Hamburger Feast To Honor Teachers

Teachers, aides and families are reminded of the annual hamburger feast Tuesday, Sept. 2 at Olton Recreation Center, at 8 p.m.

Interested community residents are invited to be present at the event to honor members of the school faculty.

CITY EMPLOYEES were treated to a picnic supper in the park last Thursday night. Hamburgers were charcoaled and homemade ice cream topped off the meal. All city employees, volunteer ambulance personnel and volunteer fire department members were invited.

Vial Of Life

Keep It In The 'Frig'

The "Vial of Life" is a unique little container, it could save a life, - and it's free.

Wendell Potts is offering small plastic containers to anyone interested in taking precautions to preserve medical records in an easily accessible location.

The "Vial of Life" is equipped with blank pages to be properly filled out for each family member, then placed in the refrigerator for safe keeping.

Records do not necessarily need to be kept on ice, but this is suggested as a keeping place common to all homes.

The Vial of Life has been designed to address two particular problems: (1) Should a person with an unusual medical condition be found in an unconscious or a non-coherent state, information in the Vial could greatly aid someone in giving proper assistance.

(2) Should a person with unusual physical condition, or known allergic conditions be found either in an unconscious or non-coherent state, information in this Vial could be of untold value in rendering proper assistance.

As a case in point, a resident of this community was this week found by a member of the family in a diabetic coma. His knowledge of the situation made it possible for him to administer proper medication. Had he been a stranger, he would have been at loss to know what was needed. The Vial could have supplied the information.

Some people with unusual physical conditions make it a habit, when traveling, to carry a Vial of Life in their purse or on their person, as a precaution.

Members of the Emergency Ambulance Staff will be alerted to seek information in area refrigerators, should such need arise.

Potts is offering these Vials as a valuable service, and a thoughtful courtesy, to any who will call at his office and make request for a Vial of Life.

Few Businesses To Close Monday

A check with community merchants, store keepers and places of service indicates that Labor Day - will be just that.

Most of the businesses contacted plan to be open as usual. Specifically, in the downtown area; Carmen's and Bizzell's will be open through the day, as will grocery stores, service stations, White's Auto Store and Chester's Electronics.

Some exceptions include the Mini Mall and Mini Mall Plus who plan to open from 2 to 5 p.m. Northside Gift and Holton Pharmacy plan to be closed. Anita'a Kountry Kitchen will be open through the noon meal.

First Corn Received At Olton Grain Coop

Olton Grain Coop received its first load of corn Monday, Aug. 25. Delivered by Wayne Gipson, the grain had been cut from the farm of Calvin Graham.

Loads have been received from two other fields since that date, but cuttings have been from drier edges. A spokesman for the firm states that "...the harvest has not yet begun."

Reserved Seats Offered To Public

Reserve seats in the newly modernized stadium go on sale to the public Tuesday morning, according to an announcement from the business office.

Tickets may be purchased for the five home games for only $14, assuring fans of a comfortable seat for viewing the games.

Student reserve seats are $9 for the year and pre-schoolers may reserve their seats for $1.50 for the season.

Booster Club Changes Time Of Meeting

Olton Booster Club slated its weekly meeting an hour earlier next Tuesday night, due to a conflict with the Teacher Appreciation Dinner scheduled that night at 8 p.m.

Boosters will meet at Anita's Kountry Kitchen at 7 p.m. Tuesday to view a film of the scrimmage with Lubbock Cooper and fans will be out in plenty of time to attend the appreciation dinner.

Holtons Announce Purchase Of Olton Drug & Sundires

The Holtons bought the pharmacy portion of Olton Drug in October 1979 from Don Martin, moving here from Childress.

S & H Green Stamps will be offered with all items in the store according to Mrs. Holton.

For prescription drugs, call 285-2398 and for other items, call 285-2303. An invitation is extended to all customers and friends to come by and shop for those needed sundries, gifts and drugs.

Arrow Of Light Ceremony Planned On Runningwater Draw

A flaming arrow from the bow of an 'Indian Brave' will light the evening sky Thursday, Sept. 4, when Webelos of Cub Scout Pack No. 220, their parents and friends gather on Running Water Draw, near the home of DeVurn Mandrell, for special ceremonies.

Claude Brown and his Indian Braves from Lubbock will conduct the Arrow of Light Ceremony for seven Olton lads who have qualified for this honor.

The Arrow of Light is the highest rank to be attained by Cub Scouts. To become a Webelo, the cub scout must pass six requirements which include memory work, recitation, explanation and elementary first aid knowledge. Thereafter, the Webelo must earn six badges from a list of activities that includes aquanaut, outdoorsman, craftsman, sportsman, showman, naturalist, geologist, forrester and traveler.

Den Masters Raymond Powers and Ray McCoy are to be commended upon the amount of time, planning, guidance and encouragement they have offered these boys. As result, an unusual percentage of the troop have qualified for this badge of high achievement.

Honored at the Arrow of Light Ceremony Thursday will be Kory Noack, Damon Powers, Brett McCoy, Bobby Walden, Keith Hancock, Dwayne Ketchum and Elisio Hernandez.

As an added tribute, the seven boys will each be presented with a specially chosen neckerchief, a symbol of local pride in their organization.

Former Cub Scout Master Gary Turner issues a cordial invitation to all friends of scouting and all interested persons to attend this unusual observance. Prospective Cub Scouts have a special invitation to be present, these young men must be in the third grade, or be eight years old by Sept. 1.

For added excitement, a weiner roast at 6 p.m. will precede the event.

Our Spotlight Is On:

Curtis Scruggs

one of our friendly employees

An accumulated 16 years of experience and attendance at several Banking Seminars have given Curtis Scruggs the competence she exhibits at her Teller's window.

She has lived in the city since 1939. For three years, 1942-45, she worked in Olton State Bank at its former location one block south. After an absence of several years she returned to the Bank in 1967. She has since served nine years as bookkeeper and is presently in her fourth year as Teller.

Curtis is the mother of three children. A son, Dick, lives in Odessa; Deana McLain makes her home in Hart; and Jan is currently a senior student in Brackenridge School of Nursing, Austin. She also boasts six grandchildren, saying "...they add the best part of life."

With an over-abundance of ambition and enthusiasm, Curtis is employed after-banking-hours as bookkeeper for a local auto supply company. Prior to her four years with that Company, she was after-hours bookkeeper for a service station. For some 12 years she has done the book work required by Olton Country Club.

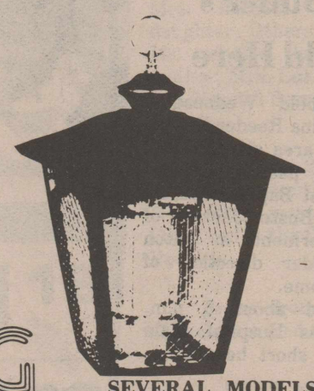

She is member of the Main Street Church of Christ.

In her free time, she loves to sew and cook. She even picks up her afghans...for a few stitches during the noon hour.

But with all her "busyness", Curtis is never too busy for a friendly smile and any accomodation she can offer friends and customers.

Farmers go a good job of looking before leaping. Sometimes though, the "looking" is more complicated than at other times. Such is the case concerning on-farm operation of alcohol fuel distallation equipment. Some pretty good points of caution are made by the Farmers Home Administration: 1) Determine how much fuel you need, 2) Have access to a qualified consultant, 3) Plan to meet EPA and OSHA standards, 4) Be sure you understand licensing requirements, 5) Calculate all costs, 6) Check insurance standards, 7) Make sure appropriate guarantees are offered by contractors, 8) Any plant-package should have a 60-day test certification, and 9) the plant should have a minimum operating life of at least ten years and produce no less than 160-proof alcohol. For direct answers to specific questions you can now call toll free to (800) 525-5555.

Services Held For Mrs. Amarena Ogden

Services were held Monday, Aug. 25 in First Methodist Church of Del Rio for Mrs. Amarena Ogden, a former teacher in Olton schools.

The former Amarena Lott came to the city as an elementary teacher in 1925. In 1926 she and Alvin Ogden were married. In line with his work with Texas Border Patrol they made their home in Alpine and other towns near the border of the State. Later, with Immigration Service, they moved to Del Rio. Ogden preceded her in death.

Mrs. Ogden was member of the Methodist Church and was active in work of American Cancer Society.

She is survived by one son, Nelson, of Dallas.

Boy's Ranch Rodeo Set Aug. 31-Sept. 1.

It will soon be rodeo time at Cal Farley's Boys Ranch where pint-sized cowboys have been getting ready for their thirty-sixth annual contest with the bucking broncs and bulls.

It is a Labor Day weekend event and record-setting crowds are expected on Aug. 31 and Sept. 1. Nearly 150 boys will be riding calves, steers, Brahma bulls and bareback broncs, all competing for belt buckles, trophies and the titles of Junior and Senior All-Around Cowboys.

The rodeo is also a homecoming event for approximately 3000 boys who have lived at the Ranch since it was started by Cal Farley in 1939. They are members of the Boys Ranch Alumni Association and some travel long distances to be on hand for the action.

Texas-sized barbecue beef plates will be available for those with big appetites for only $2. The reserve box seat tickets are now on sale at the Boys Ranch office in Amarillo for $3.50. The telephone number is 806-372-2341. General admission tickets are $2.50 for adults and $1 for children six through twelve. The two performances begin at 2:30 each afternoon.

"Speed"
It seems this age is traveling
At such a rate of speed
We have no time, nor do we care
To pay the slightest heed
To that which might enrich our lives,
Or play some minor part
In bringing peace, or gladness to
Some lonely, aching heart.
We raise our heads and hasten forth
Along a crowded street,
With seldom more than just a nod
At friends we chance to meet.
In such mad haste, I feel someday
We'll reach a barracade.
And learn, what we have gained
Had not been worth the price we paid.

Orderly marketing at proper weight has always been sound policy for our entire industry, and never more than today. It requires discipline but it always pays in the long run.

In addition to promoting efficiency of production, it conserves precious grain and gives the consumer a product of maximum quality. And it is the one factor in the general market picture over which we can maintain real control.
