83 BODIES RECOVERED FROM MINE

SIX BANDITS BLOW UP BANK; SECURE \$4,000

(By Associated Press)

ST. JOSEPH, Mo., Nov. 23.—Six bandits early today robbed the First National Bank at Gallatin, Missouri, getting away with \$4,000 in gold and currency. The robbers shot the night watchman and then blew open the vault and money safe.

The explosion attracted citizens who rushed to the bank, but some of the yeggs held them at bay while their confederates were operating in the bank.

After finishing the job the robbers escaped in a high powered car.

W. D. Rogers, of Wingate, was in Ballinger Wednesday to assist in shipping the remains of Mrs. Temperance Hawkins, who died at Wingate.

PAVING TO START IN TEN DAYS

Street paving work will start in Ballinger within ten days, according to J. F. Valliant, one of the contractors, and who will be here to give the work his personal supervision. Mr. Valliant spent several days here this week looking after preliminaries and conferring with the City Commission, and returned to Fort Worth Wednesday afternoon.

Mr. Valliant stated that the paving machinery was on the road and as soon as it arrived work would begin. The equipment is expected to arrive next week. "We expect to use all home men on this work," said Mr. Valliant, "with the possible exception of a few experts on paving." Mr. Valliant stated that no laborers for the common work would be imported, and that skilled laborers would be employed at home also.

W. H. Greer has the contract to supply the sand and gravel, and he will probably employ a number of extra men and teams to carry on his part of the contract. He has about twenty-five teams now employed filling out of town orders. Machinery will be installed on the banks of the river for conveying the sand and gravel from the river bed, and it will be loaded on wagons and hauled to the streets. The contract provides for about twelve thousand yards of sand and gravel.

HERE BOOSTING THE SAN ANTONIO EXPRESS

Messrs. Patterson and Warlick, representing the San Antonio Express, are in Ballinger in the interest of that paper. The San Antonio Express recently perfected plans for delivering the Express here, on the noon train to compete with the other daily papers circulated here, and has put on a special introductory price. They placed over two hundred subscriptions at San Angelo before coming to Ballinger.

Kenzie and Oscar Routh left Thursday morning for Garden City, where they go to look after the leasing of the Routh land in that county and to attend to some other business.

FRENCH "TIGER" GOES TO BOSTON

(By Associated Press)

NEW YORK, Nov. 23.—Premier Georges Clemenceau was happy today as he prepared to leave for Boston to deliver his second address since starting on his American itinerary. He said that he felt that his purpose of winning America to closer relationship with France was already being accomplished, and that he felt encouraged at the reception accorded him in New York, and the liberal response given to his New York address in which he declared that America had left her sister republic in the lurch after the war.

Aubrey Dunn is numbered among the cripples this week, as the result of spraining his back while doing some heavy work around the house.

ASKS ACCUSER TO FURNISH FACTS

(By Associated Press)

WASHINGTON, Nov. 23.—The House judiciary committee today adopted by a unanimous vote a resolution calling on Representative Kellar, republican of Minnesota, to present by December 1st a statement of facts showing alleged act or acts for which he has asked for the impeachment of Attorney General Daugherty. Mr. Kellar was further requested to furnish the names, as far as possible, of persons involved in each transaction, the time and place thereof, and witnesses by whom such facts can be established.

A. & M. TO GIVE SHORT COURSES IN JANUARY

(By Associated Press)

COLLEGE STATION, Nov. 23.—The A. & M. College of Texas plans to give an intensive short course in the feeding, breeding and management and selection of live stock the first week in January, open to anybody over eighteen years old, in order to reach the class of livestock producers who are not able to take the regular courses.

HARDING NAMES NEW ASSOCIATE JUSTICE

(By Associated Press)

WASHINGTON, Nov. 23.—Pierce Butler, of St. Paul, Minn., democrat, was nominated by President Harding as Associate Justice of the United States Supreme Court to succeed Associate Justice Day, who resigned.

NEW PARLIAMENT OPENS IN LONDON

(By Associated Press)

LONDON, Nov. 23.—The new parliament will be asked to continue to extend ameliorative measures which were prepared by the Lloyd George ministry as regards trade and employment.

Parliament will also be asked to continue the program of guaranteeing the loans for the restoration of Austria. King George approves this program and the king said in a speech from his throne today that parliament would be asked to continue these policies.

The king opened the new parliament with all the pomp and ceremony attendant upon this ancient formality.

Former Premier Lloyd George was unanimously elected leader of the National Liberals at the party meeting today.

PARALLELS "PIGS IS PIGS" IN REAL LIFE

(By Associated Press)

EL PASO, Nov. 23.—The version of "Pigs is Pigs" has a rival in El Paso in the form of a true story. Months ago a chicken breeder in Missouri shipped 400 baby chicks to a customer in El Paso. They were two days old when they got here.

H. F. Cole, acting superintendent of mails at the El Paso post-office, tried to deliver them, but could not find the consignee.

A day passed, then another day, and a couple of the chickens died. Then Cole took them in hand, fed and watered them.

He continued the search for the consignee. He could not find him, so wrote to the chicken breeder, and bought the chickens himself and took them home. They are fryers now.

In the meantime, the consignee appeared and gave his correct name and address and ordered 400 more chickens, glad that someone was fortunate to get the first 400 and had raised them.

Klan Forced Him to Wed; Asks Divorce

(By Associated Press)

FT. WORTH, Nov. 23.—A local merchant today filed a suit for annulment of his marriage to an eighteen year old girl. He alleges in his petition that he was forced by a party of masked men to marry the girl, and did so under threat of death.

The alleged ceremony was performed in the river bottom.

(By Associated Press)

BIRMINGHAM, Ala., Nov. 23.—The work of removing the dead from the Dolomite mine No. 3, of the Woodward Iron Company, in which four hundred and seventy-five men were trapped by an explosion yesterday, was renewed today.

Officials of the mine announced that the list of dead might be increased when final rescue work is completed. Up to noon 83 bodies had been recovered, and the list of injured given at 63. Thirty-five of the dead so far recovered are white and the remainder are negroes. Eighty per cent of those injured are negroes.

HOPE TO SOON SOLVE MURDER

(By Associated Press)

WACO, Nov. 23.—Chief of Police Jenkins said today that a solution of the Grady Skipworth murder mystery seemed near, and the officers were working on a clue which would no doubt lead to the apprehension of the guilty party. So far no arrest has been made. The negro who committed the crime is believed to be the same negro who killed two men last May, and for which another negro was made to pay the penalty through mistake.

Miss Naomi Boucher, who was with Skipworth when he was murdered, is recovering from the effects of the treatment received at the hands of the negro.

PACKING PLANTS PLAN MERGER

(By Associated Press)

WASHINGTON, Nov. 23.—The legal aspect of the proposed merger of the Armour and Morris packing interests are under the study of the department of justice, it was learned today. The department is going into the question with a view of laying a comprehensive and formal report before the cabinet at an early meeting.

Dispatches from New York said that J. Ogden Armour arrived there today, and it was understood that his visit at this time was for the purpose of consulting bankers on the financial features of the proposed merger.

GIVE SACRED CONCERT NEXT SUNDAY NIGHT

The sacred concert which was scheduled for the evening hour at the Baptist Church last Sunday a week ago, and which was postponed, will be given next Sunday night, according to Dr. Alvin Swindell, pastor of the church.

The choir has been practicing for this special musical event for some time, and the concert was postponed on account of the rain and in order to give those who were anxious to hear it an opportunity to do so.

Weather Forecast

Tonight and Friday cloudy and unsettled. Not much change in temperature.

According to the officials of the mine, at least fifty of the miners lost their lives, or were injured when a train of trip cars, running wild from the tripple, crashed into the mine yard at the entry to the mine.

The crash of the train of trip cars snapped an electric cable causing an explosion of dust, which wrecked the mine and entrapped the 475 men. It is believed that all men still alive were rescued from the mine at ten o'clock this morning.

CALLS MEETING OF Y. M. B. L. SOLICITORS

All members of the Y. M. B. L. membership teams have been asked to meet at the League offices tonight to make final plans for the membership campaign. Captains Gardner and Beck announce the organization of sub-teams, each of which will be given a short list of prospects to interview during the next week. The lieutenants under Captain Gardner are C. R. Stone, M. C. Atkins, E. Shepperd, E. P. Talbott and N. K. Freeman. Captain Beck's side will operate with Lieutenants L. Cohen, M. McGregor, R. W. Earnshaw, J. M. Pyburn and Joe Simmons.

Arrangements are being made for the dinner which the losers will tend to the winners. The probable date of this event will be Monday, December 4th.

The League has about 150 prospective new members in view, and expects as a result of this drive to greatly increase the revenues and efficiency of the organization. It seems to be the consensus of opinion that the organization is doing great work for Ballinger and that the whole state is beginning to sit up and notice the progressive moves instituted here.

Rev. Alvin Swindell and family returned home Thursday from Waco, where they had been attending the Baptist convention. Dr. Swindell says that the roads between Talpa and Ballinger are the best between Brownwood and Ballinger and the drag operating on them since the rain has left them in good shape.

Some men try to get by on their looks and never get a start.

Only one more week in which to make out your Thanksgiving program.

Times change, but children will be children, regardless of the age in which they live.

The world is getting better; there is more listening in and less running around. Hear it over the radio.

This is the auto age, but many of us can remember when the officers were kept busy chasing horse thieves.

Brownwood road bond boosters defeated defeat, by calling off the bond campaign. Sometimes such tactics are referred to as surrender.

We can understand why some men can get on a jag occasionally. They are victims of the drink habit, and cannot control their appetite for strong drink, but the professional "casser" has no excuse for broadcasting his profanity.

GRANDMA USED SAGE TEA TO DARKEN HAIR

She mixed Sulphur with it to Restore Color, Gloss Youthfulness

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it, and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

THE GOLDEN RULE

If there ever was an age when there was a demand for the lessons taught by the golden rule, we are living in that age today. We are devoting too much time in criticizing the other fellow.

Every man has his faults, which are more often magnified by our enemies and subjects of criticism.

But every man also has some good qualities, which if magnified, would in many cases overshadow his shortcomings.

Most men have more good qualities than bad ones. But the bad ones, like the skunk, command attention, while the good ones are under the surface and are passed without notice.

What would the world be if everyone should practice the golden rule for a day.

Good Health

If you would enjoy good health, keep your bowels regular. No one can reasonably hope to feel well, when constipated. When needed, take Chamberlain's Tablets. They are mild and gentle.

BROWNWOOD BIG BOND BOOM BALK

After waging a campaign for the issuance of over a million dollars worth of road bonds in Brown county, "the leading citizens" of Brownwood met Tuesday night for the purpose of promoting the "cause." The crowd gathered at the city hall for an informal meeting and repaired to the banquet hall where they feasted for awhile, and then opened a discussion of the bond issue.

After several hours of battle with words a majority of those present voted for a motion to call off the bond issue, abandon the campaign and continue traveling the rough roads.

It seems that the fly in the ointment was inserted by the commissioners' court contracting with a bond buyer for the sale of \$500,000 worth of the bonds before they were issued, and without competitive bids. It was not charged that the court was guilty of any breach of faith, but the court was criticised in acting hastily in the matter.

Speakers who had been espousing the bond issue, turned face about, and came out against carrying the campaign any further, and voted to abandon the campaign for the present.

The election day is near at hand, and the action of a meeting called in behalf of the issue, in adopting a resolution opposing further support, came as quite a surprise, according to the Brownwood Bulletin, which says "Road Bond Campaign is Buried in Impressive Funeral Service."

How Not to Take Cold

Some persons are subject to frequent colds, while others, seldom, if ever, have a cold. You will find that the latter take good care of themselves. They take a shower or cold sponge bath every day in a warm room, avoid over heated rooms, sleep with a window open or partly open, avoid excesses, over eating, becoming over heated and then getting the feet wet. Then, when they feel the first indication of a cold, they take Chamberlain's Cough Remedy without delay and it is soon over.

A SHABBY HOUSE OR A SHABBY MIND?

Haven't you been in houses where lovely flowers stood all about, and everything was spick-and-span, but the library table was strewn with papers and magazines of the trashiest description? Is it a good thing to have the furniture of the house the best that money can buy, and to furnish the mind with silly and disreputable things in the way of reading? Better by far have a shabby house than a shabby mind. The shabby furniture can be burned or sold, but what can be done for the shabby mind? Use The Youth's Companion to furnish your mind, and wherever you are—in plain but immaculate rooms or amid splendors and palaces—you will be at home. Try The Companion for a year and see.

HER AILMENTS ALL GONE NOW

Mrs. Sherman Helped by Lydia E. Pinkham's Vegetable Compound

Lake, Michigan.—"About one year ago I suffered with irregularities and weakness and at times was obliged to stay off my feet. I doctored with our family physician and he finally said he could not understand my case, so I decided to try Lydia E. Pinkham's Vegetable Compound. After I had taken the first bottle I could see that I was getting better. I took several bottles of the Vegetable Compound and used Lydia E. Pinkham's Sanative Wash and I am entirely cured of my ailments. You may publish this letter if you wish."—Mrs. MARY SHERMAN, Route 2, Lake, Mich.

There is one fact women should consider and that is this. Women suffer from irregularities and various forms of weakness. They try this and that doctor, as well as different medicines. Finally they take Lydia E. Pinkham's Compound, and Mrs. Sherman's experience is simply another case showing the merit of this well-known medicine.

If your family physician fails to help you and the same old troubles persist, why isn't it reasonable to try Lydia E. Pinkham's Vegetable Compound?

PULLING TOGETHER

The commercial organization of the modern American city, if properly organized and properly managed, is the clearing house of the community; the mouthpiece thru which its citizenship speaks, and the machine thru which organized effort is exerted. It is an "organization of service" designed to serve those who created it, as well as the citizenship of the

community and adjoining communities.

There is an old saying that "a house divided against itself cannot stand," and another which runs, "united we stand, divided we fall." These old adages can have no better application than to the average community, for if the citizens, the business men and all who go to make up the city cannot unite on public questions and public policies and pull in one direction, and that direction forward, the city is bound to slip back. There is no such thing as a town standing still, for if it is not progressing, the progress which is being made by its neighboring cities, puts it in a position of slipping back.

That is why in practically every city of two thousand or over in the United States today, the citizens have gotten together through the medium of the commercial organization; arranged for the payment of dues; elected officers and directors; maintained headquarters; employed secretaries and joined in working for the city's interests.

The commercial organization is merely the people themselves working thru one channel. It means organized effort to make the old home town a better place in which to live, to rear families, and to conduct business.

It takes both man-power and money-power to get results. If you are not a member of the commercial organization of Ballinger, your moral and financial support are solicited.

WHOLESALE MAN BOOSTS Y.M.B.L.

The following letter was received recently by one of the leading business houses of this city from the manager of the largest wholesale house operating in the state of Texas. It shows that the work which is being done in Ballinger is being watched by everyone who has even the slightest interest in the prosperity of this city:

"The Biennial Review set forth in the six typewritten pages, outlining the activities of the Young Men's Business League of Ballinger for the past two years, was received in due time and read with a great deal of interest.

"After giving these pages the most careful thought, I have come to the conclusion that this league is the biggest and best organization that has ever been promoted in Ballinger.

"When you consider all it has accomplished for the citizens and the town, the results as shown put a value on its service which is inestimable. Nothing seems to have been omitted that would push Ballinger to the front, and every merchant ought to give this league his keenest and best support. After all we can only get out of a town what we put into it, just like religion, and the more we put into it the more we will get out of it.

"The work of construction is steadily going forward in a town which I am always watching with interest, and nothing hits the mark better with me than to see Ballinger wide awake to the big things in life, with an aggressive spirit that is actively engaged along progressive lines, that will make Ballinger the best town in West Texas, and give to her people the advanced type of citizenship."

INJURED MAN STANDS OPERATION

Mrs. E. R. Walker received a message from Dr. Walker Thursday morning, stating that Bartlett Mann, who was injured by a horse kicking him near Garden City last Saturday, stood the operation at Temple, and was getting along as well as could be expected. The operation revealed a badly ruptured kidney, and while Mr. Mann's condition is serious, the message stated that there is hope for his recovery.

"THE WOMAN WHO CAME BACK" AT THE MAEROY

"Sonia," a novel by Stephen McKenna which ran into twenty-one editions in England and enjoyed great popularity in this country, has been adapted to the screen by Denison Clift, and directed by him. It is called "The Woman Who Came Back," and is presented at the Maeroy Theatre tomorrow (Friday).

The story is written around the stirring career of David Standish, a masterful youth who took as his heroes the ancient Greeks he loved to read about. By his own efforts he gained education, social position and wealth, but he was less successful in the game of love. He loved Sonia, a heartless butterfly in whom he saw the promise of noble womanhood. But much suffering came to each before they found their happiness. As true romance this production should stand out as one of the most compelling features of the

year.

Mme. Nazimova will be seen at the Maeroy Monday and Tuesday in the Metro super-production, a modernized version of the world-famous Sarah Bernhardt play, "Camille." Rudolf Valentino is cast in the leading male part.

FALL PROVES FATAL TO WINGATE LADY

The remains of Mrs. Temperance Hawkins, who died at Wingate Wednesday, were shipped from Ballinger to Killeen for burial Wednesday afternoon. Mrs. Hawkins was 81 years old, and was making her home with her son-in-law and daughter, Rev. and Mrs. Justice of Wingate. She had the misfortune to fall and break her hip a short time ago, and she could not overcome the shock, due to her feeble condition.

The remains were accompanied to Killeen by Rev. and Mrs. Justice, and several friends came to Ballinger with the body, among those accompanying the funeral party here were W. D. Rogers, George Keel, Ed Balfew, E. M. Jones, Leslie Burns, Mrs. Speers and Mrs. Chas. Pruitt. Rev. Justice is pastor of the Methodist church at Wingate, having just been returned by the conference for another year.

A Timely Suggestion

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is almost certain to be needed before the winter is over and results are much more prompt and satisfactory when it is kept at hand and given as soon as the first indication of a cold appears and before it has become settled in the system. There is no danger in giving it to children as it contains no opium or other harmful drug.

DALLAS—The Auxiliary of the American Legion already is laying plans for the closing of every store and business house in Dallas on Armistice Day next year, according to Mrs. Mamie Wynn Cox, president of the auxiliary.

MORE MEN THAN WOMEN HAVE APPENDICITIS

Medical reports show men are more subject to appendicitis although many sudden cases occur among women. It can be guarded against by preventing intestinal infection. The intestinal antiseptic, Adler-i-ka, acts on BOTH upper and lower bowel, removing all foul, decaying matter which might cause infection. It brings out matter you never thought was in your system and which may have been poisoning you for months. Adler-i-ka is EXCELLENT for gas on the stomach. J. Y. Pearce Drug Company.

SAN ANTONIO—Henry I. Dignowity, 72, pioneer Texan, who died recently, as a trail driver made a number of trips over the plains, having had many encounters with Indians, and once was wounded in an Indian fight near Brackettville. He was in turn rancher, and then silver miner in Mexico, and later mining engineer in San Antonio.

LADWIG LEASES THE LANKFORD BUILDING

G. A. Ladwig closed a lease with T. S. Lankford Wednesday afternoon for the building on the corner adjoining the Ballinger Printing Company building. Mr. Ladwig will move his dry goods stock from the present stand South of the F. & M. Bank to the Lankford building, taking possession of the new location on December first. The building where the Ladwig store will move has been vacant since vacated by the Rogers-Higdon Company last spring. The contract just closed gives Mr. Ladwig a three year lease on the building.

WINTERS GETTING MATERIAL HERE

Supplying material for concrete work in neighboring towns has become quite an important industry for Ballinger, and at present W. H. Greer has about twenty-five teams and men loading cars in filling contracts for both sand and gravel for Abilene, Winters and Coleman.

Mr. Greer also has the contract for the Ballinger street job and in addition to furnishing about twelve thousand yards of material for the street paving in the city, he has a contract for between five and six thousand yards of sand and gravel for street work at Abilene, and car loads are going out from here at present in filling that contract. Mr. Greer recently filled an order for about five thousand yards of material for Abilene.

Winters has called for about fifteen thousand yards of sand and gravel to be used in street work, and Mr. Greer will fill the order, the material being shipped to Winters over the A. & S.

An order is also being filled for about fifteen hundred yards of sand and gravel for bridge work in Coleman county, the material being shipped over the Santa Fe to Coleman.

In order to keep this work going quite a bunch of men and teams are employed. The Colorado river sand and gravel has been declared to be the best concrete material in Texas, and there

is a demand for it in neighboring towns which are so situated as to not have at their own doors material suitable for building concrete work.

With an abundance of first-class material right at our very door, road and street work can be done here a great deal cheaper than in neighboring counties. The counties and cities being supplied from Ballinger are put to the extra expense of paying drayage at both ends of the line with freight rates between towns and first cost of material here.

SULPHUR IS BEST TO CLEAR UP UGLY SKIN

Irritation and Breaking Out Often Healed Over Night, Says Skin Specialist

Any breaking out or skin irritation on face, neck or body is overcome quickest by applying Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation that instantly brings ease from the itching, burning and irritation.

Mentho-Sulphur heals eczema right up, leaving the skin clear and smooth. It seldom fails to relieve the torment or disfigurement. A little jar of Rowles Mentho Sulphur may be obtained at any drug store. It is used like cold cream.

"Just a Dance at Twilight--"

When the day is over, gather the crowd together for an hour of delightful dancing to the music of the New Edison Re-Creations. Play swinging melodies of famous orchestras—inspiring measures that bring the gaiety of Broadway hits to your very home!

The Re-Creations have nearly twice as much music to the inch as the average record—they're just right for dancing. You'll want the tuneful fox-trots and one-steps, of course, and be sure to let us play them for you while they're new.

Yesterday Morning at Daylight

you had twelve good hours ahead of you for the day. Those hours have been used. Were any mistakes made. Probably so.

It is impossible to use the past again, but we can take advantage of the lessons we learned yesterday.

If you neglected to open a bank account yesterday you can begin today. The sooner the account is opened the better for everybody, but it's some consolation to know that it is never too late.

We'd be glad to have you with us. We think we can make it worth while to you.
