A series of orientation and pre-registration programs for students and their parents begins Monday in Colorado City public schools.

Supt. Frank Wilson and Counselor T. D. Wiman outlined the orientation this week and urged parents to participate in the programs with heir children.

Here's the way the programs will work:

Principals and Wiman will conduct orientations for specified grades — detailing data and requirements concerning curriculum offered, requirements students must meet as related to pre-registration for next school year.

AS BUDGET PLANNING BEGINS

Schools Retain Same $1.50 Property Tax

Don't worry about any tax rate increase from Colorado Independent School District.

Board of trustees this week set the same rate for 1962 as was in effect last year, $1.50 for each $100 in assessed valuation.

As they held the line — so to speak — on taxes, the trustees gave the signal to Supt. Frank Wilson to begin work on the budget that will finance the school operation for 1962-63.

And June 18 was set as the date for the district's tax equalization board to convene at the School Tax Office in City Hall.

In other business this week the board re-elected its top 3 officials for additional 1-year terms — Dr. Oscar Rhode, president; Warren Costin, vice president, and Dr. H. Jene Steakley, secretary.

Prior to the renaming of the officials, Costin and Warren Anderson and Bill Carter were administered the oath of office for the 3-year terms to which they were named in this month's election.

The board also:

Authorized the placing of the school district's name on 4 buses used now for out-of-town trips and on all new buses which are bought by the district. This identification was approved after hearing a request from the Chamber of Commerce.

Re-elected all permanent teaching personnel now serving on the school faculties and Mr. and Mrs. Nick Farrar, school tax office personnel; and Roy Davis Coles, accountant.

Air Force Secretary To Speak

It'll be George Mahon Day May 11 in Colorado City and the Secretary of the Air Force will fly here from Washington to join in the celebration.

The special hometown salute to Congressman and Mrs. Mahon was announced Saturday by Charles C. Thompson for the Tumbleweed Festival and Chamber of Commerce.

Local civic leaders had been busy for several days planning the salute to Mahon, who chairmans the powerful House Sub-Committee on Military Appropriations.

And the announcement from Thompson came soon after definite confirmation from Washington that the congressman and Secretary of Air Force Eugene M. Zuckert would be able to be in Colorado City May 11.

* * *

The George Mahon Day observance will open Colorado City's third annual Tumbleweed Festival.

Congressman and Mrs. Mahon will be guests of honor at the Tumbleweed Festival's annual dignitaries' luncheon in Civic House and will lead the Tumbleweed Festival parade that afternoon.

Zuckert will accompany Mahon here for the celebration and will be principal speaker for the luncheon. He also will occupy a place of honor in the parade.

Invitations already are going out to more than 100 state and national leaders to participate in the tribute to the respected West Texas congressman.

* * *

The festival, starting with the luncheon and parade on Friday, May 11, will continue with the preliminaries of the Miss Tumbleweed Pageant that night, a Teenage Tumbleweed Jam Session, Saturday afternoon, and the finals and crowning of the Queen Saturday night.

Accompanying the two evening performances and the jam session will be the world famous "Stringalongs," a popular recording group who sold over 3,000,000 copies of their recording "Wheels" and have many other hit tunes.

Twenty-five beauties from throughout Mitchell County will vie for the coveted title of "Miss Tumbleweed." The girls will be presented both Friday night and Saturday night in evening dresses and bathing suits. They will be judged on poise, personality and stage presence as well as beauty.

CROSSWAYS

E T O R T

My two opponents for the State Senate are promising that they will correct the inequities in the sales tax and the insurance rating system if they get back to Austin. They've been there for twenty years between them. And they have been passing inequitable laws ever since they have been there.

I guess they have to pass these things so they will have something to promise when they are trying to get reelected. They promise to undo what they did if you will send them back.

Friend of mine in Ira, said the only thing wrong with politics is politicians.

Democrat for State Senate

—Pd. Pol. Adv.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

BEGINNING . . .

★ A new life together

★ A new feeling of sharing

★ A new sense of responsibility

NEW there's magic in the word. What thrill and excitement lies ahead. With the beginning of so many new things, start a new life, *together*, with the Lord. Attend Church Sunday.

By PEGGY BELVIN

COLORADO CITY IS IN THE center of an area that is presently classified as an area plagued with a dreaded attack of **CATIDIS.** This scourge strikes in the place least expected and at the time least expected.

CATIDIS is a very peculiar plague, causing inconvenience and uncomfort only to most adults, proving to be, in fact, very delightful to children.

The first case of this plague was reported by **Mrs. Bill Coffey,** 528 Chestnut St. As more and more cases of it turned up, this writer's family's adult members waited, almost not daring to breathe, hoping the scourge would pass us by.

But . . . our household is a drawing card for inconvenience. The youngest members of the family first brought the evidence of the plague into the cheerful and happy recesses of our home . . . in the form of 4 utterly charming and simply beautiful baby kittens.

Though this family is a feline-loving one at heart, who can resist the silky beauty of the newly-born members of the canine family?

So now our days are spent in a virtual whirlwind of activity. In order to provide protection for the babies from the many unseen dangers in their old home inside the barn . . . the mother must come along, too.

So the new family is installed in a warmly-insulated cardboard box on the back porch . . . with strict orders of . . . **HANDS OFF!**

But . . . babies are drawn to babies.

And now the days are spent insuring that the cat babies are not crushed by too-ardent human baby loving . . . and insuring that the human babies are not scratched or bitten by the cat babies . . .

LEARNING CORRECT POSTURE AND CONDUCT

Beauty Pageant Candidates Kept On Busy Schedule

Preparing oneself for presentation in a contest designed to select a girl who will reign as "Miss Tumbleweed" and "Miss Colorado City" is not an easy job.

The contestants must be taught the proper way to walk to talk and to conduct themselves before a panel of judges. A committee to teach these things to the candidates drill the girls on rules of the contest, such as what type clothing is required, what color clothing and whether any jewelry may be worn.

The committee selected this year to guide the girls is composed of Mmes. Austin McCloud, Jack Johnston, Bob Barman, H. J. Steakley, and Miss Jane Merrill.

Rules for this year's contest are simple. They are: contestants must wear white bathing suit and white heels, long formals and no jewelry.

The girls are divided into groups during their practice sessions. The girls who have been candidates in the former contests are designated as group captains and pass on the knowledge they have gained in past contests to the others.

The adult counselors then meet with the different groups and advise the girls on make-up, posture, stance and walking.

The candidates have scheduled meetings with this committee.

The girls will meet in a group for a dress rehearsal shortly before the contest is scheduled.

The Beauty Pageant is to be conducted this year in the Colorado City High School Auditorium. The String-Alongs, popular recording stars, will furnish the entertainment.

Twenty-five girls are entered in the 1962 contest; this is the largest number of contestants for any Tumbleweed Pageant. Several of the girls are Westbrook and Loraine citizens.

The pageant is to be conducted in separate sessions on Friday, May 11 and Saturday, May 12. All contestants will appear at least 3 times. During the Friday night activities, the girls will appear once in bathing suits and once in formal attire. No winners will be announced Friday.

Saturday night all contestants will appear in formals. Ten semi-finalists will be chosen and these contestants will appear in bathing suits. From these 10, 5 finalists will be chosen. They will each appear individually before the panel of judges. The judges will ask the contestants one serious and 1 foolish question.

From these 5 finalists, will be chosen "Miss Tumbleweed" and the first and second runners-up. The contestants will choose a "Miss Congeniality."

This girl will be one of the contestants and will be voted for by her fellow contestants as the girl with the most pleasant personality.

The girl chosen as "Miss Tumbleweed" will be offered a modeling course in a school of modeling and will represent Colorado City in the "Miss Texas" for "Miss America" contest later this year.

Tenth Frame Scoring

Many people who know how to score strikes and spares become confused when scoring the tenth frame. Actually there is no need to be; the scoring is done similar to any other frame.

If you get a spare in the tenth frame, you get an extra turn; if you get strike in the tenth you get two extra turns. These extra turns will take the place of the next ball and next two balls respectively, which you would have had in any normal frame.

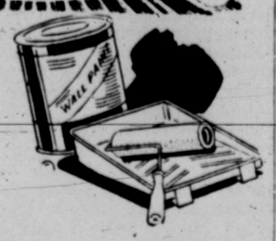

For example, in the eighth frame you got a spare. The next ball was a strike, so you add 20 to your 119 in the seventh frame for a total in the eighth of 139. In the ninth you count your strike, 10, plus the next two balls, 10, for a total of 159 in that frame.

Since you made a spare in the tenth, you get a extra ball. You roll a strike for a total of 10. This ten added to the 10 from the tenth frame's spare, 10, gives you a total of 20 pins for the tenth, or a 179 total.

The spot where many persons get into trouble is what to do with this strike on the extra ball. If you will think of this strike not as a strike, but, rather, as merely 10 points, your problems will be solved. (ADV)

Junior High Students In One-Act Play

"A Date For Bobby Sox" was the title of the one-act play presented Tuesday afternoon in the Colorado City Junior High School Auditorium. The performance was open to the public.

The play was a comedy concerning the problems of teenagers. The play revolved on those problems of a teen-age girl named Bobby Sox, played by Kathy Anderson.

She and her boyfriend, Harold, portrayed by Artie Butler, arrived home at 1:30 a. m. They were closely followed by Margie, the older sister, played by Cheryl Turner. Then came Mrs. Hanna, played by Sandra Sweatt, and last, but not least, the much-feared Papa Hanna, portrayed by Jack Long.

Bobby Sox knew if they found out when she got home her goose would really be cooked, and if they found Harold there . . . well, that would be the last straw. The play ended with the ingeniously enacted escape by Bobby Sox.

The announcer was Larry Currie.

The problems all stemmed from complications that arose from her first date. She was supposed to be home by 10:30 p. m.

CONVERSATION CORNER

By RUTH COFFEY

SOME FELLOW named Arlie Duff has started his own campaign to get the phrase **"Y'all Come!"** put on Texas car license plates next year.

According to Big D's **Frank X. Tolbert,** Duff hails from the Big Thicket area, loves hill-billy singin' and is—mercy goodness—a small town newspaper columnist.

* * *

DON'T KNOW 'BOUT Y'all, but "Y' all Come!" strikes us as too sweely deep East Texas to be a good choice. We West Texans are gonna have to arm ourselves and get up a posse to fight for equal space on the '63 license plates.

* * *

If we come out waggin' around that old "y'all,"
It'd seem we wuz braggin' on our piney-woods drawl.

* * *

MIGHT AS WELL live up to the mental image most of the rest of the country and all "furriners" have of Texas. A Texas born and educated author, who returned to visit after 20 years spent in London, was quoted recently as saying that most Englishmen have visions of Texans as rich cowboys hitching their horses outside Neiman Marcus, then spitting on the floor of the saloon next door. After, of course, spending thousands of dollars (oil revenue) for gold spurs and spittoons to wag home horseback, along with three mink coats as peace offerings.

* * *

AND THAT Greek maiden we met on the bus in February was beautifully contemptuous of the way we **"treat the Indians."** It's up to us to uphold our reputation as rootin-shootin-low-falutin hellers when we travel, home or abroad.

* * *

WHAT'S THE MATTER with just puttin' something more suitable to the way we all behave out here where the West not only begins but spreads out in every direction? How 'bout just the one word **"YIPPEE!"** on all licenses west of Ft. Worth?

* * *

McCAMEY might be the first town to organize along with us for the **"YIPPEE"** campaign. C. City has what amounts to its own colony over there, says a recent letter from **Mrs. Wayne Webber,** nee Imogene Hamer, now of McCamey.

"Was talking to **Helen Miller** (Mrs. Roy Miller) the other day and we decided that we should let you know that a big per cent of people we know here have at one time or another been C. Citians," writes Imogene, who grew up here herself.

* * *

REGISTERED NURSE Imogene is school nurse for McCamey schools and was elected chairman for district 4 nurses' section at Texas State Teachers meeting held in Odessa. Her husband **Wayne Webber** son of the Earl Webbers is a mechanic for Dowell and the couple have three daughters—Jayne, Susan, and Debby.

* * *

ALSO LIVING in McCamey, says Imogene's nice letter, are **Orville and Girlie Cage,** son Don and daughter Penny; **Johnnie and Betty Sue (Vaught) Adams** and song Doug and Tommy; the **J. V. Glovers; the Bradford Landerses; Hub and Neta Mae (Davis) Ferrell; the M. L. Harrises; the Jack Davises (nee Annie Moeser) and J. B. Yoders.**

Ditto the **Hollis Griffiths and Floyd Griffiths; Mabel and D. A. Heatherington; Faye and Billy Miller; Zane and Billy Judkins and sons; Rodger and Judy (Wallace) Woodall.**

Our **Carolyn Geer** (younger daughter of the Buck Geers) teaches in the new McCamey high school. **F. W. Payne** (Jimmie's brother) completes the roster of transplants. Except for the **Durward Shurtleffs** who live at Rankin, anyhow.

* * *

AT SWEETWATER, a recently elected school board member is **Mrs. Johnny M. Moore,** while **Bill Mathews** was elected city councilman.

FAMILIAR FACES still living in C. City this week included **Mrs. Ben Sparks,** young and cute that hottest day in apricot shorts and bright printed blouse . . . **Mrs. O. L. Simpson** back from a visit with California nieces . . . **Mrs. Parker Jarman . . . Mrs. A. D. Baker** (nee Nell Hart) . . . **Joe Emerson** of the Corner . . . **Lona (Lipps) Pritchett** and **husband Travis** coffee-cupping . . . **Mrs. Swann Taylor** . . . And soft-voiced **Marguriete Ainsworth, wife of R. P. (Pete)** of Chestnut St.

* * *

ASKED PEGGY JENKINS (Mrs. Leon) about the spring-summer holiday she and husband Leon are planning and packing for. They leave the day after Easter for **Los Angeles** for an extended visit with their daughter **Margaret Aden. They'll also visit their granddaughter Jan Walren,** a flight hostess for TWA lines. She lives in **Hollywood.** And they'll go to the **World's Fair at Seattle** next month.

You'll remember Jan's little mama as **Louise of the flying Jenkins twins.** Both she and her twin **Loyse** were Braniff hostesses before their marriages and both now live in **Dallas.** Louise is **Mrs. Bill Walren** and in addition to daughter Jan has a son Bob, senior in Texas U., and a twelve-year-old daughter Mary Lou.

Loyse is Mrs. R. C. Quinlan and mothers Julie, 15, Charlie, 12, and Tom, 9.

Peggy Don Teal, eldest Jenkins grandchild, reared here, lives in **Austin** now. Her husband is **Charles Osgood.**

* * *

BRIEF ENCOUNTERS: Saw **Shirley Ballard** (wife of KVMC's **Drew Ballard** headed Locust St. way to say "au revoir" to the **Rick Taylors** who moved Friday to Victoria . . . Spied **Sheriff Lewis Claxton** making ready for a Tex-size smoke screen—or a Gun-smoke disguise. Our lawman laid in a supply of cigars plus makin's for roll-your-own, at one and the same time . . . And **Bob May and Mary Lee Moore** were spotted side walk summit meeting.

* * *

LULLABY LANE, this go-round, starred three little visitors in the **Huron Dorn** home, route one. While daughter **Nancy** and her husband **Alan Hamm** of Ft. Worth visited Galveston, Cassie and Huron had the two little Hamm daughters; plus grandson **Donnie Bassham,** five-year-old, of **Comanche,** as visitors.

Saw **Deann Allen,** not-quite-two, wearing a new pink sun suit and smiling as if she knew exactly how darling she looked. Her mama is **Doris Ann Allen** and her grandmother is **Mrs. M. F. Stevens** of W. 9th St. . . . And saw again the baby with the big blue eyes **Elizabeth Turner**—daughter of Dewey and Vicki of **Seven Wells.**

* * *

ECHO LANE brought this allegedly true tale from Bible study meet at First Christian: Following an explanation and discussion of God's plan for letting man make certain choices for himself, a study group participator, allegedly named **Charles Root,** allegedly sighed, "Well, to let man make his own choices and then to make him a wife . . . turned out to be pretty confusing, didn't it?"

It did. It really did. First woman to find it out was one called Eve.

SCHOOLS—

Continued From Page 1

for graduation, college entrance requirements and testing will be re-emphasized throughout the high school level — 9th, 10th and 11th grade students — during both the orientation and counseling sessions.

"We don't want our kids to wake up in their senior year," explained Wiman, "and discover they have not been adequately aware of these changing conditions and requirements.

"And we would like for parents to know what is required of their son or daughter.

"We can do a better job in education," Wiman said, "if we have their support. And we will have their support if they understand."

Increased counseling and orientation also will be designed to emphasize the importance of college potential students obtaining thorough background in English, mathematics and foreign language.

"For those not going to college," Wiman added, "this orientation and program will be just as important . . . so that the education program can be fitted best to the needs and plans of the individual."

Supt. Jones said that all Junior High students next fall will be able to take introductory science course in the 7th grade and lab science in the 8th grade without conflict with other electives.

"This further strengthens our curriculum of subject offering for 7th and 8th graders which already exceeds state accrediative level."

He pointed out that all required subjects are offered and that total teaching time of required subjects — plus teaching time for elective subjects — exceeds state accreditation.

INDUSTRIAL TEAM—

Continued from page 1

Rotating plan within the Industrial Team's bylaws provides to terms of 3 directors to expire each year.

Holdover directors are Randle, Dr. W. S. (Bill) Rhode and Roy Bates, whose terms expire in 1964; Frank Kelley, Eldon Mahon and G. D. Foster, whose terms expire in 1963.

President Thompson, in his annual report, voiced optimism for Colorado City's future and emphasized a fine atmosphere for Industrial Team work and overall community development.

"Our business atmosphere and the attitude of the citizenship is good," he stated.

"But we must fight constantly to keep abreast . . . to keep progressing."

Following in this trend was the action of the Team board, which authorized go-ahead with the large billboard signs that will be placed on Interstate 20 freeway north of Colorado City.

The lighted 40-foot long billboards facing both east and west traffic will advertise the availability of industrial sites within Colorado City.

AT ANNUAL FESTIVAL OF BANDS

D. Pace Receives Sousa Award

Dois Pace, cornet player with the Colorado City High School Band, was awarded the John Philip Sousa award at the Spring Festival of Bands Thursday night in the High School Auditorium.

Pace is the 17 year-old son of Mr and Mrs. P. H. Pace, 1021 Locust St. He is a senior student in Colorado City High School and has been performing with the local school bands for the past 7 years. He is currently serving as Band Captain for the CCHS Band.

The award was presented by the Colorado City School band directors, Dwight Tomb and Bob Newman. The award is presented to one student annually who makes the greatest contribution to band and school and for his rate in musicianship.

Bob Newman, director of the Colorado City Junior High School Band, presented the sweepstakes trophy, won by that band in Cisco last Saturday, to James Trammell, principal of Colorado City Junior High School.

Senior students of each band were introduced and the band officers were recognized.

The Spring Festival of Bands featured the performance of the Hutchinson Concert Band, the Junior High Concert Band and the Wolf Concert Band.

The Hutchinson Concert Band performed "Patrol Leader," a march by John Kinyon; "Scotch Suite" by Leroy Jackson; "Mexican Folk Song" arranged by Robert Powers; and "Barcarolie" (From Tales of Hoffman) by Offenbach and arranged by Walter Beler.

The Junior High Concert Band performed "Grande Parade", a march by Carl Frangkiser; "Irish Suite," by Leroy Jackson; "Reverie," by C. Debussy, arranged by F. Ericson; and "Tenderly", by Walter Gross, arranged by C. Hurfurth.

The Wolf Concert Band of Colorado City High School performed "Emblem of Unity, a march by J. J. Richards; "Grecian Theme and Dance," by John Cacavas; and "Drummer's Madness," by Al Davis.

The finale of the concert was the performance of "Londonderry Aire," author unknown, by the mass bands. There were over 300 students of the Hutchinson, Junior High and Wolf concert bands who participated in this final number.

The concert was staged in the Colorado City High School gymnasium and the bands played to a full house.
