess profits tax law, which is scheduled to expire June 30.

The proposal, championed by Chairman Reed (R-NY) of the House Ways and Means Committee, would advance by six months —to June 30—a 10-per-cent cut in individual income tax rates. Present law provides for the same reduction Dec. 31. It would wipe out the last increase of 11 per cent. The tax take is now higher, so the percentages differ.

For some 50 million individuals, the proposal means a 5-per-cent reduction in their federal tax bill for calendar 1953. Under the Reed bill or present law, the full 10-percent will be felt in 1954.

For the federal government, the Reed bill means an estimated loss of 1½ billion dollars in revenue, at a time when the defense program will still be running strong and President Eisenhower has pledged to do everything possible to match federal spending with income.

White House Press Secretary James C. Hagerty said yesterday the President's views on this issue had not changed.

Because of that prospective revenue loss, House leaders served notice they plan to hold off floor action on the Reed bill until May 1 or later—until they can foresee enough spending cuts to balance the budget, or come close to it.

But Reed, whose committee approved the bill 21-4, indicated he is in no mood to wait. From that conflict could come a touchy parliamentary situation.

Even if the House eventually passes the measure—as most leaders predict—it faces tough sledding in the Senate, where GOP Floor Leader Taft of Ohio and other influential members have urged that tax cuts be delayed into 1954.

And sooner or later, the Eisenhower administration probably will have to recommend "yes" or "no" on the Reed bill. Democrats raised an outcry in the Ways and Means Committee yesterday against acting on the bill without even hearing administration views.

The possible parliamentary tangle could develop along these lines:

Reed is expected to seek an order from the House Rules Committee barring amendments to his bill from the House floor. Leaders usually get such a rule on tax bills to avoid being swamped with a flood of proposed changes.

But Chairman Allen (R-Ill) said flatly the rules group "will hold up all tax legislation until at least May 1." He added that before his committee will clear a tax bill for floor action, "it must be apparent that the federal budget will be greatly reduced, in order that we can live on our federal income without the necessity of borrowing another dollar."

Asked if that position was all right with him, Reed told reporters: "No, it's not all right with me at all." But he declined to say what he would do about it.

Stevenson Lunches At The White House

WASHINGTON (AP) — Adlai E. Stevenson, in a listening mood, goes to the White House today for a conference with President Eisenhower and lunch with a score of members of Congress.

The 1952 Democratic presidential nominee, moving through a round of capital conferences with his party's members, was open to a possible presidential suggestion that he report back his findings in a world tour on which he will embark March 2.

But Stevenson explained in advance that any suggestion of that sort will have to come from Eisenhower.

"I'll be the only fellow who has been to the White House in a long time who will do all the listening," Stevenson said.

The two men, who traded verbal punches in the 1952 campaign, planned to sit down for a 30-minute chat before they join Republican and Democratic lawmakers for lunch.

Before going to the White House, Stevenson went to the State Department for a series of conferences dealing with his planned six-month round-the-world trip.

Stevenson was applauded by a group of about 50 employes in the department lobby as he arrived for his first appointment with Asst. Secretary John M. Allison.

At the State Department, Stevenson arranged to receive briefing on some of the countries he will visit in the Far East, Middle East and Western Europe. The State Department explained in advance that its role was simply that of assisting a distinguished American in his plan to visit various free countries.

Thomas E. Dewey, Republican governor of New York, received the same sort of briefing before his Far Eastern trip after his 1948 defeat for the presidency.

Stevenson said that in meetings with House and Senate Democrats yesterday he found the spirits of his party's members so high "that I wonder we lost the election."

House Speaker Martin of Massachusetts and Rep. Halleck of Indiana, the majority leader, turned out to shake hands with Stevenson along with most of the House Democrats.

Some Democrats who didn't support Stevenson in the election—notably Senators Byrd of Virginia, Daniel of Texas and McCarran of Nevada—were absent when Stevenson met 34 of the Senate's 47 Democrats.

Briefing On Atomic Energy Program Held

WASHINGTON (AP) — A top-level conference of administration and military officials held yesterday, the White House said, was arranged to bring new officials up to date on the atomic energy program.

Because high military figures and members of the Atomic Energy Commission had been invited, there had been some advance speculation that the question of employing atomic weapons in Korea was up for discussion.

VOLUNTEER BLOOD DONORS STILL NEEDED

A Howard County farm laborer who must undergo surgery Thursday at Santorium is getting some help from his fellow citizens.

An appeal for blood donors for this man—a TB patient—brought in five responses. Seven pints of blood are required, the doctors advise for this patient. There is a possibility that some of the donors might be rejected, so other volunteers are needed.

Those who will help meet this need are requested to report to Malone & Hogan Clinic by Wednesday, or to notify Mary Cantrell, county welfare worker. She may be reached at Phone 732.

Provoo Is Given Life Sentence

NEW YORK (AP)—John David Provoo was sentenced to life imprisonment today for the crime of treason.

The former Army sergeant, who was accused of going over to the Japanese after the fall of Corregidor, could have received the death sentence.

Federal Judge Gregory F. Noonan said he spared the tall, square-jawed Provoo death because of medical opinions that he was emotional unstable.

Ike Thinks Reds Have Exploded Atom Weapons

WASHINGTON (AP)-Presidnet Eisenhower said today he believes it is absolutely true that Soviet Russia has exploded atomic weapons.

He told a news conference he agrees with a statement by Gordon Dean, chairman of the Atomic Energy Commission, that the Russians have achieved three explosions of atomic weapons.

Dean made the statement recently after former President Truman expressed doubt that the Soviet Union had a workable atomic bomb.

Eisenhower read Dean's statement to reporters. Then he said that so far as he is concerned, Dean's statement is absolutely true, word for word.

It was the second time Eisenhower had spoken out to contradict the view expressed by Truman.

The first time was in his State of the Union message when Eisenhower said this government has incontrovertible evidence that the Russians have atomic weapons.

Road Request Is Received By Group

E. H. Hatch met with Howard County Commissioners Monday afternoon to request construction of a road on the west side of his land.

At the present there is a lane located in the place he desires a road. His land is section 14, block 33, tsp. 1-north, T&P survey.

He requested that the county designate road construction for one mile in length in a north-south direction. The road would be approximately three miles west of Highway 87.

Ralph Proctor, commissioner precinct 1, inspected the proposed road site this morning. He said that the court would consider any petition made by citizens of the area to construct a road there.

However, he said that he did not know if traffic would warrant a road.

MIG Downed As UN Blasts Red Supplies

By ROBERT B. TUCKMAN

SEOUL (AP)—U. S. Sabre jet pilots today shot down one Communist MIG fighter and damaged another in the fourth straight day of air battles over Korea, the Air Force said.

Allied fighter-bombers blasted the Red front lines and supply routes. Pilots reported destruction of 43 buildings, five trucks and 13 caves.

The tempo of ground fighting also increased.

Today's MIG bag boosted the four-day total to 28—seven destroyed, five probably destroyed and 16 damaged.

Lt. John L. McKee of Ashland, Ky., said he saw the Red warplane explode and the pilot bail out.

On the freezing ground front, Allied soldiers hurled back an attack by about 175 Chinese Reds near Kelly Hill on the Western Front. Sharp, bloody fights erupted in eight other clashes.

At sea, U. S. Navy ships and planes blasted anew the besieged Red port of Wonsan on the east coast yesterday in a fierce, day-long bombardment.

Red guns returned the fire but the Navy made no mention of Communist hits.

U. S. B29 Superforts and B26 light bombers staged a fiery, 200-plane raid on a Red troop and supply area south of Pyongyang, North Korean capital.

United Nations infantrymen southwest of Kelly Hill. But the Reds poured down on two listening posts northeast of Kelly and wrested them from the Allies in sharp, bloody fights.

Allied foot soldiers retook one post shortly after and U. N. artillery drove the Communists off the second.

On the Eastern Front, South Koreans beat back four Red probes in the predawn darkness and reported 17 North Koreans dead or wounded.

Behind the Red lines, pilots from the U. S. carrier Valley Forge reported, North Korean highways were jammed with Communist truck traffic.

Demos Invited To Sit In On Policy Meets

By JACK BELL

WASHINGTON (AP) — The Eisenhower administration moved today to broaden congressional support of its policies by inviting Democrats to sit in on on foreign and domestic policy talks.

Chairman Bridges (R-NH) called Secretary of State Dulles and Mutual Security Administrator Harold E. Stassen for testimony tomorrow before the 23-member Senate appropriations Committee on proposed foreign aid spending and general international policies.

The White House arranged to have congressional leaders of both parties briefed by Gen. Omar N. Bradley, chairman of the Joint Chiefs of Staff, and others on the world military situation at a Thursday conference.

A bipartisan group of lawmakers was invited to a White House discussion earlier the same day on proposals to set up a commission to study federal-state tax relationships.

Sen. Saltonstall (R-Mass) proposed that Senate and House Armed Services Committees sit together March 4 to hear Gen. James A. Van Fleet explain his belief that a United Nations general offensive now could be successful in Korea. Saltonstall said he would put the matter up to the Senate committee today before consulting House leaders.

These moves to allow Democrats behind the scenes followed fresh criticism by Sen. Douglas (D-Ill) that the minority not only hasn't been consulted but that its past international actions were "misrepresented" by the President himself.

Douglas said in a speech at Atlantic City last night that Eisenhower was "surely inaccurate as well as ungracious (although I hope unintentionally so) when he said that under President Truman 'the United States Navy was required to serve as a defensive arm of Communist China.'"

Sen. H. Alexander Smith (R-NJ), a foreign relations committee member, disagreed with Douglas' view that the Democrats hadn't been taken into the administration's confidence.

Prison Official Dies After Bomb Explosion

WALLA WALLA, Wash. (AP)—The man who was holding the inmate-made bomb which exploded in the State Prison's business office a week ago died yesterday.

He was Alfred F. Gruber, 42, State Prison's business manager the past five years.

A second prison official, Al Reinboldt, deputy warden, who also was hurt in the explosion, was reported improving.

Extra Recognition

Because her prizewinning steer, the grand champion of the Southwestern Fat Stock Show at Fort Worth, was a Hereford, the American Hereford Association figured Sue White had earned special recognition. Monday, the association said it in the nicest way—with a cash award. Here Don McCarthy, director of public relations for the association, and Roy Largent, Merkel, past president of the association, made the presentation at the Jaycee luncheon to Miss White.

Sue White Presented Awards At Meeting

Sue White, daughter of Mr. and Mrs. Floyd White, HCJC student and 4-H Club members received a check for $500 and a wrist watch at the regular meeting of the Junior Chamber of Commerce at the Settles Hotel yesterday noon.

The check, from the American Hereford Association, was a prize Sue won for having the grand champion steer at the recent Southwestern Exposition and Fat Stock Show at Fort Worth. It was presented by Roy Largent of Merkel, a former president of the Hereford organization, who was accompanied to Big Spring by Don McCarthy of Kansas City, director of public relations for the Hereford Association, who also spoke at the meeting.

The watch was a gift from Zale's Jewelry.

Largent was the breeder of the Hereford steer that Sue's sister, Ann, showed to the grand championship at the 1952 Texas State Fair at Dallas.

The Jaycee luncheon was selected as the time and place for the presentation of the Association's check since this is the organization sponsoring the annual Howard County Junior Livestock Show and Sale which will be held March 17-18-19.

The steer with which Miss White won the Fort Worth grand championship had previously won honors but not the top spot at the shows at Baltimore, Chicago and Kansas City. He was sold to Amon Carter, Fort Worth publisher, for $6,000 after having been bid up to $5,000 by O. H. McAlister of Big Spring.

Ray Rhodes, Jaycee president, presided at the session, filled to over-crowding by members and guests.

Rhodes revealed that committee meetings will get underway this week looking toward final planning of the stock show. A program is nearly completed and show officials will be revealed shortly.

Heart Of Young Girl Massaged To Life

DENVER (AP)—A Denver girl was alive but in critical condition early today after a doctor massaged her heart back into action.

Doctors said Sharlene Haddon, 16, was for all intents and purposes dead when she was brought to the hospital from her home. No heart beat could be detected and she had stopped breathing.

At the hospital, a doctor opened her chest, spread ribs by hand and massaged the heart. Her breathing failed to return to normal and she was put in an iron lung.

The girl's mother, Mrs. Adeline Haddon, said her daughter had been ill for about two weeks, apparently suffering from flu.

Appeal Issued About Flying Kites In City

Texas Electric Service Company today appealed again to parents to caution their children about flying kites near electric wires.

"This traditional sport is one that is lots of fun for children if it is done safely," R. L. Beale, Texas Electric Service Company manager, pointed out. "Many youngsters don't realize the dangers in this innocent pastime if certain safety rules are not observed, the most important of which is to never fly kites where there is the possibility of them getting tangled in electric power lines."

Other dangerous practices in connection with kite flying include using metallic cord or wire for the kite string, making the kite frame of metal, flying kites in the rain when even a cotton kite string can become a dangerous conductor of electricity and trying to retrieve a kite in case it does get caught in electric wires, Beale said.

"Local youngsters who fly kites have been careful and cooperative in the past and we've had no serious mishaps in several years, but each year, over the nation, there are many cases of injuries to kite flyers." Beale stated. "If kites are made right and flown right, kite flying is an enjoyable, wholesome sport."

To further impress children that safety is all-important in Kite flying, Texas Electric Service Company is providing posters for all school bulletin boards and announcements for school principals.

Stanton Firemen Taking Course

STANTON (Spl) — Members of the Stanton Fire Department are taking a special course of instruction provided through the Texas A&M College.

Classes are being held every Thursday and the course will continue for five weeks. Diplomas will be issued to all firemen who complete the course.

The instruction, coupled with new equipment recently purchased by the department, is expected to reduce insurance rates in Stanton.

In addition to Fire Chief T. E. Graham, those taking the course are Ogal Avery, Walter Graves, Yuell Winslow, Bob Deavenport, C. L. Clark, James Biggs, Howard Avery, H. L. Shipp, B. F. Standifer, J. T. Young, E. L. Arrington, John Martin, Leonard Martin, Bill Tucker, Alvis Brewer, Alton Turner, A. W. Wooley, Henry Ringhoffer, T. R. Louder, H. G. Ervin, J. A. Hankins and Billy Avery.

Business Firms Get Statement Requests From Dun, Bradstreet

Requests for financial statements have been mailed by Dun and Bradstreet, Inc., to 566 business concerns in the Big Spring area.

T. P. Hendrick, manager of Dun and Bradstreet's Fort Worth office, said that more than 2,600,000 such requests have been forwarded from the 138 branch offices of the 112-year-old mercantile agency in principal cities throughout the United States.

The information obtained from the financial statements, together with material gathered by Dun and Bradstreet reporters and correspondents, is an important part of the credit report written on each business. It also is the basis for the financial rating which is assigned to the 566 businesses in the Big Spring area, as listed in the Dun and Bradstreet reference book.

Midland GI Killed

SAN LUIS OBISPO (AP)—A Camp Roberts private, Edward Franklin, 24, of Midland, Tex., was killed yesterday when his car crashed into the rear of a truck on a curving grade near the camp.

Santa Fe Aide Dies

HOUSTON (AP)—Tracy L. Bothwell, 64, retired general freight traffic manager of the Santa Fe Railway system, died last night.

Ochoa Is Free On Bond From Mexico Jail

MEXICO CITY, (AP)-George Ochoa, former gay cabellero of the border country, stepped out of jail here yesterday into the arms of his pretty wife.

Ochoa, wanted in Texas for the slaying of two men in a Laredo hotel in 1949, made bond of 20,000 pesos ($2,300) Saturday and was released to find his family waiting for him.

Ochoa crossed into Mexico shortly after Henry Whittenberg Jr., McAllen, Tex., and James Lindsay, McKensie, Tenn., were shot to death in separate rooms of a Laredo hotel. Both were reputed to have known Ochoa's beautiful wife but not each other.

After months of eluding arrest, Ochoa finally was arrested in Mexicali, Lower California, and held pending outcome of a U. S. request for his extradition. This finally was refused.

But Mexican authorities noting the birth certificate which Ochoa used when he claimed Mexican citizenship questioned its authenticity and he is to be tried for its alleged forgery.

Besides Senora Margarita Cruz de Ochoa, his wife, his 16-year-old blonde daughter, Anna Maria, his nine-year-old son, Alfonso, and Attorney Roberto Carrero, awaited Ochoa when he left jail yesterday. Ochoa will remain in Mexico until his forgery trial is held. He said yesterday he hoped to move his family to Mexico City and start over there. He would be arrested for murder were he to enter the U. S.

Godfrey Ends Tour

PARIS (AP)—Gen. Curtis Le May, head of the U. S. Air Force Strategic Command, and Arthur Godfrey, radio and TV star, finished a tour of American air bases in Europe today and left for the U. S.

Traffic Commission Plans Are Reviewed

Basic working plans for the new Citizens traffic Commission of Big Spring were reviewed at a meeting of the executive committee Monday.

Chairman Lee O. Rogers reviewed various committee operations with his committee chairmen. These included:

Awards Committee (to direct a program for recognizing outstanding city police service), Jack Cook.

Legislative (to review traffic ordinances for possible up-dating, and to help provide a volunteer jury roll of citizens who will serve on traffic cases) Mrs. Obie Bristow.

Engineering (to survey all traffic factors with a view of making engineering and control improvements) J. C. Douglass Jr.

School (to help stimulate traffic safety programs among the school-age group) Al W. Dillon.

Safety Man (to help call attention to traffic violations so that the public will be more award of strict law observance) Roy Reeder.

Juvenile Driver License (to form a panel which would assist the proper authorities in screening requests for juvenile driver licenses) K. H. McGibbon.

In addition, a school driver training committee will function in cooperation with the training program set up in the high school, and a publicity group will help disseminate all the educational programs in connection with traffic safety.

The CTC executive committee also mapped a budget which would provide for getting the organization into operation. The committee will go before the City Commission Wednesday evening to present this matter, with the request that the municipality consider the program as a part of city-wide traffic control. Preliminary plans call for the setting up of a CTC office with secretarial help, providing for phone and office equipment, and printing supplies. The office would serve as a clearing house for all functioning committees, and help build up public participation in the CTC program.

Committee chairmen named above attended the Monday meeting, along with Rogers' other officers: J. W. Purser first vice chairman; H. W. Smith, second vice chairman; and Clyde Angel, treasurer.

W. E. Fox Dies At Colo. City Home

COLORADO CITY — William E. Fox, 73, who retired as an implement salesman three years ago, died Monday morning at his home in Colorado City after a long illness.

Fox was born in Missouri, Nov. 24, 1879 and had lived in and near Colorado City since 1893. He was a member of the Knights of Pythias.

Funeral services are to be held Tuesday afternoon at four, from the Kiker and Son Chapel. Dr. P. D. O'Brien, of Big Spring; Rev. Hershel Thurston, pastor of the First Christian Church, will officiate. Burial is to be in the Colorado City Cemetery.

Pallbearers are Fred McClellan, Otto Jones, Claude Hooks, Bob Fee, Lon Strain and Burt Smith.

He is survived by a son, Wilfred Fox of Colorado City, and one grandson.

ASCAP Aide Dies

NEW YORK (AP)—Frederick O. Erdman, 65, manager of the concert division of the American Society of Composers, Authors and Publishers, died last night.

Strike Halts AEC Plant Construction

AUGUSTA, Ga. (AP)—Construction on the huge Savannah River plant of the Atomic Energy Commission was halted when 27,000 fellow workers refused to cross picket lines set up by striking painters.

An AEC spokesman said 780 AFL painters went on strike yesterday in a wage dispute. The painters were employed by the Interstate Painting Company, a subcontractor to the E. E. du Pont Company, which is building the hydrogen materials plant in Aiken and Barnwell Counties, South Carolina.

YOUR SHARE OF AMERICA IS GROWING BIGGER!

Now the Value of Your Maturing Series E Bonds Grows For Ten More Years...at 3% Interest

Do you have any United States Series E Defense Bonds maturing this month? Now they can still go on earning interest—at 3% compounded semiannually—for ten more years! And you need not do anything at all with your Bonds. The continued earning period is *automatic.*

The Bond you got for $18.75 can now pay you $33.67 . . . a $37.50 Bond will be worth $67.34 . . . and so on. Your return may amount to as much as 80% on your original investment!

This applies to *all* Series E Bonds—those you already own and those you're now investing in. Every Bond you invest in *now* starts earning interest sooner and matures earlier, too.

Any Series E Bond may still be redeemed at any time after you have held it for two months. But the smart thing to do is to hold on to your Bonds, as you hold on to savings in *any* form.

Are you one of the 7½ million Americans who are saving regularly with Defense Bonds through the Payroll Savings Plan? Doing something concrete to make their dreams of the future come true? If not, why not start now? Invest in Bonds regularly through the Payroll Savings Plan in the shop or office where you work. It's one *sure* way to save because it saves something out of every check *before* you have a chance to spend it.

You may ask your pay office to save as little as 25c a week for you, or as much as you are able. If you can save just $5 a week regularly through the Plan, in five years you will have $1,367.90 . . . in 9 years and 8 months, you'll have $2,850.70 . . . in 19 years and 8 months, $6,872.45! All in safe, sure Series E Bonds.

No matter how small your income, you can't afford *not* to put something aside for yourself. So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. Strengthen your own future and that of your country by saving your money through Bonds.

NOW EVEN BETTER!
INVEST MORE IN DEFENSE BONDS!

NOW GET
THE NEW IMPROVED
BARCENTRATE
FOR TAKING OFF
Ugly Fat

IT'S SIMPLE. IT'S AMAZING, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy — no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of liquid Barcentrate. Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonfuls twice a day. In the new Barcentrate carton there are 20 tablets, in addition to the liquid. These tablets are to be dissolved on the tongue as per directions, to help lessen the taste buds which lie on the surface of the tongue.

If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. You don't have to starve yourself; eat sensibly according to instructions on bottle. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloat disappears — how much better you feel. More alive, youthful-appearing and active.

NOTHING HARMFUL IN BARCENTRATE

Barcentrate is the original grapefruit juice recipe for taking off weight. No starvation diet. No diet list to pay for. No vitamins to fortify you against hunger for you won't be hungry.

The Barcentrate liquid formula remains the same, EXCEPT that a new ingredient has been ADDED. The Barcentrate plan now also contains appetite curb tablets in addition to the liquid. The new, improved Barcentrate is the result of more than a year of experimenting and testing to further improve an excellent product....More than four and one-half million bottles of Barcentrate have been sold in Texas in nine years.

LOST 90 POUNDS
Mrs. Ed Leach, 720 E. Guenther St., San Antonio, Texas, writes us as follows: "I take Barcentrate to keep down fat. I lost about 90 pounds taking this excellent product. I wore size 52 dress when I started. I now wear size 24½."

THIS LADY LOST 15 POUNDS
"I am proud of a chance to tell others about Barcentrate," writes Mrs. C. E. Shumate, Route 2, Sweetwater, Texas. "I keep my weight down real easy and safely. I lost 15 pounds taking 3 bottles and I am thankful that I learned of Barcentrate."

GALVESTON LADY LOST 42 POUNDS
"Before taking Barcentrate I weighed 168 pounds. I now weigh 126, a loss of 42 pounds. Instead of wearing size 20 dresses, I now wear 14 and 16. I am so glad and feel so good. Words cannot express my sincere thanks." Signed, Mrs. P. H. Wunderlich, 1310 Thirteenth St., Galveston, Texas.

WACO LADY LOST 18 POUNDS
"I lost 18 pounds in 30 days taking Barcentrate," writes Mrs. Marie Gorman, Route 5, Box 117, Waco, Texas. "I am awfully proud to lose that much."

THIS LADY LOST 75 POUNDS
"I have taken about 10 bottles of Barcentrate and lost 75 pounds," writes Alice E. Owen, 1515 Mission Ave., San Antonio, Texas. "I now continue to take Barcentrate occasionally to keep my weight down and prevent bloating and gas on my stomach. I wouldn't be without Barcentrate in my medicine chest for anything."

EL PASO LADY LOST 40 POUNDS
"I wish to state that Barcentrate has done wonders for me," writes Mrs. Tracy Freeman, 3679 Bishop St., El Paso, Texas. "I have not only lost 40 pounds taking Barcentrate, but it has helped me in other ways. I feel fine taking this product and simply cannot express in words my sincere gratefulness."

Friday Deadline For Signing Up For Jamboree

Registration deadline for the National Boy Scout Jamboree is Friday. The jamboree will be held at the Irvine Ranch in California July 17-23.

All local Boy Scouts wishing to attend the jamboree must pay their $10 registration fee by the end of the week, according to Jimmie Hale, field executive.

There are already more boys in the Lone Star District signed up to attend the jamboree than was originally set up in the quota, Hale said 27 are now registered, and the quota is 22.

"We are shooting for 35 boys," Hale said. "If we get 35 we will have a full troop and can go under the leadership of our district as an organized unit."

Hale said that several other scouts in the district have indicated they want to go. It is believed that the goal of 35 will be reached by Friday.

If 35 boys do not sign up, other boys from other districts in the Buffalo Trail Council will be used to fill out the local unit.

Local Scouts will leave Big Spring on July 10, Hale said. They are expected to return July 29. Leaders will be Bob Davenport of Stanton and Arnold Seydler and A. E. True of Big Spring.

Approximately 50,000 Boy Scouts from all over the country will attend the Jamboree. Pageants, ceremonies, campfires, music, demonstrations, camperaft and swapping will be common.

Transportation from Big Spring will be by special train. Hale said the train would be air conditioned.

Youth Picks Up Wrong Pay Check

A 16-year-old boy was in juvenile jail today as a result of walking away from work with another man's pay.

He took a pay envelope containing $62 rather than his usual $12 salary. Instead of returning it, authorities say he kept it and spent some of the money.

He was employed in a local cafe, and employees get pay envelopes with cash inside on pay days. Names are on each pay envelope.

While the boy was waiting for his pay, the boss was called away. The boy picked up the wrong envelope and left.

Juvenile officer A. E. Long said the boy's parents, who live in Abilene, were due to arrive today. The cafe manager said all he wants is the money back.

Indochina Believed More Vital To World Security Than Korea

By JOHN SCALI

WASHINGTON (AP) — The United States may step up military shipments to Indochina as part of President Eisenhower's new strategy to try to defeat Communist aggression in the Far East.

No final decision has been made yet. But top administration leaders are reported ready to listen sympathetically to French Premier Rene Mayer. They expect him to make such a request next month during a White House visit.

In advance of Mayer's visit, Cabinet-level planners are reported studying what must be done to end the bloody seven-year-old war, which costs France more than a billion dollars yearly and has claimed nearly 100,000 French casualties.

Behind this new look is Eisenhower's evident belief that the outcome of the Indochinese fighting actually is more important than Korea to the security of the free world.

The U. S. and its allies, he is said to believe, could survive the loss of Korea by turning Japan into an armed camp to counter any possible new Communist move.

But the loss of Indochina, he reportedly thinks, would eventually lead to the fall of Asia's "Rice Bowl"—Siam, Burma, Indonesia—and pose serious threats to India and Pakistan.

Whatever the U. S. decides to do about Indochina will be closely tied to efforts to end the Korean deadlock.

The aim in both Korea and Indochina would be to train and equip loyal native troops much faster so that they can gradually replace United Nations forces in Korea and French Union troops in Indochina.

France has mobilized some 60 battalions of Indochinese artillery, infantrymen and parachute units, but American officials believe this is far from enough. There are about 835 men in a Viet Nam battalion. Viet Nam is the Indochinese state directly engaged in the fighting.

In order to help the French equip these forces, Congress has provided nearly a billion dollars for guns tanks, planes and other weapons during the past three years.

Responsible American officials believe that if there is to be any quick stepup in arming Viet Namese units, the U. S. will necessarily have to send bigger and faster shipments.

Despite all problems, U. S. officials believe a stout Viet Nam army can be created to relieve France of much of the military and financial burden.

Until France can withdraw some of her regular Army forces and transfer them to Europe, officials believe she will have great difficulty in maintaining her Atlantic Pact commitments.

IN SENATE GROUP

Primary Elections Bill Wins Approval

By MAC ROY RASOR

AUSTIN (AP) — Texas' criticism-ridden political convention system today nursed its first crippling wounds from the 53rd Legislature.

The Senate's Committee on Privileges and Elections yesterday unanimously approved a bill to substitute a primary election for determining Texas' delegates and whom they will support at national presidential conventions.

Fresh from criticisms of "power politics" in last year's conventions of both major parties, the bill had easy sledding.

Lone opponent who spoke against it was former Sen. Joe Hill, Austin.

He thundered ominous warnings that the measure would not end boss rule but increase it and add money rule and corruption. He called it "a radical innovation" and predicted it could be "a final kiss of death for this republic."

The bill's author, Sen. Jimmy Phillips, Angleton, answered by thumping 200 letters down on the committee table. He claimed receiving 800 others. They were from "plain, ordinary people," disgusted with political conventions, he said.

He read editorials from Texas newspapers endorsing the plan.

"I have never seen anything wrong yet with the free ballot," he said. "I believe in elections. I believe the people of Texas and the nation are entitled to name their public officials."

He said his measure was aimed at ending "rump delegations and stacked conventions."

Hill argued there was no demand for the bill and no condition existing that the bill would correct.

"Just going to one of those conventions can cost $1,000. Running for delegate would cost $25,000," he claimed.

"Only the selectees of the pressure groups and the independent rich could afford to run."

He said the bill should be labeled: "The bill to take over from the people all their voice in the national convention election and turning it over to the people able to buy elections."

Phillips contended sponsoring of delegation candidates would not likely be too different from the present. The difference would come in who does the voting.

Crude Production Shows Increase

TULSA (AP)—Only six states reported advances but a big boost in Kansas output helped U. S. crude oil and condensate production during the week ended Feb. 14 to an 18,750-barrel gain, the Oil and Gas Journal reported today.

Total daily average for the week was computed by the journal at 6,553,650 barrels and cumulative production for the year at 291,139,425 barrels compared to 281,864,280 at this time in 1952.

Kansas' increase was 19,600 barrels to 353,900. Oklahoma was up 3,400 to 533,200.

Other gains were minor.

Declines were reported for Arkansas, off 150 to 77,850; and New Mexico, 100 to 179,350.

Production was unchanged in Texas, 2,939,950.

Researcher Seeking Old Steel Helmets

SEOUL (AP)—Soldiers in Korea are being asked to surrender a treasured trophy—the battered steel helmet.

Lt. George B. Coe, physiologist with an Army research unit, said research is under way on a new, lightweaght nylon helmet and toward possible improvements in a lighter, more effective steel helmet.

The researchers seek helmets which have been hit by any type of missile, from artillery and mortar shells to bullets.

Gas, Water Injection Program Is Ordered

AUSTIN (AP)—The Railroad Commission has ordered a combination gas and water injection secondary recovery program in the proposed unitized area of the Goldsmith Field, Ector County.

The commission said the program should recover additional oil and gas that would otherwise remain unrecovered under primary methods of depletion.

Studies Conducted In Circle Meetings

Members of the Mary Zinn Circle of the First Methodist WSCS had an all-day meeting in the home of Mrs. W. A. Laswell, 111 E. 16th.

In the morning session the group discussed how the New Testament was written and the gospels, letters and literature of the Bible such as teaching the dignity of man, and the manuscripts that led to the various translations from John Wycliffe down to the Revised Standard Version of this year.

A covered dish luncheon was served at noon to seven members and a guest, Mrs. Elizabeth Wheeler.

Next Monday all the circles will have a business meeting in the church parlor at 3 p. m.

* * *

The Maudie Morris Circle of First Methodist met with Mrs. J. D. Jones, 1601 Eleventh Pl.

The study on the last chapter of the book, "Understanding The Bible," was led by Mrs. M. A. Cook, assisted by Mrs. Jake Bishop, Mrs. Albert Smith and Mrs. A. C. Bass.

Mrs. Winston Kilpatrick was in charge of the business session. Attending were 12 members and a visitor, Mrs. Jordan Grooms. The next meeting will be March 9 with Mrs. Arthur Woodall, 1608 Runnels.

* * *

The Mary Willis Circle of First Baptist WMS met Monday morning in the home of Mrs. C. T. Clay, 800 Douglas.

The group sang "Blest Be The Tie That Binds" and repeated the Lord's Prayer in unison. Roll call was answered with favorite scriptures.

Mrs. Theo Andrews proposed a project to be carried out for the young people of the church and Mrs. Beulah Bryant was appointed chairman of this phase for the month of March.

Mrs. J. E. Hardesty led the study on Hannah, Samuel's mother, and Mrs. Cora Holmes gave a resume of Hannah's life, reading the 54th chapter of Isaiah.

Mrs. Clay led the closing prayer. The next meeting will be March 16 at 9:30 a. m. in the home of Mrs. J. L. Haynes, 106 W. 8th.

* * *

Mrs. J. T. Allen, program leader, gave the devotional from Hebrews 10:22-23 when the Mary Martha Circle of the First Christian Women's Fellowship met Monday afternoon in the church parlor.

Mrs. Willard Read led the group in singing the opening hymn. Prayers were offered by Mrs. Bill Earley and Mrs. Allen.

Announcement was made of the World Day of Prayer service to be held Friday at 3 p. m. at the First Methodist Church.

Refreshments were served by the hostesses, Mrs. F. M. Purser and Mrs. N. C. Bell, to 17 members and one guest, Mrs. C. M. Boles.

* * *

The Fannie Hodges Circle of the First Methodist Church met Monday in the home of Mrs. T. G. Adams.

Mrs. Clyde Johnston and Mrs. H. M. Fitzhugh conducted the study on the last chapter of "Toward Understanding the Bible." Eleven attended.

* * *

Mrs. Hervey Lazenby gave the opening prayer when the First Presbyterian Women of the Church met at the church Monday afternoon.

Mrs. Albert Davis, stewardship chairman, was in charge of the program.

Mrs. Lazenby discussed "Stewardship of Abilities" and Mrs. T. S. Currie spoke on "Stewardship of Prayer." Others on the program included Mrs. Cecil Wasson, "Stewardship of Strength;" Mrs. Lucian Jones, "Stewardship of Personality Development;" and Mrs. Dalton Mitchell, "Stewardship of Faith, Grace and Goodwill."

Mrs. Davis gave the benediction. Twenty-six attended.

International Group Honors Local Author

A special honor has been conferred on Mrs. Jessie Thomas, author of "Katydid."

Mrs. Thomaas has received an invitation to become an honorary member of the International Mark Twain Society. The bid was contained in a letter from Cyril Clemmens, president of the society.

The International Mark Twain Society, which headquarters in St. Louis, Mo., has been described as a sort of "league of nations for the arts." It maintains a library of works by its members in the library of Congress. It is a benevolent and non-commercial organization.

Honorary membership is not available to the general pubile but is conferred upon those entitled to recognition in the various field of endeavor, explained Clemmens. Thus, when it is awarded to an author, it is conferred in public recognition of his or her contribution to literature. The honorary membership is on a par with the top awards of the society.

Among the list carried on the letterhead is a roll of personalities which reads like a "Who's Who" in the field of arts.

For instance, chairmen of the various departments include: Edna Ferber, fiction; Carl Sandberg, poetry (the division in which Mrs. Thomas "Katydid" falls); Cornelia Otis Skinner, humor; Fritz Kreisler, music, Helen Hayes, theatre; etc.

Methodist Women Go To Meetings

Eight members of the First Methodist WSCS left this morning for Amarillo to attend meetings of the South Central Jurisdiction and the North Texas Conference.

They were Mrs. Orion W. Carter, Mrs. Jordan Grooms, Mrs. H. H. Stephens, Lucile Hester, Mrs. H. M. Rowe, Myrtle Eller, Mrs. Bernard Lamun and Mrs. Walter White.

The jurisdictional meeting will continue through Thursday and the Conference is on Friday.

Among the prominent speakers who will be heard are Mrs. W. M. Macleod of New York City, executive secretary of the United Council of Church Women; Dr. John L. Peters, executive vice president of World Assistance Inc.; and Dr. Matthews, son-in-law of E. Stanley Jones.

Mrs. J. D. Bragg will install officers.

Brotherhood Week Speakers To Appear On P-TA Program

Jack Y. Smith will be in charge of the program Wednesday of the Central Ward P-TA at the school at 3:30 p. m. The program will be in the form of a question box on the subject, "We Believe in Our Community."

A team of three speakers from Dallas, appearing here on National Brotherhood Week lectures, will also be on the program. they are Grady Spruce, W. J. Moser and Ronald Marks.

All members of P-TA units in the city and all Federated and other club members are invited to attend the program.

Mrs. W. N. Norred, president of the City Council of P-TA, will give a short talk on the founding of the organization. An executive meeting will be held at 2:45.

Hi-Y And Tri-Hi-Y Have Program Of Easter Devotionals

With the approach of the Easter season, the entire program of a joint meeting of the Hi-Y and the Tri-Hi-Y Clubs was given over to devotionals Monday evening.

The meeting was held in the St. Mary's Episcopal Church and the program was all planned by the members. Among those participating were Janice Nalley, Brick Johnson, John Lawrence, Jane Reynolds, Libby Jones, Robert Angel and Ann Gray. Emphasis was placed upon rising to make the most of today and to reach the highest capabilities within the reach of all.

Wacoans Visit Here

Mrs. Charles Wash and Deborah Ann of Waco are visiting relatives here and in Forsan. Their husband and father, a student at Baylor University, will join them here Friday and they will return home with him.

582

Summer "Cooler"

The coolest garment ever devised—and the easiest to make—is this cotton "tie-on-the-shoulder" summer dress. Pattern comes in sizes 4, 6, 8 and 10 year sizes; applique ballet girl of 5½ inches is in a transfer with all instructions on how to applique ballet frock over the transfer lines; flowers and features are embroidered. Make several of these inexpensive, quickly launderable frocks in pretty stripes, polka dotted cottons, in bright ginghams, in flower pastels.

Send 25 cents for the "TIE-ON-SHOULDER" DRESS (Pattern No. 582) tissue pattern, transfer ballet dancer, all instructions, YOUR NAME, ADDRESS, PATTERN NUMBER and SIZE to CAROL CURTIS

Big Spring Herald
Box 229, Madison Square Station
New York 10, N. Y.

Patterns ready to fill orders immediately. For special handling of order via first class mail include an extra 5 cents per pattern.

Community Center Is Discussed

Members of the Big Spring Federation of Women's Clubs, Inc., met in the home of Mrs. Hayes Stripling Monday evening to hear Dr. J. E. Hogan discuss the need for a community center.

Dr. Hogan also told the group how a center might be financed and how plans might be worked out.

Representing the community center project at the meeting were members of three Hyperion Clubs, Mrs. Dan Krausse, 1946; Mrs. Robert Whipkey, 1948; and Mrs. Norman Read, 1905.

Mrs. E. V. Spence was elected to represent the clubs on the Traffic Commission and Mrs. J. Gordon Bristow reported on the work of the Big Spring Concert Association.

Mrs. Bristow told the group that tickets for next season's programs will be delivered to them around the middle of April and members will have until fall to sell them.

It was announced that $4,178.03 had been deposited by the Federation in the First Federal Savings and Loan Association.

Pancake Supper Scheduled Tonight In Parish House

The annual Shrove Tuesday pancake supper will be prepared and served by the men of St. Mary's Episcopal parish this evening.

The public is invited and serving will begin at 5:30 in the parish house. The charge will be $1 per plate for adults and 50 cents for children.

The menu includes pancakes bacon or sausage, coffee and doughnuts.

The custom, which originated in England, traditionally ushers in the Lenten season which begins Wednesday.

Lectures Aid 6th Grade Pupils At Washington Place

Pupils of Mrs. J. R. Hale's sixth grade at Washingtos Place are getting information in their science and citizenship studies firsthand.

Most recent of various lectures presented by authories on the subjects was given by Bruce Frazier. He spoke on rocks and showed his rock collection.

Other speakers in the past have been Cecil Hamilton on aviation, G. A. McGann on weather, and Joe Pickle on citizenship. Others who will speak to the class in the future are B. M. Keese, Dr. P. D. O'Brien, Mrs. A. C. Kloven and John Coffey.

P-TA Study Group To Meet Wednesday

The study group of the Washington Place P-TA will meet from 2:30 to 4:30 p.m. Wednesday in the home of Mrs. A. C. LaCroix, 311 Princeton.

The meeting will be the first since the organizational meeting. The group will study the book, "Know Your Child From 6 To 12."

Scout Association Banquet Scheduled Wednesday Evening

W. C. Blankenship will be guest speaker at the Big Spring Girl Scout Association banquet Wednesday evening.

The annual dinner will be held at 7 in the High School cafeteria, Larson Lloyd, president, has announced. Yearly written reports of committee chairmen are due at the time.

Anna Smith and Arah Phillips are in charge of the program, whch also will include several musical selections.

Lutheran Concordia Ladies Aid Society Has Social Meeting

Mrs. A. H. Hoyer was hostess at the regular monthly social meeting of the St. Paul's Lutheran Concordia Ladies Aid Society in the educational building.

The afternoon was spent in sewing and in packing three boxes of clothing for Korean orphans and for the Lutheran Orphans Home in Winfield, Kan.

Refreshments were served to 15 members and three guests, Mrs. G. H. Budke, Mrs. Joseph Wiggins and Mrs. George Schneider.

Baptist Class Has Monthly Social

The monthly business and social meeting of the TEL Class of First Baptist Church was held Monday evening in the home of Mrs. C. E Richardson.

Mrs. J. L. Haynes presided over the business session and Mrs. W. E. Bates led the opening prayer. Mrs. Beatrice Mittel conducted the social hour.

Refreshments were served to 11 members and a guest, Mrs. Theo Andrews.

McDonalds Leave

Mr. and Mrs. Cecil McDonald left Tuesday morning for Plains and Brownfield to be at the bedside of their relative, Sherman Tingle, injured in the Plains explosion.

THIS IS GOOD EATING

SAVORY TOMATO CHEESE RABBIT

Ingredients: 3 tablespoons butter or margarine, 3 tablespoons flour, ½ teaspoon salt, ½ teaspoon dry mustard, ½ teaspoon curry powder, ¾ cup milk, ¾ cup drained canned tomato, 2 cups grated cheddar cheese (medium fine and lightly packed).

Method: In heavy saucepan over low heat, melt butter. Add flour, salt, mustard and curry powder; blend well. Add milk all at once and cook and stir over low heat until thickened. Add tomato and cheese and stir until cheese is melted; increase heat slightly if necessary to get rabbit very hot, but watch carefully to see that you do not use too much heat or cheese will get stringy. Serve at once over crisp saltines with the following menu. Makes 4 servings.

Note: The tomatoes drained from a 10-ounce can will give the ¾ cup needed in this recipe.

(Clip this for future use. It may conveniently be pasted on a recipe file card.)

Ranch Queen And Foreman Crowned At Western Dance

Carolyn Whitefield and Jackie Milam were crowned queen and ranch foreman of Ranch Week at Big Spring High School at a western dance held Monday evening in the Junior High gym.

The coronation ceremony was performed as the couple sat on wooden saw horses enclosed in an improvised corral. Jimmy Porter, member of the Student Council which is sponsoring the activities, presented the winners with western hats.

Decorations in the gym included an artificial campfire in the middle of the floor, brands placed at intervals and a cardboard figure of a life-size cowboy surrounded by tumble weeds on the stage.

Hoyle Mix and his band played for dancing.

Chaperones were Mr. and Mrs. Charles Weeg, Mr. and Mrs. Leslie Steward, Ione McAlister, Truett Vines, Mr. and Mrs. Whitely, Roy Worley, Mr. and Mrs. Bill Mattonen and Roy Baird and Mrs. Betty Lou Ratliff, sponsors of the student council.

About 300 attended.

Mrs. Pachall Winner Of Hairstyling

Mrs. Lillie Pachall will represent the local unit of the Texas Association of Accredited Beauty Culturists at the state-wide contest to be held in Dallas in March.

Mrs. Pachall won the right of representing Unit 24 by winning its annual hairstyling contest Monday evening at the Settles Beauty Shop. Her model was Mrs. Judy Kuykendall.

Other winners were Mrs. Opal Osborne, second, using Mrs. Odessa Wells as her model; Grace Coffey, third, with Barbara Devine as model; Fern Bedell, fourth, Evelyn Norris model.

The entries were judged on workmanship, adaptability to subject and originality. Judges were Mrs. Hubert Watkins, president of the Lamesa unit; Mrs. Verlee Hill, a director of the unit; Mrs. Velma Trammel, public relations chairman, Lamesa; and Felix Hocker, Amarillo.

Heston Kyle of Lubbock was a special guest.

Mrs. Ragsdale Is Named Committee Chairman At Meet

Mrs. Mary Ragsdale was appointed chairman of the ways and means committee when the BPODoes held an executive committee meeting Monday evening in the home of Mrs. Alice Gale.

Instructions in the duties of each office and committee were given.

Each member was asked to bring another Doe with her to future meetings. Several members of the local Drove will return a visit to the Midland Lodge Wednesday evening. Fifteen attended.

Group Makes Plans For Rush Week

Plans were made for rush season when the Mu Zeta Chapter of Beta Sigma Phi sorority met in the home of Margaret Roberts, 1100 Main, Monday evening.

The rush activitiees will begin with a covered dish supper Feb. 26 in the home of Jewel Rainhart. Rushees will be guests at an open meeting of the sorority March 2 and the preferential tea will be held March 22 in the home of Mrs. Elmer Giles. The installation ceremony will be held March 26.

It was announced at the meeting that $35.75 was made from the cake sale held Saturday. The money will be given to Girls Town.

Jessie Bell presided at the meeting and refreshments were served to 11.

Freemans Are Feted With Housewarming

Mr. and Mrs. J. E. Freeman and children were honored Monday evening with a housewarming in their new home, 2110 Johnson.

Hostesses were Mrs. D. L. Pettitt, Mrs. R. R. Hooper and Mrs. M. W. Rupp.

Gifts were presented the honorees and refreshments were served to 66.

1905 Hyperion Club

The 1905 Hyperion Club will meet at 3 p. m. Wednesday with Mrs. Larson Lloyd, 703 W. Park, instead of in the home of Mrs. Clyde Angel as previously announced.

CROUPY COUGHS* *due to colds relieved with FIRST SWALLOW of DR. DRAKE'S

Association Members Make Final Plans For Programs

The board of directors of the Big Spring Concert Association met Monday evening in the home of Dr. and Mrs. P. W. Malone.

Final arrangements were made for the two remaining programs of the concert season.

The San Antonio Symphony orchestra will appear Feb. 24 at 8 p. m. in the City Auditorium.

The program will include "Adagio from the Organ Toccata in C" by Bach-Ormandy, "Sleepers Awake," Bach-Ormandy; "Symphony No. 4," Tschaikowsky; "Prairie Night and Celebration Dance from Billy the Kid," Copeland; "Emperor Waltzes," Strauss; "Irish Rhapsody," Herbert.

Dr. Chonti, dean of the School of Music of North Texas State College, Denton, will present and eight-piano ensemble on April 13 for the concluding program of the season.

During the Monday meeting, nominations for new board members were made and ballots will be mailed to the membership.

Attending were Jimmy Beale, Mrs. Arch Carson, Mrs. K. H. McGibbon, Mrs. W. U. O'Neal, Mrs. Shelby Read, Mrs. Obie Bristow, Mrs. Vic Alexander, Mrs. R. B. G. Cowper and Mrs. R. W. Thompson.

'King Midas' Play Slated For Tonight

"King Midas Or The Golden Touch" will be presented this evening at 7 in the City Auditorium.

The production is the third of a series of Clare Tree Major Children's Theater plays to be presented here this season. Written especially for children, the plays are sponsored by the local chapter of the American Association of University Women.

Of Greek origin, the story of "King Midas" tells of an ambitious king who desires the knowledge of the gods. He is taught some of the gods' wisdom and is granted the wish for a "golden touch." However, when he finds that his food turns to gold when it touches his lips, he realizes that he doesn't want the touch after all.

Tickets are 75 cents for both adults and children.

Allgoods Announce Birth Of Daughter

Mr. and Mrs. Cherry Allgood of Seaside, Calif., have announced the birth of a daughter, Cheryl Jean.

The little girl was born Friday at 9:30 p.m. in Seaside. The baby's mother is the former Dorothy Jean Long of Big Spring.

Maternal grandparents are Mr. and Mrs. Cecil Long of the Lomax community and paternal grandparents are Mr. and Mrs. W. E. Allgood of San Miguel, Calif.

Legislators Puzzled On Tidelands Issue

WASHINGTON (AP)—Congressmen were puzzled and former President Truman had no comment today after Atty.-Gen. Brownell set Washington guessing on the Eisenhower administration's tidelands views.

Brownell yesterday said he believed Truman did not actually set aside the disputed lands as a Navy oil reserve in an executive order last month which purportedly transferred the lands from the Interior Department.

Some legislators said they were frankly puzzled by the Brownell statement and wondered what effect it would have on the long, drawn-out fuss over state-versus-federal control off the offshore lands, rich in oil.

The Navy said, meanwhile, it had taken no action which might prejudice a final decision on ownership of the lands which Truman ordered the Navy to administer as a "naval petroleum reserve."

Informants told the Associated Press they had been taking a second look at the Truman order to see whether it fully spells out all of the provisions required by previous congressional acts in setting aside lands as government oil reserves.

Rep. Willis (D-La), closely identified with the fight to give states title to the disputed lands, said he was uncertain just what Brownell's opinion means.

"Mr. Brownell has expressed an opinion that the Truman order doesn't constitute tidelands as a naval reserve, but unfortunately he has not thrown any light on the effect of his opinion," Willis told a reporter.

"I had hoped he would go a step further and say the order either should remain or be revoked.

"Regardless of the opinion's effect, however, one thing is sure and that is that action by Congress is in no wise affected. Congress can decide the question of title whether the land is a naval reserve or not."

Willis is a member of the House Judiciary Committee which was to open hearings today with Brownell as first witness.

Interior Secretary McKay and Navy Secretary Robert Anderson also are scheduled to testify.

Several Bills on Tap

President Eisenhower said in the campaign last year he would have approved a bill vetoed by Truman giving the states title to the offshore lands to the limits of their historic boundaries. This would be roughly three miles except in the case of Florida, Texas and Louisiana, which claim their boundaries extend three leagues or 10½-miles seaward.

Both Senate and House committees are studying various bills dealing with the question.

The Senate Interior Committee began hearings yesterday on a bill sponsored by Sen. Holland and 39 other senators to re-enact the bill vetoed by Truman.

'Man Of Year'

This is the grin with which bus driver Raymond J. Fricke, 44, greeted his passengers in Birmingham, Ala., after being named Birmingham's "Man of the Year." Fricke's friendliness to everybody with whom he came in contact, white and Negro, won him the honor. He was speechless when his selection was announced at an annual civic banquet. The honor always had gone to business and civic leaders in the past. (AP Wirephoto).

Lightning May Have Caused DC6 Crash

MOBILE, Ala. (AP)—A waterspout or a bolt of lightning may have knocked a National Airlines DC6 out of the sky into the Gulf of Mexico 44 miles southeast of here Saturday.

These were two of the theories being raised as civil aeronautics and airline investigators sought an explanation today for the crash that killed possibly all the plane's 46 passengers and crewmen.

A sea-air search for 29 missing was resumed at daybreak after darkness brought a halt last night.

Relatives and friends resumed the grim, slow task of identifying the mangled bodies of 17 dead brought here by the Coast Guard cutter Blackthorn yesterday.

Seven of the dead passengers were identified by Coroner Thomas B. Henderson:

J. W. Womer, 3015 Meuto Dr. Wichita, Kan.

Mrs. M. D. Graham, Port Neches, Tex.

F. A. Thomas, 4423 Manning Lane, Dallas, Tex.

R. B. Friedman, Miami.

Mrs. Alfred C. Bergman, St. Petersburg, Fla

Mrs. J. W. Womer, 3015 Meuto Dr., Wichita, Kan. (tentative).

Mrs. F. Solomon, Miami Beach, Fla. (tentative).

Mobile weatherman Bill Tilson suggested the possibility the plane could have hit a waterspout generated by changing weather conditions in the upper gulf.

Coroner Thomas B. Henderson said some of the bodies were burned without any further evidence of a general fire or explosion and this suggested the possibility the craft may have been struck by lightning.

Capt. E. J. Kershaw, vice president in charge of operations of National, suggested the plane could have encountered localized "tornado conditions" in flight.

Anti-Bribe Law Being Talked

PHILADELPHIA (AP)—A full-scale congressional investigation plus new laws designed to weed out gambling and bribery in amateur and professional sports have been demanded by top sports leaders.

A "vast infiltration" of gambling and bribery into sports was acknowledged by a nine-man committee created by a former U. S. attorney general which recommended methods of meeting the issue head-on.

Danes Seek Reason For Mutinies And Strikes In Army

COPENHAGEN (AP)—Danish military authorities questioned hundreds of soldiers today, seeking instigators of a wave of small-scale Army mutinies and hunger strikes against extension of the nation's draft term.

An Army announcement disclosed that some 600 men were involved in the demonstrations against the increase of their service terms—from 12 to 18 months—that broke out yesterday in six military centers.

More than 300 demonstrators mutinied at two South Danish garrisons and started to march on Copenhagen. The first group of 80 men from Soegaard were turned back by a fire-eating speech from their area commander.

Another 246 from the Hadersiev garrison in South Jutland were halted by civil and military police only five miles from their starting point.

U.S. PILOTS ASSERT

2 Russian Planes Started Air Fight

By WILLIAM C. BARNARD

TOKYO (AP) — Russian planes started that 10-minute air battle with American Thunderjets over Northern Japan yesterday, the U. S. Air Force declared today.

The two LA11 prop-driven fighters were intercepted about three miles inside Japan's aerial boundary off Hokkaido, an Air Force spokesman said.

Lt. Benedict A. Lacombe of Pineville, La., one of the U. S. pilots, said the intruders turned immediately and roared toward the Thunderjets, their machine guns firing.

Neither Thunderjet was hit.

Lacombe said he hit one of the Soviet planes and set it afire. Both LA11s fled toward the Kuriles, only 4½ miles from Hokkaido. Lacombe indicated the damaged plane may not have made it.

Lacombe and his wing man, 2nd Lt. James T. Holmes of Rye N. Y., said they didn't get close enough to determine the nationality of the intruding airmen. But they described them as "well-qualified, experienced pilots."

A Far East Air Forces spokesman said flatly that the first shots were fired by the Russian planes.

That touched off the first air battle between American and Soviet fighter planes over Northern Japan.

The skirmish opened up at 16,000 feet near Nemuro, a town situated on a cape jutting out from Eastern Hokkaido.

U. S. radar operators spotted the invading planes and guided Lacombe and Holmes toward them.

"We intercepted them as they bore south towards Nemuro," Lacombe said. He described them as "greenish black."

"They were flying at about 250 miles per hout but after contact was made, speeds went up to 400," Lacombe said.

"I maneuvered to get on the tail of the wing man. They were flying a widespread battle formation. They flew tight circles inside me and by the time I had one in my sights, they had made two more passes."

Lacombe said he got in one good burst "into the wings and fuselage" of the wing man.

"I could see the bullets rip into him," he said. "He began to smoke and the last time I saw him he was losing altitude. I can't say for sure if the plane went down or limped home."

The Thunderjets broke off the chase under their standing orders to avoid violation of Russian territory.

More Witnesses Due At Floyd Case Probe

ALICE (AP)—At least four more witnesses were to appear today before the special grand jury probing the assassination of a South Texas politican's son.

The investigating group resumed its probe yesterday after Dist. Atty. Raeburn Norris had been barred from the jury room by Dist. Judge C. Woodrow Laughlin.

Norris was the law partner of Nago Alaniz, one of two men charged with murder in the slaying of Jacob S. (Buddy) Floyd Jr., son of a prominent Alice lawyer and arch political foe of Boss George Parr.

Both Norris and Laughlin were backed by Parr in last year's primaries and elections and the slain youth's father said his son's slaying grew out of the election in which Laughlin defeated former Judge Sam Reams, also a Parr foe.

Before yesterday's barring, Norris already had disqualified himself as a prosecutor in the case. But he wanted to listen in yesterday while the grand jury delved further into the University of Texas law student's death.

The grand jury said he couldn't, marched to the Courthouse lawn, and conducted its conferences out of earshot of Norris.

Judge Laughlin then barred the district attorney from the jury room and it resumed its hearings there. Questioned were Herbert Skidmore and Juan Navejar, both of San Diego, Duval County seat and home of Parr.

Shortly after the grand jury moved to the lawn yesterday, five Texas Rangers showed up and nonchalantly hung around the Courthouse. Five Rangers in one group is an unusually large number to be seen at one time.

Judge Laughlin appointed Dist. Atty. Bill Allcorn of Brown County to substitute for Norris in grand jury sessions. Allcorn will prosecute the cases against Alaniz and Mario (El Turko) Sapet when they are tried on a change of venue in Brownwood.

Laughlin dismissed the jury recently before it had completed work on its calendar. The jury had previously indicted Laughlin on charges of defrauding Jim Wells County by selling it his law library for more than its worth. The judge bought the books back and the charges were dropped.

When he dismissed the jury, County Atty. Sam Burris asked the State Supreme Court to order the jury's reinstatement. But Laughlin reinstated the jury before the court could act, saying he had "reconsidered."

Yesterday's meeting of the jury was its first since it had been reinstated. The elder Floyd, Norris and Alcorn went into the grand jury room and a short time later, the group moved away from Norris and onto the lawn.

Man Is Given Five Years For Misuse Of Church Funds

FORT WORTH (AP)—Hal H. Cherry, 62, has drawn a sentence of five years in prison after pleading guilty to charges he misused $8,346.45 of church funds.

Cherry entered his plea to 11 indictments of forgery by indorsement of Central Texas Methodist funds. He was sentenced to five years on each charge but Judge Willis McGregor ruled the terms could run concurrently.

A 12th indictment against the food products manufacturer and church leader charging embezzlement of $6,450 of Methodist Church funds was dismissed.

The indictments, returned last September, accused Cherry of misusing the funds while serving as treasurer of the Minimum Support Commission of the Central Texas Methodist Conference.

McCarthy Is 'Fall Guy' At Meeting Of Saints And Sinners

WASHINGTON (AP)—Sen. McCarthy (R-Wis) was lampooned yesterday as the "fall guy" of the Circus Saints and Sinners, an organization devoted to fun and charity. He took it in evident good humor.

McCarthy was needled by professional actors for "lousing up" the day of Vice President Nixon by telling him President Eisenhower would live for 30 years. And he was pictured as putting agents on the trail of Sen. Taft (R-Ohio) because he had heard that Taft rooted for the Cincinnati Reds.

Pickets carried banners proclaiming McCarthy "unfair to punks" and "unfair to pinks."

The Saints and Sinners also made McCarthy a lifetime member, gave him a watch and handed him a check for a pet charity, St. Theresa Seminary in Burma.

Mahon Attends Lunch At The White House

WASHINGTON (AP)—House Democratic Leader Sam Rayburn said President Eisenhower's lunch for 17 members of Congress yesterday was "just a nice little social get-together."

"No business was talked at all," Rayburn added and said the main course was "nice Texas lamb chop."

Rep. Brooks (D-La) said the meal wound up with "good Louisiana coffee."

Other Texans at the luncheon, second in a series of bi-partisan bread - breakings, were Reps. Wright Patman of Texarkana and George Mahon of Colorado City.

Phone Workers In Dallas Cast Votes

DALLAS (AP)—Balloting continued here today among 4,000 union workers of Southwestern Bell Telephone Co. on a strike vote.

T. E. Webb, Texas director of the CIO Communications Workers of America, said, "a full-blown strike or arbitration will be decided in our balloting."

Traffic employes voted during three periods today. Plant, accounting and commercial employes voted yesterday.

Economic Council To Be Cut To One Man

WASHINGTON (AP)—Congressional sources predicted today President Eisenhower soon will send to Capitol Hill a plan to replace the three-man Council of Economic Advisers with a single White House economic consultant.

The tipoff came yesterday when the House Appropriations Committee turned down a request for $75,000 to finance the economic council and approved instead a $25,000 allotment to give the President an economic consultant.

AREA OIL

Wildcat Well In NW Dawson County Reported Completed

Payoff on area wildcats was brisk today. One completion was noted, and swabbing and potential tests were underway on two others.

Ponder No. 1 Lindsey, wildcat in northwest Dawson, pumped 155 barrels of oil on 24-hour potential. Stanolind No. 1 Smith, northern Howard wildcat, flowed 165 barrels of oil on the first 13 hours of potential test.

In northwestern Glasscock County, Cities Service No. 1-B Cross was swabbing oil. In 10 hours, 22.7 barrels of new oil had been recovered from the wildcat.

Another well, Superior No. 10-535 Jones in the Fluvanna area of Borden County, flowed 101 barrels of oil in 17 hours.

A wildcat location was recorded in northwest Howard about 2¼ miles southwest of the Vealmoor Field.

Borden

Superior No. 10-535 Jones, C NW SE, 535-97-H&TC survey, flowed 101 barrels of oil in 17 hours, and operator is still testing. Well has been cleaned out to 8,169 feet.

Dawson

Ponder No. 1 Lindsey, C NE NE, 109-M-EL&RR survey, had a 24-hour pumping potential of 115 barrels of 42 gravity oil from perforations at 8,566 to 8,571 feet. Oil was pumped after perforations were washed with mud acid. The gas oil ratio was too small to measure. Eighteen per cent of recovery was water. Suggested name for the discovery is Ponder Reef. The water table on the well is 140 feet higher than the water table in the Mungerville Pennsylvanian area. The wildcat is 1¼ miles northwest of Mungerville production.

Sun No. 1 Dean, C SW SW, 22-1-Poitevant survey, is reported at 6,566 feet in shale, where operator is taking a drillstem test.

Cyprus and Union No. 1 Goodson, C SE SE, 44-33-5n-T&P survey, reached 6,710 feet in lime and shale.

An amended location has been filed in the Welch field by Cities Service on its No. 1 Willis. It is 2,616.4 from north and 9,935.1 from east lines, 660 from southeast, of section 15, block C-38, PSL survey.

Glasscock

Cities Service No. 1-B Cross, C NW NE, 17-35-2s, T&P survey, swabbed 22.7 barrels of new oil in 10 hours, and operator is still testing. The wildcat is 19 miles north of Garden City.

Atlantic No. 1-45 Lane, 660 from south and west of lines, 45-36-T&P survey, flowed 131.51 barrels of 37.-3 gravity oil in 24 hours from the Spraberry Trend area. Flow was through a ¼-inch choke. Gas-oil ratio was 620-1, top of pay is 6,780, total depth is 7,671, and the seven-inch oil string is bottomed at 6,773 feet.

Sinclair No. 1 Cox, SE SE, 32-33-4s-T&P survey, is at 6,800 feet in lime, and operator is waiting on orders.

Cosden No. 1 Hanson, C SE SW, 46-36-tsp. 4-south, T&P survey, is running Lane Wells to total depth of 6,707 feet. After completion of Lane Wells, operator will run 7-inch casing.

Howard

Stanolind No. 1 Smith, C NW SW, 45-31-4n-T&P survey, is now taking potential test. In 13 hours, the oil flow totaled 165 barrels, with no water. Flow is through a 14-64-inch choke. The wildcat is 2⅝ miles west of East Vealmoor production and four miles southeast of Vealmoor production.

B. L. McFarland and Texas Crude No. 1-35 Mildred M. Jones, is a wildcat location about 2½ miles southwest of the Vealmoor field. It will be 660 feet south and east of lines, section 35, block 33, tsp. 3-north, T&P survey. The well will be drilled by rotary to 8,500 feet.

Sun No. 2-A Jones, 990 from north and east of lines, southwest quarter, 10-26-H&TC survey, is down to 860 feet in lime, where operator is waiting on cement and moving in cable tools.

Cosden, Coffield and Guthrie, No. 1 Pauline Allen, C SE SE, 57-20, LaVaca survey, is drilling at 1,769 feet.

Martin

Hamon No. 1-B University, C SE SE, 12-7-12 UTL survey, drilled to 1,243 feet in the lower Mississippian lime.

Pan-American No. 6 Breedlove, 4,620 from south and 660 from east of lines, league 258, Briscoe CSL, got to 321 feet, where operator is waiting on cement.

Gulf No. 4-B Glass, 1,980 from north and 660 from west of lines, 20-28-1n-T&P survey, drilled to 280 feet in redrock.

Phillips No. 1-C Schar, 1,320 from south and 700 from west lines of lease, league 324, LaSalle CSL, is reported at 11,951 feet.

Mitchell

Sun No. 1 McCabe, C SE SE, 225-1A-H&TC survey, reached 6,805 feet in lime and shale.

Humble No. 1-B Coleman, 2,080 from north and 660 from east of lines, 77-79-H&TC survey, drilled to 3,278 feet in lime.

US Fliers Step Up Airlift Of Supplies To Iran Town

TEHRAN, Iran (AP)—American fliers stepped up their mercy airlift of food, clothing and medicine today to the earthquake-crumbled mud town of Torroud, where an estimated 800 to 1,400 Iranians died last week.

Two more C47's from the U. S. air base at Dhahran, Saudi Arabia, joined the plane from the U. S. Embassy here in which the Embassy's naval attache, Cmdr. Eric Pollard, already had made two supply-dropping trips to the stricken site 200 miles northeast of Tehran.

The pilots planned to drop supplies in special containers on Torroud, then land at Shahroud, the nearest airstrip 90 miles from the quake site, to pick up injured for transfer to Tehran.

As the task of digging bodies from the flattened town continued, decaying bodies threatened to create a serious health hazard.

The correspondent of the newspaper Etelaat reported 880 persons were killed in the upheavl last Thursday—300 women, 320 men and 260 children. Other sources have put the toll as high as 1,400 dead.

Rescue workers, including members of the U. S. Point Four mission and representatives of the American Red Cross, struggled to restore wrecked water supply canals and to care for the sick and injured.

Trio Of Recent Burglaries Solved By Arrest Of Youths

Three recent burglaries, including the $600 break-in at the Saunders Company, were solved Monday with the arrest of two Latin American youths, according to city police.

The two boys, aged 15 and 16, were picked up on information secured from another youth, also 16, taken into custody Saturday night, Detective Claude C. Aaron reported.

The officer said the boys admitted breaking into Derington Auto Parts Company, the Massey-Harris Tractor Company, and the Saunders plumbing supply warehouse. A ton of lead, valued at $600, was stolen from the plumbing concern.

Aaron said a warrant has been issed for a Big Spring man who purchased the lead from the youths. He quoted the boys as saying they received $83 in exchange for the material.

Nothing was stolen from the Derington establishment, although a soft drink machine was damaged. Two toy tractors and spreaders were taken from the tractor house.

The youths told of carting the 2,000 pounds of lead away from the Saunders Company building in a wheelbarrow. The lead was loaded into an automobile about a block away from the establishment.

Disposition of the youths will await completion of the investigation and apprehension of the man accused of buying the lead, officers said.

One Person Hurt Slightly In Mishap

One person was injured slightly in a traffic accident at Fourth and San Antonio early today.

Peggy Franklin, 206½ NW 3rd, was taken to Cowper Hospital for treatment. She is reported shaken up but has no bones broken. Both Eberley and Nalley ambulances were called to the scene.

Police said Mrs. Franklin was injured in a wreck which involved cars driven by Frank Zolton Kouch, Webb Air Force Base, and Allen Clinton James, 204 Mt. Vernon. The mishap occurred about 12:10 a.m. today.

Three wrecks were reported in the city Monday afternoon and evening. Frances Louise Rice, 1001 Main, and James Lawrence Cooper, 1701 State were drivers of cars in collision at Third and State about 4:30 p. m., said police.

Officers reported James Bailey, general delivery, and William Lawrence Casor Jr., Box 1585, were operators of vehicles in collision at 710 Lamesa Drive about 7 p.m.

A mishap at Fourth and Gregg about 9 p. m. involved cars driven by William Merl Burnett, Trail's End Lodge, and J. L. Bratton, 509 W. 4th, according to police reports.

Three Men, Woman Held In County Jail

Three men and a woman were in county jail today pending investigation of alleged misconduct. One of the men has been charged with theft over $50 and the other three were not charged this morning.

Bill Pelley, who was arrested in Midland on a warrant from the local sheriff's department, is charged with theft in Peace Justice Cecil Nabor's court.

Another man was arrested in Midland with Pelley, and a man and woman were arrested in Big Spring later. Pelley had a large amount of clothing with him on arrest, officials said.

To Denver Hospital

Wanda Rose Brown, two-year-old daughter of Mrs. Nelda Brown, left by air for Denver, Colo., for treatment in a chiropractic hospital. She was accompanied by her mother. Others making the trip were Dr. Frank L. Dorsey and Cecil Hamilton, the pilot of the plane.

Mamie Urges Nation To Buy Savings Bonds

WASHINGTON (AP)—Mrs. Dwight D. Eisenhower called on the women of America yesterday to use their influence in persuading families not now participating to adopt the plan of buying a savings bond a month.

She did so in a statement, the first formal one she issued since her husband became President, in connection with a reception for 100 members of the National Women's Committee for the Sale of Defense Bonds.

"The women of America have never failed to respond to their country's call and I am sure they will join in making this campaign a success," she said.

Man Convicted Of Shooting Wife Can Collect Her Estate

HARTFORD, Conn. (AP) — When James G. Plunkett gets out of State Prison, maybe in three years, he can claim the $279,888 estate his wife left him in her will.

He's serving a five to eight-year term because he fatally shot her Nov. 1, 1949.

Plunkett was indicted for second degree murder but was convicted of manslaughter. Since he was convicted of the lesser charge he is entitled to the inheritance, the Connecticut Supreme Court ruled yesterday.

Trousers Stolen

A pair of trousers left on a clothesline was the only item reported stolen here last night. L. W. Walker, 311 NW 10th, reported loss of the clothing.

Trial For Odessan Slated For Today

Examining trial for Roy Parks of Odessa, charged with sodomy, was scheduled to be held this afternoon.

Parks was arrested Sunday night on warrant signed by Sheriff Jess Slaughter. He is charged with unlawfully molesting a 9-year-old boy.

Arrest was made after the boy's parents asked Slaughter to investigate.

Contract Is Awarded

Contract for furnishing venetian blinds for numbers of buildings at the Webb Air Force Base has been awarded to Hall Shade & Awning Company of Big Spring. The company submitted low bid of $2,310.-30 for furnishing and installing the blinds.

THE WEATHER

Sun sets today at 6:34 p.m., rises Wednesday at 7:26 a.m.

SOUTH CENTRAL TEXAS: Cloudy to partly cloudy a little colder extreme south and near the coast Tuesday and Tuesday night. Wednesday cloudy and warmer. Occasional rain extreme south in afternoon or night. Moderate to fresh northerly winds on the coast diminishing and becoming southeasterly Wednesday.

NORTH CENTRAL TEXAS: Generally fair and cool Tuesday. A little warmer north portion Tuesday night. Wednesday partly cloudy and warmer.

WEST TEXAS: Generally fair and a little warmer Panhandle, South Plains and upper Pecos Valley Tuesday and Tuesday night. Wednesday partly cloudy and a little warmer.

MARKETS

LIVESTOCK

FORT WORTH (AP)—Cattle 2,200; calves 600; steady except fed steers and yearlings here today; fed beeves were slow and heavy steers ruled about 50 cents-$1 lower for two days; good and choice slaughter steers and yearlings $18-$23; common and medium $13-$19; beef cows $14-$16; good and choice slaughter calves $30-$34; common to medium $13-$19; steer calves $16-$23; stocker yearlings $22.50 down; stocker cows $13-$19.

Hogs 400; butcher hogs steady to 25 higher; sows steady. Choice 190-270 pound butchers $21.00-25; choice 155-180 pounds $18.50-$20.75; sows $16-$18.50.

Sheep 3,000; slaughter lambs steady; spots lower; other classes steady; few good and choice wooled slaughter lambs $21; choice No. 1 pelt slaughter lambs $20; good and choice fresh shorn No. 2 pelt slaughter lambs $19.00-50; utility and good shorn slaughter lambs $18.50; shorn slaughter yearlings and 2-year-old wethers $16.50; good shorn 2-and-3-year-old wethers $15; fresh shorn cull slaughter ewes $7; other cull ewes $5; medium and good wooled feeder lambs $17-$19.

COTTON

NEW YORK (AP)—Noon cotton prices today were 20 cents a bale higher to 30 cents lower than the previous close. March 32.02, May 33.04 and July 32.40.

WALL STREET

NEW YORK (AP)—The stock market was mixed today at the opening with a slight leaning to the downside.

The lower tendency in today's market was quite similar to that encountered yesterday when a broad steadiness developed into late weakness that eventually turned the entire list lower.

Price changes today were almost entirely in the smaller fractions.

Bodies Of Crash Victims Recovered

Crewmen of a U.S. Coast Guard patrol boat engaged in the grim task of picking up bodies from the Gulf of Mexico, 15 miles from Mobile Point, Ala., where a National Airlines Tampa-to-New Orleans plane crashed Feb. 14. All hope is being abandoned for any survivors of the 46 passengers and crew. Seventeen bodies were recovered and four empty life rafts were found. (AP Wirephoto).

Curious Race Winner Causes Bit Of Trouble

OLNEY, Eng., (AP)—Mrs. Isobel Dix, fleet-footed, 23-year-old housewife, won the annual Shrove Tuesday pancake race to the door of the parish church today and a moment later stirred up a bit of religious controversy in this old market town.

A Roman Catholic, she refused to enter the Anglican church for the pre-Lenten shriving service which immemorially has been a part of the town's curious race.

She struck a compromise with the flustered vicar, the Rev. Ronald W. Collins, by agreeing to sit on the church porch wile the service went on within.

In the excitement of events following the finish it was not appreciated for a moment that Mrs. Dix had established a new record for the 415-yard course, one minute 7.2 seconds—a mark which will be shot at later today by women of Liberal, Kan., when they try to beat the Olney women in the annual race.

Mrs. Dix, flipping a pancake in a skillet along the route, beat the previous record for the course by eight-tenths of a second.

The Olney pancake race is believed to have originated in the 15th Century when a woman heard the church bell ring while she still was frying a pancake and in her excitement she made a dash for the church with the pancake skillet in her hands.

It became an international event four years ago when the women of Liberal started racing over a similar course for a silver skillet, which has become a trophy of the competition.

The religious problem did not arise after Mrs. Dix' two previous victories since this was the first year the vicar made a point of the winner taking part in the church service, an ancient part of the curious race.

"Mrs. Dix is not disqualified. We came to a suitable compromise," he said, "but there will be no compromise next year."

HOSPITAL NOTES

BIG SPRING HOSPITAL

Admissions — Jim Chesnut, Strawn; Mrs. Myrtle Cline, Knott Rt.; Charles Reynolds, Odessa; Mrs. Rhoda Hutcheson, 508 Virginia; J. A. McGee, 707 Douglass; Fred W. Cook, Odessa; Tom Cantrell, 400 Goliad; Mrs. Sam A. Posey, City; Howard Kerr, City; Ronnie Clanton, Gail Rt.

Dismissias — Mrs. Clyde Barber, Odessa; Fred Cook, Odessa; Harry Lester, City; W. G. Cole, 1001 E. 13th; W. B. Haltom, Palestine.

Storm Sewer Report To Be Heard Tonight By City Commission

City commissioners are to hear a report on engineering work for a new storm sewer network at their weekly meeting this afternoon.

S. C. Cooper, Lubbock, of the Parkhill, Smith & Cooper firm of consulting engineers, will report on preliminary studies being made to determine how best to handle Big Spring's drainage problems. The firm was retained to prepare a sort of "master plan" for storm sewer development.

Sections of the city where drainage problems are most critical at present probably will receive most of the commission's attention this afternoon. The meeting is set for 5 p.m. at City Hall.

Man Convicted Of DWI At Colo. City

COLORADO CITY, — James Weldon White, 29-year-old oil field worker, was found guilty of driving while intoxicated by a jury in 32nd District Court, Monday.

White was a resident of Colorado City when the alleged offense was committed and was arrested by Colorado City police Dec. 6, 1952. He was convicted previously of the same offense in Ballinger, Nov. 17, 1951, and was fined $100 and costs.

The jury sentenced White to four years in the penitentiary and recommended that the sentence be suspended, which was done.

EISENHOWER

(Continued From Page 1)

consideration at all? Eisenhower replied that they are, he supposes, under consideration in several departments. He did not elaborate.

As for the statement of the recently retired U. N. commander in Korea, Gen. James Van Fleet, that a U. N. offensive could succeed now, Eisenhower said mildly that the responsibility in matters affecting broad policy does not rest in a field commander. He added that Van Fleet, a West Point classmate of his, will be coming to see him shortly.

On taxes, Eisenhower avoided direct mention of yesterday's vote by the House Ways and Means Committee to cut personal income taxes July 1. The President said tax cuts must come but should be dferred until a balanced budget is in sight.

Eisenhower said he has no intention at present of asking for standby wage and price controls. But he said he would call on Congress quickly for new control authority if prices get out of hand or if there is price gouging. The President said he would be deeply disappointed if any such gouging occurred.

He declined to be drawn into the controversy over whether President Truman exceeded his authority in sending American troops to Korea. He said with a laugh that he has a hard enough time trying to solve his own problems without rehashing the decisions of past administrations.

But in general, he said, while great emergencies may require independent action by the executive, in normal times normal procedures such as full consultation with Congress should be employed.

The attendance compares with a record of 347 for a presidential news conference—set at the first meeting President Truman had with reporters.

However, the White House had taken steps to limit the attendance at today's meeting. It barred most of the government public relations men, always a sizeable group at previous presidential news conferences.

As it was, some reporters were unable to get in today. The doors of the conference room were closed at 9:10 a.m. (CST)—20 minutes before the start of the conference.

At the outset, Eisenhower—natty in a blue business suit with blue shirt and blue figured tie—told the newsmen he welcomed the opportunity to meet with them. He remarked that he had many old friends in the gathering.

He said, too, that he was looking forward to many more news conferences during the next four years and they would be conducted on the same basis as heretofore under the Truman and Roosevelt administrations.

Then he immediately departed from the usual custom by saying he had four or five subjects he wanted to discuss before any questions were put. He proceeded to talk about farm policy, taxes, the atomic bomb, economic controls and secret international agreements.

The President also broke tradition when at the end of about 32 minutes he announced that the first news conference was over.

The tradition has been that presidential news conferences end when the senior regular White House correspondent speaks up, "Thank you, Mr. President."

Eisenhower appeared to be at ease throughout, answered all questions put to him without a single "no comment."

Mr. and Mrs. Brown Rogers had as their week-end guests, Mr. and Mrs. Gilbert Boren, of Midland.

FARM

(Continued From Page 1)

state but has long been a close Eisenhower advisor.

Aiken said after he left the White House, that Eisenhower would make a "good statement" on the farm price situation at his news conference.

Eisenhower told the conference that, in one move to improve the situation, the armed services are being urged to maintain maximum purchases of beef to help keep its price from declining further.

Eisenhower recalled that he pledged during the campaign to support the present law providing for government price support of basic farm commodities at a minimum of 90 per cent of parity. He said he intends to keep that pledge. Parity is a price deemed fair to the farmer in relation to the cost of things he must buy.

The current law expires at the end of next year. The President noted that a study committee has already been appointed to work with the Agriculture Department in planning a farm program for the period beyond 1954.

Whatever new program may be adopted, Eisenhower said, should represent the thinking of Americans, including consumers. He talked of "as broadly based a program as it is possible to get."

Aiken said his committee probably would discuss the over-all problem at a closed meeting tomorrow. But he added that a lot of preparatory work would have to be done before any change in the basic legislation on price supports could be considered.

Home Was Never Like This

Goldie the lioness looks down a suddenly deserted street (top) after escaping from her cage in the midst of a Hamid Morton Circus matinee at a downtown auditorium in Memphis, Tenn. Bewildered by traffic and the uproar of the crowd she turned back to the auditorium (bottom) and was easily recaptured. Another lioness that escaped at the same time also turned back to captivity. (AP Wirephoto).

Court Justice Won't Open Up Jelke Trial

NEW YORK (AP)—A State Supreme Court justice today refused to order General Sessions Judge Francis L. Valente to open the Minor Jelke vice trial to the public and press.

Justice Benjamin F. Schreiber held that the Supreme Court "has no right or power" to decide whether the judge "should or should not have ordered the exclusion of the public and press" from the trial.

* * *

NEW YORK (AP)—A fourth cafe society play girl was slated to testify today at the closed vice trial of margarine heir Minot F. (Mickey) Jelke.

The girl, a witness for the state, was not identified.

Meanwhile, a State Supreme Court justice was expected to hand up his decision today on a petition filed by eight news media seeking to open the General Sessions Court trial to the public and press.

Jelke, 23, scion of a socially registered family, is charged with forcing 19-year-old Pat Ward and two other young women to become prostitutes and with living off Miss Ward's earnings.

Miss Ward testified most of last week and two other alleged call girls—not the two named in the indictment—took the witness stand yesterday.

The two who testified yesterday, both material witnesses in the case, are former television bit player Barbara Harmon, 31, a blonde, and Virginia Dee, a brunette, whose age was given as either 19 or 21.

Attorneys involved in the case last week gave newsmen considerable detail on Miss Ward's testimony but yesterday the lawyers said little.

Defense Attorney Sam Segal commented: "Nothing startling—nothing sensational. . . .they (the prosuectors) are just trying to build up corroboration. . . .to make out their case."

Details of the testimony by Misses Harmon and Dee were not disclosed.

The state has alleged Jelke sent Miss Ward to Miss Harmon for coaching on cafe society vice behavior, coaching that allegedly put Miss Ward in the $50-to$100-a-night call girl class.

Miss Dee allegedly worked at one time for procurer Robert Merritt, who is awaiting sentence after pleading guilty to vice charges. Merritt and Jelke reportedly were acquainted.

Judge Francis L. Valente last week ordered the press and the public from his court room during the state's presentation of its case.

LEGISLATURE

(Continued from Page 1)

so the industry can charge higher prices and make enough money to show the revolutionary new "three-dimensional" pictures.

The innovation of three-dimension pictures or movies which give the illusion of three dimensions has put the industry "in the same position we were in when we went from silent to sound pictures," said O'Donnell.

He estimated it would cost operators 15 to 25 thousand dollars to equip theaters for display of films which give the audience three-dimension impressions. He said the first of these films, a jungle picture, is so realistic "the audience jumps" when a savage throws a spear.

Central theme of O'Donnell's performance was "eliminate the present state tax on theater admissions in the 51 cent to 1-dollar bracket."

A bill to regulate watchmakers was sent to a Senate subcommittee after it was called a threat to production of Mickey Mouse watches.

The state affairs committee instructed its study panel to report back in one week.

Henry Doscher, representing United States Time Corp., Abilene, told the committee the bill's effects on his Abilene plant "worried" him.

He said the plant hires 380 employes in assembly-line production of Mickey Mouse and Hopalong Cassidy watches. Only about four of them are watchmakers, he said.

He said he didn't know if the bill would be amended to safeguard his plant's future or not.

Watchmakecs told the committee the bill was not designed to put anybody out of business.

"It gives the public more assurance of high grade work," said Lucian Thomas, Lubbock, state president of the Texas Watchmakers Association.

Firemen and policemen lost in Senate committee today their fight to appeal to District Court from demotions ordered by a Civil Service commission.

The Civil Jurisprudence Committee voted, 5-4, against the measure.

Notice was given of minority report. That means the Senate may vote to take up the bill if proponents can muster the necessary majority vote within 10 days.

THIEF HAS A LOT OF FISH

HOUSTON (AP)—Police had reason to believe the theft report was a bit fishy.

A. B. Travathan Sr., 60, today reported 2,014 tropical fish had been stolen from a pond at his home. Travathan said he valued the fish at $1,073.

Turbo-Prop Airliner Crosses The Atlantic

MONTREAL (AP) — A four-engine British turbo-prop airliner—sample of a type scheduled to fly air routes next year between Canada and the United States—landed at Montreal last night. It was the first transatlantic flight by a civilian jet-powered plane.

Unlike true jets, the 40-seat Vickers-built Viscount uses jet power to drive four propellers. It has a longer range than a fully jet-powered plane but not as much speed.

The plane is scheduled to undergo cold weather tests in Canada.

Maryland Not Quite Big Enough To Take On Soviet Russia

ANNAPOLIS, Md. (AP)—The state of Maryland isn't going to "take on" big Russia, not just yet anyway.

The State Senate last night turned down by a 15-12 margin a bill that would have excused all foreign diplomats except those of the Soviet Union from paying the state's 2 per cent auto-titling tax.

Both Democratic and Republican floor leaders urged the measure. Asked if an "aye" vote would mean war between Maryland and Russia, Democratic Majority Leader Goldstein replied: "I hope so. I wouldn't be a bit reluctant to go to war to fight Russia if we had to right now."

Flanders Urges US Recognize Red China

MONTREAL (AP) — U. S. Sen. Ralph E. Flanders, Vermont Republican, said last night that Communist China should be admitted to the United Nations "if she will come out from behind the curtain."

"All the precedents in diplomacy say that no matter how much we dislike her form of government, we shouldn't refuse China admission to the society of nations because she is Communist," he declared in an address to the Society of Friends (Quakers) here.

Denationalization Of British Railroads, Truck Industry OK'd

LONDON (AP)—The House of Commons gave its final okay last night to the second major repeal of the former Labor government's nationalization program — a bill to denationalize Britain's trucking industry and decentralize the nationalized railroads.

Acting only a few months after Parliament voted to denationalize the steel industry, Commons approved the Conservative government's transport measure 296-257 on its final reading. The bill now goes to the overwhelmingly Conservative House of Lords, where it is expected to meet little opposition.

Jury Selection In Horsemeat Trial Slated For Today

KERMIT, Tex. (AP)—Selection of a jury to try Tom Gordy for selling horse meat for human consumption went ahead today.

Gordy, owner of the Kermit Provision Co., supplied meat to markets in Kermit, Midland, Odessa, Lubbock, Big Lake, Monahans, Pecos, Seminole, Andrews, Crane and smaller West Texas towns.

He has been free on $1,000 bond since Feb. 2.

The violation is a misdemeanor and if convicted Gordy would be subject to a fine of $1,000, a two-year jail sentence, or both.

A request from Defense Atty. Murray Howze for a 30-day continuance was denied yesterday by County Judge W. E. Cook. Howze claimed he had not had time to prepare for trial.

Areas Of Midwest Get Snow, Icy Air

By The Associated Press

Skies cleared and temperatures dropped in the storm-swept central part of the country Tuesday. A blast of icy air moved into northern Midwest areas.

The storm that left from 3 to 8 inches of snow in parts of the Midwest moderate as it moved eastward. Light snow fell in eastern and northern parts of the Great Lakes and in the northern Appalachians. As the storm moved eastward, falls decreased to generally an inch or less in Pennsylvania.

Readings were below zero across the Upper Mississippi Valley.

Stolen Auto Found Southwest Of Here

An automobile stolen in San Angelo Sunday night has been recovered near Big Spring.

Sheriff's deputies this morning found the car, a late-model Ford, abandoned on the old San Angelo highway southwest of Big Spring. The machine apparently had been parked Monday. It was locked and officers were unable to determine immediately if the vehicle was in running condition.

Paris Votes Today On Change Of Govt.

PARIS, Tex. (AP)—Paris citizens voted today on a proposal to change their form of government from manager-council, to mayor-alderman.

If the proposal for a new charter carries, a panel of 15 citizens will draw it up. Another election then would be held to ratify the new charter.

AUDIE MALONE

Malone Bought By Carlsbad

CARLSBAD, N. M.—Audie Malone, who spent last season with Roswell, has been acquired by the Carlsbad Potashers from Roswell by purchase.

Malone won 12 games and lost 14 for Roswell. He previously was with Vernon, having been sent there from Denver.

He has been in Organized baseball for two seasons.

TCU And SMU Clash Tonight

By CLAYTON HICKERSON
Associated Press Staff

Texas Christian, Southwest Conference defending champs, can get a share of the lead Tuesday night with a win over Southern Methodist in a game at Fort Worth.

The Christians will be heavily favored over the one-time winner Methodists in the game, one of three involving conference quintets Tuesday night.

In the other games—both in Houston—Baylor plays Rice and Texas A&M takes on the University of Houston.

The bayou battling will mark Baylor's effort to get back in the win column after last week's disastrous plunge from conference leader to fourth place.

A win for A&M, on the other hand, would only let the Cadets improve but slightly a dismsal six-won, eleven-lost season record at the expense of the Missouri Valley Conference quintet.

In a game that meant exactly nothing in the race for the championship, big Walt Kearns' did some fancy country shooting Monday night to pace his Arkansas Razorbacks to a loop win over Texas A&M, 66-46.

Plan To Outlaw Nets Is Fought

AUSTIN (AP) — Commercial and sports fishermen battled last night over a bill that would knock out use of nets in the Laguna Madre waters of Cameron County.

The House Game and Fisheries Committee heard 3½ hours of argument, asked numerous questions, then delayed action until a five-man subcommittee can make an on-the-spot study of the problem. The committee is to report in two weeks.

Several representatives volunteered for the subcommittee, declaring themselves anxious to find out personally whether commer- Madre for the pole-and-line sports enthusiast.

Bearkats Nip Flock To Gain Playoffs

Bryant Harris Paces Scorers

GARDEN CITY — The Garden City Bearkats moved into a tie for first place in District 23-B basketball standings by subduing a scrappy Sterling City team, 47-42, here Monday night.

The playoff for the title opens in Forsan at 7:15 o'clock this evening. Second game of the series with the Buffs will be played at 7:30 o'clock Thursday in Garden City. If a third game is needed, it will be unreeled Saturday night at an undetermined site.

Garden City had to go all out to topple Sterling but a third period rally paved the way. The Kats left the court at half time leading by only two points.

In the third round, they built up an eight-point advantage.

Sterling City had led on three occasions early in the game, thanks to a mighty effort on the part of Don Glass. Glass tossed in 16 points during the game for Sterling.

That was more than offset, though, by the Bearkats' Bryant Harris' 20 points. Bobby Frizzell counted 18 points for the winners.

Sterling City's girls won, 49-44, in another game while the Garden City B team (boys) eked out a 16-13 verdict, with Richard Carter's seven points setting the pace.

Theora Calverley led the Garden City girls with 18 points, the same for Sterling. In that one, Sterling margin which Wynona Blair scored led at half time, 36-35.

STERLING (49)	FG	FT	PF	TP
M. Blair	3	2	3	8
E. Blair	0	1	4	1
D. Blair	3	3	3	7
Smith	3	3	0	9
Olsen	7	2	4	16
Cole	0	1	1	1
Totals	16	12	16	42
GARDEN CITY (47)	FG	FT	PF	TP
Bednar	0	2	3	2
Harris	7	6	3	20
Frizzell	7	4	2	18
Calverley	1	1	3	3
Rich	1	0	1	2
Carter	0	2	0	2
Totals	16	15	13	47

Bacardia Signed To Roswell Pact

ROSWELL, N. M.—Roland Bacardia, a rookie pitcher from Cuba, has been signed to a contract by the Roswell Rockets.

Manager Pat Stasey plans to leave in late March to pick up his Cuban players. He has booked an exhibition game in Lake Charles, La., April 3 and one at Big Spring April 6. The team will also play in Carlsbad April 8, before returning home.

A newer bus has been purchased by the team for use this year.

Bacardia, a righthander, will join a mound staff that already consists of Andy Alonso, Bert Estrada, Aramis Arencibia and Enrique Gonzales, an ex-major leaguer.

Roswell's exhibition schedule:
April 3 — At Lake Charles, La.
April 6 — At Big Spring.
April 8 — At Carlsbad.
April 9 — Carlsbad at Roswell.
April 12 — Big Spring at Roswell.
April 13 — Roswell at Walker AFB.
April 14 — Albuquerque at Roswell.
April 17 — WAFB at Roswell.
April 18 — Kirtland Field at Roswell.

Dusters On Road

Webb Air Base's Dusters are in Mineral Wells, where tonight they meet Wolters AB in a Southwest AF Conference basketball game.

Jack Kist, baseball and football coach at East Stroudsberg (Pa.) High, has been named a scout for the St. Louis Browns.

LOOKING 'EM OVER

With Tommy Hart

Needless to relate, the Big Spring High School footballers—those who will be back this fall—are already thinking about ways to cope with a problem that will confront them the night of Sept. 25.

ED DUDLEY

The problem will have no direct bearing on the District 1-AAA race but the manner in which they challenge it could make or break them in the district wars to come. The hurdle is Pampa, a perennial toughie in District 1-AAAA, a team that has lost but three games over a period of two years.

If they can get by the Harvesters, there's no reason why they shouldn't vanquish any other team on their schedule. If the Harvesters set them on their heels, it's possible their confidence will have suffered grave wounds which could make them easy prey for 1-AAA clubs.

What kind of team is Pampa going to field?

That's a complex question, but Coach Tom Tipps can always be counted on to get the most out of his material. He's famous for it.

In a note to this writer recently, Tipps wrote:

"I understand Carl (Coleman) expects to have one of his finest teams at Big Spring this fall. I hope we are able to give you a good game."

You can be certain, despite his modest approach to the subject, Tipps will expect victory in the game. Tipps conveys the idea to his boys that it's bad enough to lose to another AAAA club, but downright disgraceful to be beaten by a AAA team.

* * * *

TEAM WILL BE BUILT AROUND ED DUDLEY

Of the 32 boys Tipps carried on his squad last year, 18 will be wearing Pampa grid toggery again next autumn.

Only four of that group were considered regulars, however. Three of the lads returning are backs, the other a guard.

One of the four veterans who will line up against Big Spring is the brilliant Ed Dudley, a 170-pound left halfback, one of the best backs in 1-AAAA circles last fall.

Dudley is probably as good a back as the Steers have faced since Byron Townsend used to roam the range for Odessa High School.

Other holdover backs are Quarterback J. N. Wright, a 150-pounder; and John Darby, the other half, who will come in at about the same weight.

The lone forward returning for the Harvesters is Alton Flynn, 155-pound right guard.

* * * *

BUDDY COCKRELL WILL NOT BE AROUND

Tipps may find it hard to replace Buddy Cockrell, his great, 200-pound right tackle, said to be one of the top linemen in the state last year.

Others who will be gone are Ends Jimmy Martindale, 168; and Lee Frazer, 140; Tackle Dick Qualls, 180; Guard Bill Pippen, 168; Center Tommy Sells, 203; and Fullback Dave Enlow, 148.

Campaigning to fill the shoes of the departed will be such boys as Bobby Wilhelm, 148; and Harold Lewis, 168; both backs; Dick Graham, 145; and James Hawkins, 154, both centers; Ray Fitch, 154, guard; Gene Beaty, 160; Renny Elliott, 180; Charley Jordan, 177; and Bob Prigmore, all tackles; and Ends Travis Taylor, 140; Walker Bird, 144; Bobby Holder, 155; Jimmy Pippen, 143; and Bill Culpepper, 185.

* * * *

Pampa, incidentally, is adding new seats to its stadium. It's possible the Steers will play before their largest crowd of the season there.

SIX-MAN SCHOOL CONCLAVE SET

Executive committee of the Six-Man Coaches Association will gather at Austin during the State Basketball Tournament next month to set the date, name instructors and work out other details for the annual coaching clinic.

Members of the committee are Frank Honeycutt, Forsan; George Tillerson, Christoval and formerly of Sterling City; and E. A. Work, Goodrich.

The clinic, which will be held the week following the annual Texas High School Coaches Association school, is set for San Angelo.

The school got its origin in Big Spring and was held here for about three years under the supervision of the American Business Club. It later was moved to San Marcos and thence to San Angelo.

Names of players who will appear in the all-star football and basketball games held in conjunction with the school should be forwarded to Tillerson, who is superintendent of schools at Christoval, as soon as possible.

Each regional champion is eligible to have one player in the game. In addition, each district can nominate a player and an alternate.

Each district can send two basketball players and nominate two alternates for the cage contest.

Eligible players must have completed their eligibility by the time the school takes place.

The all-star basketball game will take place the second day of the clinic, the football game on the final day.

Burrus Is First In Scoring Race

ABILENE, Tex. (AP)—West Texas State center Troy Burrus has made 58 field goals and 83 free throws in nine games to lead Border Conference basketball scorers with 199 points.

Paul Nolen, Texas Tech, who has played one game less, is second with 661 points followed by Bill Brewer, Texas Western, 149; Hank Green, Hardin - Simmons, 148; and Bob Scott, West Texas with 132.

Taylor Named Lamesa Pilot

LAMESA — Ray Taylor, onetime star Big State League hitter and more recently a manager in the Sooner State League, will pilot the Lamesa Longhorn League, team, it has been revealed.

Taylor was at Chickasha last season, where he led the league in hitting with a .365 mark. Chickasha finished third under Taylor. He's an infielder.

Lamesa will train at Del Rio, along with other clubs owned by A. C. Gonzales, starting April 1.

Among players carried on the Lamesa roster at the present time are Earl Finley, Ernie Cortes, Carlos Bernal, Hubert Brooks, Guillermo Morales, John Miller, Tony Traspuesto, Jesus Zavala, Armando Sanchez, Kenny Hughes, Rolando Rodriquez and Bobby Greer.

Most were with Gonzales' club at Sweetwater last season.

STEVE SADOWSKI

Sadowski Named Umpire-In-Chief

Steve Sadowski is to serve as umpire-in-chief of the Longhorn League this season, The Daily Herald has learned.

Sadowski, a native of St. Louis who now resides in Midland, first came to the Longhorn League as an umpire in 1948. His partner at the time was Bill Frank, now general manager of the Big Spring Broncs.

Sadowski later worked in the WT-NM League, returning to the Longhorn League last season. Steven gave up a promising baseball career due to illness.

Allie Reynolds May Quit Game

By JOE REICHLER

MIAMI SPRINGS, Fla. (AP)—Allie Reynolds, at the very peak of a brilliant pitching career, disclosed today he may quit baseball at the end of this season.

The great New York Yankee righthander, in a surprising interview, frankly stated that baseball presented an unhealthy situation for him and added:

"I doubt if I'll come back, especially if we don't win the pennant."

Allie had his greatest season last year, leading the league in earned run average (2.07) and strikeouts (1.60) ranking second in shutouts (6), and third in complete games (24), and in winning percentage (20-8—.714). He placed second to Bobby Shantz in the most valuable player balloting, with 183 points.

The 34-year-old Reynolds, who capped his first 20-game winning season in 1952 with two World Series triumphs over the Brooklyn Dodgers, declared he had informed the Yankees of his intentions during a salary confab last month.

Odessa, Amarillo Clash Tonight

ODESSA — The Odessa Junior College Wranglers hare their fangs at the Amarillo College Badgers in a West Zone basketball game this evening, intent on knocking the visitors out of the fight for first place in conference standings.

Amarillo beat the Wranglers by ten points in Amarillo recently but Odessa could prove double-tough in their own gym.

An Odessa victory would insure first place in the standings for HCJC of Big Spring.

Seton Hall Still Top Rated Quint

NEW YORK (AP) — Seton Hall's stranglehold on first place in the weekly Associated Press poll appeared unbreakable today—provided the unbeaten Pirates can win their five remaining games.

A few hours after being voted No. 1 team for the fifth straight week, Seton Hall went out and whipped Villanova, 83-68 last night for No. 25 in the longest winning streak of the year.

IN GAME TONIGHT

Longhorns Seek To Knock Lamesa From 1-AAA Race

Big Spring High School's Steers journey to Lamesa this evening, seeking to knock that city's Tornadoes from the District 1-AAA basketball race.

The game is the last of the season for the Longhorns, winless in nine conference starts.

They could salvage something from the race, however, by beating Lamesa.

The Tornadoes still maintain a shot at the crown. They have two games remaining and need to win both to remain in the running. Lamesa is the defending champion.

Big Spring is the only team out of the running for first place.

Other games tonight sends Snyder to Vernon and Plainview to Sweetwater.

Though Plainview now occupies first place, Sweetwater is slightly favored to cop tonight's go. A win by the Ponies would deadlock them for first place.

Tonight's game will be the last for three Big Spring players. They are Bobby Hayworth, Luke Thompson and Steve Kornfeld, who are seniors.

There'll be a B string game, starting at 6:15 pm.

Standings:					
Team	W	L	Pct.	Pts.	Opp.
Plainview	6	2	.750	478	436
Snyder	6	3	.666	506	464
Sweetwater	5	3	.625	481	383
Vernon	4	4	.500	419	412
Lamesa	4	4	.500	484	488
Big Spring	0	8	.000	370	516

Follett Is Signed To Angelo Pact

SAN ANGELO — Steve Follett, idle most of last season due to an injury, has signed his 1953 contract with the San Angelo Colts.

Follett winters in Troy, N. H. He batted .359 in 1951 for the Colts. Last year, he was clouting .349 when forced out of action. He had played in 54 games.

Art Larsen Levels On Tennis Group

NEW YORK (AP)—Tennis' onetime problem child, lefty Art Larsen, levelled a blast at the United States' Davis Cup chieftains today and said America would never win back the cup until it "gets some organization."

"The Australians work and pin on their Davis Cup teams—they're always building," the stylist from San Leandro, Calif., added. That's where they have it over us.

'We don't know until five minutes before a match sometimes who's going to play for us. Then a guy is picked and the others get their morale shattered. We have no system, no organization."

Larsen, 1950 national champion and now third-ranked nationally, is here for the National Indoor he won his opening match handily last night over 54-year-old J. Gilbert Hall, New York, 6-4, 6-2.

Crafty Is Crowned

HERNANDO, Miss. (AP)—Crafty, a pointer owned by Dr. H. A. Gray, Bowling Green, Ky., is the 1953 Derby champion of the U. S. Field Trial Assn.

SCHOOLBOYS PLAY, TOO

Rotary Tests HCJC At Forsan Tonight

HCJC's smooth basketball machine comes to grips with the salty Rotary Engineers in an exhibition game at Forsan this evening.

This one is being staged for a worthy cause. All proceeds from the engagement go to the March Of Dimes campaign. It is being staged by M. M. (Blacky) Hines and other members of the hard-working Forsan Service Club.

Admission prices have been pegged at $1 adult and 25 cents student.

The main event goes on about 8:30 o'clock. At 7:15, the high school teams of Forsan and Garden City tangle.

It first was planned to bill this as an exhibition, too. However, since the two teams have tied for first place in District 23-B standings, Coaches Bob Honeycutt of Forsan and Targe Lindsay decide it would be an appropriate time to begin the best two-of-three game series, so this one goes into the records.

Bennie Rutherford, the ex-HCJC mentor, may not see action for Rotary against the Hawks—his Sweetwater High School team is meeting a crucial test on another front. However, the Engineers will field a strong, hard-hitting team against HC—one that should be favored because of its experience.

All members of the classy Midland team are ex-college standouts. The team is proud of its record.

Among those who will see action for Rotary are Leland Huffman, Eldon Hopkins, Gerald Rogers, Glenn Whitis, Keith Nicholls and John Brahaney.

Coach Harold Davis will go with his usual lineup, which includes a Forsan product, Ricketts Gilmore, at the center spot. Bobby Williams, Casey Jones, Charley Warren and Don Stevens are others who will line up against the Engineers.

The game will serve as a tuneup for HCJC for Thursday night's important West Zone test with Odessa JC. If the Hawks can vanquish Odessa, they will clinch their third straight Zone title.

Forsan Drills Are Underway

FORSAN — Three boys, two of whom were ineligible last season, are among those who have reported for early track workouts at Forsan High School.

They are Bill Turnage, high jumper; and Fredy Overton, pole vaulter, neither of whom competed last season; and Jesse Louis Overton, sprinter.

New track suits have arrived for the Buffaloers.

Members of the Forsan six-man football district (District 7); will be invited to an invitational track and field meet here March 13. Elvis Mathis of San Angelo will help conduct the meet.

Bob Honeycutt will again coach the Buffaloes, who will compete in the West Texas Relays in Odessa March 20-21, the ABC Relays in Big Spring April 4 and the district meet, as well as several invitational meets planned for smaller schools.

Little League Parley

Little League manager and sponsors meet again at 7:30 o'clock at Dibrell's Sporting Goods store this evening. Park construction will be the main topic of discussion.

Local Girl Netters Clash With Lamesa At 3 O'Clock

Three local schoolgirl volley ball teams journey to Lamesa this afternoon for practice games with teams representing that community.

Arah Phillips' High School A team, the Steerettes, tangle with the Lamesa varsity team at 3 p.m.

Games between the B teams and Junior High sextets will follow.

Big Spring probably enters the featured game as the underdog. The locals had to go all out to nip Midland recently, 24-23, after which Lamesa felled that team by a score of 35-10.

The girls will remain over in Lamesa to watch the Lamesa-Big Spring basketball game.

Probable starters for Big Spring in the A game this evening are Nell Glover, Elloise Carroll, Louise Burchett, Nita Anderson, Rosemary Rice and Anna Mae Thorp.

All but Anderson and Burchett are letter winners. Anderson is up from the B team while Burchett is from the Junior High squad.

Anna Smith is coach of the Junior High team.

HCJC IS 'IN'

Mad Scramble On For Berths In State Juco Tournament

There's a mad scramble in three of the four Texas Junior College conference Zones for championships and berths in the state TJCC tournament to be held at Denton, March 2-3. First and second place teams of each Zone will enter the meet.

Probably the most heated battle is in Zone 2. Navarro's Bulldogs of Corsicana now lead the pack with an 8-1 record but are closely followed by Allen Academy of Bryan who has a 7-1 loop mark.

Third place Decatur Baptist College's Indians, will be trying to boost their standing to a possible tie for second when they tangle with Navarro at Decatur tonight. Decatur has a 5-3 record. Also Tuesday, Allen meets Henderson County (out of the running) in a game at Athens. The Ramblers then conclude their conference play against Blinn of Brenham at Bryan Friday.

Should Decatur stop the high flying Navarro Bulldogs and if Allen lost to Henderson and to Blinn, then Decatur and Allen would be tied for second place. In that event, a sudden death playoff game would probably be arranged to see which team entered the state meet.

If Navarro beats Decatur and if Allen wins its two remaining games they will be tied for the Zone Championship. It has already been agreed between the two school if that happens they will be crowned co-champions and a flip of a coin will decide which team lands the first place berth in the state meet.

Two teams are battling it out in Zone 1 for the championship with the loser assured of second place honors. South Texas of Houston and San Antonio College are currently deadlocked with 7-1 records. Each has two games left to play.

Howard County of Big Spring is leading Zone 4 with a perfect 6-0 record and is expected to continue its pace to take undisputed posession of first place honors. Amarillo College, currently in second place is waging a battle to retain its position with all the other members—Clarendon, Odessa and Frank Phillips of Borger—still figured prominently in the second place running.

Only in Zone 3 is the race already settled. Lon Morris of Jacksonville has clinched first place while Panola of Carthage has the second place berth nailed down.

Baseball And Track Drills To Begin Here Wednesday

Baseball and track workouts officially get underway at tthe local high schpol Wednesday afternoon.

Many of the athletes have already been undergoing track drills but they will be joined by players from the basketball squad and Coach Mac Alexander, who has been handling the B string cage team.

Most of the football players will run track this spring, then turn to the grid game when spring drills get underway later in the year.

Carlisle Robison, who will throw the weights, looms as the top track prospect. Robison has been getting more distance in both the shot put and discus throw and is due to see considerable action in all meets in this area.

It is undecided whether any of the youngsters will be taken to the Southwestern Recreactional Meet in Fort Worth March 6-7.

It could be the first action the team will see will be in the Snyder Relays on March 14.

Coach Roy Baird will have about eight lettermen around whom to build his baseball team.

No practice games have been arranged for the team yet. The district committee meets shortly to arrange a schedule.

The Steer diamond corps is due to take it easy until Baird makes certain the boys' arms are in shape.

Lubbock is about the only team in the area, outside of the district, with which Baird could arrange a practice tilt or two. Many of the schools will not field baseball teams this year.

Clear Skies Over Texas As Dust Heads Out Into Gulf

By The Associated Press

Clear skies greeted Texans Tuesday as the great dust haze of Monday swirled southward far out in the Gulf.

At mid-morning, no trace of the gritty stuff that enveloped Texas Monday remained in the state, the weatherman said. At El Paso, for example, you could see 50 miles.

Clouds were evident only along the Upper Gulf Coast and Southeast Texas but were to get thicker over the state by Wednesday the Weather Bureau said, along with warmer weather.

Monday's weak cool front knocked temperatures down during the night from Monday maximum of 46 at Dalhart to early Tuesday low of 18 degrees. Brownsville, Monday's hottest spot with 80 degrees, had a low of 58 Tuesday at 4:30 a.m., the same time Dalhart registered its 40-degree colder weather.

The duster Monday reminded millions of Texans of the great dust storms of the '30s when the Dust Bowl era pushed thousands of families from the farms to even less stable livelihoods on the highways.

Strangely enough, a few light rains fell Monday despite the dust. Beaumont recorded .06 of an inch, Galveston .05 and Tyler .02.

Man Struck By Auto Is Better

Fred Akin, who was struck by an automobile on W. 3rd Street Saturday afternoon, is reported in a "little better" condition today.

J. M. Brown of Odessa, who is charged with driving the car which struck Akin, was in county jail this morning. However, he was expected to make $1,000 bond set in County Court Friday afternoon.

County Judge R. H. Weaver set the bond after Brown pleaded not guilty to charges of driving while intoxicated and aggravated assault.

Akin was conscious this morning, and a doctor stated that he was "looking better." Akin suffers from a fractured skull and brain concussion, a fractured left leg and a stab wound in the upper left abdomen.

Akin, about 50, was apparently struck as he started across Third at the Presidio intersection at 4 p.m. Saturday. Eye witnesses stated that his body was thrown higher than the car by the impact.

Driver of the car, who has been identified as Brown, stopped and remained at the scene until an ambulance arrived. After the ambulance arrived, Brown drove away. He was chased by two airmen and stopped at 1100 block of East 3rd.

Problem Is Posed By An Instrument Of Weather Bureau

Finding of a radiosonde instrument launched from here created a problem for a Merkel farm couple.

Mr. and Mrs. M. L. Douglas, route No. 2, Merkel, had found the instrument and parachute in the J. R. Dye farm near Merkel.

"I didn't want to go near it at first because I didn't know what it might be," said Douglas.

Finally, his curiosity prevailed and he found a note attached saying that the instrument was from the Big Spring weather bureau station and had ascended possibly to a heighth of 12 miles to broadcast information on humidity, temperature, and winds aloft. News accounts improperly deduced it had been dropped by an airplane. The instruments are attached to balloons. When the balloon bursts in the increasingly thinner air, the parachute opens to let the instrument drift slowly to earth.

Sheriff's Department To Get Two New Autos

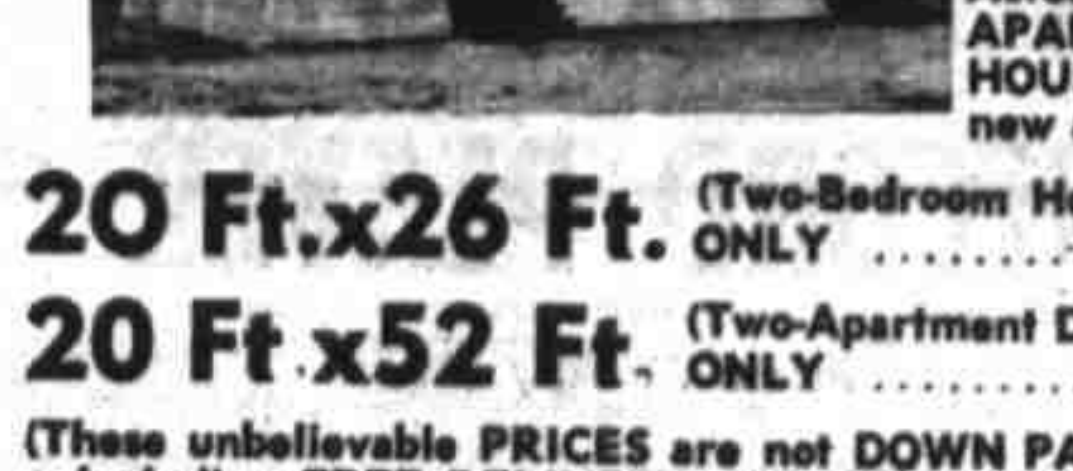

Sheriff Jess Slaughter announced today that his department will soon have two new automobiles.

One will be a Ford and the other a Chevrolet. Howard County commissioners ordered a special police model Ford from the Big Spring Motor Company and the Chevrolet from Tidwell Chevrolet Company.

Both orders were made after bids had been received from several concerns. Total cost of the Ford is $1,032.07, and the Chevrolet price is $1,950.

Slaughter said one of the Chevrolets now being used by his department will be traded in on the new car.

Mardi Gras Climax Set At New Orleans

NEW ORLEANS (AP)—The simmering kettle of revelry in the "City That Care Forgot" boils over today as Rex, Lord of Misrule, reigns over New Orleans.

Hundreds of thousands will jam the streets for the climax of Mardi Gras carnival season.

Thousands of these merrymakers will be dressed as clowns, pirates, gorillas, flappers and other outlandish characters.

Stores and banks will be closed as the city gives its last and biggest roar before the beginning of Lent.

Cathedral bells will ring at midnight and the devout will begin the 40 days of Lent—a period of fasting and penance.

Rex, head man of all the kings that have ruled New Orleans for the last 10 days, will ride his regal float through the milling crowds packing historic St. Charles and Canal Streets.

Named Rex was a mechanical engineer, Charles G. Crawford. His queen is Miss Adelaide Wisdom, debutante daughter of Mr. and Mrs. William Bell Wisdom.

Comus, king of the oldest carnival organization, will follow Rex in a torchlight parade tonight.

But another king will take the spotlight briefly before Rex and Comus close down the show.

King Zulu will float down the Mississippi River in his royal barge and land at the foot of Canal Street.

As Zulu and his early-morning parade wave through downtown streets, he will toss out the traditional coconuts, taking care that no one is injured.

The torchlight parade of Comus ends the carnival for most people.

But for the socially prominent, the climax is yet to come.

Grand balls will be staged by both Rex and Comus. At nidnight the two kings toast each other to signify the end of the carnival season.

Washington To Be The Site Of A True Mosque

By ARTHUR EDSON

WASHINGTON (AP) — Something new is being added to the Washington scene—and to the Western Hemisphere.

A true mosque and Islamic center is being built on swanky Massachusetts Avenue, on which many of the finest embassies are located.

Scholars say this is the first mosque in North or South America to fill all Moslem traditions.

The building has a two-fold purpose: (A) It will provide a place of worship for the capital's 1,000 or so Moslems, and (B) it will give Americans, through its Islamic center, a chance to understand Moslem culture.

The mosque itself, with a 152-foot minaret, won't be completed until later this year.

But Kamil Abdul Rahim, the Egyptian ambassador, gets the Islamic center, of which he is president, started tonight with a lecture on "Democracy in Islam."

The mosque represents a dream —and a lot of hard work—of seven years.

All 11 of the Moslem nations with embassies here—Afghanistan, Egypt Indonesia, Iran, Iraq, Jordan, Pakistan, Saudi Arabia, Syria, Turkey and Yemen—are sharing the costs.

From Iran have come special Oriental carpets, from Turkey decorative wall tiles, from Egypt chandeliers and pulpit.

Many individuals have contributed liberally too.

Among the contributors: Farouk, who at the time was employed in Egypt as king.

Although the two wings parallel the street, the mosque itself faces Mecca.

Modern lavatory facilities are available for the washing required of worshippers. In the basement is an acoustically tiled auditorium, which includes a projection room for motion pictures. The building is air-conditioned.

One other modern touch: Calls to prayer will go out five times daily from the minaret on a recording over a loudspeaker system.

Conant In Berlin

BERLIN (AP)—America's new high commissioner for German, Dr. James Bryant Conant, arrived here by special train today for his first visit to Berlin.

New Peak Said Erupting Near Mount Katmai

KODIAK, Alaska (AP)—Dirty, ash-filled smoke hung today over the base of the Alaska Peninsula, cloaking the identity of a volcano —or volcanos — which began a series of major eruptions Sunday.

The brownish-orange volcanic dust which spewed into the sky eight miles high and spread out 100 miles or more prevented close aerial reconnaissance.

But a Navy patrol plane boring through the thick ashy haze yesterday spotted what appeared to be a new volcano shooting steam 10,000 feet in the air.

This dark-cratered cone was about 10 miles from Mt. Katmai, which first was believed the source of Sunday's first giant pillar of smoke. Later, commercial fliers familiar with the region said either Mt. Mageik or Mt. Trident, close by, had suddenly come to life, instead of Katmai.

The "new volcano" reported by the Navy plane apparently was none of these, but an uneasy peak opened up by the other volcanic activity.

No villages have been endangered.

The volcanoes are in primitive wilderness about 110 miles northwest of here.

CIGARETTES INCLUDED

Controls On More Items To Be Lifted

WASHINGTON (AP) — Cigarettes, cosmetics, coal, lumber and major household appliances today topped a government list of items likely to be freed of price controls this week.

Office of Price Stabilization (OPS) officials predicted cigarettes generally would rise a penny a pack and costmetics up to 10 per cent. They said such increases would cost the public perhaps 300 million dollars a year—200 million for tobacco, 100 million for cosmetics.

A top price official said other items tentatively placed on the current decontrol list which may be altered or increased by tomorrow, include:

Office equipment; manufacturers' prices of radio and television parts, already removed from controls at the wholesale and retail level; and some, but not all, remaining foods under curb probably will be put together in a decontrol package in the next two or three weeks.

Main food items still under ceilings include milk, dairy products, oleomargarine, bread and bakery goods, dry groceries and cereals, jams, jellies and some soups.

An official said there is a possibility beer may be substituted for cigarettes on the current list.

The agency, meanwhile, went ahead with reduction of its staff as 30-day dismissal notices reached 1,700 field office employes. These will cut the OPS staff from approximately 4,500 on Feb. 1 to about 2,500 on March 15.

The new slashes in the field staffs will wipe out 41 district offices and nine branch offices the middle of next month, but leave reduced staffs in 13 regional-district combined offices and enforcement staffs in nine district offices. Some enforcement staffs may be shifted to the nearest regional-district office.

The regional-district offices to be continued are Boston, New York City, Philadelphia, Richmond, Va., Atlanta, Cleveland, Chicago, Minneapolis, Kansas City, Dallas, Denver, San Francisco and Seattle.

The remaining district offices where some enforcement personnel will be retained beyond March 15 are Washington, D. C., Hartford, Conn., Detroit, Indianapolis, Milwaukee, St. Louis, San Antonio and Los Angeles.

Junior College Class Visits Health Unit

Nine members of a micro-biology class at Howard County Junior College visited the Big Spring-Howard County Health Unit Monday afternoon.

Purpose of the field trip was to study work of the health department in the field of communicable diseases. Jewel Barton, public health nurse, explained various phases of public health work.

Students in the class are employes of Big Spring State Hospital who are enrolled for in-service training at HCJC. Instructor is Bruce Frazier.

Visiting the health unit were Frazier, Arnold Parmley, Zelma McClanahan, Desmond Powell, Jean Powell, Nina Wimberly, Bobby Joe Tidwell, Ora Claire Tidwell, James D. Harvey and Dorothy Trantham.

Liquor License Of Store Is Suspended

Liquor license at Lane's Liquor Store, 207 North Benton Street, was suspended Monday for a seven day period. The store is operated by C. A. Lane.

Suspension was made because of the sale of beer to a minor by an agent of the store, according to C. B. Arnold, liquor control board director here.

Arab-Asia Bloc To Reject UN Korea Request

By FRANCIS W. CARPENTER

UNITED NATIONS N. Y. (AP)—Twelve members of the Arab-Asian bloc in the United Nations reportedly have decided to reject any request from the United States or the U. N. for troops or supplies for the Korean War. None of the 12 is furnishing anything now.

Diplomatic sources reported this was the outcome of private Arab-Asian talks on what to do in the U. N. Assembly reconvening next Tuesday.

Indonesia reportedly hinted at a caucus last week that the U. S. should make up losses suffered because her trade with Red China was cut by the U. N. embargo on strategic materials for the Communist opponent in Korea.

Nations reported planning to refuse any appeal for troops and supplies were Afghanistan, Burma, Egypt, Indonesia, Iran, Iraq, Lebanon, Liberia, Pakistan, Saudi Arabia, Syria and Yemen.

India was said to have indicated she would not extend her help beyond the medical unit she has in Korea. Of the 15 countries which met last week, The Philippines and Thailand are the only two with troops in Korea. They expect to continue sending them. Ethiopia, which sometimes acts with the bloc, also has troops in Korea.

Youths Must Pay For Damages To School For Year

TACOMA, Wash. (AP)—Two teenage boys who opened a fire hose in Lincoln High School here last month and caused $5,000 damage were ordered today by Juvenile Judge Bertil Johnson to spend the next year working to pay for it.

The judge also disclosed the boys' families each have mortgaged their homes for $1,000 and turned the money over as part payment for the loss.

In placing the boys on probation, Johnson ordered them to work for one hour each school day, eight hours each Saturday and school holiday, and during all vacations. Their earnings are to be turned over to the school.

The boys, whose names are withheld by law, said after their arrest they broke into the school while it was closed for a week end and turned on the fire hose in the hope they would get an enforced vacation. Both were behind in their studies.

Fined $100, Costs

LeRoy McClendon, local cab driver, was assessed a $100 fine by County Judge R. H. Weaver Monday after pleading guilty to charges of selling liquor in a dry area without a permit.

made with Real Rich Cream

for better than home-made goodness

I cannot tell a lie—it's wonderful!

Homemade ice cream was never like this! Borden's brings you tempting bits of bright red cherries . . . blends them with *real rich cream* for smooth, solid ice cream goodness. Dip into Borden's Cherry Vanilla Ice Cream today!
