New Cotton Checks Thursday Increase Compliance Payments Beyond \$93,000 This Month

Seventy-Six Farmers Get Payments From State Office

County Agent Joe C. Williams, Thursday reported additional cotton compliance checks totaling \$7,253.44 arrived here this morning. Checks were signed to 76 farmers, who were to have received notices Friday and Saturday. To date more than \$93,000 has been distributed to less than 1,000 farmers, and as much more is due to arrive before the farmers will all receive their payments.

The agent's office is expected to be a busy place this weekend as has been the case since the money began arriving some three weeks ago.

Good Rains

Rains reported to have been worth countless dollars visited parts of the county again on Wednesday night and growing crops were aided to a great extent. In Lamesa the vicinity received 25 of an inch. Reports from Bartlett were to effect approximately 30 of an inch fell there. Toward the western part of the county good rains were reported. Ackerly had a good rain and Sparenberg also reported beneficial moisture.

John Webster's gauge, maintained by the SCS office, recorded 75 of an inch at Higginbotham, which indicates the extreme western portion of the county received moisture. An estimated half inch of rain was reported from O. K., north of Lamesa, and showers were announced in the southeast portions.

Special Saddle And Riding Equipment Display Is Coming

S. S. Caldwell, owner and operator of Caldwell's Harness Shop, announces a special exhibit and complete display of saddles and riding equipment at his place next Thursday, June 23. Texas Tanning & Manufacturing Company representatives of Yoakum, will bring a special truck to Lamesa. This display and sale of the nationally known Hereford brand of saddles is a rare opportunity that stockmen will appreciate. The saddles are made for the hard-riding men of the West, and combine beauty with rugged service.

All who are interested in saddles either prospective buyers or otherwise are especially urged to come to the demonstration when the factory representative will be here for one full day. For a picture of the type of saddle see our display in another section of this

Car Lot Moves to Former Location

M. C. Lindsey's property, situated on South Main Street, just south of Baldwin's store is being fenced off for the Elder Motor Company's used car lot. Guy Simpson, manager, stated this firm is moving back to their former location that burned about a year and a half ago. Since then they have conducted their lot on Highway 9, south of the City Hall.

The fence will be moved and it is expected they will be ready to display their cars at the new location this week. Mr. Simpson announces in another section of the Courier they are featuring some good buys in used cars and invite the public to visit their lot on South Main.

Bill's Cafe Puts In Air Conditioning

Bill's Cafe, popular eating place on the north side of the square, this week announces the installation of the latest and most modern type air conditioning. They have continually improved their service to their patrons since they opened the cafe here several years ago and this added comfort is another step toward better serving their trade.

See their ad in this issue of the Courier, and for a comfortable place to dine call around and visit them.

THE COURIER INVITES YOUNGER SET PICTURES

After it is asked what is the charge for publishing pictures under the Younger Set heading? On the contrary, the Courier welcomes children's pictures. There are no charges. Photos are made free of charge and half-tones, necessary for reproduction, are financed at our expense.

All pictures should be made at the local studio to insure proper background, uniformity of size, and detailed clearness. With a few more issues all photos submitted for publication during 1937, and accompanied by sufficient information for identification, will have been published. Pictures taken recently will then begin to appear.

Parents are only requested to call at this office and ask for blanks to have pictures made. Why not have your boy or girl's picture printed while they are between the ages of six months old, or under five years of age?

Paving Company Hauling Gravel on Highway 15 East

Two Course Topping To Be Applied After Ten Days

The Public Construction Company, which was recently awarded contract for considerable paving in Dawson, Terry and Lynn counties, has moved a crew to Lamesa and have started hauling gravel from the Santa Fe siding, on South Lynn, for road improvements on Highway 15. Nine trucks are being utilized to haul the gravel, which is being stack-piled on the road side from Borden county line west to the intersection with Highway 9, two miles south of town.

Sneed Goodwin, who was placed in charge of the local project, left Tuesday for another construction job in this area, and was succeeded by J. M. Gipson, who will oversee this work. The project calls for 15.2 miles of seal coated paving. Officials of the company estimated that it would be approximately eight or ten days before a spreading machine would arrive here. Then they hope to start applying a two-course asphalt topping.

Cosden Station Near Hobbs Destroyed On Last Sunday Night

Bryant Fulkerson, distributor for Cosden Oil products for Dawson and Gaines counties, lost one of his outlets last Sunday night when the State-line station, six miles north of Hobbs, New Mexico, was destroyed by fire. A Delco light plant and other equipment, which was Mr. Fulkerson's individual property, burned with a loss estimated at between \$400 and \$500.

Battery Station Will Be Occupied Monday

Joe B. Whitlow, who operates the Exide Battery business at the Carroll H. Davis, Gulf Station, is preparing to move early next week into his new business location, just north of the City Hall, on Highway 9. The building was erected for this exclusive battery station.

It was constructed of tile and stucco and when final touches are applied the structure will have a neat appearance similar to the Magnolia Station, which is situated one location north. Mr. Whitlow will devote his entire time to the battery servicing. Erection of this fine building was a forward step, not only in his behalf, but for the city and business area as well.

Mr. and Mrs. W. E. Cox spent the weekend here visiting friends and relatives.

Capable Judge

JUDGE LOUIS B. REED

That Judge Louis B. Reed, of this city is filling the office of District Judge to the satisfaction of the people of the district, is clearly shown in the clipping below which is taken from the Yoakum County Review. Judge Reed is seeking election to this office for his first term, having been appointed a little more than a year ago to fill the unexpired term of the Late Judge Gordon B. McGuire.

He is not only well qualified for the office he seeks, but he has the happy faculty of disposing with his cases in a speedy, yet most satisfactory method. He has proven fair and impartial in his decisions and is most popular with attorneys, who practice in his court. Citizens of Dawson County cannot go wrong in lending their hearty support to his campaign.

The clipping follows: Court opened on the dot Monday morning with Judge Reed on the bench. (Continued on Back Page)

Palace And Majestic Have Good Features And Cool Theaters

Audrey Cox, owner and operator of the Palace and Majestic theatres, in announcing his summer program states both theatres are ultra-modern air-conditioned. They are striving to provide amusement houses where patrons can enjoy clean wholesome entertainment that also furnishes a respite from the heat.

For several weeks these theatres have been bringing to Lamesa first run pictures and are supplying features that are second to none on the South Plains. The programs for the coming week are as follows:

Palace
Showing again Friday is Robert Montgomery and Virginia Bruce in the "First 100 Years." Saturday a wild and woolly western, "The Last Stand" will be unreeled. For Saturday night's special midnight show, Neil Hamilton an old favorite and Evelyn Venable are showing in "Hollywood Stadium Mystery." Sunday and Monday the hit of the season is coming with an all technicolor film, "Goldwyn Follies" that brings the popular radio entertainment that brings the popular radio entertainment that brings the popular radio entertainment.

MR. AND MRS. CARL ROUNTREE LEFT WEDNESDAY TO ATTEND CALIFORNIA CONVENTION

Mr. and Mrs. Carl Rountree and little daughter, Patsy Jo, left Wednesday morning on a month's vacation. They plan to attend the Rotary International at San Francisco and from there they will visit other vacation centers before returning to Lamesa in the early part of July.

AMONG THE YOUNGER SET

PHOTOS BY ROGERS STUDIO
A rare group of youngsters is presented in the above picture. They are, from left to right, Ben Mac Dopson, son of Mr. and Mrs. Ben Dopson of Hancock; Walter Floyd Evans, son of Mr. and Mrs. W. H. Evans of Hancock; Edward Alvin Evans, also a son of Mr. and Mrs. W. H. Evans and Billy Wayne Meares, who is the son of Mr. and Mrs. Jack Meares, of Hancock.

Air Show Featuring Independence Day Celebration Here Contemplated

Four Injured On Highway 9 When Auto Hits Tractor

J. E. Polvado Suffered Slight Concussion Of Brain

Four men were injured shortly after midnight last Thursday when an automobile and tractor collided five miles south of Lamesa on the Big Spring highway. P. E. Polvado, who was driving the tractor was seriously injured, but is reported much improved. The three young men who figured in the wreck, reported their names as James Roberts, and two Sanders brothers, all of near Lubbock. They were treated for minor injuries and were all dismissed from the hospital within twenty four hours.

One of the Sanders boys was driving. According to his account of the accident it was thought the tractor was some other type of vehicle on the wrong side of the road, as it was well lighted. In the crash the left rear wheel was knocked off the tractor and the machine was totally wrecked. The automobile was also badly wrecked.

Mr. Polvado was on the way from Punkin Center, where he resided with a sister, Mrs. Hugh McCormick to Ackerly to the home of his father, C. C. Polvado. He was injured about the head and on the right shoulder. The head injury resulted in a slight concussion of the brain, but following an emergency operation his condition was reported very favorable. He will likely be confined to the hospital for a few weeks longer.

Traffic was slow on the highway at this time of night and it was quite a while before aid was finally summoned. One of the trio, less seriously injured made his way to a neighborhood phone and they were all brought to a local hospital about one o'clock Friday morning.

Chuck Wagon Gang Coming To Lamesa

The management of the Lamesa Grocery announces the coming of "Kernel Wheat" and Bewley's Chuck Wagon, popular radio entertainers of Bewley Mills, in Fort Worth. Their appearance in Lamesa on Wednesday June 22, is a matter of public interest, and the management of this store is cooperating in every manner for this personal appearance.

While here they will give a concert with plenty of music, fun and hot biscuits for everybody. Interesting entertainment and free samples of their products will be offered when listeners of radio programs will hear the Chuck Wagon gang programs. See their advertisement elsewhere in this issue.

LEAVE ON VACATION

Mr. and Mrs. Ira Ashley and daughters, Margaret Lee and Stella Sue, left Wednesday for Corpus Christi where they will spend several days fishing on the coast. Before returning they will spend a few days in San Antonio, Austin and other South Texas cities.

Read The Courier For Shopping News

That The Courier is rapidly gaining in popularity with the people of this section is evidenced by the many new subscribers which are being added each week.

Readers of the Courier not only find that they can get all the news of the territory in a clear and unbiased manner, but the many merchants who use its columns to tell the buying public of the values they have to offer, make of it a veritable shopping guide. Many subscribers have come to depend upon it to keep them posted on what is new in merchandise and the bargains which are being offered on the many commodities which are daily needed. If you as a subscriber are not reading the ads regularly, you are missing one of the biggest features of the paper. Each week you will find many of the city's leading grocers, dry goods merchants, drug stores, tire stores, and many others with timely values which are calculated to save you money.

Make it a habit to shop the economical, easy way—through the Courier. You will find that it will save you time, money and worry.

Davis Residence Burned Sunday

New Home Caught Fire While Owners Were Away

The new seven-room home of Mr. and Mrs. Dewey Davis, a half mile northeast of the city limits, was destroyed early Sunday evening when fire of unknown origin was discovered and the alarm was turned in at 8:30. Nothing was saved and the loss was only partly covered by insurance.

Mr. and Mrs. Davis and daughter, Edna Faye, returned from a visit with the former's sister, Mrs. H. M. Campbell at Hobbs, N. M., and had just crossed the railroad near their home when they heard the siren and discovered their place was on fire.

A peculiar situation surrounds the destruction of their homes. On February 14, their large two-story home was razed by fire while they were away and a loss of \$6,500 was reported. They rebuilt a smaller modern residence and had only resided in the structure for two weeks. It had been completely furnished with modernistic furniture, which was about two-thirds covered by insurance, according to Mr. Davis. Clothing and other valuables were also destroyed.

Mrs. H. M. Meek Enters Clerk Race

Mrs. H. M. Meek this week authorizes the Courier to place her name in the political column for the office of county clerk. In an appeal to the voters in her formal statement, Mrs. Meek calls attention to her qualifications and seeks the support of her many friends throughout the county. Voters are urged to see the announcement contained elsewhere in this issue.

As the deadline to place the name of candidates on the ballot is Saturday, June 18, M. Q. Martin, chairman of the Dawson County Democratic committee invites all county and district aspirants to file application for their names to be placed on the ballot.

Mrs. Charles Hunt spent several days in Olney this week visiting with friends and relatives.

Mrs. Bob Moore, Mrs. J. R. Farley and daughter, Miss Ruby Farley, visited friends in Big Spring Thursday.

Entertainments Promised With Plenty Variety

Tentative plans for a big July Fourth celebration of various forms of entertainment are rapidly being formed for a county-wide event in Lamesa on Friday this year. Candidate speakings, day-day this year. Candidate speakings, band music, amateur performances, aerial show and other attractions are being mapped out to bring hundreds of citizens together.

A committee from the Lamesa Airport Association, headed by L. I. Dean, Jr., Dr. J. D. Burleson, Carroll H. Davis and A. G. Bearden, secretary of the Chamber of Commerce, has made tentative arrangements that are expected to lead to one of the biggest aerial shows ever held in this immediate section. Detailed information is expected regarding this attraction. It is planned to have several planes from Lubbock, Big Spring, and Sweetwater here for aeronautic stunts.

Ray Baumgardner, manager of the Sweetwater airport, has promised to be here on the occasion and will bring at least one plane. Mr. Dean stated efforts were being made to contact Art Gobel, sky writing pilot of Oklahoma. It was considered likely that he will accept the invitation to perform during the show.

The show will be staged at the new proposed airport, which has been assured county support provided State and Federal funds can be secured for the project. The site is five miles north of Lamesa, where a part of the day's program will be.

Public speaking, open to all local, county and state candidates will follow a band concert at 10 a. m. It is also announced amateur musical and skit performances will form a part of the program. Amateur programs will be conducted in the form of a contest and appropriate merchandise prizes will

LITTLE PATRICIA ESCAPES ON MONDAY FROM INJURIES

Mary Ethel, two year old daughter of Mr. and Mrs. S. J. Johnson, received severe burns on her right hand and legs Monday morning, when she turned over a bottle of carbolic acid. Had the acid struck her face it may have proven even more serious. She was rushed to Lamesa for medical treatment. Mrs. Johnson was in the yard and the child climbed up to the cabinet and found the acid.

REAPING A HARVEST WITH JUST 25 CENTS

It can't be done? You will be surprised at the harvest a 25c advertisement in the Courier will bring you.

It will sell your surplus wheat, seed and whatever you have to offer, maybe to your next door neighbor who doesn't know you have it for sale.

During the past week at least a dozen apartments, or rooms were rented to employees of the Public Construction Company, and others, who came to the Courier office first seeking places to live, and after scanning the want ad section found what they needed.

A citizen of the Higginbotham community wanted to sell a tractor and other farm equipment to the extent that he was offering a premium of \$50 for anyone who would send a buyer. In an issue of the Courier that week another party wanted to buy his equipment. Others have reaped a big harvest off these little inexpensive liners.

Just call 162-M—We will do the rest.

Which? *figure it out for yourself!*

Do you want
 Valves ground 14.00
 Gas line cleaned 1.00
 New spark plugs 3.90
\$18.90

OR will you avoid
 such needless expense
 by using
**Cosden
 Higher Octane
 Gasoline?**

~Keeps your valves and spark plugs clean and free from carbon... the ECONOMY gas! It's ALWAYS a BARGAIN.

Dairy Day Shows As Held In Dawson Area Were Very Helpful

A series of "Dairy Day" shows held in fifteen dairying centers of Texas during the past six weeks attracted 9,163 visitors and the entry of 1,045 dairy animals, according to E. R. Eudaly and G. C. Gibson, dairymen of the Extension Service of Texas A. and M. College.

The first of the series of shows were held at the local fair park. These specialists were here with others who were equally as prominent in the dairy industry, and much benefit was derived from the Dairy Day training here.

The Dairy day plan is a new development, and differs from the livestock fair idea in that the animals are classed on a non-competitive basis. Animals compete with the score card, not with each other.

Under the plan, dairymen are given an opportunity to have their cows rated under the classification system. D. T. Simons of the American Jersey Cattle club was present at all the meetings and assisted in the classing.

"We found the plan to be very popular with the 392 breeders who exhibited animals," Eudaly said. "Under the old system, most of the first places were gathered by one or two breeders, but the classification plan may result in a number of blue ribbons being awarded. Often there is only a very small difference between first and second animals in a class, and under the dairy day plan, both would receive equal placings."

Of the 1,045 animals exhibited, 17 were awarded blue ribbons, 474 red, and 263 white, while 129 were not placed.

In addition to the classification of the animals, a course in judging was offered in which 508 4-H club boys, 789 Future Farmers and 576 adults took part. A course of judging dairy products attracted the participation of 531 persons.

The afternoons of the dairy days were devoted to a discussion of breeding, management, feeding, pasture and trench silos.

Meetings were held at Lamesa, Tulia, Abilene, Gatesville, Weslaco, Fairbairns, Wharton, Temple, Carrington, Grape-land, Sulphur Springs, Mt. Pleasant, Canton, Corsicana and Decatur. Breeders from adjacent counties were represented, in addition to local dairymen.

Mr. and Mrs. Paul Williams and Miss Oneate Thorp of Albuquerque, N. M. are here visiting in the home of Misses Ora and Viola Thruston.

Lamesans Summoned To Clyde Following Storm Destruction

Many Lamesans and others residing throughout other parts of the county, were in the vicinity of Clyde last Saturday morning after reports of the tornado, that swept through that place brought sorrow to the hearts of those having relatives and friends in the storm. Twelve persons were killed and scores were injured. No reports were available to effect members of local families were killed. But some had kismen who were victims.

Among those summoned to Clyde included Rev. J. P. Aslin, and Mr. and Mrs. Ray Hollingshead. Rev. Aslin's cousin, J. B. Easterling was injured and Mrs. Easterling was killed. Mrs. Hollingshead's relatives escaped without being hurt.

According to Rev. Aslin press reports on the storm were not exaggerated. The storm was really worse than stated he said. Property damage was conservatively estimated at \$200,000.

TO THE VOTERS OF DAWSON COUNTY

In offering myself as a candidate for the office of County Clerk of Dawson County, I do so with the realization of the high importance of this office.

I have lived in Lamesa for the past fifteen years and assisted my late husband, Mr. H. M. Meek, in the operation of his grocery business, until his recent death. Although I have never been a candidate for office before, I am not inexperienced in the office of County Clerk before coming to Lamesa. I also served as assistant county superintendent of education for quite a while served as home demonstration agent, taught school for a number of years. I attended Alabama State University and Peabody, of Nashville, Tennessee, therefore I feel that in so far as education is concerned, I can qualify, should the good people of the county see fit to honor me with this office.

Especially do I appeal to the host of friends of my deceased husband for your support and influence. I have operated the grocery store since his death, but feel that I can better serve my family, as well as my county, in the office of County Clerk.

It shall be my desire to meet each voter personally, but as the time is short, it is possible that I may not be able to see all. Should I fail to see you, please take this as a personal solicitation of your vote and influence.

If elected, I promise to faithfully fill this office to the very best of my

Coccidiosis Invade Texas Poultry Flocks

College Station, June 13.—During June and July coccidiosis will threaten baby chicks between the ages of 4 to 12 weeks, according to Geo. P. McCarthy, poultryman of the Extension Service of Texas A. and M. College.

Coccidiosis, caused by microscopic parasites which multiply rapidly in the intestinal tract, is easily recognized by such symptoms as ruffled feathers, loss of color, rapid emaciation and bloody droppings.

The disease is spread by contamination of the feed, water, and soil with droppings of the fowls, and may be carried by water, or on shoes, grain and other objects. It is also spread by birds and insects which fly from one poultry yard to another.

It is almost impossible to eradicate the disease, but poultry demonstrators and county agricultural and home demonstration agents have found that rigid sanitation may keep it from getting a start in a flock.

Dry floors, especially around the water fountains and the use of deep, dry litter that is stirred frequently will help keep down the disease.

"A mild soda flush made of one tablespoon of soda to each gallon of drinking water, when given to the chicks each week, seems to be a very effective control practice," McCarthy said. "The milk flush is also very popular and should be given instead of water for a day as soon as blood is noticed in the droppings."

"After the first day, the water may be replaced, and both milk and water offered to the chicks for a ten-day period. Skim milk may be used."

Thanking you in advance for any favors you may show me, and especially for your vote, I am,
 Yours truly,
 MRS. H. M. MEEK.

Big Spring Rodeo To Stage Six Big Shows

Big Spring, June 13.—Offering increased purses and the fastest moving show five years of experience can turn out, the Big Spring Cowboy Rodeo and Rodeo will stage six big shows here July 2-3-4.

Prize money to winners in five contest events will total \$1,900, not including an additional \$500 in saddles, bridles, hats, etc. The association will pay all award taxes, giving winners the entire posted cash prize.

Calf roping and calf belling will draw daily awards of \$60, \$40, \$25 and \$10, while bronc bustin' steer riding and bulldogging will pay daily awards

of \$50, \$30, \$20 and \$10.

Extensive repairs and improvements are now underway at the \$15,000 rodeo plant in the eastern part of this town, and in equipment alone, the show is rapidly becoming second to none in this section.

Arrangements were completed Monday for 135 head of rodeo livestock for the six shows. Redy Lyons, Byers, will furnish twenty salty Brahma steers for riding and an equal number for bulldogging. Vance Davis, Garden City, has contracted to furnish thirty-five head of Brahma calves for belling and forty head of the same type row-boned animals for roping.

The initial performance is to be preceded by the biggest parade in the history of Big Spring.

KEY H. D. CLUB REPORT

The Home Demonstration club ladies of Key were very pleasantly entertained in the home of Mrs. J. D. Morris last Thursday afternoon.

Several nice ideas were given on child management. The subject discussed was how to raise money to send delegates to Short Course. Mrs. Morris gave some ideas on parliamentary laws which was of great help to the seven members and one visitor present.

A nice serving of angel food cake and ice lemonade was served.

The club will meet with Mrs. Lynch Thursday, June 23.

Miss Ola Marie Duff of Hobbs, N. M. is here visiting in the home of Mr. and Mrs. J. C. Pierce.

NOW YOU MAY DINE IN

COOL Comfort, AIR COOLED

It is with pleasure that we announce to our customers and the people of this territory the installation of the very latest type of **AIR CONDITIONING**

Dr. Wells Loveless Honored With Dinner Thursday Evening

Dr. Wells Loveless, who has just completed his course in the study of medicine at Baylor in Dallas, was honored by his mother and father, Dr. and Mrs. J. C. Loveless, with a chicken barbecue at the Williams hotel Thursday evening of last week.

Those attending were the honoree, Dr. Evans, of Dallas, Dr. Sam Z. Frazier, Dr. and Mrs. A. H. Smith, Mr. and Mrs. O. B. Norman, Mr. and Mrs. Rupert Townsend, Mrs. Ella Simmons, Miss Bertie Gordan, Mrs. Grace Jordan, Mrs. Al Gordan, Miss Verona Grayley, Miss Wade Morris, Mrs. Hilda Whittle and the host and hostess.

Lucile Reagan To Meet Monday

The Lucile Reagan Circle of the First Baptist W. M. U. will have charge of the program at the church next Monday afternoon at 4 p. m.

An interesting program on the mission fields in Brazil will be brought by this circle of which Mrs. Glea Jones is chairman.

The program will be followed by a social hour and all the ladies are invited to be present.

Happy Dozen Club Entertained With Breakfast Wednesday

The losing side of the Happy Dozen "42" club entertained the winning side with a 9 o'clock breakfast Wednesday morning in the home of Mrs. E. R. Tinsley.

The hostesses, Mesdames W. P. Avriett, W. K. Crawley, V. O. Key, W. T. Webb, Bill Hoskinson and E. R. Tinsley, served a lovely breakfast to Mesdames A. Hull, S. L. Forrest, Clyde Privett, A. E. Jacobs and special guests were Mrs. R. A. Stuart and Mrs. Goble who were substituting for Mrs. Russell Clark and Mrs. George Norman.

Mrs. Bill Hoskinson will have the club in its next regular meeting.

Forrest Freeman Weds Portales Girl

Mayor Frank C. Howard of Portales gave his daughter, Miss Azalia Leone Howard in marriage Saturday morning, June 4, at 8 o'clock to Forrest Freeman in a ceremony performed in the home of the bride's parents at 701 West

Oldham Street, Portales, New Mexico. Rev. W. F. Pruitt, pastor of the Presbyterian church conducted the impressive ring ceremony. Preceding the ceremony, Roy Garrison sang "I Love You Truly."

The bride was lovely in a dress of blue silk lace, with a colonial bridal bouquet of sweet peas. Miss Joy Ruth Kennedy, daughter of Senator Floyd Kennedy, wore blue silk and carried a Colonial bouquet of pink roses and sweet peas, she acted as Miss Howard's bridesmaid. The bridegroom's brother, Judge Alton Freeman, of Seminole, Texas was the best man.

Mrs. Freeman is the oldest daughter of Mayor and Mrs. Howard and is a graduate of the Portales high school. She was a student of E. N. M. J. C. at the time of her marriage. Freeman is the son of Mrs. L. T. Freeman and is employed by the Petty Seismograph Company, now located in Portales.

After the ceremony the bride changed to a travelling suit of aqua blue silk, with white accessories. Mr. and Mrs. Freeman left immediately for Lamesa, San Angelo, and other points in Texas. They will make their home in Portales upon their return.

"42" Dinner Club Enjoys Barbecue Tuesday Evening

Mr. and Mrs. Arthur Hull and Mr. and Mrs. A. E. Jacobs were host and hostesses to the "42" Dinner club last Tuesday evening at the Country club.

After a delicious picnic supper was served outside the guests spent an enjoyable evening playing "42."

Wesley Class Met With Mrs. Lusk

The members of the Home Department and Wesley class of the Methodist church met in the home of Mrs. C. W. Lusk last Thursday afternoon.

After singing "Amazing Grace" and "On Jordan's Stormy Banks I Stand" they were led in prayer by Rev. T. C. Willett. Rev. Willett read the 103 Psalm and

2nd Timothy II 6, 7, 8, using the scripture from Timothy as a text, he preached a sermon that was very appropriate to his listeners.

After the closing prayer and song refreshments were served to Rev. and Mrs. T. C. Willett, Jewell Lusk, Mother Arrington, Mother Adams, Mesdames Duff, G. M. Roberts, Cleveland, Serface, W. P. Davis and Mr. and Mrs. C. W. Lusk.

Mrs. Lusk was assisted by Mrs. W. L. Marr and Mrs. M. R. Hall.

Miss Lambeth Opens Classes For Young Children This Week

Miss Mary Ellen Lambeth is opening classes for younger children in music study. These classes meet three times weekly in the morning hours and through songs, games, folk dances and rhythm work each child is taught the early fundamentals of music. It is a fine testing period to find the child's natural talent.

Miss Lambeth is an advanced student of Mrs. J. R. Flaniken and is teaching under her supervision.

At the end of each course there will be a public recital to present these children.

Willing Workers Class Met Monday With Mrs. Strong

The Willing Workers class of the First Methodist church met in the home of Mrs. J. W. Strong Tuesday afternoon on North First Street.

Mrs. W. L. Marr, the vice-president called the class to order and several songs were sung accompanied by Mrs. Blaine Wiggins, who played the accordion.

Crystell Marr, gave appropriate reading on "Doing the Lord's Work First." Kay Wiggins sang "Some Where 'I'll Be Listening."

After the devotional there was an election for a new president, Mrs. Walter Jones, having resigned, Mrs. E. R. Tinsley was unanimously elected to fill the unexpired term.

Refreshments were served to the following members and visitors, Mesdames E. R. Tinsley, T. B. Moore, J. M. Strawn, S. L. Forrest, Guy Simpson, J. C. Loveless, L. C. Steele, T. C. Willett, J. A. McMahan, W. L. Marr, W. R. Dixon, J. H. Anderson, Jess Paulk, A. G. Waugh, Walter Jones, J. H. Adkins, A. H. Hardin, W. K. Crawley, Blaine Wiggins and daughter, Kay, Mrs. Walter Perkins and son, Walter Curtis, Miss Crystell Marr and the hostess.

Friends Entertained With Buffet Dinner

Miss Gertrude Day and Miss Marguerite Flaniken were hostesses at a buffet dinner Thursday evening at the home of Mr. and Mrs. J. R. Flaniken on South Taft.

The entertaining rooms were very attractive with bouquets of larkspur and shasta daisies.

After the delicious buffet dinner, games of bridge were enjoyed with Miss Freda Ruth Smart winning high score and low going to Miss Ruby Farley.

Those attending were Misses Wanda V. Speck, Ruby Farley, Jessie Norris, Evelyn Barron, Helen Ross Simpson, Quixie Bee King, Georgia Mae Williams, Freda Ruth Smart, Geraldine Smart, Mrs. E. P. King and the hostesses.

W. C. G. Club Met With Mrs. Whitlow

Mrs. Joe B. Whitlow, was hostess to the W. C. G. club Wednesday afternoon at her home on North Third Street.

Games of checker-check was enjoyed during the afternoon.

A delicious plate lunch was served to Mesdames Olan York, Nelson Norris, Guy Wileman, Nelson Williams, Thelbert York and the hostess.

Mrs. B. E. Young Of Post To Meet With Methodist Women

The Woman's Missionary Society of the Methodist church will meet Monday, June 20, at 1 p. m. with a covered dish luncheon. After the luncheon Mrs. B. E. Young of Post will give an introduction to the Mission Study book, "What Is This Moslem World?" Mrs. Young is a very brilliant young woman, has had this study in the church training school, at M. Sequoah under one of the best instructors of the south and the ladies are expecting a very interesting and profitable hour with her. Bring your covered dish and enjoy the luncheon and the service with us.

Mrs. Clyde Bronan Entertains Friends With Breakfast

Mr. and Mrs. Clyde Bronan entertained a few friends with a 9 o'clock breakfast Sunday morning at their home on South First.

A delicious Southern style breakfast was served to Mr. and Mrs. M. Q. Martin, George Norman and the host and hostess.

Mrs. Clyde Bronan Hostess To Wed. Bridge Club

Mrs. Clyde Bronan was hostess to the Wednesday Bridge club Wednesday afternoon at her home on South First Street.

Games of bridge were enjoyed during the afternoon with Mrs. A. G. Barnard winning high score and Mrs. A. G. Barnard and Mrs. M. Q. Martin winning slam prizes.

A delicious salad plate was served to Mesdames J. E. Garland, A. G. Barnard, Louis B. Reed, W. B. Collins, Jap Randle, Guy Simpson, M. Q. Martin, and the hostess.

Friends Entertained With Barbecue Friday

Mr. and Mrs. Ed Tinsley entertained a group of friends with a barbecue at the home of Mr. and Mrs. E. R. Tinsley on North Fourth, Friday evening.

After the barbecue games of bridge were enjoyed throughout the evening, with Mrs. Lloyd Mitchell winning high score for women and Davey Jones win-

ning high score for the men.

Those attending were Miss Betty Jean Duncan of Shamrock; Mr. and Mrs. C. G. Cancell, Shamrock; Messrs. and Mesdames Maurice Lamphiere Elwin Kutch, Johnnie Kline, Robert Kizer, Davey Jones, Council Bluffs, Ben Allen, Ross Edward Jones, Cedar, Mac Yates, Ralph Fry, E. R. Tinsley and the host and hostess.

Mrs. Boyd Honors Son On Birthday

Mrs. Elmer Boyd entertained Thursday afternoon from 4:30 until 6:00 in honor of her son, Howell Lynn, on his eighth birthday, at their home on North Houston.

After various games were played refreshments of birthday cake, frostings and lemonade were served to the group. Plate favors being the seven Dwarfs.

Those attending were Billy Matt Peterson, Ray Van Culp, Truman Campbell, Harold and Carol Futrell, Jimmie and Jerry Howell, Thomas Hale Boyd, David Mac Middleton, Larry Lattimore, Marian Holton, Daisy Bell Kutch, Barbara Yeager, Carol Jones, Betty Ann Serface, Stella Sue Ashley, and the honoree, Howell Lynn.

Home Ec Class Enjoys Picnic

The Home Making class of the Lamesa high school, was entertained with a picnic last Thursday afternoon at the City Park.

They spent an enjoyable afternoon playing various games.

A delicious picnic supper was served to about thirty girls.

Miss Eleanor Ragle and Miss Gladys Palmer are the sponsors of the home making class.

Honors Niece With Lawn Party Wednesday

Mr. and Mrs. Lex Brock complimented their niece, Miss Dorothy Parker, of Post, whose marriage to R. M. Thomas, is scheduled this season, with a lawn party at their home on North Fourth Street Wednesday evening.

Those attending this lovely in-honor affair were: Mr. and Mrs. L. H. McElroy, Mr. and Mrs. J. N. Powers, Jr., Miss Carolyn Thomas, Harold Vass, R. M. Thomas, all of Post; Fred Olney of Siloam Springs, Arkansas, the honoree and the host and hostess.

FARM NOTES

By JOE C. WILLIAMS
County Agent

Crops Destroyed by Wind, Hail and Floods

Producers are becoming worried and rightly so, about the procedure to be used in case their cotton plantings have been destroyed one or more times and under present indications it seems and is foolish to plant the land back to cotton. Such producers should put down the dates the cotton or feed was planted acres so planted, height of crops in inches when destroyed and date the destruction as well as the cause of the destruction. This information will be called for from each producer, who has lost his crop or crops and expects to get payment for the crops under the Agricultural Conservation Program.

I offer the following suggestions to those who have lost their cotton and it is too late to replant back to cotton that such producers make a record as suggested above. Keep that information for future reference as information of that type will have to be on file sooner or later in this office before he can be certified for payment. Do not bring that information into this office until called for. Plant the acreage allotted to cotton that was destroyed by some cause over which he had no control to feed crops, along with the other feed acreage allotted. Be sure that you do not plant more acreage to feed than your combined cotton and feed acreage allotment to feed and I would suggest that you be sure to plant some excess acreages to Soil Conserving crops to be entirely safe in the way of not over planting the combined acres allotted to cotton and feed crops.

Some producers who have not received their allotments of cotton have failed to give any attention to the cards that have been sent out from this office. You are not delaying the county as a whole only on your individual

work sheets, there will not be any allotment given to those work sheets until everything is cleared up in this office. This applies to cotton and feed acreage allotments. The reason for this is on account that we do not want to give the allotment to the wrong party who worked the place last year and may have moved clear out of the county or state. Unless the records are clear in this office as far as the work sheets are concerned we cannot release the acreage allotments. This is very important to all concerned. Those who have received their allotments have nothing to worry about in the way of allotments, fees, etc. If you have not received your allotment unless the records were clear in this office. I suggest further, that you give the notices we send out to you your attention at your earliest convenience.

Grass Hopper Control Formula

Coarse wheat bran, 25 pounds.
White arsenic, 1 pound.
High grade amyl acetate (from your druggist), 1 ounce.
Cane or sorghum molasses (avoid corn syrup), 2 quarts.
Water sufficient to make a moist mass as suggested below.
Mix the bran and arsenic thoroughly. Dilute the amyl acetate and molasses in about two gallons of water. Pour this mixture over the bran and poison and stir until every particle is moist. Then make further additions of water until the mass is quite moist, yet so that it will fall apart after being tightly squeezed, and so may be readily broadcast. This mixture should cover about five acres of ground. A good plan is to make your mixture at night and sow early next morning.

Miss Katherine Anderson left this week for Austin where she will attend Texas University this summer.

Miss Belle Phillips of Abilene has accepted a position at the Tornado

LAMESA SALVAGE COMPANY

ELMO SMITH, Prop.

ACKERLY

Hazel Ward, comes

Sunday school wasn't so well attended Sunday, lets all try to be present next Sunday. Rev. Kendall filled his regular appointment both morning and evening.

Miss Pansy Williamson of Lytle is here to spend several weeks with relatives and friends.

Marvin Jeffcoat of Pettit spent last week here visiting with his sister, Mrs. Ward.

Raymond Duffull and Miss Mozelle Williams were married Saturday. We are wishing for them a happy married life.

Wanelle Ward is spending this week at Welch visiting with her sister, Mrs. Lynn Hendon.

Mr. and Mrs. Theibert Williamson and daughter, Ima Joy and Pansy Williamson and Hazel Ward spent Sunday evening visiting in Big Spring.

Mr. and Mrs. Lonnie Cooker of Big Spring visited her parents, Mr. and Mrs. J. Archer Sunday.

Mrs. J. P. Jobb and Ruth of Vealmore were guests in the W. C. Ward home Thursday.

Miss Hazel Ward was a dinner guest in the Theibert Williamson home Sunday.

Miss Gelma Mae Wooten of Big Spring is spending this week with her uncle, Theibert Williamson.

Mr. and Mrs. J. V. Coleman and

son, Dudley Ray, spent this week at Stamford.

Allen and Robert James of Big Spring were visiting friends here Sunday.

Mr. and Mrs. Jimmie Belt are visiting relatives in Oklahoma this week. Mr. and Mrs. Morrison from Flower Grove were Sunday guests in S. F. Britton home.

Those visiting Mr. and Mrs. G. W. Cherry and daughter Sunday were Miss Louise Burns, and R. C. and Lee Roy Crump, Vernon and Howard Miller of Punkin Center.

Several of our young people visited the Goode Ranch Sunday and made pictures.

LAMESA CIRCUIT MISSIONARY SOCIETY MEETS

The Missionary Society met June 13 with ten members and one visitor present, at which time the following program was given: songs, "Glory to His Name," and "Footsteps of Jesus"; Prayer, Mrs. Carlton Reading of minutes, Bible lesson, 24th Psalm, 1-5 verses, Mrs. Carlton, "A Changing Rural America," 1st part, Mrs. Joe Peterson, 2nd part, Mrs. N. F. Peterson, "Religion in Rural America," Mrs. Geo. Hardesty, song, Savior, More Than Life, Dismissed by prayer, Bros. Wheeler.

A motion was made and carried for Mrs. Wheeler and a lady from each

church on the charge to serve as flower committees, in order that there be no delay in sending flowers to the sick of the different communities. Mrs. Ballard, of McCarty, and Mrs. Woods, Nolan Capel were appointed to serve with Mrs. Wheeler on the flower committees. 26 visits to the sick were reported, four social visits, three bouquets, counting one from the society for Mrs. Bostick, also one potted plant, and three gifts to shut-ins. Two Sunshine Sisters brought gifts for their Sunshine Sisters, and the McCarty group presented Mrs. Wheeler with a white purse. The little girls present drew each other's names in order that they, too, may be little Sunshine Sisters. The ladies of Nolan Chapel served delicious refreshments of punch and cake. Mrs. J. M. Peterson paid her ledge of \$2.

Others present, besides those mentioned above were: Mmes. Clarence Ward, Priddy, Baze and Slover.

—Mrs. H. L. Slover.

Miss Pauline Bulsterbaum accompanied her father to Temple Sunday, where he will receive diagnosis and treatment at Scott and White's hospital. Mr. Bulsterbaum, a long-time resident of Dawson county has been ill for several months.

Rev. and Mrs. Odell Brown are in Sweetwater this week, where Rev. Brown is helping in a revival.

Farm Exports Gain And Imports Decline

College Station, June 13.—The United States is now exporting over 300 times as much wheat as it is importing, according to figures just received from Washington by W. E. Morgan economist of the Extension Service of Texas A. and M. College.

In April alone corn exports were more than 20 million bushels. Imports of corn during the same month were 55,000 bushels.

April wheat exports were above 8 million bushels while 1,000 bushels were imported. Wheat exports from July 1, 1937 to April 30, 1938, were in excess of 76 million bushels and imports during the same period were 696,000 bushels, Morgan said.

Only 529,000 bushels of corn were imported during the six month period prior to April 30, 1938, while almost 65 million bushels were exported. Corn exports for this period were higher than those for any year since 1923.

"We normally export and import very little corn," Morgan pointed out, for corn is usually exported in the form of pork. From July 1, 1937 to April 30, 1938, we exported more than 214 million pounds of pork, including lard. Imports during the same period were less than 56 million pounds.

"As hog production expands in this country after the effects of the two droughts, exports of pork can be expected to increase and imports to decrease."

The United States resumed its normal position as an exporter of wheat and increased exports of corn above normal because Argentine farmers had only half a crop.

Mr. and Mrs. John F. Dean and sons Russell, Ralph and Carl, of Berea, Kentucky, are here visiting in the home of their son and wife, Mr. and Mrs. John I. Dean.

PERSONALS

Miss Gertrude Day was here several days this past week visiting with her parents, Mr. and Mrs. D. S. Day. Miss Day returned to Lubbock Saturday, where she will attend summer school. She was accompanied to Lubbock by Miss Marguerite Flaniken.

Miss Lula Mae Jenkins and Mrs. Suttler of Lubbock spent the weekend here visiting their sister, Mrs. Jess Merrick, who underwent an operation this past week in the Loveless hospital.

Samford Jenkins of Levelland spent the weekend here visiting his sister Mrs. Jess Merrick, who underwent an operation in the Loveless hospital this past week.

Mr. and Mrs. E. A. Conely and family left Sunday for Galveston, where they will spend two weeks visiting with friends and relatives.

Mr. and Mrs. Richard Davis and Mr. and Mrs. Carol Davis visited in Big Spring Sunday.

M. E. West of Lubbock, auditor of Dawson county, was a business visitor here Monday.

Miss Helen Bracey spent the weekend with her mother, Mrs. S. E. Bracy in the Five Mile community.

Mr. and Mrs. Tracy Campbell spent several days in Merrell this past week visiting friends and relatives.

WELCH

We are still needing rain, this sand has ruined almost all the crops.

Mr. and Mrs. F. J. Mears have moved to their farm west of Welch.

Mr. Elder formerly of Welch is here visiting his daughter, Mrs. Leland Broughton, Mr. Elder now lives in Tatum, New Mexico.

Several from this community and Fairview are visiting in Carlsbad this week. They will go through the Cavern, while there.

LAMESA ATHLETE TO COMPETE IN A. A. U. CONTEST

Jack Hughes, a former high school athlete, known as the boy who for two years held the state championship in the discus throw, will participate in the National Amateur Athletic Union meet in track and field events. He has been making favorable progress at the University of Texas the past year. Several weeks ago track coach, Littlefield of the University thought Jack would be a good bet to win at the A. A. U. and he wrote some fifteen business men of Lamesa to help him represent this city and county at the meet. These men whom Jack refers to as loyal citizens—graciously responded, and with their cooperation and support has completed plans for the trip and meet.

The local youth will leave for Buffalo with a personal record throw of the discus of better than 158 feet, and his chances of winning the national prize are said to be very favorable in spite of the fact he will be threaten-

ed by the best plate hurlers in the United States. Lamesa will gain recognition by having an entry in the national meet, and with the support of the city and county together with boosters of the University. It is conceded that he will go a long way even if he fails to win first place.

BUILDING CODE ADOPTED HERE LAST TUESDAY

City Secretary Blaine Wiggins announces the City Commission this week voted to adopt a building code for the corporate limits of Lamesa. By this action it will be necessary in the future for all building tradesmen to file application for permits on every type of construction.

The building code will become effective immediately following the designated period required by law following publication of the city ordinance. The ordinance is contained in the current issue and explains the detailed requirements to be met hereafter. In part, it states it shall be unlawful for any contractor, builder, carpenter or other persons to erect, repair, add to, alter or place any building within the corporate limits of the city of Lamesa, without first having applied for and secured from the City Secretary permit for such building, erection, alter, etc. Mr. Wiggins states it will help in making out the tax roll as all permits will carry specific information on the application.

Hull's Grocery To Handle Health Food

Dee Hull, owner and operator of Hull's Cash Grocery, on Main Street, has accepted the dealership for Battle Creek Sanitarium Health Foods. The foods have met with wonderful success to those who suffer from ailments of high blood pressure, or others who for one reason or another have to watch their diet.

Among other things this food is particularly manufactured for blood building, rejuvenation, nervous prostration, insomnia, or biliousness. A large advertisement in the Courier this week explains these foods contain something adapted to your needs and something thoroughly dependable.

Miss Ruby Farley left Sunday for Fort Worth, where she will spend several days visiting friends and relatives. Waymond Moore is in Fort Worth this week visiting with friends and relatives.

H. H. Barron Able To Be Out Again After Brief Illness

The many friends of H. H. Barron, prominent Dawson county farmer, are mighty glad to see him able to be out and around again, following several days in a local hospital. "The beautiful flowers sent to me while in the hospital by my friends were certainly appreciated," stated Mr. Barron. "A fellow never knows how many friends he has until something like this happens."

Those same friends, Mr. Barron are mighty glad that they didn't have to buy floral offerings in the form of a wreath, for after all is said and done that is one purchase that we'll hate to make, when it means the passing of another friend.

Bernie Holt Station Changes Management

Bernie Holt, distributor for Magnolia Petroleum Company products and operator of the Holt Station on South First Street, announces the sale of this station to R. E. Echols, Jr. and Luther E. Peterson, both popular young business men, who assumed charge of the place Wednesday morning.

New electric pumps, washing and greasing equipment together with other improvements in the form of re-painting was finished before the new proprietors took charge. The managers promise to maintain the high standards of service rendered in the past and with their later equipment they expect to give complete satisfaction in servicing your car. An announcement is contained in this issue.

Alvin Leal, Sam Leal and Frank Britton of Olton spent the weekend here visiting friends and relatives.

Mr. and Mrs. R. J. Boardman returned after a two week's visit in New Mexico.

Vacation Planners Advised Against The Dangers Of Typhoid

Austin, Tex. June 13—No matter how busy you are just now planning your vacation, looking up road maps, camping sites and equipment stored since last summer, Dr. Geo. W. Cox, state health officer, advises all Texans to add one extra item to their list of things to be done before vacation starts.

The advice: "If you have not been vaccinated against typhoid fever within the last year or two, go to your family physician and have him give you the three 'shots' that will protect you against the disease. It takes several weeks for the protective treatment to establish itself throughout the system, so it is an undue risk to wait until just before starting your vacation to attend to typhoid vaccination. Begin the treatment without further delay," Dr. Cox admonished.

"Typhoid fever is much less of a menace than it was a number of years ago. But it still is the cause of much unnecessary sickness. Typhoid fever is contracted through the mouth. You either eat or drink the germs. Typhoid is transmittable through the use of water, milk or other foods that are contaminated by typhoid germs passed on by someone ill with the disease or someone who has had the disease.

"Vigilant protection of public and private water supplies from pollution, pasteurization of milk, protection of food supplies from contamination and such sanitary precautions have reduced greatly the incidence of typhoid fever in Texas.

"But there are certain other sources of danger that cannot be reached by public precautionary measures. Certain persons who have had typhoid fever continue to pass the germs that cause the disease long after they have recovered from the illness—these persons are called typhoid 'carriers.'"

When they are careless in their personal habits they are likely to leave typhoid germs on any food they touch. In recent years some of the more serious outbreaks of typhoid over the state have been due to careless carriers. "There are other sources of typhoid, a stream or spring along the highway may be clear and sparkling but that

is no guarantee the water is free from contamination. Milk may be a source of danger. If unsure of the safety of your milk or water supply, it is a good health practice to always boil them before using. The Texas State Department of Health can warn you against sources of infection—but vaccination is the only sure way against contraction.

BE SURE YOUR Summer Clothes Get Proper Care

Summer clothes need very careful cleaning. The light colors and summer fabrics should be handled by only best of cleaners to prevent damaging, fading and shrinking.

NO VACATION FOR BLOW-OUTS!

HOT WEATHER BLOW-OUT WARNING

Equip your car with Silvertowns, the only tires with Golden Ply Blow-out Protection

The next few months are going to be the hardest in the year on your tires. Because this is the time of year for long trips to the seashore and country—trips that pile up miles—take more out of tires than many months of driving in other seasons.

When you're speeding along at 30, 40 and 50, you can't be too sure of your tires. Unless your tires can stand the terrific heat generated inside all tires at these high speeds—unless they can "take it," this internal heat sooner or later may lead to a dangerous blow-out.

Play safe this summer. Come in and let us equip your car with Goodrich Safety Silvertowns. Silvertowns are the only tires in the world with the famous Golden Ply. This life-saving invention is a layer of special rubber and full-floating cords, scientifically treated to resist internal tire heat.

Every Goodrich Tire Carries a Written Guarantee Without Limit as to Month or Mileage.

S. C. S. Notes-

Methods of erosion control, being demonstrated on project and CCC camp areas of the Texas Panhandle are expected to be viewed by hundreds of persons this summer when regularly scheduled tours are made, according to H. H. Fennell, director of the Soil Conservation Service in the wind erosion region.

Persons interested in erosion control always are welcome to visit the demonstration areas, but it is expected that larger numbers of persons will see the work on a regularly scheduled tour, the director says.

Tours conducted on different areas will be very similar. On all of them efforts will be made to show as many different kinds of erosion control methods as possible.

Persons making the tours will see whole fields planted on the contour. They will see strips of erosion-resistant crops growing in alternation with strips of clean-tilled row crops. They will see vegetation being used to anchor soil on formerly eroding cultivated

Farmers' Short Course Presents Unusual Program

College Station, June 13.—Farmers' Short Course visitors to A. and M. College, July 13-15, will have their first headline program feature in the Tuesday evening meeting in the stadium with C. W. Warburton, Washington, D. C., director of extension service, for the whole country, as speaker and

fields. They will see fenced gullies and diversion ditches in use. They will see terraces designed to hold the water on the land where it falls.

On each farm in the demonstration erosion control areas efforts have been made to institute a complete program of soil and moisture conservation. This Mr. Fennell points out, does not mean that the same practices have been used on every farm. On some farms there may be no terraces at all. On other farms terraces, strip cropping, contour farming and other practices may be seen in use on a single field.

H. H. Williamson, director of Texas extension service, presiding. The motion picture truck used by L.S.U., extension service has been loaned by Louisiana for demonstration purposes and will present pictures and music as part of the evening's entertainment. Donald Lindsee, of the University of Louisiana, will have charge of the machine.

Hon. Harry Brown, assistant secretary of Agriculture, will be the speaker at the formal opening of the Short Course Wednesday morning with President T. O. Walton making the address of welcome. Group singing at this and other meetings will be led by Walter Jenkins, Rotary International Song Leader, who has twice before led the rural crowds at A. and M. College to great enjoyment in music.

Thursday, with Extension Vice-Director Mildred Horton, presiding, Mrs. Mattie Lloyd Wooten, Dean of Women Texas State College for Women, will be the speaker of the morning general assembly. Thursday night, President Walton presents M. M. Harris, editor of the San Antonio Express to speak in the Stadium on the People's Library Movement.

Friday, Congressman Richard Kleberg will be the speaker of the morning at the general assembly with Vice-Director Jack Shelton presiding over the meeting. Friday night the crowds will be entertained in the stadium with a picture show.

Sectional meetings for farmers and ranchmen and rural homemakers will fill the hours after the general assembly until noon each day. Afternoons will be filled with meetings, tours and demonstrations for various groups.

Farmers and ranchmen who attend the Farmers' Short Course will be offered a real agricultural program. Farmers, ranchmen, county judges and county commissioners will headline the three day session with talks about their experiences in agriculture.

The morning session of Wednesday, July 13, will be devoted to a discussion of soil conservation. Members of commissioners' court will be present to explain their system of terracing with county owned equipment, according to C. E. Bowles, cooperative marketing specialist of the Extension Service and chairman of the committee that arranged the program.

In 1937, 189 counties made county equipment available to farmers at nominal rental figures and 373,000 acres of land were terraced by this method, M. R. Bentley, extension agricultural engineer said.

Sectional meetings on various phases of livestock and crops will take up the afternoon of the first day of the Short Course.

Cotton will be the topic during the entire second day, July 14, Bowles said. Farmers will again take the front with reports of the success of one variety cotton communities, while P. K. Norris, Washington, D. C., of the U. S. D. A. Bureau of Agricultural Economics, will discuss American cotton in foreign markets. Another speaker will be Burris Jackson, chairman of the Texas cotton improvement committee.

in no wise affect the observance of Articles 87 to 91, inclusive, of the penal Ordinance of the City of Lamesa, Texas nor the article prescribing a penalty for violation thereof, regulating the construction, repair or moving of buildings within the fire limits of the City of Lamesa, but it cumulative thereto. All restrictions and obligations imposed in said Articles 87 to 91 inclusive, are specifically retained and no permit shall be issued by the City Secretary to any person, firm, corporation or association of persons, for erection, repairs, additions, alterations or moving of buildings within the said fire limits unless all provisions of Articles 87 to 91, inclusive, shall be complied with, and it shall be the duty of the City Fire Marshal to pass on all applications for building permits on premises located within the fire limits in order to determine if the contemplated work complies with the requirements of said Articles 87 to 91, inclusive, of the Penal Ordinance.

Building Permit No License to Violate Law

SECTION 5. The issuance of a building permit by the City Secretary shall not preclude the prosecution of the builder or owner of said premises for violation of any of the Penal Ordinances of the City of Lamesa, Texas not herein specified.

Building Permit Not To Be Denied Except For Cause

SECTION 6. No person, firm, corporation or association of persons, may be denied a building permit, unless the work for which said permit is asked constitutes a violation of some Penal Ordinance or law.

Penalties

SECTION 7. Any contractor, builder, carpenter or other person or persons violating any provision or provisions of this ordinance shall upon the conviction thereof be fined not less than \$5.00 and not more than \$50.00. If said violation shall be failure to secure said building permit, the above mentioned fine shall be in addition to such fee or permit. Provided however, that any person prosecuted under this ordinance for failure to secure said permit shall have the right at any time before such prosecution starts to dismiss such prosecution upon payment of the building permit fee or fees and all costs of said prosecution and procuring the building permit on account of failure to procure which, the prosecution was instituted, and no prosecution shall be commenced against any person after the procuring of said building permit provided that said building permit or permits shall cover the time which said person has been engaged in work which required a building permit.

Repealing Clause

SECTION 8. All other ordinances conflicting herewith are hereby expressly repealed.

Emergency Clause

SECTION 9. Owing to the fact that there is no other ordinance properly regulating building within the corporate limits of the City of Lamesa, Texas, an

emergency is hereby declared and the rules are suspended requiring the reading of this ordinance at more than one time, and this ordinance is passed and shall take effect immediately after publication.

LEGAL NOTICES

AN ORDINANCE

AN ORDINANCE REQUIRING THE SECURING OF A BUILDING PERMIT AND FIXING THE FEES THEREFOR AND PROVIDING A PENALTY FOR THE VIOLATION OF SAME.

BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF LAMESA, TEXAS:

SECTION 1. It shall be deemed unlawful for any contractor, builder, carpenter or other person to erect, repair, add to, alter or place any building within the corporate limits of the City of Lamesa, Texas, without first having applied for and secured from the City Secretary of the City of Lamesa, a permit for such building, erection, addition, alteration or placing.

Provided, that it shall not be deemed necessary for such contractor, builder, carpenter or other person wishing to erect, repair, alter, add to, or place any building within the corporate limits of the City of Lamesa to secure such building permit when the total cost of such construction positively will not exceed \$100.00.

Contents of Application

SECTION 2. The application for such permit shall be filed with the City Secretary and shall describe the lot or lots upon which the proposed building, repairs, additions, or alterations is to be located; shall state the use to which the building is to be put; the number of stories in height; the area of the ground floor; the character of the material to be used in such construction, alteration or additions; and the estimated value of said building, repairs, alterations or additions when completed. The application shall be sworn to before some officer authorized to administer oaths under the law of the State of Texas; such affidavit to be made by the applicant or his duly authorized agent.

Fee Charged For Permit

SECTION 3. The City Secretary shall charge a minimum fee of 50c for such building permit, and if the estimated value of the proposed building, repairs, alteration or addition exceeds \$1,000.00 the fee shall be 50c more for each one thousand dollars valuation or fraction thereof.

Provisions As To Fire Zone

SECTION 4. This ordinance shall

The Broiler-Server is complete with baking rack, Pyro-pad and cord.

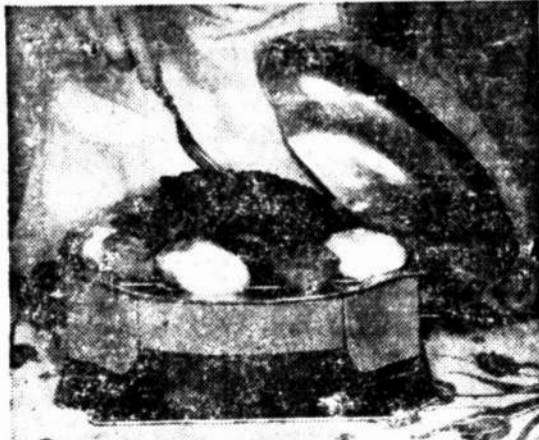

Try this for Summer Cooking

This new Electric Broiler-Server is the solution of many of your summer cooking problems. You can serve hot meals in a jiffy without heating up your kitchen, and with a minimum of work.

This newest of electric appliances designed to make summer meal preparation easier broils steaks, roasts meats, bakes potatoes and biscuits, and cooks many other foods quickly and conveniently.

Here are a few things it does:

- Broils juicy steaks in 9 minutes.
- Broils lamb chops in 4 1/2 minutes.
- Roasts 3 lbs. of meat in 45 minutes.
- Bakes 1/2 chicken in 25 minutes.
- Bakes potatoes in 25 minutes.
- Roasts a meat loaf in 45 minutes.
- Bakes biscuits in 10 minutes.

The covered hot platter keeps in delicious roast flavors and keeps the meat warm while serving.

Thick, juicy steaks are cooked to the right degree, without smoke and without heating the kitchen.

McCARTY

Opal Peterson
Sunday school was well attended Sunday.

Mrs. Bullard and daughters have returned from South Texas, where they visited friends and relatives.

Mr. and Mrs. Guest and family have returned from South Texas where they have been visiting friends.

Mr. and Mrs. J. N. Ranson and family returned Sunday from A. and M. College.

Mr. Doyle Ranson received his degree from A. and M. College last week.

Mr. and Mrs. George McMurry visited in Klondike Sunday afternoon.

Mr. and Mrs. Leon Peterson and son of Patricia spent a few days last week with Mr. and Mrs. J. M. Peterson.

Mrs. C. M. Borden, Mr. and Mrs. Jack Borden, left Saturday for Clyde, Texas, we are glad to report none of their relatives were hurt in the tornado.

Miss Margie Peterson visited Molly Jo Mabry of Sparsberg Saturday night.

Johnny Sue McAnear of Lamesa spent Saturday night with Dorothy Mae Blair.

Mrs. Jack Glascock has been seriously ill, but is improving nicely.

Mrs. Josh Bostick returned home from the hospital Saturday. She is getting along as well as could be expected.

Mr. and Mrs. Cleveland Waggoner visited Mr. and Mrs. C. M. Borden Saturday night.

ATTEND DEDICATION

A. G. Bearden and Owen C. Taylor spent Wednesday in Abilene, where they attend the dedication and formal opening of the West Texas Chamber of Commerce building. The completion of the new headquarters was commemorated with a program that attracted Chamber of Commerce officials and others from a wide section of the State. Mr. Taylor is a member of the board of directors.

CARD OF THANKS

We wish to take this means of expressing our thanks and appreciation to the women of the Five Mile community for the nice shower given June 21 that was given to Grandmaw Pillion, who had a stroke of paralysis. May God's richest blessing rest upon each and everyone who had a part in it.

Sincerely,
Mr. and Mrs. L. N. Pillion,
and family
Mr. and Mrs. H. Holt and family.

ACKERLY BAPTIST CHURCH

On the 20th day of May, this year we started our Vacation Bible School, with the First Baptist church at Ackery. We enrolled 105 and had an average attendance of over sixty. This was the first of such schools for both the church and pastor, but we liked it so well that we plan to have another next year.

Our preaching days are the second and fourth Sundays in each month. Two young ladies were converted last Sunday and we baptized four in the afternoon. We wish to extend an invitation to all to attend our services. Thus far we have had twenty additions to the Ackery church. "Come thou with us and we will do thee good."
R. R. CUMBLE.

IF SPENDING 25 cents

WOULD BRING IN

\$40.00

FOR YOU

Would you be willing to spend it?

Perhaps this question seems just a bit ridiculous, but really it's not. Every week's Courier classified advertisers are selling livestock, renting homes and finding work at a cost of only one or two cents for every dollar they get back in return.

YOU CAN DO THE SAME THING

Two cents per word will take your advertising message into more than 2250 Dawson County Homes. Thus a 12 word want ad would cost you just 25 cents per week to run.

Send in your classified Ad NOW!

The only way to sell is to find a buyer. The only way to buy is to find a seller.

Remember that for 2c per word you can reach more than 2250 prospective buyers and sellers. Your neighbors are making a few pennies spent for classified advertising earn dollars for them.

WHY DON'T YOU DO IT TOO?

JUST CALL
PHONE 162-M

Public Is Invited To Use Libraries Of Local Schools

The public is again reminded both the elementary and high school libraries are being kept open this summer through the cooperation of local authorities and PWA. They are in charge of the same workers who were employed during the school term.

Fifteen new books have recently been added to the elementary school library located in room 14 of the building. A large number of people are availing themselves of these services which is open to any person, both students and adults, who are willing to assume the return of the books. Each library is equipped with a reading room where patrons may enjoy quite and comfort in their reading. Books may also be checked out for a period of one week.

The public is urged to take advantage of the opportunities offered through these services. A large number of books of fiction are available for use in both libraries. The fiction will serve the purpose of those wanting to read for entertainment or pastime, and the reference books may be used for study and research. The librarians are well acquainted with the materials available and can readily assist readers in locating what they need. No charges are made for the library services.

To The Voters Of Precinct 3

In asking for the Commissioner's office, I fully realize the responsibility and duties of this important place. Our county government is one of the largest business concerns in the county. Our

tax values are steadily rising, and the Commissioners' Court is charged with the responsibility of seeing that the money is spent in a fair and economical manner, both in building and maintaining of the county, and in every department of the county's affairs.

Having lived in this county fourteen years and this precinct eleven years, I believe I understand the needs and wishes of the people concerning this office. In my opinion, precinct three is now facing the greatest opportunity it has ever had because the other three precincts have already made all possible road improvements and there is a vast amount of unemployment in the county. This is forcing the necessity of road building on our precinct.

As I am deeply interested in the welfare of our county, and especially our precinct, I am asking for this office. If you see fit to elect me I earnestly pledge myself to every honest effort to so handle these affairs as to do the most good for our county in general, and for our precinct in particular.

J. F. O'BRIEN.

Singing Convention Meets Friday Night

Friday night is again the date for the singing convention at the Lamesa Missionary Baptist church when everyone has a cordial invitation. New books are expected and it is hoped this will be a big convention as several singers from over the county have promised to come, others who have been away, have returned.

The Stamps Normal will start the 16th of August, as previously announced, when this event will be held at the local Methodist church. This promises to be among the best singing classes in the state and singers are urged to make their plans now to attend. The personnel in charge has a state-wide reputation.

Traffic Light Was Placed On N. First

A traffic light was installed and put into operation on the busy corner of North First and Houston Streets where a fourway intersection has been one of the busiest corners since occupancy of Lamesa's new postoffice.

City Commissioners recently decided to change a light from in front of the high school to this location, and will replace it next fall with a new one. It was considered likely other lights

Campaigner

MRS. H. M. MEEK

Offering herself as a business woman for a business office, Mrs. H. M. Meek, prominent citizen of Lamesa, for fifteen years, this week opens an active campaign for County Clerk. She will try to see each and everyone of the voters personally and solicit their vote and further consideration in the approaching primary.

MAYOR MARR ATTENDED FORT WORTH CONVENTION

Mayor W. L. Marr, spent Wednesday in Fort Worth, where he represented Lamesa at the state-wide traffic convention. The convention was held to discuss traffic problems over the state, and steps were taken to inaugurate a safety program to check the drastic number of deaths on state highways.

Mrs. W. O. Holder left this week for Las Vegas, N. M., where she will take a beauty course.

will be needed this fall if development continues as heretofore.

Mayor Marr suggested making this change in view of the fact a light would not be needed during the summer on Bryan and North First. It met with approval of Commissioners Bennett and Sanders.

VEGETATIVE CONTROL OF EROSION

The value of growing drought-resistant crops of durable root systems and the use of other forms of vegetation for control of erosion is being realized more and more by farmers of the Southern Great Plains area, states technicians of the Lamesa Soil Conservation Service.

Properly built terraces, contour cultivation and contour furrows in pastures are important phases of a complete program of soil and moisture conservation, but a large part of the protection can be accomplished by the use of vegetative cover which provides a return from the land.

Grain or forage sorghums, planted on the contour, not only provide a feed crop, but also bind the soil and furnish a stubble, which, if not overgrazed, serves to check soil blowing.

Where wheat crops have been blown out, sorghum gives the farmer a chance to stabilize his land and to be in a position to return to wheat production when sufficient moisture is available.

Strip cropping, with sorghums alternating with strips of crops which do not resist erosion, such as cotton, corn and beans, furnishes protection against both wind and water erosion, farmers have found.

Vegetation in the form of shrubs and trees is playing an important part in the stabilization of gullies. Where check dams are used in gullies they serve the purpose of collecting silt in which vegetation can be established.

By the proper planning of crops, and the use of structures such as terraces, contour furrows, diversion structures water spreading systems and stock ponds, farmers of this area can provide effective protection against erosion.

BARTLETT (By Lillie Lowrey)

Mr. Alton Younblood is still on the road to recovery.

Mr. and Mrs. Ellahue Fawler spent Sunday afternoon with Mr. and Mrs. M. L. Youngblood of Welch.

Mr. and Mrs. J. A. Toliver of Vaughn New Mexico, who have been visiting relatives here and at Ballinger, Texas returned to their home Friday.

Mr. and Mrs. Preston and family of Welch spent Sunday with Mr. and Mrs. F. A. Youngblood.

Miss Alma Patterson spent Tuesday afternoon with Miss Lillie Lowrey.

Mr. and Mrs. T. L. Wallace and daughter, Mary and Mr. and Mrs. Thurman and son, Tommy Lee, spent

Rotarians Are Told Child Delinquency Is Community Task

H. L. Lackey, of the State Welfare Department, was introduced at the Rotary club luncheon last Friday as the principal speaker, when Cleve Austin, program chairman presented the state official in behalf of city and county authorities.

Mr. Lackey had spent ten days making a survey of the city, and visited homes of delinquent children that lead to juvenile court procedure during the past year and a half. He implied that it is a community problem, rather than judicial one, and recommended that the Recreation Department of the city take up the proposition of building additional playground buildings where those who have been guilty of misdemeanor acts can concentrate on constructive things in life.

HEATHENISM IN THE MODERN CHURCH

The caption for this announcement will be the sermon subject, next Sunday morning at the Methodist church. Some believe the modern church is only another form of heathenism. Does it still hold some of the doctrines of the jungle? This will be the first of a series of searching and challenging sermons to be delivered at the morning hour. They will point the way to happiness. You can't afford to miss them.

Is it a sin to take medicine? Suppose you were a preacher and a rattlesnake bit you? "Divine healing—It is of God or the Devil. Hear this message next Sunday night at the Methodist church. Another of our happy Sunday night services. You have heard about them. Come and see for yourself. Our great revival begins, July 3rd. Rev. George Tucker, a converted railroad engineer will go the preaching. Plan your vacation so you can be here for it.

T. C. WILLETT, Pastor.

the weekend at Brownwood visiting their son and daughter, Mr. and Mrs. Marvin Wallace.

Mrs. T. E. Temple was called to the bedside of her mother, Mrs. Thurman at Lubbock, who is very ill.

be given the winners. A. G. Bearden will have charge of this attraction, and all who want to enter should see him at the Chamber of Commerce office.

Dr. N. F. Tate, of Waco, will bring his mammoth museum reputed to be the world's largest travelling exhibition to Lamesa on this occasion. The exhibits are transported by four large vans and his collection is valued at \$75,000. Among the features included is one of the longest pair of steer horns in the world, mammoth elephant's skull a pair of buffalo horns, that measure nine feet from tip to tip; among other collections is the head of an African Wart Hog that was killed by Teddy Roosevelt and Willie Willie.

The Lamesa swimming pool will attract many and special events will be held during the day. The City Park will be open for picnics. The Lion club wading pool in the park will attract attention. Arrangements have been made to have a man on duty at this pool during the summer and J. W. Davis was selected for this position. Water will be in the pool next week.

The program will be good and the public is cordially invited to come and mingle with their friends.

Theatres--

(Continued From Front Page)

tainer, Edgar Bergen and Charlie McCarthy, together with the Ritz Brothers a cast of gorgeous girls, and the fashionable dresser, Adolphe Menjou. Tuesday and Wednesday, "The Gaitty Girls" bring Patricia Ellis and Jack Hulbert to the screen in a swinging entertainer. On Thursday and Friday Ritz Brothers are cast in "Kentucky Moonshine," with Tony Martin and other notables.

"Call of the Rockies" will be shown Friday and Saturday. The one and only Walter Connolly is featured Sunday and Monday in "Penitentiary" in which Jean Parker takes the feminine lead. Tuesday and Wednesday "Condemned Women" stars Sally Eilers. Attention is called to Your Entertainment Guide elsewhere in the Courier.

High School Student Given Scholarship

H. L. Livingston, of Lubbock, representative of the International Correspondence School, met Wednesday with members of the Lion club at their regular luncheon hour, and announced William Scott, of Star Route four, had been awarded a free scholarship in his chosen course. William was a graduate of the '38 class, and was a member of the Diversified Occupation class. He was employed during the school term at Vaughn Chevrolet Company, where he started mechanical training.

His selection for the free scholarship was made through recommendation of Chas. T. Hatchett, who chose him as the outstanding student. William was chosen on his general scholastic standing and his earnest desire for further education. The award was made possible through the Lion club's community interest and cooperation.

In awarding the scholarship, Mr. Livingston complimented Scott on his desire for technical training and because of the demand of industry today for technically trained men. He stated the individual who takes the long look and prepares himself for the job ahead stands head and shoulders over his competition in the field with those who have not prepared themselves in this way.

The J. C. Penney Store window has a display in connection with the award that will remain there for two weeks.

AUTO AIR CONDITIONER INVENTED BY LOCAL MAN

Tom Watkins, employee of the J. C. Penney Company has perfected an air conditioning machine for automobiles. Mr. Watkins has made application for his patent, and hopes to place his product on the market if favorable reports are received from a body company that has requested examination of his model.

The preaching service held each Saturday afternoon on the Courthouse lawn are proving popular. The Lamesa ministerial Association, which supplies the ministers, urges all to attend these inspirational messages. Rev. Willie Lee pastor of the Missionary Baptist church will deliver the message this Saturday.

J. U. Phillips Was Buried Thursday

Burial Rites Conducted By Masonic Lodge Members

Funeral services were conducted Thursday afternoon at 3 o'clock at the Hancock church, northeast of Lamesa, for J. U. Phillips, age 90, a retired farmer, who died early Wednesday at the home of his daughter, Mrs. Sam B. Hodge in the Hancock community. Services were held with Rev. Berry Baker, Big Spring, and Rev. J. A. Wheeler, of Lamesa, officiating. Interment was in Lamesa Cemetery with members of the Masonic Lodge in charge.

Mr. Phillips had made his home with Mr. and Mrs. Hodge for some time. During the past ten years he had spent the time here and with his other children in New Mexico, and previously resided near Abilene.

Deceased had been ill about four months and this, together with the infirmities of age, resulted in his death. He had been a member of the Methodist church since the age of 10, and was also a member of the Masonic Lodge.

Surviving are one son, H. G. Phillips, Lamesa, and five daughters who are Mrs. G. A. Bishop, Mrs. C. D. Crowley, Mrs. F. F. Robertson, Lovington, New Mexico; Mrs. Hodge and Mrs. Paul Rahler of Abilene.

ROTARIANS LEFT TUESDAY FOR INTERNATIONAL AND VACATION TRIP TO COAST

Mr. and Mrs. C. A. Hollingsworth and two children, and Joe H. Pierce left Tuesday morning for San Francisco, where they will attend the Rotary International that convenes in June 19 to continue for almost a week.

They will visit Yellow Stone National Park, Boulder Dam, Salt Lake City, and other points of interest while on vacation. They expect to return within two weeks.

Mr. and Mrs. J. R. Leunberger and children made a business trip to Lubbock Monday.

Municipal Swimming Pool Was Formerly Opened Wednesday

Hes'on McDowell and Fred Flaniken were selected last week by the City Commission to again operate the municipal swimming pool that is situated on the S. L. Forrest property, one mile south of town on the Stanton Highway. McDowell met with the commission at which time other applications were considered. The management agreed to pay rentals to Mr. Forrest, and other expenses. A slight reduction was made in the water rates.

Water was pumped into the pool Tuesday and their formal opening was held Wednesday. This proved that many have eagerly looked forward to their opening, and the resort is expected to be a popular spot for recreation throughout the summer.

Announcement was made Thursday prices have been lowered this season

Capable Judge

and District Attorney Truett Smith ready for the occasion.

The grand jury was empaneled and put to work after instruction from the bench. In his remarks, Judge Reed said among other things: "Does the act complained of by anyone constitute a violation of the law. At times it may be a real nuisance complained of but of which the legislature has taken no account."

"Is the accused guilty? If so is there legal evidence sufficient to secure a conviction?"

"Your duty is of a two-fold nature: to apprehend the guilty and to protect the innocent—to protect the innocent against vengeance."

"Remember that no man can be tried in court until he is billed."

The public seems to be pleased with the manner in which Judge Reed handles his cases. He is ready with quick decisions and speaks right out as to what he thinks. His court stenographer is the soul of courtesy which is not always the case in such a position. All these conditions make the work of the court move along with ease.

from 15 and 25 cents to 10 and 20 cents. Season tickets are available at lower prices. Mr. Forrest agreed to build new diving boards, and other improvements are to be made. The managers state they will operate a clean pool and will cater only to the best of patrons. A formal announcement is made in this issue.

Mr. and Mrs. M. S. Doss, former residents who are now residing in Seminole, spent Sunday in Lamesa with Mr. and Mrs. M. C. Lindsey.

SERVICES AT CHRISTIAN CHURCH NEXT SUNDAY

Announcement has been made to effect Rev. W. F. Bruce, of Cisco, will hold services at the First Christian church Sunday morning, June 19, and on Sunday evening. The public is cordially invited to attend these services, which are to be held at the regular preaching hours.

Mr. and Mrs. Carl Cox spent Sunday in Big Spring visiting friends.

Number 22

Firemen Attending Amarillo Convention

Several members of the Lamesa Fire Department left Monday to attend the State Firemen's and Fire Marshal's convention at Amarillo, June 13, through Thursday. While at the convention a pumper's team composed of R. C. Lott, Ralph Fry, Dave Jones,

Heston, McDonnell, Glenn Cope, J. Ruggles, will participate in the annual pumper's contest for which prizes of \$300, \$200 and \$100 are awarded.

The local team won prizes in this contest in 1935 and 36, and have hopes of winning the first prize this year.

Others making the trip were James Sumpters, fire chief, Ed Hatch and Bruce Boyd.

Commercial Building Is Noted In Parts Of City

Industrial Building Is Keeping Pace With City Projects

Industrial building and remodeling, together with the civic progress mentioned in the preceding issue, is playing a major part in helping to make Lamesa the hub of activity that has been experienced for months.

New construction at Texas Courts, operated by Dr. Vaughn, was completed this week and the \$10,000 project to add eight more modern cottages was brought to a close after having been under way since the latter part of April.

Just south of the Texas Courts, J. W. McCauley is building a similar camp that will be operated as camp Mesa. Construction has begun on the \$20,000 project to build nine rock veneer cabins. Mr. McCauley stated he didn't expect to open before August as it will require that much time to build the camp like he has planned. The rocks are being imported from the Brazos river, near Breckenridge. Every convenience will be included and the camp will be a beautiful addition to the city.

New Oil Mill

A new Cotton Oil Mill will soon be finished east of the compress, where Tinsley, Jacobs and Snell, have a crew installing the machinery for this concern that has been under construction for several months, and which is getting ready for fall operation. The building was finished a few weeks ago and appears to have at least one third of the machinery set up.

Compress Repairs

One of the largest projects started within recent weeks is repair work at the East Texas Compress Company, of which J. H. Harp is superintendent. A crew recently started the repair work which appears to be destined for a bigger program this year than usual. The main compress platform acts as a clearing house for all the cotton ginned in the county. This will be repaired throughout.

A new large boiler will replace two smaller boilers that have been in use heretofore, and a large fireproof brick boiler room will be erected as one of the major improvements. The boiler room alone will likely represent an expenditure in excess of \$1,000 as several cars of brick were obtained for this purpose.

The shed will be re-braced throughout including new flooring in many instances, new braces under the shed and repairs to the roof. About seven carloads of lumber were received early in the spring for this work and it will likely require practically all summer to complete the program.

Opposite the large compress platform there are four new warehouses that were erected last year.

Bryan Fulkerson and daughter, Addie Ruth, spent the weekend visiting friends in Fort Worth.

Miss Elizabeth Lee Davis left Tuesday for T. S. C. W., Denton, where she will attend college this summer.

Lamesa Creamery Is Local Distributor For Pasteurized Milk

In the second of a series of advertisements being sponsored by the Lamesa Creamery, the management this week stresses the benefit of their new pasteurizing equipment on all dairy products. With this process the plant is not only in position to advertise and distribute grade "A" milk according to the state laws, but offer the double protection of pasteurized treatment.

Mr. Cooper, local manager, states their products are widely distributed throughout the city in a new white milk truck.

Their plant is operating exclusively in the pasteurizing process, and the officials plan to impress upon the public the advantages of this treatment. Readers are urged to see their large advertisement elsewhere in this issue. Likewise the public has a cordial invitation to visit the plant on North Austin and North Second and inspect this new industrial plant.

School Board Meets Next Thursday For Important Hearing

The county school board will meet Thursday, June 23, at 2 o'clock at the courthouse to consider changes in the classification of schools, which were set at the meeting on May 9. Trustees desiring a change in the classification of their schools are hereby notified to come before the school board and submit their requests.

Classification of all county schools was contained in a recent issue of the Courier.

O'Donnell Citizen Buried Thursday

Funeral services were held last Thursday morning in O'Donnell for L. N. Nichols, 65, a retired mail carrier, who was a prominent citizen of that place for twelve years. Services were held at the Methodist church, and burial was in O'Donnell cemetery. Surviving are: Mrs. J. B. Walker, O'Donnell; Mrs. C. C. Casey, Plainview; Mrs. P. L. Welch, Jacksonville; Miss Claire Ruth Nichols, O'Donnell; and a son J. R. Nichols, Amarillo.

JACKIE VAUGHN QUALIFIED IN RECENT GOLF TOURNEY

Jackie Vaughn, who established a remarkable record as a kid golfer in recent interscholastic tournaments, was one of the local golfers to participate in the West Texas Golf Association tournament held week before last in Lubbock. Jackie's name was omitted by mistake from the list contained in last week's report listing those from this city who were entered.

According to veteran golfers, Jackie not only qualified in the tournament, but likewise turned in a good performance.

LOCAL RESIDENTS LEAVE FOR EXTENDED VACATION TO WEST COAST CITIES

Mr. and Mrs. Durwin Echols and two sons, Dick and Neal, left Saturday for Los Angeles, San Francisco and other points on the West Coast. They plan to be gone thirty days and will spend much of the time with relatives

at the home of Mr. and Mrs. Jeff Shipp in Los Angeles. Mrs. Shipp and daughter, Doris, will return with them for an extended visit with her parents, Mr. and Mrs. R. E. Echols.

Mr. and Mrs. C. A. Hollingsworth and children left this week for San Francisco, Calif., where they will spend several weeks visiting friends.

Caldwell's Harness Shop

Brought to Light . . .
 By HARVEY SMITH

Parts of Dawson county received a little hail and high winds Saturday afternoon that did considerable damage in the east, south and southwest portions. At L. Berry's dairy farm south of town a cow shed was demolished and a tree was topped by a freak twister that apparently did no other damage in the adjoining territory. The temperature dropped some 20 degrees during a short while in the early evening when this vicinity received .17 of an inch rainfall. In most areas the rain was needed, and hail damage was reported in only a few communities. A survey of the present situation, made early this week indicates that the north east and north portions of the county have the best cotton and corn crop prospects in the county. Reports from the extreme northwest, south and south west portions are not hardly as favorable, but still are reported fairly good. Many have expressed pessimistic opinions, but it seems that Dawson county continues to be unusually fortunate in as much as recent storms and damaging hail stones have resulted in severe losses and the local damage has been minor in comparison.

A tornado claimed twelve lives last Friday night in the little town of Clyde 15 miles east of Abilene. Scores were injured and property damage was reported at \$200,000. On Saturday afternoon while Lamesa received the brunt of a sand and dust storm, other parts of the South Plains were visited by more damaging hail and rains. Snyder, Stanton, Seminole and Tahoka were getting real touches of the storm. At Stanton a \$25,000 damage was reported when a church was demolished and some twelve homes were wrecked by a twister accompanied by heavy rain. In Howard county the little community of Fairview, 10 miles north of Big Spring received the most severe damage when a church was blown over and heavy hail and rain fell.

Dr. Bradford Knapp, president of Texas Technological college, who died of a heart attack in Lubbock Saturday morning, like other outstanding Texas educators of recent years, has marched through the Valley of the Shadow. He had fulfilled his purpose on this earth and layed down his life for the principles to which he had dedicated his every waking hour since 1932. He accepted his charge at Texas Technological college.

Like the late Dr. Samuel F. Brooks, Baylor University president, who died in 1931, he knew that his life's work was finished and ten minutes or less before his death he told his family and the attending physicians he felt he would suffer another attack. Dr. Knapp had been a Mason for more than thirty years, and his name and work will be memorialized throughout the years as has been the case with Dr. Brooks and other leading men of the past decade. It will be remembered that the Baylor president, who was succeeded by former Governor Pat M. Neff, signed the diplomas for the graduates a few days before his death.

Outdoor activities are creating quite

a bit of interest among the boys and girls, young men and women of the county at this season of the year. More than usual interest is being shown in the softball schedule sponsored by the Recreation Department and large crowds assembled from scattered parts of the county are noted each night through Friday at Fair Park where teams are playing in the second month of their season. Other teams have been organized almost everywhere, and many of them are not entered in the league. It might be of particular interest to those kiddies who have not secured a softball to know that several of the local grocery stores are offering softballs free with a purchase of Malted Milk. Tracy Campbell's Grocery on North Austin has supplied some ten or twelve of these, and have a few left, others were noticeable at Wilke's Grocery on South First, and it was supposed that a vast majority of the stores have the deal.

As old Sol is raising the temperature in the high nineties, citizens are beginning to think in terms of cooler places to pass their leisure time. The city commission made arrangements at a special called meeting last week and leased the S. L. Forrest Swimming pool, south of town, and likewise voted

Rural Correspondence

to sub-lease the pool for the entire summer to Heston McDonnell and Fred Flaniken, who this week opened the pool to the public. It was announced the City Park wading pool maintained each year by the Lion club, especially for the little tots, has been filled with water. Business institutions are installing air conditioning equipment for the benefit of their employees and the public in general in order that places which are handicapped under natural conditions can maintain minimum temperatures throughout the sweltering season.

Wilke's Grocery has an improved appearance since the force were noticed working around the clock during the past weekend. All of the shelves were repainted in white and the business was opened Monday with everything neatly arranged in order again.

Louis Daves left Monday for Lubbock where he will attend Draughton's Business college this summer.

KEY

Mr. and Mrs. Roy Phillips were visitors in the Warren home.

Mrs. J. D. Kirkland, Albert Grothe and Ramona and Rodney Helm were visitors in the Morris home Sunday.

ABILENE LADY REPORTED NARROW ESCAPE IN SEVERE HAIL STORM SOUTH OF TOWN

Mrs. A. D. Horten of Abilene reported a miserable hour spent on the Lamesa-Big Spring highway, late Saturday afternoon when she and her little daughter, Marcheta, together with a Lamesa, boy who was returning home from attending college, encountered one of the most severe hail storms ever known to this section. The local youth's name was not learned, but he was given a ride to Lamesa and was driving the late model Chevrolet coupe when they encountered the hail storm about eight miles north of Big Spring. Mrs. Horten reported that the hail stones were larger than hen eggs and fell for one solid hour without ceasing. Their car pulled over to the side of the road immediately and was stopped. The car showed a few large dents on the front fender that appeared to have been made with a large hammer. The rear of the coupe appeared to have been dented with rifle bullets and the rear glass was cracked.

Mrs. Horten reported that it seemed they were doomed, and that it was the most wretched hour she had ever spent. She and the small daughter were enroute to Hobbs, where they were to join her husband for a weekend visit.

Miss Margreat Chumbley who has been employed with the telephone office here left Monday for Brownfield, where she has accepted a position with the telephone office there.

Mr. and Mrs. Paye Moore and children and Misses Myrna and Artie Moore left Sunday for Clovis, N. M., where they will visit with relatives this week.

Curtis Meek of Austin is here visiting friends this week.

HOME DEMONSTRATION COUNCIL ADOPTS BASIS FOR AWARDED PRIZES

The following score card was adopted as a basis for awarding prizes in the yard work by the Home Demonstration Council when it met in the office of Miss Mattie Phenix, June 11.

1. Number of members on club roll;

2. Number members having stated a windbreak, number members rooting 75 evergreen shrubs, number members rooting 5 deciduous shrubs, number of members sodding lawns, number of members putting out six shade trees, number having clean and orderly yards throughout year, non-club members in community helping in yard work, number shrubs put out, total number trees transplanted, number of members making tree seed beds.

The prizes will be awarded as follows: first place, \$20, second place \$15, third place \$10, fourth place \$7 and there will be seven prizes of \$4 each for the next seven places.

The Home Demonstration club members are to furnish the food for the banquet to be held June 27 for the 4-H girls.

Mrs. Clyde Edmondson, chairman of the girl sponsors and best club reporter, who will be selected later were elected as delegates to the A. and M. Short Course.

Immediately following the council meeting a special meeting was called to elect an alternate for Mrs. A. S. Riddle, who is a voting delegate to the Home Demonstration Association convention to be held at A. and M. College. Mrs. Edmondson had originally been elected as alternate but having later been elected a delegate herself Mrs. Gaston Mattin from Sparnberg was elected to fill her place.

There were nine clubs represented at the council meeting.

The next meeting of the council will be held the first Saturday in July, one week earlier than usual due to the fact that the A. and M. Short Course will be held early in July this year.

SAND

Julia Grayson, Corres.

Saturday night, Sunday and Sunday night will be our regular preaching time. We invite all to attend. Sunday school will start at ten o'clock.

Those spending Sunday with Mr. and Mrs. C. K. Smith were Mr. and Mrs. Herman Freeman of Ballard, Mr. and Mrs. Bruner and children Mr. and Mrs. Albert McGuire and baby.

Cleve Owens of Amarillo is visiting friends here and grandmother, Mrs. Little of Lamesa.

R. Prentress, Preston Cozart, Johnson Smith, Joe Parker and J. V. Johnson were in O'Donnell Friday night.

Sunset school closed with a program Thursday night, that was enjoyed by a large crowd. Friday the school and a few of their parents enjoyed a picnic at the Lamesa park.

Those taking dinner with Mr. and Mrs. J. O. Anderson were: Mr. and Mrs. Otis Anderson and baby, Mr. and Mrs. Monel Smith and children and Miss Bell Anderson of Lamesa, Mr. and Mrs. Joe Rogers of Lou, Mr. and Mrs. J. T. McGuire of Loveland.

Mrs. W. R. Jeter returned home last week after spending several weeks with a sister at Colorado City.

Mrs. Fannie Winter of McCarney, Texas, is visiting her granddaughters, Mesdames Leslie Jones and Charles Bean.

Mr. and Mrs. Thad Reeves and son Wayland Ray and Dub Reeves of Bartlett visited their sisters Mesdames Jones and Charles Bean on Thursday.

Gene Dorothy and Ralph Jones of Loveland attended the play at Sunset Thursday night.

BARTLETT CLUB REPORT

"Agricultural Trends" was the subject of the program, when the Bartlett club met Wednesday, June 8, with Mrs. J. C. Stewart. There were six members present, but we had an interesting meeting. We have one frame garden doing nicely in our club. Another, or two, have planned to make one for fall gardens.

Our next meeting will be June 22 with Mrs. S. M. Harry. Miss Phenix will demonstrate "Windows of a Kitchen."—Mrs. Chas. N. Stewart, Reporter.

Mr. and Mrs. J. L. Peterson of Five Mile, Mr. and Mrs. Vester Love of Ackerly, Mrs. T. A. Melton and daughter of Shumake and Misses Velma and Ima Speck and Frank Love visited in the home of Mr. and Mrs. Harvey Weir in the Mullins community Sunday.

Mrs. Otto Lisenbee is visiting friends and relatives in Sweetwater this week.

MIDWAY
Donnoleta Love

Church and Sunday school were not so well attended Sunday.

Part of this community received a hard rain Saturday afternoon. There was some hail, but not enough to kill the crops. Some lost their crops from sand in this community.

Brother Guest's mother of Deport, Texas, is visiting them.

Sam Witt, Jr. made a business trip to Fort Worth last Wednesday.

Mr. and Mrs. Curtis Woodward entertained with a forty-two party last Friday night. Refreshments of sandwiches, olives, and lemonade were served to Mr. and Mrs. Chice Shaffer, Mr. and Mrs. Howard Moore, Mr. and Mrs. Harvey Weir, Mr. and Mrs. Gaston Robinson, Mr. and Mrs. Clyde Gibson, Mr. and Mrs. Roy Love, Mr. and Mrs. Bill Love and the host and hostess.

Mr. and Mrs. W. C. Speck and daughters, Ima and Velma of Lamesa, Mr. and Mrs. Vester Love and children of Soash; Mr. and Mrs. Otis Peterson and children of Five Mile were Sunday visitors in the Harvey Weir home.

Ima Jean Weir visited her grandparents, Mr. and Mrs. W. C. Speck of

CITY WATER EXAMINATIONS TO BE MADE SEMI-MONTHLY

Announcement has been made to effect that samples of the municipal water supply will be taken every fifteen days during the summer months, and will be sent to the State Department of Health, where tests will be made for contamination. Hereofore, the samples have been only sent in one time a month, but as the consumption is greater at this time than ever before this action was taken as a safeguard.

Lamesa a few days last week.

Mr. and Mrs. Mert Nevells and family visited Mr. and Mrs. Charlie Mullins last week.

Mr. and Mrs. Ralph Mullins and family of Flower Grove visited in the Charlie Mullins home Sunday.

Misses Ruby and Mozelle Herndon left Monday for San Antonio, where they will spend several days visiting friends. They will continue on to the Rio Grande Valley, where they will spend a few more days visiting friends and relatives.
