## Mainly About People

Texas Loyalty—
Roosevelt's Opinion—
Wichita Leads Way—
What Could Be Done—

TEXANS KNOW THE STATE. Texans make thy state first in wealth and population and patriotism and productivity. There is none like it under the shining sun. It is a land of magnificent proportions, illimitable resources and staggering possibilities. Governor Pat Morris Neff is a native Texan. In his address delivered before the delegates to the Waco conservation and flood control convention he decalred the waste waters in west and northwest Texas should be impounded and kept and used for irrigation; that great lakes should be created and these stocked with fish and recreation and amusement, could be made a part of this alluring constructive program. He did not exaggerate when he said "we could make Texas the garden spot of all the earth."

THEODORE ROOSEVELT WAS a man of many parts, perhaps one of the ablest of American statesmen. He was mighty because he was a man of vision and a man of action. He made a personal survey of Texas not many years ago and when his journey was over he said, "this is not the garden of the gods; it is the garden of the Lord." Governor Neff reminded the delegates that the water that falls in Texas is worth as much as the lands in Texas for without it the land is worthless and with it the rich soil of the Lone Star would be the wonder of the world. He told the delegates that only five per cent of the flood waters of Texas are now conserved and that the business of the people who have constructive minds is to see that the other 95 per cent is properly accounted for in the coming years. He reminded them that this has been going on through the eighty-six years of organized Texas government.

SCIENTIFIC ENGINEERS HAVE told him that the situation in southeast Texas could be met with ditches and levees; in central Texas with terracing of farms with ditches and catch basins; while in west Texas resort could be had to large dams and to lakes and reservoirs. He told them something else which is the gospel truth and all men who are familiar with the west should realize it; there are now great gorge-like valleys or huge canyons which are worthless as lands in west Texas and these could be used to hold back the waters of streams, at the same time creating a perfect chain of lakes—lakes which would not be surpassed anywhere.

LAKE WICHITA IS AN OBJECT lesson. It was built many years ago by Kell and Kemp and the Laskers. Lake Worth is another object lesson. It was built by Former Mayor W. D. Davis and the engineers who made it possible were Major John B. Hawley and James A. Trammell. There is another lake coming. It hasn't been named. It is the mammoth reservoir in Baylor county which will catch and hold the flood waters that fall in the sheds of the Wichita river. This lake may be named Lake Kemp in honor of Joseph A. Kemp. known as the father of irrigation in Texas. Lake Worth has a capacity of seventy billion gallons of water. When filled the lake now being constructed in Baylor county will have a capacity of two hundred billion gallons of water.

GOVERNOR NEFF KNEW whereof he spoke when he declared that mountain range and river bed and water shed should be made to play their part in the gigantic program outlined by the expert minds who dominated the Waco flood control and conservation convention. Henry Ford would like to come into possession of Muscle Shoals. He would like to increase the waters of the Tennessee river. He would like to harness the waters of the lower Mississippi. Governor Neff realizes the value of harnessing the rivers of Texas. He sees in the future the Colorado harnessed and the Colorado flows 740 miles through Texas lands: he sees in the future the Brazos harnessed and the Brazos flows through more than a thousand miles of Texas lands. He sees the Trinity, the Pease, the Pecos, Devils river, the Concho, the Leon, the Guadaloupe, the Sabine, the Comal and many other streams flowing through wonderful sections of the state in harness to be utilized for the needs of man; that the water power thus impounded could be made to play a tremendous role industrially also in turning the wheels of factories, in the lighting of cities and towns electrically through development of more than 500,000 horse power and only two per cent of all this potential power now in actual use in Texas. Governor Neff is not the only man of vision who has an eye on the water power of Texas.

THERE ARE GIGANTIC CORporations who know the value of the water power now going to waste and they will have their representatives in the senate and the house of the Texas legislature the coming winter. This is no secret. The big electrical concerns and light and power companies have their program. They did not make it at Waco on the

## WICHITA ON VERGE OF BIGGEST RESIDENCE BOOM IN HISTORY SAYS BUILDING COMPANY HEAD

### J. C. Mytinger Pleased With Week's Results In The Record News Building Campaign

"Wichita Falls is right on the verge of the biggest home-building boom in its history," said J. C. Mytinger of the J. C. Mytinger Grain company, and of the firm of Mytinger and Walker, which is planning a home-building campaign in conjunction with The Record News own-your-own-home campaign, yesterday.

That the campaign to solve Wichita Falls' housing problem, started by The Record News, a week ago today, was bearing fruit was shown by Mr. Mytinger, who said:

**"We have had more than a doen inquiries today, concerning our home ownership plan, all from people who are interested in building or in buying homes already built.**

"In addition to the inquiries at the downtown office, a number of inquiries have been received at the yards. We are confident that there are more people in Wichita Falls interested in building and owning homes today than ever before in the history of the city, and this is certainly one of the finest things that could be said of any city.

"This is going to be a city of home owners, first, because it pays to own your own home, and second, because the people of Wichita Falls have more confidence in their city today than ever before."

The Record News campaign, "The Home You're Going to Build," was started a week ago today, because this newspaper believes Wichita Falls needs more homes, because it believes home owners make happy, prosperous citizens, because it believes home ownership is the solution to the housing problem here, and because it believes in the future of Wichita Falls as a good, progressive, prosperous city in which to live.

## SENATE TAKES UP BONUS NEXT

### Soldier Bill Ready for Discussion

By Associated Press

WASHINGTON, August 19.—The soldiers' bonus bill, as a consequence of passage of the tariff bill, today became the pending legislation before the senate. The bonus measure was laid before the senate automatically, but debate was deferred until next Wednesday, the senate taking an adjournment to give members a brief rest after the long tariff fight. A number of senators objected strenuously to even the brief recess ordered until Wednesday. Senator Robinson, democrat of Arkansas, led a fight for immediate consideration of the bonus measure beginning next Monday, but his motion to adjourn until Monday was defeated, 44 to 18, and the senate adopted a motion by Senator Lodge of Massachusetts, republican leader, to adjourn until Wednesday.

**Party Lines Break**

On both motions all party lines were broken and the roll calls gave no test of strength between advocates and opponents of the bonus measure, a large number of the former being found among the supporters of the Lodge motion which was adopted, 46 to 16.

When the senate reconvenes Wednesday it was stated that an effort will be made to adjourn again until the following Monday but there was doubt whether such a motion would prevail over the wishes of those demanding immediate consideration of the bonus bill.

## RAIL AND COAL STRIKE BRIEFS

By Associated Press

ARDMORE, Okla., August 19.—Adjustment of differences and the calling off of the strike of locomotive engineers and firemen on the St. Louis San Francisco railroad in the Hugo, Ardmore division, was announced here tonight by F. I. Sorrells, local agent.

**Guards Held Ready**

OKLAHOMA CITY, August 19.—Members of three local national guard units began assembling at their armory here late today. Guard officials, when asked if the movement had any connection with the situation at Shawnee where United States deputy marshals have been guarding property of the Chicago, Rock Island and Pacific railroad, declined to comment.

**Troops at Spencer**

ASHVILLE, N. C., August 19.—Troops were sent to Spencer, as a result of the refusal of striking shopmen and sympathizers to allow 23 skilled mechanics to leave the train last night, according to a message received by the Citizen from an official at Salisbury. The message stated that the men continued on to Salisbury where they were taken in charge by approximately 150 strikers and sympathizers armed with clubs and were forced to return north on train No. 30.

**Shopmen File Suit**

TOPEKA, Kan., August 19.—Suit was filed in the district court here this afternoon by five striking Santa Fe shopmen for $36,000 against Chief of Police Morris Leonard, charging they were placed under arrest and held four hours by Leonard without cause.

The petition states that their arrest followed a report to the police that a mob was forming. The plaintiffs deny that they were members of a mob or that they had been guilty of any misconduct prior to arrest.

**Unions Sued**

ST. LOUIS, August 19.—Suit for $100,000 damages was filed in circuit court here today by Manly Daniel, a Missouri Pacific employe, against seven labor unions, alleging Daniel was recently kidnapped by strikers, taken to a union meeting hall and beaten severely.

**Southern Trains Halted**

ST. LOUIS, Mo., Aug. 19.—Through passenger service between St. Louis and Louisville over the Southern railway, was interrupted tonight by the refusal of firemen and brakemen at Princeton, Indiana, to take out passenger trains, it was reported here tonight. Their refusal, it was said, followed a disturbance in which a locomotive fireman was said to have been shot.

**Strikers Sentenced.**

SHREVEPORT, Aug. 19.—R. I. Donovan, E. C. Hickman and F. P. Orr, found guilty in the federal court here today of contempt of court by assault on David X. Greenberg, an employe of the Missouri Pacific railway at Ferriday, La., in violation of an injunction granted in an equity suit brought by the railroad against the striking shopmen, were sentenced to serve six months each in jail and to pay fines of $500 and costs.

## Neff Has No Report On Troop Removal

By Associated Press

AUSTIN, Texas, Aug. 19. — Governor Neff has received no communication asking that state troops be withdrawn from Denison, it was stated at the governor's office tonight. Reports have been received that a union official at Dallas had asked the governor to remove the troops. Governor Neff would make no statement on the report.

## "Klan Trying to Stay Out of Politics," Imperial Kligrapp Says

By Associated Press

DALLAS, Texas, Aug. 19. — The ku klux klan does not belong in politics but has been dragged into it by opponents of the klan, Dr. H. W. Evans, imperial kligarpp, or secretary of the organization, declared today, following a meeting of the officials of the 68 ku klux klan branches in Texas, at the klan headquarters here.

Dr. Evans' headquarters are at Atlanta.

"The ku klux klan is not a political body," he said, "and members in Texas have participated in politics as individuals because the klan was assailed by people who sought to destroy it. The klan seeks only harmony and good government. Members have been dragged in as individuals because opponents of the order have sought to destroy it through newspaper crusades and through the formation of political organizations seeking to break up the klan and elect men to offices who are avowedly opposed to permitting it to exist.

"The klan picks no man for office, or should not. The members support as individuals the candidates they think best fitted for office. No klansman is perimtted to use his klan membership for political purposes."

Dr. Evans said the klan is a "great patriotic institution whose aims and ideals are to teach men to support conscientiously and to love wholly and sincerely their government under any circumstances."

"The klan is growing by leaps and bounds, not only in Texas, but throughout the nation," he said.

## SENATE PASSES "TARIFF ACT OF 1922" SATURDAY

### Administration Bill Is Closed After Four Months' Debate

By Associated Press.

WASHINGTON, August 12.—The administration tariff bill, officially "the tariff act of 1922," was passed late today by the senate after four months of debate. It now goes to conference.

Senator Borah of Idaho, was the only republican to vote against the measure. Three democrats, Broussard, Kendrick and Ransdell, voted for it.

Senator Harrison and Pomerene announced that, had they been permitted to vote, they would have voted against the bill and the same announcement was made in behalf of the seventh democratic absentee. It was stated also that, had Senators Lafollette and Norris been present, they would have voted against the measure, while the other 12 republican absentees would have voted for it.

**Repubs Support It**

Senators Lenroot and Jones of Washington, republicans, announced that they supported the bill because of the provisions giving the president broad authority to increase or decrease rates and in the hope that the senate and house conferees would reduce rates which they considered excessive. Senator Lenroot said that if this were not done he would vote against the conference report.

**Conferees Named**

Immediately after the passage of the bill, Senator Cummins of Iowa, president protempore, announced the appointment of the senate conferees, Chairman McCumber and Senators Smoot of Utah, and McLean of Connecticut, republicans and Simmons of North Carolina, and Jones of New Mexico, democrats. Senator McLean is the fourth ranking republican on the finance commitee and was named in place of Senator Lafollette who, under the usual rule, would have drawn the assignment but who is opposed to the bill.

**Measure Back To House.**

The measure will be returned to the house Monday with a formal request for a conference. Republicans of the house way and means committee, at a meeting today, decided to have the measure sent to conference under a special rule, instead of the way and means committee for prelim-

(Continued on Page Two)

## Hoover Wants Coal Consumers Properly Protected

By Associated Press.

WASHINGTON, Aug. 19.—Immediate action for the proper protection of the public in the price of coal produced in Ohio was asked of Governor H. L. Davis today by Secretary Hoover. In a telegram to the Ohio governor the commerce secretary declared that coal operators in that state would welcome some sort of voluntary agreement for establishing fair prices in Ohio.

"I am informed," Mr. Hoover said, "that coal mines now opening under the Cleveland agreement in Ohio demanding from $7 to $10 a ton for coal. In the meantime, the public utilities of Ohio are asking us for priority orders against southern fields where the price is $3.50.

## Officers Try to Vaccinate Mayor

By Associated Press.

BROWNSVILLE, Texas, Aug. 19.—Mayor Oscar Holcomb, of Houston, and a party of five arrived here today in a special car returning from a tour of the interior of Mexico. The party will go to McAllen, Harlingen, and Corpus Christi before going to Houston.

At the International bridge, protest was made against vaccination. Mayor Holcomb questioned the authority of the port health officer and the train was held two hours while the officer secured a permit from the port officer to vaccinate, telephoning to Brownsville for a doctor. The party finally secured its release.

## Troops Ready for Shawnee Duty

By Associated Press.

SHAWNEE, Okla., August 19.—With state troops mobilized at Oklahoma City ready to be rushed here federal, county and state officers were taking every precaution tonight to prevent possible outbreaks here in connection with the strike of railroad shopmen.

Thirty deputies under the direction of United States Marshal Alva McDonald patrolled the streets around the Chicago, Rock Island and Pacific shops where firing took place early Friday morning. About 30 shots were fired into the shops by unknown persons.

Federal officers let it be known that they feared attempts to bomb the railroad property. Several members of the I. W. W. are said to have come here recently to stir up trouble.

## MAYFIELD RILED AT ACCUSATIONS

### Ferguson Charges Bring Retort

By Associated Press.

HILLSBORO, Aug. 19.—Answering the charge made against him by former Governor Fergnson, that he had voted as railroad commissioner to allow the Prairie Oil & Gas company a raise of 80 per cent in rates, Earle B. Mayfield, candidate for United States senator said "the truth is not in Jim Ferguson and never will be." He denied the charge and read a telegram from the secretary of the railroad commission to sustain his denial.

His statement was made in his address before a crowd estimated at 1,500 in behalf of his candidacy.

**"This is an absolute falsehood" he said in regard to the Gerguson charge. "This is just a sample of the kind of lies he has been going all over Texas telling on me."**

Mr. Mayfield reiterated his stand against the Esch-Cummins transportation act and the other issues in his platform.

## Open Port Law Always Operates

By Associated Press.

AUSTIN, Texas, Aug. 19. — "The open port law is operative at all times, even before the governor issues a proclamation invoking the law," a member of the attorney general's department stated today regarding the request made yesterday by S. C. Sayers of Fort Worth for an opinion as to whether state rangers can arrest persons on felony charges before the governor has decleared open port law.

Sayers, representing union laborers at Cleburne, asked the state department for a general construction on the open port act, alleging that 14 strike sympathizers are under arrest at Cleburne on open port charges although the law has not been invoked there.

## THE WEATHER

WICHITA FALLS, TEXAS
AUGUST 20, 1922

East and West Texas, Oklahoma and Arkansas—Sunday and Monday, partly cloudy to cloudy.

Louisiana—Sunday and Monday, partly cloudy, scattered thunder showers in southeast portion.

Minimum temperateur—84 at 6 a.m.

Maximum temperature—109 at 2 p. m.

## Eastern Oasis Turns Out to Be a Mirage

By Associated Press.

JOHNSTOWN, Pa., Aug. 19.—The Johnstown oasis was only a mirage and tonight Mayor Joseph Cauffiel said he was satisfied with the "action" which followed his edict to saloonkeepers and brewers that they could make and sell real beer.

The mayor was dissatisfied with the dry enforcement machinery and last night he issued his order and promised not to prosecute any dispenser of pure beer. He said it was his idea to rid the town of bottleggers and sellers of poisonous liquors.

The "action," which the mayor said pleased him, was the arrival here of additional dry agents and the dismissal of O. R. Stiffler, chief federal prohibition agent in this district.

Johnstown's saloons, as a whole, failed to offer their patrons beer of illegal alcoholic contents. But some took advantage of the offer for a short time and did a rushing business.

## Whiteman Retires As Buff Manager

By Associated Press

HOUSTON, Texas, Aug. 19. —Local baseball management announced tonight, effective Sunday, August, 20, Roy Thomas, formerly of the Philadelphia National league team, will succeed George Whiteman as manager of the Houston club.

## FERGUSON SAYS HE'S FLAT BROKE

### Calls Mayfield a "Hi-Jacker"

By Associated Press.

BRECKENRIDGE, Texas, Aug. 19—Opening his address here this afternoon in behalf of his candidacy for United States senator, Former Governor James E. Ferguson declared that he "has entered the race poor in purse but undaunted in spirit." He had been heavily indebted, he said.

"I had owed an item of $156,000 which some said I got from the kaiser, and some said I got it from the brewers, but giving up my little farm and my cattle I have paid it back."

**"Today, although broke, I am the gamest peacock that ever came down the pike, and before this campaign is over I am going to put so much high-life on this political hi-jacker, who is running against me, that before August 26 he will wish he had never entered the race against a broke man."**

Mr. Ferguson devoted a part of his speech to talking against the ku klux klan. He declared that his opponent, Earle B. Mayfield, is a member, referring to him as "their

(Continued on Page Two)

## Labor Endorses Smith, Ferguson, Parnell and Mrs. Miller in Meeting

At a largely attended open meeting of the Trades and Labor council Friday night the attitude toward organized labor of the various candidates in the run-off primary on August 26 was discussed at length by members present and plans were made for bringing to the attention of the friends of labor in Wichita county the conclusions reached by those in attendance.

Following the discussions recommendations were made as to the choice between those contesting for positions and candidates were endorsed by the council. It is reported that with one or two exceptions the recommendations were made by a unanimous vote and that in these instances only one or two negative votes were cast.

Those present at the meeting included delegates from the various organizations of the city, the railroad crafts being well represented.

Following are candidates endorsed by the council:

United States Senator—James E. Ferguson.

Lieutenant Governor—T. W. Davidson.

State Treasurer—George S. Garrett.

State Superintendent of Public Instruction—S. M. N. Marrs.

Representative, Place No. 1—J. D. Parnell.

Sheriff—Fred K. Smith.

County Clerk—Mrs. R. L. Miller.

Justice of the Peace, Place No. 2—C. J. Arrington.

## WIND CRIPPLES WIRES NORTH OF CITY FOR MILES

### Cotton Crop Helped; Oil Operators Are Wearing Smile

A general rain, extending from Wichita Falls north and northwest, touching Burkburnett, Iowa Park, Electra and points as far as Vernon was occompanied by a heavy wind between 5 and 8 o'clock Saturday night, doing damage to telegraph and telephone lines.

The downpour was the most beneficial received throughout this section for several months, coming at a time when cotton was shriveling from the intense heat and when the grain crops needed rain badly.

**Oil operations, hindered somewhat in the South Electra field during the past several weeks on account of a shortage of water, will be given new life this wek.**

While the rain of Saturday was not so heavy around Electra a downpour was reported there Friday late, when oly a thin sheet of rain fell here at 7 o'clock.

Henrietta is understood to have had its second rain of the week, showers falling there Tuesday to the regret of many tourists.

The cotton crop in the direction of Electra and on toward Vernon as well as toward Seymour was materially helped by last night's rain. The plant already had begun to wither.

**Telephone communication between Wichita Falls and Burkburnett, and between this city and Lawton, Granfield and Alvis was interrupted by damage done to lines through a heavy wind which followed the rain.**

In fact, lines throughout the immediate section north of the city, were

(Continued on Page Two)

## Heir to Millions Works With Whistle

By Associated Press.

DETROIT, Mich., August 19.—A millionaire's son goes to work at 7:30 in the morning; carries his lunch in a tin bucket, and seldom hears the "quitting whistle" blow before 6 o'clock at night and often later.

That, briefly, constitutes the daily round of Frank Couzens, 20-year-old son of James Couzens, mayor of Detroit, who for more than a year has been employed as an inspector of a local firm of architects.

Young Couzens, who probably will come into many millions some day, sees nothing out of the ordinary in his position, adding he plans to be married in a few months and "is working hard and saving money," in anticipation of that event.

## Embezzler Gives Self Up to Officers

By Associated Press

EL PASO, Texas, Aug. 19. — Adolph Dietrick, Jr., 31, who, according to his wife, left his home at night two weeks ago because his baby was crying and who is alleged to have taken $1,600 to $2,400 government funds with him, valuntarily crossed the border from Jaurez today and surrendered to federal officers here. "I don't know where the money is, but I am tired of Mexico and want to 'face the music,'" he said.

Dietrich has been in Jaurez most of the time in jail since apprehended ten days ago at Gaudalaupe, Chihuahua, 15 miles from Juarez, when an automobile he was driving broke down.

## "Hot Session" for Dem Meet Seen

By Associated Press

AUSTIN, Texas, Aug. 19. — Dr. E. P. Wilmot, Austin banker, who is the Texas republican nominee for United States senator, said late today he would issue a statement on September 7 declining or accepting his party's honor. The republican nominee foresees a "hot session" at the San Antonio democratic convention. His statement is promised on the heels of this convention. Dr. Wilmot said he had received letters from practically every Texas county, many from democrats, pledging him support.

## Bielaski Home

By Associated Press

BROWNSVILLE, Texas, August 19.—Bruce C. Bielaski, former representative of the department of justice in Mexico City, who was captured by Mexican bandits, arrived here today enroute to Washington. He was accompanied by Mrs. Bielaski.

"The only thing I can say is that I am glad to get back to the United States," he said, as he stepped from the train.

"Brownsville looks like the garden of Eden," Mrs. Bielaski said.

Mr. Bielaski had nothing to say regarding his plans in Washington. He will go to New York from there.

# CUMMINS' TALK LAUDS FERGUSON

## Wichita Falls Lawyer Speaks at Vernon

Special to the Record News.

VERNON, Texas, Aug. 19.—Speaking before more than 400 business men and farmers of Wilbarger county, packed into the hot district court room, Saturday afternoon, B. Y. Cummins of Wichita Falls, prominent attorney, espoused the cause of James E. Ferguson in his candidacy for the United States senate. Frequent applause interrupted the speaker and at times he was forced to pause due to the thunder of stamping feet and yells.

"I know that some day we would vindicate the name of James E. Ferguson" the speaker told his audience, "but I did not know that it would come this soon. Some say it would be a disgrace to Texas to place him in the highest legislative body but I say it would be more honor to wipe ut an injustice such as has been done the man."

**Lauds Education.**

Cummings lauded the educational policy of his favorite in the race and credited him with having accomplished much for rural school education. He claimed that the cost for the school houses has been the five years of torture Ferguson has endured while the finger of scorn has been pointed at him and his family. The attorney accused Mayfield of throwing the first mud in the campaign and his sallies in this field brought frequent laughter from those who heard him. He charged that after Mayfield had made his speech on prohibition at Austin not long ago he helped drink a quart of liquor after the meeting.

**Impeachment Rehearsed**

Details of the impeachment trial of Ferguson were dealt with by Mr. Cummins, who offered refutation to the accusations made against the ex-governor. The speaker also ridiculed the charge that Ferguson does not speak correctly and launched into a history of the candidate's life as an example of the success won by perseverance against adversity. He declared Ferguson to be a greater friend to the education of the greatest number of people than any other man in the state. Cummins designated Ferguson as the only thief of his kind that he ever knew. He recalled that the accused govern r had deeded his land to those whom he owed money to and is now financially broken. He ended his speech with a plea to vindicate the impeached former official and to grant him the honor which he so richly deserves.

### GRIDDERS OUT SOON AT CHILLICOTHE

Special to The Record News.

CHILLICOTHE, Aug. 19.—Prospects for a gridiron winner here are brighter this season than ever before.

Eight members of last season's squad will report to Coaches Thornton and Brandon shortly after August 20 for the first work of the season.

Hayhurst, Stevens, Bell, Craig, E. Thornton, Timmons, Elliot and Hansard are the veterans around which Chillicothe hopes will be built. Young and Murphy from Bailey high school will be candidates for the squad and are likely prospects.

Coach Brandon, former Denton star, coached the Lamesa high school last season and his team suffered but a single defeat. He feels that the season's prospects here are excellent.

New equipment has been ordered, part of which has already arrived.

The schedule has not been completed, but will be announced in the near future.

# WICHITA FALLS BOY GAINING RECOGNITION IN ART CIRCLES

Ranked by authoritative critics as deserving of ranking in the constellation of newspaper and magazine artists all over the country, Leslie Turner, for most of his life a resident of Wichita Falls, and the son of Mrs. W. F. Turner, 1611 Twelfth street, is at home for the present busy deciding whether he shall enter school again this fall, open an art shop of his own in Dallas, or take to the open road for a year of traveling.

From the first of his years in the local high school, Mr. Turner has been recognized as a most promising young writer and student as well as a particularly talented cartoonist. This ability has been especially evinced and established in the 1922 number of "The Rotunda," the S. M. U. year book of which Mr. Turner was are editor and to whom he was also an important literary contributor.

**Critics Euthusiastic**

Concerning the importance and the excellence of his cartooning in the "Rounda" the reviewer for the Dallas News may be quoted:

"Much of the credit, apparently, for the excellence of the 1922 Rotunda must be laid to its editor, Leslie Turner. Mr. Turner's handwork stands out throughout the whole publication from the first to the last page. His art pages, cartoons and caricatures are especially worth while and whether he turns his pencil to the more ridiculous side of life or whether he employs it in the sketching of a dignified piece of work introducing or setting off some of the more serious portions of the publications, his productions are uniformly entertaining or impressive as the case may be; and, despite the fact that he is only a college boy, really gives him good ranking in the constellation of the leading newspaper and magazine artists of the United States today."

The University has urged Mr. Turner to return this year and take charge of the same work, offering him as well a position on the teaching staff in the art department. Equally flattering offers are outstanding from the Southwestern Engraving plant at Dallas, by whom Mr. Turner was at one time employed and from other Dallas firms.

In the meantime the young man is considering the problem of next year's progress during a quiet two weeks at home, with a predisposition perhaps to see a great deal more of the earth's surface before he tries to portray the impressions it gives him.

LESLIE TURNER

## WIND—

CONTINUED FROM P. 1

effected. It is understood that the storm, rather slight in tensity and doing little damage, other than to the comunication system, extended as far as Vernon.

Railroad offices reported everything clear toward Fort Worth.

A heavy rain was reported at Abilene. It was welcomed with much enthusiasm.

**Rain Helps Stamford**

The drouth was broken at Stamford by a splendid rain. The young cotton will especially be benefited there ad the late feed crops are assured. According to a telegram from the Stamford chamber of commerce "this means prosperity for the Stamford section."

A half inch precipitation was registered in Wichita Falls. The rain was so welcome that business men stood in their doors wearing broad smiles and few minded what slight effect the rain had on their late Saturday business.

The rain is received by oil men as a blessing and will enable operators to continue with wells already started. The Texas company is understood to have been supplied with water, but scattering operations and many who were not getting water from the Texas company in South Electra, will be helped.

**Temperature Drops**

The rain sent a sizzling hot temperature down to 90 degrees by 6 o'clock in the afternoon.

Showers of rain have been falling for two days in the vicinity of Wichita Falls. Saturday afternoon the clouds gathered over this city and by 5 o'clock rain began to fall in small gusts over the city. By 5:30 the rain had become a general downpour throughout the city and accompanied by a stiff breeze sent the mercury tail spinning down from a maximum of 109 degrees at 2 o'clock in the afternoon to 90 at 6 o'clock.

# ALL READY TO FLOAT DREDGE

## River to Be Closed September 5

Work at the damsite of the Wichita Valley Irrigation project has reached the point where everything is in readiness for the dredging with the exception that there is not enough water to float the dredge.

The dredge is being connected up with the power line and the electric current is being applied to all apparatus on which it is to be used.

Just as soon as the danger from flood waters is passed, which is expected to be by September 5, the river will be closed so the water can accumulate to the necessary depth of eight feet then the big dredge will be put to work piling up the dirt for the dam.

## Officers Search Filling Station

Deputies Kinsner and Daves of the sheriff's department made a raid on a filling station about six miles out on the Burkburnett road Saturday afternoon and arrested the proprietor, who was held on a vagrancy charge. No whiskey was taken but jars that bore evidence of having contained liquor were found.

When the officers approached the man rushed from the building and dashed a bottle on the pavement, destroying all the evidence in the building. Although the house was ransacked no alcohol was found. The surrounding country was searched for a hidden cache but none was uncovered.

# AGGIELAND NOW SET FOR START

## Stadium Awaits First Squad Contingent

COLLEGE STATION, Texas, Aug. 19—Kyle field, center of Aggie athletics, has received final preparations at the hands of James Sullivan, business manager of athletics, for the season ahead and those half hundred men who have won recognition in the official field uniform of the Aggie school and on whom the chief athletic aspiration of the college will depend another year, have been notified of the fact in a final letter that has been sent out to them reminding them of the start of football training on Sept. 10.

With the conclusion of field improvements, everything is now in readiness at the college for beginning the athletic year of 1922-23, and from now until September 10, the official athletic force will be simply in the situation of marketing time. Bible is at his home in the mountains of Tennessee with all outward appearance of taking a rest, but to those who know the isolation that his home affords from conflicting occurrences and inspiration that his family and closest friends afford come visions of his dreaming and planning while communing with nature in his native state. That the coach will have a tactical football schedule and several tentative lineups well formed on his return here the first of next month is well known to all those having any knowledge of his methods.

## SENATE—

CONTINUED FROM P. 1

inary consideration, a course that was suggested some time ago. American valuation will be the biggest issue in conference, but the general belief at the capital is that the house will yield on this, accepting the senate "flexible" tariff plan as a substitute.

Chairman Fordney said today he would hold out for American valuation, asking instructions from the house. Under this plan the house would decide the issue by a direct vote and the conference would then proceed with their work of adjusting the 2,000 odd points in dispute between the two houses. Mr. Fordney thought the work could be completed in a month and the same view was entertained by senate leaders.

**May Deadlock.**

There still was gossip at the capitol that the bill might get into a deadlock in conference and there die, but majority leaders declared the conferees would report the measure out and that it probably would be ready for the president next month. This measure, the first republican protective tariff to be written in 13 years, became an even greater storm center in the senate than did the Payne-Aldrich bill of 1909. From the start democrats assaulted it in full force as even higher than the 1909 law.

Chairman McCumber of the finance committee, who piloted the measure through the senate, said in a formal statement tonight reviewing it's provisions, it was estimated that it would yield more than $400,000,000 in revenue during the first year it was in operation. This is more than half million dollars more than has been yielded by any tariff in the history of the country.

**What It Does**

Summin up, Senator McCumber said the bill, as passed by the senate will:

"First, insure employment for American labor and the payment of a living wage.

"Second, permit the establishment and continuance of industries vital to the welfare of this nation.

"Third, protect alike the producer of raw materials and the manufacturers.

"Fourth, permit readjustment of rates without general tariff revision to meet chanking economic conditions.

"Fifth, require the ascertainment and submission to congress of facts affecting competitive conditions."

Senators Simmons, North Carolina, and Walsh, Mass., chief among the democratic leaders in the tariff fight, presented a different picture in a formal statement. They rescribed the measure as "one of the most abomnible legislative acts of an American congress."

# Moral, Headaches Are Not Only Painful But Sometimes Dangerous

TULSA, Okla., August 19.—A case of mistaken identity cost Ben C. Axley, a Sand Springs lawyer, a great deal of concern for a while last night and nearly made him the victim of rough handling by a masked band of men. And all because he had a headache and was wearing a bandage over his forehead similar to that effected by Ben Hill, also of Sand Springs, who had been slightly injured last Wednesday night when presumably the same band of men unsuccessfully attempted to abduct him, charging that he had mistreated his young wife.

It came about when Axley issued forth from a drug store, the bandage binding tightly to his fevered brow a mass of crushed ice. Suddenly he was pounced upon by several masked men and bundled without ceremony into an automobile. Then, after almost making an escape, he was taken to a secluded spot in the woods and haled before a circle of about 50 hooded figures.

Charges were read accusing him of Hill's alleged offenses and he had a hard time convincing the tribunal that he was not Hill, although admitting he had been retained as the latter's counsel. Finally, however, he was recognized, apologies were tendered and Axley was taken back to his home—to continue ministering his headache.

# Salvation Army Worker Braves Attack Of Half-Crazed Doper In Day's Work

From the humble home to the lowest type of a dive—

That's the route mapped out for the Salvation army worker to tread, and it is this route that the workers in Wichita Falls are walking almost every day.

A review of the work of a Salvation army worker shows that their missions of salvation often call them into the dives of a drunkard, a "dope head," or something worse, and such was the case recently, when a local worker went direct to answer a call from a man in a local rooming house.

A dejected, crippled fellow lay on a bed there. He was moaning and in misery, and he was very ill, he told the Salavtion army girl.

The United Charities was called in to help investigate and the result was that it was soon learned the man was truly sick—but he was sick for want of more dope.

A bottle of some kind of mixture was found in his room, and the man was later turned over to the county, and confined in prison where he is now learning not to use morphine and other opiates of a dangerous nature.

The crutches he used at first, it was learned yesterday, have not been discarded, and through the kindness of the Salvation army worker who fearlessly answered the call to his room, and risked the danger of an attack from a half-crazed man, the cripple is being cured.

## FERGUSON—

CONTINUED FROM P. 1

crown prince." He further characterized Mr. Mayfield as a "blowed-up sucker."

He also spoke of his platform issues, giving especial emphasis to his favoring the closed shop and union labor, and his view against the federal reserve bank.

### HE'S A CAR THIEF; WATCH OUT FOR HIM

All thieves do NOT get away without being slightly identified, and this became a proven fact at Hugo, Okla., Friday, according to information received by the local police yesterday, when a man escaped from that place with a new Studebaker automobile in his possession, driving toward Texas at a high rate of speed, last reports asserted.

The man was seen about the machine, and soon was seen to drive it away. A description of him sent here yesterday morning asserted that he weighed about 145 pounds, was of stocky build and wore a dark blue suit.

No trace of the car has been found here, and it not believed that the theif drove this way.

## Prime Officials Go To Kosse After Report From Well

Officials of the Prime Oil company left for a hurried trip to Kosse following reports of the large production of Humphrey's Jones No. 1 producer, rated as one of the best producers of the Mexia district. The Prime has a good sized tract to the southeast of the Humphreys well, said to lie on the same structure. A drilling test on this lease is at present down 1,800 feet.

### MAINLY ABOUT PEOPLE

(Continued From Page One)

Brazos. Governor Neff and the scientific engineers and the laymen of the state who are interested in the control and conservation of flood waters are not the only program makers. Governor Neff thought the plan of flood control outlined by the Waco convention if carried out, would save Texas at least $200,000,000 annually. There are program makers who know the value of the harnessed rivers of Texas and who also know that they would be worth a billion dollars every decade if controlled by private ownership and not regulated by the state. A state organization was effected. Hon. Leonard Tillotson is its president. No better selection could have been made. He is of and for Texas. He is a man of wealth and a man of vision. There are men of wealth who are not men of vision. Leonard Tillotson has made a study of control and conservation of flood waters and of all that goes with conservation and reclamation. He is responsible for many of the laws Texas has today. Texans should know the needs of Texas.

TEXANS SHOULD KNOW THE resources of Texas. Texans should know the mighty possibilities of the future. Texans should be willing to begin where God left off with constructive legislation and constructive programs of development. These men who gathered at Waco made a splendid start. Lawmakers who are to be elected in November should take up the work. There must be liberal appropriations made. There should be a union of the federal and the state scientific workers or engineers. There are scientific engineers in Texas who are second to none under American skies. They are enlisted in this mighty program of development which the governor is determined, with the co-operation of his fellow citizens, shall be undertaken without delay and millions of acres of the richest soil imaginable reclaimed and devoted to the needs of man, and that the overflow of the lower valleys shall be made impossible by the scientific skill of the experts of the commonwealth. Conserve and impound the flood waters and make of desert wastes green fields and gardens. Drain the bottom lands and make them more productive than the famed valleys of historic countries. Build dykes and levees that will prevent overflow lands and Texas will be as the governor predicted, "the greatest agricultural and horticultural spot between the Atlantic and the Pacific oceans."

# WOODMEN PLAY FOR RADIO FANS

## Next Convention May Come to City

Camp 3001, Woodmen of the World band, which returned to Wichita Falls yesterday from Galveston, sent their music to several points of the globe.

Possibly we heard them here while they were playing in Galveston, for while there they played several numbers one night for the Galveston radio, which relayed the music all over Texas and elsewhere.

According to those who returned here yesterday, the question of the next annual encampment, which they attended at Galveston, may be settled by the convention coming to this city, that being proposed strongly at Galveston.

Twenty-one members of the local encampment attended the Galveston meeting under the leadership of Captain C. V. Johnson, commander.

### J. A. BIRDSONG GOES TO CUBA FOR MILLS

J. A. Birdsong of the Kell mill in Vernon, accompanied by Mrs. Birdsong, has gone by way of New York to Cuba where he will visit all the old customers of the Kell mills and will also visit Santo Domingo and Porto Rico as a trade evangel from this territory.

Thousands of barrels of flour from the Kell mills are said to be consumed annually in the West Indes and Mr. Birdsong will seek to extend the field of operation in the islands.

The Kell mills ship a large quantity of flour to South American countries and a considerable amount is exported annually to Holland, Finland, Norway and Belgium.

**MISSION SUNDAY SCHOOL**

The South Side Baptist mission will hold Sunday school at 9:45 o'clock this morning in the mission quarters at 2303 Holliday street. Preaching will be at 11 o'clock this morning by Rev. J. H. Ballew, the county missionary. A general invitation has been extended to the public to attend the services.

FRECKLES

Don't Hide Them With a Veil; Remove Them With Othine—Double Strength

This preparation for the treatment of freckles is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of Othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength Othine; it is this that is sold on the money-back guarantee.—adv.

Having Faith in

"The City That Faith Built"

We Announce the Opening of The

FAITH OPTICAL COMPANY

At 815 Scott Avenue, Wichita Falls, Texas

We have the best equipped and most modern optical offices in Texas, and are fully competent to take charge of your eyesight in a thorough manner, SCIENTIFICALLY TESTING EYES, FITTING SPECTACLES, EYEGLASSES, ETC.

We have four (4) refracting and fitting rooms for testing eyes, adjusting frames, mountings, etc.—three (3) exclusively for whites and one (1) for colored—occupying the entire lower floor of the building.

Each patient will receive the best of care, backed by knowledge and years of training and practical experience of the highest order, and aided by the most scientific and up-to-date optical instruments of precision.

We carry a large and assorted stock of spectacle frames, eye-glass mountings, chains, reels, etc., and can furnish anything in the optical line usually found in the large cities.

This is strictly a Wichita Falls institution, owned and operated by men with established practices, who have lived in this city many years, and gladly give as references the business men and banks in the city, and we feel sure the citizenship of Wichita Falls, as well as Wichita County, will welcome this much needed "Eye-Sight Hospital."

Entrust your eyesight to the care of competent and conscientious Optical Specialists. Your eyes periodically deserve the thorough examination that skill and modern scientific refracting instruments and equipment can give you. A more thorough knowledge of what we can do for your eyes will be of benefit to you. Drop in and see us—you'll be more than welcome.

WE WILL GRIND OUR LENSES

Should your frame or mounting need adjusting any time call in, and let us demonstrate what splendid service we can render you—and it is given freely, with pleasure. Lady attendant in charge. Telephone 5195 for an appointment.

FAITH OPTICAL CO.

815 Scott Avenue Wichita Falls, Texas.

# BROAD STREET TO BE OPENED FOR SIBLEY ADDITION ROUTE

## Council Votes Early Saturday to Provide Direct Route to City

Following a called meeting of the city council yesterday morning at 8:30 o'clock, it became known that the fight of a year's history begun by the Sibley-Taylor additionites, and who, through an appearance at the city council last Monday night, had revived the struggle for an opening through Broad street, has been conceded to the Sibley-Taylor addition and the open route is to be an assured fact.

The council, during their short meeting, voted unanimously to open Broad street into the Sibley-Taylor addition, thus giving the residents of that section of Wichita Falls a straight and direct route to town.

The question of opening up a route from the addition to the city which would be of convenience to the residents there has been a problem which has confronted the city commissioners for over a year, one of the councilmen stated yesterday, and has been the cause of many warm meetings in the council chambers.

Last Monday night the old wound was reopened and several speeches in behalf of opening up the route were made before the council when a large number of property holders from Sibley-Taylor appeared before the commissioners and urged that some action be taken for them.

Mayor Collier told the people who appeared at that time that the council would do all in its power to open up the route, but that the city did not feel able to pay $2,500 for the property, which the owner of several lots needed in making the connection with Broad asked for the property.

Yesterday morning the city councilmen voted for the opening, agreeing to pay $2,500 for the property.

The purchase will leave the city two spots of the property, which, in the estimation of the councilmen, can be disposed of at a profit.

## First Bale In; Picking to Start Soon in Wilbarger

Special to The Record News.

VERNON, Aug. 19.—Vernon has received her first bale of cotton for the season. It was brought in on Thursday by Ernest Schur of the Hinds community and was ginned by the People's gin. It weight 425 pounds.

Cotton picking in this vicinity is expected to become general within the next two weeks. Some fields are already reported to be opening rapidly.

### CORNERSTONE LAID FOR HARROLD SCHOOL

VERNON, Aug. 19.—With appropriate ceremonies, a barbecue and many entertainment features the cornerstone of the Harrold school building was laid today. It was an old-time barbecue and there were hundreds of people in attendance despite the hot weather.

### TEACHERS COMING FOR JOINT MEET

VERNON, Aug. 19.—Supt. E. L. Dohoney and his entire teaching staff of the Vernon schools will go to Wichita Falls September 4 to 8 inclusive to attend the joint teacher's institute, it was announced today.

**Don't interfere with the fire trucks** when they've got a hurry up call. Judge Marrs fined a man $5 in corporate court for that yesterday.

**The E. H. Gipson-Judge Marrs** team collected a total of $420 through the corporate court last week in six days.

**Last week brought more rotten** cases into the police court than any on record for this year, Chief McCormick asserts.

**Frank Svidlow gets the $50 reward** for finding Walter's car, but he won't keep it long, because Frank favors sending all such money to the poor and needy across the big pond.

**Speeders can run from Wichita** Falls to Burkburnett after Wednesday, without even thinking about that 1900 feet gap which is closed now.

**With the rejuvination of the court** house the deputy sheriffs and the constables are catching their usual amount of "hurry-up" work, F. E. Johnson says.

**One newspaper man and a deputy** sheriff captured an alleged bootlegger in a whiskey raid conducted Saturday afternoon. This "hound" says he doesn't only get the story, but goes along to get the "inside dope."

## PRIME COMPANY'S NEW WELL

Swabbing and flowing at a rate estimated at 350 barrels, and declared to be an even better producer than the Franklin well in the 1,500-foot sand, the Prime Oil company's No. 1 Munger has opened up production in what appears to be an entirely new sand in the K. M. A. at 1,620 feet. The well picked up this sand some weeks ago, but was not drilled in and was not given a thorough test until the latter part of the week, with the result at shown in the photograph. In the meantime the No. 2 has been drilled down to the sand and is now rigging up tools to drill in.

The discovery of the second sand, with the Franklin discovery of several weeks ago, promises renewed interest in the west side of the K. M. A. pool which has largely been dormant since the territory opened by the Art-Boger-Ard well over two years ago was defined and developed.

Adjacent leases have been acquired by the Prime and will be tested for the new sand at once, according to Charleston A. Kleinman, an operator who has interested large sums of outside capital in Wichita county fields, and Mark Kleeden, vice president and field man.

## Sheriff's Forces Get Booze on Scott

The sheriff's department raiding in the oil field last night, took a gallon off a man and brought him to the city and placed him in jail. Conducting another raid with the district attorney and assistant attorney they found 24 quarts of beer and half a gallon of whiskey on Scott street.

# HASKELL NEWS IN PARAGRAPHS

## Personals, Items of People and Events

Special to The Record News.

HASKELL, Texas, August 19.—Miss Elwa Cox spent Sunday with relatives and friends in Abilene.

Miss Irene Cox is spending the week with relatives in Abilene.

Mr. and Mrs. Leon Gilliam, Mrs. S. A. Hughes and Reid Hughes have gone by automobile to New Mexico to visit relatives.

Clarence Perrin has returned from San Antonio where he attended summer school.

F. T. Sanders and family visited relatives in Benjamin Sunday.

Whit Smith went to Breckenridge Monday.

W. H. Smith returned from Fort Worth Monday.

Mrs. Ben Clifton and little son are visiting the Clifton family.

Mr. and Mrs. Wertha Long and family have returned to their home in Farmersville.

Mr. and Mrs. Buford Long have returned to their home in Dallas.

A. H. Alexander and wife are in Chicago buying the fall goods for Alexander & Sons' store.

Dr. Guest has returned from Carlsbad where he visited his wife who is in the sanitarium there.

Miss LaVerne Whitmire went to Dallas Thursday.

Mr. and Mrs. J. W. Davis, who have been visiting their daughter, Mrs. Cummins, have returned to their home in Belton. Mrs. Virgil Meadors went home with them for a short visit.

Mr. and Mrs. Frank Orenbaum of Hillsboro and granddaughter, Maida Moselle Harris and Mrs. J. E. Dennison of Waco have returned to their homes after a visit with their sister, Mrs. J. M. Perry.

Mr. and Mrs. Tommie Ballard are the proud parents of a nine and one-half pound boy, born August 16.

Mr. Fagan of the Radford Grocery company of Stamford was in Haskell Wednesday on business.

S. S. Kouir and R. R. (Bob) Fagan, left Wednesday evening for Colorado, Texas, on business.

Mr. and Mrs. Hughey Cook returned Wednesday from a few days vacation wiht relatives in Jones county.

Mary Alice Nolen of Abilene is visiting friends in the city this week.

Winnifred Cole of Rule was in Haskell Wednesday visiting friends.

Hervey Fowler of Rochester was in Haskell Wednesday for a few hours visiting friends. Harvey was on his way to Old Point Comfort, Va.

W. T. Bullington of Stamford was in Haskell Wednesday on business and visited friends while here.

Mrs. John Couch and daughter, Maurine, are spending this week with relatives and friends in Abilene.

Jim Kendell and P. J. Kemp of Goree were in Haskell Tuesday on business.

William A. Maloney of Wichita Falls was in Haskell Tuesday on business.

F. M. Locke of Stamford was visiting friends in Haskell Tuesday.

A. B. Goldthwaite of Abilene was in this city Tuesday on business and visiting friends.

Mrs. M. W. Johnson of Stamford is the guest of her sister, Mrs. S. B. Knenstler this week.

E. B. Horton of Rule was in Haskell Tuesday visiting friends.

Mr. and Mrs. V. C. Dulaney visited in Stamford Tuesday.

Mrs. H. Dobbins and Mrs. Press Hitchcock were visiting friends in Stamford Tuesday.

Kenneth Oates is traveling this week with his brother, John.

Albert Lemmons of the Haskell Telephone company in Rule was visiting friends in this city Tuesday night.

Pierce Williams of Stamford spent Sunday with friends in this city.

Ellon Clifton, who has been attending Baylor-Belton at Waco for the past year returned ohme Tuesday night.

Mrs. Charles M. Conner and baby have returned from their vacation in Amarillo and other points.

### JUST NOTHING AT ALL

Mr. Cheerup—Look pleasant, my man. The fellows who succeed are those who can smile.

Mr Lowdown—Sure! That's what makes 'em smile. What have the other guys got to smile about?

# COMPLETE PAVED WAY TO BURK TO BE OPENED EARLY IN WEEK

## Wednesday Now Set To Take Down Bars On Last Lap of Road

Fifteen miles of pavement, with the exception of 1,900 feet, for Wichitans and Burkburnett residents to ride on. Some little strip of pavement.

Yesterday morning, the Burkburnett-Wichita Falls highway was practically all open for use, a small strip three miles south of Burkburnett, near a graveyard, being still closed, but which will be open Wednesday.

This was the report made yesterday by County Engineer Isbell, who said, in speaking of the county highway projects under construction at the present time, that the paving of the Burk-Clara road, a five-mile strip, will begin Tuesday morning.

The Potts-Prentice Construction company, he asserted, has sufficient material on the grounds to warrant about a six-day run, other material being expected on the grounds early this week.

McCullum company, at work on the Electra north highway, have been closed down since last Tuesday because of the lack of cement, but is expected to start work early this week it is understood.

This company has a strip 5,000 feet long to complete, the county engineer reported.

All machinery is up and gravel is being placed at rapid speed on the Iowa Park-K. M. A. highway.

Darke—What's the birth rate in England?

Greene—Eight shillings for the lower and six for the upper.

"THE SECOND COMING OF CHRIST"

Do present events indicate the near establishment of Christ's kingdom on earth?

What it will mean to the Christian and to the world.

How long will be the judgment day and for what purpose?

# Hooded Jury, Masked Judge, Frees Farmer on Murder Complicity Charge

By Associated Press

MONROE, La., Aug. 19.—Samuel Richards, a Moorehouse parish farmer, was seized by a band of 15 masked men late yesterday, carried by them into the woods and given a trial before a masked judge, 12 masked jurors, with masked prosecuting and defense attorneys on a charge of complicity in the attempted murder of Dr. B. M. McKoin, according to reports here late today. He was acquitted and returned to his home.

According to statements by Richards to parish officials, the masked men swooped down upon him while he was engaged in his farming occupations late yesterday. Upon reaching the secluded spot in the woods near his home one of the men assumed the role of judge, another was assigned to defend him, a third to act as prosecuting attorney, while the remaining 12 composed the jury.

After an investigation which followed the usual court procedure, lasting more than an hour, in which the prosecuting attorney endeavored to connect Richards with the assault on Dr. McKoin, a former mayor of Mer Rouge, La., who was recently fired upon from ambush and his automobile riddled with buckshot by unidentified parties, the jury decided the farmer had established a complete alibi and ordered him released.

Richards was told that his ability to prove an alibi had saved his life. Following his acquittal Richards was returned to his home by his captors. No violence was attempted, he reported to officers.

New Manhattan Shirts for Fall Are Here

Fresh, new, snappy styles for Fall wear.

Made in that perfect way that has made the name of "Manhattan" the best known for high quality.

Printed and woven madras are shown in the assortment and the collection of patterns is such as to please every man who appreciates the best. When you see them you will perhaps want several so come Monday while the selections are unbroken.

Prices range from $2.50 and $3.50 up to $7.50. Fall models in Knox Hats for men now on display. It is time to think of them.

THE Howell Store
BOB WAGGONER BUILDING

Ten Degrees Warmer

TEN degrees is really a small shift in temperature at this season. It may happen any day, yet it makes a tremendous difference in the amount of ice consumed.

In the ice business ten degrees makes all the difference between normal summer business and a rush demand.

We are always ready for it. Present effort would little avail if it were not preceded by months of preparation, in making or storing ice, in providing reserve wagons and extra men.

It takes a lot of planning as well as man and horse power to keep your ice box filled during a hot season.

## Central Station Will Broadcast

(By International News Service.)

HONOLULU, Aug. 18. — Plans for the inauguration of rural education in Hawaii by radio telephone have been announced by Vaughan MacCaughey, superintendent of public instruction at Honolulu.

plans call for the installation of standard radiophone receiving sets in rural schools, which at first will be used primarily to enable both school children and adults of the community to "listen in" on the regular broadcasting of musical and other entertainmen numbers from Honolulu, working along the lines of making rural schoolhouses serve as community centers.

It is planned to install as soon as possible a powerful transmitting plant at headquarters of the public instruction department in Honolulu from which it will be possible to broadcast lectures on various educational subjects at certain hours of the day. This arrangement will also make possible the broadcasting of lectures to teachers by the superintendent or by educators who may be in Honolulu, perhaps passing through the city on trans-Pacific steamers.

Plans also are being worked out for the broadcasting of extension courses, particularly in agriculture, from the extension department of the University of Hawaii at Honolulu, a feature which is expected to prove of great value to farmers in the outlying districts.

# At the Churches

### FIRST BAPTIST CHURCH

Sunday school 9:45. Preaching at 11 a. m. Dr. Hal Buckner of the Buckner orphans home in Dallas will fill the pulpit both morning evening. Dre Buckner needs no introduction to our people, as his exemplary life among Texas Baptists, is a ready commendation. Come out and hear him. Special music by the choir at both services. We extend to everyone a most cordial invitation to come and worship with us.

### FIRST METHODIST.

Epworth League 6:30 p. m.
Prayer meeting Wednesday 8 p.m.
Bible Study Wednesday 7 p. m.
H. D. KNICKERBOCKER,
Phone 6084. Pastor.

## "HIZONER"

Harry S. McDevitt.

A newspaper reporter who has worked his way up to judge of the important common pleas court in Philadelphia is the record made by Harry S. McDevitt, who was successively reporter, city editor and political editor of the Philadelphia Press.

Judge RcDevitt studied law while doing newspaper work and on account of his level-headedness was asked by Governor Sproul to become his private secretary. He held this post until appointed judge of the common pleas court. Judge McDevitt is the youngest judge in Philadelphia and perhaps in the state and among the youngest in the country.

### YALE AVENUE EVANGELICAL CHURCH.

(Corner Yale and Twenty-second St.)

Hot or cold, summer or winter, sunshine or snow, every Sunday at 9:45 o'clock, we are engaged in business for our King, and we earnestly crave your help in our splendid work for the Sunday school.

Helpful lessons for all and just the best fellowship you ever saw. Just come and be with us one time and then we will not have to insist so for you to come the next time.

Our big automobile racec from coast to coast to open Sunday will be enjoyed by all. Be in on the start and get all there is in this good work.

We are desperately in earnest about this work and trust that we can depend on you to help us.

Morning sermon will be illustrative for the benefit of the children and will follow immediately after the Sunday school and all are invited to stay for the sermon. The subject for the morning sermon will be "Choosing Our Way in This Life," and I am sure all will be benefitted if you will only remain for the service.

Junior Y. P. A. at 4:30 p. m. Senior Y. P. A. at 7:30 p. m. and we trust that all the young people will take hold of this lesson as they did the social they gave on last Wednesday evening, and if they will we will have a great success. Evening sermon will follow senior Y. P. A. at 8:15. Subject for the evening "Seeing Jesus."

W. D. COOK, Pastor.

### SEVEN DAY ADVENTISTS.

Corner Kemp Blvd. and Avenue G.

Bible study on Saturday at 9:30 a. m.

Preaching services at 11 a. m.

GEORGE W. SPIES,
Pastor.

### FLORAL HEIGHTS PRESBYTERIAN CHURCH

1701 Kemp Blvd. and Ave. G.

Sunday school at 10 a. m.; preaching at 11 a. m. You are urged to attend these services.

C. C. DOOLEY, Pastor.

### EVANGELICAL CHURCH

Corner Fifteenth and Broad.

Sunday school at 9:45. Rev. J. F. Arron will address the Sunday school today. Good teachers for all classes.

Bible study Sunday afternoon at 3 p. m., conducted by Rev. Arron. Y. P. A. at 7:30.

Preaching by the evangelist at 8 p. m., closing the revival meeting.

GEO. L. TRABANT, Pastor.

### TRINITY LUTHERAN CHURCH.

(Corner Fourteenth and Bluff.)

Morning Services at 10 a. m. The Ladies Aid will meet after services. The meeting is important and all members are asked to be present.

### CENTRAL PRESBYTERIAN CHURCH (SOUTHERN

Eleventh and Bluff streets.
Sabbath school at 9:45 a. m.
Morning worship at 11 o'clock, sermon by the pastor.

JAMES E. GREEN, Pastor.
Phone 5221.

### CHURCH OF THE GOOD SHEPHERD.

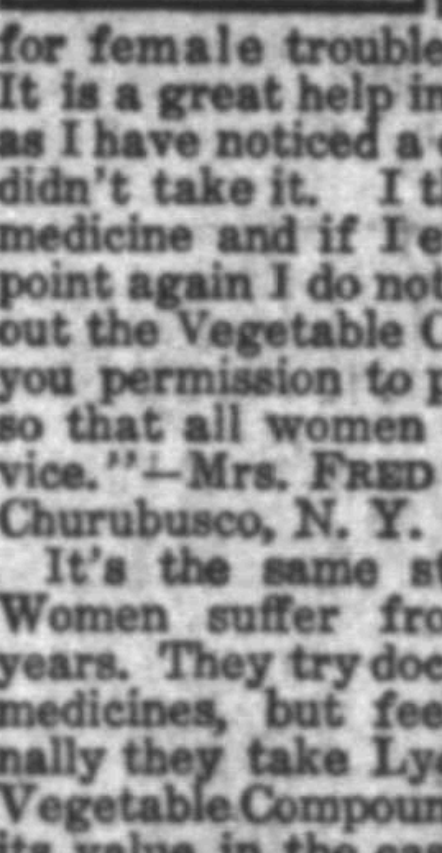
(Episcopal)
Holy Communion, 8 a. m.
Sunday school 9:45.
Morning prayer, 11:00.
FRED DATSON,
Phone 6908. Rector.

Using the new photographic films which produce pictures themselves without the use of negatives a motion picture camera for home use has been invented.

The inventor of a fountain trowel claims with it one man can prepare a course for 18 bricks in the time it would take six men with ordinary trowels.

SUCCEEDS WHERE DOCTORS FAIL

Lydia E. Pinkham's Vegetable Compound Often Does That. Read Mrs. Miner's Testimony



Churubusco, N. Y.—"I was under the doctor's care for over five years for backache and had no relief from his medicine. One day a neighbor told me about your Vegetable Compound and I took it. It helped me so much that I wish to advise all women to try Lydia E. Pinkham's Vegetable Compound for female troubles and backache. It is a great help in carrying a child, as I have noticed a difference when I didn't take it. I thank you for this medicine and if I ever come to this point again I do not want to be without the Vegetable Compound. I give you permission to publish this letter so that all women can take my advice."—Mrs. FRED MINER, Box 102, Churubusco, N. Y.

It's the same story over again. Women suffer from ailments for years. They try doctors and different medicines, but feel no better. Finally they take Lydia E. Pinkham's Vegetable Compound and you can see its value in the case of Mrs. Miner.

All ailing women ought to try this medicine. It can be taken in safety by young or old, as it contains no harmful drugs.

## Letters from People

BE BRIEF AND COURTEOUS

Names of writers must accompany all letters, although it is not always essential that they be printed with their articles.

To the editor:

The current phrase, "vote as you pray," voices a principle worth while and very pertinent just now in Texas.

If the government we justly regard with pride is to be of a substantial and enduring type, providing the tranquility and security specified in the preamble of the constitution, it is of vital importance that our political standard bearers be persons of unimpeachable moral character. It is not consistent with our oath of allegiance as American citizens and self-respecting patriots when we vote for persons to fill any office whatsoever who are deficient in any of the qualifications that form upright character.

If none of the candidates offering for election are able to establish the aforesaid qualifications, then as upright citizens we are practically and morally disfranchised by that distressful circumstance. We may not consistently vote for any such, since in every case of a choice between evils we are morally bound to choose neither. Confessedly any country has come to a disreputable and deplorable situation when the demands of safe and sound government cannot call to service persons of trustworthy and exemplary character. It is positively and unalterably written in the Book of truth that "when the wicked rule the people mourn."

To be influenced in voting merely by personal friendship, or the hope of securing selfish ends, instead of the highest welfare of the people with whom we are associated as fellow countrymen, is to prove oneself distinctly unworthy of citizenship.

(Signed) W. A. BETTS,
502 Bridge street.

Common Sense About Eczema and Eruptions!

Here's Something About S. S. S. That You'll Be Glad to Hear.

You might just as well know it right now.—the cause of skin eruptions pimples, blackheads, boils and so on, is right in the blood. There is no getting away from it. Science has proved it. We prove it. You can prove it.

When the cause of skin troubles and eruptions is in the blood, it isn't common sense to simply treat the skin. A bottle of S. S. S. will prove to you what is happening in your blood. S.S.S. is a scientific blood cleanser,—it drives out the impurities which cause eczema, tetter, rash, pimples, boils, blackheads, blotches and other skin eruptions. When these impurities are driven out, you can't stop several very nice things from happening. Your lips turn naturally rosy. Your eyes sparkle, your complexion clears. It becomes beautiful. Your face looks like that of a prosperous, ruddy, well-fed, refined gentleman, or if you are a woman, your complexion becomes the real kind that the whole world so admires. S.S.S. is also a powerful body-builder, because it builds new and more blood-cells. That's why it fills out sunken cheeks, bony necks, thin limbs, helps regain lost flesh. It costs little to have this happen to you. S. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical

Let S. S. S. Give You An Angelic Skin!

## Guards Quarrel; Shooting Follows

By Associated Press.

EL PASO, August 19.—W. R. Petty, a railroad guard, was shot and instantly killed by H. L. Dillon, another railroad guard, here today in the Texas & Pacific railroad yards. An argument over duties of the guards in protecting railroad property resulted in the shooting, it was said. Dillon claims self-defense.

No worthy business enterprise in all West Texas is too large—or too small—to receive complete and comprehensive service from the City National Bank of Commerce.—Adv.

What Is a Gas "Peak Load?"

When you want natural gas for heating, everybody over the territory wants it.

In a spell of cold weather, which may last for only a day or two, everybody wants ALL the gas he can get.

This tremendous demand is our "peak load."

*Only Once a Year*

It may occur only once each winter, or it may happen several times. Last winter it was reached only once.

That "peak load" calls for an enormous amount of gas—four or five times the usual quantity.

Hence, to render the best service to you, our supply of gas and our transporting facilities, for three or four days each winter, must be at least four times the capacity called for in normal use.

*Cannot Pay for Itself*

That again calls for a great investment on which there can be no immediate return—for the combined "peak load" sales do not pay enough to return interest on the required investment.

Therein the gas business differs from any other. There are times when the more we deliver the more we lose.

Our great equipment is necessary for your comfort, however, and the high quality of our service is better understood when you know these facts.

IF YOU ARE SICK

PROFIT BY THE EXPERIENCE OF OTHERS

Consult
Dr. Schultz

THE RELIABLE SPECIALIST

For scientific treatment of chronic, nervous and special diseases of both sexes, catarrh of all mucous membrane, stomach, liver, kidney complaints, blood and skin diseases. Hemorrhoids and prostatis complications treated without the knife, by a safe and humane system of scientific treatment.

If you are sick of experimenting, sick of failures, sick of being sick, come to me. I invite sick people who contemplate taking treatment to come. Special attention given in the combination of curative powers, modern electricity, vibrations, etc., with the scientific administration of selected Specific Medicines. I endeavor to do everything to promote the welfare of my patients.

IF YOU NEED A SPECIALIST WHY NOT THE BEST?

Are you a nervous wreck? Are you worn out and broken down? Are you suffering from vicious Blood and Skin Diseases, that destroy bone tissue, and disfigure for life? Backaches and kidneys give you all-gone feeling? Whether these conditions were caused by early excesses, or contracted by inoculation, it does not matter, for they will all respond to my treatment. Consult Dr. Schultz, the Reliable Specialist, who is well equipped by long experience that enables him to offer his service on a basis that no other can; his charges are lower for cures than the average physician generally charges for failure.

Those who have wasted time and money, and failed to get rid of their ailments, are especially invited to consult FREE. I am giving the benefit of over 30 years' honorable experience; some of my cures are truly wonderful, yet I do not work magic; I do not make the old younger, nor the blind see; I simply apply the knowledge my years of honorable experience have given me, and I do this honestly and intelligently.

# FAIR TICKETS ON SALE HERE

## Attractive Prices Are Offered People

The thrift ticket sale is on. The management of the Texas-Oklahoma fair has opened sale of tickets to the fair at the chamber of commerce and all the drug stores in the city.

The advance ticket sale known as the thrift ticket sale, enbales persons to purchase tickets now at a 20 per cent discount. Ten admissions are given for $4 and the sale is going to be extended to the entire trade territory. Dallas has adopted the same mehtod for the Texas state fair and many thousands of dollars have been brought in as people realize that they are saving money by buying the tickets at reduced prices. With the reduced price of tickets and reduced railroad fares it will make it possible for people in the entire territory to see the fair at a minimum cost.

During the first of next week the thrift tickets will be placed on sale in drug stores and chambers of commerce in Iowa Park, Burkburnett, Electra and will then be put on sale over the entire territory.

# BATTERY TO DRESS UP NEW QUARTERS

All men of Battery D, 131st Field Artillery, are requested by Captain Fletcher to assemble in work clothes today at 1:30 o'clock at Call Field. Quarters are to be straightened up at the field.

# HE'LL THRILL FAIR VISITORS

Spectacors at the Texas - Oklahoma fair are promised the climax of all sensational thrills when DeCarno, the most daring of all acrobats, climbs a 100-foot pole and performs a number of hair - raising stunts as the pole sways to and fro with his weight. His entire performance is a most startling novelty and is unprecedented in the history of gymnastic achievements.

DeCarno's death defying acts have been accomplished only after years of incessant practice and they demand the most perfect mental and physical control. At the very apex of a pole that is bending and swaying to such an extent that the onlooker expects it to snap momentarily, DeCarno performs the most audacious and awe-inspiring acts ever witnessed. Those who like thrills will not be disappointed in this intrepid exhibition at the Texas-Oklahoma Fair.

# ADA JETER IS CALLED BY DEATH

Mrs. Ada Jeter, aged 37, died at 2:30 Saturday afternoon in the family residence two miles south of town after a short period of illness brought on by an operation. She leaves as survivors her husband, W. J. Jeter, two small children and her parents, Mr. and Mrs. J. W. Jackson, all of this city.

Funeral services will be conducted at the home at 4:30 Sunday afternoon with burial in Rosemont burial park.

# MAN COMING TO LAY OFF MIDWAY

## Shows Plan Feature Attractions

Wortham shows will send a representative to Wichita Falls at an early date, probably the first part of this week, it is said, to help the Texas-Oklahoma fair management lay off the grounds for the midway and other attractions. The shows will be arranged so that they will be in position to handle the large crowds that are expected to attend the fair.

With the fair opening September 30 and extending through October 4 preparations are so well under way that by the date of opening every detail will have been completed. The Wortham Shows No. 1, the greatest carnival attraction in the world, it is said, will be the big show feature on the midway and there will be a dozen free attractions.

# Man Congratulated For Watching Wire

A. P. Nance, 1307 Third street, who two days ago saw a 2,300-volt electric wire broken and on the ground at Seventh and Michigan streets and stood guard until trouble shooters arrived to fix the wire, has received several messages of congratulation for his thoughfulness. Mr. Nace realized the danger to passers-by and warned them away from the possibility of death by electrocution until the wire had been removed.

The Time is Short!

Act Now Before It's Too Late!

Just a short time longer and our August Furniture Sale will be history. If you do not take advantage of its wonderful opportunities you will live to regret it as we confidently believe that the prices which are in effect here now are the lowest prices at which such splendid quality furniture will ever again be sold.
A solid carload of Dining Room, Bedroom and Living Room Furniture received Saturday all goes into this great sale.

Extra Sale Specials in Drapery Department

Scrims, Marquisettes, Nets, Dotted Grenadines, Shadow Laces, Imported Madras (plain and colors), Terry Cloth, Rep Cloth (in plain and figured patterns), Imported French and English Cretonnes, and hand blocked linens. You will find some wonderful values both in remnants and bolt goods of the above materials.

Leonard Refrigerators

100-pound size, oak cases, lined with porcelain and enameled iron. Prices $26.75 to $77.50. Each one a real value.

# Another Ferguson Falsehood Nailed

## Mayfield Not in Poker Game as Charged by Ferguson

THE STATE OF TEXAS
County of Travis

Before me, the undersigned authority, on this day personally appeared Hon. J. D. Moore, who upon his oath, deposes and says: "I was Justice of the Peace, Precinct No. 3, Travis County, Texas, for six years, and was filling said office in 1909, at the time a fine for gaming was paid under the initials of 'E. B. M.' and the explanation below shows why the name of Earle B. Mayfield, whose initials are E. B. M., was not upon the docket.

"Following the exposure of a poker game in the Driskill Hotel, Judge John W. Hornsby called at my office as an attorney at law, to pay the fines of several of the participants in said game. Some one, who did not give his name, telephoned me that Mr. Mayfield had been in a poker game and when I stated the fact to Judge Hornsby, he stated that he would pay Mr. Mayfield's fine also, which he did. The following day Judge Hornsby and Mr. Mayfield, who I had not met or known until them, came to my office, and Mr. Mayfield stated that he had not been in the poker game, knew nothing about it, that Judge Hornsby had no authority whatever to pay a fine for him, and therefore he demanded we correct the record.

"As Justice of the Peace of Precinct No. 3, I called a court of inquiry and heard the sworn testimony of more than thirty people who admitted having played poker during the period under investigation, and each and everyone swore that Earle B. Mayfield, who at that time was a member of the State Senate, had never played or taken part in any of said poker games. Whereupon, I immediately refunded the said money to Judge Hornsby. We later discovered that the information and name of Mr. Mayfield had been given to both me and the Constable by one of Mr. Mayfield's political enemies. The full name of every person participating in this game appears upon the docket, and the full name of Earle B. Mayfield would have appeared upon it also, had he participated in that poker game or any other poker game.

"In justice to Mr. Mayfield, I endeavored to eradicate the judgment, which had been erroneously entered, by pasting another page of the record over the judgment erroneously entered; but since that time, the record has been tampered with, and many of the persons who are now circulating certified copies of the eradicated record, know the true facts of this matter and know that Earle B. Mayfield never plead guilty to playing poker or paid a fine for violating the gambling laws or any other law of our State, and also know that no one ever paid a fine for him."

(Signed) J. D. MOORE.

Sworn to and subscribed before me by the said J. D. Moore, known to me to be the same J. D. Moore who preceded me as Justice of the Peace and the same person above subscribing, this the 31st day of July A. D. 1922.

(Seal)

(Signed) G. W. MENDELL,
Justice of the Peace and Ex-Officio
Notary Public, Travis County, Texas.

## Prominent Ministers Testify as to Earle B. Mayfield's High Moral Character

**Western Union Telegram**

Marfa, Texas, Aug. 9, 1922

D. E. LYDAY,
Campaign Manager, E. B. Mayfield,
Austin, Texas.

I was pastor First Methodist Church, Austin, November, 1917, to November, 1920. E. B. Mayfield as a member of my church, as a citizen, as an official, stood at the top. I regard him today as a clean statesman and a man of high moral and Christian character.

REV. CASPER S. WRIGHT

**Western Union Telegram**

Timpson, Texas, Aug. 8, 1922

D. E. LYDAY,
Campaign Manager, E. B. Mayfield,
Austin, Texas.

Replying to your telegram inquiring standing of Earle B. Mayfield while I was his pastor and presiding elder, I will say that I never heard a criticism of his personal character during the years he was a member of the Methodist Church under my pastorate or supervision. He was faithful in church attendance and generous in its support. I never heard his character called in question until this campaign and I have known him intimately twenty years. He was one of Dr. George C. Rankin's trusted advisors in prohibition campaigns.

REV. V. A. GODBEY,
Presiding Elder.

# WICHITA FAN SHOWS FIGHT IN BEHALF OF SPUDDERS AS CLOSED-DOOR TRIAL AIRED

## Shows That Baseball Belongs to Public More Than to Directors; Claims That Complete Convicting Evidence Should Be Published; Depicts Logic of Certain Acts of Tribunal

Wichita Falls, Aug. 19, 1922.
Spike Cooper, Sporting Editor of the Record News.
Wichita Falls, Texas.
Dear Sir:-

I am only one of the ardent fans here that was surprised at the verdict of the Texas league directors in the Wichita-Dallas protested game. I am not familiar with the technical points of procedure to be followed in the trial of cases before the different league tribunals. I presume that the majority of the fans are not either. But I believe that the fans can be relied upon to weigh and consider the evidence fairly presented and see the justice or injustice of any verdict, whether it be for or against them.

I have tried to take an impartial view of the statements given to the public through the press, and I must say that I am unable to see the justice or even semblance of justice or good sense in the decision of the league directors in this matter. The procedure followed and the verdict reached is beyond understanding. All will agree that if creosote was deliberately placed on the ball, it was a reprehensible act, and that the directors were justified in treating it as a criminal act and punishing the guilty party.

The first thing that strikes me as being uncalled for was the trial behind closed doors. I can see no reason for such procedure. Justice is seldom if ever obtained through secret trials. That act alone is bound to suggest in the minds of many some ulterior motive on the part of the men who heard the case. Baseball is supported by the public and belongs to it more than it does to the directors. The public has a right to be let in on these secret trials and should demand the right. The right to a public trial was obtained, at much cost when it was finally taken by force from the hands of tyrants.

Another thing I wish to mention is that the evidence was presented upon affidavits. This may be the usual way of doing this in league trials, but I can't believe it is the best and fairest way to obtain evidence. Why should the accused not be given the right to face his accuser and the witnesses, and given the right to cross examination, the same as is allowed in our courts?

The verdict is the most astonishing part of this trial. The papers state that the verdict was so rendered because the balls had absorbed creosote. We do not whether it was much or little, whether it was in spots or all over the ball. The fact that the ball had absorbed creosote was found out by chemical analysis. Nothing in the record has given the public any idea of how the creosote got on the ball. It seems that when the directors found by such analysis that the ball had creosote on it, they went no further. They admit they do not know who put it on, because they instruct the president to use every effort to find the guilty party and punish him. They say they do not believe the owner or manager of the club had anything to do with it. Then they must believe that some of the Wichita players or fans are guilty. It is evidently impossible for them to believe that the Dallas owner, manager, players or fans could have had anything to do with it or been guilty of such a crime. To say that there was no way for a doctored ball to get into the game except at the instance of Wichita players is too absurd for a sane person to believe and too crude for honest men to proclaim. Not since this country became free has an accused been called upon to prove himself innocent when an indictment was filed against him. The law says that justice demands that he be presumed innocent until proven guilty by competent evidence fairly and legally presented. The directors have failed to give the public one scintilla of evidence tending to show who was guilty of this act, and yet they take the charge or indictment filed by Dallas as evidence and hold that the Wichita club is presumed to be guilty until it proves itself innocent. They say they do not consider the owner or manager guilty, but their action almost belies their words. They take a game away from Wichita and give it to Dallas on a mere presumption of guilt. It sounds like an apology of a coward, compelled by a troubled conscience when they make the puny, sickening statement that Wichita "erred in not making a greater effort to prove itself innocent of the charge."

No one here believes that any of the Wichita players had anything to do with this creosote business or had any knowledge of it. I doubt if any of them would know creosote when they saw it. They were informed by Dallas on the day of the game was protested that there was such a substance as creosote. Dallas must have had some chemist on its team. At least the Dallas manager and players showed a more technical knowledge in chemistry than anyone here.

There could be no motive or reason for the Wichita team resorting to such methods. It would have all to lose and nothing to gain. It was not necessary for them to win that way. The team had been winning steadily before and has been doing the same since. Besides it could not hope to get away with such crude stuff. No one could be big enough fool to think he could not be found out, when he pinsoned an opposing pitcher until he would have to sent home with a swollen tongue and burned lips and placed under the care of a nurse.

The Wichita Falls' fans have been as loyal as any in the league in supporting the game. oOther teams have always been glad to play here because it meant more money to them. The fans here do not condone crookedness and do not want a crooked ball team. But they will go the limit for their team when they think it is being imposed upon. The evidence should be published so the public can pass judgment on the decision of the directors. There can be no reason whatever for keeping it secret. The best interest of the game demands publicity. A decision unjustly given that will cast a stain upon the character of a team belonging to the most loyal supporting fans to be found anywhere will do more to destroy the game and the public enthusiasm than the protest of the Dallas team, or the howl of the Dallas and Fort Worth papers about creosote balls, when there is no more evidence to convict Wichita than there is to convict Dallas.

Yours respectfully,
(Signed) W. P. SMITH.

P. S.—The directors seem to think that because this happened on Wichita gound that the team must assume responsibility. Following such reasoning, if a murder was committed on a person's farm the owner would be punished as a murderer, unless he could prove himself innocent and likewise punished if he erred in not making a great effort to prove himself innocent. —W. P. S.

## "LANDIS"

Maj. John L. Griffith.

Athletic directors of the Western Conference universities have followed the lead of the major leagues and have named a "Judge Landis." Maj. John L. Griffith, who during the war directed the physical training act vities of American soldiers, have been named commissioner of thletics for the "Big Ten." In this office, the first of its kind created in intercollegiate circles, Major Griffith will study athletic problems of the conference, assist in enforcing eligibility rules and prot ote respect for the amateur code. He has been connected with the courses in athletic coaching at the University of Illinois.

Uncle Titus Wadde—Bobby, if you'll run over to the store for me I'll give you a dime for your trouble.

Bobby—What's the matter with the dime? Has it got a hole in it?

# Spiking 'Em

By "SPIKE" COOPER

**Creosote: An oily antiseptic liquid** of a burning smokey taste—obtained by the distillation of wood tar. It is remarkable as an antiseptic and deodorizer in the preservation of wood.—Webster's New International Dictionary.

Down in a corner of the Spudder club house sits an innocent bucket of tar. It has been there since the Spudders began their spring training. It has served its purpose and served it well, but at the same time, it has done a wee bit more.

But there is a father to the "bat tarring" idea in Wichita Falls. Last season when the Spudders made their last jump around the loop, their stay in Dallas was shortly after repairs to the park there had been finished. Over near the Dallas bench there stood a barrel of tar, used for roofing purposes. The Marines invited the Spudders to use their "tar barrel," having discovered that it preserved their bats and prevented sun cracking in the grain of the wood. The Spudders accepted the invitation.

This season when the training season opened in Spudder park, Tex McDonald bought for the club a can of tar. Purchased it at the local Sherwin-Williams store, so records in the baseball office disclose. It has been used all year, this all Spudder fans know. Seldom a day passes that some bat does not receive a bath from the bucket. That has been a daily occurrence all season. But last Saturday, somebody must have dipped a bat too long, "from Dallas findings." Anyway, the creosote smell was on the baseballs after faithful Spudder bats had whaled out several base hits.

For the benefit of "Doubting Thomases," if there is a detectable difference between the smell of creosote and refind tar, it takes a Dallas bird-dog nose to detect it. But they did, and raised their howl.

Not only did they raise their howl, but seem to have made it stick. The Spudders laughed at the thought of doped balls. They did not seriously consider the charges which have been brought against them. That is why the tribunal censured the Spudders for not making defense in behalf of themselves. Not a fan who witnessed the game believed the Spudders guilty. They are not. From their own mouths, they are not.

**Now since the affair has terminated so seriously, the Spudder fight has started and "hell's goin' to be poppin' soon."**

Dallas couldn't lose and lose cleanly. They raised a howl, through the assistance of the "scared Cats" and got away with it. The "Bar of Justice" found them guilty and assessed punishment accordingly.

Of course, so far the affair has cost the Spudders a ball game. But who knows how many it will win for them? Fans at the Friday game in Houston stated that never before in the history of Houston baseball has a club fought so determined and doggedly as did the Spudders.

Even though the league heads are trying to shatter the morale of the club, they are only welding it together, and the result—well, only September 14 will reveal.

**There's one Spudder who is really** hurt.

"Gin Head Tex" they call him. Tex has been out of the line-up since the fourth game of the Dallas series. He went down with a wrenched shoulder after a daring dive around Don Rader when caught off second base. He wasn't caught after all, but it cost him a place in the game for several days.

Tex is hurt because he was left behind. Dr. Jones, club physician, told him yesterday he would be ready in time for the Beaumont series.

"That's too long," says Tex.

He's all riled up over the forfeited game affair and says when he gets back in, it's going to cost somebody something.

Stay in there with 'em Tex. We're all fer ya.

**There is just one thing the Spudder** fans want to know.

They would like to learn why the "doped" balls beat Dallas.

When "John, the Sniper" discovered through his olfactory nerves that somebody had doped the balls, the Dallas "howlers" were leading 2-0.

Immediately thereafer, Umpire Weir ordered new balls into the game.

That was where Conley made his mistake, for the Spudders waded right in. Shorty Adams was the hitter, and he greeted one with a neat base blow to left.

When the smoke cleared away, and the creosote smell disappeared out of the park, the Spudders led 4-3.

And still those creosoted balls cost the Spudders a game.

Ain't logic grand?

## RIVER AGGIES ANNOUNCE DATES

A. AND M. COLLEGE, MISS., Aug. 19.—A stiff schedule of nine games, including contests with some of the best college teams in the south, was announced for the Mississippi A. and M. college football team by W. D. Chadwick, director of athletics, today.

Games away from home will take the team to Jackson, Miss., Baton Rouge, La., New Orleans, Memphis and Birmingham. The complete schedule follows:

Oct. 7.—Birmingham Southern college, at A. and M. campus.
Oct. 14.—Howard college, at A. and M. campus.
Oct. 21.—University of Mississippi at Jackson, Miss.
Oct. 28.—Tulane university, at New Orleans.
Nov. 4.—Ouachita college, at A. and M. campus.
Nov. 11.—University of Tennessee, at Memphis.
Nov. 18.—Louisiana state university, at Baton Rouge.
Nov. 25.—Drake university, at A. and M. campus.
Nov. 30.—University of Alabama, at Birmingham.

## WEST TEXAS CLOSE WILL BE FOUGHT

By Associated Press

ABILENE, Texas, Aug. 19. — Efforts of certain clubs in the West Texas league to end the season in the next few days will be combatted at a league meeting to be held in Sweetwater tomorrow. Abilene and Amarillo ,it is said, will vigorously oppose any earlier ending of the season than September four, as such action would give the second half to Clovis. Amarillo won the first half and Abilene, two-time pennant winner, is a strong contender for the second half with Amarillo and Clovis.

# Homer Summa Has Excellent Chance To Set New Record for Total Hits

Homer Summa has an excellent chance to set a new record of total base hits for a season in the Texas league. The slugging Spudder has 182 to his credit included in games of Wednesday. The present record is 212, held by Clarence Kraft and set in 1921.

Summa still leads the Texas league hitters by a comfortable margin, though DeMaggio keeps persistently on his heels.

Last season Fred Henry set a new record for stolen bases in the Texas league, but that seems doomed to fall for Homer Ezzell, the pilfering Gasser has credit for 51 thus far this year and a month yet to go.

The Spudder machine continues its terrific mauling of the apple, and 10 of the regulars, including Art Weiss, are above the .315 mark.

Dallas has eight above .300 but a pair of them are hurlers, Conley and Love. Beaumont ranks third with half a dozen, but that includes Humphries who has participated in but three games.

San Antonio has five, Fort Worth and Houston four each and Shreveport and Galveston three each, in the charmed circle. But the Spudder record is far and above all the other clubs.

Clarence Kraft has a long lead over the circuit clouters with a mark of 23 and still holds the crown for driving in tallies with 96.

### Pitching Averages

Gus Johns has usurped the leadership of the hurling honors with an average of .710 for games won, while his helpmate, Paul Wachtel leads in victories with 19 thus far. Rip Wheeler and Vic Keene are in the .700 class as well and Wheeler is tied with Cheney for strike-out honors with 97. McGrew and Diviney are tied for number of passes issued with 93, for pitchers who have won half or more, of fair games.

The games include those played Wednesday, August 16.

# Fans Wire Salm That They're With Him and Ask for Details of Action

Faithful fans turned out yesterday afternoon at the Palace to watch the play by play game on the board there, but at the close of the second inning, the ball game was turned into a mass meeting for a few minutes and resolutions adopted and a telegram sent to Walter Salm at Houston to stay in the game and fight for Spudder rights.

The decision was unanimous and more than 400 went on record as standing behind the Spudder boss and asking that he demand an explanation of the action taken in the league meeting at Houston Friday when the protested game between Wichita Falls and Dallas was awarded to Dallas.

The telegram sent was as follows:

Wichita Falls, Texas, August 19.
Walter Salm, manager, Wichita Falls baseball club, Houston, Texas.

At mass meeting of 400 fans held in conjunction with baseball detail today resolutions were adopted severely condemning the unfair and high-handed tactics resorted to at the so-called creosote ball trial held Friday in Houston and in justice to the club and the fans and supporters of Wichita Falls immediate appeal to the national commission and if necessary to a court of law is demanded. We further condemn the star chamber proceedings behind closed doors and request action to get an airing of entire proceedings so that public may know facts of this remarkable trial and its unprecedented decision. We stand for justice and proper punishment of any individual offender proven guilty at a fair trial held at the place where offence is alleged to have been committed which is a privilege provided in constitution of the United States and the constitution of Texas, but which it appears has been denied our baseball club. We are solidly behind you and every player of the club and pulling hard for the Dixie championship. Pour it on 'em.
(Signed)—Wichita Falls baseball fans

# GULFS GRAB FINAL GAME

## City Championship Is Finally Decided

By slamming out ten hits at the right times, the Gulf team defeated the Texas company 7 to 3 yesterday and won the championship of the City league. The game was featured by hard hitting and good fielding. Rain caused the game to be called in the eighth.

Connally, pitching for the winners, allowed eight hits in the eight innings that were played. The Texas bunch were unable to get them in the same inning though and they seldom got past the initial sack. The second was the lucky inning for the Gulf and four counters were put across. A two-base hit by Matthews was followed by a single by Loursey and after Lourcey was sacrificed to second a timely single by Rankin scored them.

The first counter for the Texas company came in the first when Highfill crossed the bag on Biggs double. Two more came in the fourth when Sandifer's double was followed by a hit by Davis who scored on an error.

One of the game's freaks was the play in the first when Biggs ran into a hit ball, between second and third and was out.

By winning this ame, the Gulf company team will get possession of the silver trophy given by Collier & Landon each year for the winners in the City league. The trophy is a figure of a baseball player standing on a huge baseball which rests on a beautifully carved pedestal.

| Score by innings: | | R | H | E |
|---|---|---|---|---|
| Gulf | 040 (20 10— | 7 | 10 | 2 |
| Texas | 100 200 00— | 3 | 8 | 1 |

Batteries: Connally and Lourcey; Dahl and Davis.

# BURK FANS TO SEE FAST GAME

## Shrine Team to Meet Magnolias

This afternoon the Maskat all-Shrine baseball team will journey to Burkburnett to meet the Magnolia ball tossers. The game will be called at 3:30 and it promises to be a snappy affair from the start. Manager Al Ellis of the Shrine team thinks he has the fastest bunch of amateur players in this neck of the woods and expects to make today's game an addition to a long list of wins this season.

The Shrine club has played many of the best amateur teams in the state and has yet to meet its first defeat. The last road trip to Austin and San Antonio added five victories at the expense of the temples at those places and gave the Wichitans a lead over any nine for consecutive wins.

The Magnolia team has an equally clear record with no defeats marked against it. Although they have not played the number of games the Shrine team has they think that they will be a match for the best and will have all it takes to break the winning streak of the Maskats.

## GENE SWAMPED

PITTSBURGH, Aug. 19. — Gene Sarazen, the Pittsburgh double barrelled golf genius, projected suddenly to the highest pinnacle of the game's fame, today was swamped with messages congratulating him on the annexing or the national professional championship at the treacherous Oakmont links here yesterday. His future course was undecided. He had before him today a dozen invitations for lucrative engagements.

The dizzy speed maintained by the youthful Sarazan who until a few manths ago was scarcely known in golfing circles, was predicted by experts to be capable of carrying him victoriously through the professional golfers association events which now face him. W. C. Fownes, Jr., internationally known golfer, said today that Gene would develop into the greatest golfer the world has ever known, when slight weaknesses in putting were overcome. The golf monarch's friends say he devotes hours of practice daily to perfecting his game.

## HOMERS FALL THICK AND FAST

By Associated Press.

NEW YORK, Aug. 19. — Babe Ruth crashed out his 24th home run of the season today in the third inning of the Yankee game with Chicago.

PHILADELPHIA, Aug. 19. — Williams smashed his 32nd home run in the first inning of the second game.

PHILADELPHIA, Aug. 19. — Kenneth Williams of St. Louis hit his 31st home run of the season in the seventh inning of the first game withwith the Athletics today .

## KID GOLFER SETS TEXAS RECORD

By Associated Press.

FORT WORTH, Texas, Aug. 19 —Jay Renfro, 19 year old Fort Worth golfer, registered a Texas record today when in a featured foursome match paired with Jonathan Ballard against Ole Whalen, Tom Burke, local professionals, he took 137 strokes for 36 holes, breaking the Glen Garden course record with a 68 in the afternoon and tying the mark with a 69 in the morning round. It is believed to be the greatest feat of the links ever performed in the state. Renfro accomplished nine birdies in setting the record score.

# $100 FINE FOR BEATING BABY

## Judge Sorry He Can't Make It More

Ode hundred dollars was the fine imposed on a man in corporate court Saturday morning, when Judge J. P. Marrs found him guilty of an assault upon his six-months' old baby boy.

The man denied the charge, and said that he only whipped the child to make it stop crying. He told Judge Marrs that through his treatment of the infant that it had always stopped crying.

Two women neighbors appeared against the defendant, testifying that he had beaten the child unmercifully, and that he had adopted the custom of pushing the child's head into a hole he had cut in a pillow, and then had whipped it until it stopped crying.

**"I fine you $100 for this offense," Judge Marrs told him, "and I am sorry that the law only allows me to put this small penalty on you."**

Soon after the man was fined in court, he was sent out on the streets to work out his fine with the city chain gang.

The city officers placed the man under arrest Friday morning upon complaint of his neighbors, who reported the alleged whippings to Chief J. W. McCormick.

# FRIDAY SHOOT SEES MANY PRESENT

## Excellent Scores Mark Registered A. T. A. Meet

The registered shoot of the gun club Friday saw a number of excellent scores run of fin one of the most enthusiastic programs of the year.

More than four squads shot the two signals events and half as many entered the doubles.

Bud Daniels and E. V. Leslie tied for high honors in the first event for high scores, while Pate and Deatherage each came up tied in the doubles card.

Dempsey, Cooper, Leslie and Grooms tied in the handicap event for the weekly club trophy, each having credited with a perfect score when the additional targets were added.

Scores for the two singles events, 50 single rise targets from the 16 yard mark were: Leslie 4[illegible], Daniels 48, Deathridge 46, Pate 46, Greenburg 46, Dempsey 45, Baker 45, Grooms 43, Cooper 43, Nabb 43, Landon 42, Bowen 42, H. Lyon 41, Kiddy 40, L. I. Lyon 39, Lourcey 39, Apple 36, Bailey 36, Burgan 36, Lankford 35, Brandeberry 26.

In doubles Pate and Deatherage were high with 22 each. Greenburg broke 18, Dempsey 18, Grooms 18, L. I. Lyon 18, Apple 17, H. Lyon 17, Ward 16.

In a shoot off for the trophy in which Kiddy and Landon had tied twice, Kiddy finally won the honor.

Several additional squads were run off after the program was finished, one of which saw Pate nose Deatherage out for honors in doubles.

The day was ideal for the program and several were in the gallery which saw the shooters in their top form.

### HOW G. W. ESCAPED

"Why was it that George Washington never told a lie, pa?

"Because nobody asked him where he stood on the soldiers' bonus."

Delaware PUNCH
It's the Real Punch
OTHER "PUNCHES" ARE IMITATIONS, AND LACK PUNCH DELAWARE HAS

Delaware Punch is one of the most popular drinks in Wichita Falls—at the soft drink stands, at the ball games, at athletic meets, there is a steady and insistent demand for Delaware Punch. The secret of its popularity lies in its delightful and inimitable flavor and its thirst-satisfying qualities.

Its popularity has led others to put on the market a beverage purporting to be an imitation of Delaware Punch.

The word "imitation," however, means a copy of an original thing. But these alleged imitations of Delaware are copies of the word "punch" only. There is no similarity in the quality of the drink.

There is only one Delaware Punch—do not accept an imitation.

# Pennant Drive Unabated as Spuds Bump Buffs Again

## WHEELER WIELDS KALSOMINE BRUSH IN HOUSTON WIN AS BUFFS PLAY FOOTBALL GAME

### Seven Errors Charged to Whitemanites; Summa Leads Hitters With Opportune Blows; Spuds Count Winning Run in First Instead of Ninth; Wheeler Deals No Passes

Special to The Record News.

HOUSTON, Aug. 19.—Spudder hitting, coupled with seven errors by the Buffs, gave the Spudders four runs today, while Wheeler was effective in the pinches and blanked the home team in the second game of the series 4 to 0.

The Spudders started their counting early and scored in each of the first two innings, and added one in both the seventh and eighth.

Gheen went the entire route for the Buffs and was touched for 10 hits, three of which went to Homer Summa in his first three times at bat.

A succession of errors marked the Houston play and only two of the Spudder runs were earned. Two errors on a single play gave the Spudders their second run. White led off in the second with a single to left and when he attempted to steal, Bribeck threw to center field and as the gardener let the ball trickle through his fingers and roll to the fence. White scored.

**The Spudders fought all the way and gave Wheeler perfect and flashing support. They have showed more fight during the last two days than any other team seen here this season.**

Wheeler had perfect control throughout and did not issue a single pass, while seven hitters took their allotted number of hits and hunted the bench. The Spudder hurler got in one tight hole in the fourth when the first two hitters singled in succession, but after Monroe popped to short, Whiteman was fanned and DeNoville drove a fly to Miller for the final out.

**Bittle Leads Buffs.**

Bittle led the hitting attack for the Buffs with two singles and a double but his his efforts availed little for he was left stranded just as often as he secured life on the bases.

The Spudders scored in the first inning when Bescher drew a pass, but Tanner drove a fly to center. Adams forced Bescher at second. Summa singled to right and Adams scored when Bechtol let the ball get away from him.

### ANOTHER RIP

x-Batted for Gheen in 9th.

Score by innings:
Wichita Falls ......110 000 110—4
Houston ..........000 000 000—0

Summary: Two base hits, Bittle, Tanner; stolen bases, Adams, White, Doyle; Sacrifice hits, Adams, Wheeler; bases on balls, Gheen 2; hit by pitcher, Gheen 2; struck out, Gheen 1, Wheeler 6; left on bases, Houston 9, Wichita Falls 11; umpires, Brashear and Hill. Time, 1:45.

**This was one game in which the Spudders did not wait until the ninth to forge to the front for the necessary count.**

Though Summa led the hitters, Tanner and Beck each contributed a pair of knocks toward the Spudder total. Tanner led off in the seventh with a double to left center and scored when Summa slashed a single to left for the Spudder run.

Bischoff and Adams each stopped one of Gheen's fast one with their ribs for free transportation to first and together with four passes, and 10 hits, kept runners on the paths practically all the time.

**When the Buffs took their count from Wheeler, it was the 13th consecutive win chalked up by the Spudder hurler. In his string he has defeated every club in the league.**

Al White furnished the fielding thrill of the day in the ninth inning with a spectacular grab of Bribeck's drive. It was a one-handed stab, but he came down with the ball.

Although Wheeler gave up nine hits he was stingly with them and five came after two hitters had been retired in an inning. Only twice did the Buffs count two knockers in the same round, but they availed nothing as Wheeler tightened up when runners threatened.

## SHORT LETTER TRIED OUT ON KIWANIANS

"Long letters apparently fail to bring the desired attendance so we will make this one short and sweet," says the weekly letter mailed out Saturday morning to local Kiwanians. And every member of the local organization is urged to attend the luncheon at the Kemp hotel Monday noon, the communcation concludes.

An enjoyable treat for the meeting is promised in Miss Nora Durson, who will favor the club with severeal readings.

It falls to "Bobby" Burns to get the honor of giving the attendance prize, while L. E. Martlew will honor all the attendance with the silent boost this week.

## GIANTS SPLIT WITH EXPORTERS

By Associated Press

DALLAS, August 19.—Dallas divided today's double header with Beaumont, both teams putting badly crippled teams in the field. Dallas won the opener, 4 to 1. Beaumont won the second although the umpires parked all three first basemen and a pitcher doing outfield duty.

## BROWNS DROP LEAD FOR FLAG

### Athletics Cop Second Game of Double Header

By Associated Press

PHILADELPHIA, Aug. 19. — St. Louis dropped out of the lead in the American league race this afternoon by losing the second game of a double header to the locals, while New York was defeating Chicago. The Browns won the first game 9 to 5 and lost the second 6 to 5. Kenneth William hit circuit smashes in the first and second games, running his total up to 32. Clarence Walker, of the Philadelphia team, hit his 20th of the season in the first game. Eight home runs were made in the two games. Score.

# TOMATOES HIGH; SUPPLY SCARCE

## Roasting Ears Sell for Fifty Cents

Tomatoes are sky high in Wichita Falls now. Only 10 days ago there was an ample supply of tomatoes on the market and they were retailing for 10 cents the pound. Farmers were receiving 5s to 6cs for them in bulk.

With the extreme heat and dry weather coming on tomatoes became scarce until by the end of the past week they were rare and the price to the retail trade was 20 cents the pound in most instances. Farmers who had tomatoes to offer were realizing as high as 15 cents the pound in bulk for their choice offering.

Roasting ears are to be had on the local market in small lots and are bringing as high as 50 cents the dozen in some instances.

### INTERNATIONAL EXCHANGE

NE WYORK, August 19.—Foreign exchange steady. Great Britain demand 4.47 5-8; cables 4.47 3-4; 60 day bills on banks 4.45 5-8. France demand 7.96; cables 7.96 1-2. Italy demand 4.53 1-2; cables 4.54. Belgium demand 7.56 1-2; cables 7.57. Germany demand .07 1-2; cables .07 5-8. Holland demand 38.90; cables 38.95. Norway demand 17.40; Sweden demand 26.50; Denmark demand 21.69; Switzerland demand 19.08; Spain demand 15.64; Greece demand 3.15; Poland demand .01 3-8; Czecho-Clovakia demand 2.95; Argentine demand 36.50; Brazil demand 13.50; Montreal 99 7-8.

CHICAGO, August 19.—Butter unchanged; eggs unchanged; receipts 6,933 cases; poultry alive lower, fowls 15@21c, broilers 24c, springs 23c, roosters 14c.

## Now That's Rather Odd

**GUTHRIE, Okla.—**Hearing so much about the value of "seniority rights" from striking railroad shopmen who are serving sentence in the county jail here for violation of federal court injunctions, an Indian bootlegger presented demands to the sheriff yesterday on his release. The Indian, an Osage with an unpronounceable name, insisted that Sheriff Robertson make careful note of his terms in jail so that when he returns next summer he will not lose his "seniority rights."

The Indian has served terms here for bootlegging regularly during the last three years.

**NEW YORK.—**Women were waiting with interest the decision of Police Commissioner Enright as to whether a policeman can stop a woman from smoking a cigarette on the street.

The question arose after Policeman Kilyon rapped the knuckles of Mrs. May Syalden after she refused to discard a cigarette. She was smoking while standing with her husband and chatting with friends on Broadway. Most of the women in the party were wearing knickerbockers.

Edward H. Slayden protested to the policeman that he had given his wife the cigarette and there was no law to prevent her smoking where and when she wished. He made a complaint against Kilyon and the matter was passed to Commissioner Enright for decision.

**ROME.—**Pope Pius is to have an automobile. The people of Milan where the pontiff was archbishop before his election have presented him with a machine of the latest Italian model. The pontiff, it is said, will use the car within the vatican garden, which he now circles twice daily in his promenades, a distance of 3 1-4 miles.

This is the first time a pope has ever owned an automobile.

**JOHNSTOWN, Pa.—**Brewers and saloon keepers of Johnstown have been notified by Mayor Joseph Caufield that they may "manufacture and sell good beer" and if they sell "poor beer" they will be arrested. The mayor said he took the step to see if he could not "rid the city of bootleggers who have been selling poisonous liquor at fabulous prices."

### LIBERTY BONDS

By Associated Press.

NEW YORK, August 19.—Liberty bonds closed: 3 1-2s $100.06; first 4s $101.00; first 4 1-4s $100.90; second 4 1-4s $10.46; third 4 1-4s $100.44; fourth 1-4s $101.02; victory 43-4s uncalled $100.72, victory 4 3-4s called $100.35.

## BUSINESS NEWS

**WASHINGTON — Running** expenses of the government fell off by more than $157,000,000 during July as compared with the same month last year, while public debt disbursements were reduced by $196,000,000, according to the monthly statement of expenditures issued by the treasury.

The total expenditures chargeable against ordinary receipts amounted to $225,000,000 during July against $382,000,000 a year ago, while public debt disbursements aggregated $34,000,000 compared with $230,000,000 for July, 1921.

**WASHINGTON — The Nashville** Chattanooga and St. Louis railroad filed with the interstate commerce commission today an application for authority to issue $747,000 in five per cent bonds to meet maturing indebtedness.

Finding out precisely what the customer wants in the way of banking service, and supplying it—that is the great aim of the City National Bank of Commerce.—adv.

# COTTON JUMPS $5 PER BALE

## Prices Soar When Market Opens

By Associated Press.

NEW ORLEANS, August 19.—Heavy covering of the short interest and persistent buying for new long account put the price of cotton about $5 a bale higher today. The market was higher from the opening and reached it's highest level in the last few minutes of the session when the list stood 95 to 105 points over the close of yesterday. Last prices were at net gains of 89 to 105 points. October traded as high as 22.30 and closed at 22.15.

Early advances which carried October up to 21.97, were due mainly to covering of those traders who sold short yesterday on reports of scattered rains in Texas. The weather map was as dry as ever in the west with little prospects of rain of consequence over Sunday.

Messages from New York estimating sales in the wholesale cloth market there of 200,000 pieces of print cloths and sheetings in the last 48 hours increased bullish sentiment strongly but heaviest buying followed the rumor that one of the largest spot concerns of the country was out with a crop condition report of 58.0 per cent of normal and indicated crop figures of but 9,600,000 bales.

Cotton closed steady at net advances of 89 to 105 points.

| | High | Low | Close |
|---|---|---|---|
| Oct. | 22.20 | 21.31 | 22.15 |
| Dec. | 22.20 | 21.25 | 22.10 |

| May | 21.95 | 21.95 | 21.95 |

### NEW YORK COTTON

By Associated Press.

NEW YORK, August 9.—Yesterday's sharp reactions were followed by an advance into new high ground for the movement, with cotton for December delivery selling at 22.45 today, this made an advance of 82 points from the closing price of yesterday, and the general market closed strong at a net advance of 63 to 77 points.

The market opened firm at a decline of 4 points for October but generally unchanged to 18 points higher. The late forenoon market was strong on a continuation of general buying. October sold up to 22.47 and January to 22.25 with active months generally showing net advances of 60 to 83 points and closing within a few points of the best.

### NEW ORLEANS SPOTS

By Associated Press

NEW ORLEANS, Aug. 19. — Spot cotton quiet, 38 higher; sales on the spot 31 ;to arrive none. Low middling 20.63; middling 21.88; good middling 22.88.

DALLAS, Aug. 19. — Cotton steady; ;21.95 Houston, steady Galveston, steady; 22.35.

## NEW YORK BONDS

By Associated Press

NEW YORK, Aug. 19.—Railroad bonds were carried to new high levels on the stock exchange today in a sympathetic movement with the increase in stock prices.

Gains of 1 to 2 1-2 points were scored by Seaboard sixes and adjustment 5s, New York, Ontario and Western 4s, Norfolk and Western convertible 6s and Dencer and Rio Grande 5s, while Missouri Pacific 8s, Reading 4s, Southern Railway 5s and Northern Pacific 3s also hardened substantially.

Goodyear 6s of 1931 rose materially at the start but yielded somewhat toward the close. Third Avenue adjustment 5s and Pacific Telephone 5s featured the industrial group, which was also marked by a sharp reaction in Brooklyn Union Gas bonds, which dropped a point. Colorado Industrial 5s, which enjoyed a sensational advance of 5 points yesterday, forfeited half of its gain today.

Activity in Czechoslovakian 8s which moved up 3-4, featured the foreign group, other strong spots in which were Argentine 5s, Berne 8s and Zurich 8s.

Liberty 3 1-2s, which had shot up 72 points yesterday, dropped 68 points on heavy selling but recovered about one-third of its early loss before the close. Other Liberty issues held steady. Total sales, par value, $5,421,000.

# CATTLE CALLS DROP LOWER

## Week-End Trading Is Light

By Associated Press.

FORT WORTH, Aug. 19. — Cattle 300; beeves 3.50@7.75; stockers 3.50@5.00; cows 2.00@4.75; canners 1.50@2.00; heifers 3.50@5.50; yearlings 5.50@8.50; bulls 2.00@3.75; calves 2.00@7.00.

Hogs 250; light 9.00@9.10; medium 8.75@9.00; heavy 8.50@9.00; mixed 7.50@8.50; common 5.50@6.50; rough heavy 6.50@7.50; rough 3.50@5.50; pigs 5.00@7.25.

Sheep 100; lambs 5.50@10.50; yearlings 5.00@6.75; wethers 4.00@6.25; ewes 3.00@5.75; culls 1.00@2.00; stockers sheep 3.00@4.00; feeder lambs 4.00@5.00.

FORT WORTH, August 19.—Saturday's cattle and calf receipts were disposed of to a very good demand and the market held to a generally steady level. Most of the cattle offerings consisted of cow and mixed stock. Steers were not wanted. Only 300 head of cattle and 250 calves were on sale.

Although the hog market was mostly 10 cents lower, the trade was quoted steady to 10 cents down. Good hogs went to packers at $9.10. Most of the run cleared at $8.50@9; pigs were weak to 25c lower; hog receipts were close to 800 head.

Only 100 head were on offer in the sheep division and the market was unchanged.

With calves gaining $1 this week and butcher stock being marked up at least 25c, general market conditions in the cattle division have been very satisfactory. Beef steers, however, have been neglected and the market is closing 25c lower on that kind. Some choice cattle brought $7.75, cows sold up to $4.85 and calves on the yearling order went to $7.40.

Hogs scored an advance, weakened and closed around 40 cents under a week ago. Nothing brought more than $9.10 at the end of the week. Pigs are 75 cents to $1 lower, the best stockers having to sell at $7@8.25.

Sheep and lambs values were quotably unchanged. Stockers are making up most of the receipts.

KANSAS CITY, August 19.—Cattle receipts 1,100 head; market for week: beef steers, she stock, stockers and feeders generally steady to 25c higher; plain grades weak; top steers $10.75; mixed yearlings $10.50; yearling heifers $9.75; canners steady; bulls steady to 25c lower; calves 75@$1.50; higher; stock cows and heifers steady to strong; stock calves strong to 50c higher.

Hog receipts 1,500 head; fairly active to packers, slow; packer top $8.90; light $8.50@8.90; medium $8@8.75; bulk of sales $8.25@8.85; packer sows steady, mostly $7.

Sheep receipts 3,000 head; market: today's receipts mostly on through billing and direct to packers; for week, 40@50c higher; top natives and westerns $12.75; sheep 25@40c higher; light ewes $7.

# Wall Street Certain Rail Strike Closing

By Associated Press.

NEW YORK, Aug. 19.—Wall street apparently took for granted today that the settlement of the rail strike would come early next week, indulging in a remarkable buying demonstration of rail shares which forced the active issues up 1 to 2 points and established approximately 25 new high records for the year in that group.

High grade dividend paying issues, such as New York Central, Union Pacific, Atchison, Northern Pacific and Lehigh Valley led the advance, with the grain carriers in most demand, but the non-dividend paying stocks were not neglected, St. Paul common and preferred standing out in that group.

Industrials, as a whole, lagged behind the carriers but Baldwin, Reynolds, Allied Chemical, American Sugar, General Electric, American Car & Foundry and Cluett Peabody were carried to new peak prices, while U. S. Steel common duplicated yesterday's high.

High priced domestic oils continued their upward course, Standard Oils of California and New Jersey gaining a point or more, while Pacific, General Asphalt and some of the lower priced improved fractionally, Mexican oils were comparatively inactive, gaining small fractions.

Total sales approximated 400,000 shares. Business in foreign exchange was quiet with rates holding steady at yesterday's closing figures, German marks were again quoted as low as 7 1-2 one-hundredths of a cent with little business being reported.

The clearing house statement showed an increase of $3,398,000 in loans, discounts and investments. The reserve of member banks of the federal reserve bank was decreased by $5,208,000 as against a decrease of $7,114,000 a week ago. Cash holdings were decreased $2,128,000, leaving the excess reserve at $48,620,560 or $1,380,460 below last week.

### CASH GRAIN

By Associated Press.

KANSAS CITY, Aug. 19. — Cash wheat, No. 2 hard 97@1.12! No. 2 red 99@1.00.

Corn, No. 2 white; No. 2 yellow 58½.

Oats, unchanged; No. 2 white 33½@34; No. 2 mixed 32@34.

# WHEAT DROPS TO ROCK BOTTOM

## Foreign Break Puts Prices Down

By Associated Press.

CHICAGO, August 19.—A break in the market at Liverpool and some general selling sent deliveries of wheat here to a new low for the season shortly after the start today. At the finish September went below a dollar for the first time on the crop. Week-end profit taking by shorts caused a little recovery toward the last, the close being 3-4 cents to 1 1-2 cents net lower, with September 99 1-3 to 99 3-8 cent and December 100 7-8 to 101; corn declined 1-8 to 1-2 cents; oats were unchanged to quarter cent lower and provisions were unchanged to 5 cents off.

Oats were easier with corn, but held within narrow limits. Provisions averaged slightly lower on scattered selling.

### EXPEL KLANSMAN

**ST. LOUIS.—**A resolution has been prepared for introduction at the state convention of the American legion, which convenes at Hannibal next Monday, calling on legion posts throughout the state to expel from membership all men who belong to the ku klux klan, it was learned here today. The resolution also will call on Governor Hyde to demand the resignations of national guardsmen who are members of the klan, it was learned.

# BANK CASH

By Associated Press

NEW YORK, Aug. 19.—The actual condition of the clearing house banks and trust companies for the week shows that they hold $48,620,560 in excess of legal requirements. This is a decrease of $1,380,460 from last week.

The statement follows:

Actual condition:

# WILBARGER CO. AFTER PRIZES

## Plan Fine Exhibits for Fair Here

Wilbarger county, with its excellent crops, is coming to the Texas-Oklahoma fair to try and take away the capital prize for the best county exhibit.

J. V. Townsend, secretary of the chamber of commerce at Vernon, has sent word that he already has a great deal of the exhibit arranged and that the people of Wilbarger county are confident of winning the stakes.

The first prize for the county exhibit is $200 cash, the second prize is $150 cash, with $100 for the third, $75 for the fourth and $50 for the fifth. The prize winning exhibits entered at the Wilbarger fair are to be sent here and will later be sent to the state fair at Dallas.

Other counties than Wilbarger which will have exhibits at the Texas-Oklahoma fair are; Clay, Archer, Jones, Baylor, Knox, Ford, Hardeman, Childress, and in Oklahoma, Tillman, Ctotton and Comanche counties.

---

Short turning radius has been given a gasoline driven road roller in England by mounting its engine on the back, extending beyond the two rear wheels.

Plans and specifications on file in the office of the county engineer. Usual rights reserved.
W. W. MURPHY,
County Auditor.

## 44—LEGAL NOTICES

CITATION BY PUBLICATION.

The State of Texas, to the Sheriff or any Constable of Wichita county, Greeting:

You are hereby commanded to summon W. P. Thompson by making publication of this citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the 78th district court of Wichita county, to be holden at the courthouse thereof in Wichita Falls, on the first Monday in September, A. D., 1922, the same being the fourth day of September, A. D., 1922 then and there to answer a petition filed in said court on the fifteenth day of February, A. D., 1922, in a suit, numbered on the docket of said court No. 12372-B, wherein John R. Hirschi is plaintiff and R. A. Blackard, W. R. Moore, W. P. Thompson and C. M. Reed are defendants and said petition alleging: Suit on three notes for $2,000 each executed by R. A. Blackard, payable to the order of W. R. Moore, bearing interest from date of notes at the rate of 8 per cent per annum, secured by a vendor's lien on lot No. 12, in block No. 31, of the Southland addition to the city of Wichita Falls, Wichita county, Texas. That no payments have been made upon said notes except the sum of $75 on Nov. 21,1921, and the sum of $75 on Dec. 19, 1921, which said sums were by this plaintiff credited upon the interest due upon said note No. 1; that plaintiff has often requested defendants to make payments of said notes and interest, but defendants have failed and refused and still fail and refuse to pay the same or any part thereof except the sum of $150. Wherefore, plaintiff prays that citation issue to the defendants and each of them, commanding them to appear and answer herein, and that plaintiff have judgment against defendants, jointly and severally for his debt, interest, attorney's fees, costs of suit and for general relief; and for a foreclosure of his vendor's lien upon said real property, and for such other and further relief, both general and special in law or in equity to which he may be entitled.

Herein fail not, but have before said court, at its aforesaid next regular term, this writ with your return thereon showing how you have executed the same.

Given under my hand and the seal of said court, at office in Wichita Falls, Texas, this the fourth day of August, A. D., 1922.

A. F. KERR, Clerk, District Court, Wichita County Texas.
By EUNICE JACKSON, Deputy.

SHERIFF'S SALE.

THE STATE OF TEXAS,
COUNTY OF WICHITA:

Notice is hereby given that by virtue of a certain order of sale issued out of the Honorable 30th District court of Wichita county, Texas, on the 19th day of July, 1922, by A. F. Kerr, clerk of said court, for the sum of $29,365.30 and costs of suit, under a judgment in favor of W. D. Kynard and S. E. Colgan, in a certain cause in said court, No. 12750-A and styled W. D. Kynard et al vs. W. B. Fitzhugh et al, the defendants in said cause being W. B. Fitzhugh and D. Churchill Oil syndicate, placed in my hands for service, I, Frank Morgan, as constable of Precinct No. 1, Wichita county, Texas, did on the 25th day of July, 1922, levy on certain real estate, situated in Wichita County, Texas, described as follows, to-wit:

Upon the oil and gas lease and leasehold estate in and upon 93.2525 acres of land out of the northeast part of Survey No. 2, S. A. & M. G. Ry Co., in Wichita county, Texas, described as follows: Beginning at a point on the north line of said survey, 146.02 vrs. west of its northeast corner; thence south 597.2 vrs; thence west 367.98 vrs; thence south 357.8 vrs; thence west 514 vrs; thence north 477 vrs; thence east 885 vrs; thence north 477.5 vrs; thence east 496.38 vrs. to the place of beginning and levied upon as the property of the said W. B. Fitzhugh and D. Churchill Oil syndicate, defendants; and that on the first Tuesday in September, 1922, the same being the 5th day of September, A. D. 1922, at the court house door of Wichita county, Texas, in the city of of Wichita Falls, Texas, between the hours of 10:00 o'clock a. m. and 4:00 o'clock p. m., by virtue of said levy, said order of sale and said judgment, I will sell said above described real estate at public vendue, for cash, to the highest bidder, as the property of said W. B. Fitzhugh and D. Churchill Oil syndicate.

And in compliance with the law I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Record News, a newspaper published in Wichita county, Texas.

Witness my hand this 8th day of August, A. D. 1922.

# STOLEN FORD IS RECOVERED

## Frank Svidlow Gets $50 Reward

Through the thoughtful watchfulness of Frank Svidlow, manager of the Texas Hide & Metal works, the Ford roadster which was stolen from in front of the Olympic theater last week, and which is the property of Walter Priddy, was recovered yesterday morning, and turned over to the local police department.

Mr. Svidlow said yesterday that he found the machine parked near his place of business, and that he had noticed the machine parked in the same position and in the same place for several dayse and nights. Three nights ago, he said, he saw a young man approach the machine late at night, and pretend to busy himself with the engine.

This aroused Mr. Svidlow's suspicion to the extent that he secured a pistol and went to investigate the intention of the visitor, who, in the meanwhile, had fled the vicinity. Svidlow then called the police, who identified the machine as the one stolen from Priddy.

As the result of the find, it is learned, Svidlow will collect $50 as a reward, which he will turn over to the American relief, of which he is an enthusiastic booster.

# Girl Man Dressed Up to Appear as Witness for County

With the recovery of the $118 worth of clothes which a Henrietta man purchased from P.B.M.'s Thursday afternoon with a check said to have been worthless, the man yesterday afternoon was turned over to county authorities, and will face grave charges, it is understood.

A young waitress, who appeared at the police station late Friday and admitted to Chief McCormick that the clothes had been purchased for her, told the officers that the Henrietta man had drugged her, and then had taken her to a local hostelry, where she was forced to spend the night.

The officers, after discussing the case with her in a lengthy closed conference, dismissed her, the girl agreeing to appear as a witness against the man.

# Balloon Punctured on Eve of Rising And Sleuth Collects Poker Pot

"Pile in, boys, the balloon's about ready to go up."

"Let 'er go, then."

The first speaker was a man who held two aces, two queens and a jack. The second speaker held a .38 revolver for his "hand" and he was the unexpected arrival at the poker game, which was in session late Thursday afternoon near the carnival at the baseball park.

"I'll be darned," the first speaker declared, turning to Jack Miller, city detective who held the .38 for a "hand." And then turning to his partners who were participating in "just a social game of poker," the speaker said:

"Boys, we're caught, we might just as well as pay off like a slot machine and be done with it."

And several minutes later, the five defendants appeared at the police station in the custody of the detective, and put up bonds of $10 each. Saturday morning, when Judge John Marrs called their cases, neither of the quintet appeared, and their bonds were forfeited.

Detective Miller said yesterday that he and Jim Gonzales, jailor, walked into the game, slipping past an outpost of several guards, who were keeping watch for "the law."

The game, so rudely interrupted by the oficers, was in hot progress and the "balloon," or "pot" was already full of money when the officers ended it.

# Flappers First In Barber Shops Riles Man Who's In Awful Hurry

One of the joys of being a flapper is to go into the barber shops and sit up in the barber chair with feet crossed and unconcerned just like men do.

At least that is what one Wichita Falls barber says.

Saturday several men customers who went into a barber shop to get the regular Saturday working over found all four chairs occupied by good looking young girls.

"Flappers first always," said one of the barbers as he winked.

"I am in a hurry," murmered one of the men under his breath, and now I have to wait until they trim those kids' heads."

When the four flappers had been served and departed one of the barbers gave a discourse on the barber shop element of flapperdom.

"Those girls come in here and sit up in the chairs and try to act just like men do," he said.

"Honestly," he continued, "I believe that some of them bob their hair just to get to come into the barber shops. Anyhow it has a good effect. It knocks Jake over there from springing one of his uncertain jokes every five minutes and altogether it is a relief to get away from the regular run of men's head at times to get to work on a flapper's locks.

"You have no idea how many of them ask us if we know any way to make their hair curl. They always look over the entire row of hair tonics and one kid flapper, who came in here the other day, thought that men put all the different kinds of tonic on their hair at once."

# FIFTEEN DEFENDANTS IN SUIT FILED HERE

Naming 15 separate defendants, H. M. Munger et al filed 15 suits in the 89th district court yesterday morning in a litigation to remove cloud from title to property which he is claiming as his own.

The defendants include several oil corporations, and numerous other persons.

The case will be brought before Judge P. A. Martin during the next term of court.

# WAURIKA WILL BUILD UP TOWN

## Paving Program Now Planned

That the building of the Byers-Waurika railroad to Waurika is already having its effect on business, even though the road has not yet been completed is indicated in reports from Waurika and Frederick.

Twenty business men of Waurika have been in Frederick the past week as guests of the chamber of commerce looking over the municipal improvements in that city with view, it is said, of adopting some of the improvement plans for Waurika.

Already a substantial little city, Waurika is expected to grow rapidly, it is said, when the new railroad enters that city as it will help open up the territory and give people in the immediate vicinity another outlet and inlet for commerce.

Paving and other municipal improvements are being planned for Waurika, it is said, and a general campaign of progress is to be waged.

# Gang of Workers Begin Laying 2500 Feet of Track at Waurika Monday

Monday morning a gang of track workers will start laying 2500 feet of track on the Byers-Waurika railroad, acording to Capt. H. F. McFarland, who has charge of constructing the road. Captain McFarland said the piece of track will be laid Monday to organize the crew and try it out and that no more track will be laid after the 2500 feet for 10 days.

The grading outfits are expected to connect up their work to the Red river in 10 days and will then go on the Oklahoma side where one outfit already is at work. When this work is completed on the Texas side then the track-laying crew will start in full force.

The extremely hot weather has been considerable of a handicap to work on the railroad as neither men nor teams could stand to work at full pace in the severe heat.

The Reason Why---

—the percentage of dependents in "old age" is so great is because so many people neglect to fortify themselves in that period when their earning power is greatest.

Start an account with us—you will be surprised how it can "grow." Later when a real opportunity is afforded you will have the funds necessary to take advantage of the proposition.
