

VOLUME LXI

HICO, TEXAS, FRIDAY, APRIL 12, 1946.

NUMBER 47.

Three years ago the editor celebrated the advent of Spring with his "Victory Garden Notes," which may have looked like a lot of spinach to readers, but provided him with a lot of satisfaction.

The series didn't excite much startling comment, even though contributions from readers were solicited. Most of the notice was from kindly out-of-towners such as Tovarich George Roubie up at Dallas; and a few lazy local people who waited for Otto Borsienkircher at Fort Worth and Miss Clara Linton at Hamilton to recognize the undertaking as a masterpiece.

But we had a lot of fun while getting adjusted to the shortage of help in the office, and taught ourselves a lot about gardening up on the hill.

And just to show that if you sow seeds, they will eventually come up, this week there arrived at the editor's desk a similar series of notes about gardening and flower raising, graciously set down on paper by a local lady who gets around more now than does the weary editor whose farming and landscaping efforts have about been pushed into the discard, along with his editorial efforts, after four years of typographical toil.

How he managed to keep three departments running, aside from other news departments, is still a mystery. But here in Hico, with the Colors, and Garden Notes appeared regularly in Spring, '43.

With thanks for the cooperation and interest, we reprint below the notes of the current contributor. She asks that her name be withheld, but in case you're interested you might read around and find out who is president of the newly organized Hico Garden Club. And that's the lady who was inspired so by Spring. She said the organization of the local garden club suggested the idea, and that there were some more things on her mind for the future.

The space from here on is hers. And we hope that some of you are listening in and will take heed of suggestions that you may not have considered from good authority when previously printed.

"Say, I guess you've all heard about the Spring and a young man's thoughts of love. We guess we're too old and prosaic for that, but Spring does things to us, too. There's trees bursting into lacy green... poppies marching on a vacant lot... an impudent mocker singing his heart out in a nearby tree top... the distant whir of a lawn mower... a small boy flying a kite over the hillside... neighbors planting gardens in the freshly turned earth... and over it all that undefinable odor of Spring in the breeze!"

"Spring has come to Hico, too! If you don't believe it, I'll dare you to drive by the home of Mr. and Mrs. Lambert down by the light plant... you can't feast your eyes on the riot of color there and not know it's really Spring! I'll wager you go home and plant something in your own yard, even if it's only a zinnia."

"Then there was the poet whose heart danced with the daffodils... it really would have done a jig, we think, if he had seen that bed of Texas Bluebonnets down in Wade Greenslett's yard. Don't miss seeing it if you're looking for a thrill."

"John and John may make a good barber shop team, but with the able assistance of their wives and the Rusks' son, Bill, newly home from Germany, you'll find them any afternoon late working in their gardens and as you look you'll know nice straight bean rows are Springing, too."

"Oh, yes, have you seen Mrs. Herbert Wolfe's azaleas? They're beautiful now... what if they don't compare with Houston's River Oaks azalea trail? We can still dream, can't we?"

"Speaking of gardens and clean yards—and we do mean clean—just cast your eyes on the home of Mr. and Mrs. Charlie Young. We do hear it has been said that Mr. Young has suggested a Lawn-Mower Association for the Women to do all the hard work this Spring. Wonder if Mrs. Young agrees with him... we haven't heard her opinion yet."

"A week or so ago there was a beautiful ornamental peach tree in bloom in the yard of Mr. and Mrs. Lusk Randalls. The Mister doesn't like it, though—you see, he thinks it a waste of something or other since there will be no peaches. Well, Mr. Lusk, another poet said that beauty was its own excuse for living."

"Really, folks, it's Spring! Don't take our word for it... get out and look around... it's all over Hico. It's even in Mrs. Eb Porter's iris bed, and it's certainly in the little park the Girl Scouts may be seen working in, at the junction of Highways 6, 226, and 281."

"You'll find it down in Miss Myrtle Melton's red verbena beds that brighten up the Iredell road. And even Morgan Moon has felt the need of mowing his front lawn!"

"And you'll be helping things along if you'll get out your old faithful hoe and brighten up your own small plot."

"Let's all get out and find Spring together, and make old Hico an even nicer place to live."

Fire Department Meets With 17 Members Present

The Hico Volunteer Fire Department met in regular session Monday, April 8, with 17 members present. After roll call, minutes of the previous meeting were read and approved.

Sherman Roberson made a talk. He has received the paper for the papering of the hall and kitchen. Motion was made by L. J. Chaney, seconded by Sherman Roberson, that all the fireboys and families meet at the fire hall and go to the Methodist meeting Wednesday night. Motion carried.

Charlie Meador has received the blanks to fill out for the Annual Fire Convention to be held at Waco, Texas, June 12, 13 and 14. The Chief, Fire Marshal, and two delegates are to go. L. J. Chaney and Ollie Davis were selected, with Pete Turner and R. E. Collins as alternates if the first named can't attend.

With no further business, the meeting was adjourned subject to call by Chief Charlie Meador.

J. R. BOBO, Sec.

Oscar Burton to Attend Highway Safety Conference

A Highway Safety Conference has been called in Washington for May 8, 9, and 10 by President Truman to which a few business leaders from each of the 48 states have been invited. Purpose of the Conference is to plan ways of combating the increasing number of accidents on our streets and highways throughout the nation.

Oscar Burton, Vice President and General Manager of the local Gulf States Telephone Company and a member of the Executive Committee of the Texas Safety Association, is one of the Texans who has been invited to attend the Conference.

Burton has been interested in and closely associated with street and highway plans ever since he was appointed by Governor Allred as one among the first 100 business leaders to form a committee for the purpose of studying ways and means of reducing traffic accidents on Texas streets and highways.

Realizing the need for a permanent organization to deal with such a vital matter, the Texas Safety Association was permanently organized in June 1938 to continue this important work.

In recognition of the vital role the Texas Association and similar associations in other states have performed in dealing with traffic problems, the President has invited some of their leaders to attend the Washington Safety Conference.

Public Urged to Take "Shots" Against Typhoid Fever

AUSTIN, April 8.—If you have not been vaccinated against typhoid fever within the last two or three years, Dr. Geo. W. Cox, State Health Officer, advises you to go to your doctor or to the nearest health officer and have him give you the three "shots" that will protect you against the disease.

"The three shots that will protect against typhoid are given at intervals of one week apart," Dr. Cox stated. "As it takes some time for the protective treatment to be established throughout the system it is wise not to delay in having it done. My advice is, have it done now so that immunization may be complete before summer arrives and vacation trips are taken."

This advice was addressed particularly to Boy Scouts, Girl Scouts, and other youngsters who are looking forward to spring and summer hikes and trips. It is, however, meant also for others, young or old, whose business or pleasure during the summer will take them to places where there may be doubt as to the purity or safety of the water supply or as to the care with which food is handled.

The old adage that "an ounce of prevention is worth a pound of cure" is particularly applicable to this disease, which is so dangerous and debilitating when it does occur, and which can be prevented so easily through immunization.

WEATHER REPORT

The following weather report is submitted by L. L. Hudson, local observer:

Table with columns: Date, Max., Min., Prec. Rows for April 3, 4, 5, 6, 7, 8, 9.

Total precipitation so far this year, 8.92 inches.

TRAINMEN REWARD GIRL... Minnie Rose Webb, 14, Covington, Ky., is shown as she cheerily waves to passing train crews, as she has done during the past three years since becoming paralyzed following spinal anesthesia.

The trainmen "adopted" and have made it possible for her to leave Shriners' hospital, St. Louis, for treatment.

EVALUATION BOARD TO STUDY ATOMIC BOMB... President Truman's newly appointed atomic bomb committee to study damage, left to right, seated: Rep. Walter G. Andrews (D., N. Y.); Rep. Andrew J. May (D., Ky.); Sen. Carl A. Hatch (D., N. M.); Sen. Leverett Saltonstall (R., Mass.); standing: Fred Seales, New York; Dr. Carl A. Compton, M. I. T.; Vice Adm. W. H. P. Blandy; William A. Newell, Bath, Maine; Dr. J. Robert Oppenheimer, University of California.

Hico Garden Club Formed Last Week; Meet Again Today

About fifteen interested women met last Friday afternoon at the City Hall, and laid plans for the formation of the Hico Garden Club.

After a discussion of the aims and plans of the organization, three of the officers were elected, as follows: Mrs. Marvin Marshall, president; Mrs. E. P. Porter, vice-president, and Mrs. H. N. Wolfe, secretary.

Other details of organization were left to a later meeting, at which time it was hoped that a number of others who have expressed interest in the work will be present. The general citizenship of the town has a cordial invitation to cooperate.

It was pointed out that several nearby Texas towns have organized such clubs for the exchange of ideas and discussion of helps and hints for better home appearance.

Mrs. Marshall announced this week that another meeting would be held at 4:00 o'clock this (Friday) afternoon at the City Hall.

Girl Scouts Troop 1 Appreciates Help In Landscaping Park

Troop No. 1 of Hico Girl Scouts met Monday, March 31 at the park just across from the Texaco and Magnolia Stations on Highway 281 and worked. The girls, under the leadership of Mrs. B. B. Gamble, are putting out evergreens and other flowers to make this one of the prettiest spots in Hico.

There have been some nice donations from different ones to help pay for our shrubs. We would like to take this opportunity to thank the Chamber of Commerce for the \$12.50; also Johnny Thompson, Texaco consignee, for \$5.00; Grady Hooper, Gulf agent, for \$2.00; Louis Chaney for \$2.00; Herbert Wolfe, Magnolia agent, for \$1.00; the Review Club for \$2.50; Bonnie's Beauty Shop for \$2.50; Mrs. J. B. Woodard for \$1.00; Virge Spaulding for \$1.00; Frank Wiseman for \$2.00; Luther Knox for \$1.00; and Barto Gamble for \$2.50.

We are hoping to have more donations from others as this is your park as well as ours. All help will be appreciated.

REPORTER.

FORMER HICOGAN'S FAST THINKING SAVES LIFE OF GIRL IN CALIFORNIA

A clipping from a California paper has been received here telling of the fast thinking of Jewell Faulk, former Hicogan now residing at Fontana, Calif., in saving the life of a girl who survived a shock of 4000 volts of electricity.

The paper said that Tomassa Viera, 10, jolted by 4000 volts of electricity from a broken Edison Co. power line, was recovering at a hospital, where her condition was still serious. The little girl suffered third degree burns on her leg and second degree burns about the body when she tripped on the line which had been snapped when an auto crashed into it.

Fast thinking of the Edison Co. employe, E. J. Faulk, saved the child's life. He lifted the girl from the power line with a board.

PHILLIPS FAMILY REUNION ENJOYED HERE SUNDAY

For the first time in five years the Phillips family had its family gathering here in the home of Grace Phillips last Sunday.

Those present were: Mr. and Mrs. Frank Phillips, Lampasas; Mr. and Mrs. Albert McCasland and family, Dallas; Mr. and Mrs. Jack Gray and family, Texarkana; Mrs. E. E. Jamison, Houston; Max Gandy, Dallas; Mr. and Mrs. Rufus Phillips and family, Hico; Mr. and Mrs. T. M. Gandy, J. L. Gandy, James Gandy and family, and James Fields, all of Coleman.

Launches Campaign

OMAR BURLERSON of Anson

Omar Burleson of Anson for Congress From 17th District

Omar Burleson of Anson launched his campaign for Congress, 17th District of Texas, this week by authorizing this newspaper to make his announcement.

Born in 1906, Burleson has spent his entire life in West Texas with the exception of two years in Washington, D. C., and his three years in the Navy. After receiving his law degree in 1929, he married Ruth DeWeese, daughter of Rev. and Mrs. R. D. DeWeese. Rev. DeWeese was pastor of the First Baptist Church at Anson in the early 1920's.

Burleson's political career began at 23 years of age when he was elected County Attorney of Jones County. After two terms, he was elected County Judge of his home county and served for three years unopposed. He became widely known in West Texas for his leadership in governmental, educational, and civic affairs. As President of the West Texas County Judges and Commissioners Association, he championed causes for the improvement of county government. His interest in civic and educational affairs was evinced by his selection as District Governor of Lion's Club, Chairman of the Texas Welfare Association, member of the Freight Rate Equality Federation, member of his local School Board of Trustees, and presently a member of the Board of Trustees of Abilene Christian College.

Until he became Special Agent of the Federal Bureau of Investigation, Burleson was active in church, fraternal and civic affairs.

Waco's Good-Will Representatives to Visit Here April 26

WACO, April 10.—Waco's Good-Will Tour into West Texas, April 23-26, will bring more than fifty business and civic leaders by special train into Hico on Friday, April 26, arriving 4:35 p. m. and leaving 5:05 p. m. Friday.

Conducted by the Waco Chamber of Commerce, the visit will include an outstanding entertainment feature at a central point in the business district, broadcast by a powerful sound truck accompanying the trippers. Musical highlight will be furnished by Red Cheek of San Saba, with his guitar-playing which won for him the Marines' title of "one-man minstrel."

Currently attending Baylor University, Red was recently discharged from the Marine Corps where in addition to his guitar playing he serenaded Japs with mortar fire.

Preceding the musical entertainment will be an exchange of greetings between Waco and local leaders.

"We are making these visits in order to get better acquainted with our neighbors and to further develop the friendship which has always existed between Waco and the people of this area," W. W. Callan, president of the Waco Chamber of Commerce, said.

Souvenirs will be distributed by the trippers in each town visited.

Easter Seal Sale Providing Funds for Crippled Children

DALLAS, April 9.—An even greater number of Texas' crippled children are going to be given the chance to grow into healthy, normal adults as the result of generous response to the thirteenth annual Easter Seal Sale now in progress. The response to the 650,000 Easter seals mailed to Texans is the largest and most generous in the history of the sale, according to Martin M. Hicker, executive secretary of the Texas Society for Crippled Children, sponsors of the sale.

Proceeds from the Easter Seal Sale are used in locating handicapped children, providing medical care, crutches and wheelchairs and rehabilitation to those who otherwise could not receive this necessary care. The Society also conducts a campaign for the prevention of crippling diseases. Every Texan who has not already sent a contribution for the seals is urged to do so at once and to use the seals on all correspondence as a reminder to others of the necessary work being done for the less fortunate children in all communities.

EXAMINATION SLATED FOR POSTMASTER AT CARLTON

The United States Civil Service Commission has announced an open competitive examination to fill the position of postmaster at the Carlton, Texas office, at which a vacancy exists or is about to occur, according to R. B. Jackson, postmaster at Hico.

Applicants must receive mail through the Carlton post office, he said, and applications must be properly executed and on file at Washington, D. C. prior to the hour of closing business on April 24, 1946.

The date for assembling of competitors will be stated on the admission cards sent to applicants after the date for the close of receipt of applications and will be at least 15 days after that date.

Jackson said the examination will be held in Hico, when time for same is set.

CARROLL AKIN MAKES TARLETON HONOR ROLL

Stephenville, April 10.—One of the 54 students on the honor roll just released at John Tarleton College is William C. Akin of Hico, William, who is the son of S. N. Akin of the Mt. Pleasant community, is a Junior at Tarleton. He is majoring in Engineering.

In addition to being an outstanding student he has taken an active part in numerous extra-curricular activities.

FAIRY CEMETERY WORKING

The annual working of the Fairy Cemetery by the citizens of that community and others interested will be held on Good Friday, April 19, according to announcement made this week by members of the committee.

Those who are willing to take part in the all-day working are requested to bring lunches which will be spread at noon.

FAIRY COMMITTEE.

PASTOR AWAY IN MEETING

Rev. O. D. Carpenter, pastor of the First Baptist Church here, left this week for Denton where he will be engaged in a revival from April 10-21. He has announced that the local pulpit will be filled by Rev. E. E. Dawson for the next two Sunday mornings.

Two New Members Of Hico School Board Indicated by Voting

Two new members of the Hico Independent School District are indicated by the results of last Saturday's election held at City Hall, as reported by J. W. Autrey who with Mrs. Maye Hollis and Mrs. J. D. Currie held the election.

E. H. Randais Jr. and Morse Ross were selected with the highest number of votes for the two places to be filled, with H. N. Wolfe, D. F. McCarty and L. J. Chaney trailing in the order mentioned.

The terms of McCarty and Wolfe are expiring. The former has served for several years as president of the board, and the latter as secretary. Hold-over members of the board are Hardy Parker, J. D. Jones, Geo. Powledge, Stanley Giesecke, and G. C. Keeney.

Forty-seven votes were cast in the election, with all of them reported for J. W. Jordan for county school trustee from Precinct 3, and for E. L. McKinley for trustee at large from the county.

HICO BOY HAS SOME FUN ALONG WITH HIS WORK AS FIREMAN OVERSEAS

Horsching, Austria March 26, 1946

Mr. and Mrs. C. R. Oakley Carlton, Texas Dear Folks:

Well, we have been having some warm spring weather here in the last two weeks and I've been enjoying it. I hope it's been nice there at home.

I'm beginning to think that the rifle isn't going to make it home. I sent it over a month ago and it hasn't gotten there yet. But you may have it by the time this letter gets there. I hope so.

We haven't had any fires lately so I guess we can expect two or three in the next day or two. They usually come in bunches. We had three in one day about a week ago. First it was one of these guard smokers, then it was a big transformer over in Horsching, and by the time we got it out the truck was empty and the electricity was cut off as we couldn't get any help from the highlines. Here we were with only one truck and it was empty—no water in the fire hydrants—just sitting here waiting for the power to come back on so we could fill the truck. Somebody said, "Boy, what if we had a fire now!" Just then the fire alarm rang. They had turned on one of the auxiliary electric plants here on the field and it had shorted out a water pump and set it on fire. So we took off with the empty fire truck and only some C20 extinguishers to put it out with. Boy, what a time we had! We used all our extinguishers up on it and still didn't get it out. All this time the colonel was standing around watching. All I can say about him is that he got his pants ruined when he got squirted by an extinguisher which for some unexplained reason went wild. Well, anyway, about that time the water came on in the hydrants and we hooked up the hose and drowned the fire good, not mentioning several bystanding innocents who kept poking their noses in telling us what to do.

Well, so much for the fire. I'll close now, so goodbye to all.

Love, DONALD. (Pfc. Harvey D. Oakley)

MRS. HODNETT HEARS FROM BOYS AND LONNIE

Mrs. W. M. Hodnett received a telegram this week from her son, William Hodnett, Mo MM 2/c, stating that he landed in San Francisco, Calif., Thursday, April 4, and after receiving his discharge at Camp Wallace, Texas, would be heading home.

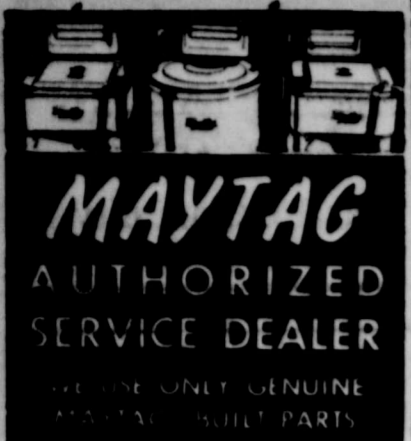

She also received a letter this week from her other son, S/Sgt. Harry Hodnett, a re-enlistee, and he is now in Germany. Harry said he was accompanied on the boat trip over by T/Sgt. Lonnie Redden, also a Hico re-enlistee.

A son-in-law, Pvt. Arnold J. Kinney, received his honorable discharge at Camp Hood on March 14, and is here now for a visit in the Hodnett home with his wife, the former Opal Hodnett, and their children, who have been making their home with her mother while the husband was in service.

T/5 and Mrs. Willard Leach, who have been making their home in Olympia, Wash., while Willard was stationed nearby at Ft. Lewis, arrived in Hico Thursday for a visit here with his parents, Mr. and Mrs. John Leach, and with his brother, Herman Leach, and wife.

SIGHT RESTORED... Mrs. Shirley Jane Vetter, 24, Seattle, Wash., lost her sight 11 months ago. She is shown with her daughter, Tamara, whose birth was responsible for the restoration of Mrs. Vetter's sight.

This Question of Plant Food

Commercial fertilizers that are available from most seed stores are 4-12-4, 5-10-5 and 6-8-4. Which is best? For leafy vegetables such as lettuce, mustard, kale and spinach, 6-8-4 would be preferable because the higher percentage of nitrogen will stimulate rapid growth of the foliage. For root crops such as beets, carrots, radishes and turnips, a 4-12-4 mixture is probably best. For tomatoes and peppers, as well as eggplant, a 5-10-5 mixture is recommended. If you are going to use just one fertilizer for all vegetables, a 5-10-5 would be the choice.

In applying fertilizer, the proper rate is 5 pounds per 100 feet of row space. Be sure to mix the fertilizer thoroughly with the soil before the seed are planted. Where vegetables have already been planted without fertilizer and are "up and corner of the hoe and open the furrow 3 to 4" deep on either side of the young growing vegetables. Sprinkle the fertilizer in the furrow, then mix it with the soil and refill the furrow. If you want to grow cucumbers which "grow like magic", a side dressing with 5-10-5 fertilizer will

VET GETS HER DOG . . . Joseph M. Sell Jr., Greeley, Colo., shown with army dog Grexler, K-9, which saved his life in the Pacific. The dog was located at home of J. M. Tabert, V. J. Calif., who gave up the hero dog to Colorado war veterans.

do the job. After the plants have begun to grow and have made a growth of 12 to 18 inches, open a second furrow out toward the ends of the runners and apply 2 or 4 pounds additional fertilizer to keep them coming.

Outwitting the Moth

With warm weather approaching, it is about time to pack away woolen clothing and blankets for protection against moths. Upholstered furniture, too, may be a good hiding place for moths, and precautions should be taken in both cases. Mrs. Bernice Claytor, the specialist, gives the following advice.

If you have a spare clothes closet for storage, put the cleaned woollens in it, use a preparation to kill the moths, and then seal it up tight. One point to check is the door tread. Moth repelling preparations — naphthalene for example — give off gas that's heavier than air. It sinks to the floor and can escape if the door tread does not offer good protection. You may want to seal this with paper.

If you pack clothes in garment bags for summer storage, make sure they are clean before you put them in. Then be sure the bag is tightly sealed. If both of these precautions are taken, the paper will keep out moths indefinitely.

When packing woollens away in boxes or trunks, be generous with moth flakes or crystals. Under ideal conditions, four ounces will give protection. But these chemicals are cheap, and it often pays to over-dose and be safe, says Mrs. Claytor.

In the case of upholstered furniture, Mrs. Claytor advises removing slip covers every now and then and going over the furniture with a good brush or the vacuum cleaner.

Buying Pots and Pans

With more pots and pans coming to the market all the time, homemakers may be wondering what kinds will give them the best service. Mrs. Bernice Claytor, specialist in home improvement for the A. & M. College Extension Service, has explained some of the differences in kitchenware and what may be expected of the various types.

Aluminum pots and pans are among the most popular, but there are marked differences in aluminum.

The heavy "cast" aluminum vessels are made by pouring the molten metal into castings or forms. "Stamped" aluminumware is stamped from sheets of the metal and then pressed into shape. It comes in three grades—light, medium, and heavy.

The heavier the aluminum, the more durable the utensil, says Mrs. Claytor. The thin, lightweight aluminum is less expensive and lighter to handle, but it also dents and bends more easily.

Stainless steel will wear better than aluminum of the same weight and thickness. It doesn't darken as aluminum does when alkaline foods are cooked in it. But once it's darkened by overheating or scorching — it cannot be brightened as aluminum can. Aluminum also has the advantage of spreading the heat more evenly.

A commercial standard has been set up for porcelain enamelware.

WAGSTAFF—
(Continued from Page 1)

adopted by the legislature. As a result, the state took over the payment of the outstanding indebtedness of the counties, incurred for the building of state highways.

"High level of prices for products of farms and ranches is the most important issue affecting the prosperity of this district," says the candidate in his platform. Declaring that for seventy-five years all the power and influence of the national government has been used to benefit Industrial and Manufacturing areas of the nation at the expense of the Agricultural regions, he stresses his support of fairness and justice for farmers and ranchers.

Wagstaff's platform includes the following:

Support of the United Nations Organization to promote world peace, adequate armed forces for national defense. Opposition to sharing the secret of the atomic bomb with other nations.

A Balanced Budget Without Further Delay, and reduction of taxes to encourage business.

Farm Program — Payments for parity and soil conservation with substantial increase in parity formula. Government guarantee of parity prices. Price adjustments and removal of ceilings for benefit of agriculture, rather than acreage reduction and use of subsidies. Increased appropriations for farm to market roads. Extension of rural electric lines. Use of surplus farm commodities in the school lunch program. Support of Government agricultural agencies.

Research to discover new uses of cotton, peanuts, maize, and other farm products. Search to discover new plants and crops suitable for this district.

The most important issue affecting the prosperity of this region is the maintenance of a high level of prices for the products of our farms and ranches. So long as we can maintain high agricultural prices, this district will be prosperous, and as a member of Congress, I intend to cooperate and work actively with the Farm Bloc in Congress to accomplish this result.

Boards and bureaus — Abolish all unnecessary boards and bureaus, and terminate wartime agencies as soon as the reconversion period is over.

Freight rates — Equality and uniformity of freight rates throughout the nation.

Veteran's legislation — Adequate and generous benefits to veterans of all wars. Payment of terminal leave benefits to enlisted men.

Old Age Pensions should be increased to take care of the increased cost of living. Pensions should be equal and uniform.

Labor and Management — Settlement of strikes and labor disputes through collective bargaining, with Federal Mediation.

Education — Federal aid for education, without supervision or control by Federal Government.

Government Control of Business — Opposition to further centralization of Government or control over private business.

A label will tell whether the vessel has a multi-coat finish or a single-coat finish. In the multi-coat finish, one or more coats of white enamel are applied over a first dark coat. The single coat has a speckled finish.

It's the surface that counts in enamelware. Air bubbles or an exposed base are signs of poor manufacture and might cause tiny chips to break off while cooking. Mrs. Claytor concludes.

County Home Dem. Office,
Ethel R. Hander.

YOUNGEST G MAN . . . Patrick McGranery Jr., 5, son of the assistant to the attorney general, had the thrill of his life when Chief G Man, J. Edgar Hoover, proclaimed him to be the "youngest G man" and promised him a place in his famous organization when he grows up.

Mrs. H. Alexander

Mr. and Mrs. John Golightly and children spent Sunday in the home of a niece and family, Mr. and Mrs. Ruel Lock and son at De Leon.

Elwanda Mayfield of Fort Worth visited the latter part of the week in the home of her parents, Mr. and Mrs. Henry Mayfield, and son.

Mr. and Mrs. Claud Denton and Elizabeth Alexander of Stephenville and Mr. James Denton of near Dublin were guests in the home of Mr. and Mrs. Hub Alexander Sunday.

Mr. and Mrs. Jack Head and son, Babe Head, and Mr. and Mrs. Spencer Gage, also a son, all of Fort Worth, spent the week end in the home of Mr. and Mrs. Bill Head and little daughters.

Charline Sherrard of Stephenville spent Sunday here in the home of her parents.

Sgt. W. E. Alexander, who had spent several months on Saipan, arrived back last week accompanied by his wife and son of Kerrville. They spent several days here in the home of his parents, Mr. and Mrs. William E. Alexander. W. E. has his honorable discharge.

Mrs. Billie Hudgens and Betty Lee of Dublin spent the week end here in the home of their parents, Mr. and Mrs. Homer Lee.

Several from here attended the roping out at the ranch of Mr. and Mrs. G. S. Johnson last Sunday, and enjoyed it very much.

Mr. and Mrs. Glenn Lee and sons of Fort Worth spent the week end here with relatives.

Captain and Mrs. Ben D. Cook, who have been in Illinois, are visiting in the home of Mr. and Mrs. H. G. Wolfe and other relatives. Mr. Cook was recently discharged from the army.

Mr. and Mrs. Ceell Mayfield and children of Fort Worth spent the week end here with relatives.

M. B. Thomas of Stephenville was here Saturday on business.

Mr. G. H. Golightly spent Saturday night and Sunday with his daughter, Mrs. Ara Denman.

John Golightly and Hub Alexander attended the sale at Hamilton Tuesday.

Miss Dorothy Wilkerson, county demonstrator, was a dinner guest of Mrs. Iva Golightly Tuesday.

Mrs. Sam Wolfe and son visited relatives here Sunday.

You'll Feel At Home Here

● When you bank here you will find hospitality much like that which makes it a pleasure to visit in the home of a good friend. We believe there is always time to be cordial . . . courteous . . . and considerate.

Some depositors have been with us many years . . . others are comparatively new . . . but we value the good will, friendship and business of each one. And the size of the account is not the measure of our service.

Make 1946 a year of greater progress by opening an account with us. It will be most convenient for you to do your banking here. Service is prompt and dependable. We will value your business today . . . and always. You will feel at home!

The First National Bank
"In Hico Since 1890"

Maximum Production

Your poultry and cows are now doing a big post-war job . . . just as they did in war-times. They're called on not only to help feed the private citizens at home . . . but also to feed our still large armed forces, and people in all parts of the world.

We continue to offer farmers and poultrymen of this area complete market facilities for your poultry, eggs and cream.

We Pay TOP PRICES FOR YOUR PRODUCE! At All Times

AND REMEMBER . . . we always offer you a steady, year-around market for these items. We have enlarged and improved our quarters to take care of our customers better, and appreciate every visit you make to our place.

Senior News
Notice: The Senior Class is having a cake auction Saturday afternoon and Saturday night of April 13. In down-town Hico. Everybody come! There will be two three-tiered cakes. Be sure to come.

The Seniors have begun practicing on their play, "The Haunted Chair," which is to be performed in the High School auditorium on April 26. So far things are going pretty well.

We have been having several class meetings lately and always the result is — arguments. However we did decide on the speakers for commencement and baccalaureate services and the pianist. Also we agreed upon a place to go on our Senior Trip. Galveston won the majority of votes for our trip. Of all the business we have settled in these past few meetings, there still remains more and more to be attended to.

Monday night the Seniors were invited to attend the picture show, "The Spanish Main" at the Hico theatre, compliments of the Colemans. We wish to thank them very much. It was enjoyed by everyone who attended.

— H H S —

Junior News
Those dreadful six weeks' tests have crept up on us again. Everyone is dreading them and is hoping for the best.

We are also making plans for the Easter holiday which is just around the corner.

The Junior class is still working on plans for the Junior-Senior banquet (or maybe it should be called a picnic.)

Miss Hammons was in Dallas this past week end attending to some business for the Junior Class. Just what it is is a military secret for the time being.

— H H S —

The Crystal Ball
It seems that everyone in school Monday was so droopy. I wonder what happened over the week end? Could it have been what happened or just Spring fever? Most everyone was going around holding their eyes open with their fingers. And then it was doubtful whether you saw a person or a walking dummy!

Max Hill was seen with Wanda Ball last week. Since the C. B.'s eyes have been half closed too, it falls to tell me just what night this happened.

Don and Dale have had a fuss but have made up again.

I see that Marie N. had a date for last Saturday night, but refused. I wonder why she refused because it seems that she had been wanting very much to go with this boy.

Jack was seen with Jackie last Saturday night. This is becoming a habit.

Sammy was seen with Donald H. last week, but we see Willa

Dean and Donald together Saturday night and Sunday.

Sammy is again seen but this time with Lloyd A. on Saturday night.

Who were the two Clairette boys that were "pursuing" Margaret A. and Doris N. Saturday night?

I see that Jack Neel and Lloyd Angell were alone Sunday afternoon. But, wait, were they alone?

If the C. B. seems rather short, maybe it's because we didn't get to give any advice to you! Why don't you try writing and asking for our advice?

We have threatening weather at this writing. A light rain would be beneficial to garden and field crops.

The annual cemetery working will be held Good Friday. All who can are requested to come and help with this work.

Thomas Ray Abel has returned home from the Meridian hospital where he underwent an operation for appendicitis and is doing fine.

News has been received here that Mr. and Mrs. Dan Fulbright of Kerrville, Texas, are the proud parents of a little son by adoption. They will call him Curby Daniel.

Mrs. Fulbright is the former Miss Ora May Parks, who was born and reared here. The infant was one day old when adopted.

The Amateur program Friday night was well attended. There were musicians there from Jonesboro, Hico, Clairette and other points besides local talent of this and surrounding communities.

Blufe Roberson of Hico and Jim Rainwater were winners in the Old Fiddler's Contest, but we failed to get a list of all winners.

Mrs. Carl Ray Sellers and little daughter, Carolyn, attended Sunday School at Lanham last Sunday and spent the remainder of the day visiting in the home of her husband's sister, Mr. and Mrs. Raymond Jones, and family.

Mrs. Brittle Little visited a few days the first of the week in the home of Mrs. Hugh Hooper of Hico.

Mrs. Emma Lackey is visiting in the home of her son, Mr. and Mrs. Bill Lackey and sons at this writing (Tuesday).

Those from here attending singing at Hico Sunday afternoon were Mr. and Mrs. Nat Grimes, Mr. and Mrs. J. O. Richardson, Mr. and Mrs. H. C. Beck, Mr. and Mrs. J. T. Abel and son, Louis.

Mrs. Brittle Little and H. S. Pitts. We stated last week that Edwin Sellheimer of Camp Hood was spending the week end here. Instead he received a ten-day furlough. He returned to Camp Hood Tuesday of this week and expects to be discharged in a few weeks.

Waynard Allison of Baytown came in Monday for a two-day visit with his parents. Mr. and Mrs. E. C. Allison and Texie Dell and other relatives. Having a few days leave from work and a ride to Clifton was an opportunity he just couldn't let pass.

Mr. and Mrs. Witt Laceywell and little daughter, Judy, of Oton have been visiting the past week in the home of his mother, Mrs. Ada Laceywell and son, Arthur (Pat).

R. L. Anderson of Grand Prairie spent the week end here, looking after the interest of his farm.

Louis Abel of San Antonio is visiting with his parents, Mr. and Mrs. J. T. Abel, and other relatives. Louis was formerly at McCloskey General Hospital at Temple, but has been transferred to San Antonio. He states that he is feeling much better. May the day hasten when he will be fully recovered. It will be remembered he was a Jap prisoner for more than three years.

Mr. and Mrs. Clancy Blue and son, Dorsey Dwayne, of Hamilton visited while Saturday night in the home of her sister, Mr. and Mrs. Wallace Edwards and Betty Lou.

Misses Daphne and Patsy Ann Hoover of John Tarleton College spent the week end with their parents, Mr. and Mrs. E. M. Hoover.

Sunday visitors with Mrs. A. Alford and Mr. and Mrs. Benn Gleason were Mr. and Mrs. B. A. Gleason and daughters, Annette and Merrijo, and Mickey Wilson of Lott. Miss Kathryn Alford of Hamilton and Mr. A. D. Horton of Killen.

Fairy Home Demonstration Club
The Fairy Home Demonstration ladies met with Mrs. Dunklin Friday afternoon, April 5, with 14 ladies present. Roll call was answered by describing our favorite hat. After the business meeting, Miss Hander gave a demonstration of hat making and re-fixing old hats.

Our recreation period was sponsored by Mrs. Jones.

We plan to have our party for the young people Friday night, April 12, at the school gymnasium.

Our next meeting will be with Mrs. Lackey May 2. Miss Hander will demonstrate making slip covers.

Mrs. Emma Lackey is visiting in the home of her son, Mr. and Mrs. Bill Lackey and sons at this writing (Tuesday).

75 Katy's ANNUAL REPORT on its DIAMOND ANNIVERSARY YEAR...

How Katy's Dollars... were Earned and Used!

1945 Income Account in Brief

DOLLARS EARNED	\$63,533,030
Transportation of Freight	13,052,816
Transportation of Passengers	6,508,048
Other transportation Revenues	83,093,894
Making a Total Operating Revenue of	224,823
Other Income Was	83,318,717
Making a Total Income of	\$34,319,191
DOLLARS USED	20,007,724
Wages and Salaries Paid Employees	12,973,903
Miscellaneous Materials, Rental of Equipment, Etc.	4,393,741
Taxes	2,673,732
Locomotive Fuel	74,370,291
Depreciation Charge on Rolling Stock and Structures	8,948,426
Making a Total Operating Expense of	3,080,827
LEAVING	5,867,599
Income before Fixed Charges of	
Fixed and Contingent Charges	
RESULTING	2,000,000
In Net Income After Fixed Charges and Other Deductions	\$3,867,599
OF WHICH	
There was appropriated for Possible Increase in Tax Liability and for Other Purposes	
Balance of Income Transferred to Earned Surplus	

With the victorious conclusion of the war, Katy also celebrated its 75th year of service to the Nation and the Southwest.

Operating revenues for the year were lower than 1944 by \$928,148 but the decrease was more than offset by a reduction of \$1,680,808 in operating expenses. Decrease in operating income occasioned by an increase in taxes was overcome in part by reduction of rent and interest payments. Income carried to earned surplus was \$3,867,599.

Continuing a long-term program of modernization and fixed-charge reduction, designed to place the railroad in a more favorable position to meet the foreseeable future, Katy's physical properties during the year received the benefit of \$26,006,455 worth of intensive maintenance and construction, at the same time bonded debt was being reduced by \$4,538,500. Total fixed-interest debt reduction in the 4 years ending December 31, 1945 aggregates \$41,686,765.

Today, the Katy is eminently fitted both in plant and capital structure to handle the traffic to and from the most rapidly growing section of the U. S. Seventy-five years old in experience, it is one of the newest railroads in morale and physical equipment.

D. V. FRASER President
R. J. MORFA Chairman of the Board

REDUCTION OF FIXED INTEREST DEBT

Outstanding Dec. 1941	\$98,443,419
Outstanding Dec. 1945	\$94,786,084
Reduction in 4 years	\$4,657,335

Hico News Review
PUBLISHED EVERY FRIDAY
IN HICO, TEXAS

THE TEXAS PRESS ASSOCIATION

ROLAND L. HOLFORD and
JIMMIE L. HOLFORD
Owners and Publishers

Entered as second-class matter May 10, 1907, at the postoffice at Hico, Texas, under the Act of Congress of March 3, 1879.

Hico, Tex., Friday, April 12, 1946.

TEAMWORK NEEDED

Recently we watched a number of small boys organizing a baseball game. When they were determining what position each one would play, two of the boys yelled, "Pitcher!" at about the same moment. When the other players decided which of the two had shouted first, the loser walked off the field and said that he wouldn't play.

Somehow the scene reminded us of Russia's walking out of the United Nations council meeting. For Russia has shown, ever since the war ended, that although she would like to participate in the UNO activities, she won't play except under her own terms.

Russia's greatest weakness, so far as international relations are concerned, is her apparent ignorance of teamwork. She insists on playing a lone game, whether the other members of the team like it or not.

ON-THE-JOB TRAINING

The Veterans' administration program for on-the-job training is gradually reaching the other small towns.

Under this plan, merchants or business men can obtain the help of veterans with the government paying part of the wages. But the plan isn't based on providing employment for veterans, but on training them for good jobs.

To obtain veterans under this plan, the business man must outline a definite training program which he intends to follow. That plan must be approved by the Veterans' administration as one that will equip the veteran for a better job than he would be able to fill without such training.

Any considering the plan should keep this in mind—the primary purpose is to help the veteran, not to provide bargain employees.

THIS AND THAT

By JOE SMITH DYER

WHEN ARE WE OLD? When are we old? We are old and in our dotage when our age disgraces our high hopes and our fondest desires.

We are old when our appetite for achievement is satisfied. We are old when our thirst for more knowledge is quenched.

We are on the superannuated staff when our ideals are deserted—when that deep down spring of imagination is dry—when the swift running river has reached the wide open sea. And that time may come at forty, fifty, sixty or seventy.

In some cases it has been known to come even before forty. Old age is nowhere save to the eyes of the young. And even the eyes of youth will change their perspective and eventually see the miracle of nature in older men who insist, despite their age, on continuing to find things worth living for.

WHEN ARE WE YOUNG?

We are young when our sanguine expectations are stronger than our despondency streaks—when our self confidence commands our fears—when we bravely challenge all opposing obstacles and insist on playing the game of life fair and square. We are young so long as our hearts hear the radio of the results of genius, and appreciate good cheer and good will. We are young when our reason and our hopes find equally a firm support in individuals and in the infinite.

OLD FASHIONED KITCHEN

There was a huge iron stove called the Kitchen Range—pride and joy of the woman who cooked in the nineties—which burned wood or coal and which introduced the traditional reservoir at the end for keeping a supply of nice hot water handy. There was a wood box near the range, and the kitchen was a favorite spot for the Saturday night bath. The cast iron "dutch oven" was a favored utensil for roasting all kinds of meats.

Skillets, griddles, and pots were also of cast iron. In those days aluminum and glass cooking wares were unheard of. Lids, cups, and stew-pans were all made of tin.

The wire egg beater was an entirely new device; but in every kitchen there was a coffee grinder. Coffee was bought in green berry, was parched in the home oven, and was freshly ground for each individual meal.

A few—very few—farm kitchens boasted sinks and combination pumps, on which a valve permitted pumping from either well or cistern. The old wooden bucket sat on the wash stand on the back porch and all members of the household, and even guests, used the family dipper, for in those days people were not germ conscious as they are today.

What a long way kitchens have traveled.

In the nineties the fire was made in the range an hour before the meal was started so that it might be prepared quicker. Today the whole family arrives at five minutes until twelve noon. The lady of the house presses a button somewhere in the kitchen and very suddenly the meal is on the table.

One man remarks: "Food doesn't have the good flavor that it used to have" and another man replies, "Well, what difference does it make? We eat in such a hurry we don't know whether it has flavor or not."

Age is not measured by years. Age is the answer to our feelings.

Above the HULLABALOO by LYLE HULL

Let Spaniards Do It!

There is no secret about the fact that Russia has been trying for the last fifteen years to absorb Spain into the Red camp and thereby gain a political "landing field" in that dictator state.

Democratic America and Britain don't like the Franco dictatorship—or any other for that matter. But we should realize that if Franco's government is suddenly destroyed through outside influence—there will ensue a Red revolution from which no one except Russia can derive gain.

Today's greatest human tragedy is the fact that there are two distinct political ideologies struggling for world dominance. They are Democracy and Communism—and two geographically divided blocs of nations represent them. Someday in the future—unless the UNO, or some great unforeseen happening, can inspire humanity with a sense of tolerance, these two ideologies will clash physically. Russia appreciates this and is preparing for such an eventuality.

Why don't we take just one leaf out of Stalin's book—"Realism"! Idealism is a luxury. It never has functioned successfully after a great storm, such as we have just weathered.

Abracadabra

Leaping Dime

You can blow a dime across a glass without having it fall into the water. The trick is to have your lips level with the coin, not above, not below the balanced dime. Then blow sharply and the coin will hurdle the glass and land beyond the farther rim.

In many cases the person who is worrying for fear he may lose his mind, wouldn't miss it if he did.

Shadow on the Rock

HOUSE AND HOME

Color will work magic in your house by giving new life to old surroundings and overcoming architectural singularities. The new clear colors put spirit in a house and stamp a room with individuality and vitality. Don't be afraid to use these dark strong colors for backgrounds, the light alive colors for contrast in fabrics and the vivid ones for accent.

The size of the rooms will determine whether you want dark walls with light fabrics or sunny walls with draperies and upholstery of the darker tone. Regardless of how you use the light and dark combination the accent color adds the bit of spice that makes a room interesting and gay. This color is picked up in the pattern of a chintz, in accessories and "oddmans," in an odd pillow, the curtain lining, pictures, the pattern of a rug and even in books.

The choice of color depends on the exposure of a room, your own likes and dislikes and utility. The blue greens are cool and perfect for summer. A room with lots of light takes these colors all the year round, relying on the accent color for warmth in the winter. Clear light yellow is a sunny but fresh color, ideal for a dark room with a northern exposure the whole year.

There's a lovely soft gray with a suspicion of green that's cool looking and a wonderful foil for spring flowers and sunlight. Nevertheless, this is a splendid shade for summer and winter, cool in the sunlight and a warm gray in firelight.

Timeless contemporary furniture is often at its best in a setting of understated, year-round color. A smoky blue gray makes a stunning background for blond modern woods 12 months of the year.

The new wall coverings are glamorous this year if painted walls don't appeal to you. Washable coverings, stain resistant coverings, grease resistance, color fastness, mildew proof and vermin resistant coverings are being developed.

Redecorating will be exciting and profitable this spring.

The fellow who used to walk a barbed wire fence barefoot with a wildcat under each arm is now married to a little red-headed woman who makes him do the dishes three times a day.

Fashions FOR TODAY by PATRICIA DOW

5930 6-14 yrs.

School Frock

Pattern No. 5930.—Here is a simple little school dress for the lass of six to fourteen. She'll like the snugged in waistline, short puffed sleeves and pretty neckline.

Pattern No. 5930 is designed for sizes 6, 8, 10, 12 and 14 years. Size 8 requires 2 1/4 yards of 35 or 39-inch fabric; 2 yards ric rac to trim.

Form for ordering the School Frock pattern, including fields for name, address, and pattern details.

HEALTH with a Smile

Nature Prepares You For Emergencies

By Dr. J. B. Warren

Nature has so made your body that it can do many times the usual amount of work done—kidneys, heart, lungs, liver, stomach, blood vessels and all the other organs.

Nature provided the extra kidney, lung, eye, ear, the large liver, the efficient skin, the strong muscular heart so that when emergencies arise you will be able to meet them. The thought is that this extra ability was meant to be used in emergencies, not for excesses.

Straightening the Curved Spine

By Dr. J. B. Warren

In early cases of spinal curvature the patient hangs on a pair of rings, one ring higher than the other, to bring spine in a straight line. After hanging for short periods for a total of 15 minutes he lies on his abdomen and the director puts his arms in a "key" position to bring the spine into a straight line. In this position he raises his head and shoulders high off the floor a number of times. In advanced cases severe exercises, a plastic cast, and even operation may be necessary to get spine straight.

Dale Carnegie

Author of 'HOW TO WIN FRIENDS and INFLUENCE PEOPLE'

MANY SIDES OF LIFE ONE of the most completely exploded ideas in all the world is the concept that there can be "perpetual motion." The United States patent office knows how foolish this is; it knew even as far back as 1813 when it got up a humorous form-letter to send to people who thought they had discovered the trick. This is what it said:

"Perpetual motion is considered a perpetual notion, and ought not to be attempted until the sun rises in the West." But this does not keep people from applying, for the office mails out, on an average, six form letters a week refusing patents on perpetual motion devices. And this has been going on for more than a hundred years. The department feels pretty discouraged about it.

I've been reading an interesting book called "How to Make People Like You," by my friend, Dr. Donald A. Laird. Here are six of his good rules:

- 1. Keep your promises.
2. Lend a helping hand.
3. Don't boss others.
4. Be truthful.
5. Don't ridicule your acquaintances.
6. Keep your conversation clean.

While reading these rules, have you found one that you don't believe in? And what is a thousand times more important—do you practice them? The late William H. Woodin, secretary of the treasury under Franklin D. Roosevelt, said in "The Etude" that the vibrations of fine music put a mysterious initiative and resolution into the average person. Good music makes one feel that after all things may be better than they seem. Every great military leader has used music to give courage to soldiers in time of war, and to stimulate men in times of peril. Let's listen to more good music.

This Week in WASHINGTON

WASHINGTON, D. C. (NWSN).—It was made very clear, right at the opening of the convention of the United Automobile Workers held at Atlantic City, that union leaders do not attach any permanency to recent strike settlements. R. J. Thomas, president of the union, referred to the wage increases as a "down payment" and said that these increases might quickly be wiped out by inflation.

The crux of the labor situation is now centered on John L. Lewis and the United Mine Workers. If Mr. Lewis should agree to terms in line with the formula established by the steel and automobile settlements, that formula might then be stabilized for the present. But it is not expected that Mr. Lewis will agree to this formula. If he gets bigger increases for his members, other union leaders will soon be on the warpath again. It is rumored that any further major break in the line against inflation will result in the resignation of Chester Bowles from the government. Mr. Bowles has given in on a number of occasions—notably on permitting a rise in steel prices to take care of the wage increase to steel workers—but it is not believed he would tolerate a rise in coal prices too which would necessitate further price increases. Unions are being encouraged to push their demands to the limit by the recent action of the senate committee on education and labor in taking all of the teeth out of the Case Labor bill before submitting it to the Senate. By this action, the committee has made it clearer than ever that it will not approve any curbs on union activity, no matter how much they are needed.

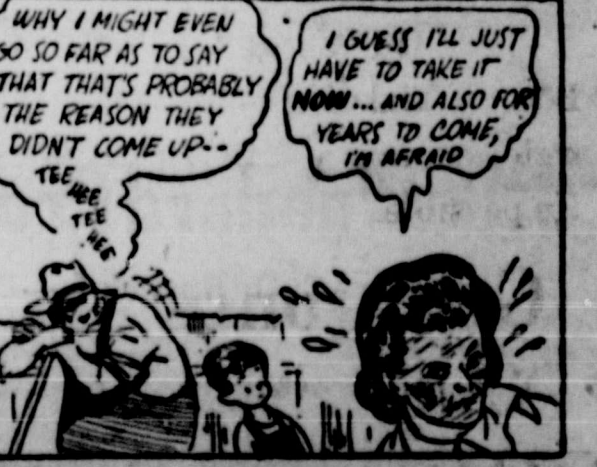

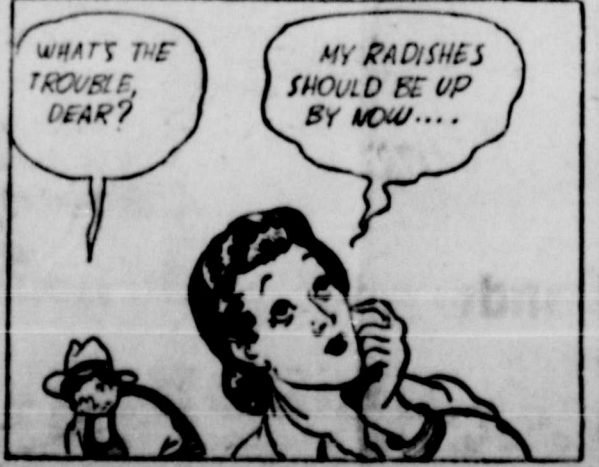

For some reason—probably in the hope of preserving farm votes in spite of its refusal to curb unions, the committee added one small tooth to the Case bill—a provision to penalize those convicted of violence or intimidation interfering with the delivery of perishable agricultural products. Although this provision is considered a good one, from the standpoint of the farmer, those favoring the original Case bill point out that it implies that violence and intimidation are permissible so long as perishable farm products are not involved. There is considerable talk here about a new food rationing program, but nothing is expected to come of it. Although there is some question as to whether such food can be conserved by voluntary methods as would be saved under rationing, former President Hoover, who is investigating food needs in Europe, points out that rationing would not supply the world's needs in time to help.

All eyes in Washington are turned to New York to see what the UNO will be able to do to settle the serious Iranian case. Many government leaders feel that this is going to be the real test of whether the United Nations Organization is the practical answer to permanent peace.

UNITED NATIONS WORLD POSTAGE stamp with meter number 03 and date FEB 28 '46.

UNITED NATIONS STAMP... The United Nations organization "postmarked" its opening sessions of the security council on March 25th, making postal history, by dispatching the first mail to bear its own distinctive postage.

The HOUSE of HAZARDS by Mac ARTHUR

Personals.

Calvin Tulloh of Fort Worth visited in Hico Thursday.

ROSS SHOP, Jeweler. 45-tfc.

Max Hoffman and T. A. Randals are spending the week on the Colorado River, fishing.

His every move made headline history — see "Captain Eddie" at the Hico, Tuesday - Wednesday.

Visitors in the home of Mr. and Mrs. W. H. Brown last week and for the week end were Mr. and Mrs. W. H. Brown Jr. and son, Robert, and Albert Brown, all of Fort Worth.

Mr. and Mrs. H. E. McCullough and daughters, Mary Ella and Frances, and Mrs. H. N. Wolfe were Waco visitors last Saturday.

Paul Kenneth Wolfe, freshman student at the University of Texas, spent the week end here with his parents, Mr. and Mrs. H. N. Wolfe.

J. W. Richbourg and Miss Jessie Garth were in Dallas Tuesday and Wednesday buying new Easter merchandise for the J. W. Richbourg Store.

Sunday visitors in the home of Mr. and Mrs. O. E. Meador were Mr. and Mrs. R. Lee Roberson and daughter, Joan, of Valley Mills and Mr. and Mrs. J. S. Justin Jr. of Fort Worth.

Mr. and Mrs. Leonard Adams spent Friday and Saturday of last week in Buffalo Springs visiting Rev. and Mrs. Tiff Covington. They also attended an all-day meeting of the Free Will Baptist Church.

C. L. Woodward was in Fort Worth Wednesday to see his wife, who underwent an operation there last week end. He reported that she was gradually improving and that doctors reported her condition as good as could be expected.

Mr. and Mrs. Ray Howard and son, Zack, have been visiting this week in the home of Mrs. Howard's father, M. O. Burnett. They have been vacationing at several points in Texas since his discharge from the army after service with a public relations office in the CBI Theatre.

Mr. and Mrs. J. D. Lane have written from Dallas to change their paper to their new address at 2716 Holmes. "Drop by and see us when you are here and get an idea of what a jammed, crammed, packed apartment-house is like" is an added note at the bottom of the request.

Mrs. Jim C. Lane has received a clipping from an Oklahoma newspaper carrying an item about the arrival of her son, Jake Lane, at Newkirk to work as projector operator at the O. K. Theatre. The show is owned and managed by Mr. and Mrs. Paul Campbell, who recently purchased it after selling their theatre in Hico to the Colemans.

Mr. and Mrs. Roy Cooper of Commerce visited in Hico Tuesday with Mr. and Mrs. G. C. Keeney.

Michael McCullough of Goldthwaite came in last Friday to spend a week here with his grandfather, F. M. Mingus, and Mrs. Mingus.

A man who lived Adventure and Romance thrilling beyond belief—see "Captain Eddie", Tuesday - Wednesday at the Hico.

Miss Priscilla Rodgers left Wednesday for Galveston where she has accepted a position on the dietary staff of the University of Texas Medical Branch.

Rev. and Mrs. Oran Columbus and daughter, Katie Lou, and J. P. Columbus of Fairbairn were visitors in the home of Mr. and Mrs. G. C. Driver Sunday night.

Speed racing king; flying ace of aces; victor in a lonely battle against death in the Pacific — "Captain Eddie" at the Hico Tuesday - Wednesday.

Mr. and Mrs. B. B. Gamble were called to Fort Worth Monday to be with their son, Doris, who was dangerously ill but was some better when last heard from.

Joseph Rodgers left last week for McAlester, Okla., where he will receive his discharge from the Marine Corps. He and his family will return to Hico for a short vacation after which he will return to his job as a surveyor for the Atlantic Refining Company.

M. B. Shook, formerly of Rockwall, was an office visitor last week end. He has bought the old Waldrop Nursery property from W. H. Tweedie, who is moving to the Golithly residence, recently occupied by Mr. and Mrs. Hurshel Williamson. The Williamsons are moving to their place near Back Hole on Honey Creek, where extensive repairs and improvements have been made on the residence. The Shooks expect to move to Hico this summer, after Mrs. Shook shall have completed her present term of teaching school.

Miss Clara Linton, who has moved back to her home county of Hamilton after having visited around over the State at Stephenville, Sudan and Littlefield, was in Hico Wednesday in the interest of her candidacy for District Clerk of Hamilton County. She is well known locally, and expects to visit here often during the campaign with her many friends, at the same time hoping to make the acquaintance of those whom she may not have met during the time she was engaged in newspaper work at the county seat.

Mr. and Mrs. H. F. Sellers, who moved back to their home in Hico last week, are being greeted by their old friends since their arrival last Thursday night. They have been living at Fort Stockton for several years, where Mr. Sellers conducted a Western Auto Supply Store for his son, Major H. H. Tracy, while he was away in service. Horton recently received his discharge and he and his wife, the former Doris Sellers, and their children are back at Fort Stockton after residence at Bethesda, Md., while he was with the War Department at Washington, D. C.

Mrs. Lenora Langston returned home last week from Moran after a week's visit with her daughter, Mrs. Fred Wylie, and family.

Mrs. J. S. Gray and son, Danny, of Bakersfield, Calif., left Thursday for Robstown for a week's visit in the home of Mr. and Mrs. C. E. Martin. They were accompanied by Mrs. Gray's mother, Mrs. S. O. Shaffer, in whose home they have been visiting here.

In Memory of W. H. McCHRISTIAN

W. H. McChristian passed away at his home at Clairette of a heart attack March 27, 1946, about 6:30 p. m., at the age of 61 years, 10 months and 11 days.

He was married to Miss May Alexander, August 9, 1905. He was a loving husband and father and a loving friend to all who knew him.

The pallbearers were his neighbors: Lesly Dowdy, Austin Harvey Dick Bishop, Frank Johnson, John Mayfield and Arlie Thompson. The flower girls were his nieces and friends. The floral offerings were bountiful.

"I cannot say and I will not say that he is dead — he is just away! With a cheery smile and a wave of the hand, he has wandered into an unknown land, and left us dreaming how very fair it needs must be, since he lingers there.

"And you, oh you, who widest yearn for the old-time step and glad return, think of him facing on, as dear in the love of those as the love of here; think of him still as the same, I say, he is not dead — he is just away." (47-tfc) A FRIEND.

"THE FLYING WING" IS REVOLUTIONARY TYPE SUPER-SUPER BOMBER

"The Flying Wing" Air Forces new type of revolutionary super-super bomber carries the fuel, bomb rack and crew in the wings. Recently taken off the secret list and made available to the public, the XB-35 was developed by Air Technical Command, Army Air Forces and the Northrup Aircraft Inc.

One feature of this plane of the future is the excellent educational opportunities that await the men of the regular army-air forces that will make up its crews. The electrical system is equal to that of a small town. The Air Forces must train its new personnel as electrical technicians to operate the electrical system of this new plane. This means that service schools of the regular army will continue to train in its operation.

W. S. C. S. MET MONDAY AT HOME OF MRS. RANDALS

The Woman's Society of Christian Service met Monday afternoon in the home of Mrs. Hord Randals. This was the third consecutive Monday of Bible study from the book of "The Fatherhood of God."

Punch and cake were served to the following members: Mrs. Harold Hanson, Mrs. Annie Waggoner, Mrs. Lusk Randals, Mrs. C. D. Hanson, Mrs. Morse Ross, Mrs. J. P. Isbell, Mrs. Jane Haines, Mrs. Geo. Stringer, Mrs. Marvin Marshall, Mrs. S. E. Blair Sr., Mrs. Cecil Segrist, Mrs. Jim Barrow, Mrs. J. W. Parsons and Mrs. E. H. Persons.

The next meeting will be at 4:00 o'clock, April 15th, in the home of Mrs. Isbell. REPORTER.

LT. MARY ELIZABETH ROSS AND NORMAN WILHELM EXCHANGE MARRIAGE VOWS

Mr. and Mrs. L. T. Ross of Hico have announced the marriage of their daughter, Lt. Mary Elizabeth Ross, Army Nurse Corps, to Norman Wilhelm, son of L. G. Wilhelm, Hannibal, Mo.

The wedding took place Saturday, March 30, at 3 p. m. at the Clayton Methodist Church in St. Louis, Mo. The Rev. Omer B. Luffenack officiated in the double ring ceremony.

The bride wore an ice blue gabardine suit with brown accessories. Her corsage was of gardenias. Mrs. L. G. Wilhelm Jr. attended the bride as matron of honor and L. G. Wilhelm Jr. attended his brother as best man.

After the ceremony, a reception was held at the home of the groom's sister, Mrs. Don Brummitt, for only a few close friends and relatives.

Mrs. Wilhelm is a graduate of Hico High School and of Baylor Hospital School of Nursing in Dallas. Her husband is a graduate of Missouri Military Academy, Mexico, Mo.; La Grange-Hannibal College, Hannibal, Mo., and attended Missouri University. Mr. and Mrs. Wilhelm both were recently separated from the armed forces. Mrs. Wilhelm was stationed in the ETO for more than a year with the Army Nurse Corps and he served for many months in the CBI Theatre.

The couple are making their home at 1358 McCutcheon in Richmond Heights, Mo.

"PRIDE OF THE MARINES"

"STATE FAIR"

"Frontier Gal" Is Rugged Film Opening Sunday

Adventure and romance are the two chief ingredients of Universal's new Technicolor production, "Frontier Gal," due to open Sunday at the Hico Theatre. Sensational Yvonne De Carlo who starred in "Salome, Where She Danced," is again teamed with Rod Cameron in the new thriller. Written and produced by Michael Fessier and Ernest Pagano, two of Hollywood's most successful movie-making craftsmen, the feature attraction, "Frontier Gal," is described as one of the season's spectacular melodramas. The picture was filmed, for the most part, against a background of America's magnificent mountain scenery. Appearing in the supporting cast are Andy Devine, Fuzzy Knight, Sheldon Leonard, Andrew Tombes and the talented screen newcomer, little Beverly Simmons. Charles Lamont directed. The executive producer was Howard Benedict.

Star of Film At Hico Tells How To Win Attention

Every woman is born with glamor. It is inherent in her sex. But glamor must be developed — as a diamond must be polished to bring out its sparkle. Clean teeth, clean hands, clean face are, of course, essentials. Most women do make this much effort. But they shouldn't stop with only half their potential sparkle. They can't stand competition from women who try harder. As explained by Merle Oberon, she continues, "I happen to play a French girl in my present Universal picture, 'This Love is Ours,' which shows Saturday midnight at the Hico Theatre. "The script writer, in describing my character, stated I should appear soigné. "This is the word for glamor used by the French. So take a tip from the French. They've been dealing in glamor much longer than Hollywood."

R. S. Hill, Clarence Madden, H. H. Talley, W. A. Ball, J. I. Hefner and Frank Stipes compose the school board here after Saturday's election gave a majority of votes to the three latter.

This community is taking a great interest in the barbecue and basket dinner picnic to be held at the H. H. Talley farm for Aunt Celia Shaw, who celebrates her 100th birthday next Friday. We will try to give you a play by play description of that affair (that is very unusual) next week.

Leonard Jenkins and family of Brownwood visited Leonard's parents, Mr. and Mrs. W. A. Jenkins and family on the week end.

Stanley and Ollie Roach entertained several relatives for Sunday dinner in honor of Mrs. Roach's sister, Mrs. Judd Hatler, of Chalk Mountain.

Dale Elkins of Fort Worth is visiting his parents and brother, Mr. and Mrs. W. D. Elkins and Rod, and the latter's wife and daughter.

Almost the entire community of men folks attended the J. E. Cooper farm sale Monday. Mr. Cooper has sold his place to Sam Boaz Jr. and disposed of his cattle, horses, plow tools, etc., and intends to move near Weatherford. We will miss these good people.

George Hamic, our efficient precinct commissioner, has his crew at work on the old gin boiler, cutting this boiler up and making culverts. George has a knack for making things out of nothing.

Every club in the Texas league is affiliated with a major league outfit in one way or another.

The State of Texas leads in the production of fresh fruits and vegetables for distant markets.

Beavers, the only ones within 800 miles, have built a dam on Big Mineral Bay, Lake Texoma.

A fraternity at S. M. U. collected \$316.17 for the "March of Dimes" with an "Ugly Man" contest.

Brilliant Cast In "Captain Eddie" Coming to Hico

With Fred MacMurray starred in the title role, and a brilliant supporting cast headed by Lynn Bari, Charles Rickford, Thomas Mitchell, Lloyd Nolan and James Gleason, 20th Century Fox's thrilling new hit, "Captain Eddie," a Eureka Pictures production, is scheduled to open Tuesday at the Hico Theatre.

The story of Eddie Rickenbacker, the film reveals the amazing drama of a man whose every move has made headlines and who, with his breathtaking, record-breaking exploits on the auto speedway, daring in knocking enemy planes from the skies, and courageous defiance of despair, has packed a hundred lifetimes of adventure and thrills into one.

Blair's

HDWE., PLUMBING & ELEC. SERVICE

It's HOUSE CLEANING TIME for Lamps and Fixtures, Too!

YOU would be surprised how much dust and dirt hold back light from your reading lamp. Just by washing the bulb and diffusing bowl you can get 25 to 30% more useable light. So don't let accumulated grime rob you of vitally needed eye-sight protection. Wash bulbs, bowls, reflectors and enclosing globes regularly and get all the light you pay for.

Other Ways to Get More Light from Your Present Equipment

If lamp shades are dark or turned yellow inside you may be losing as much as 50% of the light. Clean or brush shades regularly; or if they are too bad relime them or replace them with fresh ones.

Replace blackened bulbs with bright new bulbs of the same wattage and you'll get up to 25% more useful light at no additional cost. Tinted bulbs also waste light. Replace them with inside frosted white bulbs.

Place lamps to make light more useful. By rearranging furniture, one lamp can often serve two or more people effectively. But be sure it isn't too far away from either.

CAUTION: Always disconnect lamps before washing, and be sure bulbs and fixtures are dry before reconnecting.

Mrs. Howell and her friend, Mrs.

Anderson, of Stephenville were here Monday.

Staff Sgt. John D. Smith and wife of San Antonio were here on a furlough of a few days this week with relatives.

The W. S. C. S. had an interesting Bible study Monday afternoon. All the members sure miss a good meeting by not coming.

Mrs. Walter McDonald died in Dallas at an early hour Friday and was buried at Spring Creek Saturday afternoon. She was the daughter of Mr. and Mrs. Cospier of Spring Creek. She leaves her husband and two daughters and a baby six months old. Their friends extend to them their sympathy.

Rev. J. W. Hutchens, Jonathan Walley Hutchens was born Nov. 1, 1879 near Atlanta, Georgia, and died at his farm home in the Spring Creek community on March 31.

Rev. Hutchens had been in ill health for some time. He was in Holt Hospital for several weeks, where he underwent an operation. About two weeks before his death he was taken home. He never seemed to gain his strength back.

Rev. Hutchens was married to Miss Mary Dovie Worrell on Dec. 18, 1898. To this union six children were born: Mrs. Noah Ray, Mrs. Marie Cockrell, Meridian; Mrs. Bud Cranfill, Mrs. S. W. Battershell, and Mrs. Eaton Sanders, Spring Creek, and one son, Johnnie Hutchens of the U. S. Army, now overseas.

Mr. Hutchens was an ordained Baptist preacher and served as pastor of rural churches for the past 35 years. He moved to Texas at an early age and to Iredeil in early manhood. From the time he moved to Iredeil, with the exception of two years at Brownwood, he lived in and around Iredeil.

Johnny Hutchens was sure a good man. I had known him for many years. He was one of my schoolmates and all were his friends. I met him in town one Saturday afternoon and talked with him. He seemed to be enjoying good health. Little did we know that he would be taken from our midst very soon.

While in the hospital he was very patient. He lived out his life and God called him home. He suffered a great deal. Now he is at rest where there is no more pain.

His two sisters, Mrs. Telle Kaylor and Mrs. J. A. Bryant of Fort Worth were with him the last two weeks he lived and did all they could for him.

Besides his children he is survived by two sisters, Mrs. Telle Kaylor and Mrs. J. A. Bryant of Fort Worth and one brother, Mr. A. L. Hutchens of Orange, and five grandchildren.

The funeral was held at the Spring Creek Baptist Church on Monday afternoon, April 1. Mr. Barrow was in charge of arrangements. Services were conducted by Rev. Cecil McBeth, pastor of the First Baptist Church at Meridian, who was assisted by Rev. Pettison, pastor of the Spring Creek Church and Rev. Potter, pastor of the First Baptist Church at Iredeil.

A very large crowd of friends and relatives paid their last tribute of respect to this good man. The floral offerings were large and beautiful. All the friends could not get seats. Several were on the outside of the church.

He is greatly missed by his loved ones and friends.

The remains were laid to rest by the side of his wife who passed away a few years ago. The children and other relatives have the sympathy of their friends. He is gone but not forgotten. I failed to get the names of out-of-town relatives and friends present for the funeral.

WHY LOSE BABY CHICKS?

When Durham's Cocco-Dine in their feed and drinking water can save them so easily. It is an acid-dextrose solution that has proven so good for control and prevention of Coccidiosis and Diarrhea—it is sold on a money-back guarantee. Remember this, Cocco-Dine must save your chicks or it costs you nothing. Sold and guaranteed by **CORNER DRUG CO.**

Army Officers And Enlisted Men To Dress Alike

WASHINGTON, D. C., April 9.—Army officers and enlisted men will dress alike after June 30, 1948. They will all wear battle jackets and trousers of the same olive drab shade now used in enlisted men's clothing.

New regulations prescribing the olive drab combination also paved the way for the eventual adoption of dress blue uniforms for all ranks, providing they can be manufactured without interfering with the production of civilian clothing.

The new standard jacket and trousers will supplant the multi-colored style mixtures of shirts, blouses, jackets and trousers now worn by officers. Also to be abandoned are the various types of long and short overcoats. Instead a combination of overcoat-raincoat with detachable lining will be accepted.

BURLESON
(Continued from Page 1)

In his own community and of the entire State of Texas. Resigning from the FBI, Burleson spent approximately one year as Secretary to the Hon. Sam Russell, present Congressman, and later became General Counsel for the National Capitol Housing Authority, Washington, D. C. As a Congressman's Secretary and as head of the Legal Department of the Nation's Capitol Housing Authority, Burleson had opportunity to observe and work with our National Congress. He was in daily contact with Congressional operation, and as legal counsel of the Housing Authority he appeared before numerous committees on official matters. The experience thus gained undoubtedly adds to his other qualifications for the office he seeks. His own statements indicate he was at that time studying Congressional procedure and routine with a view of seeking a seat in that body.

After approximately two years in Washington, Judge Burleson waived his exemptions and joined the U. S. Navy and served three years. He returned to the States from Okinawa in December 1945, to end service in the Pacific which took him from New Guinea to Japan. In the earlier days of the war he was in the North Atlantic and later saw service in the Aleutian Islands area. At the war's end he was in the East China Sea in Mine Operational Intelligence.

Burleson advises that his platform will be submitted to the public through the columns of this paper within the next few days.

FINLAND'S PREMIER . . .
Mauno Pekkala, a social democrat, became Finland's premier and minister of defense with the formation of a new government.

Church News

Methodist Church

The Pre-Easter Revival is growing in interest. The subjects:

Friday, April 12, 10 a. m.—"Joy in the presence of Angels", 7:45 p. m., "What Shall I Do With Jesus?"

No service Saturday.

Sunday, April 14: 11 a. m., "A Conquering Faith", 7:45 p. m., "The King of the Jews."

Monday, April 15: 10 a. m., "Bringing Others to Jesus", 7:45 p. m., "A Bruised Reed."

Tuesday, April 16: "The Master Has Come" and "How to Be Saved."

Wednesday, April 17: "A Day in the Life of Jesus" and "A Man Under Authority."

Thursday, April 18: "The High Priest Caiaphas" and "Jesus in Gethsemane."

Come and worship with us. Brother Roy Fort is in charge of the choir and is doing some fine singing.

SUMMERIZE
THE SEASONAL CARE ALL CARS NEED
It's great to have a car that's ready to go when you are! Have your car put into condition now to get all the benefit from FLYING HORSEPOWER in the new MOBILGAS, with Magnolia SUMMERIZE Service. This is a seasonal preventive maintenance job that takes in every vital part of your car—eliminates the left-over hazards of winter driving by changing from the light winter oils and greases to the heavier grades needed to withstand the heat of summer driving. It adds extra wing-spread to your "Flight on Wheels." Get a bonus in car performance with Magnolia SUMMERIZE Service and FLYING HORSEPOWER.
ENGINE—Dirty, thinned winter oil drained and replaced with the proper grade of the new detergent MOBILGAS that cleans as it lubricates—a war-proved oil that resists thinning under high heat, and offers amazing new cleaning properties for valves, rings, pistons and bearings. Gives you a MOBILGAS CLEAN Engine that is smoother running and more efficient, with new gas and oil economy.
GEARS—Dirty oils drained from transmission and differential and replaced with fresh, tough MOBILGAS OILS of the friction and wear.
RADIATOR—Cleaned with MOBIL RADIATOR FLUSH MOBIL HYDROTONE added to KEEP the cooling system clean and safe from rust and scale.
CHASSIS—Complete Mobilization of all vital parts, for protection against wear.

Six-Inch Sermon
† REV. ROBERT H. HARPER †

How Jesus' Friends Responded.
Lesson for April 14: Mark 1:16-20; 5:18-20; 10:46-52; Luke 5:27-28.
Memory Selection: Luke 5:28.

The first disciples that Jesus called were two pairs of famous brothers—Andrew and Peter, and James and John. They were humble fishermen of the Sea of Galilee; Jesus invited them to come after him, promising them that he would make them fishers of men.

Across Galilee, in the land of Gadara, was a demoniac who made his dwelling among the tombs. But after his meeting with Jesus and the evil spirits had been cast out of him, he was found clothed and in his right mind. Jesus was going into the ship, preparatory to the return to the western side of Galilee, when the man came and "besought Him that he might be with Him." Jesus rather bade him go home and tell his friends what Jesus had done for him. So many a man is called by the Lord to be a witness of the gospel at home.

Bartimaeus, who had long groped in the darkness of blindness, called in the world of sight, in his gratitude followed Jesus.

In Capernaum was a publican named Matthew, sometimes called Levi. When Jesus came his way and called him, he straightway left his money tables and followed Jesus.

All these followed Jesus at once, followed him to great service and blessing to their fellows, to men in their own generation and in generations to come. So may we, when Jesus calls us into his friendship, arise and follow.

\$1.00 CALVES
Would you give \$1.00 to save that calf sick with Scours or Diarrhea? **Durham's Combination Treatment** is a Veterinary Prescription which combines a new sulfa powder with an intestinal astringent liquid. It has proven so successful for Calf Scours that we sell it on a **Money-Back Guarantee**. If a \$1.00 treatment does not save your calf your \$1.00 will be refunded by **CORNER DRUG CO.**
