"I wholly disapprove of what you say but will defend to the death your right to say it."—Voltaire.

Volume 44.

Tahoka, Lynn County, Texas, Friday, July 2, 1948.

Number 39

New Power Line Will Aid Electric Service To City

The new light and power line to serve Tahoka is nearing completion from Post to Tahoka, and work has been started on the line between here and Brownfield.

The 52-mile "high-line" is a part of Southwest Public Service Company's improvements and expansion program. The line brings additional electricity to Tahoka and Post and to the Lyntegar rural electric system.

According to W. S. Anglin, local manager, when this new line is completed on or about August 1, Tahoka will have power available over three lines, where there is now only one, thus practically eliminating any possibility of shut-offs. Power will be available from the Denver City plant, and from the Abernathy plant.

The new line intersects the Denver City-Lyntegar line one mile west of Brownfield, the Meadow-Arizona Chemical line in eastern Terry county, the Tahoka-Wilson-Slaton line at Tahoka, and the Post Slaton line at Post.

The three-wire line is mounted on poles 55 to 80 feet high and will carry 69,000 volts. A fourth wire on top of the poles is a steel strand static wire which will help to clear up static interferences.

Tahoka's new sub-station will be built two miles northeast of town on the D. W. Gagnat farm. It will be equipped with automatic switches to change the current from one line to another when a stoppage occurs on the circuit in use.

Two miles north of the Central Church, Lyntegar will tie onto the line, and there will be a sub-station erected at this point by Lyntegar.

The line crosses Lynn county two miles north of Tahoka from west to east, crossing many farms. The company is to install substantial gates in all fences on farms through which the line passes to permit servicing the lines.

The improvements now being made were planned prior to the war, but the war emergency has delayed its construction until now. Orders for line materials placed in 1946 have just recently been arriving, Mr. Anglin says.

The local manager states that the improvements were made possible to a great extent by the co-operation of land owners along the route in granting of right-of-way, which co-operation the company greatly appreciates.

The additional supply of electricity for power and light will give both city and rural users much better service in the future.

New Home Takes Two Ball Games

Rutherford's and New Home continue to lead the Lynn County Softball League race.

Thursday night of last week, New Home defeated Davis & Humphries 9 to 4, and again on Tuesday night of this week scored a 20 to 12 victory over the Senior Scouts.

Last Friday night's scheduled game between V.F.W. and Wilson was postponed on account of high winds, and will be played next Wednesday night.

Monday night, White Auto edged out New Lynn 13 to 12.

Thursday night of this week, VFW meets Rutherford's.

Tonight, Friday, Wilson and D-H play.

Monday night, New Home and Rutherford's are scheduled.

Tuesday night's game will be between Wilson and New Lynn.

Thursday night of next week, White Auto and V.F.W. play.

Standing of the teams through Tuesday night is as follows:

Team	Won	Lost	Pct.
New Home	5	1	.833
Rutherford's	4	1	.800
White Auto	4	2	.667
Senior Scouts	3	3	.500
Wilson	2	2	.500
Davis-Humphries	2	3	.400
New Lynn	1	5	.166
V. F. W.	0	4	.000

Tahoka Closing July 4th and 5th

Since July 4th, Independence Day, comes on Sunday this year, practically all Tahoka business and professional firms will be closed both Sunday and Monday, July 5th.

This announcement was made by Chas. Walker, Chamber of Commerce secretary, after he had consulted most of the local firms early this week.

No special observance program has been arranged for the holiday week end here. Many doubtless will attend celebrations elsewhere, while others will take advantage of the day to rest.

Pioneer Plains Resident Dies

Mr. and Mrs. W. B. Slaton attended funeral services for his mother, Mrs. W. R. Slaton of Seminole which were conducted in the Methodist Church there at 4:00 o'clock Monday afternoon. She died at 3:30 p. m. Sunday in the Gaines county clinic hospital in Seminole following a prolonged illness.

Services were conducted by Rev. H. B. Coggin, the pastor, assisted by Rev. Sam Malone, pastor of the Spearman Baptist Church, and Rev. Preston Florence of Seminole, a retired Methodist Minister. Interment was in the Seminole cemetery under the direction of Alpha Funeral Home.

The survivors include three sons, W. B. Slaton of the First National Bank here, Paul W. Slaton of Seminole, and W. R. Slaton of Albuquerque, New Mexico; two daughters, Mrs. H. N. Stone of Seminole and Mrs. T. H. Jayne Jr. of Wichita, Kansas; nine grand-children and one great-grand-child. Another son was the late Carl Slaton of Lubbock, prominent business man and mayor of the city a few years ago.

Mrs. Slaton, whose maiden name was Carrie H. Silliman, was a native of Iowa.

S. C. S. Announces Public Meeting

The Lynn County Soil Conservation District's board of supervisors has announced a special night meeting in the District Courtroom, Tahoka, at 8:00 o'clock p. m. Friday, July 2. Every person in the district and surrounding area who is interested in soil conservation is invited to attend.

Feature of the program at the Friday night meeting will be a sound movie, "The People Together," which deals with soil conservation. The sound film was made in Technicolor especially for such meetings, the district supervisors reported.

In addition to the picture show, Mr. Louis Dawkins of Plainview, Field Representative of the State Soil Conservation Board, will give a short talk on soil conservation districts.

Personal letters were mailed Tuesday by R. L. Littlepage, chairman of the board, to civic clubs, agriculture leaders, veterans vocational school instructors, vocational agriculture teachers and others in the district.

Since the special program falls on regular meeting day of the district board, the supervisors have arranged to hold their business session after the evening program. Several farmer-districts cooperative agreements will be ready for discussion and approval by the board of supervisors.

PETTY COMMUNITY PLANS SINGING SCHOOL

A singing was announced for Thursday night at the Petty Baptist Church, beginning at 8:30.

A singing school for the community is being planned, for the near future and everybody was invited to attend the Thursday night meeting.

Mrs. Anna Murphree of Van Alstyne and Mrs. Etta Sterling of Lubbock visited with their nephew, Noah Lee Cromer and his family, in the Petty community Sunday and Monday.

O'Donnell Gets New Paving Project; New Road To Wilson Is Promising

County Judge Tom Garrard and all the members of the commissioners court visited O'Donnell Tuesday morning for the purpose of gathering information and determining the merits of a request urgently presented to them for the building of a short spur leading from the O'Donnell-Draw farm to market road south along the east-ern limits of the city for a distance of less than a mile.

Already there is a dirt road over this proposed spur but it becomes almost impassable at times.

The paving of this stretch is urged not only as a farm-to-market proposition but chiefly for the benefit of the school children living in the former Joe Bailey, Draw, and Harmony school district now consolidated with the O'Donnell district, who must be transported to school in buses. Four buses are being used to transport these children.

In muddy weather, while school

is in session, these buses must follow the Draw-O'Donnell farm-to-market road to its intersection with the Tahoka-Lamesa highway at the north limits of O'Donnell, follow that highway just a short distance then leave it and go south and then east to the O'Donnell school buildings.

Entering upon and leaving this highway twice daily by four buses loaded with school children involves considerable hazard, it is pointed out, and the parents of the children and the citizens of O'Donnell are seeking to have this hazard eliminated.

After investigating the situation, the commissioners decided that the request of the people in that area contained much merit, and they decided to build the spur.

Citizens of O'Donnell were notified Tuesday of the decision of the commissioners and were requested to get right of way deeds promptly.

H. C. Warren Of O'Donnell Dies

On Thursday of last week, following a prolonged illness, Henry Clay Warren, a prominent citizen of O'Donnell died in the Lamesa General Hospital.

Funeral services were conducted at 3:00 o'clock Friday afternoon in the O'Donnell Methodist Church by Rev. Alby Cockrell, the pastor, and Rev. E. H. Crandell, a former pastor there and now assistant pastor of the First Methodist Church in Lubbock, and by Rev. J. M. Hale, Baptist pastor at O'Donnell.

Interment was in the O'Donnell cemetery. Active pall bearers were J. M. Whitsett, Dr. Ferrell Farrington, C. L. Brock, Guy Bradley, Chas. Lambert, and J. Mack Noble. Honorary pall bearers were the members of the Men's Sunday School Class of the O'Donnell Methodist Church.

Deceased had been a veteran in World War No. 1, and taps were sounded by one of his pals in that war, Elvin Ray Moore.

Survivors include his wife, one daughter, Mrs. O'Vell Davis, and his father, L. L. Warren of Pontotoc, Mississippi; three brothers, two of whom reside in Mississippi and one W. R. Warren, of Tahoka; two sisters in Mississippi, and other relatives here and in his native state.

Mr. Warren was born at Pontotoc, Mississippi, almost 52 years ago, July 23, 1896. He was brought as a babe by his grandparents to Texas, who settled at DeLeon, and he lived there until he was twelve years of age, when he was taken back to Mississippi. His mother had died two weeks after his birth.

He came to Texas a second time in 1915, and on December 12, 1917, he was married to Miss Golda Archer at Eastland, and a second time he went back to Mississippi accompanied by his young wife. He was there only eight months, however, when he enlisted for service in World War I. After his discharge from the army he and his wife came to O'Donnell in 1920, and he has been a resident of that area since.

He was a member of the Methodist Church and a good citizen of his country. Many friends regret his untimely death.

Baptists To Build New Parsonage

At a church conference held Wednesday night, the Church voted to accept a recommendation coming from the board of deacons that it proceed to build a new parsonage rather than to add to the present pastor's home. The vote was taken after considerable discussion of the recommendation.

Following the vote, Finance and Church building committees were appointed.

The new building is to be constructed in lots owned by the Church, situated just west of the present church site.

It is contemplated that the present parsonage and grounds will be sold following the completion of the new structure.

Early Day House Has Been Razed

Another old time Lynn county home is being wrecked this week, and the lumber therein will be used to build a house on the Oscar Roberts ranch in the west part of the county.

The house, located in west Tahoka next door to the "Aunt Becky" Roberts home, was originally built on the Walter Forrester land in the west part of the county about 40 years ago. The lumber was hauled overland from Colorado City.

Later, the house was moved into Tahoka, and Mrs. Roberts has owned it many years. Recently, Mrs. Roberts sold the house to her son, Oscar.

Junior Baseball Meeting Called

Next Monday night at 8:30 o'clock there will be a meeting of all Legionaires and anyone else interested in boys baseball who may care to come, and all boys under 17 years of age who would like to play baseball, at the Legion Hall in Tahoka.

A baseball film will be shown, and the local junior baseball program will be discussed.

The local junior team needs more players. Boys living anywhere in the county may play with the team, and if they can not make the starting line-up they will be given instruction in the game anyway.

Starting the first of this week, Dale Thuren, an experienced ball player and coach, took over the coaching duties of the boys' team. Wade Holland will continue as the team manager, and other experienced ball players are giving their time in an effort to train young boys in the game.

New uniforms, bought by the Bill Strange Motors, are expected to arrive any day now.

Work was started on a new diamond in southwest Tahoka Wednesday for use of the team, on which both practice and match games will be played. No Sunday games will be played by the boys, the Legion announces.

More Liquor Is Confiscated Here

Deputy Sheriff Tom Hale and a representative of the liquor control board made a successful quest for illicit liquor Tuesday night. After some investigation and a long vigil they intercepted a car at about 12 o'clock Tuesday night on the highway a few miles this side of O'Donnell, stopped the driver, took him and his cargo in charge, and brought the man, the car, and all the contents on to Tahoka.

They found that the contents consisted of ten cases of beer and 44 pints of whiskey. A complaint was filed against the driver of the car, a Lubbock man, who had recently pleaded guilty to a similar complaint in Lubbock county. In that case he had been fined \$100.00 and costs. That punishment having proved ineffective, a heavier penalty was sought here. Upon his plea of guilty, Judge Garrard assessed the fine at \$450.00 and costs. The beer and whiskey were confiscated.

County Attorney B. P. Maddox represented the State in the court proceedings.

SEEK TO BETTER LATIN AMERICAN RELATIONS

The Tahoka Chamber of Commerce is taking steps to guard against discrimination by local business houses in their relations with Mexicans, and has promised the Mexican Government its full co-operation.

Last fall, the Mexican Government withdrew its permission for citizens of that country to come to Texas during the heavy harvest season because of discriminatory practices by Texans.

DONKEY BALL GAME

The annual donkey ball game sponsored by the Tahoka Chamber of Commerce to raise funds to help finance the summer softball program will be held this year, the second week in July. Further information on the game will likely be announced next week.

Pioneer Reunion Best Ever Held In Lynn County

The Lynn County Pioneer reunion held here last Thursday, June 24, was the most successful yet held by the organization. This seemed to be the opinion of about everyone who attended.

The crowd was probably larger than ever before, the food was delicious, and the program was just about perfect.

J. K. Applewhite, president, and Mrs. Jack Fenton, secretary, and their helpers are to be congratulated on the success of the event.

Officers for the coming year, elected by the pioneers at the closing of the meeting, are: Truett Smith, president; Mrs. Jack Fenton, secretary and treasurer; Happy Smith, finance chairman; and Oscar Roberts, entertainment chairman.

The morning program was opened with the invocation by W. T. Luttrell, singing led by Bob McCord, and address of welcome by Mayor K. R. Durham, and the response by Lit Moore. Brief talks were made by Mr. Applewhite, Homer Winston of Brownfield and possibly others.

Truett Smith presented the eldest lady present, Mrs. S. N. McDaniel, 81, an orchid, the eldest man, J. G. Scott, 92, a bilfold; the persons coming the longest distance to attend the reunion, Joe Barnes of Detroit, Michigan, a tie clasp, and Mrs. Barnes, a corsage; and then presented four dozen carnations to as many of the oldest ladies present in the order of their ages; all presentations being made on behalf of the Pioneers association.

At noon a barbecue lunch was served to between 800 and 1,000 people.

A. J. (Andrew Jackson) Stricklin, editor of the Terry County Herald for forty years, was the principal speaker, and he recalled many instances and ways of life in the early days that brought back fond memories to many an old time settler in this county.

Another highlight of the program was the brief talk made by a large number of early settlers who were asked to come to the microphone by Chairman Applewhite. These included:

Sam Weathers, who came to Lynn county 42 years ago, and who has

Club Girls Visit District Camp

Lynn county 4-H Club Girls were represented at the District 2, 4-H Club Camp which was conducted in Lubbock on June 22, 23, and 24, by Lajuana Montgomery, Grovond Coleman, Betty Huddleston, Norma Lee Evans, Bernice Fillingim, and Bonnie Murray. Mrs. J. A. Evans was the adult leader for this county.

There were sixteen counties in this district. Each county selected six girls and an adult leader to attend the camp. The girls who attended the camp were selected according to the club work that they have done this year. The home demonstration agents helped to conduct the camp.

The girls enjoyed various types of recreation such as hikes, swimming, games and folk dances. They were instructed in glass etching, cork craft, nature study and publicity.

There will be a meeting later in the summer, so that these six girls and Mrs. Evans can train the other 4-H Club Girls of the county, in the work they did at the District 4-H camp.

MISS GAY JACKSON PRAISES WISCONSIN

Miss Gay Jackson daughter of Mr. and Mrs. John Jackson, who is serving several weeks this summer as Counselor at a Girls Scout Camp, Camp Alice Chester, Booth Lake, East Troy, Wisconsin, writes back to the home folks that that is the most beautiful country she has ever seen. She likes the people there also and is delighted with her work. She has been a student in the Tech, and it is doubtless her capability and her own winsome ways that make her work so easy.

NEW HOME GIRL WEDS LUBBOCK MAN

Mr. and Mrs. J. E. Fortenberry
of New Home are announcing the
marriage of their daughter, Miss
Mentha Poston, to Mr. Marlin Malo-
ney, son of Mr. and Mrs. R. J.
Maloney of Rt. 7, Lubbock.

A very impressive ceremony was
read at sunset, June 25, by C. B.
Henry of Lubbock in the home of
the groom's uncle and aunt, Mr.
and Mrs. Claude Brown of New
Home.

Jewel Harmonson was maid of
honor; Colene Savage and Mary Da-
vis were bridesmaids. Royce Hem-
meline attended the groom.

The bride wore a white suit, a
white hat, and carried a bouquet of
white carnations on a white Bible.

For traveling the bride chose a
blue crepe dress and a white car-
nation corsage.

The mother of the bride wore
black and white, and the groom's
mother chose a printed silk dress.

Mentha is a 1948 graduate of
New Home High School. Marlin at-
tended Post high school and served
in the Army.

After the reception, the couple
left for a short trip to Fort Worth.
Upon their return they will be at
home in Lubbock, where the groom
is employed.

TAHOKA DEWEY WARREN CLUB

A Dewey-Warren Club for Lynn
county was organized Friday night,
June 25, by a group of their en-
thusiastic supporters. Mrs. G. P.
Lamb, Lynn county Republican
Chairman, presided at the meeting
and the following officers were e-
lected: Sam Singleton of O'Don-
nell, President; Mrs. Lamb, of Ta-
hoka, Secretary, and H. B. Crosby
of Wilson, Treasurer. Mr. Singleton
states that the club gets off to a
flying start with 25 members and
that all Dewey and Warren sup-
porters are cordially invited to join
in this movement to further the
candidacy of these two great Ameri-
cans.—Reporter.

CARD OF THANKS

Sincerely do we thank the many
friends for their deep concern and
sympathy expressed in so many
ways during the critical illness and
upon the death of Mother, Mrs.
W. R. Slaton of Seminole. Every
kindly deed and every sympathetic
word will be held by us in grateful
remembrance. We feel that the
lovely floral offerings were true
expressions of the affection and es-
teem in which she was held by her
many friends and ours.—The Sla-
ton Families.

CARD OF THANKS

We would like to express our
heart-felt thanks and appreciation
for the many kind deeds, beautiful
floral offerings, get-well cards and
the food, with which our friends
favored us during the illness and at
the death of our husband and father.
May the Lord bless each and
every one of you in prayer.—
Mrs. Henry Warren, Olin, and O'-
Vell Davis.

JIM DYE IS J. P. CANDIDATE IN SAN ANGELO

Russell Vernon brought to the
News office a few days ago a clip-
ping from a San Angelo newspaper
containing the announcement of Jim
Dye as a candidate for justice of
the peace in that city.

Mr. and Mrs. Dye were residents
of Tahoka for quite a number of
years and during that time he ser-
ved as justice of the peace, deputy
sheriff, and mayor of the town.

His vocation is that of a barber.

Many friends here will hope for
his success in his race for the San
Angelo office.

Man is the only animal that
blushes, or has need to.

TEXAS NEEDS NO COUNTY ROAD BONDS ISSUED

Austin, June 29, (Special).— Texas needs no county road bonds issued to take the farmer, the rural mail carrier and the school bus driver out of the mud, according to Roger Q. Evans, candidate for governor. Evans, in his formal campaign opening speech at West on Tuesday night, asserted "I know where to get the money for this purpose, and it won't take any bond issues, either."

A proper and adequate tax on Texas resources leaving the state, he declared, will provide more than enough money for necessary road building and other purposes. He is strongly advocating "adequately and properly" taxing such resources that are sent away from the state.

Basing his candidacy on a simple, 12-point program, which he insists is not a "platform" but a declaration of purposes, Evans plans to take his campaign to every section of the state before the July 24 primary. Already speaking dates and rallies have been arranged or are being prepared by Evans-for-Governor groups throughout Texas.

Cardinal points of his program, for which he says he will work if elected, include: A veterans bonus, increased pay for teachers; better and broader educational facilities on all levels; an Expanded State Health department and a new research branch "in order that we may control the diseases and epidemics that assail us;" facilities for the care of the indigent aged "who are now classed as insane and quartered in asylums, shaming and disgracing the whole state of Texas."

Evans declares he is basing his appeal to "the plain, every-day citizens of Texas," and asserts that he "is making no elaborate promises to accomplish the impossible; all just give the best service I can give, and operate the Governor's office on the basis of my knowledge of State affairs and the realization that the taxpayer is entitled to a break, which he has not had for many years."

CARD OF THANKS

To my friends who were so kind to me, sent flowers, extended their sympathy and best wishes, and performed other acts of kindness during my recent illness, I want to say Thank You! It's nice to know one has friends who care. May God be with all of you.—Mrs. Claud Wells.

W. A. REDDELL'S MOTHER DIES AT IDALOU

Mrs. Isalena "Emma" Smith of Idalou, 73, mother of W. A. Reddell of Tahoka, died at about eleven o'clock Wednesday morning, following a prolonged illness, at the home of another son, E. W. Reddell who lives near Idalou.

Funeral services were conducted at 10:00 o'clock Thursday morning in the Idalou Baptist Church by Rev. Joe Motsenbocker, the pastor. Mrs. Smith was a devoted member of that Church.

Following the services at Idalou, the body was taken to Bridgeport, where deceased formerly lived, and services were to be conducted there also on Friday afternoon at 2:30 o'clock.

Survivors include four sons, E. W. Reddell and I. T. Reddell of Idalou, W. A. Reddell of Tahoka, and E. T. Reddell of Bridgeport. Two sisters also survive. Tahoka relatives attending the funeral services include Mr. and Mrs. W. A. Reddell, Mr. and Mrs. Joe Bob Billman, and Mrs. Bobby (LaVerne) Hayley, together with a few friends of the family. Mrs. Billman and Mrs. Hayley are granddaughters of the deceased.

The Reddells have the sincere sympathy of many friends here.

The editor and Mrs. Hill, the former's daughter, Mrs. Myrtle Rochelle of Lubbock, and her two daughters, Anita Jo and Sara Sue Rochelle, spent most of last week out in New Mexico, sightseeing, visiting first the Carlsbad Caverns, then Roswell and Ruidoso, slipped down to Tularosa, and headed north, going as far as Santa Fe and Taos, returning via Las Vegas, Santa Rosa and Clovis. The grandest natural sights included the Caverns, the White sands, the Mountains, the Rio Grande River scenery, and the spruce and pine forests of the mountain regions. The most interesting historic points were Santa Fe and Taos. All greatly enjoyed the outing, crossing the state line back into Texas about sunset Saturday evening.

WAA SURPLUS

Seven hundred Amarillo Army Air Field buildings to be sold July 7 and 8 will be the last opportunity for West Texans to buy surplus buildings from the War Assets Administration in that area. Public sales of camp structures at Dalhart, Pampa, Childress, Lubbock and other Panhandle sites have cleaned out WAA's remaining building inventory. Aside from a few buildings which may be offered at scattered locations by sealed bid disposals, the WAA anticipates no further sales of buildings in West Texas. Therefore ranchers, businessmen,

and builders of the area are urged to take advantage of the Amarillo public high bid sale. Inspection of the property will continue through July 6.

It seems to us that the average person of today isn't quite so average as he used to be.

Men put off things they ought to do, and women put off things they ought to wear.

Let us figure your Material bill Shamburger-Gee Lumber Company, Phone 313. Adv.

An Indianapolis manufacturer has bobbed up with a scheme which he thinks would settle the civil rights problems for Negroes. He suggests that a new Negro state be created in Africa and that young Negro couples in this country be re-settled in American homesteads established for them there. A fleeting and foolish dream! Few Negro young couples would consent to go. Most of them would have to be deported forcibly. That would be a worse violation of their civil rights than anything that has happened to them in this country since old slave days. Most Negroes, North and South, would prefer this country with all her "Jim Crow" laws to forcible deportation to Africa or any other portion of the globe. The fact of the business is that most of them are very well satisfied with the country they now have. Just a few agitators, encouraged by Communists or self-seeking politicians, are creating most of this stir about their "civil rights." Just a few criminals among them here and there cause most of the race riots and the occasional lynchings. In fact, there are some other elements of our population that are far more disturbing and far more dangerous to our country than the Negroes. Before we begin deporting Negroes we had better deport a few of the Russian bolsheviks and Italian an-

archists and other foreign radicals that infest New York, Boston, Chicago, and other eastern and northern cities.

PETRIFIED

O. T. Tankersley is a close observer. He is frequently picking up curious specimens of Nature's handiwork, and is sometimes a bit mystified by what he finds.

He brought to the News office a few days ago a block of thick bark which had evidently been detached from the trunk of a tree down in the Big Bend Park ages and ages ago, for it had petrified and preserved in stone for the observation of men of the twentieth century an exact replica of what grew on some tree possibly millions of years ago. It must have been a giant tree too, if its size is to be judged to any extent by the thickness of the bark.

Although geologists tell us just exactly how such changes in structure without any change in form are effected, it is still a deep mystery.

This petrified bark together with countless petrified trunks and limbs of trees down in the Big Bend indicate that there was a time when that section of country was not a desert but a forest.

Some day, not too far away, there will be a fine road paved every foot of the way down into and through Big Bend Park, and then we will all go to see the wonderful St. Helena Canyon with its walls rising almost perpendicularly 1,800 feet above the surface of the River.

Sidelights From Washington

By GEORGE MAHON

Whether or not the recently adjourned Congress did a good or bad job will be one of the hottest issues in the National Political Campaign which is just beginning to shape up.

The Congress adjourned after an all-night scramble to get final House and Senate action on important pending legislation. The job was far from completed when Congress quit. But the Republican leaders felt that it would be bad political strategy for Congress to continue in session after the Republican Convention.

Congress was in session for 5½ months and from my viewpoint, the session was the most strenuous one that I have attended. My special work here is on the House Appropriations Committee, an this Committee was in the midst of the battle over government spending from the day we met on January 6 until the final adjournment bell rang on Sunday morning, June 20. We met except Sunday for the purpose of considering the requests of the president, hearing testimony and debating the pros and cons of all bills which provided for the spending of the taxpayer's money. The demands were so heavy I gave up trying to write a weekly column for the newspapers.

Since Congress adjourned, I have checked the voting records of Congress and I was rather proud to be able to report that I did not miss a single vote during the session. I stayed on the job but it could well be that I may have voted wrong upon occasion. On some of the questions which arose, it was hard to know with certainty just how to vote.

One of the difficult problems was what to do for foreign aid, in a program designed to help Western Europe and stop Russia. After months of controversy Congress provided the money, but everybody realizes that the plan is a gamble and that it may not succeed.

Far-reaching plans were made and funds were approved for the expansion of our National Defense Program, especially the Air Force.

In Agriculture, a price support program similar to the one now in operation was approved for 1949 but the long range program which was rushed through in the final hour of the session was regarded as unacceptable by Democratic members.

Appropriations for the farm program and Soil Conservation Services were more liberal than last year. REA got the best treatment it has ever received. One-half billion dollars in loans was provided for the expansion of the REA in the rural areas of our country. The Highway and the Farm-to-market road programs were continued.

Congress passed 680 bills, reduced taxes, and appropriated more than \$5 billion dollars, including contract authorizations. The American people will hear much of the details of the legislation passed during this

session from the press, radio, and speakers platform between now and the National election on November 2.

Political Announcements

The following announce their candidacy for public office, subject to action of the Democratic Primary elections:

For Congressman, 19th District:
GEORGE H. MAHON

STEPS TO LAUNDERING LUXURY ELECTRICALLY

First you'll want an electric washer, easy on your clothes, yet capable of turning out an entire week's wash sparkling clean. Then a dryer, a convenience any time, a blessing when bad weather holds up line drying. And then to top off your "luxury laundry" an electric ironer, so easy to operate, so efficient, and so wonderfully suited to giving your ironing that professional look.

Have all of this home equipment if you can now, or begin with the unit you think will suit your immediate requirements. Even if you're not ready now...start planning today for the day when Reddy Kilowatt will do your laundry work...economically and electrically.

**NITA BRAGG WEDS
PLAINVIEW MAN**

Miss Nita Bragg, daughter of Mr. and Mrs. Cody Bragg, became the bride of Harold Joe Ramsey, son of Mr. and Mrs. Guy Ramsey of Plainview, in a double ring ceremony read in the home of the bride's aunt and uncle, Mr. and Mrs. H. R. Tankersley, Sunday afternoon, June 27, at 6:00 o'clock p. m., with the Rev. Walter V. O'Reilly of the First Methodist Church of Plainview reading the double ring ceremony.

Gladioli and white tapers decorated the wedding altar.

Mrs. Marcus Edwards played a prelude of wedding music, and Mr. Sheldon Russell sang the wedding songs, which included "Because," "Ah, Sweet Mystery of Life," and the Lord's Prayer. During the ceremony Mrs. Edwards softly played "Roses of Picardy," the bride's club song.

The bride, given in marriage by her father, was beautiful in an all-over silk embroidered wedding gown made by the bride and her mother from pure silk brought by Mr. Ramsey from Japan. Her corsage was of orchids and split carnations,

which she carried upon a white bible. For something old, she wore some ear screws belonging to her aunt, Mrs. Terry Noble, for something borrowed, she carried a white bible belonging to her maternal grandmother and she wore the traditional blue garter. The maid of honor, Miss Jean Holt of Slaton, wore a blue Marquessette gown and a corsage of salmon-pink gladioli. Mr. Gerald Ramsey of Dallas, the groom's brother, was the best man.

At the reception that followed, Miss Anita Joy Bates of Paducah presided over the guest book, Miss Lu Ann Taylor served punch, and cake was served by Misses Jolene Bragg and Mary Ann Tankersley. Jane Taylor lighted the candles. The two-tiered wedding cake was adorned with a miniature bride and groom standing under a white bell with love birds. The table was covered with a cutwork linen cloth, and fern and gladioli were the main decorations.

Both the bride and bridegroom are seniors at Texas Technological College at Lubbock, where the bride is a member of the Sans Souci social club. The bride spent her first year of college at Colorado Women's College in Denver and has been attending Tech since she transferred two and one-half years ago. The bridegroom spent his first year of college in West Texas State Teacher's College at Canyon, and after two and a half years in the U. S. Army, one of which was spent in and around Japan, he entered Tech, where he is now majoring in Agriculture.

When the couple left on the wedding trip, the bride wore a black linen suit with white accessories and a corsage of a single white orchid. After a trip to the mountains of Colorado, the couple will be at home in Plainview.

Wedding guests from out of town came from Dallas, Plainview, Brownfield, Lubbock, Floyada, Paducah, Slaton, and Seymour.

NOTICE OF ELECTION

There will be an election on July 3 in the Morgan Independent School District at the Jack Cook residence for the purpose of determining the desires of the people in that district on the proposal to annex the Morgan Grade School to the Wilson School District and thereby complete the consolidation of the two districts.—J. P. Hewlett, superintendent of Wilson Public Schools. 38-23c

**Women now find 2-way
help for old problem**

What to do for woman's oldest problem, functional monthly pain? Many a girl and woman has found the answer in Cascur's 2-way help. You see, Cascur may make things lots easier for you in either of two ways: (1) started 3 days before "your time" and taken as directed on the label, it should help relieve functional periodic pain; (2) taken throughout the month like a tonic, it should improve your appetite, aid digestion, and thus help build up resistance for the trying days to come. Cascur is scientifically prepared and scientifically tested. If you suffer "at those certain times", get Cascur today.

PAULINE GARRETT AND RALPH BROCK WED HERE

Miss Pauline Garrett of Lubbock, daughter of Mrs. Dora Garrett of Waco, and Ralph Brock, son of Mrs. Mary A. Brock of Lubbock, were married at the Methodist parsonage here at seven o'clock Sunday morning in a double-ring ceremony read by Mrs. Brock's brother-in-law, Rev. C. A. Holcomb Jr., pastor of the Tahoka Methodist Church.

Following a trip to New Mexico, the couple will be at home in Lubbock July 5.

The bride wore a shell pink light-weight wool suit; the skirt straight in front with gores in the back and a double row of smoked pearl buttons trimming the front of the coat. She wore a white blouse with navy accessories and a corsage of white orchids.

Miss Christine Hollyfield, maid of honor, wore a gray light-weight wool suit with an aqua blouse, gold accessories and a corsage of yellow roses.

Artie Heck was best man. Attending the ceremonies were Mr. Brock's mother, Mrs. Mary A. Brock of Lubbock, and his sister, Mrs. Miller Dalton of San Angelo.

Mrs. Brock is a graduate of Waco High School, San Angelo Junior College, and the National School of Dress Design in Chicago. Currently she is a member of the Allen-Johnson dress shop in Lubbock.

Mr. Brock is a graduate of Lubbock High School, Texas Technological College, and the Law Department of the University of Texas. He is a member of the firm of Lindsey, Smith, & Brock, attorneys, and is a candidate for the Democratic nomination in July primaries for the State Senate.

Mrs. Ruby Fields and daughter, Eva Jane Wood of Vista, Calif., have been here several days visiting the former's mother, Mrs. E. S. Davis. Also here was another daughter of Mrs. Davis, Mrs. Veta Davis of Abilene and here a few days was Veta's son, Hubert Edward Davis, a student in Texas Tech. Last week Mrs. Davis and her daughters visited a son, Daniel, in Amarillo, and other relatives in Knox City and Munday.

Mr. and Mrs. Jim Burleson left Thursday morning for Cloudford, New Mexico, to spend a few days on their ranch there.

You can add that room you need and pay for it by the month at Shamburger - Gee Lumber Company. Phone 313.

Trash Collector Finds Air Conditioner for \$6

SALISBURY, MD.—When John Davis, a trash collector, gets an order he carries it out. Davis was sent to clean an alley back of a theater. The next day the theater manager called police to report that a 600-pound metal cylinder was missing. It was the air-conditioning unit.

The unit was recovered from a junk yard where Davis sold it for \$6.60. Davis said he thought it was junk, and shuddered as he told how he labored with five men to get it on a truck.

Doctors Discover Method To Keep Flowers Forever

PATERSON, N. J.—Two brothers, Drs. Phillip and Sidney Joffe, announced the discovery of a solution that will preserve freshly cut flowers forever.

Their secret process fixes the cell structure of the flower and preserves its color, form and texture. The flower loses its fragrance, however.

The brothers had worked on the solution in collaboration with an uncle, Philip Joffe, for the last eight years.

The preparation will go on sale in a department store in New York at "a reasonable price," they announced.

There are three steps in the preservation process, Joffe said, and they will be simple enough for any housewife to perform.

First, the flower is dipped into a solution that dehydrates it, fixing its form and stopping bacterial decay. It is then dipped into another solution and dried.

A third solution establishes a permanent acid-alkaline balance in the flower.

When finished, the flower is in a fixed state of preservation that is impervious to heat, cold or time.

When a fellow buys his gal an orchid for a dance, she can put it away after the dance until the next time. All she'll have to do is dust it and pin it on again, Joffe said.

Game of "Cops and Robbers" Hospitalizes One Brother

PITTSBURGH.—It was just a game of "cops and robbers" Joseph Martinez, 10, was playing with his three brothers.

Joseph was "shot." "Playing dead," he fell—and was impaled on a stick.

While Joseph screamed realistically, his brothers laughed. Their joy turned to horror when they found four inches of the stick had penetrated his abdomen. His condition is critical.

New-Born Babies Make Adults Look Like Pampered Sissies

CHICAGO.—New-born babies are tiny but tough, and in many ways, make adults look like sissies.

Dr. Clement Andrew Smith, assistant professor of pediatrics at Harvard Medical school, listed these among baby's strong points:

Babies have been known to go five, ten and even as long as fourteen minutes without breathing immediately after birth.

The body temperatures of babies exposed to chilling or covered by too many blankets have ranged from less than 90 to 102 degrees.

These changes in internal temperature will not do the baby any particular good, but on the other hand neither do they signify as much harm as they might in an adult, he said.

Babies apparently have more water in their bodies at birth than after. For this reason it is sometimes considered wise not to feed them for two to five days after birth. This is especially true of premature infants.

Baby also has disadvantages, too, the first being his small size. A baby has proportionately a much larger surface area than an adult. This causes a heavy loss of body heat. To make up for this an infant must breathe faster and his heart beats faster.

Each girl is requested to bring either cookies or ice cream as refreshments.

BURROUGHS LEAVE ON VACATION TRIP

Mr. and Mrs. T. B. Burroughs of the Santa Fe left Thursday night, enroute at Lubbock, for points west on their annual vacation.

They expected to view points of interest and to go as far as Oregon and Washington, returning by a different route and being away about two weeks.

C. J. Hodo of Odessa is here this week visiting his brother, S. Hodo, who lives east of Central Church and who is seriously ill.

Mrs. E. B. Gayden returned Friday night from a two-weeks visit with her son, James Gayden, and his family in Ruidoso.

Few traffic jams are caused by people rushing to buy things they see advertised on billboards.

Things we stub our toes on today are ones we laid around carelessly yesterday.

A honey for saving money!

Want a "date" that'll save you money? Then "make a date to OIL-PLATE" with Conoco Nth Motor Oil, today!

(1) Nth protects against wear... with an added ingredient that fastens extra lubricant so closely to metal that cylinder walls are actually OIL-PLATED. This extra OIL-PLATING stays up... won't all drain down into the crankcase, even overnight!

(2) Nth protects against combustion acids... a second ingredient checks metal-eating engine acids... stalls off power-choking sludge and carbon... helps keep engines clean.

(3) Nth protects against waste. Refined from finest paraffin-base crude oils, Nth has the "body" to stand punishing heat... give full-time protection, more miles per quart!

Save your car, save your money...

Make a date to OIL-PLATE!

LOS ANGELES PEOPLE VISIT PARENTS HERE

Mr. and Mrs. Newton Lewis from Los Angeles, California, were among the out-of-state visitors here for the "Old Settlers' Reunion." They are visiting their parents, Mr. and Mrs. V. L. Wallace of Ropesville and Mr. and Mrs. Rube Lewis of New Home, also a brother and sister, Joe and Leona Lewis.

Before returning to Los Angeles, the couple will visit relatives in

Fort Worth and Grandview, Texas. Mrs. Lewis is a niece of Mr. Elmer McAllister of Dixie. Mr. Lewis is a nephew of Mr. Jodie Nevill and Mrs. A. T. Beard of Tahoka. Mr. Lewis has been employed with the Douglas Aircraft Company of Santa Monica, California, for the past six years, where he is to return to work July sixth.

After all is said and done, we keep on saying and doing.

Pioneers

(Continued from Page 1)

broken about as many broncs as anyone present.

"Aunt Becky" Roberts, who came to Lynn county early in the century with her husband to file on land.

Bill Thompson, not among the oldest old-timers, but he was a big help in ridding this country of coyotes.

J. H. Edwards, now of Austin, but an early day citizen of this county.

J. W. Elliott, early day settler and former county judge.

Walter Robinson, who came to the Plains 57 years ago, and helped to settle up Lynn county.

Walter May, who came in 1901, and who now is one of its better farmer-stockmen.

Ed Ketner, early day West Texas cowboy, who filed on Lynn county land 48 years ago, lived in a tent, then a dugout, and was instrumental in breaking the lapse-lease practice of the big ranchers.

Mrs. Hall Robinson, who came to Lynn as a child in 1898. Her foster father, the late Jack Alley was manager of the famous Col. C. C. Slaughter Tahoka Lake Ranch, and later was postmaster here.

T. B. Cowan, who came in 1901, filed on land, lived in a dugout for three years, and long was one of the county's better farmers.

Mrs. S. N. McDaniel, who came in 1902 and whose husband was the first county clerk, following the organization of the county in 1903.

Horace Hale, who drove the mail hack from Gail to Tahoka before the coming of the railroad.

Hartley Henderson, last year's president, whose family settled in the Redwine community early in the century.

The final speaker was Judge Tom Garrard, not a pioneer of the county but an old-timer in West Texas, who brought facts and figures to show the amazing development of Lynn county as an agricultural empire.

Mrs. Slaton

(Continued from Page 1)

tives of Little Rock Arkansas. Coming to Texas early in life, she was married to W. R. Slaton in 1886 in Wise county. The couple and their little family settled in Gaines county in 1907. Mrs. Slaton has been a resident of that county since that time with the exception of about 11 years when she resided in Hartley county. She and her husband moved to Hartley county in the early thirties. He was serving as county judge of that county at the time of his death in 1941, and thereupon the commissioner's court appointed Mrs. Slaton to fill out his unexpired term, which she did. She is said to have been the first woman ever to serve as a county judge in Texas.

In 1942, she returned to Seminole, and she resided there the remainder of her life.

She was a capable and useful woman and had a wide circle of friends and admirers. For many years she had been a devoted member of the Methodist Church.

BAPTIST SERVICES

Announcement has been made that Rev. J. T. Jordan, former pastor of the Baptist Church at Earth, will fill the pulpit here next Sunday at both the morning and the evening hours.

Rev. Ted Brian of Wells was the speaker at both services last Sunday.

The new pastor-elect, Rev. C. T. Aly of San Angelo, has written that he and his family will arrive on Monday, July 12 to take up their work here.

There's a Wide selection of Wall Paper at Shamburger-Gee Lbr. Co. Phone 313. Adv.

Roads . . .

(Continued From Page 1)

without cost to the county, whereupon the county will proceed to build the extension.

The entire farm to market road system as originally laid out will be completed within the next two or three weeks, with the exception of the road from Wilson to Slaton, and the Commissioners court has received assurance that the State will build this stretch of road some time soon, including the stretch also from Wilson to Tahoka or to a connection with the Tahoka-Lubbock highway a short distance north of Tahoka.

The building of this stretch of highway at an early date was made doubly sure just a few days ago when President Truman signed the bill recently passed by Congress appropriating \$900,000,000 of federal funds to assist states in building highways and farm-to-market roads. Just this week the State finished hot-topping the state highway project built this spring and summer from Wells to Draw. Its next project in this county will be the Slaton-Wilson-Tahoka stretch of highway.

Mrs. John Ivey of Penwell and Mrs. Howard Tunnell of Lubbock visited the Levi Nordyke family here Wednesday and Thursday. They are sisters of Mr. Nordyke.

A local woman says they have eaten so many fried chickens that they've taken the mattress off their beds and started roosting on the slats.

Pity those who have no children. The only way to be sure of friends in your old age is to raise your own.

The wild bear of India attacks without provocation—as does the same bore of America.

Side-stepping only gets you farther away from where you hope you are going.

We'd much rather listen to an echo than a gossip, because an echo repeats what you say.

The wise man buys two lawn mowers—one for his home and one for the neighbors.

Announcing
Sunday Schedule
FOR
Service Stations of Tahoka

In order that we and our employees may have more leisure time and in order that we may, at the same time, render ample service to the public, only three service stations will remain open on Sundays beginning July 11.

The Following Stations Will Be Open:

SUNDAY JULY 11—

Reid Parker Sinclair Service
Cleve Bairrington Phillip 66
W. H. Fulkerson Cosden

SUNDAY JULY 25—

Wharton Mtr. Co., Conoco
H. D. Short's Texaco
Walker's Tahoka Service (Magnolia)

SUNDAY, JULY 18—

Paul Pittman Gulf
Farmer's Phillips 66
O. C. Elliott's Panhandle

THEN REPEAT—

Following July 25, the above schedule will then be repeated throughout the Summer, or as long as practical.

The above schedule has been agreed to by these stations. We will appreciate the public's cooperation in this plan.

Many Visitors Were Here During Lynn County Pioneer's Annual Reunion

Among the former Lynn county citizens who were "back home" last week for the Pioneers Reunion, were the following:

Mrs. Jessie Randle, the first teacher in Lynn county, Lynn Smith and Mrs. Robert Noble, Mr. and Mrs. C. R. Riley and Mary Louise, C. S. Wyly, Homer Winston, and Lon McCrary, all of Brownfield.

Sid and Millie Mayfield, F. C. Edwards, A. Y. Edwards, all of Tokio.

T. J. (Uncle Jack, Blankenship of Plains.

Mrs. Lonnie Bigham, Mrs. G. E. Lockhart, Mrs. Marie Gooch, Will Fenn, Mrs. Nita Keever, Mrs. C. M. Whipp, and others from Lubbock.

Mr. and Mrs. W. R. Young, J. T. Curb, E. A. Thomas, Mr. and Mrs. Buford Jones, and Mrs. J. A. Williamson, all of Post and Garza county.

Tom Higgins and Joe Risinger of Merkel.

Rob King, Mr. and Mrs. W. H. Fletcher, Plainview.

Mrs. J. M. Parker and Mrs. Grady Lankford, Sundown.

Joe Elliott, Sterling City. Mr. and Mrs. Jim Keever from Hutchinson, Kansas.

Mr. and Mrs. A. O. Matthews of Anton.

W. H. Robison and Mrs. Pearl Davies of Abertathy.

Mr. and Mrs. Newton Lewis of Los Angeles, Calif.

Mrs. J. B. Stokes of Bangs.

Mr. and Mrs. J. M. Barnes of Detroit, Michigan.

Mr. and Mrs. J. H. Edwards of Austin, Mr. and Mrs. J. Frank Edwards and Mr. and Mrs. Harold Edwards of Houston, and Mr. and Mrs. Edgar Edwards of Midland.

Mr. and Mrs. R. F. Finch of Denver City.

Mr. and Mrs. Homer St. Clair, Mr. and Mrs. J. H. Brown of Lamesa, and Mr. and Mrs. G. C. Aten of Dawson county.

Mrs. Roy Bland and Mrs. Carl Verhines of Roswell, N. M.

Mr. and Mrs. John McLoud of Kingsville.

Durwood Gilmer of Hobbs, N.M.

Mr. and Mrs. H. K. Fenn of Seminole.

Miss Amanda Leedy of Kansas City, Mo.

Mrs. Ruby Fields and Janie Wood of Vista, Calif.

Mrs. Veta Davis of Abilene.

Mr. and Mrs. J. Wright Edwards of Wolforth.

W. B. Edwards, Mineral Wells.

Fred Barker, Levelland.

V. D. Levett, Lingo, N. M.

MRS. TED CLAYTON ENTERTAINS NIECE

Mrs. Ted M. Clayton entertained her niece, Jo Ann Lane of Laredo, who is spending the summer with her here, with a skating party at the Finch Skating Rink Tuesday night.

After the skating, the following guests went to the Clayton home for refreshments: Nancy Gill, Sue Carpenter, Miriam Holcomb, Charley Fulkerson, Louis Cowan, Laylan McMahon, Bobby Franks, Teddy Clayton, and Phyllis Ann Clayton.

METHODIST VACATION BIBLE SCHOOL WELL ATTENDED

The Methodist Vacation Bible School has been in progress this week with a good attendance, and will come to a close tonight.

About 120 children and workers are in attendance each day. The meetings are being held from 3:30 to 5:30 each day. Children from four years of age up through the intermediate age make up the student body.

Rev. C. A. Holcomb Jr., pastor of the Church, conducts a short devotional service in the Church auditorium each day.

The other workers are as follows:

General Director, Mrs. Sam Floyd.

Nursery Superintendent, Mrs. Lucille Nash; assistants, Mrs. Betty Sue Wilson, Mrs. Alton Cain, and Mrs. Bill Woods.

Kindergarten Superintendent, Mrs. G. M. Reid; assistants, Mrs. Ivan Cathcart, Mrs. Milton Uzzle, and Miss Myria Holcomb.

Primary Superintendent, Mrs. James Clinton; assistants, Mrs. Vernon Steele, Mrs. Marshall Stewart, Mrs. Charles Neims, and Miss Joan Slover.

Junior Superintendent, Mrs. Irving Stewart; assistants, Mrs. Buel Draper, Mrs. John Slover, and Miss Jean Slover.

Intermediate Superintendent, Mrs. G. M. Stewart; assistants, Mrs. R. H. Gibson and Miss Emily Slover.

Substitute Instructors, Mrs. Helen Ellis, Mrs. Roger Bell, Mrs. N. M. Wyatt, and Mrs. Ralph Parks.

The mothers of the church are serving as hostesses.

At 8:00 o'clock tonight, Friday, July 2, the Sharing program will be given. At this time, the children will tell about and will exhibit their work of the week.

The general public is invited to this closing program.

While on a business trip to Waco, last week, Mr. and Mrs. Claude Thomas visited Mr. and Mrs. Tom Mott and family and Mrs. Mildred Nowlin, all former residents of Tahoka.

It is hard to tell whether the rings on the noses of some of our friends are caused by wearing glasses or drinking from fruit jars.

O'DONNELL ROTARY CLUB ACTIVE

John Jackson and a representative of the News attended the Rotary luncheon in O'Donnell Tuesday at noon. Judge Tom Garrard was there also and upon invitation made a brief non-political talk.

Carl Sanders, upon request, made statement respecting the proposed co-operative hospital which it is hoped will be built there soon. Mr. Sanders explained the method to be used in financing the proposition and it was stated that an active drive to raise the necessary funds would be started this week. Considerable enthusiasm in favor of the project was manifested and the promoters believe that the institution will be built.

The program proper consisted of the showing of a reel of movies by a nationally-known rubber tire manufacturing company depicting the progress that has been made in farming operations since tractors and other modern farm machinery have come to use. The picture, entitled "Rubber Lends A Hand," was a very revealing and interesting show.

The meal served by Mrs. Go-lightly was superb.

Rev. Alby Cockrell, pastor of the

Mr. and Mrs. Howard Venable and daughter Ripple, Betty Huddleston and Wanda Norman spent last week-end with Jackie Venable, who is in school in Abilene.

O'Donnell Methodist Church, is the "live-wire" president of the Rotary Club.

MRS. H. C. BRISTOW'S BROTHER DIES

W. P. Higgins, 66, brother of Mrs. H. C. Bristow died at Amarillo Thursday and funeral services were held Saturday at Lockney. Mr. Higgins lived at Silverton and had been taken to a hospital in Amarillo.

\$300.00 WORTH OF Fireworks

WILL BE SHOT OVER

THE LAKE

Monday Night, July 5th
at 9 P. M., Come Early

Bring The Family, Stay All Day, And Try Your Luck In Our \$5,000.00 Fish Rodeo Which Runs Until October 31st.

The following are a few of the lucky fishermen who have already won Prizes in Buffalo's Fish Rodeo.

W. L. McAfee, Lubbock	\$30.00	C. D. Crump, Lubbock	\$25.00
W. C. Barrow, Brownfield	\$30.00	W. S. Rogers, Lubbock	\$25.00
		Jerry Brooks, Lubbock	\$25.00
		Jerry Brooks, Lubbock	\$130.00

One hundred and fifty fish are tagged for the rodeo which includes "Kilroy" the 7½-pound black bass which is worth over \$800.00 and "Jiggs" another black bass which is worth over \$500.00. A large percent of the 100 tagged fish put in the lakes last year were caught by lucky fishermen and the catch this year should be even greater as more fish are being tagged this year than last. An extra prize of \$25.00 and an annual permit will be paid each month to the fisherman catching the largest bass for that particular month. Also a like amount will be paid for the greatest number of pounds of catfish, suckers, and buffalo caught each month.

Camping, Swimming, boating, picnicking and other facilities are available at Buffalo Lakes. A special invitation is extended to the people of Tahoka and vicinity to visit Buffalo Lakes.

Buffalo Lakes, Inc.

9 MILES SOUTHEAST OF LUBBOCK

Customs Officers Use Mirrors for Smuggler Search

NEW YORK.—Day and night, squads of armed men carrying flashlights and pocket mirrors swarm aboard ships entering New York harbor.

The alert, eagle-eyed men of the United States customs enforcement division don't carry the glassware from milady's bag to use in combing their hair or preening their features. Pocket mirrors are standard equipment in the grim, unrelenting war on narcotic smuggling.

Placed strategically, a mirror shows up what may be ingeniously hidden behind a lavatory washbowl, a seaman's bunk, or in the machinery of the ship's intricate engine room.

Vigilance of these customs officers has paid off handsomely. In the last year they've confiscated contraband drugs valued at several million dollars in the illicit market, said Harry M. Durning, United States customs collector for the New York port.

N.Y. a "Hot" Port
New York, in law enforcement parlance, is a "hot" port—about the hottest in the world.

International smugglers have renewed efforts to penetrate port surveillance with narcotics for American dope peddling rings. History, said veteran port officials, is repeating itself. A postwar resurgence of narcotic smuggling is comparable to the one after World War I.

Collector Durning attributes the alarming increase to a breakdown of prewar safeguards abroad, worldwide unrest and unsettled economic conditions and the age old desire for quick, high profits.

In tightening their vigil against smuggling, customs officers pay particular attention to all ships coming from French and Mediterranean ports. That's where, they said, most shipments of illicit drugs originate.

Ships from Britain and Ireland, the officers said, seldom figure in drug smuggling. Always suspect, however, said Herman Lipski, chief of the United States customs enforcement division, are vessels coming from Naples, Genoa, Marseille, Le Havre and Antwerp.

Seize Big Catch
Lipski's men recently scored their biggest catch of the year when they discovered narcotics valued at one million dollars secreted about a ship from Le Havre.

One bundle of drugs was found in the ship's galley at the bottom of a full barrel of flour. Another batch, encased in a waterproof bag, reposed in a soup tureen full of water. Other packages were discovered inside the lining of the ship's oven and in a box of sea biscuits.

Another recent haul came when shore patrol officers under Durning raided the basement of a dingy water front tenement. They found 36 ounces of narcotics and complete equipment for testing, diluting and preparing drugs for illicit sale to addicts.

In a drapery in the basement they found \$18,000 in cash and a pistol. From a man caught fleeing the basement they confiscated four more ounces of drugs. Total value of the catch was placed at \$200,000.

CLASSIFIED DEPARTMENT

HELP WANTED—MEN, WOMEN

Colored or Foreign, unencumbered couple to cook, do house and yard work. Live on place, experienced and furnish references. \$225 monthly, apply P.O. Box 2929, Dallas 1, Texas.

FARMS AND RANCHES

CANADIAN FARMS—Write for FREE INFORMATION on farm settlement opportunities. Particulars, reasonable prices, etc., send Canadian Pacific Railway, Union Station, 4, Paul, Minn.

FOR SALE
NEWLY BUILT DUDE RANCH
Finest in the area. Also tourist court with cafe, cottages, fishing station and home, all brand new. Both places on the best highway through Colorado. Write Gilbert Padfield, Salida Colo., for information.

WEEKLY NEWS ANALYSIS

Uneasy Truce Prevails in Palestine; No Talks With Russia, Truman Says; Draft Machinery Set to Begin Work

By Bill Schoentgen, WNU Staff Writer

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

HOLD FIRE Still No Peace

For a little while the dove of peace drifted over Palestine on frayed and weary wing as Arab and Israeli armies were observing, more or less loosely, a four-week truce in the war for possession of the Holy Land.

At best the United Nations-supervised truce agreement was a fretful and uneasy affair. Before the four-week mediation period was two days old both Arabs and Jews had begun charging each other with violations of the pact.

Count Folke Bernadotte, U.N. truce negotiator, was investigating the accusations, but it looked very much as though another security council cease-fire order might go unheeded, unobserved and unobeyed.

Actually, it is difficult to see how any synthetically imposed truce could succeed in Palestine. There are no basic grounds upon which a genuine interruption of hostilities could rest. Both sides profess military proficiency and the ability to keep on fighting and winning.

And more important, each side is fanatically opposed to modifying its demands: Israel is determined to retain its sovereignty and to have unlimited immigration of Jews into the state. The Arabs are just as determined to erase the state of Israel from the map.

Thus, there is little confidence in the security council's truce plan and its power to effect peace. And that pessimism was heightened by the knowledge that no U.N. cease-fire edict has worked yet.

Aside from the seriousness of the struggle for Palestine itself, deepest significance of the affair lay in the fact that it is raising once more the old question of whether any world peace organization of nations ever can succeed in the task it sets for itself—the maintenance of peace and order on earth.

Pressure of world opinion—which is all the U.N. security council can bring to bear, lacking both military teeth and the power to bring economic sanctions against offending nations—apparently is not going to be enough, at least in the case of Palestine.

One inference which may be drawn is that the U.N. will need more power of one kind or another before it can prevail against the fetish of blind, militant nationalism that has hurled the world into two major wars already in this century.

PRESIDENT: About Russia

Forsaking for the moment the political whiplash he has been using on congress during his western tour, President Truman issued a major enunciation of U.S. foreign policy, bounded on all sides by an indictment of Russian tactics, in a speech at Berkeley, Calif.

His address was the clearest cut answer thus far made to the recent spurious but widely publicized Soviet offer to talk over Russian-American differences and the issues of the cold war.

Although the Soviet overture patently had been made as a last-ditch effort to derail the European recovery program and also slow down

the U.S. military preparedness program, it undoubtedly carried a great propaganda impact abroad and, to a smaller extent, inside the U.S.

President Truman's Berkeley speech was a creditable reply. His theme was that the Soviet Union is acting as an aggressor and obstructer of world peace, and he postulated the theory that there is no likelihood of settling disputes between the two nations by negotiation so long as Russia continues to wield international communism as a weapon to influence the course of world events.

The American intent, he said, is to deal with the East-West cleavage by deeds, not propaganda.

"We shall judge the policy of every nation by whether it advances or obstructs world progress toward peace and we wish our own policy to be judged by the same standard."

As a measuring stick for that principle Mr. Truman suggested that Russia begin the demonstration of her good intentions, if any, by halting the perilous strife in Greece and Korea.

Thus, both Americans and Russians know where the U.S. stood. And from this side of the ocean it looked to be as good a place as any.

DRAFT: Machinery

Peacetime selective service actually had been all but a reality for months before President Truman put his signature to the draft bill.

The gears, wheels and levers of the draft machine needed but a flick of the finger to start turning out citizen-soldiers for the benefit of the nation.

So much spadework has been done that the office of selective service records estimated that it could have inductees on the way in 60 to 80 days after the law becomes effective.

These 18-to-25 year olds eligible for service can expect something like this:

There will be no hoop-la or gold-fish bowl drawings. Instead of being determined by lottery the order of induction probably will be figured out according to age groups.

It is likely that 21-year-olds will start the proceedings. After the registration, all men over 21 and under 22 would be classified. Those not exempt would be put into Class 1A as eligible for immediate induction. Whether the first age group selected would be exhausted before another is called up had not yet been decided.

Military authorities estimate that about two out of every three men in the 18-through-25 bracket who are single and non-veterans will have to serve in the army, navy, air force or marines, either as draftees or volunteers. Roughly, there are about 1,552,000 single non-veterans in that age group.

The whole business will have a familiar ring for Americans who can, without half trying, remember the details connected with getting an army together for World War II.

U. N. SITE: Changeable

Not that it's an original idea, but another move is reported to be getting under way quickly to switch the United Nations headquarters from the U.S.

Geneva, Switzerland, is being mentioned as the substitute site, although nations supporting the idea are taking no open steps and are confining their efforts currently to laying groundwork for the real drive which may be expected to emerge this fall at the Paris assembly.

The whole plan might go down the drain, however, if congress were to approve the \$5-million-dollar loan to the U.N. for building the projected skyscraper headquarters in Manhattan.

As usual, there is a play of forces behind the scenes on this question. The Arab states favor moving the U.N. to Europe, primarily because they are bitter over the success Zionist Jews have had in influencing the U.S.

Britain originally wanted a European site and might, under certain conditions, revert to that stand. Russia, another question mark, is expected to grasp the opportunity to attack the U.S. for failure to keep promises should congress fail to approve the loan.

Woman's Frock Has Dainty Trim Youthful Frock Simple Sewing

Puffed Sleeve Frock
As welcome as a summer breeze — a youthful, charming puffed sleeve frock that's so easy to sew, so simple to care for. It's cut all in one piece with drawstring at the waist for snugness.

Pattern No. 8181 is for sizes 11, 12, 13, 14, 15, 16 and 20. Size 12, 2½ yards of 39-inch.

The Spring and Summer FASHION offers a wealth of sewing ideas for the home dressmaker. Free knitting instructions and free pattern printed inside the book. 25 cents.

Electric Fence May Kill; Safety Precautions Listed

Electric fences take their toll of human lives every year. Most victims are children. Also, many animals are killed. Listed below are some of the safety rules recommended by the National Safety Council.

Do not use home-made electric fence controllers; they are not safe.

No fence should be energized from any electric source except through an approved controller, one that meets the safety standards of a recognized agency. It is important that the controller is properly installed with good ground and lightning protection.

Do not tamper with the controller. If it needs servicing return it to the manufacturer or have repairs made by a factory-authorized representative.

Teach children not to tamper or play with an electric fence. Avoid locating an electric fence where the charged wire and a good ground such as a pipe line, pump, stock tank, pond, irrigation ditch, or other normally wet ground can be contacted at the same time.

Identify electric fences, especially those near buildings, property lines, or roads with prominent signs.

Provide insulated gate grips for opening and closing gates.

Afternoon Dress
A softly styled afternoon dress with feminine detail and charm. Dainty scallops finish the neckline and surplice closing—sleeves can be brief or longer. Try an all-over flower print, or dark sheer fabric.

Pattern No. 8315 comes in sizes 22, 24, 26, 28, 30, 32, 34, and 40. Size 34, 4 yards of 39-inch.

Reading Preferences
Librarians report a great demand for travel books. South American countries usually are high on the list of desired places to visit. While war fiction lies practically untouched on library shelves, historical fiction is widely read, both old and recent titles. Novels concerned with race and social problems are much in demand. Movies, as always, bring a flood of requests for the book which has been filmed.

R-H COTTON DUST

Gives excellent control of thrips, tarnished plant bugs and flea hoppers when dusted early and permits cotton to hold early fruit and set an early crop. In Bollweevil control, R-H Dust has been found to give a high degree of kill of Bollweevils within cotton squares, in addition to the kill of adult Bollweevils.

R-H Dust has proven to be very effective for the control of the bollworm, army worm, web worm, grape colaspis, ants, bean leaf beetle and grasshoppers.

R-H Dust has a very low toxicity to warm-blooded animals. R-H Dust is very economical in cost per pound as measured by all season control.

R-H Dust does not burn or adversely affect foliage on any of the common farm crops.

PREVENTIVE TREATMENT IS MORE VALUABLE THAN APPLICATION AFTER HEAVY INFESTATION.

Bingo!

In addition to taking rapid-fire pot shots at congress during his points west tour, President Truman sharpened up his target eye by blazing away at some clay pigeons on his stopover at Sun Valley, Ida. In contrast to congressmen, the clay pigeons couldn't snipe back.

INFLATION AND TAXES

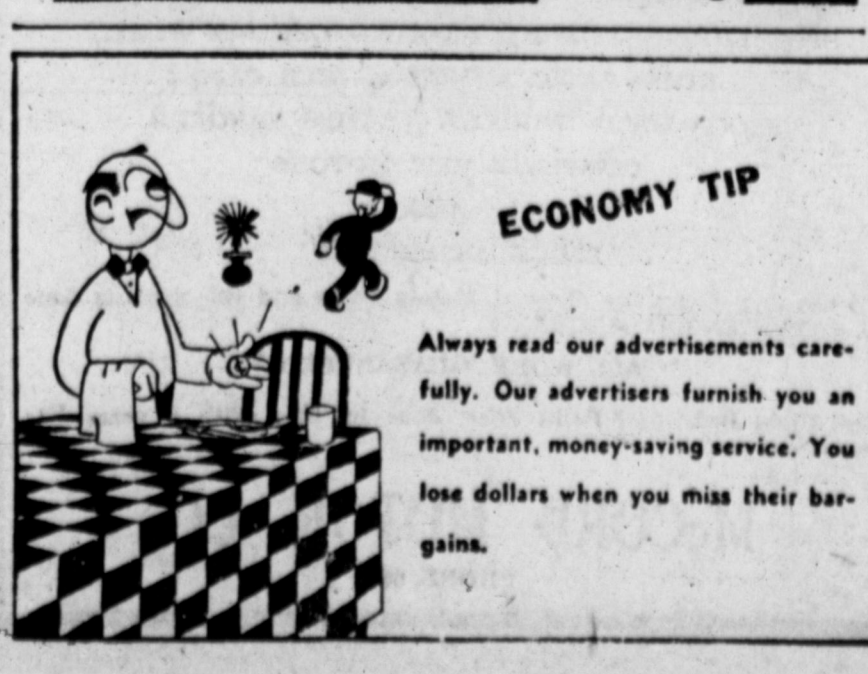

Vacations Cost More This Year

If you haven't been on a vacation since 1940 and you are planning one for this summer, you're probably in for a shock—the kind that makes the bankroll tingle.

For depending on the kind of vacation you take and the brand of recreation you prefer, vacation costs in 1948 have jumped from 20 to 100 per cent over comparable

prices in 1940, according to the family economics bureau of Northwestern National Life Insurance company.

For instance, a 12-day cruise from New York City to Nassau, Havana and Miami cost as little as \$120 in 1940. Today the same cruise is listed at a \$218.50 minimum, an increase of 82 per cent.

BUFFALO LAKES TO HAVE BIG FIREWORKS DISPLAY JULY 5TH

W. H. Rodgers, owner and operator of Buffalo Lakes 9 miles southeast of Lubbock, announced that he has made arrangements for the most attractive display of fireworks to be shot over Buffalo Lakes this year than ever before. Over \$300 worth of fireworks will be shot from boats and other facilities at approximately 9 P. M. July 5th. One of the biggest advantages will be the view from the high banks of the canyon over the lake where the fireworks will be displayed. Convenient arrangements have been made so that there will be no great congestion of automobiles after the show is over.

Mr. Rodgers reported that there is a keen interest in the Fish Rodeo that is in progress at the Lakes, where 150 fish have been tagged and where those who catch the tag-

ged fish are given cash prizes. Over \$5,000 is being offered in all in the contest. Fishing is better this year than any season since the Lakes have been open to the public. Fishermen are catching their limit every day in bream. A large number of bass, catfish, crapple and buffalo are being caught each week. A great many improvements have been made at the resort where a paved road has been completed around both the lakes, providing one of the most scenic drives of any in this section of the state.

What has become of all the disaster that was to befall this country when the nation debt got three-quarters of its present size?

Eyes set too close together may mean a mean disposition, but lips set too far apart are sure to get you into trouble.

This is an important day for each of us. Although we set it aside as a day of fun and summer holiday enjoyment, let's not lose sight of the fact that "world affairs" make it a solemn occasion on which we must rededicate ourselves to living democratically.

MARY JANE BURCKHARTT WEDS LORENZO MAN

Miss Mary Jane Burckhartt daughter of Mr. and Mrs. Grady Burckhartt, and Richard Parchman, son of Mr. and Mrs. G. W. Parchman of Loredo, were married at 2:30 o'clock Saturday afternoon, June 26, in the home of the bride's grand-parents, Mr. and Mrs. W. J. Burckhartt. Rev. T. L. Pond of Redwine read the single-ring ceremony under an arch decorated with three silver bells tied with a large white satin ribbon bow, and flanked with baskets of red and white roses.

The bride wore an aqua blue suit with brown and white accessories and a corsage of three baby brown orchids. For something old, she wore a cameo necklace given to her by the groom; for something blue, a blue garter. For something borrowed, she carried a white lace handkerchief belonging to Miss Joyce Vaughan.

The matron of honor was the sister of the bride, Mrs. Lynda June Standridge of Lubbock. She wore a light pink embroidered dress with white accessories and a corsage of pink carnations.

The groom's brother, Mr. Arnold Parchman, served as best man.

Miss Joyce Vaughan registered the guests. She wore a white suit with black and white accessories and a corsage of pink carnations.

Shortly after the ceremony a reception was held. Miss Joyce Vaughan presided at the punch bowl and Mrs. June Standridge served the two-tiered white wedding cake topped with a miniature bride and bride-groom.

The bride is a high school graduate of the class of 1947 and attended Draughan's business college this year.

The bridegroom graduated from Lorenzo high school in 1944, attended University of Oklahoma one year and finished at Draughan's business college this year. He served in the Navy two years.

After returning from a wedding trip to New Mexico and Colorado, the couple will make their home in Lubbock, where he is employed by Armour & Company.

Out-of-town guests were Miss Doris Cowser, Mrs. Delmas Davis, and Mr. and Mrs. W. E. Graves, all of Lubbock; G. W. Parchman and Mr. A. H. Parchman of Loredo; Mrs. Ira Vaughan, and Dr. and Mrs. Seale of Tahoka.

MRS. GLADYS M. STOKES RECEIVES HONORS

Mr. Eddie H. Dyer, secretary-treasurer, Texas Leaders Round Table, which is affiliated with the Texas Association of Life Underwriters, announced that Mrs. Gladys M. Stokes of Tahoka has qualified as a 1948 member of the Round Table.

It is a distinction for any life underwriter to qualify for membership in the Texas Leaders Round Table, as it denotes a quality performance which entitles each member thereof to be recognized as having done an outstanding job in the year 1947.

Mrs. Stokes, local representative of Southwestern Life Insurance Company, is one of 132 field representatives of that Company out of 334 for the State of Texas who qualified for this honor.

The Round Table will have a meeting in Waco, Texas, June 24, the object which will be to improve the sales technique of all members who attend.

Some people learn how to relax. Others never learn how to do anything else.

The worst March wind we ever saw was telling about his golf score.
