

FDR Calls In Top Men To Talk Plane Output

Army Air Corps Chief To Tell War Cabinet Of Europe Conditions

By The Associated Press
WASHINGTON, May 6.—President Roosevelt called in top flight men from his cabinet and the Army and Navy today to discuss stepping up the production of big bombers.

He also designated Major General James H. Burns as an assistant to Harry L. Hopkins to handle much of the detailed work under the British aid bill and in another step directed the secretary of agriculture to set up a special division to handle work previously assigned to the agricultural division of the defense commission.

Mr. Roosevelt, who asked Secretary Stimson last night to obtain a "substantial increase in heavy bomber production," followed that up today by calling in the conference along with Stimson, Secretaries Hull, Morgenthau and Knox; General George C. Marshall, chief of state of the army; Admiral Harold R. Stark, chief of naval operations; Harry Hopkins, supervisor of the lease-lend program; and Major General H. H. Arnold, chief of the army air corps.

Reported To Hopkins

Arnold has just returned from England and made a preliminary oral report to Hopkins. Today's conference was to provide an opportunity, White House officials said, for Arnold to give a "full and complete report" to all members of what in some quarters has been called the "war cabinet."

The White House said a major purpose would be to consider the needs as outlined by Mr. Roosevelt in his letter to Stimson, of increasing the output of his bombers "with all possible speed." It was reported his goal is 500 heavy bombers a month.

Authoritative reports were that Roosevelt called for 500 long-range, four motor bombers a month—an output at least ten times greater than at present. Heavy bombers in such quantities, it was said, would be an offensive weapon which the Axis could not meet.

Th President's instructions recalled the recent appraisal which William S. Knudsen made of the value of heavy bombers.

"If we had 2,000 of that type now," the OMP chief said of one four-motor bomber, "we could fix things up over there."

Two new assembly plants for heavy bombers, however, already are under construction at Tulsa, Okla., and Fort Worth, Texas, which will turn out 50 pieces each month beginning some time this fall.

Turkey's Offer To Mediate Iraq Fight Bogs Down

LONDON, May 6—(AP)—Turkey's offer to mediate the British-Iraq fight and Egypt's appeal to the Iraqis to seek terms peaceably were sidetracked today in favor of a hard-hitting military campaign in the oil-rich Middle East kingdom.

As Britain's land and air forces stepped up their efforts to subdue what the British termed the "illegal" regime of Premier Rashid Ali Al Gailani, some sections of the London press called for results and took a critical view of the government's handling of Iraq relations. The Daily Herald described the diplomatic prelude to the outbreak of fighting last Friday in Iraq as "the latest example of inadequate British methods" and said there had been "either complacency or incompetence somewhere."

A communique last night, told of raids elsewhere with blazing machine guns and the thunder of bombs, reported heavy attacks on Iraq artillery which had been shelling the British air base at Lake Habbaniyah, and said the RAF, largely through attacks on air fields, had put out of action "the greater part of the Iraq operational aircraft."

The Traffic Cop

If you are driving down town and some one backs out of a parking place, please stop and let them out. You have tried backing out when several cars were behind you and have had to wait quite some time to get out. I know that you just wanted to put the gears in reverse and see how hard you could hit the cars behind you. Just be courteous and stop.

Rixse Is Highest Well In Abell On Simpson Sand Top

By Frank Gardner
Oil Editor

Highest top of Simpson pay sand thus far encountered in the Abell Ordovician pool of Northern Pecos County was credited to George T. Abell, of Midland, and associates No. 1 E. J. Rixse, test one mile northeast of the discovery producer.

With elevation of 2,382 feet it went into the sand body at 4,985, corrected by steel line measurement from 4,983 feet, and drilled two feet of saturated sand from that point to 4,975 feet, the present total depth. Operators have landed 7-inch casing at 4,975 feet and cemented it with 400 sacks. The well now is standing idle while cement sets. Abell stated here today the prospect will be cored ahead after plug is drilled and that heavy mud will be circulated to prevent a blowout.

Magnolia Petroleum Company No. 1-B Markey Heirs, one-quarter mile northwest of the discovery, is reported to have swabbed dry through 2-inch tubing set at 5,400, two feet off bottom. It is showing a slight amount of salt water and testing is still in progress. Some have advanced the theory that casing might be leaking.

Stanolind Oil & Gas Company No. 1 Conry-Davis Unit, four-mile east outcrop to the Abell pool, this morning was drilling below 4,645 feet in dolomite. Core from 4,610-28 returned 18 feet of barren dolomite streaked with anhydrite and lime while that from 4,628-40 returned 10 feet of dry dolomite streaked with shale and anhydrite, with a little chert also present. Perforations Sealed Off.

Perforations in 5 1/2-inch casing from 6,575 to 6,710 feet were squeezed off with 15 sacks of cement in Magnolia No. 1 N. B. Teague, Northern Martin County wildcat, and operators are conditioning hole preparatory to taking strain on the casing to determine how high cement has risen around the pipe. Yesterday, the test had shown only salt water when swabbed down 5,000 feet from the surface.

In Northwestern Andrews County Mascho Oil Company of Midland No. 1 M. M. Fisher is drilling at 3,200 feet in anhydrite. Farther west and slightly north, Mascho No. 1 University had reached 1,125 in red beds. Phillips Petroleum Company No. 1 University-Andrews, deep test in Southern Andrews, is reported drilling line at 7,674 feet. Dune Producer Completed.

At the Refining Company No. 1-17-30 University, in the Dune pool of Eastern Crane County, flowed 87.67 barrels of 35.5-gravity oil per day upon completion at 3,300 feet. It had been shot with 460 quarts in pay zone entered at 3,147 feet. Gas-oil ratio was 467-1.

Gulf Oil Corporation No. 1-P University, Eastern Crane deep prospect, is swabbing fluid 6,600 feet from surface. It recovered 132 barrels of fluid in the last 24 hours. Fluid is mostly waste water, with a slight percentage of oil present. The well is bottomed at 10,658 1/2 feet in Ellenburger, lower Ordovician, dolomite.

Gulf No. 21 W. N. Waddell et al., one-half mile east extender of the Tubb deep Permian area of the Sand Hills pool in Western Crane, flowed 106.26 barrels of 34.4-gravity crude in one hour, with gas volume of 1,222,000 cubic feet and ratio of 653-1. In order to obtain a test of treatment. The initial acid job is slated for today and probably will be with 5,000 gallons. Total depth of the producer is 4,578 feet in lime.

Delaware Well Shows Oil, Gas.

Kenneth Slack No. 1 Pat Wilson, Delaware prospect in the Quito area of Western Ward County, is cleaning out 100 feet off bottom after shooting with 100 quarts from 5,023-43 feet. Total depth according to shooter's line, is 5,057 feet, about 27 feet in the Delaware sand. The well is reported flowing an estimated 25 to 30 barrels of oil daily and from 300,000 to 400,000 feet of gas.

Gulf No. 6 Wristen Brothers, second producer in the Shipley Silurian pool of Southeastern Ward, still is awaiting nitro to shoot. Total depth is 7,080 feet in lime and the well already has been acidized with 15,000 gallons, flowing 195 barrels in 12 hours on last test. Operators will run shot tomorrow with a delayed action bomb scheduled for explosion Saturday. The shot will be tamped with cement plug.

Lion Oil Refining To Open Midland Offices

The Lion Oil Refining Company of El Dorado, Ark., will open offices here. R. H. Walkouts At Three Detroit Plants Stop Production Of Defense Tools

By The Associated Press

A strike by members of the United Automobile Workers (CIO) Union this morning closed three plants of the Ex-Cell-O Corporation at Detroit and stopped work on tools ordered for defense purposes.

Federal Conciliator L. E. Rye said that more than 95 per cent of the firm's tool-making production was devoted to defense contracts. He estimated that the work stoppage affected 3,000 men.

The union demanded a 10-cent hourly wage increase. A tentative settlement, reported to include a five-cent wage increase, was approved by the union president but the members rejected it, and ordered the strike last night.

The defense mediation board today renewed its efforts to avert strikes against General Motors Corporation and the Minneapolis-Honeywell Company while labor department conciliators attempted to settle a strike involving 1,400 bus drivers and other employees of the Pennsylvania Greyhound lines.

Union demands for a closed shop and wage increases figured in the bus strike and General Motors dispute, with union recognition reported to be the chief demand of CIO employees of the Minneapolis-Honeywell Company.

Police Chief States Force 'Will' Enforce Traffic Regulations

City officers broke up a fight at a dance in the Mexican section of the city last night and arrested two men.

A Midland negro woman was fined today in city court for operating a motor car with defective brakes. She was involved in a minor auto crash Saturday.

Two San Angelo men were fined for operating a car with defective license and for having no operator's license.

A Midland-Big Spring woman was fined \$50 for violating the law of the road.

Chief L. P. McCasland said: "Midland now has its new traffic ordinance. We officers mean what we say when we promised to be alert and vigilant for traffic violations. We will not tolerate continued offenses and repeated violations. It is your ordinance. You voted it. Now keep it. We are pledged to enforce it and we are going to do it."

Names Miss Linebery Midland Sweetheart

Selection of Miss Edna Earl Linebery, daughter of Mr. and Mrs. T. F. Linebery and member of the high school senior class, as the Midland sponsor to the West Texas Sweethearts Revue at the Mineral Wells convention of the West Texas Chamber of Commerce, May 15-16, was announced today by Chamber of Commerce officials.

The West Texas Sweethearts will be presented during the national defense program at the convention hall Thursday night May 15. There will be no contest. The Sweethearts will sit on the stage and will be presented during the evening's program.

Miss Linebery, drum major of the high school band, has represented Midland on numerous occasions and last year was the Midland sponsor to the West Texas Chamber of Commerce convention in Big Spring. She also represented Midland as its queen at this year's Southwestern Sun Carnival at El Paso.

FHA Asks Increase Of Billion Dollars

WASHINGTON, May 6—(AP)—Federal Housing Administration officials urged the House Banking Committee today to extend for three years beyond July 1 their authority to make loan and to authorize a \$1,000,000,000 increase in the \$4,000,000,000 limit on mortgage insurance the agency might guarantee.

Kansas Signs Oil Compact Extension

TOPEKA, May 6—(AP)—Gov. Ratter signed the interstate oil compact today, completing Kansas' action on a two-year extension of the agreement.

The Oklahoma governor already has signed the extension agreement. It now goes to executives of Texas, Louisiana, Illinois, Arkansas, Colorado, New Mexico and Michigan.

Man Pleads Guilty, But Court Overrules

A Midland man, pleaded guilty in justice court for disturbing the peace.

But Justice of the Peace B. C. Girdley after hearing evidence found the man "not guilty."

Explaining his verdict, Girdley said "the man thought he was guilty and pleaded so but I found he was not guilty."

British And German Air Forces Trade Series Of Violent Blows

Pepper Advocates Occupations By Two Democracies

WASHINGTON, May 6—(AP)—Declaring that "it is time for the United States to get tough," Senator Pepper (D-Fla.) urged today that this nation, in cooperating with Great Britain, occupy Greenland, Iceland, the Azores, the Cape Verde and Canary Islands, Singapore and Dakar, West Africa.

Pepper's "get tough" program also carries these recommendations:

That the U. S. and British navies "join openly" in the Pacific "to shut up the Japanese fleet in its lair" and

That long-rang bombers, manned by American pilots enlisting voluntarily, be made available to China. "A few bombers flown by American pilots wouldn't leave enough of Tokyo to build a bonfire," he commented.

The Florida Senator, consistent administration supporter and early advocate of aid to Britain, said in a speech prepared for Senate delivery:

"We must stifle threats against us near their source. We have already waited too long. If we continue a pussy-footing policy the force will not fear us and our friends will not respect us."

Hore-Belisha Attacks Foreign Secretary In Address To Commons

LONDON, May 6—(AP)—Foreign Secretary Anthony Eden told the House of Commons today that the sooner United States war materials reach the battlefield of Asia, Africa and Europe the sooner the war will end.

He expressed faith that Turkey would stand by Britain and he told Arab peoples, including the Iraqis, to beware of an Axis victory.

During his review, which opened the government's statement in full dress debate on the conduct of the war, a heckling member interrupted Eden's reference to United States aid with: "Let us do a bit ourselves."

Eden promptly retorted he was "presupposing maximum effort of ourselves and the United States of America."

Government critics, among them Leslie Hore-Belisha, rose to attack Eden's long review.

"Now that events are going against us, I trust temporarily," Hore-Belisha said, "there is a tendency to minimize their importance, to distinguish them from what is happening in the Atlantic."

Winters Youth Wins Contest

Weldon Huntsman, Winters high school sophomore, won the "My Home Town" speaking contest of consolidated districts 6, 7, 8 and 9 here last night and the right to compete in the contest at the West Texas Chamber of Commerce convention in Mineral Wells, May 15.

Margaret Ann West of Midland was second among 11 speakers from as many cities contesting last night. She is alternate.

Other speakers were: Marylee Killmer, Pecos; Mary Carl, Del Rio; Paul Wilson, San Angelo; Jim Hodges, Menard; Lois Murphy, Odessa; Orrison Lee Utley, Balmorhea; Ruby Lee Harrell, Big Spring; and Rose Nell Tom, Andrews.

School Superintendent W. W. Lackey presided. Judges were from Midland, Big Spring and Odessa. The five minute talks were judged for subject matter and delivery.

Midland Theater Elects Officers

An annual election of officers was held at a meeting of the Midland Civic Theatre, Monday night at the Phillips building.

Officers named were: President, Mrs. Susie Graves Noble; vice-president and business manager, Walter Wilkinson; secretary, Mrs. J. M. Armstrong; treasurer, Oliver Haag; librarian, Mrs. J. A. Deffeyes.

With the aforementioned, ex-officio members, the following are directors: Mrs. N. A. Lancaster, Mrs. Clarence Scharbauer, Mrs. J. Howard Hodge, Mrs. William Y. Penn, J. J. Black, U. A. Hyde, Jack Harrison.

Miss Stella Mae Lanham was appointed chairman of the committee on arrangements for Civic Theatre Week, with these assistants: Mrs. Frances Kingdon, Stefan Leach, U. A. Hyde, and C. G. Cooper.

It was decided members of the theatre organization would attend dancing classes being conducted in the city.

Civic Theatre Week will open June 2. A full week of activities sponsored by the organization, including a dinner and square dance, will be highlighted by the mile-of-dimes campaign for its workshop building fund. Miss Elma Graves is chairman of the drive.

Theater President

Mrs. Susie G. Nobles, Midland County clerk, was elected president of Midland Civic Theatre for the next season at a meeting last night of the organization. She takes the place of Mrs. N. A. Lancaster.

Crash Kills J. E. Simmons

OZONA, May 6—(Special)—J. E. Simmons, about 34, of Midland, geologist of the Continental Oil Company, was injured fatally in an automobile accident near here this morning. His car crashed into a bridge. He died at 12:20 o'clock before an airplane arrived from San Angelo to transfer him to the hospital.

Physicians said he suffered broken legs and possibly a fractured skull.

C. E. Vertrees of the Continental Company and Mrs. Simmons left Midland for Ozona immediately after receiving word of the accident.

Meanwhile, an airplane and a physician, Dr. J. Walton Sessums, hurried from San Angelo to get the geologist. He died about ten minutes before they arrived.

Besides his widow, Simmons is survived by a child.

House Republicans Fail To Force Vote On Convoy Question

WASHINGTON, May 6—(AP)—House Republicans sought and failed today to force an immediate vote on the question of whether the United States should convoy shipments of supplies to Great Britain.

Rep. Bradley (R-Mich.) said that he and others had planned to offer an "anti-convoy" amendment to a pending bill which would authorize President Roosevelt to take over idle foreign-flag tonnage for national defense but had been informed that a parliamentary technicality blocked their attempt.

Nevertheless, the convoy question remained uppermost in debate on the bill to permit diversion to commerce and defense purposes of 83 foreign ships, including 2 German and 26 Italian vessels. Republicans contended that the possible transfer of the Axis vessels to Great Britain would constitute "a clear act of war."

To avoid such a step, they decided to sponsor a provision which said that such flagships "shall not be turned over to any nation now at war or used for the purpose of promoting their objectives."

RAF Raids Rhine's Industrial Centers; Nazis Pound Island

By The Associated Press

Germany's Rhineland felt the scourge of a "made-in-England" blitz today—a series of raids in which RAF bombers reported attacks on Frankfurt-Am-Main, Mannheim and other Rhine industrial centers as well as on the Nazi-held French coast.

A Berlin announcement said the RAF bombed the ancient German university town of Heidelberg, known for its student duels, and hit academic and hospital buildings.

The British, omitting mention of any assault on Heidelberg, said "a great weight" of high explosive bombs was rained on Mannheim, while other RAF raiders attacked the channel ports of Boulogne and Cherbourg.

The Germans said RAF bombs were directed at unspecified "well-known" resorts in Southern and Southeastern Germany, and declared that military objectives were nowhere hit.

Hitler's Luftwaffe countered with equally violent raids on the British Isles, striking again at Belfast, the capital of Northern Ireland, where 79 deaths were reported in Sunday night's raid, and fiercely attacking Scotland's vast Clyde River shipyards which stretch from Glasgow to the sea. Liverpool's Merseyside docks were raked by bombs for the fifth consecutive night.

Acknowledge Damage

A British statement acknowledged that the Germans, hitting in "large-scale operations," inflicted "much damage" and that the toll of dead and wounded was expected to be high. A single direct hit on a Belfast shelter claimed 12 lives, it was reported.

As an aftermath of the battle of the Balkans, the Axis powers began taking over Greece's islands.

Hitler's high command announced occupation of Lesbos and Chios islands in the Aegean Sea, only 10 miles from the Turkish mainland.

The Italians announced occupation of six islands in the Kyklades (Cyclades) group, adjoining Italy's Dodecanese Archipelago in the southern waters of the Aegean—the islands of Anaphe, Ios, Thera, Naxos, Amorgos and Paros.

Premier Mussolini's high command said a new British attempt to break through Axis forces in the month-old siege of Tobruk, Libya, was repulsed "thanks to prompt action by valorous Italian and German troops, who inflicted extremely grave losses on the enemy."

Battalion Goes On Day Mission

A daylight mission today followed last night's practice by the Provisional Searchlight Battalion as it speeded up maneuvers here to utilize favorable weather.

Another good practice was held last night. Three target ships flew the courses and were picked up by searchlights.

The daylight mission today involved training for "listening" technicians. One plane was used.

Battery A of the 211th C. A. was detailed to Odessa today to participate in a parade.

Light planes will go on at 8:45 p. m. tonight. The time having been advanced because of late darkness.

Hundreds of persons witnessed the work last night from cars, porches of residences, chairs in the yards, and other vantage points. Army officers said they saw many cars stopped along the highway to watch the lights.

Educational Bottleneck

Would you believe that in the United States, dedicated as it is to universal public education, that between 800,000 and a million children of elementary school are not enrolled in school at all?

Senator Elbert D. Thomas of Utah says it is true, and blames the situation on lack of facilities in certain school areas overtaxed by concentration of workers in defense industries or camps.

Senator Thomas wants \$300,000,000 to be appropriated to help out the school districts which may, perhaps, have had ample school facilities in normal times, but which simply do not have such facilities for thousands of children suddenly demanding opportunity for education when defense industries or military camps have drawn them into the area as a result of the preparedness emergency. "For these children," he says, "freedom and opportunity have proved to be freedom and opportunity to grow up in ignorance."

For the future of the country, educational bottlenecks like that are no better than bottlenecks in a munitions plant.

Strong House Group Initiates Drive For Patrolmen Pay Raise

AUSTIN, May 6.—(AP)—A strong House group today smothered a move to cut the pay of Texas Rangers beginning Sept. 1 and then initiated a drive to up the salaries of Highway Patrolmen.

The action came during consideration of the big departmental appropriation bill which was before the lower chamber for the third day.

As sent to the floor by the appropriation committee, the measure proposed a \$2,700 annual stipend for ranger captains and \$2,100 for privates, a \$500 reduction from respective present salaries.

Rep. Charles V. Vansberry's amendment boost in pay in each division \$300 a year was adopted.

While a \$29,000,000 appropriation to pay for state government the next two years topped the House's working calendar today, Governor W. Lee O'Daniel's appointments to state offices again attracted attention in the Senate.

Group Approves Battle

The House departmental appropriation bill, on which the lower chamber worked all day yesterday, exceeded current allocations by \$7,000,000 and dug about \$3,000,000 deeper into state coffers than the Senate's version.

After the governor had submitted a number of nominations to the senate for confirmation, the upper chamber's committee to investigate appointments recommended approval of B. D. Battle as state auditor, Rev. Jeff Davis, Dallas dry leader, as chairman of the liquor control board, and a number of others.

The committee recommended confirmation of Highway Patrol Captain John D. Reed of Wichita Falls as labor commissioner to succeed Joe Kunschik of Austin, rejected upon renomination, and Tom M. Lasker of Palfurris as a member of the livestock sanitation commission. The Senate had turned down J. Everetts Haley of Houston for the livestock post.

Others approved by the committee were:

Dr. Thomas T. Taylor of Brownwood as a member of the state board of public welfare.

Texas Streams Are Subsiding

By The Associated Press.

Rampaging streams of Texas, fed into torrents by rains of the past week, were reported subsiding generally today.

Forecasts were that fair weather would prevail over the state.

Flood waters of the Guadalupe Valley were expected to recede before the end of the week. The river was falling at Gonzales but was on a slight rise at Victoria where the gauge showed 28.7 feet, more than seven feet above flood stage.

However, the stream was expected to begin falling today.

The Nueces at Three Rivers was still above flood stage but little damage was anticipated.

No floods are threatened on the Colorado river from Ballinger to Columbus.

Mrs. Kolar, riding in the car with him at the time of the accident, near Eunice, N. M. was only slightly injured.

Mr. Kolar was a pioneer undertaker of Pecos, and Wink. Several years ago he established an undertaking parlor in Hobbs. He came here from Illinois. It is expected the body will be sent there for burial.

He is survived by his widow, and one daughter, Mrs. Justin Stein, of Oak Park, Ill.

Dallas Crowd Lauds Newspaperman's Play

DALLAS, May 6.—(AP)—The premier of "We Are Besieged," a first play by Sam Acheson, Dallas newspaper man, was presented last night under the aegis of the Dallas Little Theatre before a large crowd which vociferated its enthusiasm.

John Rosenfield, Dallas news drama critic, applauded the three-act play despite what he described as its occasional technical lapses, asserting that "in the confused midst a peck of forthrightness is worth a bushel of technique."

Acheson, who during 16 years service with the Dallas News, has written several historical works on Texas, is concerned in his play with the defense of the Alamo, which Rosenfield termed "wonderfully brave, not a little foolish."

Governor's Decision Is Main Question In Senatorial Campaign

By The Associated Press.

Rushing along like a river at flood, the turgid Texas senatorial race lapped around the statehouse today.

And the big question was, would Gov. W. Lee O'Daniel jump in?

Supporters of the governor insisted he was the man for the job, but few of them appeared to know whether he would seek it.

A complicating factor was the entry into the race of Hal Collins of Mineral Wells, long a confidant of the governor. Would Collins seek the vacancy left by the death of Morris Sheppard without O'Daniel's nod?

The campaigns of the other candidates were gaining momentum.

Form Mann Clubs. Headquarters of Attorney General Gerald Mann were organizing "Mann's the man" clubs throughout the state.

Rep. Martin Dies, basing his bid on a plea that he be given wider scope for the campaign against un-American activities which he has waged in Congress, yesterday called for unity in labor in a talk to a conference of the International Stereotypers and Electrotypers Union at Austin.

Rep. Lyndon Johnson, whose candidacy is reputed to have the blessing of President Roosevelt, told Baylor University students at Waco that if it becomes necessary for him to vote to send the youth of America to war he will himself join them on the battle line.

Delphian Chapter Holds Quarterly Coffee And Program At The Home Of Mrs. Charles L. Klapproth Today

Party Appointments
Feature A Patriotic
Red, White, Blue Theme

Red, white, and blue were emphasized in a patriotic color scheme in appointments for the quarterly coffee of the Delphian Chapter held at the home of Mrs. Charles L. Klapproth, 1011 W. Texas, this morning at 9 o'clock.

Red verbenas and blue and white lupin decorated the coffee table, with the pottery service repeating the tri-colors. The patriotic colors were also reflected in the refreshment course.

Mrs. Earl Chapman poured coffee. Mrs. Geo. Grant, president, Mrs. S. H. Hudkins, and Mrs. Klapproth were in the receiving line.

Mrs. A. J. Cooper was general chairman for the coffee, with Mmes. W. L. Simmons, F. D. Breedlove and Joe Norman on her committee and Mrs. K. W. Haley chairman of the foods committee.

The morning's program was taken from the Delphian quarterly magazine, with Mrs. C. M. Linehan as leader. Assisting her were: Mmes. O. F. Hedrick, Haley, Grant, Chapman, Hudkins, and P. F. Kasper.

Mrs. Grant was presented with a crystal vase inlaid with silver as a gift from the chapter in appreciation of her services as president.

Guests present were: Mesdames John E. Pickering, John Casselman, Sam Preston, N. B. Larsh, Clarence Ungerman, C. L. Chase, Drexyle H. Turner, L. E. Haynes, Paula Vogel, W. P. Knight, E. E. Reigle, J. Webb Miller, and J. M. White.

Members attending were: Mmes. Linehan, Fred Wemple, R. M. Barron, A. E. Lynch, Hedrick, Joe Norman, Ralph Trossett, Hudkins, Grant, Chapman, Haley, Simmons, Cooper, Kasper, and Klapproth.

Auxiliary Elects New Officers; Hears Guest Speaker

Election of officers for the new year and a program talk by the Rev. T. J. Sloan of Houma, La., were highpoints of the meeting of the Episcopal Auxiliary at the home of Mrs. James N. Allison, 1606 West Texas, Monday afternoon.

Officers elected were: President, Mrs. R. W. Hamilton; vice-president, Mrs. R. M. Turpin; secretary, Mrs. Chappell Davis; treasurer, Mrs. Tom Nance. These will take office immediately.

Mrs. Don Sivals, retiring president, presided at the meeting which was attended by about 25 women.

A social hour followed the business session and a refreshment course was served.

Dessert-Bridge Is Courtesy For Mrs. Schuehle

Mrs. R. G. Schuehle, who has been recipient of a series of farewell courtesies since she is to leave soon for Houston, was honor guest at a dessert-bridge given Monday at 1:30 o'clock by Mrs. J. A. Mascho at her home, 505 Cuthbert.

A variety of outflowers decorated the party rooms.

In the two tables of bridge played, high score prize was won by Mrs. Schuehle who was also presented with a going-away gift, Mrs. Ralph Pitting won travel prize and bingo award.

Present were: The honoree, Mmes. Fitting, J. Alfred Tom, Carl W. Covington, C. G. Cooper, Burl Self, I. E. E. Hod, M. H. McKinsey, and the hostess.

Peggy Charlton Honored With Party On Eighth Birthday

Mrs. B. Charlton, 300 N. Pecos, honored her daughter, Peggy, on her eighth birthday anniversary with a party Monday afternoon.

A profusion of wildflowers and honeysuckle decorated the house.

Streams of red, white, and blue lent a patriotic note to the refreshment table where stood the white birthday cake with its red candles.

Favors were individual bags of candy tied with bows of red, white, and blue. The bows were hairbows and were worn by the small guests.

The guest list included: The honoree, Julia Beth Galbraith, Ann Brown, Doris Brown, Margibeth Carter, Rosalynn Leggett, and Joan Tom.

Patsy Charlton, sister of the honoree, assisted her mother during the afternoon.

Quiet Ceremony Unites Members Pioneer Families

Miss Dee Midkiff
Becomes The Bride
Of Hudson Hanks

Miss Dee Midkiff, daughter of Mrs. T. O. Midkiff and the late T. O. Midkiff of Midland, and Hudson Hanks of San Angelo were married quietly in the First Baptist Church at Odessa, Saturday afternoon at 5 o'clock. The single ring ceremony was used.

Mrs. Ann Brinson, sister of the bride, was the only attendant. The bride wore a black-and-white costume. Her black crepe dress, trimmed with white, was designed with bishop sleeves and distinctive side pockets. Her hat was black and she wore white gloves.

Mrs. Hanks, member of a well-known pioneer ranch family of this area, was reared in Midland and is a graduate of Midland High School. She is employed with the Midland Production Credit Association.

Mr. Hanks, son of the late D. T. Hanks of San Angelo, is likewise a member of a West Texas pioneer ranch family. He was reared at San Angelo. He is now ranching about 35 miles south of Midland.

Mr. and Mrs. Hanks will make their home here.

Seek Higher Loans On Basic Crops

WASHINGTON, May 6—(AP)—Farm-state congressmen seeking to stabilize farm prices in the face of advancing costs for other commodities turned today toward higher loans on basic crops as a substitute for extra, outright appropriations from the federal treasury.

Senators and House members alike agreed that the income on wheat, cotton, corn, tobacco and rice this year would be determined largely by the rate of such loans, rather than the amount of parity payment appropriations.

Senator Bankhead (D-Ala.) said both Democratic and Republican senators had agreed that the government should lend farmers sufficient money on basic crops which are stored rather than sold, to assure the producers an income of 85 per cent of parity. The House already has passed a bill authorizing 75 per cent crop loans.

All Greek Auxiliary Naval Vessels Gone

CANEAU, Crete, May 6—(AP)—The Greek government, recapitulating the fate of its navy in the last days of the German drive through Greece, said today that all its auxiliary vessels—more than 30—had been "savagely bombed and machine-gunned, sinking with the crews."

These ships included minelayers, patrol and escort vessels. Greece's submarines were said to have reached Alexandria, Egypt, where they joined the British fleet.

Twelve Americans Are Missing At Sea

OTTAWA, Ont., May 6—(AP)—Twelve Americans—11 of them plane ferry pilots were listed today among 122 persons reported missing at sea from various branches of the civilian and armed service.

The full list included men from the army, navy, Royal Air Force, Royal Norwegian Air Force, members of the United Kingdom and Canadian inspection board and some civilians.

Congratulations to:

Mr. and Mrs. Mark Dorsey on the birth of a daughter in Western Clinic Hospital, Sunday night. Mrs. Dorsey and baby left the hospital, late Monday.

Mr. and Mrs. Mark Munsell on the birth of a son, Saturday night. The baby weighed 9 pounds 9 ounces.

TO SAN ANTONIO

Mrs. J. A. Mead will leave this week for San Antonio, where Mr. Mead is employed in the airplane mechanical service.

NORTH-SOUTH PAR: Make the contract. 6

This is the last of a series of 16 articles on World Bridge Olympic hands, giving the committee's par.

By Wm. E. McKenney
America's Card Authority.

This was one of the most difficult hands in the Olympic series. Of course, the declarer has no problem at all if the defense does not force him to ruff a heart.

After losing two heart tricks and ruffing the third, declarer takes a round of trumps and discovers the bad break. His first move must be to try to drop the queen of diamonds doubleton, so he cashes the ace and king of diamonds.

When this play does not work, declarer must then cash the ace and king of clubs, discarding a heart from dummy. The three of clubs is then ruffed, establishing a trump trick for East. Now a diamond is led in the hope that East's trumps can be picked up by a smother play. West is forced to win the diamond and finds himself end-played. What ever he leads will be ruffed by declarer with the nine of spades. If East over-ruffs with the ten, South will capture and then ruff the fourth diamond with the eight of spades. If East refuses to cover the nine of spades, dummy simply discards the diamond and lays down the top trumps.

Inman Returns From Red Cross Convention

Curt Inman returned from Washington and a national convention of the American Red Cross. He represented the Midland County Chapter at the national conclave.

Inman said he received instructions providing greater work by the Midland chapter.

Five thousand delegates attended the session at which a talk by Lord Halifax of England was given. Success in getting medical supplies to waiting Europeans was reported at the convention, Inman said.

Hulen Newspaper Praises Midland

The Camp Hulen "Searchlight," official base newspaper of the Provisional Searchlight Battalion published a news story saying "officers and enlisted men are finding the most cordial hospitality and friendliness from the citizens of this prosperous city of West Texas—Midland."

Gestures of hospitality mentioned included: Taxi service between the city and camp; proposed trip to Carlsbad Caverns; honorary membership in the country club; dances and social entertainments.

Permian Basin Association has announced the addition of J. Ed Erwin to its office field staff.

Erwin will do contact work in member cities and confer with tax committees in carrying out the association's tax program.

The new staff member has been in PBA work a number of years. He was executive secretary of the North Texas Oil and Gas Association with headquarters in Wichita Falls. He was staff member also of the Texas Mid-Continent Oil and Gas Association with headquarters in Dallas.

Erwin is a graduate of the University of Texas. His major was journalism, and he was a reporter for the Wichita Falls Record-News.

Three Men To Leave For Army Induction

Three Midland County men will leave by bus tomorrow for El Paso and induction into the U. S. Army to fill a May 7 draft call. They are: David Emory Barnes, Jr., Mannie Leonidas Moore, and Darrell Earl Williams.

Notices to report for induction have been mailed two Midland County negroes, who will fill a May 19 call.

The draft board expects to fill the May 26 call for three white men with volunteers. It met last night to classify more men.

More questionnaires are expected to go out this week as the board acts in accordance with instructions to speed up that type of work.

Reports New Disease At N. T. A. Session

SAN ANTONIO, May 6—(AP)—A disease which resembles tuberculosis and is concentrated in California, but for which no specific treatment has been found, was reported today at the 37th annual meeting of the National Tuberculosis Association, which is being held here through Thursday.

This disease was reported by Dr. O. J. Farness and Dr. C. W. Mills, both of Tucson, Ariz., as being of the treacherous and elusive type. Its treachery was described as being in the way it spreads and in the symptoms.

In addition, the doctors reported, it usually takes from one to two months to recover from the infection. However, Dr. Farness said, if

WPA Benefits Building Producers \$100,000,000

SAN ANTONIO, May 6—(AP)—Producers of building materials, supplies and equipment have benefited to the amount of \$100,450,806 during the past five and a half years as a result of the WPA program in Texas, according to figures released here today by H. P. Drought, state administrator.

Largest single item reported on the WPA program—non-labor expenditures was \$37,715,148 for rental of such equipment as motor vehicles, teams and wagons and construction machinery.

the organism spreads to parts of the body other than the lungs, the disease becomes progressive and about 50 per cent of the victims die.

Dr. And Mrs. Walker Will Sail For Africa

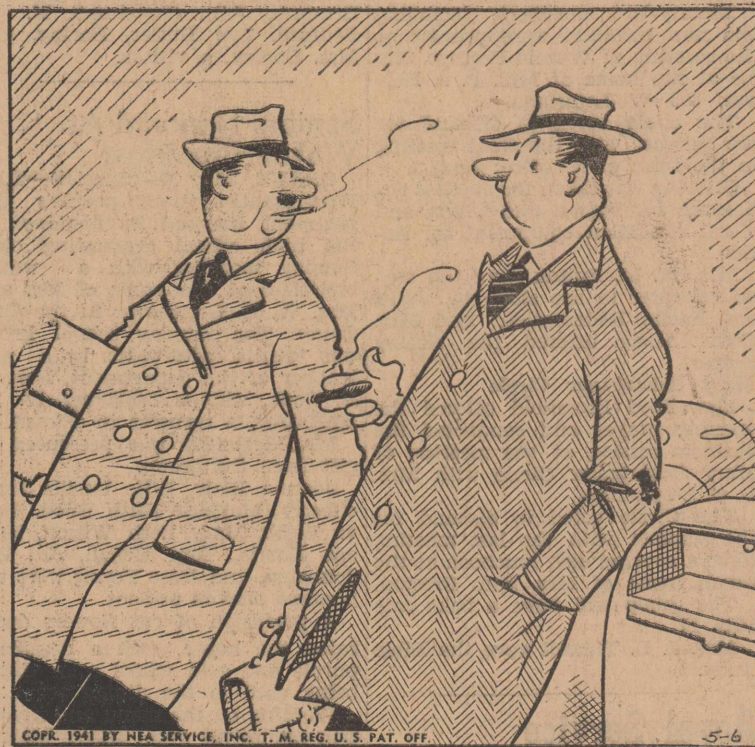

Dr. and Mrs. Glenn Walker and two children will go from Denison, Texas, to New York and sail from there Thursday for Lagos, Nigeria, in Africa, his parents, Mr. and Mrs. R. O. Walker, have been informed.

In Africa Dr. Walker, who is a Baptist medical missionary, will resume his work, chiefly with lepers, at Ogbomosh, about 125 miles inland. Dr. Walker and his family have been in the United States on a year's furlough. They visited here recently.

Drake, Glenn Drake, Jim Baker, and R. O. Vest.

Five breeders, Brooks, Brunson, Baker, Drake, and Vest, will enter eight animals in the county dairy herd contest. Four will enter animals in the production contest.

Flashes Of Life

By The Associated Press.
SHELBYVILLE, Ind. — Warren Carpenter finished plowing a field on his farm with a tractor and discovered he'd lost his billfold and \$97. He got back on the tractor, lined his family up to watch behind and plowed the field again. He didn't find the billfold.

So he took the plow off the tractor, hitched on a cultivator, went over the field a third time. He found his money.

BROWNWOOD, Tex. — It rained not only rain but a dead horse in this Texas town.

A car occupied by two Baptist ministers and a soldier struck the horse during the downpour. The animal was whirled skyward. It crashed through the top of the car into the back seat.

The Rev. O. B. Yancey was treated for a slight head injury.

SALT LAKE CITY—Police Judge Frank E. Moss readily fined himself 50 cents for illegal parking, but—on the back of the ticket he wrote: "Excused. Judge's car. Was holding court."

Halt All Exports Of Machinery To Russia

WASHINGTON, May 6—(AP.)—The United States, it was learned authoritatively today, has halted all exports to Russia of machinery or equipment which can be utilized in defense productions.

The policy was adopted, it was said, despite strenuous Soviet diplomatic efforts to obtain the necessary export permits and despite the fact that some of the machines involved had been ordered and paid for by the Russians months ago.

RFC Chairman May Head Stock Exchange

NEW YORK, May 6—(AP.)—Emil Schram, chairman of the Reconstruction Finance Corp., has been approved by the board of governors of the New York Stock Exchange as the next president of that institution.

Schram would take the post vacated by William Martin, Jr., who left the Exchange last month for a year's service under the selective service act.

Exchange officials were said to be in Washington empowered to come to an agreement with Schram, who was said to have indicated his willingness to take the job.

Stock Market Joins Commodities In Rally

NEW YORK, May 6—(AP.)—The stock market joined commodities today in one of the year's fastest rallying prints.

Paced by rails, oil, steels and specialties, share leaders bounded up as much as 2 or more points, many to new highs for the past several months.

There was a slowing of dealings in the final hour but transfers for the full proceedings were around 950,000 shares, or more than double yesterday's volume and the second best turnover since Dec. 31, last.

Stocks posting peak quotations for 1941 included Santa Fe, Atlantic Coast Line, Southern Pacific, Standard Oil of California, Indiana and New Jersey, Panhandle Producing, Ohio Oil, Socony-Vacuum, Pure Oil, Mid-Continent Petroleum, and preferreds of Nickel Plate, Pere Marquette and American Car and Foundry.

SERIAL STORY

BY OREN ARNOLD

YESTERDAY: When Carolyn reaches Blair, Bob has already landed safely, is searching for her. Together they store the X-999 deep in the mountain. Carolyn is happy in her work, but knows that Leana has not given up. She will strike again. But Carolyn has to stay on the job. To run away would leave Bob helpless, alone.

LEANA AWAITS CHANCE

CHAPTER XX

DURING the six weeks that followed Carolyn's sensational arrival in Arizona, life settled into an oddly contrasting and beautiful routine. It was as if the frenzied troubles had all passed away with that midnight rainstorm, leaving the skies both figuratively and literally blue.

Carolyn had telephoned her mother, and Mrs. Tyler, happily excited in her own right now, had packed their trunks and personal effects to follow west. It was a big change in her life. It subtracted years from her countenance.

They decided to take her mother into partial confidence, explaining that the "chemical substance" was hidden in the abandoned Copper King Mine shaft only because it was valuable and "dangerous" to persons who wouldn't handle it properly. They did not tell her just how terrifically great it was in explosive power, lest she be uneasy.

"It is a mighty big mountain for a laboratory," Mrs. Tyler gazed at Tonto Peak in awe.

Dr. Hale nodded. "About 8000 feet. Odd formation, really. Note the bald, perpendicular spot on top—that's a granite face. Left half the mountain, seen from here, is almost solid rock. Other half, you'll note, had up-ended strata, loose shale and all manner of stuff. There are several beautiful old trails, Mrs. Tyler, I shall order a very gentle horse for you."

MRS. TYLER appreciated his thoughtfulness. The more she saw of Dr. Robert Hale, the better she liked him. She couldn't blame her impressionable daughter for being a little bit "foolish" about such a man. A young girl is likely to idealize any gentlemanly gentleman, wise Mrs. Tyler knew. On the other hand, Carolyn was singularly mature, not given to flighty fall-in-love impulses.

Carolyn saw Leana Sorni only when chance or circumstance required it, as when in Bob's presence. The two women would speak with at least surface courtesy, but never actually converse.

Leana had been installed in a rather luxuriously fitted three-room cabin and had her private caretaker and cook, a trained Hopi Indian woman.

Wool
BOSTON, May 6—(AP.)—(U. S. Dept. Agr.)—Domestic wools were receiving a very moderate demand today. Fine territory wools in original bags were bringing around \$1 to \$1.03, secured basis, for average to good French-combing length. Combing three-eighths and quarter-blood bright fleeces were bringing 44 to 46 cents, in the grease, delivered to users. South American wools of fine and half-blood grade were selling quite freely at steady prices.

Todd Turns Back Hammett To Win Odessa Tourney

Harry Todd, Dallas, won the annual Odessa invitation golf tournament yesterday, defeating J. T. Hammett, Cisco, 8 and 7. Faircloth of Monahans won over Jimmy Russell, Odessa, 3 and 1, in the championship consolation flight. Todd toured the Odessa course in 66 for the morning 18 holes and was under par in the afternoon. He will enter the National Open in Fort Worth.

The Dallas ace will team with Gaither Nowell, Midland pro, to play Shorty Hornbuckle and an Odessa partner, in a special match at the Midland Country club here tomorrow. The match begins at 1:30 p. m.

The Midland Country Club will stage a One Club or Dunlop tournament this weekend.

Dodgers Get Herman For Outfielder, Cash

NEW YORK, May 6.—(AP.)—The Chicago Cubs announced today they had traded Second Baseman Billy Herman to the Brooklyn Dodgers for Outfielder Charley Gilbert and an undisclosed sum of cash.

The Cubs also announced they had purchased Infielder Johnny Hudson from the Montreal Royals of the International League for \$25,000.

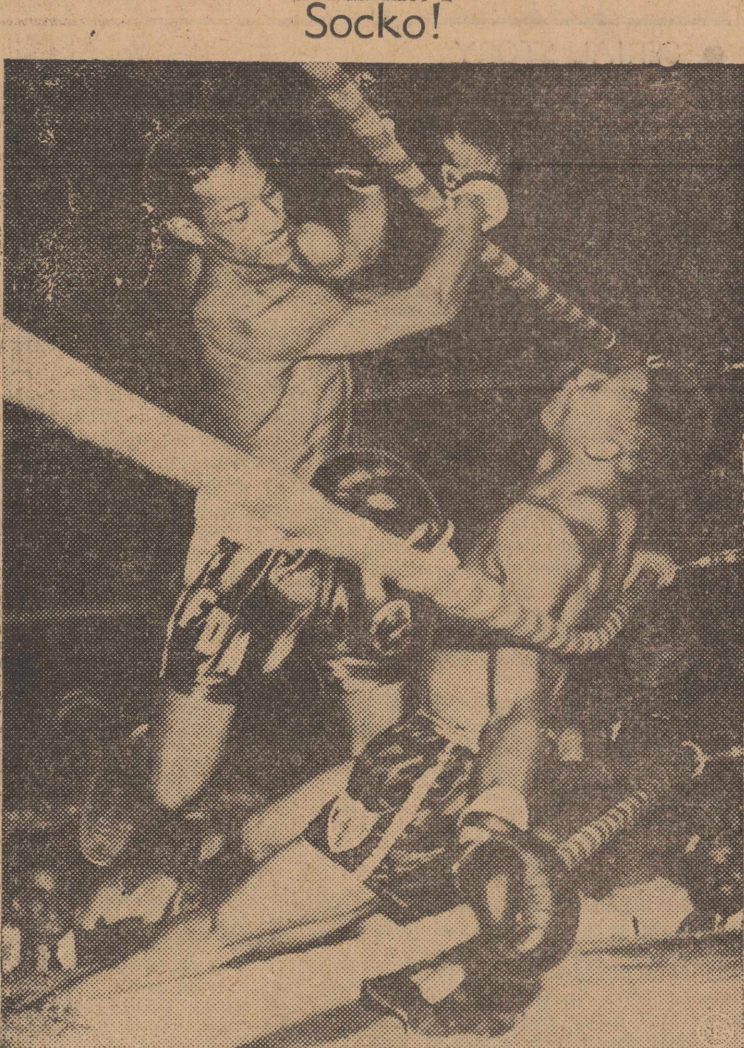

Gilbert started the season with the Dodgers but was sent to Montreal, a Dodger farm, two weeks ago.

Announcement of the deal was made by James Gallagher, general manager of the Cubs.

British Fliers Dump Explosives In Egypt

CAIRO, Egypt, May 6.—(AP.)—Benigasi harbor and the airfield at nearby Benina as well as German-Italian landing fields at Brace, Derna and Gazala, all in Libya, were the targets of a "very heavy bombing attack" by the RAF, it was announced today.

At least five Axis planes, including one or more large troop carriers, were destroyed at Benina, said the RAF communiqué, apparently covering operations yesterday.

It is quite evident Ruben Aldama won't be around any longer, and it is just as well that ropes are there as Pablo Quinones lands hay-maker in second round in San Juan, Puerto Rico.

Chicago Bowling Team Wins With 3065 Score

ST. PAUL, Minn., May 6.—(AP.)—The 41st renewal of the American Bowling Congress will end today after 55 days of pin tumbling.

The Vogel Brothers of Forest Park, Ill., a Chicago suburb, won the bunting in the five-man event when their 3,065 total, scored on March 30, stood up. The Vogels will pull down \$1,500; a sponsor's trophy valued at \$500 and five diamond studded medals.

A total of \$31,651 will go to 850 and under booster teams while \$62,533 will be split up in 944 regular prizes.

Greenberg, Greatest Tiger Player Since Cobb, Ends Campaign

DETROIT, May 6.—(AP.)—Hammerin' Hank Greenberg, the big Detroit outfielder, swings his major league war club for the Detroit Tigers the last time today—for at least a year.

And tomorrow the tall Brooklyn Jewish boy, whose hard-earned career won the hearts of Detroit baseball fans, will exchange a \$50,000 annual salary for a \$21-per-month stipend that selective service recruits receive. His bat will be replaced by a rifle.

No special ceremony was planned today as Hank prepared to step to the plate, but a larger-than-usual weekday crowd was expected to watch the Tigers against the New York Yankees.

Greenberg's team mates said their goodbyes at a country club party last night. They presented him with a gold watch on which their names were inscribed. The "going away" party was attended by the Yankees.

Tomorrow a 24-year-old rookie up from Beaumont in the Texas League, Robert (Ned) Harris, will be assigned to Hank's left field spot.

Former Bakery Owner Heads Baseball Team

ALBUQUERQUE, N. M., May 6.—(AP.)—Ralph McCord, former bakery owner, today took over the presidency of the Albuquerque Cardinals baseball club and A. T. Hogan, baker, became its secretary-treasurer.

The two were named by directors to fill out the terms of H. Louis Hahn who resigned both because of ill health.

Sports Roundup

NEW YORK, May 6.—Texas will have four or five native sons (all top-flighters) in next month's National Open at Fort Worth and every dime the cowboys can raise will be riding on 'em. So if you like Sam Snead, or some other alien, there's your chance, plungers... Bob Pastor will be ready to go next month and a coast shot with Turkey Thompson is in the making.

Larry MacPhail is a cutie in more ways than one. He called Gallahedian in last year's Derby and had a century-note riding on Whirlaway Saturday. All Bob Feller has to do to get extra 1,000 \$ on the Eddie Cantor air show tomorrow night a week is toss a no-hitter between now and then... Ken Overlin has taken \$500 worth of those 8-5 odds on Billy Soose Friday night.

Novikoff? Who's He?

O. Chicago's Mad, Mad Russian is a mighty sad, sad Russian. And his plight gives hearts a wrench.

Though a terror in the winters, He is now collecting splinters Sliding up and down the bench.

Today's Guest Star

Wilbur Kinley, Jackson (Miss.) Daily News: "Billy Conn begged for it... He cried for it... He used everything in the book to get it... Well, patience will be rewarded. He's going to get it June 18—Right in the neck." (You said it, brothers). Short, (Short Stores)

Denver, getting back into organized baseball in the Class D Western League, has a larger population than four cities in the American Association, five in the Coast League and seven in the Texas loop. How does that add up, Watson?... Freddie Fitzsimmons says the Dodgers are a better club than the 1933 Giants, who won the pennant—and the series. (And good old Freddie ain't a pop-off)... Teddy Williams of the Red Sox has a namesake on the Boston College grid squad which is causing Beantown headline writers no end of grief... As S. Barnes and Co. has purchased from the American Sports Publishing Co. the right to publish and issue football guides, beginning with this year's issue... Teetotaler Clark Griffith won't permit beer to be sold in his Washington park but he doesn't object to liquor ads on the fences—if the price is right.

Add Derby Dope

Tom O'Reilly of New York's PM is very pleased with his Derby picking record... He said Porter's Cap would win by 10 lengths... The horse was fourth by 10 lengths, give Tom a batting average of .500.

Omigosh

Twice during his baseball career, Jimmy Gleeson of the Reds wound up with a .313 batting average... and each time he figured in a trade shortly afterwards.

Cardinals And Indians May Not Stay In First Place But Winning Streaks Promise Tough Going For Opponents

By Judson Bailey
Associated Press Sports Writer

The flowers that bloom in the spring are as common in baseball as dandelions in your front lawn—and they usually wither faster. That's why few people get excited by spectacular showings in the early season.

But a sneaking suspicion is getting around that the St. Louis Cardinals and Cleveland Indians, the two hottest numbers in the big leagues, are riding in their right grooves at the head of the pack.

The Indians won their 11th consecutive game yesterday, 2-1, from the Washington Senators with Rapid Robert Feller pitching three-hit ball, striking out a dozen batters.

The Cardinals notched their 10th in a row at Boston with a 5-1 shellacking of the Braves behind the five-hit hurling of Ernie White, the 24-year-old Southpaw from Pacolet Mills, S. C., who led the American Association last year in both percentage of victories and earned runs.

White was the eighth different starting hurler used by Manager Billy Southworth during the Redbirds' winning streak, which shows the depth of St. Louis' pitching strength.

The New York Yankees lost their fourth game out of seven recent engagements by a 7-3 tune at Detroit. Two veterans, Tommy Bridges and Lefty Gomez, took the mound opposite each other and Bridges walked off last—with a six-hitter to his credit.

Lester McCrabb, a "control" pitcher who had an unimpressive record of 10 wins and 11 losses last season at Toronto in the International League, score his second success in three decisions for the Philadelphia Athletics at Chicago by scattering 12 hits over 11 innings and batting in the winning run for a 5-4 verdict and dropped the White Sox into a tie with Detroit for third in the American League.

Rain washed out all the other scheduled games.

Contest Of Will Cases Tomorrow

Counter suits, filed by heirs, contesting the will of the late W. F. Scarborough and to try title to his vast ranch and oil lands, will be tried in 70th District Court in Midland tomorrow.

Evelyn Lineberry, individual executrix of the estate, is plaintiff in the case against Noma Scarborough, guardian of the late Hollis Scarborough, in the title suit.

Noma Scarborough et al vs. Evelyn Lineberry, individual, are principals to the suit to break the will. Scarborough, widely known rancher, died of gunshot wounds inflicted on his ranch in Winkler County, and a son, Hollis Scarborough, was charged in connection with the shooting. The County Court of Winkler County adjudged Hollis Scarborough of unsound mind and he died in a Waco hospital.

The suits will be tried before District Judge Cecil C. Collins.

Grandfalls Students Plan Visit To Midland

Fifty Latin-American students from Grandfalls will visit Midland Saturday as a school project.

The group annually visits some West Texas city. This year it chose Midland.

Chamber of Commerce officials are arranging to assist the delegation here. The students will be shown points of interest in the city.

The students will arrive here at 10 a. m. Saturday. A picnic lunch will be served at Cloverdale Park. The trek ends at 4 p. m. Saturday.

WILL GIVE EXPERIENCE IN USE OF GAS MASK

CAMP BOWIE, May 6.—(AP.)—Actual experience in the use of the gas mask will be given every member of the thirty-sixth division command this week Major General Claude V. Birkhead, commander of the division and Camp Bowie, announced.
