RAIL PEACE MOVES BEGUN

GRADUATED LAND TAX MAY BE A VERY LIVE ISSUE

By HUGH NUGENT FITZGERALD.

Dallas, Texas, Oct. 19.—Governor Neff will be a candidate for renomination and re-election. There is talk of opposition, but the Hon. Pat Morris isn't worried about it.

There are men who say that the governor is cold-blooded. Perhaps he is. A man should be cold-blooded and take his own counsels if he hopes to be a success as chief executive of this commonwealth.

There have been sloppy men among his predecessors; there have been Sunny Jim men—glad hand and perpetual smile fellows. They are gone and they are forgotten.

Governor Neff has a few harsh critics in the ranks of those who supported him for governor. They expected something they did not get. Two or three were offered something, or at least they say they were, that they would not accept.

Some of these critics say that the deserving were overlooked and that the governor named his close friends regardless for all the fat prizes or jobs to be given out.

Well, if he didn't he would be branded as a blankety blank fool and the governor isn't a fool. If honest, capable and worthy men are appointed to fill the offices, this is all that the people should demand.

In the Beaten Path.

All the governors for thirty years have appointed their friends to the offices within their gift and all the governors in the years to come will walk in the footsteps of their predecessors. There have been prison scandals. Yes, and there have been prison scandals since E. J. Davis the last of the aliens or overlords were bayoneted out of the state capitol.

Governor Neff inherited the prison system and it is the system that should be destroyed. Governor Neff inherited Superintendent King of Gatesville.

King was appointed by James E. Ferguson and he voted for Ferguson for president of the United States in 1920. King has a memory. He did not desert nor betray the man who made him. This is more than can be said for hundreds of others.

Governor Neff abolished the pardon board. He put the pardon brokers out of business. It is impossibly today to snitch a pardon. This is no reflection on officials who are in or officials who are out. There were lawyers in Texas who became attorneys for convicts who had financial means or had friends with bank accounts. These gentlemen are said to have made pardon brokerage very profitable and all this within the law.

This is a free commonwealth. There are no strings on any man who aspires to office. There is an open field. Those who love the game and are ambitious are privileged to get in or jump in.

From Richard Coke to Pat Morris Neff no democratic governor has ever been denied a second term. Many governors have had opposition.

Tom Campbell buried Blacksmith Bob Williams.

Oscar B. Colquitt buried W. F. Ramsey.

James F. Ferguson buried Charles H. Morris and it is a betting proposition political arena as a candidate for governor.

There may be thousands of democrats who do not like Neff, as there were thousands who were not in love with Campbell or Colquitt or

GREAT BRITAIN FACING CRISIS SAYS PREMIER

Parliament Will Be Asked for Appropriation to Aid Ex-Service Men to Emigrate to Dominions.

By Associated Press.

LONDON, Oct. 19.—The situation in England as regards trade and unemployment is worse than at any time since the end of the Napoleonic wars, declared Prime Minister Lloyd George in the House of Commons today in outlining the government's policy on these two subjects. He said there are 1,750,000 persons unemployed and added that the greatest unemployment, to the extent of 17 per cent, was in the metal trades.

He declared that the causes for this situation could all be summed up in one word—war.

As a part of the government's plan for alleviation, he said, the government proposed to ask parliament for an appropriation of another 300,000 pounds to enable ex-service men to emigrate to the dominions, whither he said 60,000 already had settled with government assistance.

BOY SUSTAINS BURNS WHICH MAY BE FATAL

Lantern on Motorcycle Explodes When Tank Overflows; Is Completely Enveloped in Flames.

Caught by the burning contents of an oil lantern, which exploded when the gasoline tank of his motorcycle was overfilled, Robert McConnell, aged 16, employed by the Motorcycle Supply company, sustained burns, which are expected to prove fatal, about 9 o'clock Wednesday night at the Stout Garage filling station, 1002 Scott avenue. His condition at an early hour Thursday morning, according to Dr. J. D. Parnell, who happened to be present at the hospital when the patient was brought there, is such as to cause very little hope for his survival.

Warren Jackson, negro employe of the garage who was engaged in filling the gasoline tank of the motorcycle when the overflowing gasoline was ignited causing an explosion of the oil lamp which was carried by the boy on his machine, said the first intimation he had of an explosion was a burst of flame from the lantern on the motorcycle followed by the boy running from the machine enveloped in flames.

Among the first to reach the burning lad were W. G. McKee, of 801 Fifteenth street, and a reporter of the Record News. First aid in the form of grease from the nearby drug store was followed by a quick run to the Wichita General hospital where Dr. Parnell took charge of the patient.

First aid treatment, in the form of grease obtained from a nearby drug store was given by G. E. Aiken, pressman of the Record News, who happened to be passing. Mr. McKee and others, as well as with a Pyrene gun by one of the employes of the Magnolia filling station at the corner of Tenth and Scott streets. Dr. Parnell, who treated the victim at the hospital said he was satisfied everything had been done in the way of first aid that could have been possible.

A fire alarm was turned in and the equipment from the central station responded, but the boy's burning garments had been extinguished before their arrival.

Diaz Receives Big Welcome In New York

By Associated Press.

NEW YORK, Oct. 19.—General Armando Diaz, who led the armies of Italy to victory in the great war, was welcomed to New oYrk today with cheering unsurpassed since the city hailed the military men of America on their return from the battlefields of France.

Thousands of his own countrymen resident in the Italian colonies of the city shouted "Viva Diaz" and "Viva Italia" with volatile fervor as the general rode through three miles of the business street to his hotel. Office workers in downtown skyscrapers showered the procession with confetti, paper and flying streams of ticker tape, reviving memories of the great celebration when the armistice was signed. Shoppers along Fifth Avenue crowded the sidewalks to hail the passing hero with such an enthusiasm that General Diaz remarked the spirit was akin to that of his own countrymen.

The city, state and nation were officially represented in the party that welcomed General Diaz as he stepped from the gangway of the Giuseppe Verdi to the army tug Lexington which brought him past the Statue of Liberty to a landing at the Battery. Six destroyers escorted the general up the bay, heralded by the booming of a cannon salute from Fort Jay and incessant cheers from Italians aboard harbor craft in the flotilla of welcome.

VETS' BUREAU UNEARTHS CASE ALLEGED GRAFT

Proprietor of El Paso Sanitarium Is Charged With Rendering False Vouchers in Care of Men.

Vernon Man Carried on Vouchers for Months After He Left Sanitarium, Is One Specific Charge.

Special to the Record News

WASHINGTON, Oct. 19.—Mrs. W. S. Wiley, proprietor of the Wiley Sanitorium, El Paso, Texas, was arrested today on a complaint sworn out by a representative of the U. S. Veterans Bureau, and taken before United States Commissioner A. G. Schmid, for defrauding the government under the penal code by rendering false vouchers. The hearing has been set for October 29, at El Paso, Texas.

The charges state that Mrs. Wiley rendered vouchers for men who were not being treated at her institute and cited the case of one R. L. Smithson, a patient, who left the sanitarium about August 10, 1920 going to his home at Vernon, Texas, and returning to the sanitarium about November 16, 1920. He was carried on vouchers signed by Mrs. Wiley during this entire period at $3.00 per day.

The representative of the Veterans Bureau further stated in his charges that he found evidence to the effect that Mrs. Wiley was rendering vouchers of "Special Nurse" cases, calling for $5.00 per day, when special nurses were not provided or needed.

In commenting on the arrest tonight, Col. Charles R. Forbes, director of the Veterans' Bureau said: "This sort of thing must and will stop, I am tired of having the ex-service men used as pawns for some persons to reap financial gain. It is high time that someone decided to take a hand in the game and I, for one, will expose every case of graft, poor administration or lack of attention on the part of any individual connected with the care or treatment of veterans of the World War."

STATE SCHOOL OFFICIALS MAY BE PROSECUTED

New Charges of Alleged Cruelty at Gatesville More Serious Than Thame's Death, Declares Cowell.

By Associated Press.

AUSTIN, Texas, Oct. 19.—Charges that a feeble minded boy named Harvey, died at the State Juvenile Training School at Gatesville several months ago as the result of cruelties inflicted by an employe of the school were contained in the affidavit of Santos Bargas, a former inmate at the school, which was discussed with A. R. Johnson, a member of the board of control, by Senator Harry Hertzberg of San Antonio today.

The affidavit of Marshall Lee Armstrong, another former inmate, charges that he and other inmates had been mistreated at the school.

After conference with Senator Hertzberg, Mr. Johnson announced that he would go to San Antonio next week and hear the boys' testimony. He said it was probable that the entire board would go. In event the charges are sustained and sufficient evidence is found to warrant it, Mr. Johnson will turn the evidence over to the county attorney of Coryell County requesting that the party or parties responsible for the death be promptly prosecuted be told Senator Hertzberg.

Chairman S. B. Crowell said that the charges made by Bargas are even more serious than the death of Dell Thames, fourteen year old inmate, for whose death H. G. Twyman is charged, if they are true. It is charged in Bargas' affidavit that Harvey was beaten, kicked and forced to stand in line until he fell dead on the drill grounds.

Says Charges False

Superintendent King of the school in a phone conversation with Chairman Cowell branded the charges as a "fabrication," saying that they were groundless. Chairman Cowell added, however, that the evidence of the San Antonio boys should be heard before the board reached its conclusion as to the charges of brutality to the inmates of the school.

Another development of the inquiry into the alleged mistreatment of the juvenile school inmates was the testimony given by three boys now in carcerated in the county jail here who are former inmates of the school. The testimony was heard at the jail by Mr. Johnson.

Forest Haucker, 17, and Clarence Brown, 18, testified that they were inmates while Twyman was drill master and that they had been whipped unnecessarily by Twyman and the

PICTURESQUE CAREER OF WEST TEXAS MAN IS ENDED BY DEATH

RALLS, Texas, Oct. 19.—John D. Ralls, sixty, millionaire land owner, cattleman and founder of this place, died here today. When Mr. Ralls came to this country twenty years ago he built many houses and invited people to come and live in them without charge. Up to the time of his death he gave free lots to all new comers to Ralls and loaned them money to build their houses.

MAY ASK NEFF TO RUN ROADS DURING STRIKE

Members Directors C. of C. Favor Calling on Governor to Use "Open Ports" Bill Authority.

In the event of a railroad strike materializing directors of the Wichita Falls Chamber of Commerce will be urged by influential members of the board to call on Governor Neff to use the authority vested in him under the "Open Ports" bill to keep the trains of the state running and the state's "commerce open and uninterrupted," it was learned from an authoritative source early Wednesday.

The resolution will also be so framed as to call on other Chambers of Commerce and commercial bodies in the state to take the same action, according to the information obtained.

Legal advice as to the governor's powers under this legislation, passed at the time of the dock strike in Galveston, was solicited from one of the leading attorneys here as a preliminary step in this plan.

In giving an informal opinion this attorney pointed out that the far reaching extra police powers conferred on the governor at the time of the Galveston strike, apply also to all railway lines, express lines, freight yards, terminals and depots, and even go so far as to apply to oil pipelines, this being specifically stated in the bill.

Gives Authority, Says

"Under this piece of legislation he has authority to insure the running of every train, by use of soldiers or special rangers, of which he can appoint any number which he deems ne-

BITTER ATTACK LAUNCHED ON TAX MEASURE

Senate Party Lines Erased in Fight Against Tax Revision Bill Sponsored by Agricultural Bloc.

By Associated Press.

WASHINGTON, Oct. 19.—The compromise tax revision bill was assailed today in the senate by both democrats and republicans.

Senator Underwood of Alabama, democratic leader, characterized the measure as the worst ever presented to congress. No one understood it, he declared, except a few treasury experts who drew it, and he predicted that if the bill became law the courts would be several years interpreting it.

Charging the republicans with failure to be candid with the American people, the democratic leader said they were trying to have it go out that the taxes were to be reduced when as a matter of fact they would be increased through the operation of the administrative provisions of the revenue measure and the proposed American valuation plan in the tariff bill.

Senator Moses, republican, New Hampshire, paid his respects to the committee and also to amendments sponsored by the agricultural bloc, which he termed the "ken-cap-klan," a play on the names of Senators Kenyon of Iowa and Capper of Kansas, leaders in the bloc. Indorsing the Smoot manufacturers sale tax, Senator Moses declared the committee bill "plainly was drawn under the inspiration of the slogan, 'soak the rich.'

Supreme court decision in tax cases got into the debate, Senator Nelson, republican, Minnesota, complaining about opinions holding state and municipal bonds exempt from the federal taxation and Senator Watson, democrat, Georgia, characterizing as "perfectly rotten" the recent decision that stock dividends could not be taxed.

Getting down to cases, the senate, after a long technical discussion, voted down, 56 to 12, a committee amendment under which treasury experts had figured the government would receive taxes on about 85 per cent of the earnings of "close" corporations accumulated prior to March 1, 1913.

ATTEMPT TO ASSASSINATE HERRICK FAILS

Valet's Action of Opening Package Probably Saves U. S. Ambassador From Injury or Death.

Conviction of Radicals of First Degree Murder in U. S. Cause of Demonstrations in Paris.

By Associated Press.

PARIS, Oct. 19.—A bomb exploded today in the house of Myron T. Herrick, the American ambassador, seriously injuring the valet who opened the package containing it.

The room in which the explosion occurred was wrecked. Ambassador Herrick arrived at the house two minutes after the bomb blew up.

The receipt of the bomb followed threatening letters which have been coming to the ambassador in the last few days in connection with the case of two Italians recently convicted of murder in Massachusetts.

The bomb was contained in a carefully made package, addressed personally to the ambassador, who, it appears, might well have opened it himself as it seemed to be a gift designed for him.

The ambassador's valet, however, happened to see the package and opened it to save Mr. Herrick the trouble.

It was during the afternoon that the package was delivered. Immediately after the explosion Ambassador Herrick went to the Hotel Crillon where General Pershing is stopping. The perfect of police joined the general and the ambassador there and this evening they were conferring on the case while the entire detective service of Paris was at work in an attempt to trace the origin of the bomb.

Considerable damage was done the ambassador's residence, outside the room where the explosion occurred as well as within it.

The package containing the bomb was addressed to the ambassador's residence, Number 16 Avenue Messina.

The explosion occurred in the bathroom of the ambassador's suite.

MANY THREATS HAVE BEEN RECEIVED BY AMBASSADOR

By Associated Press.

PARIS, Oct. 19.—Threats to tear down the American flag over the American embassy here are contained in many letters which have been received at the embassy in the last few days protesting against the conviction in the United States of Nicolo Sacco and Bartolomeo Vanzetti, two Italians, for the murder of Frederick A. Parmentar, paymaster of a shoe manufacturing establishment at Braintree, Mass. In all between 300 and 400 letters of protest have been received at the rate of more than 100 a day.

There have been numerous demonstrations by radical elements in Italy over this case and the communist newspapers here in Paris have taken up the campaign, urging their followers to protest the embassy and announcing a mass meeting for Friday. It is reported an attempt to demonstrate in front of the embassy is being planned to follow this meeting.

The embassy, it is stated, will be well guarded both on Friday and later on the day when it has been reported here the prisoners were to be executed.

TEN TEXANS TO REST AT ARLINGTON

Special to the Record News.

WASHINGTON, Oct. 19.—Among the 108 bodies of American soldiers that will be reinterred in Arlington National Cemetery Thursday with full military honors are ten from Texas, most of whom were killed in action.

One was killed on the very day the armistice was signed that ended the world war, while the others gave up their lives during the last two months of fighting.

The Texans names are:

Private Hugh C. Wharton, Company F, 356th Infantry, killed in action on armistice day; next of kin Mrs. Dora Wharton, 705 1-2 Tenth street, Wichita Falls.

Private Jesse S. Boone, Company C, 142nd Infantry; next of kin, Ben Boone, 2507 Lincoln avenue, North Fort Worth.

Private Mark Clyde Campbell, company G, 360th Infantry; next of kin, Ben J. F. Campbell, Bremond.

Private Frederick B. Hopkins, machine gun company, 26th Infantry; next of kin, Mrs. F. B. Hopkins, Kingsville.

Private William N. Galloway, Company C, 20th Machin Gun Battalion; next of kin, Mrs. Naney Galloway, Como.

Corporal Roland W. Polk, Company N, 142nd Infantry; next of kin, Calvin L. Polk, Kirkland.

Private Charles Frederick Isaacs, Company D, 360th Infantry; next of kin, William A. Isaacs, R. F. D. No. 1, Quannah.

Private O. Lahoma Jones, Company 6, 142nd Infantry; next of kin, George W. Jones, Burleson.

Private Joseph B. Herrill, Company E, 359th Infantry; next of kin, Mrs. Myrtie Merrill, Ladonia.

Private John Blanding, Company I, 360th Infantry; next of kin, Mrs. Mary Blanding, 1709 East Fourth street, Austin.

SENSATIONALISM IN PULPIT CRITICIZED BY BISHOP AINSWORTH

By Associated Press.

SAN ANTONIO, Oct. 19.—Bishop W. N. Ainsworth of Macon, Ga., at the opening session of the 63rd annual conference of the West Texas Methodist Episcopal District in San Antonio today sounded a warning to those preachers who attempt "to mimic the ways of the world in their conduct of the affairs of the church." They make themselves familiar in print, Bishop Ainsworth said, "but they sacrifice the dignity of the ministry to a flimsy and shallow popularity."

The bishop's address followed the nomination of a number of committees, the election to deacon orders and the addresses of the superannuates, and the transaction of routine business preparatory to getting down to business proper.

The day was given over to the superannuates who gave their experiences as Methodist circuit riders for the benefit of the younger delegates to the conference.

A memorial to the general conference praying that body to formulate a constitution for the church, was introduced by Rev. S. X Swinney, of Midland, and Rev. J. M. Perry, of San Marcos. The paper was referred to the committee on memorials to the general conference.

AMERICA FACES EDUCATIONAL CRISIS DECLARES HARDING IN APPEAL FOR BETTER SCHOOLS

By Associated Press.

WILLIAMSBURG, Va., Oct. 19.—Declaring the nation confronts an "educational crisis" through lack of teachers and public school facilities, President Harding appealed in an address here today for patriotic support of an educational system commensurate with national resources.

"I wish it were possible," said the president, "to drive home to the whole American people the conviction of needed concern for our educational necessities. We must have more and better teachers and to get them the profession must be compensated as it deserves."

Mr. Harding spoke before a gathering of students and alumni of the College of William and Mary as part of a ceremony which inducted Dr. J. A. C. Chandler into the presidency of the institution. An honorary degree was conferred on the chief executive, who came here with a distinguished group of government officials, after delivering an address during the morning in Yorktown.

"It is no exaggeration," said President Harding, "to say that the nation confronts an educational crisis From every corner of the land, from country, town and city, comes the same report, that the housing capacity for our public schools is inadequate; that tens of thousands pupils have no place for their studies; that teachers cannot be listed in sufficient numbers and that school revenues are insufficient.

"It may be said that in this realm of education we have been drawing on our capital instead of spending the annual increment only; we have been taking the teachers away from the schools and leaving a constantly increasing deficit in our capacity to turn out that product of disciplined minds which only can be insured through every expanding facilities.

"Let me hasten to add that this is not a condition which leads us to pessimism or misgivings. I would not wish it to be otherwise. No people ever approached the lavishness with which from public revenue and private purposes, Americans have given to support education, yet the more generously we provide today the greater is the deficiency tomorrow; and I am glad it is thus. So long as the eagerness for education outruns our most generous provision of facilities, there will be assurance that we are going ahead, not backwards.

"So long as I find that the proposition of public revenue properly devoted to education is increasing, I desire to be counted among those in public life ready and anxious to struggle with the problem of raising the necessary revenue. I wish it were possible for us to drive home to the whole American people the conviction of needed concern for our educational necessities. We must have more and better teachers, and to get them, the profession must be compensated as it deserves. I would life up a Macedonian call in behalf of our schools and colleges, to men and women who feel the urge to public usefulness. More even than money and endowments, our educational establishment needs the devout, unselfish sustaining support of people moved by instincts of patriotism and service."

STRIKE THREAT OUTCOME HINGES ON CONFERENCES

By Associated Press.

CHICAGO, Oct. 19.—Preparations for the various moves through which it is hoped the threatened rail strike will be averted, were completed today and tomorrow the peace efforts will be in full swing.

Tonight heads of the unions and of the carriers were silently alert with—figuratively speaking—one eye on the conference tomorrow between the "big five" rail union leaders and the railroad labor board and the other meetings of officials of eleven unions which have not yet joined the conductors, engineers, trainmen, firemen and switchmen in a strike order, for both sides were agreed that out of these conferences would come the final decision as to whether a general walkout of rail employes would materialize.

In the conference with the labor board rested the possibility of the "big five" being persuaded to cancel their order for a walkout. While in the meetings of the eleven unions, which actually started today, was to be decided whether these organizations, holding the balance of manpower through numbering three-fourths of the nearly 2,000,000 rail workers in their membership, would join the "big five" if they walked out October 30 as planned.

ROAD CHIEFS PREPARE FOR ACTUAL CRISIS

Executives Will Open Concerted Advertising Campaign to Enlist Workers in Event Strike Materializes.

The Public Cannot Afford to Pay Rates Necessitated by Labor Costs, Declare Railroad Officials.

By Associated Press.

NEW YORK, Oct. 19.—Railway executives today took active steps to keep their lines running if the threatened rail strike materialized October 30.

A member of the General Managers' Association let it become known that tomorrow all roads entering New York would join in an advertising campaign for workers to fill such vacancies as might occur. At the same time they issued an appeal to the public for volunteers to man cabs and platforms. Other lines also are keeping their eyes on commuters as a possible source of labor.

Railroad officials professed to be little concerned about their yard forces, upon announcement that thirty locals of the Railroad Yardmasters Association, claiming to have 2,500 members in the vicinity of New York, had voted to strick. At the same time John F. Welch, an organizer of the Seamen's Union, hinted that the railroads need not look to coastwise shipping lines to move any passengers stranded by the strike, as he said members of the union would refuse to man coastwise vessels in the event of a railroad strike.

Indications tonight were that further preparations would be made tomorrow by rail heads to meet the strike situation. Both the General Managers Association and the Association of Railway Executives have meetings scheduled.

The Association of Railway Executives issued a statement declaring that the public, "the real paymaster," could not afford rates necessitated by labor costs and calling upon all roads to publish statements of rate reductions made since the 12 per cent wage cut was ordered, in order to show that the roads were making sacrifices themselves and not putting the whole burden on labor.

WE BURNT LOTS OF GASOLINE DURING MONTH OF AUGUST

By Associated Press.

WASHINGTON, Oct. 19.—A new high record in gasoline consumption was established in the month of August, when 503,000,000 gallons were used, according to an announcement today by the bureau of mines.

Although the average daily production in August of 13,921,000 gallons was 385,000 gallons more than in July, total stocks of gasoline on August 31, amounting to 567,645,000 gallons, showed a decrease of 116,000,000 gallons during the month, according to the figures.

Exports of gasoline in August totalled 47,893,000 gallons, or 75 per cent more than in July. Total productions for the month was given as 431,577,000 gallons.

Warren S. Stone, president of the Brotherhood of Locomotive Engineers; W. G. Lee, president of the Brotherhood of Railroad Trainmen; W. S. Carter, president of the Brotherhood of Locomotive Firemen and Enginemen; T. C. Cashen, president of the Switchmen's Union of North America and E. P. Curtis, vice president of the Order of Railway Conductors, left Cleveland tonight for Chicago to meet with the labor boa l at the latter's request. L. E. Sheppard, president of the conductors' organization, also is expected to be here tomorrow.

Other Peace Signs

While this conference was looked on as the most important of the peace moves, railroad men tonight professed to see signs of a peaceful settlement of the difficulties in the attitude of B. M. Jewell, head of the 476,000 members of the six railway shop craft organizations and of J. C. Smock, vice president of the Maintenance of Way Union, which numbers 300,000 men.

The shop crafts executive council met today but took no action other than to call in the conference committee of 100. The committee, while having power to call a strike, also is expected to defer action by calling in the 1,000 general chairmen for a meeting Friday when the final attitude of these groups probably will be made known.

The maintenance of way executive council met only informally today, the formal meeting coming tomorrow when all of the members are expected to be present.

"I can not speak for my entire organization now, but personally, I will say that we do not want a strike, that we would never strike on the wage question unless forced to, and that we will not go into any walkout with the brotherhoods unless we have definite promises of co-operation which have so far not been forthcoming from them," said J. C. Smock, maintenance of way vice president tonight.

Opposes Strike.

Mr. Jewell repeated his statements that he was opposed to the strike.

The labor board will go into conference with assurances of full support of every interested governmental department, its members said tonight, following an executive session at which they went over the case.

One member intimated he believed that the board had found a legal method of enforcing its ruling. Heretofore the board has maintained that it had no power to carry out its decisions and unions and railroads each have charged the other with violating the board's rulings.

The board had no announcement to make tonight as to its procedure tomorrow other than to say that the situation "would be gone over thoroughly." It was understood, however, that a plan similar to that proposed by the public group in Washington—calling for acceptance of the last wage cuts—would be the basis of discussion.

Board members admitted that they realize the board really is fighting its life and that much of its future depends on its ability to handle the present situation.

REPEAL OF ESCH-CUMMINS BILL WILL BE SOUGHT

By Associated Press.

WASHINGTON, Oct. 19.—Interest in Washington in the strike situation was centered today in the forthcoming conference of Brotherhood leaders and the railroad labor board tomorrow in Chicago. Hope that a definite program to avert the strike would result from that meeting was general in government circles.

With President Harding and several members of the cabinet, whose official duties made them interested in developments, out of the city, there was no announcement of further initiative by the government. The interstate commerce commission also maintained silence regarding reports that the tentative program of the Chicago conference would include provisions for a reduction in railroad freight rates in proportion to the July cut in railroad wages.

Attorney General Daugherty said the department of justice has given "considerable attention to the matter" of the threatened transportation tie-up, but reports that agents of the department have submit-

(Continued on page two.)

OUTCOME OF RAIL DISPUTE IN BALANCE

(Continued from page one.)

ted comprehensive reports based on investigation of the activity of both parties of the controversy.

The suggestion that certain provisions of the Adamson act and of the Esch-Cummins railroad bill "were impeding a prompt return to normalcy in railway rates and service," was made to Chairman Cummins of the senate interstate commerce committee by the American farm bureau federation which served notice that "we will move at an early date for the repeal of these two measures, in whole or in part."

The federation plans to file tomorrow with the interstate commerce commission, a petition asking "immediate reduction in rates on basic commodities of from 10 to 20 per cent" the letter to Mr. Cummins said, adding that the petition would be accompanied by a request for "reflection of all reductions of operating expenses in lower rates until the freight advance since August 1920 is eliminated."

TEAMSTERS THREATEN TO COMPLETE TIE-UP IN N. Y.

NEW YORK, Oct. 19.—Teamsters and chauffeurs, as well as marine engineers on harbor boats, may add their bit to the difficulty New York faces in getting food and fuel in the event the threatened railroad strike goes into effect on October 30.

Officials of locals of the international brotherhood of teamsters, claiming 20,000 members, have summoned the men to vote Thursday on acceptance of a $5 weekly decrease announced yesterday by the Merchant Truckmen's bureau. The marine engineers affiliated with the marine engineers' benefit association, already have been called to vote November 1 on a proposal to join the rail strikers.

Despite the double threat of disorganization of local transportation facilities, city officials declared they were confident they could feed and fuel the city.

Officials of various railroads centering in New York continued to be uncommunicative today regarding their plans to meet the threatened strike. The only two lines that have shown their hand to any extent are the Central Railroad of New Jersey and the Erie. The Central began advertising yesterday for men to take the places of any who might walk out, while the Erie sent newspapers "copy" for similar advertising to be inserted Thursday.

NO POSSIBLE GROUND FOR STRIKE SAYS ROAD CHIEF

CHICAGO, Oct. 19.—In the event the threatened railroad strike is called the roads are prepared to "do our utmost to move necessities, utilizing to the fullest possible extent all the man-power available," Charles H. Markham, president of the Illinois Central railroad, declared today in address before the American mining congress.

Mr. Markham said the present transportation tangle was due to the fact that ninety-nine public bodies have a hand in fixing the rules, income and expenses of the roads and that the railroads have no voice in the expenditure of more than 97 per cent of their operating costs.

"The remedy," he said, "is to place once more into the hands of railway managements—under competent and broad-minded supervision—the control of operating costs in such a way that responsibility may properly be fixed upon the managements for the operation of their properties."

Earnings Fixed

The railroads, he said, have taken their share of losses in the present period of re-adjustment despite the fact that they were not permitted to profit as other industries had during the period of high prices because their earnings were fixed by the government.

"With a consciousness of their obligation to the public service," he said, "the managements of the railroads of the country have recently announced that they will ask the railroad labor board for a further reduction in wages, the entire benefit of which they propose to pass along to the public in reduced freight rates. This puts the situation up to the public, which exercises the balance of control on the railroad labor board. If the public wants reduced rates its representatives on the labor board have the opportunity to get them by granting such wage reductions as will make reduced rates possible.

"The cuts which the management propose are these:

"That wages of train service employes be reduced sufficiently to remove the remainder of the increase granted by the labor board's decision of July 20, 1920 (which would involve a further reduction in the wages of this class of labor of approximately ten per cent) and a reduction of the wages of all other classes of labor which cost the railroads of the country last year more than $1,300,000,000. Other industries have been liquidating labor costs especially the wages of unskilled labor. It is utterly unfair that the farmer, for instance, should have to pay freight rates sufficient to make it possible for the railroads to employ labor at three or four times the price which the farmer is paying for exactly the same kind of labor.

Strike Against Board

"It is most important that the public understand clearly the issue involved in the order for a general railway strike which has been formulated by the railway labor brotherhoods. The thing it is proposed to strike against is the decision of the railroad labor board authorizing a reduction of approximately twelve per cent in wages, which the railroad put into effect July 1. There is at present no other possible ground for a strike.

"The situation, in important respects, is more serious than that created by the strike order issued by the labor organizations in 1916 which precipitated the passage of the Adamson law. At that time, while the railroads had asked for arbitration, there had not been any arbitration because the labor unions had refused it. Therefore, the labor unions were technically not outside the law. The present case is entirely different. The transportation act of 1920, a law of the United States, created the railroad labor board. The act requires the railroads and their employes to submit to the railroad labor board disputes over wages and working conditions which might interrupt the flow of transportation.

ADMINISTRATION'S COURSE ILL-TIMED CHARGES STONE

By Associated Press.

CLEVELAND, O., Oct. 19.—Why has not the Washington administration long ago taken the position that it intends to find out whether or not the United States labor board is "a useless public body," Warren S. Stone, president of the Brotherhood of Locomotive Engineers, asked today in a statement.

"We note in the morning papers that the railroad labor board is going to assert its authority. It is strange that it should be discovered only when labor is trying to better its condition and is filing a protest against further wage reductions that then and not until then, the United States railroad labor board has full authority," Mr. Stone said.

He cited alleged instances of the Pennsylvania, the Erie and "numerous other roads," the officials of which "have simply flouted the authority of the labor board and have told them very plainly and forcibly that they would not recognize them and abide by their decisions and now at this late date, they commence to talk about asserting their authority, when labor is interested."

DECLARES NATION WON'T SURRENDER TO UNIONS

TOPEKA, Kans, Oct. 19.—The whole nation is aroused and will insist that the government shall not surrender to the railroad unions as in 1916, Governor Henry J. Allen, of Kansas, declared in a statement today discussing the impending railroad strike.

"A frightened congress in 1916 passed a law in three days which prevented a general strike by abject surrender to the threats of the four American brotherhoods. A courageous congress in this hour could in 3 days pass a just law creating a federal tribunal before which the laboring man might receive justice without warring upon the public."

NEW YORK, Oct. 19.—All railroads coming into New York tomorrow will begin advertising for men to operate trains in case of a strike. A member of the general managers' association today said notices would be inserted in morning and afternoon newspapers offering permanent employment to men employed "to fill such vacancies as may occur."

HAZLETON, Pa., Oct. 19.—The Lehigh Valley railroad company today began advertising for men to take the places of employes who may leave from the service on November 1. The advertisements say the positions will be permanent.

NEW YORK, Oct. 19.—Members of the Seamen's Union will refuse to man coastwise passenger boats touching New York if there is a railroad strike, according to John F. Welsh, an organizer for the union.

FIRST OF CONFERENCES ON RAIL PROBLEM BEGUN

CHICAGO, Oct. 19.—The first of a series of conferences in Chicago at which representatives of all factions in the railroad strike situation may decide the outcome of the strike call issued by the big four brotherhoods for October 30, began here today, to continue over the week end.

Three group meetings are scheduled:

1.—Executives of the shopmen, maintenance of way workers, clerks, telegraphers and others meet today, tomorrow, Friday and Sunday to decide their attitude toward the announced strike of the train service employes, with indications of a final decision at a joint conference Sunday.

2.—Brotherhood leaders are on their way here to hear the government's attitude through the railroad labor board tomorrow.

May Propose Rate Cuts

Freight rate reductions apparently equivalent to the 18 per cent wage reduction ordered last July 1 by the railroad labor board, were indicated as the probable basic suggestion the labor board will propose, with the backing of the administration, to avert the strike.

"I understand," said Commissioner Ben W. Hooper, a member of the "public" group of the labor board, "that the interstate commerce commission has a number of important rate reduction cases on hand, on which it will act immediately. That will give us something to work on."

The board's policy, as outlined by Commissioner Hooper, would propose to the brotherhood chiefs immediate suspension of the strike order on their part, and their influence in preventing other walkouts, while the executives would be asked to concede the withdrawal of the proposed request for further wage cuts and grant an immediate reduction of freight rates.

President J. R. Howard of the Farm Bureau Federation today had one file before the interstate commerce commission here a petition for a 10 to 20 per cent freight rate reduction on necessities of life, and at the same time he telegraphed union leaders and railroad executives urging them to join him in a conference here.

Failure of the brotherhood chiefs to join a strike agreement at conferences here last week with the eleven other railroad unions has made uncertain the outcome of their strike conferences here beginning today.

Shopmen's Policy Unformed

Referendum votes have authorized the leaders of the maintenance of way and shopmen, who meet here today and tomorrow, to call a strike at their discretion, but shop craft leaders have summoned their executive council and executives of the maintenance of way union have called general chairman of their twelve divisions. Membership of these two and others of the eleven organization which have not issued strike notices numbering 1,500,000 as compared with half a million in the train service group under instructions for sectional walkouts beginning October 30.

Officials of the telegraphers have scheduled a meeting here Friday and the clerks Sunday. No definite decision, leaders of these eleven unions indicated, will be made before the end of the week.

While respects for settlement of the strike were growing brighter, army officials, it is understood were making preparations for operating trains by federal troops.

Dispatches from San Antonio said officers of the Eighth corps area in the southwest had been instructed to compile and forward to Washington lists of all officers and enlisted men with experience in 26 lines of railroad work.

State School Officials May Be Prosecuted

(Continued from page one.)

other guards and that they and other inmates had been kicked, hit and otherwise mistreated without cause. Haueker was in the school three months and Brown two years.

Both testified that they had rather go to the penitentiary for the offenses for which they are now held than to be returned to the Gatesville institution.

Bennie Leecrey, the other witness, said that he had been mistreated but once, that being when he was whipped when he thought did not deserve it, he said he preferred the school to the penitentiary.

Jailer Mercuth of the Travis county jail said that it was his observation that the majority of the discharged boys of the school got into trouble and were brought into the courts again. When nine convicts were brought from Huntsville recently to appear before a committee, he said six of them were former inmates of the Gatesville school.

SUPERINTENDENT KING BRANDS CHARGES AS FALSE

WACO, Texas, Oct. 19.—Denying as "wholly and unqualifiedly false" statements attributed to Senator Harry Hertzberg of San Antonio that a boy named Harvey was beaten to death and that other recent disclosures in possession of the senator "warrant further investigation," Superintendent C. E. King, of the state institution for training juveniles at Gatesville wired a terse refutation to the News-Tribune tonight.

Mr. King's telegram follows:

"Some of today's papers carry what purports to be a copy of a telegram from Senator Hertzberg of San Antonio covering information of alleged brutalities at the state institution for the training of juveniles and more particularly of the death of a boy named Harvey. Some of yesterday's papers carried this story which told of a boy who was first brutally beaten and then required to stand at attention on the drill ground where he fell dead in his tracks from the punishment he had received.

"That story is wholly and unqualifiedly false. No boy of the name given in the story has been an inmate in the institution during the time that I have served as superintendent. No boy ever died in the institution under such circumstances as would even suggest such a story.

"Of course I am willing that the board of control should investigate this or any other accusation of a similar nature but these statements will be found uniformly to be untrue. I remain from a more lengthy statement concerning this and similar fabrications because the board of control has the whole subject under investigation and advisement. I await confidently the result of that investigation."

NEFF'S ACTION IN REVOKING PARDON UPHELD BY COURT

AUSTIN, Oct. 19.—Constitutionality of the parole law of Texas was upheld by the court of criminal appeals today in the case of Jewel Redwine of Eastland county. He was granted a parole from the penitentiary by Governor Hobby and resisted reimprisonment when Governor Neff revoked it recently, instituting habeas corpus proceedings. The court upheld Governor Neff's decision and ordered him remanded to the penitentiary.

TEXAS WOMAN IN PLAY FOR SOUTHERN GOLFING CROWN

ATLANTA, Ga., Oct. 19.—Mrs. Wyatt Hedrick of Fort Worth defeated Mrs. Sen Gatins of Atlanta, 2 and 1, in the second round of the Southern Woman's Championship Golf tournament played here today.

CONVICTION OF RADICALS CAUSE OF DEMONSTRATION

By Associated Press.

DEDHAM, Mass., Oct. 19.—Niccola Sacco and Bartolomeo Vanzetti were convicted here on July 14 of murder in the first degree of a post master in a payroll robbery at Braintree, April, 1920. The evidence turned on the question of identity, counsel for the men advancing alibis. The trial attracted wide attention.

The men were admittedly radicals and found followers in many places who contributed to a fund said to have totalled $60,000 for their defense.

Motions for new trials are pending before the superior court. Exceptions taken at the trial also are to be filed and the court had deferred sentence until November 1, pending such action.

GRADUATED LAND TAX MAY BE LIVE ISSUE

(Continued from page one.)

Ferguson, but the brutal facts of history or the truths of history should be told.

Robert Ewing Thomason refused to get in the race; Lieutenant Governor Lynch Davidson and Colonel Alvin M. Owsley have been mentioned.

Lynch Davidson is a splendid gentleman and there is no finer chap in Texas than Alvin M. Owsley but they are shaking dice with political death, if either makes up his mind to pit himself against Neff, the latter running for a second term on an economy platform and a law enforcement demand.

Graduated Land Tax Issue.

There will be issues uppermost in the coming campaign and from what the writer has heard, the graduated land tax may be one of them. Early in his campaign for the democratic nomination, more than a year ago, Mr. Neff declared for a graduated land tax. In fact, it was one of the paramount issues in the early stages of the campaign but the fight launched by Joseph Weldon Bailey upon Woodrow Wilson and his administration sidetracked this most important economic issue and when the state convention met in the city of Fort Worth no attempt was made to make it a platform demand of the democratic party.

But the issue is not dead so men tell me.

Neither is it sleeping.

Those in a position to know say that it will be uppermost among the issues in the coming campaign and it will not be pushed or advocated by men or newspapers in sympathy with socialistic demands or single tax gospel.

They say that Texas is the banner agricultural state. They say that there is an ever-growing demand for tillable acres and that the hour has come when many enormous holdings in certain sections of the state should be sold to those who wish to farm the land or to operate stock farms.

They say that these large holdings block the development of Texas and are a handicap to the growth of the commonwealth in population and wealth and all the modern accessories of civilization.

There is to be no insidious or organized attack upon legitimate wealth or holdings but those who are for a graduate land tax say that if Texas is to go forward, if highways are to be built in keeping with the demands of the hour, if vast irrigation projects are to reclaim and make productive vast areas then there must be a graduated land tax to accomplish the purpose desired.

They say it is impossible to go forward when a single individual is permitted to retain in one enclosure hundreds of thousands of acres of land for speculative purposes alone, with a very low rendition for tax purposes, when just across the road stockmen and farmers who produce the products which feed the mouths and clothe the backs of the people of the world are compelled to make a high rendition and pay high taxes on their improvements, their sweat, their thrift, and their progressive tendency.

These are self-evident facts, they say.

There are a few large land owners in Texas who refuse to move forward.

They refuse to cultivate their lands.

They are opposed to public highways.

They are opposed to giving educational advantages to all the children of all the people.

They are opposed to irrigation projects which will add thousands to the population of certain sections and millions to the taxable values of the state.

They represent a moribund period or age and a dying economic civilization.

Men of this type blocked progress or development of latent resources for years in the lower Rio Grande country.

In time many of the irreconcilables were called to their fathers, others dissipated their patrimony and those who had vision recognized the handwriting on the wall and became more zealous as builders than the pioneer developers of the valley.

Huge ranches became stock farms, truck farms, orchards and now irrigation promises to make the lower Rio Grande Valley of Texas the California of the South.

Men everywhere are hungry for land. They do not wish to confiscate it. They do not wish to rob their fellow of his rights. Neither should those who hunger for the land at a fair price be deprived of the right to sit in the shade of their own vine and fig trees and enjoy the fruits of the labor of hand and brain.

Handwriting on the Wall.

These men, and some of them are high in the councils of the democratic party and high in the councils of the republican party say that the handwriting is on the wall where all men may read it without the aid of glasses.

Colonel Charles Goodnight, the first pioneer of the Panhandle, recognized the inevitable and bowed to it long ago.

He had an interview in the Record News in the month of August which should have been a warning to certain owners of vast tracts of land but they failed to heed it.

Colonel Lucas Wilson is another veteran who said not long ago in the Record News that the time had come for the breaking up of vast tracts of land in order that farms and gardens and orchards and stock farms should take the place in response to the logic of history and the demands of the new civilization.

Colonel Wilson has been a ranchman for more than forty years and is the possessor of forty thousand acres within one enclosure.

He is for irrigation projects, modern highways, public schools for the children of the rural population, additional railroad mileage and all the legitimate demands of a fast growing and progressive people under the freest flag that Time has ever known.

These advocates of a graduated land tax, only for idle land mind you held for speculative or selfish purposes, point to conditions between Fort Worth and Weatherford on the west where five or six men block the development and the settlement of a vast territory by retaining large holdings, with a small rendition every year for low tax purposes while the farmers and stockmen around them are ever increasing the acre wealth and possessions of the non-progressive ones.

These are holdbacks or handicaps to the growth of any ambitious city or town in Texas or surrounding country.

They place a blight on prosperity.

They stagnate mercantile or manufacturing enterprises. They block legitimate advancement and they are a load that the builders and tillers of a progressive civilization cannot carry.

This is not the verdict of the writer. This is the consensus of opinion as it exists in the ranks of men who say that Texas should have fifteen million population today instead of five millions and be a three billion dollar agricultural state instead of a one billion dollar commonwealth.

They instance the six hundred thousand acre tract held under one enclosure by W. T. Waggoner and they say it is impossible for the development of the surrounding country unless a graduated land tax is imposed on idle land in order that it shall pay its dues to the state as farmers and stock men pay theirs and not be a block or barrier to irrigation projects or modern building programs in order that the Wichita Valley country as well as the Brazos country may be made the most productive and thickly populated farming sections of America.

Thrift Is Heavily Taxed.

Tillable land which adds to the annual wealth of Texas has a high condition and all the improvements made by the farmer and stockmen are highly taxed.

"Now why shouldn't idle land, holdings ranging from three hundred thousand to a million acres, be subject to a graduated land tax in order that equal justice may be done and every man given a fair deal under Texas skies?"

This is what the advocates of the Neff graduated land tax are asking their fellows when all legitimate industry and all the legitimate efforts of the builders and developers of today are being heavily taxed by federal and the state and municipal governments?

Readers of the Record News are reminded that where irrigation projects have been put over in Western states land values have increased two hundred to one thousand per cent, taxable values have gained from one thousand to two thousand per cent with the value of the crops produced increased in proportion.

If a few men under Texas skies refuse to move in response to the needs as well as the demands of a new world and a new civilization created by the world war then the men the writer interviewed and with whom he discussed issues which may be paramount in the coming campaign say that a graduated land tax should be pushed to the forefront and the idle land held for selfish or speculative purposes should be taxed high and the farmers who farm and the stockmen, who are struggling to keep alive the meat industry in order that the mouth of the world may be fed, shall be given a lower rate of taxation in recognition for their labor, their thrift, their enterprise and their hundred per cent American spirit of progress and patriotism.

Wouldn't it be well for these few Texans who believe that the world is flat and that the sun stands still to come out of their trance and "let sleeping dogs lie?"

May Ask Neff To Run Roads During Strike

(Continued from page one.)

cessary, if this is necessary to operation the attorney said.

The whole gist of the law, according to the attorney, is in the extraordinary protection the governor can place around those operating the trains.

"This is the crux of the situation" he said. "There will be no trouble in the railroads securing men to run the trains, if the protection that is accorded them is sufficient to assure them that they may work in safety, both on and off duty. This proved to be the case in the Galveston strike.

"He does not have to ask anyone's advice in the matter—it is simply left up to the chief magistrate of the state to do as his judgment of the public necessity may dictate.

"In running these trains, and in preventing any interference in the same he has advantage of the very severe penalties which the law provides for individuals who as individuals, or who in conjunction with one or more others, attempt to interfere with this operation.

Powers Broad

"These powers are so broad, and the interpretation of intereference so far reaching, that an effort to induce one engaged in this service through approach to a near relative, with a threat real or in any manner implied would be in violation of the law.

"Nor would the public necessarily be put to expense by this operation—the governor could make the railroad corporations themselves pay for such operation.

"He clearly has the power, as I said before, to see that every train continues in operation. Whether he does it or not is left up to him.

"The whole law is based on the statement as an elemental principle in the text of the statute that interruption of commerce from any reason constitutes a considerable menace to the public and the state, and that it is one of the first concerns of the state that this commerce be not interrupted."

When a woman in England desires to vote she must sign a form stating that she has reached the age of thirty years.

HOUSE OFFICE BUILDING IS AGAIN RAIDED

By Associated Press.

WASHINGTON, Oct. 19.—The box containing the Bergdoll investigation and private papers, stolen from the office of Representative Johnson of Kentucky, Monday night, was found early today on the fifth floor of the office building, broken open and with important documents missing.

Employes of the building reported that they located the box in an unoccupied storage room, completely covered over with rubbish. Mr. Johnson announced that some of his private letters had not been disturbed but that every document showed evidence of close inspection and that not a single slip of paper relating to the Bergdoll investigation was left.

After a conference with Speaker Gillette, who stated he proposed to go to the bottom of the matter, Mr. Johnson called on the Washington police to obtain the finger prints of all office building police and workmen. He said he wanted these for comparison with finger prints found on the window pane of the office which the thieves cut away to gain entrance.

The office of Representative Nicholas Longworth, republican, Ohio, on the fourth floor of the house office building, was entered last night by rubbers who broke open two filing cabinets.

Finding nothing of value, the robbers vented their wrath on an umbrella, by breaking it up.

This Is a Store of Service

It doesn't matter whether you come in for a necktie or for a Society Brand Suit or Overcoat—we serve you to the best of our ability. If you simply want to look around, you're free to do it. We'll help you in your selections, but we won't try to sell you anything you don't want. That's our idea of service.

We are ready with the things you need for the cooler days that are near. Come at your convenience.

ALLEGED NEGRO SLAYER TAKEN AFTER FIGHT

By Associated Press.

VINELAND, N. J., Oct. 19.—Louis Lively, the negro accused of killing a little girl at East Moorestown, N. J., last spring, was arrested here early today after shooting a policeman. According to the police he confessed he killed the child. A small crowd surrounded the jail after his arrest became known, but every precaution was taken to guard the prisoner.

Lively is charged with killing seven year old Matilda Russo, mutilating her body and burying it in the cellar of his home in East Moorestown. The child's body was found a week after she had disappeared. Lively vanished the day before the discovery of the murder, and a wide search for him was conducted by the police.

In his confession, the police said, Lively told them he had roamed through New England and Canada since he left East Moorestown, in June. He returned to Bridgetown, N. J., and last night walked to Vineland, reaching here this morning. A policeman, Asa Wilson, thought he recognized the negro. As Wilson stepped from a machine to intercept the negro, Lively drew a pistol and shot him. Another policeman caught Lively.

Wilson is believed to be fatally wounded.

A crowd quickly gathered at the town jail and threats of lynching were heard.

JOHN D. TOUCHED FOR PAIR OF DIMES BY JUVENILE SINGER

TARRYTOWN, N. Y., Oct. 19.—John D. Rockefeller was so pleased with the singing of a 5-year-old girl on the Hudson River ferryboat between this town and Nyack today that he gave her two dimes, and told her that she was "the prettiest little singer" he ever had seen. He applauded loudly as she sang, and waved back to her as his automobile sped away.

Mr. Rockefeller was crossing the river after a motor ride in Rockland county, and as the ferryboat left the slip the fiddlers on the boat struck up he tune "Mammy." Five-year-old Virginia Denike was in an automobile with her parents on the way home from a Rockland county wedding, and she sang the words to the song. Applause from Mr. Rockefeller.

Seeing a chance to make a hit with a new attraction, the fiddler walked sing again. She would, with pleasure, asked whether the young lady would sing again. She would, with pleasure, and her choice was "Mother O' Mine." Two dimes from Mr. Rockefeller this time, who told his secretary to tell the singer that she was the prettiest he had seen or heard.

"Thank you very much," chirped Miss Virginia. "I'll keep them always—until I get rich."

Virginia's father, Ralph Denike, owns a garage in Hastings, where he sells only Standard Oil products.

Reports of Virginia's success at winning dimes from Mr. Rockefeller, instead of the usual coppers, with an admonition to save them, brought many photographers to the Denike house. The first of them arrived just in time to see Virginia, who was making mud pies in the yard, swing a right hand on the nose of her playmate, James O'Grady. The blow successfully quelled any masculine desire James might have had for domination of the mud pie kitchen.

"Is she often that way?" a photographer asked Mr. Denike.

"O, yes," was the reply, "a regular prima donna."

Virginia said she was going to attach the dimes to a ribbon and wear them around her neck, but in the late afternoon the lure of he ice cream cone became strong and late in the afternoon her mouth bore suspicious signs of a predilection for chocolate ice cream.

LOS ANGELES TO USE STERN MEANS TO CHECK CRIME

LOS ANGELES, Oct. 19.—Stern repressive measures are being put into effect by county authorities to prevent any possible "crime wave" here during the approaching winter, it was announced at the Hall of Records.

Through the co-operation of the sheriff's office, the ditsrict attorney's office and other branches of the county government pending criminal cases are rapidly being disposed of and precautions taken to prevent new crimes.

It was revealed that plans for a new Criminal Courts building provide for the use of six court rooms permanently for criminal cases. With this number of judges working exclusively on criminal cases it is expected that the court calendars can be kept reasonably clear and swift justice meted out to lawbreakers.

The number of cases handled his year by the District Attorney's office has increased 25 per cent, it was stated. The county jail holds a record number of approximately 400 prisoners.

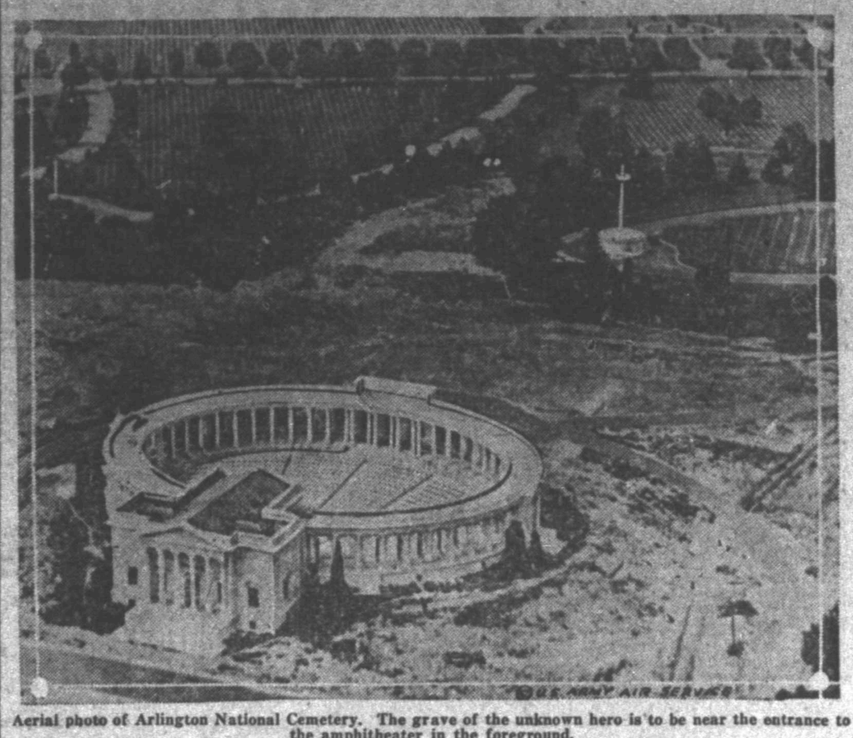

CAGE CANARIES BUT NOT MOCKING BIRDS

ST. LOUIS, Mo., Oct. 19.—It's a matter of legality and not sentiment that caused Frank L. Rand to resign as secreary of the Missouri Bureau of Conservation and Wild Life Protection. When seven mocking birds, hatched in nests at Forest Park, were caged in the Municipal Park Rand quit. It's against the law to cage mocking birds, he declared.

In Rand's office six canaries are caged. It's not a violation of the law to cage canaries, he asserts.

Near Fresno, Cal., in the San Joaquin valley, is a tree that is said to yield annually two tons of white figs. It is really five trees growing as one, the wide-spreading branches of the several trunks having been joined by grafting some years ago. With a yearly income from this source alone of $500, and income that is steadily growing, the owner might, not very far in the future, be said to be living not only under his own fig tree but on it.—Christian Science Monitor.

AMERICA'S "UNKNOWN HERO" TO REST IN BEAUTIFUL SPOT

Aerial photo of Arlington National Cemetery. The grave of the unknown hero is to be near the entrance to the amphitheater in the foreground.

This new aerial view of the national cemetery at Arlington, taken through co-operation with the army air service, shows the picturesqueness of the cemetery where the body of the "unknown American hero," will be buried on Armistice Day. This soldier, brought from the battlefields of France, will symbolize all the American soldiers who fell in the war.

CENSUS REPORTS SHOW MAN WITH HOE IS SUPPLANTING CATTLE RAISER ON PLAINS

Special to the Record News.

WASHINGTON, Oct. 19.—Ten years ago the plains section of northwest Texas was noted as a great cattle-raising country. Countless herds roved over the vast fenceless expense in search of pasturage and the land was given over almost entirely to the industry of cattle raising.

Since then times have changed and, according to census reports, considerable acreage has been turned into agricultural land. The extent of the change from cattle raising to agriculture is shown by the census figures which reveal an average approximate increase in the value of agricultural products from 38 counties in the northwest section amounting to 16 per cent.

But that is not all the census figures reveal. Despite the great turning to agricultural production and the lesser acreage devoted to cattle raising with consequent smaller herds, the census figures show that the number of cattle increased 174,970 in these counties from the year 1910 to 1920. In 1910 there were 862,766 head of cattle in the 38 counties and in 1920 the number had jumped to 1,037,430.

An increase also was shown in the number of sheep and swine, the former increasing from 77,000 in 1910, to 97,476 in 1920, and the latter increasing from 174,300 in 1910 to 167,328 in 1920.

The counties for which these calculations are made are Castro, Swisher, Lubbock, Crosby, Dickens, Hansford, Briscoe, Ochiltree, Lipscomb, Dallas, Sherman, Bailey, Hall Childress, Moore, Randall, Dear Smith, Cottle, Foard, Lamb, Hemphill, Gray, Wheeler, Oldham, Hardeman, Carson, Floyd, Hale, Motley, Potter, Hockley, Cochran, Roberts, Hartley, Hutchinson, Armstrong, Collingsworth, and Donley.

Hemphill was the honor county in the cattle raising industry, showing both a larger number of cattle and the greatest increase over 1910. Hemphill in 1920 had 55,046 head of cattle as compared with 24,135 in 1910, an increase of nearly 31,000.

Motley county was the big cattle section in 1910, having had 65,773 head within its borders, but the number has decreased nearly 19,000 and Motley by 12,500; Dickens, 8,500; Briscoe, 6500; Hall, 9400; Childress, 4000; Cottle, 17,000; Lamb, 12,000; Oldham, 1000; and Armstrong, 12,000, figures approximated.

Castro county showed the largest percentage of increase, jumping from 8211 head in 1910 to 31,455 in 1920 or nearly 400 per cent. Randall and Deaf Smith counties were close seconds, the former increasing from 10,864 in 1910 to 30,294 in 1920, and the latter from 12,944 in 1910 to 40,647 in 1920.

In the sheep-raising industry Deaf Smith county was the big loser, decreasing from 33,283 head in 1910 to 7,338 in 1920. In the former year Deaf Smith led the northwest section of the state by many thousand in number of sheep. Lubbock county now leads with herds numbering 20,006, an increase since 1920 of approximately 16,000.

Hale county is second in number of sheep according to the 1920 figures, having a total of 17,611 as compared with 4,120 in 1910. Despite the big decrease in number of sheep in Deaf Smith that county stands third among the counties in this section, according to the figures.

Other counties in the northwest section raising more than a thousand head of sheep were Castro, 5636; Swisher 1674,6 Crosgy 5136; Dickens, 3154; Briscoe 4764; Lipscomb 2168; Bailey 4868; Moore, 1281; Randall, 1673; Foard, 1821; Lamb, 1849; Carson, 1159; Floyd, 4483; Potter, 4902; Armstrong 2770; and Collingsworth, 1810.

Hale county scored again when it was listed as the largest hog raising county in the northwest section, being credited with a total of 14,175 swine in 1920 as compared with 9,142. While not raising so many Floyd county showed the largest increase since 1910 in number of higs, jumping from 4200 to 11,271. The second largest hog raising county was Wheeler with 13,310 hogs as against 9661 in 1910. Third place in point of numbers was taken by Collingsworth with 11,787 as compared with 9014 in 1910.

Other counties in the northwest section raising more than a thousand swine in 1920 were: Castro, 4658; Swisher, 4518; Lubbock, 7249; Crosby, 6197; Dickens, 2822; Hansfords, 2956; Briscoe, 6081; Ochiltree, 4,708; Lipscomb, 4814; Dallam 1863; Sherman 1499; Bailey 1213; Hall, 6829; Childress, 5653; Randall, 4,176; Deaf Smith, 4253; Cottle, 3,932; Foard, 2550; Lamb, 2146; Hemphill, 5372; Gray 4561; Hardeman, 5566; Carson, 3634; Motley, 3880; Potter, 1390; Roberts, 1333; Hartley, 1233; Armstrong, 2849; and Donley, 6420.

The number of cattle in the 38 northwestern counties as shown by the census figures for the years 1910 and 1920 were as follows.

County	1920	1910
Castro	31,455	8,211
Swisher	26,246	12,517
Lubbock	21,066	18,191
Crosby	14,788	27,226
Dickens	20,782	29,304

Soundness of Physique Makes for Character

THE physically sound man is usually also a man of good moral fibre and well balanced mentality.

The reason is easy to find. It is but a natural result of enjoyment of good health. Being normal in every way his conception of life is true—not false—consequently he thinks right, acts right and lives right.

For good health puts a bright aspect upon life; it supplies a wholesome atmosphere to everyday surroundings; fires ambition to greater and loftier purpose; clears the vision of distortion, and makes things assume their respective proportions and natural importance—placing them right-side-up instead of turning them topsy-turvy.

On the other hand, an unhealthy condition of the system breeds discontent; engenders a morbid outlook; brings up ghosts of apprehension, specters of ill-omen and predictions of evil and misfortune.

To seekers of better health, those who are weak and worn-out, exhausted either from sickness or undue strain, FORCE, the master rebuilder, will prove a worthy aid. It will develop the bright side of things by dissipating that feeling of lassitude and indifference which is now incapacitating them for worthy effort. Supplanting these unfavorable conditions, will come a sense of buoyancy, of cheerfulness, and an eagerness for mental and physical activity, combined with a renewed freshness, an increased energy and a greater endurance.

FORCE is a potent aid to Nature in rebuilding persons who are thin, pale, weak or invalid. As a palatable appetizer and aid to digestion FORCE is very acceptable to the weakest constitution. It is an effective functional regulator of the liver, kidneys and bowels, and is of special benefit in case of nervous exhaustion and mental or physical fatigue.

Ask your druggist for a bottle today. Equally beneficial to men, women and children.

JURY RESUMES INVESTIGATION LORENA AFFAIR

By Associated Press.

WACO, Texas, Oct. 19.—The grand jury, called together in special session by Judge R. I. Munroe last week to probe the Lorena tragedy of th evening of October 1, in which ten persons were wounded, one, Louis Crow, dying from his wounds, reassembled here this morning after a recess of four days.

The work of the inquisitorial body is simplified somewhat by the steady improvement of the parties who were seriously injured in the affray. There is no longer any fear that th will be other fatalities. Sheriff Buchanan who was shot in the right si the bullet piercing both lobes of the lungs has so far recovered as to be pronounced out of danger by attending physician... Ed Howard, who was desperately wounded with a knife, is also out of danger. Carl West, the other seriously wounded victim, has been discharged from the sanitarium and while carried a bullet in the sixth vertebrae of the neck, it is not believed it will give him any trouble. All the other wounded have recovered.

So far as known outside the grand jury and the county attorney's office, nothing has developed to fix the guilt of anybody concerned.

GIFT CANDY MAKES SIX NURSES ILL

By Associated Press.

CHICAGO, Oct. 19.—Search for the sender of a box of poisoned candy responsible for the critical illness of six nurses at the West End hospital, was conducted today by postoffice inspectors.

The box came through the mail and was addressed to Miss Helen Rosenfeld, a seventeen year old student nurse. It contained home made "fudge" analysis of which by Dr. H. D. Valin, laboratory expert of the institution, was said to show that the supposedly deadly poison was present in all the candy.

"From a patient who was an ardent admirer, this candy was faithfully made."

The girl invited five other nurses to share the candy with her and within a few minutes all became ill.

Following a preliminary investigation it was said that two brothers had been found who had each paid attention to Miss Rosenfeld. The authorities said that each claimed he was engaged to the girl.

Patients who have come under the care of the girl nurse in the last few weeks will be questioned, the postoffice authorities said, R. Breakstone, who supervised the nurses, said that Miss Rosenfeld was an Austrian refugee and advanced the theory that the attempt to kill her with poison is part of an international plot to kill others who left Europe as she did.

FOUR PERSONS LOSE LIVES WHEN LUMBER CARS STRIKE TRAIN

By Associated Press.

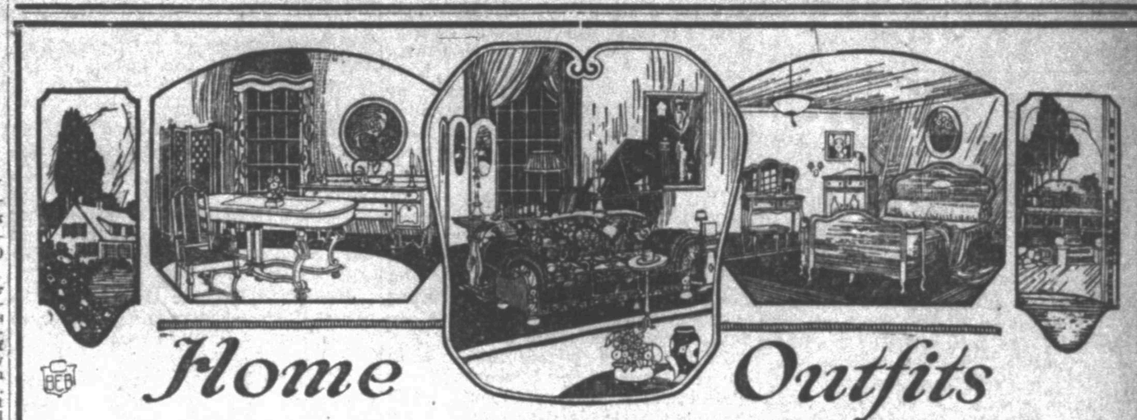

CARSON, Miss., Oct. 19.—Three white men and one negro were killed and several others injured last night when twenty-two cars of a log train of the J. J. Newman Lumber company became separated from the engine on an upgrade and crash into a work train about two miles from this place.

The accident occurred on a spur of the lumber company's track leading from the Mississippi Central railroad to company's camp.

COURT RULES GUN TOTING IS ILLEGAL ON ONE DAY TRIPS

By Associated Press.

AUSTIN, Oct. 19.—A man is not a traveler when he consumes only one day in making a trip or journey, according to the court of criminal appeals, and is therefore not entitled to carry a pistol. The decision was rendered in affirming the case of Paul George of Williamson county, who was fined $100. In making the trip from Taylor to Austin, George claimed he was a traveler and entitled to carry a pistol. The trip took two hours.

Home Outfits

FALL FURNITURE FOR YOUR HOME

Many homes in this city will need some additional furnishings this fall. It may be a rug, an odd piece of furniture, an entire suite or new draperies which you will need. We shall be glad to have you call on this store for your requirements.

A Range That Bakes Perfectly—Will Give a Lifetime of Service—Is the A.-B. Combination Range.

The first essential of a range is that it bakes perfectly under all conditions. Ask your neighbor what she thinks of her A.-B. Combination Range. The satisfaction this model has given in hundreds of homes is the best evidence of its splendid quality and scientific design. On convenient credit terms

$125.00

EVER FOR THE WRITTEN LAW.

There can be no invisible empire within the jurisdiction of established government in the United States.

There can be no toleration by the constituted authorities of those who take the law into their own hands.

There can be no procedure or program on the part of secret agents or agencies which set aside the written law and substitutes a penalty or penalties which are in defiance of established government and subversive of the statutes.

Governor Neff has so held.

Attorney General Cureton has so held.

This is the opinion of the attorney general:

"All efforts of persons under any name they may have assumed to better the moral conditions of the country through the medium of threats, fear, intimidation and personal violence is a violation of the spirit and letter of the constitution and laws of Texas and each and every act done and performed by them in carrying out or furthering any illegal purpose or which has for its object the doing of any act forbidden by law would involve the guilt of all participants having knowledge of the general purpose to do illegal acts or actual knowledge of the doing of an illegal act * * This applies to masked parades where such parade is a part of and in furtherance of a purpose to do some act which would be in violation of the law."

This opinion was delivered to the governor by the attorney general and the governor transmitted it to the peace officers of Texas. In giving the opinion of the attorney general to the public, among other things, Governor Neff said:

"Peace officers of Texas are charged with enforcement of the law. Our government recognizes no other channel through which it can be enforced except through the authority and by the power invested in you. You hold within your hands the life, the liberty and the prosperity of the people. In every land the law is the cement that holds together the bricks of organized government. Since the day of my inauguration as governor I have stood at all times against the wave of crime that has been sweeping our state. Charged as I am with a constitutional responsibility I call upon you, the peace officers of Texas, to enforce the laws. I earnestly ask all right thinking citizens of every creed and cult and color to uphold the hands of our officers in their efforts to maintain the supremacy of the law. It is my fervent hope that we may all work together for law and order throughout the confines of our commonwealth."

The Record News is an independent newspaper.

The Record News is ever for civil and religious liberty.

The Record News has ever stood and will ever stand against anything that even carries the suggestion of a union of church and state.

The Record News is for the written law and the written law alone.

The Record News is for the enforcement of the written law, the right of trial by jury and a fair trial for a person accused of crime regardless of "creed, cult or color."

The Record News is for the written constitution of the fathers, the bill of rights of the fathers, the institutions they established and the principles of government to which they pledged their lives and their fortunes for themselves and those who came after them.

This should be a land of law and liberty.

This should not be a land of mobocracy and violence and anarchy.

Here all creeds are tolerated. Here all men are privileged to worship according to the dictates of their own conscience.

No one creed or combination of creeds should be permitted to control this government or to lead to a union in any way of church and state.

This was the gospel of the fathers; this was the pledge of the fathers; this was the constitution that they made; this was the organic creed that they framed and their wisdom has been demonstrated by the growth of democratic institutions and the expansion of this republic into world leadership and the sanity of those who came after them for more than a hundred and forty-five years.

They builded wisely but not wiser than they knew. They had before them the failures of eight thousand years of monarchial oppression and religious intolerance and they realized that for a people to be free there must be civil and religious liberty, the people should elect their own servants and make their own laws and there should never be union of church and state in the direction or guidance of a community, a commonwealth or a federation of commonwealths.

They gave to the world a model of government which shall endure until the end of time if Americans ever hold steadfast to their principles and they guaranteed to those who came after them the priceless boons and privileges which men enjoy today and shall continue to enjoy just as long as our people are true to the traditions of the fathers and the fundamentals of government which they shed their blood and spent their treasure to establish on the continent of North America.

The Record News has no quarrel with any individual or combination of individuals but the Record News is for the written law at any cost, the supremacy of each living statute, the constitution the fathers gave and the flag they unfurled to float high for ever without dishonor, shame or stain.

WHERE MULTI-MILLIONAIRES ARE IN EVIDENCE.

There is to be a cattle and agricultural loan company in the city of Fort Worth to function in connection with the agency of the War Finance Corporation.

Shares are to be of the par value of $100 each, the total capitalization $1,500,000 and citizens of Fort Worth are to subscribe for $750,000 of the capital stock.

W. T. Waggoner, S. Burk Burnett, W. D. Reynolds, George Reynolds, Mrs. Winfield Scott and three or four others who are cattle and land barons or baronnesses are citizens of Fort Worth.

Their combined holdings have a value of more than a hundred million dollars. They made their money in land and cattle and they acquired possession of the land when it cost less per acre than a beefsteak costs today.

These multi-millionaires and land barons are all philanthropists; they swell up with home pride; they believe in placing their city on the map; they know that a mamouth cattle and agricultural loan company is necessary to save the livestock industry from disaster.

Of course it will not be necessary for a soliciting committee to approach these kings of finance and the range. They will subscribe for the entire amount of capital stock, scorning to let the world know that Fort Worth would be satisfied with taking a paltry $750,000 in this prosperity making organization.

Why Captain Burnett would laugh at the sum total and take it all; it would be only pin money for Mrs. Winfield Scott and Generous Tom Waggoner would take it and forget it in a single hour.

It will be a great mistake on the part of the promoters of this company to permit the modesty of these very wealthy Texans from giving vent to their secret emotions and willingness to write their subscriptions in the twinkling of an eye and wire the gladsome news to the head of the War Finance Corporation and then let it ring around the country that the live stock industry has been preserved by those who accumulated vast fortunes in land and cattle in the days when fortunes were easy to win.

On with the battle for the placing of Texas at the head of the procession of states and ever through the efforts of those who remember with gratitude what Opportunity did for them in the years that have flown.

Rippling Rhymes
By WALT MASON

ROSES AND ROCKS

Our idol stands before us, and does some merry tricks, and we applaud in chorus this prince of joyous hicks. We watch his every antic, we laugh until we weep, our glee is almost frantic, our admiration deep. We say, "Oh, was there ever so comical a gent? A guy so wonderous clever at spreading merriment? We certainly adore him, he gladdens all our days, and if it wouldn't bore him our college yell we'd raise." But lo, he pulled a blunder—perhaps it was a crime—and now we're trampling under the chap we called sublime. We have no thought of mercy as we apply the gaff to that form, fat and pursy, at which we used to laugh. In highly moral dudgeon we knock him from his feet, and call for ax and bludgeon to make the job complete. No doubt we've done some evil, we truly moral guys; our record's full of weevil we do not advertise. Oh, poor old human nature, it always is the same; no court or legislature can change its foolish game. We worship someone madly until he makes a break, then morally and sadly, we burn him at the stake. The more we used to love him when he was in his bloom, the fiercer do we shove him and kick him to his doom.—Copyright by George Matthew Adams.

ON THE SPUR OF THE MOMENT

'A LITTLE SLICE O' LIFE

There was a gentle drizzle
And an old gentleman sat
On a park bench with a newspaper
Over his shoulders
The rain dripped from the trees
And he shivered as he sat there
In his old battered derby
And his threadbare coat.
He gazed longingly toward
The mansions of the avenue
And at the swiftly moving
Limousines and buses
Carrying their loads
Of happy people up and down
The street just over the wall.
"How did I happen to get this way"
He asked as a passerby
Engaged him in conversation.
"Well, it was like this:
I came to this town years ago.
More years than I like to recall.
At that time I was quite a bird
And was making a lot of money.
There was none better than myself
In my particular line of work,
But I was a good fellow.'
Nobody asked for help
Without getting it right off.
I was an easy mark for every boob
Who wanted to borrow money
And I traveled fast.
Finally a day came when I
Didn't have a nickel and I
Asked those who owed me to help.
How many came through
Two or three, perhaps, and that's all.
That's why I am here.
It's just human nature. Ho-hum!"

Why speak of fall syles now. That's old stuff. The women are already wearing their next spring hats.

MORE LIVELY DEAD ONES

Headline in N. Y. Herald: "Passengers, Though Killed, Brush Their Dresses and Continue on Their Way."

A New York youth was caught taking a coin box from a telephone booth. Perhaps he was tired of waiting for his number and wanted to get his nickel back.

Overdrawn checks come home to roost.

SEA DIRGE

O ancient mourner, hoary Sea!
Whose soul are you now moaning for?
What pleasant, vanished memory,
Vast waters, are you groaning for?

I hear the burden of a song
Past wailing winds and breaker's roar,
Out where the mountains roll along
To meet the grand peaks of the shore.

Mourn ye the wrecks that vanished are?
Mourn ye the worlds that are no more?
The night descends, and shines a star
Down on the ancient, wrinkled shore—

Down on the crags that breast the waves,
The cruel waves that ceaseless roar;
Down on the earth and all its graves,
From which the dead rise nevermore.
—Frederick Schenck Schlesinger.

Who's Who

CANON CARNEGIE.

Canon Carnegie, champion of the British house of commons and subdean of Westminster Abbey, is now in the United States, having come with his American wife for a visit. His wife was Miss May Endicott, daughter of Judge Endicott of New York and a widow of Joseph Chamberlain.

Canon Carnegie was born in 1800 at Terenure, County Dublin. He was educated at Magdalen college, Oxford. Following his graduation he spent two years touring the world. He was ordained in 1887 and worked as a curate in Stanningley, York and East London. He was rector of Great Witley from 1889 to 1903 and for the next two years was rector of the cathedral church of St. Phillips, Birmingham. He was selected preacher at Oxford, 1905-1906. Canon Carnegie has been canon of Westminster since 1913; chaplain of the house of commons since 1916, archdeacon of Westminster since 1918, and sub-dean of Westminster Abbey since 1919.

He has written a number of books on religious subjects and has traveled extensively, having toured the world for two years some years ago.

DOGHILL PARAGRAFS

By GEORGE BINGHAM.

Several attended the speaking in the Calf Rifs neighborhood Wednesday night. It was a prohibition lecture and during the course of his remarks the man drank nearly a bucket of water.

Washington Hocks says a person can live on one side of a town so long and look at things in the same direction so much that he comes to the conclusion it is the way it looks to everybody; but when he moves to some other part of town he begins to look at things from a different angle and has to readjust his specs.

Frisby Hancock was at preaching last Sunday all shaved up so that nobody knew him hardly. You can tell that Frisby shaves himself because he always leaves some lather on the bottom of each ear.

A CELLAR VISIT

Breakfast Stories

Smithers sat slyly slipping slivers of liver into his mouth. Smithers always had livers for dinners. And he demanded his livers in small slivers.

Suddenly a frown came over his face. "Garckon!" he demanded.

Smithers was proud of his French accent.

The waiter slipped softly to his side. "These livers are not cut into small enough slivers."

The waiter became confused. He was all apologies, in fact he was one large apology.

"Monsieur Smithers wants his slivers in smaller livers?"

"No! No! I want my livers in smaller smithers."

"You mean your slippers in slivered livers?"

"Oh! Slivers of slithers smithered in slippered livers?"

"Great God, no. I say, slippered slivers in smaller smithers."

"Oh, yes, smithered slippers of sippered slithered livers."

Smithers changed a custom of years. "Bring me a kidney," he croaked.

Father and mother came to the city for a few days, leaving little Elsie with grandpa and grandma.

There being other guests, Elsie slept in the folding bed. A few days later Elsie sent the following letter to her grandma: "Dear grandma, I slept in your bureau drawer and liked it very much."

The pastor was interrogating the pride of the family.

"And do you always say your prayers before you go to bed?"

"Yes, sir," replied Johnnie.

"And what are the things you pray for?" pursued the good man.

"Well," responded little Johnnie thoughtfully, "mostly that pa won't find out what I've been doin' during the day."

THROCKMORTON MAN URGED TO RUN FOR STATE SCHOOL SUPT.

THROCKMORTON, Texas, Oct. 19.—Supt. L. Z. Timmons of the Throckmorton high school is being strongly urged to become a candidate for state superintendent of public instruction. Mr. Timmons has as yet issued no statement regarding his intentions.

He is one of the best known school men in West Texas, having served as a school official in almost every capacity from county superintendent to responsible positions in the state department of education. For a number of years he was county superintendent of Jack county. For quite a length of time he was at the head of the high schools of Graham, Jacksboro and Olney, making a remarkable record as a constructive school man in each place.

His work on the state text book board and as supervisor of rural schools is well known. In 1920 he was elected by an overwhelming majority as county judge of Young county, but resigned to accept the superintendency of the Throckmorton high school.

DEPARTS FOR PRISON UNACCOMPANIED AND PAYS OWN EXPENSES

DALLAS, Texas, Oct. 19.—Unguarded and placed on his honor to report at the state penitentiary, E. E. Renner, a Dallas county farmer, convicted of violation of the state liquor law, left here last night for Huntsville to serve a one-year sentence. He paid his own expenses and carried his commitment papers, having requested that he be permitted to go to prison alone and "get it over with."

TIMELY VIEWS NOT IN THE NEWS

G. A. R. SHOULD MORE EARNESTLY PROMOTE PATIOTISM IN SCHOOLS, SAYS NEW COMMANDER-IN-CHIEF.

"Two services open before the Grand Army of the Republic" recently declared Lewis S. Pilcher of Brooklyn, who was elected commander-in-chief of the G. A. R. at the recent Indianapolis encampment. One is strengthening and developing of those causes which must bind us and which bind us already to those who wore the khaki. They must take up those duties which their comrades in blue have so long carried along and which, by the very nature of things they must soon relinquish.

"Another important thing before us is to promote, and promote earnestly, the development of patriotism in the schools of the land and to relate the children in a true and lasting way to the Memorial day of the Grand Army of the Republic. I greatly deprecate the making of Memorial day a school holiday. I shall not only suggest, but strongly advocate, that this day shall not be made a school holiday. The schools should assemble as usual on Memorial day and the principals and teachers should arrange special programs for the observance of the sacred occasion. The schools of the country should enter into the spirit of the day as representative organizations and become a general part of the parade in honor of those who fought for America and her flag and institutions in the days of the six ties.

"I advocate that the schools should organize as part of the line of parade as distinctive parts of the line, and they should be headed by their teachers. This would be a much more pleasing sight and one of marked patriotic devotion rather than gathering on the sidewalk merely to look on. The teachers and the pupils should be integral parts of the days memorial exercises."

Another feature of the year's work which the Grand Army of the Republic has before it this year, according to Commander-in-Chief Pilcher, is to arrange for a fitting and comprehensive observance of the centennial of the birth of the great soldier, Gen. Ulysses S. Grant. Plans are now being made for such an observance. A circular will be formulated and be given to the public at an early date.

THIMBLE THEATER BY SEGAR

SOCIETY

MISS KATHERINE RANEY WEDS ROBERT HUDGINS.

"Mrs. J. M. Raney announces the marriage of her daughter, Katherine, to Mr. Robert Horace Hudgins on Wednesday, October 19, 1921, Wichita Falls, Texas. At home at Tampico, Mexico."

Today's mail will carry the above announcement to friends in various parts of the country, the first formal announcement of the wedding which was so prettily solemnized Wednesday at 1 o'clock, at the First Baptist church, when a romance which had its beginning several years ago in Wichita Falls, was happily culminated. Though there was no formal prenuptial announcement the bride's friends have shown their interest in the usual way and there have been numerous "hope chest" showers and also gifts and expressions of pleasure from the friends of the groom in the Republic de Mexico, where he is taking his bride.

For the ceremony the beautiful church auditorium was given added beauty, by the use of handsome chrysanthemums and ferns, in keeping with the autumn season.

Mrs. Jerry Schafer sang the nuptial song "O Promise Me," accompanied by Mrs. F. R. Collard at the pipe organ. Then the bridal party entered, the bride attended by her sister, Miss Ethel Raney, and the groom by his brother, Henry Hudgins, of Portland, Arkansas.

The ring service was read by Dr. O. L. Powers, the pastor of the church, while Mrs. Collard played "Traumeri" softly. After a few minutes of congratulations at the church and a few more at the station, Mr. and Mrs. Hudgins were off for their wedding trip, which will include a short stay in San Antonio, on the way to the border, and then a week in Mexico City. And in about two weeks they will be at home at Apartado 7177, Tampico, Mexico, where Mr. Hudgins is the secretary-treasurer of the Oil Well Supply Company. The present plans call for two years to be spent in Mexico, and then a return to Texas, the many friends of both bride and groom uniting in the hope that the return will be made with Wichita Falls as the choice of permanent residence.

The bride, daughter of Mrs. J. M. Raney, is a member of one of the oldest Wichita Falls family, and is also of considerable personal interest, having served as secretary, during the war, to the Wichita county draft board, and of which G. Clint Wood was chairman. After the war's close she remained Mr. Wood's personal secretary, and in that capacity is one of the best known of the younger business women of the city, as well as being unusually popular in her immediate social circle. She is a graduate of the local High school, and was also a student at the University of Texas.

The groom was a resident of Wichita Falls for about two years, being connected with the Oil Well Supply Company. For more than a year he has represented the company in Tampico.

The bride wore her traveling suit of blue tricotine, tailored with hat of blue panne velvet, and a fox scarf, with gloves, shoes and blouse in harmonizing shades. She carried a shower boquet of bride's rose buds and lillies.

The maid of honor wore an afternoon frock of midnight blue crepe satin, hand embroidered, with a black feathered hat. Her flowers were Killarney roses, in arm boquet.

BARWISE MOTHER'S CLUB TO MEET THURSDAY.

The Barwise school Parent-Teacher association will meet at the school Thursday afternoon at 3:30 o'clock. All members are urged to be present.

* * *

SPECIAL SERVICES TO BE HELD AT TEMPLE

Rabbi David Goldberg will talk on "Transition Pains" at a special service to be held at Temple Israel Friday evening.

The choir has been completely organized and a special musical program will be a feature of the services each week.

* * *

WEDDING OF INTEREST TO LOCAL FRIENDS

A wedding of interest to a large circle of friends in this city was solemnized in Enid, Okla., Tuesday, when Miss Agnes Catherine Conway, daughter of Mrs. Michael R. Conway of Enid and Perry, became the bride of Albert J. Mahoney.

Miss Conway is pleasantly remembered here by her friends made while with her sister, Miss Elizabeth Conway, whom she visited after finishing her school work at the Missouri University, where she was also a popular member of the Kappa Kappa Gamma Sorority.

Mr. Mahoney, who is the son of Mr. and Mrs. James H. Mahoney, is assistant cashier of the Enid National Bank.

After a honeymoon spent in Chicago and other northern points, Mr. and Mrs. Mahoney will be at home at 315 North Washington, Enid, Okla.

* * *

JUNIOR HIGH MOTHER'S CLUB MEETS TUESDAY

Two interesting talks one by H. A. Glass, principal of the junior high school and the other by Mrs. William L. Rhodes, president of the Parent-Teacher's federation, featured an interesting program rendered Tuesday afteroon at the regular meeting of the Junior High Mother's club.

Mr. Glass spoke earnestly and interestingly among other things urging the co-operation of the parents with the teachers in keeping down tardiness among the pupils, and also stressing upon the parents the necessity of being more frequent visitors to the schools.

Mrs. Rhodes urged a closer co-operation of the members of the various mother's clubs with the federation, some having the idea she said, that the federation was for the officers of the Parent-Teachers clubs only, and not for the members.

Among many other points brought out by Mrs. Rhodes, was the necessity of mothers to chaperone the school parties, as well as teachers.

Devotionals for the afternoon were led by Mrs. Wiley Robertson, followed by a song by the Junior High Glee Club under the direction of Miss Martha Roper. Miss Dorothy Reed gave a reading, entitled, "Taking the Elevator." Miss Gladys Coleman sang, "Three Green Bonnets" by Hardelot accompanied by Miss Jessie Lawler at the piano.

After the program a short business session was held presided over by Mr. J. E. Wolf, the club president.

* * *

FOWLER BIBLE CLASS POSTPONES MEETING.

On account of the meeting of the Federated Missionary society on Thursday of this week, members of the Fowler Bible class have postponed their regular monthly social meeting until Thursday, October 27.

* * *

MRS. ROWE HOSTESS TO CIRCLE ONE.

Mrs. Martin Rowe was hostess at a pleasant meeting of Circle No. 1 of the Woman's Home Missionary society of the First Methodist Church, South, Monday, at her attractive new home on Buchanan street.

Mrs. C. B. Haney was leader for the afternoon and Mrs. W. H. Stuckey read the Scripture lesson. A violin duet was given by the Misses Rose accompanied on the piano by Miss Byrl Knickerbocker. Mrs. Bachman read a paper on "The Unreached Villages in Korea," and Mrs. Thomas Moody gave a talk on "Social Service Work."

After the rendition of the program, a short business meeting was held in which reports were given by committees, $120 collected on the conference pledge, $40.46 paid in on dues and 46 visits to the sick and strangers reported.

During the social, the hostess assisted by Mesdames Walter D. Cline and Pat Pope served a dainty ice course to 27 members.

* * *

COMUS CLUB TO GIVE DANCE.

The Comus Club will give an informal dance Friday evening at the Kemp hotel. Music will be furnished by the Phil Baxter orchestra.

* * *

GOOD PROGRAM TO FEATURE BOX SOCIAL.

A splendid program will be a feature of the box social Thursday evening to be given at the Swartz-Wood building. Each and every number on the program will be worth the price of the boxes which is $1 and every gentleman who buys a box will get a partner for the evening thrown in, according to the announcement.

* * *

WESLEY GIRLS TO MEET FRIDAY.

The Wesley Girls of the First Methodist Church, South, will enjoy a business meeting followed by a program Friday afternoon at 3 o'clock at the home of Mrs. R. S. Hill, 1643 Collins avenue.

* * *

B'NAI BRITH LODGE TO ENJOY BANQUET.

The B'nai Brith Lodge, 784, will enjoy a banquet at the Temple Israel Thursday evening served at 6:30 o'clock by members of the Council of Jewish Women.

CORRECT STYLES FOR MORNING, AFTERNOON AND EVENING

The question of what to wear at different hours of the day is solved here at a glance. There is the correct gown for morning, afternoon or evening, and the well-dressed woman will want all three models. Embroidered tricotine fashions the morning or trotteur frock at the right. Black crepe trimmed and bound in white crepe fashions the afternoon frock shown in the center. The dinner gown at the left is made of black dotted lace over black satin. All three models adhere to straight lines.

A WIFE IN THE MAKING

THE REAL REASON FOR CHERRY'S JOURNEY.

Cherry had told part of the truth when she wrote to Ned telling of her mother's illness, but what she did not add was that she had no desire to return to Wellsburgh for some time. Furthermore, Cherry's mother was not half so ill as she was plain worried.

True to all predictions, as soon as Jane had departed from Wellsburg Mr. Sills followed her. In Chicago they continued their idyll. From the start Mrs. Lawrence disliked the man and felt that she should not allow Jane to see him so much, while under her care. Accordingly she had spoken to Jane and the girl had assured her that her own mother was pleased with his attentions.

It was only when she discovered through one of her daughters that the couple were planning to run away that her health and strength gave way and she telegraphed to Cherry to come home.

When Cherry appeared upon the scene all was chaos. The message had come too late. A few hours before Jane had eloped with Billy Sills. To make matters worse, Mrs. Lawrence had found out that he was wanted in another town for bigamy. What could be done to save the foolish girl from her own stubbornness?

Fortunately, several days before, Jane had confided in Cherry's youngest sister as to time and place for the great ceremony, and she in turn had told it all in the nick of time. Bigamy was the word that caused her to cry out and tell all she knew.

It was then that Cherry chartered Arthur's car again, despite their hard run from Wellsburg, and without a break they made the town of Cardiff just in time to see the runaways dashing away from the station towards a church.

After them they dashed in pursuit and Mr. Sills had the surprise of his life when, just as they were entering the portals of God's House he found himself faced by a stern Cherry.

There and then the irate girl told all she had heard about him in front of the shuddering Jane and to his credit he took his medicine quietly and sneaked off, when told to, without another word of love to his Juliet.

Jane, very much shaken by the disappointment and the awful disclosure of her lover's infamy, fainted and had to be taken into the rectory for an hour before they could proceed homewards again.

All that day Cherry sat with her soothing her fears and tears and helping her to get a grip on herself. It was a hard task, for the girl had been desperately in love with the erring Billy and took the parting hard. In the end she came round to a more cheerful state of mind and, above all, was deeply grateful to her sister-in-law for saving her from disgrace.

"Cherry, darling, it seems as if you were always helping me in some way. How can I ever thank you for what you have done?" she exclaimed two days later as she sat soberly beside the latter confessing.

(To be continued.)

With the Women of Today

Miss Soester I. Anthon

It was the war. That is the way in which Miss Soester I. Anthen explains how it happens that she is city editor of the Takima Daily Republic, a newspaper running between 10 and 20 pages and employing four masculine reporters as well as a woman society editor. The city editorship is a position in the newspaper world seldom held by a woman.

Miss Anthon was a reporter when the war came and was promoted to city editor at that time. She directs the work of getting the local news for a city of 18,539 and a county of 65,000 for a paper with a circulation of over 6,000.

When she received her Masters Degree from the University of Washington, Miss Anthon entered the teaching profession and taught in a Yakima high school. After a difference of opinion with the school board, Miss Anthon gave up teaching and entered the newspaper field. She is a Phi Beta Kappa.

FROM DESERT TO STATE OFFICE.

When Mrs. H. A. Guild, of Phoenix, Ariz., decided to "ranch it" on ten acres six miles north of that city the ten acres lay in a strip of desert—and was desert land. She conquered that ten acres. She made it to bloom with roses—she established a real home in the midst of a strip of soil covered with gray-green cactus and feather leaf mesquite, with iron wood trees and with wonderful white thistle. She put intensive methods to work and coaxed that little farm into a productive mood that supplied the living for three adults.

Mrs. Guild is now the first woman at the head of a state department, being secretary of the child welfare board recently appointed by Gov. Thomas E. Campbell of Arizona.

SOUTHERN WOMEN BUSY.

Notions that the women of the south did not welcome political freedom as eagerly as did the northern women are all "bosh," an Alabama lady recently declared. In Alabama the secretary of state and the state historian are women. There are at least two women deputy sheriffs, several women lawyers, and many women on school boards and in like offices. Birmingham's Woman club has 1,400 members, and Montgomery's has 500—both groups being active in civic affairs. Alabama women have also forsaken the porch rocking chair for golf and tennis, the southern woman stated.

ANNOUNCE PROGRAM ANNUAL CONVENTION AMERICAN LEGION

By Associated Press.

KANSAS CITY, Oct. 19.—The program of the American Legion National convention here, October 31, to November 2, was announced today.

October 31, the opening day of the convention will be devoted to addresses by national officials of the Legion, civic officials and distinguished guests and to a memorial service for the late Colonel Frederick W. Galbraith, Jr., former national commander of the Legion. Madame Ernestine Schumann-Heink will sing at the memorial service, which will take place at noon. A prayer will be offered by the Rev. John F. Herget, Cincinnati, Ohio, and Colonel Milton J. Foreman of Chicago, an associate of Colonel Galbraith will speak.

That afternon addresses will be made to the convention by General Armando Diaz, commander in chief of the Italian armies, Lieutenant General Boron Jacques, who commanded the "Iron Division" of the Belgian army, and Major General John A. Lejeune, commander of the United States marine corps. Admiral Earl David Beatty of the British navy is scheduled for a speech that night, as is Rear Admiral R. E. Koontz, United States navy.

The second day of the convention, November 1, will witness the reception to Marshal Foch, in which General Pershing will represent the American army; the dedication of a memorial site here to Kansas City's war dead, in which Marshal Foch and General Pershing are expected to participate and the legion's parade. The parade will be held in the afternoon. An evening session will be devoted to business.

The third and last day, November 2, is to be devoted almost exclusively to the consideration of Legion business and to the election of national officials of the Legion.

COULD NOT KEEP HOUSE

Without Lydia E. Pinkham's Vegetable Compound, Says Mrs. Pitts of Newburgh

Newburgh, N. Y.—"My trouble was a weak back and I could not walk

two blocks without being tired out. I read of Lydia E. Pinkham's Vegetable Compound in a newspaper and decided to give it a trial. Now I can do my own work and walk with ease. I always keep the Vegetable Compound in the house. It certainly is my best friend and I could not keep house without it. I have recommended it to many and always shall. You may use this letter if you wish."—Mrs. EDWARD PITTS, 2 High St., Newburgh, N. Y.

It has been said that "backache is an invention of the Evil One to try women's souls," but even so, it is more often a symptom of a female trouble which sooner or later declares itself. Day after day it drags a woman down and night after night prevents restful sleep. Such woman should follow Mrs. Pitt's advice and try Lydia E. Pinkham's Vegetable Compound. It contains no narcotic or harmful drugs.

The Woman Citizen

A Woman on the State Board of Control.

In every state there are institutions which care for unfortunates; the insane, delinquent, orphaned, tuberculous, blind, deaf, or otherwise needy or homeless. These institutions must be looked after by some power, some sort of board of control.

In most states such a board is made up entirely of men, and some states even contend that the work is "unfeminine," "impossible of performance by a woman," and "wholly without the sphere of women." Such is not the case in Nebraska, which has a woman, Miss Katherine Worley, as one of the three members of its board of control.

Miss Worley, while confessing that the work is not an "easy chair" job, finds satisfaction in the service she can render to the matron, most of whom are women, to the hundreds of women housed in the state institutions and to the relatives of these.

Keeping these institutions is but housekeeping on a large scale, and as such not without the sphere of women. There are visits of inspection to be made at frequent intervals, when the housewifely eye is most necessary. There are social and sanitary problems to be solved in which woman's viewpoint deserves consideration. There are supplies to be purchased, women's clothing of all kinds, such as a woman is best fitted to select, as well as household supplies, in which she is the more experienced shopper.

Nebraskans having dear ones in many of the state's sixteen institutions, may take comfort in the knowledge that a woman helps the men in the management of the state's homes. Other states will do well to put a woman member on their board of control of state institutions.

"Did wife say to buy a casserole,
Or did she say a camisole?
Let me think for just a minute!"
"I'll help you buy,"
Was the clerk's reply,
"What kind of a chicken will go in it?"

GOVERNMENT REVISES PLANS FOR BURIAL UNKNOWN SOLDIER

By Associated Press.

WASHINGTON, Oct. 19.—New York and Pennsylvania National Guard units, originally selected for participation in the exercises incident to the burial of the American unknown soldier at Arlington on Armistice day, have been eliminated from the program and only those nearer Washington will be used. Limited funds provided by congress to care for expenses of the ceremony was said to be responsible for their elimination.

Further curtailment in original plans for the exercises, announced today by the war department, provide that only holders of the congressional medal of honor who participated in the world war, will be invited to attend at the government's expense. Other medal honor men, will, however, be invited to participate in the ceremonies, paying all of their own expenses.

Others invited at government expense, under the revised plans, include one representative for every ten thousand men who served in the armed forces during the world war, one officer and one enlisted man from each branch of service of the army, navy, marine corps and coast guard, honorary pall bearers, consisting of major generals of the army and rear admirals of the navy and body bearers, consisting only of non-commissioned officers of the army, and warrant and petty officers of the navy.

MANY HUMAN ILLS ARE DUE TO IMPURITIES IN THE BLOOD

Pure, Rich, Red Blood Nourishes the Body and Fights Off Disease.

Waste Products or Impurities Cause Many Forms of Rheumatism, Skin Disorders and a Lowered Vitality.

How S. S. S. Clears the Blood of Waste Products.

Your system is continually taking in nutrition and throwing off waste products. This process goes on all during life. But, sometimes the organs do not properly function and these waste products, instead of passing out through the pores of the skin, through the kidneys and through the alimentary canal, are absorbed in the blood. Then the blood becomes poisoned, and cannot properly nourish the system.

Ill health sets in. You may lose your strength and vitality; or you may have rheumatic pains in the muscles and joints; or you may be troubled with bad boils, sores or some other skin eruptions. All because of the poisonous waste products in the blood. Nature now needs help. She has done her best but is failing. A blood purifier should be used at once to assist nature to throw off these waste products.

S. S. S., the standard blood purifier and system builder, is the ideal remedy in these cases. The effect of S. S. S. is to rid the system of the poisons which are causing the trouble. For over 50 years S. S. S. has proven to be of unusual merit.

Get S. S. S. at your druggist. Use it strictly according to directions and write Chief Medical Director, Swift Specific Co., 721 S. S. S. Laboratory, Atlanta, Ga., and let him help you regain your health and strength. He is helping people every day. Ask him to send you his illustrated booklet, "Facts About the Blood"—free. S. S. S. is sold by all drug stores.—Adv.

RECORD NEWS SPORTS

"BEAT OHIO STATE," IS MICHIGAN SLOGAN, WITH "HURRY-UP" YOST WORKING TO TURN THE TRICK

ANN ARBOR, Mich., Oct. 19.—After a month of intensive training, during which the slogan has been "Beat Ohio," Coach Fielding H. ("Hurry Up") Yost has rounded the University of Michigan team into form for the clash with the Columbus squad, winner of last year's "Big Ten" title, here next Saturday. Next to winning the Western Conference championship, Michigan would rather emerge victorious from the Ohio game than to gain any other laurel this season. The spirit arises from the two defeats handed the wolverines by the Buckeyes in 1919 and 1920.

The Ohio State game will inaugurate the Western Conference season for Michigan. Thousands of alumni will be on hand to witness the struggle as it will mark the end of Michigan home coming week and also dedication of the new Perry field stands. The stands have been enlarged to permit seating of 42,000 spectators.

After two preliminary games with Mt. Union and Case, Coach Yost began whipping his machine into shape for the first Conference battle. During the last two weeks the program has consisted of hard scrimmages, intensive signal practice, and attention to weaknesses of individual players.

The Michigan squad has been cut to thirty-two men. Only players who have shown exceptional promise have been retained, to permit the mentor to concentrate upon a smaller machine.

The Wolverines have trained for the Ohio State clash as though the "Big Ten" title were at stake. Yost is satisfied he will present a formidable eleven.

Michigan scouts who visited the Ohio camp two weeks ago returned with the report that the Columbus machine may be expected to give a good account of itself. As a result of the report the Michigan coaches have sought development of a defense that is relied upon to stop Ohio's rushes and an offense that will bring winning points.

Michigan's team this year comes near to those of the championship winning days of ten and fifteen years ago. The only weakness so far shown has been in the forward wall and Yost has devoted most of his energies at this point.

To date the Wolverines have revealed few new plays, relying upon straight football to crush their opponents.

The Maize and Blue backfield is one of the best developed in a decade. It includes such stars as Steketee, all-American material; Kipe, Roby, Uteritz and Dean and Bank a quarterback who is expected to prove dangerous to other conference elevens. It was the playing of Bank last year that largely gave Michigan its victory over Chicago.

Kirk and Goebel are the regular Michigan ends and each has had previous conference experience. Cappon and Muirhead, the tackles, are new in their positions. Wilson and Capt. Dunne are experienced guards, while Vick has been at center for two years. The second string includes a number of individual stars.

If the Ohio State game develops into a punting duel, Michigan expects to hold the edge, Steketee being one of the best kickers in the conference.

Th Michigan-Ohio game is expected to show definitely the strength of the two teams. Whether Ohio can repeat last year's achievement probably will be known before the final whistle blows Saturday. Michigan has set the "Big Ten" championship as its goal this season and in the opinion of the team's followers Saturday's contest should go a long way toward deciding the issue.

The feeling prevails here that Ohio is not as strong as was the case last year, having lost the services of Stinchcomb and other stars. How far Coach Wilce has gone toward rebuilding his machine is not known here, however.

Ohio went through the 1920 season without defeat, on two occasions snatching victory in the last minute of play. One of these instances came in the championship contest with Illinois.

The record of games played between Michigan and Ohio State follows:

Year	Michigan	Ohio
1897	36	0
1900	0	0
1901	21	0
1902	86	0
1903	36	0
1904	31	6
1905	40	0
1906	6	0
1907	22	0
1908	10	6
1909	33	6
1910	3	3
1911	19	0
1912	14	0
1918	14	0
1919	3	13
1920	7	14

In a small town in North Carolina when a tent tabernacle had been destroyed by a storm, the citizens of the town got together and built a wooden tabernacle, with a seating capacity of 1,500 in one day. The structure was used for a meeting the same evening.

Artistic Show cards for your windows. Sadler & Haworth. 705½ Tenth St. Phone 2583.

FAN TAN NOW FAVORITE OF SHIP RIDERS

Toddle Tops, Lotteries and Races no Longer Hold Interest on Big Boats Bound for East.

MID OCEAN, Oct. 19.—Spinning the little wicked roulette top with its fickle "take all" at Los Angeles tea parties; playing the races in Mexico; buying tickets on the Chinese lottery in Shanghai; breaking the bank at Monte Carlo and "shootin' craps" down in Dixie are fascinatin, but—

Fan tan is the game of chance which rules supreme on the big ocean liners sailing from San Francisco to Hong Kong.

Men of all nationalities, of all ranks of life, of many creeds and languages meet on an equal footing around the fan tan tables, for the little lady of fan tan plays no favorites. She scorns, laughs at, smiles upon and favors the rich, the poor, the brown or the white, the high or the low according to her whim and fancy.

Tables Are Busy

From early morning until long after midnight the fan tan tables are busy. First-class passengers climb down the narrow stairs from the main deck to the steerage to play the game. Debutantes in smart sport costumes, social leaders from the world's famous watering places, business men, professional gamblers, school teachers on the long dreamed-of vacation, busines girls going out to accept positions with large firms in the Far East, young men hoping to make their fortunes in the Orient, the idle rich tourist on a trip around the world, all yield to the lure of fan tan.

Yellow faces, impassive and expressionless; unshaven Russian faces, eager and tense; East Indian faces, alert and earnest; tourist faces, patronizing and watchful, bend over the table.

A Cantonese wearing an American made straw hat and smoking a long white brass Chinese water pipe sits at the end of the table. He rubs his slim, tapering hand with its tobacco-stained fingers and long nails through a great pile of white buttons. Just plain white buttons—the kind that keep coming off little Willie's shirt. But it is this little pile of white buttons which wins or loses hundreds or even thousands of dollars on a long ocean trip over which men of all races bend with breathless interest while the count is made.

Buttons Tell Tale

The players place their money on the numbers in the center of the table which run from one to four. A second Chinese, keeper of the money till, makes a noise like someone in pain, then the Cantonese counts the buttons in groups of four. At the end of the count the number of buttons left wins. If two buttons are extra the men placing money on number two win and receive three times the amount played. If one button is left No. 1 wins and so on game after game.

Hundreds of dollars are won during the trip and hundreds lost. Often young men gamble away their expense money and arrive in a strange port with just enough change to pay their boat tips, while seamen lose or triple their wages for the trip. According to an Indian of high caste who was educated in Europe and America and who is a devotee of fan tan, the man with the long purse will win in the end, for he can play until he regains his losses, but the man with the short purse should resist the call of the capricious lady of fan tan as he would the luring song of the heartless Circe of old.

It is never possible to be sure that a volcano is "extinct." Before the famous eruption of 79 A. D., Versuvius had shown no signs of activity for centuries and a forest was growing in its crater.

Indiana Banks on Star Trio

BLOOMINGDALE, Ind., Oct. 19.—Here's the "Big Three" Indiana University is banking on to keep its eleven in the football limelight this season: Captain Johnny Kyle, greatest fullback the university has ever had; Thomas, fighting halfback, and Frank Hanney, star end, and touted an All-Western punter.

ILLINOIS PLANS STADIUM TO SEAT 75,000

By Associated Press.

URBANA, Ill., Oct. 19.—Plans for the University of Illinois Memorial Stadium, call for a three-deck seating arrangement, an entirely distinct and unique feature in collegiate stadium construction designs. This novel plan will provide seating capacity for 75,000 people along the sides of the gridiron, and will eliminate seats on the curved ends.

The stadium will be the cente of a recreation field of 100 acres. The total cost will be $2,500,000 all of which will be donated by students and alumni, without state aid. It will extend 1,000 feet north and south, 650 feet east and west, and the seats will be concentrated between the two center stands, along a frontage of 320 feet. The two balconies over the ground floor, towering 107 feet, will be supported by cantilevers from the rear, so that columns will not obstruct the view of spectators.

Under each side of the Stadium there is to be a hall, to be known respectively as East Memorial hall and West Memorial hall, in which are to be placed the memorial columns and tablets dedicated to the 1,713 Illini who fell in the war. All seats will be dedicated to fighting forces of the state and university.

A gridiron, baseball diamond, quarter mile track and 220 yard straightway are to be enclosed within the stadium, while on the recreation field it planned 25 baseball diamonds, 100 lawn and clay tennis courts, 10 gridirons, soccer and hockey fields, basketball and handball courts, a polo field, and perhaps an artificial ice skating rink.

Practically $700,000 has already been subscribed by students. The remaining funds are to be pledged by the University's 50,000 graduates and former students.

ARMS LIMITATION COMMITTEE FORMS PERMANENT SOCIETY

By Associated Press.

WASHINGTON, Oct. 19.—The organization of the national advisory committee on limitation of armament called by President Gompers of the American Federation of Labor was completed today and a decision reached to set up a permanent organization in Washington during the period of the peace conference.

A declaration of purpose was adopted which said: "The United States alone and single handed cannot best serve the great cause of peace by disarming. Great armies and navies are not the chief causes of war. The limitation of armaments is a good thing in itself. It is a long step forward, but it is not peace. The cause of war lies far deeper. The agenda of the coming international conference gives us reason to believe that together with the limitation of armament some of the causes of war will be considered.

Wire Flashes

DALLAS, Oct. 19.—Miss Clara A. Bizby, well known in educational and club circles of Texas, died here today following a brief illness. Funeral services will be held here tomorrow.

AMARILLO, Texas, Oct. 19.—Dr. S. R. Griffin was today indicted by the federal grand jury on a charge of prescribing a narcotic or "dope" for his own wife. Dr. T. N. Dyson was indicted on five counts charged with prescribing dope. Both of the men are doctors here.

MINNEAPOLIS, Oct. 19.—Following yesterday's decline in the wheat market flour broke to new levels here today, touching $7 a barrel for the first time in about six years.

DENISON, Texas, Oct. 19.—Fred Marcus, well known North Texas business man and president of the Marcus Jewelry Company of this city, died in a Sherman sanitarium early this morning following an illness of two weeks. His body will be shipped to St. Louis for burial.

FORT SCOTT, Kan., Oct. 19.—Jacob Isaac Sheppard, 59, prominent as a lawyer here for many years, died at his home here early today.

ABILENE, Texas, Oct. 19.—A negro is in jail here today to await action of the federal grand jury on a charge of robbing a mail box—betrayed by his favorite houn' dog. Persons who saw the negro at the mail box noticed his dog and the officers in searching for the culprit, located him by the animal.

MOOSE JAW, Sask., Oct. 19.—A robber today held up the Dominion Express messenger on the Vancouver-Toronto express between Swift Current and Moose Jaw, rifled the safe and dropped from the moving cars. Railway officials are checking up to determine how much loot was obtained.

CHICAGO, Oct. 19.—The Pullman Company today declared the usual dividend of a $2 a quarter for the periods ending November 15 and February 15.

WASHINGTON, Oct. 19.—Appointment of William H. Fuller of McAlester, Okla., as chief counsel was announced today by the federal trade commission. He is president of the McAlester chamber of commere and has been engaged in general practice of law in Oklahoma since 1902.

Concrete houses in Germany are being built in one operation by pouring in slag concrete at the highest point of the wooden forms that are erected for the whole building.

WISDOM and WORSE

By C. F. C.

With all the reports spreading hither and yon that Babe Ruth "will probably be let down easy," one is led to wonder rather dasedly WHETHER BABE RUTH HAS MADE BASEBALL OR BASEBALL HAS MADE BABE RUTH."

And while in the wondering business there is one other matter of wonderment—the decisive manner in which the Louisville Colonels walloped Jack Dunn's Baltimore Orioles in the so-called "Junior World Series." I'll wager there wasn't a sport writer in the United States who didn't pick the Orioles for a walk-over, while the gambling fraternity must have been just wiped off the map by laying odds against the Louisville club. I'm willing to admit that I didn't see where the Colonels had a chance against such a wonderful ball club as Jack Dunn has—for that the Orioles are a really wonderful bunch of ball players is unquestionably true. But the Colonels licked 'em, and not only that; they outplayed Dunn's gang throughout the series in every department of the national game. Baseball is an uncertain proposition, I'll say—and that's what makes it of national interest, of course.

British boxing must be in a bad way, judging by the startling showing made by Jim Higgins, British bantamweight champion. Higgins climbed to the top of his class faster than any man in modern ring history. He had only taken part in seven fights, when he knocked out Harold Jones in London and thereby won the British title, which would indicate that the boxing game in Great Britain today is not densely populated with good little men. This is not taking anything away from Higgins who propably has a great deal of natural ability or he would not have been able to hold off Pete Herman as long as he did.

Josh Devore, former outfielder of the New York Giants and more recently manager of the Grand Rapids club of the Central league, is being spoken of as the next manager of the Kalamazoo club. Josh was let out by Grand Rapids after his team hit a losing streak, but it is said he was extremely popular with the fans Until an injury kept him out of the game last summer, he was the Central loop's leading batter.

Speaking more of the Giants, what will McGraw do with Ike Boone, the slugging outfielder he purchased from the New Orleans club. Regardless of the fact that Boone finished on top of the heap of Southern league batters with a beautiful average of .380 in 156 games, the Yankees will stify to the fact that the moment of going to press the Giants are not in alarming need of outfielders. It is said that no less than seven major league clubs expressed the desire to land Boone but it was thought that he belonged to the Brooklyn Robins, and on that account all passed him up. But the shrewd McGraw investigated, found there was nothing in the report, learned that Boone was "... and clear"—and immediately signed him. Now what'll he do with him?

Jeff Smith's enterprising manager has come out with a cleverly worded challenge in which he undertakes to let Smith box Johnny Wilson, Mike Gibbons, Mike McTigue or Mike O'Dowd with the understanding that Smith will receive nothing if he fails to win. It's a good gag, and a safe one as far as Johnny Wilson is concerned—for Smith would have everything to gain and nothing to lose by boxing Johnny—but Smith can't beat O'Dowd, as he proved in Madison Square Garden last winter; he can't beat the elusive Gibbons, and it's even doubtful if he can beat McTigue.

Bally British Cabinet Cawnt Fawncy Sport

LONDON, Oct. 17.—The British Cabinet is more ascetic than athletic. From Premier Lloyd George down to the veriest assistant parliamentary under secretary—with only one exception—not one has a single athletic achievement to his credit. That one exception is A. J. Balfour, the old man of the cabinet and easily the frailest—physically, I mean—in politics.

Yet Arthur Balfour is a plus 2 man at golf and can give a good game of lawn tennis to any of the present day first-class tennis players. But those are his only outdoor recreations. Men of his birth are usually good riders to the fox hunt and deadly shots with the sporting rifle, but "A. J. B." is of another mould; he is convinced of the cruelty of such pursuits.

Golf Favorite Hobby

Golf is his favorite hobby. Easily he is the golfing champion of the politicians of the world. On the political platform and in the House of Commons he is an anxious, nerve-wrecked individual, but on the golf links he has the self-assurance of a Jock Hutchison and the style and grace of Harry Vardon.

"Why is it?" one of his political friends was asked. "Oh, 'A. J.' is a bachelor and has time! The rest of us have wives and homes. A successful politician and a happily married man is about the limit of our enterprise."

Physically there is good material in the British Cabinet. The minister of Transport, Sir Eric Geddes, is a tall upstanding man of 6 feet 2 inches, with a 50-inch chest, and very nimble on his feet. What a heavyweight boxer or Channel swimmer! But, no; the limit of Sir Eric's outdoor recreation is a gentle canter on a 17-hands hack in Hyde Park just to keep his weight down.

Ideal Hurdler

Lord Robert Cecil, long, lean and wiry, is the very ideal hurdler, but he steadfastly declines to be exerted by outdoor games of any description; even in his Eton and Oxford days he was more addicted to the library than the playing fields.

Asquith has never concealed his detestation of outdoor games. He has tried golf, but obviously hates it. He is a terrible player, too, and only plays for the sake of the fresh air and exercise.

The premier is little better. There is nothing in his physique to warrant the slightest athletic ability. True, he tries golf, but is very little better than his political enemy, Asquith. He has tried the Highland sports—fishing, deer stalking and grouse hunting. But the spirit was stronger than the flesh. He made a brave show.

Some of the pictures show him mounted on a Highland pony. He sat it as badly as Napoleon did his famous cream mare.

Athletics Disregarded

But it always has been so in the history of British politics. Athletics like political humorists, are not taken seriously at Westminster. Lord Dalmeny for a time looked like emulating his sire, Lord Rosebery, in Parliament but it was discovered that he was a good polo player and a really first-class country cricketer. That killed him as a politician. Every time he made a slip friends and foes alike yelled across the Parliamentary benches at him: "Stick to your cricket, Dal!" It was too much for him, and he quit. Thus a very promising statesman is now famous as a "playboy" only.

Mrs. Mary K. Edwards, an Ohio woman who was the first missionary sent out by the Congregational women of America, is still living in South Africa, more than ninety years old, and with a mind still keen and active.

YALE LOOKING TO TAD FOR WINNER

Tad Jones.

Sons of old Eli are looking to the famous Tad Jones to produce an eleven this year that will humble Harvard and Princeton. Jones has been given a free rein in the hope that he can pull Yale out of its football slump.

Poitiers, France, is a very ancient town, and its inhabitants live to a ripe old age. Recently Mme. Midol celebrated her 100th birthday. She is the mother-in-law of General Papuchon, once governor of Toul. She has a sister ninety-eight years old, who is in good health.

TOM COCHRAN BREAKS GOLF LINKS RECORD

Tommy Cochran, leading golfer of the Wichita Falls Golf and Country Club, stepped out yesterday over the new course and knocked so many dents in his own record for the 18 holes that the old mark was entirely unrecognizable at the finish.

Waving a wicked driver, shaking a shrewd mashie-niblick and making a number of putts supposedly "not in the book," Tommy traveled the eighteen holes in the brilliant score of 66, five strokes under one of the hardest pars in Texas.

Cochran at no stage of the round had to make any brilliant recoveries from bad shots or trouble. His tee shots were always straight down the fairway and his approaching and putting beautiful. Playing a steady game on every hole, he chalked down on the score card five birdies and thirteen pars for the eighteen, a mark that will probably stand a long long time.

Cochran's card for the new course record, and the par of the course follows:

OUT—										
Par	4	4	4	3	4	3	4	5	4	—35
Cochran	3	4	4	3	4	3	3	4	4	—32
IN—										
Par	4	4	3	4	4	5	4	3	4	—35
Cochran	4	4	3	3	4	4	4	3	4	—33

It is generally admitted by good golfers that the new course of the local country club is a difficult course to negotiate in par figures, or near that mark. Weaving in and out among the pecan trees that line Holliday creek, the course presents many difficult shots for even scratch golfers and low handicap players. Cochran's score under the circumstances is an unusually splendid one.

MONUMENTS AS SOLDIER HONOR ARE OPPOSED

The Women's Auxiliary to the American Legion for the state of Texas has gone on record opposing the building of monuments of marble or stone to the departed soldiers, and the state delegates will ask the National convention, to be in session the first of November in Kansas City, to similarly oppose putting money into any memorial which does not have a practical everyday use for the soldiers who have returned. This constituted one of the features of the report of the Houston convention last week, brought back to the local Auxiliary by "Ma" Burdick, delegate from the local chapter, who was honored by being made a state delegate.

While there are wounded soldiers still trying to regain their health, while there are soldiers permanently maimed or blinded, who are not able to make a living, while their dependents are suffering, these women of Texas say by this resolution, there should not be a crime against the living, and the dead as well, committed by raising cold masses of marble or granite, costing thousands of dollars, to grace public squares and parks, in the name of the hero dead. The dead, they say, would much prefer that the living first be taken care of, and then, if some memorial is to be erected, that this take the form of club houses, gymnasiums, or other buildings to be of permanent and daily use for the soldiers who returned.

Another resolution which the state convention adopted, and will take to the national convention, "Ma" Burdick reported, was one asking that the government supply clothes for the soldiers in the national hospitals.

"Ma" Burdick's gentle, kindly face, was ablaze with indignation as she told of conditions in the Houston hospital, which she visited on several occasions, in connection with the lack of clothing.

"Any man who has suffered as these men have," she said emphatically, "is entitled to at least enough clothes so that they can decently appear before their fellow patients and the occasional visitors. There are men in the Houston hospital who do not have that amount of clothing. Unless their families can supply them clothing, or they can make some money for themselves, these patients are absolutely without clothing, except for the issue night clothes. Conditions are unspeakable. And the government warehouses are filled with uniforms." It was explained that the government furnishes the patients with medicine and food while in the hospital, but that no provision is made for any other needs or expenses.

There were several other items in the resolutions adopted by the state convention, "Ma" Burdick reported, but the two foregoing were the most important, in the judgment of the state assembly, and also the local unit, which heard the report at the regular meeting Tuesday.

ACTORS, MUSIC AND GENERAL PEP MAKE "OH JOY" RANK HIGH IN HISTORY LOCAL THEATRICALS

All of the cast of the "Oh Joy Musical Revue," which closed a two-day stand Wednesday night, are probably wondering today why they didn't ever think of the stage as a profession before this show. The dramatic critic who imitated Nick Carter in covering the show the second night, and who claims to have seen some of the best attractions on the legitimate stage in the past few years, up and says that there is no use to make apologies for this show because it is home talent, he saying it would make a hit "home talent or not." If you did'nt see it, the best thing for you to do is to go to Electra Thursday night and see it.

The actors, the music, the general "pep" in putting over this show and the book, or plot, whichever you want to call it, make up one of the best if not really the best of any theatrical productions which have wasted good current by having the limelight thrown on them in Wichita Falls. The fact that the show was intended primarily to add a few "kopecs" to the chest for those Shriners who intend to make the muchly talked about trip to Honolulu next year, is as incidential as a motormeter to a Ford. Who cares?

The leading parts, played by Dr. J. H. Fletcher and Miss Ruth Nolen were well handled as are deserving of high praise. Miss Nolen was especially charming as "Miss Simplicity," the girl in the frame. With a grace and ease of manner, which indicated that the selection for the leading part was a happy one, Miss Nolen captivated all of the audience with her simple and unaffected portrayal of the old fashioned girl.

The plot of the show, if it has a plot, was to show the experiences of a girl inexperienced in the ways of the world, in seeking out some of the thrills of New York life. Miss Nolen, as the simple miss, is accompanied by Dr. Fletcher, the wise old bachelor, to Chinatown, where she sees some of the sights which are not seen on the sight seeing bus which takes the visitors through that section at 75 cents a throw. The trip through this muchly advertised part of "Lil' Ol' New York,' gives the quartette, consisting of Paul Von Allmen, Grover Bullington, Vaughan Ray and Ivan Murchison, an opportunity to exude considerable harmony.

Then the scene shifts to the Memphisto cafe in Chinatown, where Miss Genevive Goff and Cullen Massie introduce "Kiss A Miss," a charming musical dance number. Then follows Miss Frances Scott in a sort of a "Fanny Brice" makeup, who sings "All By Myself," causing the audience to wonder why. Interpretative dancing by Miss Gloria Davis, which showed training and ability, follows:

In the scene in the Memphisto Cafe, an added attraction the second night was a dance number entitled "La Veeda" by Miss Phoebe Campbell, a talented dancer from Los Angeles visiting here who kindly consented to appear in this performance. Her number was especially well rendered and was greatly enjoyed by the audience.

"O-HI-O," which is not a new musical number, proved to be one of the hits of the show. Abiy headed by Shino Cullom, aided and abbetted by as keen a chorus of dancers, clad in the latest style, as any of the current shows on Broadway, this number was called upon for four encores and the applause didn't die out when the last one was given.

Miss Berenice Jackson and Mrs. Walter S. Robertson added greatly to the show by violin and vocal solos, respectively, both more of a classical nature than the rest. What the whole show lacked in dignity these two numbers provided.

Then came the minstrels. Rome had its Caesar, Caesar had his Brutus and the Shrine revue had its Ben Neal and Charlie Nolen. Charlie Nolen, in rendering Eddie Cantor's hit of the "Midnight Rounders."

"Ma" showed a streak of genius as a comedian and if Haynes and Lincoln automobiles ever get in bad with the public there is no doubt but that Charlie will be able to earn his "ham and" as an actor. Charlie, with his whole souled joy got next to the crowd and the encores came long and furious.

Ben Neal was perhaps the individual star of the show. Whether he memorized his lines before the show or whether he improvised them, matters little. That boy could sell electric fans to an Eskimo in middle of the winter, so powerful in his "line."

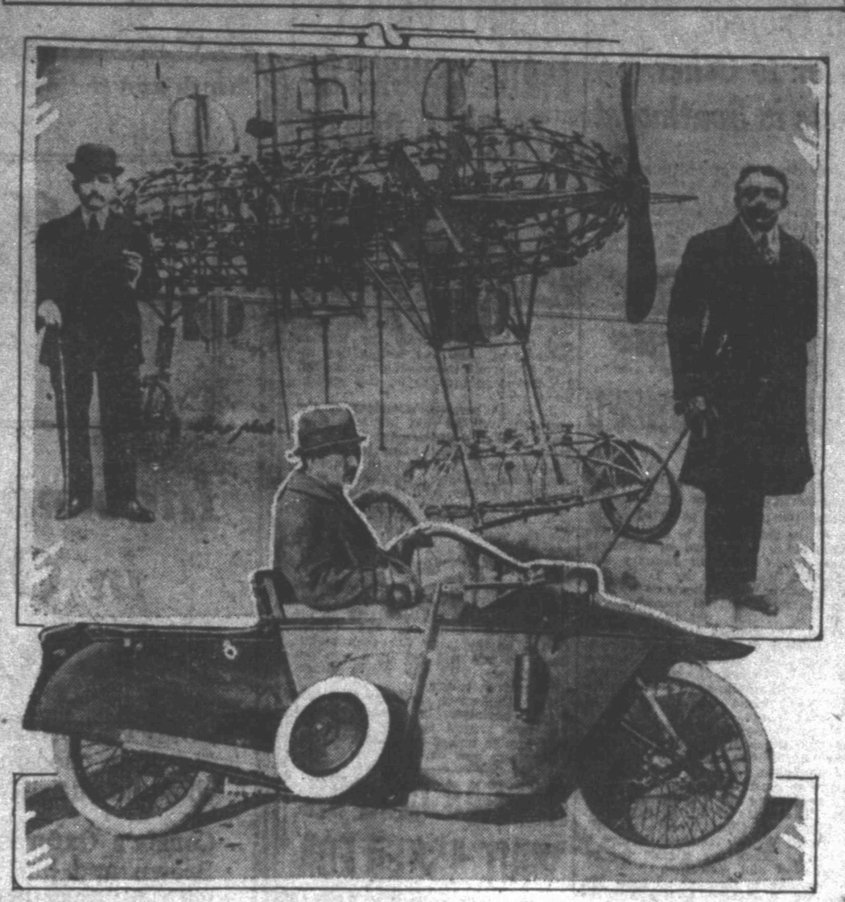

His monologue on "Woman" will no doubt be disputed by the young ladies of his acquaintance but it stand nevertheless as a monument to man's eternal gall.

To review the show without mentioning Miss Hazelle Dean and George Jehle, in the "I Married You" act, would be heresy. This number would do credit to any Orpheum circuit in existence and in home talent which is supposed before hand to be slightly "punk," is an act which is remarkable.

All in all, and confidentially, the show is one which could be seen several times without becoming tiresome. The critic, or to be more correct the reporter, saw it twice, and the second time made him wish that he could go to Electra, where it will be shown Thursday night. Anyone who has an extra seat in their car will confer a great favor by inviting him to go along.

To give everyone their just dues in this show would take up several columns and would call for a "pass in review" of the entire cast. Everyone seemed to have their entire heart in the thing and regardless for minor false steps in time and steps the show was on a par with many big time attractions.

PLANE TO REVOLUTIONIZE FLYING, NOVEL MOTORCYCLE SHOWN

Above is Prof. L. G. V. Rota, at right, and the framework of his novel airplane. Note the several small propellers and electro-magnetic arrangements inside the frame. Below is the new type of motorcycle shown at the Berlin auto show.

Prof. L. G. V. Rota, eminent scientist, has constructed the framework of an airplane he believes will revolutionize flying. He asserts that by the use of Tellurie or earth currents, which he has discovered, it is possible to overcome the laws of gravity.

Electro magnetic arrangements are made for counteracting the attractive force of the earth, for overcoming the resistance of the air when the plane is in motion and for moving it in any direction independent of atmospheric conditions. He claims fall of the machine is prevented.

The novel motorcycle shown above is built so that the side car is eliminated—the xtra passenger sitting in the body of the machine with the driver. Small wheels on each side prevent the machine from falling over on turns or when standing still

HIGH SCHOOL GRID TEAM IN SHAPE TO ROMP ON GRAHAM

Encouraged by last week's victory over the Burkburnett team, the Wichita Falls high school squad has been hitting on all six this week in an intensive drive to get in A-1 shape to smear Graham at Athletic park here Saturday. Coach Viner has been putting the boys over the jumps at a stiff gait for the past three days, and they have answered his demands in splendid fashion.

Every youngster on the squad is determined to do everything possible to send the high school eleven through the balance of the season without a defeat. Graham, it is known, will put up a stiff battle, as the Young county boys showed they had plenty of backbone in their tussle with the fast, heavy North Side high school team of Fort Worth recently.

Local football fans who have not seen the high school team in action since the game here two weeks ago, may expect a surprise Saturday—a surprise that will be pleasing to the home rooters.

Woman's Screams Gathers Near Mob On Busy Corner

Very evident determination, visible and audible, as well as physical and vocal, not to accompany the house detective of a local hotel to the police station on the part of a fairly good looking woman gathered a near mob at the corner of Eighth and Scott streets early Wednesday afternoon.

The woman, who had just registered at the hotel, had been arrested by the house man on a vagrancy charge, when found on another floor from that to which she was assigned, and on a floor reserved for men, according to the story of the hotel authorities. A negro bell boy who was serving as a guide, was arrested and carried to the county jail, where he was booked on a charge of "soliciting."

On the advice of a county official who intercepted the pair, the officer conducting the woman desisted in his effort to carry his prisoner to the police station on foot, and stepped into the Waggoner building to call for the patrol wagon. Meanwhile the crowd outside increased in numbers to possibly two hundred.

Instead of the police patrol going to the side door, it stopped at the entrance around which the crowd was collected, a factor which added to the disturbance, particularly after the woman, on entering the patrol wagon went into hysterics, pounded on the sides of the wagon, stamped on the floor and screamed vituperation at her captors.

The management of the hotel expressed regret at the amateurish handling of the case by the house man, who was promptly discharged.

The woman was released to appear Thursday morning in police court under a $50 bond, given by a local attorney.

WACO WOMAN CHOSEN TO HEAD STATE U. D. C.

PARIS, Oct. 19.—Miss Decca Lamar West of Waco, was today chosen president of the state chapter of the United Daughters of the Confederacy, which is in Silver jubilee session here. Mrs. E. W. Bounds of Fort Worth was chosen first vice president. Mrs. J. D. Self of Dallas was re-elected secretary-treasurer; Mrs. W. E. Langstrom of Fort Worth.

The state chapter subscribed $1,000 for the completion of the Jefferson Davis monument at Fairview, Ky., the first state chapter to raise the quota.

CAR OVERTURNED EARLY WEDNESDAY

Considerable damage to a Ford automobile, cuts about the face of John Clark, 1104 Indiana and a severe shakeup for other passengers resulted early Wednesday morning when two automobiles crashed together at Eighth and Scott streets overturning Mr. Clark's car.

H. C. Raymore, driver of the other car, was going north on Scott and Mr. Clark west on Eighth when the accident occurred, according to witnesses.

BRIAND NOT ASSURED AS DELEGATE

By Associated Press.

PARIS, Oct. 19.—The opposition in the chamber of deputies boldly seized upon the proposed Washington trip of Premier Briand as a basis of attack in the debate on interpellations, which was resumed today, drawing from the premier a declaration that he though France must be represented there and ought to be represented by the president of the council.

AMBITIOUS CAMERA CRANKER CHASED BY LORD NORTHCLIFFE

HONOLULU, T. H., Sept. 18.—Lord Northcliffe, the British newspaper owner, is a strong devotee of golf, as was evidenced by the fact that when he stopped over in Honolulu on his way to Australia recently while the vessel on which he was traveling was in port for part of one day, the publicist dodged all public receptions, luncheons and other gatherings that had been planned in his honor, in order that he might indulge in a round of his favorite sport.

Lack of time prevented Lord Northcliffe and his foursome from playing more than five holes and no score was kept, but it is very likely that the publisher will remember those five short holes longer than some other more extended and more spirited matches.

From the second tee, Lord Northcliffe sliced his drive and the ball described a beautiful curve, landing off the course in the rough. His lordship carefully addressed his ball for the second shot, with deep silence prevailing in the gallery. Just as he drew his club above his shoulder for the shot, there came an interruption from a motion picture camera man who was following the match.

"Hold it. Hold it. That's a peach," the cameraman shouted.

Lord Northcliffe dropped his club, turned around and stared at the photographer with amazement. "With remarkable self-control," as the other members of the foursome expressed it, he talked to the photographer.

"I say, young man, have you ever played golf?" he asked.

"No, not much."

"I thought so," replied Lord Northcliffe, and returned to his second shot, which also went off the fairway.

As the British publisher was about to drive from the next tee, the motion picture man stood directly in front of Lord Northcliffe gazed at him a moment and then spoke benevolently:

"Young man, I feel it my Christian duty to inform you that when I drive a golf ball the safest place for a spectator is behind me."

The photographer remained in the background throughout the rest of the match.

The world contains about 140 grams of prepared radium, of which more than half was produced by a single American chemical company.

Swamped

TALBERT BACK FROM REALTY MEN'S MEET

J. Wilkie Talbert, local real estate man and officer of the Wichita Falls Building and Loan association returned Wednesday night after a week's trip to Dallas and Fort Worth where he attended the state convention of building and loan associations at Dallas and of the Texas Realty Boards at Fort Worth.

Mr. Talbert reported that as representative of Wichita Falls he cast the last and deciding vote that sent the next convention of the realty men to El Paso, and was awarded the honor, as representative of Wichita Falls of presenting a handsome water set to Lawrence Miller of Dallas, retiring president.

He reported the convention as going on record for higher ideals among dealers and endorsing a move to foster a bill for presentation to the legislature requiring licenses of all real estate dealers as one move to elevate the profession of selling real estate.

The realty dealers met at the same time with the Texas Abstracters' association and the two conventions joined for a closing banquet which was attended by approximately 500 people. Mr. Talbert as temporary chairman of the Wichita Falls real estate dealers association was chosen at this banquet to present the gift to the retiring president.

The building and loan associations convention went on record in support of thrift, industry and ownership of homes for every one.

LARGE CROWDS ATTEND MEET OF CHRISTIANS

Fifteen gospel sermons from Bible texts in fifteen minutes was the feature of the meeting at the First Christian church Wednesday night, when the Rev. Lem Keevil, pastor, called for Bible quotations from the congregation and in rapid fire order, delivered powerful lessons based on the quotations as rapidly as they were given. These one-minute sermons are proving popular features of the nightly meetings now in progress. Wednesday night, the call for Bible texts met with prompt response from all over the house and Rev. Keevil's inspirational messages, from the impromptu texts carried with them forceful and timely lessons.

Wednesday night's musical program preceding the sermon included a solo by R. E. Shephard, cornet accompaniment to the choir by Dr. J. D. Parnell, and a session of good old time religion music led by Dr. Parnell. For a time the pipe organ and other instrumental assistance was dispensed with and an enthusiastic revival singing program of familiar hymns enjoyed by those present. The main auditorium of the church was well filled.

Mr. Keevil's sermon emphasized the teachings of the Bible as the law by which all men should live. "It is written" being the scriptural foundation of the evening's message.

McKissick Again Delayed.

Rev. J. T. McKissick, after a series of interesting incidents which have delayed his arrival in Wichita Falls, is expected to be the preacher at the Christian church revival services during the remainder of the meeting. Mr. McKissick was in the wreck between Fort Worth and El Paso on the Texas & Pacific railroad, this disaster being the first of a number of happenings which have prevented his arrival on schedule time.

In an effort to reach Wichita Falls in time to preach Wednesday night he caught a train into Breckenridge from the west, and attempted to drive through the country by automobile, but up to a late hour Wednesday night, had not arrived in this city. His experiences, it is expected, will be an interesting story preceding the religious message Thursday night.

Mr. McKissick is a well-known evangelist and an eloquent speaker, and is regarded as one of the outstanding leaders of his church. For a number of years he was identified with the Christian church cause in Tennessee and is known nationally for his powerful presentation of gospel messages. His nightly sermons at the First Christian church, together with the special music and other enjoyable features, are expected to attract capacity crowds during the remaining days of the special services, which have already been largely attended despite the most varied program of counter attractions of the season being offered this week at the several entertainment houses.

HORTICULTURIST HERE TO AID IN LOCAL PROBLEMS

N. Williams of the state horticulture department will be in the city today to confer with any local residents or nearby farmers who may desire his services. Mr. Williams' arrival here has been expected for several weeks as requests have been made that he come here for consultations.

He conferred here a short time Wednesday with Dr. J. F. Reed, city commissioner in charge of parks stopping over here between trains on his way to Byers.

Dr. Reed said for that unexplainable reason roses planted in the city had failed to thrive as in previous years. Several inquiries have been made regarding this and the state official will be asked in investigate this condition while here.

HOW TO SUCCEED IS SUBJECT OF SCHOOL LECTURE

"God helps those who help others" would be a better way to put a "misquotation of the bible often used by people of this twentieth century, the Rev. N. F. Grafton told students of Senior High school Wednesday morning in a short chapel lecture on the subject "How to Make Good."

Speaking on how to make good in business, intellectually and in the world, Dr. Grafton stressed six points each beginning with the same letter, as follows: Industry, integrity, intelligence, initiative, intensity and imagination.

Water for Big Wichita Project Shown Far Superior to Other Great Projects in Southwest

Investigation conducted subsequent to the raising of the old question of the suitability of the waters of the Wichita river for irrigation purposes and for a city water supply which was revived late during last week by R. L. Moer, manager for W. T. Waggoner, some of whose lands will be flooded by the storage reservoir, has disclosed that it's alkalinity is far less, little more than a tenth as much in one case, that the big government irrigation projects in the Southwest, with the exception of the Elephant Butte dam project near El Paso, where the waters of the Rio Grande analyze practically the same as do those of the Wichita river.

The analysis of the flood waters in the river, to be used in the irrigation project, made by the Fort Worth laboratory, and quoted by Arthur E. Morgan, national engineering expert who investigated the project at the instance of the bond buyers, shows 529 parts of soluble solids in a million parts of water.

Other Projects.

Compared to this is the proportion of such soluble solids in other southwestern irrigation projects, as given by the United States Geological Survey in their bulletin on Water and Irrigation, paper No. 95, page 256:

"At Roswell, New Mexico, the principal water supply contains about 760 parts of the soluble matter in 1,000,000 parts of water. At Hagerman, New Mexico, this is increased to about 2,000 parts, at Carlsbad, New Mexico to 2,400 parts, at Florence, New Mexico, is 2,800 parts, at Red Bluff, New Mexico, to 3,100 parts, at Pecos City, Texas, to 4,000 parts, and below Pecos City to over 5,000 parts."

Morgan Report.

In discussing the suitability of the waters of the Big Wichita river for irrigation, the Morgan report, which was throughout entirely favorable to the project, says:

The flood waters of the Big Wichita river have been analyzed at the Fort Worth Laboratory for alkalinity. The chemical content is apparently 529 parts per million. Acc. ding to this analysis the water is good irrigation water. The Rio Grande in South Texas has an alkali content of about the same per cent. The Rio Grande in Laredo has about 50 per cent more; the Brazos at Waco has about twice as much; the Pecos has about two to five times times as much alkali. The Rio Grande waters are considered good irrigation waters. The Pecos waters are used but must be used with care. We believe that no difficulty will be encountered from such alkali as is indicated in the Wichita river water, unless the soil is allowed to become water logged. This should not occur in this district because the drainage outlets are fair to excellent and because the district is located in a region where frequent and repeated irrigations will not be necessary, and where there is sufficient rainfall to assist in removing any alkali that may accumulate."

COMMITTEE ON NOMINATIONS IS ANNOUNCED

The nominating committee of the Chamber of Commerce which will present ten names to be voted on by the entire membership to fill the five vacancies in the board of directors whose terms expire in January was appointed Wednesday by T. B. Noble, president and announced by Hubert Harrison, general manager.

W. E. Norton, chairman, J. N. McFall, W. Newton Moer and C. E. McCutcheon of the board of directors and C. G. Manuel, Bert Stayton and R. E. Penick of the business council will comprise the committee which will select the ten names in the near future.

Under the by-laws of the organization the terms of five of the fifteen board of directors expire yearly and the nominating committee to fill the vacancies must be appointed in October proceeding the election in January. The terms of W. D. Cline, W. S. Curlee, G. Clint Wood, C. W. Reid and W. W. Anderson expire in January. They are eligible for renomination and reelection.

According to information from Mr. Harrison, Wednesday in line with the general business improvement there has been a distinct gain in the collections of the organization since the first of the month. Continued collections together with the rigid economy measures inaugurated will maintain the present financial status of the organization it was said.

Mr. Harrison also announced that a campaign to recruit members will probably be held in January.

Pungent and acid tests are perceived by the tip of the tongue; the middle tastes sweets and bitters, while the back and lower parts taste fatty substances.

Trinity College, at Durham, N. C., has been added to the list of southern colleges which have recently opened their doors to women students.

WICHITA FALLS MADE TRUCKS GO TO GOLD COAST

The Wichita Motors Company has just received an order for ten 1 1-2-ton trucks to be shipped to the Gold Coast, Africa, according to a Wednesday announcement. These trucks are to be equipped with pneumatic tires, and will be used in hauling general merchandise from the coast to the interior cities. All of the roads in the Gold Coast colony have been built and are maintained by the English government, and the authorities refuse to permit trucks of greater than 1 1-2-tons to operate on the government roads.

J. G. Culbertson, president of the company, reports that inquiries from many foreign countries are now being received, and that sales in foreign countries will continue to improve from time to time. He further calls attention to the fact that nearly all motor transportation facilities in foreign countries have depreciated during the world war, until the owners are now discarding their old trucks for those of modern design and practice.

The countries in South America, Africa and the Far East are purchasing practically all of their motor trucks from firms in the United States, as the large European manufacturers are not yet in a position to compete with the North American manufacturers.

Mr. Culbertson believes that the export business in motor trucks has now passed the low mark and that foreign orders will increase gradually from now on.

HABEAS CORPUS WRIT ASKED FOR TWO LOCAL MEN

Habeas corpus proceedings were instituted Wednesday in the Criminal Court of Appeals at Austin to secure the release of H. T. Scott and Sewel Fields, who were remanded to the county jail at Henrietta Saturday following a preliminary hearing before Justice of Peace Coleman on charges of having robbed with firearms J. B. Gibbons at Dean on October 10.

The information regarding the proceedings was obtained from local attorneys represting Fields and Scott. Up till late Wednesday the order of the higher court was not known here.

PISTOL WOUND PROVES FATAL TO R. SACHSE

Youthful Employe of Local Dairy Dies Soon After Being Found With Hole in Forehead.

Raymond Sache, 16 years of age, died Wednesday afternoon at 3:15 o'clock, at the Wichita General Hospital, about two hours after he had been found lying across his bed in his room at the Guernsey Dairy, just west of town, a bullet wound near the center of his forehead and a .38 calibre revolver near by.

According to police two notes were found in the room, neither of them addressed to any particular person and both bidding farewell to friends and relatives.

The shooting took place shortly before 1 o'clock, according to Mrs. G. E. Cleaver, who was the first to reach the wounded and dying youth.

According to her testimony to Justice R. V. Gwinn, who in company with Police Chief Morgan and Detectives Miller and Boone were called to the place, young Sachse had returned from delivering milk shortly before noon and had refused to eat dinner, saying he didn't care for it. He was also reported to have volunteered to milk some cows for another employe of the dairy provided this man would make a trip to the city for him.

Mrs. Cleaver said shortly after her had gone to his room she heard a noise, which at that time she thought was the slamming of the door, which may have been the fatal shot. The mattresses were soaked in blood when attracted by moans, she entered the room, Mrs. Cleaver told officers.

The deceased is the son of Mr. and Mrs. R. L. Sachse, 1608 Austin street and besides the parents is survived by three brothers, Clifford of this city, John of Mexia and Ernest of Charleston, S. C., and a sister living at Red Oak, Texas.

He had been working at the dairy since early in the summer. Relatives and police were unable to explain any causes for the tragedy, but asserted that the deceased was of a brooding nature and had appeared despondent for about two months.

Funeral arrangements will be male Thursday.

FRED KEYS' SENTENCE IS TWO YEARS

Fred Keys, who plead guilty a stealing six automobile tires from C. F. Carter of this city in April, was sentenced to two years in the state penitentiary by a jury in the 50th district court Wednesday morning Keys plead guilty to the charge when it was read by Judge P. A. Martin and then asked for suspended sentence.

Assistant District Attorney Sam Holliday refused to agree to the suspended sentence and introduced the testimony of several police officers and county officials to show the previous record of Keys. By the testimony it was shown that the defendant had been arrested several times on vagrancy charges and since his arrest on the felony charge to which he plead guilty, he had been found guilty of swindling in the county court at law.

His mother in whose behalf Keys' attorney asked that he be given a suspended sentence broke down when the jury verdict was announced and was carried from the court room.

More than 15,000,000 families in the United States live in rented homes, but the number is decreasing continually.

CHARLIE ANGLE LEADING MAN IN BIG MUSICAL PLAY, "SPRINGTIME," PLAYED FOUR YEARS ON STAGE AND IN MOVIES

CHARLIE ANGLE.

To mention the stage qualifications of Charlie Angle, leading man in "Springtime," the big musical play opening tomorrow night at the Wichita Theater, is to create the impression that the Business Women's Club has imported a professional actor for the leading role—wherefore it becomes necessary at the outset to state that Charlie is a reg'lar honest-to-goodness citizen of Wichita Falls and a salesman in this territory for the National Biscuit Company.

But tomorrow night will not be Angle's first appearance before the footlights. He has had four years "movie" and legitimate experience, playing with Henry Walthall, Bryant Washburn and Richard Travers, and also being identified with the Essanay picturizations of George Ade's "Fables in Slang."

As for Charlie's voice, it was good enough to place him in the Appollo and Haydn choral societies in Chicago, and he was with the latter organization when it won the $10,000 world's prize at the San Francisco World's Fair.

Angle at present is the bass soloist of the First Baptist Church. If you doubt that he has a splendid voice, go to see "Springtime" and hear him and Miss Ruth Chandler sing "Till Our Dreams Come True."

LOCAL NEGRO TO STAND TRIAL ON MURDER CHARGE

Earl Jones, negro, who is alleged to have shot and killed a member of the Fort Worth negro ball team here during the summer months, while he and another negro were exchanging shots following a quarrel, will go on trial in the 30th district court this morning charged with murder.

Jones is said to have pulled a pistol and started firing when he met a supposed rival in a love affair. The negro he fired at received only minor injuries but one wild shot is alleged to have struck the Fort Worth ball player and caused his death a few hours later.

DUNNAN ALLOWED BOND AT $500

J. J. Dunnan, arrested here the first of the week by Deputy United States Marshall Allen was bound over under $500 bond Wednesday afternoon to await the action of the grand jury on a charge of having transported a stolen automobile from this city to Frederick, Oklahoma, in July. Noble Cole to whom he is alleged to have sold the stolen automobile was held under $100 bond as a witness.

One pound of dried tea represents about four pounds of fresh-gathered leaves.

India and China contain approximately one-half the total population of the world.

"CIVILIAN CLOTHES" FIRST NUMBER OF LEWIS-WORTH STOCK COMPANY

TED BRACKETT

Appearing in one of the outstanding stage successes of the season the Gene Lewis-Olga Worth Stock company will open a short season of stock at the Wichita Theater Monday evening, Oct. 24. In "Civilian Clothes," Thomas Meighan was stared in the film version of this play, however, this will be the first stock production in this city.

Bearing out his announced policy of giving Wichita Falls the very best possible Mr. Lewis has paid an unusually large price as the royalty on this play. The hero Sam McGinness, is a captain in the army. He meets a society belle in France and they are married. She hears he has been killed so she says nothing of her marriage. He turns up in "Civilian Clothes" and she is ashamed of him for he is the son of a cobbler and not at all aristocratic.

Deciding to teach her a lesson, Capt. Sam proceeds to do so in a very original manner. The play abounds in fast and sparkling wit and Gene Lewis, Olga Worth and their company are finding a keen enjoyment in acting it, even at the rehearsals. When the actors themselves enjoy a play they always do it better than otherwise.

The Gene Lewis-Olga Worth company comes to Wichita Falls after six years in their own theater in Dallas, where by hard work and clever acting they have won a place in the heart of every theater goer in Dallas. The members of the company, have all been chosen for their ability regardless of salary and today Gene Lewis, claims the name of "America's Finest Sock Company."

When Manager Ford decided on stock for the Wichita Theater he looked them all over and selected this company as he could find none better, so if the theater goers of this city want to see the very latest Broadway success they will have a chance during the next eight weeks.

For one of Scotland's ancient seats the castle of Fiddies, Kincardineshire, it was urged at the valuation appeal that £4 a year was fair rental. It was stated that farm workers used the castle as a living place, and that the top rooms were in possession of wild birds. One room was reserved for the proprietor, John Monro.

Artistic Show Cards for your windows. Sadler & Haworth, 705½ Tenth St. Phone 2583.—Adv.

Yellow fever has been completely eliminated from Guayaquil, Equador, where it has been prevalent for generations. In 1842 half the population of the city died of this disease, and there were from 200 to 500 cases every year until the campaign of extermination was begun in 1918.

The early French governors of Louisiana were empowered to try any others.

The sugar beet acreage in the United States last season was the largest on record.

MARKET REPORTS

FLOUR LOWEST IN FIVE YEARS IN LOCAL MART

A drop in the price of flour from $8.50 to $8.00 a barrel on the wholesale price, basis of extra high patent, making this grade the lowest in price in a period of five years, was a feature of the Wichita Falls wholesale markets Wednesday. On this basis high patent and bakers flour sell for $7.50 a barrel.

Oranges are giving an indication of increasing strength in the markets, having gone up from $7.00 to $7.25 a box Wednesday morning. Other fresh fruit lines, while reporting active markets, have not changed in price.

Outside of the changes in flour and oranges there were no flevelopments worthy of notice in the local markets Wednesday.

The following quotations were obtained Monday from local jobbers and wholesalers and although liable to the market fluctuations can be relied on as official.

Fresh Vegetables

Selling prices in Wichita Falls to retailers: Lettuce $1.50 a dozen; turnips 4c a pound; cabbage 4c a pound; yams $1.50 a bushel; onions 6 cents a pound; parsley 75c a dozen bunches; tomatoes 10½c a pound; new potatoes $3.00 a hundred pounds; string beans 16c per pound; beets 5c a pound; celery $1.50 a dozen.

Oil and Shortening

Shortening, Tierces, 13c; 100 lb. metal drums, 13½c. White oil tanks, 9½c. Peanut oil, tanks, per lb., 18½c.

COFFEE

NEW YORK, Oct. 19.—Failure of Rio exchange rates to hold rallies reported yesterday and reports of slightly lower cost and freight offers in consequence, seemed partly responsible for the decline in coffee futures here today.

The market opened at a decline of 9 to 12 points and sold about 18 to 23 points net lower, with December touching 7.42 and March 7.60, or new low ground for the movement. Sales were estimated at about 36,000 bags, October 7.30; December 7.46; January 7.51; March 7.61; May 7.69; July 7.78; September 7.75.

Spot coffee was reported quiet at 7 3-4 to 7 7-8 for Rio 7s and 11 1-2 to 12 1-2 Santos 4s.

SUGAR

NEW YORK, Oct. 19.—Raw sugar was unchanged to 4.00 for centrifugal for duty free and 2 1-2 cents for Cuba cost and freight, equal to 4.11 for centrifugal. Raw sugar futures were quiet but the undertone was steadier and closing prices 1 to 3 points net higher, except October, which was nominally 10 points lower. December closed at 2.35; March 2.27; May 2.35; July 2.47.

In refined there was a decline of 10 points by one of the leading refineries to the basis of 5.20 for fine granulated, while others were unchanged at 5.30.

Trading in refined futures was confined to a few lots of October, that position selling 20 points above the previous close. Final bids were unchanged to five points net lower, with [illegible] and later positions 5.30.

Stocks

By Associated Press.

NEW YORK, Oct. 19.—The stock market today gave no positive outward manifestation of the more encouraging aspect of the railroad situation.

Dealings were moderate and short covering in certain branches of the list, Pullman for example, was offset by pressure on other quarters, notably steels, leathers, rubbers and chemicals.

Declaration of the regular dividend on Pullman for the two quarters was not only cancelled by a sharp recession but let a substantial net gain. Other equipments and most of the steels were heavy, however, in anticipaton of poor statements for the year's third quarter.

Rails and oils made variable gains in no import at case extending between two or three points. Specialties of the type represented by Virginia Iron, coal and coke and National Cloak and Suit preferred were decidedly strong on limited transactions. Sales amounted to 700,000 shares. The only feature of call money which opened at 4 1-2 per cent. but dropped 4 per cent at noon, was the abundance of offerings, these being augmented by another inflow from interior points.

Regardless of the British premier's pessimisti utterances in the house of commons sterling exchange rose substantially over yesterday's depression and German marks were appreciably better despite the utter demoralization reported from Berlin. The European remittances tender toward firmness, but Far Eastern rates, especially Shanghai, reacted on the further decline of bar silver.

Some Liberty issues materially and other domestic issues were mostly better. Among international issues several of the European municipals strengthened, but Mexican 4s and 5s were weak with Cuba Cane 7s. Total sales, par value, $15,375,000.

Cotton

NEW YORK, Oct. 19.—An early advance in the cotton market met a renewal of liquidation or selling pressure accompanied by talk of probably heavy ginning returns, but after selling off from 18.48 to 17.95, or into new low ground for the movement, December rallied to 18.60. That position closed at 18.57 with the general market closing steady at a net advance of 16 to 35 points.

The opening was firm at an advance of 30 to 38 points with active months soon showing net gains of about 30 to 40 points on covering and trade buying inspired by the rally in the German mark, firmer late cables from Liverpool and a much more hopeful view as to the outcome of the railroad labor disputes.

Liverpool failed to hold its rally from early low levels, however, and the market here turned easier late in the morning. Early buyers were evidently disappointed by the failure of the advance to attract a more general demand and the early afternoon market was weak under a renewal of more or less general selling accompanied by rumors that private ginning returns expected in the near future would point to a crop in excess of the last government indication.

For a time the selling was aggressive, sending the price of January off from 18.20 to 17.60, with active months selling about ten to twenty points below last night's close. It looked as though something of a short interest had accumulated on this break, however, and after the flurry of liquidation had been absorbed with the aid of further trade buying the market shot up rapidly on covering. January advanced to 18.22, making new high ground for the day in late trading. The weekly report of the weather bureau indicated that most of the crop had been picked in many of the larger states, which was commented upon as tending to offset the influence of heavy ginning returns.

GRAIN

CHICAGO, Oct. 19.—Wheat dropped today to new low prices for 1921 Lloyd George's speech on unemployment was followed by heavy selling that turned the market sharply downgrade. Closing quotations were heavy 1 1-4 to 2c net lower with Dec. 103 12 to 103.3-4 and May 1.08 1-4 to 1.08 1-2. Corn lost 1-8 to 12c, oats finished unchanged to 1-8c off and provisions unchanged to a decline of 87 cents.

The chief selling in wheat came during the last half hour and found the market practically without support. Shorts covered freely in the earlier trading and as a result there had been a decided rally from the extreme weakness developed in the last few days. When profit taking by shorts had ended, however, no other buying orders were in sight. At this juncture word of Lloyd George's speech attracted attention. Values descended rapidly and the close was almost at the bottom level reached.

Corn and oats reflected wheat action, but kept within a narrow range. Provisions were governed mainly by grain.

	Open	High	Low	Close

Livestock

FORT WORTH LIVESTOCK

FORT WORTH, Oct. 19.—Exceptionally generous receipts arrived today, the estimate calling for 4,000 head of cattle: 6,000 calves; 1,200 hogs and 10,700 sheep. The sheep run included 10,200 head en route to Illinois pastures. Sales of cattle were steady to 25c down and the market was extremely dull. Good light calves ruled steady to 25c higher, best heavies remained steady and medium calves sloughed off 25 cents. Some calves brought $7.25.

An order buyer paid $8.60 for a car of hogs, but the best going to packers stopped at $8.25 and most of the run cleared at $8.00 to $8.20. The market was generally 10 to 15c lower. Pigs held steady, $8.00 being paid for the good kinds.

The few sheep and lambs on sale found a ready demand at steady rates. Lambs went to $7.50. Feeder ewes brought $4.00. Quotations:

Cattle—Beeves $3.00@6.25; stockers $3.00@4.50; cows $2.00@4.50; canners $1.25@1.50; heifers $3.00@6.00; yearlings $3.50@6.50; bulls $1.25@3.00; calves $2.00@7.25.

Hogs—Light $8.25@8.60; medium $8.00@8.25; mixed $7.00@8.00; common $6.00@7.00; heavy $7.75@8.00; rough $6.00@7.00; pigs $7.50@8.00; stags $5.00@6.00.

Sheep—Lambs $7.00@8.25; yearlings $5.00@5.30; wethers $4.50@5.00; ewes $3.25@3.75; culls $1.00@2.00; goats $1.00@1.25; stocker sheep $2.00@3.00; stocker lambs $3.00@6.00.

KANSAS CITY LIVESTOCK

KANSAS CITY, Oct. 19.—Cattle 19,000; beef steers steady to 25c lower; top yearlings and medium weights $9.75; other sales $4.25@9.00; calves steady to strong; practical top $9.50; heavy and medium $5.50@6.50; stockers and feeders steady to weak; best Panhandle stockers $6.90; cows $3.25@4.00; grass heifers $3.50@5.00; cutters $2.75@3.00; Texas heifers $5.00.

Hogs 5,000; open 10@15c lower; closing active; ten lower; bulk mixed loads $7.35@7.70; packer top $7.95; bulk of sales $7.25@7.95; packing sows and pigs steady to weak.

Sheep 13,000; sheep steady; fat ewes $4.00@4.25; fat lambs steady, or 10 to 15c lower; top western $8.25; feeding lambs steady; early top $7.25.

CHICAGO PRODUCE

CHICAGO, Oct., 19.—Butter lower; creamery extras 44@44½c. Eggs higher; receipts 4,820 cases; first's 44@47c. Poultry alive, unchanged.

LIVERPOOL SPOT

LIVERPOOL, Oct. 19.—Cotton spot fair inquiry; prices steady. Good middling 12.79; fully middling 12.29; middling 11.89; low middling 10.74; good ordinary 9.59; ordinary 9.84. Sales 7,000 bales, including 5,000 American; receipts 24,000 bales, including 11,700 Americans.

COTTONSEED OIL

NEW YORK, Oct. 19.—Sharing the weakness of grain and hog products, the cottonseed oil market dropped to a new low level for December and was weak all day, closing 7 to 15 points net lower. Sales 20,300 barrels. Prime crude 6.85; prime summer yellow spot 8.25; December 8.64; March 8.82; May 6.98, all bid.

DRY GOODS

NEW YORK, Oct. 19.—Cotton goods were quiet with further hesitation reported in gray goods. Price resistance in ready-to-wear was noticeable. Cotton yarns were quiet with concessions obtainable. Knit goods were irregular. More inquiry was reported for burlap.

For Rent—Rooms to permanent guests at $10.00 per week. — The Westland.—Adv.

WAR BRIDES ARE STILL MARCHING AFTER DOUGHBOYS

SOLDIER SUMMIT, Utah, Oct. 19.—This little village, on the edge of the Unita National Forest, is reveling in a war romance that aroused the citizens to an enthusiastic serenade of Harry Fox, World War veteran, and his pretty French bride, upon their arrival here.

Fox was a private in the Fortieth American division and met Suzanne Cantang in the little French village of Lormont during the hectic days shortly before the armistice.

Later, when Fox boarded a transport at Bordeaux for his return to the States, Suzanne promised to join him in this country and become his bride.

After a lapse of two years Suzanne, made the 5,000-mile trip from her home in France and was met in Denver, Colo., by Fox, where the couple were married by City Chaplain Jim Goodheart, a widely known war worker.

Fox has a pretty new bungalow all completed on his ranch here, where the couple will live, and they were accorded a welcome by the entire population of the village.

WORKMEN FIND STATUE

LONDON, Oct. 19.—Workmen repairing a drain at Pozzuelli, near Naples, discovered a fine statue, in the Greco-Roman manner, standing holding a basket of fruit. The statue has been placed in the local museum.

In France, 300,000 soldiers of that country were buried in open fields as the battles progressed, and of these, more than 230,000 have been identified and taken to concentration cemeteries.

NAZARINE CHURCH FINDS NO CONVERTS IN ADVANCE

ADVANCE, Mo., Oct. 19.—The Nazarine Church has failed in its efforts to organize a branch here. Folks didn't like the doctrines preached when a circuit organizer of the new faith visited here.

Here are the rules to which Advance citizens refused to subscribe:

Members must not attend moving picture shows, theatres, circuses, fairs or dances. They must not use liquor or tobacco in any way, shape or form; they must wear no jewelry except simple finger rings; they must not belong to any secret organization.

For Commercial signs see Sadler & Haworth, 705½ Tenth Street. Phone 2583.—Adv.

For Rent—Rooms to permanent guests at $10.00 per week. — The Westland.—Adv.

NOTICE TO CONTRACTORS

The County Auditor of Wichita County will receive sealed bids until 10 o'clock a. m., November 14th, 1921, for the construction of 1600 feet concrete road on the Park-Holliday road, beginning at Alameda Street in the City of Iowa Park and extending south to the Fort Worth and Denver Railroad track. Usual rights reserved. Plans and specifications on file in the office of the County Engineer.
W. W. MURPHY,
County Auditor

The Exchange National Bank, located at Wichita Falls, in the state of Texas is closing its affairs. All note holders and other creditors of the association are therefore hereby notified to present the notes and other claims for payment
P. L. JENNINGS, Cashier.
Dated Aug. 30th, 1921.

CITATION BY PUBLICATION
The State of Texas
To the Sheriff or any Constable of Wichita County, Greeting:

YOU ARE HEREBY COMMANDED to summon Ida Mae Magor by making publication of this citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the 30th District Court of Wichita County, to be holden at the Court House thereof in Wichita Falls, on the third Monday in December, A. D. 1921, the same being the 19th day of December A. D. 1921, then and there to answer a petition filed in said Court on the 27th day of September, A. D. 1921, in a suit numbered on the docket of said Court No. 11654-A, wherein Suart Fabian Magor is Plaintiff and Ida Mae Magor is Defendant, and said petition alleging that plaintiff was lawfully married to defendant December 11th, 1911, and continued to live together as husband and wife until about Nov. 1st, 1920. That about January 1st, 1916, defendant began a course of cruel, harsh treatment and improper conduct towards plaintiff, causing him to permanently abandon the defendant; that they have not lived together as husband and wife since about November 1st, 1920. That during the time they lived together plaintiff treated defendant with kindness and affection, but defendant, unmindful of her marital vows up to the time of their separation, treated plaintiff with cruelty, that she has accused him of living in adultery, etc., which accusation is untrue; that she has carried such reports to plaintiff's employers and has thereby greatly handicapped plaintiff in making a livelihood for himself and family; that by reason of all the facts their further living together as husband and wife has been rendered insupportable.

Wherefore plaintiff prays that defendant be cited in terms of the law to appear and answer herein, for judgment dissolving the marriage relations now existing between plaintiff and defendant, for absolute divorce from the defendant, for cost of suit and for general and special relief, etc.

Herein Fail Not, but have before said Court at its aforesaid next regular term, this writ with your return thereof, showing how you have executed the same.

GIVEN UNDER MY HAND and the Seal of said Court, at office in Wichita Falls, Texas, this the 5th day of October, A. D. 1921.

A. F. KERR.
Clerk District Court, Wichita Co., Texas.
(Seal)

THE STATE OF TEXAS.
To the Sheriff or any Constable of Wichita County, Greeting:

YOU ARE HEREBY COMMANDED to summon W. H. Henry by making publication of this citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the 89th District Court of Wichita County, to be holden at the Court House thereof in Wichita Falls, on the 1st Monday in January A. D. 1922 the same being the 2nd day of January A. D. 1922. Then and there to answer a petition filed in said Court on the 13th day of June A. D. 1921, in a suit, numbered on the docket of said Court No. 11064-C wherein, Bradford Supply Company is plaintiff and W. H. Henry is defendant and said petition alleging, that during a period commencing October 4th, 1920, and ending November 5th, 1920, plaintiff, at the special instance and request of the defendant, sold and delivered to him oil well machinery, materials and supplies; in consideration whereof, the defendant then and there promised plaintiff to pay off it the sum of $4423.43.

That said account is past due and unpaid, and defendant, though often requested, has hitherto failed and refused, and still refuses to pay the same or any part thereof, to plaintiff's damage in the sum of $4433.43.

WHEREFORE, plaintiff prays the court that the defendant be cited to appear and answer this petition and that it have judgment for its debt in the sum of $4433.43, with interest thereon at the rate of 6 per cent per annum from January 1st, 1921, until paid, and for costs of suit and such other and further relief, special and general in law and in equity that plaintiff may be justly entitled to receive.

Herein Fail Not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon showing how you have executed the same.

GIVEN UNDER MY HAND and the Seal of said Court, at office in Wichita Falls, Texas, this the 15th day of October A. D., 1921.

A. F. KERR, Clerk District Court, Wichita County, Texas.
By EUNICE JACKSON, Deputy.

44—LEGAL NOTICES

NOTICE TO CONTRACTORS.

Sealed proposals for the improvement of Front street in Wichita Falls, Texas will be received at the office of the City Clerk until October 28, at 3 p. m. and then publicly opened.

DESCRIPTION OF WORK TO BE DONE.

The proposed work consists of paving Front street from W. P. L. Indiana street to W. P. L. Ohio avenue with reinforced concrete being approximately a total of 1542.3 square yards of pavement, 1606.6 square yards of excavation, 579.3 lineal feet of curbs, 65 feet of headers.

INFORMATION.

All information relative to plans and specifications may be obtained at the office of the City Engineer, Wichita Falls, Texas.

A certified check for five (5) per cent of the bid price must accompany each proposal as a guarantee that the bidders, if successful, will enter into contract in accordance with the requirements of the specifications.

The right is reserved by the party of the first part to reject any and all proposals and to waive all technicalities.

Proposals shall be submitted in plain sealed envelopes and marked "Bids for Paving Front Street."

GEO. W. THORBURN,
City Clerk.

PACKING HOUSE MEN BY HEAVY MAJORITY IN FAVOR OF STRIKE

By Associated Press.

FORT WORTH, Oct. 19.—The majority of the ballots cast by the Fort Worth packing house employes favored a strike, M. H. Freeman, secretary of the Butcher Workmen's local, announced today. How strongly the strike was favored here will be undetermined until the results of balloting are announced in Chicago, Freeman said.

By Associated Press.

DAVENPORT, Iowa, Oct. 19.—Ninety-five per cent of the votes of the packing house employes here favor a strike, according to J. B. Mulady, president of the local union.

By Associated Press.

EAST ST. LOUIS, Oct. 19.—Packing house employes in the East St. Louis district, who voted in the recent referendum, balloted approximately 18 to 1 in favor of a strike, Earl Jimerson, district president and international vice president of the Amalgamated Meat Cutters and Butchers Workmen's union of North America, announced late today. About 1,700 votes were returned in this district, Mr. Jimerson added.

By Associated Press.

OMAHA, Neb. Oct 19—Eighty-five per cent of the packing plant employes of Omaha who voted in the recent strike referendum favored authorizing the executive board of the Amalgamated Meat Cutters and Butcher Workmen of North America to call a strike in the packing industry if such action is deemed necessary to protect interests of the employes, according to J. W. Burns, secretary of the union's district council No. Five.

There are more gold mines in the province of Shantung than in any other province of China.

Nice 5-room modern home, large lot, garage, close to school, close to car line. $4,000—$250 cash—$40 per month.

Banana Plantation in Old Mexico Now Being Organized.

10 Units of $1,017.50 each full paid and non-assessable, payable $217.50 cash and balance on 27 monthly installments. Only four Units left. Each Unit will have 1-10th undivided interest in 300 acres of land and all development. At least 100 acres to be placed to bananas. Phone J. F. Hartman to 6113, or call at 1006 Lamar avenue for details. Land owned in fee with all sub-soil rights.

FOWLS FOUND SHORT TIME AFTER THEFT

Roused by strange noises about his barn yards, F. S. Roop, residing 12 miles northeast of Wichita Falls on rural route number 2, and near the Thorunburg bridge, Wednesday night about 11:30 o'clock rushed out of his house in time to see four men speed away in a high powered motor car with a half dozen of his choise Brown Leghorn hens.

Mr. Roop immediately notified police here and dressing followed the general direction of the car toward Wichita Falls.

Four men were arrested a short time later by Policemen Hawkins, Glenn, Sampson and Morgan just as they were driving across the Ohio street bridge and found in possession of about six turkeys and a dozen hens, all crowded into a small chicken coop. Six of the chickens were identified by Mr. Roop, on his arrival at the police station as his property.

The four men arrested were booked on the city docket under charges of stealing chickens. Police asserted that one or two of the men arrested are well known police characters.

GENERAL PERSHING IS ACCORDED ELABORATE RECEPTION IN PARIS

PARIS, Oct. 19.—The reception at the city hall in honor of General Pershing today was one of the most elaborate and impressive that has been held in Paris since the signing of the armistice. Some 1500 persons were present, including France's leading military figures, members of the diplomatic corps, representatives of the various embassies and a large contingent from the American colony in Paris. The president of the municipal council delivered an address of welcome to the American general, who replied that he was deeply touched by the friendliness with which he had been received everywhere in France. He said he was reluctant to leave the country and that he hopes to return soon to renew the associations established by his visit.

Earlier in the day at the planting of an oak tree in honor of Franco-American amity in the Trocadero Gardens, General Pershing threw in a shovel full of French soil, which he said, "also was American because American blood was shed on it."

MEX SCHOOL TO BE BUILT IN SIBLEY-TAYLOR

The next ward school in Wichita Falls will be erected in the Sibley-Taylor addition, according to an announcement made at the last meeting of the school board following a request by a committee of citizens from that section of the city that their children be permitted to attend the Austin school rather than the new Barwise school.

The committee of citizens asserted that the Barwise school is less convenient than the old Austin school.

MASONIC OFFICER WARNS MEMBERS AGAINST KLAN

By Associated Press.

LAS CRUCES, N. M., Oct. 19.—Asserting that definite evidence has come to his attention of solicitation among Masons and officers of Masonic lodges for membership in the Ku Klux Klan, Frances E. Lester, of this city, grand master of the Masons in New Mexico, today issued a warning letter to subordinate lodges in this state against joining the order.

MAN ELECTROCUTED WHEN HAND TOUCHES LIVE WIRE

By Associated Press.

SHREVEPORT, La., Oct. 19.—Mike Hayes, 30, lineman, who came to Shreveport several months ago from Yonkers, N. Y., was killed instantly when his hand touched a live wire after he had climbed a pole to do repair work. Twenty three hundred volts passed through his body.

A boy's hair grows at half the rate of a girl's.

REED THINKS PRESENT PARK BEST SUITED

Scotland Park north of the river is not suitable for a tourist camping grounds unless a paved road is built to the park to connect with the business district, and the present park on Jaloniek street is the most suitable for a tourist grounds of all the parks in the city.

This was the reply of Dr. J. F. Reed, city commissioner in charge of parks and the recommendation of the Municipal Park board Tuesday that the so-called Tourist park on Jaloniek street be sold and a part of Scotland Park be set aside as a camping place for the thousands of tourists who pass through the city during the summer months. The attitude expressed by Dr. Reed Wednesday is taken to mean that he will not recommend the change to the rest of the city council as suggested by the park board.

Commissioner Reed said that in his opinion it was necessary that any tourist camping ground be located along good roads and easily accessible from the main tourist highway. He said that Scotland Park was practically a mile from the business district with dirt roads leading to it which would be dusty in dry weather and practically impassable during part of the wet season.

He said that he realized that the Jaloniek street park purchased by the city several months ago for the express purpose of converting it into a tourist camping grounds was objectionable in some respects. He pointed out however that with a concrete road to the Clay county line it would be easily accessible for tourists. Certain objects such as the lack of trees and shrubbery would be remedied at once he declared.

Dr. Reed also said that the $30,000 budget for park improvement as approved by the board would have to be materially cut. He said that at this time it was impossible to state just what funds would be available from the city budget but that he was sure that it would not exceed $20,000 and possible considerably less. The budget as submitted to the board by J. E. Dobson, park superintendent and approved, provided for an expenditure of $19,000 during the coming year for new equipment and the beautifying of the parks with a labor expenditure of $11,000.

According to Dr. Reed the new park given the city by W. B. Hamilton and others, located on the north side, will be improved at once. He said that the North Side Civic club and others had urged that the park be improved so that it would be available as a recreation center.

MUST OBTAIN CERTIFICATES SAYS SCURRY

Confederate veterans and their descendantts who propose to attend the Chattanooga reunion must secure certificates from local officials of the Sons of Confederate Veterans in order to secure these rates, Judge Edgar Scurry, commander of the Trans-Mississippi department, warns in the following communication issued Wednesday.

"You who wish to go to the Chattanooga Reunion will have to have a certificate of identification to obtain the cheap rate.

"I am leaving the city this afternoon and Mr. S. P. Ferguson, the adjutant of the Trans-Mississippi department will issue these identification certificates after I am gone to those entitled to receive them upon application to him for same. Mr. Ferguson's telephone number is 2121 and if you will call him there, he will make arrangements to meet you at room 315 in the American National Bank building, and issue you your certificate.

EDGAR SCURRY."

Aviator Lands In Water's Edge At Lake Wichita

All the usual and sensational rumors were in circulation Wednesday as the result of the landing of an aeroplane in the edge of Lake Wichita. Investigation disclosed that the machine, belonging to H. K. Neal, local commercial aviator, landed in the edge of the water through failure by a few feet to glide to the edge of the lake for a landing as the aviator intended.

Neither Neal, the pilot, nor his passenger was in any way the worse for the experience save from wading out of the water, the depth of which was about to the knees. The damage sustained to the machine through its wetting was estimated by Neal to be less in extent than $40.

The landing was made as the result of the missing of two cylinders of the big motor while flying over the lake, the aviator deciding to glide to the bank for a landing and remedy the trouble.

LEGIONNAIRES WILL ARGUE ON BONUS TONIGHT

A definite stand on the bonus question is expected to follow the called meeting of the Pat Carrigan Post of the American Legion tonight at headquarters and it is announced that the local delegates to the national convention at Kansas City will be instructed in this respect at this meeting.

Another purpose of this called meeting, according to Zeb Nixon, post adjutant, will be to determine the size of the delegation to the convention. It is hoped that at least 25 can go so as to secure special rates from the Pullman company which will enable the delegates to sleep in their car during the convention. From advance indications the housing capacity of Kansas City hotels, rooming houses and private homes will be taxed to the limit and Mr. Nixon believes that an arrangement with the Pullman company to use the car for sleeping purposes while in Kansas City will be a saving of time and money.

The Santa Fe railroad has been selected as the official railroad for the Wichita Falls delegation, giving a direct route out of Fort Worth. The special railroad fare rate of $10.80 round trip with $6.80 for lower and $5.51 for upper berths each way is low enough, local legion officers believe, to attract large numbers of local delegates.

Ex-service men who have been intending to make the trip should bear in mind that the rate is only for Legion members and their dependants or dependants of those killed while in the service.

Those ex-service men not already members who intend to make the trip are asked by Legion officers to be present at tonight's meeting and make their application for membership.

ONE HUNDRED PRESENT AT AUSTIN MOTHERS' CLUB

More than one hundred, ninety of them mothers of Austin school students, responded to the call for the first meeting in the Attendance Contest of the Austin Mothers' Club, held Wednesday afternoon at the school. The picture went to the low seventh grade room Florence Davis getting the largest number of mothers to attend. In accordance with the plan of contest announced, the picture goes each month to the room which has secured the largest attendance. At the end of the year it is awarded to the room that shows the largest number of times securing the picture.

The program was featured by a talk from Superintendent Lee Clark, with Mrs. E. S. Goodner, chairman of the program committee, in charge. The devotionals were led by Mrs. E. C. Huckabee.

INSPECT TIME PIECES ON NORTHWESTERN ROAD

Inspection of the time pieces of the employes of the Wichita Falls & Northwestern railway company in Wichita Falls in accordance with the rule which calls for a report twice yearly, was conducted Wednesday by G. R. Phelps, of the Haltom and Freidly company, in Wichita Falls Wednesday. The inspection party, included besides Mr. Phelps, D. C. Dobbins, trainmaster; W. P. Danforth, road foreman of engines; and C. W. Campbell, division engineer.

INTELLIGENCE TESTS USED AT JUNIOR HIGH

The use of national intelligence tests to supplement the regular examinations as a check on both the students and the methods employed in teaching, were announced are to be used in the Junior High school, according to H. A. Glass, principal.

The tests, Mr. Glass explained, are of the same nature yet with important modifications from the pyscological tests used in testing the mentality of soldiers during the world war.

By the use of the intelligence tests, teachers think, in the cases where students make low grades it can be established to a certain extent whether the low grade was due to the natural dullness of the student or to some fault in teaching methods or is the fault of the instructor.

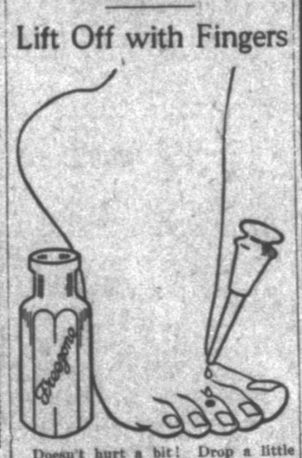

The scheme has so far been introduced only in the Junior High school and is to be tried in all the seventh classes of the city. The work will be under the direction of Mr. Glass, who had considerable experience in this line in the army and also gave similar tests last year in the Junior High school.

The use of psychological tests among school students is an innovation, according to teachers, but expected within a few years to prove especially invaluable in providing means for improving the instruction given students who show a tendency to fail or lag behind in their work.

The city of Berlin has sewage farms over which the flow of the sewers spreads.

CORNS

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.—Adv.

Indigestion or Sour, Gassy Stomach

"Pape's Diapepsin" gives Relief in Five Minutes

"Pape's Diapepsin" relieves stomach distress in five minutes. You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs. Pape's Diapepsin is noted for its speed in giving relief, its harmlessness, its certain unfailing action in regulating sick, sour, gassy stomachs. Keep this perfect stomach doctor in your home—keep it handy—get a large sixty-cent case from any drug store, and then if you should eat something which doesn't agree with you, if what you eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all indigestion vanishes. It is the most efficient antacid known—the certainty and ease with which it overcomes stomach and digestive disorders is a revelation to those who try it.—Adv.

FIRST ISSUE OF SENTINEL DISTRIBUTED

"The Sentinel," Wichita Falls' newest paper, written, edited and published by students of Junior High school, made its initial bow to the public Wednesday afternoon.

The publication consists of four pages, eight by twelve inches and three columns to the page. It is filled with news from schools written in paper style with a few jokes on students interspersed through the columns.

The paper is to be published semi-monthly. The repertorial staffs are to be changed every third issue, according to present plans of F. B. Maddrey of the Junior High school faculty who is in charge of the paper, in order to give as many as possible of the students an opportunity to gain experience in the work.

The student staff members, who published the first paper were: Bob Carter, editor-in-chief; Francis Whaley and Jack Moore, business managers, Sam Basham, Stanley Field, Marjorie Bright, J. R. Martin, Lucille Pitts and Margarette McCord, reporters.

ONLY THREE DAYS TO WIN 25000 EXTRA VOTES

Results Will Help to Decide the Automobile Winners

THE biggest week of the Record News Prize Campaign is at hand. Just Four more days and the extra vote offer comes to a close. That the results of the period from now until Saturday, October 22, will overshadow by far all previous accomplishments, is assured by the enthusiastic reports that are coming in from candidates in all directions.

Stacks of letters tell of the clubs that they hope to send in. City candidates declare they are doing their utmost on this offer. Every candidate is striving with all her might to reach the top.

Candidates are not stopping with one club where it is possible to get more subscriptions. Every $30.00 club receives the extra bonus.

This sensational offer is creating unlimited enthusiasm all over the campaign territory. And it closes promptly at 7 p. m. Saturday night. Then will come only one week until the end of the campaign.

Out-of-town candidates will remember that they have the privilege of mailing their remittances any time up to the final hour of the special offer.

One of the most remarkable incidents of the campaign is that of candidates who have worked their way through to the top in the last week. This has been noted in both the city and outside district. By the simple expedient of doing a little hustling they are approaching the glittering array of prizes step by step. They are finding that, contrary to their previous opinion, it is comparatively easy to gain the lead.
