Federal Government Approves Grant of \$389,000 For Goose Island State Park

U. S. Sen. John Tower has notified the Rockport Pilot that the Federal Government has approved a grant of over \$389,000 for a major improvement project at Goose Island State Park. The grant is being made

by the Bureau of Outdoor Recreation.

Tom D. Moore, Director of Region 5 of the Texas Parks and Wildlife Department said the State of Texas will match this grant, thus making the total cost of the project in excess of \$778,000.

Tribute To Connie Hagar

Our beloved and well-known authority on birds, sea shells, and wild flowers, Mrs. Connie Hagar, in years past, could be seen many a spring morning driving up to school with the basket school children and teachers enjoyed most of all.

This basket contained numerous birds, native and migratory, that had been killed in various ways accidentally, and taken to Miss Connie to stuff and identify. She would show them to the children and answer all questions.

Mrs. Hagar also has a most unusual shell collection, of which one of the most fascinating to children is the large abalone pearl, used for pearl handled pistols, knives, etc., the mussel shell of which buttons are cut, and the lovely shell with the "Three Graces," came carved.

Almost once a week for the past two months Mrs. Hagar would call Mrs. Ruby Rasco, who teaches second grade at Live Oak Elementary, and set a date for Mr. Rasco to bring her to school, but each time nature prevented.

As April 17 was our last P.T.O. meeting of the year, Mrs. Hagar suggested that Mrs. Rasco display her birds in a nice leafless, miniature tree in her school room for all to see.

The shells were displayed with a permanent collection of arrow heads, rocks, shells and fossils, along with an autographed book from the president of Shell Oil Company from London, England given to Connie on a trip here to discuss Texas sea coast shells.

Knowing that Mrs. Rasco shared her love of shells, she sent her this autographed book as a gift in 1968, which is a prized possession.

There were about 500 adults and pupils able to see the above mentioned articles. Of course, Mrs. Rasco's knowledge of birds, shells and wild flowers is very limited in comparison to Mrs. Hagar's.

The spring of 1968 after Hurricane Beulah Mr. and Mrs. Rasco took a Sunday trip south via Riviera, Falfurrias and about 15 miles south of Falfurrias wanting to see an unusual wild flower that Mrs. Rasco had seen on a previous trip to McAllen one year as a delegate for the Faculty Club of the Corpus Christi schools. She had read in National Geographic that a wild flower called "Heart's Delight" grew there and in Persia, the only two places to be found in the world. As Connie says, it is sand verbenia of shades of fuchsia and orchid on a stem of about 12 inches. They are a desert plant with a very long tap root. An elderly Spanish lady had some in her yard and we brought some flowers along with plants home, but were never able to get any to live here.

Our thanks to Mrs. Connie Hagar for being so well informed and as a part of our lay educational system in our town, she is certainly responsible for much of the publicity we get in the "Toast of the Coast," Rockport, Texas.

FIRE AUX. DANCE

The Rockport Firemen's Auxiliary is sponsoring a benefit dance June 17 at Lillian's Danceland from 9:00 p.m. to 1:00 a.m. Adolph Hoffer will provide the music. Tickets are \$3.00 per person and may be purchased from members of the Auxiliary.

Some of the highlights of the expansion and improvement project will be construction of a superintendent's residence; maintenance building; concrete shelters; multi-use campsite; picnic sites; trailer dump station;

A central sewage system; landscaping; landfill and reclamation; concrete bulkhead; paved roads and parking areas; trails; drainage work; modification to existing utility system; and building renovation at the park.

Every year, Goose Island State Park is becoming more popular with campers and visitors, and this forthcoming expansion and improvement project is certain to attract even greater numbers of visitors to the Rockport area.

Pirate Band Says Thanks

The members of the Rockport-Fulton Fighting Pirate Band wish to thank the people of the Rockport area for their help in raising the necessary money for their forthcoming trip to the Six Flags Band Contest in May.

The Job Placement Bureau was a success in that the band members have raised the required \$1,500 that they needed in order to make the trip. The Job Placement Bureau handled over 100 jobs in reaching their goal.

They thank all area residents who used the placement bureau to help reach the goal.

Band Festival To Be Presented

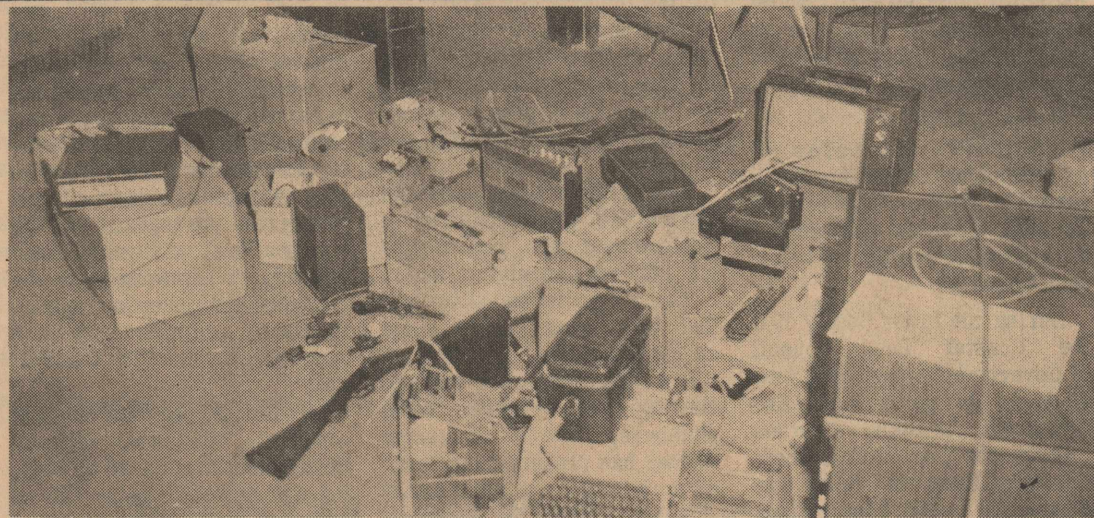

The Rockport-Fulton Band Festival will be presented May 4 at 7:30 in the High School gym. All the bands in the Rockport-Fulton music department will be included in the concert.

These bands are the sixth grade band, the Junior High Band and the High School Fighting Pirate Band.

The Band Festival is free, and the public is cordially invited to attend.

Charged With Rape

Calvin Barnhill, 26, Aransas Pass, was arrested this week and given a hearing before Justice of Peace Lawrence Miller on a charge of raping a 13-year-old girl. He was ordered held for trial and was placed in the county jail with bond set at \$10,000.

STOLEN GOODS RECOVERED — More than \$6,000 worth of stolen household items and guns have been recovered by Aransas County Deputy Sheriff Gary Painton and Texas Ranger Jim Peters, who arrested two Aransas Pass men on charges of burglary.

Library Seeking Natl. Geographics

The Aransas County Public Library is looking for some back issues of the National Geographic Magazine. They specifically want issues from the years 1920 through 1956. The National Geographic Magazine is of particular value for many types of research work.

The Library has, and is, assembling bound copies for each year for reference material; additional copies of a given year and then circulated.

If you have a stack of this periodical or just a single copy of the magazine of the years noted above for which you have no further use, why not give it to the Library: any and all will be appreciated and used as many of the patrons, both children and adults will attest to.

Revival Services At Pentecostal

The Rev. Worden McDonald, president of Southern Bible College of Houston, will conduct revival services at the Pentecostal Church of God Friday, Saturday and Sunday.

The Rev. L. D. Crawford, pastor of the church, said the Friday and Saturday services will be held at 7:30 p.m. and the Sunday services at 10 a.m. and 7 p.m.

Sheriff's Dept. Helps Recover Stolen Property Worth \$6,000

Sheriff Bob Hewes on Monday announced the arrest of two burglary suspects and the recovery of more than \$6,000 worth of property stolen from homes in Aransas, San Patricio and Nueces counties.

Fined for Theft Of Brass Tubing

Katherine Ann Freeman and Warren Lynch of Estes were tried in district court Monday on a reduced charge of misdemeanor theft in connection with the theft of brass tubing from behind the Carbon Black plant.

They were each fined \$250 and sentenced to serve two days in Aransas County jail.

Gets Four Years On Burglary Charge

Eddie Groff of San Antonio was sentenced Monday to four years in the penitentiary on a charge of burglary.

Appearing before Judge John Miller in district court, Groff pleaded guilty to burglarizing a home in Lamar and received his sentence from Judge Miller.

The Fulton Cemetery Association will have a meeting May 1 at the Fulton Fire Station.

Found Not Guilty On Murder Charge

Adolph Lee of Aransas Pass last week was found not guilty of murder by a jury in district court here.

Lee was brought to trial in connection with the shooting death last December of Jesus Reyes Moreno whose body was found on the beach at Aransas Pass.

Eight Coaches Quit at Rockport-Fulton High

High school athletic director and head football coach Benny Bloomer and seven of the eight assistant coaches who worked with him in the Rockport school system have announced their resignations.

Bloomer, who has been the head football coach at Rockport for the past seven years, will become the head football coach and athletic director at

LaGrange High School, a member of District 10-3A.

Bloomer will be joined at LaGrange by two of his Rockport assistants, Bob Johnson and Leonard May. Johnson will be the head basketball coach at LaGrange, the same job he held at Rockport, and May will be the head baseball coach.

Johnson's basketball team at Rockport shared the District

30-2A co-championship with Woodsboro this spring. The Pirate football team won the 30-2A title last fall. Bloomer has an outstanding career record of 86-51-7 in his 14 years as head football coach.

Jerry Harper, the first assistant football coach for the Pirates, has accepted the football head coaching job at District 19-2A Madisonville.

Other changes include the Pirates' head baseball coach, Lee Condrey, going to White Oak as an assistant football coach; baseball assistant coach Rudy Zamora going to Kenedy as an assistant coach; junior high coach Jack Narrell going to Alamogordo, N. M., as an assistant football coach; and junior high coach Roger Harralson going to Woodsboro as an assistant coach.

Bloomer's teams have had 10 winning seasons in 14 years. His last Rockport team, which lost to Refugio in bi-district competition, finished the season with a 5-4-1 record.

No replacements for the coaching vacancies at Rockport have been announced.

Daylight Savings To Start Sunday

Daylight Savings Time will start at 2 a.m. Sunday, April 30.

This means that before you go to bed Saturday night you should set your watches and clocks AHEAD one hour.

In case you get confused about how to set the clocks and watches, just remember the little saying that applies to Daylight Savings Time:

"Spring ahead, fall back." In the spring when Daylight Savings starts, you set them ahead; in the fall when it ends, you set the clocks back.

Colorado Olympics?

Rockport has fine young people, members of Explorer Post 49, sponsored by our V. F. W. They have qualified for the National Explorer Olympics at Colorado in June.

V. F. W. has asked for donations from our local businesses, but so far only out-of-town donations have been received.

This is the first time our boys and girls have had this opportunity - will we let them down?

Rockport has always been known to be 100% behind our youths' activities, time is growing short for the Explorers to send their registration fees by May 1. Don't let them down. Send donations to: Post Advisor Pete C. Ramirez, 608 N. Austin, Rockport, Texas 78382, or Post Treasurer, Richard Montemayor, P. O. Box 645, Rockport, Texas 78382.

Expect 'No-Fault' Insurance In Texas

Seven states now have some form of so-called "no-fault" automobile insurance and many more, including Texas, are expected to adopt it in the near future, according to Baxter Jackson, executive secretary of the Corpus Christi Association of Independent Insurance Agents, who spoke at a luncheon meeting of the Rotary Club, Wednesday, April 19 at Corky's restaurant.

Jackson explained that no-fault insurance provides payment for personal injuries and loss of income by one's own insurance company without the necessity for going to court to collect. He added that no provision is made for claims involving pain and suffering, but only for medical costs and loss of income.

Contrary to claims that no-fault insurance prevents an injured person from going to court to collect damages, Jackson said this is still possible if injuries exceed a specified limit, usually, \$10,000. However, he added that this amount usually covers normal costs.

It was pointed out that the laws of Texas must be changed to provide for this type of automobile insurance. He also explained that a motorist would still need property damage and collision insurance in addition to no-fault liability insurance. Jackson reported that the Texas State Bar Association is opposed to no-fault insurance, claiming that it does not offer sufficient protection for the injured person.

Jackson, who attended the public hearing on windstorm insurance the previous Monday, praised the manner in which it was conducted and predicted that the Texas State Board of Insurance would provide some relief for this area on rules and premium rates.

Parks & Wildlife To Hold Public Hearing

The annual public hearing concerning the harvesting of the wildlife resources of Aransas County will be held in the county courthouse at 10 a.m. Monday, May 1, according to Tom Moore, Regional Director of the Parks and Wildlife Department.

These hearings are held in every county in the state where the Department has regulatory responsibility. The proposed proclamation for the coming year is read and any changes from the current rules are explained by biologists and/or game management officers.

The public is invited to present any complaints they have or any requests they would like to make concerning the seasons, means and methods of wildlife harvest, or the bag limits. Moore emphasized that only those subjects could be discussed at this hearing.

The entire hearing is tape recorded and the tape is sent to the Parks and Wildlife Commission for them to hear before they approve or disapprove the proposed proclamation for this county.

The Commission will act on the proposals at one of their regularly scheduled meetings in Austin. Any person or group who would like to appear before the Commission at the time they take up the proposals is invited to do so.

ALUMNI TO MEET

There will be a meeting of the Rockport-Fulton Alumni Association Tuesday, May 2 at 5 p.m. in the Aransas County Courthouse. All members are urged to please attend.

Charged With Sale Of Marijuana To 13-Year-Old Boy

Efren Garcia, 20, who is on 5-year probation for rape, was arrested Monday and jailed on a charge of selling marijuana to a 13-year-old boy just off the Rockport-Fulton Junior High School grounds. Garcia also is charged with possession of marijuana.

Deputy Sheriff Vernon Duke said he saw Garcia make the sale of marijuana to the youngster.

Duke apprehended Garcia and the 13-year-old boy. According to the deputy sheriff, the boy had purchased enough marijuana to make about 15 cigarettes.

The boy will appear later before Juvenile Court Judge John D. Wendell.

Absentee Voting Will End on May 2

Absentee voting for the May 6 primary elections is in progress at the County Clerk's office in the Courthouse and will continue until 5 p.m., Tuesday, May 2.

As of Tuesday, 22 persons had cast absentee ballots at the County Clerk's office and 27 absentee ballots had been mailed out and two had been returned by mail. These figures apply to the Democratic primary election.

In the Republican primary election on May 6, a total of six absentee ballots had been mailed out as of Tuesday.

Junior High District Champs

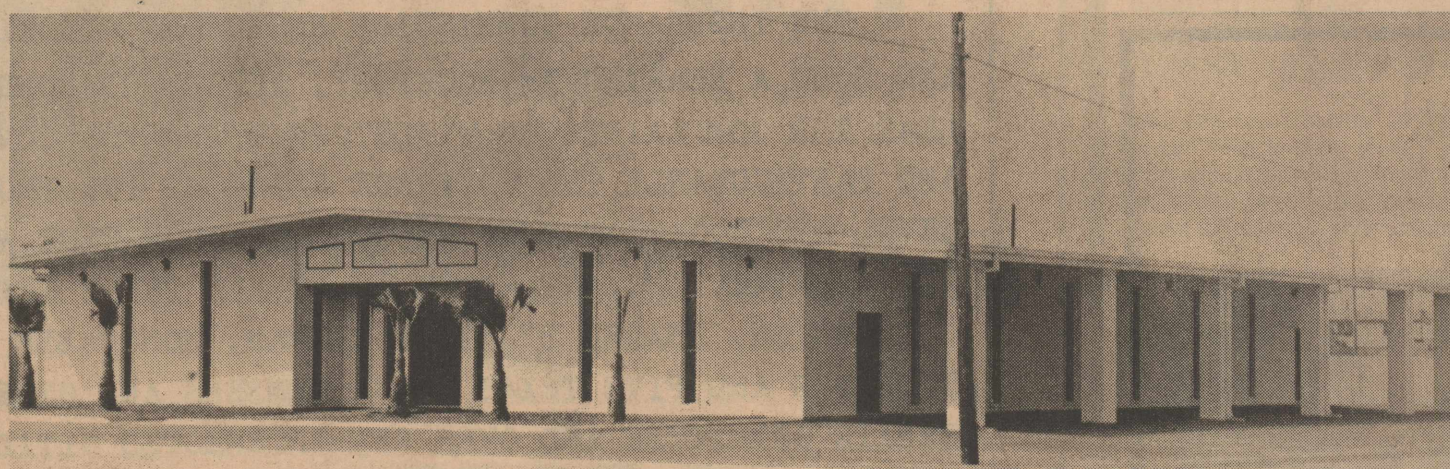

The Rockport-Fulton Junior High volleyball team captured the district championship last Thursday by defeating Mathis.

Both 7th and 8th grade teams ended the season undefeated in match play. This makes the second year in a row for Rockport-Fulton to take the district title.

Team members are as follows:

7th grade: Betty Baldwin, Helana Bloomer, Rhonda Frazier, Jena Miller, Sylvia Pena, Cindy Schendel, Teresa Velss, Amy Garcia, Manager. 8th grade: Alice Carter, Arthonia Green, Kim Harper, Lorna King, Claire Pleton, Ida Ramirez, Corina Rivera, Pat Stevens, and Barbara Lewis, manager. Coach: Cathy Turnbough.

Marshall Funeral Home Dedication Apr. 30

The new Marshall Funeral Home in Rockport will be dedicated at 2 p.m. Sunday, April 30 by the Aransas County Ministerial Alliance. Open house will be held following the dedication service until 5 p.m. The public is cordially invited.

The new Marshall Funeral Home replaces the former structure which was totally destroyed by Hurricane Celia.

The new Marshall Funeral Home has 7,500 square feet and Charlie Marshall states he feels that it is one of the finest in South Texas. The building consists of a large lobby and reception area. There are three slumber rooms, business office space, arrangement office, showroom, apartment, preparation room, two restrooms, and a chapel that will seat 340 people. The building had 25 tons of air conditioning, a 9-speaker system with finger tip control and a lighting system complete with dimming controls.

The chapel has a new Hammond organ, complete in every detail. The windows are of green and blue stained glass and the color scheme of the entire interior matches throughout with

blue and green high pile carpet. The pews are blue with padded seats and backs. The furniture is blue or green and arranged in an attractive manner throughout.

The exterior of the building is white brick. The front yard is landscaped with carpet grass and palm trees, while the remainder 1/2 block is covered with black-top and the entire area is set off with an attractive fence.

Charlie Marshall went to work for L. A. Cage in 1949 in Aransas Pass and Rockport. He became manager of the funeral homes in Rockport, Aransas Pass, and Taft in 1952. He became a partner with Mr. Cage in 1953 and the firm name was changed to Cage Marshall Funeral Homes. In 1963 they put a funeral home in Portland. In June 1968 Marshall bought out the Cage interest in Aransas Pass and Rockport and sold Taft and Portland funeral homes.

Charlie was born July 7, 1923 in Skidmore, Texas. His father is a Methodist minister, still in full time work at the age of 76. He finished high school in Raymondville, Texas and attended South West Texas

State in San Marcos. He is a veteran of World War II serving in the U. S. Navy. After the war he attended Landig College of Mortuary Science. He was appointed to the State Board of Morticians by Gov. Price Daniel for a 6 year term and then was reappointed by Gov. Connally for another 6 years of those two terms.

Marshall has been active for years in civic and area organizations, including the following: Member of the First Baptist Church, Past President of the Baptist Brotherhood, President of the Aransas Pass Associated Charities since it was founded for the past fourteen years, Past President of the Aransas Pass Chamber of Commerce, President of the Aransas Pass School Board, Veteran of World War II, with foreign service, Member of the Aransas Pass Lions Club.

Served as a member of the San Patricio County Public Affairs Committee, Served on the San Patricio County T B Board and San Patricio County Red Cross, as a Director, Member of the Aransas Pass American Legion and Veterans of Foreign Wars, Member of the San Pat-

ricio County Juvenile Committee, Member of the Aransas Pass Masonic Lodge #1018, Director on the Board of Prairie View Cemetery Association, Past Director of the Live Oak Golf Country Club.

Marshall is associated in business with two sons, J. T. Marshall and Bill Marshall. J. T. will live in Rockport in an apartment in the Funeral Home building proper. His wife Diane works for Glass Sorenson and McDavid Insurance Co. They have one daughter, Machell, J. T. graduated from Aransas Pass High School, attended A&I University and graduated from Dallas Institute of Mortuary Science. He is active in Rotary Club and at this time is president of the Aransas Pass Chamber of Commerce.

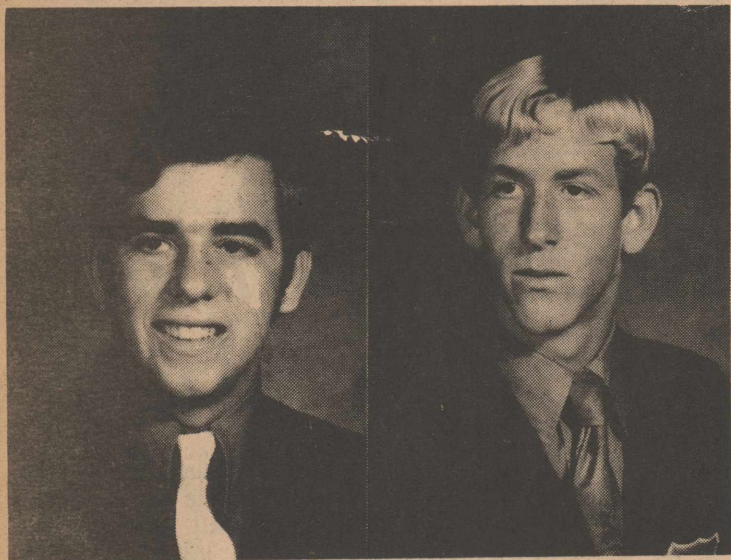

Bill Marshall graduated from Aransas Pass High School, attended A&I University and graduated from Commonwealth College of Mortuary Science. He is active in civic affairs including the Junior Chamber of Commerce.

The firm has two other fully licensed men, Raymond Nelson of Rockport and Lee Longino of Aransas Pass.

Council Minutes Are Listed

Excerpts of the City Council meeting of March 21, 1972.

Mr. Larry Urban of Urban Engineering Co., representing Global Land Corp., presented to Council Global's request to City's approval for them to connect to the City Sewer System, at no expense to the City. Global plans to construct a lift station and force main to deliver the sewage to City's treatment plant. When line is completed Global will, if City so desires, dedicate same to the City, or will retain ownership and operate and maintain same. This request is made so that sewer service may be available to the 20 condominiums they now have under construction and due to be completed within the near future. City would gain additional revenue for this sewer service.

It was brought out that the City's present sewer treatment facilities are sufficient to handle these additional customers. Global Land is not interested in obtaining other customers on this line, when completed, since their plans call for a total of 80 condominiums. Mr. Urban stated that when City Engineer checked with Texas Water Quality Board regarding City's application for a federal grant relating to improving City's sewer treatment plant to handle double its present capacity, he was informed that Rockport would be due to receive the funding in the near future whereby construction could commence sometime this summer.

Mr. Shults recommended to Council that Global Land retain ownership at this time and maintain same; that they be requested not to add additional customers prior to completion of expansion to treatment plant. Mr. Urban further stated that if City approves this request, Director of Public Works be

versions in the past five days, this is to advise that my principal has decided to proceed with the leasing of the Townsite of Rockport after receiving an encouraging response from the various officials of the City of Rockport and large landowners.

I am enclosing for your perusal and execution a 5-year non-development lease which, among other things, provides for the usual 1/8 royalty, a \$45.00 shut-in gas payment, in the City's particular case, and \$10.00 per acre bonus for each lot. I have ascertained from a check of the records the City owns either a full or one-half interest in 64 lots. I am willing to pay you \$10.00 per lot, regardless of your interest in these lots.

I do not wish to divulge the name of my principal at this time, for competitive reasons. However, this operator will take extraordinary care and precaution, if and when he decides to drill in the townsite. Further, the drilling will follow the ordinances of the City of Rockport, the rules of the Railroad Commission, and the laws of the State of Texas.

I am extremely anxious to acquire the City's lease, for it will help me immeasurably in acquiring the many thousands of lots that I will have to acquire prior to drilling. You and I both know the benefits that could be derived from this undertaking, to the City of Rockport and the County of Aransas. Thank you for your many courtesies.

Sincerely,
S/Henry H. Wagner"

Mr. Wagner presented to Council a brief report on leasing and drilling procedures and benefits to be gained by City and its residents. As the City Attorney was tied up in court the last couple of days, Mayor Hiller asked Mr. William Bloch to review the lease contract. Mr. Bloch reported that he found the contract to be satisfactory and recommended that City execute same; City would realize some bonus based on \$10.00 per lot per year owned by the City. Matter discussed.

The following letter received from the First National Bank was read by the Mayor:

"March 8, 1972
We respectfully request that the City Council designate all of Block 29, Smith and Wood Addition, City of Rockport as "Broadway Plaza". The bank plans to build banking quarters on this site in the near future and would like to use this address.

Thank you for your consideration of our request.
S/James H. Sorenson, Jr.
President"

Mr. Jackson moved that

Council pass Resolution designating Block 29, S&W, be known as "Broadway Plaza." Mr. Zambrano seconded the motion. All voted in favor. Motion carried.

The Mayor told Council that three members of the Rockport Police Dept., Chief Taylor, Sgt. Vargas, Patrolman Sullivan and Patrolman Blasingsame, had attended a Law Enforcement School last fall and the following letter received from Coastal Bend Council of Governments regarding completion of courses given:

"March 2, 1972
Subject: "Certificates of Achievement" for 40-hour Advanced Law Enforcement Training Courses held during the period September 13 - December 10, 1971

During the latter part of 1971 the Coastal Bend Council of Governments sponsored four 40-hour Advanced Law Enforcement Training Courses through its Law Enforcement Training Program which was conducted by personnel from the Texas A&M University Police Training Division in Aransas Pass and Ingleside, Texas. These courses were held during the period from September 13 through December 10, 1971.

Some of the law enforcement officers from your law enforcement agency successfully completed either one or all of the courses and were honored and recognized for their achievement at a banquet held in Aransas Pass on December 10, 1971.

During the time these courses were being completed, the CBCOG was in the process of designing an appropriate award from the CBCOG to honor these law enforcement officers for their achievement in completing these courses as well as the law enforcement officers who would successfully complete future law enforcement courses sponsored by the CBCOG. Unfortunately, the final design of this award was not completed until some time after these courses were completed.

In any event, we have en-

closed with this memorandum a Regional Law Enforcement and Criminal Justice Academy "CERTIFICATE OF ACHIEVEMENT" for each of the law enforcement officers from your law enforcement agency that successfully completed either one or more of the four courses. The CBCOG would deem it an honor if you or your designated representative would make the presentation of these awards to the law enforcement officer indicated on these awards. Should some of these officers not be in your employ at this time, we would appreciate your forwarding the award to the officer."

Mayor Hiller presented Chief Taylor with the Certificates of Achievement and commended all officers receiving same.

The Mayor informed Council that after many hours spent on checking into and preparing a new plumbing code and reviewing same with local plumbers, City Inspector Ladner has presented for Council's adoption a "Suggested Plumbing Code" for Rockport.

Inspector Ladner informed Council that the proposed plumbing code is one published by the Texas Municipal League, monitored by the State Board of Plumbing Examiners and is considered a concise, up-to-date code utilizing information contained in other well known National codes. He outlined the changes he made in the code which he felt were more applicable to the City of Rockport; such as, limiting inspection of plumbing outside of the City Limits; requirement of a plumber's license, allowing a one year period in which to acquire a plumber's license by those individuals who now have a bond deposited with the City; and reducing from six to five membership of the Plumbing Appeals and Advisory Board since the City Engineer does not reside in Rockport. He also outlined the proposed charges for various permits which he felt would be more reasonable. Matter discussed.

Mayor Hiller entertained a motion that Council adopt New Plumbing Ordinance as presented. Mr. Zambrano so moved. Mr. McMillan seconded the motion. All voted in favor. Motion carried.

With reference to the proposed curb and gutter assessment program on Market Street the following resolution was read:

RESOLUTION
WHEREAS, by ordinance duly passed on March 7, 1972, recorded on Page 344 of the Ordinance Book of the City of Rockport, the City Council ordered the permanent improvement of certain portions of public streets designated therein, by excavating, grading and paving the same, and by the construction of curbs and gutters, where required, in accordance with plans and specifications on file with and approved by the City Council; and,

WHEREAS, pursuant to said ordinance, the State Highway Department advertised for bids, for and on behalf of the City of Rockport, as its duly authorized agent, for the construction of such improvements, and bids were received and opened, all as provided by the laws of the State of Texas; and,

WHEREAS, the bid of Heldenfels Brothers, Contractor, in the amount of \$101,035.85, was the lowest and best responsible bid, and the State Highway Department, as agent for the City of Rockport, has awarded to Heldenfels Brothers, Contractor, the contract for the construction of such improvement; and,

WHEREAS, the contract form and contract documents, including the performance bond, required by the agreement and by law, have been executed by the contractor;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ROCKPORT, TEXAS:

That the form and substance of the contract and contract documents heretofore executed by Heldenfels Brothers, Contractor, providing for the con-

struction of the improvements above described be, and the same are hereby approved, as executed by said State Highway Department in its capacity above stated.

That the performance bond accompanying said contract and executed by Heldenfels Brothers, Contractor, be and the same is hereby accepted and approved.

That the City Secretary of the City of Rockport be, and he is hereby directed to prepare and file with the City Council estimates and rolls as required by law for each street unit to be so improved, showing thereon the total estimated cost of the improvements in each such unit, and showing in detail the description of each parcel of property abutting thereon, together with the names of the apparent owner thereof, the number of front feet of each parcel of property, and the amount to be assessed against the same, and such other pertinent information as may be required by law.

Council reviewed Financial Statements as of February 29, 1972.

Current bills were presented for approval for payment. Mr. Jackson moved approval of bills as presented for payment. Mr. Garrett seconded the motion. All voted in favor. Motion carried.

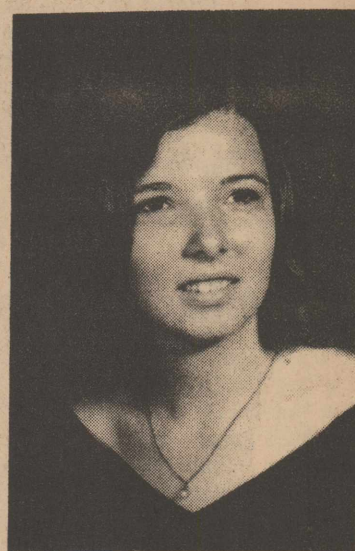

Mr. Johnson was asked if, after reviewing bids received for Little League Ballpark items, Council should award contracts for same. Mr. Johnson stated that contracts could be let for installation of playing field lighting, lighting fixtures and labor covering outfield fence; would like to check further on other items for more reasonable bid figures.

Mr. Jackson moved that Council award bids to H. D. Heasley for installation of playing field lighting and labor on outfield fence and to Nunn Electric Co. for lighting fixtures. Mr. Zambrano seconded the motion. All voted in favor. Motion carried.

Mr. Jackson moved that

Kaye Lauer Wins Ready Writing

Miss Kaye Lauer, senior student at Rockport-Fulton High School, has advanced to state competition in ready writing after winning first place in

KAYE LAUER

the Region IV Class 2A University League meet completed at Texas A and I University Saturday. She will compete in the annual University Interscholastic League State Meet to be held in Austin on May 4, 5, and 6.

Active in student activities, Miss Lauer is a member of the National Honor Society, is treasurer of the annual staff, historian of the Future Teachers of America, and publicity chairman for the band. She is the granddaughter of Mr. and Mrs. Glenn Lauer of Fulton.

Mrs. Jo Beth Mixon is her coach.

Council authorize Mr. Shults and Mr. Johnson to negotiate on any terms and basis which is feasible covering balance of work to be done on Little League Ballpark. Mr. Garrett seconded the motion. All voted in favor. Motion carried.

Mr. Shults also reported that curb and gutter in front of Rockport Elementary School has been completed.

TWO STATE SENATORS AND FIVE TEXAS HOUSE MEMBERS AND OTHER LAY MEMBERS ON THIS SENATE COMMITTEE AND OVER 225 INTERESTED CITIZENS OF THIS COASTAL AREA WERE PRESENT. EVERY LOCAL COUNTY, CITY AND AREA GROUPS FILED RESOLUTIONS SUPPORTED BY SOME 650 SIGNATURES FROM ROCKPORT ON SIGNED PETITIONS. THEREFORE, IF THE RESULTS FROM THIS HEARING DOESN'T RESULT IN NECESSARY CHANGES TO REMOVE THE 20 FT AND 2500 FT DISTANCE FROM THE WATER AND IF THE INSURANCE COMMISSION IS UNABLE TO CONVINCE THE MEMBERS OF THE CATASTROPHE POOL ASSOCIATION TO REMOVE THESE RESTRICTIONS AND GIVE THE PEOPLE OF THIS AREA REDUCED RATES AS OTHER AREAS ENJOY, I WOULD APPRECIATE IN BEHALF OF MY CONSTITUENTS TO REQUEST YOU TO OPEN THE NECESSARY SPECIAL SESSION, PROBABLY IN JUNE, TO CONSIDER THESE NEEDED AMENDMENTS. SO MANY POLICIES WILL BE UP FOR RENEWAL BEFORE THE NEXT REGULAR SESSION.

PLEASE GIVE ME THE OPPORTUNITY TO INTRODUCE THESE PREPARED, CORRECTED AMENDMENTS DURING THIS SPECIAL SESSION FOR THE INTEREST OF THE PEOPLE OF ARANSAS AND THE SURROUNDING COUNTIES AND CITIES. I WOULD LIKE TO USE ALL THIS TESTIMONY BEFORE THE HOUSE COMMITTEE HEARING THESE AMENDMENTS.

THANK YOU FOR YOUR THOUGHTFUL CONSIDERATION.

**Hospital Insurance
Under Medicare**

Facts show that the hospital insurance - Part A of Medicare - pays most of the hospital bill, according to Tom Wilson, Field Representative of the social security office in Corpus Christi.
About 75% of the Medicare beneficiaries who are hospitalized have only one admission a year, and are therefore charged the \$68 deductible only once a year. If a patient enters a hospital a second time within 60 days of his release, the deductible is not charged again. Also, 95% of those in a hospital remain there for less than 60 days so that there is seldom a need to pay part of the daily hospital bill. With this protection, most people would not benefit from additional hospital insurance with private companies, Wilson explained.
A bill now before Congress would help maintain the present protection - coinsurance beginning with the 31st day in the hospital - but this change

would not be significant as 80% of the people remain in the hospital less than 30 days at a time.

Wilson suggested that beneficiaries consider the extent of their hospital insurance protection under the Medicare program before paying for additional insurance with private companies. For more information ask for "Your Medi-

ACCENT ON HEALTH

A few years ago in Texas, emergency ambulance service was more or less a haphazard affair. Some communities and rural areas provided excellent coverage, but others provided only minimum equipment or less, and attendants with little or no emergency medical training.

Then the Texas State Department of Health moved to increase the quality and quantity of training and equipment, and the professionalism of emergency medical care personnel rose in Texas.

"Emergency ambulance care in Texas has improved considerably in the past few years and is continuing to improve," said Charles E. King, Director of Civil Defense and Traffic Safety, Texas State Department of Health. "The State Health Department is now responsible for assisting communities in the establishment and improvement of emergency medical care facilities, the training of ambulance personnel, and the maintenance of a State Registry, which encourages medical care personnel to acquire and maintain a high level of proficiency."

The importance of properly trained ambulance attendants is evident from a study by the American College of Surgeons which reveals some 20,000 persons die each year because of inadequate care prior to reaching a hospital. Some 25,000 persons are permanently disabled as a result of improper handling.

After conducting a State survey to determine the need to upgrade the skills of ambulance personnel across the State, the State Health Department established an Emergency Care Attendant program designed to take the classroom as near to the student as possible. The first course was held in San Angelo in 1968. Now courses are offered which involve up to 72 hours of intensive and specialized training.

As of the first of 1972, these training schools have been attended by 9,585 students, with 6,766 of those successfully completing the course. Some 89 schools have been conducted across the State with students representing 556 Texas towns and cities, thus providing many of those communities with their first highly trained emergency care personnel.

The methods and curriculum used in the Emergency Care Attendant school are applied, but magnified, in the Emergency Medical Technician School, a totally different training program of a more intense nature. The first such course was held in Austin in 1970, with six courses conducted in Houston since that time, three

in Fort Worth, one in Amarillo and one in Dallas. Some 408 persons have enrolled in these schools with 330 graduating. Houston and Fort Worth now require by law all ambulance attendants to have completed Emergency Medical Technician training and be certified by the State Health Department.

CITY COUNCIL MINUTES LISTED

The City Council met in Regular Session on Tuesday, March 21, 1972, at 7:30 p.m. and those present were:

Mayor, Delmar R. Hiller; Aldermen, Murray C. McMillan, Joe Zambrano, N. F. Jackson, Charlie Garrett; City secretary/tax accessor-collector, Herman C. Johnson; Assistant city secretary, Helen G. Braffett; Director of public works, Tom Shults; city attorney, David B. Connery, Jr.; Chief of Police, Everett D. Taylor; City Inspector, Gerard J. Ladner; Reporter, J. R. Kinsey.

Visitors, William H. Bloch, H. D. Heasley, J. F. Chaney, C. R. Allen, Larry Urban, W. C. McNickle, A. C. Roloff, Lola L. Bonner, S. W. Cade, John Bennett, Joe Lister, Bill Oliver, C. R. Towne, C. L. Williams, Mrs. J. C. Loehr, J. Loehr, Harry G. Kautz, Ed Harper, George C. Anderson, Roy Benedil, Henry H. Wagner, Richard Fox, Capt. Samuel Garland.

The meeting was called to order by the Mayor.

The minutes of the regular meeting of March 7, 1972 were presented for approval. Mr. Garrett moved that the minutes be approved as presented. Mr. Zambrano seconded the motion. All voted in favor. Motion carried.

Mayor Hiller welcomed the visitors.

The Mayor stated that three bids had been received for the truck for the Garbage Dept., and asked if there were any more to be submitted. Mayor Hiller opened and read the following three bids:

1. Commercial Motor Company, \$4,070.00.
2. Geo. Clark Chevrolet Co., \$4,005.00.
3. Atzenhoffer Chevrolet Co., \$4,007.83.

Council unanimously agreed that acceptance of any one bid cannot be made until bids are reviewed by Mr. Shults. Awarding of bid deferred.

Mayor Hiller proceeded with opening of bids regarding various items relating to Little League Ballpark; as advertised in Rockport Pilot.

The Mayor suggested that Mr. Johnson and Mr. Shults review the bids before taking any action. Council agreed this be done; bid figures be correlated with cost of materials required to determine total cost.

Mayor Hiller gave a brief run-down regarding request of Rockport North, Inc., developers of the proposed Sea Aire Shopping Center, to close Cherry Street and open Maple Street from Highway 35 to Broadway. The City's letter of reply dated December 23, 1971, was read as follows:

"The closing of Cherry Street between Highway 35 and Broadway was tentatively approved with the north half of the street diverting to you and the south half to the State Highway Department. The tentative approval was based on your furnishing the City with a plat from an engineer or surveyor showing the street and the location of a utility easement of ten (10) feet to be granted to the

City where the gas lines and regulator stations of Aransas Natural Gas Co. now exist. The City agreed to open Maple Street from Highway 35 to Broadway at such time that construction on the shopping center is commenced; provided the developer will curb and gutter on the south side of the street, agrees to put down a six-inch shell base plus a topping of one-inch asphaltic hot mix from the curb line to join the twenty-two foot width that the City will shell and pave down the center line of this street. The curb and gutter shall be at a location designated by the Director of Public Works at such time that construction plans are submitted to the City for the shopping center."

Reply to this letter received from Harper Real Estate, who are representing the developer, was read as follows:

"March 1, 1972

Regarding your letter of December 23, 1971, we agree to curb and gutter on the south side of Maple Street and to put down a six-inch shell base plus a topping of one-inch asphaltic hot mix from the curb line to join the twenty-two foot width that the City will shell and pave down the center line of this street.

The curb and gutter shall be at a location designated by the Director of Public Works at such time that construction plans are submitted to the City for the shopping center."

The Mayor also referred to Mr. Roloff's letter of January 4, 1972, in which he outlined three suggestions regarding the opening of Maple Street, one of which was to reduce the street right-of-way to 60' in order to preserve the grove of live oak trees located on a portion of the north half of Maple Street.

Closing of Cherry Street was discussed. Rockport North, Inc., had granted an easement of six feet to Aransas Natural Gas Co. When questioned why reduction of easement from ten to six feet, Mr. Loehr stated

that Aransas Natural Gas Co. regulator stations of Aransas Natural Gas Co. now exist. Mr. Shults was asked if City would require an easement. No easement required by City as present service line would be removed since no need for same when street is closed. Storm sewer presently there would be on State Highway property.

Mr. Jackson moved that Council approve closing of Cherry Street from Highway 35 to Broadway, approve easement of six feet granted to Aransas Natural Gas Co., City not to require an easement, and City Attorney be instructed to prepare necessary ordinance for closing of Cherry Street. Mr. McMillan seconded the motion. All voted in favor. Motion carried.

With reference to opening of Maple Street, reducing street right-of-way to 60' was discussed. Mr. Roloff stated that this was in agreement with his original suggestion; confirming with Council that the 20' on each side would revert to the abutting property owners. Location of curb and gutter, as designated by Mr. Shults, was discussed. Mr. Kautz asked if curb and gutter would be constructed on north side of Maple Street. If not, he felt that it would result in heavy traffic on south side of street near his property. Opinion was expressed that majority of traffic would travel down the center of the street within the twenty-two foot strip to be paved by the City.

Council stated that they would rather that curb and gutter be installed on south side from Highway 35 all the way to Broadway although small area near Broadway did not belong to property owner where shopping center is to be developed. This was agreed to by property owner.

Mr. McMillan moved that Council approve opening of Maple Street, reducing right-of-way from 100' to 60', abandoning 20' on either side of existing right-of-way and re-

questing City Attorney to prepare proper ordinance. Mr. Jackson seconded the motion. All voted in favor. Motion carried.

The Mayor asked Miss Bonner, who was representing Mr. Bennett, if she had any more information pertaining to the matter of Pearl Street and Bay Street right-of-way. Miss Bonner stated that if City decided to close Bay Street, a 20' easement would be granted provided City would agree to grade street whenever same was torn up due to repairs to water line. Confirming with property owners on north side of Bay St., who were present at the meeting, Miss Bonner stated that these property owners would go along with granting this easement in order to help Mr. Bennett solve his problem; even though they preferred not to have the street closed and abandoned by the City.

Matter discussed further as to reducing street right-of-way. Mr. Shults suggested that location of utility lines be checked prior to deciding on width of street; thought water was located fairly close to centerline.

Mayor Hiller entertained a motion that City Attorney be requested to prepare necessary Ordinance to narrow Pearl Street right-of-way to the existing 60' width, north to the intersection with Bay Street; reduce Bay Street right-of-way to 30' using existing centerline, upon receipt of petitions acceptable to City Attorney.

Mr. Garrett so moved. Mr. Zambrano seconded the motion. Mr. Johnson raised the question as to who would pay for the survey of streets. Miss Bonner stated that Mr. Bennett was willing to pay for this survey. All voted in favor. Motion carried.

Girls Track News

April 15, the girls track team participated in the A&I Invitational Track Meet in Kingsville. Mellinee Harwick won 3rd in the 220 yard dash and 4th in the 100 yard dash.

April 18, the girls track team participated in the District Track Meet at Tuloso-Midway High School. There were nine teams participating in the meet. Rockport was fourth in the meet with Flour Bluff, Tuloso-Midway, and Calallen as the leaders.

MELLINEE HARWICK

Mellinee Harwick won 1st in the 220 yard dash and 2nd in the 100 yard dash which qualified her for the Regional Meet to be held in Victoria, April 29.

Alice Huff won 3rd place honors in the shot put and discus. Mary Laird won 3rd in the high jump. The 440 yard relay team which consisted of Mary Jones, Lynn Moody, Mary Laird, and Alice Huff placed 6th, and the 880 yard relay which consisted of Lynn Moody, Mary Laird, Alice Huff, and Mellinee Harwick placed 5th.

This has been the first year that the girls have participated in girls track. Each girl did a fine job in representing Rockport-Fulton High School and should be in contention again next year.

Buttons were first put on men's coat sleeves by Frederick the Great, to keep his soldiers from wiping their noses on their sleeves.

CHARLES MUNDINE DIES

Charles Mundine, 72, died April 20 in a Taft nursing home after a long illness.

A native of Carroll County, Miss., he had lived in Rockport a year coming from Galveston. He was a retired barber.

Funeral services were held Saturday in the First Baptist Church in Rockport. Burial was in Rockport Cemetery. Marshall Funeral Home of Aransas Pass was in charge of arrangements.

Pallbearers were nephews, Ellage Craig, Mervin Craig, Otis Mundine, Warren DeWeese, Glen Mundine and L. F. Clark, Jr.

Survivors include five brothers, Sherman, Elbert, Titus, and Cotton Mundine, all of Rockport, and Rodney Mundine of Point Comfort; three sisters, Mrs. Berdie Budnick of Austin, Mrs. Annie Clark of Elgin and Mrs. Lockett Belle Ayers of Blountstown, Fla.

Service News

Montgomery, Ala.—U. S. Air Force husband and wife team, Sergeants Gary L. and Colleen A. Wolfenbarger, graduated from the Air University (AU) academic instructor course at Maxwell AFB, Ala.

Gary is the son of Mr. and Mrs. William M. Wolfenbarger of Rt. 1, Rockport, Tex. He was graduated from W. B. Ray High School, Corpus Christi, Tex., in 1967 and has attended Del Mar College, Corpus Christi.

Colleen, a 1969 graduate of North Berwick (Maine) High School, is the daughter of Mr. and Mrs. Frank J. Manning, Jr., R.F.D. 2, Wells Road, North Berwick.

The sergeants were specially selected for the intensive six-week professional training that is conducted as part of the AU Academic Instructor and Allied Officer School, the teachers college of the U. S. Air Force. They are both being assigned to Wilford Hall USAF Medical Center at Lackland AFB, Tex. He will serve as a neurology specialist and she as a dermatology specialist.

This is all that remains of the Clifton McElwee home on Liberty Street which was destroyed by fire last week. Fire Marshall Elva Mullinax said firemen from both the Rockport and Fulton Volunteer Fire Departments battled the flames but were summoned too late to save the structure. Mullinax said this was the third fire at the home in the last two weeks.

TEXAS' NEW IMMUNIZATION LAWS INSTRUCTIONS FOR PARENTS AND STUDENTS

Texas now has new laws that require immunizations for all students enrolled in child caring facilities and institutions, schools and institutions of higher learning. The required immunizations are shown below by age groups:

MINIMUM IMMUNIZATION REQUIREMENTS FOR CHILDREN ADMITTED TO CHILD CARING FACILITIES AND INSTITUTIONS, SCHOOLS AND INSTITUTIONS OF HIGHER LEARNING

DOSES OF VACCINE REQUIRED FOR FOUR DIFFERENT AGE GROUPS				
VACCINE	Under 1 year	1-4 years	5-11 years	12 yrs. & older
ORAL POLIO	3	3	3*	3*(Thru Age 18)
DTP and/or Td	3	3	3*	3**
MEASLES	NONE	1	1	NONE
RUBELLA	NONE	1	1	NONE
SMALLPOX	NONE	1	1**	1**

NOTE: *At least one of these doses must have been received since the 4th birthday.

**At least one dose must have been received within the past 10 years.

If a child has had measles illness, measles vaccine is not required.

Requirements for Kindergarten (five-year-old children only) and grades 1 thru 5 are the same as those for ages 5-11 years shown above.

Requirements for grades 6 and above are the same as those for ages 12 years and older as shown above.

All Immunizations should be completed by the time of enrollment this September 1972.

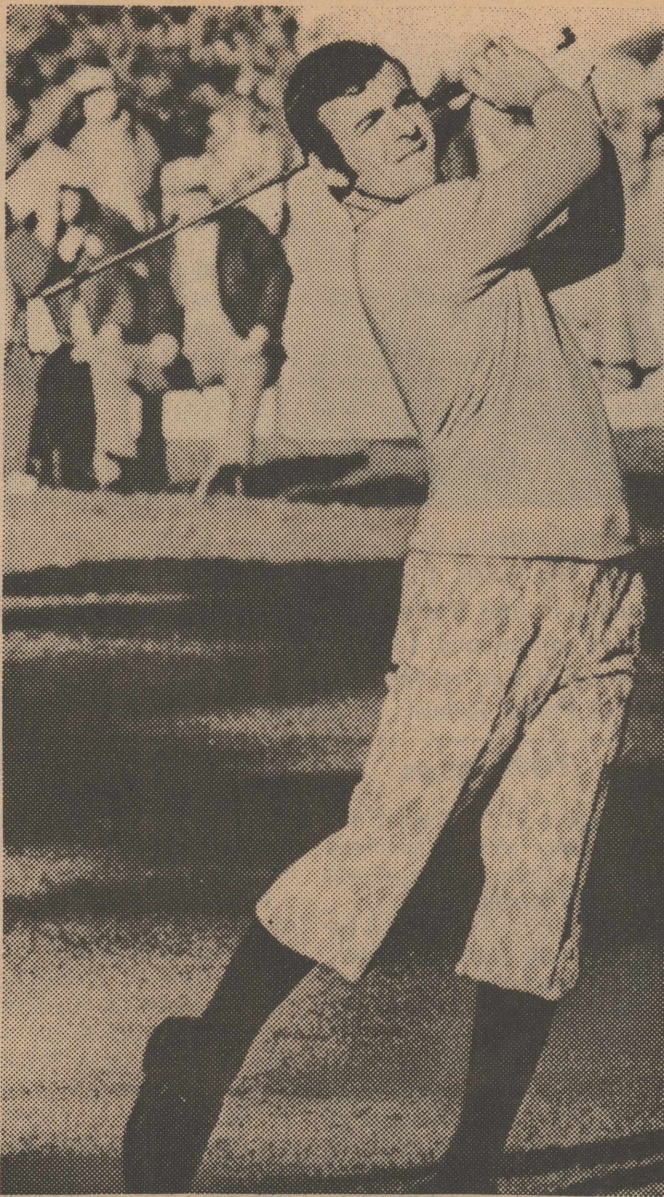

Since many types of personal immunization records are in current use, any document listing each immunization received by year will be acceptable with the signature or rubber-stamp validation of personal records by physicians or public health clinics is required.

If you have any questions, contact your family physician, or local health department. We suggest that you take this form with you to your doctor or The Ingleside Health Clinic in Ingleside, Texas. Free Immunizations are given at the Ingleside Health Clinics on any Thursday from 9 a.m. to 2 p.m.

The Immunization Record and The Birth Certificate are absolutely necessary before a student can be enrolled in school. Bring both with you to the school the day you enroll your child.

We will appreciate your cooperation in this matter.

Questions and Answers

Q. When I became 65 recently, I signed up for Medicare. Can I use this coverage for all doctors and hospitals?

A. You can of course go to any physician of your choice. Most hospitals participate in Medicare, but not all. Any social security office can tell you whether a hospital participates in Medicare.

Q. I will be 72 next month and I am still working. I know that I can collect my full social security benefits and still keep on working after my 72nd birthday. But will my employer also stop deducting social security contributions out of my weekly pay checks starting next month?

A. No. Regardless of your age, as long as you continue to work in employment covered by social security you

pay social security contributions.

Q. I would like to take my young son to a social security office and get him a social security card. Does he have to be a certain age?

A. No. There is no minimum age for getting a social security card.

Have a question about social security and its retirement, survivors, disability or Medicare benefits? See your telephone directory for the phone number and address of the nearest social security office.

Good Question

Trying to rest after an exceedingly hard day, poor father was being bedeviled by an endless stream of unanswerable questions from little Willie.

"What do you do down at the office?" queried the youngster.

"Nothing," shouted the father.

It looked as if the boy had been shut up for a while, but not for long. After a thoughtful pause, Willie asked, "Pop, how do you know when you're through?"

Would you like to know Why your insurance rates are so high?

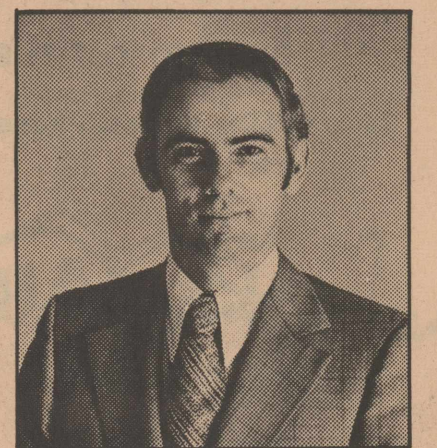

Let's give credit where it's due. To Leroy Wieting, a co-sponsor of the bill that established the Texas Catastrophe Association pool. That is the legislation that set your high insurance rates.

The pool was formed so that companies could offer insurance to Gulf Coast counties. The rates, though, were left wide open, and the insurance companies submitted their rates for approval to the Texas State Insurance Board.

The rates established for your area are three times higher than normal. The sponsors of the bill are responsible for the higher rates.

Your representative is responsible. The representatives did not have the courage to stand up to the insurance companies and say no. Instead, they left the rates wide open; now your rates are tripled.

One simple clause would have saved your money. That clause should have read: High risk areas shall be charged manual rates plus 10%.

Richard Mason will change Austin for you.

Richard Mason opposes Leroy Wieting. He opposes the stand Mr. Wieting took on the insurance bill. Richard Mason knows that we must have a reduction in the triple rates for our area. Rates no more than 10% above normal must be established.

On May 6th, you can thank your representative for his work on the insurance bill.

Or you can elect a man who will work to change the rates. Richard Mason. Richard Mason knows what needs to be done.

ACCENT ON HEALTH

Six years ago the Texas State Department of Health moved to implement a long-range plan for

the eventual eradication of tuberculosis in Texas from a public health standpoint. At that time, one in six Texans, or about 1,600,000 persons, had been in-

fectured with the germ causing tuberculosis. Each of these represented a failure in control of the disease.

Today, the State Health Department has developed a new tool that is proving effective in the State's efforts to eradicate tuberculosis in Texas. That tool is the Tuberculosis Case Register, a part of the Texas Tuberculosis Information Services. The Register is a management tool used to monitor the status and location of all tuberculosis cases in Texas, and to be certain the proper treatment, follow-up and preventive services are underway.

The tuberculosis Register is used for maintaining current medical and public health data on proven and suspected cases of tuberculosis requiring some type of supervision. It is used as a basic tool for identifying

all cases of tuberculosis in Texas and all the medical services rendered to those cases. The Register reflects each individual patient's case supervision, pointing out medical treatment and follow-up of all known cases as long as may be necessary to prevent spread of the disease. It also identifies all close contacts with persons having tuberculosis, thus allowing preventive public health machinery to go into operation.

At the beginning of 1972, the State Health Department had entries on approximately 59,190 individuals on the tuberculosis Register. Information on each newly diagnosed tuberculosis case has been entered into the Register since January 1966. In 1970 the Register recorded an additional 2,889 new active cases of tuberculosis in Texas and 304 reactivations of pre-

viously reported cases.

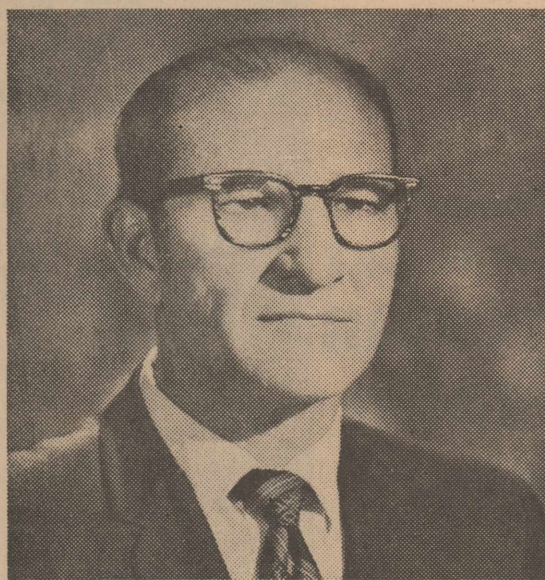

This new preventive public health tool now handles some 200,000 medical records per year for those individuals on the Register. This information is being computerized for instant recall. Much of this information is medical data of a privileged nature, and only a few individuals are qualified to have access to the computer. As the need arises for follow-up services, regional or local health personnel are notified of the proper course of action.

The Texas Tuberculosis Register maintains contact with tuberculosis authorities in other states so that proper follow-up can be given tuberculosis patients coming in or going out of Texas. This interstate notification amounts to 2,600 cases a year, of which approximately 300 are migrant

Fix-It Tip

Are you planning to varnish a floor? Varnishes are available in a variety of glosses—high, medium and low. The selection depends largely on your personal preference. Although the newer urethane varnishes may cost a little more, they are usually longer wearing, so consider the kind of wear the floor receives and choose the varnish accordingly.

OUTDOORS IN TEXAS

BY VERN SANFORD

A fisherman who likes to try different water can very easily wind up with a pocketfull of expensive licenses. Those anglers who like to fish the lakes bordering their states really have a problem.

Texas and Louisiana anglers are fortunate. Heads of these two states worked out a reciprocal program for the waters of Toledo Bend, on the Sabine River—the stream that forms the natural boundary between Texas and Louisiana. Each state has agreed to honor the license of the other while fishing on this fabulous reservoir which covers some 200,000 acres when full.

Non-resident fishermen already had a good deal with Texas' universal fishing license costing the same to them as to Texans . . . \$2.15 a year . . . and covering the Gulf as well as all Texas waters (excepting, of course, private ponds). Now, with their Texas license, they can also fish the Louisiana side of Toledo Bend.

Both Texas and Louisiana stocked Toledo Bend Reservoir heavily with largemouth black bass in the very beginning. Louisiana put in 1,800,000 and Texas put in 1,500,000. These, of course, were in addition to the natural spawn from fish native to the river.

In one year those bass grew to two and three pounds each and now they are of jumbo size.

The lake's popularity with anglers still exceeds its facilities. But more

and more accommodations are being provided as fast as possible. There are several good facilities near the dam, reached through Jasper and Burkville on the Texas side.

More and more facilities are being installed as rapidly as possible on the upper end. This area is reached out of St. Augustine. A multi-million dollar causeway has been constructed across the lake here, connecting San Augustine, Texas, with Many, Louisiana.

For the bait fisherman, minnow and worm stands are available at both ends of the lake. Early fishing, for the most part, was done from the flat-bottom john boats so prevalent in both east Texas and Louisiana.

However, larger boats now are being towed to the lake every day for some of the best fishing of either state from the Sam Rayburn reservoir.

Every week now the newspapers and the adjacent areas publish many pictures of large fish taken from this fantastic lake. Because of the reciprocal license agreement, Texas fishermen flock to the other side, and in turn Louisiana anglers head this way. (Greener pastures, you know.)

A word of warning, however, don't try to fish the lake without any license. Working the area are very active game wardens from each state. They are friendly but firm.

FOR SUMMER DAYS, this costume by Italian designer Tiziani features a white linen coat with short sleeves over a printed organdy dress with high ruffled collar, long sleeves and buckled belt. A rakish beret completes ensemble.

A seasick couple lay stretched out in deck chairs --somewhere between life and death. Meanwhile, their young son became more rowdy by the minute. Finally the mother mustered voice enough to say:

"John, I wish you would speak to Willie."

The father, unable to lift his head, said feebly: "Hello, Willie."

LOUISA'S LETTER

Dear Louisa,

My husband and I were married for five years and got a divorce. We had no children and he and I were not congenial on many things. His business always came first.

Now my problem is this. As a single girl I was very popular and had no trouble getting dates with nice men but for some reason, most of the men who have asked me for a date this past year seem to have only one thing in mind. Why should people think that a woman who has been divorced is such a push-over or has lost all moral sense because she has been married? I get so disgusted with men that I am getting suspicious of all of them. But I am young and I would like a home and family with some nice man. What would you advise me to do?

R.B.—R.I.

Answer:

A divorcee does have one strike against her when it comes to dating. But there are many nice men in this world who are not interested in seduction and the best plan is to try and get into some work—regular or volunteer—where you will have the opportunity of coming in contact with such people.

Be as attractive and well-groomed as possible but do not act desperate or try too hard to please a man. The hard to get is usually more successful in the race to the altar than the girl who tries too hard. And try to be happy or seen to be—for crying and sob stuff does not pay off in the long run.

Louisa.

Rebekah Lodge News

The Noble Grand, Bonnie Clobertants, presided at the Rockport Rebekah Lodge Thursday night, April 20, with 18 members and two guests present, Cora Goodyear and Mr. Mann. Neva Sorenson has been ill, but is improving.

Cora Goodyear of Rockport, District Deputy President of District 59, and a member of Truth Rebekah Lodge in Aransas Pass, made her official visit and presented the program of the Rebekah assembly president program in a pleasing manner and expressed her willingness to help carry it out.

A letter inviting the Lodge to attend the Blue Bonnet Association in Kingsville on Saturday was read, also an invitation to a pot luck supper and bingo party in Ingleside on the same day, April 22.

The Noble Grand presented some new ideas for improving the Lodge, giving the new members a chance to learn more about the work of the Order.

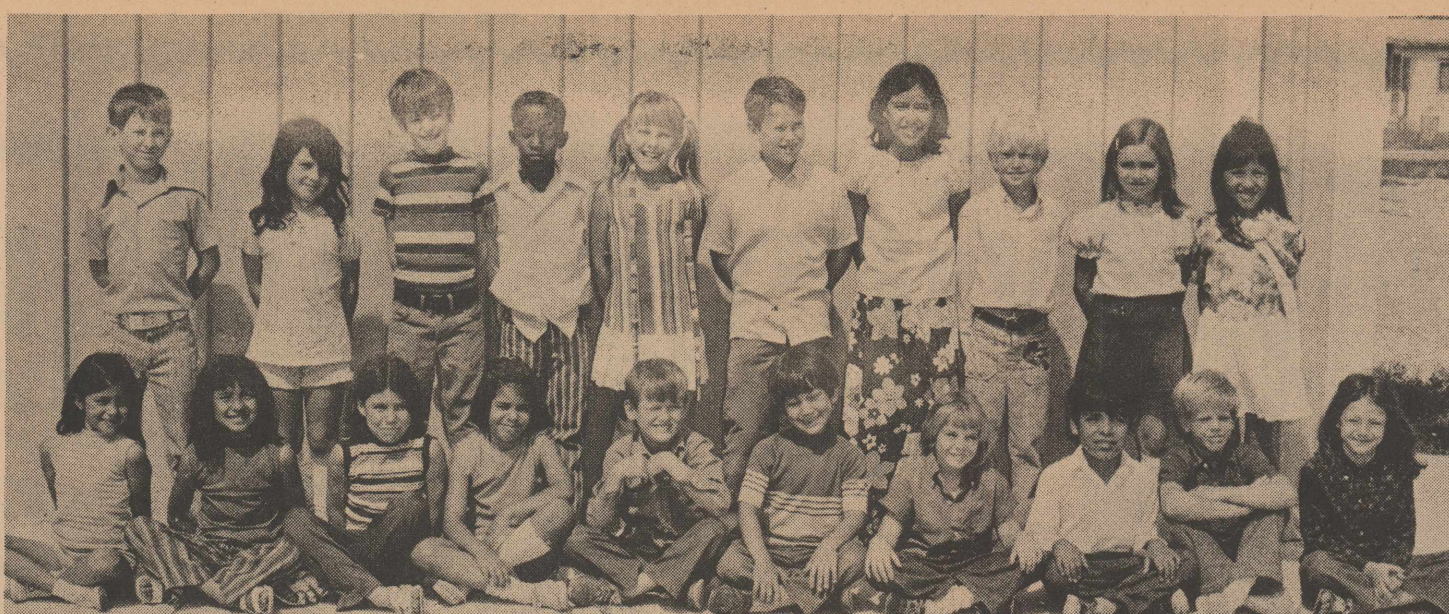

The hostesses, Myrtle McLester and Mary Ashley, served coffee, punch, sandwiches and homemade cookies during the social hour after Lodge.

Calvin Coolidge wrote a history of the United States in five hundred words.

Fix-It Tip

Flashlights, extra dry cells and candles should be in every home for use in case of an electric power failure. Keep them handy and remember where they are. Keep refrigerator and freezer doors closed. The food in them will keep from 24 to 36 hours if you do not let warm air in.

It's time to check the condition of outdoor furniture while you are cleaning it. The joints may be loose, legs wobble. It's a simple matter to tighten nuts and bolts as you go along.

If screws or bolts are rusted or if the threads are stripped, replace them with new ones. Use corrosion-resistant fasteners — plated steel for steel furniture, aluminum for wooden ones. Tighten bolts on wooden furniture.

Folding joints and pivoting parts should work smoothly. If they don't, oil will take care of the problem.

Protect your patio table top from getting unsightly burn stains from hot pans or dishes right off the outdoor grill by covering a heavy piece of cardboard or a magazine with aluminum foil. You'll have an attractive practical, insulated mat.

Copanokers Ladies Club Meets

The officers of the Copanokers Ladies Club met April 18 to discuss plans for the year. The officers are president, Velora Deason; vice president and reporter, Beulah Massey; secretary, Collene Gribbin; treasurer, Beverly Campbell; program chairman, Louise Smith.

The meeting was attended by 18 members and one visitor. Secret pals were revealed and all present drew new names for the next three months.

The Library is on its way to being started, and will be at the Lee Miller recreation building. The committee on this project are Beverly Campbell, Myrtle Everetts and Ellen Winzenreid. Any donations of books or money will be appreciated.

There will be a rummage sale on April 27 and 28. The proceeds will go to stock the Library. Books may be left with Mrs. Campbell or at the Road Runner Trailer Park. Plans are to have a clean-up week soon.

Record Flathead Catfish Hits Artificial Lure

AUSTIN -- J. H. Beardin thought his artificial lure had struck a stump while trolling on Lake Tyler.

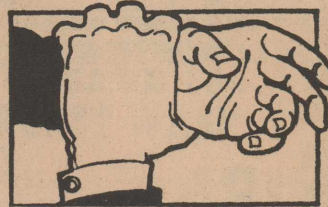

He and his partner turned the boat around and headed to the point of the hang-up.

The stump turned out to be the new state record flathead catfish, and it put up quite a fight before yielding to Beardin's bass tackle.

The fish weighed in at 67 pounds, which is nine pounds heavier than the old record holder in the rod-and-reel division. A 104-pound flathead caught on a trotline at Lake McQueeney in 1956 is tops in the unrestricted division.

Beardin, who lives at Whitehouse, had the fish weighed Feb. 19 on certified scales and met the other requirements set forth by the Texas State Game Fish Records Committee of the department.

The fish was 47 1/2 inches long and had a girth of 31 1/2 inches.

Give some people a hand and they'll use it to get a judo hold on you.

RICHARD MASON wants you to know

... just how our legislators spent their expense money last year. The following figures were printed in the Corpus Christi CALLER on Friday, April 14, 1972. Listed as expenditures for postage and supplies for each member were the following:

Representative Hale
\$538.00. . . .supplies
\$745.00. . . .postage

Representative Truan
(not listed). . . .supplies
\$1,574.00. . . .postage

Representative Farenthold
\$927.00. . . .supplies
\$1,028.00. . . .postage

Representative Salem
\$369.00. . . .supplies
\$536.00. . . .postage

Representative Wieting
\$6,059.00. . . .supplies
\$5,241.00. . . .postage

Representative Wieting's total expenses amounted to \$21,873.00 for the period of September 1, 1970 to March 31, 1972.

Richard Mason opposes Leroy Wieting. Richard Mason knows that a representative is judged by legislation passed, not by supplies bought.

Let's change some things in Austin this year. Vote for a hard-working, honest representative. Richard Mason. He knows what needs to be done.

Question And Answers to Veterans Benefits

Q: Is there a deadline for veterans to apply for VA hospital care?

A: No. There is no deadline if a veteran is eligible, needs it, and a bed is available. Beds are always available at VA hospitals for veterans with service-connected disabilities.

Q: I receive \$25 monthly VA compensation for a 10 percent service-connected disability, while my brother receives \$20 monthly for his 10 percent disability. Why?

A: You receive the \$25 monthly compensation because your disability was incurred during wartime. Apparently, your brother's compensation is for a peacetime disability, which is 80 percent of the wartime rate or, in his case, \$20.

Q: How long will I be covered by my Servicemen's Group Life

Thursday, April 27, 1972

Insurance if I was separated from service for total disability on Nov. 1, 1971?

A: Your coverage under SGLI will continue while you remain totally disabled, but not beyond one year. Within a year of the date VA notifies you that your disability has been rated as service-connected, you can apply for a \$10,000 low cost RH policy from the agency. Also within the year, you may convert your SGLI (maximum \$15,000) to an individual policy at standard rates with any company participating in the SGLI program.

Q: I received a VA pension check made out to my husband who died last month. Shall I return it, and if I do, will VA re-issue the check to me?

A: Yes, you must return the

check. If you are eligible for a widow's pension, your first check from VA will be issued at your husband's rate of payment, if his rate was greater than yours. Thereafter, you will receive checks at widow pension rates.

Q: If I surrender my National Service Life Insurance permanent plan policy for a paid up policy, would I still receive dividends?

A: Yes, but they would not be as large as dividends on your existing policy.

Q: How can I get my claim

for a pension considered since I have no doctor and can't afford the cost of an examination required by VA?

A: Suggest you notify the VA office handling your claim what your disabilities are, describing them as best you can. Be sure to make clear you don't have money to pay for the examination, and perhaps arrangements can be made for a VA clinic to examine you.

Massachusetts is the only state governed under its original constitution.

Democratic Party Convention Rules

Miss Lola L. Bonner, county Democratic chairman, has given the Pilot the following information regarding party conventions:

ARTICLE IV Party Conventions

Section 1: Precinct Conventions.

a. Time and Place. On the day of the primary election in each even-numbered year, a Precinct Convention shall be held in each election precinct. The County Executive Committee (at its meeting on the 3rd Monday in March before the primary -- Art. 13.17 and Art. 13.34e) or, on its failure to act, the County Chairman shall set the time for convening of the Precinct Convention at 7:15 p.m.; and in rural counties any time between 2:00 p.m. and 9:00 p.m.; and shall determine the place to be the polling place for that precinct, except where it is not large enough to hold the expected number of participants, in which case an alternate place -- centrally located and of easy public access -- shall be designated. The time and date shall be publicized in advance of the meeting.

At least ten (10) days in advance of the convention, the County Chairman shall post this information on a bulletin board at the county courthouse and file a copy in the county clerk's office where it shall be open to public inspection. (Art. 13.34e)

The Precinct Chairman shall be further responsible for publicizing the time, place, and purpose of the convention within his precinct.

b. Eligibility to Participate. Any qualified Democratic voter eighteen (18) years of age or older who resides in the precinct where the convention will be held, and who meets statutory qualifications shall be eligible to attend, participate in, and be a candidate for any party office or for any delegate or alternate position to be filled at that convention.

c. Order of Business. The Precinct Convention shall be governed by the latest edition of Robert's Rules of Order.

1. Call to order by the Precinct Chairman (or, in his absence, by any qualified participant).

2. Preparation of a list of qualified participants who are present. The list shall include the residence address with town of each.

3. Election from among those present of a Permanent Chairman of the Convention, a Secretary, and such other officers as may be necessary to conduct the business of the Convention.

4. Election of Delegates and Alternates to the County or Senatorial District Convention.

5. Other Business: committee reports, if any; resolutions, etc.

6. Adjournment.

d. Duties of Convention Officers. The Permanent Chairman shall preside over the Convention following his election and shall be responsible for appointing any convention committees as he deems necessary or as directed by the Convention. He shall be responsible for seeing that an accurate written record is kept of all Convention proceedings, including the list of persons present and a list of delegates and alternates elected to the County or Senatorial District Convention with residence addresses including towns shown thereon. (Art. 13.34c)

The record, and a copy thereof, shall be signed officially, sealed up and safely transmitted in person or by registered mail by the Permanent Chairman to the County Clerk of the county, who shall promptly deliver the original to the County Chairman and keep a copy in his office for public inspection on request. (Art. 13.34c)

e. Election of Delegates and Alternates.

1. Apportionment: Each Precinct Convention shall elect that number of delegates to which it is entitled by law. (Art. 13.34 says each precinct shall elect one delegate for each twenty-five (25) votes, or major fraction thereof, cast in that precinct for the party's candidate for Governor in the last General Election, with each precinct entitled to at least one delegate.)

However, where boundaries of an election precinct within a county have been changed since the last general election

the County Executive Committee shall determine the allocation of delegates to such precinct(s), using any fair and reasonable method. (Art. 13.34a)

2. Qualifications: The qualifications for delegates and alternates shall be the same as those required for participation in the Convention (except that state law provides that a person otherwise qualified need not be present at the Convention to be elected a delegate). (Art. 13.34c)

3. Delegation Chairman: The Precinct Convention shall elect a Delegation Chairman by vote of a majority of those present.

f. Election Procedure in Presidential Years. It is the duty of the Precinct Chairman, at the opening of each Precinct Convention, to establish the temporary roll of eligible participants. As each qualified participant enters his name upon such roll, he shall - in presidential years - indicate his presidential preference or "uncommitted" status.

When it is time in the Order of Business to elect delegates to the County (or Senatorial) District Convention, the procedure shall be as follows:

The Precinct Convention Chairman shall announce the number of eligible voting members on the roll and the number of delegates the Convention is entitled to elect and the number and percent of each presidential preference or uncommitted status.

On the basis of such determination, those preferring each presidential candidate and those who are uncommitted shall caucus to elect the same proportion of County Convention delegates and alternates as their group represents in the Precinct Convention, provided that at least twenty per cent (20%) of all the Convention participants favor such pre-

sidential candidate or are uncommitted.

Persons finding themselves in a group comprising less than twenty per cent (20%) of the whole Convention shall proceed to the caucus of their second choice.

Within each caucus any participant may nominate himself or any other participants in that caucus for the position of delegate. Nominations shall be open from the floor of the caucus until a motion is made, seconded, and passed to close nominations.

Each participant may cast a number of votes equal to the number of delegates allocated to such caucus. Those persons receiving the highest number of votes shall be the delegates elected by that caucus. The same number of nominees next highest in the voting shall be the alternates.

The election of the entire body of delegates chosen by the respective caucuses in the manner described above shall then be ratified by majority vote of the Precinct Convention.

A Delegation Chairman shall be elected by a majority of all those duly elected to be dele-

gates to the next level Convention.

If the Convention is entitled to elect only one (1) delegate and one (1) alternate, this shall be accomplished by a simple majority vote of the Convention.

If the Convention is entitled to more than one (1) delegate, on a motion supported by at least seventy per cent (70%) of those on the roll, the Convention may decide its procedure shall be to act as a whole in electing all delegates "at large" by majority vote (i.e., in the traditional manner).

Section 2: County Conventions:

a. Time and Place: On the first Saturday after the first Primary, there shall be held -- in each county wholly contained within one senatorial district -- a County Convention, the County Executive Committee (at its statutory meeting in March) having set the hour and having designated a place which is of easy public access and large enough to accommodate all participants. The Convention shall be publicized in the same manner prescribed for Precinct Conventions (Section 1.a.).

b. Eligibility to Participate: The County Convention shall be composed of all delegates or their alternates in attendance who were duly elected at their respective Precinct Conventions within the county. (Art. 13.34a)

The committees of the Con-

vention shall be the Committees on Rules and Procedures; Credentials; Platform and Resolutions; and Nominations. Each shall be composed of between eight and fifteen members elected from among the delegates to the Convention by the County Executive Committee meeting on the first Tuesday after the first Primary, in the county seat. (Art. 13.24 and 13.25)

c. Order of Business:

1. Call to Order by County

Chairman (who shall serve as Temporary Chairman of the Convention -- Art. 13.34d);

2. Establishment of Temporary Roll of Delegates;

3. Report of Committee on Credentials. The report of the Committee on Credentials shall be acted upon before the consideration of any other business and shall be considered according to the procedures established in Section 4 of this Article.

4. Election of a Permanent

Chairman, a Permanent Secretary, and other officers as may be necessary to conduct its business (Art. 13.34);

5. Election of Delegates and Alternates to the State Convention(s);

6. Other business: com-

mittee reports; resolutions, etc.;

7. Adjournment.

d. Duties of Officers: The officers of the County Convention shall have the same duties as those for the Precinct Convention, except for the disposal

To The Voters of Aransas County

SHOW YOUR APPRECIATION TO SENATOR A. R. "Babe" SCHWARTZ FOR HIS EFFORTS IN BRINGING TOGETHER THE MEMBERS OF THE INSURANCE BOARD, OTHER SENATORS, REPRESENTATIVES AND HIGH RANKING OFFICIALS TO THE PUBLIC MEETING HELD LAST MONDAY AT THE V.F.W. HALL.

SENATOR SCHWARTZ HAS HAD MANY YEARS EXPERIENCE IN THE STATE SENATE AND IS WELL ACQUAINTED WITH THE PROBLEMS THAT WILL ARISE IF A CHANGE IS NOT MADE IN THE RATES THAT INSURANCE COMPANIES WILL CHARGE FOR PROTECTION IN ARANSAS COUNTY.

SENATOR SCHWARTZ HAS PROMISED TO DO ALL IN HIS POWER TO SEE THAT THE RATES ARE LOWERED TO A MORE REASONABLE LEVEL. FRIENDS WHO KNOW SENATOR SCHWARTZ KNOW THAT HE RANKS HIGH AMONG SENATORS IN TEXAS AND WHEN HE SAYS THAT HE IS GOING ALL OUT TO HELP US IN THIS SITUATION, HE WILL DO JUST THAT.

ROCKPORT WILL BE IN A NEW SENATORIAL DISTRICT NEXT YEAR AND WITH SENATOR A. R. "Babe" SCHWARTZ FIGHTING OUR BATTLES IN AUSTIN WE ARE ASSURED OF A GOOD CHANCE OF GETTING THE BEST FOR THE ENTIRE AREA.

Show Your Appreciation To Him For What He Has
And Can Do For Us By Voting For Him Saturday, May 6.

Convention Rules— (Continued from page 16)

tion of Convention records, which shall be as follows: The Permanent Chairman shall make out in duplicate a certified list of delegates to the State Convention and a copy of all resolutions adopted by the Convention, and shall sign the same (the Permanent Secretary attesting his signature), and within five (5) days after the Convention he shall forward all these by sealed, registered or certified letter to the Secretary of State who shall affix his mark thereon and deliver the originals to the Democratic State Chairman prior to any State Convention. (Art. 13.34d)

e. Election of Delegates and Alternates. At the meeting of the State Committee on the second Monday in March before each general primary, it shall set the ratio for the selection of delegates to the State Convention for such election year, which ratio shall be one (1) delegate for three hundred (300) votes cast in the county for the party's candidate for Governor in the last General Election. However, no County or Senatorial District Convention shall have less than one (1) delegate and one (1) alternate to a State Convention.

f. Qualifications: (Same as delegates from the Precinct conventions.) (Art. 13.01a; Art. 13.34c)

g. Election Procedure: The order of business for each County or Senatorial District Convention shall include a provision allocating to each precinct the right to elect up to one delegate and one alternate for each full three hundred (300) votes cast in that precinct for the party's nominee for Governor in the last previous General Election.

Precincts casting fewer than three hundred (300) votes shall be grouped together by the County or Senatorial District Executive Committee in advance of the convention, on the basis of geographic proximity and demographic similarity insofar as possible, and the groups shall total a full three hundred (300) votes, and as close thereto as possible, but with no such precinct to be split or divided in the grouping. If there is only one such precinct in the county -- or if all such precincts combined do not meet the requisite minimum of a full three hundred (300) votes -- such precinct(s)

shall be assigned to another precinct for caucusing purposes by the County Executive Committee in advance of the Convention.

At the time indicated in the order of business the precinct or grouped precincts shall caucus and make nominations within its caucus in this manner:

All delegates desiring to make nominations shall do so. Each delegate present shall vote for one nominee. Those nominees equal to the number of delegates allotted such precinct(s), under the formula in this section, who receive the highest number of votes shall be the precinct recommendations for delegates to the State Convention. The same number of nominees next highest in the voting shall be the recommendations for alternates to

the State Convention. Those nominees receiving the next highest number of votes shall be the precinct's recommendations for alternates.

Those nominations shall go to the Convention's Committee on Nominations and shall be included in the list of delegates and alternates to the State Convention. The committee on Nominations shall select other nominees for delegates and alternates to bring the total to the full number authorized for the county. Following any additional nominations for "at large" delegates which may be made from the floor subsequent to the Nominating Committee's report, the Convention as a whole shall elect such delegates and alternates as have been recommended by the precincts plus that number of "at large" delegates

needed to fill out the total delegation.

h. The delegation so elected shall meet as soon as possible to elect their Delegation Chairman by vote of a majority of the delegation.

Section 3. Senatorial District Conventions.

a. Conditions for Holding: When parts of one county belong to more than one senatorial district, there shall be held -- in lieu of a County Convention -- a Senatorial District Convention in and for each part of the county falling into a different senatorial district. However, when one county falls into only two senatorial districts, and the less populous part has fewer than 50,000 people according to the last Federal census, such county shall hold only its regu-

Library News

Observance of "National Library Week" at the Aransas County Public Library attracted quite a number of people.

The Research Program conducted by Mrs. Mary Louise Mount, who held sessions at the Library on Saturday, April 15 and continued to its conclusion on the 22nd had a total of 15 students participating. It is hoped that like sessions can be conducted again in the fall since its results showed appreciation and knowledge gained through this extension of the schools' instruction.

The posters entered in the contest were displayed at several of the local business places and at the Library.

The visit of Mrs. Perkins' second grade pupils to the Library was a highlight of Tues-

day. Eighteen children and three adults were given a tour of the Library and an explanation of its facilities.

The "coffee" held on Wednesday in connection with "Open House" was well attended. Mrs. Gladys Gibson arranged an attractive table, using a cloth bordered in yellow Jonquils, a centerpiece of Jonquils in a flower-bedecked sprinkler can, and a green urn carried out a spring theme.

There were 58 preschool children and 8 adults in attendance at the Story Hour on Friday, conducted by the Assistant Librarian, Mrs. A. C. Hammond and Mrs. Tommy McGlathery.

Mrs. Corinne Crabb, Librarian, her assistant, and the members of the Board extend their thanks to all who assisted in making the local observance

of National Library Week noteworthy. Special thanks go to the Rockport Art Association, Helgas', the Amber Lion and Mrs. Otto Mundine who graciously loaned some very nice pictures, and samples of art work for display. Thanks also go to the Blossom Shop and Emma's Flower Shop for flowers and materials furnished.

The response to all efforts was indicative of the general theme of the week - "You have a Right to Read" - and also that the people of Aransas County do appreciate and value their library. The staff and the Board pledge their efforts to continue to strive to give the best possible service and to try to fill the reading and book needs of the area.

Delaware was the first state to ratify the U. S. Constitution.

ABOUT YOUR HOME

You may think that you don't need an engagement calendar. You probably feel that you don't go out enough that you can't keep track of dates.

However, you don't have to be in a social whirl to need an engagement calendar. Have you ever hunted furiously for a dentist's appointment card or wondered whether it was Tuesday or Wednesday night Mrs. Smith was having her sewing class?

Any calendar which blocks off the days and is roomy enough for a few words of writing will serve the purpose. Keep a pencil by the calendar and you will be more likely to jot down the

necessary information. Searching for a pencil is pretty discouraging so keep one anchored for convenience.

Note appointments with dentists, doctors, and hairdressers. Parties and evenings out should be marked down.

You can use your calendar as a reminder to do such things as defrost the freezer, call the repair man, or have the car greased.

Note the due date on your calendar for insurance premiums or tax payments, and the family birthdays. Knowing when such things come due will make it easier to plan for the extra expense.

A NOTE TO PARENTS OF PRE-SCHOOLERS

In view of the new law requiring immunizations for entrance to school, parents are urged to start immunizations for their children early in life.

Immunizations for diphtheria, tetanus, pertussis (DTP) and polio should be started about 2 months of age. Measles and rubella should be given at 12-14 months of age. Smallpox should be given between 1-2 years, preferably during cooler weather. It is very important that all immunizations be completed and boosters given as needed. (See schedule below).

REMEMBER - A personal immunization record showing dates and kinds of immunization received must be kept on each child. Beginning with the 1972 summer semester and thereafter, all immunizations must be validated by the doctor or health clinics.

RICHARD MASON wants you to know

1. Our representative voted for the Sharpstown banking bills.
2. He voted against an investigation of Gus Mutscher and the others involved in the bribery conspiracy.
3. Our representative voted against a strong full disclosure ethics bill.

Are you satisfied with this record? This is how the current representative voted on the major issues that faced the House last year. If you are satisfied, then leave things as they are in Austin.

But if you really want to change Austin, and if you want courage and honesty in your representative, vote for Richard Mason.

Austin--Atty. Gen. Crawford Martin jarred legislators with an opinion that they are prohibited from hiring not only their own relatives but those of other lawmakers.

The opinion, requested by new House Speaker Rayford Price, thus declared illegal a long-standing practice which, only within the last few weeks, has attracted widespread critical attention.

Meanwhile, State Sen. David Ratliff of Stamford, whose family hiring practices and son-and-daughter job swapping with another legislator triggered a threatened investigation, said he may resign.

More than 40 legislators freely admit relatives were on the state payroll (usually in the Senate for House members' kin-folks and in the House for the Senate kin) during the last five years. Many of the cases involved nothing more than legislators' children working as pages, but combined salaries of the improperly-hired totaled more than \$120,000 since 1967.

Martin said an article of the penal code forbids a member of one house of the legislature from hiring a relative (within restricted degrees by both blood and marriage) of a member of either house when the employee is paid from public funds.

Lt. Gov. Ben Barnes issued prompt orders that any Senate employee related to a legislator will be dropped from the payroll immediately.

House Speaker Rayford Price said he also plans full cooperation.

With one state representative indicted for allegedly using state postage stamps to buy a pickup truck and another known to have leased furniture for his state office from his own firm, the House administration committee also proposed new limitations on lawmakers' expense accounts.

NO NEW TAXES: Smith -- Gov. Preston Smith, in a statewide campaign speech via television, threatened to veto any tax bill passed by the legislature in special session this summer.

"I will present a budget that will require no new taxes, and I will use every available authority of the governor's office to insure that such a budget is enacted by the Legislature," said Smith.

Smith claimed he is the only candidate for governor who "can and will insure that taxes will not be higher in 1973."

Financial observers are waiting to see how the governor is going to shave the 1972 budget by an estimated \$150 million to avoid another tax bill. He may rely on increased federal revenue-sharing or an increasingly-improved revenue picture.

REVENUE-SHARING AIDS CITIES, COUNTIES--A federal revenue-sharing bill approved by the U. S. House Ways and Means Committee last week would provide \$202 million a year to Texas cities and counties.

Allocation of the funds would be retroactive to Jan. 1, 1972, if the bill becomes law.

Enthusiasm of some city officials for the revenue-sharing plan was dampened by an apparent proviso that states participating would have to adopt state income taxes or receive a lesser amount than those which do levy taxes on income.

DROUGHT GETTING WORSE --A Texas climatologist reported spring drought conditions are getting worse over most of Texas.

Agriculture Commissioner John White said the drought already has cost agricultural producers hundreds of thousands of dollars.

There was little rain anywhere except in North Central Texas.

Climatologist Robert Orton said there is a moderate drought in the High Plains, North Central Texas, East Texas, Trans-Pecos, and the Edwards Plateau.

The Low Plains and the Upper Coast still are listed in a state of mild drought.

South Central Texas, Southern Texas and the Lower Rio Grande Valley have not entered the mild drought category.

ALLOWABLE STAYS UP--The Texas oil production allowable for May will stay at

100 per cent due to increasing demands.

A Railroad Commission order last week retained the April maximum after major buyers of crude asked for an increase in output of 83,312 barrels a day or a total for next month of more than 3.6 million barrels.

Ten of the 16 big buyers requested the same amount as April. Five asked an increase, and only one said less oil is needed.

The April 100 per cent figure was the first wide-open allowable since 1948.

Careful study will be continued to prevent waste, Commission Chairman Byron Tunnell said.

NEW DEADLINE FIXED--April 30 is a new tax deadline for about 72,000 Texas employers.

Wage reports must be filed by then with Texas Employment Commission for purposes of unemployment taxes during the first quarter of 1972.

Employers have been notified by mail and sent forms and instructions.

Reports must include wages paid and names of employees, along with taxes due. Employers brought under coverage of the Texas Unemployment Compensation Act are mainly those who have one to four employees. New employers receive a tax rate of one per cent, which may scale downward after two years depending on unemployment experience. Some non-profit, charitable and educational organizations are subject only if they have four or more workers.

COURTS SPEAK--The U. S. Supreme Court upheld a Massachusetts law requiring the state's public employees to take a "loyalty oath" that they oppose overthrow of the government by illegal force.

The State Supreme Court in a Tarrant County case upheld minimum filing fee and petition requirements for getting on the Texas primary election ballot

as set by Secretary of State Bob Bullock.

The High Court also found the legislature cannot exempt non-profit water supply corporations from property taxation. A corporation in Williamson County sought exemption from Leander school district taxes.

Third Court of Civil Appeals held Southwestern Bell Telephone Company owes all the taxes on telephone pole rental payments which it paid under protest -- plus more.

AG OPINIONS--A prohibition against a person who holds any state or local office of profit or trust from serving as chairman or a member of any political party executive committee is unconstitutional, Attorney General Martin held.

In other recent opinions, Martin concluded:

*County party executive committee or primary committee members are not entitled to compensation for expenses of attending their official meeting.

*The filing deadline for independent school district trustee is midnight of the 31st day preceding the election, not

Economic Stabilization Questions and Answers

Internal Revenue Service

Q: Does a landlord have to justify a rent increase of 2 1/2 percent?

A: No. However, he must notify a tenant in writing at least 30 days before a rent increase goes into effect.

Q: Can a retailer satisfy the base price posting requirement if a shopper can obtain access to base price information only by asking the retailer for it?

A: No. Prices are not considered to be displayed "prominently" if a shopper can obtain access only through requesting base price information from the retailer or one of his employees.

Q: I'm taking out a new life insurance policy. Will my insurance premiums be subject to price controls?

A: No. Fees charged for all new life insurance and annuities, with the exception of credit-life insurance, are exempt from Phase II price controls.

Q: Rent controls do not apply to commercial, nonresidential property, but in general they do apply to existing residential property which is used for both commercial and residential purposes treated—for example, a building which is rented for office space and apartments?

The portion used for commercial purposes is exempt, but the portion used for residential purposes is subject to rent control.

Q: Can an auto dealer try to charge for equipment on a car that was previously handled as standard?

A: No. This would be a violation of the price controls.

Q: Are hospitals, doctors and other persons furnishing health care services subject to price controls?

A: Yes, under Price Commission guidelines, physicians and other "non-institutional providers" of health care are subject to an average 2 1/2 percent limitation on price increases which must be justified by increases in costs.

For institutional providers, such as hospitals and nursing

homes, price increases will be permitted only when justified by allowable costs, adjusted by productivity gains and limited where appropriate by base period profit margins. Excessive cost increases above the guidelines will not ordinarily be considered as allowable costs. These institutional providers may increase prices up to 21/2 percent without prior approval. Allowable price increases over 2 1/2 percent and up must be reported to the Internal Revenue Service and the Medicare intermediary with cost justification. Any increase in excess of 6 percent must be treated as an exception and filed with the Internal Revenue Service.

Q: Is there a ceiling on amounts allowable as an exception to the Pay Board's 5.5 percent general wage standard where the increases are necessary for the employer to attract or retain essential employees?

A: Yes. If increases above the general wage standard are deemed necessary to attract or retain essential employees in accordance with specific criteria to be established by the Pay Board, these increases will be allowed only up to 7 percent. Prior approval of the Pay Board or its delegate is needed before a company can implement these increases.

Q: Is a wage increase which exceeds the general guideline of 5.5 percent and which was agreed to after Pay Board guidelines were announced an "allowable cost," justifying a price increase?

A: No. Under these circumstances, "allowable costs" for the purpose of justifying a price increase shall not generally include wage payments, including fringe benefits, in excess of 5.5 percent per year.

This rule does not apply to wage increases for workers making less than the minimum wage and in cases where payments are made to replenish major deficiencies in a welfare fund, which are necessary to protect the pensions of employees already retired. Nor does it preclude a company from obtaining an exception by ruling if it can demonstrate gross inequity with respect to its particular situation.

Q: Are the wages and salaries of Americans who live abroad and work for U. S. companies subject to controls under the Economic Stabilization Program?

A: No.

Questions and Answers

Q: I've been offered a job as custodian of an apartment building. The pay includes both cash wages and a free apartment for myself. Will my employer and I have to pay social security contributions only on the cash wages?

A: No. Your employer must include the value of the apartment as part of your salary. The apartment is considered "wages in kind." Social security contributions must be paid on this as well as your cash wages.

Q: I have a small business of my own, and I have no plans to retire yet. My net earnings have been averaging around \$2,500 a year. Now that I am 62, can I get any benefits from social security?

A: You might be eligible for some retirement checks from social security. For a self-employed person, like yourself, it depends on your net earnings and the number of hours you put into your business in a month. Contact any social security office for complete information.

Q: I have been working for a contractor and paying into social security for the past 20 years. I am usually off work at least 3 or 4 months out of every year. After I reach 62 next month, can I collect social security?

retirement benefits for those months I don't work?

A: Yes, you may be able to collect reduced retirement benefits for those months in which you do not work. You should contact a social security office and discuss the details of your particular case.

Q: I am 19 and receiving monthly social security survivors benefits as a student. I am going to transfer to another college soon. Will I need to do anything to have my checks continued?

A: Yes. You should notify social security as soon as you enroll in a different school. Otherwise, your payments may stop when the first school tells us you are no longer attending.

Q: I'm getting monthly social security retirement checks and working part-time. Last month I told the social security office that I expected to earn \$1,700 this year. But now I've gotten a raise and find that I'll make \$2,100 this year. When should I tell social security about my higher income?

A: Immediately. Call or visit any social security office. The dollar amount of your social security checks this year depends on the total amount you earn. By immediately notifying social security of your raise, you avoid the financial burden of having to refund an overpayment later.

Comment On Sports

BASEBALL * * *

BY PETE FRITCHIE

St. Petersburg, Fla. -- This is the way the Major League season in 1972 will turn out, so read carefully:

In the National League the Pittsburgh Pirates look too deep for the Cards. The Cubs will also give the Pirates a run for it and perhaps the Mets, for a time. In the end, however, Pittsburgh seems too thick in talent. So in the western division, Pittsburgh makes the playoffs and meets . . . ?

Who else but old Walter Alston's Los Angeles Dodgers? The Giants will make a run of it and so will Atlanta and Houston. But the Dodgers feel it coming and they might just edge Pittsburgh in the playoffs. The five-game set looks fifty-fifty.

In the American League all think Oakland will win the western division again and they're probably right. But it won't be as easy this

year. The White Sox could win it if Oakland stumbles, and the Angels might be stronger. Kansas City, second last year, again looks good and Minnesota—whom everyone says is weak—looked good to this writer in spring play.

In the east, Baltimore is the favorite but Detroit and Billy Martin are out to get the Birds and have a good chance. Boston probably

gave up too much in the trade with Milwaukee but may be in it again this year. The Sox led for the first part of last season. The Yanks might get into the act but probably don't have the power and depth to outdo the Tigers and Birds. The hunch here is Detroit. And the Bengals and Dodgers might play in the World Series. The majority pick, however, is Pittsburgh and Baltimore.

Common Sense

1. No — water does not run up hill. Our COUNTY ENGINEER is presently working out details on increasing drainage capacity south and west of Rockport (West and Oak Terrace). Grades have already been run for West Fulton.
2. True—many older sub-divisions were approved without proper drainage, and drainage must be and is being rebuilt. Needless to say, accepting subdivisions without drainage has been discontinued.
3. Aransas County Road and Bridge, contrary to the opinions of some mis-informed citizens, have available, a very competent engineer; T. E. Griffith, elected County Engineer by popular vote. Mr. Griffith's advice is valued, by myself, above some other technical advice I have received.
4. Many new services could be instituted by your County Commissioners if the taxpayers indicated their desire to increase taxes to do so. "Crash" drainage programs in a near by county (San Patricio) ran \$6,000,000. This was voted down by taxpayers.
5. I, Raymond Owens, believe in County and City government, because it is, in many instances, the individual's only personal contact with his government. Individually, you may influence their representation, but you must influence other representatives, (State and Federal) by a group vote or collectively.

Our current representative has the worst record of any South Texas Representative on ecological issues.

Representative Leroy Wieting voted AGAINST our natural environment in the 1971 legislative session. Look at the record:

On May 29 of last year, 106 Representatives voted YES to HB 452, establishing the vitally important Office of Environmental Quality. 27 Legislators voted NO to this bill. Leroy Wieting voted NO.

Richard Mason will change Austin for you.

We must have sincere, responsible leadership in Austin. We must have a representative who cares about our most important assets - our water and air.

CHURCH OF CHRIST

QUESTION: How serious is the new look of long hair as to males, and sloppy dress of both sexes?

ANSWER: One cannot answer this till you determine the motivation behind the current fad. If the long hair and sloppy dress comes by way of a rebellious attitude toward parents or "the establishment", that is one thing.

A rebellion attitude against parents violates Scripture, and places that person outside of Christian faith. "Children, obey your parents in all things: for this is well pleasing unto the Lord", (Col. 3:20.) "Honor thy father and thy mother". (Eph. 6:2.) Anything short of this is Anti-Christian.

Is this serious? Indeed it is. Rebellion against parental authority under the Old Testament time was punishable by stoning to death. It was serious then, it is now.

Questions and Answers

Q. I get monthly social security retirement checks. Because I earn a little over \$1,680 each year, I have to file an annual report of my earnings with social security. Since I will become 72 in July, will I have to file an annual report for 1972?

A. Yes. It's true that there is no limit on how much people 72 and over can earn without any reduction in their social security. But since you will not be 72 during some months of 1972—January through June—you must file an annual report of your earnings for the entire year. No annual report will be required for 1973 and later years, however.

Q. I have been getting monthly social security disability benefits on my own work record for the past 2 years and will be 60 soon. I am a widow and my husband worked under social security for many years before he died. Should I switch to widow's benefits at 60?

A. You may do so, if it is to your advantage. Obviously, if your monthly social security disability benefit is higher than the widow's benefit, you would not want to make any change.

A point to keep in mind, however, is that a widow collects a permanently reduced benefit if she starts getting checks when she is 60. You would have to wait until 62 to get full widow's benefit. You should call or

visit your social security office to discuss your situation in detail.

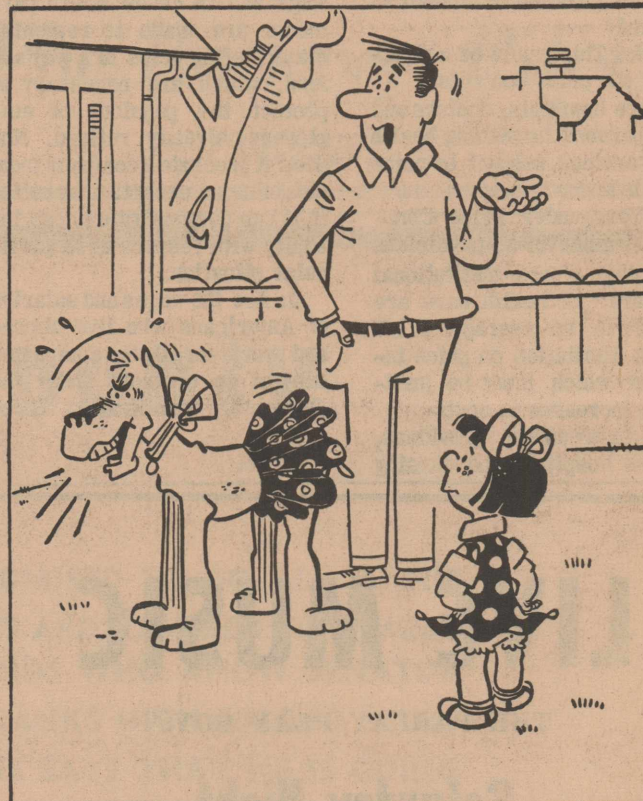

Q. I have been getting monthly social security disability benefits for nearly 6 months. Now I find I'm also eligible for benefits under a private plan from my employer. Will my disability payments from social security stop?

A. No. Disability benefits from your employer will not affect your monthly benefits from social security. However, workmen's compensation benefits could affect your social security disability payments, and if you become entitled to workmen's compensation, you should report it to the Social Security Administration right away.

Q. My wife and I both get monthly social security retirement checks. However, we just bought a trailer and plan to spend the next 6 to 7 months traveling through the United States. Since we won't have a permanent address while we're traveling, what can we do about getting our checks?

A. You could make arrangements to have your checks mailed directly to your bank for deposit into your account. You can get the form you'll need to do this from any social security office.

As More People Get Social Security, Fewer of Them Live with Relatives

As more and more people 65 and over have received social security checks during the past 20 years, fewer and fewer of them have made their homes with relatives.

Of the 12 million people 65 and over in 1952, one in six got monthly social security checks and half lived with relatives, according to social security officials here. "Today there are more than 20 million people 65 and over," a spokesman said. "Four out of five get social security checks and one in three lives with relatives."

Social security may have contributed to the live-alone trend, according to the spokesman.

"A study shows that most people 65 and over prefer to live on their own if they have enough income," he said. "And social security payments have become the largest single share of their income—now about 34 percent."

Since 1952, the average monthly social security check paid to a retired worker has increased from \$50 to \$132. The number of people who get social security retirement benefits has increased from 2 million to about 17 million.

"Some of the people getting retirement checks are under 65," the social security spokesman said. "They include wives, dependent husbands, and children of retired workers—plus retired workers who begin collecting reduced benefits at 62, 63, or 64."

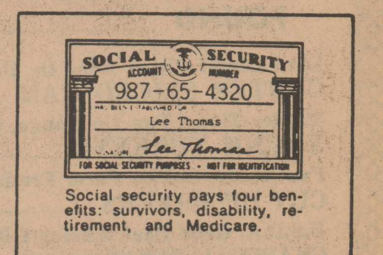

"But almost all people 65 and over are eligible for social security payments," he noted. "And two out of three of them prefer to live by themselves—as married couples or single people."

Four out of five married couples with one member 65

or over now live apart from relatives—compared to two out of three in 1952.

Three out of five single people 65 or over live alone now—compared to half the single men and two in five single women in 1952, the study shows.

The study was conducted by the Social Security Administration of the U.S. Department of Health, Education, and Welfare.

People disabled since childhood may be eligible for social security benefits.

Farmers get social security credit for years in which their net profits are \$400 or more or their gross profits are \$600 or more.

A disabled dependent widower 50 or older may be eligible for social security benefits on his wife's work record.

GET SOCIAL SECURITY CREDIT FOR YOUR TIPS

If you get \$20 or more in tips in a month from one employer:

- Keep a record
- Give a written report to your employer by the 10th of the next month
- Arrange with your employer to pay the social security contributions

GUILD MEETS

The Wesleyan Service Guild met on April 11. Mrs. John Haynes gave the meditation. Mrs. Jack Horton led the last session on the study of the Gospel of Matthew.

In a business session the Guild voted to assist in the W. S. C. S. program honoring the Seniors; to assist the library committee with a Book Tea for May 7; and to sponsor a Red Cross course in child and mother care, beginning April 29 and continuing each Saturday through May.

Plans for the Red Cross course were presented by Mrs. Jerry Scott. Look for details in another article in this paper.

KINGSVILLE—Texas A&I University sophomore Roque Garcia, Jr. of Rockport has been awarded a two-year Army ROTC Scholarship.

Garcia, an engineering major at Texas A&I, is a 1970 graduate of Rockport-Fulton High School.

The two-year scholarship provides \$100 a month for ten months a year, pays tuition, books, lab fees, and special fees.

Garcia is the son of Mr. and Mrs. Roque Garcia, Sr. of Rockport.

ONE OF HIS KIND in this automobile age, Ulysses J. Maynard is a builder of stagecoaches. Curator of the Michigan State Historical Commission in Lansing, he works from faded photographs and crumbling original coach parts to recreate classic models such as this Abbot-Downing Concord, originally built in Concord, N.Y., in the 1830s.
