Three-year-old Killed in Car Accident Saturday

Glen Johnson, three year old son of Mr. and Mrs. Lonnie Johnson, was fatally injured Saturday afternoon, July 22, when he was run over by a car driven by his father.

The accident occurred about 3.00 p. m. at the Clark Courts, where the family had been living for two weeks.

Sheriff Claude McKinney, who investigated the accident, said that the child was sitting down feeding his puppy. Mr. Johnson backed his car away from the house, failed to see the child, and struck him as the car started forward, the Sheriff said.

The little boy was rushed to St. Joseph's Hospital, where he was pronounced dead shortly after arrival.

The family had lived in the county since December, coming from Boise, Idaho. They lived near Wellington until two weeks ago, when they moved to town.

Funeral services were held Monday morning at 10:00 a. m. at the First Baptist Church, with the Rev. Howard Jones, pastor, in charge. Pall bearers were Ernest Shoff, Charles Morris, J. E. Bell and Clyde Ingram.

Burial was in the Wellington Cemetery under the direction of the Kelso Funeral Home.

Survivors, in addition to the parents, are two sisters, Carolyn Louise and Patricia; and the grandparents, Mr. and Mrs. L. R. Landress of the Midway community and Mr. and Mrs. W. D. Johnson of Payette, Idaho.

Cochran Receives Pharmacy Cert.

Jimmy Cochran, who is associated with his mother, Mrs. A. I. Cochran in the Cochran Drug, Saturday received his certificate from the State Board of Pharmacy Austin, as a registered pharmacist in Texas.

Mr. Cochran received his bachelor of science degree in June from the School of Pharmacy of the University of Oklahoma, and shortly afterward was certified by the Oklahoma Board of Pharmacy.

Upon receiving his Texas Certificate, Mr. Cochran announced that the store is now installing a prescription department, which will be one of the most modern and best equipped in the lower Panhandle region.

"We are adding to it each week, and we intend to continue until we have a department that will be a credit to this entire area," he said.

Mr. Cochran has lived here practically all his life and graduated from high school here. He served in the Army Air Force from February 1943 until February 1946. After being released from service, he attended Texas Tech, then transferred to South-

Lutie Baptist Revival Begins

BY MRS. JACK LOWRY

The summer revival will begin at the Lutie Baptist Church Sunday, July 30, and continue through Sunday, August 6.

Evangelist J. T. Campbell of Plainview will be in charge of the preaching, and John Winters of Wellington will direct the singing.

"Services will begin each morning at 10:30 A. M., and each evening at 8:00 P. M. You are cordially invited to attend," Rev. Edwin Kettler, pastor of the church, said.

Mrs. Sisk, Children Reach Wellington On Monday

...Mrs. R. L. Sisk and her three children, Bobby, Margaret Rose and Jeannie, who were in Pusan, Korea until the outbreak of the war, reached Wellington Monday and are with her parents, Mr. and Mrs. E. A. Singley.

They were flown from Japan, where they were evacuated when South Korea was invaded, and reached San Francisco at 3:00 a. m. Sunday morning.

Mr. Sisk, who was also in Japan for a time, has returned to Korea with the State Department. Mrs. Sisk said. He is the son of Mrs. Fannie Sisk of Wellington.

Crop Prospects Excellent Despite Continued Rains

Crops in Collingsworth County, which ordinarily suffer from lack of rain in July, are suffering from too much rain.

"I don't think the cotton is hurt, and we can still make a cotton crop in August," J. W. Thomas, county agent, said Tuesday, July 25.

"There has been some effective spraying, and there are fields scattered over the county that already have a bale, and some a bale and a half made," he continued.

On the other hand, there is an increase in the infestation of flea hoppers and boll worm eggs are being found in increasing numbers.

The first time worm indications have been found here in July. Leaf worms are considered a menace which may or may not materialize.

Alfalfa is suffering from the wet weather, and borer damage is being found in the grain sorghums,

Mr. Thomas said.

While farmers were warned to watch for insect infestation in their cotton fields, Mr. Thomas was optimistic over general prospects. In fields that have been sprayed, insect control reporters have reported an average of eight flea hoppers per 100 terminals.

In cotton fields not sprayed, Joe Knoll reported 25 flea hoppers on 60 terminal buds on Monday, July 24. This is double the number found a week previous and two weeks ago only 6 hoppers were found on 50 terminals.

Cotton on the sand isn't growing due to the rain, but here again Mr. Thomas expressed optimism, saying that a dry August will bring it out.

"Fruiting is good on the heavier land where the flea hoppers aren't hurting. In some fields, I have seen setting of three squares on the

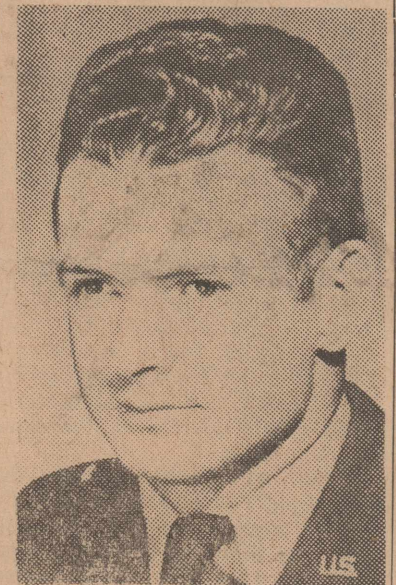

same fruiting limb," he reported.

Mr. Thomas pointed out that while boll worms have never bothered in July before, they are expected when we have rain in August. The moth of the boll worms, he explained, comes in on the south winds, blown up from Mexico. They do not go through the winter here, and there is no way that they can be eradicated from that standpoint.

Alfalfa farmers are finding that in fields now in full bloom, the seed is not setting, since the heavy rains are washing away the pollen. In other fields where the seed has set, the warm days pop open the seed pods, and the seed is then washed out by the rains. It will be several days before farmers can get into their fields to cut those fields now ready, even if no more moisture falls.

Concert Association Begins County-Wide Membership Drive

The membership drive of the Wellington Concert Association, which got under way early this week, will continue for the next 10 days, until Saturday night.

TO EASTERN COMMAND

Lt. George Keller Jr., son of Mrs. George Keller of Wellington, has been transferred to the Far Eastern Command from Fort Lewis, Washington, where he had been stationed since January. Lt. Keller served in the Navy during World War II, then studied at Southern Methodist University before entering the Army.

August 5, Mrs. Sam Gholson, membership director, has announced.

More than 40 workers are contacting prospective members in all parts of the county and Mrs. Gholson said Tuesday evening, July 25, that the Association officers have high hopes for a membership much larger even than that last year.

Co-chairmen in charge of the drive are Mrs. Frank Eikenburg and Mrs. Clark Anderson, while the eight captains working under them are Mesdames Walter Haggler, William Barjenbruch, A. L. Elliott, E. F. Bartlett, Chas. B. Jones, Darvin Nix, Luther Gribble and Orval Vaughan.

"There is a great deal more interest already than was shown last year," Mrs. Anderson said "and we feel that with people of the area familiar with the type and quality of artists offered by the Wellington Concert Association, we will have a successful season."

Family memberships are offered for the first time this year, at \$10 per membership. Individual memberships are \$5.00 and student memberships are \$3.00.

Concerts are booked through the Pryor Menz Service of Council Bluffs, Iowa, successor to the Phil Pryor Service.

Concert Associations in Mammoth, Clarendon and Mangum, Oklahoma, are booking their concerts through the same service and Mrs. Anderson has pointed out that it may be possible for holders of

memberships in the Wellington Association to hear 12 different concerts if they wish to drive to these nearby towns.

Members may bring out of county guests to any concert on their own cards without additional cost.

The quality of the concerts will be equally as high as last year, Mrs. Anderson assured, and members will hear some of these artists at a fraction of the cost in a larger city.

Those in charge of the drive stress that membership is open to every person in the county interested in concerts, and a special effort is being made this year to make the membership county-wide in scope. Any person who is interested, and has not been contacted, is asked to contact one of the chairmen, captains, a worker or the officers, Dr. C. B. Jones or Jack Kopp.

Robert A. Isbell Dies July 17 in Altus, Oklahoma

Robert Auldin Isbell, long time resident of Collingsworth county, passed away at the home of his son, Robert A. Isbell, in Altus, Oklahoma, July 17, at 11:50 p. m. Mr. Isbell, better known here as "Uncle Bob", has been in ill health for the past several months, but his condition became improved, and his death came as a shock to his many friends and relatives here.

Mr. Isbell was born in Tennessee on March 7, 1867, and at the time of his death, he was 83 years, 4 months, and 10 days of age. His wife preceded him in death a number of years ago. He was a member of the Baptist Church.

Mr. Isbell has been a resident of this county for the past fifteen years, and was a retired farmer at the time of his death.

Services were conducted from the chapel of the Ellis Funeral Home, July 18, 3:30 with the Rev. S. T. Greenwood of Allamore, pastor of the Quail Baptist Church, and the Rev. O. E. Long, (Continued on Page Eight)

Fall Delivery

Apply Now For Fish To Stock Farm Ponds

In an interview with Lefty Thomas, county agent, it was revealed that a number of farmers in this county have made applications for fish to stock their farm tanks.

Over a period of the last five years, there have been about sixty tanks in this vicinity stocked. Due to some periods of drouth, some of these tanks have dried up, killing the stock.

The farmers notify Mr. Thomas of their desire to stock their tanks with fish, and Mr. Thomas sends a list of these people to Marion Toole, Chief Aquatic Biologist, in Austin, Texas. Delivery of the fingerlings is made only in the fall.

Farmers in this area placing recent orders for fish are Bob

Mrs. Smith to Bureau School

Mrs. Eddie Smith, service agent for the Collingsworth County Farm Bureau, will attend a school of instruction at College Station from July 30 through August 4. This school is especially for Farm Bureau service agents and insurance agents.

Mrs. Smith acts in both capacities for the county unit.

There's Excitement Due

Dukes; Junior Dukes Slate Games Here

The Dukes of Wellington will meet the two top teams in the Red River Valley League this week Alvin Horton, Duke President, has announced.

The team goes to Dumas Thursday night, July 27, for a double header, and on Sunday, at Marian Airport field, will meet Hobart, Oklahoma.

In Sunday's game, Pete Goodin fanned 11 men and allowed only four hits to give the Dukes a 3-0 win over Altus, Oklahoma, and their fans the biggest thrill they have had in a number of games.

The Dukes got 11 hits off the

Oklahoma pitcher.

Ted O'Neil and Lewis Morris each scored, and Corky McBrayer came up with three hits out of four times at bat. Jim Rinehart, out for more than a week with a ankle injury, was back in the Altus game and turned in a top performance.

"Enthusiasm picked up sharply after the game Sunday, and we're looking for an even bigger crowd to be on hand when the Dukes meet Hobart here this Sunday," Horton said.

Tuesday night's game was rain-

July Rain Near Six Inches; Far Above Usual Fall

The county's wettest and coolest July in many years has reversed the usual order of "hottest and driest."

So far, Wellington has received 5.87 inches of rain, according to J. M. Strong, who has the government rain gauge, and unless the weather clears immediately, there is a good chance that moisture will pass the six-inch mark for the month.

Not a week has passed this month without its moisture, Mr. Strong revealed.

While rain has varied over the county, all parts have been drenched, and many farmers are complaining of too much moisture for their crops.

The heaviest fall of the month came between 2:30 and 3:30 a. m. Tuesday morning, July 25, when 1.9g inches were recorded here. The Quail area also received around two inches, but reports from the remainder of the county indicated considerably less moisture. Only an inch fell around Samnorwood, Mrs. Cecil Brown said, while Mrs. Nadine Birchfield of Dodson said that only approximately a half inch fell there.

Rain was also light in the north part of the county, Cortez Barnett of Lone Mound reported, and Tom Wilson, who lives in the western edge of the county said his ranch received considerably less than fell here.

Farmers over the county reported their fields growing up in weeds, but most indicated they were hoeing between showers.

Funeral for Aged Resident At Royce City

Last rites for Isaac Calvin Hornsby of Royce City, were spoken there on July 24, 1950. Mr. Hornsby passed away here July 22, and at the time of his death, had been a resident here for two years, although he still claimed Royce City for his home.

Mr. Hornsby was born in Tennessee on April 12, 1886, and at the time of his death, he was 88 years, 2 months, and 29 days of age. He was a retired farmer, born the son of John Hornsby and Lena Hawks Hornsby.

The body was taken overland to Royce City by an Ellis Funeral Home Ambulance, and the funeral services and burial were conducted there.

Survivors include these children M. H. Hornsby of Cooper, Texas; W. C. Hornsby of Fate, Texas; Mrs. Etter Wallace of Caddo Mills, Texas; Mrs. Otho Hopkins of Mesquite, Texas; and Fred Hornsby, also of Caddo Mills. Fifteen grandchildren also survive.

Practice Called Skyrocket Band

Rufus Johnson, Skyrocket Band director, made the following announcement this week: All band members and former band members are invited to attend practice sessions of the band to be held Thursday night, July 27, at 7:30, in the band hall. The Chamber of Commerce has requested that as many of the band members as possible to go on the rodeo caravan to go out in the near future.

"You will be helping the Chamber of Commerce, the Rodeo Association, and me if you will come and practice with us," Mr. Johnson said.

Father of Emmett Passmore Dies

Mr. and Mrs. Emmett Passmore have returned home from their vacation, during which time they were called to Elmadale, near Strong, Kansas, by the death of his father, G. H. Passmore.

Mr. Passmore, 73 years of age, had been in ill health for some time.

Mr. and Mrs. Passmore went from here to Minneapolis, Minn., in early July, and received word of his father's critical illness on July 4. En route from Kansas to Wellington, they visited at Norman, Oklahoma City, Seminole and Wewoka.

McKinney, Mauldin in Only County Run-off

In a unique political situation brought about by the county's drop in population, Sheriff Claude McKinney and Tex Assessor-Collector Hubert Mauldin go into the runoff for the combined Sheriff-Tex Assessor-Collector office, which will go into effect when the new officials are sworn in January 1, 1951.

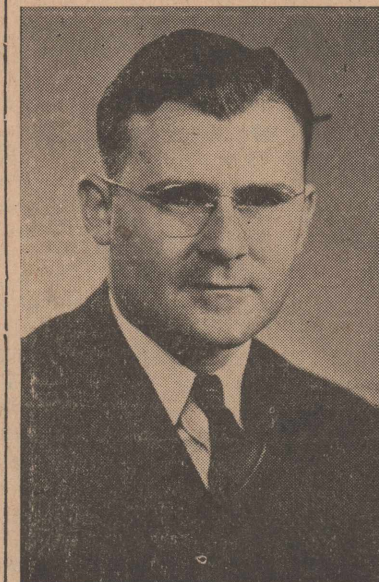

Mr. Mauldin was high by an 8-vote margin in this county race, one of two about which political interest centered during the final days of the campaign. He received 820 votes while Mr. McKinney, one of the Panhandle's veteran peace officers, tallied up 811 votes.

Third in the race was Lester Hunter with 539 votes while Troy Gardner was fourth with 274 votes.

In the other key race, County Judge R. L. Templeton defeated J. W. Holder, 1424 to 1001.

In the only other contested county race, that of district clerk, Mrs. O. E. Dodson won over Mrs. George Keller Sr.

In the Congressional race, Collingsworth County followed the trend of the Panhandle as a whole and named Mrs. Altavene Clark top in the field of four, with Walter Rogers of Pampa second. Mrs. Clark received 624 votes and Mr. Rogers 608. LeRoy LaMaster of Perryton was third with 548 votes and J. Blake Timmons was fourth with 422 votes.

OLD AND NEW QUAIL SUPERINTENDENTS

Hermon Moseley, left, of Lubbock, has been elected superintendent of the Quail Rural High School to succeed Noah Cunningham, who resigned to become superintendent at Whiteface, west of Levelland. This move is an advancement professionally for Mr. Cunningham, since Whiteface is one of the richest school districts on the South Plains. In addition to offering a large increase in salary, Mr. Cunningham is being furnished with a fine, recently completed home. Mr. Moseley, who served as high school principal at Quail from 1942 to 1944, left there to enter the army, and most of the time since being released from service, he has been engaged in business in Lubbock. He and his family will move here in the near future.

School Head to Whiteface

Cunningham Leaves Quail; Mosley Named

Noah Cunningham, superintendent of the Quail School for the last 8 years, has resigned that place to become superintendent of the Whiteface School west of Levelland.

The Quail School Board this week filled his place by electing Hermon Moseley of Lubbock superintendent at Quail and awarding him a three-year contract. In accepting this position, Mr. Moseley returns to the school where he served as high school principal for two years, leaving to enter the Army in 1944.

"We are sincerely sorry to have Noah Cunningham leave Collingsworth County," B. W. Beaird, county superintendent, declared. "I have never seen a man who had the whole-hearted support of a community, or one who did more for a school and community than Noah. The people out around

Quail are of the opinion that what he did was just right."

Altogether, Mr. Cunningham was associated with the Quail School for 10 years. He first served as coach for two years, then became high school principal at Memphis. Several years later, eight years ago, he returned to Quail as superintendent.

He followed a program which gave Quail a well-rounded school system, but he stressed particularly the spirit of co-operation which prevails everywhere, with pupils, parents, teachers and board members.

Taking over the school when the district had an area of 156 square miles, he doubled it until now it has 292.8 square miles. Much improvement was made in the physical plant of the school. The greatest expansion came with the

W. M. Tucker, candidate for district attorney carried Collingsworth, his home county, 1325 to 982 over Allen Harp of Childress, the incumbent, but over the district as a whole he lost out, with Harp receiving two to one approval.

W. G. Hite, present Justice of the Peace, and Raymond Horton will go into the runoff for that office. Mr. Horton was top man in a field of three, receiving 634 votes, to 549 for Mr. Hite and 322 for W. S. Brewer.

Jack Brewer, Commissioner of Precinct 1, won re-election to that place over A. C. Shipley 1047 to 424.

Cortez Barnett, Commissioner of Precinct 4, and W. R. (Buck) Breeding leading the ticket 172 to 153 for Barnett. The third candidate, James Murry, received 60 votes.

Bruce Hite received 872 votes for Constable of Precinct One, to win over Bill Miller, who received 512 votes. John Lee, whose name appeared on the ballot, although he had withdrawn from the race a short time ago, nevertheless had 44 votes recorded.

In the uncontested county race Edward L. Poole asking his first elected term to the office of county attorney, received 2453 votes; J. M. Moore, seeking re-election as county clerk, 2427; Mrs. Dora Ryan, for re-election as county treasurer, 2357; B. W. Beaird, re-election as county superintendent, 2454; L. A. Manzer, re-election as county chairman, 2421; A. F. Knoll, re-election as commissioner of Precinct 2, 203; Pat O'Hair re-election as commissioner of Precinct 3, 249.

In the district races, Grainger McIlhenny, asking a second term in the state legislature, representing the 122nd district, and without an opponent, received 2432 votes; while A. R. Bivins, asking a term as a member of the State Board of Education, topped the entire ballot, receiving 2458 votes.

In the race for associate Justice of the Court of Civil Appeals, Judge W. N. Stokes won over Herbert C. Martin 1223 to 770, although he lost in the district.

In the governor's race, Allan Shivers led the entire field approximately 6-1 in this county; Preston Smith received an extensive lead in the race for lieutenant governor here; and Will Wilson was top in the Associate Justice of the Supreme Court, place one. Robert Meade F. Griffin for place 3.

W. Calvert led for place two and W. Calvert led for place two, and Judge Hobert Nelson led for judge of the court of Criminal Appeals; Robert C. Calvert for Comptroller of Public Accounts; Bascom Giles for Commissioner, General Land Office; and John C. White, for Commissioner of Agriculture.

The vote in the state races follows: Governor: Wellington Abbey Jr., 46; Charles B. Hutchison, 39; Caso March, 183; Allan Shivers, 1921; J. M. Wren, 16; Gene S. Porter, 36; and Benita Louise Marek Lewrenie, 30.

Lieutenant Governor: Preston Smith 745; Virgil Arnold 30; R. B. McAshan, 15; Kyle Vick, 78; W. O. Reed, 90; Clydene Davis Jr., 82; G. C. Morris 211; Ben Ramsey, 132; Fred Red Harris, 66; Roger Q. Evans, 73; Pierce Brooks, 245; and Peyton Elliott Womack, 21.

Attorney General: Price Daniel, 2416.

Associate Justice of Supreme Court, Place 2: Hicks Harvey, 492; Robert W. Calvert, 870; and Alfred M. Scott, 394.

Associate Justice of Supreme Court, Place 3: Meade F. Griffin, 1181; Matt Davis, 152; Robert B. Keenan, 78; and George W. Harwood, 294.

Judge of Court of Criminal Appeals: G. H. (Hobert) Nelson, 1079; Robert L. (Bob) Lattimore, 272; Cecil Story, 111; W. A. Morrison, 73; Joel W. Cook, 47; William E. Mayres, 85; David Wuntch, 22; James Hill Letts, 37.

Railroad Commissioner, William J. Murray Jr., 2413.

Commissioner of Agriculture: J. E. McDonald, 800; John C. White, 852; Tom Faurey, 102; and Charlie McLellan, 134.

Methodist Announce Revival Opening Aug. 2

Dr. Frank L. Turner, General Evangelist, whose home is in Ft. Worth, will lead the revival meeting at The First Methodist Church here, beginning Wednesday evening, August 2, and continuing through Sunday, August 13.

Before entering the evangelistic work, Dr. Turner was a pastor for a number of years, and then was a college president for four years. For the past eight years, he has been leading in the Revival Campaigns, and with splendid results.

An early morning service will be held at 7:00 A. M. in order that the business men may attend. The evening service will begin at 8:00 P. M.

A breakfast will be served in the basement of the church at

6:30 A. M. on the morning of August 3.

"We would like to have a large number of people attend this breakfast, and remain for the service," Rev. Hill said. "The morning services will close in time for the business men and women to get to their stores and offices by 8:00."

"This revival is for people of every faith, who are interested in spiritual welfare of our community, and in the salvation of souls. A very cordial invitation is extended to people of other churches. We have plenty of room, and the church is air conditioned. We solicit your presence and your prayers," Rev. Hill concluded.

Farm Accidents are Highest Now

Farm Safety Week began Monday. We are now in one of the busiest seasons as far as the farmer is concerned, when farm accidents reach the highest point of the year. This is the time to be especially careful with machinery and tools. Thousands of farm workers will be seriously injured or killed because of not following the simple precautions outlined for handling tractors and other farm machinery. Thousands more will be laid up for a week or two because of mishandling axes and other hand tools—many will lose fingers and toes.

With the coming of winter, fires will be an increasing hazard and thousands of homes and outbuildings will burn down, unless precautions are taken. Motor vehicle accidents, a source of the most severe injuries all year round, will be even more frequent than usual, be-

Shortage of Teachers

When observers from abroad report that our children, in the words of John Taylor, are "better fed than taught," we do not like it. Yet there may be increasing warrant for such criticism. The National Education Association has predicted that the nationwide shortage of teachers and classrooms is going to get worse unless something drastic is done. The postwar rise in the birthrate will be reflected in school enrollment in the next few years. At the same time, low school salaries are driving many of the best teachers into other occupations.

Most school systems have raised their pay scales since the war, and some states have enacted new minimums. But as a rule, the raise in the pay of teachers has not been equal to the rise in the cost of living. Nor has it matched the increased rewards available in many other occupations open to teachers or prospective teachers. As a result, the schools do not have as good a choice as they should have in filling their teaching posts.

It will be poor economy to make teaching an occupation to which a man or woman turns only when nothing better is available. It will be bad judgement to make teachers dissatisfied with their lot and ready to turn to radical doctrines and to pass them on to their pupils. It would be just as unfair to expect a teacher to be uninterested in his income as to expect a businessman to show no concern for his profits. If our children are to have the quality of education they deserve, the teaching profession must be made attractive to those best qualified for its opportunities and responsibilities—Dallas News.

Farm Road Advance

The State Highway Commission is getting ready to open bids on the building of 400 more miles of roadway in Texas. Members of the commission will let contracts at Austin July 18-19. It is noteworthy that all but sixty-seven miles of this batch will be for farm-to-market roads.

This is another welcome indication of the vastly speeded-up work of our state highway builders to get the farmer and the rancher out of the mud. State Highway Engineer D. C. Greer reports that 2,200 miles of new farm roads have been placed under construction during the first half of this year. That is more than for the entire year of 1949.

Texans have a right to be pleased

cause of icy roads. Falls in and around houses will continue to be numerous, because of cluttered stairways inside and icy steps outside.

Spring and early summer will bring another rash of tractor accidents, connected with plowing and planting. An average of 10 or more people in every county will be kicked, thrown or stepped on by horses or cows—injuries mostly preventable by proper handling of animals.

All kinds of harvesting accidents will occur during the summer and early fall, harvesting wheat, alfalfa hay and seed, and combine grain sorghums. With children out of school, recreational accidents will reach a peak.

These are a few of the hazards that will lead to accidents in the year ahead. To protect yourself from them—Learn, Remember and Obey Farm Safety Rules.

with the progress made in the last few years in this vital aid to our growers and livestock men. In all, some 9,000 miles of rural roads have been built since 1945. Funds are at hand for another 7,000 miles. Texas is becoming more and more an area made up predominantly of town and city dwellers. But we are fortunate to have brains enough at Austin to realize that our prosperity and our strength depend now, and for a long time to come, on those who make their livelihood directly from the soil. That which serves their prosperity and well being serves us all—Dallas News.

No Land Sale

There is little chance for purchases of land in Hardeman County at this time, regardless of any price that should be offered.

The Buck Creek Philosopher

Editor's note: The Buck Creek Philosopher on his Johnson grass farm on Buck Creek is off on an international topic again this week. We can say this for him, he seems to know as much about the international scene as he does about farming.

Dear editor:

I borrowed a copy of the Wichita Falls Record News yesterday afternoon off my neighbor's tractor seat where he had left it to keep the seat from getting hot while he went to the house for a drink of water, a thick newspaper is hard to get along without in these days of mechanized farming, and went on into the pasture out of sight, don't mind my neighbor getting mad but it's better to have him mad in general than mad at me in particular, can't say as much for a mad woman though, she ain't good for nothing and is dangerous besides, and sat down under my favorite tree and read where the experts in Washington are now worryin about how they're gonna keep up Europe's purchasin power after the Marshall Plan ends in 1952.

Now of course you might argue the experts could spend their time worryin about my purchasin power right now and wait till 1952 to worry about Europe's, but I'm perfectly willin to give Europe the edge just so I'm included.

As I understand the problem, we got to keep up Europe's purchasin power in order to have continued good business in this country, and while I don't want to disturb the international scene, don't want to horn in on Europe's racket, but couldn't I help business out too by havin my purchasin power increased? I ain't sayin I can help it as much as Europe, but I believe I can do it quicker, as there ain't no ocean between me and the goal.

Right now I can think of two or three dozen major items I could use, which are waitin in town in the stores ready to be sold, provided the government would stimulate my purchasin power.

I'm in favor of helpin business,

but I'd like to get in on the helpin a little myself. Lack of purchasin power ain't no exclusive European problem. I've had the same trouble out here for years.

Yours faithfully,

BIBLE COMMENT
FOR JULY 30

Paul Gave America Christianity

Paul's journey into Europe from Asia, prompted by a vision, was the vital beginning of the organized movement of Christianity. We owe the eventual spread of Christianity to America to Paul's zealous obedience to that man of Macedonia, who appeared in Paul's dreams, saying, "Come over into Macedonia and help us."

It is a pity that Paul is not here in this country today to champion the cause he pioneered. Without a doubt, he would have weighed the Gospel against all forces of modern civilization and acknowledged it as the only hope of a world torn by fear, violence and uncertainty.

It is certain that Paul, founder of Christianity, would have hurled the question, "What are you doing to send and spread the gospel to others?" at our modern-day mid-century civilization.

There are still dark places in the world that can only be enlightened by missionaries who display the enterprise that won Paul his success and fame. Like the man of Macedonia, truth-hungry peoples abroad are uttering the cry, "Come over and help us."

Those of us who doubt that their need is pressing are surely unobservant and unacquainted with the world's realities.

Paul's crossing into Europe which resulted in the Epistles, should remain a constant example of what can be achieved as a

Looking Ahead With George S. Benson

"AS FREE MEN WE PROCLAIM"

Recently, this column mentioned that in my travels around the country there had been observed the beginning of "an awakening of significant proportions" at the grass roots. People in the cities and towns visited were telling me they'd begun to realize the fuller import of things happening in our nation and were anxious to do something to help safeguard the American way of life.

Since writing the column, many further signs of the awakening have been observed. There has been evidence too that a great many people have begun actually to do something to safeguard liberty against internal encroachment. I've just received in my mail a most inspiring piece of evidence. It was sent to me by an Ohio friend. It is a full page advertisement published in the July 3 issue of the Advertiser Tribune, of Tiffin, Ohio, an industrial city of 18,000.

ANOTHER LIKE IT

This advertisement reminded me in many ways, of the historic document I viewed one winter's day two and a half years ago in a coach of the Freedom Train. It was the original Declaration of Independence. Reading that great declaration of freedom and seeing the scrawled signatures of men like John Adams, Benjamin Franklin and Thomas Jefferson

filled me with mixed emotion—tingling pride and reverent gratitude. Now I have experienced a kindred sensation while reading this advertisement that came in the mail. It carries a great proclamation and affixed to it are the penned signatures of 410 people declaring themselves gloriously free.

It must be passed along. Here it is:

"As Free Men We Proclaim—Our Belief in the divinity of God, the dignity of man and the destiny of our country.

"Our Belief that man shall live by the sweat of his brow.

GETTING ON RECORD

"Our Belief in a fair day's work for a fair day's pay.

"Our Belief that a man should live within his income and pay his honest debts, and that our government should operate on the same sensible basis.

"Our Belief that under the American Way of Life we already have a higher standard of living than any other governmental system has ever offered—let alone delivered.

"Our Belief that as free men, proud of our achievements and jealous of our rights, there is no place in our midst for communists, fellow travelers and other cranks who by wild accusations and empty promises would lead us down the trail to political and economic slavery.

"Our Belief that it is our duty as free men to speak out in defense of our American way of Life and to go on record to that end . . . May God be with us."

DECLARATION FOR 1950

The signatures penned to this document were not those of members of the Sons of the American Revolution. Nor was it a politically inspired advertisement. All the people who signed it are industrial workers—men and women employees of an industrial health manufacturing company, Basic Refractories, Inc., with plants at Maple Grove and Bettsville, Ohio. I'm informed that one of the workers got the idea for the advertisement, discussed it with some of his fellows and found spontaneous response. The workers themselves wrote the proclamation and paid for the ad. The company had no part whatsoever in the project.

What a grand thing it is! It is passed along here as an inspiring example for people in every community in America who want to do something for their country. If enough people would thus publicly pledge themselves to actively support such a sound American credo no harmful movement or trend arising within our nation could ever badly injure or menace our freedom. These industrial workers in Ohio have given us a splendid 1950 Declaration of Independence.

Father of Roy Billingsley Dies On Visit Here

BY MRS. E. L. RANKIN
J. Billingsley, 80, of Clarksville, father of Roy Billingsley of Dozier passed away in the Shamrock General Hospital early Saturday morning, July 22, after suffering a heart attack Friday afternoon. He and his wife came to the Roy Billingsley home less than a week ago to spend a few weeks visiting with the family. The body was taken overland by ambulance to Clarksville where the funeral services and burial were conducted Monday. Attending the funeral in addition to the Roy Billingsley family were Mr. and Mrs. W. R. Breeding and Mr. and Mrs. Odie Offutt of Samnorwood.

HE DIDN'T GET AWAY

One whopper that didn't join the fabled ranks of those that got away was this 535-pound tuna, landed by Joe Deveraux off Freeport, L. I. Joe, mate on a chartered fishing boat, tossed a line overboard after eying the sport of his paying passengers. Minutes later, he proved the odds are with the house.

We are ready for some sunshine and drier weather.

Mr. and Mrs. Ray Wooldridge and son, Leslie Kent, if Pampa are here for a two weeks visit with their parents, Mr. and Mrs. R. A. Williams, and Mr. and Mrs. Leslie Wooldridge.

ROUNDUP

By THELMA WAYNE JOHNSON

Mr. and Mrs. Jewel Sheffield and family were supper guests in the C. E. Simpson home Sunday night.

Dave Walker visited Wayne Johnson Monday.

We have had around four inches of rain here this past week. Everyone was very proud of it.

Mr. and Mrs. Mish Dukeminier of Wellington have been staying here in their new lodge. It is one of the nicest homes in the Roundup community.

Rev. and Mrs. E. W. Miller of Abilene have been visiting some of their former neighbors here, Mr. and Mrs. James L. Light. The Millers formerly owned the Aberdeen store and postoffice, and Rev. Miller preached here for a number of years.

DOZIER

BY MRS. E. L. RANKIN
Rev. Cleveland filled both Sunday appointments at the Methodist Church here Sunday. Good crowds attended.

Rev. Cleveland had the misfortune to receive a broken right arm in a fall from a scaffold. He was working on a house, and the scaffold on which he was standing gave away, causing the accident.

Elder Stonecipher filled his appointments at the Abra Baptist church Sunday.

Visiting in the Frank Mayo home last Wednesday night were his parents, Mr. and Mrs. J. A. Mayo of Whitesboro, and his nephew, Mr. and Mrs. Travis Mayo, and daughters of Independence, Kansas.

Forrest Ezell made a business trip to Detroit, Michigan, recently.

Mr. and Mrs. Marvin Caperton, who have spent the last two weeks here, returned to their home in Albuquerque, New Mexico, Saturday. Mrs. Caperton's sister, Miss Lanora Phillips, went home with them for an extended visit.

Rainfall in this area amounted to 2.8 inches in a three day period.

PERSONAL

Mrs. Harvey Jones, who has been with her husband in the wheat harvest in Kansas, Colorado, Nebraska, and South Dakota, has returned here and resumed work in the Cactus Cafe.

Mrs. John French was in Lubbock this week end visiting her son, Mr. and Mrs. John French, Jr. and Randy. She was joined there by her brothers, Mr. and Mrs. A. J. Hill and family of Midland, and Mr. and Mrs. Joe Hill of Dallas.

Mr. and Mrs. W. A. Fulcher and Judy Carol of Wichita Falls were here this week end visiting his mother, Mrs. Eva Fulcher.

Mr. and Mrs. H. H. Caraway of Hale Center and Dahl Waters of DeNaire, California, were here last week visiting in the home of Mrs. Nora Williams.

Mrs. John Roberts, who was in Chicago, Illinois, recently visiting her son, Mr. and Mrs. Clois Roberts, Dean, and Darryl, has returned and resumed operation of her beauty shop. The children returned with Mrs. Roberts for an extended visit.

Proper Method Of Freezing Peaches Needed

COLLEGE STATION — Freezing is one of the newer methods being used for preserving peaches and when properly done is very satisfactory. According to Louise Mason, extension foods and nutrition specialist of Texas A. & M. College, several factors are involved in the selection and preparation of the fruit and in the freezing process that must be given careful attention if the results are to be satisfactory.

She says the best varieties for freezing are Elberta, Hiley, J. H. Hale, Hale Haven and Frank. The peaches to be frozen should have reached the choice eating stage. This means firm, evenly ripened fruit of good quality.

After the peaches have been selected, they should be carefully washed and peeled. They should be treated to prevent discoloration and she says there are several products available for doing this job.

Ascorbic acid, vitamin C, is one of them. It is available in powdered and tablet form and she says that one and a quarter of the 100 milligram tablets should be used for each pint of fruit or one-half teaspoon of the powdered ascorbic acid for each quart of syrup. The ascorbic acid should be dissolved in the syrup before it is poured over the fruit, she adds.

Citric acid is also recommended for preventing discoloration. She says to dissolve one-fourth of a teaspoon of citric acid in one quart of cool water and to leave the fruit in the solution only 15 or 20 minutes, then remove, place in containers and cover with a sugar syrup.

Miss Mason says there are several commercial preparations available on the market that are recommended for preventing discoloration but if they are used, the manufacturers' directions should be carefully followed.

She lists the following as the essential steps in freezing peaches. Select fresh, firm and ripe peaches. Wash them well, peel and

remove the seed and halve or slice. Then treat to prevent discoloration. Package the fruit in the containers for freezing and cover with sugar syrup. The syrup can be made by dissolving three cups of sugar in one quart of water or she adds, dry sugar may be preferred to the syrup.

Next, she continues, place crushed waxed paper or cellophane on top of the peaches to keep them under the syrup. Seal the containers and quick freeze immediately. Miss Mason says that when frozen peaches are properly prepared and stored, they will retain their good quality for at least one year.

Visitors here Sunday in the home of Mr. and Mrs. John Roberts were their son, Mr. and Mrs. Charles Roberts of Pampa, and Mrs. Robert's brothers, Mr. and Mrs. A. J. Hindman and F. C. Hindman of Pampa.

Mr. and Mrs. Monroe E. Ritchie and children spent Sunday afternoon in the home of Mr. and Mrs. Dale Fleming, near Quail, Texas.

Be Sure to Show Your Social Security Card

"Working on a job without showing your social security card to the employer is as big a gamble as putting money in a bank without giving your name," says J. R. Sanderson, manager of the Amarillo social security office. "Your wages can't be posted to your Old-Age and Survivors Insurance account without your social security number."

"Every three months," Sanderson says, "your employer must report your wages to the Social Security Administration to be posted to your Old-Age and Survivors Insurance account. During this month he will make his quarterly report of wages paid during April, May and June. He must show the number of your account on the same line with your name and the amount of wages he had paid to you. The number on your social security card is the number of your insurance account. If you don't show your card to your employer, he can't have your account number on his report. And you can't get credit for your wages."

"You want to be certain that all of your wages are posted to your account," Sanderson said, "because the retirement or survivors benefits that you and your family will collect is a percentage of the wages that have been entered into your account. The way to assure that all of your wages will be posted is to show your social security card to each employer at the time that he puts your name on his payroll."

Traffic Accidents Killing Third More This Year

Traffic accidents in Texas are killing about one-third more people this year than were killed last year according to Colonel Homer Garrison, Jr., Director of the Texas Department of Public Safety.

"If this rate continues," Colonel Garrison said, "there will be 2,500 lives lost in traffic accidents during 1950 and that will be 540 more than were killed during the year 1949."

During the past twelve years the highest toll for the month of May was in 1947 when 160 were killed. A preliminary figure for May 1950 is 202 deaths and complete reports for that month will push the total to 225.

Speed is the number one killer, Garrison warned, in that it claims one out of every three traffic deaths. Somehow we must impress upon drivers that when they have an accident while driving at excessive speed the resulting impact is more than bodies will stand.

In an effort to reduce this mass slaughter, the Highway Patrol Division has received instructions from Chief W. J. Elliott to curb speeding on Texas Rural Highways where traffic deaths have increased 24 per cent.

Mr. and Mrs. Buck Judd, Reggie and Janet of Amarillo visited in the Edgar Lockhart home this week-end.

Reserve Officers Urged to Renew Their Commissions

AUSTIN — Hundreds of Army Reserve officers whose commissions expire this year will be given an opportunity to seek reappointment for five more years, Colonel Oscar B. Abbott, Chief of the Texas Military District, announced here today.

Although current appointments in the Organized Reserve Corps are valid for six months after the official termination of the war, the Department of the Army has adopted the policy of renewing the appointments of eligible reserve officers on the fifth anniversary of their current appointments. This policy is intended to permit a phased program for reappointment and to facilitate administration.

Colonel Abbott said that his staff will commence mailing reappointment application blanks to eligible officers on or after August 1, 1950, and requests that reservists wait until they receive their application blanks before taking

any action toward having their appointments renewed.

The great majority of ORC commissions will be five years old late this year and early in 1951 — the anniversary of the big post-war separation period.

Mr. and Mrs. V. C. Norman and daughter, Sammy Lou, of Vernon were here this week end visiting his brother, Mr. and Mrs. E. J. Norman, Sammy Lou remained for a few days visit.

Mr. and Mrs. S. S. Baird of Salidas, California, were here this week end visiting his children, Gene and Patsy Baird, Mr. and Mrs. Don Baird, and Mrs. Sam McGill.

Mr. and Mrs. C. L. Christian of Decatur visited recently with her sister and brother-in-law, Mr. and Mrs. Dewey Ellis. They were en route home from a vacation in Colorado.

Mr. and Mrs. Hobart Melton of Santa Rosa, California, have been visiting Mr. and Mrs. Freeman Melton and Mr. and Mrs. C. E. Killingsworth here recently. They also visited Mr. and Mrs. E. G. Pierce at Marella. They went from here to Liberal, Kansas, where they will visit Mr. and Mrs. Her-

man Melton. They will go on to points in Iowa where they will attend a family reunion of Mrs. Melton's family. Mr. Melton is the grandson of the late Mr. and Mrs. H. Melton of Marella.

CARD OF THANKS

We take this means of expressing our deepest appreciation for the flowers, the sympathy and the many acts of kindness extended us at the death of our son, brother and grandson, Glen Johnson.

May God bless each of you. The family of Glen Johnson

Lutie H. D. Club Meets July 21

BY MRS. JACK LOWRY

The Lutie Home Demonstration Club met Friday July 21, in the home of Mrs. Jim Dodson.

The meeting opened with the singing of "Follow the Glean" followed by a prayer by Mrs. Grant Jolly.

The recreation committee composed of Mrs. Tate, Mrs. Lowry, Mrs. Roach, and Mrs. Deger is to decide on a community affair to be sponsored by the club, and this will be announced at a later date.

Miss Jo Wylie gave an interesting demonstration on the selection of small utensils for the kitchen.

The next meeting will be in the home of Mrs. Grant Jolly on September 1. No meetings will be held in August. Officers for the

coming year will be elected at the next meeting, and all members are urged to be present.

CARD OF THANKS

Uncle Bob Isbell's family of Altus, Oklahoma, Mr. and Mrs. Robert Isbell and children, Robert Jr., Phyllis and Sherri; and Uncle Bob's former wife, Mrs. Liza McClellan, who so faithfully helped nurse him during his illness, asked me to thank all you good friends for your kindness to them during their sad hours. They were strangers to you, but you have stood by like only good christian people can. We especially want to say an extra thank you to Rev. Greenwood, and the members of the Fresno Baptist Church of which Uncle Bob was a member. May God bless you all is the wish of all the Isbell family of Wellington and Altus.

Mrs. R. H. Isbell

ABSOLUTELY NO Contributions to Solicitors OR Purchases from Salesmen Unless Authorized by Wellington Chamber of Commerce

This Card is Your Protection

The Wellington Chamber of Commerce will give a letter of approval to solicitors and salesmen whose products and causes have been investigated and found as represented.

Ask to see this approval. No person having it will object.

Do not buy from any itinerant salesman, or contribute to any cause without Chamber of Commerce Approval. To do so invites those who come here to fleece the public.

Help keep fly-by-night salesmen and solicitors out of Collingsworth County. Display the above card in your business or home. They are free for the asking.

This protects you and your dollars. It protects legitimate salesmen and solicitors.

Clement-Davis Vows Spoken

Miss Peggy Clement, daughter of Mr. and Mrs. Charlie Clement, who live in the north part of the county, became the bride of Donald Davis, son of Mr. and Mrs. C. A. Davis of Abra, Sunday July 9.

Vows were exchanged in a double ring ceremony in the home of Rev. Carl Lamb of Lela, Pastor of the Lone Mound Baptist Church, Rev. Lamb officiated at the ceremony.

The bride was attired in a white sheer street-length dress, designed with a fitted bodice and full flared skirt. She wore a small off-the-face hat with a brief veil. To accent her costume, she wore a necklace and earscrews with matching sets, and a gold wedding band which belonged to her great-grandmother, Mrs. Lucy Montgomery. She carried a white Bible topped with orchids and showered with white satin streamers.

The bride's mother was attired in aqua with beige accessories. The mother of the groom wore a rust dress with brown and white accessories.

Following the ceremony, the

couple left for a wedding trip to Amarillo.

The bride attended Shamrock High School and prior to her marriage had been employed at the AVC Store.

The bridegroom, who is associated with his father in farm and ranch interests, was recently discharged from service with the U. S. Army. He is a graduate of the Samnorwood High School with the class of 1947.

The couple will make their home in the Abra community.

Those attending the wedding were the parents of the couple, the bride's sister, Mrs. J. L. Bra-shers, and the bridegroom's brother, Ralph Davis.

Staats Hays Vows Read July 22

In a single ring ceremony read by the Rev. Lester L. Hill at the parsonage of the Methodist Church, July 22, 2:30 P. M. Mrs. Sue Staats, daughter of Mr. and Mrs. George Brawley of Wellington, Route Three, became the bride of Calvin M. Hays, son of Mr. and Mrs. B. F. Hays, of Vinson, Oklahoma.

The bride was lovely in a two piece dress of blue satin, with which she wore pink accessories, and a corsage of pink carnations. Miss Laverne Ware attended Mrs. Hays as maid of honor. She wore a pink dress with white accessories, and a corsage of white carnations.

Perry Hite served as best man at the ceremony.

Mrs. Hays is employed in the County Court house as a secretary and typist, while Mr. Hays is engaged in farming near Wellington. The couple will make their home here.

Clinic X-Ray Department photo showing Dr. Green making spinal X-rays to locate the cause of nerve interference found during the spinal analysis. Any part of body or spine may be brought into clear view for examination. When the cause is located it can be corrected. Case histories published here are from the files of Palmer Chiropractic Clinic, Davenport, Iowa. They are displayed here to show the extent of Chiropractic.

KIDNEY TROUBLE

CASE NO. 1459: A lady of 44 years complained of kidney trouble, albumen and pus on test, full feeling, backache, legs ached, eyes swollen, hands swollen, excessive nervousness headaches two or three day a week, colon trouble and low blood pressure. Had an operation on female organs. Finally came to the Chiropractic Clinic where an analysis of the spine indicated defective nerves. X-rays located the causative vertebral subluxation and adjustments brought about a correction and the case reported feeling fine at the end of the period of corrective services recommended.

STOMACH TROUBLE

CASE NO. 1533: A married

lady of 40 years was being treated for the change of life and suffering from indigestion, stomach trouble, nervousness, sinus trouble, headaches, tender bladder and arthritis, none of which had responded to any past treatments. A spinal analysis revealed the cause to be in her spine. Corrective adjustments restored alignment. She was discharged feeling grand, able to eat as she pleased without discomfort, and without a single pain complaint.

SCIATIC RHEUMATISM

CASE NO. 2392: A man age 55, came to the clinic complaining of a pain in left leg, gas in stomach, drowsy, dizzy-headed feeling, dull headaches, backache, nervous shaking in left side and low blood pressure. A

spinal analysis and X-rays revealed a nerve interference. Adjustments were begun and in time he reported all symptoms gone and that he was feeling fine.

HEADACHES

CASE NO. 1910: A young woman, age 30, came to a clinic, complaining of headaches with nausea, dizziness, aching in back of neck, head and shoulders; was very nervous, had alternate spells of constipation and diarrhea; blood pressure was low and she had nervous dermatitis. X-rays and spinal analysis revealed the cause of those symptoms in the spine. Corrective adjustments restored the spine to normal and when patient was discharged, she had no complaints.

Loco News

By Bethine Adkins

The election had the spit light here this week. The election was held at the Loco school house, with R. R. Crawley, L. M. Bartlett, L. C. Leathers, and Cliff Campbell presiding at the ballot boxes L. A. Sachse, who was unopposed, is our county commissioner.

Rain has fallen here almost every day this week. The hoe hands are continuing their work in spite of the muddy fields. The weeds are really thriving on all this moisture.

Church attendance was good here Sunday. The B. T. U. and the M. Y. F. holds regular Sunday night services. All the young people are cordially invited to attend.

The ladies of the community are busy canning peaches, black-eyed peas, okra, and squash. All the gardens are producing abundantly on all this rain.

The grasshoppers and leaf worms are busy doing damage to the crops. Airplanes can be seen flying low over the fields leaving a trail of frosty spray to kill these pests.

Mr. and Mrs. Tiffin Young, Glen Young, and Joe Bob Wyrick went to Flagler, Colorado, this week where they visited Mr. and Mrs. Tiffin Young, Jr., and Mr. and Mrs. W. W. Hagerman, Wayne and Dortha. The group is in the harvest and were cutting wheat for Mr. and Mrs. Howard Cayton. Mrs. Cayton is a sister of Mrs. George Adkins. Mrs. Tiffin Young Jr. returned home with them.

Mrs. Young reported the wheat in Colorado is good, yielding from 25 to 35 bushel to the acre. There is little or no wheat in southern Colorado, but the drought was not as severe in the central and northern parts of the state.

Mrs. Edith Belev returned this week from Smokey Hill, Kansas, where she has been visiting her husband, Herman Belev, who is in the harvest. The group was moving on to Alliance, Nebraska.

The highway department used the mower along the new highway here this week. The Johnson grass is getting a head start on them. A number of people from this community attended the "Appreciation Day" in Wellington Wednesday afternoon.

Mr. and Mrs. Jake Lawrence visited Mr. and Mrs. Paul Guthrie in Childress Wednesday.

Mr. and Mrs. Silas Crawford purchased a new car this week. The Frank Campbells are driving a new pickup.

Mr. and Mrs. M. L. Adkins and family, and Mr. and Mrs. Wyatt Adkins were Childress visitors Monday.

Mrs. E. V. McClendon attended the bridal shower honoring Miss Jo Ann Thompson, bride-elect of

her son, Wayne McClendon, in Wellington Friday night. Mrs. G. K. Patterson of Buck Creek, and Mrs. Lillian Branch of Wellington were visitors in the Jack Brown home Friday. They took Mrs. Brown and Johnie Lee to Memphis, where the little boy was treated for a bruised thyroid gland. He is doing very well now.

The bridge west of the Forrest Lemley house has been repaired and the traffic is going over it now.

Mr. and Mrs. Lewis Stamps and family of Burk Burnett, and Mr. and Mrs. Alton Lewis of Shreveport, La., visited with Mr. and Mrs. W. C. Minter Thursday. The Stamps family formerly lived here a number of years ago.

Rev. W. E. Brown and his daughter, Mrs. Chester Rock, of Chilcothe visited Mr. and Mrs. G. T. Austin Thursday.

Edd Crowder of Dodson visited in the W. M. Durfee home Monday afternoon.

Sidney Elmore and Bill Shrum of Fresno visited at the Loco Store Tuesday Morning.

Mrs. W. F. Harbin is on the sick list this week.

A number of people here attended the Old Settlers Reunion at Childress Tuesday. Some of the oldest settlers of the county live in this community. The W. D. Durfeys, the M. L. Adkins, Mr. and Mrs. Clair Lawrence, Mrs. W. B. Wyrick, Mr. and Mrs. Jake Lawrence, Mr. and Mrs. W. M. Durfee, Mr. and Mrs. G. W. Adkins, Mr. and Mrs. Frank Campbell, and Mr. and Mrs. Cliff Campbell are few of the oldest settlers here.

Mrs. M. L. Adkins and Elizabeth and Mr. and Mrs. W. L. Adkins visited Mrs. Lena Ashcraft, Jim Jackson and family, Mr. and Mrs. James Ashcraft, and Miss Emma Ashcraft, all of Clarendon, Tuesday. Mr. and Mrs. Adkins went on to Spearman where they visited Mr. and Mrs. W. L. Thompson, Mr. and Mrs. Clarence Mitchell, and Miss Neta George.

C. T. Donnell of Wellington visited his farm here Thursday afternoon.

Burl Brim of Bethany, Oklahoma, visited in the John Brim home this week-end.

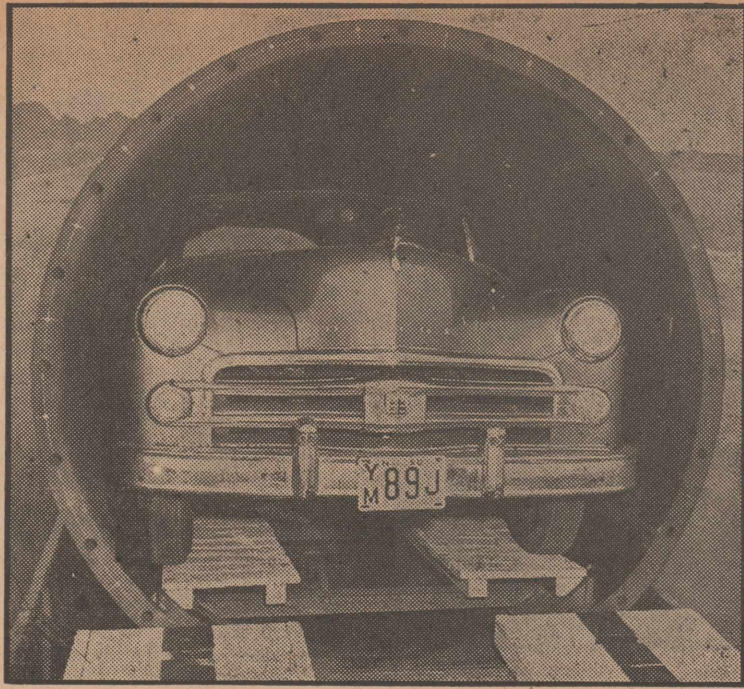

Mr. and Mrs. B. F. King of Wellington attended church services in Loco Sunday.

W. M. Durfee was in Memphis Tuesday on business.

Misses Neva Jo Wolf and Juanel Wolf of Pampa visited in the L. H. Wolf home Tuesday.

Billy DeWayne Lacy was a medical patient in the St. Joseph hospital this week. His condition is greatly improved, and he will return to his home Monday or Tuesday.

Mrs. Annie Cunningham of Whitewater spent part of this week

AIRBORNE CAR

A preview was held at Atlantic City, N. J., of a thrill show in which a regulation stock car is fired from the mouth of a huge 35-foot cannon. in the B. Hamman home. She also visited Mr. and Mrs. Clair Lawrence, Mrs. W. B. Wyrick, and Mr. and Mrs. Jake Lawrence. She is a sister of Mr. Hamman.

Twenty-four members of the H. D. Club met in the home of Mrs. W. M. Durfee Thursday. Mrs. C. B. Bearden, president was in charge of the meeting.

Visiting in the C. B. Bearden home Monday were Mr. and Mrs. Clarence Hundley of Hollis. Visiting them Wednesday were Mr. and Mrs. Donald Bearden and daughter of Childress. Spending the weekend with them were Mr. and Mrs. Andrew Bearden of Childress, Kenneth Bearden of Odessa, and Rev. and Mrs. John Bearden of Duncan, Oklahoma. Rev. Bearden filled his regular appointment at the T-Cross Baptist church north of Hollis.

Mr. and Mrs. W. M. Durfee and Miss Georgia Ann Durfee visited Mr. and Mrs. S. H. Bowman in Hollis Sunday afternoon. Dale Lockhart is on the sick list this week.

Mr. and Mrs. C. B. Bearden visited with Mr. and Mrs. A. A. Harbin in Childress Tuesday.

Mr. and Mrs. G. W. Adkins and Bethine rescued their family cat from a fence post surrounded by water Tuesday night. They had been to the movies in Wellington, and while they were gone, a heavy rain fell. Their cat, Perfume, was out hunting to feed her litter of three kittens, and had climbed up the post to get out of the rising water. Mr. Adkins threw some cloths at her, forcing her to jump into the water, where she became entangled in some Johnson grass. She began to meow like she

was drowning, and Bethine pulled off her shoes, waded out into the waist-deep water, and rescued the cat. All arrived home safely about 11:00 p. m.

Jay Woodard and Cecil Lockhart have acquired some strange pets recently. They each have a pet crow. Mr. Woodard has split his crow's tongue and is attempting to teach it to talk. Mr. Lockhart's crow was caught early last week on the E. N. Lewis farm near the windmill. Already it is gentle, and raises an awful fuss if meals aren't served on time.

Mr. and Mrs. J. P. Sullivan received a bad scare Tuesday night when a bolt of lightning passed through their house. It entered through the front door and passed out an open window, harming nothing in its path. Mrs. Sullivan suffered a nervous riggor and was put to bed. She is resting very well now. Mr. Sullivan was not hurt.

Several people here had their driver's license checked by the highway patrolmen who were stopped south of town Saturday afternoon.

W. J. Clement of Childress is digging a water well on the Jay Woodard farm one mile south of Loco.

Mr. and Mrs. M. I. Harris and Jerry of Houselog visited in the Cecil Lockhart home Sunday afternoon.

Mr. and Mrs. Jay Woodard were Memphis visitors Friday.

New Fishing Law Explained Again

AUSTIN — Reported misunderstanding of the statewide fishing law prompted the Executive Secretary of the Game, Fish and Oyster Commission to restate some of the principal provisions Saturday.

The law, passed by the last regular legislative session to replace many conflicting local statutes, permits persons to fish without a license in their home counties and to fish in streams separating the county of their residence and adjacent counties unless they use artificial bait. Fresh water fishermen who use artificial bait are required to have a license regardless of where they fish.

The act also permits Texans to fish in counties adjoining their home counties without a license unless they use artificial bait or use live bait. Licenses are required of persons fishing for commercial purpose regardless of where they fish.

There also has been some misunderstanding about the trespassing law which was amended by the last regular legislative session. The new changes, according to the Executive Secretary, stipulate that

ing nothing in its path. Mrs. Sullivan suffered a nervous riggor and was put to bed. She is resting very well now. Mr. Sullivan was not hurt.

game wardens now have the authority to make arrests for trespassing, and also provides for an increased penalty for violations.

No change has been made in the primary provision of the original trespass law. Persons still need the permission of owners to enter property that is enclosed, when they desire to hunt or to fish. Land that is not enclosed is available to sportsmen without the permission of the owner.

For the benefit of persons living on the Gulf Coast and for those planning to visit that area, no license is required for sports fishing in salt water. Commercial fishermen have to be licensed, as usual, for operating in salt water.

Mrs. Nora Williams, who has been visiting her daughter, Mr. and Mrs. Melvin Young of Hereford, returned home Sunday. She was accompanied by Mr. and Mrs. Young, who spent the day visiting friends and relatives.

Mrs. Ennis Schaded, Edmond, Yvette, and Diane are in Tyler this week visiting relatives.

Mr. and Mrs. G. W. Hunter left Sunday morning for Memphis, Tennessee, where they will attend to some business matters.

Darvin Clark, son of Doyle Clark of Hollis, is a medical patient in St. Joseph hospital this week. He is the grandson of Mrs. Viola Clark of Wellington.

Mr. and Mrs. Rufus Clark and Peggy of Tulare, California, are visiting his parents, Mr. and Mrs. R. S. Clark. Mr. and Mrs. Norman Lee Clark and son, Harold, of Little Rock, Arkansas, are also visiting in the Clark home.

Mrs. Myrtle Ray of Santa Anna, California, is visiting her mother, Mrs. Sallie Killingsworth, and other relatives here this week.

Mr. and Mrs. John Hall of Pampa visited Sunday with her mother, Mrs. Phobia Bowen.

FARM SAFETY WEEK

According to the National Safety Council, more deaths occur in farm work than any other seven major industrial groups.

If you live on a farm, chances are one in five you will suffer some injury during the year unless there is a drastic reduction in the accident rate.

Make This Check-up on Your Farm Machinery & Equipment:

Do you keep guards in place on power machinery?
Do you keep children away from machinery?
Do you avoid operating the tractor on dangerous inclines or near treacherous banks?
Do you avoid wearing loose fitting, torn, clothing, ragged gloves around moving machinery?

Buildings and Farm Yard:

Are ladders and steps well built and kept in repair?
Are nails promptly removed from loose boards?
Do you protect water tanks and cisterns that are hazardous to the lives of children?
Do you keep the farmyard clear of rubbish, forks, etc.?

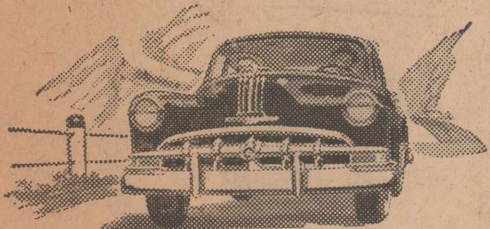

Electricity:

Do you cut off current when working on electrical conductor?
Do you use moisture proof cords for outside weather conditions?
Do you use heavy rubber cords for motors?
Do you know how to treat electric shock cases?

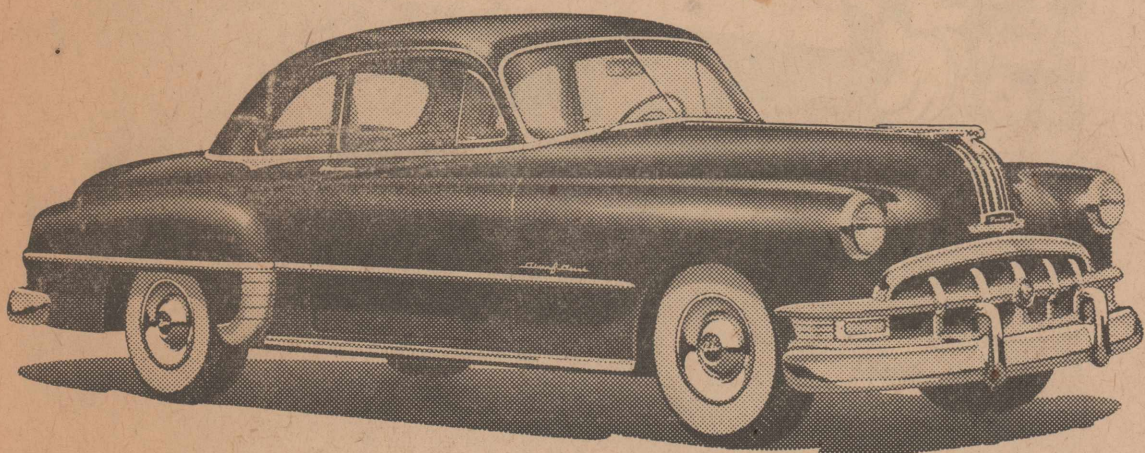

Locate These Farm Hazards NOW!

Then, if you are not a member, join The Collingsworth County Farm Bureau!

Marshall Baxters Move To Paducah

Announcement was made this week by Marshall Baxter of his purchase of a "Dixie Maid Shop" in Paducah. He and Mrs. Baxter will move to Paducah in the near future to take over the management of the shop.

Mrs. Baxter announced her resignation to the Wellington High School faculty this week, also. She has been teaching physical education, and was librarian for two years.

Mr. Baxter has been associated with the Co-op Station here for the past three years.

Mr. and Mrs. William Shadid and family of Anadarko, Oklahoma, were guests Sunday in the home of Mrs. N. Shadid and family.

Woman's work is never done!

WOMAN'S WORK IS NEVER DONE—that's not just idle talk. The average housewife works 63 hours a week. And she performs 70 different tasks in one day's work, which is proof positive (if anybody needs it!) that housekeeping is a rugged job!

Of course, today's housewife has many electric helpers to lend a hand and take much heavy work out of housework. But even the finest appliances need something else—low-cost, dependable electric service to give them life and usefulness.

That's why it's a compliment that West Texas housewives take electric service for granted. You flip a switch and know your electric helpers are ready.

You can take its economy for granted, too. For your electric service is just about the smallest item in your family budget. It costs less than a pack of cigarettes a day, yet it helps you sew, cook, clean, wash and iron, guards your health, cools your home, heats water, entertains you. What else gives you so much living value—at such little cost?

Scouting Skills Competition Planned SCOUT SWIM MEET EXPANDED TO TWO-DAY EVENT HERE

Plans are being completed for The Southern District, Adobe Walls Area Council, Boy Scouts of America Second Annual Swim Meet at the Marion Air-Park Pool, Wellington, August 4th and 5th, James W. Sullivan, District Chairman said this week. In addition to the swimming and diving events to be run off Saturday afternoon, the Scouts and Explorers will hold competitions in various Scouting Skills Saturday morning. The Scout Troops and Explorer Crews and Posts will come into camp, near the pool Friday afternoon just before supper, and leave after an awards ceremony following supper Saturday night.

Troops and Explorer Units are expected to attend from all of the Southern District counties of: Collingsworth, Donley, Hall, and Wheeler. Towns expected to be represented are Wellington, Troop and Crew 32; Clarendon, Troop and Post 37; Hedley, Troop and Crew 36; Memphis, Troop and Post 35; Estelline, Troop and Crew 33; Shamrock, Troop and Crew 76; Wheeler, Troop 72, Kellerville, Troop and Crew 70; Mobetie, Troop and Crew 44.

Water events at the Swim Meet will be held in two divisions: one for Boy Scouts, and the other for Explorers. Events in both divisions will be the same—Swimming 40 yd. Freestyle, 40 yd. Backstroke, 40 yd. Sidestroke, 40 yd. Backstroke, 160 yd. Medley Relay, and 80 yd. Medley Relay. Diving: Front Dive, Swan Dive, and Jackknife Dive.

Among the "field" events for Saturday morning will be: "Fire Building and Water Boiling", Height Judging, Log Chopping, and Rescue Race using Fireman's Carry.

Judges for the meet have not all been selected yet, but the Chief Judge of the meet will be John Lee, manager of the Wellington Marion Air-Park Pool.

Mrs. Myrtle Ray of Santa Ana, California, is in Wellington visiting her mother, Mrs. Sally Killingsworth, and her brothers, Claud and Clarence Killingsworth. Mrs. Ray plans to stay here for about another week.

Carlos Smith is secretary manager of the Waco Production Credit Association. Dr. Carlos Smith is a physician in Uberaba, Brazil, and president of a large agricultural organization in that country. He is pictured in the film we made on our South American travels early this year.

When we showed the film for the PCA near Marlin one night last week, Carlos of Waco had a chance to see what Carlos of Brazil looks like, but not vice versa.

The Tomlinson Old Settlers Reunion campground south of Marlin is a favorite gathering place that dates back almost a hundred years. The present tabernacle, with its stage, etc., was built forty years ago and still in good shape.

Over at Rising Star, which was one of the first areas in Texas to get enthusiastic about hairy vetch, the folks are more interested now in vetch as a pasture and soil builder than as a cash seed crop.

A few years ago, a short seed crop such as the one this year would have been regarded as ruinous. Now, with good profits from beef gains on vetch pasture, they think little about it, according to Randall Reeves, local Soil Conservation Service man.

You never saw the country around Fredericksburg, Junction, Mason, and Brady looking much better than it does at this writing. Good rains have put green where we are accustomed to seeing brown in July and August.

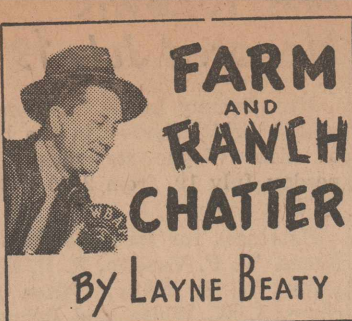

Folks in west Texas and the West Cross Timbers say Crimson Clover is fine for East Texas, and that it grows in the west, too, but not as well as hairy vetch.

Richard Nitt, the young farmer from Worcestershire, England, who is now in Texas on an exchange basis for a year, some Texas Future Farmers having gone to England for similar study, is appalled at the lack of "land utilization" here.

Land is scarce for feeding so many millions of people in Europe, and every square foot of the land must count.

During the war, you'll recall, they put some of the old fox hunting reserves on those English estates to work producing food.

THIS IS FARM SAFETY WEEK

Electricity is the farmer's hired hand and the farm wife's chore girl. Hundreds of you enjoy the convenience of electricity in your home and around the place.

Some of you are just getting it turned on. But you cannot be careless with electricity. So if you are one of our customers, or any user of electricity,

Make This Electrical Checkup

Are all electric circuits equipped with proper fuses?

(Branch fuses should generally not exceed 15 amp.)

Do you cut off current when working on electrical equipment?

Do you use moisture-proof cords for outside weather conditions; heavy rubber cords for motors and motor driven appliances?

Are you using an approved commercial electric fence controller?

Are all electrical appliances in proper condition; are they being properly operated?

Do you know how to treat cases of electric shock?

Is the pathway to main switch box free of all obstructions?

Do you avoid replacing burned out fuses with coins, wire and other metal?

5-County Singers Meet at Hollis Sunday, July 30

W. S. Brewer, president of the Collingsworth County Singers, announced this week that the annual five county Fifth Sunday Singing Convention will be held in the High School Auditorium in Hollis, Oklahoma, Sunday, July 30, beginning at 1:30 p. m.

Counties represented there will be Childress, Collingsworth, Greer, Harmon, and Jackson, and a capacity crowd of one thousand is expected to attend. A number from this county will participate in the singing.

"Come early to get a seat, and spend the afternoon in enjoying good singing," Mr. Brewer said.

Spillman Located In Cocke Office

Judge R. H. Cocke has asked The Leader to publish the following to clarify some confusion now existing:

Wellington Leader,

In your issue of first week in June you had on the front page an item reciting the location of Mr. Wm. P. Spillman as locating here for the practice of law and that he was associated with me in the law practice. This latter statement was incorrect. Mr. Spillman and I are not associated together in the practice of law. He was and is furnished to this date with office space in my offices, but because that announcement has caused considerable confusion, I ask that you correct the same.

Yours very truly,
R. H. Cocke

addition of a number of barracks to house the cafeteria and recreation room for skating and physical education; to provide teacherages; and to give buildings for the expansion of the local fair.

These were only a small part of the improvement of the physical plant.

His curriculum was likewise the envy of heads of many town schools, and here again Mr. Cunningham stressed balance. He did not forget athletics, and in a school which could not easily promote football he put on the map for the brand of basketball they played.

Mr. Moseley also comes to Quail highly qualified. He graduated from Hardin Simmons University and did post graduate work at Texas Tech. He was high school principal and coach at Carey for 5 years, from 1937 to 1942, when he came to Quail as high school principal.

In the Army, Mr. Moseley served as director of physical recreation and rehabilitation of veterans returned from combat duty. Upon being released from the Army, he taught for a short time in Childress county, then moved to Lubbock where he has been in business.

Mr. Moseley is married and has three children, Billy Frank, 10; Betty Lou, 6, and pre-school age Diane.

Pall Bearers were A. J. Mc-

Donald, A. M. Wright, C. A. Wright, John Wright, J. L. McDonald, and Gabe McDonald.

Survivors include these children: Miss Kathryn Isbell of Dallas, Mrs. Evelyn Boothe of Oklahoma City; and Robert A. Isbell of Altus, Oklahoma. Three grandchildren also survive.

Nephews living here are Rob Isbell, Ted Isbell, and George Isbell.

Burial was in the family lots of the Wellington cemetery with the Ellis Funeral Home in charge.

ed out.

If it isn't raining Wednesday night, July 26, the already twice-postponed game between the Jr. Dukes and the Memphis Owls will be played at Marian Airpark, oJhn Lee announced. It will be called at 8:30.

This game was first rained out, then postponed Friday because some of the Junior Owl players were out of town. This time, they plan to bring some help from the Owls and indications are they should be in good shape.

Friday night, the Junior Dukes will meet the Hollis, Oklahoma, town team, at Marian Airpark field, and will return the game Sunday.

In the only game the Junior Dukes have played during the last week, they defeated the Shamrock team 8-7 Wednesday night, July 19.

The two games coming up will

Cotton Farmers Plow Up What the Hoppers Didn't Eat

Grasshoppers in Collingsworth County haven't done the job expected of them this year, and growers are having to plow up some excess cotton acres as a result.

When the crop was planted, numbers of the farmers checked their cotton acreage allotments, then planted a little extra "for the grasshoppers to eat." They did this out of the experience of past years, when almost every farmer had his cotton eaten for several rows or more around the edge when the pastures dried up and the hoppers moved into the fields.

Some of them went so far as to check with Millard Brown, PMA secretary, and Alex Coleman, county chairman, to see if it would be permissible.

Summer rains have kept the pastures green, the grasshoppers didn't move into the fields, and now that the cotton measuring is under way, practically every farmer who planted something for the grasshoppers is having to plow it up, varying from a fraction of an acre up to several acres.

Dodson School Opens August 14

The Dodson School will open its summer term Monday, August 14, Sup. T. E. Lennon has announced.

The term will continue until cotton in that area opens, when it will be dismissed for the time necessary for the students to help gather the crop.

Mr. and Mrs. J. T. Slay visited relatives in Groom Sunday.

be the first times the Junior Dukes have met Hollis, and local fans don't know what the Oklahomaans have, but Coach Polly O'Neil is predicting some top-rate ball playing on both sides.

Mrs. T. Lewis Honored July 19

THANKS FRIENDS

I want to express my sincere appreciation to my friends of Precinct 4 who have supported me during the time I have held the office of Commissioner and who voted for me in the election Saturday.

Your generous support has meant a great deal. I want to thank my opponents for the fine manner in which they campaigned in the primary.

I solicit your vote in the coming run-off, and want you to know that if elected, I will continue to serve you to the best of my ability.

Cortez Barnett

Commissioner, Precinct 4

Thanks Friends

I want to thank my friends in Precinct One for their support in my race for Justice of the Peace.

I sincerely solicit your vote in the August Run-off, and the only promises I have to make are the ones I made at the beginning of this campaign.

Most advertisement writers appear to be nuts anyway, but if they were not, they soon would be—trying to figure out how to write sensible advertisements in times like these.

Here I was all set to write a good ad this week about the new 1950 International pickups and trucks which I had finally got a few of, and along comes Jim Wood and Lee Minyard and Woods Coleman and they buy out my whole stock. There will be more coming (I hope) soon, but no use running those pretty pictures I had of the new models when all I got left is a 1949 Model International ton-and-a-half with 2-speed axle. However, this is a brand new truck, no miles. It is probably the last new truck of this size and with this equipment that you will have a chance to buy at nearly \$600 off list for a heck of a long time.

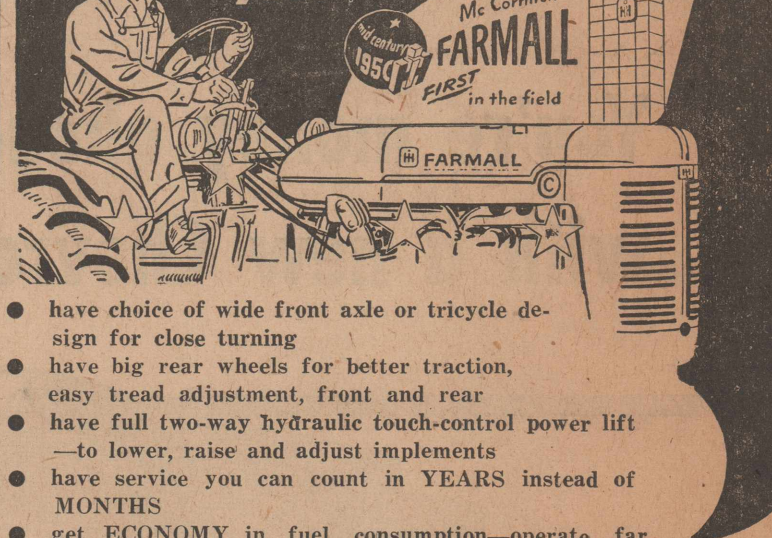

Also, I have Lee Minyard's International pickup, which he has pampered over thousands of miles and is good for as many more, at a price which will make you think the war is over.

I was also aiming to use this week's advertisement to point with pride to a couple of new International 8-foot tandem disks we had on hand, until A. V. Cocke come in and bought one. The other is also priced so low the profit when it's sold won't begin to pay for this ad. So I can't afford to say anything about it now.

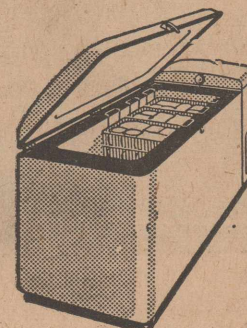

H. C. Stout bought a used 10-ft. McCormick broadcast binder from somebody the other day, and has spent a few dollars on new parts to get it ready to go. Which, of course, I mentioned as a means of getting the subject around to these binders. We have some of them on hand—ready for this Fall's crop. Brand new, on rubber, at a discount from list. Also got a good used 2-row binder.

Melvin Seale spent all last week hammering us down five bucks on a McCormick tractor mower, which might be worth a lot more next year than it is now. But I'm glad he's got it even if I did have to send the kids over to a neighbor's for a couple of meals in order to afford to give him that \$5 off.

With ALL-SEASON Power of the FARMALL C TRACTOR you:

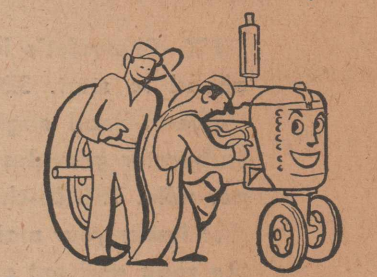

- have choice of wide front axle or tricycle design for close turning
- have big rear wheels for better traction, easy tread adjustment, front and rear
- have full two-way hydraulic touch-control power lift—to lower, raise and adjust implements
- have service you can count on YEARS instead of MONTHS
- get ECONOMY in fuel consumption—operate far cheaper than most two-row tractors—yet POWER to match any of them.

Mr. and Mrs. J. W. Worsham got a new 15-foot International Harvester home freezer early this week, and Mr. Worsham probably already has Mrs. Worsham at work filling it up with seasonal vegetables and fruits and good meats and poultry. Food prices rising won't bother the Worshams' near so much, nor the many other people who own these freezers around here. Some folks think a home freezer is not any use to people in town, but the one I have up at the house saves us \$15 or \$20 a month and that ain't chicken feed in my league. These 11-foot International freezers are ideal for people in town and we have several of them left at a price you can't beat anywhere. The 15-foot size is not so plentiful. What will happen to freezers and refrigerators in the next few months is anybody's guess.

Wheat sowing time is going to be here again before we know it. We have got a couple of International grain drills, the latest type with steel boxes and low rubber tired wheels, that I will sell now, before the season starts, at a good discount. Get one of these and quit worrying with that old worn-out drill for the next few years.

Guy Bumpass and Ray Uselton have Farmall tractors in our shop today for overhaul jobs—jobs that needed to be done before another crop anyhow, and could be done now while we got plenty of Genuine IH Farmall Parts. This Summer and Fall is a good time to make sure there won't be any hitch next Spring when you get ready to put your Farmall in the field on another crop. We give you guaranteed, factory-approved service and parts on Farmalls—call for and deliver your tractor—give you MORE for your service dollar every time.
