## Police News

Chief of Police Everett Taylor reports the following police news:

On Sunday, local police were informed that three men had been seen breaking into the Hancock Service Station at Market Street and Highway 35 at 5:15 a.m.

The police, told that the suspects had fled in a car toward Aransas Pass gave chase and at the same time radioed Aransas Pass Police to be on the lookout for the fleeing car.

Aransas Pass police apprehended the three suspects at the north edge of Aransas Pass. Rockport officers took into custody Andrew Hernandez, Juan Gomez and David Cuellar of Corpus Christi and recovered $52.46, with apparently all of the cash taken from the service station since the amount reported stolen was "about $60." The three men are being held in the Aransas County jail under $2,500 bond each.

*

Chief Taylor also said Mrs. Betty Reininger reported her car was stolen May 22 from its parking place on North Austin Street. Taylor quoted Mrs. Reininger as saying "quite a large amount of money and some credit cards" had been left in her purse in the car. Police later found the car abandoned, with a $1 bill and the credit cards still in the auto.

## Last Friday's Promenade Best

Last Friday's Centennial costume promenade was the most successful so far. Almost 200 men, women and children, all in costume, took part in the strolling parade through the business section, including a detour down Main Street past the Bayview Nursing Home.

Following the promenade, the Centennial Kangaroo Court "tried" a number of "offenders" who had been "arrested" previously by a corps of Keystone Kops in uniform.

One individual was found guilty and put in probation for being smooth shaven without possessing a Smoothies license to shave. He claimed he had fallen asleep in a barber's chair and awakened to find he had lost his beard, whereupon his barber was hailed before the court and found guilty of "running a clip joint."

A woman prisoner was probated to her own children for failing to wear a Centennial Belle button. A male offender was found guilty of carrying a "concealed" Jolly Rogers button.

It was announced that the next session of the Kangaroo Court would be held two weeks later on June 5. However, the promenade is scheduled for Friday, May 29, starting at 6 p.m.

# Market Street, From Church To Highway 35 to Be 4-Lane

Market Street, from Church Street west to Highway 35, is to become a four-lane Farm to Market highway. The state will spend $59,000 to build this 3/10-mile road.

This was revealed at the City Council meeting Monday with the announcement that Travis A. Long, district engineer, Texas Highway Department, had informed Mayor Delmar R. Hiller that the State Highway Commission had authorized this project.

To become eligible for the highway, Aldermen Charlie Garrett, N. F. Jackson, Mrs. J. W. "Tony" Harden and Joe "Pepe" Zambrano passed a resolution drafted by the state and calling for the city and/or county to:

1) Furnish all necessary right-of-way and construct continuous curb and gutter, utility adjustments and storm sewers.

2) Construct driveways and sidewalks should they be deemed necessary now or in the future.

3) Agree to regulate traffic, provide for parallel parking and pavement encroachment on the right of way.

The Texas Highway Department will:

1. Provide for construction of a street type section within these limits at an estimated state cost of $59,000.

2. Maintain that portion of the work which is its responsibility in accordance with present maintenance agreement.

At a public hearing preceding the council meeting the Planning and Zoning Commission recommended approval of a petition for annexation by the city of the Casa Del Sur property owned by Frank Randt and including Kel Allegro Hotel and the condominium apartments he is building in the same area. The Council is expected to concur with the recommendation at its June 8 meeting.

As local residents have observed, a six-inch pressure sewer line is being laid across Little Bay to provide city sewer service for Randt's Key Allegro Hotel and his condominium apartments. Mayor Hiller said Randt is paying for the sewer line and a lift station at a cost of about $26,000. The city will reimburse Randt by $1,700, the difference in the cost between four-inch and six-inch pipe.

Four-inch pipe would have been adequate for the Casa Del Sur properties, but the city anticipates the likelihood of homes on Key Allegro Isle later hooking onto the city sewer line, and this would require a six-inch line. Hiller also said Randt will recoup some of his money if and when Key Allegro homes hook on. He will receive from the city $100 per tap, up to $13,395.

## If You Have Not Been Counted, Call 729-6445

The Chamber of Commerce will join the district office of the U. S. Bureau of Census in a "Were you counted?" campaign to urge every citizen of the Rockport area to be sure that he is included in the 1970 Census.

Preliminary reports on census results at Amarillo, Lubbock and Waco have placed population totals as much as 20 per cent below local estimates. The Amarillo and Waco figures were below 1960 Census totals.

Chamber officials fear that many people have not been counted in those cities and that a similar situation may occur in Rockport as well as other cities across the nation.

Residents who have not received census forms in the mail or whose forms were not picked up by census takers are urged to telephone 729-6445, the Rockport Chamber of Commerce number.

Chamber President Mrs. Juanita Wagley said that it is essential that every resident recognize the importance of population statistics to the future of Rockport and the surrounding area.

Population trends could be the deciding factor in the choice of this area as the site for a new plant or business that would mean more jobs for local residents and, therefore, greater prosperity, Mrs. Wagley said.

The 1970 population also will be the basis for projections on which state and federal financial assistance to this area may hinge for the next ten years, she added.

## Coin Collecting Popular Hobby

Coin collecting is one of the most popular hobbies in the country, R. E. McBride said at a luncheon meeting of the Rotary Club Wednesday at Corky's restaurant. With Mrs. McBride's assistance, he displayed a number of collections of quarters, half dollars and dollars.

One of McBride's collections contains every silver dollar ever minted in a given series with the exception of an 1845 silver dollar. He said this coin, in uncirculated condition, would bring $4,500, adding that this particular coin was not available.

McBride said the recently approved Eisenhower dollar would be produced in three categories — mint condition and regular with 40 per cent silver content, and the bulk issue with no silver. The mint dollars will sell for $10 and the other silver dollars for $5 each.

## Flood Insurance Available In June

Good news was announced at the City Council meeting Monday regarding flood insurance in Rockport and Aransas County.

Mayor Delmar R. Hiller announced that he had been informed by Donald Alstrop of the U. S. Department of Housing and Urban Development that:

Rockport and Aransas County will be designated, in June, and insurance will be available for existing construction as of the date of designation.

Two to three months' study time is needed to identify "areas of special flood hazard," after which time, insurance will be available for new construction outside said area.

Four to nine months' study time is needed to determine rates and building criteria to be applied to new construction inside hazard area. Rates will vary on new construction inside hazard area according to differences in building specifications.

Some of the actions taken by the City Council included:

—Raised night watchman Jack Baird's salary $50 a month with the understanding that he expand his surveillance to include a minimum of three patrols in residential areas each night during his 9 p.m. to 5 a.m. patrolling.

—Employed Bob Mosier Jr., C.P.A., to do the auditing in connection with the $500,000 HUD sanitary sewer and storm sewer project, and also to conduct the city's annual audit.

## Lamar Woman's Club Meets

The regular meeting of the Lamar Woman's Club was held May 20 in the Emerald Room of the Sea Gun Restaurant with 22 members and two guests present. The table was cleverly decorated with a large fishing net laid down the center and other marine objects effectively added. Mrs. Fred Moss and Mrs. Prentice Owen were hostesses. A delicious salad luncheon was served.

Mrs. Fred Moss installed the 1970-71 officers using articles from a tackle box to symbolize each officer's duties. Those installed were Mrs. Dailey Heldenfels, president; Mrs. R. E. House, vice president; Mrs. L. V. Clark, secretary-treasurer; and Mrs. M. O. Maxwell, historian.

It was decided to change the June meeting from the normal third Wednesday to the second Wednesday to finalize plans for the Lamar Peninsula Belles Centennial Chapter's participation in the Centennial and to avoid any meeting during Centennial Week.

Mrs. T. D. Brown reported on proceeds from a refreshment booth and also a bake sale held as the Lamar Peninsula Belles' project for helping with Centennial expenses.

## Uncle Sam's Selective Service

Editor's Note: Below are questions now being asked at draft boards. The answers are by Col. Morris S. Schwartz, State Selective Service Director, 209 W. Ninth Street, Austin, Texas 78701. He will welcome your questions.

Q—I'm 17 years and six months old. My father is going to Chile to work for the U. S. Government, and we'll be moving before I'm 18. can I register my mail?

A—No. You must register with the nearest U. S. consulate or diplomatic officer in Chile the day you're 18, or within five days thereafter.

Q—My classification is now before the appeal board. Is there any guarantee a decision will be reached before I'm ordered for induction?

A—Yes. Draft boards are forbidden to issue an order during the period in which a man can take an appeal, or during the period such an appeal is pending. If an order is issued under these circumstances, it must be cancelled.

Q—I've heard that a draft board can declare a man to be delinquent. Just what is this and under what circumstances may the board do this?

A—Under date of January 21, 1970, the Director of Selective Service requested local draft boards to suspend all processing of delinquents under any provision of Selective Service regulations, or any other release or directive from the National Headquarters in Washington, pending a determination as to what action should be taken as a result of a Supreme Court decision. The alternative now is to report a man to the federal district attorney for presecution.

## Girl Scout News

On May 20th all the Girl Scouts hurried after school. We cleaned and arranged the hut for court of awards. Visitors arrived at 4:30 and there were many of them. Kim Harper was announcer. The three patrol leaders, Helena Bloomer, Cynthia Schendel and Beverly Barnard, each lighted a candle and said three parts of the Girl Scout Promise.

Ten of the girl Scouts, Penny Rossman, Tammy Boddie, Maureen Mixon, Annette Ledbetter, Robin Davis, Paulette Harris, Jean Hayes, Vicky Rice, Wynn Armstrong and Georgia O'Brian, each lighted a candle and said the ten Girl Scout laws.

Afterwards the two assistants, Mrs. Mayes and Mrs. Billings, and the troop leader, Mrs. Rice, received gifts from the girl scouts to show how much we appreciated their being our leaders. Next the girls received the badges they had earned. The girls had worked hard this time and received many badges.

Refreshments of cookies and punch were served. The event was very successful.

### CARD OF THANKS

To the many relatives, good neighbors and friends who have repeatedly remembered me with their prayers, get-well cards and letters, and birthday cards during this long stay in the V.A. Hospital in Kerrville. I entered Dec. 26, 1969 and my discharge cannot be predicted. This pulmonary condition is far from being under control. Then comes readiness for eye surgery again.

Very specially do I want to thank my wife Clara, who is living at a nearby motel and spends several hours each day with me. Also Mr. and Mrs. James Hunt, Sheriff Bob Hewes, Marshall Funeral home, their excellent ambulance driver who brought me up here and the Fulton Post Office staff. Also, the thoughtful members of Rockport Masonic Lodge No. 323 and the Rockport Chapter No. 479, Order of Eastern Star on this and several other times I've been here. And, especially to several denominations of churches. Hope to see you all in the not too distant future.

## Working Students Need Social Security Numbers

Thousands of students across the country will soon go to work for the summer. If you are one of these, you need a social security number as you start building family financial protection, according to H. H. Cleveland, district manager of the Social Security Administration in Corpus Christi.

You must have a social security number to gain this protection. The same number is used to keep your record throughout your life. No two persons have the same number.

Your employer will ask for your number as soon as you begin to work, and many will not hire you until you have a number.

To get a social security card, you must submit an application for a social security account number to the social security office. The application form may be obtained from any social security office, or the post office in your town.

In this area, the numbers are assigned by the Social Security Administration, 1802 South Staples Street, Corpus Christi, Texas 78404.

Although as a student you are a long way from retirement, you begin to earn protection now for you and your family throughout your life, Cleveland says. For instance, if you should become severely disabled or die while you are young, social security disability or survivors insurance can be paid to you or your family as little as one and a half years of work.

## GIRL SCOUTS NEWS

### Troop 448

Troop 448 spent the May 15-17 weekend at the Girl Scout Camp at Lake Corpus Christi. The girls spent Friday and Saturday nights qualifying for the "Troop Camper" badge.

Twenty-three girls attended, along with three mothers, Mrs. Woody Jackson, Mrs. Bob Mosier and Mrs. Leon Bateman, troop leader. Miss Betty Whitney accompanied the group as life saver.

The girls had a good time swimming, cooking out and sleeping in tents. On Saturday night a junior troop from Corpus Christi invited Troop 448 and a troop from Victoria to sit around their campfire. The girls put on skits and sang songs.

A court of Awards was scheduled for last Thursday at the last meeting of the school year to award badges earned during the past months.

## Letter to the Editor

Dear Editor:

It has been brought to my attention that many of the restaurants and motels in this area have decided to raise their prices during the Centennial Celebration.

One of the owners of the restaurants in town told me of this meeting that was held and also informed me that he wouldnot go along with this plan. Which I certainly must agree with him.

We in Rockport do not want to make the same MISTAKE that the San Antonio Hemis-Fair made. They ruined what could have been a real good city-wide good will promotion but instead left many visitors with a sour taste in their mouths for San Antonio.

Let's reconsider this raising of the prices and instead let's try and make visitors want to come back, not keep them away.

P.S. Let's not have another San Antonio.

## Taxpayers Ask IRS

**This column of questions and answers on Federal tax matters is provided by the U. S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.**

Q) I didn't think I had a refund coming so I waited until almost April 15 before I worked out my tax return. How long will it take for me to get my refund?

A) If there are no mistakes on your return to delay processing, you should have your refund in June, about six weeks after you filed. It might take a bit longer, however, due to the large volume of returns filed in April.

Q) What should I do about a delayed refund?

A) If you have not heard anything about your refund and it has been 10 weeks since you mailed in your return, then you should call your local IRS office. You should wait 10 weeks before calling as this period of time is generally sufficient for the refund to be issued or a letter sent to the taxpayer explaining why it is delayed. To call before 10 weeks can delay the processing of your return.

When inquiring about a missing or delayed refund, give your name, current address, Social Security number and the date the return was filed.

Q) How do I get a Social Security number? I need one for a summer job.

A) Your local Social Security office has Form SS-5 you can use to apply for a Social Security number. Send the completed form to the Social Security Administration and they will asign you a number.

Q) What do I do with the Forms I had left over after I sent in my estimated tax declaration?

A) Keep them for your remaining quarterly estimated tax payments. The worksheet will help you determine the amount of your payments and make any adjustments that are necessary. The pre-addressed vouchers and evelopes should be used to make your payments.

Q) I'm buying a house this summer. What records should I keep?

A) Your records should show the purchase price of the house and any improvements you make to it that would affect your cost basis. This information will be necessary to determine whether you have any gain to report when it comes time to sell.

Each year you should keep a record of the property taxes and interest paid on mortgage loans. These can be deducted on your income tax return if you itemize.

More information can be found in Publication 530, Tax Information on Deductions for Homeowners. Send a post card to your IRS district office for a free copy.

## The Kinsey Report

Pet peeves: Women who constantly interrupt their husbands, and men who give you a detailed, blow-by-blow account of their operation.

Naturally, none of the good readers of this column are guilty of these practices, but haven't you all met men and women who fall into these two categories?

Example: Henry (We'll call him) is telling a group of friends about an interesting trip he and his wife took.

"Back in 1963," he starts.

"No, honey," his wife interrupts, "it was 1962."

"I guess that's right," Henry continues. "Anyway, we were just pulling into Nashville when . . ."

"Sweetheart," wife busts in, "it wasn't Nashville, it was Knoxville."

"Oh shut up Helen, I'm going to tell this story if I have to gag you," Henry resumes, with a scrowl replacing the smile he had when he started the story.

Example No. 2: You and some friends are having a cup of coffee at a local restaurant. Archibald (we'll call him) finishes his coffee at a nearby table and heads for the door. As he passes your table, to be friendly, you say, "Hello, Archibald, how you doing?"

Archibald pulls up a chair and says, "You knew I just got out of the hospital after spending two weeks there, didn't you?" Actually, you didn't know this.

"Brother, did I have a tough time," the recent patient begins. " I was in the operating room three hours and I guess they really had their work cut out for them.

"And, next I was in the intensive care unit, with tubes stuck in my nose and other places, and boy was that ever uncomfortable and painful.

"But, let me tell you about the X-rays and tests that preceded the surgery. Man, oh man . . . ."

About this time, the coffee drinkers rose and muttered something about having to get back to work.

## Area History Told to RFHS

The Library Club and U.I.L. Speech Club presented a capsule history of Rockport to the student body of Rockport-Fulton High School May 31. Much information was contributed by Mrs. S. F. Jackson, Mrs. Gladys Gibson, Miss Iris Sorenson, and many others who loaned old pictures and papers.

Many interesting subjects were touched upon in the presentation. Slides were shown during the reading of the history which in many cases were enlightening.

Following is a list of the subjects that were reported on: the Karankawa Indians in this area, the explorers from Europe and their missions on the peninsula, the founding of Aransas City, later to be called Rockport, El Campo's founding and its importance in the Texas Revolution, founding of Lamar, and Rockport's role in the Civil War.

Also discussed were the founders of Rockport and their homes here, the Fulton Mansion, the meat packing industry in Fulton, and many of the tourist sites at that time, such as Bailey's Pavilion and the Del Mar Hotel. There were several slides of the 1919 hurricane, Carla, and the latest one, Beulah.

Much work went towards a fine presentation of the history of Rockport. The students who read the program were Beverley Young, Kam Heinsohn, Debbie Haigood, Lenora Irwin, John Ledbetter, Charles Cruser, V. K. Dullye, and Stanley Albers. Chris Allen and Lowel Paradee contributed much time to the photography. Mrs. Gladys Branch was in charge of this presentation.

The students who presented the program and the staff of Rockport-Fulton High School would like to express special appreciation for the many hours that Mrs. Branch devoted to this program.
