CONSOLIDATION APPROVED LAMAR COUNTY SCHOOLS

Lamar County voters approved two new school consolidations in Saturday balloting — reducing the number of school districts in the county from 11 to seven.

Patrons in the East Lamar, Blossom, Deport and Cunningham schools districts okayed the merger of those four districts into a single district.

And to the north, Powderly, no and Central school district voters approved the consolidation of those two into a single district.

In Saturday's four-district election, East Lamar voters favored the merger 182 for and 11 against, Blossom voters in favor of it with 239 for and 22 against,

Deport voted 203 for and 47 against, and Cunningham voted 74 for and 44 against.

The consolidations are to be effective for the next school year.

Present enrollment in the four-district consolidation:

East Lamar — 51 in high school, 116 in elementary.

Blossom — 128 in high school, 246 in elementary.

Cunningham — 40 in high school, 74 in elementary.

Deport — 70 in high school, 160 in elementary.

A new high school building is planned to be built at a central location, with elementary schools at Deport and Blossom.

Austin. — Big turnover in state jobs is costing taxpayers \$19 million a year. Henry Rothell, associate administrator of Texas Employment Commission, said the turnover of 26.48 per cent is due to "competitiveness" of industrial salaries.

"The state is acting as a training agency for private industry at a cost too expensive to follow," the veteran employment executive reported.

Despite difficulties in retaining skilled personnel, state employees have received substantial pay raises from the last two legislative sessions. Unemployment rate for the state as a whole continues well below the national average.

Employees in convention here were urged to continue working with legislative bodies to help solve the problems.

DRAFT QUOTA SET — Texas draft call for June is down again — from 834 in May to 801, and no man will be inducted with a random sequence number higher than 170.

State quota for pre-induction physical and mental examinations in June is 2,320, less than half the May figure of 5,828.

Those with random sequence numbers 1-215 will be the only ones sent for these exams. No men with random sequence numbers above 215 will be forwarded for examination until further notice.

Men born in 1951, who have no random sequence numbers, will not be called for this purpose. A drawing will be held later this year to establish the numbers for the 1951 group. All volunteers at the draft boards must be inducted ahead of the non-volunteers selected and ordered to report for induction by random sequence number.

Texas' induction quota is the state's share of June's national call of 15,000 men, all for the Army.

COURTS SPEAK — State Supreme Court reversed the intermediate court in holding that Methodist Church property used as the residence of a district superintendent in the San Antonio district is exempt from city taxation.

High Court heard arguments that the Liquor Control Board's controversial guest card rule for private clubs is needed to enforce its ban on open saloons. Third Court of Civil Appeals threw out the rule as vague and issued without finding of fact.

Supreme Court overturned Freestone County and Travis County lower courts decisions in condemnation cases on questions involving admissibility of evidence concerning comparable property values.

Court of Criminal Appeals agreed to review an earlier finding upholding the extradition of Charles Watson to California in the Sharon Tate murder case.

AG RULES — Judges may retire when eligible on any date they choose and create a vacancy in their office, and a vacancy is also created when a judge is removed for cause. So ruled Atty. Gen. Crawford Martin.

In other recent opinions, Martin concluded that:

• Political party precinct committees are not entitled to compensation or expense allowances for attending a county executive committee meeting.

• Mental Health - Mental Re-

tardation commissioner may remove his deputy for constitutional cause without MH-MR board approval.

• Former Brownwood firemen who were rehired is eligible to participate in the city retirement fund though he now is over 45; however, to get credit for previous service, he would have to refund contributions earlier made and withdrawn.

• State Board of Morticians has authority to request disinterment of a body by a county medical examiner, and the examiner may order disinterment if facts show need for inquest.

SCREWORM RULE OUT — Texas Animal Health Commission unanimously voted to knock out a screwworm quarantine rule bitterly opposed by Mexico.

Regulation required a two-week quarantine of lots of imported Mexican livestock exposed to animals infected with the screwworm parasite.

Mexican director general of animal health argued that the rule was not justified because Mexico treats its own animals for screwworm before sending them across the Rio Grande. Quarantine, official said, resulted in unreasonable heavy losses to Mexican cattlemen.

ALLOWABLE CUT — State-wide oil allowable will tumble for the second month in a row. Railroad Commission set it at 50 per cent of the potential for June. That's a reduction from 64.5 per cent for May.

Figure will allow top production of 3,309,344 barrels of crude oil daily. Present allowable permits a top of 3,545,562 barrels a day.

Just three of 13 major purchasers suggested more oil in June. Four asked less and six were content with the same as this month's allocation. Written nominations came to 3,157,227 barrels a day for June, 34,624 less than May.

RATES UP — Higher fire, extended coverage and homeowners insurance rates are due to go into effect July 1, if the State Board of Insurance follows its staff's recommendations.

However, the Board knows of no company request yet in the making for higher auto policy premiums.

Board staff said new building coverage will vary in price according to construction, location and use.

Homeowners' policies may go up as much as 18 per cent statewide, but fire coverage will increase only about 1.7 per cent and extended coverage 6.9 per cent, under staff recommendations pending before the Board.

SHORT SNORTS — West Texas feedlot owners are asking the State Water Quality Board to exempt them from water pollution regulations because their lots are in dry areas where the run off won't flow into a stream or river.

Tommy Townsend of Paris now is acting sergeant-at-arms of the Texas Senate, succeeding Jeff Davis of Austin, who resigned.

Finding out who owes how much in delinquent ad valorem taxes on what kind of property to which of the 3,300 taxing authorities in the state is the job the Delinquent Ad Valorem Tax Study Commission hopes to finish before the next session of the Legislature.

AUTO FACTS

CAUTION: HIGH VOLTAGE

DID YOU KNOW THAT DURING 10,000 MILES OF DRIVING A SET OF SPARK PLUGS TRANSMITS ENOUGH ELECTRICITY TO POWER ALL THE APPLIANCES IN YOUR HOME FOR 15 MONTHS?

HOWEVER, THE COMBINATION OF ELECTRICAL CURRENT, HEAT AND CHEMICAL EROSION STEADILY WIDENS THE FIRING GAP TO A POINT WHERE THE PLUG NO LONGER WORKS EFFICIENTLY AS A RESULT, GASOLINE IS WASTED, POWER IS LOST AND STARTING TROUBLE CAN BE EXPECTED.

SO... TO AVOID THIS TROUBLE THE CAR CARE COUNCIL ADVISES REPLACING THE SPARK PLUGS AS PART OF A COMPLETE TUNE-UP ONCE A YEAR OR EVERY 10,000 MILES.

Calvary Baptist Oriental Party

Group One of the TEL Class of Calvary Baptist Church entertained the class and associate members Thursday evening at 7:30 with an Oriental party in the fellowship hall of the church. The theme was carried out in the clever arrangements of black, orange and blue Japanese fans, candles and flowers in black and green containers, large pots of bamboo and other appropriate flowers. The tea table centerpiece on the dark green covered table was an arrangement of dark red amarylls and pomegranate blossoms in a Japanese designed container of green with a gold base, flanked with tall red candles in matching holders.

Group leader, Mrs. Ivy Smith and class president, Mrs. Ollie Jones greeted the guests dressed in beautiful authentic Japanese robes, offering them fortune cookies as they entered. Mrs. Howard Swarts brought the devotional on Christianity in Japan and Mrs. Smith represented a Japanese war bride in an article entitled "America Through the Eyes of a Japanese War Bride."

During the business session directed by Mrs. Jones, the class elected Mrs. Buster Case a secretary, Mrs. W. R. Weisinger as assistant secretary and Mrs. R. L. Prestidge as full time teacher. At the end of the business, the Lord's Prayer was repeated in unison.

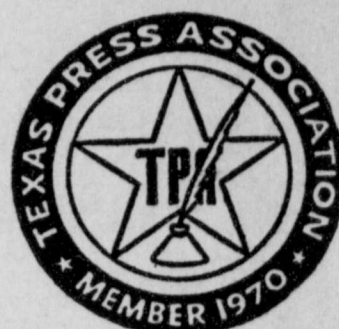

Several games were enjoyed, including eating rice with chop sticks in which Mrs. F. B. Haynes excelled and was awarded a hand painted Japanese fan. Mrs. Swarts was awarded a similar fan and Mrs. Ruby Cogburn won a small orange corsage for being the best bawler in another game. Mrs. Jones really baffled the guests with her mind reading trick. There was soft background music while pie, coffee and tea were enjoyed. Tiny paraisols were plate favors. Mrs. O. L. Dunn gave the invocation and played piano selections while refreshments were being served.

Group two will entertain for the June social under the leadership of Mrs. Paul Miller.

Dinner guests in the home of Mr. and Mrs. Duard Hall and family Sunday were their daughter, Mrs. Ted Ewing, Mr. Ewing and Dennis of Texarkana, Mr. and Mrs. Steve Hall of Mt. Pleasant, Michael Hall of San Francisco, Roger Hall of Longview, Charles Ray Whitney, Debbie, Donna, Guy Nell and Freida Hall, all of Talco. Afternoon visitors were Mr. and Mrs. Elmer Hall of Mt. Pleasant, Mike and Steve Hall, both with the Navy, will return to San Francisco and Corpus Christi.

Dear Friends:

We will soon be celebrating Memorial Day... a day set aside for the living to honor their deceased.

We believe that if a family takes a leisurely drive to the Cemetery, cares for the graves of their loved ones and says a prayer, they will realize a satisfaction which will truly enrich their holiday.

Sincerely,

MT. PLEASANT FUNERAL HOME 105 E. 16th St. Phone 724-6603
