

Lady Audley Opens Tonight

Lady Audley's secret will be unveiled tonight (Thursday) when another production of the Colorado City Playhouse hits the stage.

Lady Audley's Secret or Death in Lime Tree Walk is the fourth production of the Playhouse for this year. The Playhouse season opened with the musical Annie Get Your Gun and in May, the comedy Accommodations was presented. All My Sons, a drama, was produced in August.

Spoon River Anthology will be the final production of the Playhouse this year and will be presented in December. It will be in a reader's theatre format.

Lady Audley's Secret will be presented tonight, tomorrow (Friday) and Saturday and again Nov. 2, 3 and 4. Curtain time is 8 p.m. for each performance. Reservations for the melo-drama may be made

by phoning 728-3491 or in person at the Playhouse.

Box office will be open today from 1-8 p.m. and the same hours Friday and Saturday.

For next week's performances, the box office will be open from 1-5 p.m. Monday, Tuesday and Wednesday and from 1-8 p.m. Nov. 2, 3 and 4.

Directed by Porter Richardson, the three-act play is based in the mid-1800's.

There are four scenes in the play-the Audley Library, Robert Audley's apartment, Lime Tree Walk and a saloon taproom.

The main plot of Lady Audley's Secret revolves around the efforts of Lady Audley to hide her past from her rich, aging husband.

Trina Taylor, who appeared in Annie Get Your Gun, plays the part of Lady Audley and her husband, Michael Audley, is

portrayed by Tandy Curlee who has appeared in a number of Playhouse productions.

Robert Audley, the hero of the melo-drama, is played by Don Cheek and Alicia Audley, who is Robert Audley's cousin, is played by Karen Fulfer. This is the first Playhouse appearance for Cheek and Mrs. Fulfer.

Sub-plots of love in the play involve Robert and Alicia Audley and a love between Luke Marks and his cousin Phoebe Marks. Luke Marks is played by Fred McWhorter, and Phoebe Marks is played by Donna McWhorter who are both familiar faces to the Playhouse stage.

John Mikow, who has appeared in various productions, plays the part of George Talboys, Lady Audley's ex-husband.

Chambermaid and scene card changer is played by Elaine Fugate, who is appearing in her first Playhouse production.

Between the second and third acts, Coleen Palmer will entertain the audience with olio presentations. Betty Holder will accompany Mrs. Palmer on the piano, and is also music director for Lady Audley's Secret.

Others involved in the production include Brian Bassham, stage manager; Anita Richardson, make-up; Marsha Moore and Lisa Wilkerson, lighting; Nona Jones and Bobbie Steakley, ticket sales; Nella Parker and Peggy Maddox, Red Dog Saloon, and Tandy Curlee, props.

Carl Beery Moore, George Womack, Ronnie Conner and Bassham are in charge of stage design, construction and decoration. Kent Womack is handling ground preparations and Jolyn Mikow is in charge of programs.

Winders said that he had no explanation as to why the Snyder people were so reluctant to commit themselves.

The Chamber Manager stated that as of right now he had the support of the Chamber of Commerce Monday afternoon in an effort to persuade them to throw their support behind the proposed route which would extend Interstate 27 from Lubbock through Slaton Post, Snyder, Colorado City, Robert Lee and San Angelo and would intersect with Interstate 10 at Junction.

However, despite all of their efforts, Winders stated that as of right now, he could see little results from the meeting. He said that he and the other Colorado City representatives presented the Snyder Chamber with all of their reasons as to why I-27 should follow the above route instead of an alternate route through Lamesa and Big Spring.

Winders said he believed and told the Snyder Chamber that the interstate should follow this route because it would be shorter and thus cheaper to build, would cause the motorists to use less fuel than the Lamesa/Big Spring route and would pass through more rural areas, thus boosting their economy.

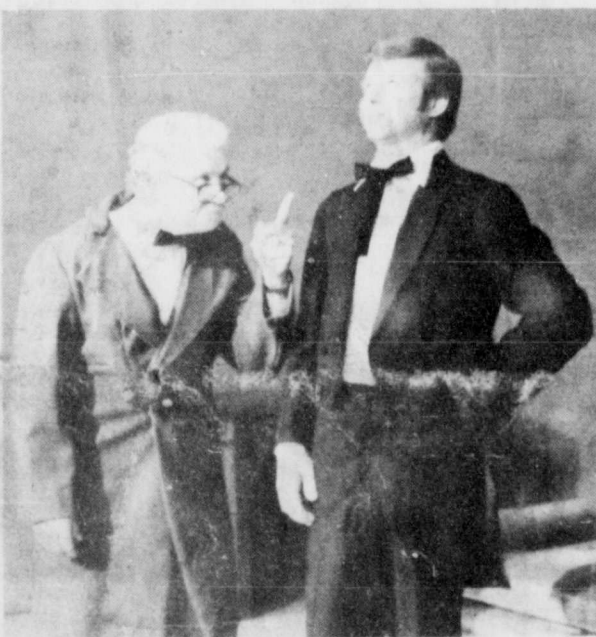

Winders noted that the only response that the Snyder Chamber would give was that they would "check with our highway commission and get back in touch with you."

COLORADO DRUG's new owners, Gene and Margaret Douglas, were welcomed into the business community during grand opening ceremonies Saturday with a ribbon cutting ceremony with the Colorado City Chamber of Commerce's Ambassadors on hand to conduct the ceremony. Pictured are, left to right back row, Mildred Free, Carolyn Godsey, Lori Godsey, Don Banta (top of head showing), George Sweet and Brad Rose. In front row, left to right, are Fred Butts, Larry Winders, Margaret and Gene Douglas, Julie Godsey and Ken Godsey.

CAN A dottering old man cope with the love of a 21-year-old wife, is the question asked by Colorado City Playhouse's upcoming production of Lady Audley's Secret. Michael Audley (Tandy Curlee), the old man, can't do it, or at least his daughter, Alicia Audley (Karen Fulfer) doesn't think so.

MICHAEL AUDLEY (Tandy Curlee), left, warns his nephew, Robert Audley (Don Cheek), against displeasing his (Michael Audley's) young wife in the upcoming Colorado City Playhouse production of Lady Audley's Secret.

Remember back in April when you were robbed of that extra hour of sleep when the clock moved up?

Well, you are about to get that hour back. Sunday, clocks will be moved backward one hour for Daylight Savings Time. Saturday night before you go to sleep, if the clock reads 10:30, turn it back to 9:30 so you will be prepared Sunday for the new time.

Fair To Offer Crafts, Food

Finishing touches are being added to the annual Colorado City Railhead Arts and Crafts Roundup Saturday and Sunday.

Booths will open at 10 a.m. Saturday at the Mitchell County Agricultural Barn, located on West Highway 80. The Roundup will close at 8 p.m. Saturday and will re-open Sunday from noon until 6 p.m.

A large group of volunteers turned out Monday night to construct booths for the Roundup. The show is being produced solely by volunteer labor.

"We had a lot of cooperation between the Chamber of Commerce board of directors and the committees-we were able to set up in a matter of a few hours," said Jolyn Mikow, co-chairperson of the Roundup.

Some 53 booths will be offered at the arts and crafts fair, representing craftsmen from West Texas, Oklahoma and New Mexico.

Arts and crafts booths to be offered include tile painting, China painting, oil and acrylic paintings, handmade jewelry, stone-ware pottery, stained glass, weaving, handmade baskets, pottery, rag dolls, wood photo frames, painted sand candles, macrame.

Turkey Shoot Saturday

Turkeys will be the prizes at the Mitchell County Gun Club turkey shoot set for Saturday.

The turkey shoot will begin at 10 a.m. at the Mitchell County Gun Club Range, located on West Highway 80.

Registration will be held all day at the range and as soon as a category registers 10 competitors, a contest will begin. There are 10 different categories.

Besides the turkey shooting competition, the Gun Club is also offering a special BB gun class for children 10 years old and under. A turkey will be awarded to the winner of the class and there is no charge for entering.

Entry fee for the turkey shoot is \$2 for all guns except shotguns, which will be \$3.

4-H Banquet Is Saturday

Members of the Mitchell County 4-H club will be honored Saturday at the annual achievement banquet.

The banquet will begin at 7 p.m. in the Middle School cafeteria.

On the national level, awards will be presented for achievement, agriculture, citizenship, clothing, public speaking, safety, veterinary science, fashion review, consumer education, food and nutrition and food preservation.

Highlighting the achievement banquet will be presentation of the Gold Star Boy and Girl awards. Brad Fincher and Dawn Lemons were recipients of

shadow boxes and oil miniatures.

Many craftsmen will be featured in this year's Roundup who have had booths in previous years.

T.J. and Mary Huling, of Ranger, have shown their pottery, rag dolls and oil miniatures in the Roundup before and noted that they were looking forward to this year.

"It is one of the best run shows with the friendliest people," said Mrs. Huling.

The Roundup is sponsored annually by the culture committee of the Colorado City Chamber of Commerce. Co-chairpersons for the event are Mrs. Mikow and Jody Neff.

Besides the arts and crafts exhibits, food booths will also be available, offering barbecue, nachos, popcorn, cotton candy, Mexican food, and soft drinks.

Mrs. Mikow stressed that everything at the Roundup is homemade, including the food and all of the crafts.

"There are no kits or commercial ware-everything is handmade and everything is for sale," said Mrs. Mikow.

Admission to the Roundup is 50c per person and will be collected at the gate of the fairgrounds. Children under six years old will be admitted free.

Registration for prizes will be held throughout the Roundup. Gifts to be given away are items donated by the craftsmen and will be handmade items.

Craftsmen and artists for the Roundup will begin arriving in Colorado City tomorrow (Friday) and may start setting up their booths at 4 p.m.

Besides the exhibits and food booths, several other attractions have been added to the Roundup with activities and entertainment scheduled throughout the day.

Saturday from 10 a.m. to noon the Golden Age Band of Mitchell County will entertain. From 1-2 p.m., Frank Bassham and Mrs. Mikow will sing and from 2-4 p.m. the Do-Si-Do Square Dance Club will offer a lively performance.

Following the square dancing, Eddie Swinney and his group will perform from 4-5 p.m. Jack Chaney and his band will entertain with gospel music from 5-6 p.m.

The final two hours of Saturday's Roundup-from 6-8 p.m.-will feature a couple of professional bands.

Sunday, the Roundup will open at noon. The LaKota Indian Dancers from Midland/Odessa will provide shows at 1:30 and 2:30 p.m. At 3:30 p.m. the

Crystal-Aires will perform and at 4:30 p.m. Hap Lewis and the Western Between from Snyder will be entertaining.

In addition to the full slate of activities planned at the Ag Barns for the Roundup, several other events have been slated for the weekend.

The melo-drama Lady Audley's Secret or Death in Lime Tree Walk open today (Thursday) and will continue Friday and Saturday and Nov. 2, 3 and 4 at the Colorado City Playhouse. Curtain time is 8 p.m. each night.

A team steer roping will be held at 2 p.m. Saturday at the Western Riding Club Arena and a turkey shoot will begin at 10 a.m. Saturday at the Mitchell County Gun Range, both in conjunction with the Roundup.

Large crowds-both local and from out of town-are expected to attend the Roundup, noted Mrs. Mikow.

"We're thinking sun," she added.

Valuable Rain Falls On County

"A million dollar rain" is what Don Stewart, executive director of the Agriculture Stabilization Conservation Service called the moisture which fell on Mitchell County Sunday, Monday and Tuesday.

"It's worth a million dollars for the winter grazing and for next year's crop," said Stewart, adding that it would bring on wild rye and low places in native pastures.

Stewart said that the rain would put moisture in the ground for next year's crop and that it would almost assure good grazing of small grain crops.

Regarding whether the rain would harm this year's cotton crop, Stewart said it might hurt the cotton some, but it would definitely help next year's crop.

"It was a nice falling rain that couldn't have come at a better time," noted Stewart.

NANCY BAUMANN snipped the ribbon Monday to officially open Nancy's Beauty Shop at 543 Cedar. On hand for the ceremonies was the Colorado City Chamber of Commerce's Ambassadors Club. In their regular monthly meeting Tuesday, night, the Root Memorial Hospital Board of Directors, heard a report from Administrator Charles Root on the recent inspection of the hospital by Medicare officials and handled several other routine items.

Root reported to the board that the hospital passed the Medicare inspection with only a few minor corrections being suggested by the officials. One of the suggestions was that from now on, when an X-ray is given to a patient, a reason for the X-ray must be given in the doctor's report.

In a matter which is handled annually, the board approved the updated by-laws of the medical

staff, the hospital district and the hospital auxiliary.

The financial report presented to the board showed that for the month of September, the hospital

had operating revenues of \$137,790 and operating expenses of \$163,811 giving an operating loss for the month of about \$26,020.

Root explained the loss, stating that the revenues given in the report do not include the local ad valorem taxes of about \$360,000 a year which the hospital collects, thereby making up for the operating losses occurring in some months.

Finally Root reported to the board that recently 900 disposable syringes valued at about \$200 were allegedly stolen from the hospital. He stated that the police were investigating the matter.

The time for the November meeting will be changed to 7 p.m.

Halloween Challenge To Parents For Safety

As autumn turns into winter and the activities of summer are only fleeting memories, the attention of most people turns to the challenge at hand - Halloween.

With its unusual costumes and after dark activities, Halloween must be ranked as one of the most dangerous special days of the year. Youngsters are abused, molested, fed various drugs, and marocots (mixed in candy), tricked into biting into an apple or popcorn ball in which pins or needles have been inserted, and otherwise mistreated. Sure, we tell our children how to play it safe on Halloween just as we tell them not to run into the street, but children do run into the street, and children are ran over by vehicles. Just because we try to teach our youngsters how to conduct themselves doesn't mean they will not "have a relapse" and start taking foolish risks.

When it comes to Halloween you can't afford to be naive. It is the responsibility of parents to protect

their children, and that means to assist them in their conduct of halloween observance. One thing, a parent should do is discourage trick or treating. If the child does trick or treat the parent should accompany the youngster on his or her appointed rounds in the neighborhood. If the child is too old for the parent to "supervise", the child is too old to trick or treat.

Certainly one of the annual hazards of the season is clothing. Far too many youngsters are darting from door and across the street wearing every manner of dark clothing. Your child must wear garments that are highly visible and preferably reflectorized. Otherwise some careless joy-rider, or drunk driver will leave you: child dead or dying in the middle of the street.

Halloween does not have to be more dangerous or violent than any other day, but is usually is. If you as a parent will recognize this fact and apply reasonable but firm guidelines as to

how this day should be observed, you will have taken a major step in the direction of proper conduct on the part of your children and young adults.

It just makes good sense to plan ahead and organize wholesome and worthwhile supervised activities. By taking the initiative you can preserve the health and welfare of your children. The only real alternative to family supervision is no supervision - and that usually leads to another statistic on the police blotter.

Witta Conducts Meeting

The Loraine Senior Citizens met at 6:30 p.m. October 17 for their monthly business and social hour. About 45 arrived dressed in costumes.

Rev. Fred Witta conducted a business meeting at the beginning. He announced the Cotton Festival to be held in Loraine November 4, and stated the Senior Citizens Club would have a float in the parade. A TAXPAYER'S BILL OF RIGHTS IS PAST DUE

Bill Clements believes we still have a chance to preserve our future by establishing constitutional protection against excessive taxation and runaway government spending.

Bill Clements believes the people of Texas should have the power necessary to ratify or reject tax policies made by legislators.

To establish this power (of the people), Bill Clements will introduce an amendment to the Texas Constitution that would give the people of Texas this right.

Bill Clements' "Taxpayers' Bill of Rights" would:

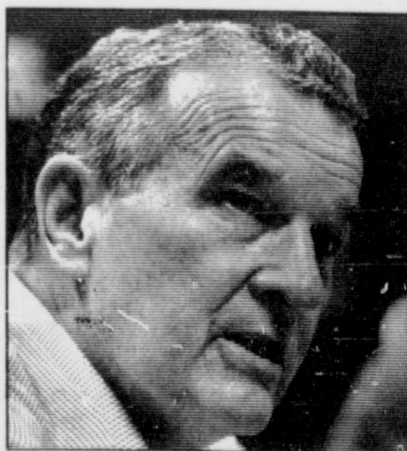

- Give Texans the right of initiative and referendum, a phrase that means we, the people, have a right to vote on the taxes to be levied on us.
- Place a ban on corporate or personal income tax in Texas.
- Require a two-thirds record vote of both houses of the legislature to pass a tax bill.
- Allow local taxpayers to call an election to ratify or reject a tax increase created by a local governmental unit.

Bill Clements believes in Texas and the people of Texas.

Bill Clements thinks that elected officials must work for the people and represent them properly.

As governor of Texas, Bill Clements will work for and with the people of Texas.

It's about time someone recalled that our form of government was conceived to be a servant of the

people and provide the means to insure that principle endures.

BILL CLEMENTS, A GREAT GOVERNOR FOR TEXAS.

How long can you depend on Lone Star for natural gas service?

- ☐ 10 Years ☐ 20 Years ☐ 50 Years
☐ More Than 50 Years

"Natural" is the key word in question. Unless regulatory price limitations make the development of new gas fields unprofitable for this area's producers, it will be many years before natural gas supplies run short for our million-plus priority customers.

The good news, however, is that these "natural" reserves can be supplemented with enough synthetic gas to keep Lone Star in the gas business for the next 50 years. And beyond. Lone Star has weathered too many storms in the last 69 years to shy away from the challenge of the energy future. We know what must be done to meet that challenge, and we'll meet it.

The groundwork is done.

There are excellent reasons for optimism. Foremost of these is the fact that 50% of the known onshore gas reserves in the United States are in areas where Lone Star already has pipeline systems in operation.

The energy outlook becomes even more promising when you consider the enormous, long-term potential of the gas fields under development in Texas' Gulf Coast waters. Lone Star is already buying some offshore gas. And we intend to buy enough of it to satisfy our customers' demand as it becomes available in volumes large enough to be gathered efficiently and economically.

Lone Star's ability to take delivery of new natural gas reserves as they are developed gives us an outstanding opportunity to buy our

area's fair share — enough gas to last our customers for many years.

Whether we can take advantage of this opportunity depends mostly on whether we'll be allowed to recover our actual costs on a timely basis.

Without the ability to pay our gas bill, earn a reasonable rate of return on our investments and recover our operating expenses, we will be unable to continue an aggressive supply program in time for it to be really effective.

There is no shortage of natural gas.

There's only a shortage of the low-priced, easily accessible gas that nearly everyone took for granted in years past.

If gas producers are given incentives to continue their risks in exploring for deeper, more inaccessible reserves, there is little reason for our high-priority customers to face natural gas shortages until we're deep into the 21st century.

After that, the future for gas energy still looks good. The technology for gasifying coal is a fact, not some fantasy of the future. And our nation has enormous coal deposits.

Converting it into gas makes sense. Because gas burns clean and doesn't pollute. It also makes economic sense, because this gas can be distributed through the pipeline system we have, and the families who have gas appliances can keep right on using them.

How long can you depend on Lone Star for gas service? We intend to make sure your children's grandchildren can depend on us.

We're working energetically for your area's future.

Colorado Middle School Chatter

There is much activity in Middle School this week. Ballgames, club meetings, dental check ups, pictures being ordered, fire prevention assembly and the usual educational activities.

A new organization was started. Mrs. Gierhart and Mrs. Mathis have put together a girls Fellowship of Christian Athletes. The FCA organization is made to bring boys and girls closer to God and each other. We elected officers for this year. They are Sandy Castillo, president, Kerry Spivey, vice president, Patricia Martinez, secretary and Pam Wilson, treasurer. We voted to attend church the second Sunday of the month. The first church we will be visiting will be the Catholic Church.

Kerry Spivey

The Colorado Middle School Band played at the Homecoming Parade. Some of the new students were very nervous because this was the longest parade we have marched in. We did march in the Kid's Day Parade, but this was different.

On Saturday the band will be going to San Angelo to participate in the Angelo State University Homecoming activities. We will march in the parade and at the pregame show that night. Mr. Newman said the parade will be about 20 blocks. Come on down Saturday and watch the band.

Everyone on the Chatter Staff takes their work very seriously. After eight weeks of school Loretta Morris has finally turned in her first story. Mrs. Hughes came to her first meeting and the seventh grade reporters have finally found the news room. There are quite a few reporters on the Chatter Box Staff this year.

One is Kerry Spivey. If Kerry wrote as much as she talks she could have her own news paper. Another reporter is Pam Wilson. If you wonder why Pam's stories are wound up it is because she is usually doing the boogie when she writes them.

Then there is Karen Joiner. Karen's stories would be fantastic if her sentences were joined together. Thereas, Gorham's articles are good but when Mrs. Hughes asks her to write longer articles she replied "I'm too short to write longer stories." And of course there is our good news reporter, Tom Rees. His winning reports are really good after someone rewrites them for him but his losing reports are usually very hard to find in the Record.

Then we have our drama writers Ruth and Andrea. Their articles are always well researched with at least two weeks of work and are word for word the truth. Our only complaints about their writing is that it is always so serious.

The Chatter Box reporters are always on the job to bring you the news at CMS, keep you up to date

In band this week we are in a music book that is called Master Method for Band. It is easy in some parts and hard in others. We are in Lesson 4.

Each day we have a contest for chairs. We play as many lines as we can until we have a third mistake. The one that plays the most lines for the day gets first chair and he grades the rest that are left to second, third and

so on. We go outside each week and march and have lots of fun.

The pep rally will be in the Senior Plaza at 4:40 p.m. this week. The CMS football teams will be going to Crane and will be leaving early.

Friday the 27th CMS will have a home assembly at 2:50 p.m. These students have been working hard and are singing nicely and would enjoy entertaining you. The assembly will be in CMS auditorium.

Standard time begins

Sunday the 29th at 2 a.m. Be sure to turn your clocks back for an extra hours sleep. There will be a student holiday Monday the 30th.

Tuesday the 31st is Halloween and National Magic Day honoring the death of Harry Houdini in 1926.

The pep rally was at 3 p.m. in the Middle School auditorium. Rocky was played while the football boys came in and found their seats. The student body was taught a new yell and the twirlers did routines to a new song. Mr. Hargrove was the guest

speaker. he gave an encouraging speech to the whole student body. The Sixth grade surprised us with a yell. the competition yell was won by the sixth grade newcomers. There were lots of good signs and lots of school spirit. Come on out this Thursday and join in the fun of a CMS pep rally.

The seventh grade girls played Big Spring here Tuesday night. Big Spring won both games, the scores were 15 to 5 and 16 to 14. Robyn Turner was high

pointer for CMS in both games.

The eighth grade girls also played Big Spring and lost both of their games. The scores were 15 to 5 and 15 to 11. High scorers were Micki Palmer, Brenda Williams and Sandy Castillo.

Emma Jackson

Last Thursday the Colorado City seventh grade Wolves played the Coahoma Bulldogs. The first quarter was mostly a defensive game, but the second quarter was a lot

better. We got the ball and began our drive down the field. We gave the ball to our fullback number 22, Ben Gonzales and he broke several tackles and ran it in for six. The third and fourth quarters were like the first mostly defensive battles. The game ended with Wolves 6 bulldogs 0. Next Thursday we play Crane in Crane

Jardy Powell

The last Thursday the eighth grade Wolves lost to the Coahoma Puppies 28 to 0. this put the eighth grade Wolves football rec-

ord at 2-2-1. The eighth grade Wolves will be playing Crane in Crane at 6:30 p.m. this Thursday. Coahoma has a record of 5-0 and 28 points is the least amount of points the Puppies have scored on any team this year so we are proud of the Wolves defense. The eighth grade Wolves are ready to win and will not be making the same mistakes twice.

Tom Rees

The Chatter Staff is proud of all of our teams and wishes them Good Luck in this weeks games.

Wolves Get Ready For Crucial Confrontation

It has been said that the Stamford Bulldogs have a small football team.

Whoever said that seems to have overlooked a 6-foot, 4-inch defensive tackle weighing 275 pounds, another defensive tackle weighing 202 pounds and 6-foot, 1-inch and an all-district nose guard at 180 pounds.

You can be sure these big men have not been overlooked by Colorado City Coach Mike Farda as he prepares his Wolves for a crucial District 6-AA contest against Stamford Friday night in Stamford. Kick-off will be at 7:30 p.m.

Stamford is undefeated with a record of five wins

and one tie and they have three wins and no losses in district as they have defeated Anson, Ballinger and Winters.

Farda points out that Stamford has the number one defense in this district as they have allowed only 29 points to be scored against them in six games. Stamford's strongest point is defense, Farda said, adding that they've got the quickest, most aggressive defense the Wolves have faced this year.

At the same time, says Farda, they have potential to score a lot of points.

The Wolves game against the Bulldogs could develop into a defensive struggle with the winner to be determined by special teams, breaks, fumbles and interceptions.

The Bulldogs have good, quick backs well suited to the type of offense they run, pro-type offense operating the Houston veer, Farda pointed out. Quarterback is Mike Cox, a sophomore, who played against the Wolves last year as a freshman and was impressive, Farda said, adding that Cox throws the ball well and has good receivers. Stamford will throw the ball about 20 times a game, sometimes sending out four to five receivers.

About the Wolves, Farda said there was a

short workout Monday and a longer workout Tuesday, both somewhat limited by wet and cold conditions.

There is a good attitude as the players realize they have to play to win as every team will be out to knock them off, Farda said.

These games are for the marbles, Farda said, and the players all recognize that fact.

About last week's game against Wylie, Farda said he was pleased with the effort.

Winning helmet awards on defense for the Wolves against Wylie were Britt Chaney, Jay Feaster, Johnny Garcia, Mitch Hamer and David Rivera.

Helmet award winners of offense were Gary Hulme, David Rivera, Sam Gomez, Russell Noel, Dwayne Staats, Donnie Lowrance, Ricky Sanchez, Doug Johnson, Jim Shoemaker, Martin Molina, Gene Carter and Tommy DeLoera.

Harris Picks Wolves

Colorado City's Wolves are 3.7 points favorites to win over Stamford Friday, according to the Harris Rating System.

The Wolves are ranked 33rd in the state with a power rating of 134.5 compared to Stamford ranked 53rd with a power rating of 130.8.

Coahoma is ranked 38th with a power rating of 132.9.

Lorraine is an 11.8 point underdog to Jayton as Jayton is ranked 32nd in the state in class B with a power rating of 103.5 while Lorraine is ranked 67th with a power rating of 91.7.

WOLVES GENE CARTER is brought down from behind after making a good gain on this play against Wylie Friday. In background is Wolves Jay Feaster, No. 83 in Black. This week, Wolves travel to Stamford to take on the undefeated Bulldogs.

Coach's Corner

By MIKE FARDA

This week the Colorado City Wolves journey to Stamford to play the undefeated Stamford Bulldogs. They enter the game with a 5-0-1 record. Their tie was with the Haskell Indians who were rated the number one class A team in the state.

Stamford has a very good football team this year. They are quick and very aggressive and they have the best defense in the district so far. They have allowed only 29 points in six games compared to the 32 points the Wolves have given up in their six games. In district they have given up 14 points and we have not yet been scored on.

The game should be a real defensive battle. They will do all they physically can to shut down our running attack. They jump in and out of goal line defenses anywhere on the field and this have proven effective against all of their opponents.

On offense Stamford has a pro style of attack. They throw the ball very well and run a lot of four and five receiver out patterns. This week our entire secondary get a severe test.

Their running attack is almost totally option. They run the split back or Houston veer offense. This is a very good offense against the split six defense that we use.

There are only three teams in district left in the district that are still undefeated -- Stamford, Coahoma and Colorado City. After Friday night, there will only be two left.

This is a very big game toward the district championship. We have lost only one district game in the last three years and that was to Stamford in 1976. It cost us the district championship. I will never forget that night and I hope the players will remember it.

After Stamford beat Ballinger last Friday night, all the coaches and players paraded around the field holding up one finger and yelling we're number one.

After Friday night there can't be two number ones anymore.

Nemesis Is Next!

Our Colorado City Wolves seem to get better as every week goes by. Didn't they look great against Wylie as they scored yet another exciting victory.

But this is another week and another opponent, one which will be seeking to dethrone our district champions. Our Wolves travel to Stamford Friday and it seems the Bulldogs are always in our path to a District Crown.

They're the Wolves old nemesis, always the team that tries to throw a wrench into the Wolves' machinery. This year, Stamford is undefeated and they, along with our Wolves, are solid contenders for the district championship. We believe our Wolves are up to handling this challenge but it'll take an all out effort by the team and support from Wolves fans.

Make plans now to travel to Stamford for the contest. It should be a good one and we believe our Wolves will come out on top. Go get 'em team. We're with you, Wolves.

John Hill calls for state tax freeze

"Our state taxes in Texas are among the lowest in the nation, and I want to keep them there. As I've said many times, I'll veto a tax increase before the ink dries on the bill."

As Attorney General, John Hill proved he could increase the efficiency of his office without any unnecessary budget increases. He absorbed a three-fold increase in his office caseload by hiring top legal talent capable of higher productivity. The result: his staff lawyers doubled their average workload, and the increased court judgments and enforcement of civil penalty laws returned \$25 for every \$1 of state funds spent on his office.

As Governor, John Hill will insist on this same type of increased productivity for all state agencies. He will institute new controls over federal funds, demand that we follow our "pay-as-you-go" budget policy, and use zero-base budgeting to eliminate unneeded programs before any new programs are added. And he'll block any state tax increase — there won't be any new taxes under John Hill.

Care And Feeding

Today's better car stereos require practically no maintenance. The only task you should perform regularly is cleaning the tape heads, since dirty heads loose up the sound. You can do this with a special cassette or cartridge loaded with cleaning tape, or you can do it the traditional way, with a cotton swab and alcohol or head cleaner. Demagnetizing is unnecessary on tape players that don't also record tapes. Any other maintenance should be referred to a qualified technician (unless the manufacturer recommends otherwise).

Also remember that using "bargain basement" tape cassettes or cartridges is an invitation for poor sound, jamming, head wear, and other problems.
