Committees of PRPC Include County Men

Five Wellington men have been appointed to new citizen committees of the Panhandle Regional Planning Commission, and a sixth serves on a Committee formed earlier.

These were announced over the week end by the commission and followed the action by the executive committee and general assembly.

County Judge Zook Thomas, representing Collingsworth County, is a member of the Natural Resources Committee. Serving on the Housing Committee is George Shadid, representing the City of Wellington. Two former residents are on this committee also, Olan Alexander, City of Tulsa, and Tucker Teutsch, City of Dumas.

Two men representing the city are on the Transportation Land Use Committee. They are Hiram Cudd and Sandy Parsons.

Henry Sullivan, representing the city, is a member of the Recreation and Open Space Committee.

Sheriff John Rainey, City of Wellington, is a member of the Criminal Justice Advisory Board, set up earlier.

A former county school man, W. V. Swinburn, mayor of Tulsa, is a member of the new Environmental Committee.

Dr. Kenneth Laycock, City of Canyon, is chairman of the membership committee of the steering committee of the Regional Comprehensive Health Organization.

These committees consist of from 13 to 20 members. The Transportation-Land Use committee meets on the second Tuesday of each month; the Open Space-Recreation Committee and Housing Committee the second Wednesday and the Natural Resources Committee the second Thursday.

An application has been submitted to the Farmers Home Administration to state office at Temple for financial assistance to conduct a 14-county Rural Area Comprehensive Water and Sewer Development Plan.

This application will provide \$36,500 for the PRPC to conduct the planning study.

The scope of the study will involve all communities and rural areas in the 14 member counties having populations not in excess of 5,500.

The PRPC staff anticipates the selection of a consultant to assist with this project by mid-July or August 1.

This is the first of several projects PRPC will conduct during the next year in water and sewer development and waste management.

ASCS Regulations Given

Cotton Planting Starts, More Guar Due This Year

There is plenty of moisture to start a crop anywhere in the county, and there is time to plant a lot of cotton if wet weather does not return to keep the farmers out of the fields. This is the consensus of growers and those in the cotton industry.

Planting had started in several parts of the county Tuesday, principally in the Quail, Lutie, and Rolla areas, Bob Weatherly, ASCS county executive reported after returning from a tour of the county.

Mr. Weatherly also announced ASCS regulations concerning planting of other crops on cotton and wheat land, especially guar.

County Agent Don Reeves said that some of the cotton planted after the first moisture was received has made it through the heavy rains and is coming along fine, however, many other farmers will have to plant over.

Lots of cottonseed is moving now, according to Jack Kopp of the Farmers Co-op Gin.

Most of the customers indicate they will try to put in a cotton crop and probably plant their full allotment.

A majority are considering the fact that the United States cotton surplus is down, and that a general price increase can be expected for the 1971 crop.

Alonzo Cartwright, veteran cotton ginner, feels the county can still make lots of cotton if there is a summer rain.

"The best crop I ever ginned was one that they finished planting June 28," he said.

There are all indications that more guar will be planted than last year, because the market looks good, there is plenty of time for a crop to mature, and government farm regulations are favorable.

On the other hand, some cotton farmers say they are going to grain sorghums, especially if there is more rain in the next few days.

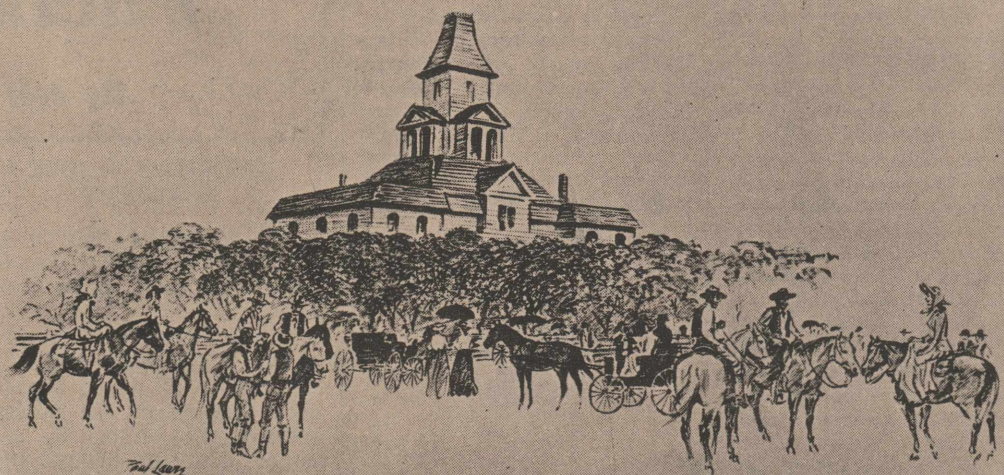

ASCS REGULATIONS

Mr. Weatherly announced that farmers can plant guar on dry land set-aside acres without reduction of payment. Guar planted on irrigated acres will draw a \$10 reduction.

Guar can also be planted on wheat acres if it was not planted or if it was abandoned, and there will be no payment reduction.

Sudan or sweet sorghum also can be planted with no reduction.

"TEXAS" PROGRAM COVER

This is the Collingsworth County Court House as it appeared at the turn of the century, and as it will appear on the cover of the souvenir programs of "Texas" during its 1971

season. The artist is Paul Laune, son of an early Wellington settler, Seigniora Russell Laune, author of the book, "Sand in My Eyes".

1971 Program

"Texas" Shows Old Courthouse

A sketch of early pioneer days in Collingsworth County will be featured in this year's souvenir program for the musical drama "TEXAS".

The pen and ink drawing is titled, "Collingsworth County Court House, at the turn of the century."

The sketch is one of the thirty drawn by Paul Laune of Phoenix, Arizona, the 1971 program artist.

Laune grew up in Woodward, Oklahoma, where his father, fresh out of law school, made the "run" into the Cherokee Strip. A few years later the young attorney made visits to the Texas Panhandle where he courted and married Seigniora (Nonie) Russell, who in her teens had gone with her family to settle in Collingsworth County.

The artist's interest from boyhood days were horses and pictures. Long before it was time for him to go to university and art schools he had become an experienced hand with horses and caule.

His description of "Collingsworth County Court House, at the turn of the century" states: This rather distinctive building, once surrounded by trees, was not replaced until 1932.

Paul Laune studied at the American Academy of Art and the Art Institute in Chicago, the Art Student's League and night courses in New York.

followed by study and travel in Europe. In Rome he studied etching in the studio of Carlo Petrucci.

He has been a free-lancer ever since he was head of the art department of the New York SUN. His illustrations have appeared in many books, and his paintings hang in homes from coast to coast.

He wrote and illustrated Mustang Roundup in which he tells of his own youthful experiences with wirey mustangs. The book was published by Holt, Rinehart, and Winston of New York, in

—See NO. 3, Page 8

North Fort Hood

Mortar Platoon Leaves for Camp

Men of Wellington's Heavy Mortar Platoon will join other units of the 2nd Battalion, 142nd Infantry on Saturday, June 19, for the National Guard summer camp at North Fort Hood.

The entire platoon is due to take part except for four men now on active duty and a fifth awaiting his call, said Platoon Sergeant Robert Valliant.

Leaving Thursday morning

Rev. Rogers Resigns from Pastorate Here

The Rev. Tom Rogers, pastor of the Assembly of God for 15 months, has resigned effective July 4, and he and his family will return to their former home, Oklahoma City.

Rev. Rogers will be associated with an Oklahoma City business firm, but he added that he will continue to work in the church.

Rev. Rogers, in addition to their work with his own church, served as president of the Ministerial Alliance.

Rev. and Mrs. Rogers have two sons, Stephen, 17, and Gregory, 14.

Damaging Twisters Skip Over County Three Nights in Week

Small twisters dropped from clouds Tuesday, Thursday, and Friday nights and damaged scattered outbuildings and trees in the west, central, eastern, and southern parts of the county, but these same clouds

brought the moisture that will enable Collingsworth to plant its 1971 crop.

Rain fell somewhere in the county every night from Tuesday through Saturday, but the amounts varied each night

so that the total for the rainy spell ranges anywhere from three to seven inches.

Except in a few spots, there was little runoff of fields, and most of the rain came in amounts from one-half to two

inches. Three inches on a single night was the most reported.

Stock tanks are full over the county, and for the first time since July 1969, Atteberry lake southeast of Wellington is full.

First of the small tornadoes came Tuesday evening.

At the Paul Fielding farm southwest of Quail, the twister went down a fence row, pulled up posts, then destroyed an empty hay barn and damaged another barn, scattering sheet metal over a half a mile area. Large cottonwoods were twisted off. This took place between a large barn and the two-story house occupied by the Fielding family until they moved to their new home at Quail earlier this year. Old timers remember this as the Murray Place.

The same night, Horace Small, west of Lutie, had a 1,500 bushel sheet metal grainery blown away, but he got two inches of rain and it filled his stock tanks. Monday, June 14, he reported he had received 7.25 inches of moisture, with 5.25 inches falling since Wednesday night.

Twisters dropped again Thursday, again accompanied by rain.

Mrs. Tiffin Young reported at their farm 7 miles south, one and a half east of Wellington, a small barn was blown across a field. Six feet away another barn was not damaged.

Half of the roof was blown off the office of Sagebrush Feed Lot, Inc., and some trees were damaged.

A few feet away, an elevator leg was unharmed. Nor were the several thousand head of cattle in nearby lots harmed.

In that same area, part of the roof was blown off the barn at the G. H. Brewer farm.

Two funnel clouds were sighted on Mill Iron Ranch, Frank Anderson, manager of the Wellington office, reported.

At Hay Camp, Henry Pope was standing on his porch watching a funnel coming from the southwest and was not aware of another from the northwest until it laid a tree up against the side of the house.

Six large old cottonwood trees were destroyed in a 150 foot area, but the twister which apparently came in about tree-top height, went between the houses without damaging either.

Mill Iron received .09 inches of rain on both June 8 and 10 and another inch Friday night.

At Fresno, Woody Wood had large metal doors blown off

THE MOST REV. LAWRENCE M. DEFALCO, D.D.

To Confirm 15

Bishop to Visit Catholics Sunday

On Sunday, June 20, His Excellency, Bishop Lawrence DeFalco, Bishop of the 45,000 square miles Diocese of Amarillo, and leader of the 80,000 Catholics of the area, will visit Wellington and Our Mother of Mercy Church.

The Bishop will be here to confer the Sacrament of Confirmation on 15 of the children of Our Mother of Mercy Parish. He will be assisted by Father Pat Burke, Parish Priest.

Confirmation will be administered during the 9 a.m. Mass and then the Bishop and Father Pat will drive to Shamrock for Confirmation at St. Patrick's.

The children to be confirmed are, Irma Aguilar, Debbie Cuevara, Irma Cortez, Joe Garza, Margie Guajardo, Santos Guajardo, Jr., Irene Soldana, Sue Sosa, Chrissy Torres, David Torres, Josephine Martinez, Lupe Martinez, Jackie Guajardo, Robert Soldana, and Lucy Soldana.

Bishop DeFalco was ordained to the priesthood June 11, 1942, in St. Andrew's Cathedral at Little Rock, Ark., and two days later he celebrated his first mass in his home church, St. Perpetua at McKeesport, Penn. His first assignment brought

him to Texas, when he assumed duties as assistant at St. Patrick's Church, Fort Worth, in the Dallas-Fort Worth Diocese.

He served as vice chancellor of the Fort Worth branch of the Chancery, while holding other posts, from 1952 to 1963.

From September 1953 to the summer of 1955, Father DeFalco was enrolled in the Gregorian University in Rome to study canon law, and upon receiving the licentiate of Canon Law and doctor of divinity, he returned to the Dallas-Fort Worth diocese.

He became a papal chamberlain, with the title of Very Reverend Monsignor, in 1961 and was named a diocesan consultant in 1958.

The Most Rev. Lawrence

June 21 to July 1

Pre-School Tests Start at Norwood

The Samnorwood School's specialized testing and evaluation plan for children entering the first grade this fall will begin Monday, June 21 and continue through Thursday, July 1.

Mrs. Joe J. Henard, a member of the Samnorwood faculty and a qualified educational tester, will administer the program. There is no charge for the testing.

During the same period, a pre-school orientation will be held for these children by the home economics classes, under the direction of Miss Judy Barber.

Mrs. Henard will test the children from 9:00 to 11:30 a.m. in the home economics department.

She explained that the program is to test both intelligence and ability of the children to co-ordinate themselves and to think. It tests their behavior, and their general readiness to start to school.

Parents are part of the program, as is the first grade teacher. The evaluation in the end will have suggestions for

working with the child. Those parents wanting to enroll their children early, for example those who will be six years old early in the school year, may have the children tested, but there is a charge for this group.

Pioneer Stories Sought for Museum

The stories of individuals and the genealogies of families who helped to develop Collingsworth County will be part of any museum which is built in the future.

This summer, two Wellington residents, Mrs. Hubert Bowen and Louis Graham, have volunteered to work in these fields with pioneers and the families of those early settlers. The aim is to secure now the facts so they can be preserved for such a time as a museum building will be secured, it was pointed out by Mrs. Clyde Drake, who is spearheading the museum movement.

Mr. Graham is an experienced interviewer and some years ago he directed a junior high history class in a series of interviews that recorded a number

of biographies. Most of those interviewed are now dead.

Mrs. Bowen has done extensive genealogical research and she said that for the museum project she will assist or advise those working on their family histories.

She will also be available to conduct a workshop on how to do genealogical research if there is sufficient interest. Those who are interested in a workshop should contact her at Corky's Flower and Gift Shop within the next few days.

Mrs. Bowen, Mrs. Drake and Mrs. John Holton were among those who brought Mrs. Ralph Randal of Panhandle here to discuss small museums recently.

Celia Meadors Has Amarillo Exhibit

Former Wellington artist Celia Meadors is exhibiting her paintings this month at The Different Drummer Gallery, 213 East 24th Amarillo.

The exhibit opened Sunday, June 6, and will continue through July 31. The gallery is open from 1 to 6 p.m. daily.

Mrs. Meadors works include a series of portraits and landscapes in pastel, a medium in which she believes she has found herself, she tells Wellington friends.

Some of her works in oils are also in the show, and one

of these was bought to hang in a Wellington home, that of Mr. and Mrs. Creed Hill.

The Different Drummer Gallery was launched last month by Patrick McCracken, a West Texas State University graduate whose oils and water colors are on exhibit also.

Two others are included in this exhibition, Germaine Bacon with a number of examples of weaving and stitchery, and Kenneth Pirtle, who has assembled a number of works in pottery and several of photography for the showing.

The daughter of Mrs. Clark Anderson and the late Mr. Anderson, Mrs. Meadors was graduated from Wellington High School and West Texas State University, where she studied under Dr. Emilio Caballero and others in the WT art Department. She also has studied at Sam Houston State College, Huntsville and Texas Tech.

Her first art instructor, however, was Mrs. Lee Plant when Celia Meadors was an elementary school student in Wellington.

Her work has appeared in several Wellington shows, the most recent being the highly successful Collingsworth County Fair Exhibit in October.

Currently her interest is in southwestern subjects, and Indian children figure prominently in her work.

She is presently working and teaching art in Canyon.

Those who have attended the showing at A Different Drummer include Mrs. Hill, Mrs. Jackie Barnett, Mrs. Roy Jeffrey, Jr., Mrs. Barabra Williamson and Louis Graham.

Social Security Schedule Set

The Wellington schedule for a representative of the Amarillo Social Security office was announced this week.

All visits are on Tuesday and include July 13 and 27; August 3, 17, 31; and September 14 and 28.

The representative will be in the court house from 8:30 to 11:30 each day.

The representative will assist on any matters relating to social security or medicare.

Oldest known night club was founded in Paris is 1843.

DIFFERENT DRUMMER EXHIBITORS

A Different Drummer Gallery in Amarillo is presenting this month the works of four West Texas artists. They are, standing from left, Kenneth Pirtle, Patrick McCracken, who is owner of the gallery, and Celia Meadors, who formerly lived in Wellington. Seated is Germaine Bacon. Their works will be on exhibit through July 1.

Albany Ready for Fandangle

ALBANY- The city of Albany in Shackelford County is getting ready for its annual presentation of "Fandangle," a historical music depicting the early pioneer history of Albany and nearby Fort Griffin, now a state park.

The show is scheduled for June 17-19 and June 24-26. Fandangle is an outdoor spectacle held in its own prairie theater, carved from a hillside one mile west of Albany.

It is written, directed, lighted, costumed, sung and danced by Albany residents.

Financial Facts

By Jeff Wilson.

AMERICA'S STABLE CURRENCY

Did you know that at no time has our country ever recalled any of its paper money?

American currency enjoys a unique and exalted position in the annals of world finance. It is, first of all, the most stable money ever printed by any nation. Also, it's doubtful that any country, past or present, can claim such a long, unbroken series of currency issues, the integrity of which has so soundly and confidently been maintained.

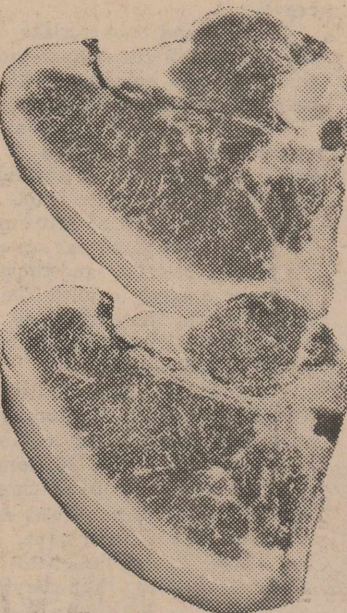

There has only been one time in our country's history that currency was ever ordered exchanged for another type of money. In 1933, the Gold Reserve Act required

all holders of Gold Certificates to surrender them for ordinary currency.

Even today, every existing piece of currency ever issued by the United States is still valid.

Church Ceremony Here Unites Elizabeth English and Gary Thomas

Miss Elizabeth Emily English of Childress was married to Gary Mac Thomas Saturday, June 5, at two o'clock in the afternoon. The Reverend Roy Collins, pastor, officiated at the double ring ceremony.

Parents of the couple are Mr. and Mrs. Frank English, 101 East SE, Childress, and Mrs. Sam Thomas, 1012 Houston Street, and the late Mr. Thomas.

Wedding music was presented by Mrs. Truman Ester, organist.

Given in marriage by her father, the bride wore a floor-length white satin gown of empire style, with full sleeves ending in french cuffs. Lace edged her chapel train. A dainty crown held her floor length veil and she carried a bouquet of pink and white roses tied with bridal ribbon.

The bride was attended by her sister, Miss Alana English of Childress as maid of honor. Her floor-length dress of pink lace over satin had an empire waist, short puff sleeves and a sweetheart neck. She wore a velvet bow in her hair and carried a long-stemmed pink rose.

Dale Thomas, brother of the bridegroom, was the best man, while Danny West and Mike Peters were ushers.

Bradley English, brother of the bride was ring bearer.

After the ceremony, a reception for family members was held in Mrs. Thomas' home. The bride's table was

laid with white cloth and appointed in crystal. Lighted candles formed the centerpiece. Mrs. Gene Bawcom poured and Miss Jo Thomas, sister of the bridegroom, served the wedding cake.

The bride attended Childress schools and will be a senior at Wellington High School this year. A Wellington graduate in 1970, the bridegroom, is employed by Langford Brothers Conoco.

Since returning from their wedding to trip to Weatherford, Oklahoma, and points in Arkansas, the couple is at home at 703 10th Street.

Mrs. Dennis Has HD Club

Mrs. Don Dennis of Dodson entertained the Home Demonstration Club Tuesday, June 8, when Mrs. C. E. Hightower and Mrs. Thurman Crowmover gave a demonstration on new meat dishes.

Mrs. A. V. Lowrie directed the business session and games were played during the recreation hour.

The next meeting will be with Mrs. Wayne Reynolds or an outing at Lake Hall June 22.

Attending were Mrs. Billy Hudspeth, W. J. and Dee Lynn of Hollis, and these members: Mrs. Reynolds, Mrs. Lowrie, Mrs. Hightower, Mrs. Crowmover, Mrs. Herbert Redeker, Farris and Donna Gail Dennis, and the hostess, Mrs. Dennis.

IN THE DEN—Here's how to make a den or small living area pretty as a picture: frame it. Painted 2x4's and tied-back cotton draperies in rich reds and browns are effectively combined here as framing for a picturesque setting. The sofa and sill-length curtains are in the same print to provide the perfect backdrop for a cozy nook.

A June Bride, Mrs. Joe Montgomery, Honored Here Saturday Afternoon

A post-nuptial shower honored Mrs. Joe Montgomery Saturday afternoon, June 12, in the Heritage Room of the Wellington State Bank.

Hostesses were Mrs. Keith Smith, Mrs. C. L. Watts, Mrs. Alton Wilkins, Mrs. Willie Gragson, Mrs. Gene Hanna, Mrs. Mickey Breedlove, Mrs.

Ronald Kersten, Mrs. Jack Lancaster, Mrs. Marshall Peters, Mrs. Clifford Christian, Mrs. P. M. Scott, and Mrs. Earl Patterson.

Mrs. Kersten received the guests and presented them to the honoree, who is the former Vickie McAdams, her mother, Mrs. W. T. McAdams of Spearman, her grandmother Mrs. W. D. McAdams of Robert Lee, and the mother of the bridegroom, Mrs. G. A. Montgomery.

like millions of other Americans, assuming all salt is iodized.

Iodized salt was invented about 50 years ago to combat goiter in the U.S. Once the salt hit the market, the disease was almost completely eliminated, but now is on the rise again. In a recent Texas survey, 5 percent of the persons examined had goiter - a visible enlargement of the thyroid gland.

Visiting in the home of Mr. and Mrs. Thurman Crowmover at Dodson of Mother's Day were her brother and family, Mr. and Mrs. Doad Haragan, James and Greg of Sudan, and their daughter, Mr. and Mrs. Billy Hudspeth, and Dee Lynn of Hollis.

Mrs. Louis Berg and daughter Luanne, of Tulsa were here Tuesday, June 8, visiting friends. Luanne remained for a longer visit in the home of Mr. and Mrs. Paul Spillman.

Mr. and Mrs. Herbert Clay at Home Here Following May 28 Wedding

The chapel of the First Baptist Church in Childress was the setting for the wedding of Miss Sally Ann Darling of Childress and Herbert Leon Clay on Friday evening, May 28. The Rev. Porter Arnold, pastor of the Quail Baptist Church and uncle of the bridegroom, officiated.

Parents of the couples are Mr. and Mrs. Floyd M. Darling of Childress and Mr. and Mrs. Horace W. Clay, 1725 East Avenue.

Church decorations were a central white candelabrum decorated with palms and emerald leaf, and on either side, standard candelabras entwined with English ivy. A prie dieu, completed the arrangement.

Kelsoes Honored on Anniversary

Mr. and Mrs. Jimmie Kelso were entertained in Austin on their thirty-seventh wedding anniversary recently, when their children hosted a family dinner at Green Pastures.

Those attending were Mr. and Mrs. Tom Lockridge, who recently moved to Austin, and Mr. and Mrs. Robert Fleming, Deborah and Daron.

Mr. and Mrs. Kelso have spent their entire married life in Wellington.

Tates Host Bridge Club

Mr. and Mrs. Rudie Tate of Enterprise entertained the dinner bridge club, made up of area couples, on Saturday evening, June 12.

Those attending were Mr. and Mrs. Wood Coleman, Mr. and Mrs. W. R. Breeding, Mr. and Mrs. Don Van Pelt of Wellington, and Mrs. James Martincala, Mr. and Mrs. Doug Coleman, and the hosts, Mr. and Mrs. Tate.

Recent visitors in the home of Mrs. S. L. Lindsey were her son, Mr. and Mrs. Sam Lindsey of Odessa. They were joined by Mrs. Lindsey and Mrs. Lee Vaughan, and vacationed in Independence County, Ark. with many relatives and friends.

Mrs. Sammy Ray and small sons, Jeff and Chris, visited last week with her parents, Mr. and Mrs. Henry Sullivan.

Visiting Trio Describes Beauty of Spanish Cities

Visiting in Wellington during the last week was a trio who only recently returned from a visit to Spain.

Mr. and Mrs. G. L. Gibbs were guests of her mother, Mrs. J. A. Leach, while Mrs. Davis Robinson was a house guest of Dr. and Mrs. J. Frank Johnson. All are from Irving.

BOLD GEOMETRICS - Cotton jacquard, printed in clear cognac and black on white, is molded into a body-skimming costume. Underneath the jacket is a sleeveless dress belted in suede.

Mrs. James Branch and children, Sharon and Timmy of Amarillo spent last week with her parents, Mr. and Mrs. Jim Sikes. Mr. Branch was serving as a counselor at Camp Arrowhead near Glen Rose.

Mrs. Dona Gattis and baby son, Keith, of Georgetown were guests of her parents-in-law, Mr. and Mrs. Harold Gattis last week. Don Gattis was in National Guard Camp during the time.

"Fabulous" was their description of Spain, which is becoming more aware of the tourist industry.

Their three days in Madrid were too short, but they visited the Prado, one of the world's great museums, and the Royal Palace, with its more than 1,000 rooms, and were taken over the city.

Because one of its monarchs was a clock fancier, the palace has a notable collection, including one room completely filled with timepieces.

Madrid tolerates tourists and treats them politely, but the south of Spain, receives them graciously and as equals, said Mrs. Gibbs.

In this land of beauty, she spoke of the Cathedral of Rona, built in three eras Roman, Moor, and Medieval, in a town straddling a ravine.

Going through the Strait of Gibraltar, they visited Morocco, with a trip into the Casbah.

That was an experience in itself, said Mrs. Gibbs, for never had any of them been where there was such an odor! They were warned of pick-pockets, although none of their group fell victims.

She told of the interesting shops, and added that in a house in all of this lack of sewer system, dirt, and noise lives American heiress Barbara Hutton, the group was told.

Morris Barton and his son, William Barton, left Friday for a visit with relatives at Sanderson, Florida. From there they will go to Ft. Bragg, North Carolina to visit Mr. Barton's youngest son, Marion Barton. They will visit other relatives in Virginia before returning.

John Hendricks, son of Dr. and Mrs. Bill Hendricks of Ft. Worth, returned home early this week after his annual summer visit with Mr. and Mrs. Truett Holland. Ray Jeffrey joined them for part of the time.

Notes from Your County Home Demonstration Agent

by Mrs. Leta Hill

REMOVING MUSTARD

Spring means home runs, roaring crowds, hot dogs with lots of mustard and perhaps a glob of mustard on your clothes.

Mustard, because of its chemical make-up, is one of the hardest stains to remove. Treat mustard stains, then, as soon as possible. If you don't, and the stain is left in the garment for several days, it is almost impossible to remove.

To remove mustard from washable fabrics, rub soap or detergent into the dampened stain then rinse. If the stain is not removed, soak the article in a hot detergent solution for several hours or overnight if necessary. If the stain still remains, use bleach. But don't use chlorine bleach, if the fabric has a permanent press or wrinkle resistant finish, unless the manufacturer states on the label that chlorine bleach is safe.

For non-washable articles, sponge the stain with alcohol. But first, test the fabric for color fastness by sponging alcohol on the seam allowance or scrap of material. A non-washable article may also be sent to a professional drycleaner, but be sure to tell him what the stain is.

JUNE DAIRY MONTH

June is Dairy Month. Many stores will feature dairy products this month. Even grandmothers could hardly cook without sour cream. Sour cream enhances all of her favorite dishes. She would prepare it as needed by letting a bowl of extra heavy sweet cream set on the back of the kitchen coal or wood range and sour.

The results varied each time she did it - sometimes it was barely sour, sometimes very acid sometimes deliciously tart, but rarely the same twice. And even if the souring was induced by vinegar or lemon juice, the resulting product was uncertain.

With modern pasteurizing and homogenizing techniques, "cultured" cream is uniform in quality and readily available to the consumer, along with a medley of dairy products.

Sour cream - the sophisticate of the dairy world - is transformed from liquid table cream to a velvety-heavy-bodied cream by the addition of lactic acid culture. The tangy flavor of the sour cream must be produced precisely the same in each batch.

Following homogenizing and pasteurizing of the cream and the addition of the culture, it is timed and temperature controlled to develop just the right flavor. Chilling immediately after this flavor is reached stops the action of the culture and "fixes" the sourness. It is gently stirred and then packaged ready for the consumer.

Applesauce Cake is an old American favorite, but during this Dairy Month, see what sour cream will do for it:

APPLESAUCE CAKE

1/2 cup heavy sour cream
3/4 to 1 cup of sugar.
1/2 cup unsweetened thick applesauce
1/2 teaspoon salt
1 teaspoon cinnamon
2 cups sifted flour
1 teaspoon baking powder
1/2 teaspoon soda
1/4 teaspoon cloves (ground)
1 cup chopped raisins
1 cup chopped nuts

Mix sour cream, sugar and applesauce. Sift the dry ingredients together and add to the first mixture with the raisins and nuts. Mix well. Pour into a well-greased bread pan and bake in a moderate oven, 350 degrees F., for about 1 hour.

IODIZED SALT

Have you ever thought about the salt you sprinkle on your food or you buy at the grocery store? Are you familiar with iodized salt?

Party Honors Le Ed Oswalt

Le Ed Oswalt was honored on his fourth birthday Sunday, June 13, when his mother and grandmother, Mrs. Gail Oswalt and Mrs. Edd Henard were hostesses in the latter's home. Mrs. Jim Henard assisted. The children played outdoor games then were served birthday cake made in cowboy design and drinks. Tiny water color sets were given as favors. Those helping Le Ed celebrate his birthday were Debbie Wood, Chaney Wood, Missy Wood, Darvin Nix, Lisa Nix, Chad Holland, Sandy Henard, and Tammie Henard.

Mrs. Joe Harris NWMS Speaker

The Elton Wood Chapter of the Nazarene World Missionary Society of Wellington Nazarene Church met Tuesday, June 8, for the regular monthly meeting and study.

The lesson, "A Theology of Missions," was given by Mrs. Joe Harris, after Mrs. Philip Daniels gave the devotional.

The meeting opened with group singing, led by Mrs. Frank Falk with Mrs. Harris at the piano. Mrs. Eva Cornelius led in prayer. Mrs. Clyde Emmert presided at the business session and Mrs. Fred Yarborough read the secretary-treasurer's report.

Present were Mrs. Emmert, Mrs. Daniels, Mrs. Harris, Mrs. Falk, Mrs. Eva Cornelius, Mrs. Yarborough, Mrs. Rosalie Robertson, Mrs. Robert Posey, Mrs. Leslie Moore, Mrs. Oral Bishop, Mrs. Rodell Byers, Miss Eva Bishop, and Rev. Philip Daniels.

Mrs. H. I. Cagle Honored on Her 95th Birthday in Amarillo

A former long-time resident of Wellington and Quail was honored recently in Amarillo on her ninety-first birthday when Mrs. H. I. Cagle, was given a party by some forty relatives and friends.

Mrs. Cagle, the former Wallace Tilatha Wilson, was born near Van Alstine in 1876. Married to H. I. Cagle in 1893 at Hardy, she moved with her husband and family to Wellington in 1914, and later to a farm near Quail. Mr. Cagle was a Collingsworth County Commissioner for many years, and died in Wellington in 1956.

Those in attendance at the fete included all of Mrs. Cagle's children, many grand-

EASTERN STAR OFFICERS

These officers of the Wellington Chapter of the Order of the Eastern Star were installed in services June 1. From left, in front, they are Mrs. P. E. Lowrie, Mrs. Rosco Land, Mrs. Sallie Gray, Mrs. G. L. Jones who is Worthy Matron, Mrs. Olean Leggett, Mrs. Johnnie Parker and Johnnie Parker. In the second row, from left,

are Mrs. Jack Davis, Miss Maudie Coffee, Mrs. Ben Hurst, Mrs. Eddie Smith, Mrs. Mayme Somerville, Mrs. Vernon Rudy. At back, reading to the right, are Mrs. Elzie White, Rosco Land who is Worthy Patron, Jack Davis, Mrs. Jennie Holcomb, Mrs. Ruby Ball and Mrs. W. E. Brewster.

Mrs. G. L. Jones Installed as Worthy Matron of Eastern Star

New officers of the Wellington Chapter, Order of the Eastern Star, were installed in services Tuesday evening, June 1, at the Masonic Hall.

Mrs. Jack Davis presided as installing officer, while Mrs. Elzie White was installing marshal.

Others assisting were Mrs. Melvin Seale, organist; Mrs. Annie Clark, chaplain; Mrs. Sam White, secretary; and Mrs. J. M. Strong, warder.

Taking office as worthy patron was Mrs. G. L. Jones, while other officers installed were Rosco Land, worthy patron; Jack Davis, associate

patron; Mrs. Jennie Holcomb, secretary; Mrs. W. E. Brewster, treasurer; Miss Maudie Coffee, conductress; Mrs. Eddie Smith, associate conductress; Mrs. Ralph Ball, chaplain; Mrs. White, marshal; Mrs. Davis, organist; Mrs. Johnny Parker, Adah; Mrs. Ben Hurst, Ruth; Mrs. Mayme Somerville, Esther; Mrs. Rosco Land, Martha; Mrs. Sallie Gray, Electa; Mrs. Vernon Rudy, warder; and Johnnie Parker, sentinel.

Following the installation, Mrs. Jones expressed appreciation for the confidence placed in her by the chapter and asked for the members co-operation.

The new Worthy Patron spoke briefly.

Mrs. Jones was presented a bouquet from the chapter and a worthy matron's book from her officers.

She, in turn presented gifts to the installing officers.

A vocal duet was given by Mrs. Seale and Mrs. Davis.

Following the installation a reception was held for members and guests in the dining room of the hall.

Mrs. Ray Hill and sons, Rocky and Kevin, of Jacksonville came late last week to visit her parents-in-law, Mr. and Mrs. Bill Hill. Rocky remained for the summer, as he does each year.

Robin Anderson of Amarillo is visiting this week with her brother and sister-in-law, Mr. and Mrs. Huston Anderson, and children.

Mr., Mrs. Lanny McGill at Home Here Following Late May Wedding

Mr. and Mrs. Lanny Curtis McGill are at home in Wellington following their wedding which took place Saturday, May 22, in Childress.

The bride is the former Debra Lynn Caison, daughter of Charles Caison and Mrs. Marilyn Nash of Childress. The bridegroom is the son of Mrs. Glen McGill and the late Mr. McGill.

The couple was married at the home of the Rev. and Mrs. Dan Collom, with the Rev. Mr. Callom, a Baptist minister, officiating.

The bride wore a street-length dress of orchid lace over satin in empire design, with a high neckline and long sleeves.

Upon their return to Wellington, Mr. and Mrs. Caison honored the couple with a reception for members of the

family and close friends. Later they left on a short wedding trip to Lawton, Oklahoma.

The bride was graduated from Wellington High School this spring.

Mr. McGill graduated from Quail High School in 1969 and is employed by a Trailer Manufacturing Company in Childress.

Dorcas Class Holds Social

The Dorcas Sunday School class of First United Methodist Church met Monday night, June 14, in the home of Mrs. John Henard, with Mrs. W. E. Brewster as co-hostess.

Those attending were Mrs. J. F. Michael, Mrs. Olean Leggett, Mrs. W. F. Vaughan, Mrs. Walter Franks, Mrs. Jennie Holcomb, Mrs. Beatrice West, Mrs. Emma Jones, Mrs. M. C. Somerville, Mr. and Mrs. Ed White, the Rev. and Mrs. R. T. Dyess, Rev. Steve Campbell, Elzie White, and the hostesses.

More Alfalfa Acres Has Place in County Economy

This year has seen some increase in the alfalfa acreage seeded in Collingsworth, but by far a larger acreage has a place in the county's farm economy.

Both Hedley and Memphis are pushing alfalfa as a major crop with processing facilities set up.

A market for both seed and hay already exists here, and by organized effort, it is likely that growers could bring in an alfalfa processing plant. The production of this fine crop is tied directly with the growth of the feedlot industry in the Panhandle.

The alfalfa grower has several chances to make money on alfalfa — with an early or late hay crop or both, plus a seed crop. Over production is not likely.

New varieties that are resistant to insects have taken much of the gamble out of production.

It is well if we remember that this county was once a leader in alfalfa seed production. We can regain this leadership, for one of our assets is the fact that Collingsworth is in one of the most favored areas in the nation for seed production.

Other Editors Say . . .

Who's Civilized?

Are we truly civilized? Therefore, can we instruct others less civilized?

In a letter to Volunteer, the magazine of the Peace Corps, former volunteer Ella Doran recalls that when she was sent to Bolivia in 1964, she and other corpsmen were instructed to try to motivate and educate the Indians to do the following things:

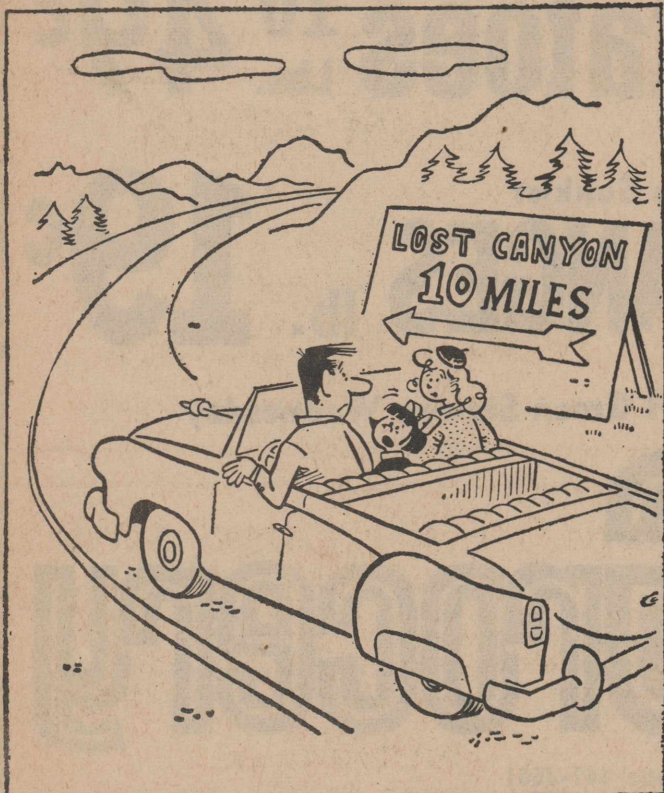

1. To wear shoes or sandals so they wouldn't get worms.
2. To cut down on their chewing of cacao leaves because it dulled their initiative.
3. To be sanitary in order to eliminate disease.
4. To learn better nutrition.
5. To respect other people's property so that there would be no need for vicious dogs, adobe walls with broken glass encrusted on top, etc.

Three years after her Peace Corps service she became a resident director in a girls' dormitory at Kent State University. Here she encountered supposedly highly educated students in a civilized country doing the following things:

1. Going barefoot everywhere, even to class.
2. Smoking pot.
3. Throwing garbage out the dormitory windows and dumping trash all over the campus lawns.
4. Existing on a diet consisting mainly of hamburgers, pizzas, french fries and carbonated drinks.
5. Stealing university property at will and taking things from each other without any real personal need.

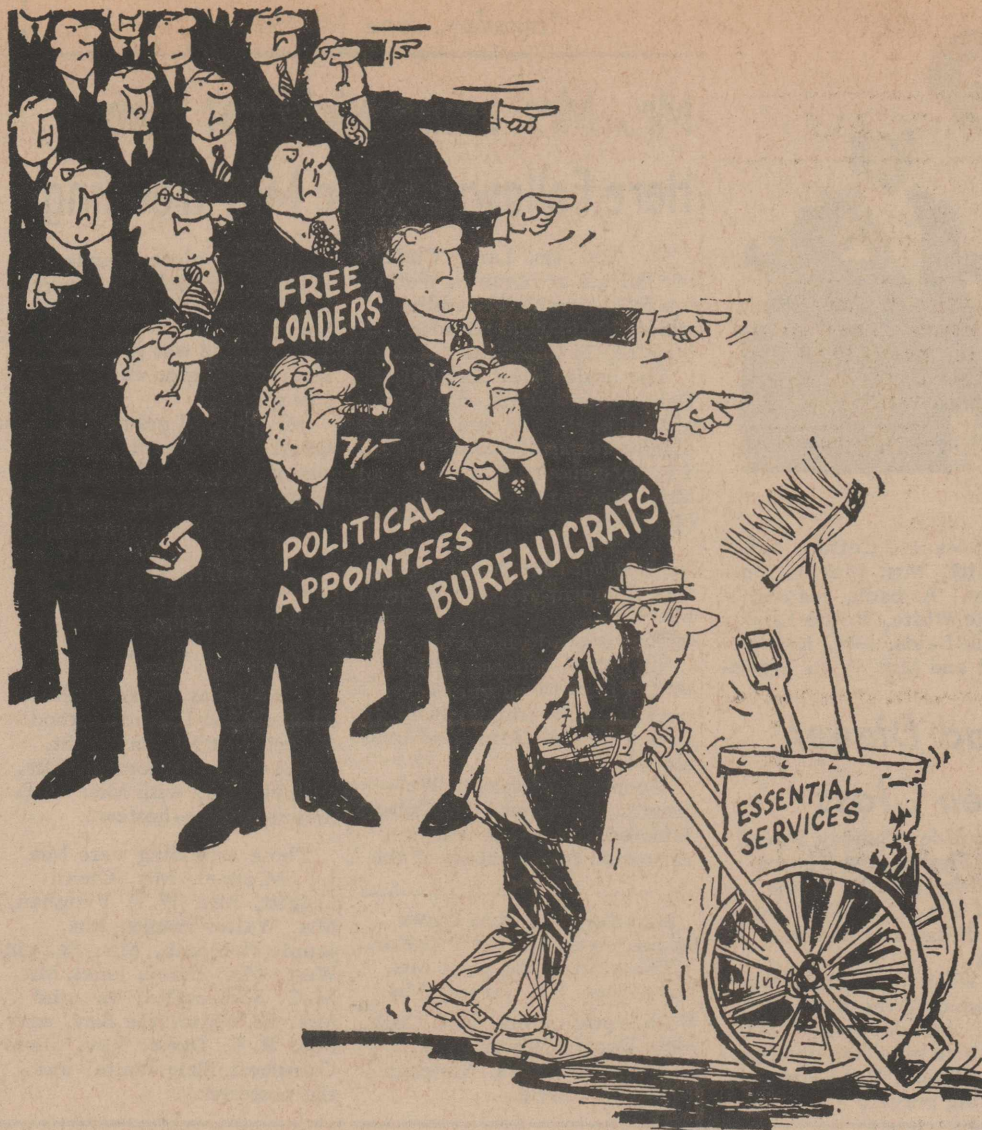

Her question is: "Can we tell other people in other countries, 'Do what I tell you, not what I do?'" —The Perryton Herald.

SWEETIE PIE

"But if it's lost, how can they tell how far it is?"

Economy Move At City Hall

AUSTIN, Tex. —Major changes in election law for voters and candidates were approved by the 62nd Legislature. All are contingent on final federal court action upholding lower court decisions invalidating old requirements.

Gov. Preston Smith has signed into law a new voter registration act and filing fee bill.

Earlier the Texas Legislature enacted a resolution ratifying the federal constitutional amendment extending full voting rights to 18-year-olds. Federal amendment may not be finally cleared in time for the 1972 elections, but young voters can participate in presidential and congressional voting and the national nominating series.

New voter registration provides for year-around sign-up (with temporary cutoff 30 days before any election) and automatic renewal for three years by voting in any primary or general election. First registration under the new system will begin October 1. March 1, 1972, is the earliest voting date for new registrants. Voters will continue using registration certificates for elections through next February.

A federal court invalidated the old Texas annual registration requirement, which was unique in the nation. Texas' new automatic registration law would be repealed if appellate courts reinstate annual registration.

Under a bill passed by the 62nd Legislature, in response

to another federal ruling that present filing fees are excessive candidates would pay a maximum of four per cent of the term of office salaries to get on the ballot.

Bill also permits "filing by affidavit" stating that the candidate cannot pay the prescribed fee, or by a "petition" signed by 10 per cent of the voters in the last general election within the area (state county, precinct) served by the office sought. If the Supreme Court invalidates this act, a special legislative session may be necessary to provide a method of paying primary election costs in 1972.

IMMUNIZATION REQUIRED. Texas students must begin an immunization program by Jan. 1, 1972, under legislation just signed into law, says the Texas Department of Health.

Students will be allowed to enter schools during the summer and fall terms with provision that their immunization against at least one of six diseases will be started by Jan. 1 and completed as soon as medically possible.

Required immunization for grade school level youngsters includes diphtheria, tetanus, poliomyelitis, measles, rubella, and smallpox. Measles immunization is not required if there is a history of measles illness.

Exceptions may be granted on religious grounds or to those who may be harmed by

immunization (on written certification by a physician). However, exemptions would not be permitted in a time of emergency or epidemic, the Health Department adds.

AUTO RATE HEARINGS SET. Hearings are set for 9 a. m. June 30 here to consider new auto rates to replace the controversial schedule put into effect January 1.

State Board of Insurance is expected to hear usual cross-recommendations to raise and lower rates. Hearing will be conducted in the State Highway Department auditorium on casualty and physical damage rates, rating plans and rules.

All those who wish to have subject matter placed on the agenda were advised by the Board to contact its automobile office here by June 23 and provide written statements in quadruplicate.

Rate revisions will be effective on and after September 1 under present indications.

After hearings last year the Board increased rates an average of 14 per cent, statewide. This raised an angry reaction from many insurance purchasers. Insurance companies, which urged a 27.7 per cent increase,

CROSSROADS REPORT

Dear Editor:

Elections are getting so expensive these days, and the quality of people volunteering for public service is deteriorating so much, we may have to start drafting folks for most public offices.

We could put every citizen's name in a pot and draw out one for each office, and these selectees would have to serve if not against their religion or their consciences.

We might come up with a 3-year-old for President at times, but bureaucrats run the country anyhow, and a President of that age would have a long time to write his memoirs and build his or her pyramids.

were equally unhappy.

COURTS SPEAK — Third Court of Civil Appeals has ruled that the Ector County Commissioners Court had no authority to spend county funds to purchase a 280-acre tract as the site for the University of Texas of Permian Basin, Odessa. Court decision said the rest of the campus tract, 308 acres, was properly acquired for the new state university as a gift.

State Supreme Court upheld the "spoke" annexation of a narrow strip of territory by the City of San Antonio and noted that the new law banning such annexation does not apply to past city actions.

High Court refused to place on the June 29 charter election ballot in Pharr a committee-proposed recall amendment.

On July 7 arguments will be heard by the Supreme Court as to whether a minister can be held in contempt of court.

PRESIDENTIAL DINNER PLANNED — All major Democratic candidates for presidential nomination are expected to receive invitations to a \$50-a-plate dinner in Austin during mid-January.

Funds raised at the dinner will go to meet the 1971-72 State Democratic Executive Committee budget of \$81,000, for refusing to move his church.

Reversing a district court ruling, the Third Court of Civil Appeals said that an Austin area teacher whose contract was not renewed deserves a full trial on merits.

U. S. Supreme Court vacated a three-judge federal court finding in San Antonio that the Texas safety responsibility act is valid and sent the case back for reconsideration in view of an earlier ruling that a Georgia law provides no proper method of determining fault of drivers in accidents.

SHORT SNORTS — Governor Smith is still pressing his demand for a presidential drought disaster area proclamation covering Texas.

I see where Tax Foundation Inc., calculates that one-third of the nation's population is getting paid wages, welfare, subsidized or similarly sustained by government.

Which, through some coincidence, is about the same portion of working citizen's income as is being taken away from him by taxation.

In due time, of course, everybody will be working for or otherwise supported by government, and nobody will be producing anything. The social planners will have reached their goal: Equal nothing for all.

D. E. SCOTT

Highway Department is re-evaluating its plans for a new \$20 million office building near the state capitol and the governor's mansion, in view

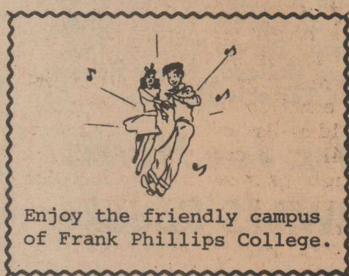

of the legislative directive. Burton G. Hackney resigned as Texas Commissioner of Public Welfare, effective June 15.

Governor Smith appointed Enrique H. Pena of El Paso as Judge of El Paso County Court of Domestic Relations.

State revenue from cigarettes decreased \$492,362 from May, 1970, to last month.

Wayne Gibbons of Austin, formerly of Breckenridge, is new executive vice president of the General Mid-Continent Oil and Gas Association.

World's largest cemetery is in Leningrad, U.S.S.R.

Enjoy the friendly campus of Frank Phillips College.

MUSIC IN WORSHIP

By Gaylord Cook

Probably the most frequently asked question we receive is, "Why do you not use instrumental music in worship?" An adequate answer to this question cannot be given in a short article such as this, but basically it can be stated that we believe God has excluded the use of instrumental music in the positive command to worship in song. As an example of this principle we might note that in the example of the use of unleavened bread and the fruit of the vine for the Lord's Supper other foods are excluded. It is not necessary for him to state that we not use pound cake and orange juice. That same principle was well illustrated in God's direction to Noah to build his ark of Gopher wood. Having told him what was to be used, it was not necessary to make a list of all the woods not to be used, such as oak, pine, etc. By the same token when God commanded worship in singing (Eph. 5:19; Col. 3:16) he excluded other musical forms. It is unnecessary for a list of all the kinds of music not to be used to be given. The positive command to use vocal music takes care of that.

Wellington State Bank

Proclamation

WHEREAS, licensed nursing homes and related facilities in our community are providing dedicated, concerned care to our aged and ill, and

WHEREAS, these long term health care facilities have assumed a leading role in upgrading the standards of services for these elderly, chronically ill and convalescent persons, and

WHEREAS, many of these patients have outlived family and friends and need community contact and understanding, and

WHEREAS, member homes of the American Nursing Home Association and Texas Nursing Home Association, and their staffs, in this city are providing the highest quality care for their patients, as exemplified in their theme, "Nursing Homes: We Care," for National Nursing Home Week, June 20-26.

WHEREAS, Many of these homes are holding open houses on Father's Day, June 20,

NOW, THEREFORE, I, John S. Coleman, as mayor of this city of Wellington, urge all residents to show that they care about the elderly and ill in this community by visiting a patient in a nursing home this Father's Day.

Girls State Under Way At Seguin

The 27th Session of the American Legion Auxiliary Bluebonnet Girls State begins registration Tuesday June 15 at Texas Lutheran College of 489 young high school girls from all sections of Texas, the highest enrollment in the history of the program. The 1971 Session of Bluebonnet Girls State has grown from an experimental conference of 94 girls held at Baylor University in 1941, to become the largest single extracurricular educational program for high school girls in Texas. More than 9,200 girls in Texas have participated in this top-level citizenship program.

There are four girls from Collingsworth County: Kathryn Scott of Wellington; Kay Snead and Sandra Gowin of Samnorwood, and Sandra Sexton of Dodson.

The girls, just having completed their junior year of high school will arrive in Seguin by air, train, commercial and chartered buses and private cars. Two girls from Mexico are accepted at Girls State each year sent by the American Legion Auxiliary of Mexico. The first few days of the session will be devoted to organization of mythical cities and political parties and the study of city, county and state government. The girls form their own governments using existing Texas Constitution and laws as guides. Operating under a learn by doing philosophy, Citizens of Girls State participate in legislative processes, elective and appointive politics. The program is free from propaganda.

Mrs. Thomas Gets Nursing Home License

Beatrice E. Thomas of Thomas Nursing Home received her license for nursing home administrator in May.

Truett A. Thomas, Jr., has completed his 200 hours at Amarillo Junior College and will take his State Board examination in the near future.

Mr. Thomas has pointed out that the Texas Nursing Home Association was involved in developing the Administrator Licensure Law in Texas, under which all administrators must have a license. The Texas Act was signed into law on June 2, 1969, by Governor Preston Smith, who appointed the Licensure Board on November 5, 1969.

"Our administrators must complete a comprehensive course covering minimum of two hundred hours and pass a state board exam," said Land Wall, president of the Texas Nursing Home Association. "I am certain that our profession will be upgraded and that we have gained the professional status we have long worked for."

The Texas Board of Licensure for nursing home administrators is composed of nine members. Four members are administrators of proprietary facilities and the fifth administrator member is from a non-proprietary facility. One member is an educator, one member is a physician, the commissioner of health and the commissioner of welfare for Texas, or their designee, complete the board composition.

Dee Colemans Host Family

Guests of Mr. and Mrs. Dee Coleman during the week end were their sons, Dr. and Mrs. John Dee Coleman and children, Carol, Susan, and Scott, of Canyon and Mr. and Mrs. Mario Coleman, Terri and Nickey of Greeley, Colorado.

Mario Coleman is completing the work for his doctor's degree at the University of Northern Colorado.

Susan Coleman had been a guest of her grandparents through last week.

Legal Notice

ORDER TO ACCEPT BIDS FOR CITY OF WELLINGTON FUNDS

It is the order of the City Council of the City of Wellington, Texas, that the office manager advertise in the local newspaper for Depository for City of Wellington Funds.

Bids to be opened at the regular session of the City Council in the regular meeting place Monday, June 21, 1971, at 8 p.m. Said Depository to be for the fiscal year 1971-1972.

RUSSELL YATES
City Secretary
City of Wellington, Texas

Jan Glenn to Tour Europe

Miss Jan Glenn, who has lived in Houston for the last year, is visiting her parents, Mr. and Mrs. Barney Glenn.

About July 1, she and a former roommate, Miss Jane Hill of Dallas, will leave for a tour of several European countries.

Miss Glenn worked in the advertising department of the Houston Tribune, a suburban newspaper of that city.

Children Unhurt in Accident Fatal to One

The husband of a former Dozier woman, Leslie Calvin Shepherd, 83, of Panhandle died Wednesday at 10:00 p.m. in an Amarillo hospital of injuries received earlier that day in a car-truck collision near Borger. Mrs. Shepherd, the former Mrs. Lettie Coleman, was injured.

Two of her grandchildren were hospitalized and two others escaped injury.

Teresa Ray, 14, daughter of Jim Ray of Samnorwood, and William S. Thompson, 9, son of Mr. and Mrs. William Thompson of Dozier, were released from a Borger Hospital Tuesday. Leatha Ray, 6, and Jimmy Ray 8, were treated and released.

A retired farmer, Mr. Shepherd came to the White Deer community in a covered wagon in 1910.

Funeral services were conducted at the United Methodist Church in Panhandle at 2:00 p.m. Saturday.

His survivors include his wife; two sons and four daughters; 14 grandchildren and 20 great grandchildren.

New Food Stamp Head Appointed

Richard R. Glover has been named Officer-In-Charge of the Ft. Worth, Food and Nutrition Service field office, and will handle federal responsibilities for the U.S. Department of Agriculture's Food Stamp PROGRAM.

The Fort Worth field office handles food stamp programs in Archer, Armstrong, Borden, Briscoe, Collinsworth, Dawson, Dickens, Donley, Garza, Hall, Lynn, Navarro, Parker, and Tarrant counties in Texas.

Tarantulas have no sense of hearing.

Penny's Ups

Tom Lockridge

Tom Lockridge, son-in-law of Mr. and Mrs. Jimmie Kelso, has been promoted to merchandise manager of the new Penny Store in Highland Mall at Austin.

This store has the largest floor space of any Penny's store in the southern region except that at San Juan, Puerto Rico.

Mr. Lockridge, husband of the former Anna Kay Kelso, has been with Penny's seven years, first at Abilene, and for almost two years at Lubbock. Mrs. Lockridge taught near that city.

Deck's DIDACTICS

—by Deskins Wells

IT IS HARD to realize how conditions have changed in two weeks time here on the rolling plains below the cap-rock. Fifteen days ago much of the pasture land was as yellow as winter and the stock ponds and small lakes were dry and cracked open. Now every pond and lake between here and Childress and here and Shamrock is full and the grass is jumping. The lakes near Lelia Lake, which were at the lowest level in 50 years, have returned to their natural beauty. A picture that was bleak and dreary has suddenly changed to one that is vivid and exciting.

* * *

COTTON PLANTING got started in a big way this week on land that had previously been too dry. Practically all of the tight land farmers are putting in their allotted acres and a good many have been buying seed intended for sandy land. June 10 was the date set by the ASC committee on cotton. If a farmer had not planted by that date due to his ground being too dry, he could still draw his government payment even though he planted no cotton.

* * *

THE RUSH to plant was entirely voluntary. There are several reasons why this is considered a wise course. One is that the cotton carryover is considerably below normal and the fibre is expected to be a good price this fall. Another is that the growers feel that not planting could have an adverse effect on their cotton base. There is sound ground for believing it could lower the record of the yield per acre.

* * *

GRAIN SORGHUM planting started with a rush this week. There is plenty of time to get maize seed in the ground. The difficulty here is in locating the high quality seed. All grain dealers have been busy trying to locate more seed. I called on Jones Singley with the type of ad he generally publishes after a rainy spell and he said: "I would be happy to run that seed advertisement — if I had any seed."

* * *

THERE IS a certain stimulation of business as the result of a damaging hail storm such as the one that fell here on May 28. People will get new roofs or old roofs put in good shape without too much extra expense and all the carpenters, repair men, painters, etc. will be busy for weeks as a result of the storm. Unlike fire, hail damage does not cause an increase in rates necessarily.

* * *

WHEN A TOWN suffers a major fire loss, the local people start paying for it the next year in the form of higher insurance rates. A city with a good fire record can enjoy a 15% credit. In short, the insurance rate will be 15% below that set for the state as a whole by the Insurance Commission. A city with a bad fire record can be "plastered" with a 25% penalty. There can be a difference of 40% in insurance rates in two neighboring towns when one has a good fire record and the other has a record of excessive losses.

* * *

IT WILL BE fairly safe to let your cattle graze in the green valleys after July 5. Better keep them where they are until then.

* * *

NATHANIEL HAWTHORNE: Our creator would have never made such lovely days, and have given us the deep hearts to enjoy them, above and beyond all thought, unless we were meant to be immortal.

McGills Home From California

Mr. and Mrs. Sam McGill, Sandra and Jan, returned last week from a trip to points in California where they visited relatives.

At Turlock, they visited her father, Mr. and Mrs. S. S. Baird, and at Rio Vista, they were guests of an uncle, Kenneth Baird.

They then visited Mr. McGill's nephew, Howard McGill and family in Sacramento. Going on to Anaheim, they spent a day in Disneyland.

Earliest reference to rodeo activities is 1847. Place: Santa Fe, N.M.

Fiscal Year 1972

PRPC Funded for Law Enforcement

AUSTIN—Panhandle Regional Planning Commission, Amarillo, was one of 21 regional councils awarded criminal justice planning grants for Fiscal Year 1972 by Governor Preston Smith Friday. The amount is \$20,000.

Collingsworth is a member county.

The awards, totaling more than \$545,000 were approved on recommendation of the Texas Criminal Justice Council, which oversees state law enforcement planning and administers funds from the U. S. Department of Justice under the Omnibus Crime Control Act.

The Panhandle grant will be used in implementing action projects outlined in previous plans and in updating the comprehensive five-year criminal justice plan for the 25 counties of the Panhandle State Planning Region.

The Panhandle Regional Planning Commission employed a full-time criminal justice coordinator last Jan. 1. The old Public Protection Committee has been replaced by the Criminal Justice Advisory Board with equal representation from each of the five planning and service areas into which the Panhandle region is divided.

No. 2 —from page one

his barn, a porch off a house, and tin pulled up on other buildings.

Claude Smith's rolling sprinkler irrigation system more than a quarter-mile long, was heavily damaged, with parts scattered diagonally across his place to the Bob Hightower farm.

In the Dodson area, the old rock barn on the Murray Dodson place was destroyed and the roof was blown off the seed house of the Farmers Co-op Gin.

Clarence Black, south of Dodson, lost a barn and a windmill.

At the Dennis Holland farm northwest of Dodson a 14 by 36 section was blown out of a barn and scattered, but between the barn and the house two tubs sitting in the open were not touched. There was damage to the roof of the house and a TV antenna. Trees at the back of the house were damaged, those at the front were not disturbed.

Lightning was reported to have struck trees south of the Grover Graham place, blowing limbs as far as 100 yards.

Lightning struck a transformer of West Texas Utilities Co. in north Wellington and knocked in out 1500 feet of primary line carrying 12,000 volts of power. Parts of northwest Wellington were without electricity about four hours.

Greenbelt Electric Co-operative, Inc., lost 31 poles, most of them from Sagebrush Feed Lots to east of Vinson, where more damage was reported.

There was one pole down on Buck Creek south of town and another south of Rolla.

Lightning struck power poles at the Ted Wheeler and Henry Langford homes in the Lillie community, damaging all major and small electrical appliances at both

Professional criminal justice planning services will be furnished to each unit of local government in all 25 counties, with the commission serving as a regional clearing house.

These counties are Dallam, Sherman, Hansford, Ochiltree, Lipscomb, Hartley, Moore, Gray, Wheeler, Deaf Smith, Randall, Armstrong, Donley, Collingsworth, Farmer, Castro, Swisher, Briscoe, and Hall.

To supplement the \$20,000 grant, the commission will contribute \$2,222 to the criminal justice planning budget.

CB Radio Club Meets Thursday

The Rolling Plains Citizens Band Radio Club will hold its monthly meeting Thursday, June 17 at 8 p. m. in the Heritage Room of the Wellington State Bank, according to Wayne Reynolds, Jr., president.

All members or anyone interested in joining the club are urged to attend.

places. Friday night there was a citizens report of another tornado 6 to 8 miles south of Wellington which came down, then went back into the cloud, according to Mrs. Alvin Minatrea of the Sheriff's Department. Because law enforcement officers could not see what the cloud was doing, the storm warning was sounded for Wellington residents for the first time this season.

Rain continued to soak Collingsworth soil.

Through Monday night, June 14, Wellington had received 3.28 inches for the week.

J. L. Alexander, southwest of Lutie, reported 7 inches of rain. It fell no more than 1.5 inches at a time.

Northeast of Lutie, Ike Paschall said he had received an estimated three to four inches, with one inch falling Saturday night.

Saturday, Mrs. Dudley Phipps of Cross Roads reported 4.4 inches had fallen since the rains began. All came in falls of from .7 to .9 inches and all of it soaked in.

After the Thursday night rain, about three inches was reported at the Dwane Scott farm just north of town and 2.8 inches was measured by Sheriff John Rainey at the jail.

Barney Glenn reported three inches at Fresno.

Heavy rain fell just east of Wellington in the vicinity of the Tom Berry and Goat Hopper farms.

Friday night, Murl Phipps measured .8 in the west part of town and Jack Sanford .8 in the south part. Ronnie O'Rear of Rolla reported .7 inch Thursday and 1.2 inches Friday night.

N. E. Childers of Marella said 5 to 6 inches had fallen there since the rains started. One-half inch was received Saturday night.

An alligator pear is commonly called an avocado.

YOUTH DIRECTOR

The Rev. Steve Campbell of Phillips is youth director at First United Methodist Church for the summer.

No. 3 —from page one

1964. This summer a definitive book on the Quarter Horse, written and illustrated by Laune, will be published by Doubleday and Company of New York. The title has not been released.

Laune also illustrated his mother's book, *Sand In My Eyes* in which she told of her youthful years in the part of the Panhandle known to the riders of the Rocking Chair, Diamond Trail, JA, and RO ranges. The book was published by Lippincott and Company of New York in 1956.

The original sketches for the 1971 "TEXAS" program may be seen at the Canyon Art Gallery, 2710 Fourth Avenue, in Canyon, Texas.

Other program artists have included Don Ray, 1966, G. Harvey, 1967; Ross Stefan, 1968; Byron Wolfe, 1969; and Ben Carlton Meade, 1970.

The programs have fast become collectors items as portfolio of an artist's interpretation of the Panhandle of the 1890's and past copies are nonexistent.

The musical drama plays nightly, except Sundays, from June 24 through August 28 in the Pioneer Amphitheatre in the Palo Duro Canyon. A special Sunday, July 4 performance is scheduled. Ticket requests may be sent to "TEXAS", Box 268, Canyon, Texas, 79015.

No. 5 —from page one

tion of payment on dryland, or a small reduction on irrigated land. However, it will have to be baled or grazed, and it cannot be harvested for seed.

"No seed can be harvested on set-aside acres except guar," he emphasized.

The County ASCS committee has requested an extension of grazing and haying on CAP acres and a reply is expected shortly.

Set aside acres may be grazed all year and hayed until November 1.

People who could not plant cotton before the rain and who do not want to plant now must file an application for credit with the ASCS by June 25 if they do not want to lose their eligibility for payment or history credits.

Those who did plant cotton and are going to abandon it have 15 days from the date of abandonment to file, Mr. Weatherly said.

Four-H Riders

Horse Club Opens Summer Program

Boys and girls who number western riding and competition among their prime interests will participate again this summer in activities of the Collingsworth 4-H Horse Club.

County Agent Don Reeves has announced that meetings will be each Monday night at 8:00 p. m. in the VFW Rodeo Arena.

General Tel Assigns Gray

Gale Gray has been named Installer Repairman at Wellington replacing Jerry Lowe who transferred to Guymon, Oklahoma according to an announcement by Sherron T. Lee, Division Manager for General Telephone Company. Gray will assist in clearing outside plant trouble in the Wellington and Dodson exchanges as well as installing telephones. He has transferred from Memphis where he served on a construction crew.

Gray is a native of Clarendon having graduated from High School in 1967. He will reside at 1402B 10th Street in Wellington.

No. 4 —from page one

H. McQueen of Memphis, Charles T. Meisner of Childress, Huey L. Williams of Wheeler, Buford W. Kerr of Lubbock, Frank O. Marns of Childress, Dwight H. Bowen, Kenneth W. Brown, Lynn A. Derryberry, and

Fielding Wins Four Awards In NRA Meet

Representing Department of Public Safety, Jerrell P. Fielding established four National Police Records for Smallbore Rifle Fire in the National Rifle Association's Registered Tournament May 5, in San Antonio. The events were 20 shots-Kneeling; 20 shots-Sitting; 20 shots-Standing; 20 shots-Prong.

On the 10th of May Patrolman Fielding broke 3 of his own records in which he had won previously on May 5th and will receive awards for these also. He won over 25 other contestants.

Patrolman Fielding is the son of Mr. and Mrs. Paul Fielding of Quail.

No. 6 —from page one

Bob Price has told the group that this can be expected in the fiscal year 1972, which begins July 1.

Harry Frye, president of RC&D, was in charge of the meeting.

Participating counties are Collingsworth, Hall, Gray, Hemphill, Lipscomb, Donley, and Wheeler. Membership is by units of government counties, towns, soil and water conservation districts, and others.

BE SURE TO INSURE

AGAINST FIRE ...

"It couldn't happen to me," you may think as you read of a house burning to the ground. But it could happen — and then what? Complete disaster, or the knowledge that you are adequately insured?

INCREASE YOUR FIRE COVERAGE AS YOUR PROPERTY VALUE GROWS!
