India Claims Red China Out To Dominate Asia

By CONRAD FINK

NEW DELHI, India (AP) — Prime Minister Lal Bahadur Shastri declared today Communist Chinese troops are firing across the Indian frontier in two sectors and that Peking is out to dominate all of Asia.

The Chinese, though pretending they want peace, have started firing in the Sikkim area on the eastern front and in the Ladakh region of Kashmir State on the western front, Shastri said.

China's "basic objective," Shastri said, "is to attain a position of dominance in Asia."

The prime minister declared that notes and protests from Peking make it clear that:

"What China is looking for is not the redress of grievances, real or imaginary, but some excuse to start its aggressive activities again, this time in collusion with its ally Pakistan."

If China persists, Shastri said, "We shall defend ourselves by all the means at our disposal."

Socialist leader Nath Pai jumped to his feet and demanded to know whether Indian units on the China frontier had been ordered to fire back.

"I would merely wish to say we will resist them; we will fight them," Shastri replied.

Shastri made no reply to the resolution passed earlier today by the U.N. Security Council in New York, demanding India and Pakistan end their war within 48 hours.

India's Defense Ministry announced earlier that Chinese troops had moved close to "all the passes" on Tibet's border with Sikkim, an Indian protectorate, and that Pakistan also is massing troops on India's eastern frontiers.

The ministry said latest reports indicated "Chinese troops have come quite close to all the passes on the Sikkim border. In some cases, they have been seen to be digging it."

The Chinese were seen in two new areas, the ministry said. It identified them as the Hot Spring and Fukche areas of the Ladakh region of northeast Kashmir State.

Communist China today followed up the extension of its border ultimatum to India with a charge that Indian troops had fired on a Chinese border guard.

An Indian spokesman denied the charge and said the Chinese claims were "mere fabrications." He accused China of "indulging in provocative activities."

Indian news agencies reported it was the Chinese who had fired first.

The New China News Agency said five Indian soldiers crossed 2½ miles into Chinese territory Sunday before firing on the civilian border guard. The Indians were repulsed by Chinese border troops, the agency said.

The agency's dispatch from Lhasa, capital of Chinese controlled Tibet, did not make it clear whether the Chinese fired back.

It was the fourth time this month that China accused India of violating its frontier. On Saturday, the Chinese claimed three Indian soldiers had intruded near the village of Demchok.

India in turn asserted that fresh Red Chinese troops were advancing through the Himalayan passes toward India's northern frontier.

The Indian Defense Ministry said the Chinese took up positions near Ladakh, a disputed area of northeast Kashmir. This was one of the sectors where the Chinese crossed over in their invasion of India three years ago.

In New York, the U.N. Security Council formally called on India and Pakistan early today to end their fighting within 48 hours.

Sunday, the Chinese gave India another three days — until Wednesday — to dismantle military posts the Chinese claim are on their territory along the Sikkim-Tibet border. Sikkim is an Indian protectorate in the Himalayas.

The original ultimatum was to expire at 3:30 a.m. today, India time.

THEIR ROAD TO EDUCATION—Unable to reach schools in their home state of Kentucky because there are no nearby roads big enough to accomodate a school bus, these students must walk a railroad bridge spanning the Tug Fork of the Big Sandy River from Lovely, Ky., to Nolan, W. Va., to go to school. Some youngsters have been trapped by trains and forced to seek safety as best they can on the narrow bridge. Sympathetic citizens have solicited funds from individuals and businesses and are giving their time to build an all-weather road. (AP Wirephoto)

PATROL SEARCHES VIETNAMESE CITIZENS — Women and a child stand against a post under guard of Sgt. John M. Stone of Pensacola, Fla., while other troops of a 173rd Airborne Brigade patrol search their homes in South Viet Nam. The squad-sized patrol entered and searched the village north of Ben Cat after being fired on by snipers when they neared the village. No men were found in the village when the patrol entered. Cong Losses Heavy In Weekend Fighting

By RONALD I. DEUTSCH

SAIGON, South Viet Nam (AP) — U.S. paratroopers killed 155 Viet Cong in bloody fighting near Ah Khe over the weekend, military authorities said today.

An officer who came here from the fighting area 250 miles to the north said 100 Viet Cong bodies were found today in a trench. They apparently were victims of air strikes that saturated the operational area in support of paratroopers of the 101st Airborne Brigade.

The report came while the 101st "Screaming Eagle" troopers kept up sporadic contact with the Viet Cong Monday and paratroopers of the 173rd Airborne Brigade continued their hunt for Viet Cong in the jungles and rubber plantations around Ben Cat, 30 miles north of Saigon.

While American paratroopers were in action in two widely separated areas, spokesmen said U.S. Strategic Air Command B52 bombers again pounded a suspected guerrilla stronghold in still a third region, the Mekong River delta south of Saigon.

With the American military commitment in South Viet Nam growing steadily, there appeared to be a definite stepup in U.S.-initiated actions designed to carry the war to the Viet Cong.

The 173rd Paratroopers now have been operating for almost a week in an area just north of Saigon that long has been denied to government forces by strong Viet Cong elements.

Seven Viet Cong have been killed, three wounded and 25 captured so far in the 173rd Operation, which is supported by Vietnamese, New Zealand and Australian troops, a U.S. military spokesman said.

American losses there were described as light by military authorities.

Earlier it had been reported that the 101st had killed 55 Viet Cong and captured 12 in the fighting 17 miles northeast of An Khe. Four were said to have been killed Sunday night. Then later it was announced that an additional 100 bodies had been found.

Casualties for the 101st also were described as light.

In another highlands action, elements of the newly arrived 1st Cavalry Division Airmobile killed two guerrillas Sunday night as the Viet Cong probed around the paratroopers' base camp at An Khe. American losses were called light.

A flight of B52 bombers hit a target in Vinh Vinh Province 90 miles south of Saigon in the 28th reported strike by the planes in the war. It was the second strike in two days in the delta.

U.S. authorities said Air Force planes flew a record 524 strike sorties over North Viet Nam in the week ending Sept. 17. The previous high was 468 sorties, flown during week ending Sept. 10.

Rites Here Today For Mrs. Martin

Funeral services were set for 4 p.m. today at the First Methodist Church for Mrs. Pearl Ada Martin, 83.

Mrs. Martin, who lived at 2000 Avenue T, died at 4 p.m. Saturday at Cogdell Memorial Hospital. She was born in Emory, Tex., on Aug. 28, 1882, and had lived here 42 years.

Mrs. Martin was preceded in death by her husband, J. E. Martin, in 1925.

Dr. John English, pastor of First Methodist Church, and the Rev. Marvin Roark, pastor of Union Baptist Church, were to officiate at the funeral service. Burial was to be in the Snyder Cemetery, under direction of Bolger Funeral Home. Pallbearers were Fred Davis, Homer Bishop, Leonard Spence, Liverett Lewis, Hollis Shuler and Whit Farmer.

Surviving are five daughters, Mrs. Louise McClinton, Mrs. Jack Ramsey and Mrs. Jesse King Sr., all of Snyder, Mrs. J. H. Shows of Norwalk, Calif., and Mrs. W. C. Sanders of Odessa; four sons, Raymond Martin of Snyder, Col. James Martin of Baltimore, Md., Pat Martin of Post and Chief Petty Officer J. W. Martin of Norfolk, Va.; two sisters, Mrs. J. S. Horsley of Muleshoe and Mrs. W. F. Harris of Fort Worth.

Twenty-one grandchildren and 23 great - grandchildren also survive.

Mrs. Martin was a long-time member of First Methodist Church and the Victory Bible Class.

Weather Offers Stark Contrasts

By The Associated Press

The nation's weather picture continued to be a portrait in contrasts this morning, as summery breezes hovered over the East and arctic winds raked the Rockies.

Temperatures dipped into the upper 20s this morning in the central Rocky Mountains while some areas reported snow flurries. Casper, Wyo., recorded an inch of new snow Sunday.

Readings in the 40s prevailed from the northern Rockies to the central Plains. In the southeastern portion of the country, morning temperatures were mostly in the 70s.

Temperatures ranged from 30 at Lander, Wyo., to 83 at Corpus Christi Naval Air Station in Texas.

Thunderstorms this morning were soaking those areas on the dividing line between the western cold front and the eastern warm front.

By shortly after midnight a six-hour rainfall accumulation at Oklahoma City measured 1.06 inches. Chanute in southeastern Kansas had 1.58 inches and the eastern Iowa community of Ottumwa had 1.60 inches. Cedar Rapids reported 1.04 inches.

Showers and thundershowers threatened in all parts of this state Monday in the wake of turbulent weather which spawned torrential rains Sunday.

Forecasts called for a chance of showers or thundershowers in all sections of the state Monday, Monday night and Tuesday.

Rains of up to eight inches caused flooding at Crowell and Paducah in Northwest Texas and caused some highways in the area to be closed. Severe weather alerts were issued for the Northast corner of the Panhandle and for Palo Pinto County in North Central Texas for a time Sunday.

Rainfall amounting to 8.24 inches fell at Crowell in a 24-hour period and 6.40 inches fell at Paducah.

Showers continued to dot the Scurry County area over the weekend, although the rainfall was considerably lighter than in areas to the north.

The official gauge at the city water plant in Snyder measured .10 of an inch Saturday and Saturday night, but only a trace was logged Sunday.

Jack Farren Is Appointed Park Supt.

Scurry County Commissioners Court this morning appointed Jack Farren as county park superintendent.

Farren, whose appointment is effective today, fills the post left vacant by the death last Wednesday of the late Jay Ramsey.

Farren had been assistant to Mr. Ramsey for about three years.

In discussing the post this morning with the court, Farren paid tribute to Mr. Ramsey and told the court that he hoped to continue with the plans for maintenance of the park that already had been laid out.

"I am familiar with the plans that had been made on through next spring, and I will carry them out to the best of my ability and continue to work with the court and the public," Farren said.

Commissioners also filled a vacancy on one of the county boards. A. Z. Glover was appointed to serve out the unexpired term of Paul Keaton on the hospital board. Keaton has moved from the city.

In other business, the commissioners court canvassed the votes from the Sept. 7 State Constitutional Amendment election and voted to advertise for bids for purchase of an automobile for Precinct No. 1.

Houston Judge Dies

HOUSTON (AP) — Corporation Court Judge Abe Levy, 67, died of a blood clot Sunday.

CITES THREATS

Connally Speaks To New Board

AUSTIN (AP)—Gov. Connally advised the new Coordinating Board on Texas College Education today to be wary of a growing threat of institutionalization in Texas schools.

Connally spoke to the first meeting of the Coordinating Board of Texas College and University System, which was created by the legislature. It went into business Sept. 1.

The board held its first work session after hearing Connally.

"First of all, I would remind you that neither monumental buildings, nor winning football teams, nor spacious dormitories, nor expansive campuses nor anxious administrators, nor ambitious plans ever taught a college student," Connally told the board.

"Faculties teach . . . teachers teach.

"The greatest risk you face is an institutionalized system, with each college or university grasping for its own ends without regard to the needs of the people of the whole state, and perhaps without awareness of those needs.

"You will be cultivated, cajoled, coddled, even brainwashed by those who would wish you to take an institutional, regional or partisan view . . .

"It is your responsibility to determine educational questions according to educational measures and standards. You should leave politics to the politicians and administration to the administrators," he said.

"Always keep in mind that yours is the opportunity to implement an educational policy that will give Texas young men and women a quality of education superior to any in the nation—and we must never be satisfied with less," Connally said.

New Storm Makes Debut

MIAMI, Fla. (AP)—Tropical storm Carol, third of the season, boiled up far out in the Atlantic Ocean today but forecasters say the chances are the storm will never reach the United States.

"When a storm forms this far east the chances are good it will not reach the United States," said forecaster Gilbert Clark. "I won't say it isn't possible but it's less likely than if it had formed further to the west."

Tropical storm Carol was about 1,550 miles east of San Juan, P.R., and about 2,550 miles east-southeast of Miami early today, moving west-northwest at 14 miles an hour.

Highest winds were estimated at 55 m.p.h. near the center, with gales whipping 150 miles to the north and 75 miles to the south.

Ships in the expected path of the storm were advised to exercise caution but no land areas are threatened for the next 24 to 48 hours.

Big Spring Crash Fatal To Four

BIG SPRING (AP) — Four members of a San Antonio family were killed and three others of the family were seriously injured in a one-car accident on U.S. 87 five miles south of here Sunday night.

A passerby found the wreckage and victims in a ditch at about 7 a.m. today. Officers did not know what caused the accident.

Investigators identified the dead as Alicia Coronado, 7; Rosaria Coronado, 5; Enrique Coronado, 1, and Mrs. Maria Coronado, 24.

207,000 Acres Blackened By California Forest Fires

By JACK SCHREIBMAN

SAN FRANCISCO (AP) —After days of battling forest and brush fires which have blackened 207,000 acres of Northern California, weary fire fighters were optimistic today as one of two major fires remaining was partially contained.

Fire crews were able to contain the more than 16,000-acre Chiles Valley fire on its north and west sides. Its south and west flanks were reported still out of control.

The fire in Napa County about 40 miles northeast of San Francisco, burned around summer homes near Atlas Creek but did not damage the structures which were watered down by State Division of Forestry pumper trucks.

In Sonoma County about 45 miles north of San Francisco, a hot fire was reported marching on scattered summer homes near Austin Creek, west of the mountain settlement of Cazadero, a spokesman said. That fire had already laid waste 6,000 acres of grassland and tall timber.

All other fires were reported either under control or expected soon to be contained in the searing disaster foresters have called the worst in Northern California history.

Officials said that since the fires started last Thursday there have been 275 fires in 21 counties, reducing to ashes the cover on more than 315 square miles.

The fires have cost one life, an El Dorado County volunteer fireman killed in his overturned truck; destroyed more than 120 houses, about 400 out buildings and 1,500 head of cattle, sheep and hogs. Damage has been estimated at about $4.5 million.

Five counties hardest hit by the sweep of flames fought by 5,000 men were designated disaster areas Saturday by Gov. Edmund G. Brown.

Four of the counties—Marin, Napa, Sonoma and Solano—ring San Francisco Bay on the north. The other, Placer County, is in the Sierra foothills east of the California capital, Sacramento.

WEATHER

SNYDER TEMPERATURES: High Saturday, 80 degrees; low, 68 degrees; reading at 7 a.m. Sunday, 71 degrees; precipitation, .10. High Sunday, 84 degrees; low, 68 degrees; reading at 7 a.m. today, 72 degrees; precipitation, trace.

North Central Texas: Mostly cloudy tonight and Tuesday. Showers in 60 per cent of area. Cooler in northwest half Tuesday. Low tonight 63 to 73. High Tuesday 78 to 90.

Northeast Texas: Cloudy tonight and Tuesday. Showers in half of area. Low tonight in 70s. High Tuesday 88 to 93.

Northwest Texas: Mostly cloudy and cooler tonight and Tuesday. Showers and thunderstorms in 80 per cent of area today, ending in west and north tonight, and in southeast early Tuesday. Low tonight 47 to 70. High Tuesday 60 to 82.

Coast: Southeast winds 8 to 18 knots tonight and Tuesday.

South Central and Southeast Texas: Partly cloudy and warm tonight and Tuesday with showers in 20 per cent of area. Low tonight 72 to 82. High Tuesday 90 to 100, except 86 to 96 in Southeast Texas.

Southwest Texas: Partly cloudy tonight and Tuesday with showers over 30 per cent of area. Cooler in west Tuesday. Low tonight 66 to 78. High Tuesday 87 to 96.

Murchison, Mize Buy Bank Stock

The Murchison entity and Roger B. Mize have acquired controlling interest in the Snyder National Bank, it was announced today.

They purchased the 21 per cent of Snyder National stock owned by V. F. Neuhaus of Mission.

At the same time it was announced that Murchison and Mize had purchased Neuhaus' stock in the First State Bank of Corpus Christi.

C. W. Murchison of Dallas, Neuhaus and Mize purchased a substantial block of Snyder National Bank Stock in July of 1957. Mize who came here from Donna, became president of the bank, a post he still holds.

Snyder National Bank, which traces its history back to 1905, constructed and moved into its present building on the northwest corner of the square in 1957. It is the fourth "home" for the bank. Mize is the seventh president to head the local bank.

Mize, a native of Mississippi, had been associated with banks in the Rio Grande Valley for 11 years before coming to Snyder. He had served as executive vice president of the First State Bank and Trust Co. of Mission, and was executive vice president of the Citizen's State Bank in Donna when he came to Snyder.

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: I just read the letter in your column from "INTERESTED," who was upset because the daughter of a friend of hers posed for an artist in the nude. In the first place it's none of her business what someone else's daughter is doing, and if she was any kind of a "friend" she wouldn't be so anxious to get her friend's daughter arrested for indecent exposure. The human body has been the object of many great and beautiful works of art for many centuries. The only "indecent" thing about the situation she described is the cheap gossip circulated by people with little understanding of art and beauty. Tell "INTERESTED" that the only thing which has been exposed is her own ignorance. Sign this —

ART LOVER

• • •

DEAR ABBY: When a woman wrote to say that her friend's daughter was posing for an artist who specialized in pretty girls with very little, or nothing on, you said the girl had a right to make a bare living. That's the trouble with this world. Everybody is making a big joke of modesty and decency. Why didn't you uphold virtue and strike a blow against nudity and obscenity, which are the same thing?

AGAINST OBSCENITY

DEAR AGAINST: Nudity and obscenity are not necessarily synonymous. The nude body, in the flesh or in an art form, when portrayed in the interest of artistic expression or realism, can hardly be called obscene. To believe otherwise would be to class Michelangelo's superb sculpture "David," which stands as naked as a radish in Florence, Italy, with girlie shows and French postcards. One who does that is obscene with his eyes shut.

• • •

DEAR ABBY: It seems to me that we up here in Canada have the right idea about what to do when a man gets a girl in trouble. He either marries her or goes to jail. I know of a case where a woman had tuberculosis and her husband got the servant girl in a family way. After the wife died the man was forced to marry the girl. They lived happily together and raised a very nice family. This way of handling the situation is a lot easier on the taxpayer.

CANADIAN

DEAR CANADIAN: I am not qualified to practice law in the States, much less in Canada. But this is the first time I have ever heard of a man being "forced" to marry a woman. If you are mistaken, I am certain to hear from many Canadian lawyers. And I'll bet I do.

• • •

CONFIDENTIAL TO "CAN'T DECIDE" IN CAMDEN, N.Y.: **No one has said it better than Lt. General Lewis B. Hershey, and I quote, "If you know what you want to be, then go on to college. If not, go into the service. You'll find guys rich and poor, smart and stupid, decent and not so decent. And that's what life is all about anyway."**

• • •

Troubled? Write to ABBY, Box 69700, Los Angeles, Calif. For a personal reply, enclose a stamped, self - addressed envelope.

• • •

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 69700, Los Angeles, Calif.

More Victims Of Storm Are Found

NEW ORLEANS (AP) — The death toll continues to inch upward as Hurricane Betsy's flood waters recede and salvage and cleanup workers move in.

Two drowned New Orleans residents were found in a city flood area Sunday, boosting the state's total to 78.

The National Guard had reduced its emergency force to 291 today. There were 2,700 Guardsmen in disaster areas after the hurricane struck 10 days ago.

The Red Cross reported 7,614 evacuees remained in 11 shelters, with another 8,000 being fed by mobile kitchen units.

At Baton Rouge, 85 miles up the Mississippi River, an Army diver, working blind in the muddy water, resumes his painstaking bare hand inspection of a sunken barge loaded with deadly chlorine.

The barge, with 600 tons of chlorine aboard in four steel tanks, was sunk by the hurricane in 60 feet of water near the Louisiana State campus.

Officials want to know what shape the barge is in after the wild ride which sent it to the bottom.

Chlorine, a common industrial chemical, can be extremely dangerous if accidentally released from a pressure tank. Coast Guard boats escorted all river traffic around the danger point.

TODAY'S MARKETS

FORT WORTH (AP) — Cattle 2,500; calves 1,100; 2,800 at auction; steady. Good and choice steers 23.60-25.50; good heifers 21.00-23.30; standard 17.00-21.00; cows 14.00-16.00; good calves 21.00-23.00; standard 18.00-21.00; utility 15.0; good and choice yearling feeder steers 22.00-25.00; standard yearling heifers 16.00-17.40; good and choice steer calves 21.50-27.00; good to 25.80; standard 20.00-21.40; standard and good heifer calves 18.00-21.60; good and choice stock cows 12.00-13.50; with calves 143.00.

Hogs 250; steady to 50 higher; top 22.50-23.25.

Sheep 1,500; steady; good and choice wooled spring lambs 20.00-22.00; shorn 21.00-22.50; good 20.00; ewes 6.00-7.50; good and choice spring feeder lambs 17.00-19.00; good 12.00-14.00.

Killed In Blaze

HOUSTON, Tex. (AP)—John Mayes, 79, died when he was trapped in his burning house Sunday in north Harris County near Spring.

COMPLETES TRAINING — Marine Pvt. Tim G. Farmer, son of Mr. and Mrs. Bruce Farmer of Snyder, completed four weeks of individual combat training with the 2nd Infantry Training Regiment at the Marine Corps Base, Camp Pendleton, Calif. The 20-day course included over 200 hours of rigorous instruction in small unit tactics, night combat, firing weapons under simulated combat conditions and other subjects related to the Marine infantryman.

Stunt Man Sees Danger In Marriage

BLYTHE, Calif. (AP)—Character actor - stuntman Duane Hamlin, approaching his 80th birthday, has a prescription for old age: action.

Hamlin has thrived on it. He recalls his youth this way:

At 18, he piloted a stagecoach through holdup country. Later he drew Army pay as a scout for hunting Mexican bandit Pancho Villa. In World War I, he flew with Eddie Rickenbacker.

Today, virtually the only sign of age on the red-bearded, robust film veteran is a tiny wire leading to a hearing aid in his left ear.

"I'll be 80 next month," says Hamlin, "but I don't feel my age. What I really like to do these days is challenge kids in their 20s to a tussle. I guess the fact that I was a stunt man kept me in shape."

Born in Shiprock, N.M., Nov. 5, 1885, Hamlin had a brief stagecoach career. Six robberies in a row—the last ending when he shot and killed his assailant—deterred him he said.

After the war, he turned to the movies. He recalls proudly that he crashed a plane in Clark Gable's "Hell's Angels," wrestled a gorilla in a Tarzan film, and rode horseback garbed as an Arab in Rudolph Valentino's "The Sheik."

Stunts were always his specialty. As recently as 1960, Hamlin dived 65 feet into a river for the cameras. Such feats continue to earn him roles in television Westerns — "Maverick," "Death Valley Days" and "Wagon Train."

Hamlin married five times. Now he lives alone, puttering about a remote desert ranch 18 miles south of Blythe, prospecting for gold and awaiting calls from Hollywood.

Looking back, Hamlin offers this comment on his life of derring-do: "The most dangerous occupation I've ever had was being a husband."

Field Day Event Is Postponed For Week

A field day at the South Plains Research and Extension Center north of Lubbock has been postponed, it was announced today.

The field day was originally scheduled for Tuesday, but heavy rains in the area of the center have resulted in postponement until Sept. 28, County Agent Billy Roach reported this morning.

Dies In Jail Cell

DALLAS (AP)—A prisoner accused of robbing the Empire State Bank here died early today after a heart attack in jail. Jerome Parker Brock, 43, of Dallas was under federal indictment for bank robbery.

Water Closes Road

AUSTIN (AP)—The Highway Department said today Farm 267 in Knox County is closed by high water four miles north of U.S. 82 at the south Wichita River. The road will be open late in the day if there is no more rain.

ADJOURNMENT ELUSIVE

No Letup Seen In Solons' Work

By JOHN BECKLER

WASHINGTON (AP) — Congress, speeding past another of its hoped - for adjournment dates, plunges into a busy week today with no let-up in sight.

There was a time when the members thought they would be home by mid-September; now the optimists talk about mid-October, but not very loudly.

A prediction that President Johnson may run into a congressional revolt came Sunday from Sen. Allen J. Ellender, D-La., and Senate Republican Leader Everett M. Dirksen said Congress wouldn't get home for a long time if the administration brings up its proposal to repeal section 14B of the Taft-Hartley Act. The section allows states to ban union shop agreements.

Interviewed on CBS' radio-television program "Face the Nation" Dirksen said, "I don't like to use the word filibuster. But if 14B is dished out, I can assure you there is going to be extended discussion."

Ellender, in an interview transcribed for Radio Press International, said that if President Johnson "continues to send us a lot of legislation that is controversial and that would have the effect of keeping us here to Christmas, some of us I'm sure will revolt."

The Senate has scheduled action on two of the major bills of the session — a revision of the immigration laws and a $3.2 billion appropriation for the foreign aid program. Both have cleared the House in different forms.

The House hopes to act on 17 bills, most of them of a minor nature. One, however, is a $2-billion authorization for construction of 144 river, harbor and flood control projects.

Also on the House agenda is a bill that would require the Alfred I. duPont estate in Florida, which owns a complex of banks and industries, to divest itself of its nonbanking properties.

Despite the sweeping nature of the proposed changes in immigration policy, little trouble is anticipated in getting Senate approval.

The main controversy — whether to impose an immigration ceiling on the Western Hemisphere — was fought out in committee. A ceiling of 120,000 was written into the bill and there apparently will be no effort to remove it.

The issue was strongly contested in the House, which at the administration's insistence kept a ceiling off. The administration quickly capitulated to advocates of a ceiling in the Senate, however.

Defense Department Flooded With Bizarre Ideas For Viet

By FRED S. HOFFMAN

WASHINGTON (AP) — Air drops of rattlesnakes, itching powder and carpet tacks. One-way mirrors to make American soldiers invisible. A chain link fence to keep Communist reinforcements out of South Viet Nam.

These are some of the hundreds of suggestions sent to the Defense Department by citizens anxious to help win the war.

Such letters — some typewritten, some hand scrawled — arrive at the office of Secretary of Defense Robert S. McNamara, while others go directly to the various armed services.

Although some of the ideas are bizarre, many appear carefully thought out. All evidently are sincere.

No matter how odd an idea may seem, its author gets a thank you letter from the Defense Department. Some of the writers obviously realize their ideas are way out. One of them wrote, "I won't mind if you smile."

A random check of the letters indicates people would like to give the military professionals a hand in rooting out and killing elusive Viet Cong guerrillas and protecting Americans from harm.

A San Diego, Calif., man wrote: "Where it is impossible to see the Viet Cong, wouldn't it be a good idea to drop tons of extra sharp tacks. Saturate the ground with these tacks?"

Another man, from Huntington, Calif., thought of collecting rattlesnakes from around the U.S. West and "scattering them all over North Viet Nam in elephant grass where the Viet Cong are mostly likely to hide."

One man outlined a plan to lay down an oil slick on the perimeter of a swamp, then follow up with itching powder, water soluble glue and yellow dye to "make the swamp untenable."

A Davenport, Iowa, man told McNamara: "I keep thinking that a chain link fence about 12 feet high with barbed wire at the top and a patrol type roadway would make a handy way to check on where and when the North Vietnamese make their way into South Viet Nam."

A New York doctor said he would like to see "soldiers' uniforms and helmets...be wrapped into a one-way mirror, so that they will reflect their environment and become so to say invisible."

HOSPITAL NOTES

(It is requested that visiting be done only during visiting hours of 2 to 4 p.m. and 7 to 8:30 p.m.)

Chaplain: Rev. John English

ADMISSIONS: Ed Durvan, 3608 Hill Avenue, Hazel Darlene Grant, 203 Twenty-fourth; Cora May Hale, 2111 Twenty-eighth, Peggy Ann Martin, 1005 Avenue E; Betty Jean White, 906 Twenty-ninth; Annie Brom, Hermleigh; Faye Phillips, 2801 Thirty-third; Diane Sentell, 2406 Thirty-first; Ruby Ervin, Rt. 1; Wayne Cain, Irving, Tex.; Sermina Borrego, 1507 Avenue E; James Benjamin Taylor, Clairemont Road; Eugenio Eavila, Jr. Rt. 2; Jo Hermosillo, Roscoe.

DISMISSALS: Arizona Leach, Johnnie Boothe, Zoe Horton, Lorene Branscum, Bert O'Neil, Jr., Lucy Maroon, Betty Jean White, Helen Calloway, Nora Lee Jones, Ed Taylor, Leo Schattel, Billie Smith, Lucy Grimes, Patricia Burnett.

Television Roulette Fatal To Husband

ROME, Ga. (AP)—Police say Mrs. Shirley Williams told them her husband, Malcolm, 19, took out a .32 caliber pistol and said he was going to show her "how they do on television."

Mrs. Williams, also 19, told Asst. Police Chief Frank Perry Sunday that Williams took five cartridges from the six-shot pistol, placed the gun to his head and pulled the trigger.

Perry said Williams, a construction worker, died instantly from a gunshot wound in the head.

Quads Born After Mom Takes Drug

By GENE HANDSAKER

LOS ANGELES (AP) — Ten months ago Alice Pigge took a fertility drug — not to become pregnant but to cure a woman's disorder.

Today she has quadruplets.

Her first children, two boys and two girls, were born a month prematurely Sunday at Los Angeles County General Hospital.

The babies, weighing a total of nine pounds and listed in critical condition, were placed in incubators.

Mrs. Pigge, 5 feet 2 and of average build, was reported in fair condition but cheerful — and insistent on having her hair combed before interviewers dropped in. She is a Mississippi-born Negro resident of Los Angeles.

Dr. Milton Smale, the hospital's chief resident physician in obstetrics, said that last November Mrs. Pigge had taken the drug clomiphene citrate on the advice of her attending physician, Dr. Richard Taw, who operates the hospital's bleeding clinic. The medication corrected her irregularity.

In January she became pregnant.

"The drug may have caused the multiple births, as it has done in other cases," Dr. Smale said. "The possibility that it did not is in the fact that she took the drug in November but did not become pregnant until January."

He said the medication is used in treating irregularity but is best known as a treatment for infertility. "It is primarily a drug used to cause ovulation," he said.

A Swedish woman who bore quadruplets last July had received the same hormone, Dr. Smale said, and a New Zealand woman who had quintulplets had received the drug.

General Hospital records list Mrs. Pigge's husband as James Pigge and say the couple is now separated.

Snyder Soldier Re-Enlists In Army

PFC Gerald W. Sharpe, son of Mr. and Mrs. Leroy Sharpe, Route 3, Snyder, reenlisted in the Regular Army recently while serving with the 3rd Armored Division in Germany.

Sharpe, a mechanic in Headquarters Company, 2d Battalion of the division's 32d Armor near Kirch Gons, entered the Army in August 1964 and arrived overseas the following November. He received basic training at Fort Polk, La.

Sealab Stay Half Over

LA JOLLA, Calif. (AP) —The Navy's 45-day Sealab 2 underwater living experiment reached the half-way point Sunday and officials praised its progress lavishly.

"We are easily accomplishing or exceeding what we've planned to do," said Capt. George Bond, chief investigator of the experiment.

The second 10-man aquanaut team, except for Cmdr. M. Scott Carpenter, completed its seventh of 15 days in 205-feet-deep Sealab Sunday.

Carpenter, the astro-aquanaut, is in his 23rd day on the ocean bottom. He's scheduled to come up after 30 days.

Services Set For Cartoon Creator

HOLLYWOOD (AP) —Funeral services were planned today for film cartoonist Fred Quimby, creator of the "Tom and Jerry" series. Quimby, 79, died Thursday after surgery for an undisclosed ailment.

GETTING UP NIGHTS MAKES MANY FEEL OLD

After 35, common Kidney or Bladder Irritations often occur and may make you tense and nervous from too frequent passages both day and night. Secondarily, you may lose sleep and suffer from Headaches, Backache and feel old, tired, depressed. In such irritation, CYSTEX usually brings fast, relaxing comfort by curbing irritating germs in strong, acid urine and by analgesic pain relief. Get CYSTEX at druggists. Feel better fast.

WOMEN

VEE ANN JOHNSON, installed as Worthy Advisor.

Rainbow Girls Hold Open Installation Saturday Night

The Snyder Rainbow Assembly No. 230 held its open installation Saturday evening at the Masonic Hall.

Installing officers were: Mrs. Frances Pearson, (past Mother Advisor of the assembly in New Mexico which the new Worthy Advisor was formerly a member), Mrs. Edith Krasner (past Mother Advisor of Snyder Assembly No. 230), Mrs. Wayne Bethel, installing musician, Mrs. Laura Arnold (Worthy Matron of Snyder Order of the Eastern Star No. 450) installing recorder, and Mr. Sammy Stevens, installing chaplain.

Those installed were: Vee Ann Johnson, Worthy Advisor; Cindy Hardin, Worthy Associate Advisor; Ann Scott, Charity; Susan Hanks, Hope; Freda Pitts, Faith; Connie Johnson, Recorder; Vicki Boyd, Chaplain; Wanda Murphy, Drill Leader; Becky Davidson, Love; and Gloria Bigham, Musician.

The following introductions were made: All past and present Worthy Advisors and Mother Advisors, members of the advisory board, Mrs. Georgia Davidson, member of Inter-chapter Goodwill Committee, Grand Chapter of Texas O.E.S. and all O.E.S. and Masonic members.

Vee Ann, Worthy Advisor, introduced her parents, Mr. and Mrs. Bob Johnson. Her mother fastened the traditional red gavel necklace on the newly elected Worthy Advisor. Mrs. Blanch Knott, grandmother of the Worthy Advisor, was also introduced.

Mr. Jim Casey sang, and the new Worthy Advisor presented gifts to her installing officers.

Connie Johnson, past Worthy Advisor, was conducted behind the altar and presented the traditional Rainbow Bible by Mrs. Oma Lee Spears, chairman of the advisory board, on behalf of the Snyder O.E.S. Chapter No. 450.

Connie presented the following color bars and attendance pins to her officers: Susan Hanks; merit bar, red color bar, attendance pin; Freda Pitts, red and orange color bars, attendance pin; Vicki Boyd, blue, indigo and violet color bars, attendance pin; Connie Johnson, attendance pin. Mrs. Pat James, Mother Advisor, presented Miss Johnson's past Worthy Advisor pin on behalf of the assembly.

Vee Ann's colors of tangerine and gold were carried throughout the installation. Her theme is "Peace" and the gold carnation her flower.

Following benediction and the retiring drill, a reception was held for all members and guests.

Senior 4-H Club Elects New Officers

The Snyder Senior 4-H Club met in the county extension office at 4 p.m. Wednesday.

New officers elected were: Debra Fikes, president; Elaine McArthur, vice president; Carolyn Lock, secretary; Rosemary Fisk, treasurer; Jena Bell, reporter; June Pettijohn, song leader; and Dorothy Franks, recreation leader.

The club discussed the 4-H awards, 4-H record books, and possible units of work.

Those present were Debra Fikes, Elaine McArthur, Carolyn Lock, Jena Bell, Dorothy Franks and Anita Pinkerton.

Your small fry will love a black - eyed susan salad. To make it, arrange mandarin oranges for the petals of the flowers; add a dot of mayonnaise to the center and cover with sliced ripe olive. Make the stem and leaves from salad greenery.

Piebald Figures In Adventure

AIRS ABOVE THE GROUND
By Mary Stewart.

Who would guess that an old piebald horse in a small circus was really one of the famous white Lippizan stallions of Vienna in disguise? And who would imagine that his shabby saddle held the key to something Interpol wanted to know?

But these are only a sample of the questions that pop up unexpectedly in Miss Stewart's dizzily paced adventure story.

When the narrative begins, Vanessa March, a beautiful young London matron who happens to be a veterinarian, is dashing off to Vienna, accompanied by Tim Lacy, a 17-year-old son of a friend. Vanessa is puzzled over the fact that her husband Lewis, a much traveled businessman who supposedly is on a trip to Stockholm, has turned up at the scene of a circus fire in the countryside near Vienna.

Vanessa finds Lewis, and also learns why he has been acting so strangely. He is a part-time intelligence agent, and one of his colleagues had died in the circus fire, which hadn't been an accident.

The heroine's talents as a veterinary surgeon pave the way to both clues and dangers. In one spooky scene she plays midnight hide and seek with the villain over the rooftops of an old castle.

The climax is a fierce pursuit in which Lewis, Tim and Vanessa close in one the bad guy, with the inevitable hand-to-hand combat.

Miss Stewart, whose most recent thriller was the popular "This Rough Magic," serves her readers with king-size portions of action, whips up some tricky zigzags in the plot, and for good measure throws in plenty of fancy atmosphere and sentimental drama. It's all very entertaining.

DUNN NEWS

BY MRS. JAMES STEWART

Weekend guests of Mr. and Mrs. Eunice Goodlett and children included Mr. and Mrs. Bobby Wilson and Bradford Paul of Odessa. Bradford Paul was born Sept. 15th in Lubbock, weighing 6 lbs. ½ oz.

Mr. and Mrs. L. A. Scott have received word of the birth of a son to Spec. 5 Joe Scott and Mrs. Scott on Sept. 9. He has been named Kevin Wayne and weighed 9 lbs. 4 oz.

Several college students have returned to their studies. Judy Richardson is attending Texas Tech, Linda Fuller, Howard Payne in Brownwood, Billy Laster, East Texas College in Commerce, Jimmy Laster and Jimmy Townsend are attending Howard County Jr. College.

Mr. and Mrs. Clyde Bolding visited relatives in Weatherford and Springtown Friday and Saturday.

Mr. and Mrs. Graham Smith, Tony and Olton visited Mr. and Mrs. C. E. Shaw in Fort Worth and Mr. and Mrs. J. E. Lewis and sons in Graham recently.

Mitchell and Richie Smith of Odessa spent last week visiting Mr. and Mrs. Graham Smith and boys and Mr. and Mrs. L. T. Nail.

Mr. and Mrs. Eddie Scott and son of Artesia, N.M. were guests of Mr. and Mrs. L. A. Scott and Brownie recently.

Mrs. Jim Motley attended a house warming for her daughter, Mrs. Paul Wright and family in Colorado City Thursday night. Mrs. Motley went to Monahans Friday to visit her son, Mr. J. B. Motley and family.

Ira P-TA Holds First Meeting

Ira P-TA met in regular session Thursday at 3:30 p.m. in the school study hall with all officers and 28 members present. The meeting was called to order by Mrs. Pete Sterling, president. Devotional chairman, Mrs. O. W. Holladay, led the prayer.

New members introduced were Mrs. Jim Hill, Mrs. Leon Huddleston, and third grade teacher, Mrs. Tommie Williams.

A report on the "Get Acquainted Supper" which was held Sept. 2 was given. Chairmen were Mrs. Robert Erwin, Mrs. Jimmy Layne and Mrs. Udell White, reporting that 285 plates were served. Plans were made to attend a workshop in Paducah on Oct. 12 and delegates will leave from the school building at 6:30 a.m.

Mrs. J. L. Byars, immediate past president, was presented with a past president pen inscribed with the years she served.

Larry Wiggins and Aaron Crawford showed slides and told of their trip they won from Electric Companies to Washington D.C. this summer.

Senior class room mothers served refreshments in the lunch room.

MR. AND MRS. DICK ROBERTS were honored with a farewell party Saturday evening in the home of Mr. and Mrs. Elmo Weyel, 3732 Highland Drive. Mr. and Mrs. Doug Flynn were co-hosts. A large group of friends gathered for the occasion. The Robertses will make their home in Austin, where Mr. Roberts is employed with the Texas Highway Department.

Get Together Club will meet in home of Ida Thurston, 7:30 p.m.

Alpha Study Club meets at 3:30 p.m. at Martha Ann Woman's Club with Mrs. Kenneth Midkiff, hostess.

Twentieth Century Club meets at 3 p.m. at Martha Ann Woman's Club, Henrietta Dupree, hostess.

Art Guild Study Club, 7:30 p.m. Martha Ann Woman's Club with Mae Stanfield, hostess.

School Food Association meets at Lincoln School, 2:45 p.m.

Snyder Toperettes meet at 7 p.m. at Stanfield cafeteria.

Martha Ann Ladies game day and bridge, 9:30 a.m. Open.

Family night at Snyder Country Club, buffet at 7 p.m. with regular activities at 8:30 p.m.

WEDNESDAY

Cosmorama Study Club meets at 3:45 p.m. at Martha Ann Woman's Club, Jean Bullard and Mary Ann Kincaid hostesses.

THURSDAY

American Business Women's Association meets at Country Club, 7 p.m.

American Association of University Women meet at Snyder Savings and Loan, Nellie Smith, chairman, 7 p.m.

Snyder Duplicate Club, 1:30 p.m. at Americana. Open.

FRIDAY

El Feliz Club meets at Sallie's Tea Room, Mrs. Della Wilson, hostess, 2 p.m.

Duplicate Bridge at Snyder Country Club, 9:30 a.m. Open.

NEW WAY TO A BEAUTIFUL BUSTLINE

Los Angeles.—Are you a woman whose figure is on the good side but might look perfect if your bustline were improved? You'll be thrilled by the new easy way science has discovered for you to acquire this kind of figure perfection. If your bra size is less than 32 and larger than 36, A or B, then this new idea is not for you. If your bra size falls within this range, then you can realize a new, youthful, naturally rounded bust silhouette without special exercising or heavy, unnatural padding.

Young Secret is an all-new kind of weightless wonder bra constructed of science fibers. One startling innovation is the manner in which this bra, once put on, feels just like you. It actually moves as if it were you and looks perfectly natural in every possible way.

The bra itself is of a beautiful clipped nylon lace over a polyester fiberfill that will retain its natural shape for the life of the bra. The straps are comfortably stretchable and easily adjusted. The band is also stretchable for maximum freedom and comfort. This bra gives your figure everything that's possible with a bra.

"Young Secret" bras are the peak achievement of the California designer-genius, Olga. They are available in white and beige; sizes 32, 34, 36, A and B cup sizes and can be found in our area at

Mystic Land Of Sikkim Is Strategic Point In Dispute

By R. SATAKOPAN

NEW DELHI, India (AP) — Sikkim, caught up in the Indian-Chinese border crisis, lies astride a "mountain highway" leading south from Tibet through the Himalayas to the plain of India.

In modern day big power politics, Sikkim becomes the focal point between Red China and India.

It is on Sikkim's soil that the two Asian giants threaten to resume their fighting after the three-year calm following their border war in 1962.

Until now, Sikkim — pronounced sic-em — has been known primarily as a faraway land where Hope Cooke, former New York and Washington, D.C., socialite, married into the royal family. She took her seat as queen beside the throne of Chogyal — temporal and spiritual leader — Palden Thondup Nangy.

Sikkim, with its beautiful mist-shrouded mountains and twisting valleys, is a schoolgirl's idea of Eastern romance and mysticism.

Unfortunately for Sikkim, it is those same twisting valleys that could provide Communist China's army with a "mountain highway" to the throat of India.

India realizes — as its former British colonial rulers did long ago — the strategic importance of these passes. Sikkim has been placed under New Delhi's protection and the Indian government has responsibility for the Himalayan land's defense and foreign affairs.

The chogyal's domain encompasses about 163,000 people who scratch out a living on 2,744 square miles of land — much of which is vertical.

But the chogyal is intensely nationalistic and proud, and often tugs with New Delhi over his rights as sovereign.

New Delhi would like to call him a maharaja or prince, indicating he is something less than a sovereign ruler. He would prefer king but has settled for chogyal, something in between but acceptable to both sides.

The chogyal's family are Buddhists of Tibetan origin and the majority of his people are Nepalese in background.

Thus Sikkim has no particular blood connection with India. It is just that Sikkim and India need each other.

Sikkim is 70 miles from north to south and 40 miles from east to west of stunning, rugged beauty.

From the heat the dust of the Indian plain, travelers ascend in a short time to Sikkim's cold and dizzy heights.

The mountains milk the clouds, and rainfall varies from 40 inches annually to a 240 inches in some areas.

There is only one important city in Sikkim, the capital at Gangtok, with a population of about 50,000.

A few good roads in Sikkim were built for strategic reasons and they lead to the important passes now being contested by India and China — Tangkar La, Nathu La, and Jelep La. La is Tibetan for pass.

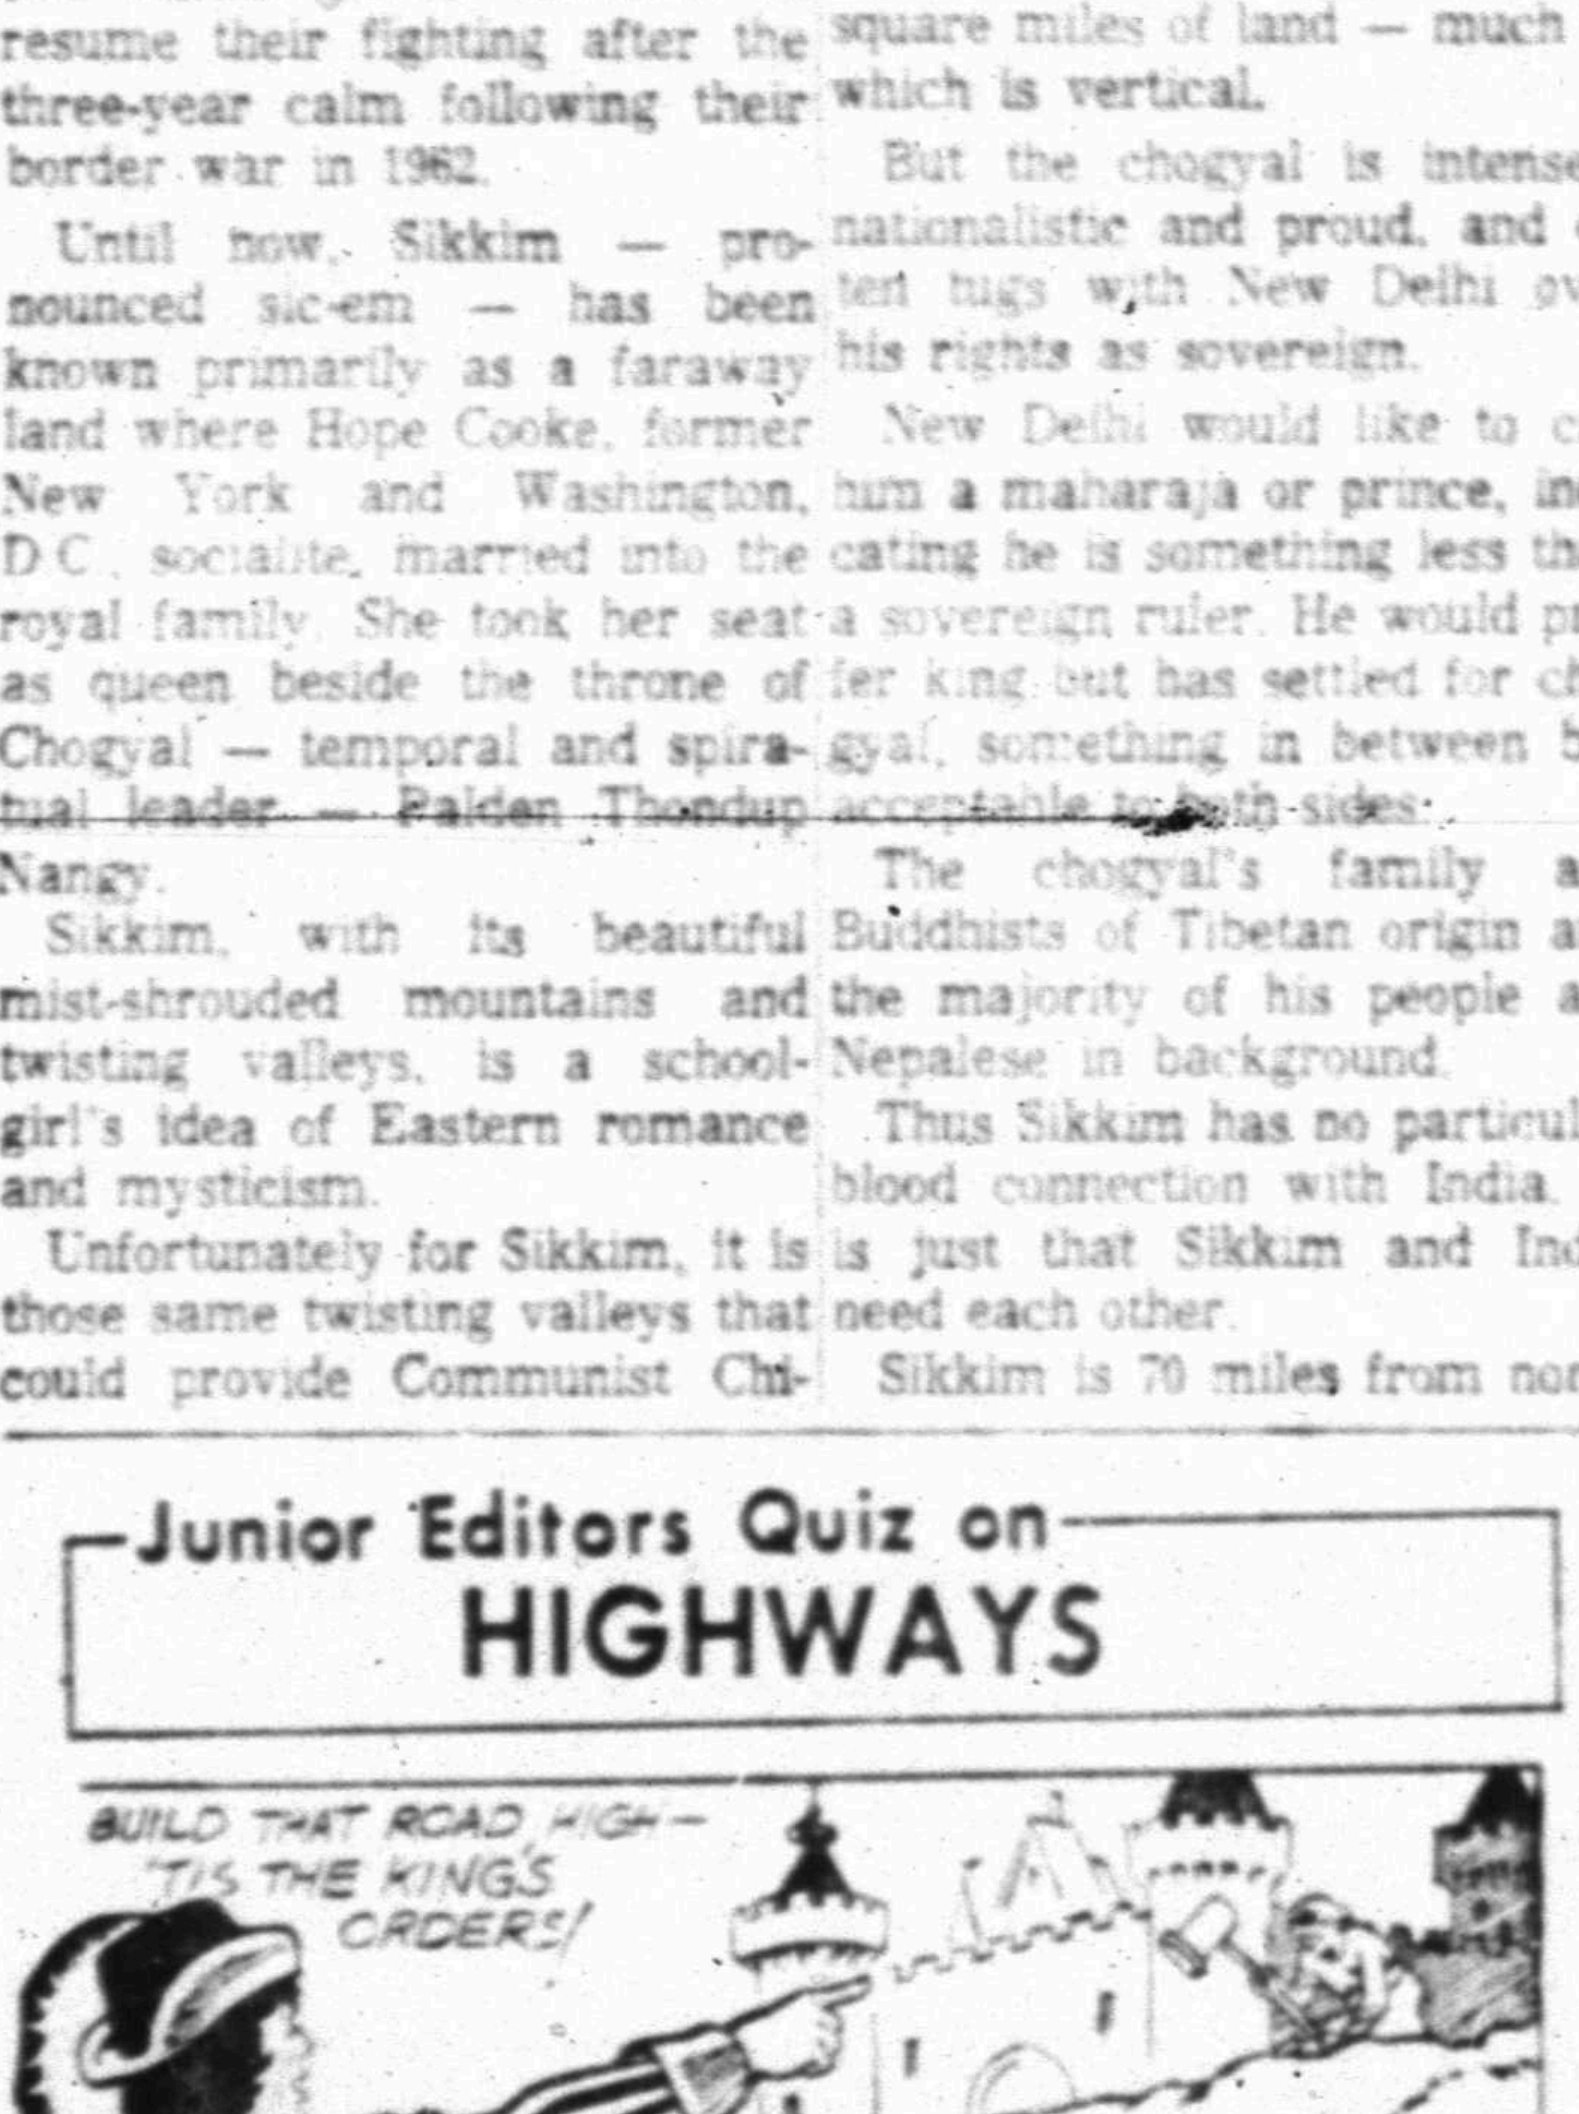
Gangtok can be reached only by road. Air passengers fly to Bagdogra in India's West Bengal State and travel the rest of the way by Jeep or truck.

To the northwest towers the Kanchenjunga mountain range. The world's third highest mountain, 28,000-foot Kanchengunja, is visible from Gangtok on clear days.

Clouds hide many peaks from May to November and for four months at least the approaches to them are snow and ice bound.

The passes are clear now — as the Chinese know.

Junior Editors Quiz on HIGHWAYS



BUILD THAT ROAD HIGH— 'TIS THE KING'S ORDERS!
OUR HIGHWAYS ARE MORE WIDE THAN HIGH
Coulton Waugh

QUESTION: Why are big roads called highways?

• • •

ANSWER: Before our modern days, roads were rough and difficult to travel. They were bumpy in dry weather and heavy with sticky mud when it rained. Even in the old days, however, some roads could be built which were better than the average. In Medieval days in England, the best roads were made of earth piled higher than the surrounding land, so that the water would drain off in wet weather. This was expensive, only possible for a king to undertake, so that he could have a comfortable thoroughfare for himself and his court to travel over. Since such a road was raised high, it became called a highway. And since it was under the protection and care of the king, such an important road was known as one of the King's highways. This name was often used in the case of important roads in the American colonies, before the Revolution.

Not only the king and his court travelled the highways in the old days, however, for these were open to all travellers. There were smaller roads, constructed privately, which were called byways. Even today, when we speak of someone going to many places, we may say he is traveling "by the highways and byways."

• • •

FOR YOU TO DO: As you ride with your family over some big important road, think of the old time King's highway, raised up in the air, and contrast it with the highway you are on. On a modern road, rain is carried off by the hard surface, properly graded. 9-20

(Mary Schmidlkofer of Gainesville, Texas, wins today's combination prize of Compton's Illustrated Science Dictionary plus $10 for this question. Mail yours on a postcard to Junior Editors in care of this newspaper.)

Boyle Begins Week By Reading Mail

By HAL BOYLE

NEW YORK (AP) — Things a columnist wouldn't know if he didn't open his mail: America now has some 13,000 people aged 100 years or older. That's only one for every 15,000 persons.

Many animals live five or six times as long as it takes them to mature. If this were true of man, who matures fully at about 25, he should live to be 125 or 150.

Mamas on the job: In 1940 only 9 per cent of U.S. mothers with children under 18 worked outside the home. Now 35 per cent— about 9½ million—have paying jobs.

Prosperity notes: Board chairmen of smaller banks—those with assets under $300 million—get paid average annual salaries of $39,000. Those who head the large banks get an average of $72,000.

Desalting ocean water to make it potable isn't cheap. At present the cost is $1 per thousands gallons, about 10 times what most of us now pay for fresh water. Incidentally, if you've been wondering how salty ocean water is, the figure is 3½ per cent.

Quotable notables: "Early in life I had to choose between honest arrogance and hypocritican humility. I have chosen honest arrogance and have seen no occasion to change"—architect Frank Lloyd Wright.

The human eye is one of the most sensitive instruments in nature. It can detect about four million different shades of color. Only one out of 250 women suffer from color blindness, the figure for men is one out of 12 or 13.

History lesson: Can you name the first U.S. president in office to ride on a railroad train. Andrew Jackson achieved this distinction on June 6, 1883, when he boarded a Baltimore & Ohio train for Baltimore. Theodore Roosevelt was the first president to ride in both an automobile and an airplane.

Tetanus, commonly known as lockjaw, is one of the most painful as well as deadly disease. Half of the 400 to 500 cases that occur in this country each year are fatal.

The world's biggest baby is probably the offspring of the blue whale. Infants measure up to 25 feet at birth and weigh several tons.

It was Fred Allen who observed: "A celebrity is a person who works hard all his life to become well-known, then wears dark glasses to avoid being recognized."

Sen. Ellender Speaks To Canal Association

VICTORIA, Tex. (AP) — Sen. Allen J. Ellender, D-La., chairman of the public works subcommittee of the Senate Appropriations Committee will be the principal speaker Monday at a meeting of the Intracoastal Canal Association of Louisiana and Texas.

About 300 members of the organization gathered here for the 60th annual meeting.

The organization president, Munger T. Ball of Port Arthur, executive vice president Dale Miller of Washington, D. C. and a group of area engineers will present reports Monday.

AT AUSTIN SATURDAY

Tech-Texas Launch SWC Title Fight

By HAROLD V. RATLIFF
Associated Press Sports Writer

Six schools return to the intersectional wars this week but down at Austin, Texas and Texas Tech start playing for keeps in the Southwest Conference football race.

The conference made an excellent showing as it opened the season last week with a full schedule of intersectional games and won six out of eight.

The clash of Texas and Texas Tech poses the question: is Tech ready at last to remove the hex Longhorn teams have held over it for the five years of Tech's participation in the championship race?

Some say it's a psychological thing. Others take the attitude that Tech just hasn't developed its football enough to compete wih the state university.

But the Texas Tech team that beat Kansas 26-7 Saturday in a game cut short by almost a full quarter by heavy rain and threats of a tornado seemed of a stature to give Texas a most interesting evening.

Tech has been moving up gradually since the first meeting as conference members in 1960. That year Texas won 17-0. In 1961 it was 42-14, in 1962 it was 34-0, in 1963 it was 40-7 and last year it was 23-0 in a rainstorm.

Texas looked powerful but ragged in walloping Tulane 31-0 last week. But observers said it was just a typical situation—Texas always starts out that way. They also think Texas is just as good as it was last season when it had a 9-1 record and whipped national champion Alabama in the Orange Bowl.

So Texas Tech's hopes might be blasted in the very first conference game—one of the earliest in the country.

In the season openers last week Baylor upset Auburn 14-8, Southern Methodist also pulled an upset—it beat Miami 7-3—and those two unexpected victories gave the league a standout showing in intersectional strife.

Arkansas whipped Oklahoma State 8-14 and Rice shut out Louisiana Tech 14-0 in other intersectional triumphs for the league.

Only Texas A&M and Texas Christian failed to hold the pace. The Aggies fell to Louisiana State 10-0 and TCU took a 34-14 licking from Nebraska.

There are six intersectional games Saturday, with Texas A&M meeting Georgia Tech at Atlanta, Arkansas hosting Tulsa, Baylor entertaining Washington, Texas Christian engaging Florida State at Fort Worth, Southern Methodist journeying to Urbana to tackle Illinois and Rice battling Louisiana State at Baton Rouge.

Full Grid Slate Set

Another full schedule of football games is on tap for Snyder area football fans this week as the Tigers return home to begin their season before partisan fans after two losses away from home. The District 3-AAA Tigers host Big Spring — a rugged AAAA team in an o'clock contest here Friday night.

Thursday, the Travis 8th and 9th grades host Goliad in 5 p.m. and 6:30 p.m. clashes respectively while the 8th grade Lamar team journeys to Sweetwater for a 7:30 p.m. test. The "B" team hosts Big Spring at 8 p.m. Saturday.

Area schedules find Borden County at home against Garden City, and Mertzon at Hobbs in 8 p.m. tilts Friday. Ira has an open date while Hermleigh must travel to Meadow for a Friday night game.

Dapper Don Has Arrived

DALLAS (AP) — He wasn't spectacular about it and sometimes his passing was quite mediocre but Don Meredith appeared Sunday to have survived the test—to have thrown aside the fan-made challenge of rookie Jerry Rhome.

There had been much said about it. Many expressed the opinion that the former Tulsa passing great should be starting quarterback for the Dallas Cowboys and that Meredith, a five-year veteran, should take a back seat.

But Coach Tom Landry defied public sentiment and the wails of the grandstand quarterbacks with the statement that his only concern was to win games and he figured Meredith had the experience necessary to do it.

Meredith got booed by part of the crowd of 59,366 in the Cotton Bowl yesterday when he was introduced as starting quarterback against the New York Giants in the first National Football League game of the season for both teams.

At the finish, however, they were cheering the courageous Meredith, whose passing set up a field goal and three touchdowns and brought another touchdown with a 45-yard throw to Bob Hayes as Dallas beat New York 31-2.

True the defense did most of the work since it not only provided most of the opportunities to score and held New York without a touchdown or field goal. But somebody had to take advantage of the opportunities and Meredith certainly did that.

The crowd was the biggest for a league game in Dallas pro football history and it saw the Cowboys finally beat New York in the Cotton Bowl, another milestone.

ASHE SCORES DOUBLE TRIUMPH AT FT. WORTH

By MIKE COCHRAN
Associated Press Sports Writer

FORT WORTH, Tex. (AP) — A prominent tennis professional watched collegian Arthur Ashe score a double triumph in the Colonial National Invitation Sunday and observed:

"I think the guy has definitely arrived. He's sure not a flash in the pan."

Bernard (Tut) Bartzen, once one of America's leading Davis Cuppers noted also that "anybody who could go through this tournament without losing a set is pretty tough."

Ashe, 22-year-old UCLA student, showed the host professional and hundreds of other spectators an awesome display of power as he first won the singles crown and then joined Ham Richardson to capture the doubles title.

His singles triumph came over Fred Stolle of Australia, the world's second ranked player, in straight sets, 6-3, 6-4.

He and Richardson, 10 years his elder, subdued Australians Stolle and Roy Emerson in a glittering doubles duel that consumed most of the hot, windy afternoon.

The Americans dropped the first set 6-3, then surged back repeatedly from the verge of defeat to take the final two sets 14-12, 6-4.

The twin triumph by Ashe was the first time in the four year history of the Colonial Tournament that one person figured in both championships.

He joined some select company as singles title — previous winners, in order, have been Emerson, Chuck McKinley and Rafael Osuna. All three were back again this year but none survived the quarter-finals.

Ashe never dropped a set as he moved past Donald Dell of Bethesda, Md., Richardson, Frank Froehling of Miami and Stolle.

He suffered only one bad moment in the singles final, dropping service in the first game. But he responded by breaking Stolle's delivery in the second game and held the upper hand from that point.

Stolle admitted he didn't play well but he had this to say about his youthful Negro opponent:

"He's improved a lot — he's a bloody good tennis player."

Sul Ross Nips 'Hounds

By The Associated Press

The favorite was beaten the first time out and Sul Ross took the lead with its second straight victory last week in the Lone Star Conference football race.

Sam Houston State, picked to win the title and then go on to the national small college crown, was rudely awakened by upstart Angelo State, which beat the Bearkats 19-12.

Sul Ross edged Eastern New Mexico 28-25.

Southwest Texas made its start with a 31-0 triumph over Texas Lutheran, East Texas nosed out Abilene Christian 21-20, Howard Payne beat Tarleton State 6-0 and McMurry tied Trinity 12-12.

Stephen F. Austin and Texas A&I join the march this week, Austin starting the season against Angelo State at Nacogdoches and A&I meeting Arlington State at Arlington.

JEERS TURN TO CHEERS

Blanda Passes For Three Oiler TD's

By ROBERT HEARD
Associated Press Writer

HOUSTON, Tex. (AP) — Timeworn quarterback George Blanda, feeling the pressure of the three touchdown passes thrown last week by understudy Don Trull, decided Sunday he'd keep his first-string status by throwing three touchdown passes of his own.

For icing he kicked four extra points and a 45-yard field goal, thus accounting for 25 of Houston's points in a 31-10 American Football League victory over Boston.

A crowd of 32,445 booed as the 37-year-old Blanda was announced as starting quarterback. An even larger crowd booed him last week when he had a bad day against the New York Jets.

The fans wanted to see second-year man Trull, who had blossomed in the exhibition games and against the Jets.

But Blanda had them eating out of his hand before he was finished. And they cheered as he trotted off the field after the fourth-quarter field goal. He completed 16 of 30 passes for 298 yards.

How did he accept Sunday's success? Like the old pro that he is.

After the Jet game he said he didn't care about the booing, he simply was glad the Oilers had won.

After the victory over Boston he said: "I don't have any comment on it (his great day). All I care about is the club's winning."

Split end Charlie Frazier caught six of Blanda's passes for 182 yards and two touchdowns.

Tight end Willie Frazier, who caught Trull's three touchdown passes against the Jets, pulled down four Sunday good for 84 yards and a touchdown.

The Oilers' 31 points were the most they've ever scored against Boston. But defense played a big role, too. Boston's 10 points matched their lowest production ever against Houston.

A defensive stickout for Houston was rookie linebacker Bobby Maples from Baylor. A 6-foot-4 238-pounder, Maples had alternated with Danny Braham in previous games, but really caught fire after Braham left the game in the second quarter with a pulled back muscle.

"Bobby's reaction and pursuit were tremendous," said John Breen, director of player personnel for the Oilers.

"This was really Maples' first game as a pro," said linebacker coach Walt Schlinkman, "and he was fantastic. He read his keys very well."

The Patriots opened a field moistened by showers with helping the Oilers foil their famed defensive blitz.

EXTRA KICK PICK OFF—Billy Joe Patton, 43, of Morgantown, N.C., playing his 17th U.S. Amateur championship, gives a kick as he sinks putt for par on ninth green during second round of play at Tulsa (Okla.) Southern Hills Country Club. (AP Wirephoto)

SPORTS

DON'T LOOK NOW, BUT....

District 3-AAA 11's Hit Again

It's been another disastrous week for teams in District 3-AAA. The league came up with only one victory again this week as Levelland squeaked by Canyon, 17 to 16.

All other teams in the district came out on the short end. Sweetwater's 6-0 triumph over Breckenridge the previous week has been the only other victory for the district in 15 outings.

On the surface, it appears District 3-AAA is below par this season. It's true that graduation losses have been heavy in many of the camps. But the current record is not surprising in view of the caliber of the opposition. Any district that fields teams against such perennial powers and AAAA competition as Borger, Denver City, Andrews, Winters, Abilene and Big Spring is bound to lose several games.

The prospect for next Friday appears little if any better than the previous two Fridays. Big Spring invades Snyder, Lamesa is at Seminole and Andrews journeys to Brownfield. District teams in these tilts are underdogs. Chances of winning the other contests are only slightly better: Mineral Wells at Lake View, Hereford at Littlefield, Denver City at Levelland. Only Sweetwater is favored. The Ponies host Coleman.

DISTRICT 3-AAA

Team	W	L	Pts.	Opp.
Sweetwater	1	1	18	35
Levelland	1	1	30	37
Snyder	0	2	21	37
Lamesa	0	2	0	33
Littlefield	0	2	0	43
Brownfield	0	2	7	59
Lake View	0	3	22	72
TOTALS	2	15	98	316

LAST WEEK'S RESULTS — Stamford 14, Snyder 9; Andrews 7, Lamesa 0; Abilene 35, Sweetwater 12; Hobbs 27, Brownfield 0; Levelland 17, Canyon 16; Plainview 12, Littlefield 0; Mason 16, Lake View 14.

THIS WEEK'S SCHEDULE — Big Spring at Snyder; Lamesa at Seminole; Coleman at Sweetwater; Mineral Wells at Lake View; Hereford at Littlefield; Denver City at Levelland; Andrews at Brownfield.

Arnold Has New Hopes

DALLAS (AP) — Arnold Palmer says he has adopted a new approach to golf in an effort to return to his winning ways.

He has other folks taking care of some of his many business interests and he's going to be sure he's all rested up before he plays in a tournament.

"I have hired two men to take some of the details off my hands," he explained.

Palmer's fellow golfers and many fans have blamed off-course activities for robbing him of his winning ways.

Too much time on golf club manufacturing, book promotions, clothes endorsements and a half dozen other non-related businesses were cited as reasons Palmer hasn't won a tournament since May 2 at Las Vegas and not even one the 11 months before that.

In fact, the former great winner of golf has taken only three first places since 1963.

"I haven't actually divested myself of anything," said Palmer Thursday after he paired with Sam Shead to beat Ben Hogan and Byron Nelson 5 and 3 in an exhibition match played for charity.

"And there's only so much activity I can cut down if I want to keep everything going. But I've taken a new attitude — a new rule — the week I play in a tournament, that's the week I won't be doing anything else."

He explained that he had been scheduling something on Mondays and Tuesdays — personal appearances, exhibition matches — and when he got to the course on Wednesday "I was already tired. I wasn't alert and sharp."

Palmer said he agreed with Gary Player, the man from South Africa who has been taking the big ones of late, that the biggest flaw in his game had been a lack of concentration.

"The secret is to be rested," said Palmer, "and if I can't go into a tournament rested from now on, well then I won't play in it."

Kittens Claw Big Spring 'B', 18-12

BIG SPRING — The Snyder B Team overcame a severe case of "fumbleitus" and then capitalized on the same disease by their opponents to defeat the Big Spring B Team 18-12 here Saturday night. The charges of Coaches Bill Hartsfield and Roy Carter turned what looked to be a cinch tie into a victory in the final 11 seconds when quarterback Mickey Almond took it over on a keeper from about 10 yards out.

Big Spring took the lead on the opening kickoff, which was run back for a score, and the Yearlings remained in front until midway into the final period when the Snyder Kittens tied it up. Meanwhile the Snyder team mounted a number of good drives which were generally ended with a fumble.

The host team built its lead to 12-0 after about 4 minutes of the second quarter after gaining possession of the ball deep in Snyder territory on a fumble. The Yearlings ran a series of running plays which took them in for the score and then led 12-0.

The Tiger "Bees" scored their first touchdown by marching almost the length of the field following Big Spring's second score. The drive began on about the 15 yard line in the Snyder end of the field and took about 5 and a half minutes. Most of the yardage was picked up by Ronnie Shields, Dwight Davis and Mario Tavarez. Almond took it over from the one-foot line and the Tiger B team was on the scoreboard.

Snyder took the second-half kickoff and quickly moved into Big Spring territory before fumbling the ball away on the Yearling 47. Minutes later Snyder had another opportunity again began to move. Getting the ball on their own 28 on a punt the Kittens quickly moved about 40 yards. The two big plays were a pass from Almond to O. L. Cooper and a bootleg run by Almond. However, again the younger Tigers lost the ball on a fumble, this time on the Big Spring 32.

Snyder's last two touchdowns came as a result of Big Spring fumbles. The second TD for the Kittens came with 6:07 left in the game when Tavarez bowled his way over from about 8 yards out. He was hit by half the opponents, but was not to be denied. The try for the points was unsuccessful, and the score was tied 12-all.

Snyder mounted another drive late in the contest but had to give up the ball on downs on the Big Spring 18 with under two minutes left. It looked like it would end in a tie until David Wilson recovered a Yearling fumble on the Big Spring 20 with one minute and 4 seconds remaining.

The Tiger "Bees" moved to about the 10 on a pass from Almond to Cooper and moments later Almond kept on a bootleg pass play and went over for the winning score.

A whole host of boys starred for Snyder. Coach Hartsfield said that he was proud of the hustle on the part of the entire team, and that with the exception of the fumbles Snyder looked real good on both offense and defense.

The next outing for the Snyder B team will be in Snyder Saturday night against the powerful San Angelo Junior Varsity.

S'land Loop Breaks Even

By The Associated Press

The Southland Conference played break-even last week in opening its football campaign.

Arkansas State beat Tennessee Tech 12-7 and Lamar Tech edged East Central Oklahoma 15-14.

Abilene Christian lost to East Texas State 21-20 and Arlington State took a 27-10 lacing from New Mexico State.

So, Trinity played a 12-12 tie with McMurry to furnish the even break for the week.

Lamar Tech tries New Mexico State at Las Cruces Saturday night to offer a comparison between Lamar Tech and Arlington State when the championship race opens.

Abilene Christian will be playing Howard Payne, Arlington State will roll against Texas A&I, Trinity meets Southwest Texas State and Arkansas State plays Florence State.

Stevens Eclipses Rhome's Record

By PAT THOMPSON
Associated Press Sports Writer

EL PASO, Tex. (AP) — Texas Western's sophomore quarterback Billy Stevens, who passed for 500 yards Saturday night eclipsing a record set by Jerry Rhome in 1964, said he played harder because of the birth of his week-old son.

Stevens passed for three touchdowns, 21 completions and 500 yards in Texas Western's 61-15 rout of North Texas State in the season football opener for both teams. It was the first college varsity game of his career.

Rhome, formerly with Tulsa and now in the professional ranks, passed for 488 yards against Oklahoma State last year for the top NCAA passing mark. A small college quarterback, Charles McCoy of Simpson, passed for 520 yards Nov. 11, 1926.

Stevens, a 6-foot-3, 190-pounder and his wife, Pam, became parents a week before the game.

"It gave me one more reason to win," the Galveston, Tex., sophomore said. "It makes me play harder."

The 20-year-old Stevens, when told by The Associated Press Sunday that he had surpassed Rhome's record, said he hadn't known it at the game.

"I'm quite proud then," he said. "I was just trying to get the ball over the goal."

The Miners did too in racking up their first victory since the 1963 season. The Miners tied two games last year but did not win. They haven't had a winning season since 1957.

Coach Bobby Dobbs, brother of Tulsa Coach Glenn Dobbs who coached Rhome, said the Miners really needed to win.

"They needed to learn what the taste of victory was like," the former Canadian professional coach said.

"We're on the right road now," Stevens said. "We have 100 per cent spirit and nine games to play, one at a time."

He gave credit for his performance to his line, an enthusiastic crowd in the Sun Bowl, his receivers and to Dobbs.

In all, three Texas Western quarterbacks threw for 634 yards against North Texas State, which Texas Western officials contend is another national standard.

Flankerback Chuck Hughes caught 10 passes for 349 yards and three touchdowns. Receiver Bob Wallace caught two touchdown passes.

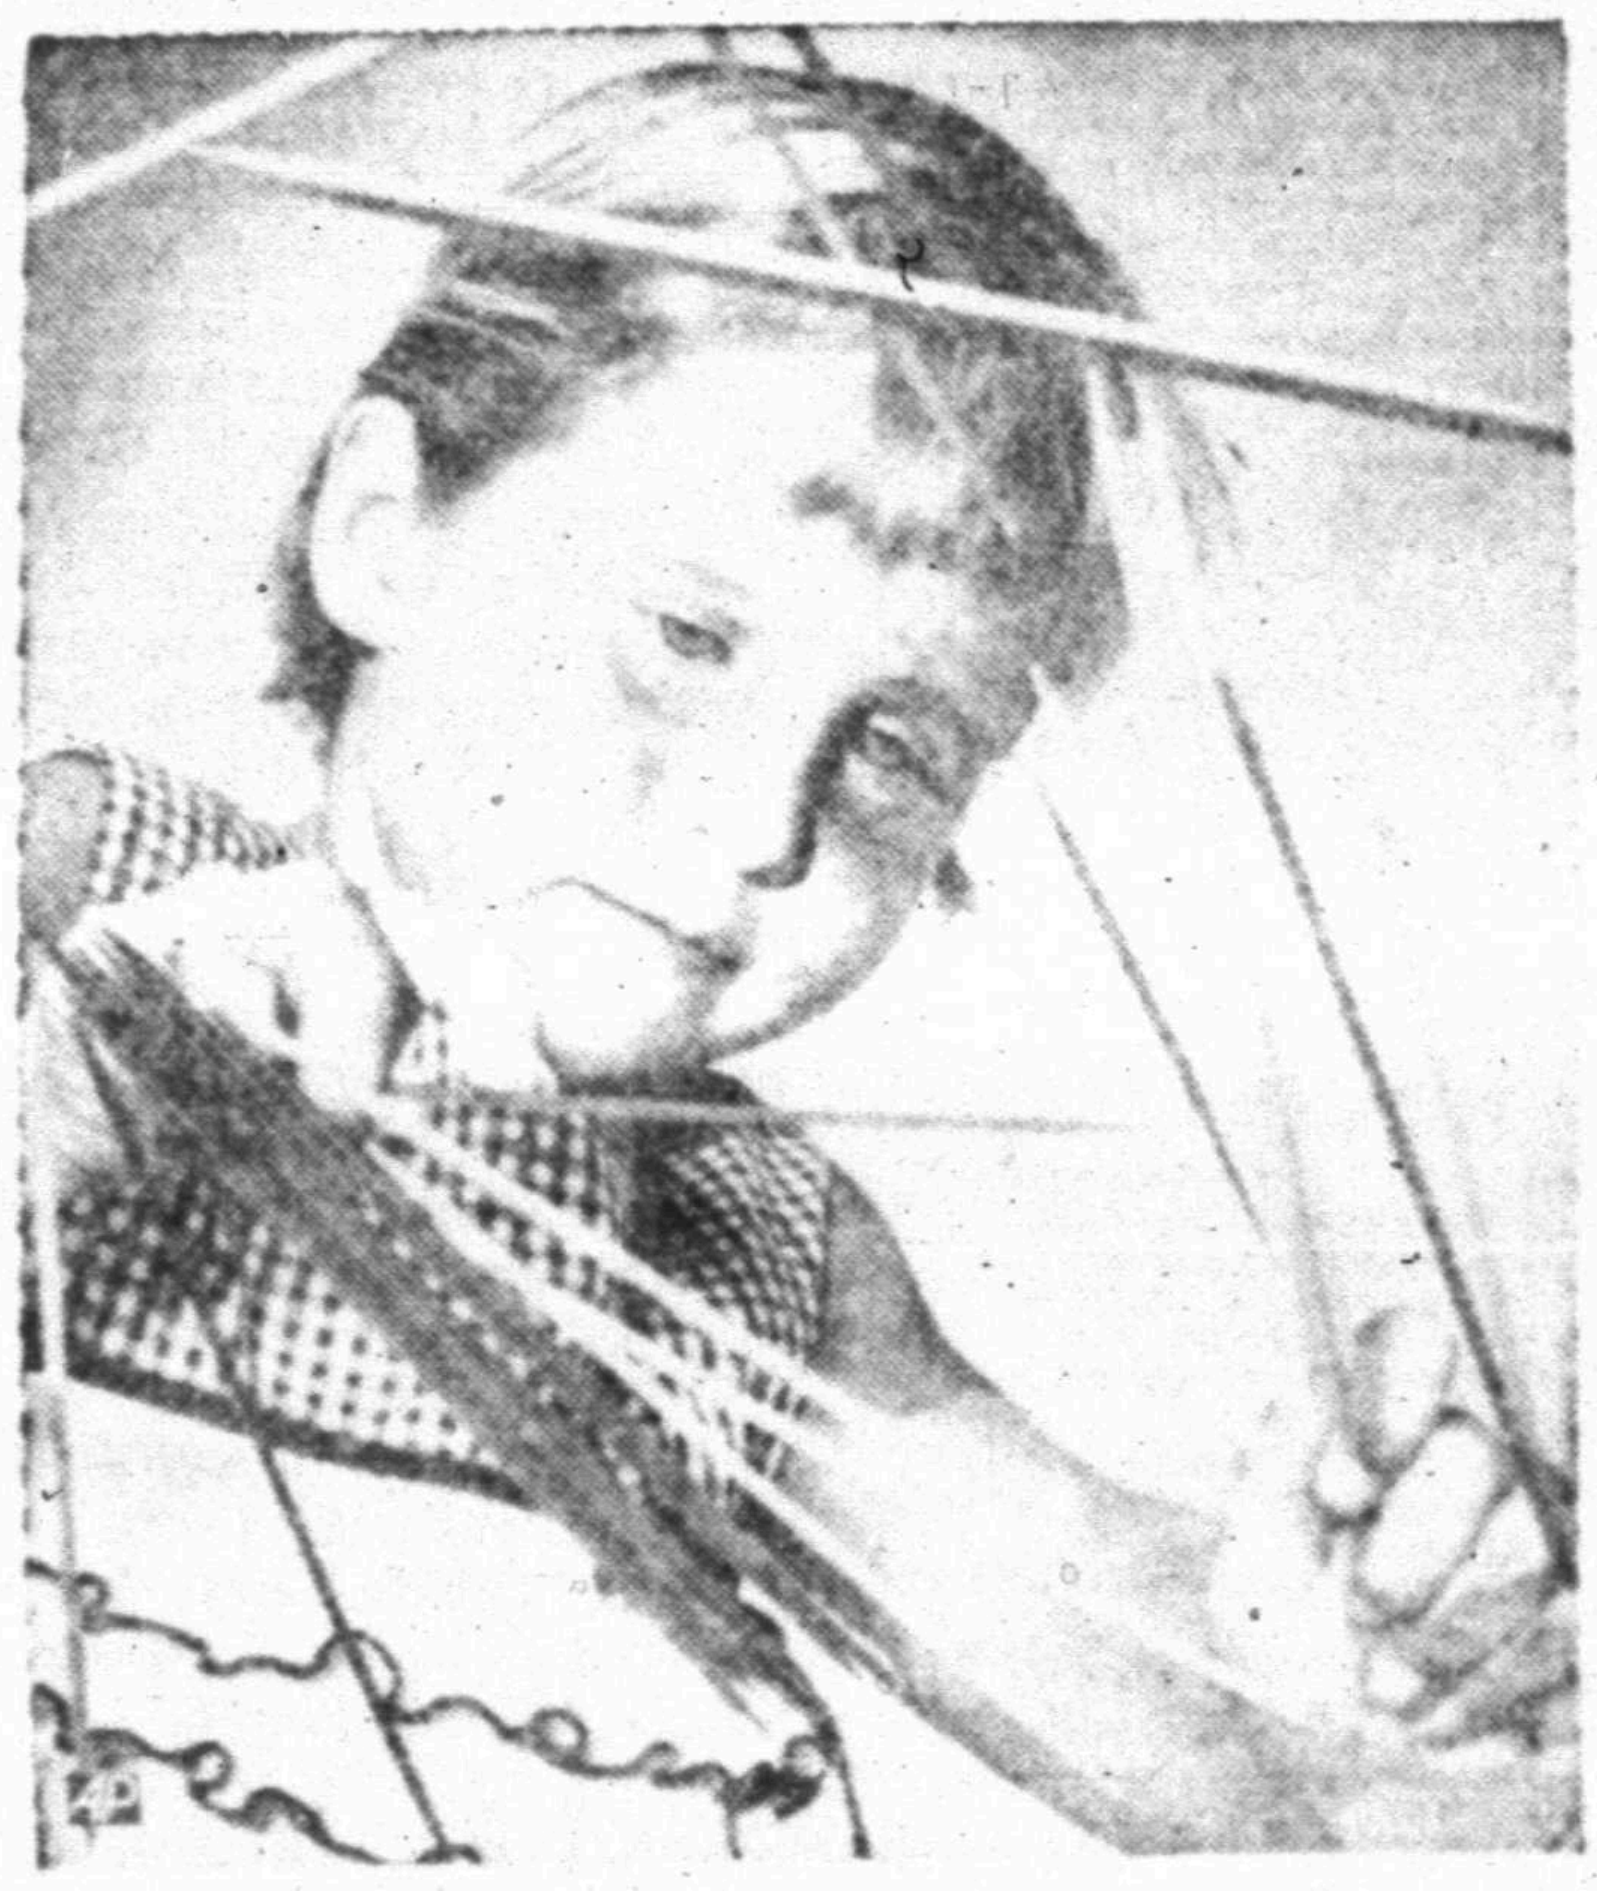
SYMBOL FROM HIGH — New house of worship for United Synagogues in West Hartford, Conn., shows Star of David design. A six-pointed star surmounts main structure.

POWER IN ALL SIZES — Navy head coach Bill Elias runs a size check on two footballers during Annapolis workout. Center Harry Dittmann is 6 feet, 6 inches and weighs 247 while fullback Danny Wong is a foot shorter and tips scales at 192 pounds.

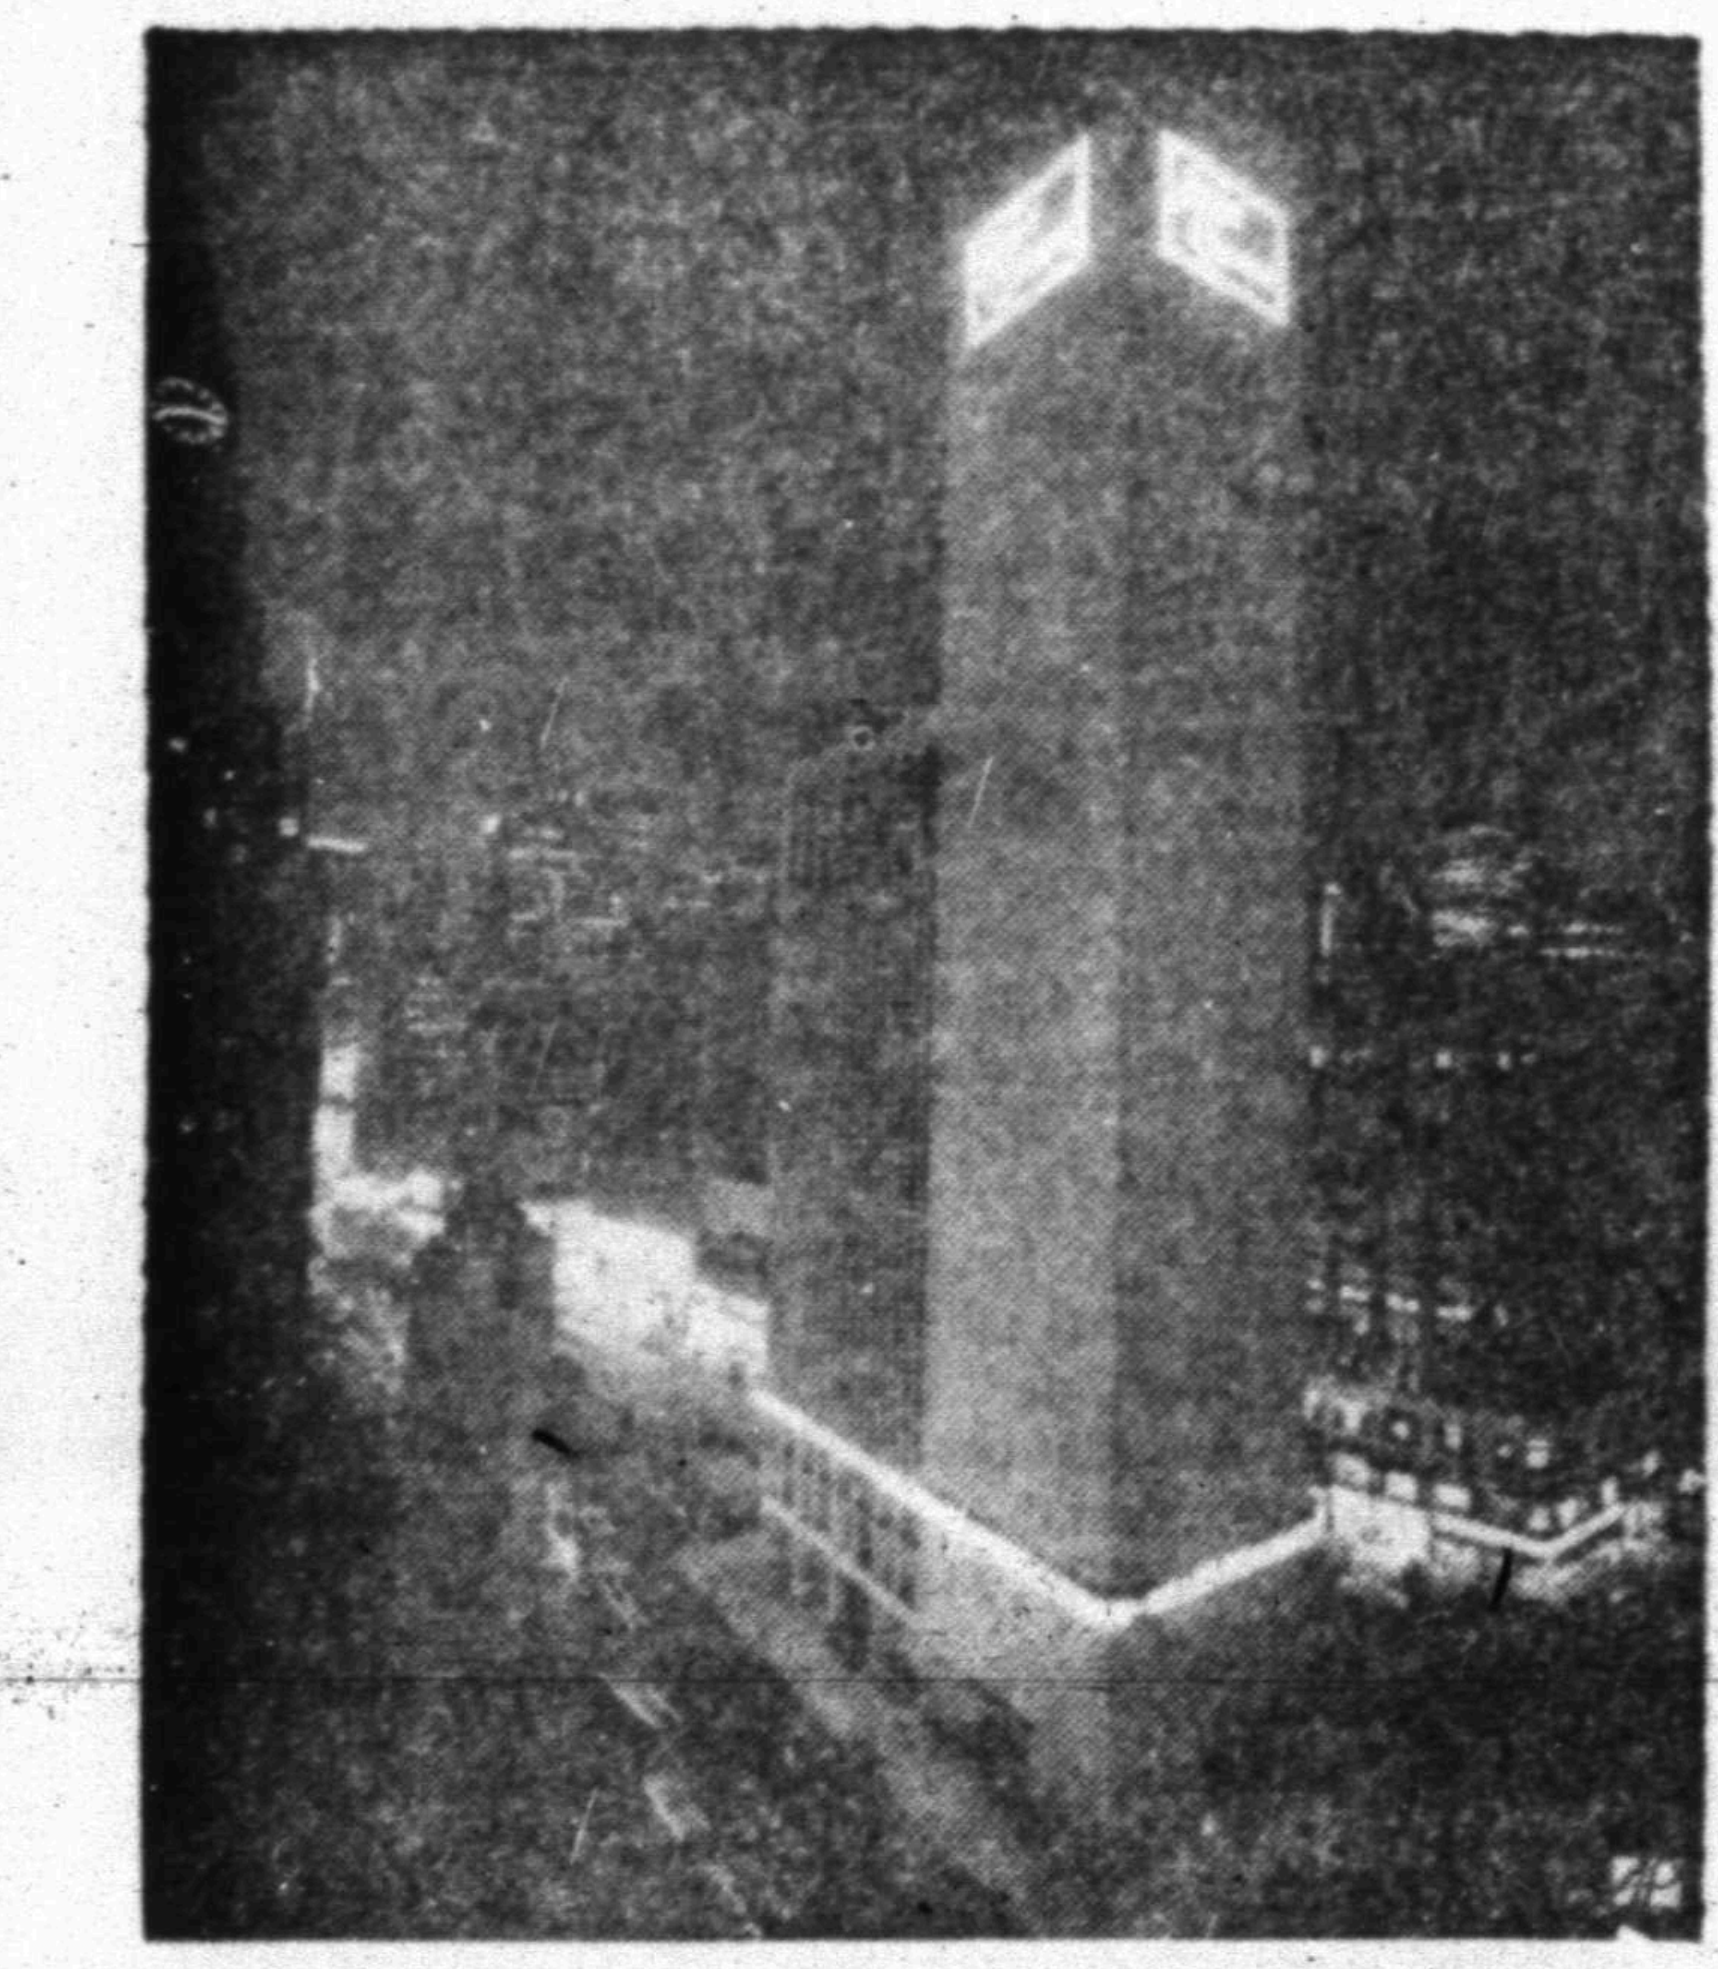
STAR STYLE — Walt Kilgo of Waco wears a Texas-style hat as he warms up pitcher before Little League game at Williamsport, Pa. He changed hat for cap when game started.



CAMERA TRICK — It appears Heather DeCicco is playing a game of floating pick up sticks but illusion was created by making picture from underneath glass table.

NOTES WITH BITES — Baritone Nolan Van Way studies operatic scores while eating after rehearsals in Indianapolis. Van Way, a member of the new Metropolitan Opera National Company, is working on three operas he is to appear in on the national tour.

NEW DISCOVERY — Dean Brockmann of the cathedral in Paderborn, Germany, points to new excavation believed to be the six-step throne of Emperor Charlemagne.



ADDED LIGHT — Broadway's brighter now with the addition of the lighting of the new white marble and glass Allied Chemical Tower, the tallest in Times Square.

SOMETHING NEW — It's taking your turn time as one elephant waits while the other pachyderm splashes around in pool of their new enclosure in zoo near London, England.

WRONG FIT — When San Diego firefighters invited the Mrs. America finalists to try on some helmets, this is what happened to Mrs. Alison Van Gulick of Clifton, N.J.

SHOW STOPPER — Eyes were raised at Johannesburg showing of South African fashions when model wore this "wedding dress"—nothing more than a bikini and veil.

ONE FOR THE BOOK — Sir Alec Guinness poses for his co-star, Italian actress Gina Lollobrigida, during break in the shooting of "Hotel Paradiso." Both are wearing costumes for film being made at the Theatre du Palais-Royal in the French capital.

RISING STAR — Attractive young Francoise Dorleac cuddles up with her Chihuahua on Holy Island off the Northumberland coast of England where she's filming a [illegible]

THE DAWN PATROL — Black smoke from a napalm bomb curls around the rising sun as an U.S. Air Force F100 jet pulls out of a bombing run near [illegible] in South Viet Nam.

Wall Street Feels Effect Of The Little Man's Buying

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — Heavy trading volume captures the attention of Wall Street as much as does the climb in stock prices. Is the little fellow coming back into the market?

Seven million share days and six million share days have come along frequently so far this month. Mostly they accompany a spurt in prices. The public traditionally is attracted to the market when prices are soaring. It's the pro who knows how to make money when prices are sliding.

Also, the biggest price advances of late usually have been made by those favorites of the little fellow, the growth stocks, rather than the more staid blue chip investment issues.

The latter, too, have made some striking gains. The Dow-Jones index of 30 industrial stocks has risen 39 points in the last four weeks — from 889.92 Friday, Aug 20 to 928.99 last Friday. This is a rise of 4.3 per cent. Many growth industry stocks have risen much more than that.

Wall Street has a good crop of ideas as to why the little fellow might be back buying. As usual, it also hands out a list of reasons why traders should be cautious just now and look before they speculate.

One reason that the exuberant-minded may have been bidding up prices is that the larger war in Viet Nam should mean fatter orders for many American producers of goods and services the military will be needing.

Another spur to the market is that many companies have been reporting much larger profits than expected. This might have been more of a surprise to small investors than to the professionals.

Some trace the heavy trading volume to the general feeling of confidence that has built up since Labor Day because the traditional summer slump in industry didn't come along this year.

Brokers also point out that the public is better heeled this fall than ever. Personal income totals now run at a record $531.6 billion annual clip. More people are employed and many pay scales are higher. This means that more persons have more money they can invest after paying for the essentials of living.

Rising trading volume also increases the flow of the words of caution.

Brokers point out the uncertainties, especially as to what Red China might do. War threats don't stimulate production of civilian goods and services as they do military hardware.

The world's monetary problems are coming to the fore as financial leaders of the non-Communist world meet in Washington later this month. The U.S. balance of payments deficit has been licked, for the moment. But many feel this can't last because the current favorable showing is based on voluntary restraint by American business and banks in making investments and loans abroad while the basic problem of the big outflow of dollars hasn't really been solved.

The British pound has been bolstered once more by the other big financial powers, except France. But here again, this may prove to be a temporary reprieve. Britain's basic trade and economic problems are yet to be solved.

The long business upswing in the United States looks as healthy as ever. But in Wall Street they point out that traditionally economic weaknesses are visible, especially to the public, only after the economy has started to turn down.

These words of caution are mostly drowned out just now by the clamor of heavy trading in a market where more stocks have been advancing in price than declining.

Ex-Convict Held On Rape Charge

HOUSTON, Tex. (AP) — A 27-year-old ex-convict found himself behind bars a day after his release from prison—this time on a charge of raping a 12-year-old girl.

Richard Suarez Zepeda was captured Sunday by the girl's 53-year-old mother, who armed herself with a butcher knife when she returned home with two older daughters and found a front window screen cut.

The mother told police Zepeda approached her and her 19-year-old daughter when they left their house early Sunday morning to pick up a 15-year-old daughter who works at a drive-in restaurant.

He asked her for a ride, the mother said. She carried him a few blocks, let him out and drove on to the restaurant.

When she got back she found him in an upstairs bathroom with her nude 12-year-old daughter, she said.

He ran downstairs but he and the two older daughters cornered him and held him prisoner until police arrived, she said. The older girls armed themselves with a waffle iron and a coffee pot.

The mother said he pleaded with her: "Lady, please go ahead and kill me." She told police she replied: "You're not fit to kill."

The youngest daughter signed a statement describing the attack, officers said.

Zepeda was released Saturday from the state penitentiary at Huntsville, where he served two years of a six-year sentence for robbery by assault in Harris County.

Five Killed In Crash At Lampasas

LAMPASAS, Tex. (AP) — A mother, her two sons and two other persons died early Sunday in the collision of two cars in this central Texas town northwest of Austin.

The five victims were all Lampasas residents and in the same car. The lone occupant of the second car was injured critically.

The dead were identified as Mrs. Leora Ivey, 50, and her two sons, Jerry Glenn Ivey, 16, and Jimmy Wayne Ivey, 21; Mrs. Carolyn Jenette Stephens, 17; and Sammy Bagley, 18.

In critical condition at a Temple hospital is Roy Weeks, 18, also of Lampasas.

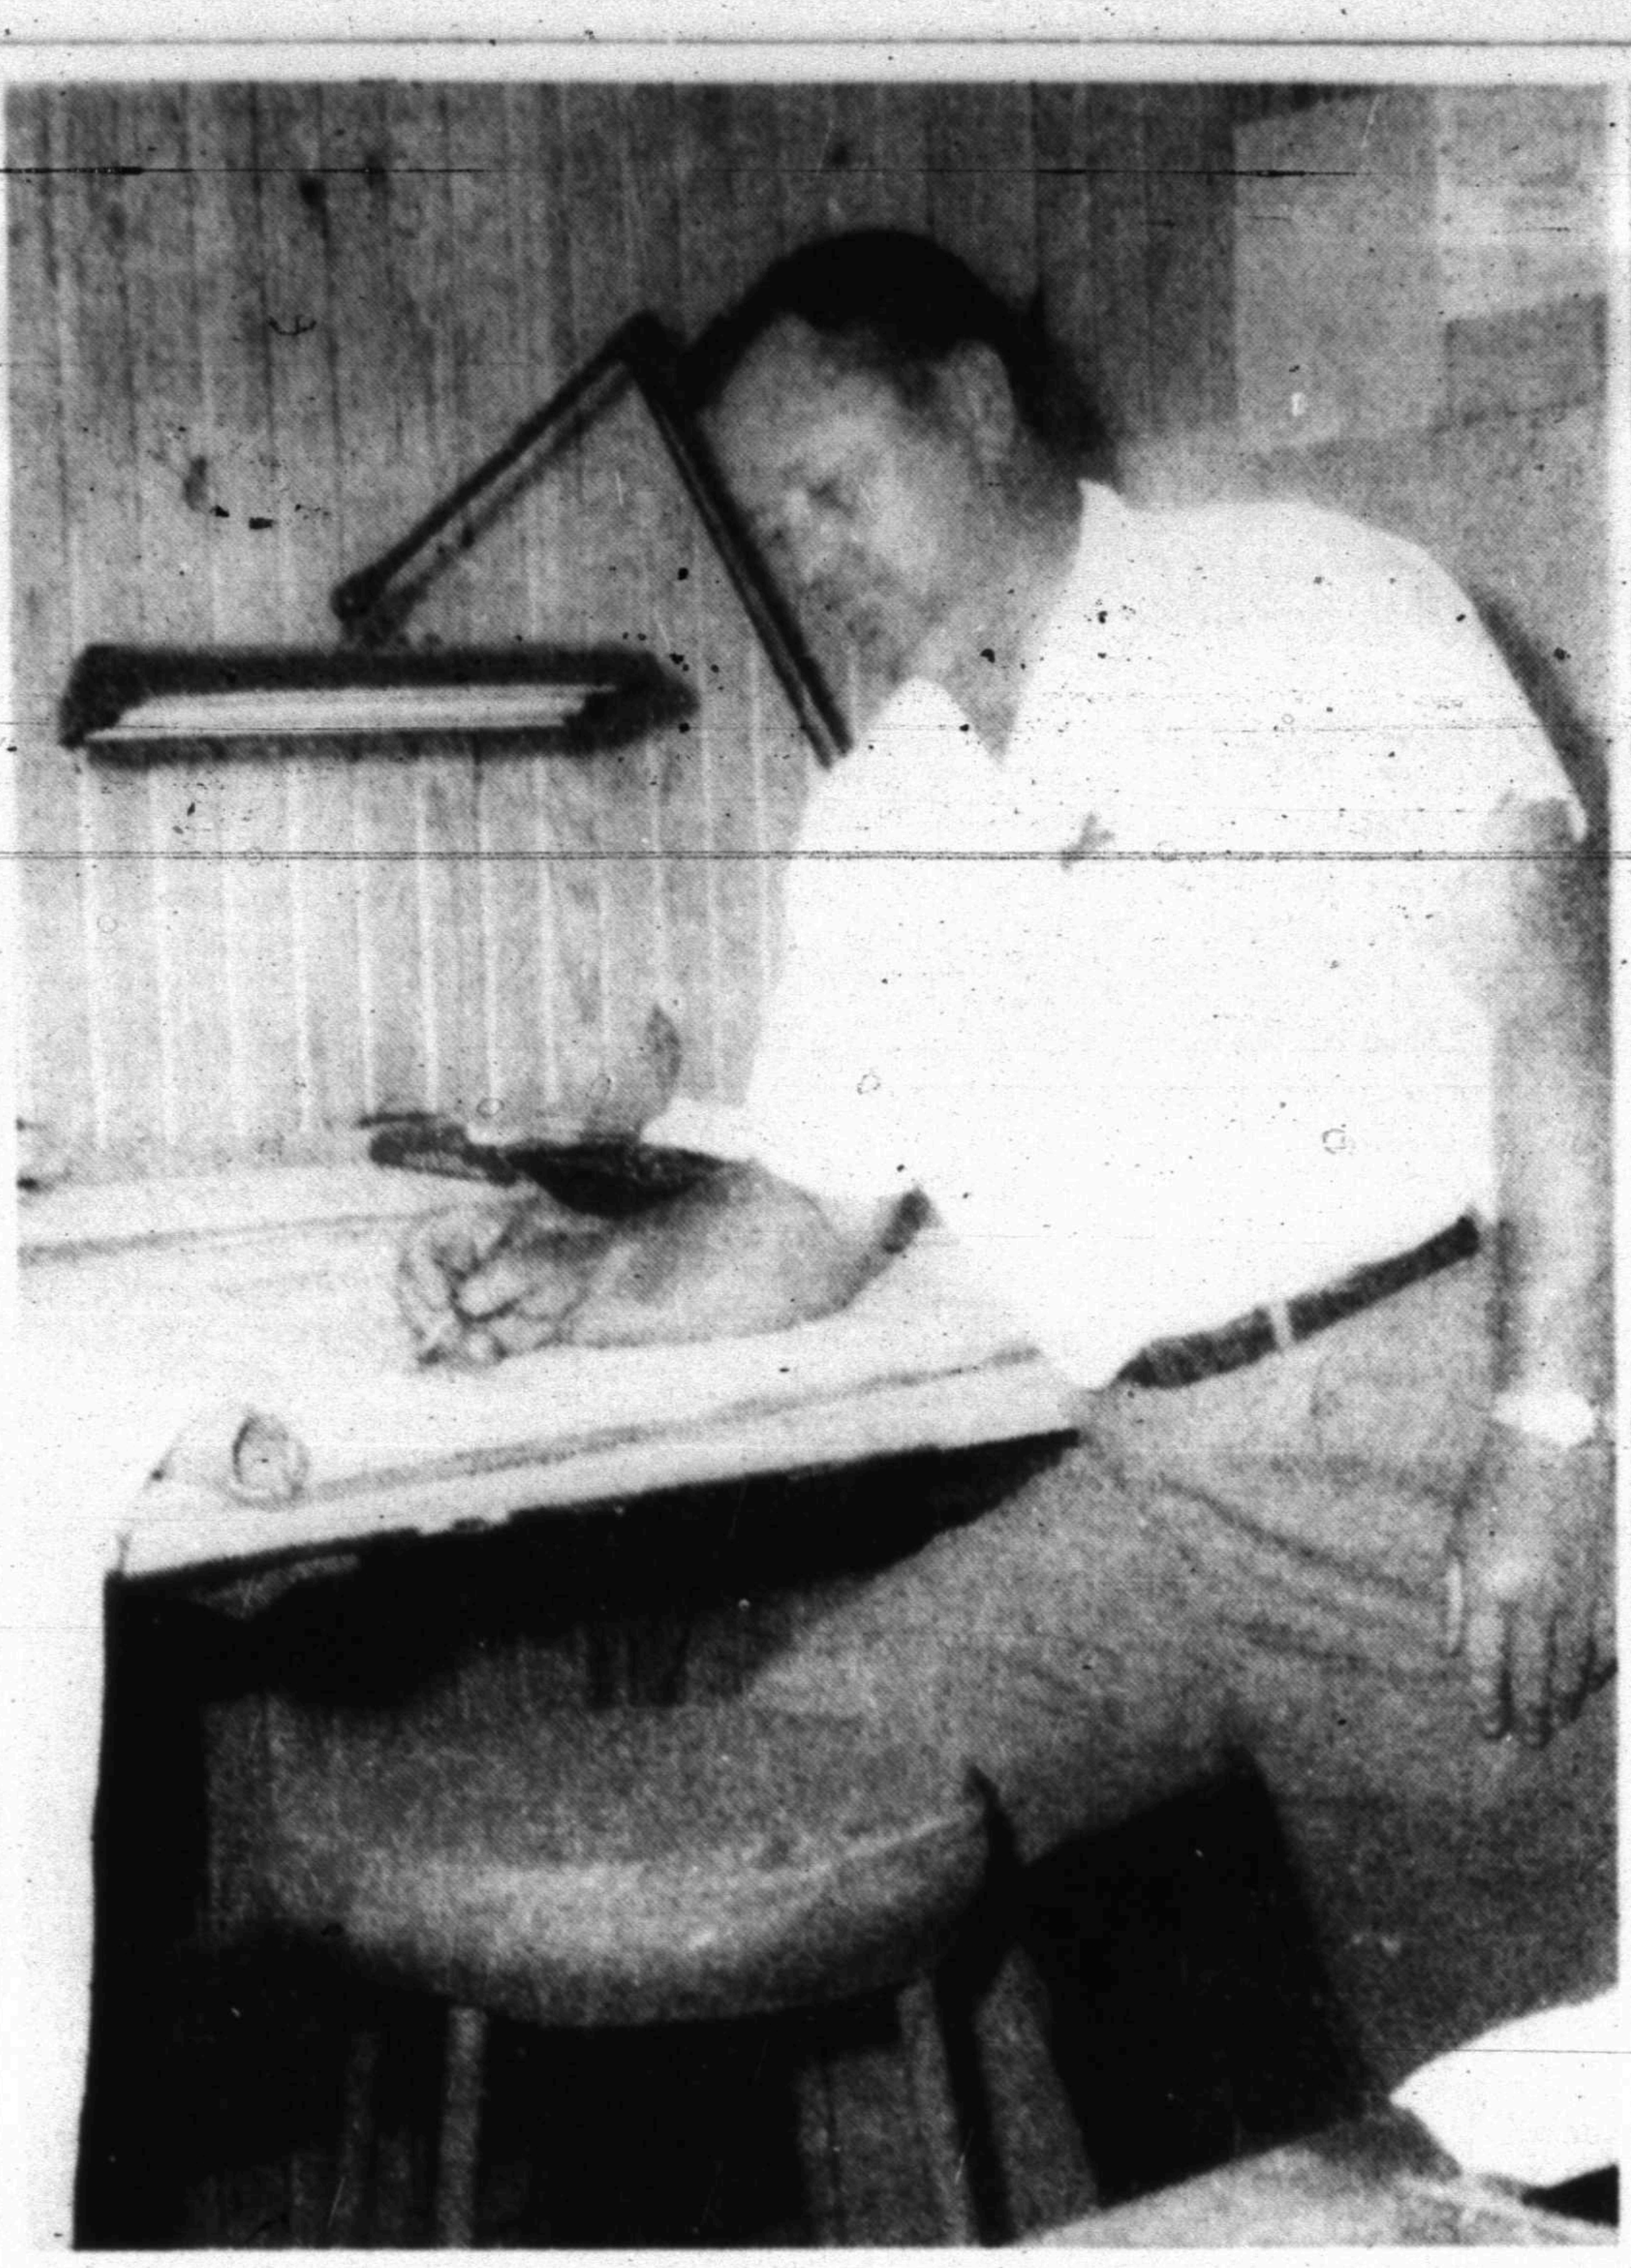
BUSINESS and INDUSTRIAL NEWS



CONTROLS INDOOR CLIMATE—V. O. Rannefeld, owner of Snyder Heating and Air Conditioning Co., located on the Big Spring Highway, works on plans for heating and air conditioning for a building. The local firm specializes in Lennox systems, a product which has proved itself efficient and dependable over a long period of years.

Local Firm Has Served As Lennox Outlet Since 1949

Snyder Heating and Air Conditioning, 4702 Big Spring Highway, has been providing area residents with Lennox air conditioning and heating equipment since 1949. The Lennox Co. always has been the biggest producer of heating units and has made substantial gains in air conditioning production during the past few years.

Organized by A. B. Rogers in 1948, the local firm was sold April 1, 1951 to V. O. Rannefeld when the first owner returned to his native Missouri. Rannefeld has operated the business since then. In 1957, he moved the office and shop from its former location at 2007 Twenty-sixth Street to its present location.

The workshop is housed in a 40-foot by 100-foot building, and the office measures 20 x 30. The facilities include a modern sheet metal shop and service department with all the necessary tools.

Rannefeld has ample facilities for the design, engineering and sale of all types of central air conditioning and heating systems. The firm makes and installs ducts and furnishes and installs units.

Although a good portion of the business is sub-contract work on new housing additions, much of the work also involves repair and service work. The firm has both evaporative and refrigerative air conditioning.

"We can provide the heating or air conditioning that best fits your house or budget," said Rannefeld.

There are four employes of the firm: Mrs. Pauline Scrivner, office manager; Ronald Bearden, shop foreman; Bob White, service foreman; and, James McClintock, sheet metal worker.

The owner is a native of Roscoe, where he graduated from high school in 1940. His wife, the former Hazel Loving, is from Sweetwater. They have three children: Jimmy 17, Kay 16, and Terry 13. The family resides at 3717 Sunset and attends services at Grace Lutheran Church.

Rannefeld is a World War II veteran of the U.S. Air Force. He graduated from Texas Tech in 1949 with a degree in engineering. The Snyder businessman said he is sold on Lennox equipment "because it is adaptable, trouble-free and easy to install."

Faculty To Integrate

DALLAS (AP) — Dallas Public School Supt. W. T. White announced Sunday that the school system faculty will be racially integrated next fall.

White, in making the announcement at a meeting of 6,500 teachers and staff members, said he rejected the concept that "only a white teacher can teach white children and only a Negro teacher can teach Negro children." He said it was a "natural outcome" of federally forced integration policies.

The superintendent said teachers would have some choice in the integration process.

Fifty-three of the 126 Dallas elementary schools have integrated classes and token integration started in the 12th grade this fall.

Doctors, Florist Develop Machine To Aid The Heart

GALVESTON (AP)—Two doctors and a florist have built a lightweight, portable machine which they believe may be of great use in diagnosing heart interruptions and starting the heart beating again. It also might prove useful in treating drowning victims.

The florist, Howard Knapp, became involved because his wife is a nurse and knows the doctors, and he dabbles in electronics and radio.

The machine was developed by Dr. Joe Walker, assistant professor in anesthesiology at the University of Texas medical branch here, and Dr. Val Hutchinson of San Antonio, a resident in anesthesiology.

Similar machines are available but they are much heavier. The machine developed here weighs 25 pounds.

While he was a student at the medical branch, said Hutchinson, "I realized there was a need for a small, completely portable, battery-operated electrocardiograph with a defibrillator and I knew it was possible."

An electrocardiograph machine tells doctors how a heart is functioning. A defibrillator is used when the heart is only quivering and is not doing any work; it uses electrical impulses to start the organ to pumping blood again.

Hutchinson said time is a critical factor in heart stoppages and said it has been necessary to collect equipment, some of it weighing 100 pounds, from several areas in the hospital.

The unit also contains all the drugs used to stimulate the heart into going to work again, and equipment to start breathing by artifical means. It can go into operation in 30 seconds.

The group was granted $750 for research and development from the Medical Research Foundation of Texas.

The doctors and others predict that the unit, which they call the Texas Cardiac Resuscitator, will be used widely by police, ambulances and wherever drownings are an unusual threat.

WCTOGA Barbecue Is Scheduled Thursday

West Central Texas Oil and Gas Association's annual barbecue will be held Thursday at Lone Cedar Country Club on Lake Leon.

For those wishing to play golf, [illegible] with the club for its use of its 9-hole course and tee off time will be from 9 a.m. on. Green fee is $2. There will be transportation for those flying to Eastland airport.

The board of directors of WCTOGA will meet at 2 p.m. at the club house, and the remaining festivities will get underway at 4 p.m. The evening meal will be served at 6 p.m. Tickets are available at the association office, 201 First National - Ely Building, Abilene, until 2 p.m. Thursday. After that, tickets will be sold to members at the gate.

Lady Still Sharpshooter At Age 81

By ROBERT SHOEMAKER
Harlan Daily Enterprise

HARLAN, Ky. (AP) — Molly Creech Rice waits impatiently for this time of year so she can hike alone in her native southeastern Kentucky mountains and "bag me a few squirrels."

Molly or Jack, as her family always called her, is wiry and leathery-faced, with sparkling eyes that belie her 81 years.

"I used to win some hard shooting contests from men," she recalls, "and I guess I still could although my eyes aren't as good as they used to be."

The second oldest child in her family, Molly found farm work took her time in childhood with little chance to play dolls or house.

"I plowed many a furrow then and still do," she said, pointing proudly to her one-acre garden of beans, corn and potatoes at her home in nearby Cumberland.

Molly tagged after her father and cousins on nighttime raccoon hunts through the mountains when she was a child. More than once she fell asleep near a campfire while the men sat listening for their dogs.

"When I was 10, I remember daddy got a new Winchester lever gun and I wanted nothing more in this world than to fire that gun," she said.

"It wasn't long before I finally did and I started hunting, lots of times snitching the gun and leaving early in the morning only to get a whipping when I got home."

She and her husband, Ballard Rice, live in a stone house high on a hillside overlooking Cumberland.

Mrs. Rice's grandfather was a surveyor in Harlan, Bell and Knox counties. He came from North Carolina with his Cherokee Indian bride.

"Grandfather always said he stole grandmother from her family on the reservation and married her," she said.

She and her husband have a house and a speedboat on Cherokee Lake in Tennessee.

"I still haven't tried water skiing but I'm willing to pull anyone who wants to go," she laughed. "But I still find hunting to be my greatest love.

"You know, I think later this fall I'll go out and shoot me a deer before I get too old."

Copter Is Modified

FORT WORTH, Tex. (AP) — The Army's UH-1B helicopter, the workhorse of the Viet Nam conflict, has been modified to fly twice as fast and carry twice the weight of ammunition, Textron's Bell Helicopter Co. announced here.

The modified aircraft, designated the Bell Model 209 Hueycobra, has a streamlined fuselage configuration but uses the transmission, rotor system and engine of the UH-1B, company officials said Sunday.

Bell President E. J. Ducayet said the modified craft was developed after Bell personnel and Army officials detected the need.

The Hueycobra, he said, will reach the objective area in half the time, deliver twice the weight of ammunition, operate in the area three times as long and better protect the crew than the UH-1B.

The ancient city of Carthage was founded by the Phoenicians before 800 B.C., near what is today the city of Tunis.
