Blaze at Silver Plant

Fire broke out about 1 p. m. Saturday at a loading rack at Sun Oil Company's Jameson Gasoline Plant at Silver.

The blaze enveloped a Ballinger firm's butane transport truck and a nearby loading rack. It did not spread to the plant proper.

At least two persons were injured in the fire. One man, Thomas Allen of Colorado City, was taken to Colorado City's Root Memorial Hospital.

However, neither he or the other injured man were seriously hurt.

Two fire trucks from Colorado City rushed to the plant. See BLAZE, Pg. 8

West Texas Highway 80 Group Reorganizes Here

Abilene Hotelman Named President

U. S. Highway 80 Association's Central Division reorganized here Thursday to promote more travel along the coast-to-coast route across West Texas.

Forty representatives from towns stretching from Fort Worth to Pecos were in the afternoon and night sessions in Baker Hotel.

The meeting dissolved the Central Division and set up a new organization, U. S. 80-Interstate 20 Highway Association of Texas.

Elected president of the association is Cecil Warren, manager of Wooten Hotel in Abilene.

Vice presidents are Clabe Wicker, Pecos businessman, who represents the El Paso-Stanton area; R. R. McEwen, Big Spring automobile dealer, who represents the Big Spring-Tyler area; and Don Pierson, Eastland auto dealer, who represents the Abilene-Fort Worth area.

New secretary-treasurer, replacing Colorado City's Ernie Larmer, is Don Dodson, assistant manager of Abilene Chamber of Commerce.

Outgoing president and vice president are Grady Hughes of Abilene and Morris George of Ranger.

In the new West Texas organization, the delegates voted for:

1. Directors in every town with participating membership. Number of directors to depend upon amount of participating members within the individual town. Towns with 30 members or more will have maximum of five directors.

2. Annual membership dues by participating members (firms or individuals) at a \$10 minimum.

3. Scheduled a meeting Tuesday in Abilene with top officials of the organization to begin committee work for membership campaign; preparation of brochures for publicizing U. S. 80-Interstate 20, preparation of place mats for use by restaurants on the highway route, purchasing or contracting for highway signs promoting travel on the coast-to-coast route.

The delegates discussed the need for an annual promotion budget of approximately \$6,000.

Final event of the Thursday meeting was a dinner in Terrace Room of Baker Hotel.

Burglars Take \$80, Revolver at Loraine

Burglars took approximately \$80 in cash, a revolver and wrecked a filing cabinet Wednesday night at Walker Motor Company in Loraine.

Two suspects in the break-in were released Friday by Sheriff R. E. (Dick) Gregory Jr. after lie detector tests in Midland.

The burglary was committed between midnight, when mechanic Jimmy Allmendinger left the building, and 6 a. m. when Jack Walker opened the business.

AT RECORD PACE

Construction to \$725,000 Mark

Building permit totals within Colorado City for 1959 reached the \$725,000 mark this week.

Boosting the year's total beyond the \$700,000 mark were permits for \$49,450 in new residential construction.

With five more months remaining in the year, the 1959 construction total has prospects of nearing or surpassing modern building records for Colorado City.

Here are the latest permits issued in the City Hall office of J. A. Sadler Jr., city building inspector:

Allied Contractors, frame and brick trim residence, five rooms and bath with 986 square feet, \$11,000.

Mrs. Travis Branch, move house from Front St. to Wallace St. and repair, \$350.

Allied Contractors, six-room residence with bath, 1014 square feet at 1438 Oak, \$12,500.

Allied Contractors, six-room residence and bath, 986 square feet at 1430 Oak, \$13,000.

F. L. Andrews, 14 by 20 addition to residence at 620 Walnut, \$1,300.

KIWANIS CURB WORK
... Jack Jordan, Harold Boney, Bob Thompson

SPECIAL KIWANIS PROJECT

Street Numbers Go on Curbs Monday in Residential Areas

Kiwanis members will have your number — home address, that is — during the next week or two.

In a special community project they will be painting street numbers on curbs in front of residences throughout Colorado City.

Jack Jordan, project chairman, says the numbers will serve the community in two ways: (1) improve residential areas with easy-to-see markers, and (2) raise freewill funds for Kiwanis boys and girls program.

Three groups will carry out the curb painting assignments for Kiwanis. Their work areas will be as follows: Group 1, chairman by Rev. Don Mecoy, south of 10th St. and west of Hickory; Group 2, chairman by Trevlyn Kelley, north of 10th St. and west of Hickory; Group 3, chairman by Jack Burkhalter, all area east of Hickory.

First day of painting will be Monday, according to Jordan, and the work probably will continue about 10 days. And most of the work will be late afternoon when Kiwanians are through with their regular jobs.

House address numbers will be painted in traffic white paint, the type used to mark highways. This is easy to see at night in the reflection of regular car lights.

Here is the way the Kiwanians will work at the project. A paint team will appear at a residence and one member of the team will knock at the door. The calling Kiwanian will check with the resident to be sure the house number is correct, then notify the painters to start if the number is right. At the same time he will explain there is no charge for painting the number on

the curb, but that a freewill donation would be accepted for Kiwanis boys and girls fund. The numbers will be painted always on curbs unless otherwise requested by the resident, Jordan said.

Kiwanians believe the curb numbers will provide uniform numbering system for the residential area and be a convenience to all persons — especially in regard to out-of-town visitors or newcomers within the community.

Lettering will be neat and quick drying with the use of metal stencils.

\$562,119 PAID BACK

Farm Home Loans Total \$501,010

Mitchell County agricultural families borrowed \$501,010 from Farmers Home Administration during the fiscal year ending June 30.

During the same 12-month period Mitchell County borrowers returned to the government \$562,119 — including \$24,846 interest — as repayments on FHA loans.

The loan totals for 1958 were revealed Saturday by John M. Russell, FHA supervisor for the county.

In his report, Russell pointed to the fact that loans made by Farmers Home Administration are increasing in size.

"For example," he said "10 years ago FHA operating loans in Mitchell County averaged approximately \$2,500."

"But in the past year the same type loan averaged approximately \$5,000 per borrower."

Russell said the growing need for more capital stems from higher costs and inflation, expanded operations and adoption of modern farming methods.

Farmers' Home Administration borrowers here in Mitchell County during the last year used about \$366,305 in operating loans to pay for feed, seed, tractor fuel and other items necessary in their regular farm operations.

Loans amounting to \$125,395 were made also here to buy livestock and machinery needed to put individual farming programs on a more sound basis.

In addition, 34 emergency loans were made by the local FHA office. Each of these averaged about \$3,735 for operating expenses.

Russell said other FHA loan funds in Mitchell County were for building or modernizing

farm houses and essential farm buildings, carrying out better soil conservation practices, improving permanent pastures, developing irrigation and farmstead water supply systems.

Through the year Russell's office was busy assisting with numerous farm management problems in addition to making and servicing loans.

The supervisor estimates he made 700 farm visits during the 12 months, participated in 21 FHA county committee meetings during which time 206 loan applications were screened. And farmers made 900 calls to the office to apply for loans or discuss their farming and credit situations.

Upward of 2,000 adults and children may crowd the Co-Op auditorium on State Highway 208 (to Robert Lee) for the four-hour meeting, which begins with registration and refreshments at 6 p. m. Last year more than 1,600 attended.

In business session the cooperative members will elect three directors to the board which directs operational policy for the organization.

They also will hear reports that will show the cooperative with \$284,036 total revenue

Nominees in the directors election are Gwan C. Strange, incumbent, and Rex McKinney, both of Westbrook, for Area 4 director; Martin Murphy of Dunn, incumbent, for Area 6 director; Linden Solomon of Cuthbert, incumbent, and W. L. (Bill) Wilson of Borden County, for Area 9 director.

These nominees were proposed by a committee composed of W. A. Taylor of Loraine, E. L. Ashford of Dunn, Corley Rogers of Colorado City, Dennis Fortenberry of Payne, A. J. Robinson of Roscoe. There will be free cold

drinks, coffee and doughnuts from 6 to 7 p. m., followed by awarding of special prizes at 7 p. m. And at 7:30 p. m. Suzanne Orr and Lindsay Wilson, District 4-H Club winners from Taylor Electric Co-operative, will relate "The Story of Our Cooperative."

Leo Norrell, C. R. Anthony store manager here for the last 3 years, has been promoted to management of new store opening in a Fort Worth suburb.

Successing him in Colorado City is Jay Taylor, who has been on the Anthony staff in Big Spring.

Taylor, assumed the local management Friday and his family — Mrs. Taylor and their son, Billy, 2 — are moving here this weekend.

Norrell and his family moved to the Fort Worth area Saturday. He will manage a new C. R. Anthony store being constructed in a new Haltom City shopping center at Fort Worth's east city limits.

The Haltom City store, with 11,000 square feet of floor space, will open in approximately one month.

AMONG 8 CASES

4 Persons Fined In County Court

Four persons have been fined in County Court here with offenses ranging from transporting liquor to driving while license was suspended.

Their cases were among seven new cases filed in the court before County Judge Elmer Martin, including two transferred from lower courts.

Receiving a \$150 fine, plus

costs and three days in jail, was Manuel Zapata, who pleaded guilty to driving while intoxicated.

William Henry Knight and Clyde Dean Hodges were fined \$50 each after pleading guilty to passing a worthless \$21 check at Pick & Pay Super Market.

A \$50 fine was imposed upon Billy Eugene Crabtree, who pleaded guilty to driving a motor vehicle while his driver's license was suspended.

Curt Lloyd Morris had bond set at \$500 after being charged with transporting alcoholic beverages in a dry county.

Appealed to County Court were cases involving Donald Ralph Kennedy and Gerald Lee Lackey.

Kennedy appealed to County Court for hearing after being fined \$25 in Municipal Court here on a charge of abusive language filed by Police Chief Leon Yeager.

Lackey, a Big Spring resident, appealed to County Court after being fined \$150 in Justice of Peace T. E. Arnold's Court on a charge of driving 120 miles an hour on U. S. Highway 80 west of Westbrook. The speeding complaint was filed by State Highway Patrolman Buddy Hertenberg Jr.

Another complaint involving Lackey was filed this week and alleges failure to appear at a County Court hearing on the original speeding complaint.

WITH WILDLIFE RESEARCH

Game, Fish Plan Aims For Local Management

There is more than reason for the Regulatory Authority for the Game & Fish Commission on a local county basis as is being studied for Mitchell County.

But the main objective is the management of wildlife resources in a county on the basis of scientific research findings in that county's exact locality.

This objective is emphasized in a resume of the Regulatory Authority prepared for the public by Texas Game & Fish Commission.

And it is this aim of the plan which has been the big reason why 103 counties of the state will be under the Regu-

latory Authority by the time fall comes around on the calendar.

Approval by the Texas Legislature is necessary under the state Regulatory Authority Act before a county can be included under the Regulatory Authority of the commission.

Some sportsmen and landowners within the county proposed the plan for Mitchell County several years ago, during the drought period, but the project was not carried through to the necessary State Legislature approval.

Now, at least some sportsmen and landowners within the county have been reviving talk for the Regulatory Authority.

And the talk has reached State Rep. Max Carraker in Austin.

Carraker is ready to carry the ball, so to speak, in the Legislature, but wants a sounding of public opinion in Mitchell County to be certain there is definite support for the plan on local level.

Here is the way the Texas Game & Fish Commission spell out the objective of the Regulatory Authority as it would be operated in Mitchell County:

Principal objective of Regulatory Authority for the Game & Fish Commission is the management of wildlife re- See GAME, Pg. 7

AT PAYNE BAPTIST

Miss Gibson, Ken Deatherage Marry In Double Ring Rites

Miss Marvlyn Gibson of Abilene became the bride of Ken Deatherage of Abilene Saturday evening at 6:30 o'clock in the Payne Baptist Church.

Miss Gibson is the daughter of Mr. and Mrs. J. D. Gibson of Route 3.

Deatherage's parents are Mr. and Mrs. Lee Deatherage of Abilene.

Rev. Fred Smith, pastor of the church, read the double ring vows before an arch covered with greenery and amon foliage which was centered with twin candelabra with white tapers and flanked by baskets of white mums.

Given in marriage by her father, the bride wore a dress of imported chantilly lace over bridal satin fashioned with a sbrina peckline, a fitted bodice which came to a point in front and long sleeves which pointed over her wrists. The full skirt was ballerina length and accented at the hemline with scallops. She carried a bouquet of feathered carnations with an orchid on a white Bible. Her fingertip veil of illusion was attached to a tiera of seeded pearls and the veil was accented by roses of lace.

For something old the bride carried a handkerchief, belonging to her maternal grandmother, which was over 60 years old. Her wedding attire was something new and her headdress was borrowed. She wore a blue garter and a penny in her shoe for good luck.

Mrs. C. N. Stubblefield, soloist, sang "Because" and "The Lord's Prayer." She was accompanied by Miss Peggy Williams.

Groomsman was Sherman Robertson of Abilene.

Ushers were Bob Winkler of Abilene and Robertson.

Ring bearer was Lyndall Gibson, brother of the bride.

Candles were lighted by A. L. Deatherage and Math Deatherage, brothers of the groom and both of Abilene.

The bride's mother wore a two-piece dusty rose lace dress with white accessories and a corsage of white carnations.

The groom's mother wore a blue lace dress with matching accessories and a corsage of white carnations.

Reception immediately following the wedding was in the Fellowship Hall of the church.

The bride's table was laid with lace over blue and centered with the wedding cake which was topped with a miniature bridal couple.

At the refreshment table were Misses Pat Lindsey of Tahoka and Olene NeSmith of Abilene. They wore identical blue crystalline dresses fashioned on princess lines and accented by empire waistlines. Their corsages were of white carnations.

Miss Williams registered guests.

In the receiving line were the brides parents, the groom's parents, the bride and groom, and Miss Tiller.

Others in the house party were Mmes. J. C. Tiller, Edward Roach, Clarence Brown, Carrol Brown, Charles Williams, and Parker Jarman.

For their honeymoon trip to Carlsbad caverns and Ruidoso, New Mexico, the bride wore a light blue and white flaked linen suit with black patent accessories.

The couple will reside at 1117 Yorktown Street, Abilene.

The bride is a 1955 graduate of Colorado High School, attended Harlin-Simmons University and graduated from Hendricks Nursing School in Abilene in 1958. She is presently employed as a registered nurse at Hendricks Memorial Hospital in Abilene.

Homer Harts Visit in Arizona, New Mexico

Mr. and Mrs. Homer Hart and children, Gayle and Mike, returned home Wednesday from a vacation trip to Arizona and New Mexico.

In Tucson, Ariz., they visited in the home of their son-in-law and daughter, Mr. and Mrs. Alton Sparks and children.

The Hart family visited in Gallup, N. M., with Mrs. Hart's sister and family, Mr. and Mrs. O. H. Harris. Mike Hart returned home with his parents following a visit in Arizona with his sister and family.

Take These 'Ingredients' . . .

They are, left to right, Miss Judy Bilberry, Wolverines president; Carolyn Howell, reporter; Miss Betty Lloyd, student council representative; and Susan Rhode, secretary.

ANNELLE HOLMAN'S

Personally Yours

With the first of August already in the past, school age kids, their mothers, and late vacationers are beginning to look ahead with mixed emotions. Some of us are thinking about last minute vacations, others have started the time-consuming task—planning our fall wardrobes, and still others are coming to the sudden realization—school is just around the corner.

Gene Blessingame, son of Mr. and Mrs. J. W. Blessingame, is preparing to return to his school—in the United States Navy.

Gene has been in the Navy since he joined last summer following his graduation from Colorado High School. He has been stationed in California until recently and is now home on leave.

When he leaves Colorado City he will go to New York where he will await overseas duty.

Linking Gene with Colorado City and Colorado High, we find Gene Blessingame—hanging from the words "Hustlingest Wolf" on the wall of Wolves Gym...

School spirit has already begun to creep in among those in Colorado City who have connection with football. 1959 Wolves get out during the late afternoon after work to try their luck at tossing that football around a little; the cheerleaders are found every afternoon practicing for perfection of another new yell, and the Wolverines have already begun to have meetings with the purpose of getting the school spirit up to top notch.

The Wolverines seem to be working diligently on some projects with that very thing in mind—promotion of school spirit. Their qualified president is Judy Biliberry.

Mothers studying fall fashions, kids marking each day off the calendar which has a red circle around the day school will start—August 31, or maybe disgustingly, "Why doesn't summer last all year?" And everyone wishfully thinking about that wonderful winter weather—these are all typical scenes of the month of August...

Mrs. Bill Craig Is Director For Show

Mrs. Bill Craig is director for a Fashion Style Show which will be presented on August 18 at 12:30 o'clock at the Colorado City Country Club.

The newest in sportswear, after five styles, and other fashions will be modeled by teen-agers, children, and adults, according to Mrs. Gordon.

Models for the Fashion Style Show will be announced next week.

On the Committee for the models and merchants, are Mmes. Ben Sparks, Jimmy Kelley, Austin McCloud, and H. Jene Steakley.

The food committee consists of Mmes. Craig, Warren Costin, David Pope, and A. G. Furlow Jr.

Serving on the tickets and publicity committee are Miss Jane Merrill, Mrs. George Smith, and Mrs. Gerald Gordon.

Tickets for the fashion show and luncheon will be \$1.50. They may be purchased from any of the women of the Country Club.

Loss of 500,000 lives and \$10 billion in property is attributed to the War Between the States.

COLORADO CITY SWEETWATER

PITTMAN Furniture FLOOR COVERING

AUGUST 2, 1959

To our many Friends and Customers in the Colorado City Area:

First, and foremost, we at Pittman's want to express a sincere "thank you" for your wonderful patronage of our Colorado City store during the past year and our Sweetwater store for the past decade.

We have enjoyed a fine retail business in Colorado City and look forward to a continuance of your patronage.

However, we have come to the conclusion that we cannot serve our customer's adequately with a partial stock and operation of three or more businesses: Furniture, Floor Covering & Appliances.

For that reason, and that reason alone, we are closing out our furniture and appliance stock in Colorado City—just as we have done recently in Sweetwater—to concentrate our efforts on the largest and most exclusive decorating and floor covering operation in West Texas. Mr. Bud Everett will continue to serve the Colorado City area in this capacity.

Again, thank you for your loyal patronage.

Sincerely: Bud Everett

sources in a county on the basis of scientific research findings. In counties not operating under the Regulatory Authority Act, the game and fish laws are set by the Legislature.
Under regulatory authority, when emergencies such as drought, flood, fire, etc., occur, or if a species is threatened by depletion or waste, new regulations can be passed immediately to protect the species. Under normal legislative procedure (as Mitchell County is now regulated on statewide basis, not local) such action would have to wait until the next Legislative session which might delay action as long as two years.

Another objective of Regulatory Authority is to build up or reduce any species by its carrying capacity of its range in order to develop larger, healthier individuals. By holding a species at or near the range carrying capacity, ample food will be assured for each individual.

In areas where over-population of deer occur and the ratio of does to bucks is greater than it should be, a harvest of doe deer may be recommended to help reduce the deer herd to the level of the food supply. In such areas, the landowner has the final decision as to whether he wants to remove his surplus deer by hunting or let them starve.

The proclamations permitting the hunting of doe deer cannot become valid until the owner, or person in charge of the land, has agreed in writing to the number of doe deer which may be removed by hunting under the regulations of the Game & Fish Commission.

SS Pay For Disability Broadened

Disabled workers who have not applied for social security disability benefits because they are receiving disability payments from another Federal agency, or under a State Workmen's Compensation program, should get in touch with their local social security office without delay.

According to R. R. Tuley Jr., manager of the Abilene social security district office, many such workers can now get social security disability benefits. Moreover, benefits can go back as far as August, 1958, if an application is filed before Sept. 1, 1959.

Under the law in effect prior to Aug. 1958, a worker's social security disability payment was reduced by the amount of any other disability benefit he received under a State Workmen's Compensation program, or from another Federal agency.

In a number of cases this meant that no social security disability payment could be made. As a result, many workers who would not have benefited by the "disability freeze" did not file a claim. These workers should check with their local social security office not later than Aug. 31, 1959, Tuley emphasized today.

A representative of the Abilene office of the Social Security Administration will again be in Colorado City on the morning of Aug. 5 and 19 at the Chamber of Commerce.

Crane Dumps Pony Stars from Meet

Colorado City Pony All-stars runner up in the big tournament ended their season in Abilene, Thursday night at the hands of the veteran Crane All-Stars, 2-0 deficit and advance to the tournament finals undefeated. The Crane crew, last year's C-City lashed out in the sec-

ond inning to gain their lead. Martin Christian kept hitting the ball in the clutch for C-City, driving in their first run and Bill McGuire, the young C-City left fielder pushed across the last one with a single.

The locals found the pitching of Ken Vanzandt hard to hit as they were only able to gather two hits after the second inning. Vanzandt gave up only six hits for the evening and allowed only four free passes.

C-City pitching could not cope with the tremendous power of the oil field youngsters who amassed 12 hits many for extra bases. Leading the attack was big Dave Walker, who went three for five, one being a bases empty homer in the four-run third inning.

Manager Toby Dearen used four hurlers in attempt to squelch the attack. He used starter Charles Houston for three, Tommy Castillo for two, Junior Garcia and Frank Biggers in the last two frames, but to no avail.

C-City gained valuable experience in this tournament with six of the 15 boy squad eligible to return next season.

ACROBATS, AERIALISTS

'The Big Circus' Four Day at Palace

Elephants, tigers, camels, lions, zebras and circus horses, top-ranking acrobats and other stars of the big top vie with a cast of formidable actors in "The Big Circus," opening Wednesday at the Palace Theatre.

Produced by Irwin Allen in CinemaScope and Technicolor for Allied Artists, the film stars Victor Mature, Red Buttons, Rhonda Fleming, Kathryn Grant, Vincent Price, Peter Lorre, David Nelson, Gilbert Roland and guest-star, TV's Steve Allen.

From the Ringling Bros., Barnum & Bailey show, producer Allen brought the flying Alexanders, the finest aerial act in the country today, and young Hugo Zaczehni, "human cannonball."

From Mexico's Ataide Circus came Gene Mendez, billed as "World's Greatest Wire-walker." The Polack Bros. Circus contributed the Ronnie Lewis trio, highladder equilibrist, and famed aerial choreographer "Barbette." Once a trapeze artist with the great circuses of Europe, Barbette is celebrated by Colette in her

(more than the town had seen in one place since the Madison Square rally set for MGM's "Trial" in early '55), and the staging in the arena the great "spec" number with troops of dancing girls, clowns, show girls riding floats, stunt girls riding elephants painted pink, green, orange and yellow.
