STORMS' TOLL STEADILY MOUNTING

ANY HURT IN TEXAS BUT NO ONE IS KILLED

SEVERELY HURT AND BIG DAMAGE IS DONE PROPERTY

(By Associated Press) DALLAS, Apr. 5.—Severe rain and rainstorms swept across the northwestern Texas tonight, causing unestimated property loss and injuring scores of persons, seriously.

The storm was most severe in Coleman and portions of Brown counties. Blankets and provisions for the homeless today were being sent to points in southeastern Coleman county from Coleman. A dozen persons were injured in a dozen places in the county, three serious when the wind turned some topsy-turvy and ripped roofs off buildings. Those seriously injured were: Mr. and Mrs. J. P. ...

Another storm struck in the western part of Navarro county, blowing down one barn and unroofing a house. Another barn was destroyed by fire after it had been struck by lightning. Approximately two inches of rain had fallen at Corsicana up to 8 a. m. Light scattered rains accompanied the storm.

CHAUNCEY M. DEPEW DIES

PNEUMONIA IS FATAL TO AGED GRANDOLDMAN

LEADER SINCE DAYS OF LINCOLN PASSES IN GOTHAM HOME

(By Associated Press) NEW YORK, Apr. 5.—Chauncey M. DePew, picturesque grand old man, who entered politics before Lincoln was mentioned for the presidency and for more than 70 years was famed as an after dinner speaker, died at 4:30 a. m. today at his home of bronchial pneumonia.

He had been ill for less than a week and would have been 94 years old on April 23. He continued an active career until the end, serving as chairman of the board of the New York Central railroad. He intended to attend the republican national convention in Kansas City in June.

Funeral services for Chauncey M. DePew, who died today, will be held Saturday morning from St. Thomas Episcopal church on Fifth avenue. Immediately after the services the body will be taken by motor to Hillside cemetery at Peekskill, Mr. DePew's native town, where it will be placed in a mausoleum.

(By Associated Press) WASHINGTON, April 5.—A real row on tax reduction was assured today with the announcement by democratic members of the senate finance committee that they would seek a total slash of at least \$300,000,000 as opposed to the \$200,000,000 maximum proposed by Secretary Mellon.

Senator Simmons of North Carolina, ranking democrat on the committee, carried this program to the committee room today upon instructions of a conference of minority members last night, but he faced an apparently futile fight with the republican majority of the committee lining up solidly behind the treasury suggestions.

G. O. P. Shows Strength The republican majority showed its strength yesterday in turning down two democratic proposals which would have put a crimp in the demand of Mr. Mellon that the \$200,000,000 bill be pared down to \$200,000,000. Attempts to cut the 131-2 per cent corporation tax to 11 per cent—the figure accepted by the house—were rejected by the republicans in favor of a 12 per cent rate.

An early decision in due to the committee on the total reduction to be allowed. Chairman Snoot, leader of the republican majority, has endorsed the \$200,000,000 treasury limitation and his party is expected to support him in the committee against the democratic demand for \$300,000,000.

KIDNAPING COUP SEEN IN MYSTERY OF BOY'S DISAPPEARANCE AS BODY WRAPPED IN PAPERS SEEN IN AUTO

LOS ANGELES, Calif., April 5.—The disappearance of a nine-year-old Los Angeles boy almost a month ago, coupled with reports of a mysterious automobile bearing the newspaper wrapped body of a boy about the streets of the city developed into what police today believed was a kidnaping coup, executed for the sake of vengeance.

Father Writes From Prison The vengeance motive entered into the case yesterday when police announced they had been given a letter, written by Walter J. S. Collins, father of the boy, in Folsom, to his wife suggesting that enemy might have provoked the kidnaping of the youth, Walter Collins. Why the youth or his mother should be victimized was not revealed and the letter was not made public. The elder Collins is serving a long sentence in Folsom for robbery.

Say Paper Wrapped Body The case was called to the attention of the police when an automobile service station operator reported a man and woman stopped at a place of business and he saw the newspaper wrapped body in the car. He furnished four numerals of the license number, and although the automobile was reported to have been seen several times afterward, police were unable to trace it. The service station man tentatively identified a photograph of the Collins boy as resembling the features of the youth in the car.

Gins Want Aid In Non-Cotton Zones

DALLAS, April 5.—Recommendation that ginners as well as farmers in "non-cotton" zones be given state compensation was made here today by President W. Homer Shanks of Clyde at the opening session of the two-day convention of the Texas Ginners association. More than 3,000 ginners were in attendance.

Compensation of farmers and not the ginners in the non-cotton zones to Texas this year will be "unfair discrimination," Mr. Shanks said. "Farmers can plant some other crop, but the ginners have to remain idle. The ginners will be the real losers, and they should receive the compensation." Mr. Shanks also recommended a resolution urging ginners to stop buying cotton, and suggested that the gin industry be placed under state control as a public utility.

Robbery Pair Hold Up Clerk and Motorman

HOUSTON, April 5.—Description of two men who held up a street railway motorman Wednesday night and three hours later held up the clerk in a small hotel here, tallied with that of convicts who escaped from the Blue Ridge state prison farm Tuesday, police said Thursday. They relieved the motorman of \$15 at the point of a pistol and took \$2.70 from the hotel cash register.

Escaped Prisoners of the State Farm Are Being Sought

They relieved the motorman of \$15 at the point of a pistol and took \$2.70 from the hotel cash register.

Twin Bandits Raid New Orleans Hotel

NEW ORLEANS, April 5.—(AP)—Twin bandits made their appearance in New Orleans today when two men, dressed identically even to the shade of their scarfs held up the cashier of the fashionable Bienville hotel and escaped with about \$300 in currency and a number of checks.

Confederate Is Busy While the unmasked robber held up the cashier of the Bienville hotel, the confederate forced Martin Reza, assistant night clerk, into the cashier's cage, where he scooped up all currency and checks in his sight.

Good Progress On Gas Line Is Made

With the ditching crew half way to Tahoka and the welding gang more than ten miles south of Lubbock, progress of the gas line extension from Amarillo through Lubbock to Midland is ahead of schedule, officials of the Moore Construction company, which has charge of the work, said today. At the same rate of progress, the line will reach Tahoka within three weeks.

F. A. Kellogg Dies

ST. PAUL, Minn.—Frederick A. Kellogg, 76, half-brother of Frank B. Kellogg, secretary of state, died today.

U. S. PRESIDENT REGRETS MOVE REPORT AVERS

SECRETARIES TOLD IN UNDOUBTABLE WORDS OF REGRETS, CLAIM

(By Associated Press) CHICAGO, Apr. 5.—The Herald and Examiner said today that President Coolidge had given his personal attention to the political aspect involved in the recent shooting of a Chicago court bailiff by a federal dry agent.

The newspaper said that it had learned the president told Secretary Mellon and Attorney-General Sargent in his unmistakable words that he regretted the appearance of an intrusion of the Washington government into a local campaign.

Not to Withdraw Unit Information to the newspaper was that as a result of the Washington conference the special prohibition unit headed by George E. Canning would not be withdrawn from the care of a specialist, and probably would be confined to routine work. It is a member of the Canning unit, Myron Cateley, who has been charged with shooting William Beatty, court bailiff, during a prohibition raid.

Inadequate Protection Two announcements, one federal and one local, pointed out the prospect of inadequate official protection at Chicago polling places next Tuesday. In an announcement Attorney General Sargent at Washington turned down the request of United States Marshal Palmer Anderson to send additional deputies to guard the polls. In the other, Police Commissioner Hughes said shortage of available police officers will prevent the placing of an officer at each polling place in the city.

Scout Equipment Here Is Increased

Preparing for a heavy season of scouting, the stock room of the scout headquarters in the city hall has been well supplied. The equipment now is more complete than it has ever been before.

Lyda Funeral Set For This Afternoon

Funeral services for Alvis C. Lyda, 26, who died at his home about ten miles northeast of Lubbock, last night at midnight, will be held in Abernathy this afternoon at 3 o'clock with the Rix funeral directors in charge of the arrangements.

Atwood Funeral Is Conducted Today

The funeral of Boren Atwood, 17, son of Mr. and Mrs. W. H. Atwood, of this city, who died in Tulsa early yesterday, is being held at the Cumberland Presbyterian church this afternoon at 2 o'clock. Rev. O. N. Baucum is in charge.

Attorney Rapped In Rogers' Plea

AUSTIN, April 5.—Attorneys for Rebecca Bradley Rogers, young former university student, convicted of bank robbery, devoted 29 typewritten pages of the bulky appeal record officially filed Thursday in the court of criminal appeals, to contested portions of District Attorney Fred Blundell's argument to the La Grange jury which assessed her 14 years in the penitentiary.

Much of Blundell's argument is cited as prejudicial, including his references to failure of Rebecca's counsel to have her asserted insanity tested in a lunacy court, and his intimation that the jury "should make an example of her" and "depnd on a pardon for her later; if justified." The cases had not been set Thursday for submission, and a decision is not expected for several weeks.

Mrs. Moreman Dies Today of Long Illness

Mrs. C. E. Moreman, Lubbock woman who has been seriously ill since the first of the year, died in a Dallas hospital this morning at 8 o'clock, according to word received here today.

She had been ill with a disease of undetermined nature for the past three months and was thought to have improved slightly until about two weeks ago when she was placed under the care of a specialist at Dallas. She was in a local sanitarium for several weeks and then removed to her residence from which she was taken to Dallas.

Victim Of Storm

WICHITA, Kas.—Dave Corfman, 17-year-old farmer youth of Chelsea, Butler county, whose head was crushed by a heavy tree limb blown down by the violent wind yesterday, died in an Eldorado hospital today.

Officer Kills Man

BROWNWOOD—A man identified as Tracy F. Hale, 22, of Sipe Springs, Comanche county, was wounded fatally at Blanket, Texas, last night by Deputy Sheriff Orr Haddon, who said the man was attempting to rob a dry good store. A companion of the man wounded escaped in an automobile into when the officer said they were loading merchandise from the store. The wounded man died several hours after he had been shot. Five other stores in Blanket were robbed of \$40 in cash and an unestimated amount of merchandise taken last night.

Labor Expert Dies

TAMPA, Fla.—R. M. Barton, 77, of St. Petersburg, Fla., chairman of the railway labor board during the administrations of Wilson and Harding, died at a hospital here today after a lengthy illness.

ONE ACT PLAY DISTRICT TOURNAMENT HERE SATURDAY TO DRAW TALENT OF 13 SCHOOLS; PROGRAM IS GIVEN OUT

Thirteen schools are to compete in the one-act play tournament of this district at the high school building Saturday, April 7. Dr. A. W. Evans, director general of the district, said today as the program for the contests was announced. The tournament is being held for the first time in the district and for this reason alone, much interest is being shown, he said.

Program is Given The program with the schools and

SIX FEARED DEAD IN SHAWNEE WITH MILLION PROPERTY LOSS AS STREAM GOES ON RAMPAGE

(By The Associated Press) SHAWNEE, Okla., Apr. 5.—A little muddy creek, which has flowed quietly through Shawnee since the townsite was laid out, last night went on a rampage that today had resulted in at least two deaths, left 1,000 homeless and caused damages estimated at about \$1,000,000.

It was expected that the total of dead would reach six. The known dead were: Mrs. Joseph E. Campbell, 35, wife of the night engineer of an ice plant; John Lewis, 77, who lived in a tent adjoining the creek bed. The missing included Mrs. Campbell's two small children who were swept away when the Campbell home was lifted from its foundation and hurled down the creek bed.

Youth Leaps in Stream Another of the missing was Robert Edward Wells, 12 years old, who has not been seen since he leaped from a stranded bus into the current. Still another was Mrs. Rosalia Diaz, a Mexican woman who was caught in the flood when she and her husband were driving across a bridge in a wagon. Diaz managed to save himself, but his wife was swept away. A score or more persons were injured during their attempt to escape. These included J. A. Epperson, taxi driver, who wrenched his shoulder while he was rescuing seven members of his family who were trapped with him in their home, and Mrs. B. H. Aycock, wife of a candy salesman, who was ill when the flood struck. She was confined to her bed today and it was said her condition was serious.

The flood came without warning. There had been a cloudburst which brought a downpour of 6.81 inches of rain, a Shawnee record, but residents along the creek did not dream that the inoffensive stream would go wild. They did not realize the seriousness of the situation until water gushed through windows and doors and rose to about ten feet. The creek, ordinarily about ten feet wide in wet weather, swelled to a raging stream that covered five

Two Bodies Found

SHAWNEE, Okla.—With the recovery of two more bodies today, the known death toll of last night's cloudburst and flood here was increased to four. The body of Fred Campbell, 18-year-old son of Mrs. Joseph Campbell, who was also drowned, was found several blocks from where the Campbell home was swept away. The body of Jesse Cruz, a construction foreman, was found near the North Canadian river.

Baby Is Located

PHILADELPHIA—George Edward Miller, four-year-old boy, kidnaped by two women yesterday, was picked up by police today at 10th and Market streets. The boy was carrying a new suit and carrying a bundle in which his old clothes had been wrapped. A passer giving his name was found in his pocket.

Plane Kills One

BELFAST, Northern Ireland—An airplane crashed in Dunmurry village, near Belfast, today. A little girl playing in the street was struck and killed and the pilot of the plane was gravely injured.

DOG'S LOSE TRACK AND TOWN SETTLES DOWN AS HUNT GOES ON

(By Associated Press) CONROE, April 5.—Three negroes were in as many jails in Huntsville, Trinity county, Houston Thursday as suspects in the attack on the young daughter of a farmer near here Wednesday.

CONROE, April 5.—This town had returned to normal Thursday while the hunt for a negro, who attacked the young daughter of a farmer near here Wednesday, became somewhat desultory after two packs of dogs had failed to trace him. Sheriff Ben S. Hicks said he had only a slight hope that the negro arrested late Wednesday on a freight train at Humble was the right man. He was preparing, however, to take the trail to Humble and confront the negro. The negro answered the general description the girl gave of her assailant. While she said she had been attacked several times, her description of him was meager. He was about 35 years old, she said, and clean shaven. Officers said Thursday that the spot where she said she had been attacked bore no evidence of a struggle.

One Negro Fixes Alibi John Blair, 55, a negro tie cutter, whose name was linked with the case because, it was said, he had shaved off his moustache and had failed to appear in his usual haunts, ambled into Conroe Wednesday night unshaven. Four of his fellow workers testified that he had been at work all day and the bottom fell out of any theory that might have been connected with the case. Thursday, small posse, still without a clue, continued a search.

**Last Of Musicales Is Given Wednesday**

Concluding a series of delightful musicales which have been given this winter by Mr. and Mrs. W. R. Waghorne, 2114 18th street, to members of the Technological college faculty and other friends, a program was given last evening in the Waghorne home.

About thirty were in attendance. A feature of the program was a selection played by Miss Dorothy McDonald and Mrs. R. Russell, violinists, Harold Gordon, French horn, and Mr. Waghorne, piano. This was a manuscript quartet of Mr. Waghorne's and was the first performance of the selection.

Mrs. Hazel Beck opened the program by singing three numbers, accompanied by Mrs. L. J. Von Tungsten. They were "In the Time of Roses" (Bach), "To a Hill Top" (Cox) and "Little Tell-Tale" by Candler.

These were followed by the reading of Fanny Hurst's "A Good Provider" by Miss Eunice Cox and Mrs. F. F. George played piano solos, "Romance in D Flat" by Bebelius, and an Etude of Chopin's.

A trio of Tech girls sang Mr. Waghorne's "Boat Song" and the co-ed solo from "Aboard the Good Ship Barnacle," the all-college opera to be produced May 21 as the final number on the college Artist Course. The singers were Misses Frances Lee Garland, Helen Robertson and Marge Foster.

The concluding numbers were two piano duets by Mrs. George and Mrs. O. L. Tuve, who played two of Moszkowsky's Spanish dances.

**Alathean Class In Social Wednesday**

Members of the First Baptist Alathean class attended a business and social meeting Thursday afternoon in the home of Mrs. J. A. Burrus, 619 16th street, with Mesdames Burrus, J. G. Biffle, C. O. Akard, Ed Alexander and W. A. Childers as hostesses.

During the social hour, Easter contests were enjoyed and refreshments of sandwiches, punch, cake and pickles were served.

Those attending were Mesdames G. W. Scott, C. R. Truett, W. D. Harty, Webb Clammack, G. A. Guinn, M. S. Spaulding, E. W. Provence, George Duval, Richard Swain, W. C. Barnett, W. H. Trice, John Deffman, A. L. Harris, W. B. Yeager, W. E. Holder, W. R. Fickas, B. Odell and J. R. Weiss.

**Mrs. A. V. Weaver Is Bridge Hostess**

A number of guests played bridge with Bluebonnet club members yesterday afternoon when Mrs. A. V. Weaver entertained at her home, 1901 Broadway. They were Mesdames Earl Sproles, Eastin Wolfarth, Fred Snyder, W. A. Jackson, Murray Jones, C. O. Crandall, T. B. Duggan, H. S. Maxwell, W. A. Bacon, W. L. Stangel, R. D. Erwin, and C. A. Sanford, of Sherman.

Club members attending were Mesdames W. J. Miller, R. A. Mills, S. C. Arnett, R. D. Benson, J. S. Johnson and W. H. Menzies.

Mrs. Benson scored high among members in bridge games, Mrs. Sproles made visitors' high count and Mrs. Maxwell cut high.

**Large Attendance At Short Course Looms**

With the expression of greater interest in the A. and M. college short course this year than during preceding seasons, it is probable that Lubbock will have a greater attendance than in the past, according to Miss Louise Baird, home demonstration agent. The course is held at College Station beginning the latter part of July. A feature this year will be the entry of a girls' poultry judging team from this county.

**Easter Dance Friday Evening At Hotel**

Mesdames L. D. Stevens, Lewis Howard, Morton J. Smith, R. C. Smith and J. W. Spikes will be hostesses to dancing club members Friday evening at 9 o'clock at Hotel Lubbock. This is to be an Easter dance.

**MARRYE and MOM Their Letters**  
BY RUTH DEWEY GROVEN

Dear Marye:  
You can't blame me because I don't go to church any more. I'd rather like to, for you know I adore sacred music on the organ. But Alan says he can't get up in time for church on Sunday morning, and really you can't blame him for that either. It's the only morning he can sleep late and goodness knows that's an innocent pleasure.

Yes, I know you will say he gets up to play golf, but Mom that's for his health. Heaven knows it's a job to keep well these days in spite of all we know about health and our daily dozers.

Alan is in his office most of the time. He says it's always over-heated in cold weather because the girls won't wear warm clothes. But anyway, he needs all the outdoors exercise and fresh air he can get.

Of course we could go to church on Sunday evenings and we would if our friends would let us. But why time we plan to go something happens. Someone drops in or calls up and Alan says he needs social contacts in his business. So we've got to accept the invitations we get even if we'd rather go and listen to a sermon.

But as for intellectual treats, I've got several suppressed books and I've read everyone of 'em. And I'm taking Florence to hear a Swami tomorrow—the tickets cost fifteen dollars apiece. Alan's going to pawn his shirt for orchestra seats to the best musical show in town and Mabel Clara has agreed to attend a tea in the studio of a friend of hers. Heck—a well-known artist and I'm crazy to meet him. He's the judge of the beauty show the Watwhos hold each year. Maybe I'll have him do my portrait if it doesn't cost too much.

Deepest love,  
MARRYE.

# "LITTLE FRY" OF MINORS GIVE MAJORS PLENTY OF PUNISHMENT

## YANKS, ROBINS CARDS, BEATEN ON WEDNESDAY

### PIRATES AND CHICAGO CECID INTO EXTRA INNINGS TO WIN

By BRIAN BELL, Associated Press Sports Writer  
YORK, April 5.—Annual educational tours of major league clubs through the minors helping into give and take in which the little fellows of baseball's best team terminated.

New York Yankees, Brooklyn Robins and St. Louis Cardinals defeated by minor league opposition yesterday, while the Pittsburgh Pirates and Chicago White Sox went into extra innings to win.

The Yankees bowled and Babe Ruth got home runs in two days was not a novelty for the produced three other circuit.

The winning volunteers of the world's champions.

Sublime to ridiculous. Frankie Frisch went from the to the ridiculous with four errors. His errors hurt Cardinals more than his hits and St. Louis fell before the will of the Three-Eye before.

divided. Ty Cobb, the reformed Bill Dietrich, the reformed star, saved the day for Shover with a catch worthy of an outfielder.

Giants Outbit Senators  
Giants continued to outbit Washington Senators and were victory, 9 to 7, wobbly on the part of the American John blasted a home run for a smart thing when it.

White Sox came through three runs in the tenth inning, 5 to 2, from Louisville. The side no headway against the Jack Cullop, still good enough pitcher to have a horse named Old Nick allowed no hits five innings.

Dallas steers could gather three hits from Vangilder and the Detroit Tigers win, 10 to 0. Paul Easterling's home. A few more may win outfield place.

Hornby Helps Braves Win  
Hornby hit the ball hard to the Braves in winnings, a 7 game from Chattanooga, and ended eighth inning when the scored four runs sent Cincinnati home in front of Indianapolis, 5 to 0.

The Pirates had to go 11 innings to stop San Antonio, 10 to 6. The teams did their counting early, ending their runs in the first 10 innings.

Cleveland took advantage of good pitching to take a game from the Montgomery Lions, 6 to 1.

Rain at Tulsa, possibly brought by the St. Louis Browns' terrific hitting the day before, made baseball out of the question.

Ball players call a left handed pitcher a "cock-eye" and the same affectionate term is applied to a player who wears glasses. Lee Meadows and Armen Hill of the Pittsburgh Pirates, wear glasses, but they throw the ball with their right hand. Pete Traynor, pictured above, is the only double cock-eye in captivity, however, as he wears glasses and lets the ball go from the left side. He is a rookie pitcher with the Boston Red Sox from Portland, Oregon.

## Hooks and Slides

What Will He Do?  
Tommy Luther, a 17 year old boy who didn't have the price of a flop a few years ago, was given a bonus of \$13,500 for riding Crystal Penant to first money in the \$90,000 Col-ford handicap.

Instances of wealthy stable owners giving jockeys a big bonus for riding winners in big classics are not so rare that they are interesting news, but an interesting story would be to hear what a boy who had been hardened on straw beds in barns and box cars for years would do with all that dough.

Little Luther doesn't have to make a public accounting of his expenditures, but it is a safe bet that he won't go with his dough for the horses like Babe Ruth, Johnny Dundee and others who didn't feel natural with money falling out of every pocket.

It is unlikely that a youngster in his position would try to beat the big Wall street guys as Benny Leonard did—until he found out that the stock business was a lot tougher than the fight racket.

The days when ball players and other athletes getting their first taste of prosperity plunged for big rocks and silk shirts has passed. Instead of buying loose jewelry and hot clothes many of the athletes now help the bond salesman and the insurance agents make their big commissions.

Owners of baseball clubs and men interested in boxers and other athletes who command important money encourage their men to invest in good safe bonds and have something for the day when the pay checks are fewer and smaller.

## Hill Bought a Bond!

Which reminds me of a story told about Frank Churchill and Johnny Hill, one of his fighters. Churchill is a widely known importer of Filipino fighters and the majority of those little fellows haven't any idea of the value of money. Churchill used to collect their money and have them draw on him and he tried to impress upon them the necessity of saving money and the safety of buying conservative bonds.

One day Hill asked him for \$500 and told him he wanted to buy a bond. Churchill was pleased and gave him the name of a banker friend through whom he could make the purchase.

Hill returned and when Churchill asked him for the bond he handed him a small ticket. "It's in the fourth race and the fellow said it was good as a gold bond only I get hundreds per cents' instead of fives or fours."

Jimmy Dougherty, the Baron of Pipeville, Pa., and the manager of George Godfrey, likes to tell a story about the ideas his "black menace" had one time about investing money.

## Godfrey Bought Trunk

Godfrey had been working in Jack Dempsey's camp as a sparring partner and when his services were no longer needed Jack Kearns gave him \$500 to pay his fare from Saratoga to Philadelphia and provide some pork chops enroute.

"The big negro was several days late in arriving at the baron's home and when he did arrive the baron hardly knew him. He had on a high silk hat, a frock coat, yellow shoes, white spats, a cane, yellow gloves and a tie that would have stopped the Twentieth-Century. He also had a big wardrobe trunk with "George Godfrey" painted in letters a foot high on one side and a huge "X" on the other side.

"What's that on there for?" Dougherty asked, pointing to the "X" on the trunk.

"That's my name in my kind of writin'." My name in your kind of writin' is on the other side."

Dougherty wanted to know how much money he had and when he

## TEXAS LEAGUE HOLDS ITS OWN WITH BIG SHOW

### IN AND OUT BASEBALL IS CONTINUED IN EXHIBITIONS

DALLAS, April 5.—Continuing the in and out caliber of baseball they have shown for the most part in exhibition games this year, Texas League teams yesterday won two contests and lost three.

At San Antonio, the Pittsburgh Pirates gave the Bears a facing by a 10 to 6 count, driving out fifteen safeties that included several for extra bases. The Bears also had their batting eyes working inasmuch as they collected fourteen hits, but they were handicapped by three errors that figured in the Pirates' win.

Tigers Blank Steers  
At Dallas, the Steers blanked, 7 to 0, by the Detroit Tigers, who garnered ten hits including a home run by Easterling, Vangilder and Sullivan. The Steers, who allowed the Texas leaguers but three hits.

Hard hitting and good pitching in the pinches enabled Rochester of the International League to win from Beaumont, 7 to 4. The only Exporter run came in the first inning when Eddie Marshall, rookie shortstop, hit a homerun with the bases full. Thereafter, Vic Keen tightened up, and had the Exporters at his mercy.

The Shreveport Sports, however, did better against New Orleans of the Southern Association, defeating the Pelicans, 9 to 5. Both teams hit the ball hard; the Sports annexing twelve hits and the Pelicans nine.

Cubs Beat Omaha  
The Waco Cubs likewise upheld the honors of the Texas League when they beat the Omaha Crickets, 3 to 2 in one of the fastest games of the exhibition season. The Cubs won because of an early start in scoring, one run coming in the first frame and another in the fourth. A late drive by Omaha that netted two runs was checked by good fielding and tighter hurling by the Cubs.

From Waco, the Crickets moved to Port Worth where weather permitting they were to play the Gate today. Fish was to hurl for the Panthers.

Minneapolis, whose game with Fort Worth was rained out, journeyed to Wichita Falls for a tilt today.

## AUSTIN LOSES TO CARR CREEK IN CAGE MEET

### MOUNTAINEERS' TEAM SHATTERS DEFENSE OF TEXAS SQUAD

(By Associated Press).  
CHICAGO, April 5.—Like a lively rubber ball, the harder the Carr Creek, Kentucky, high school basketball team is bounced, the higher they rebound. Bounced more than once by athletic obscurity, which handicapped it with no gymnasium, no coach and not even a gym suit, this sturdy team of mountaineers today had rebounded as an outstanding contender for the national interscholastic championship.

Two teams have turned back basketball teams from cities that could tuck Carr Creek away in a corner and not notice it. The first victory over the Albuquerque, N. M. Indians, was a surprise; the second, won last night over the strong Austin, Texas, team by a score of 25 to 18, was the sensation of the tournament.

Austin Defense Shattered  
A curly headed youth, Shelby Stammer, led the mountaineer attack which shattered the heralded Austin defense, looping six field goals, three of which came in the closing minutes of play to cinch the upset. Tonight, Carr Creek meets its third test, playing Bristol, Conn. Three other teams, Tulsa, Okla., Vienna, Ga., and Canton, Ill., were heavy favorites with Carr Creek as the third round of tournament play started today.

## CANYON MEETS LUBBOCK HIGH IN GRID GAME

### FIRST SPRING CLASH IN PANHANDLE IS SET FOR FRIDAY HERE

The first spring gridiron exhibition in the history of the game in Texas Panhandle and South Plains will be played Friday afternoon at four o'clock on the Matador field when Henry Friska's local high school team meets with the Canyon high school Eagles in a practice tilt.

Since February 20 the local high school recruits, eighty of them, have been working every afternoon under the tutelage of Henry Friska and Del Morgan and are in prime condition to wage into full afternoon engagement. The Eagles, likewise, have been going for sometime in spring work and will be ready to do business.

The Canyon outfit is reputed to be one of the strongest clubs in the Class B division of high school activities in the Panhandle, and last season won the B title of the Panhandle, losing the bi-district to the Slaton Tigers.

A return engagement with the Eagles will be played in Canyon April 13.

The probable line-up for the local eleven for Friday's tilt will be: R. Rich and H. A. Castleberry, ends; Raymond Barton, captain, and "Big Boy" Fretzel, tackle; Delshaw and K. Smith, guards; Penny, center; Moody Smith, quarterback; W. D. Lawson and John Ater, halves; and Smith, fullback.

## AMARILLO GOAL OF MARATHONERS IN TODAY'S RACE

### Runner Quits Race In Bad Condition

(By Associated Press).  
VEGA, Tex., April 5.—Thirty-five mile jaunt to Amarillo today confronted the 91 runners and walkers remaining in the Los Angeles to New York marathon.

With 1,152 miles covered, Arne Suominen of Detroit, continued to lead in elapsed time. His mark of 189:45.10 was more than five hours better than that of Andrew Payne, Claremore, Okla., who has held second place for some time.

Peter Gamuzzi, Southampton, England, led in the 37.3-mile trek from Glenrio, N. M., yesterday in 5:19:19, 20 seconds ahead of Oil Wainthin of New York. Suominen was third in 5:24:49.

Control for the next eight days were announced as follows:  
Friday, Groom, Tex.; Saturday, McLean, Tex.; Sunday, Texola, Okla.; Wednesday, Geary; Thursday, El Reno; Friday, Oklahoma City.

Half of today's course will be over dirt road, the balance pavement, the most ideal going encountered for several weeks and in decided contrast to the rough stretches in New Mexico.

Runner Quits Race In Bad Condition  
GRANITE CITY, Ill., April 5 (AP)—After 900 miles competition in the Pyle coast-to-coast marathon Frank J. Johnson, 39-year old steel worker is home with cracked lips, blistered nose, sore legs and a great hunger.

"You may think he's healthy," Mrs. Johnson said, "but that's just sunburn that makes him look that way. He's hollow from head to heel. I've been cooking for him and feeding him, and I can't prepare enough food for him."

"You should have seen him when he got home Monday. His left ankle was swollen to twice its normal size. His lips were cracked so badly they bled when he tried to eat. His nose was blistered and he hobbled like a cripple."

Johnson said he was all right when he quit "except for my feet and legs."

LONGVIEW, April 5 (AP)—C. N. Wilkenson, coach of the bi-district championship Longview Lobos has been offered the position as coach at Lon Morris college at Jacksonville, he said today. He has not decided whether he will accept.

## TECH BASEBALL TEAM ENTRAINS FOR BIG SERIES

### HUBBERS TAKE MORNING WORK PERIOD TODAY

Fifteen Texas Tech baseball recruits and Grady Higginbotham left early this morning for Waco where they are scheduled to meet with the Baylor University Bears on Friday and Saturday in the first series billed with down state institutions.

Monday and Tuesday they are engaged with the Catholics of St. Edwards University, and on Wednesday and Thursday, start back toward their home with games billed with the Pirates of Southwestern University.

The roster included five chieftains: Volney Hill, (Red) Moore, Wilburn Eddleman, (Red) Howell, and Willis Gray; four outfielders: Raymond Marshall, Howard DeWitt, Orville Brothers, and (Red) Waller; four infielders: Peterson, Dude Lassiter, (Topper) Rigney, and Bud Taylor; and two catchers: (Chink) Burnett and Winfield Nicholas.

H. C. Hervey, manager of Tech athletics, accompanied the team on the tour.

Benjie Brownlow rounded up his thirty Hubber recruits this morning and shot them to the Merrill Park for the initial morning session. "We will be out most of the day, like the old time country picnic, an all day session with dinner on the ground," the Hubber pilot told his candidates before going out.

Most of the morning was used in hitting practice with the youngsters going in time after time looking at the game and peeling it out. Quackenbush, recruit who has been working with the Texans of Amarillo, worked in the box and since he has had some three weeks of hard work in the Western League camp, he was instructed to give the hitters a

DAIRY ASSOCIATION SHOW ENTERS ON LAST DAY AS LEADERS GIVE THOUGHT TO QUESTIONS TO COME UP TONIGHT

Special To The Journal. PLAINVIEW, April 5—Running along smoothly from every standpoint and making history in its field, the first annual show and sale of the Plainview-Plains Dairy association swung into its last day with a good crowd of hands. Judging continued to occupy the limelight from the standpoint of the attending throngs but leaders in the movement were looking ahead to tonight's meet where election of officers and other important questions will be thrashed out.

Two Questions Important Facing the members of the association will be the question of making the show and sale an annual affair and if so, a decision on whether it should have permanent headquarters or be moved from place to place. Indications here today were that the show would be a yearly feature and that Plainview would be made the permanent headquarters. The people of Plainview, the Chamber of Commerce and the citizenship of Hale county have all been instrumental in making the show the greatest event of its kind in the history of the Southwest.

Brotherly Love, A Girl—Tragedy

When Jesse McHugh was a veteran flower, announced his engagement to Marie Terwilliger, telephone operator, Walkkill, N. Y., approved the match. But not so Harry McHugh, local postmaster and Jesse's elder brother, who was obsessed with the idea that no girl was worthy of Jesse. With a .45 automatic Harry shot and slew the girl as she sat at her switchboard in the Terwilliger home above the Walkkill post office below. Then as state troopers closed in on him two days later, he turned the gun upon himself.

One Dead, 15 Hurt In Arkansas Area

FAYETTEVILLE, Ark., April 5 (AP)—Counting its losses at one dead and at least 15 injured, five seriously, Washington county today began a check of property loss from last night's wisper that swept in from Oklahoma, and at the same time with Benton and Carroll counties, watched rising streams with concern.

Man Seriously Injured

Marion Spears, father of the family with his chest crushed, was probably fatally injured. His wife and two more sons were injured less seriously, but his mother-in-law, Mrs. Mary Payne, 85, was in a serious condition.

Beats Citizens Hurt

Mrs. J. E. Kerr, her daughter, Ruth, Mrs. R. D. Yeager and Mrs. Clouse, all of the Beaty community, also were injured when their homes were blown away and Mrs. Kate Sumpton was burned badly when her house caught fire. She was dragged from the burning building by rescuers but is not expected to recover.

Relief Work Difficult

The towns affected were without lights last night and relief work was difficult. Neighbors left their homes in a driving rain to give aid to their suffering friends. Seven nurses and six doctors from Fayetteville and three doctors from Prairie Grove were rushed into the area by special train. Those injured most seriously were brought to a hospital here.

Operator Stay on Boards

Many of the homeless wandered about the streets, dazed by the suddenness of the flood while others were cared for in private homes, hotels and rooming houses which were thrown open in welcome to them.

Checks On German Claims Prepared

WASHINGTON, April 5 (AP)—The first batch of checks will be sent out by the treasury next week to American claimants against the German government under the alien property bill recently passed by congress. The checks range from \$1 into the thousands of dollars and cover claims running from personal injuries to property seizures.

German Plane Is Fueled For Flight

DUBLIN, April 5 (AP)—The German airplane Bremen today was fueled at Baldonnel airfield and ready to take off at a few hours notice. The field itself was still soft from recent rains and authorities said there was little chance of the heavily laden plane being able to take off for New York before tomorrow.

Blindfolded... in scientific test of leading Cigarettes, Princess Paul Chavchavadze selects OLD GOLD

"I was much intrigued by the invitation to make a blindfold test of your leading brands of American cigarettes, to see how they compared with each other and with those I had smoked abroad. Could one really taste the difference? I wondered. "But when I was handed these cigarettes, one by one, I realized at once that there was a difference and that the test was conclusive.—One cigarette was so much more appealing, so much more delicate in flavor. Oh, and so much smoother! "When the test was over and I was told that the cigarette of my choice was OLD GOLD I understood at once why this cigarette is so popular among my American friends."

PRINCESS PAUL CHAVCHAVADZE, Sister of Mrs. Wm. B. Leeds

How Test Was Made Subject was blindfolded and, in the presence of two responsible witnesses, was given one each of the four leading cigarettes to smoke. To clear the taste, coffee was served before each cigarette. The Princess was entirely unaware of the identity of these cigarettes during test. After smoking the four cigarettes, the Princess was asked to designate by number her choice. Without hesitation she replied, "No. 3", which was OLD GOLD.

KIWANIS CLUB HEARS OF CITY BEAUTY PLAN

PRESIDENT OF CITY'S FEDERATED CLUBS MAKES ADDRESS

In connection with the clean-up campaign which is now under way in the city, members of the Kiwanis club heard about "City Beautification" in their regular weekly luncheon program at the Lubbock hotel today.

T. W. Sawyer was chairman of the day and feature talks of the program were given by Mrs. J. F. Hankins, president of the City Federation of Women's clubs, and Prof. Charles H. Mahoney, professor of horticulture and landscaping at the Tech. Mrs. Hankins made a plea for beautification while Prof. Mahoney explained how a city could be made beautiful, mentioning especially the establishment of a city plan, city nursery and park system as the best methods.

Another feature of the program was a reading by Miss Haven Sawyer accompanied by Miss Lois Mangum at the piano.

Dr. Felix Perryman Miller of El Paso, president of the State Medical association, was introduced and made a short talk telling of the change made in Lubbock during the week of his visit, now and during the 80's.

Guests introduced besides those on the program were: John Dalrymple, J. D. Garnett, T. A. White, R. D. Moxley, F. D. Rupe, C. W. Ratliff, Mrs. Clark M. Mulligan, Joseph Parks and members of the Tech stock judging team, R. C. Tom, John Burroughs, Vaughn Corley, Curtis Grimes and Claude Hope.

Essay Writers Named
President Fred W. Standefer announced the names of ten men, E. E. White, E. L. Klett, D. D. Roderick, Dean A. H. Lehigh, Rev. L. G. H. Williams, Charles Nordjoke, Homer L. Pharr, Clyde F. Elkins, E. W. Provenance and K. N. Clark to write essays on "What is Kiwanis," which are to be entered in the international contest.

Delegates elected to the international convention were I. F. Holland, and L. C. Ellis and E. L. Klett tied for alternate, to be decided later.

Three-hour service will be held tomorrow, Good Friday. Special music will be held following the events of the crucifixion. A cordial invitation is extended to the public, Rev. Williams said, and those who attend may leave at any time during the singing of a hymn.

The Holy Week services were postponed from the earlier part of the week due to a slight illness of Rev. Williams.

Anton Methodists After New Church
A subscription list to collect funds for the erection of a Methodist church at Anton was in circulation in Lubbock today, W. O. Rucker, A. A. Givins and J. H. Denson, of Anton, were conducting the subscription. Efforts are to be made to build a modern church there, to meet the needs of the church members of that section.

J. C. Arnett, of Anton, is treasurer of the subscription campaign, the men said.

Speer's Successor Not Yet Selected

AUSTIN, April 5 (AP)—N. L. Speer who resigned Wednesday as warden of the Texas prison, will continue to serve until his successor is chosen. Col. R. H. Baker, chairman of the prison commission said Thursday.

"We must look around for a man. I don't know who it will be," Col. Baker added.

Speer will leave his present post largely because his duties as executioner are distasteful to him.

Bill Seeks Probe Of Georgia Charge
WASHINGTON, April 5 (AP)—Senate investigation of the disposition of federal patronage in Georgia is asked in a resolution prepared today by Senator George W. White, Democrat, Georgia, as an outgrowth of the news made by L. S. Peterson, Douglas, Ga., postmaster who killed himself recently. Peterson said he had been forced to contribute \$100 to the Republican campaign fund in order to hold his job.

Nothing takes the place of Karo for BREAKFAST

Decorative But Dumb

By Harold Weatherby
Many a man who doesn't believe that stork story any longer, just goes haywire when it comes to buying tires.

He stands there listening closely while the dealer avows he is giving him something for nothing. For the time being what protrudes above his collar is decorative but dumb.

If you believe a dealer will spend time and energy trying to sell you at no profit, you probably will never call upon me.

But if you believe in good goods at fair prices, backed by responsibility, you'll drop in and see what I have to offer.

I hold out no inducement but a square deal—square to you and square to me. I sell Goodyear Tires because they're the best in the world, and I price them as low as I can and still meet the payroll and feed the family. How low is this? Low enough to give you the cheapest mileage you ever had.

Episcopals Plan Holy Week Series

Holy Week Services will be held at the St. Paul's-on-the-Plains Episcopal church on Thursday, Friday, and Saturday nights of this week, it was announced this morning by Rector L. G. H. Williams. At 8 o'clock tonight, a meditation and summary of the events of Holy Week.

Three-hour service will be held tomorrow, Good Friday. Special music will be held following the events of the crucifixion. A cordial invitation is extended to the public, Rev. Williams said, and those who attend may leave at any time during the singing of a hymn.

The Holy Week services were postponed from the earlier part of the week due to a slight illness of Rev. Williams.

Anton Methodists After New Church
A subscription list to collect funds for the erection of a Methodist church at Anton was in circulation in Lubbock today, W. O. Rucker, A. A. Givins and J. H. Denson, of Anton, were conducting the subscription. Efforts are to be made to build a modern church there, to meet the needs of the church members of that section.

J. C. Arnett, of Anton, is treasurer of the subscription campaign, the men said.

THE MAN WE WANT

IS about twenty five years of age, or older. He, preferably, has a few years experience but has not yet found the line of business he is willing to make his life's work. He is above all a man of character and stability, ambition and the energy to carry through. He has courage and resourcefulness. To such a man our proposition as salesman in Lubbock will be extraordinary and will have such permanent attractions as to make him put forth his best efforts to get the position. Failure is impossible to the man with these qualifications. The applicant must give complete information about himself in a letter asking for further details. Applications will be held confidential.

## MAN HELD IN MURDER CASE

### MYSTERY OF SCHOOL TEACHER'S DEATH IS BELIEVED SOLVED

(By Associated Press)  
CAMBRIDGE, Mass., April 5.—State police today believed they had solved the mystery of the killing of Miss Marguerite Stewart, Beverly school teacher, with the arrest of Frederick H. Knowlton, 34 year old, married, Framingham electrical supply dealer.

Knowlton was arrested shortly after midnight in the office of District Attorney Robert T. Bushnell of Middlesex county, who announced that a charge of murder would be preferred.

**Body Found on Roadside**  
The arrest came after long questioning. Miss Stewart's body was found by a roadside in Concord last Friday, her clothing badly torn and her right temple crushed.

She had been missing from the Beverly school for the day where she was a teacher since Thursday, her day off. Knowlton admitted he had customarily seen her on Thursday nights and that last Thursday she came to Framingham.

Investigation revealed that last Saturday Knowlton washed his car with a solution of chloride of lime.

## TEXAS STORMS

(Continued from Page 1)

nied in some instances by hail, fell in portions of the Panhandle, where no injuries were reported.

Wind, accompanied by a two-inch rain, caused considerable damage at Gainesville, wrecking windmills and ripping 40 feet off the roof of the grandstand at the baseball park.

### Damage Is Great Over Southwest

KANSAS CITY, April 5 (AP)—Tornadoes climaxed a general wind and rain storm that caused at least three deaths, left more than a score injured and damaged buildings at widely separated points in the southwest yesterday.

First reported in southern Kansas and northern Oklahoma the storm swept southeast into Arkansas where a tornado in Washington county devastated a large area. One person was known to have been killed and a score injured.

**Two Tornadoes in Texas**  
Two tornadoes occurred in Texas. One of the twisters destroyed or partially wrecked more than a dozen buildings at Bangor, Okla. One was injured. Another struck near Santa Anna, injuring two persons. Torrential rains and hail fell in the Abilene district, causing considerable property damage.

One man perished and hundreds were driven from their homes when 6.81 inches of rain fell in a half hour at Shawnee, Okla. last night. Hail driven by a high wind accompanied the rain, tearing holes in roofs and breaking windows.

**Water Five Feet Deep**  
While the storm at Shawnee, lasted less than an hour, water rose to a height of five feet in some sections of the city, washing houses from foundations and filling the streets with debris. One body was recovered and identified as that of a man named Lewis. A Mrs. Campbell and a baby were missing. A torrent three blocks wide raged in the heart of the city. Losses were placed at more than \$150,000.

Heavy damage in Kansas occurred in the oil fields of Greenwood and Butler counties. The wind reached an estimated velocity of 80 miles an hour in that section. Oil derricks were demolished and farm buildings razed. Mrs. Anna Green, 23, was killed at her home near Topeka when she was buried under the wreckage of a building.

**Other Losses Numerous**  
Reports of minor losses came from numerous points in the southwest. Tecumseh, a village near Shawnee, Okla., also was hard hit by hail. High winds swept Rock Springs, Texas, where more than 50 persons were killed in a tornado April 12. Last Communication lines were crippled, but damage in Rock Springs was light.

One building was demolished and several houses were unroofed by a gale at Las Cruces, N. M., where a severe sand storm developed.

## Italy's Liberty

A rival in size to our own Statue of Liberty is the 90-foot bronze memorial to Italy's World War dead which is to be erected on Mount Maddalena, near Turin. Sculptured by Edoardo Rubino, it will bear a torch visible at night anywhere on the plain of Piedmont.

The children were playing with George when he was seized by the women, and thrust into a taxicab which quickly disappeared. Police believe the boy may have been taken by a woman who wished to rear and took a fancy to the Miller boy.

### NG AND QUEEN OF SPAIN WASH FEET OF BEGGARS

(By Associated Press)  
MADRID, Spain, April 5.—The king and queen of Spain today washed the feet of 26 beggars, 13 men and 13 women, in an annual Holy Thursday ceremony betokening Christian humility. Twelve of the men and three of the women were blind.

After the simple foot washing ritual, the poor mendicants were led to another apartment and each presented with a new suit or dress, overcoat or mantle, underclothing, a bag containing 30 pieces of silver and a basket of the finest fruits and sweets. On leaving the palace, the beggars sold the baskets to a huge crowd, which had gathered outside for good prices.

The ceremony took place in the palace in the presence of high dignitaries of the court, religious leaders, hundreds of Spanish nobles and many foreign visitors. The persons whose feet were washed by the sovereigns were chosen by lot. King Alfonso and Queen Victoria drawing the numbers while a solemn assemblage of nobles and ecclesiastics watched. Before the foot washing began, the beggars were rehearsed in their part.

Similar services occurred in the dioceses of every archbishop and bishop in Spain.

Hollywood folk will have to perk up their ears to hear what they say on the screen. But no matter how dumb their dialog, it's bound to be a 99 per cent improvement over those "Come the Dawn" subtitles.

### STOP THE FAT AND GET THIN

The way to reduction is to stop the formation of fat. Modern science has found that way—by turning your food into fuel and energy—by supplying a natural element that helps do that. It is much better than starvation. That modern scientific method is embodied in Marmola prescription tablets. People have used them for 20 years—millions of boxes of them. Now the results in lengthier figures, new beauty and vitality, are seen everywhere.

Each box of Marmola contains the formula, also the scientific reasons for its use. So you know the effects are beneficial, and why they all occur. Learn what so many have learned in 20 years about it. Do it now. Ask your druggist for a \$1 box of Marmola and learn what it means to you.

Thought For Today
For me to live is Christ, and to
die is gain.—Philippians 1:21.

A Tip
International relationships are
being things which you do not think
about them. Nations rattle swords
threaten one another with war, engage
in rival armament races, and all the
while protest undying harmony.

But once in a while two nations
do manage to get together on a
basis of real friendship. And when
they do, the attention of everybody
abroad to the two leading nations
on the North American continent—
the United States and Canada.

The United States department of
commerce has just made public
the full story of the disastrous fire
in the great Hollinger coal mine, at
Timmins, Ont., on February 10
when 150 men were rescued.

When U. S. mine rescue workers
crossed the border to co-operate
with the Canadians in the business
of saving lives.

Fire started in the mine on a Friday
afternoon. The Ontario
authorities wired Washington, asking
if one of the bureau of mines rescue
cars could be sent. To call was
received late in the day, officials at
Washington were not at all certain
whether they could legally send
their men to another country. However
they decided to act first and
ponder the legality later, and a mine
rescue car at Juntura, Pa. 75 miles
south of Pittsburgh, was ordered to
the scene.

It is an out-of-the-way
place and it was Saturday
morning before the car got to Pittsburgh.
Bureau of mines experts boarded it
there, and through the co-operation
of railway and customs officials of
both nations, the car was rushed to
Timmins in record time, reaching
there Sunday morning.

Then, after a brief conference
mining experts of the United States
and Canada donned masks and
went down into the shaft—risking
their lives together in the hope of
saving the entrapped miners.

As it happened, the entrapped
men were already beyond help.
They apparently had died within
an hour of the time the alarm was
given. Yet the trip of the mine
rescue car across the border was
not in vain.

That trip, we may say, stands as
an object-lesson to diplomats and
prime ministers everywhere—an
object-lesson in the way two neighboring
powers can get along with each
other. Instead of hatred, fear and
suspicion, the United States and
Canada have friendly co-operation.
They work to gether to save lives.

There is nothing finer, or more
hopeful, in the history of international
relations. On this side
of the water, we have found the way
to international harmony and peace.
No forts line our borders, when a
disaster occurs in one nation the
other does what it can to help.

The leaders of Europe might well
ponder the solution we have found.
Friendliness brings security, better
than heavy armaments. The
United States and Canada have
provided it.

Helping
THE president of the Santa Fe
railroad recently announced that
the railroad would pay all the
expenses of stock judging teams from
each of 12 states to the Agricultural
Congress in Kansas City next
fall.

That sounds very fine and
public-spirited, and it is; but at the
same time, it is a good investment
for the railroad, too. If the railroad
can promote better stock raising
in the southwest, there will be
more prosperity and the railroad
will make more money.

More and more our big business
concerns are discovering that they
can best help themselves by helping
the communities of which they
are a part. It is a mighty encourage-
ment when a million times better
than the old-fashioned "public be
damned" attitude.

THE PLAINSMAN
Says:

That Girl on Broadway says that
California men that laid 314 eggs
in one year, probably made the
record by egging herself out.

The first annual show and
sale of the Panhandle-Plains
Dairy association, which has
been going on in Plainsview
for the past three days, opened
the eyes of even the staunchest
boosters of West Texas. Al-
though this year's show is but
a beginning as the members of
the association see it, it proved
itself to be not only the largest
and best association show in
the history of the Southwest
but in quality and quantity of
exhibits is the third best dairy
cattle exhibition in the history
of the entire nation.

Every time West Texas turns
around there is another record.
Every time something like the
Plainsview dairy show is inaugu-
rated West Texans discover that
they are either leading or among
the leaders in the nation in that
particular endeavor. It is things
like this nature that ever remind us
that the future of West Texas is
unbounded and that its resources
have hardly been tapped.

Afford West Texas with the popu-
lation per square mile that the
agricultural sections of the north
and middle west have and there's
no telling to what heights this
country will rise. And the best
part about it is that all we lack
is the way of securing additional
population in time. Sooner or later
—and The Plainsman is of the
opinion that it will be sooner—
people in distant parts of the
nation are going to become ac-
quainted with the real West Texas
of today. They're going to discover
that our broad acres are fertile
soils and that our part of the nation
is not a desert, as the early
geographers pictured it, but instead
is a veritable agricultural Mecca
for the farmer, the stock raiser,
the dairyman and the horticulturist.
When the people in distant
sections get the truth about West
Texas then West Texas is going to
come into its own.

That Man on Avenue Q says our
citizens are discovering that the
taint of political mud is a small
matter when compared to the stain
of political sin.

A beggar arrested in New York
was found to have three wives.
With that much Easter clothing
you'd no wonder he was a beggar.

As The Plainsman sees it the de-
sign of the directors of the Pan-
handle-South Plains fair to make
the annual exposition a six-day air
fair instead of a four-day one is
a wise move.

It won't be long before the Pan-
handle-South Plains fair will be of
such a size that one day at the
grounds will not be enough time
for the average man to spend in
viewing the myriad exhibits. Six
days will give him a better oppor-
tunity to come back than will four
days.

And, unless the fair is placed
on permanent basis, and newer
and better buildings and grounds are
afforded four days time will not
be sufficient to handle the ever
growing crowds.

These two and many other rea-
sons support The Plainsman and
the directors of the fair in the six-
day fair plan. There can be no ob-
jections to the plan—on the other
hand many agreements to it.

The Plainsman ran across a
small, insignificant news item yester-
day which to him expresses a
real deal. In case you missed it,
here's what it says:

SCRANTON Pa. April 4 (AP)—
Employees had narrow escapes
when the Scranton Republican
building was destroyed by fire
early today.

Five men were sent to a hos-
pital for burns.

With all avenues of escape
cut off men had to leap
through windows and hang on
the ledges two and three stories
above the ground.

Using the plan of the
Scranton Times, the Republic-
an went to press after the fire.
The loss was estimated at
\$600,000. The fire started in the
press room.

Did you notice the line "Using
the plan of the Scranton Times
the Republican went to press after
the fire"? There's a world of
thought which can be placed on
this simple sentence. It expresses
man's indomitable courage at his
best. It expresses the determina-
tion which has made the press the
greatest power in the world to-
day. It expresses, in an actual
consequence, that war cry of the
newspaper world "We must get on
the press!"

He was an educated man.

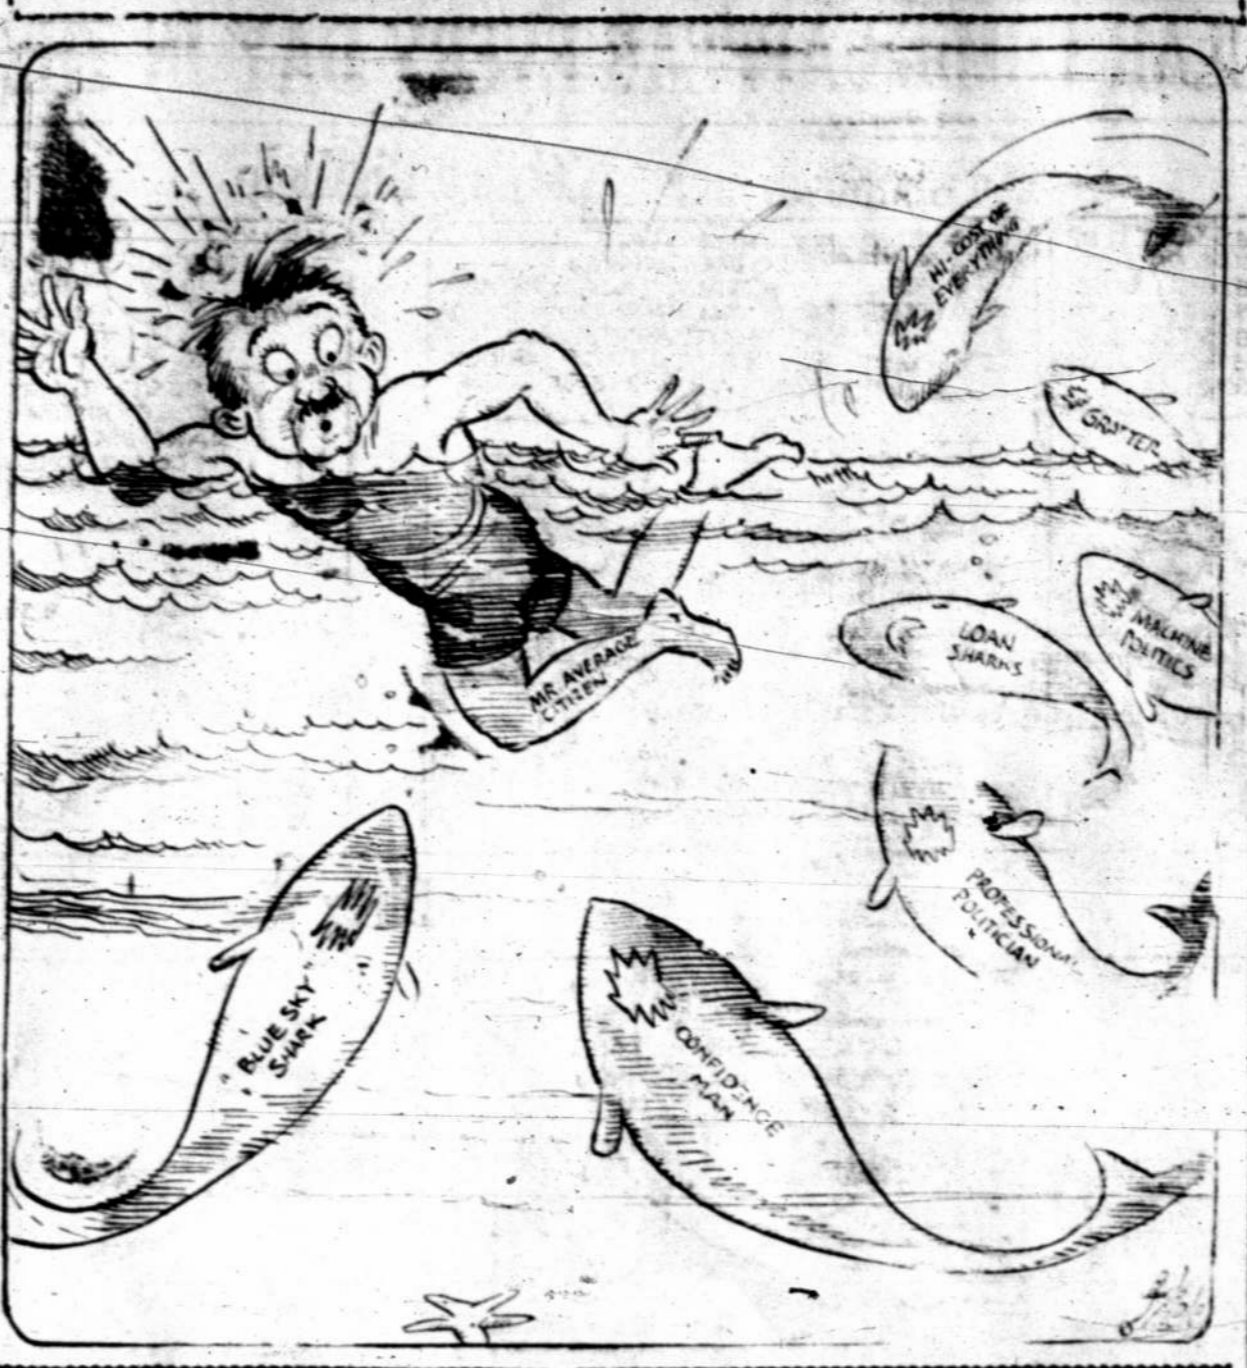

He knew the law and Constitu-
tion.

But he found that he didn't know
enough.

Houston Making Its Plans To Do Everything Possible To Show Democrats A Good Time, Rodney Dutcher Says

IN NEW YORK
SEE-SAWING
and
DOWN BROADWAY

WASHINGTON, April 3.—Repub-
lican national conventions have
a reputation for being tame, har-
monious affairs where all the real
fighting, dirty and otherwise, is
done off the floor and behind closed
doors.

Democrats, on the other hand,
are supposed to stage their little
Armageddons in full view of the
world, dirty fighting and all, crawl-
ing only to the seclusion of hotel
rooms for a patched peace after the
gladiators are too weary to fight
any longer.

It may happen again that way
this year, but it is possible to re-
mark at the moment that arrange-
ments for the Democratic conven-
tion at Houston are proceeding in
a manner calculated to tickle all
concerned, whereas the arrange-
ments for the Republican at Kansas
City has thus far produced more
or less dissatisfaction—also among
all concerned, if one is to believe
information from advance scouts.

The delegates themselves must be
dependent upon to kick up a stink
at Houston and sweet harmony at
Kansas City.

Mr. Clem Shaver, the chairman
of the Democratic National Com-
mittee, beams proudly and content-
edly. He has been able to announce
the squaring of the party debt and
now can promise the 10,000 or more
Democrats whom he couldn't
squeeze into the Jackson day din-
ner here a good chance to see the
Houston show—and a fair chance
of first-class or nearly first-class
accommodations.

Furthermore, Mr. Shaver is able
to contemplate with what is prob-
ably no serious attack of melanc-
cholia the somewhat less fortunate
case of Mr. William M. Butler, the
Republican chairman, who pushed
his convention into the lap of Kan-
sas City.

Mr. Shaver is able to report that
the convention hall now being
built in Houston will seat at least
16,000 persons.

Everyone in Texas not vitally
needed at home will be at the con-
vention, one hears, and every other
one in states adjacent. This is the
first political convention to reach
the south since—well, it wasn't th-
ird time, if ever. That helps ex-
plain why Houston is preparing for
this convention as does a prospec-
tive bride.

much cash as Houston, which has
added to the \$200,000 which she
promised at the national committee
appropriations of \$150,000 for the
beautification of the city.

While Houston has been plant-
ing its half million rose bushes,
eliminating all detours from Texas
roads and cleaning up its bay and
the battlefield of San Jacinto, Mr.
Shaver has been receiving applica-
tions for reservations for 8000
persons from his national commit-
teemen. These will have to be taken
care of in the best available hotels
along with many others and be-
tween Houston and Galveston it is
believed that the thousands of un-
attached visitors will be taken care
of.

Mr. Butler can report no such
luck. Mr. Butler and his subordi-
nates, in fact, considered taking the
convention away from Kansas City
until they realized that this would
be worse than leaving it there. On
the other hand, certain minority
Kansas City supporters are reported
to have been in the convention back
to Mr. Butler. It appears that Kansas
City, like most other bidders, over-
estimated its facilities.

Realizing this, the national com-
mittee drastically took over the
convention management, including
allocation of accommodations, from
local hands. The convention hall
holds but 10,000 persons and many
local residents won't be able to get
in. Space for the press is re-
stricted.

EVERY country needed men
and women of patriotic vision and
unselfish devotion if it is now. The
politicians are playing a game in
some instances. Instead of search-
ing the questions of national im-
portance and analyzing them for
the purpose of a solution which will
be the best information obtainable,
should solve them, they divide
themselves according to partisan
affiliations and seek party or bloc
advantage.

In this country of self-govern-
ment every man should be a peer
and refuse to be swept from his
feet by the onslaughts of designing
demagogues with an appeal to pas-
sion or prejudice. They have a right
to demand the truth and all of the
truth, unvarnished by the smears
of the one or the stains of the
other. The balance of power in the
United States can be held by the
thinking men and women, if they
but exercise their right to have
before them the results of unbiased
investigation, and then proceed in
orderly method to deduce their ac-
tion from the facts obtained.

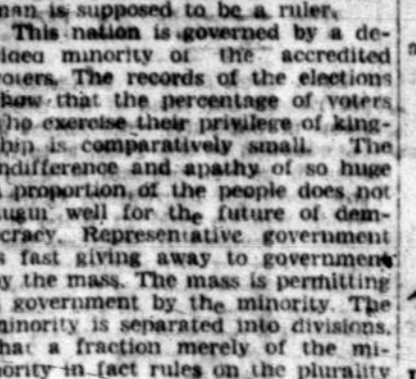

Too many people in the United
States are but pawns on the board,
subjecting themselves to the label
of the self-constituted potentate or
that and permitting their thinking
to be done for them. If the
charges be true that men have
bought themselves into high posi-
tion it must be equally true that
some men have permitted them-
selves to be bought. This is indeed
a travesty on democracy, that there
is a purchasable quantity of the
citizenship in sufficient degree to

### NOTE CAMPAIGN IS STARTED ON NATIONAL SCOPE

(By Associated Press)

WASHINGTON, April 5 (AP)—Opposing the "brass band" method of getting the people to the polls, John Hays Hammond, today proposed to the national civic federation that joint committees on active citizenship be organized in 500 leading cities of the country to show the eligible way to the ballot box and to hold educational forums during the political campaigns to discuss issues.

Addressing a meeting of the federation's campaign committee, Mr. Hammond, its chairman, said the federation had no local organizations to set up such committees, but that the General Federation of Women's Clubs had agreed to form them in other national bodies represented in the federation would lend their aid. Declaring there are 100,000,000 citizens eligible to vote in the next November elections, Mr. Hammond said he hoped the committee drive would lead to at least 70 per cent to exercise their right of franchise as against the 50 per cent which was voted in 1924.

### Maudy Banquet Is To Be Held Tonight

Between 75 and 100 Masons of the South Plains will attend the banquet for Maudy Thursday observance at the Lubbock Hotel tonight at 7:30. Dean J. M. Gordon, president of the South Plains Scottish Rite club said this morning.

Dr. Felix Perryman Miller, of El Paso, president of the State Medical Association and one of the most prominent Masons in the Southwest, will be the principal speaker at the banquet. Rev. Jack M. Lewis will deliver a lecture for conferring of the eighteenth degree of Scottish Rite Masonry.

The service is an obligatory feast for the members of the chapter, the theme being prominent in its progressive ritual. It is observed by the lodges over the country.

Twenty-three out-of-town Masons had made reservations for the banquet up until noon today, Dean Gordon said.

### Woman Successful In African Flight

LONDON, April 5 (AP)—A telegram received at Croydon today reported arrival at Cairo of Lady Heath in a light airplane from Cape Town.

Her flight from the southern tip of Africa to Cairo, Lady Heath declared to have accomplished three outstanding feats, being the first woman to fly from one end of the continent to the other, the first to make a flight in a light plane from Cape Town to Cairo, and the first to make a solo flight over the same territory.

### Netherlands Gets Title To Islands

THE HAGUE, April 5 (AP)—The Netherlands has been given title to the Island Las Palmas (Minigas) lying between the Philippines and the Dutch East Indies. Possession of the island was disputed by the United States and Holland. Professor Max Huber, Swiss statesman, acting as arbiter, decided in favor of Holland.

The claim of the United States was based on the Spanish cession of the Philippines in 1898. The United States wished to control the island, which is only two miles long and three-quarters of a mile wide because it was believed that it was being used by opium smugglers as a rendezvous.

There are more than 20,000,000 children attending public schools of the United States.

W. A. Minter, of Abilene, member of the firm of Minter-Gamel here, is in Lubbock today visiting J. W. Gamel, his business associate. Mr. Minter came to Lubbock last night from Guthrie with the Lubbock delegation to the road meeting there. He was a member of the Abilene delegation to the meeting.

### Fall's Coast Trip Is Deferred Again

EL PASO, April 5 (AP)—The trip of Albert B. Fall, former cabinet officer, to California has been deferred again, members of his family announced today. Having planned to leave here for the west this morning, Mr. Fall probably will not leave until Friday evening, it was stated.

Members of his family said that Mr. Fall had not yet completely recovered from an apparent relapse suffered when he had completed his deposition Sunday afternoon. To be used in the trial of Harry F. Sinclair his codefendant. On orders of his physician, Mr. Fall is going to Las Encinas sanatorium near Pasadena, Calif. for a prescribed rest.

# EAST AND WEST HIGHWAY THRU KING IS URGED

## CONNECTION IS ASKED WITH ROUTE OFFERED NORTH AND SOUTH

The importance of an east and west highway through King county for a reasonable route from Wichita Falls through Lubbock and points east was stressed in a meeting yesterday at Outhouse in which Abilene citizens were promoting a north-south highway through that place. Wichita Falls from Abilene by a group of citizens from Lubbock, Ralls, Idalou, Crosbyton and Benjamin.

The meeting was called by the officials of the Great Plains highway proposed route from Regina, Canada, to Mexico City via Childers, Paducah, Guthrie, Anson, Hamlin and Abilene.

T. N. Carswell, secretary of the Abilene Chamber of Commerce, presided at the meeting and heard reports from the various towns along the proposed route regarding formation and then read a telegram from Judge W. R. Fry of the state highway department, formerly of Abilene, to the meeting and citizens of King county: "Unable to leave until Wednesday. Urging King county to vote bonds for north and south highway and be assured of our support."

Judge Charles Nordyke made a talk on the importance of the east-west road followed by others. Delegates from the east-west route at the meeting were: Judge Nordyke, J. H. Hankins, Garnet Reeves, J. I. Chesley and W. L. McSpadden, Lubbock; G. H. Nelson, Ralls; W. S. Anderson and W. L. Brashear, Idalou; C. S. Williams, Crosbyton; Judge Atterbery, Benjamin; and others.

Furness were fitted to motor ships because, when the first of these, the Selandia, was put into service in 1912, many emigrants refused to sail in her because she lacked funnels.

### "DISTURBED SLEEP"

Is Nature's Warning of "Danger Ahead." A Healthy Bladder Does Not Act At Night

Mrs. J. N. Alexander, Suggden, Okla., says in her own home paper, the Waureka News: "For twenty years I was troubled with burning and bladder acting ten to fifteen times every night. I tried many remedies but had no relief until I began Keller's Lithiated Buchu. I now sleep all night without getting up. I am willing to help others by telling or writing my full experience."

Lithiated Buchu acts on the bladder as epsom salts do on the bowels. Drives out foreign deposits and lessens excessive acidity. This relieved the irritation that causes "getting up nights." The tablets cost 2c each at all drug stores. Keller Laboratory, Mechanismsburg, Ohio, or locally at Bowen Drug Store—Adv.

### Today In Congress

Senate takes up McNary-Haugen bill while Newton proposal to permit formation buying pools to combat foreign monopolies comes before house. Senate finance committee continues closed sessions on new tax bill.

### Wisconsin Votes Still Unchecked

MILWAUKEE, Wis., April 5 (AP)—Control of the Wisconsin delegation to the Kansas City republican convention still swayed in the balance between the regular republicans and the LaFollette forces when 90 per cent of the precincts in Wisconsin had reported today.

In 12 of the 26 contests the regular republicans were leading. Although the LaFollette forces held a slight edge, as their candidates forged to the front in 14 contests, the race was so close that a change of a few hundred votes in certain districts might displace the leaders.

Gov. Al Smith had easy sailing in the democratic vote, making a clean sweep of the entire state delegation of 28.

Nebraska produces more alfalfa than any other state.

### Lack Of Discipline Blamed On Conniff

RUSTON, La., April 5 (AP)—Failure to enforce discipline has been assigned by T. H. Harris, state superintendent of education and chairman of the executive committee of Louisiana Polytechnic institute here for the resignation yesterday of John R. Conniff, president of the college for the past two years.

The resignation was agreed upon at a meeting here of the committee Tuesday which President Conniff attended. It is effective at the conclusion of the present term.

Regret over the resignation was expressed by a number of the students who prepared a letter expressing confidence in Mr. Conniff and the head of the school in reply thanked the students for their support.

### 303 Reds Executed By Canton Military

CANTON, China, April 5 (AP)—Canton was tense today after 303 Reds had been executed by the military authorities in an attempt to thwart an uprising. The communists boasted that bloodshed would only make their movement the stronger and hasten the fall of the present Cantonese government.

Seventy three Reds were executed today and 230 earlier in the week when a 14 year old street urchin revealed communist plans to the authorities after listening to them gossiping in the streets.

# TALK APLENTY IS REGISTERED IN BIG CITIES

### 5,000 WOMEN AND GIRLS NEEDED IN PHONE SERVICE DAILY

(By Associated Press) DALLAS, April 5.—The services of approximately 5,000 women and girls are required to take care of calls in four larger cities of Texas. That number are employed in telephone work in Fort Worth, Houston, San Antonio and Dallas, although what is known as the automatic telephone system is in use in three of the cities. Nearly 2,000,000 calls are made daily in the four cities.

**19,000 Information Pleas**  
More than 19,000 requests a day for "information" and more than 19,000 daily long distance calls in Dallas, Fort Worth, San Antonio and Houston give plenty of work for a large number of operators; the telephone companies report.

Dallas has 6,500 calls a day for "information", Houston has 4,800, Fort Worth 4,200 and San Antonio 3,700. Long distance work keeps a large number of girls busy. In Dallas alone 253 young women are employed at this task because 10,000 long distance calls daily pass through the Dallas office.

The number of such calls originating in Dallas averages 4,800 a day. In Fort Worth 3,200 a day, in Houston 4,800 and in San Antonio 1,900.

**Dallas Leads in Calls**  
Dallas leads the state in the total number of local telephone calls a day and Houston is second. Dallas has about 690,000 calls a day, Houston 520,000, Fort Worth 300,000 and San Antonio 265,000.

A large number of telephone calls are unanswered every day in these cities, the number running over 35,000 in some places.

Changes in the telephone directory is another work for the telephone girls. All of these changes must be posted daily for the use of information operators and these changes run as high as \$30 a day, and each one must be posted in as many as 16 "information" directories, making 4,800 postings a day in some offices.

## SMITH "BOOMED"

### Barrage Of Eggs Disperses Group Planning Parade

(By Associated Press) ATHENS, Ga., April 5.—A well-directed barrage of eggs hurled by a group gathered in flowing white, today was responsible for at least a temporary halt in public demonstrations by the University of Georgia at Smith-for-President club.

Some fifty adherents of the New York governor, after organization, yesterday wired him expressions of fealty. Last night they informed him a parade would be held in tribute to his candidacy.

Torch light snuffing, banjos strumming, saxophones moaning and brass drums booming, the parade formed as advertised and proceeded through the downtown streets. Its progress was unimpeded.

Mounts Rostrum to Speak  
Arrived at the improvised platform which had been the procession's goal, Gwynn Nixon, president of the club, mounted the rostrum to speak.

Then out of the night the sheet-clad faction appeared. Barking the historic rebel yell, its members swooped down on the supporters of Gov. Smith. Producing eggs from the folds of their robes, they fired salvo after salvo on the celebrants. Outnumbered ten to one the Smith-for-President club adjourned without the formality of a vote.

Even the Smith adherents admitted last night the white-carbed attackers were no members of the Ku Klux Klan.

They were students wearing sheets acquired from dormitory bunks.

## Wilkins Believed Proceeding On Trip

SEWARD, Alaska, April 5 (AP)—Lack of news from Point Barrow, Capt. George H. Wilkins' arctic exploration headquarters, was taken here as an indication that he was going ahead with plans for a flight across the top of the world to Spitzbergen 2,100 miles away, beginning at 6 o'clock this morning (8:30 a. m. Pacific time). So far he was known here, only adverse weather, would prevent the take-off.

In a wooden monoplane piloted by Lieut. Carl Ben Eielson, his companion on two previous arctic explorations, Wilkins expects to chart the upper air currents and take soundings of the Arctic ocean. He hopes to find the fabled "lost continent" which most Arctic explorers have reported sighting but which has never been reached.

**KINDLY DOC**  
"I announce," said the Doc, "with much pleasure, that your wife has two boys—a treasure! Unlike some physicians (The stinky physicians), I always give one for good measure!"  
—Farm and Fireside.

The fashion for having no pockets in women's dresses is hygienically bad, as it means that handkerchiefs are carried in the hand and left lying about, with a resulting spread of germs.

## U. S. MARINES IN NICARAGUA KILL SANDINO REBELS

MANAGUA, Nic., April 5.—American marine patrols spread out over northern Nicaragua today continued to track scattered bands of rebels through the jungles.

Nine rebels have been killed by marines in five separate encounters within a week and an undetermined number wounded.

A small patrol of marines also drove a band of 20 rebels out of Trinidad just before dawn yesterday. Because it was dark the marines under Lieutenant Benjamin W. Atkinson of South Carolina were unable to tell whether they had slain or wounded any of the fleeing followers of General Augustino Sandino. There were no marine casualties.

Two other patrols encountered rebels and each patrol killed one and wounded one.

## Atlantic City Is Damaged By Blaze

ATLANTIC CITY, April 5.—Fire of undetermined origin, believed incendiary, early today wiped out eight business establishments and damaged several residences. Loss was estimated at \$200,000.

Last week Mayor Joseph Chambliss and J. Fred Manne, president of the chamber of commerce, received letters warning that unless the agitation for a direct tax on the merchants was dropped they would be killed and the town would be burned.
