WILDCATS TAKE EASY WIN OVER CHILLICOTHE

The Crowell High School football team cinched at least a share of the district championship and the right to represent the district [illegible] for the fifth consecutive time in bi-district play when the Wildcats ran roughshod over the Chillicothe Eagles at Chillicothe last Friday night to the tune of 48 to 6. This left the Cats the only undefeated team in this district, and with only one more game to play. It will be at Paducah tomorrow (Friday) night.

Game at glance:

Crowell		Chillicothe
8	First downs	8
265	Yds. gained rushing	142
56	Yds. gained passing	21
6 of 6	passes completed	3 of 11
	Passes intercepted	0
5 for 32	Punt average	5 for 33
	Fumbles lost	1
3 for 45	Penalties	3 for 25

The Wildcats rolled for three touchdowns in the first quarter, 21 points in the second, and with a sprinkling of reserves playing most of the last half, they scored two more TD's and a safety. The Eagles scored their lone tally in the last quarter on a 55-yard run by Jerry Dunson.

An intercepted pass by guard Dale Henry in the opening minutes of the game set the first score when Jim Mac Gafford, fullback, followed good blocking to score from 28 yards out. It took just five plays to produce another 70-yard march and Crowell's second touchdown. Left halfback Dale Doyal galloped 40 yards to set the counter up. He ran over from the ten. Doyal also produced the two extra points after this touchdown. Right half John Stone intercepted a pass and ran it back 30 yards for the final TD of the first quarter.

Jerry Setliff kicked the extra point to make the count 21 to 0. Stone scampered 25 yards to set up the next score. Halfback Doyal plunged over from the one for this six points. The drive started on Crowell's 44-yard line. Seconds before the halftime period, quarterback Ronnie Bradford, threw a long pass to Doyal, who in turn ran the ball down to Chillicothe's three. The play was good for 79 yards. Gafford again plunged over for the score. Setliff kicked the extra point to make it 34 to 0 at intermission time.

Crowell's strong defense caught an Eagle back behind his own goal stripe to add two more points to the winners' score early in the second half. This was the only scoring in the third stanza.

James Borchardt and Larry Henry, playing in the backfield during the last quarter, scored a touchdown each. The first one was set up by a couple of nice runs of 25 and 12 yards by Bob Borchardt. Larry Henry, substitute back, set the other one up on a 17-yard gallop. Chillicothe's only score resulted from a beautiful 55-yard run by fleet-footed Jerry Dunson just two minutes before the game was over. This left the score 48 to 6 for the Crowell team.

Crowell's defensive linemen spelled the big difference in the lop-sided score. Coaches Thayne Amonett and L. H. Wall emptied the bench during the last half. Two of Chillicothe's regulars were unable to play due to injuries.

Go to Paducah Friday

Crowell will travel to Paducah this Friday night for their last conference game of the season. The Wildcats will receive a rest next week before playing in bi-district.

Firemen to Have "Hook-Up" Contest

Seventeen members of the Crowell Volunteer Fire Department voted their endorsement of the new blood bank established at the Foard County Hospital at the regular meeting of the department last Thursday night. At the same time, they voted to give a donation of $7.50 to the Red Cross.

The department also voted unanimously to give $50.00 to the Cancer and Heart Research Center at Temple in memory of the late Olin Culbertson. Mr. Culbertson devoted many years service in working with the firemen of Texas.

Following the business meeting, one hour was spent in laying out plans and procedure for the hook-up and drill contest to be held on the second Thursday in November. Rules and regulations for the four crew captains and their crews of four members each were established for the contest. The captains are Houston Adkins, Joe Don Brown, Cecil Davis and Norman Davis. Practice on the hook-up race may continue until the night of the contest. Fire Chief Pat Pittillo made a hook-up such as will be used in the contest, in five minutes by himself.

The fire department bulletin board, which is looked after by Chief Pittillo, contains the latest information and communications received by the local department and is very interesting reading.

Present for the meeting were Vernon Whatley, Travis Vecera, Dayton Everson, Pat Pittillo, Charles Branch, Mike Bird, Houston Adkins, Norman Davis, Duane Boren, Frank Cooper, Joe Don Brown, Herman Kincheloe, J. C. Kincheloe, Bill Thompson, Jack Spikes, Jimmy Everson and Joe Glover.

Party Honors Mrs. Walter Williams on 82nd Birthday Friday

Mrs. Walter Williams was given a surprise birthday party Friday afternoon, Oct. 27 on her 82nd birthday at the Thomson Rest Home. Mrs. Henry Earl Thomson was hostess.

Mrs. Kenneth Greening made the birthday cake, which was decorated in pink and white and centered in a large circle of pink roses. Mrs. Thomson poured the punch and Mrs. Alyene Graham served the cake to the many friends and relatives that attended.

Mrs. Williams also received many gifts and cards from out-of-town friends and relatives who were unable to attend.

More Food for An Hour of Labor

According to the American Dairy Association, in 1960 a factory worker was getting a great deal more food for an hour of his work than in 1947-49. For example, in 1960, an hour of factory labor, on the average, would buy 8.1 quarts of milk as against 6.5 quarts in the previous period. And it would buy 2.5 pounds of choice grade beef, up from 1.9 pounds.

Last Rites for Mrs. Viola Shults Held Last Thursday

Funeral services for Mrs. Viola Shults were held last Thursday at 2 p. m. at the First Christian Church conducted by Minister Charles Burgen. Mrs. Shults passed away early Wednesday morning in the Foard County Hospital at the age of 84, following a long illness.

Burial was in the Thalia Cemetery by the grave of her husband who died over 50 years ago. Arrangements were in charge of Womack Funeral Home.

Pall bearers were Tom Ellis, Archie Campbell, George Davis, T. S. Haney, Jim Cook and J. T. Hughston.

Flower bearers were Mmes. Geo. Davis, Marion Crowell, J. B. Rasberry, Darvin Bell, T. S. Haney, Bill Gafford, James Sandlin and Floyd Borchardt.

Mrs. Shults was born May 22, 1877, and was married to J. H. Shults March 12, 1899. They moved to Foard County from Taylor County in 1909. Mr. Shults died Aug. 26, 1910. Mrs. Shults had made her home in Crowell since 1915. She was an active member of the First Christian Church as long as her health would permit, and lived a consistent Christian life. She had been a member of the Christian Church in Crowell for about 45 years.

Survivors include three sons, Glynn Shults of Boise, Idaho, Garland Shults of Oklahoma City and Grady Shults of Arlington, seven grandchildren and 8 great grandchildren.

All three sons were here for the last rites. Two were accompanied by their wives, Garland of Oklahoma City and Grady of Arlington.

Trap Shoot to Be Held at Thalia Sunday

Weather permitting, the Thalia Gun Club will sponsor a trap shoot one-fourth mile west of Thalia Sunday afternoon, beginning at 1 o'clock.

Cemetery Rummage Sale to Be Held Here Next Saturday

The Cemetery rummage sale room has been opened for six Saturdays and will be this coming Saturday. Mrs. N. J. Roberts says "We expect to have our cemetery well gone over before the winter season sets in. Some cedars were killed by the grasshoppers and our caretaker will be glad to dig them up."

Subscribers to the upkeep fund for October were Freida Miller, Childress, $5.00; Ray Brown, $10.25; Mrs. Geo. Hinds, $10.00; Mrs. R. H. Cooper, $5.00. A number of memorial gifts were made in memory of W. B. Johnson, Fred Diggs, Mrs. B. W. Mathews, Mrs. J. H. Shults and Mrs. J. H. McDaniel. The cemetery has appropriate cards they mail to these families.

The flag pole has been re-painted and re-strung.

GRAZING DEADLINE SET UNDER 1962 WHEAT STABILIZATION PROGRAM

Acreage diverted from wheat production to conservation use under the 1962 wheat stabilization program may be grazed until May 1, 1962, according to Jean L. Reeder, office manager of the Foard County ASCS.

The 1962 wheat stabilization program provides for the diversion of land from wheat production to conservation uses. By using the acreage diverted for approved conservation practices, producers earn payments. The program also provides that the diverted acreage is not to be grazed or a crop harvested from it during the year. With a grazing deadline of May 1, 1962, the diverted acreage on participating farms may not be grazed from that date through the balance of the calendar year if the farm is to remain eligible for wheat stabilization payments. In addition, the no-grazing requirement must be met if the wheat from the farm is to be eligible for price support.

Winter wheat producers may apply for participation in the 1962 Wheat Stabilization program any time up to December 1, 1961. An application is necessary for each farm on which the producer expects to take part in the program. Winter wheat stabilization payments will be made only to those who file application at the County ASCS office by Dec. 1.

Contracts covering 176 wheat farms have been signed at the close of business Monday, Oct. 30. This represents 32 per cent of all wheat farms in the county.

Bible Class to Meet in Community Center Next Sunday, Nov. 5

It was announced Sunday morning at the meeting of the Down Town Bible Class that next Sunday, Nov. 5, the meeting will be held in the new Community Center for the first time.

Rev. Glenn Willson brought the message Sunday morning with 23 men in attendance. Rev. Clarence Bounds led the singing and Miss Jeanette Moody was piano accompanist. Dick Todd was in charge of the opening exercises and the business session.

Special efforts will be put forth to have a large attendance at the new meeting place next Sunday.

Opportunity Is Greater Today, Says J. C. Penny

"J. C. Penny looked back on nearly 60 years in the business world . . . and pronounced businessmen now more ethical than ever before.

"This despite charges of collusive bidding, price fixing and deteriorating morals in the business world, says the famed merchandiser, whose name adorns nearly 1,700 stores . . . What about opportunity today? (he was asked).

"'It was never better. No boy left home with less bright prospects than I. I was sickly. I had no money.' But, he'll tell you, he recognized opportunity.

"'I believe opportunity is greater today than in my day,' he said. 'But you must prepare for it and recognize it'."—Braddock, Pa., Free Press.

What the Farmer Really Needs Told by Farm Bureau Officer

Charles B. Shuman, president of the American Farm Bureau Federation, the nation's largest agricultural organization says, "What the farmer really needs is public understanding of the basic fact that his net income has suffered under the twin onslaughts of unrealistic farm price support programs and inflation. What the farmer also needs is opportunity to be free of the shackles of government price fixing and controls so that the food and fiber he produces can be used to fill consumer needs instead of government bins and warehouses . . . Unwise government programs . . . have caused agriculture's distress."

Disservice to All Humanity

"We do not know who coined the prevalent 'chicken' and its explosive inference of superlative cowardice and inferiority, but, whoever it was, did a gargantuan disservice to all humanity.

"Too many young people today would rather do most anything than to be 'chicken' or considered a square . . . How can we make them believe that it takes real courage to be 'chicken' . . .the kind of a teenager who can say 'no' to the crowd, refute the dares and become the solid citizen they term 'squares'?" — Charleston, Tenn., Record.

Hard to Realize

"It's hard to realize these days that this country was founded partly to avoid taxation."—Medina, Ohio, Leader-Post.

More Donations Made for Foard Community Center

Mrs. Henry Borchardt has received the following items for the community center during the last week: two lamps, a dining table, 3 bamboo shades, kitchen curtains, 2 lamp shades, book ends, two chairs, a day bed, and table, and a Dearborn heater from Johnnie Faye Easley; a lamp from each of the following: Mrs. Ancel Hall, Mrs. Floyd Borchardt and Mrs. Jean Halbert; a sofa from Mrs. Jack Spikes; a three-tiered table from Mrs. Veatrice Gentry; linoleum from Mrs. J. B. Fairchild and Travis Vecera.

Jack Seale has received cash donations from the following: Raymond Grimm, Gusta Davis, Florence Black, John Borchardt and J. T. Tamplin.

Mrs. Faye Johnson and Mrs. Beverly Gray, the financial committee from the Thalia community, have brought in donations from the following:

Robert Hammonds, Cecil Carpenter, Charles Bursey, Beverly Gray, Mrs. H. W. Gray, Billy C. Johnson, B. A. Whitman and Mrs. Bill Cates. The committee is still contacting individuals.

Additional money is needed to complete the project, and all donations will go for a worthwhile cause.

Coy Payne Donates Concrete Conduits to Community Center

Coy Payne, commissioner of precinct No. 2 donated five concrete conduits for use at the community center. Bill Bell, commissioner of precinct No. 1, has placed them in the ditch back of the center in order to make a crossing to the kitchen. Gravel has been put on the drive-way leading to the kitchen. Beverly Gray and T. R. Cates Jr. assisted Mr. Payne and Mr. Bell in this project.

The executive committee of the community center is very grateful to these men for this donation of material and labor.

J. T. Brooks Buys Auto Supply Firm At Childress

J. T. Brooks has bought the Childress Auto Supply in Childress from G. T. Smith and is now in charge of the business. He also bought the building and is having it re-modeled, which will include a modern glass front.

Mr. Brooks' son-in-law, Larry Zirkle of Dallas, will be manager of the store and he and his wife will move to Childress from Dallas Friday to make their home.

Mr. Brooks owns the Brooks Auto Supply firms in Crowell and Wellington, also.

Fire Damages Cotton at Barker Gin Wednesday

Eleven bales of cotton at the Barker Gin at Margaret were damaged by fire last Wednesday afternoon. The bales of cotton, which were loaded on a truck for shipment to the compress, were extinguished by the Crowell Fire Department using 3750 gallons of water with a detergent—a good combination for fighting cotton fires.

Fire Chief Pat Pittillo reported minor damage to the truck cab with the bed burned slightly, and damage to the 11 bales of cotton.

United Youth to Meet Sunday Night at Foard City Church

The United Youth organization will meet Sunday night, Nov. 5, at the Foard City Church at 8:30 o'clock. After the devotional is given, games will be played, and refreshments served. All high school youth are urged to attend.

On Low Honor Roll

Dennis Garrett's name was accidentally omitted from the low honor roll of Crowell High School printed in week-before-last issue of the News.

STATE AWARDS CONTRACT TO FINISH FARM - MARKET ROAD TO GILLILAND

A contract for 12.9 miles of construction on F. M. 267 in Foard and Knox Counties has been awarded to a Plainview firm, it was announced in Austin this week by the State Highway Commission.

Bryan and Hoffman submitted the low bid of $117,812 on the project, which will consist of base and surfacing from RM 1919 in Foard County to FM 1756 in Knox County.

The surfacing project is expected to take 130 working days, according to Palmer Massey, District Highway Engineer at Childress.

H. T. Cunningham, Resident Engineer at Munday, will be in active charge of the project while it is under construction.

Wheat and Barley Growers Sign up At A. S. C. Office

Producers of barley who have reported barley for harvest in 1959 and 1960 have been notified as to their payment rates under the 1962 Barley Feed Grain Program.

Intention to participate may be filed at any time through Dec. 1, 1961.

In general, the 1962 program on barley will be similar to the 1961 Feed Grain Program on corn and grain sorghum.

To be eligible for price support on barley for 1962, producers must divert to a conserving use a minimum of 20 per cent of their base acreage and may reduce up to 40 per cent and receive diversion payment.

Contracts covering 22 barley farms have been signed by the Foard ASCS office at the close of business Monday, Oct. 30.

Producers desiring to participate in the barley program and who harvested barley in 1959 and 1960 may still report the acreage to the local office and receive a payment rate.

Service Clubs Begin Meeting in Community Center

The furnishings of the Down Town Bible Class, the Lions Club and the Rotary Club were moved to the Community Center on Monday of this week. These organizations will hold their meetings there from now on.

The floors have not been refinished, and the draperies have not been put up, but this will be done as soon as possible. New linoleum was placed in the kitchen and a range was installed during the week. Work on the living quarters of the caretakers is rapidly progressing.

Methodist Men to Have Barbecue at Church Tonight

The Methodist Men organization of the Crowell Methodist Church will have a barbecue supper and program at the church tonight (Thursday) beginning at 7 o'clock.

Rev. Kenneth Bingham will show pictures of the Holy Land.

All men of the community are invited to be present.

New Housing Loan Program In Effect

The expanded rural housing program, authorized by the Housing Act of 1961, became effective on October 15, according to the USDA. Under the new law, owners of housing sites in rural areas and in small rural communities with not more than 2,500 population may be eligible for housing loans made by the Farmers Home Administration. Previously, these loans were available only to farmers.

Housing loans are made for construction, repair, and remodeling of dwellings and essential farm buildings. The interest rate is 4 per cent per year on the unpaid balance of the loan. Loans may be scheduled for repayment over periods up to 33 years. Application for rural housing loans should be made at the Vernon office of the FHA. Information can be obtained from Joe Burkett, county agent.

Colored School to Resume Classes Next Monday

The Crowell Colored School will resume classes next Monday morning, November 6. These children have been out of school for the past six weeks helping harvest the area cotton crop. They started early in August to make this holiday period possible.

Only eight grades are being taught here this year by the three teachers: Mr. and Mrs. Paul Barree and Mrs. Adell Robbins. The children in the upper grades are attending Booker T. Washington High School in Vernon. There have been about sixty attending the Elementary School here. Their average attendance for the first six-weeks period was 95 per cent.

States and Local Governments in Better Shape that U. S.

". . . The states and local governments are in far better shape than the federal government. Most are operating under balanced budgets, many have surpluses, and few are bumping against their legal debt limits. This, as we are unhappily aware, is not the case with the Federal Government. It's clear that the states and communities are in a better position to pay for what they need than is Uncle Sam."

COOL FRONT BRINGS MOISTURE TO COUNTY

Cloudy skies which hung over this area Monday and Tuesday, brought a total of .63 inch of moisture to Crowell and similar amounts to the rest of the county. The rain accompanied a cool front which moved into this area early Monday morning. Most of the moisture fell Monday afternoon.

The rains caused a temporary halt in the cotton gathering, but it was greatly needed by the wheat and other small grain crops.

High and low temperatures recorded during the past week follow:

Thursday: high 68, low 45.
Friday: high 72, low 52.
Saturday: high 81, low 62.
Sunday: high 85, low 69.
Monday: high 54, low 52.
Tuesday: high 63, low 52.
Wednesday: low 56.

Free Will Baptist Church to Sponsor Box Supper Saturday

Members of the Free Will Baptist Church will have a box supper at the community house on Saturday night, Nov. 4, beginning at 7 o'clock.

There will be a thirty-minute program of special singing preceding the sale of boxes. Proceeds will go to the church.

EDITORIAL

Getting Along with Your Teachers

Establishing and maintaing a good relationship with your teachers is important to you, to the teacher, and to the school, but the main one who will benefit the most is you, the student. If you go to class with the attitude that you are doing the teacher a favor by going to his class, then your lack of interest will block your learning process.

Also, if you can learn to cooperate with the teachers and other people you encounter each day, then you will have a head start toward establishing a firm, friendly relationship with a boss or supervisor in your future career.

Teachers are human, too. When they are affected by disappointments or problems at home, take time out to be sympathetic and understanding; treat them as you want to be treated. Your teacher has chosen his job, not for the pay, but in order to help develop you into a mature and well-educated person. If you fail, the teacher fails, but if you succeed, the teacher succeeds.

Rev. Barker Speaks

On Wednesday, Oct. 25, a message in song and scripture was brought to us by Rev. Vance Barker from Spearman. "He is no fool who gives up what he cannot hold, to gain what he cannot lose," was stressed throughout the message. Rev. Barker is Keaton Barker's brother.

Senior Personality

The senior personality of this week is known as the "Bear Cub." His real name is Jim Mac Gafford. Jim Mac is the treasurer of the senior class, co-captain of the football team, member of the basketball team, past secretary of the Student Council, member of the Spanish Club.

His favorite actor and actress are Rock Hudson and Susan Hayward. Jim Mac's favorite color is brown; his favorite food is Mexican food, especially enchiladas; his favorite subject is math; his hardest is history.

His hobbies include riding horses, teasing everyone, etc.

Besides wanting to finish this interview, Jim Mac's ambitions include getting out of high school, graduating from college, and becoming successful.

Drill Team Jackets Arrive

The drill team jackets have finally arrived. All fifteen members received them with the exception of the drum major, Carolyn Hickman. The jackets are black wool with black leather sleeves and gold emblems and strips. Not only are they attractive but also they are warm. Wonder what boys will be lucky enough to get to wear them?

Library News

There is a new bulletin board displayed in the library office. The display is two hats of Diligrams with a turkey between them; the caption is "Thin Books Can Be Good Books, Vice Versa." Featured books are the thin book, "We Gather Together," a story of Thanksgiving by Ralph and Adelin Linton, and the thick book, "Festivals—U. S. A.," a guide to over twelve hundred annual celebrations held throughout the country, written by Robert Meyer Jr. We thank Bonnie Little for the clever idea for the display.

Sophomores Have Theatre Party

Last Thursday evening, the Sophomore Class enjoyed their second party of the year. Mr. Hesse, the class sponsor, Mrs. Hesse and children, and Mrs. Marlin Thompson accompanied about 25 students to the show in Vernon. After the show, everyone had refreshments. The students wish to thank the sponsor and chaperones for a wonderful time.

Sports in Short

Sports fans, many times at football games there is a lot of action. However, not all of the action takes place on the field of play. As any veteran football fan will tell you, there is a lot that goes on in the grandstands during a pearance.

game. In order to give you a better understanding of what goes on in the stands, I would like to define a few "grandstand football terms" so you can get more out of the next game you attend.

1. Clipping: What a fan gets from a ticket salesman.

2. Quarterback sneak: when a sneaky hot dog vendor short changes you two-bits.

3. Illegal receiver: the "jerk" next to you eats a hot dog which was meant for you.

4. Backfield in motion: noticed when a shapely majorette marches by the stadium.

5. Forward pass: when a 'clod" tries to make out with the blonde in the row in front of him.

6. Fumble: a clumsy "forward pass."

7. Huddle: what happens as a result of a completed forward pass.

8. Pass interference: when the guy sitting next to the blonde just happens to be her husband.

9. Illegal use of hands or arms: what husband of blonde does to "clod."

Well, the mighty Crowell Wildcats made the "Big Red" of Chillicothe look like the "Little Pink" as they crushed the Eagles 48 to 6. The Wildcats really ran wild as they made the home-coming crowd of Chillicothe wish that they had stayed home. The only serious threat of the game came in the third quarter when Mr. Hesse threatened to make me walk home if I didn't shut up. This week the Wildcats' record will be put on the line when they tangle with the Paducah Dragons, our long-time rivals who have an impressive record of one win and seven losses. So let's all join the Crowell Caravan and go to Paducah to cheer the Wildcats on to victory. Slay the Dragons!

ABCs for Better Grooming

A is for awareness. Someone is aware of how you look, so it pays to look well.

B is for beauty. Everyone possesses some beauty in appearance, character, or figure.

C is for charming. A certain amount of charm may be had by cultivating it in manner.

D is for diet. The diet should be watched very carefully.

E is for exercise. One should exercise daily.

F is for foundation garments. To be well groomed, one should wear proper foundation garments.

G is for glamorous. Be full of life, fascinating, not gloomy.

H is for hair. Nothing means more in appearance than for your hair to be well kept.

I is for immaculate. Keep your body clean and clothing spotless.

J is for job. It's a job to be well groomed, so you should work at it constantly.

K is for key to color. Find colors that are most becoming to you.

L is for legs. Exercise them and remove the hair.

M is for make up. Do not use too much and have a natural appearance.

N is for nails. Take care of them and have them manicured for special occasions.

Jokes

Freshman: "Is it true that a mad bull won't hurt you if you carry a flashlight?"

Mr. Myers: "Well, yes, if you carry it fast enough."

Mr. Welch: "Give me the definition of the human brain."

Tim Mason: "The human brain is a wonderful organ. It starts to work when you wake up in the morning and doesn't stop until you reach school."

Mr. Welch: "I see you know—learning from experience?"

A Sunday School teacher was going to discuss the subject of grace at meals, and she asked one little fellow: "What is grace?"

"I dunno."

"What does your father say after the family is seated at the table, just before you start to eat?"

The boy's face brightened as he replied, "Go easy on the butter, kids; it's 80 cents a pound."

PUBLIC NOTICE!

RESIDENTS OF THE 13TH CONGRESSIONAL DISTRICT:

Some of my friends are circulating petitions urging me to run for Congress.

Already, I have seen hundreds of signatures by folks in all parts of this 13th District. Many of them are old friends, some are new friends, and some are total strangers.

They all have one thing in common.

They would like to be represented in Congress by a conservative-thinking businessman. They are fed up with wild-spending professional politicians who are leading us deeper into debt and deeper into the wilderness of the "New Frontier" of Kennedy and Johnson.

I have decided to run for Congress.

I am willing to go to Washington and do what I can to try to stop our break-neck rush to Socialism. I hope you will join me in this fight. It will not be easy to win this race. The pending vacancy is certain to set off a mad scramble among present office holders to further their political careers and to fill the seat with "one of their own" who will go meekly along with the New Frontier.

There will likely be the usual threats of political punishment and economic reprisals to the people of this District if they dare defy the powers in office. I do not believe that our people can be intimidated by public office holders nor bribed with their own money. I believe a majority of folks are ready to stand up and speak up for common sense in government, and that they will give their support to the conservative candidate in this race.

I am ready to serve you in that capacity

Sincerely,

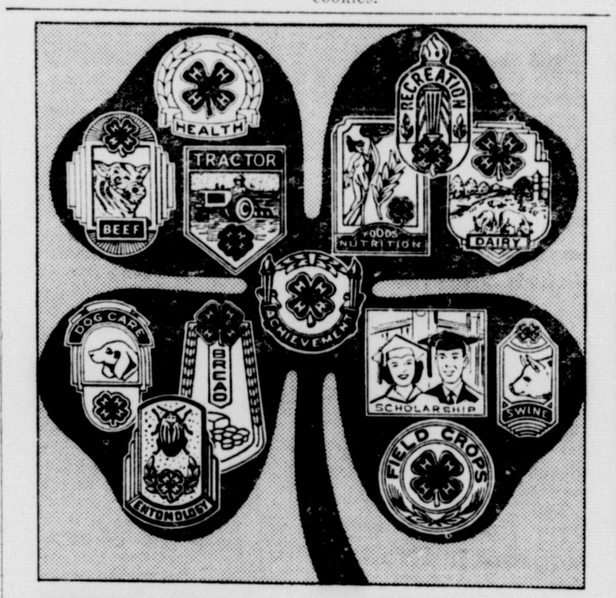

JOE MEISSNER, JR.

P.S. I do not think it is fair to run for one office while holding another. Therefore, I am resigning my position on the City Council of Wichita Falls, effective immediately. My sincere thanks to all for the understanding and support you have given me in that position.

(PD. POL. ADV.)

MEDALS MARK 4-H PROGRESS FOR MANY

Scholarships Aid Outstanding Youth

One 4-H Club member in 14 will qualify for a county medal this year, predicts the National 4-H Service Committee, while the ratio for national scholarship winners will be one in approximately 10,000 members.

The coveted medals shown here represent 12 different 4-H award projects. More than 50,000 boys and girls in virtually every county in the U. S. who have done outstanding work in one of these areas will earn a medal, according to the committee.

Altogether, there are nearly 60 national 4-H projects and scholarship programs participated in by 2.3 million club members. Last year a total of 166,000 medals were won.

Only members over 15 years of age who have been in 4-H at least three years can compete for scholarships and other awards. Younger 4-H'ers are eligible for medals only, one of the first badges of county recognition.

At the national level, around $115,000 in scholarships will be presented to qualified 4-H youth and young adults who were former 4-H'ers. This is a slight increase over last year, the committee reports.

All 4-H award winners are named by the Cooperative Extension Service. Funds for awards come from private business firms and educational foundations, and are administered by the National 4-H Service Committee.

Among the award sponsors are: Ford Motor Co., Olin Mathieson Chemical Corp., E. I. du Pont de Nemours & Company, Standard Brands Incorporated, Oliver Corporation, Ralston Purina Company, Hercules Powder Company, Allied Chemical Corporation, General Foods Corporation, Eli Lilly and Company, John Deere, Moorman Mfg. Co., Humble Oil and Refining Company.

Also, California Chemical Company, Singer Sewing Machine Company, Homelite, a Division of Textron Inc., Sperry and Hutchinson Company, Massey-Ferguson, Inc., Successful Farming (through Edwin T. Meredith Foundation), Elgin National Watch Company, International Minerals & Chemical Corporation, and Whirlpool Foundation.

As the 4-H Club year draws to a close, well over 1,400 top-notch boys and girls look forward to winning the most exciting award of their 4-H career: a sponsored trip to the week-long National 4-H Club Congress in Chicago. More than 200 will receive scholarships at this event.

IMPORTANT NEWS ABOUT U.S. SAVINGS BONDS

How you can turn your E Bond savings into current income while preserving the principal

Effective now, owners of Series E Savings Bonds can trade them in for H Bonds without immediately paying income tax on the interest accumulated.

This new conversion privilege allows you to pay taxes when your bracket may be lower; permits tax money to earn interest for you. This means special benefits for people near retirement, or who for other reasons want the cash interest paid twice a year by H Bonds.

FACTS ABOUT H BONDS: * You buy them at face value. * You receive interest by check twice a year. * You earn 3¾% interest when H Bonds are held the full 10 year maturity term. *Get full information (and order H Bonds) at your Bank.*

JANET CARROLL

The steam iron continues to grow in popularity and has become standard equipment in most homes. If you own a steam iron it is important that you care and clean your iron properly.

For best results, follow these directions for care of your steam iron: read and follow the manufacturer's instructions. Use only distilled or demineralized water. Know capacity and measure correct amount of water. For safety, disconnect the iron from electric outlet when filling. Protect the sole plate from scratches — avoid ironing over pins or snaps.

When ironing is completed turn the steam switch to "dry" to prevent corroding of the valve and disconnect cord. Drain the iron while still hot. When cooled, store in upright position.

To clean the sole plate of your iron, clean while iron is cool. Use mildest method that will do the job—first a damp cloth; detergent, scouring powder or soap filled steel wool. Wipe clean. Rub heated iron over waxed paper, then on dry cloth.

If the vents of the steam chamber become clogged, return to the manufacturer for cleaning.

Thinking of investing in a steam iron? If so, you will want a copy of the new leaflet, "The Steam Iron." Pointers on choosing a steam iron, and practical suggestions for caring for your iron are given in the new publication.

Come by our office and pick up a copy. They're yours—free for the asking.

Should Not Be Frightened into Giving Away Our Freedom

"Civilizations of the past have been shattered, but like the moss on the rock man is still here . . . Does this mean that our civilization could survive an atomic war? No, not necessarily. But it should suggest that were we to go down in defense of freedom all would not be lost. Though we may have to enter into the valley of the shadows we would betray the human race were we to be frightened into giving away our liberty." —Providence, Ky., Journal-Enterprise.

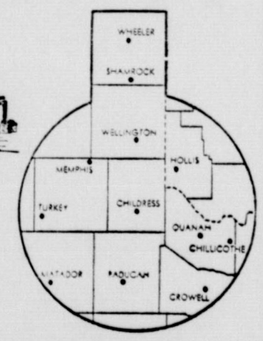

Steps Taken to Assist Refugee Cuban Medics

The American Medical Association has taken affirmative steps toward assisting the 1,200 refugee Cuban physicians who have fled the Castro regime. The steps include the establishment of an office for the exile group in Coral Gables, Florida, and the urging of American physicians to absorb the exiles into their practices under a preceptorship program where the Cuban doctor can receive appropriate training in order to eventually qualify for licensing under the program sponsored by the Educational Council for Foreign Medical Graduates.

New Package For Fluid Milk

Plastic coated containers have been developed for packing fluid milk. These new containers are designed to replace the present wax coated cartons, says Arch Meekma, extension dairy specialist.

The new carton was introduced and became the big attraction at the Dairy Exposition in Chicago last November. It is a variation of the present wax covered carton. It has a polyethelyene coating on the fiber carton. The new carton does not require glue for forming, wax for coating or staples for closing. It comes with the plastic coating already on the carton. All that is necessary is to shape the carton and heat seal into form, points out Meekma.

Manufacturers of the containers say the new cartons will eliminate the costs, inventories and handling of wax, glue and wire; prevent the contact of wax and milk and loose wax particles in the milk; do away with leaky milk cartons, and improve the appearance of the milk package.

Plastic containers are currently being used on a trial basis in several cities and other installations will follow as soon as additional packaging machines are manufactured. It is reported that conversion kits to modify existing cartoning machines will be available in the near future.

Truscott H. D. Club

"Providing food and water for fall-out shelter" was the timely subject discussed by Miss S. C. Kinsey, Knox County H. D. Agent, at a meeting of the Truscott H. D. Club on Oct. 26. She stated that the needs of small children should be considered when planning for shelter supplies and equipment. Methods of storing and preparing foods were given and each member was presented with a guide for reserve food supply.

Mrs. J. R. Brown presided during the business session, which opened with songs, homemakers' creed, objectives of H. D. work, THDA prayer, and games were directed by Mrs. W. O. Solomon and Mrs. Bill Rake.

Members voted to sponsor a 42 party on the night of Nov. 2 at the community center and charge fifty cents per couple.

The hostess, Mrs. W. O. Corder, served refreshments to the members present, Miss Kinsey and a guest, Mrs. C. A. Bullion.

On Thursday afternoon, Nov. 2, the group will meet in the community center to make curtains for the building and on Nov. 9, there will be a meeting at which time a program on "sewing center arrangement" will be given.

T. E. L. Class

The T. E. L. Class of the First Baptist Church met in the home of Mrs. Nola Higginbottom Oct. 26 for a regular social and business meeting. Mrs. Higginbottom was assisted with hostess duties by Mrs. E. A. Dunagan.

Mrs. Arthur Sandlin led in prayer. Mrs. Mary Moore brought the devotional on "Fellowship," using scripture from Acts 2, 41-47. After a short business session, Mrs. Maude Hinds had charge of the social hour in the absence of the social leader, Mrs. May Solomon.

Refreshments were served to the following members: Mmes. Mary Moore, Arthur Sandlin, Geo. Johnson, Curtis Ribble, E. A. Dunagan, Nola Higginbottom, C. A. Powell, Maude Hinds, Mattie Bradford, Frank Long and C. L. Cavin.

Eighth Grade Has Halloween Party Saturday Night

The 8th grade enjoyed a Halloween party Saturday night in the school cafeteria. The room was decorated in the traditional Halloween colors with streamers and mobile witches, black cats and pumpkins.

Games were played during the evening climaxed by the "bobbing" for apples. Refreshments consisting of sandwiches, potato chips, Cokes and candy were served by the room mothers.

The class thanks their sponsors, Mrs. Jean Halbert and Jack Carroll, as well as the room mothers, for the wonderful party.

West Side H. D. Club

The West Side H. D. Club met Tuesday, Oct. 17 in the home of Mrs. Jim Henry. The president, Mrs. Walter Thomson, presided over the meeting. The minutes were read by Mrs. E. A. Dunagan. Roll call was answered with tips on cleaning the kitchen. Mrs. Roy Cooper gave EEE report and announced that achievement day was moved up to Dec. 2. It was voted by the members for each member to give $1.00 to the youth center. Mrs. L. G. Simmons had charge of the program on how to use left-over foods, which was served as refreshments by Mrs. Henry and Mrs. Simmons to the following members: Mmes. Oscar Gentry, Walter Thomson, Roy A. Cooper, Donald Norris, Billy Halencak, Tom King, Jim Free, Arthur Sandlin, E. A. Dunagan, E. H. Shrode, L. G. Simmons and the hostess, Mrs. Henry. The next meeting will be at 2 p. m. with Mrs. Dwayne Boren on Nov. 14.

JOE MEISSNER JR.

Joe Meissner Jr. to Run for Congress

First to make an official public announcement of intention to run for the pending vacancy in Congress for this District is Joe Meissner Jr., mayor pro-tem of Wichita Falls.

Incumbent Frank Ikard is known to have accepted a position in private industry and his resignation is expected momentarily. Ikard is scheduled to begin his new duties on the first of the year, and the special election to name his successor is likely to fall in January, 1962.

Meissner, a native Texan, has lived in Wichita Falls since 1926. He is the son of Mr. and Mrs. Joe Bailey Meissner of Wichita Falls and is secretary-treasurer of the Bailey Meissner Company and of Meissner Industrial Supply Co., dealers in plumbing fixtures and industrial equipment. He is a Marine Corps veteran of World War II and of the Korean conflict. He was educated in Wichita Falls schools and earned degree credits at Rice, University of Louisiana, Oklahoma A&M and TCU.

In his announcement, he classified himself as a "conservative-thinking businessman" who is "willing to go to Washington to try to stop the breakneck rush toward Socialism." Friends of Meissner have been circulating petitions urging him to run and hundreds of names from all parts of this nineteen-county district are already pledged to support him.

Meissner predicts that the vacancy will "set off a mad scramble among present office holders to further their political careers," but predicts that the voters will support the conservative candidate.

He has resigned his position on the City Council to make the race.

Two Minutes With the Bible

PRAYER

Prayer, in Old Testament times, was based upon a covenant relationship with God, or it was an appeal to His revealed nature as merciful, gracious, etc. Today it is based upon the redemptive work of Christ, whose death opened the way for us into the Father's presence. This is why acceptable prayer today is offered "in the name of Christ." With our Lord's departure from this world in view, He said to His disciples:

"I am the way, the truth, and the life: no man cometh unto the Father but by Me" (John 14:6).

"Hitherto have ye asked nothing in My name . . . At that day ye shall ask in My Name: and I say not unto you that I will pray the Father for you, for the Father Himself loveth you, because ye have loved Me . . ." (John 16: 24-27). Thus today we pray directly to the Father, in the name of the Son.

Our prayers, however, are often faltering and sometimes the way is so dark before us that we do not even know what to ask for. Thus Paul declared: "We know not what we should pray for as we ought" (Rom. 8:26). But he was quick to follow this with the declaration that we do know that ". . . All things work together for good to them that love God, to them who are the called according to His purpose" (Rom. 8:28).

This is why he encourages God's people in Phil. 4: 6,7:

"Be anxious for nothing, but in everything by prayer and supplication with thanksgiving let your requests be made known unto God:

"And the peace of God, which passeth all understanding, keep your hearts and through Christ Jesus."

"Let us therefore come unto the Throne of Grace, we may obtain mercy and grace to help in time of (Heb. 4:16).

Interesting Angle to REA Advertising

"One of the most interesting angles of the effort of Arizona Public Service to save taxpayers by using existing facilities to transport power generated at Glen Canyon Dam is the advertising program of the REA company who oppose Arizona Public Service's offer . . . The angle comes from wondering if the REA people can charge the advertising they are doing, and have done, at expense. You'll remember that the U. S. Internal Revenue Service has ruled that free enterprise companies CANNOT charge advertising, defending their business integrity or field of operation, at expense."—St. Johnsons, Ariz. Independent-News.

One Step Nearer to Total Federal Control of Entire Country

"The states of New York, Pennsylvania, Delaware and New Jersey wish to form a Delaware River Basin Compact to develop resources of that rich river valley . . . Unfortunately, federal approval is the barrier. The U. S. must approve such compacts, which is proper. What is not proper is the reason approval is being withheld.

"The Interior Department is seeking to compel four sovereign states to revise the compact to contain preference for public development of power resources. As power is now available over every square inch of this settled area, this means that government would finance competition to some of the most efficient investor-owned, tax-paying utilities in the nation.

"If the federal bureaucrats get away with this . . . we're one step nearer to total federal control of every corner of the country."—Hagerstown, Md., Herald.

1962 Upland Cotton Quotas Released

U. S. Department of Agriculture officials have announced a national marketing quota of 15,714,000 bales and a national acreage allotment of 18,101,718 acres for the 1962 upland cotton crop. The acreage allotment includes an allocation of 100,000 acres from the national acreage reserve to take care of minimum farm allotments.

The referendum on marketing quotas is to be held December 12, and at least two-thirds of the upland cotton producers voting must approve them if they are to be effective.

Based on recent planting and yield trends, the 1962 allotment is expected to produce about as much cotton as will be used in the 1962-63 season, leaving the carryover on Aug. 1, 1963, at about the same level as the carryover for Aug. 1, 1962.

The national acreage allotment for 1962-crop upland cotton will be apportioned to states, state allotments to counties, and the county allotments to farms. Individual farm allotments will be made available to producers prior to the referendum, the USDA reported.

If marketing quotas are approved in the referendum, price support will be available to growers who comply with their farm allotments at such level as is determined appropriate by the Secretary. If marketing quotas are not in effect for the 1962 upland cotton crop, the allotment program will remain in effect and price support will be available to cooperators at 50 per cent of parity.

Under the 1962 quota program, growers who exceed their farm acreage allotments will be subject to penalties of 50 per cent of the cotton parity price as of June 15, 1962 on the excess production. Also, none of the upland cotton produced on the farm will be eligible for price support.

The USDA also announced national marketing quotas and acreage allotments for the 1962 crop of extra long staple cotton. A referendum on these quotas will also be held on December 12.

Solidly Behind President Kennedy

Kenneth Crawford writes, in Newsweek: "Granted that American public opinion is mercurial, all available evidence indicates that it is solidly behind Mr. Kennedy in his handling of the crisis and that it will remain so as long as he 'stands firm.' He is criticized more for doing too little than for doing too much to counter Soviet pressures. Judging from opinion polls, editorial comment and informal soundings, the 'better dead than Red' stickers appearing on automobile bumpers, while they may over-simplify the attitude, nevertheless reflect something of the prevailing national mood. People are fed up with Khrushchev's hypocrisy and bluster. And this isn't because they lack understanding of the consequences of atomic war."

Direct Mail Ads Are Big Business

Direct mail advertising, according to a Newsweek article, has become a $2 billion a year business. One out of every three letters in the average American family's daily mail is an advertising circular. Some 200 companies compile and sell mailing lists, and gross $100 million a year. These lists are amazingly varied. To take just a few examples, they include lists of expectant mothers, Phi Beta Kappa members, new executives, peanut packers, music appreciators, and people interested in metaphysics.

Almost Beyond the Grasp of Man's Mind

The power generated by a hurricane like Carla is almost beyond the grasp of man's mind. The chief electrical engineer of the Central Louisiana Electric Company finds that Carla produced enough power to meet his company's production needs for 8,000 years. The company's power stations have a capacity of 315,000 kilowatts, and can generate 800 million kilowatt hours a year.

High Cost of Crime

"J. Edgar Hoover of the FBI states: 'We complain about high taxes, but last year crime cost every man, woman and child in the United States $122.00, or a staggering estimated total of twenty billions of dollars. Perhaps this figure could become more meaningful if we realized that for every $1.00 spent on education, crime cost $1.45; and for every $1.00 which went to the churches of the nation, $13.00 went to crime'."—Sandersville, Ga., Progress.

Applications Open on Two Management Areas for Quail Hunt

Applications for hunting quail on two North Texas wildlife management areas will be accepted by the Game and Fish Commission in Austin until 8 a. m., Nov. 17. Announcement of the hunting privileges on these two areas has been made by Al Springs, wildlife coordinator.

The hunts will be conducted on the Matador Wildlife Management Area in Cottle County, and the Gene Howe Wildlife Management Area in Hemphill County. These hunts are a part of the Game and Fish Commission research program on those areas, and are not necessarily indicative of high quail population.

A grazing program has just been put underway on these areas, and vegetation is dense and matted. The quail populations are spotted, and hunting will be hard and likely to be disappointing to hunters expecting easy limits.

Application for the hunts may be made by writing to the Game and Fish Commission, Walton Bldg., Austin. Dates for the hunts are:

Matador: December 2, 3, 16, 17, 30, 31 and January 13 and 14. There will be 400 permits for the Matador Area, and the permits will be for a one-day hunt.

Gene Howe: Dec. 9 and 23, and January 6. There will be 30 permits for this area, and hunts will be for one day only.

Only persons 17 years of age or older can be considered for these hunts. The bag limit will be 12 quail, and successful permit holders are urged to take their dogs. The ground cover is rank on both areas, and the loss of cripples and dead birds will be unusually high if dogs are not used.

Gar Fishing Gains Fame as a Pastime

Gar fishing is fast becoming an "in between" pastime for bass fishermen. Individuals who once scorned the thought of ever tossing lures for gar, today are turning to this fish for entertainment. "And they are liking what they find in this fish," reports the director of inland fisheries, Texas Game and Fish Commission.

During the summer months, when mid-day becomes a time to find a shade tree and keep cool, many fishermen are staying on the lakes and enjoying some big fish sport with gar. "This is the second species tagged a rough fish that is gaining a reputation as a game fish," said the director, Marion Toole. "Carp have been the targets of sport fishermen for many years. More and more people are discovering the new kind of fishing fun when tying into a big carp."

It appears that gar, especially the longnose and alligator, are close behind the carp. With the introduction once more of the hookless, nylon bait, fishermen are really enjoying their encounters with big 10 to 20 pound longnose gar.

Like carp fishing, gar fishing is good for what ails a lake. "We at the Game and Fish Commission," reports Toole, "are happy to see these changes in attitudes toward some of our so-called rough fish, for two important reasons. First, it gives fishermen additional recreation, and second, fishermen can have a part in improving fish population balances."

Recent Suggestion

"A recent suggestion . . . urging tax subsidies for newlyweds marks another crackpot attempt to demote Americans into a class of think-not, know-not, do-not clods, stripped of the last vestiges of self-respect, ambition and pride of accomplishment." — Dillon, Mont., Examiner.

"You Can Take It with You"

Austin, Tex.—"You can't take it with you."

That's the thoughtless attitude of the "litterbug," who leaves a trail of trash behind on Texas highways and roadside parks.

The Texas Highway Department asks that you do "take it with you" when traveling, said State Highway Engineer D. C. Greer.

"Summer is the time of year when Texans and their families enjoy the outdoors to the fullest," Greer noted. 'We encourage motorists to enjoy using our highways and roadside parks — but please leave them clean for the enjoyment of others."

Greer urged motorists to follow these simple rules to stamp out litter:

—Set a good example for your children and neighbors by always disposing of trash in a proper receptacle and carrying a litterbag in your car.

—Aid your local civic organizations in making people aware of the need to keep Texas highways beautiful by "stowing" trash, not throwing it.

—Enjoy the picnicking facilities of roadside parks but leave them clean for the next visitor.

Greer commented that a large percentage of the litterbugs are not out-of-state tourists but are Texas residents. "I am afraid that many of our litterbugs are local citizens," he said. "They simply do not think of the consequences of throwing out an empty pack of cigarettes, a napkin, or a bottle and how these items, multiplied by the thousands of motorists who use our highways each day, can destroy the scenic qualities of our highway network."

He pinpointed bottles as the "triple threat" of highway litter. "First, they are the hardest items to pick up among the litter; second, they often break when thrown from a car window and can cause slashed automobile tires or injuries to people who step on them; third, they can be the origin of grass fires caused by the summer sun's rays."

He said the litter problem is especially acute in Texas' 1,000 roadside parks during the summer months when they are heavily used. "We provide disposal units at these parks and ask that they be used."

Tread Softly, But Carry a Big Stick

Ralph T. Moore writes, in the Oregon Voter: "Why can't we pull up our sox, make up our minds, and say to the Russians that they may go so far and no further, and then grimly stick with it? History proves that you can't do business on ordinary, decent terms with a dictator. You have to pursue the Teddy Roosevelt course, tread softly but carry a big stick . . . One cannot but feel deep sympathy and a strong sense of loyalty to our young President as he copes with these tremendous world problems. He will need the wisest counsel he can muster plus the backing of us all. But, we fervently hope that his love of peace does not betray him into disastrous appeasement."

Methodist W. S. C. S. Has Guest Speaker Monday Meeting

The Woman's Society of Christian Service of the Methodist Church met for study Monday afternoon at the church. Mrs. R. Sanders provided instrumental music as members and friends from the Baptist and Christian Churches gathered. Mrs. Grady Cole, who was in charge of the service, called on Mrs. R. J. Thomas to lead the group in singing "He Leadeth Me." Mrs. W. J. Dunn and Mrs. Bob Thomas sang a special song followed with prayer led by Mrs. Clarence Bounds.

Mrs. John Fitzgerrel gave the devotional and introduced the guest speaker, Mrs. M. G. Tarpley of Memphis who presented the study, "Responsible Christian Citizenship" and closed the meeting with prayer.

Mrs. Henry Borchardt and Mrs. Clarence Bounds served punch and cookies to 31 members and friends.

"With this country in debt to the tune of three hundred billion of dollars—with a huge deficit budget in the offing—with educators crying for federal aid—the musicians union at the Metropolitan Opera House thinks the federal government should subsidize the opera company so they can get more money. Wow!"—Farmingdale, N. J., Booster.
