Abernathy Weekly Review

ABERNATHY, HALE COUNTY, TEX., THURSDAY, FEBRUARY 20, 1941 — VOLUME XX, NUMBER 37

All About Nothin'

GWTW Ducats Going Fast

J. C. Hurst, Rita theatre manager, said reserved seat tickets for "Gone With the Wind," which is to show here March 2, 3 and 4, are going fast. Many who saw this great show last year, are buying tickets for the local screening.

Many compliments have been given the Rita since it was redecorated.

The Rita offers a week of fine shows starting last night with "Love Thy Neighbor," featuring the radio feuders, Jack Benny and Fred Allen, with Mary Martin and Rochester. This show closes Thursday night (tonight).

A picture I've been anxious to see from the first time it was announced from Hollywood, "THE WESTERNER", shows Friday and Saturday nights. Gary Cooper is featured with Walter Brennan and Doris Davenport in the supporting cast.

Beautiful Olivia de Havilland costars with Jeffrey Lynn in the Rita's Sunday afternoon and Monday night offering, "My Love Came Back."

Timely and entertaining, "Arise My Love," a story dealing with war activities in Europe, shows at the Rita Wednesday and Thursday, Feb. 26-27. Ray Milland is an American pilot serving with forces of countries at war, and Claudette Colbert is an American news service reporter covering the conflict.

Lost Decision

Curtis Lebow lost a decision Friday night fighting in the state Golden Gloves tourney at Fort Worth. According to reports, it was an unpopular decision.

Building Planned

Abernathy is due to have some new business building soon if proposed plans are followed. Struve Merchantile Co. is to close the gap between the bakery-Richter-Review building and Carl Ruddick's shoe shop with a modern fire-proof structure to house tractors and other farm implements.

Anderson Bros. Lumber yard is to build a new 22X24 foot office building and rock veneer the front of the new addition and present buildings.

A local cafe building may be completely remodeled, or replaced with a modern structure.

The urge of an automobile agency to hang its sign on a new building on highway street may cause construction activities to start in the near or distant future.

Remember This

"Criticism, like charity, should begin at home."

Voting Power Declines

Hale and Lubbock county voting power for 1941 shows a sharp decline with polls and exemptions in Hale totaling 2,379, and those for Lubbock, 4,008. Last year Hale had 4,404 and Lubbock, 10,271.

Next Call March 3

Hale county is to furnish ten selectees in the next draft call, March 3.

It's Tag Time Again

Like the days, like the weeks, like the months—another year swiftly has rolled around to auto tags buying time again. H. E. Richter last week-end sold the first set of 1941 passenger car tags to Irvan Rhodes who is sending them to his parents who will have their car in Phoenix, Ariz. until after April 1, date licenses must be paid.

The orange and black passenger car tags start at 539-001 for Abernathy, Hale county. The new tags can be put on cars March 1.

Another Attempt

Here's another attempt to correct an error made two weeks ago: it is Eugene GARVIN (not Carver), and he plays a trumpet in the Boy Scout orchestra.

In order to encourage a better grade of cotton, the government is sponsoring the move, which will bring the farmer an approximate $3.00 bonus per bale when it is ginned.

Complete details will be given by the committee in letters to the farmers. Those interested will be asked to sign and return a card.

Hale county farm leaders and farmers from Floyd and northeast Hale county, where the plan has been under operation for the past few years, attended a mass meeting of farmrs here Tuesday night and explained the purpose of the move and the results obtained by those participating in blocks now in operation.

ABERNATHY TOPS HALE COUNTY CAGERS AGAIN

Abernathy Antelopes gained the Hale County Basketball Championship Saturday for the 8th consecutive year by thrashing the Petersburg Buffaloes 40 to 19.

When a tie occured between Petersburg and Abernathy, officials decided to play the best two out of three games on the Cotton Center gym. Both teams had won four games and lost two.

The local lads won the first game 33 to 22 Friday night. Saturday night the Antelopes took the county title by thoroughly defeating the Buffaloes. Kirkpatrick of Petersburg led the scoring with 12 points. J. P. Settle was high for the local lads with 10 and Green Hazel next with 8. Out of 14 attempted free shots the local squad scored 10 points.

The Antelopes took an eight point lead before the Buffaloes scored. But the Petersburg five came through with six points while the Antelopes failed to count. The local squad came back to leave the Buffaloes far behind. No Abernathy player had commited a foul at the half and a free shot had not been missed.

Defensive playing by the Abernathy lads prevented the Buffaloes from scoring in the third and part of the fourth quarter. When two Petersburg men fouled off in the last quarter, Coach Stevenson substituted the B team to finish the frame. The Antelopes are now ready to enter the district three tournament at Lubbock Friday and Saturday.

MEET THE SENIORS

Orene Rhodes is the little Senior girl with big sparkling eyes that are so brown they are almost black. She has light brown hair and an olive complexion. She is 16 years old, her birthday being February 18. She is 5 ft., 5 in. tall and weighs 100 pounds. Of course, she thinks she is skinny; but we would rather call her the willowy slender type.

She graduated from the 9th grade at Lakeview with highest honors in 1939 and for the past two years has been a welcome addition to Abernathy High School.

Orene seems to be rather pleased with life in general, since she dislikes—spinach and people who tattle. She likes pecan pie and friendly people and is crazy about music. She likes popular music best, and her favorite song at the present is "So You're the One". She also plays the piano.

Books by Temple Bailey ordinarly suit her best, but the best book she ever read is "The Rosary" by Florence Barclay. In the line of poetry she is most fond of "She Walks in Beauty" by George Gordon, Lord Byron.

Orene's favorite color is red, except when it pertains to hair, which she prefers black. Mr. Davis is her favorite teacher and Home Making her favorite subject. She hopes to attend W. T. S. T. C. at Canyon. Her greatest ambition is to be a good musician, and we hope she realizes that ambition.

That big, blond, easy going and likable senior is none other than Morris Rantz. He is 16 years old, weighs 160 pounds, is 5ft., 10 inches tall, and has greenish-blue eyes. He is always saying 'un-hunh" when asked a question and really goes for malted milks.

His favorites are: Movie stars—Tyrone Power and Nancy Kelly; song "Old Black Joe;" sport—basketball; show—"Edison, the Man"; subject—Physics, because he can argue a lot in there; Book—"Ivanhoe;" Author O. Henry; and Color-blue.

Morris' greatest ambition is to see the world. He plans to attend Tech and become an engineer, but he is going to wait a few years before he goes. His favorite man in public life is Senator Wheeler because he agrees with Senator. His pet hate is English.

Cleatus Lebow joined the class of 41' in the 3rd grade. Cleatus is 17 years old, is 5 feet, 9 inches tall, weighs 128 pounds, has curly brown hair and blue eyes.

Basketball is his favorite sport and his weaknesses are brown eyes. His pet peeve is riding in used cars; he says "Wow" more than anything else. His favorite foods are pecan pie and buttermilk. Cleatus's favorite subject is typing, while Mr. Stevenson and Miss Stallings are his favorite teachers. The best show he ever saw was "Knute Rockne, All American" His favorite actor is John Garfield and favorite actress is Deana Durbin. His favorite song is "I Am An American", and writing poetry is his hobby. "Pitcairn Island" is his favorite book and Nordhoff and Hall are his authors.

Your prescription from your doctor will be scientifically filled to his exact orders. There is no need to substitute drugs here. A Registered Pharmacist is on duty at all times who has been educated to properly compound drugs and understand how to read any prescription.

She likes to teach her students reading—perhaps it is because she herself enjoyes reading—especially historical novels. Her favorite novelist is Edna Ferber. Her hobby is entertaining her small son.

A list of her favorites are:

Sport—football, Beverage—iced tea, food—apple pie.

Her pet hates (as any school teacher's should be) are chewing gum and swing music. Also, being loyal to her profession, she enjoys hearing a quiz program on the radio.

Dr. Brooke F. Stephens

Has a complete Chiropractic Office with the only Neurocalometer and Precision Full Spine X-Ray and Steroscope Equipment on the South Plains. Come to 1713 Main in Lubbock, "Where Hundreds Have Been Made Well". Phone 552 for appointments.

The great outstanding reason why Chiropractic is constantly growing and extending its field of service to sick and suffering humanity is that Chiropractic adjustments restore health to the body. If you would have a most thorough explanation of this health service see Dr. Brooke F. Stephens in Lubbock.

There is a definite cause for every failure of the human body to function properly. The Chiropractic premise is that a vertebral subluxation produces pressure upon the nerves as they emit from the spine, and thus, interference is created to the transmission of the vital nerve force from the brain to the various organs and tissues of the body. This causes disease. Chiropractic adjustments will release the nerve pressure in your spine that is responsible for the impaired function of the various organs in your body.

In this "Merchants and Farmers Review" we wish to refer Dr. Brooke F. Stephens in Lubbock to the people of this section and urge them to go in and get acquainted with him.
