

Sue's Views

By Sue Cannon

Okay, the merchants are getting ready for a big Dollar Day promotion! Save your money and wait for the bargains that will be offered Saturday, April 1.

You should be planning to be in town that day anyway, because that is the day of the elections, so just make plans right now to get NEXT WEEK'S issue of the Enterprise early Saturday morning and see what the Olton merchants are offering you on sale and come into town and vote and then do your shopping.

Goal - This is the slogan that has been adopted by the Chamber of Commerce for the year 1975. (Lubbock and Amarillo aren't going to "outdo" Olton!)

GOAL --Give Olton A Lift--GOAL

How do you give Olton a lift?

(1) Talk about the good points of your town to your friends. (Boy, do I need to take this and practice it...I've griped and griped about how dirty our town is. BUT, HAVE YOU NOTICE. ...some guys cleaning our streets up on Main? Keep it up!

(2) Tell everyone what friendly, gracious, unselfish people live in our community and surrounding area.

(3) Consider our economic worth. We are in one of the very best locations in the United States as far as I can tell.

(4) Prove that you believe in your town by supporting it. The merchants here are doing their dead level best to offer you everything you need.

I'm sure there are a number of other things that GOAL could bring to mind but this is just a starter. Food for thought, so to speak.

By the way, the CCA breakfast is set Tuesday, April 1 at 7 o'clock. Get up early and come join us!

3 Cindermen On Honor Roll

Three Mustang cindermen were named this week to the Amarillo Globe-News area track honor roll. The elite list is composed of track stars in high schools from AAAA to A.

Freddy Stockdale was selected in the top ten mile run competitors. His 43.3 puts him in a tie for eighth place with Sam Hill of Perryton.

Glen Johnson was named to the honor list in the 330-yard intermediate hurdles with a 40.8 while Bryan Allcorn copped two places.

Allcorn was chosen to the pole vault list and is sixth with a 13'0" performance. His school record breaking 21'6 3/4" performance in long jump competition at Denver City earned him fifth place on that honor list.

Noted Speaker Slated For Two Area Towns

Farmers, businessmen and interested citizens of the area are urged to be in attendance Tuesday, Apr. 1, to hear Arnold "Red" Paulson predict exactly where our Nation stands economically, and where we are headed if we continue our present policies.

Paulson, who is president of National Organization for Raw Materials, Inc., lives in Granite Falls, Minn. He has spoken in this area previously saying "Economic Solutions Are Possible."

D. A. Barnett Critically Hurt

D.A. Barnett is in surgical intensive care unit in Lubbock's Methodist Hospital following a grinding car-pickup crash about 6:45 a.m. Wednesday on FM 168 near Hart.

Both vehicles were "totaled" in the early morning accident involving Barnett and a Mr. Lindsey of Big T Pump Company. Highway Patrolmen Dyril Maples and Blas Nova of Castro County and Granville Martin, Deputy Sheriff from Hart, investigated.

Lindsey sustained a back and knee injury and facial lacerations and was admitted to a Hereford hospital. At presstime, he was reported in "good condition."

Barnett was still listed as critical at midnight Thursday. He underwent surgery Wednesday afternoon to mend a shredded lower intestine. He also suffered a broken rib, other internal injuries and severe facial lacerations, including a broken cheek bone and nose.

Sunrise Service Set Sunday

Community-wide Easter Sunrise services will be held at 7:30 a.m. Sunday in First Baptist Church. The special observance is sponsored by Olton Ministerial Alliance with participation of local churches.

The Rev. Jim Owen, pastor of the Assembly of God Church, will bring the message.

SHATTERING CRASH of these two vehicles early Wednesday morning sent one man to a Hereford hospital and D.A. Barnett to Methodist Hospital where he remains in critical condition. The accident, which occurred near Hart, "totaled" both vehicles.

Funeral Services Conducted For Robert Worley Tuesday

Funeral services were conducted Tuesday, March 25, for Robert Elijah (Bob) Worley, 67, longtime resident of the city.

The Rev. John E. Lewis, pastor, officiated services held in First Baptist Church at 10 a.m. He was assisted by the Rev. Elton Wyatt, pastor of the First United Methodist Church.

The Rev. Lewis also conducted 5 p.m. services held in Bomarton Baptist Church, assisted by the Rev. Jerri Crumbe, pastor of First Baptist Church of Seymour. Interment in Bomarton Cemetery was under direction of Parsons Funeral Home.

Born Aug. 9, 1907 in Whitney, Worley died at 12 noon, March 23, in a Hale Center hospital. He was a retired farmer.

'Cyrano de Bergerac' Wins District Honors

Olton actors won District honors in the annual One-Act Play contest held Mar. 20 in Dimmitt. The win entitles Olton to advance to Area competition to be held in Plainview at Wayland April 12.

Olton's production of "Cyrano de Bergerac" netted Best Actor honors for John Rodriguez who plays the title role. Also named to the district All-Star cast were actresses Virginia Daughtrey and Holly Daughtrey.

Dr. Vera Simpson served as critic-judge for the district contest.

New UIL rules state that two "winning" plays will advance from each district to the area contest. Friona is the other play representing District 2-AA.

"The council needs someone with time to dedicate. It's not just a one night a month job."

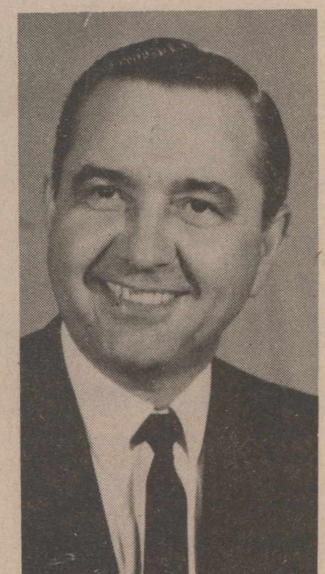

Garvin, manager of Olton Feed Barn, stated, "Regardless of where I made my home, it would be my desire for that community to have progressive leadership in City Hall."

"So many towns across the state have failed in this respect to the point they no longer offer anything to keep their people in the way of jobs, school system and so forth," he says.

It's Worth It

By Rex Boyles

"To your mark" - "Seeet!" "BANG!" With a puff of smoke and a cheer from the crowd six slim figures charge out of their "blocks." For 100 yards they will grunt and strain racing to break that "tape" which guards the finish line. In a moment it's over, lasting about 10 seconds.

You can't do much with 10 seconds. You could possibly crack your knuckles or maybe sneeze a time or two, and if you're fast enough, run the 100 yard dash. Those seemingly worthless seconds become significant when used in a race for they are the conclusion of literally hours of hard work.

That's the case every Saturday when the Blue Bunch goes to a track meet. Before any of the sprinters line up for the brief dash they have already spent long hours getting "in shape." Why would you or anyone work so long for just a few seconds? Would we pay that price just for a ribbon or medal when there is no guarantee of brining home a trophy? Do we suffer the pain in order to learn those valuable lessons of self-control and discipline? We would endure those wind

sprints and grueling hours in order to stay "in shape" and to reap the benefit, good health?

Is it worth it? Are all the hours and sacrifices worth the ribbons, the experiences, and the health? You decide, but our Lord believes that physical exertion is worth something. Jesus spoke through Paul in 1 Timothy 4:8 saying, "bodily exercise is profitable for a little...." There is some real benefit in those wind

sprints, weights, and workouts.

There is something better though. So while you tracksters and joggers pay the price for fitness, remember that in the same passage Jesus says through Paul, "And exercise thyself unto godliness...." Jesus wants us to make an effort to become more like him, to become devout God-fearing people, and to think about spiritual things. That's no joke, and the reason he encourages it is found in verse 8, "...for bodily exercise is profitable for a little; but godliness is profitable for all things, having promise of the life which now is and of that which is to come."

The hours we are now spending in physical exercise are well spent for they are profitable for a little. We'll learn some valuable lessons, enjoy some super times, and be able to breathe deeper. And even with all that, Jesus has more to offer. Jesus guarantees, if we'll exercise ourselves unto godliness, blessings now in this life. He can give us peace, joy, contentment, and security right now. He not only has promises for us in this life, but in that life which is beyond this life.

With all your sacrifice now you might still lose on Saturday, but if you'll make an effort to become like Jesus, he promises "trophy" in this life and a golden victor's crown in eternity. It's tough to lose on Saturday, but it's worse to lose out on eternity. Let's get together and exercise sometime...

Parent-Teachers Group Elects New Officers

New officers for the 1975-76 school year were elected at Thursday evening's session of Parent-Teacher Association. Mrs. Vernon Britton will head the organization during the forth coming year.

Other officers elected were Jack Burkhalter, first vice president; Carl McClure, second vice president; Mrs. Jim Steele, third vice president; Mrs. Dor Nafzger, fourth vice president; Mrs. Gary Lawson, secretary; Mrs. Cecil G. Smith, treasurer; John Paul Jones, parliamentarian; Mrs. Randall Roper, historian and Mrs. Bob Coen, reporter.

Mrs. George Stewart, president, led the Pledge of Allegiance to open the meeting and presided over the business session.

Four members were recognized for completing the training for conducting eye screening tests for kindergartners and first graders. The screening test helps determine possibility of visual problems including ambliopia, so called "lazy eye," which cannot be corrected unless detected at a very early age. Attending the training workshops and qualifying to conduct eye screening, or teach others the techniques, were Mmes. Don Nazger, Bob Coen, Floyd Prentice and Stewart.

Materials and supplies have been ordered to set up screening tests for local youngsters and it is hoped these screenings may be made before school is out.

Announcement was made at the Spring PTA Conference April 18 in Lubbock. Members were urged to make plans to attend.

The dance is sponsored by the Dimmitt Promenaders. Club President Gary Cole states "this is our chance to show love and concern for others." Club caller Johnny Gillenwater of Tulia has contacted several area callers to be on hand to call tips for the evening.

The Promenaders encourage spectators as well as square dances to attend this benefit dance. There will be plenty of sitting room for non-dancers to watch. Admission is by donations with all proceeds going to the Heart Fund.

Everything But The Kitchen Sink

By Mozelle Trotter

It doesn't do for a person to get to wrapped up in herself - or, as far as that goes, himself either. Sooner or later you'll find there's a very small package. And someone will puncture your balloon, too!

All prepared to boast of my fine ability to drive knowledgeably over the big city of Houston, I got some come-uppances.

To begin with! Indians used to torture their prisoners - so they say - by staking them out for the aunts. Ugh-h! Well, let me tell you, I'd just as soon suffer that mistreatment as to try to park in one of Houston's medical facility's parking areas!

It's fine if you're driving one these little "bug" vehicles - or a golf cart - or a bicycle. But, try to park a so-called "big car" and you've mastered a feat of navigation worthy of veteran navigator on one of the Navy's monster ships. Well almost!

You have the minimum of space provided, IF you're one of those fortunate to find a vacant hole on maybe your umteenth sashay around the lot or block. (In the meantime, in sashaying, you have to once more brave the might onslaught of city thoroughfare veterans who act for all the world as if they were on no more formidable ground than Farm-to-Market 168 or maybe Main Street Olton).

Finally, tho, when you've found your spot - a space sufficient by the merest fraction, you begin to attempt the maneuver into that straight-as-an-arrow slot.

Absolutely NO angles allowed, that could, of course, cut out space for one

more car in that building or lot that designed for hundreds and is almost always filled to running over.

"I just can't do it," I wailed through gritted teeth.

"Oh, yes, you can," said Mother calmly. "You're doing FINE!"

Sure enough, just before the moment when my coiled-tight nerves went "b-o-i-n-g!" I got it done. I couldn't have felt more triumphant if I'd climbed Mt. Everest!

Oh yes, didn't get lost but once - really, not lost then. In the gray, drizzly day the left I made instead of a right was immediately noticed cause I didn't know I didn't know I was going north instead of south! Luckily, I hadn't gone but a few blocks when the thought entered my gray matter that I might, be traveling the wrong way - especially when I was seeing new sights!

Error caught; goof corrected and not even too much resulting fraying of the nerves!

Really, it's all sort of challenging - trying to escape conquer by the Big City.

We got a good report, too, on Mother's check up with her cancer doctor.

Too many lives are wiped out by that dreadful disease and way too many will be before it's conquered but they're doing fantastic things now in Houston. With all my being, I believe every person who learns they are a victim of that vicious illness should go to Houston.

Elections

Continued from page 1

progress in the future."

"As a tax payer and a citizen of Olton," Jennings said, "I feel that part of my obligation and responsibility to Olton is to represent the people of Olton in the best way that I know how. And to do so I would like to be elected city councilman in the up coming election on the 5th of April."

"I am for the majority and not for a minority. I am a graduate of Olton High School and have attended three years of business college. I feel that I am capable of handling any situations that arise in the city government."

Jennings, the youngest candidate seeking election, is owner and operator of the Dairy Mart Drive In Restaurant.

Rey said of his quest for the council post, "Responsibilities are sometimes neglected. Obligations are sometimes forced upon and not carried out properly."

"No, I run for the city council on neither one of these reasons alone, but a combination of reasons."

"First of all, I am privileged to run for Alderman of the city. Second, I would be privileged to undertake the responsibilities and obligations of a city councilman. Being a Mexican, my third reason is to motivate my Mexican-American people into getting more involved in the city's activities, making it a more solid and informed town."

Rey is employed with Olton Butane; his wife is a teacher in Olton schools.

Smith, a native Oltonite expressed his goals with the statement, "Olton has been my home all my life and I intend for it to be the rest of my life. Therefore I would like to see this community improve in any and every way the residents of Olton need."

"I feel a need is whatever a majority wants, whether it corresponds with my desires or not. Regardless of who wins this council election, I hope the new mayor and new council strive TO GET THINGS DONE and take advantage of all state and federal funds and aid."

"Olton needs new leadership," Smith believes, "to make it a more attractive, prosperous and growing community."

Mrs. Daughtrey, mother of three OHS graduates and a son who is classified as a sophomore explained her reason for filing her candidacy as trustee was "a selfish one."

"It's something I've considered several years but I guess the kids were as amazed as I when I really did it."

"I really have never been in public service," says Mrs. Daughtrey who commutes to Plainview for her work with the Central Plains Mental Health/Mental Retardation Center. "I realized that soon I'm going to be by myself and I'd better get involved. Also, I'd like to be of service."

"I feel that my experience the past four years has made me see the need for being of service to the community in which I live and have lived 20 years."

"Too, I think maybe Olton may be ready for a woman to serve on the school board and I believe it would be a learning experience for me to see where funds are from. I've been on the other end and haven't been aware what goes on to get these funds."

"I feel that in the coming years, tremendous change will occur in the way school taxes are assessed and spent. The small town farming community may have its funds taken away and given to the large cities."

"Rural schools," Mrs. Daughtrey believes, "are very vulnerable. We stand to lose a great many of our rights."

"But basically, I'm selfish. I'm looking for something to

get involved in."

Brown disclaimed "a platform" but stated "I believe we have one of the best schools of its size and I hope we can work together to make it even better."

A farmer, with three children enrolled in Olton schools, Brown says, "If I am elected, I'll do my best."

Franks, also a farmer and native of Olton, made this statement, "I consider it a privilege to have lived in Olton all my life, to have attended school here myself and now to have my children in school here."

Father of four with a daughter in elementary school, two sons in junior high and third in high school, he added, "I feel we have had a very fine school system in the past and would do my part to strive for continued excellence or to implement improvements as such needs arise."

Goen, who is manager of Gifford-Hill, has two children in Olton schools. "I think we have a good school system," he said and believes "the present board has been doing a good job."

"If I'm elected, I'll do what I think best for the school system as a whole."

Hodges, a farmer and father of three children who have graduated from OHS with a son still in school, summed up his reason for seeking a trustee's post with a simple, "All I can really say is, I'll do the best I can to serve well. I had no particular reason for filing and don't know a lot about it it'll be a different experience."

"I think we have a real good school system and I'd like to do my part to try to keep it a good system."

"The reason I decided to file for the school board," Hukill said, "is that I have three elementary age children. I believe education is very important and would work to maintain a good system."

"I believe school financing is going to become more, difficult and will take sound management to stretch the tax dollar."

"I realize that State and Federal programs in financing are very much involved and that you sometimes have to work accordingly in order to receive these monies. However, I feel we might ought to question these programs that are designed with the larger schools in mind but are not always suitable for our smaller schools."

"If elected I will try to be a good listener and will try to make justifiable decisions," Hukill promised.

Hukill, a farmer is a graduate of Olton High School.

"I have lived most of my life in the Olton community," Kennedy, a farmer, said. "I started to school in the first grade and graduated here. My wife and I have three children. Steve graduated last year, Vicky graduates this year and Sheri will be a freshman next year."

"I feel it is my obligation to be willing to serve my school and community. I am for anything we can do to help our youth. Our schools are for the education of our youth in preparation for their life's work."

MRS. GEORGE STEWART

Cook Of The Week

Working in her yard and enjoying the beauty of nature is, in the words of our Cook of the Week, a "real joy." Mrs. George Stewart says she has found many hours of pleasure in working in her yards since Mrs. George Bohner helped her start the first one when she was a bride.

Beverly grew up at Roswell, N.M., and met George, a Fieldton boy, when he was attending New Mexico Military Institute. During their first three or four years of marriage, they lived on a farm where Olton Feed Yards is now located. After time out for service, they returned to the Hart Camp-Fieldton area.

Working with activities that benefit children is also rewarding to our cook. Beverly is completing her second term as president of Olton PTA and has worked tirelessly in the organization. She recently participated with three other local members in eye screening training to help detect visual problems in the very young

student.

Beverly worked many years with the GA's in the Baptist Church and taught a Sunday School class for junior girls for 12 or more years. She and George began their marriage by teaching together in the junior department. They are members of Fieldton Baptist Church.

The Stewards have two daughters. Dianna is a sophomore at Olton High School; Cheryl is a seventh grader.

When there is time left over, Beverly likes to paint in oils. Beverly shares one recipe which is suggested for diabetics and persons with hypoglycemia or low blood sugar. It's low in calories and good for anyone.

By providing food for our millions... natural fibers for our clothing... jobs for many of our people. Let's practice conservation to preserve this land that gives us life.

HOW'S The Electric Company DOING?

Let's ask Sharon McDuffee, meter reader . . .

1967
COST \$15.18

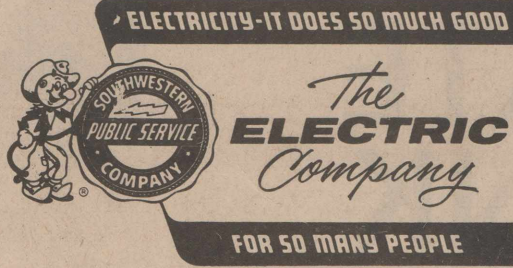

1975
COST \$18.30
OVER 20% INCREASE

"Sharon, that looks like a complex piece of equipment there..."

"Yes, it is. It's accurate and dependable, but it costs money."

"Seven years ago, it cost \$15.18 and now it costs \$18.30, over 20% more. And that meter is just one of the things we use to serve a home."

That's part of the reason your electric bill may be higher these days . . . our equipment costs more, and to give you good service, we have to buy new things to replace the old . . . to keep your electric service dependable.

TEXAS TALK
By Billy Davis

Q: As far as feed and feed grains are concerned, what are the differences between concentrates and roughages?

A: Fiber content and the amount of nutrient which is digestible by the animal are the basic criteria for separating these classes.

CONCENTRATES—are feeds generally high in nutrients and low in fiber content. Virtually all grains are in this class, as well as several by-products including linseed meal, cottonseed meal, hominy feed and wheat bran. Many of the concentrates have a high protein content, although this is not a prerequisite of the class.

ROUGHAGES—are high in fiber and low in nutrients. Feeds other than the grains are generally classed as roughage. These include: straw, silage, hay and a variety of coarse by-products of the plants utilized in feed grain production.
