WSB Leader Resigns Post After Increase

WASHINGTON, Dec. 4 (AP)—President Truman's wage board chairman quit his job today in protest over the President's approval of an extra wage boost for coal miners above and beyond the recommendations of all top defense agency officials.

Archibald Cox, chairman of the Wage Stabilization Boarl, waited only overnight to resign. He made no formal statement, but told a reporter the White House might have something to say this afternoon. The Truman action, while counter to recommendations of his stabilization lieutenants, did assure a year of peace in the coal mines.

The President yesterday approved the full $1.90 daily wage increase for John L. Lewis' 375,000 soft coal miners because, he said, he does not want President-elect Eisenhower to have a coal strike crisis on his hands when he takes office.

The move averted an almost certain strike, but it opened the door to a boost in coal prices to consumers and touched off unrest among public members of the Wage Stabilization Board.

One WSB member also said Truman's decision would have a "terrific and disappointing effect" on unions which in the past have accepted WSB reductions and now have wage cases pending before the board.

Coal miners themselves—whose basic minimum daily wage is boosted $18.25—were reportedly jubilant. One top United Mine Workers official at Pittsburgh said the move "undoubtedly averted a strike." John Busarello, president of UMW District 5, said his men had been getting "itchy" over delays.

Lewis had negotiated the $1.90 increase with industry, but the WSB had cut this to $1.50 on the grounds that any more would "irreparably damage" the stabilization program.

Lewis and Harry M. Moses, president of the Bituminous Coal Operators Association, appealed the WSB decision to Economic Stabilizer Roger Putnam.

UN Workers Must Talk Or Be Dismissed

UNITED NATIONS, N. Y., Dec. 4 (AP) — Secretary-General Trygve Lie was reliably reported today to have informed nine U. S. members of the U. N. secretariat they must answer questions about alleged subversive activities by nightfall or lose their jobs.

The nine persons involved already are under suspension for refusing to tell the McCarran subcommittee whether they are now or ever have been members of the Communist Party.

Informed quarters said Lie's ultimatum went to the nine last Monday. They were told that the secretary-general's committee of international jurists recommended dismissal of American members of the secretariat who refused to answer questions about alleged subversive activities on the constitutional ground that such answers might tend to incriminate them.

There was no information as to whether any of the nine had decided to reply to the questions or how the replies would be handled if the suspended persons notified Lie they had changed their minds.

U. N. officials refused to comment on the reports, but they disclosed that Lie planned to issue a statement later in the day on the jurists' report. It was understood that Lie is circulating this report to all members of the secretariat as a warning that they face dismissal if they refuse to reply to questions about subversive activities.

Kent County Wildcat Staked As Penn. Well

Drilling & Exploration Co., Inc., of Houston and Midland has located a wildcat in Southwest Kent County as its No. 1-B Wilson Connell.

It will use rotary tools to drill to 7,500 feet in Pennsylvanian lime, beginning at once.

It is 1,980 feet from south and 660 feet from west lines of section 20-5-H&GN, four miles east of Polar.

NOLAN PROJECT

A 6,400 - foot wildcat to test the Pennsylvanian reef has been set in Southeast Nolan County as J. D. Wrather, Jr., of Dallas and Midland No. 1 J. E. Davis.

It is 330 feet from north and west lines of section 35-T&P, three and one-half miles northeast of Blackwell and two miles southwest of the nearest production in the Hilton, Northwest Multipay field.

Operations will begin at once.

SCURRY COMPLETION

Lone Star Production has completed its No. 3 C. T. McLaughlin in the Diamond M Canyon field of Southwest Scurry County for a daily potential of 56.8 barrels oil.

That amount of oil was recovered on the 24-hour test, plus 51 per cent water. It was treated with 500 gallons acid.

Gravity was 43 degrees, and gas-oil ratio was 687-1.

It was completed in the open hole on total depth of 6,794. Top of pay was 6,718. Five and one-half inch casing was cemented at 6,670 feet.

It is 330 feet from south and west lines of section 184-97-H&TC.

DIAMOND M LOCATION

P. R. Rutherford of Houston has spotted location in the Diamond M Canyon field for his No. 1 Marvin Key and wife, 660 feet from north and east lines of section 76-25-H&TC, 14 miles southwest of Snyder.

Rotary tools will be moved in at once to drill to 7,000 feet to the Canyon reef.

STONEWALL FAILURE

Continental No. 1 T. L. SoRelle, wildcat in Southwest Stonewall County, has been plugged and abandoned on total depth of 4,000 feet in dry Canyon lime and shale.

It is 1,980 feet from south and east lines of section 415-D-H&TC.

DRILLING REPORT

Roden No. 1-532 Belew, Northeast Borden County wildcat, had a drillstem test in Pennsylvanian lime at 7,810-846 feet with tool open 57 minutes. It had a slight blow of air for seven minutes and died. It recovered 30 feet drilling mud with no shows oil, gas, or water. All pressures were zero. It is now drilling at 7,911 feet in lime and shale.

Sun No. 1 Jones in the Coronet 2900 field of Northeast Howard County took a drillstem test in Permian lime at 2,888-895 feet. Tool was open two hours, and recovery was 300 feet salt water with sulphur odor and 120 feet drilling mud with no shows oil or gas. It is now drilling ahead.

Cosden No. 1 Kincaid, Northwest Mitchell wildcat, developed salt water with a scum of oil during swabbing on perforations in the Pennsylvanian lime. It plugged back to 4,850 feet, perforated at 4,705-740 feet in the Clear Fork, and it was preparing to swab and test. The section to be tested had a good show of oil on a drillstem test.

Panhandle No. 1 TXL, Fisher wildcat, found the top of Ellenburger at 6,685 feet. No elevation was reported. It is now drilling below 6,731 feet in Ellenburger dolomite. No test has been taken since it entered the Ellenburger

Airline Fires Men On Strike

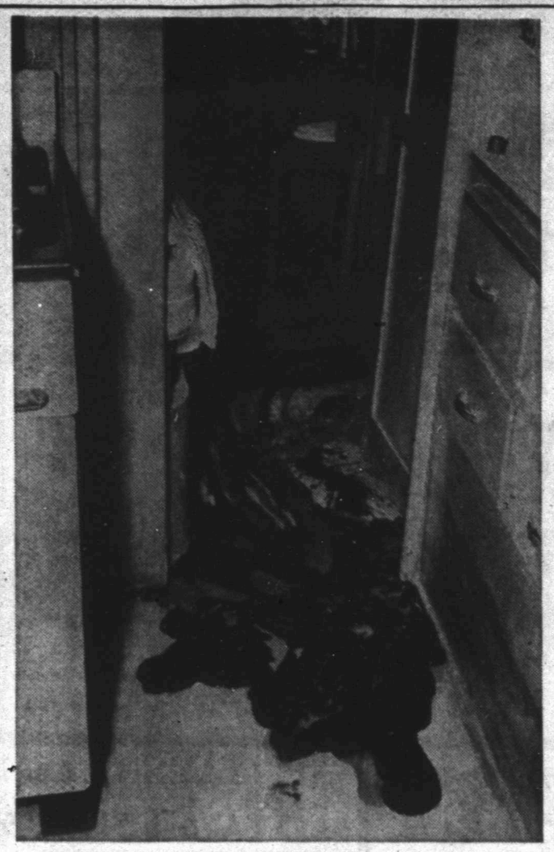

MIAMI, Fla. (AP) — Eastern Air Lines today began replacing flight engineers who struck for higher wages.

The company said it had removed members of the AFL Flight Engineers International Association from its payroll and "instituted an extensive training and checkout course for an entirely new group of engineers."

Capt. Eddie V. Rickenbacker, president and general manager of Eastern, said the strike was illegal and told the engineers they'd lose their jobs if they didn't go back to work.

"We don't believe the company can fire us, we are not resigning and none of us is planning to go back to work," said Jack Robertson, president of the Miami chapter of the union.

Robertson said the engineers would go back to work if the company would grant them the same pay structure—not the same pay but the same rules for figuring it—that the pilots have.

SCENE OF DEATH

Shown above is the place in a trailer house where Willie L. Null, 52-year-old carpenter and plumber, shot himself to death with a 12-gauge shotgun. This picture was taken moments after Null's body was removed. (Lee Watson Photograph.)

Shotgun Blast Is Fatal To Man Here

Willie L. Null, 52, of 2503 Avenue Y, committed suicide in the bedroom of his trailer house about 5:30 o'clock yesterday afternoon.

Mrs. Willie Lee Null told police officers and several persons who gathered at the trailer soon afterward that her husband had told her he was going to kill himself only a few minutes before she heard the blast of his shotgun. She said he had asked her for some money and that she refused to give it to him.

Mrs. Null was sitting in a canvas chair just outside the trailer when she heard the shot. She said she entered the trailer through the front door but found the partition door to the bedroom locked, then ran to a neighbor and returned to the rear side door. She and the neighbor saw Null lying face down on the floor beside the bed, the 12-gauge, single shot, "long Tom" gun beneath him, the barrel still gripped in his right hand. The rear door of the trailer house was open.

Null was at first believed dead when the Bolger ambulance arrived and a crowd gathered, but a few minutes later, Homer Whisnand, sheriff - elect, discovered the victim was breathing slightly. When he was placed on the ambulance stretcher, he began breathing more deeply, but he was pronounced dead on arrival at the Battenfield Hospital a few minutes later.

Mrs. Null said their son, Richard Null, about 20, had left the home about 10 minutes before the shooting.

W. C. Davidson, justice of peace, gave a verdict of "death by gunshot wound, self inflicted." Null's death was the second suicide in Snyder in 17 days. A 45-year-old woman shot herself with a pistol in her home Nov. 16. Both victims shot themselves in the head.

Funeral services for Null are pending at Bell Funeral Home. Services are to be held here with the Rev. Robert Owens, pastor of the Assembly of God, officiating.

Besides his wife, Mr. Null is survived by two sons: Richard D. Null, Snyder, and James L. Null, Odessa; two daughters, Mrs. A. T. (Edwina) Francisco and Mrs. Glenn (Marsee) Renfro, both of Odessa; a sister, Mrs. Pearl Strickland of Oklahoma City, a brother, Raymond Null, Beaumont, and three grandchildren.

Mr. Null was born at Burnet, Tex., March 26, 1900, and had lived in Snyder since 1949. He was a plumber and carpenter.

South Koreans Holding Off Attacks Of Reds In Subzero Weather

SEOUL (AP) — South Korean troops smashed three Chinese assaults on Sniper Ridge in predawn darkness today—the bitterness of the hand-to-hand combat matching that of the subzero cold.

Two of the attacks were described as suicidal. The Reds, thickly bundled in their quilted uniforms, charged up the icy slopes behind an artillery and mortar barrage of more than 5,000 shells.

But an Eighth Army officer the South Koreans stood firm. By midday, the Chinese had withdrawn. Although their assaults were made in groups of 40 and 50 men, the bodies of 92 Reds were counted on the icy, forbidding slopes of Pinpoint Hill.

The Eighth Army said action elsewhere along the 155-mile battlefront was minor.

American F86 jets were credited with another MIG—this one going to Capt. Robinson Risner of Oklahoma City. It boosted his score to six MIGs destroyed, one probable and one damaged.

Move To Keep Taft Out Of Senate Leadership

All Is Ready For Santa's Visit Friday

A last minute check with Santa's helpers in Snyder who are making ready for the Big Santa Claus parade here at 3 o'clock tomorrow afternoon revealed that all schools will be dismissed at 2 o'clock.

Leighton Griffin, chairman of the Lions Club Christmas parade committee, said Santa will fly over Snyder in his special plane about 2:30 o'clock, and land at Winston Field.

Griffin said that plans for Santa's landing have been altered so that smaller children whose parents would rather take them to the airport to see Santa may do so, and there will be plenty of time for him to get down town by 3 o'clock.

Members of the Lions Club will assist Santa Claus in tossing candy to children around the square. The south side of the square will be roped off by police so that the whole block can be used to park the fire truck bringing Santa to town.

Dr. Cecil Yarbrough, superintendent of schools, said that all classes will be dismissed at 2 o'clock, so that all school students will have plenty of time to get to the parade. School busses will run at 2 o'clock, so everyone wishing to go home by bus must be on them at 2, he added.

Parents of children who ride the busses may meet them at school and take them to the parade, or meet the children at town after the parade, he said, but added no busses will run after the parade.

The high school band and police will accompany Santa in the parade.

Aged Man Must Serve Sentence For Murder

ALBANY, N. Y. (AP) — Harry Stahlberg, 69, must serve 7½ to 15 years in Clinton State Prison, Dannemora, for beating to death a fellow resident in a county home for the aged.

Christmas Fund Started Here For Needy Families By Kiwanis

An intensified drive began this morning to raise funds for aid to underprivileged children during the Christmas season when the Kiwanis Club board of directors met to map out plans for the program.

The club, which carries out the program each year, distributes baskets of groceries, candy, and toys to needy families, announced this morning that a total of $310.88 is now in the fund. Several projects are sponsored by the club each year to raise money for the fund, including its annual Negro football game.

In a statement issued by the board this morning, the club said "In the past years the main source of our Christmas fund was the football game, but due to bad weather last week the attendance was poor at the game and we suffered a loss. However, our other activities throughout the year had brought in enough money to offset the loss, and we have $310.88 left over."

The board said that the club will accept contributions from organizations or individuals in their program this year, "And we are going to carry this out whether we receive outside contributions or not," Joe Watson, head of the club's committee, said this morning.

Contributions will be accepted at the Snyder National Bank, West Texas State Bank, or the Snyder Daily News. Also the club asked that any person who has knowledge of a family needing aid notify one of the three places or call 3-4185 or 3-5505. Information needed on families needing aid includes the family name, number of children, age of each person in the family, and the correct address or location of the family's residence.

Several names have already been turned to the club, Harold Grant, president, said.

The board added that it will accept contributions of usable toys. If any person wishes to donate a new or used toy that does not need repair, he can turn it in at the fire station.

Distribution of the baskets will begin Dec. 23.

Last year, the club carried baskets to 500 persons in 120 different familes at a total cost of $1,600. Each basket cost about $15. In 1950, they spent $1,200 on the baskets.

The club noted that hundreds of persons in Snyder need aid because of the death or illness of the wage earners of the families. The board stated that the club will not solicit contributions but will accept them, acting only as an agency to see that the money is spent on needy persons.

Reuther Seems Sure To Win

ATLANTIC CITY, N. J. (AP) — Walter P. Reuther, chief of the CIO United Auto Workers, was expected to be chosen as president of the CIO today at a convention finale.

Reuther, believed all along to have sufficient votes to become the late Philip Murray's successor as top man in the CIO, gained added strength as the voting stage neared.

Forces backing Allan S. Haywood, 64, the CIO's executive vice president and a veteran union leader, conceded nothing to Reuther in a hot fight for the presidency.

However, two unions previously favoring Haywood, the Brewery Workers International and the American Radio Association, swung to Reuther.

This gave Reuther an estimated 80,000 more convention votes. There are about 700 delegates each representing numerous members. Reuther is estimated now to have delegates representing about three million votes backing him compared with 2¼ million votes from delegates supporting Haywood.

Bridges Said To Be Back In Race Again

WASHINGTON (AP)—Two Senate Republicans were in disagreement today on whether Senator Robert A. Taft of Ohio ruined his chances for GOP Senate floor leader by his attack on President-elect Eisenhower's choice for secretary of labor.

One Republican lawmaker, a staunch Taft backer who asked not to be quoted by name, foresaw as a result the "draft" of Sen. Styles Bridges of New Hampshire, the present floor leader, for another term.

But another Taft supporter, also requesting anonymity, said an organized effort would be made to elect Taft to the post. He would not predict the outcome, but said the drive would be stopped only if Taft removed himself from consideration.

Bridges spread word soon after the Nov. 4 election that he wanted to pass the leadership job to other hands and take over the less burdensome duties of the temporary president of the Senate.

In case of a dispute over his successor, however, Bridges has been regarded as available for another term as floor leader.

The New York Herald Tribune reported today that "Sen. Bridges has now changed his mind and is now known to be willing to continue in this post to promote party harmony."

Taft has declared he is available for the post. His only avowed rival is Sen. William Knowland of California, who has said he is in the race against anybody except Bridges.

Too few senators were here—and too chary of commenting—to give a clear picture of the likely upshot of Taft's denunciation of Eisenhower's selection of Martin P. Durkin of Chicago to the labor post in the new Cabinet.

Taft himself, in a telephone interview yesterday, said the effects of his action on the Republican party as a whole are "matters that haven't arisen yet."

He said he has been in touch with some GOP senators but declined to say whether they indicated support for his position. He said he is getting reaction from all over the country, but parried questions about whether it was favorable or critical reaction.

Taft also said he has been in contact with Eisenhower's headquarters since his Tuesday statement, but did not say with whom he spoke or what was said.

'Good Will' Payments Made To Union Leaders In New York

NEW YORK (AP) — Stevedoring firms have acknowledged making big "good will" payments to union leaders, dock bosses and steamship company officials to keep labor peace and to obtain business on New York's waterfront.

Opening of public hearings yesterday by the New York State Crime Commission lifted the lid on alleged crime and racketeering in the city's seven billion dollar a year shipping industry.

It has been estimated the industry's annual losses run to 350 millions because of such things as pilfering, smuggling, and pay kickbacks by longshoremen to their union bosses.

An opening day's witness was white-haired Ruth M. Kennedy, secretary-treasurer of the stevedoring firm of Daniels and Kennedy, Inc. Miss Kennedy testified that gratuities are "an established practice in the business."

The witness said her firm, in five years, paid $7,500 to Joseph P. Ryan, president of the AFL International Longshoremen's Association.

In 1948, Miss Kennedy testified, checks were drawn to fictitious persons and the money was turned over to dock union officials.

"In 1948," she said, "we had some labor trouble and we thought it would be easier for the people getting the money to hide their identity."

Miss Kennedy's nephew, James C. Kennedy, president of her firm, also testified the payments were "gratuities only."

He was asked: "Were they to influence union officials and to prevent quickie strikes and other troubles?"

"If they prevented strikes, that was all right," Kennedy replied.

"You invested in good will?"

"Yes," said Kennedy.

Kennedy said his firm, for years, gave Ryan $500 each spring and $1,000 each Christmas. Smaller payments went to other ILA men, he said, and also to representatives of the AFL Teamsters Union and the AFL Warehousing and Paper Handlers Union.

From private testimony, the commission quoted Capt. Douglas Yates, a vice president of the Jarka Corp., the city's largest stevedoring firm, as saying the company could not be sure of enough help to service ships without the aid of five certain ILA men.

The commission further quoted Yates as saying: "We wanted these people at our beck and call.

Showers For Part Of State

By The Associated Press

Thundershowers rattled behind a foggy curtain over deep East Texas Thursday as a "wet" front slid into Louisiana.

Fog still lay heavy from the Louisiana border to Tyler and Longview. West of those points, ceilings began to lift over fog-locked airports.

The front had shrouded the eastern half of Texas with mist and drizzle for three days. Its tail had whipped up a violent windstorm in the Huntsville area as it began dragging across the Texas-Louisiana border Wednesday night.

The U. S. Weather Bureau said early Thursday that thunderstorms east of a line drawn through Corpus Christi, Lufkin and Shreveport, La., might become "locally severe." The only Texas thunderstorms reported at mid-morning were at Orange and Beaumont. Tyler's airport was still fogged in.

West Texas skies were fair. Temperatures ranged from 27 at El Paso to 66 at Brownsville.

The high winds Wednesday night levelled all buildings on a farm near Huntsville, injured three persons and knocked out all power and telephone communications at Eastham Prison Farm.

Fog then locked in Dallas, Corpus Christi, Alice, Palacios, Waco, College Station, Lufkin and other East Texas points. Slow, lazy drizzles fell in much of the area.

37 Degrees Last Night

The temperature dropped to 37 degrees last night and was still there at 7:30 o'clock this morning, according to Mrs. D. P. Strayhorn, official weather observer. The high temperature yesterday was 63 degrees.

WEATHER

WEST TEXAS: Generally fair Thursday Thursday night and Friday. A little cooler Thursday and Thursday night. Low Thursday night 26-32 Panhandle and South Plains and 30-38 elsewhere.

EAST TEXAS: Cloudy, showers near the coast early Thursday. Clearing Thursday afternoon. Cooler Thursday night and in southeast portion Thursday afternoon. Low about 35 extreme north to 45 along the coast Thursday night. Friday fair and cool. Moderate to fresh northerly winds on the coast.

SOUTH CENTRAL TEXAS: Partly cloudy Thursday, Thursday night and Friday. Cooler Thursday night with low about 35 northwest to 45 near the coast. Moderate to fresh northerly winds on the coast.

NORTH CENTRAL TEXAS: Clearing Thursday morning. Fair Thursday night and Friday. Cooler Thursday night with little change in temperatures from low 30s Upper Red River Valley to high 30s southeast.

Adlai From Truman Meeting With Few Plans For Future

WASHINGTON, Dec. 4 (AP)—Adlai Stevenson said today he and President Truman are in complete agreement not to wage war on Dwight Eisenhower's program simply for party advantage.

And, he told reporters at a White House news conference, the Democratic Party's two major problems are: (1) to wipe out a deficit of more than half a million dollars and (2) to "serve the public interest."

Stevenson spoke to newsmen after conferring with President Truman at the White House, the Washington residence for which he bid in his unsuccessful campaign for the presidency.

He made no major pronouncements at the news conference, but chatted amiably with reporters who plied him with questions about his political future and that of the Democratic Party.

The Illinois governor did say these things:

1. He has no immediate plans for the future other than to take a long rest and possibly to travel abroad.

2. He knows of no plans for a change in the top leadership of the Democratic National Committee, but it may be necessary to reorganize the committee structure because of the deficit in funds.

He added that he expects his hand-picked national chairman, Stephen A. Mitchell, to stay on in the job.

3. It is up to the Democratic leadership in Congress to serve as "the instrument of being constructive and a wholesome influence in our public life."

He sidestepped a question of whether he thought there were enough Democrats in Congress sharing his and the President's views of our party.

Stevenson said he didn't want to venture an opinion on that.

Some Southern Democrats already have challenged Stevenson's status as titular leader in the party. Sen. Burnett Maybank of South Carolina said he regards Sen. Richard Russell of Georgia as the party's titular leader.

But Mitchell has said that Stevenson is "the active titular leader."

"The President and I are in agreement, 'Stevenson said, "that the party interests must be subordinated to the interests of the country and the public welfare." He added:

"We do not intend to try to influence Democrats in Congress to obstruct, delay or in any way imperil the national welfare and the new administration's program in so far as it is compatible with the views of our party."

HEAD-ON COLLISION LAST NIGHT

Two of the cars involved in the three-car collision on the Big Spring highway near Thirty-first Street last night shown here as they collided headon. The 1952 Oldsmobile coach, left, and a 1952 Pontiac sedan had collided almost headon a moment before. The Oldsmobile, driven by Edwin H. Jack, Lamesa, continued north about 125 feet after the first collision, striking the 1952 Buick, right, driven by H. H. Dye of Aledo, Tex. The Pontiac was driven by Mrs. J. C. Morgan of Snyder, unhurt. The four youths in the Oldsmobile and Mr. and Mrs. Dye were injured, none seriously. See story on page two. (Lee Watson Photograph.)

Nephew Of Killer Being Sought For Big Robbery In Houston

HOUSTON, Dec. 4 (AP)—Texas police were hunting today for a nephew of Raymond Hamilton, pistol-brandishing, braggart killer of the turbulent '30s.

The kinsmen of the old desperado who finally died in the state's electric chair was charged last night with the $14,468 robbery of a Houston jewelry store.

Homicide Lt. Frank Murray of Houston cautioned police here that the fugitive—Ramond Fairris, 20—"might run wild like his Uncle Ray."

A statewide broadcast was made for Fairris' arrest with the warning that he is armed with a .32 caliber revolver and "is dangerous."

Charged as Fairris' accomplice was a young woman, Miss Joyce O'Neil.

Fairris was paroled Sept. 15 from a Kansas reformatory.

UNCLE ELECTROCUTED

Hamilton was electrocuted for murder in 1935 after a series of bold robberies and gun battles. He was at one time a lieutenant of equally notorious Clyde Barrow and his moll, Bonnie Parker.

Hamilton was awaiting execution at the time Barrow and his gun - toting, cigar - smoking girl friend were ambushed and killed by officers. Conjecture at the time was that Hamilton tipped police of Barrow's whereabouts in an effort to win reprieve, but this was never confirmed.

Fairris is the son of Hamilton's sister, 34-year-old Mrs. Margie Zeglen, who herself is free on appeal bond from a five-year prison sentence for killing her husband, Michael Zeglen. Previously she was no-billed in Fort Worth for the slaying of a previous husband She told the court both men were killed with the same gun.

MOTHER HELD BRIEFLY

Officers here held Mrs. Zeglen briefly last night for questioning but later released her.

Fairris was charged after Ralph A. Perry, 46, identified him as the man who robbed him Tuesday night. A rouge's gallery picture of Fairris was picked out by Perry unhesitatingly, police said.

Perry told police Fairris visited his jewelry store Monday morning and asked to look at an expensive diamond ring.

Tuesday night a man entered the store, threatened Perry with a revolver, stuffed his pockets and a large envelope with rings and watches, and fled down an alley and across a vacant lot as Perry fired at him.

SOME LOOT RECOVERED

Police said they didn't believe the robber was struck by any of the bullets from Perry's luger pistol.

Perry and police later searched the lot and found $6,468 in watches and rings which had fallen out of the envelope as the man fled. The remainder of the jewelry still is missing.

Detective D. M. Fults and Lloyd Barrett described the police investigation this way:

A check on an automobile which had broken down near the store led them to the home of Miss O'Neil's mother, from whom they acquired a telephone number where the daughter could be reached.

The number turned out to be a tavern on the Port Houston waterfront with Mrs. Zeglen as its operator.

Finding Mrs. Zeglen, the detectives said, brought the entire case into focus.

Her son, Raymond, had been held in jail here from Nov. 7 to Nov. 15 as a suspect in an Olathe, Kan., robbery, but had been cleared. Police records show he was paroled to come to Houston Sept. 15 after having been sentenced last year to serve five to 10 years at the Kansas Industrial Reformatory for burglars.

Police described Fairris as blond, blue-eyed, 5 feet, 7 inches tall and 135 pounds in weight.

School Slated For Handlers Of Food Here

A full week of schooling will be offered here next week by the state health department for food handlers in Snyder, Dr. D. R. Reilly, city - county health unit administrator, announced today.

The department is offering the short course in food handling in co-operation with the health unit. C. B. Breedlove, public health instructor from Austin, will arrive here Monday to begin the classes, which will continue from Monday through Friday afternoons from 4 o'clock until 6 o'clock. Classes will be held at the East Elementary School cafeteria.

J. E. Craven, sanitarian for the unit, said he has been contacting businesses employing food handlers this week urging attendance at the school. He said there are more than 400 food handlers employed here in restaurants, grocery stores, bakeries, and various other places.

Motion pictures, slides, and demonstrations will be included in Breedlove's course.

Those attending the full course will receive certificates at the end of the school showing that they have satisfactorily completed the schooling. Any business establishment with 90 per cent of its employes, including the owner or manager, participating, will receive a placard showing its cooperation in the program.

Craven said the school cafeteria system has already guaranteed that its entire staff will take the course. He added that those interested may enroll Monday afternoon at the first class.

Nolan County Jury Report

SWEETWATER, — Irregularities in the issuance of poll taxes in Nolan County were cited by a grand jury here yesterday.

The grand jury reported "there is conclusive proof that poll taxes were paid for large numbers of citizens in Nolan County this year. There is not evidence to positively determine what individual or group willingly or intentional paid the poll taxes."

There have been many abuses of the poll tax law, which permits a taxpayer to authorize a third person to purchase his poll tax providing he furnishes his own fee, the jury reported to District Judge A. S. Mauzey.

In session since September, the grand jury interviewed about 200 witnesses. No indictments were made in connection with poll taxes.

Den No. 5 Elects New Officers At Meeting

Den No. 5 of pack No. 38 Cub Scouts elected officers in a meeting held yesterday afternoon at the home of Mrs. George Wetzel at 220 Thirty - firth Street.

Jerome James was elected to replace Bill Hatchett as denner, James Provins was voted to take Tommy Rogers position as assistant denner and Sonny Wetzel will take David Kee's place as keeper of the buckskin. Jackie White was elected keeper of the flag.

The scouts also made arrangements for December projects and started work on gifts for parents. It was announced another meeting will be held at the same place at 4 o'clock Wednesday afternoon.

Refreshmenss were served to 12 members.

Garza County Judge Killed

Garza County Judge Harvey Monroe Snowden, 79, and his wife, 72, were killed instantly at about 10:15 o'clock yesterday morning when their car ran off a highway and into a creek bed near Abilene.

Funeral services have been tentatively set for 2:30 o'clock tomorrow afternoon at the First Baptist Church in Post.

A highway patrolman said Snowden's car apparently ran onto the shoulder on the right side of the highway, then swerved back to the left and off the road, crashed against the concrete wing of a bridge, and rolled into a creek bed. Workmen had to turn the 1947 Plymouth off its side to free the bodies.

A letter found in Judge Snowden's pocket indicated that he and Mrs. Snowden were enroute to San Antonio to attend a convention of county judges and commissioners.

A retired dry goods merchant, he had entered politics in 1950 when he was elected Garza County judge. He was re-elected without opposition last summer. Both Judge Snowden and his wife were pioneer residents of the South Plains. They had lived at Lamesa and Tahoka before moving to Post.

Ask Narcotics Board In State

HOUSTON, Dec. 4 (AP)—The state's House Crime Investigating Committee probably will recommend establishment of a state narcotic bureau during the 1953 Legislature, a representative said last night.

The Committee, meanwhile, opened a two-day closed hearing here this morning.

Rep. Charles Murphy, a Houston attorney, said the committee will be interested in exploring reasons for the high murder rate in Houston but will also investigate juvenile delinquency, gambling, narcotics and vice in general.

Police records here show that 525 persons were murdered in Houston between Jan. 1, 1948 and last Nov. 30. Of the total, 118 were slain in the 11-months period ending Nov. 30.

Murphy, who will serve as temporary chairman of the crime committee, said he expected about 17 witnesses to testify at the closed hearings. Reports will be given newspapermen twice daily, he said, around noon and about 5 p.m.

Houston Mayor Oscar Holcombe, Police Chief L. D. Morrison, and Harris County Sheriff C. V. (Buster) Kern are among Houston area officials invited to testify.

Graveside Rites For Ruiz Infant Today

Graveside services for the infant daughter of Mr. and Mrs. Prudecio Ruiz were held this afternoon at 1 o'clock in the Snyder cemetery.

The infant girl, Andrya Linda Ruiz born Monday, was kept in the incubator for the last three days. The Rev. Ben. O'Balle officiated at the services which were under the direction of Bolger Funeral Home.

The child is survived by her parents, one sister and two brothers.

Six Injured In Accident At Ave. S Curve

Six persons were injured last night in a three-car collision at the curve of Avenue S (Big Spring highway) near Thirty-first Street. None was believed seriously hurt.

Four of the injured were traveling north in a 1952 Oldsmobile coach when it and a southbound 1952 Pontiac sedan driven by Mrs. J. C. Morgan, 34, of Snyder, collided. Mrs. Morgan and her daughter, Jo Ann, 14, were not hurt.

The two other injured persons were Mr. and Mrs. H. H. Dye of Aledo, Tex., traveling south in a 1952 Buick sedan. A passenger in the Buick, D. H. Kimbriel, 60, Fort Worth, was not hurt. He is an employe of Aledo Construction Co., owned by Dye.

Occupants of the Oldsmobile were Edwin H. Jack, 21, Lamesa, who said he was driving; Alvin Pierce, Lamesa; Pvt. Benjamin H. Smith, Wolters Air Base, and Hilbert D. Lilly, Las Vegas, N.M. Pierce was worst injured, suffering numerous head and face lacerations. Jack was held in jail overnight and charged today in county court with driving while intoxicated.

The accident occurred about 8 o'clock when the northbound Oldsmobile and the southbound Pontiac collided in a sideswipe which turned the Pontiac sideways on the west side of the highway. The Oldsmobile continued north about 125 feet and collided headon with the Buick on the west side of the highway near the north bend of the curve. The first collision was slightly inside the curve but near the south bend which is approximately 75 feet south and 40 feet west of the north bend. The Buick had not quite reached the curve.

Four of the injured were taken to the Battenfield Hospital in a Bell ambulance, and the other two were taken there in a passenger car.

Man Being Held Here In Jail On Forgery Charge Filed In April

August Angelo Williams, about 34, was returned from Oklahoma City Tuesday night on a forgery charge filed here April 21. He is being held in the county jail, L. J. White, deputy sheriff and jailer, said.

Williams was charged both with forgery and with passing a forged instrument. White said Williams was arrested at Oklahoma City and held there until given to the custody of Lloyd Merritt, sheriff, who returned him to Snyder.

Williams listed no permanent address, but his parents reside in Dos Palos, Cal. Williams waived extradition, White said. He was apprehended Friday night.

New Casualty List

WASHINGTON (AP)—The Defense Department today identified 145 casualties of the Korean War.

The new list (No. 705) included 25 killed, 114 wounded, four injured in accidents, and two missing.

Holder Gets Contract For Big Pipeline Here

A 29.4-mile gasoline pipeline will be constructed in Scurry County by Holder Construction Co., C. O. Holder, owner, said yesterday.

Holder's company has constructed more than 300 miles of oil field pipeline in Scurry County since the oil boom began here.

The line, a four and one-half inch standard pipeline will transport gasoline to the Basin Pipe Line System's Colorado City pump station in south Scurry County.

Tank Catches Fire While Being Cleaned

Two men were slightly burned and a truck was destroyed when a tank that was being cleaned caught fire five miles north of here at noon yesterday.

The two men were Robert Pepper, 1108½ Thirty - second Street, and Minor Sewell, who lives on Thirteenth Street in Northeast Snyder. Both received minor burns, W. D. Pepper, owner of the cleaning unit, said.

Pepper said cause of the blaze has not been determined.

He said value of the truck destroyed by the fire was about $2,200. The tank being cleaned when the fire occurred was one of four in a tank battery on the Raley & Hagen lease.

NEW F-84 THUNDERSTREAK

The first production model of the new highspeed, swept-wing F-84 jet fighter, the Thunderstreak, rests on the runway at Farmingdale, N. Y., in front of a row of Thunderjet predecessors. The first plane was delivered to the U. S. Air Force. Others are being produced for the U. S. and NATO air forces. Military security permits only the statement that the craft is in the more than 600 miles per hour class."

Pilot Calls His Own Turn On Traffic Ticket

FAIRFIELD, Calif. (AP)—A Navy jet pilot, Ens. Marvin S. Cohn of Portland, Ore., was cited for automobile speeding here Nov. 4 while awaiting shipment to Korea.

Justice of the Peace Georgia Crowley received a letter from Cohn two weeks ago saying:

"I will be unable to appear in court as my ship has sailed for Korean waters . . .

"However, I would caution you to submit any financial claims rapidly, because jet flying, especially in the Korean theater, has turned out to be hazardous." And he mentioned the possibility of the justice receiving "an 'addressee deceased' letter in return . . ."

Judge Crowley sent a request that the fine be paid. It came back yesterday stamped "addressee deceased." Across a corner of the letter was scribbled:

"Ens. Cohn was killed in his jet plane when it crashed aboard the USS Philippine Sea Nov. 18 while on training maneuvers."

In San Francisco, Cohn's sister, Mrs. A. B. Sanford, confirmed the report of his death.

Mr. and Mrs. C. S. Reynolds and son of Houston have returned home following a weeks visit with her mother, Mrs. R. W. West, 1207 Twenty-sixth Street, Mrs. Reynolds is the former Miss Lura B. West.

Reporter Not Revealing His News Source

BIRMINGHAM, Ala. (AP) — Judge Seybourn H. Lynne said he would rule today on whether Alabama law protects a reporter from having to answer questions about his news sources asked in a four million dollar federal libel suit.

Hugh Sparrow, writer for the Birmingham News, yesterday declined to answer questions asked at a pre-trial hearing about the sources of his information on Alabama prison conditions.

He cited a 1935 Alabama statute which grants immunity to reporters from revealing such sources.

He was called as a witness in an action brought by former Gov. James E. Folsom and three of his administration aides against the magazines Front Page Detective and Readers Digest.

A 1950 article and reprint entitled, "Devil's Island U. S. A.," caused the suit. Sparrow's investigation of prison conditions under the Folsom administration was discussed in the magazines.

Sparrow declined to answer questions about his sources asked by attorneys for Folsom, former Prison Director Frank Boswell and former Pardon and Parole Board members Glenn Vinson and Bill Drinkard.

Each of the four asked $50,000 from each magazine in a suit filed in U. S. District Court for the Southern District of New York.

Coronation Listed As Twice As Certain

LONDON (AP)—Lloyds of London is twice as certain as it was a few months ago that the coronation of Queen Elizabeth II will take place as scheduled next June 2.

The famous insurance institution now is quoting a 7½ per cent rate on insurance against something happening to prevent the ceremony. Sometime ago, some business firms paid as high as 15 per cent.

The insurance was taken out because many millions of pounds already invested in work connected with the coronation would be lost if anything—such as war or a death in the royal family—should cause postponement.

Reporter Under New Indictment

WASHINGTON, Dec. 4 (AP)—Ray Brennan, Chicago Sun-Times reporter, was indicted for a second time yesterday on a charge of posing as a government official to get secret testimony given Senate crime investigators.

An earlier indictment was dismissed last week while under heavy attack from defense attorneys who contended it was defective. The case was presented again to the grand jury immediately.

The new indictment contains two counts, instead of the single count in the orignal indictment.

One count charges that Brennan "with intent to defraud the Alderson Reporting Company," falsely pretended that he was office manager of the Senate Crime Investigating Committee and that by false representation attempted to obtain a transcript of the testimony of Chicago Police Captain Dan Gilbert.

The second count alleges Brennan "in such pretended character demanded and obtained" a transcript of Gilbert's testimony "property of the Alderson Reporting Company, of the value of about fifteen dollars."

Gilbert had testified before the committee in secret sessoin.

Happy Is The Day When Backache Goes Away . . . .

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slowdown of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Faith Cure Fails With Girl Having Diabetes

BARRIE, Ont. (AP) — Ontario's chief coroner launched an investigation today into the death of 19 year-old Mary Taylor after her mother said the girl tried a faith cure for the diabetes she had suffered since the age of 3.

The mother, Mrs. David Taylor, said Mary heard a sermon Sunday by a traveling preacher, D. W. Holmes of the Voice Healing Association, and stopped the insulin injections she had taken for 15 years. She became ill, grew steadily worse and died yesterday.

Relatives of the girl said Holmes had left continuance of the insulin treatments to the family's judgment, but the family had heard that other diabetic sufferers had been cured by faith.

"I had faith she was going to get cured," the mother told a newsman last night. "I wish I had called the doctor."

Soviets Open Peace Meeting

MOSCOW (AP) — The Soviet Union's "All-Union Conference of Peace Partisans" opened here last night in the Kremlin's Hall of Columns. Most of the speakers centered their attack on "American imperialism."

A chief speaker was Patriarch Alexei, head of the Russian Orthodox church.

Alexei apparently has had a rapid recovery from the illness the Russians recently reported he had contracted. The Soviets said the Patriarch was ill on Nov. 21 in postponing a trip to Moscow by German Protestant Bishop Otto Debelius, who had been invited to visit Alexei.

However, Debelius shortly before in a speech in London, had accused the Russians of turning East Germany into a slave labor camp and of crushing the East Germans both in body and spirit. Western observers felt there probably was some connection between these remarks and the postponement of the visit.

There are only about 30 whooping cranes left alive in the world, says the National Geographic Society.

New American submarines travel faster under water than on the surface and can breathe under water.

Alpha Club Hears Program On Heritage In Furniture

The American heritage in furniture was discussed Tuesday when Alpha Study Club was entertained at Mrs. Wade Winstons home.

Colonial and Duncan Phyfe furniture were discussed by Mrs. George Frazier who told of the inconsistencies of early furnishings. She said early settlers were happy to live without furniture since they were in a new country. She told of the importance of maple in the handmade pieces and compared the modern trend toword Colonial and Early American furniture with the original furnishings.

New England, Pennsylvania Dutch and the southern colonists types of furnishings were also discussed and illustrations were shown. The speaker also told of the popularity of the Windsor chair. She named the American Revolution as the division point in American furnishings. She also told of Duncan Phyfes life and about his catering to the upper classes and the fact that the pieces have withstood time.

Miss Neoma Strayhron discussed the life of Lambert Hitchcock and told of the development of the Hitchcock chair. She told how the chairs were painted by women who dipped their fingers into the dyes. Illustrations were shown and the trend toward the popularity of painted chairs was told.

Christmas bells and a burning candle decorated the mantel, and mistletoe and red berries were used elsewhere in the home. Plate favors were gold, green and red miniature horns.

Fifteen members were present, and guests were Mrs. W. D. Harral and Mrs. Coslin.

Have you a recipe for a pork meat ball that uses raw rice in it? I used to have the recipe in my file but I seem to have lost it. V. L.

This recipe calls for both sausage and fresh pork. Here are the ingredients you need:

1 pound pork sausage
1 pound lean fresh pork shoulder
½ teaspoon salt
½ cup raw rice
3 tablespoons flour
1 cup evaporated milk diluted with 1 cup water
⅛ teaspoon cloves
¼ teaspoon cinnamon
½ teaspoon salt

Combine first four ingredients and shape into balls the size of golf balls. Brown slowly and thoroughly, turning often for 10 to 12 minutes. Add 1 cup water and simmer for 1¼ hours until all water is absorbed. Remove balls, stir in flour, and add diluted evaporated milk. Season with cloves, cinnamon and salt and add meat balls. Serve in the sauce. Makes 6 servings.

What sort of dressing is good for fruit salad besides the usual mayonnaise or whipped cream? I can remember seeing directions for a celery seed dressing, but I don't remember the basic ingredients. Mrs. L. V.

The dressing you mention contains the following ingredients:

½ cup sugar
1 teaspoon dry mustard
1 teaspoon salt
½ teaspoon grated onion
¼ cup white vinegar
1 cup salad oil
1 tablespoon celery seed

Mix sugar, dry mustard, salt, grated onion and 2 tablespoons white vinegar. Add one cup salad oil slowly, beating constantly. Add 3 more tablespoons vinegar and continue beating until dressing is thick. Stir in celery seed. Makes about 1½ cups of dressing.

Toys Exchanged At Beauticians' Christmas Party

Thirteen members attended a Christmas party for the Snyder Beauticians' Association last night at the home of Mrs. M. M. Clark.

Toys were exchanged to be donated to the American Legion and Veterans of Foreign Wars Auxiliaries for distribution to underprivileged children.

Following the exchange of gifts, a buffet supper was served. The table was centered with a seasonal centerpiece with red candles, and other Christmas decorations were used throughout the home.

Plans were discussed for National Beauty Salon week to be held in November.

Mrs. Pauline Johnston was introduced as a new member.

New Stuffings For Turkeys Simplify Feast Preparations

A typical Christmas dinner means different things to different people, usually including the things mother always made, but to everyone, it includes turkey.

The roast turkey, with smooth gravy, is undoubtedly the center of interest on any Christmas table. And with it, thoughts turn to stuffing, which with new variations many pleasantly surprise the family.

Turkeys of any size may be roasted. When the turkey is dressed, rinse the bird in cold water and pat dry. Rub the cavity with salt. Since stuffing swells as it cooks, fill the body and neck cavities loosely to give it room to expand.

Fold the neck skin toward back and fasten with a skewer or a few stitches, using clean white wrapping cord for sewing . By folding the wing tips back on the wings they will help hold the neck skin in place. Tie drumsticks securely to tail.

Skin of the turkey should be greased with melted or softened fat before placing the bird breast down on a rack in a shallow pan. Roasting is best started with the bird in this position.

Place in preheated oven set at proper temperature according to turkey weight. Baste with fat from bottom of pan during roasting. If aluminum foil is used the basting process may be eliminated.

To many Christmas dinner guests, the stuffing is the most delicious thing that happened to the turkey. The collecting of bread to stale, and tearing it into small bits can be eliminated from a more than busy pre Christmas schedule by the substitution of a rice stuffing. Either mushrooms or sausage can be combined with the rice equally well, depending on personal preferences.

MUSHROOM RICE STUFFING
(For 11 to 12 lb. turkey)

4 cups packaged pre-cooked rice
4½ cups water
3 cups chopped celery
¾ cups chopped celery leaves
1½ tablespoons salt
¼ teaspoon pepper
¾ cup butter
1½ lbs. fresh mushrooms, chopped
1-3 cup chopped onion
½ cup chopped parsley

Combine rice, water, celery and leaves, salt, and pepper in saucepan. Mix just until all rice is moistened. Bring quickly to a boil over high heat, uncovered, fluffing rice gently once or twice with a fork. (Do not stir.) Cover and remove from heat. Let stand 10 minutes.

Meanwhile, melt butter in skillet. Add chopped mushrooms and onion and saute 5 minutes, or until tender. Add to the cooked rice with the parsley. Mix lightly with a fork. Stuff lightly in turkey. Makes about 14 cups stuffing or enough for an 11 or 12 lb. turkey. Turkey should be roasted at once after stuffing. Roast in a slow oven (325 degrees F.) 4 to 4½ hours.

SAUSAGE RICE STUFFING

½ lb. bulk sausage meat
2 tablespoons butter
½ cup chopped onion
½ pound fresh mushrooms chopped
2 2-3 cups packaged pre-cooked rice
3 cups water
2 cups diced celery
½ cup chopped celery leaves
3 teaspoons salt
¼ teaspoon pepper
½ teaspoon savory
¼ teaspoon thyme
¼ teaspoon sage

Place sausage meat in saucepan and saute until brown. Add butter, onion, and mushrooms and saute 3 minutes longer. Then add rice, water, celery, celery leaves, and seasonings. Mix just until all rice is moistened. Bring quickly to a boil over high heat, uncovered, fluffing rice gently once or twice with a fork. (Do not stir.) Cover and remove from heat. Let stand 10 minutes. Makes about 10 cups stuffing, or enough for a 10 to 12 pound dressed turkey. Turkey should be roasted at once after stuffing.

Another "no bread" stuffing for the holiday turkey is made with bite size shredded cereal biscuits. This stuffing fits the requirements of convenience and speed while retaining the whole-grain flavor.

COUNTRY-STYLE STUFFING

1 giblets (liver, heart and gizzard)
1½ cups water
1 package "bite-size" shredded wheat biscuits
1 cup cooked rice
1 tablespoon finely cut parsley
2 teaspoons poultry seasoning
2 teaspoons salt
¼ teaspoon pepper
½ lb. bulk pork sausage
1½ cups finely cut onion
1 cup finely cut celery
2 teaspoons salt
1 teaspoon paprika
¼ teaspoon pepper
4 cups water

Put giblets into 4 cup saucepan. Add water; heat to boiling; Cover and cook slowly until liver is tender. Remove liver; cook gizzard and heart until tender. Cool giblets, then chop. Save liquid. Crumble wheat biscuits into 12 cup bowl; mix in rice, parsley, and seasonings. Cook sausage, celery, and onion in skillet over low heat about 10 minutes, stirring until meat is light brown. Add chopped giblets and 1 cup liquid. Stir into cereal mixture, and mix well. Just before roasting, pack lightly into cavity of 5 to 7 lb. turkey.

Old - fashioned bread stuffing will be better than ever with the addition of pecans.

PECAN STUFFING

1½ lb. loaf bread (2 to 4 days old)
¾ to 1 lb. butter or margarine
¼ cup minced onion, 2 cups broken pecans nutmeats
1 teaspoon salt
¼ teaspoon pepper
1 teaspoon poultry seasoning

Cut bread into ¾ inch cubes and drop into a large mixing bowl Meanwhile cook onion in 2 tablespoons of butter until softened but not browned, cut remaining butter into ½-inch dice. Toss together bread, onion, diced butter, pecans, salt, pepper and poultry seasoning. Taste, and if desired, add additional salt, pepper and poultry seasoning.

To stuff bird: place bird breast end down in a large bowl. Drop dressing into cavity shaking bird to settle dresssing, but do not pack it in. Close opening with skewers and lacing string. Turn turkey and stuff neck cavity; fasten neck skin to back with skewer. Truss. Makes enough stuffing for a 16 to 20 lb. (market dressed) turkey.

Regardless of what kind of stuffing fills the turkey, a good roast turkey gravy is necessary to add the final touch. This recipe makes about 4 cups.

ROAST TURKEY GRAVY

¾ cup drippings
½ cup flour
¾ cup nonfat dry milk powder

Pour drippings from roasting pan into a bowl. Measure ¾ cup drippings and pour back into roasting pan. Mix flour, nonfat dry milk powder, salt, pepper and paprika. Stir into drippings until smooth and well blended. Gradually stir in water. Place over low heat; cook, stirring constantly, until thickened and smooth. Serve hot with roast turkey or use with left-over turkey dishes.

When the big dinner is over probably a large amount of turkey will remain on the platter. How to make the turkey interesting when served at successive meals following the feast need be no problem. Innumerable tempting meals can be made from combinations of turkey in varying forms.

A pickle sauce served over turkey pinwheels gives a post-Christmas meal an individual touch.

TURKEY PINWHEELS WITH PICKLE SAUCE

1 cup chopped boned cooked turkey
1 10½ oz. can condensed cream of chicken soup.
¼ cup chopped parsley
¼ cup chopped canned pimientos
¼ cup sweet pickle relish
½ teaspoon salt
⅛ teaspoon pepper
2 cups biscuit mix
½ to 2-3 cup milk.

In a bowl, combine turkey, 1-3 cup soup (reserve remaining soup for sauce) parsley, pimientos, relish, salt and pepper; mix thoroughly. Prepare biscuit mix according to package directions. On lightly floured surface, roll dough ¼-inch thick. Spread with turkey mixture. Roll jelley-roll fashion and cut in ½-inch slices. Place in hot oven (425 degrees) 10-15 minutes. Serve with pickle sauce. Makes six servings.

PICKLE SAUCE

Remaining cream of chicken soup
1-3 cup thin cream
1 tablespoon butter
¼ cup chopped sweet gherkins.

In a saucepan, combine ingredients; mix well. Heat thoroughly.

Only two cups of turkey left from the big dinner are needed for the smooth cream sauce which is delicious served in a baked stuffing ring. This is a good budget stretcher.

CREAMED TURKEY IN STUFFING RING

Stuffing ring:
1 small onion, minced
½ cup finely diced celery
1-3 cup butter or margarine
½ teaspoon baking powder
6 cups (firmly packed) tiny bread cubes (use day old bread)
3 eggs, slightly beaten
1½ cups milk
1 teaspoon poultry seasoning
salt and pepper to taste.

Saute onion and celery gently in butter for five minutes. Sprinkle baking powder over bread cubes; add onion-celery-butter mixture, combined eggs and milk, poultry seasoning, salt and pepper. Turn into a well-greased 8½ inch ring mold. Bake in moderate oven (350 degrees F.) about 45 minutes, or until firm. Remove from oven and let stand 5 to 10 minutes before unmolding.

Creamed turkey:
¼ cup butter or margarine
¼ cup flour
1 cup cream or rich milk
½ cup turkey or chicken stock (canned or bouillon-cube chicken broth may be used)
2 tablespoons chopped parsley
salt, pepper and paprika to taste
2 cups diced, cooked turkey.

Melt butter and stir in flour; add cream and stock; cook, stirring constantly, until mixture boils and thickens. Add all remaining ingredients. Heat piping hot. Serve in the center of the stuffing ring.

If cranberry sauce was left from Christmas dinnner also, it would be a good accompaniment for turkey suzettes. The turkey sauce filling for these pancakes makes them a meal in themselves.

TURKEY SUZETTES

2 cups sifted enriched flour
3 teaspoons baking powder
1 teaspoon salt
2 eggs
2 cups milk
½ cup melted shortening
turkey sauce

Sift together flour baking powder and salt. Beat eggs and add milk. Add liquid to flour mixture and mix until smooth. Add melted shortening and mix until well blended. Bake on hot griddle, allowing ½ cup batter for each cake. Pour 1-3 cup turkey sauce in center of each pancake. Fold over in thirds and fasten with toothpick.

Turkey sauce:
3 tablespoons butter or margarnie
2 tablespoons chopped onion
3 tablespoons enriched flour
½ teaspoon salt
⅛ teaspoon paprika
1½ cups milk or turkey stock
1 cup cooked diced turkey
1 cup cooked lima beans

Melt butter or margarine in saucepan. Add onion and brown lightly. Stir in flour, salt and paprika. Add milk or turkey stock and cook until thickened, stirring constantly. Add turkey and lima beans and heat thoroughly. Use as filling for pancakes. Makes 6 turkey suzettes.

Leftover vegetables can be combined with the turkey in an easy casserole which serves four.

TURKEY DANDY

4 oz. elbow macaroni
¼ cup butter or margarine
¼ cup enriched flour
1 teaspoon salt
2 cups milk or turkey stock
1 cup cooked turkey
1 cup cooked peas
1 cup cooked sliced carrots

Cook macaroni in boiling salted water until tender (about 10 minutes). Drain and rinse. While macaroni is cooking, melt butter or margarine in saucepan. Stir in flour and salt. Add milk to turkey stock. Cook until thickened, stirring constantly. Place macaroni in 8-inch square baking dish. Arrange layer of turkey over macaroni and top with carrots and peas. Pour white sauce over all. Bake in a moderate oven (350 degrees F.) about 30 minutes. Makes 4 servings.

Lonely Lifer Gets Married

OMAHA (AP) — A 68-year-old widow and the 62-year-old paroled Iowa penitentiary lifer whose years of loneliness she ended will be married here today.

Mrs. Addie L. Jackson and Ernest (Ole) Lindquist will be married in a simple courthouse ceremony.

Probably the only wedding guests will be newsmen and neither Mrs. Jackson nor Lindquist feel they can take more than a day off their jobs for the occasion.

Lindquist—called the "loneliest lifer" in the Iowa Penitentiary—hadn't received a letter for 30 years nor a Christmas present for 40 when Mrs. Jackson, an Indianola, Ia., widow, read of his case in 1949.

She promptly wrote him, mailed a gift and then followed up with monthly visits.

Last April Lindquist was paroled after serving 42 years for the slaying of a policeman. He came to Omaha and Mrs. Jackson followed.

Mightier Than Sword

EDINBURGH, Scotland, (AP) — An expert safecracker broke out of Saughton Jail here with a pen, authorities discovered today.

Hugh Kelly Mannion—who three years ago broke into the same jail to rescue a friend—made good his escape by rewriting bail papers and calmly walking out the gates to freedom. It took 50 hours before the forgery was discovered.

Officials said that Mannion, who was awaiting trial on safe-stealing charges, somehow got hold of another prisoner's bail bond in the sheriff's office and put his own name on it.

POLICE MOVE IN

Police armed with tear gas and guns close in on a house at the edge of Georgia Tech's campus in Atlanta, Ga., where one policeman was shot to death and another was seriously wounded by one or more assailants who barricaded themselves in the house and shot it out with officers. The violence flared when officers answered a hit-and-run accident call.

New Farm Secretary To Find Many Price Problems Waiting

WASHINGTON (AP) — Ezra Taft Benson will find a new crop of farm price problems facing him when he comes to Washington next week for a pre-inaugural view of his job as secretary of agriculture in the new Eisenhower administration.

Benson, a former agricultural leader and now an apostle of the Mormon church, has notified outgoing Secretary Charles F. Brannan that he expects to come to Washington next week for a briefing on his Cabinet duties.

The current farm picture is such that officials believe it will lead him to speedily set up new programs designed to broaden markets for agriculture products at home and abroad.

The secretary-designate will find that prices being received by farmers have dipped below the parity goal of federal farm programs for the first time since June, 1950.

Furthermore, Benson will find that the government's investment in farm products under price support programs is growing steadily. This investment has reached a record of about $4,300,000,000 before start of the war in Korea.

But demands growing out of defense spending permitted the department to unload all but about 1½ billion dollars worth of this by July of this year. Since then, however, the investment has been going up again. It now is above the two billion dollar mark.

Benson will also find that the department is running into trouble making good on its commitment to support corn, wheat, and peanuts at 90 per cent of parity. Parity is a standard for measuring farm prices, declared by law to be equally fair to farmers and those who buy their products.

Corn, for example, has been selling for an average of $1.45 a bushel, or 20 cents below the support level.

Furthermore, the department is being called upon for the first time in nearly 18 months to buy butter to carry out a price guarantee to dairymen, and wool is moving into price support stocks in a large volume for the first time since 1950.

While there are no support programs for beef cattle, hogs, sheep and lambs, Benson will find much producer dissatisfaction with present prices. Beef cattle are down about 23 per cent from a year ago, sheep and lambs about 25 per cent and hogs about 15 per cent.

Benson will discover also that net farm income—income left after paying production costs—is going down and probably will continue to decline next year.

Industry Urged To Get Ready For Atom Bomb Attack By Training

HOUSTON, Dec. 4 (AP)—Industrial plants should have organized and trained fire brigades ready in event of atomic attacks, the National Fire Protection Association regional conference was told here.

E. J. Kehoe, an Atomic Energy Commission representative from New York City, said yesterday that an industrial plant's best fire defense during A-bomb attack was to be as independent as possible of outside fire-fighting services.

Kehoe said many fires may be burning at the same time and that municipal fire-fighters might not be able to get to an individual plant.

Heavy concentration should be avoided, he said, and new industrial construction should be made as fire resistant as possible.

Kehoe and G. H. Tryon, Boston, Mass., secretary of the association's committee on aviation and airport fire protection, spoke at the final session of the three-day conference.

Tyron critized recent reduction of aisle space in some commercial aircraft to permit more passenger seats.

In 1951 farmers made up about 15 per cent of the U. S. population.

Man Killed In Robbery Try Near Amarillo

AMARILLO, Dec. 4 (AP)—Potter County officers told today of an attempted hold-up by two youthful hitchhikers that ended in death for one and armed robbery charges against the survivor.

The attempted robbery backfired last night when the intended victim, Daniel Franco, 39, decided to fight rather than be robbed by two young men he said he picked up at Edgewood, N. M.

The dead man was identified as Roland Marion, 23, Laramie, Wyo. The other would-be robber told officers he is Robert Samuel Franks, 22, Dove, N. J., AWOL from Chanute Field, Ill. Dist. Atty. Hermon Pipkin said armed robbery charges would be filed against Franks today.

Franco is a U. S. Corps of Engineers employe, en route from his former home in San Francisco to Richmond, Va.

Potter County sheriff's officers said Marion was killed when hit in the chest by a bullet fired when a pistol in the hand of Franks discharged in the scuffle.

Franco told officers that the two men forced him to drive onto a country lane last night and then searched him at gunpoint.

When he produced only travelers checks, he said, one of the men suggested they drive to another spot where a more thorough search could be made.

About a mile east of Bushland, Tex., on U. S. Highway 66, Franco grabbed at Franks' gun while the latter attempted to drive and hold the weapon at the same time. The gun discharged, striking Marion.

Franco told officers he then disarmed Franks by jerking the pistol against the hitchhiker's head.

Two farmers—James and Fred LeGrand—had followed Franco's car after noticing it parked on the country lane and witnessed the fight. They went to their home for weapons but by the time they returned Franco was holding the gun on Franks.

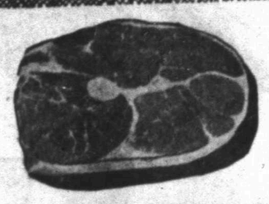

Potter County officers said both Franks and Marion were wanted in Denver, Colo., on a warrant issued Thursday in the robbery of a taxicab driver.

State Fight Over Primaries Sure To Come Up In Sessions

By MAC ROY RASOR

AUSTIN, Dec. 4, (AP)—This year's presidential conventions have left a lot of Texas lawmakers thinking about revising the system.

How it should be revised, however, appears to be headed for plenty of debate in the 53rd Legislature beginning Jan. 13.

An Associated Press survey of the legislators shows both friends and foes of a proposed presidential preference primary similar to those of many other states. That system lets the people ballot to determine whom the state's delegation should support initially at national party conventions.

Sen. Jimmy Phillips, Angleton, already has announced he will introduce such a bill. He said it will put presidential nominations directly in the hands of voters instead of backstage politicians. Gov. Shivers has indicated he would probably support a preference primary in some form.

REVISIONS EXPECTED

Phillip's bill undoubtedly will undergo considerable revision in its trip through the legislative mill. How much support it gets, of course, depends on the nature of those changes and its final form.

"I am sdrely in favor of getting the selection of nominees in the hands of the people, where such power properly belongs," said Rep. Dolph Briscoe, Uvalde.

"I think that some way should be devised for protecting the will of the people by selecting the president, without being overpowered by gangsters," said Rep. Tom Cheatham, Cuero.

"The people are in favor of it," declared John L. Crostwait, Dallas.

SOME WANT LOOK

Two lawmakers wanted a closer inspection.

Bert L. McDaniel, Waco, wanted such a plan "only if it can be determined that the expense of holding such an election would not greatly increase our present burdensome taxes."

Robert Patten, Jasper, thought there was some question whether the proposed plan would give the people more voice in selecting a presidential candidate.

"Instructing delegates by the director vote of the people for first (convention) ballot only would likely not change in the slightest the present method of smoke filled hotel room selection," he said.

ONE OPPOSED

Rep. Maurice S. Pipkin, Brownsville, was skeptical.

"On the surface, the presidential preference primary looks good. However, it would probably result in the selection of a favorite son whose eventual elimination would be carried out in the conventional manner."

One lawmaker was downright opposed to the whole idea.

"I am opposed to governing political parties by statute," said Rep. S. J. Isaacks. "I think we ought to let the political parties have a free hand and conduct their primaries and elections in whatever way they want to. If I had my way about it, I would repeal all of the primary regulations now in our statues."

Sen. Dorsey Hardeman, San Angelo, thought all the fuss probably was unnecessary.

"Federal legislation will likely dispose of it," he said.

Juvenile Sex Relations Get Swedes Worked Up

FLEN, Sweden (AP)—A local child care committee urged Swedish parents today to keep a sharper eye on their children after dark, asserting that juvenile sex relations are increasing among the Swedes.

As an example, the committee told of an unmarried, 13-year-old girl who gave birth to a seven-pound baby on Dec. 1 here in Flen, 50 miles southwest of Stockholm. The father is 14 years old.

"Several case of sex relations involving children 12 to 15 years old have been reported lately to the committee," Chairman Martin Langstrom said.

GREAT NEWS! NEW SYRUP BIG HIT!

New BRER RABBIT reminds "Old-Timers" of Real Ribbon Cane Flavor!

FORT WORTH . . . Is there an "old-timer" in your family who is always harking back to the wonderful syrup folks enjoyed in the "good old days"? The kind made from Ribbon Cane—with a flavor that was simply *glorious?*

Today that marvelous "old-time" flavor is here again!

It's the new Brer Rabbit Syrup—a new flavor your family will simply dote on! Here's lightness and sweetness in a delicious combination that modern Southerners vote "tops." Mild and light, it tastes just right—makes everything taste finer than ever!

IN STORE TESTS . . . folks who tasted, praised its flavor

DALLAS: "Taste this new syrup, ma'am—and say how you like it?"

In stores through the Delta and East Texas region, people tasted the new Brer Rabbit Syrup . . . smacked their lips . . . and gave their delighted answers:

Ten to one—the chorus was "YES!"

Did they like the new Brer Rabbit "better than the syrup they were now using?"

Again the chorus was a resounding "Yes!" Almost 7 times as many said "Yes" as said "No!"

Even people who have used Brer Rabbit Syrup for years liked this new Brer Rabbit even better!

People said things like this

In Houston:

"Sweet enough but not too sweet—has a new taste."
"Would be fine on waffles."
"Mild and not too strong."
"Best flavor!"
"Tastes just right."
"M-m-m, say, I *like* this Brer Rabbit."
"This tastes like real old-time syrup."
"Tastes like country syrup."

So said folks who *tried* the new Brer Rabbit. And *your* family will say the same! This new, lighter, milder flavor, sweet but not too sweet—can bring new pleasure to your table, three times a day. Try Brer Rabbit, why don't you—first time you're in the store?

Local stores now stocking new flavor

Your grocer now has the new improved, lighter Brer Rabbit Syrup packed under the old familiar Brer Rabbit label.

DEALERS: To meet the demand for this new syrup, write Penick & Ford Ltd., Inc., New Orleans 7, La.

Makes Corn Bread a New Treat!

Your fine corn bread will win new praise, once folks taste it with new Brer Rabbit Syrup. It's sweet, but not too sweet. A light, *mild* syrup that makes hot breads, pancakes and waffles taste just *perfect!*

Cane grower enthusiastic!

MR. VICTOR WINTZ, Annandale Plantation, White Castle, La. . . . shown with Mrs. Wintz and their three attractive little daughters. The Wintz family has lived in the South for many years. They know sugar cane! They know syrup! They think the new Brer Rabbit Syrup is the best yet!

In syrup it's the Flavor that counts

"Everybody in this sugar cane country knows it takes the right sugar cane to get that old-time ribbon cane flavor," says Mr. S. K. Hays of Edom, Texas. "The new Brer Rabbit Syrup reminds me of the sugar mill days when I was a boy. And in syrup, it's the *flavor* that counts!"

There are many syrups on the market but there's only *one* way to judge them—and that's on flavor. You'll find some have a strong taste, others an over-sweet taste. But Brer Rabbit—well, there's a syrup that tastes just right. And Brer Rabbit makes pancakes, waffles, hot biscuits and corn bread better than ever before.

TRY BRER RABBIT AND SEE FOR YOURSELF

For light, *mild* syrup, try BROWN LABEL Brer Rabbit

For richer, fuller sugar cane flavor, try BLUE LABEL Brer Rabbit

OPEN SEASON

By DALE WALTON

Nine out of 10 boys to be named to the Tiger A cage squad have been chosen as they prepare for their first game of the season.

Gene Gibson, head basketball coach, said yesterday that eight seniors and one junior will be on the A team roster. They are Ned Underwood, 6-2, leading scorer last year; Reagan White, 6-1 junior, and Joe Galyean, 5-9, who both led B team tallies last season; Bill Boyd, 6-1, who scored 79 points last year; Joe Cargile, 5-11, fourth in scoring last year; Deanie Floyd, 6-2, who scored 29; Ray Courtney, 5-11, Orville Watson, 6-4, and Douglas Ayers, 5-9, all promoted from the B squad.

The coach many name the tenth before the first game.

Slaton will be the opponent in the Tiger gym Monday night. Last year the A squad downed Slaton 50-9 and 50-37, while the B team defeated the Slaton B 41-22 and 45-26.

The B squads will open the night's play at 6:30 o'clock, while the A teams will play at 8 o'clock.

In scrimmage, the A squad has overpowered the B group by a four-to-one margin, but most of the B team is made up of inexperienced players.

B team coach Hal Battle said he is gradually singling out enough players to work with from the more than 40 boys on his roster.

Gibson said he will probably issue game equipment Saturday.

Breckenridge and Lamesa are due to clash Saturday afternoon at Sweetwater for the bi-district title between Districts 1 and 2 in AAA, and a large delegation is expected to travel to that game, despite the fact that Stamford and Seminole will meet here at the same time in a Class AA regional bout.

* * *

Jimmy Williams, junior high coach, has begun workouts for his small cagers. Handicapped because the A and B squads must take the only gym for workouts, he must practice on days when the high school is not using the building.

The junior high team will work out during the season on days when the two high school squads have games.

The schedule for the team is not yet complete. The squad will start the season with a 4 o'clock afternoon game with Fluvanna here next Friday. Big Spring and Colorado City have already been scheduled.

Because of lack of space, Williams was forced to cull his 60 participants down to about 18.

Art Nicholas, school business administrator, said this week that admission price for basketball games and season ticket prices have not yet been set. A committee will meet before the Monday game to decide.

Major Teams Made Trades

PHOENIX, Ariz. (AP) — In the fourth major Detroit-St. Louis deal in as many years, the Tigers today traded pitchers Virgil Trucks and Hal White and center fielder Johnny Groth to the Browns for left fielder Bob Nieman, second baseman Owen Friend and catcher-outfielder F. W. Porter.

The swap, involving some $250,000 in player talent, did not include any cash according to Rudy York, Browns general manager.

Trucks, a 33-year-old righthander, pitched two no-hitters in 1952—against Washington in May and the New York Yankees in August—but wound up with a 5-19 record.

Groth, 26, a Detroit regular since 1950, hit .284 in 141 games and White, a 33-year-old relief pitcher, had a 1-8 record in 41 games.

The most important St. Louis player involved was Nieman, 25, a rookie sensation with a .289 batting average, 18 homers and 74 runs batted in. The right-handed hitter hit two straight homers against Boston in his major league debut, Sept. 14, 1951.

Porter, used both as a catcher and outfielder, received a $65,000 bonus from the Chicago White Sox as a free agent when he entered pro ball. Last season the 19-year-old prospect hit .250 for the Browns after spending most of the season at Memphis and Colorado Springs, two White Sox farms.

The Tigers will have to wait a week or so for Friend, 25, to be discharged from military service. He was the Browns regular second baseman in 1950, hitting .237 in 110 games.

At first glance, it appeared that the Browns had the best of the latest trade, acquiring a starting pitcher in Trucks and a regular center fielder in Groth for one proved big leaguer—Nieman. However, the Tigers were reported hot after Porter, who has promise of becoming a future star.

East Texas Is Show Stealer

By The Associated Press

East Texas State not only won the Lone Star Conference football championship and was one of the nations undefeated, untied teams, but the Lions also furnished the conference with five team and individual statistical leaders.

The Lions had the best team defense and the best rushing offense and defense. East Texas allowed foes an average 186.8 yards, only 48.5 of it by rushing. Meanwhile the Lions were grinding out an average 289.7 yards on the ground.

Sam Houston State copped team offense and passing honors. The Bearkats got an average 448.3 yards in nine games and collected 2,367 of their 4,035 total through the air.

Stephen F. Austin had the best pass defense, giving up 839 yards.

Don Gottlob of Sam Houston, who broke all existing NCAA records for total offense with 2,470 yards, topped total offense and passers. He completed 132 of 256 passes for 2,325 yards and 18 touchdowns.

East Texas Jim Gray finished second in both departments. Although he didn't amass as many yards as Gottlob, his passing record is more impressive. Gray hit 80 of 128 for 1,410 yards and 22 TDs, six in one game.

Don Bingham of Sul Ross topped rushers with a net 1,101 yards in 157 tries. His nearest competitor was Sammy Carpenter of Lamar Tech who got 1,005 in 172 rushes.

Mac Moore of Sam Houston topped pass receivers, taking 34 for 601 yards and five TDs.

Marvin Brown of East Texas set a new scoring record on 19 touchdowns, a total of 114 points, shattering the mark set earlier in the season by Sam Houstons Moore who had counted 110 on 17 touchdowns and eight conversions.

John Owens of the Lions averaged 37.2 yards on 28 kicks for punting honors.

Two Texans To West

SAN FRANCISCO, Dec. 4 (AP)—Two Texans were among eight more football stars added yesterday to the West roster of the annual Shrine-East-West football game here Dec. 27.

They are Linebacker Don Rhoden, Rice, and Halfback Val Joe Walker, Southern Methodist.

Zatopek May Be Athlete, But Cannot Be Called Sportsman

NEW YORK (AP) — A cable dispatch from London reports that a group of the worlds leading sports authorities has voted Emil Zatopek, the indefatigable Czech, as the world's No. 1 sportsman for 1952.

Americans, reading this, are justified in being a trifle confused. Zatopek the No, 1 athlete? Well, perhaps. But No. 1 sportsman? No—not in our strictest interpretation of the term.

To Europeans the label of "sportsman may be applied to anyone connected with sport. To Americans, it stands for more than strength, mercurial speed or record-shattering triumphs. It connotes a spirit of fair play, humility in victory, graciousness in defeat.

Premier as an athlete, Zatopek in the American book falls far short of the requirements of a true sportsman.

The lean, arm-flapping wonder thrilled the world with his fantastic feats of speed and endurance in the Helsinki Olympics which brought him gold medal victories in the 5,000 and 10,000 meter runs and the marathon.

Yet he proved a bitter disappointment to millions afterwards when he used his fame as an instrument of Communist propaganda, destroying much of the international good will which had been generated in these traditional games.

We remember him well at the Russian pine-studded village of Ottaneimi, a camp of the Iron Curtain athletes hidden some 15 miles from the heart of Helsinki.

Zatopek, who spoke good English sat on a rock after a cross-country workout and, hardly puffing, told a group of American athletes and newsmen of his desire to come to the United States. He spoke well of the country, said he was flattered America should want to see him run, hinted he might make it.

It was in good faith then that U. S. Secretary of Commerce Charles Sawyer invited the Zatopeks to tour the country. President Truman even expressed approval of the idea.

It wasn't until two weeks later that this gesture of friendliness was used by Zatopek—the "Good a propaganda boomerang—a sharp and stinging slap in Uncle Sams face.

"I only laughed when I received these ridiculous, unsportsmanlike offers," Zatopek told his fellow countrymen in a broadcast over the Prague radio. "They have nothing but circus tracks there."

The triple Olympic champion then added that America had been indirectly responsible for his feats in the Olympics.

"It was the harsh and brutal play of the American hockey teams in the winter Olympics that drove me on." he said.

Teams Playing Here Friday And Saturday Have Good Records

Large week end crowds of football fans are expected here tomorrow night and Saturday for the two high school playoff games in the Tiger Stadium.

The first playoff is the bi-district match between Hermleigh, undefeated champ of District 5-B, and Sanderson, leader of 6-B, will be at 7:30 o'clock tomorrow night. Tickets, which are on sale at the office of the county superintendent and in Hermleigh, were going fast today.

The Hermleigh Cardinals, who took their championship for the third straight year and fourth out of five years, scored 315 points to opponents 74 this season. Sanderson, which ended the season with a 7-2 record, scored 207 to opponents 145.

Last year, Sanderson was the team to meet Hermleigh in the bi-district game, and Hermleigh fell to that team 20-13. With 18 lettermen on the squad this year, most of them seniors, Coach Charlie White is hopeful that Sanderson will not repeat last years performance against his team.

Stamford, which headed District 5-AA undefeated this season, will meet Seminole, which topped District 8-AA and has won nine, tied one, and lost one, will meet here at 2:30 oclock Saturday afternoon for the regional title.

Stamford downed Tahoka of District 6-AA 34-0 in a bi-district match, and Seminole defeated Brownfield of 7-AA 12-0.
