## Extension Assured Midland Tex-Harvey

Another important extension has been assured for the Tex-Harvey field of Central-East Midland County and of Central-West Glasscock County.

J. H. Floyd and A. N. Hendrickson No. 1-34 Kendrick-Gentry, approximately one mile south and east of the nearest completed Spraberry oil wells on the southeast side of the field, and in Central-East Midland County flowed 335 barrels of oil and no water in 20 hours through a 26/64th-inch tubing choke.

That petroleum came from open hole between the bottom of the 7-inch casing cemented at 6,945 feet and the total depth at 7,161 feet.

That zone had been hydrofractured. Operators are now preparing to take potential test and complete.

Location is at the center of the northeast quarter of the southeast quarter of section 24, block 37, T&P survey, T-3-S. That makes it 19 miles southeast of the City of Midland.

## Ellenburger Wildcat Staked in SW Borden

Fourteen miles south of Gall and in Southwest Borden County, Gulf Oil Corporation is to drill a 10,000-foot Ellenburger wildcat.

The firm staked the location 660 feet from west and north lines of the northeast quarter of section 13, block 32, T-3-N, T&P survey.

That puts it two and one-half miles northeast of the Vealmoor field.

Operations are to start immediately on No. 1 J. L. Higginbotham.

## Deep Prospector Slated For Martin

Drilling is to be started at once on a wildcat in Southeast Martin County which may go to 12,000 feet to explore the Ellenburger.

The prospector will be Standard Oil & Gas Company No. 1 Mulvey. Location is at the center of the southwest quarter of the southeast quarter of section 20, block 35, T&P survey, T-1-S.

That makes it approximately three miles southeast of the town of Stanton. Lee Drilling Company has the rotary contract.

While this venture is projected to the Ellenburger, there is a possibility that if it should develop production in the Spraberry above 7,500 feet that it might stop and complete in that horizon.

## Pennsylvanian DST Set in Dawson Area

James H. Snowden No. 1-32 Dean, wildcat in Northeast-Central Dawson County which was to take a drillstem test from 8,292 to 8,590 feet in the Pennsylvanian, was deepened to contracted depth of 8,700 feet without taking the test.

Operator will drillstem test the full section from 8,392, which was called as the Pennsylvanian top, to the present total depth of 8,700 feet.

No shows were reported in the drilling samples to that depth. If no petroleum is developed on the expected test, the No. 1-32 Dean will be plugged back to the Spraberry where some shows were found on two drillstem tests.

Casing will be run and the Spraberry tested through perforations in an attempt to develop commercial production.

Location is 660 feet from south and east lines of section 32, block 1, J. P. Tevartant survey.

## Midland Explorer Is To Continue To Test

James H. Snowden and associates No. 1-58 McClintic, indicated Spraberry producer about midway between the Tex-Harvey and Germania fields of Midland County, recovered between five and seven barrels of oil per hour on the swab after open hole was re-hydrofractured from 7,239 to 7,256 feet.

After several hours of swabbing at the above rate, the well settled down to about one and one-half barrels of oil per hour. It showed no water.

After being shut in for 20 hours, tubing pressure built up to 325 pounds, and 6,000 feet of fluid rose in the hole.

The project is shut in to move rig off. After it is off, operator will continue testing to try to complete the expected producer.

Location of No. 1-58 McClintic (Continued On Page 10)

## Allies Grind Out Gains In Bitter Combat

TOKYO—(AP)—Chinese Communists died fighting in their mountain foxholes Monday. They resisted to the bitter end a wary but seemingly relentless Allied advance to within 10 miles of Seoul in Western Korea.

Associated Press Correspondent Jim Becker reported 130 Reds were killed on one hill alone. Only eight were captured.

Air strikes and artillery raked the enemy positions, but UN infantrymen finally had to scramble up the frozen hillsides and blast out the Reds with grenades and rifle fire.

The U. S. Eighth Army reported advances up to three miles along the 40-mile western front.

In the area north of Suwon, 38 P-51 fighter-bombers dumped 8,000 gallons of fiery napalm (jelled gasoline) in the heaviest Mustang mass attack of the war. Red troops and buildings were hit. Early estimates were that 100 Reds were killed and 240 buildings destroyed or damaged.

**30 Miles Of Fire**  
Maj. Thomas D. Robertson, of St. Paul, Minn., who led the attack, said:

"There was over 30 miles of fire burning when we left."

About four hours before describing the bitter hillside battle, Becker filed a dispatch reporting an Allied advance of one mile, to a point eight miles north of Suwon.

Becker said intelligence officers estimated that the entire 50th Chinese Communist Army and three North Korean divisions now were near the combat area, holding strong positions.

At full strength these forces would total about 60,000 men, but losses are believed to have cut them considerably.

"This is a delaying action with about one Chinese company to every hill," one American regimental commander said of the foxhole fight. "We just have to dig them out."

(Continued On Page 10)

## F. A. Bird Funeral Services Held Here

Funeral services for Freeman A. (Free) Bird, 57, Midland ranchman, were held at 3:30 p.m. Sunday in the First Baptist Church, with the Rev. Vernon Yearby, pastor, officiating. Interment followed in Fairview Cemetery.

Bird, who resided at 1100 West Kentucky Street here, died early Saturday in a Midland hospital following a lengthy illness.

He was born March 13, 1893, at Dickens, Texas, and moved to Midland from Clayton, N. M., in 1928.

He operated a large ranch about 30 miles north of Midland in Andrews and Martin Counties, and also had extensive ranch holdings in Upton and Dickens Counties. He had been in the cattle business practically all his life.

Survivors Listed  
He was a director of Midland Fair, Inc., and belonged to the Midland Rotary Club.

Survivors include the widow and a son, Charles, of Midland; the father, C. D. Bird of Matador; four brothers, Carl and Gus of Matador, Cliff of Spur, and Glenn of Weatherford, and a sister, Mrs. John C. Moore of Bethesda, Md.

Funeral services were held at 3:30 p.m. Sunday in the First Baptist Church, with the Rev. Vernon Yearby, pastor, officiating. Interment followed in Fairview Cemetery.

Funeral services were held at 3:30 p.m. Sunday in the First Baptist Church, with the Rev. Vernon Yearby, pastor, officiating. Interment followed in Fairview Cemetery.

## South Siders Will Meet Again Monday

South Side citizens, at a meeting to be held in the IOOF Hall at 7:30 p.m. Monday, are expected to name three candidates for vacancies on the City Council in the April 3 election.

Col. J. B. Wright will preside at the meeting.

South Side residents and property owners at a meeting last week aired various grievances, including sewage and water problems.

The 75 citizens attending the meeting agreed the South Side has enough population to warrant having a representative on the City Council.

A larger turnout for Monday night's meeting is expected, sponsors said.

The meeting was set for Monday night to enable citizens to organize a "pay your poll tax" campaign for the final two days of the month.

Wednesday is the deadline for payment of poll taxes and claiming exemptions.

(NEA Telephone)

**PRAYS THEY'LL WORK**—Price Controller Michael DiSalle, left, seems to be assuming an attitude of prayer as he and Wage Stabilizer Cyrus Ching talk with reporters in Washington about the general wage-price freeze. The two men have been doing a lot of explaining about future moves to thaw the freeze.

## Generous Odessans Offer Midland Air Terminal To USAF

City officials expressed astonishment Monday that the Midland Municipal Air Terminal—owned and operated solely by the City of Midland—is being offered to the United States government—by the people of Odessa.

That reaction came on the heels of reports Sunday that an Odessa committee is on its way to Washington to confer with Air Force authorities.

## March Of Dimes Deadline Nears

March of Dimes contributions continued to pour into campaign headquarters here Monday as the Wednesday night deadline approached. The drive, however, still is several thousand dollars short of its \$12,500 quota.

Leaders Monday called upon citizens who have not contributed to the fund, which is used to fight polio, to do so before Wednesday. They said no further soliciting will be done. Persons are asked to mail their gifts to the March of Dimes, Midland, Texas.

The state quota is \$2,500,000 and officials said Monday in Austin, "Texans are providing a substantial front in the current Texas March of Dimes."

## Poll Tax Payers Jam Office As Deadline Nears

Midland County residents began jamming the county tax collector's office Monday as the deadline Wednesday night neared for the payment of poll taxes.

County Tax Assessor-Collector J. M. Speed said payments of the 1950 poll tax had climbed past the 3,000-mark by mid-morning.

The 1950 poll tax must be paid if a citizen is to be able to vote in any elections during 1951.

As the final three days began, the Junior Chamber of Commerce, which has been conducting its own poll tax campaign, set up a booth in the lobby of Hotel Scharbauer for the payment of tax.

## V. C. Maley Will Not Seek Re-election To Board Of Education

Vaughn C. Maley, Midland geologist, said Monday he will not be a candidate for re-election to a third term as a member of the Board of Education of the Midland Independent School District in the April 7 election.

He will complete his second three-year term in April. During his six years as a trustee, he served two years as president of the board and one year as vice president. Expansion and more expansion to meet the school needs of an ever-growing Midland constantly has faced the Board of Education since Maley became a trustee.

"I have enjoyed serving on the board and working with the other trustees during the last six years," Maley said in announcing he will not seek re-election.

The term of Mrs. W. H. Gilmore as a trustee also will expire in April.

## Pleven Arrives For Talks

WASHINGTON—(AP)—French Premier Rene Pleven arrived Monday for cold war strategy talks, and President Truman told him he hopes to prove the United States is the "real friend" of France.

The President greeted the visiting French leader at Union Station a few hours before they were to begin conferences on world problems.

Pleven came here reportedly seeking assurances from the President that the United States will retaliate immediately with the atomic bomb in the event Russian armies invade France.

Truman, Secretary of State Acheson, Defense Secretary Marshall and most of the cabinet were on hand to meet Pleven on the dark, rainy morning.

**Exchange Greetings**  
The 49-year-old French leader shook hands warmly with the President and said:

"I am looking forward to the conversations with you which begin today. I shall always remember what the United States did for France during the last war."

"I also remember that during the last two centuries our countries have always been friends, and, I am sure, always will be."

Truman replied: "I am pleased to welcome you. I hope you will have a pleasant and profitable visit. We are all friends of France here in the United States. We hope to impress upon you during your stay we are the real friends of France."

Truman arranged to entertain Pleven at lunch at the Blair House and to start their formal talks at the White House later in the afternoon.

Pleven was accompanied here by French Ambassador Henri Bonnet, Gen. Alphonse Juin, who is to be the next French Army chief of staff; Herve Alphanet, French representative on the North Atlantic Pact Council, and Alexandre Parodi, secretary general of the French Foreign Office.

## Big Spring Murder Victim Identified As Pennsylvania Man

BIG SPRING—(AP)—A Pennsylvania man whose body was found in a gravel pit west of here Saturday evidently was killed elsewhere and then tossed into the pit, Sheriff Jake Bruton said Monday.

Bruton said the man was identified as Harry Newton Richards, 23, of Altoona, Pa. He said identification was on the basis of fingerprints taken in El Paso, where Richards was released by police a few days ago.

## Western Europeans In U. S. Army Urged

WASHINGTON—(AP)—Enlistment of 1,000,000 Western Europeans in the United States Army was proposed Monday by Senator Edwin C. Johnson (D-Colo.).

"This foreign legion should remove all military demands for drafting our 18-year-old boys," Johnson told a reporter. "It also would solve some of our domestic manpower shortages and international difficulties."

Used during World War II as a base for training army reserves for 15 days of training this Summer.

At the same time the Royal Air Force will recall 10,000 officers and men from its own reserve.

Atlee said this information at the start of a statement to the House of Commons outlining Britain's plans for rearmament against Red aggression.

Atlee said the total strength of this nation's armed forces will be 800,000 men by April 1. This compares with 682,000 in April, 1950.

Atlee said the expanded defense program will cost 4,700,000,000 pounds, or \$13,180,000,000, over the next three years. This compares with a government estimate last September of 3,600,000,000 pounds, or \$10,080,000,000, for the same period.

## Sleet, Snow Front Moves South, West

By The Associated Press  
A heavy coat of ice was forming over vast areas of Texas Monday, and sub-freezing temperatures were forecast for the Rio Grande Valley.

The Weather Bureau reported at mid-morning that highways were slick from the Red River Valley south to San Antonio, and from Texarkana west to Abilene.

Sleet and freezing rain continued and were expected to creep over virtually all of Texas like a modern glacier.

Chilling low temperatures were forecast Monday night for the vegetable and citrus growing areas in the Rio Grande Valley. The Weather Bureau said valley minimums predicted included: Eagle Pass, 22; Rio Grande City, 25; Laredo and Mission 26, and Brownsville 32.

Intermittent freezing rain and some sleet were forecast in the Victoria area. The temperature hit a low of 29 degrees there at 9 a.m. Monday and was expected to fall to 20-24 in the early hours Tuesday.

The ice storm was going full-blast as far south as San Antonio and Cotulla by mid-morning. Coastal Houston also reported freezing rain. No Relief In Sight.

There was no relief in sight, the Weather Bureau said. A huge mass of cold air had settled over the state to stay at least another day.

There was a possibility the freezing precipitation might ease drought conditions, but weather officials said it was too early to be sure.

The forecast called for some moisture all over the state by Tuesday, together with even lower temperatures.

The low temperatures heaped additional expense on Houston area cattlemen, recently estimated to be spending \$12,000,000 per month for feed because of dry pastures.

County agricultural agents and cattlemen said the severe cold would call for more feed.

Millions of dollars more were at stake in the Rio Grande Valley. If cold should kill vegetables and fruits there, the loss would be enormous.

Ice-slick streets resulted in 51 (Continued On Page 10)

## Ice Closes Portion Of Only One Major Highway In State

AUSTIN—(AP)—The Highway Department at 11 a.m. Monday reported a portion of only one major highway closed by freezing rain and sleet.

The traffic shutdown, however, illustrated the extent of the ice sheath. It was clamped on a portion of U. S. Highway 83 in Real County, deep Southwest Texas, intersecting Farm Highway 357, connecting Camp Wood and Leakey, closed completely.

The ice sheath descended on a massive circle of the state.

The commission outlined these limits for the "hazardous area" directly affected by ice.

Paris, Van Alstyne, and Gainesville on the northern edge; from Gainesville southwest to Abilene and San Angelo, the western limit; from San Angelo southwest to Langtry, near the Mexican border, and south to Del Rio, Eagle Pass, Cotulla and George West; from George West, east to Gollad, Brenham, Navasota, Madisonville and Crockett; from Crockett, northeast to Marshall, Atlanta and back to Paris.

The utility companies reported no service difficulties traceable to the freezing weather, but a number of frozen water pipes in residential sections were reported to the City Water Department.

A spokesman for the water department said broken water pipes caused by the freeze will begin to be reported when the pipes begin to thaw.

The 10-degree temperature, one of the lowest readings of the winter, was recorded as late as 6:30 a.m. Monday by the CAA. The mercury had risen to 16 degrees at 11:30 a.m.

The low reading Sunday was 18 degrees.

**Weather**  
Occasional freezing rain or snow from Pecos Valley eastward Monday night or Tuesday. Lowest temperatures 0-10 in Panhandle and South Plains, 19-28 elsewhere Monday night. Maximum temperature Sunday 40 degrees; minimum Monday 10 degrees.

## ★ LATE NEWS FLASHES ★

WASHINGTON—(AP)—Selective Service Monday ordered an extra 30-day draft deferment for an estimated 30,000 college men who are members of mid-year graduating classes in order to enable them to get jobs in essential industries.

LAKE SUCCESS—(AP)—The Asian-Arab bloc Monday modified its Korean peace formula once more in an effort to head off United Nations approval of American demands for an indictment of Communist China as an aggressor.

WASHINGTON—(AP)—By a 31 to 18 vote, the House Appropriations Committee Monday junked the one-package system of handling federal appropriations.

WASHINGTON—(AP)—The United States Monday forbade diplomatic representative of Communist Hungary to travel beyond an 18-mile zone around the White House except by special permission.

WASHINGTON—(AP)—The House Armed Services Committee Monday virtually killed the idea of drafting any veterans now, but reached out for single men up to age 28, childless husbands 19 through 25 and thousands of 4-F's.

## 10-Degree Weather, Coldest Of Winter, Chills Midlanders

Temperatures dropped to 10 degrees in Midland early Monday as the cold wave which moved into the Permian Basin Sunday lingered and intensified, according to the CAA communications station at Midland Air Terminal.

The utility companies reported no service difficulties traceable to the freezing weather, but a number of frozen water pipes in residential sections were reported to the City Water Department.

A spokesman for the water department said broken water pipes caused by the freeze will begin to be reported when the pipes begin to thaw.

The 10-degree temperature, one of the lowest readings of the winter, was recorded as late as 6:30 a.m. Monday by the CAA. The mercury had risen to 16 degrees at 11:30 a.m.

The low reading Sunday was 18 degrees.

Thespian In Lois Andrews Is Coming Out Strong Now

By ERSKINE JOHNSON NEA Staff Correspondent HOLLYWOOD — Behind the screen: "Every studio thinks of me as a glamor doll, not an actress. I'm a girl they call when they need somebody for the honey-whatcha-doing stuff. Look, I'm one heckuva actress!" Lois Andrews talking, kiddies. She's fighting mad because Hollywood hasn't spotted the Thespian fire in her eye.

Lois plays the siren who tries to take MacDonald Carey away from Betty Grable in "Meet Me After the Show" — "I don't succeed, of course, because Grable's the star. Lois is also gunning for the role of Eva Tanguay in "I Don't Care." Says Lois: "I insist on testing for it. In thirtyscentury there hasn't been more of an I-don't-care girl than Lois Andrews."

Ava Gardner's opinion of Hollywood, as quoted in True Story Magazine: "I'm going to sell my house. I don't want to own anything any more. I'll work in Hollywood. Try to do a good job and make a living. But every moment I can, I'll go somewhere else — somewhere where the people are not ghosts."

Newlyweds, Four Other Persons Drown In River

BOSTON — (AP) — A bride and groom and four members of their bridal party drowned Sunday when their car hurtled off a dead-end ramp into the Mystic River.

Police said the driver of the bridal party missed the ramp to a new bridge and took an old ramp which led to an open draw where the vehicle dropped into 40 feet of water.

The dead all were of Woonsocket, R. I., where the marriage was celebrated Saturday in St. Louis Catholic Church. They were Henry Gauthier, 49, the bridegroom; his bride, the former Doris F. Cote, 32; Mrs. Paul Jacob, 51; Mrs. Jeanette Baillargeon, 41; Romeo J. LaCasse, 46; Francis C. Lariviere, 50.

The car apparently went off the edge of the old draw about 3 a.m., police said, since a watch worn by one of the party stopped at 3:01.

The tragedy was not discovered until nearly four hours later when police spotted skid marks and broken headlight glass near the unused draw.

A diver found the car and sealed the doors to keep the bodies from being swept away by the currents. As the car was lifted aboard a Navy vessel a priest administered the last rites of the Catholic Church.

Teen-Aged Texan Stabs Fellow-Inmate Of Arizona Prison

FLORENCE, ARIZ. — (AP) — Ebert Gene Riddell, 20, of Waco, Texas, has been placed in solitary confinement at the Arizona State Prison for stabbing another inmate.

Riddell is serving a life sentence for the hitchhike slaying of Gustave A. Beauvais, Los Angeles and Boise, Idaho, photographer, last March 19.

His companion in the slaying, Charles Oplie, 17, also of Waco, received a 25-to-40 year term in the state prison.

John Higgins, a prison official, said Riddell Sunday stabbed a 22-year-old negro prisoner in the arm during an argument over cigarettes. Higgins said the knife used was made from scrap metal.

Rubinoff And His Violin To Be In Midland Wednesday

Although tickets for the Rubinoff concert have been selling at a rapid clip the last several days, sponsors announced Monday plenty of good seats still are available for the attraction, which is hailed as one of the musical highlights of the year in the Permian Basin Empire. Reserved seat tickets are on sale at Tailorline, Inc.

The appearance of Rubinoff and his violin here is sponsored by the Midland Lions Club as a benefit program.

One Performance The concert is scheduled at 8:15 p.m. Wednesday in the Midland High School Auditorium. Only one performance is scheduled.

Although tickets will be on sale at the door Wednesday night, sponsors urged citizens to obtain them in advance in order to save time and relieve congestion.

A capacity crowd of Midland and area residents is expected to hear the internationally-famous violinist.

CORPORATION APPROVED AUSTIN — Secretary of State John Ben Sheppard has approved the following new domestic corporation in Midland: Contractors Materials, Inc., 50 years. Manufacturing. Capital stock \$10,000. Incorporators, William D. Hays, William D. Hays, Jr., Hazel Fischer Hays.

The startfish usually has five points, but some may have as many as 40.

Elizabeth Taylor Tells It To Judge

LOS ANGELES — (AP) — Elizabeth Taylor had a date to tell it to the judge Monday.

The 18-year-old actress' divorce suit against Conrad (Nicky) Hilton, Jr., 23, was scheduled for superior court hearing. The brunette charmer was expected to outline her charges of extreme mental cruelty against the hotel scion.

They were wed May 6, 1950, and separated less than seven months later, last November 30.

The divorce hearing was slated for last Monday but was postponed to allow the actress to recover fully from a recent influenza attack.

Young Hilton, who is not contesting the action, was not expected to be in court.

Scouters Schedule President's Clinic

A president's clinic for the Buffalo Trail Council, Boy Scouts of America, will be held in the Scout headquarters office here February 2, Scout Executive P. V. Thorson announced Monday.

The clinic will be for all district chairmen, vice chairmen and public relations chairmen. A dinner at 7 p.m. will begin the session.

Also expected to attend the meeting are Dr. W. B. Hardy, president of the council; G. L. Klapproth, council chairman of public relations, and staff members.

Bermuda is not a part of the West Indies, but is an island in the Atlantic Ocean. It is a British possession.

So They Say

The odds (against UN forces in Korea) are heavy and almost incredible in some respects.

—Defense Secretary Marshall. Men usually start out by telling you not to put too much make-up on them. Then they start mentioning all the things they want corrected.

—Barbara Brigham, TV make-up expert. When your house is burning down, I am in favor of using any firemen you can get. That goes for Chiang Kai-Shek or for Tito.

—Rep. Kenneth B. Keating (R-N.Y.), urging use of Chinese Nationalist troops in Korea. By undertaking the Western build-up behind the Rhine instead of along the Elbe, the danger of provoking Russian attack would be minimized.

—James P. Warburg. Russia has stressed the relatively slight contribution made by other UN members so as to discourage American support of the UN effort in Korea.

—Ernest A. Gross, deputy U. S. delegate to UN. Dead Animals Removed FREE OF Charge—HORSES, CATTLE, HOGS—PHONE COLLECT 4577—Midwest Rendering Company MIDLAND, TEXAS

GULF PLANS EXPANSION OF PORT ARTHUR PLANT

PITTSBURGH, PA. — Gulf Oil Corporation has announced plans for additional equipment at its Port Arthur refinery for the production of 9,000,000 pounds per year of isooctyl alcohol, which is used extensively by the chemical industry in the manufacture of vinyl plastics.

The facilities are expected to be in operation by the end of 1951.

NEW, MIRACLE ELECTRONIC EAR HIDES DEAFNESS

CHICAGO, (Special)—An amazing new electronic ear which hides deafness and transmits eye whispers with startling clarity, has been revealed by a noted Chicago electronic scientist.

He disclosed that this miraculous new discovery has rendered old-style hearing aids obsolete almost overnight, and brings new hope to the 15 million persons in the United States who are hard of hearing.

He reported that this electronic ear enables the deaf to hear without any button showing in the ear and without dangling battery wires. To acquaint the hard of hearing readers of this paper with this new miracle electronic ear which hides deafness, full details are described in a fascinating booklet, "New Discoveries to Help the Deaf Hear."

It will be sent free in a plain wrapper to anyone who requests it. Address: Electronic Research Director, 1450 West 19th Street, #882B Belmont Building, Chicago 8, Ill. A penny postcard will do.—Adv.

Mrs. Flake H. Tompkins

## Frances Gibbins Weds F. Tompkins

Before a background arrangement of woodwardia trees and wild smilax, Frances Louise Gibbins Sunday became the bride of Flake H. Tompkins, Jr. The double ring ceremony was read at 4 p.m. in the First Presbyterian Church with the Rev. R. Matthew Lynn, pastor, officiating.

The bride is the daughter of Mr. and Mrs. J. P. Gibbins of Lubbock, and formerly of Midland. The bridegroom's parents are F. H. Tompkins, Sr., of Fort Worth, and Mrs. Ural Williams of Munday.

Mrs. Hugh Gilmore, organist, played a program of pre-nuptial music including "Pastorale," by Derge, "Ich Liebe Dich" by Greig, "Serenade" by Schubert, "Because" by D'Ardelet, and "The Bridal Chorus" from "Lohengrin" by Wagner. For the ceremony she played the "Wedding March" by Mendelssohn and "O Perfect Love" by Barnby.

The natural wood paneling of the sanctuary was garlanded in smilax for the ceremony and studded with maroon daisies. The central arrangement on the communion table was composed of white stock and maroon and centered with a gold cross. Four matching baskets of gladiolus, stock and maroon were placed in the sanctuary and the decoration was completed with the placement of five candelabra with white tapers.

**Smilax Decorates Church**  
The church was decorated with smilax. Pews were marked with corsages of white carnations, while the windows were studded with maroon daisies. White satin streamers set off the family pews and two baskets of stock, gladiolus and maroon were used in the church lobby.

The bride, given in marriage by her father, wore an original gown of white duchess satin, fashioned with a princess panel of imported alencon lace which was applied to form a deep yoke effect. Long sleeves tapered to a point at her hands. From her fitted bodice, her full skirt swept into a deep formal train.

Her tiered fingertip length veil of imported illusion fell from a French bonnet of matching alencon lace with a chain tie of satin cord. For the traditional something old and something borrowed she wore her mother's wedding ring sewed in her dress.

She carried a styled hand bouquet composed of white roses, lily of the valley and stephanotis with white cattleya orchid. Ivory ribbon streamers into which stephanotis and love knots were tied completed the bouquet.

**Attendants Listed**  
Mrs. Gene McDaniel, sister of the bride, was the matron of honor. Bridesmaids were Patricia Todd of Houston, Patsy Keffer of Odessa, Jacquie Price of Roswell, Mrs. George Livers of Dallas and Mrs. Charles LaVerre of North Hollywood, Calif., sister of the bridegroom.

The were identical gowns of emerald green velvet with fitted bodices and shoulder capes and full skirts with colonial bustle backs. Long mitts matched their dresses. Their French bonnets with velvet-

teen cord chin ties were similar to that of the bride.

The matron of honor carried a styled hand bouquet of white roses and stephanotis tied with emerald green ribbon. The bridesmaids' bouquets were similarly fashioned, of white carnations and illusion.

Glen Gibbins, cousin of the bride, was the best man. Al Taylor of Carlsbad, N. M., and Ralph Buttons of Austin lighted the candles and served as ushers. Other ushers were Gene McDaniel, Jack Ramsey of Abilene and Bill Cunningham of Sundown.

For her daughter's wedding, Mrs. Gibbins chose a rose mauve taffeta gown with matching hat and gloves. Her corsage was a lavender cattleya orchid.

Mrs. Tompkins wore a bronze taffeta dinner dress, also with matching hat and gloves, and a green cyperpedium orchid corsage.

**Reception in Country Club**  
Following the ceremony, a reception was held in the Midland Country Club. Approximately 500 guests attended. The couple was assisted in receiving by Mrs. Gibbins, Mrs. Tompkins, Sr. and the bridal party.

The reception table was adorned with smilax held in place by table corsages of white carnations. The table was centered with the wedding cake surrounded by stephanotis and flanked on either side by lighted white tapers. Baskets of white gladiolus, stock and maroon tied in white satin formed the background for the table. Matching baskets of the same flowers were placed on the ballroom stage and similar arrangements were used on the piano and in the entrance hall.

Members of the wedding party were Mr. and Mrs. L. F. Shiplet and Mr. and Mrs. Paul Morrison of Fort Worth, Mr. and Mrs. Roy Minear, Mr. and Mrs. R. T. German, Mr. and Mrs. Glen Mershon, Mr. and Mrs. Dayton Bliven, Mr. and Mrs. Bill Walter, Mr. and Mrs. Jay Wooten of Lubbock, Mr. and Mrs. Frank Shenty of Fort Worth, Mr. and Mrs. Bob Franklin, Mrs. Glen Gibbins, Mr. and Mrs. Harry Walker, Mr. and Mrs. M. M. Montgomery of Lubbock, Mr. and Mrs. J. P. Price of Roswell.

Mr. and Mrs. Hugh Johnston of Fort Worth, Mr. and Mrs. A. P. Knapp of Odessa, Mr. and Mrs. Philip Reeves of Ft. Sumner, N. M., Jack Cabanes and Mrs. Don Davis. **Wedding Trip to Fort Worth**  
For her wedding trip to Fort Worth, the bride wore a moss green wool suit with hat and gloves of winter white. Her accessories were of black. She wore a white orchid corsage tied in white satin.

Mrs. Tompkins is a graduate of Midland High School. She attended Ward-Belmont College in Nashville, Tenn., and Texas Technological College in Lubbock.

Tompkins was graduated from Paschal High School in Fort Worth and attended Oklahoma A&M College in Stillwater and Texas Technological College.

The couple will be at home after February 2 at 2114 10th Street in Lubbock.

Motto of Washington state is Al-Ki, meaning Bye and Bye.

## Course in Public Relations To Open Here Monday Night

The first section of the initial class of a 10-hour course in public relations for employes of Midland business firms will be held at 7 p.m. Monday in the Junior High School Cafeteria.

Sponsors explained the enrollment for the course was so heavy that it became necessary to split the class in two sections. The first section will meet on Monday and Wednesday nights and the second on Tuesday and Thursday nights. Class enrollment closed last Friday. Certificates will be awarded persons completing the 10-hour course.

Delbert Downing, Chamber of Commerce manager, is the instructor. The course is sponsored by the Midland public schools, Chamber of Commerce, and the Texas Education Agency, Vocational Division, Distributive Education Service.

## Congratulations To

Mr. and Mrs. Joe P. Ball, 2834 Roosevelt Street, on the birth Saturday of a son weighing seven pounds, three ounces.

Mr. and Mrs. Eddie Hawkins, 1017 Camp Street, on the birth Saturday of a son weighing six pounds, 13 ounces.

Mr. and Mrs. Gene Grant, 908 East Texas Street, on the birth Saturday of a daughter weighing seven pounds, four ounces.

Mr. and Mrs. J. H. Wolf of Stanton on the birth Sunday of a daughter, Donna Lou, weighing seven pounds, four ounces.

Mr. and Mrs. Herbert Mueller, 2809 West Roosevelt Street, on the birth Monday of a son weighing eight pounds, six ounces.

There are more than 18,700 motion picture theaters in the United States.

## Children Hear Five Stories

Mrs. Lamar Eschberger was in charge of the Children's Story Hour Saturday morning in the Children's Room of the Midland County Library.

Stories she told were "The White Bunny and His Magic Nose," "Diplax," "Tooka Shoo, the Cold Little Eskimo Boy," "Wilt," "The Great Big Noise," "Weir," "Patch Pants, the Tailor," "Christian, and "Golden Arrow," Martin.

Those attending were Ernest Fuller, Ernie Kieger, Jo Ben Hess, Larry McRichards, Judy Strouse and Wardina Strouse.

## Area Chiropractors Hold Midland Meet

Dr. Devere Eiser of Dallas, a member of the State Board of Chiropractic Examiners, addressed a gathering of more than 25 West Texas chiropractors at a meeting of the West Texas District of the Texas Chiropractic Society in Hotel Seharbauer here Sunday afternoon.

Chiropractors from Midland, San Angelo, Odessa, Big Spring, Colorado City, Lubbock and Brownwood attended the session, which was arranged by Dr. C. L. Brady of Midland.

Delbert Downing, manager of the Midland Chamber of Commerce, welcomed the group to Midland, and Dr. Robert Cleere of San Angelo presided.

## How To Relieve Bronchitis

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial membranes. Guaranteed to please you or money refunded. Creomulsion has stood the test of millions of users.

### Young Mother Is Killed By Gunshot

MALTIMORE (AP)—A 25-year-old mother was shot and killed in her waterfront apartment here Sunday night while two children in the next room listened to the television gunplay of Hopalong Cassidy.

The body of Mrs. Thelma Rios was found slumped in a bedroom armchair by her father, John Stamatellos, 68.

Five bullets from a .45 caliber pistol crashed into her body. But the sound of the shots was unheard in the next room by her 10-year-old brother and an 11-year-old playmate who sat in the next room transfixed by the noisy TV saga of the West.

Police were seeking Angel Luis Rios, identified as the woman's husband. Mrs. Rios' brother, Richard, told police Rios left his wife's bedroom with "a big gun in his hand" shortly before Stamatellos discovered the bullet-ridden body.

### Livestock

PORT WORTH (AP)—Cattle 1,500; calves 500; active, steady, some cows stronger. Good fed yearlings and steers 30.00-32.50; common and medium 24.00-30.00; fat cows 21.50-26.50; good and choice fat calves 30.00-33.00; common and medium 24.00-30.00; stocker calves 30.00-35.50; stocker cows 23.00-26.25; stocker yearlings 27.00-32.00.

Hogs 1,700; butcher hogs 25-75 higher; sows strong to 50 up; pigs steady; good and choice 190-280 lb butchers 20.75-21.50; good and choice 180-185 lb hogs 19.00-20.75; common and medium light hogs 13.00-17.00; sows 17.50-18.50.

Sheep 1,300; steady to strong; medium to choice lambs with No. 2 to Fall shorn pelts 30.00-31.50; good shorn yearlings 28.50; slaughter ewes 12.00-18.00; good woolled feeder lambs 35.50; Shorn feeder lambs 29.00-31.50.

Advertise or be forgotten.

ODDITORIUM VISITS MIDLAND—Robert Ripley's "Believe It Or Not" mobile Odditorium attracts overflow crowds in all cities where it exhibits, and the same condition exists in Midland where the unit opened a three-day stand Sunday. It will be here through Tuesday, at the corner of Wall and Loraine Streets. Admission to the exhibit is free to the public, although voluntary donations to support Disabled American Veterans activities are accepted. An amazing display of curiosities and oddities are on display. The exhibit is brought to Midland by the J. O. Rotan Chapter No. 48, DAV.

ADAMS IN HOSPITAL  
Harry Adams, 606 North Marlenfield Street, was admitted to Midland Memorial Hospital Sunday as a medical patient.

ADMITTED FOR TREATMENT  
James E. Skelton, 1502 South Terrell Street, was admitted to Midland Memorial Hospital Sunday as a medical patient.

ADMITTED FOR TREATMENT  
Mrs. John Spurgers, 1906 West Washington Street, was admitted to Midland Memorial Hospital as a medical patient.

### Traffic Holds Slim Edge In Texas' List Of Weekend Deaths

By The Associated Press

Traffic held a narrow edge on other forms of violence as Texas counted a weekend death toll of at least fifteen.

Five persons died in traffic accidents, three were shot, two died in falls, two were poisoned, one was suffocated, one drowned, and one was beaten and perhaps shot.

Two brothers were held in Honda in the shooting Saturday night of two cousins, Tiofelo and Felix Zalazar were killed with a .22 caliber rifle in a fight at a Mexican fandango.

Weldon Smith, 28, was found shot to death Saturday at his home near Dallas. Justice of the Peace L. K. Baird of Mesquite ruled it was a suicide.

Suicide verdicts also were returned in the two poisonings. Dr. Harold McVay, 38, Dallas chiropractor, took carbolic acid Saturday. Dr. Herman G. Schachner, 34, a staff doctor at the Dallas Veterans Administration Hospital, killed himself with cyanide.

W. M. Mims, about 60, San Angelo electrician, died Saturday in a fall from a 30-foot construction form near Sweetwater.

An unidentified, toothless man fell or was thrown to his death from a train near Sweetwater Saturday. The face and head were badly crushed. Justice of the Peace M. C. Monroe said he hoped the fact the man had lost all his toes would help identify him.

Mrs. Gertrude Sparks, 69, of Oklahoma City, was found drowned late Friday night in a bathtub in a Galveston hospital. Justice of the Peace Orva M. Richmond returned a suicide verdict.

The body of an unidentified man, beaten and apparently shot, was found Saturday in an abandoned gravel pit seven miles west of Big Spring.

Highway Crashes

Mrs. Sarah Bell Lafayette of Dallas was killed in a car-pickup truck collision at Fairfield Sunday.

At Lubbock, Honorario Trejo, Latin American worker from Corpus Christi, was found dead in a room where he was sleeping with a gas stove on and the windows closed.

Birt E. Rabb, 18, of Stephenville was killed Sunday when the car he was driving crashed into a concrete bridge near McGregor.

Tom Glass Brittain, 59, of Waco was killed Sunday in a two-car collision when he tried to make a left turn on the outskirts of Waco. Apparently he was blinded by an ice-over window.

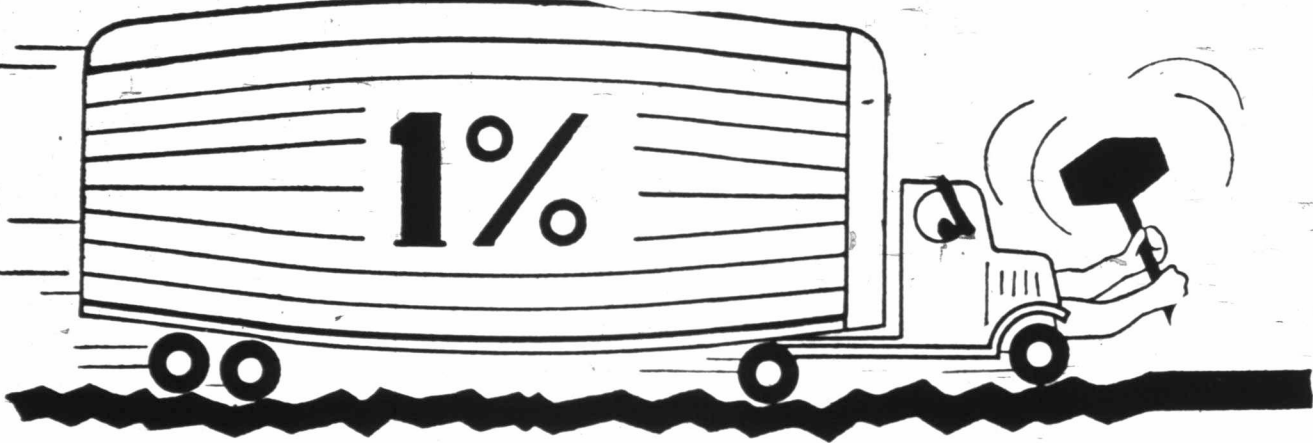

Billy Green McNulty, cattleman and former Liberty County sheriff, was killed Sunday when his pickup truck and a butane truck collided 10 miles east of Liberty.

Prajedas Rodriguez, 29, Mathis, was killed in a two-truck collision 10 miles north of Premont.

## The More He BREAKS The More He MAKES

Texas motorists, Texas highways and Texas taxpayers should be protected against the ONE PER CENTERS.

ONE PER CENTERS are truck combinations weighing, loaded, 20,000 pounds or more. Only one of every 100 vehicles registered in Texas pays a license fee for 20,000 pounds or more. FEWER than three out of every 1,000 are registered for more than 40,000 pounds.\*

Our highways should be SAFE for ALL the people - individuals, commercial users and the military alike.

Texas highway tax dollars should be conserved and used wisely. This can be done

- (1) by limiting the weight (gross load and axle load) that may be transported legally by the ONE PER CENTERS and
- (2) by enforcing the law against those who persist in overloading.

Texas highways are paid for by and belong to ALL THE PEOPLE. Highways adequate for 99% of Texas users - individual and commercial - can be constructed and maintained for about ONE-THIRD of the cost made necessary by the weight of the ONE PER CENTERS.\*

This is your problem. Send for your copy of the booklet, "THE CASE OF THE ONE PER CENTERS," which tells you, among other things, why

# DADDY RINGTAIL

By WESLEY DAVIS

**Daddy Ringtail And Lift A Calf Every Day**

Daddy Ringtail, your monkey friend, was talking with his old friend, the Huffen Puffen, the friendly wolf. They were sitting together outside the door of the Huffen's hollow tree house.

The Huffen chuckled a wolf-y chuckle like the friendly wolf that he was, and then he said: "I am a very important fellow, I am, I am, and today is one of my extra spe-

cial important days." Daddy Ringtail knew that the Huffen was wanting to answer a question of why he was so very important, and another question also.

of why "today" was one of his extra special important days. Daddy Ringtail asked the Huffen please to tell him, and the Huffen did.

"The Huffen explained that he had bought him an elephant calf, he had. An elephant calf is a calf which will grow up at last to be an elephant. Yes, and the Huffen had bought his elephant calf from Senator Aigynon. The senator had gone in the business of selling elephants because the business of being senator just wasn't very good any more.

"But Huffen Puffen," Daddy Ringtail said, "what do you want with an elephant calf?"

The Huffen chuckled. He chuckled again. Oh, he was a very important somebody indeed, he was, and the plans he had for the elephant calf would make him even more important. He was going to be a wolf who

was strong enough to lift an elephant up on the limb of a tree, when his elephant calf had grown up big to be an elephant.

"But Huffen Puffen," Daddy Ringtail said again, "nobody ever could lift up an elephant to the limb of a tree. An elephant is much too heavy."

The Huffen laughed out loud to hear these words. As soon as he could stop his laughing, he took Daddy Ringtail around to the back of the tree where a limb grew out not far from the ground. That is where it would happen, said the Huffen, because anyone who lifts an elephant calf every day till it's grown up big will also be able to lift a grown-up elephant. Yes sir, and special day, and I'll tell you more about it tomorrow.

(Copyright 1951, General Features Corp.)

# Commies Recruit Elephants Too

RANGOON — (P) — Renegade PVOs used elephants stolen from the government to transfer equipment to their new base in mid-western Burma, according to reports.

The reports said the shift was made from Mindon, a small town 35 miles from the large cement centre, Thayetmyo, with the approval of the Central Burma Communist high command.

According to these reports, the PVOs are closely allied to the Communists who are dispersing their forces in strategic positions around the central plains in anticipation of a possibly new anti-government upsurge.

First road vehicle to be propelled by internal combustion was manufactured by Carl Benz of Mannheim, Germany, in 1885.

# Columbia Is Only Major Cage Quint On Unbeaten List

NEW YORK—(AP)—Now that LIU has taken its place among the vanquished, Columbia's basketball team Monday stood alone as the only major club in the land with an unblemished record.

But, despite their glamorous 12-0 record, the Lions are forced to take a back seat to the hot duel between Kentucky and Oklahoma A&M, battling for national honors.

Last week Kentucky edged out Long Island University for No. 1 spot in The Associated Press poll, with the Aggies placing third. While Kentucky handled its assignments Georgia Tech and Vanderbilt in fine style, Oklahoma A&M gained stature in its successive victories over Bradley, the No. 4 team, and ever-tough DePaul.

LIU's Blackbirds took a 15-game winning streak 3,000 miles to San Francisco and almost had it snapped by the unimpressive San Francisco Dons. Long Island prevailed, however, 58-52.

But luck deserted the Blackbirds Saturday night. Their 16-game run was smashed 69-67 by California's Golden Bears—a team which had lost nine times.

Columbia now is the only club with a chance to complete the season undefeated, a most elusive trick last turned by Army's 1944 squad. That year the Cadets won 15 games without a setback.

Busy Week For Kentucky  
But getting back to the Kentucky-Oklahoma A&M feud, the Aggies are idle this week while the Wildcats play no fewer than four conference games—Tulane Monday night, LSU (Wednesday), Mississippi State (Friday) and Mississippi (Saturday). All are road games except the LSU tilt.

Kentucky stomped on Vanderbilt 74-49 to take the undisputed lead in the Southeastern Conference. It gave the Wildcats a 6-0 record, compared to Vanderbilt's 7-1 and Tulane's 5-1. The men of Adolph Rupp should have clear sailing from now on.

Oklahoma A&M, by virtue of its one-point victory over Bradley last Friday, has a mild stranglehold on the Missouri Valley lead. The Aggies, 18-1 overall, have a 5-0 conference record, but, more important, have whipped both Bradley and St. Louis, the teams considered to give them the most trouble.

Long Island University by no means is out of the woods. In fact, the worst is yet to come. The Blackbirds play a formidable Arizona team at Tucson Monday night, then make stops at Kansas State, the Big Seven leader, Wednesday, and St. Louis Saturday. The lack of dependable reserves is starting to tell on LIU.

**Schoolboy Mound Ace Spurns Pros, Will Attend Texas**

DALLAS—(AP)—Melvin Work, Woodrow Wilson High School's ace pitcher who has been sought by major league clubs, has decided to enter the University of Texas on a baseball scholarship.

Work graduated from Woodrow Wilson last week. He pitched one no-hitter, a one-hitter and a two-hitter last season and averaged eight strikeouts per game. Last Summer he pitched for a Dallas amateur team and won two games in the National World Series at Battle Creek, Mich.

Cleveland, the Boston Braves, St. Louis Cardinals and New York Giants had sought him.

Almost all English sparrows in the United States are descended from eight pairs imported from England in 1850.

## East Texas Loop Folds

LONGVIEW, TEXAS—(AP)—The East Texas League joined the Rio Grande League on the sidelines for this baseball season.

Directors of the Class C circuit Sunday voted to suspend operations for the 1951 season and authorized club owners to sell their players immediately.

The Rio Grande, a Class C loop, folded recently when three of its members—Harlingen, Brownsville and Laredo—pulled out to join the Class B Gulf Coast loop. The Rio Grande had only five teams—McAllen and Del Rio were the others—and had been looking for the sixth entry.

The East Texas, too, was faced with a problem of getting a sixth member. Six towns were in the league, but Kilgore had announced it would not field a team, then a "maybe" was tacked on the decision.

But Sunday, just two teams—Tyler and Henderson—favored continuing operations this year. Marshall, represented by proxy, said it would field a team if the league operated.

"We are not disbanding the East Texas League," President Jimmy Dabrynski said. "We merely are suspending operations temporarily until conditions improve."

Dabrynski and club owners at the meeting were of the opinion that the present world situation had taken the "minds and interests of fans off baseball."

**Arizona Meets LIU In Cage Headliner For Southwest Area**

By The Associated Press  
Arizona has a wonderful chance to raise the prestige of the Border Conference Monday night when it takes on mighty Long Island University in Tucson.

Coaches maintain Border Conference play is far higher than recognized. Arizona, the regular title winner since 1946, helped prove that point earlier this season by edging CONY. Now it has another chance to focus national attention on this little-known conference in the Southwest.

Arizona has beaten some strong teams in running its winning streak on its home floor to 72 games. But never has the string been in such danger of snapping as now.

Arizona has a comfortable game and a half lead over New Mexico University in league standings. It faces one of its sternest home tests Friday when West Texas State will try to avenge a recent defeat by Arizona in Canyon.

West Texas is faced with a busy week. It plays Hardin-Simmons in Canyon Monday night, Arizona in Tucson on Friday and Arizona State College at Tempe on Saturday.

One other conference game sends Texas Tech against Hardin-Simmons in Abilene.

In the only league game played last week Arizona State College at Flagstaff scored a surprise win over Tempe.

**Survivors Of Air Crash Recovering**

ROME—(AP)—Three survivors of Saturday's plane crash near Tarquinia, Italy—which claimed 13 lives—Sunday night were reported out of danger by hospital authorities. The only other survivor still is in dangerous condition.

Robert Delaney, 26, his wife Mary, 23, both of Newport, R. I., and Pietro Bolognaro, Italian steward on the plane, are said to be recovering. Isaac Gottlieb, of Wellington, New Zealand, still is on the danger list.

The Delaneys' three-month-old daughter, Mary Helen, died in the crash, which occurred when lightning struck the left wing of the four-engined Ala Italia Airliner, enroute from Paris to Rome.

Delaney was on his way to Singapore to serve as U. S. vice consul.

The United States Public Health Service is the principal Federal health agency.

**SKYSCRAPER**—That's Bob Kurland, seven-foot center of the Phillips 66 basketball team which will oppose Hardin-Simmons University February 13 in the Midland High School gym. Kurland won three All-America berths while performing with Oklahoma A&M. He led the Aggies to NCAA crowns in 1945 and 1946. An excellent set shot artist and a polished pivot man, Kurland has been a mainstay of the powerful 66 team since leaving college circles.

**Richards Soars Over 15 Foot Mark**

NEW YORK—(AP)—Bob Richards, the Flying Parson from La Verne, Calif., finally has cleared 15 feet in the pole vault, after being on the border of the magic figure for several months.

Richards became the second jumper in history to clear 15 feet Saturday night, when he soared 15 feet, one inch in the Millrose Games in New York.

**Finland Plans State Funeral For Baron Von Mannerheim**

HELSINKI—(AP)—Finnish authorities Monday planned a state funeral for Field Marshal Carl Gustaf von Mannerheim, their national hero who died Saturday night in Lausanne, Switzerland, after a major intestinal operation.

It was indicated the funeral of the 83-year-old Mannerheim, former president who three times led his country in battle against the Russians, might take place here on Sunday.

Throughout the nation church bells and mournful radio broadcasts Sunday told of the death of the popular old man. The blue and white national colors were at half-mast. Finland's man in the streets was visibly shaken.

Three Wars Against Reds  
"Mannerheim's name will remain forever in the annals of Finnish history," said President Juho Paasikivi in a special broadcast. The chief executive lauded his predecessor as a leader who "performed deeds, both as a warrior and statesman of far-reaching influence on the destiny of his country."

Mannerheim led the Finnish Army which, fighting the Bolsheviks, won his country's independence from Russia at the end of World War I. Under his command in the Winter war of 1939-40, Finland's forces held off the Soviets for many weeks and won worldwide admiration. In 1941, when Finland joined Germany in fighting the Russians, the aging marshal again was in command.

In 1944 he became president, lending his vast prestige to the difficult task of making peace in defeat.

Mannerheim resigned in 1946. Since then he had spent much of his time under medical treatment in Switzerland.

**New Guinea Volcano In Violent Eruption**

SYDNEY, AUSTRALIA—(AP)—New Guinea's volcanic Mount Lamington, which killed some 4,000 Papuans and 35 Europeans in a blow-off eight days ago, staged a second violent eruption within 38 hours Monday.

No further loss of life was reported in either explosion. A government expert said he believed the volcano had spent its main force.

For an hour Saturday night and Sunday morning a towering cloud of pumice dust was pushed 25,000 feet into the air. An eruption Monday morning sent another cloud up 12,000 feet for 15 minutes.

New Guineans working at the relief base at Popondetta, 11 miles from Lamington, had left the area after Sunday's blow-off. Some 30 European rescue workers remained in the area despite warnings.

It is estimated there are some 10,000 mineral springs in the United States—of which at least a thousand have produced water in commercial quantities.

## Worsham Grabs Title At Phoenix

PHOENIX, ARIZ.—(AP)—Lew Worsham and his reclaimed fame brought a refreshing note to the tournament golf scene Monday.

The 33-year-old professional from Okmott, Pa., who won the U. S. Open crown in 1947 and very little since, captured the \$10,000 Phoenix Open Sunday and led the links gypsies on to the next event on the tournament trail—the \$10,000 Tucson Open, starting Thursday.

Worsham finished the 72-hole stretch with a wobbly 70 and a total score of 272, 12 strokes under par. It was good enough to beat out veteran Lawson Little, who finished with a 68 for 273, and two other dangerous rivals, Chick Harbert and Jim Ferrier, who tied at 274.

Jimmy Clark, a promising young pro from Laguna Beach, Calif., shot a 68 for 275, one stroke ahead of Dutch Harrison and two ahead of Lloyd Mangrum and Johnny Bulla.

Of the other name pros, Cary Middlecoff finished at 278, Ed Furgol with 279, defending Phoenix Champion Jimmy Demaret at 281, Johnny Palmer and former National Amateur Champion Skeet Riegel at 282.

And watching the final round from the gallery was the pre-tournament favorite, Ben Hogan, who led the field with a 65 in the first round and then surrendered to a flu bug and had to withdraw.

**Never Mind The Weather; Odessa Starts Spring Grind**

ODESSA—Some 60 candidates were slated to report to Coach Joe Coleman Monday, as Odessa High School started its Spring football training session in Winter-like weather.

Included in the group are 14 returning lettermen from the 1950 Odessa squad that was co-champion of District 3-AA with the Lubbock Westerners.

Building a new backfield is the largest problem facing the Odessa coach. The entire starting backfield of Carl Beard, John Ed Giles, Bobby Jackson and Howard Dye will be missing.

But the Odessa line loses only one performer—Guard Joe White. A breakdown on the 14 lettermen shows 11 linemen and three backs return. Monogram winners returning to line duty include John Heid, Herbert Miller, Edmond Gray, Bill Joe Harville, Melvin (Tiny) Etheridge, Robert Reed, Bill Ebeling, Weldon Holley, Travis Dyer, James Eubanks and Walter Cooley. The back vets are Mac Tyler, Tommy Harris and Joe Childress.

**Bill DeFee Named Head Grid Mentor At Amarillo High**

AMARILLO—(AP)—Bill DeFee, Texas' Junior College Coach of the Year in 1949, has been named head football coach at Amarillo High School.

School Superintendent Charles M. Rogers Sunday announced DeFee had signed a three-year contract. He succeeds Howard (Bull) Lynch, coach of the Golden Sandstorm for 14 years.

DeFee will receive \$6,500 for the first year of his contract, \$6,750 the second, and \$7,000 the third. DeFee formerly coached at Carlsbad High School and has been head coach at Panola County Junior College the last two years. He played football for East Texas State.

Lynch coached Amarillo to one state championship. His team went to the finals of the Class AA race in 1948.

**Claire Doran, Ohio Schoolmarm, Wins Doherty Golf Crown**

MIAMI, FLA.—(AP)—Claire Doran, a tall, well-poised Cleveland school teacher who entered the Helen Lee Doherty Amateur Golf Tournament "hoping to qualify," owned the championship trophy Monday after a tense 3 and 2 victory over Polly Riley.

Her defeat of the veteran Fort Worth defending champion in the 36-hole finals gave Doran the biggest championship she had captured in ten years of tournament play.

The Cleveland girl was anything but a sensation in the qualifying round as she took 83, seven over par, to tie for twenty-second place. In the first round of match play, she barely got past Miami's Evelyn Odum 1-0.

She looked better in the second round as she whipped Ann Sparrow of Tampa, Fla., 5 and 4, and she was terrific in the third with a 2 and 1 conquest over Marjorie Lindsay of Decatur, Ill., the tournament medalist.

Doran downed Betty Rawls of Austin, Texas, 3 and 1, to move into the finals.

**Report Says Three GI's Are Ambushed In Central Luzon**

MANILA—(AP)—Gov. Gregorio Santayana of Quezon province reported Monday three American servicemen in a jeep were ambushed in East-Central Luzon.

He said two are missing and one was wounded seriously. The men were not identified. The scene was described as in Communist-ruled Balabac guerrilla country about 50 miles south of Lucena, Quezon provincial capital.

Santayana said the ambushed jeep was flying the American flag. He added 30 Philippine Army men were searching for the missing men.

The U. S. 29th Topographical Battalion at Cavite said it had some men in Quezon and that their jeeps carried the American flag. Battalion headquarters had no other comment on the governor's report.

## King's Row

By LARRY KING  
On the wings of a cold north wind, Harold Webb came into town late Sunday to arrange affairs for the 1951 Midland Indians baseball season.

It's purely accidental that the wind increased as Harold arrived in Midland, and when we heard a man speak of the "Big Blow" this morning we didn't for a moment think he was referring to the Indians' round baseball man—we knew right away he meant the north wind.

Seriously, Webb reports that he is glad to be back in Midland and we feel Midland baseball fans will be glad to know he and W. H. Donohoo are ready to get preparations for 1951 underway.

The chilly weather may make standing around Indian Park to buy box seats undesirable, so if old Ed doesn't begin to shine the box seats will be on sale in the lobby of Hotel Scharbauer.

The Midland baseball men wanted to sell the boxes at Indian Park, in order for the fans to see the box seats as they purchase. But with the weather as it is, the Scharbauer is the place unless it warms up. A diagram of Indian Park will assist Webb and Donohoo in showing the fans just where their seats are.

As soon as the first flurry of sales activity is over, we're going to corner Webb and bring you a complete record on the status and whereabouts of every Indian who performed with Midland in 1950, plus a summary of any new players purchased.

Baseball interest is picking up here—and that's as it should be, as the season's opener with Odessa will be here before we know it. The official schedule is to be released for publication within a few days.

Figures can be deceiving. Take the case of Eddie Jacome, veteran pitcher purchased by the Midland Indians from Longview.

Jacome's 1950 record shows 15 games won, 17 games lost. But his record actually was much better than that. Jacome walked only 48 men, struck out 117, in 44 ball games. He led all the pitchers in the league in control, and hurled 30 2/3 innings out of 67 played against first-place Gladewater in the play-off, winning two games as Longview eliminated Gladewater four games to two.

Jacome won 22 games with Longhorn in 1949, and was a real Longhorn League smoothie.

Word got around once that Eddie was a bit on the playful side and frequented bright-light spots when he should have been catching forty winks.

Jacome never denied that he liked to run and play a couple of years ago, but now all that has changed. He now is married, has a child, and baseball men say he is one of the best liked and most easily managed players to be found today.

Personally, we look for Jacome to be a 20-game winner with the Indians—and maybe more.

How will big time basketball draw in Midland? We'll have a chance to find out February 13.

That's the date of the Hardin-Simmons University-Phillips 66 clash to be played in the Midland High School gym.

The Okie team always is one of the best in the nation, and is unbeaten thus far this season. H-SU is having a fair season, and although the Cowboys aren't expected to beat the famous 66 team, the game should be interesting to watch and close enough to hold the interest of fans.

We'd like to see the MHS gym packed February 13. The show will be well worth the time and moxie.

Speaking of packing the gym, Tuesday night would be a fine time to show the Midland High School basketball team and its coaches that Midland is behind the efforts of the case group.

Most "appreciation" nights are held with teams winning, and with gifts being showered on the coaches and players.

The Midland cagers and Coaches F. D. Rutledge and Audrey Gill will be content with a large crowd cheering the actions of the team. Everyone can't win, and someone is going to have a bad year from the won-lost standpoint. Midland is having that this year—but the kids are hustling.

Your support as Midland plays Odessa Tuesday night will be greatly appreciated—by the kids, the coaches, the Midland school officials and students and yours truly.

More basketball scheduled Wednesday night in the John M. Cowden Junior High gym, with the Midland Flying Sisters playing the San Angelo Red Chicks fem team. Thanks to the Sisters for arranging the game so it won't conflict with other games. We ain't mad at 'em no more.

## Sports

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, JAN. 29, 1951-7

## Midland-Odessa Tilt Set Tuesday

The cellar-dwelling Midland Bulldogs and their nearest rival for the terminal spot in conference basketball standings—Odessa—tangle at 8 p.m. Tuesday on the MHS hardwood.

Both teams suffered conference losses last week. The Purple cagers lost a disputed tilt to Lamesa 48-47, in a game that saw the score-keeper insist time ran out with Midland leading 47-46. But the timekeeper overruled the contention.

Odessa, meanwhile, dropped to the Big Spring Steers 37-35 in an overtime clash, and also was beaten by Lamesa 27-22. The double loss shoved the Bronchos into fourth place, just one slot ahead of Midland. Odessa now has won one conference game while dropping four. Midland has yet to win, while dropping five contests.

But despite the teams' poor records, a real battle is expected. The two teams met in Odessa early in the season, with the Bronchos breaking a tie in the final seconds to win 40-37. The heated Midland-Odessa rivalry is expected to pack the crowd in again, despite the low standings of both teams in the conference.

Odessa now has won 10 games while dropping 11 games. Midland has won but three of 15 contests.

**'B' Curtain Baiser**  
Expected to start for Midland will be Buddy Johnson, Bob Burks, Roy Kimsey, Robert Ketsling and Dale Stice.

Coach John Higdon's 'B' team will oppose the Broncho Bees in the opening game at 6:30 p.m. The little Bulldogs dropped to the Odessa five 41-38 earlier in the year. Higdon's 'B' team has captured nine of an even dozen contests.

The Midland and Odessa varsity conference record:  
Midland 37, Lamesa 48, Midland 37, Odessa 40, Midland 29, Big Spring 31, Midland 32, Lubbock 55, Midland 47, Lamesa 48, Odessa 43, Big Spring 50, Odessa 40, Midland 37, Odessa 39, Lubbock 50, Odessa 22, Lamesa 37, Odessa 35, Big Spring 37.

**Wildlife Federation Names New Officers**

MINERAL WELLS—(AP)—Roger King of Wichita Falls is the new president of the Texas Wildlife Federation.

The oil operator Sunday was chosen to succeed Loy Brown of Brownwood, named statewide vice president.

Regional vice presidents are John Bradshaw of Houston, Charles H. Grief of Amarillo, Grady Hill of San Angelo, John Cadwallader of Fort Worth, Charles DuBoise of Mexia and Hal Swiggett of San Antonio.

Plans were discussed Sunday for a joint meeting with other organized conservation organizations at Texas A&M this year.

The 1952 Olympic Games will be held at Helsinki, Finland.
