**TRAINING CLASS IN A VERY SPECIAL SESSION**--Trainees from the Emergency Medical Technician classes being conducted in Muleshoe at this time visited Combination Motors Saturday afternoon, accompanied by ambulances and fire department personnel to practice extrication. Students were instructed to treat the 'mock' situation as though it were real, including the handling of the extrication process, the patients, and contacting the hospital.

## 'Attitude' Important Says CofC Manager Toni Eagle

"It's all in 'attitude' -- and all attitudes are different," Toni Eagle, manager of the Mule-

shoe Chamber of Commerce and Agriculture, told the Muleshoe Rotary Tuesday at noon.

After a couple of 'ice breaker' games that had Rotarians and their guests roaring with laughter, Mrs. Eagle got down to some serious business, discussing how an attitude can make or break a business, or community.

"Our attitudes rub off on other people," said Mrs. Eagle, "and how we approach people, especially visitors to our community, can make a lot of difference."

"Attitude is Pride - and Pride is Attitude," added the CofC manager. "Attitudes can be changed, and in Muleshoe, attitudes are slowly changing."

Mrs. Eagle also gave thumb-nail sketches of various activities and events sponsored, or co-sponsored by the Muleshoe CofC.

One of the newest items by the CofC are the locally designed greeting cards and notes which recently went on sale through the Muleshoe CofC office located in the city hall.

"No other community can claim our cards or notes," explained Mrs. Eagle. "They are unique to our community, and can be sent with pride anywhere."

She also told that a slogan had recently been chosen for Muleshoe, and was currently being printed on materials to be distributed by the CofC, including bumper stickers.

Past events, such as the year round Clean-Up, Fix-Up, Paint-Up program, utilizing YES kids; plans to fix up the mule lot at the north end of Main Street; Cont. Page 8, Col. 1

## Radiological Monitor Class Scheduled Here

Radioactive materials are used by many professions. Accidents with them could happen anywhere.

A nine-hour Radiological Monitoring Course, sponsored by the Muleshoe Emergency Management and the Bureau of Emergency Management, will be conducted Tuesday-Thursday, December 3-5, from 7-10 p.m.

Location of the course will be the Muleshoe Police Department, 215 E. Avenue B, Muleshoe.

This course offers an opportunity for individuals to learn the use of radiation detection instruments.

A.W. Holmes, Lieutenant, Police Department, may be contacted for more information at 806/272-4569.

Instructor will be Louis Berry of the Texas Department of Health, Austin. Emergency responders can enhance their ability to deal with radiological accidents by completing this course, said Berry.

## Christmas Promotion Begins At Local Stores

### City Okays New Member For Board

Tuesday morning, the Muleshoe City Council was in session only about 25 minutes, and took care of all city business in that time.

First action for the council was to unanimously approve the appointment of Councilman Ronnie Shafer as the city's representative to the Bailey County Appraisal District Board of Directors.

This was followed by transferring \$408.57 to bad debts.

City Manager Dave Marr asked the council for approval to close the city offices on the Friday following Thanksgiving. He suggested closing this year on an experimental basis, and said all emergency services provided by the city would be available. Council members approved the closing.

Marr also said the city Christmas Dinner would be at noon on Thursday, December 19, at the Bailey County Civic Center. All city employees will be invited to the dinner which is an annual event.

Also approved by council members was to hold the regular monthly meeting for December one week earlier this year, on December 10.

Briefly discussed was the status of the proposed airport for Muleshoe. Marr explained that a new environmental assessment is now completed, and the hearing process will begin in the near future.

## Donnie McDonald Wins Football Contest Prize

Now the 1985 football contest is history -- except for the one time shot at the Bowl Game contest -- scheduled for December, and ending when the final Bowl Games are played on January 1, 1986. The one prize for the Bowl Games contest will be a check in the amount of \$50.

By virtue of a three-way tie for first place in the final weekly contest, and the contestants receiving four points each, as is always done in the event of a first place three-way tie, one contestant sneaked to a grand prize win.

Donnie McDonald, who had several previous second and third place wins, was one of the persons in the three-way tie, and his total accumulated points were enough to make him the 1985 Grand Champion for the Annual Merchant's Football Contest.

In the final week of the contest, McDonald, a Lazbuddie resident, tied with James Hanson and Hazel Gilbreath. Each missed three games and each was 17 points away on the double tiebreaker scores.

He won grand prize with a total of 21 points for the year in the contest, and was presented a check in the amount of \$100.

In second place in the contest was Darryl McCamish, who also missed three games, but was 23 points away on the tiebreakers. In third place for the week was Nona Blake Douglass, also with three wrong guesses, but 30 points off the tiebreakers.

The holiday season is here, and what better way to kick off a gigantic community-wide celebration than to launch a Christmas promotion.

Beginning tomorrow, Friday, several stores and businesses and restaurants in Muleshoe, have elected to become 'Merry Christmas' stores.

By keeping your Christmas money, and Christmas shopping at home, you can become eligible to win as much as \$500, as sponsored by the Muleshoe Chamber of Commerce and Agriculture.

You will be given a card with 'Merry Christmas' stamped across it, by the time you visit 16 different stores, and the 16 stores and businesses stamp your card, you can deposit it into a container for the big drawing on December 21.

First prize in the drawing is \$300, second and third prizes are each \$100, so look how much more you can possibly add to the shopping you can do for your family and loved ones.

Toni Eagle, manager of the Muleshoe Chamber of Commerce and Agriculture, said the money will be in the form of gift certificates, which will be spendable at the participating merchants and businesses in Muleshoe.

Rules to play in the game are very simple: You must be 18 years of age or older; the card must be stamped by 15 different stores and must be completely filled in order to participate.

You can fill more than one card, however, a store can only stamp one card for you at any one visit; no purchase will be necessary in order to get your card stamped; and employees of a business can participate, but cannot use the stamp from their place of employment.

Finally, after you have col-

lected all 15 different stamps, put your name, address and phone number on the card before depositing it in the box.

Adding to the excitement of this holiday season, each Thursday night in December, stores may be open until 9 p.m. and there is a possibility entertainment will be provided to add to your shopping pleasure.

Businesses participating in the 'Merry Christmas' promotion, and who will be providing 'Big Bucks' for Christmas shoppers include:

Perry's, Adrian Photography, Albertson's Shop For Men, Dent & Co., Bass Appliance, Higginbotham-Bartlett, Joe's Boot Shop, Lindsey Jewelry. Cont. Page 8, Col. 3

### Three Way Eagles Continuing Battle

### For State Champs

Friday afternoon, the highly-successful Three Way Eagles will be taking off to Borden County High School, at Gail, for their next round on the way to a state championship in six-man football.

The Eagles will be taking on the powerful team Weinert at 7 p.m. this Friday night, tomorrow, and reports from Three Way indicate the team has been working hard to get ready for the next round, the quarter-final game, on the way to the state championship they are seeking.

Three Way School officials say Gail is located 25 miles east of Lamesa on Highway 180.

Prior to leaving for the game, a pep rally is scheduled for 2:15 p.m. on the parking lot at the Three Way school, and all persons who can be asked to go to the Borden County school in a caravan.

Admission for the game will be \$3 for adults and \$2 for students.

Coach C. W. Williams and his staff, as well as the Three Way Eagles, are asking for your continued support, and express appreciation for all the past support.

Contestants accumulating 20 or more points for the season were Donnie McDonald, 21; Cont. Page 8, Col. 3

**WINNER OF FOOTBALL CONTEST**--Tuesday morning, Linda Wimberley, left of the Muleshoe and Bailey County Journal, presented a check to Donnie McDonald, who was the grand prize winner in the annual football contest. McDonald barely edged out Donna Noriega for the grand prize.

GED tests will be given at Muleshoe High School on December 6 and 7, 1985. Testing will begin at 5:30 p.m. on Friday, and continue at 8:30 a.m. on Saturday, December 7. Any individual who has not Cont. Page 8, Col. 2

**"BEST-DRESSED STORE"**--Tuesday morning, Gerald K. Reid, president of the Muleshoe Chamber of Commerce and Agriculture presented the "Best-Dressed" trophy to Vanda Turnbow at Southwestern Public Service Company. SPS won the Thanksgiving award by popular vote at the CofC office.

WIND DAMAGE HEAVY IN  
AREA, LAZBUDDIE

Damage amounting into the thousands of dollars resulted from the wind storm in and around Muleshoe and in the Lazbuddie area Saturday, Nov. 29. Ten hundreds of an inch of rain was reported in Muleshoe by Jeff Peeler accompanying the storm Saturday. Guests of wind 70-75 miles per hour were recorded.

Damage was heavy to the Muleshoe Junior High School gym roof. The winds tore at the roof top, rising it enough so one could see daylight inside around the south west sides of the roof.

A trailer house belonging to an AVI Irrigation Supply employee was overturned, landing on top of a car belonging to Rodney Turnbow.

Another trailer home located on Sixth and Ave. J in Muleshoe was damaged when it was knocked from its foundation into a home nearby.

Clayton Myers barn had the roof torn off scattering debris clear across the highway dumping it into a field like so many pieces of foil. Myers place is located on U.S. 84 west of Muleshoe.

## Honored At Skating

On Friday night, Nov. 22, the Jennyslippers sponsored a Thanksgiving skating. The Jennyslippers were dressed as Pilgrims and Puritans and it was reported that they looked quite-eyecatching in their attire.

"Miles Standish was seen the group and looked quite dashing in his plumed hat and silver buckled boots", said Nelda Merriott. "We were happy to have Bob Sanders (who is also a Jennyslipper) back with us-helping Johnny Ziegenfuss out on the skating floor with their whistles. Both Johnny and Bob wore colorful Pilgrim Hats with silver buckles."

The children attended as Indians. Named as Best Indian Maiden was Alissa Wilson, a third grade student and the daughter of Trina Wilson. Best Indian Brave was Tommy Day, also a third grade student and the son of Mr. and Mrs. Ray Ray.

Allison received a "Young and Lovely Doll" with a change of cloths and Tommy received an Indiana Jones doll with fighting equipment.

The Jennyslippers gave prizes to all present and each Indian received a cookie made in the shape of a turkey.

plans to provide more informational services and brochures; and the rejuvenated Retail Merchants division.

"We're so pleased that the Retail Merchants have fired-up again," she said. "Now, we need to keep the enthusiasm going, with seminars, workshops and promotions."

Mrs. Eagle told of the CofC's efforts to provide entertainment with big name entertainers. "We haven't made much money, but we have provided well known entertainers so people won't have to go out of town for good entertainment," commented the CofC executive.

Mrs. Eagle also boosted the plans for revitalizing and re-grouping the Industrial Development Board. "We need new blood, new ideas, and would welcome new people to the Industrial Board," she added. "When industry is looking for a location, Muleshoe is being left out."

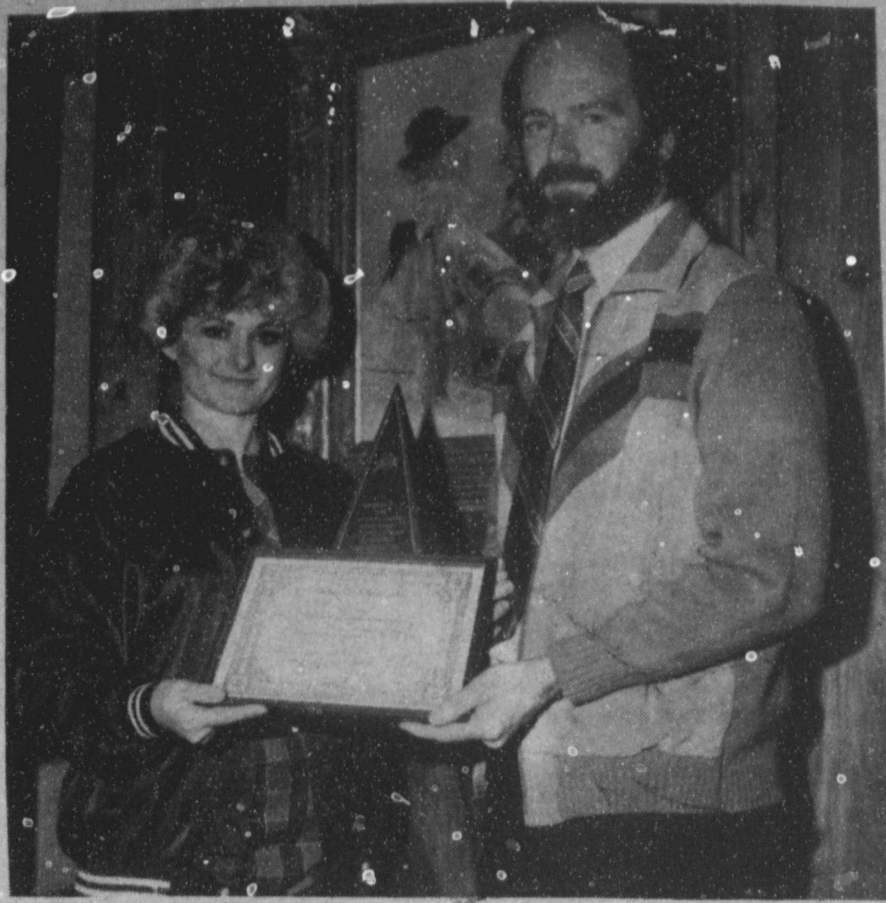

"We need your help," concluded Mrs. Eagle. "We all need to work for the same cause. We currently have 137 business members of the CofC, but we need the other 130 businesses who are not members to join with us."

The CofC manager was introduced by Clea Williams, who acted in the absence of Larry Hall, who was in charge of the program for the day.

President Paul Wilbanks reported on a Rotary board meeting, and said applications are still being accepted for men to go to Switzerland for six weeks on a Group Study Exchange.

Also, he announced there will be no noon meeting of the Rotary on Tuesday, December 17, as the Rotary Christmas party will be held at the Civic Center at 7 p.m. on that date. Sam Harlan will be in charge of the program.

Guests at the Tuesday meeting included Doug Campbell, Danny Folk, Calvin Stout, Dr. Steve Lewis, Walter Hughes, Julie Cage, Randy Burrows, Frank Ellis and Jay Messenger.

**EMPLOYEE OF THE MONTH**--Winning Employee of the Month for November is Rhonda Carpenter of Adrian Photography. Presenting her certificate and the traveling trophy is Gerald K. Reid, president of the Muleshoe Chamber of Commerce and Agriculture. Rhonda is married to Alton Carpenter, and they are the parents of two sons, Brandon and Toby.

"In honor of our Sesquicentennial, I am making a Friendship Quilt of blocks from all over the state.

"I would love to have a block from Muleshoe. I would ap-

preciate it if you would pass this letter and/or cards on to anyone who might be interested in helping. They would need to write to me for further details and the block.

## TO REMAIN

President Reagan redefined his goals for the proposed "Star Wars" missile defense system, saying he would deploy the space shield unilaterally if other nuclear powers can't agree on a worldwide nuclear defense and disarmament program.

## Buckling-Up Your Seat Belt Saves Lives; Fine

Department of Public Safety enforcement of the new Texas safety belt law begins on Sunday, December 1, 1985. The law, expected to save hundreds of lives a year in Texas by encouraging more motorists to buckle up, took effect September 1. Drivers and front-seat passengers of cars and trucks up to three-quarter ton capacity will be subject to fines of \$25 to \$50 for violations committed on or after December 1.

"Informal observations by DPS troopers indicate that two-thirds of Texas motorists are already complying with this law," said Colonel Jim Adams, DPS director. "These motorists who are not observing this statute are risking losing their lives or being seriously injured in a vehicle accident, and soon they'll also be facing the prospect of paying a fine for their oversight."

Adams said that in most instances, troopers will be checking for compliance with the safety belt law during routine traffic violator contacts. However, he pointed out that troopers will have the option of stopping motorists if the officers have probable cause to believe the law is being violated.

"The possibility of paying a fine for failing to use a safety belt should increase the incentive for observing this law, but much greater consequences could be involved for motorists who don't use this proven, lifesaving device," Adams said. "What value can be placed on the loss of a human life or a long-term, serious injury resulting from a crash in which a safety belt could have made the difference?"

The new law did not change the child safety seat belt statute, which provides that children under two years of age must be secured in a federally approved child safety seat system when they are riding in a passenger car or light truck (¾ ton capacity and less). Children from two to four years of age must be secured by a safety belt or safety seat system when

riding in a car or light truck.

The only persons exempted from the safety belt law are U.S. Postal Service employees while performing their carrier

duties and motorists who possess a written statement from a licensed doctor stating that the person cannot wear a safety belt for medical reasons.

## SANDHILLS PHILOSOPHER

Editor's note: The Sandhills Philosopher on his Johnson grass farm on Sandy Acres discusses the TV reporters' plight at the recent summit.

Dear editor:

All during the summit meeting in Geneva the 3,000 reporters standing around in the snow kept complaining there wasn't any news to report. Nobody would tell them anything.

I wasn't any closer to the summit meeting than Muleshoe is to Geneva, but I could discover some news.

For example, while TV reporters commented on Nancy Reagan's and Raisa Gorbachev's fur coats, not a one reported on Mr. Reagan's or Mr. Gorbachev's shoes. They both had on brand new ones. A TV shot showed them sitting in front of a fireplace with legs crossed and any alert reporter could have noticed the soles didn't have a single scuff mark on them. They were scarcely broken in. They clearly had just come out of a new shoe box.

The feminists have buffaloed the reporters. Why do they think there's news in women's fur coats but not in men's shoes?

I'm sure you must have noticed that, when outside,

## Three-Way News by Mrs. H. W. Garvin

Mrs. W.E. Latimer from Maple and her daughter, Mrs. Paul Wylie, from Lubbock attended the funeral of Mrs. Latimer's brother, Elmer Locke, in California the past week. Elmer Locke was raised in the community. We wish to express our sympathy to the Latimer family.

\*\*\*\*\*  
The Kindle family all had lunch Sunday in the Bobby Kindle home.

\*\*\*\*\*  
Mr. and Mrs. George Tyson were in Portales Saturday shopping.

\*\*\*\*\*  
Mrs. Adolph Wittner was in Lubbock Tuesday shopping.

Gorbachev wears a hat when at all possible. He's bald. Whereas Reagan never shows up with a hat on. He has what I estimate is the best head of hair in the history of the American presidency.

But here's the most interesting thing I discovered from watching the TV account of the summit. You've no doubt seen politicians, when they're suddenly aware a TV camera is on them, pull their glasses off and stick them in their pocket. I've seen Vice President Bush, various governors and congressmen, state legislators, etc., do this frequently.

Well sir, when Mr. Gorbachev came out of his plane when he arrived in Geneva and realized he was in the full glare of TV cameras, he pulled off his glasses and stuck them in his pocket.

What this demonstrates is

that personal vanity is universal among politicians, regardless of what form of government

they're operating under.

Yours faithfully,  
J.A.

# THANKSGIVING

Have A Happy Day

Another fruitful year is drawing to a close. It is time to count the blessings bestowed upon this land and its people.

We thank Him for the happy times we've been able to share with family and the friendships we've made.

We thank Him for good health and the good things in life.

We thank Him for the food on our tables and for the beauty around us.

We thank Him for the laughter, the difficult times that have helped us grow and for all the blessings we have received in the past year.

So let us join in the tradition of the early pilgrims and give thanks this

## Count Your Blessings...

Yes, we have many things to be thankful for — such things as family, home, health, and a nation with privileges and opportunities that no other has ever known, a nation founded by men who wanted freedom to worship God. We are a nation of churches. These churches have freedom to spread the Gospel, and give thanks to God for all of our blessings. Attend church regularly where you worship God and give thanks for His wonderful love.

1. Family
2. Home
3. Health
4. Church

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

## Several Key Games To Wind Up Season

At the conclusion of every football season, we talk about tradition in rather sentimental and hushed tones- about teams that meet every year in traditional games. But these traditional rivalries are not only nightmares for forecasters, but can be cataclysmic for post-season bowl selectors. The bowl teams have already been picked, but, "traditionally," anybody can win- frequently anybody does. Oklahoma-Nebraska, Penn State- Pittsburgh, U.C.L.A.-U.S.C., Washington-Washington State, Arizona-Arizona State, Michigan-Ohio State, Kentucky-Tennessee, to name just a few in Division I-A, were all played last week. But there are a few left for the final two weekends such as Georgia-Georgia Tech, Army-Navy, Florida-Florida State, Alabama-Auburn, Texas-Texas A&M, and Oklahoma-Oklahoma State.

Alabama, 7-2-1. and Auburn, 8-2, meet in Birmingham, and Tennessee host Vanderbilt, bringing down the curtain on the Southeast Conference season. In last year's finales, the Crimson Tide surprised the Tigers 17-15, and the Vols won their seventh game of the season, beating Vandy 29-13. Favorites Saturday: Auburn and Tennessee.

Georgia holds a 10-game lead

in its traditional season-ending series with Georgia Tech. The Bulldogs have won 42 and lost 32, and there have been five ties. The Yellow Jackets surprised last year, beating Georgia 35-18. This year, Georgia.

Last fall, Army whipped Navy 28-17 in the game that both academies think of as their entire season. It was the first Black Knight win over the Midshipmen since 1977. This year Army's season reached a peak in mid-October with a 45-14 win over Boston College, the Cadets' fifth straight win. Losses to Notre Dame and Air Force, even with an 8-2 record to date, dampened the enthusiasm somewhat. Navy started slow, losing its first three games, before winning three of the next four. The Middies' record, 3-7. We favor Army to win its second successive "entire season."

The person I am writing  
about has many good qualities.  
He has leadership and the  
wisdom to use this ability. He  
has always been loyal and  
understanding to his friends,  
family, school, and extra activi-  
ties. He is an honest, trust-  
worthy person who is pleasant  
to be around. He is always  
courteous to the people around  
him and shows respect for  
authority. I have known him for  
many years and I feel with  
these qualities, he is going to

Loy has several qualities  
which makes him a great  
leader. The most outstanding  
quality is love. He expresses  
great compassion for the people  
around him. Loy shows his love  
for his family and friends each  
day by the little things he does  
for them. He expresses his love  
the most to his sweet girlfriend.  
He is gentle and kind to her  
because of the bliss that she  
brings him. Loy is also a smart  
student. He uses his skills  
wisely to obtain his ambitions.  
Loy has the courage to go out  
and do the best he can every  
Friday night even if he knows  
they do not have much of a  
chance. He has pride in his  
team and school. He continues  
to keep his head up and have  
faith in his next game. Loy will  
always be considered a leader

as a graphic design major at  
Eastern New Mexico University

Michael talked about his current  
classes, the expectations of his  
instructors, the difficulty of  
college life, and the responsi-

class. He brought with him  
examples of his work in

## Kristy Landers

Kristy Landers' keen per-  
sonality has many unique qual-  
ities. She is intelligent in her  
academic studies and wise in  
the way she deals with people.  
Kristy exhibits true compassion  
when someone is terribly dis-  
tressed, and she tries to help  
them in any way possible. She  
is very understanding and  
helpful to her classmates and  
friends. She has always been  
well-respected and accepted by  
her peers. I personally feel  
great admiration and envy for  
her because of her many  
abilities and talents. She is  
often a healthy influence and  
motivator for me. Kristy has  
outstanding morals which add to  
her keen personality. She is  
honest and responsible. She set  
high goals and then strives very  
hard to achieve them. If she  
fails to succeed, she does not  
quit, she keeps trying. If she  
succeeds in fulfilling her ambi-  
tions for college and her career,  
she will be a great leader for  
future years.

### Grief

*Grief*  
Death can happen so suddenly  
It takes you by surprise  
And it can really hurt.  
Grief can bring a family  
together.  
Not to celebrate,  
But to mourn.  
Mourning can bring teary eyes  
and sorrow to each friend,  
It makes things so black.  
Since death is no unexpected,  
It makes you feel helpless.  
Death is so tragic,  
There seems to be no solution.  
Time is the only cure  
Because time heals all wounds.  
But sometimes it takes lots of  
time  
To heal a broken heart.

## SCAC Honors Inez Bobo

The Student - Community  
Action Club, at its regular  
monthly meeting, honored Mrs.  
Inez Bobo as the Citizen-of-the-  
Month for November. The  
meeting was held in the home  
of Debbie Isaac, on Thursday  
night, November 21. Loy  
Triana, SCAC president, asked  
Mrs. Jean Allison, sponsor, to  
introduce Mrs. Bobo and tell of  
some of her activities. Mrs.  
Allison's statements revealed  
that Mrs. Bobo is greatly  
admired by the students be-  
cause she always supports  
school functions by attending  
the dinners, plays, football  
games, etc. Through her partici-  
pation, she maintains a lively  
interest not only in the com-  
munity but in the young people.  
Mrs. Bobo is very active in the  
First Methodist Church, where  
she has been a long-time choir  
member. After the introduction,  
Mrs. Bobo expressed her sin-  
cere appreciation for this tribute  
and said that there was no  
group she would rather be  
honored by than the SCAC  
organization. The president then  
presented Mrs. Bobo a con-  
gratulatory card signed by club  
members and sponsors and the  
treasurer, Stacy Smith, pinned a  
beautiful corsage on Mrs. Bobo  
in appreciation for her fine  
example.

On behalf of the fund-raising  
committee, the chairman,  
Meischelle Logsdon, introduced  
Mr. Kenneth Precure, who  
explained some aspects of  
sponsoring a talent show as a  
fund-raising project. He men-  
tioned the possibility of a  
recording session for the winner  
of a talent show. The club  
members then voted to sponsor  
a talent show, which is to be  
held after Christmas as a means  
of raising money for the Mule-  
shoe Heritage Foundation. De-  
tails will be discussed and  
brought back to the club from  
the fund-raising committee.

Triana in introducing high  
school principal Wayland  
Ethridge, noted how fortunate  
students of MHS are to have a  
principal who is always ready to

listen and to help students in  
many different ways. Mr.  
Ethridge, who was SCAC Septem-  
ber Citizen-of-the-Month, com-  
mended the SCAC group for  
the contributions they are  
making in the community and in  
the school. He noted that it is  
heartwarming to see a group of  
students who are dedicated to  
improving relations between the  
school and community. He also  
commended them for their work  
with the Muleshoe Heritage  
Foundation and the part they  
have played in saving the  
Muleshoe depot. Ethridge pre-  
sented some ideas for projects  
to further help the school and  
community.

A Citizen-of-the-Month for  
December and January was  
selected and will be revealed at  
a later meeting. The December  
meeting will be held in the  
home of Adena Lindt, date to be  
announced. Members voted to  
bring a toy as a gift exchange  
and toys to be donated to the  
"toys-for-tots" project.

After the meeting was ad-  
journing, refreshments were  
served to members and guests.

## Lisa Black Chosen Sweetheart

To be selected FFA Sweet-  
heart is one highlight of a girl's  
high school years, and Lisa  
Black is this year's recipient of  
this honor. Lisa, a junior  
student at MHS, is the daughter  
of Ronnie and Donna Black and  
has attended Muleshoe schools  
since kindergarten.  
Lisa is an active participant  
in FFA and this year plans to  
show lambs, a steer, and hogs  
in forthcoming livestock shows.  
She has also served as varsity  
cheerleader for 1985-86 and  
puts her "vim and vitality" to

work as an active member of  
the junior class.

When asked about her feel-  
ings concerning the agricultural  
situation in America today, Lisa  
commented, "I can be an  
ambassador for agriculture  
wherever I go. My family has  
depended on agriculture for its  
livelihood for many generations,  
so I know the joys and  
discomforts of agricultural life  
and hold an inborn fondness for  
it." She also offered a special  
word of thanks to all of the FFA  
students who voted for her as  
their sweetheart.
