Texico Chamber presents awards

The Texico Chamber of Commerce held its annual banquet Tuesday at the school old gym with about 200 persons attending.

It may have been the largest turnout ever for a Texico Chamber banquet. Speaker was cowboy poet Curt Brummett, a native of the Clovis area.

Ruth Reid was named Woman of the Year. Doyal LaRue was cited as Man of the Year. Oran Jay Autrey received the Workhorse Award. And Jesse Barba got the Young Citizen Award, including a $200 scholarship.

Chamber officers and directors are: Lewis Cooper, president; Juanita Hadley, vice president; Margie Crooks, secretary; Fern Tharp, treasurer; and Charlotte and Jim Pierce and Richard Hadley, directors.

Jim Pierce gave the annual progress report, including: reopening of the Chat 'n Chew Restaurant, new tourism center just west of town, passage of the school bond issue by a wide margin, increased area for the city cemetery, city beautification and approval of a state grant for a new water well.

Here are the speeches given for those honored:

Doyal LaRue

Our Man of the Year was born in Curry County near Fields, N.M., on March 8, 1928, and attended grade school at Melrose for a short time before he and his family moved to Clovis where he finished his high school education. He later received a bachelor of arts degree from Eastern New Mexico University. He was married and moved to Texico in 1969.

At age 16, he joined the New Mexico State Guard and at age 18 enlisted in the National Guard where he served for 33 years, retiring with the rank of lieutenant colonel.

When he was a teen, he became interested in the profession he now has, as he worked part-time for a local jewelry store. He has attended numerous schools and seminars across the United States pertaining to his trade. For many years he was a partner in Holmberg Jewelry in Clovis, later selling his part and opening the store he now owns and operates.

He has taught jewelry making in the art department at the Clovis Community College off and on since about 1974. He served four years on the Texico City Council before being elected Mayor two years ago, the position he now holds. He serves in the 1st Baptist Church as a deacon as well as in several other leadership positions.

Just look for the man who has a twinkle in his eye and a smile on his face and the secret is out that the Man of the Year is Doyal LaRue.

Oran Jay Autrey

Doyal LaRue was named Man of the Year by the Texico Chamber of Commerce and Oran J. Autrey received the Workhorse award.

Jesse Barba was selected to receive the Texico Chamber of Commerce Youth Award scholarship. Ruth Reid was named Woman of the Year.

Those who filed for election include:

Lazbuddie wins UIL regional

Lazbuddie finished first in the UIL Region 1-A high school academic meet last Friday at South Plains College in Levelland.

The fact that Lazbuddie won this great honor was initially known only to a few persons late Friday. It was kept a secret until the school academic awards banquet Monday night.

At that time, Terry Darling called Supt. Phil Warren to the podium and then thrillingly surprised the audience by announcing Lazbuddie's academic achievement and handing the trophy to Warren.

At the regional:

- Darling was 1st in extemperaneous informative speaking.
- Rachelle Rice was 1st and Joanna Gallman was 2nd in accounting.
- The team of Jarah Redwine, Stacey Barber and Frank Gonzales was 1st in computer science.
- Filemon Guzman was 2nd in current issues and events.

These Lazbuddie students will compete at state May 6-9.

TCA adds classic flicks

TCA Cable has decided on the "American Movie Classics" to replace the Albuquerque ABC affiliate that dropped our area.

TCA local manager Gordon Smith said he was excited about the choice of AMC because it's a popular basic service and has been well received by other folks here.

Border Banter

By Mike Pomper

Can program help you?

I don't know how many of you folks have been keeping up with the newspaper articles about the new work program for inmates at the the Parmer County Jail.

The new Texas law forces counties to keep more inmates locally rather than send them to the state pens.

This policy change should be of particular interest to many non-profit and government groups.

In a short time, several inmates - all non-violent offenders screened by the sheriff - will be available to such groups for various work projects. We might as well use them, folks, instead of having them kill time in the county jail.

For example, say the Farwell Arena Association needs some painting done at the arena before the Border Town Days rodeo. The association buys the paint, and the labor is free.

Say, one of our four county school systems has some laborious work needing to be done but is short on maintenance personnel. This is your answer then.

Personally, I think this will be an excellent program - once various non- profit groups and governmental agencies understand it. The key is that it involves non-violent offenders, such as persons serving time for DWI.

I don't think we'll award a "Prose & Poetry" award for April. We only had room in the Tribune to run one story, by Rachel Embrey.

So we'll put Rachel's name and also Blake Poarch's name (he had an entry in March) into the hat for May. We have several entries waiting to be run in the Tribune so we should have a good drawing at the end of this month.

Rip's in Texico is having a special drawing contest for youngsters.

The rules are easy:

- Draw a picture (any size) of your mother or grandmother exactly as she looks to you.
- Sign your drawing with your name and age.
- Bring your drawing to Rip's by May 9.

Prizes will be given to the winner:

* For the artist, a pair of Justin original ropers for kids.

* For mother or grandmother, a $50 gift certificate.

Dutch Quickel, outgoing executive secretary of the Farwell Chamber of Commerce, will be honored with a special award at the noontime meeting of the Chamber April 30 at the Spur Restaurant.

B-I-N-G-O!

BINGO!

That whoop of victory is just around the corner for the Twin Cities.

Two weeks ago, the San Jose Catholic Church Knights of Columbus told the Texico City Council they were interested in starting weekly or twice a month Bingo games here.

Bingo would raise funds for the planned 4th of July jamboree and fireworks show the Texico Community Activities Organization (TCAO) would like to put on - if funds are raised. And future Bingo games would go toward buying a building for the community's youth.

Monday, City Attorney Duane Hamar told the City Council that all the Knights need to start their Bingo games is approval from the District Attorney's office, which was expected.

Games may be held at the Texico Community Center and may start in May. The TCAO will next meet May 5 to make its decisions.

The council had no opposition to Bingo.

The TCAO has raised $250 toward its goal of $2,500 for a 4th of July jamboree. Councilwoman Carolyn Burrows noted that fireworks are not allowed in the city. Fry Urioste, a TCAO member, said they are checking to see if they can use the Paul Skaggs' property just outside the city limits. "Lewis Cooper is checking on the legality," he said.

In other business, the council:

- Held a hearing on a variance request by Ralph Autrey to place two mobile homes on Hudson. Mayor Doyal LaRue said 13 letters were sent to nearby property owners (within 100 feet of the property) and 9 were returned - 1 in favor and 8 opposed. According to city laws, that automatically meant the variance was denied.

Autrey was unhappy about the decision, noting he had cleaned up the property, while there were 2 trailers across the alley and an old house across the street. He said he owned 27 pieces of property in Texico.

Hamar told Autrey he can refile his variance request if he can get the nearby property owners to change their minds.

- Approved spending $78 for a Dopler radar system to be bought by KENW TV. KENW needs $15,000.
- Discussed Lions Park cleanup. A representative of the Lions Club will be asked to attend a future meeting to discuss the club's plans for improvements there.
- Heard that councilman Oran Jay Autrey had gotten some old playground equipment from Clovis that was donated to texico. It likely will be divided between the two city parks.
- Hired city engineer Chad Lydick to survey the cemetery. The council still needs to meet with the cemetery board to decide on what kind of fence should be placed there. The cemetery board wants a chain link fence.
- Noted that volunteers are need at the city swimming pool April 30 and May 1 for painting. Also, the Pleasant Hill Fire Department has offered to donate water to fill the pool.

Texico group discusses recall

Former Texico Elementary School Principal George Herrington told a group of more than 50 Texico residents Monday night that he had consulted an attorney about the possibility of holding a recall election to replace Texico School Board members.

The concerned citizens, meeting at the Texico Community Center, are upset about the board's decision not to re-employ High School Principal Ken Shaw - a Texico employee for the past 20 years.

The School Board voted 3-2 not to renew Shaw's contract. Citizens have been discussing whether to put out recall petitions against board president Herman Geries and board members Paul Barnes and Bruce Mayfield, all of whom voted against the contract renewal.

Another option is to have a recall against the entire board, something that Brent Byrum pointed out during the meeting.

Herrington said he had been told by attorney Bob Brack that under New Mexico state law, a group must show evidence of misfeasance or malfeasance of board members before they can petition for a recall election.

"We need people to come forward with evidence of misfeasance or malfeasance," said Herrington. Signed affidavits would be required for this step. A lengthy discussion followed concerning the possible evidence that various people had of malfeasance or misfeasance of office.

Some of those present will seek a second opinion on this from a different attorney.

According to state law, a separate petition must be drawn up for each board member the group is seeking to recall (unless a recall is sought against the entire board). Each petition must be signed by 100 registered voters, or one-third of the 298 residents who voted in the last school board election, Herrington said. Petitions then are sent to the Curry County Clerk's office for verification of registration, and then on to one of the three district judges in Curry County.

If the district judge approves the recall, he orders School Supt. R.L. Richards to have one. If the recall election is successful, then the state Department of Education appoints board members to serve until the next regular board election,

BTD seeks suggestions

The second meeting of the Border Town Days Committee will be Monday at 7:30 p.m. at the Spur Restaurant.

The public is invited.

Suggestions are asked for the Honorary Parade Marshal. If you would like to suggest someone, please attend the meeting or call BTD chairman Mike Pomper (481-3681) with your suggestion Monday.

Although BTD won't be held until July 25, folks already are getting involved.

Two floats have been signed up for the annual big parade - Capitol Food and the Farwell Class of 1982.

Dale Sikes is seeking members of the Class of 1982 for a 10-year reunion. He can be contacted at Bovina Feeders.

After a layoff of two years, the Ugly Vehicle Contest is returning. Farwell Farm Supply will give a $25 cash prize to the winner. Entrants need to sign up at Farwell Farm Supply, across from the Sherley Anderson Pitman grain elevator.

The Ugly Vehicle was first introduced four years ago - and was a nifty part of the parade. But the number of participants the next year was smaller, so it was dropped the past two years.

The popular CAKE Train, owned by Jerry and Marcie Bell of Pleasant Hill, will be back. Marcie is the daughter of Mr. and Mrs. W.N. Foster of Farwell.

This train, formerly owned by Shot's Tree Service, is really enjoyed by the kiddies at the Day in the Park activities.

And Frances Kube has reported that Charlie Phillips and his band, of "Sugartime" fame, will play at the gazebo during the Day in the Park.

Variance denied

The Farwell City Council Tuesday turned down a variance request to place a mobile home at 800 Ave. D.

The vote was unanimous.

The request had been made by Robert and Debbie Boone for Carl and Kyla Ledbetter to move a mobile home into the site.

Four property owners attended the meeting to oppose the request.

Texico mayor angry at state

Texico Mayor Doyal LaRue is mad as heck at state officials.

It's been his top priority lately to get a new well constructed for his community, especially as summer is approaching and the city has only one well working.

But state Environmental Improvement Department officials have told Texico only to proceed with the state's guidance, in light of the KKR Park well contamination problem. And that guidance is slow in forthcoming.

LaRue reported at Monday's City Council session that his phone calls are not being returned by state EID officials.

The city plans to ask the city School Board May 12 to deed to the city school-owned property at Kindred Street as the site for a new city water well.

The city would like the go-ahead from the state EID before seeking the donation. But LaRue has found that several phone calls he has made to Santa Fe aren't getting responses. It's been very frustrating to him.

"What good will it do to get the site if the EID won't okay it?" he asked at the meeting.

The council discussed sending letters to various state officials to try and get a response.

Also at the meeting, Arlye Crooks said he was concerned about possible noise factor from a well at that site.

LaRue explained that the city was boxed in trying to find a site. EID has told them not to go too far north since that's where the sanitary treatment plant is. But the state wants a new well north of KKR Park. And a well has to be far enough away from other water wells in the area.

The city was looking at buying part of Paul Skaggs' property but LaRue said Skaggs won't sell just a portion of his land.

State law says the city can only build a well on city-owned property. That's why the city must have the site deeded to it.

LaRue reported some good news to the Tribune Wednesday on getting a response:

Susan Morris of the EPA "Superfund" said test holes will be drilled around KKR Park in June to find the limits of the contamination.

Sprinkles

Light showers fell here last weekend.

Fred Chandler of the Sherley Anderson Pitman Grain Elevator in Farwell said, "We didn't get enough to measure, maybe about 1/10". I wished that we would have gotten about 2" the way it was coming down." The rain that did fall was a nice steady rain without hail or high winds.

In Lariat, Yalonda McFarland reported only a sprinkle was measured at the Sherley Anderson Grain Elevator. She said her husband Lonnie had recorded about 1/100" on Sunday.

Shirley Steinbock reported that no rain fell at the Sherley Anderson Grain Elevator in Lazbuddie.

Chamber

(Continued from Page 1)

He was born in Mountain Air, N.M., April 5, 1958. This person has lived in Texico since an infant. In his growing-up, he was busy helping others. He played baseball and basketball in high school, was in FFA and raised a pig for the livestock show. He has coached youth basketball since 1975 and has one more son to coach. Even though he was firm with the teams, they all loved him.

His dad was a truck driver so he learned truck driving from him. And when there were repairs to do, or a flat tire to fix, he was there to help his dad. He continues to look after his mother in things that need to be done or repaired.

He graduated from Texico High School in 1975. He lived with his grandmother until she passed away.

He went to Albuquerque and got his degree in general construction work. He took vocational agriculture classes that helped him a lot.

He is a member of the City Council, the Volunteer Fire Department and works with the Texico Community Activity Organization. He was a big help in our city cleanups, and last year hauled the dirt for the flower boxes we put out last year along main street.

He married his high school sweetheart June 24, 1977 and they have three children: Brandon, Ryan and Nicole. In his spare time, he does some carpentry. He built his daughter a playhouse. He also has built a workshop and dug a cellar in his back yard.

Last year, he worked with Steve Meeks to install new filters in the city swimming pool - and he has never learned to swim. One time, he and his wife went to the lake. When it came time to go home, he let his wife out to bring the trailer down to the dock to put the boat on. Then she heard him hollering to get down there quickly because the boat was filling with water. He was ready to run that boat up on the bank.

Oran Jay Autrey, you deserve the award tonight for Workhorse of the Year!

Ruth Reid

One of this lady's numerous outstanding qualities is her strength of character. There's a saying that adversity builds character, and for this lady, that may well be true, for she's certainly had her share.

She first began to develop her strong character when she was left motherless at an early age. Because she was the oldest daughter, she assumed the dual role of sister and mother to her younger brother and sister.

Her character continued to expand as she grew up, married and became a loving wife and mother. She and her husband first came to the Texico area about 55 years ago. Like most others here at that time, they were farmers.

The couple worked hard doing all the things that farming entailed, including such things as raising laying hens and trying to keep them alive and out of the reach of raccoons, skunks, the neighbor's dogs and assorted other varmints. They grew their own hogs for meat, and kept cows to supply the family's dairy products. Some of those cows were so mean and ornery, it took almost superhuman patience just to get close enough to coax the stream of milk into a bucket.

Like most other farm wives, this lady drove a truck at harvest time and prepared a seemingly endless supply of meals for harvest crews through the years.

But while they were struggling with too much rain, too little rain, early frost, cantankerous machinery and poor prices, the couple enriched their lives by bringing seven children into the world.

In the early 1960s, our honoree's strong character made itself known again when her life partner and loving husband died. Two of their children were still in high school at the time.

Even though she was independent and self-reliant, she realized that she couldn't continue to farm. So she and the two boys moved into Texico and she took a job. Her strength of character enabled her to overcome the loss of her husband and the task of supporting herself and the boys. And it came to the fore again when, several years later, one of her sons was killed in an auto accident.

One might think that all this "strength of character" would cause her to be a sour person. Nothing could be further from the truth! Most of the people in this room, not just the Texico people, are familiar with this lady, for through the years she has brightened many an area business with her cheery smile.

If you have a long memory, you might recognize her from her days at Rip's Western Wear, and at the Red Cross Pharmacy, probably just as well known as Leroy Faville's drug store, both located in Texico. And somewhere about that same time, she worked at Piggly Wiggly Grocery in Farwell. In more recent times, she may have helped you find what were you were looking for at Triangle Home Center in Clovis.

Of if you or someone in your family has required 24 hour care within the past few months, this lady may be one of the ones who has sat up nights.

Mixed and mingled with all this, she found time to run a small grocery store in Texico for awhile, baby sit, and take in ironing and sewing.

She has been an active member of the 1st Baptist Church of Texico for many years. She acted as church organist there until recently and at different times has served as church secretary and custodian.

Our lady is very high on education. She is proud that each of her seven children graduated high school, all in Texico, and that she herself acquired the GED well after reaching adulthood.

She has always supported her family in their activities. I know for a fact that in the past 20 years she's hardly ever missed anything her 18 living grandchildren and now her 20 great-grandchildren are in.

She has a couple of hobbies. She's an avid reader and a collector, especially of sheet music. Nearly any song that people need, she can supply. She also has a soft spot for just about anything with a windmill or mailbox on it.

In one special way, she's something of a character herself. She absolutely loves the Atlanta Braves baseball team and just hates to miss their games on TV. A couple of years ago, two of her children decided on a unique surprise for her. While she was on a visit to her daughter in Kentucky, our lady was treated to a major league baseball game in nearby Ohio. This was no ordinary game - it pitted her favorites, the Braves, against the Cincinnati Reds.

Fairly late in the game, during a lull in the action, the gigantic billboard flashed the message: Welcome Ruth Reid, Texico, New Mexico. Tonight, I'd like to echo that message by saying, "Welcome, Ruth Reid, as Texico's 1992 Woman of the Year!"

County denies Excel request

A request by Excel Corporation to get a tax abatement on its new addition from the Parmer County Commissioners has been denied.

County Judge Bonnie Clayton told the commissioners court Monday that state law says tax abatements may only be given if the requests are filed before construction begins.

The Excel project already was under way when it sought the tax relief. Thus, the commissioners legally could not approve any tax relief for the new addition.

The commissioners agreed that this law should be publicized so that businesses are aware that if they wish to seek tax relief it must be done before construction starts.

In other business, the commissioners:

- Approved requests from Border Town Days chairman Mike Pomper to use the courthouse lawn for the arts and crafts show during BTD July 25.

Also, an area to the rear of the courthouse will be cordoned off for handicapped parking.

- Voted to pay for home insurance for the two houses in Pct. 4 (Lazbuddie) used by county employees. The county owns these houses.

- Received a request from Paula Wilson, acting city manager in Friona, that the county help pay for the 911 emergency number dispatchers' salaries. Since this is a countywide program, the commissioners voted to contribute $5,000 a year.

Shaw signs

Kenny Michael Shaw of Texico signed a letter of intent to play basketball at New Mexico Military Institute. Shaw will have a full basketball scholarship. Pictured are: (front) Maxine Shaw, Kenny Shaw, coach Richard Luscombe of Texico; Principal Ken Shaw, and coach Bruce Scroggins of Texico. NMMI's head football coach, Reggie Franklin and assistant football coach, Porter Cotrell, were on hand to sign the contract on April 22.

Marshal's Report

Here is the weekly report from Texico City Marshal Fry Urioste:

Urioste warned that gang members from Clovis coming onto Texico school grounds will not be tolerated and they can be arrested on charges of trespassing.

There has been an upswing on the part of Clovis gang members coming to Texico and Farwell.

Urioste said Michael Ray Brown, 22, Clovis, was arrested on a charge of concealing his identification from a police officer. He had been on Texico school property.

Later, Urioste stopped a car driven by Brown near Big Country Ford. Also, Raymond Gonzales, 18, Clovis, who was in the same vehicle, was arrested on a charge of violation of probation, said Urioste.

Urioste said he and deputy Kirk Roberts will continue patrolling school grounds and "we won't tolerate gangs from Clovis coming here."

In other police news:

On April 25, Maria Torrez, early 30s, Texico, was arrested on a charge of violation of a domestic violence order.

On April 26, Jesus L. Parra, 30, Texico, was arrested on a charge of DWI and driving left of center.

On April 23, Roberts arrested a 15-year-old Texico High boy on a charge of aggravated battery in connection with a fight with a classmate on April 15.

The boy who was assaulted was also 15 and was taken to Clovis Hospital where he was in intensive care for awhile.

In other news, Urioste received approval from the Texico City Council Monday to attend a two-week school on drug investigations in Albuquerque.

Urioste told the council that a man in Clovis is earning an estimated $32,000 a month from the cocaine trade. And that cocaine is being shipped to Clovis through Texico.

He talked of the idea of having periodic road blocks to try and cut drug trafficking through Texico.

Also at the council meeting, Urioste asked if the city could help pay for his glasses, costing $140, which were broken in a scuffle with a person being arrested earlier this month in Farwell. When the man goes to court, the city can try to get reimbursed, said Urioste.

Mayor Doyal LaRue will check into this.

Also, Roberts is now off his probationery status and has received a pay raise.

Texico

said Herrington.

The group elected former Texico School Board member Greg Martin as its president. Also elected were Oran J. Autrey and Hilda Montano as co-vice presidents, and Barry Williams and Carolyn Williams as co-secretary / treasurer.

Funds and pledges were collected to help finance the group's activities.

The group also passed a motion to ask the school board to put off hiring a replacement for Shaw at the May 12 school board meeting. Herrington said the board already has at least two applicants for the principal's post. Shaw's contract expires June 25.

Questions were raised about the board's actions concerning due process when terminating an employee.

"Was Shaw ever called in and given time to correct what was wrong?" asked former Texico Schools' teacher Kay West.

Martin answered many questions involving hiring and termination policies. Martin told about the state's privacy act which requires that the board keep its reason for terminating employment private if there are any personal reasons involved.

Supt. Richards was asked by the Tribune Tuesday if Shaw had been advised of the reasons the board had cited when it terminated his contract. Richards answered that Shaw had been personally advised of the board's reasons.

The Privacy Act does not imply that a person has been guilty of any wrongdoing. It merely means that personnel matters remain private.

"It's a matter of the rights of the individual or the rights of the whole community," said Richards.

Deborah Autrey summed up her feelings at Monday's meeting by saying, "What the school board did to Shaw was totally wrong, and it might not be Shaw next time. It might be someone else."

Martin ended the meeting by saying, "If nothing else comes out of this meeting, when we have a general election, instead of the 100 people who show up normally on election day, we need to get all 900 Texico people out."

The citizens' group will meet at 7 p.m. mdt on May 4 at the Texico Community Center.

***

Editor's note: Texico residents who attended a special meeting Monday to seek a recall of Texico School Board members who voted against renewing high school principal Ken Shaw's contract were asked to send the following letter to the New Mexico State Department of Education. They were also asked add any personal comments that they wished to add to this prepared letter.

To: Margaret Rutz - Director of School Approval
State Department of Education
Dear Ms. Rutz,

Concerned citizens, parents of students, students and past students of Texico, New Mexico, would like to bring your attention to an unfortunate situation that has occurred in our community. In a recent School Board meeting, the board did not take the recommendation of School Superintendent R. L. Richards to renew the contract of Texico High School Principal Kenneth Shaw. They voted 3 to 2 not to renew his contract.

Mr. Shaw has been employed by the Texico School system for 20 years and this decision was a shock to the students and to the citizens of Texico. The board offered no explanation for their action and in fact highly recommended Mr. Shaw to any other school. On April 14, over 180 students and citizens attended the School Board meeting. Many concerned parents, students and citizens spoke up in Mr. Shaw's behalf and requested at least an explanation for their

(Continued from Page 1)

actions.

When the board came out of executive session they refused to consider a re-vote and stated they had their reasons. They stood firm on their resolve that no explanation was needed of their action. As the citizens who elected these people to their posts, we feel we have a right to at least an explanation. By refusing our request, how can they be serving the best interests of the community? Do they not feel they have a responsibility to the community for their actions?

Texico has always been proud of its school and its community spirit. This issue has upset the students and the residents. We live in a democracy, but three individuals feel they can make a decision that effects the lives of the entire community and it is "none of our business"? The high school students planned to have a sit-in as a protest against the board's action, but the students decided that they needed to be "professional" and not do anything that would make the school or community look bad, they want to do the "right thing."

It's a shame our School Board cannot follow the example set by these young people. Our community will take further action as guided by our attorneys, but any action we take will be too late to enable us to keep our principal. The action taken by the board does not reflect the wishes or the best interest of our community, and has had an adverse effect on our children, our community spirit, and most of all on the family of Ken Shaw.

We protest the action taken by the Texico School Board and feel our concerns and protest should be address. If the board based its decision on "professional performance," we have a right to know. If the board based its decision on "personal preference," we have a right to know. Thank you in advance for any assistance you can give us on this matter.

Interest rates announced

Below is some information from the Farmer's Home Administration in Clovis:

***

The interest rates for Community Facility and Water & Waste Disposal Loans which becomes effective on April 1 through June 30 are as follows:

Poverty Line, 5%, Intermediate, 5.75%, Market, 6.625%.

Facilities eligible for assistance include fire and rescue, community centers, city halls, schools, street improvements, health care, water and waste disposal.

Any interested person may inquire at the Clovis FmHA office.

***

FmHA provides loans in rural areas to finance homes and building sites.

Homes will be modest in size, design and cost but adequate to meet family needs. New homes average about 1,050 square feet of living area. However, costs may vary in different areas of the country.

To apply or obtain additional information, contact the Clovis FmHA office (505) 7698-2396.

***

The FmHA also has money available for loans to finance repairs. The ways in which repair loans and / or grants and home improvement loans can be used are very similar, and the FmHA County Supervisor will help borrowers determine the type of assistance that best fits their needs and for which they are eligible.

To apply or obtain additional information, contact the FmHA.

Applications accepted

Applications for emergency farm loans for losses caused by extreme freezing weather are being accepted at the FmHA office in Farwell.

Parmer County is one of 24 in Texas recently named as eligible for loans to cover part of actual production losses resulting from the extreme freezing weather.

FmHA administrator Bobby Murphy said farmers may be eligible for loans of up to 80% of their actual losses or the operating loan needed to continue in business or $500,000, whichever is less. For farmers unable to obtain credit from private commercial lenders, the interest is 4.5%

"As a general rule, a farmer must have suffered at least 30% loss of production to be eligible for a FmHA emergency loan," Murphy said. Farmers participating in the PIK or Federal Crop Insurance program will have to figure in proceeds from those programs in determining their loss.
