

**SWEET TASTE OF VICTORY**

This handsome Angus calf, reserve champion of the livestock show, was being posed for his picture when he reached over and took a bite of his lavender rosette. He wouldn't let go. Frustrated, his young owner,

Keith Martin, tugged on the rosette with one hand and with the other tried to maneuver the halter rein. Keith is a Wellington 4-H Club boy and the son of Mr. and Mrs. Wayne Martin.

## Malcomb Dodson of Dodson Dies Suddenly Thurs.

Malcolm Dodson, 46, prominent farmer living east of Dodson, died unexpectedly at his home Thursday afternoon, September 10. His death, attributed to a heart attack, came as a shock to the community where he had lived since childhood.

Funeral services were conducted at the Methodist Church in Dodson Sunday, Sept. 13, with the Rev. J. F. Michael, pastor, and the Rev. Charles Mitchell of Hollis officiating. Burial was in the Dodson cemetery under the direction of Coley Funeral Home.

Pallbearers were R. T. Jamison, Pete Carter, Walter Randall, Robert Hefflin, Leonard Rowe, Floyd Teutsch, Tom Birchfield and Floyd Carter.

Mr. Dodson was born July 12, 1918 in Magnolia, Ark., the son of the late Mr. and Mrs. James A. Dodson. He came with his family to the Dodson area in 1924, and attended the Dodson schools.

A veteran of World War II, Mr. Dodson served with the 120th medical battalion of the 45th division four and a half years. With it, he participated in battles in North Africa, Sicily, Italy, France and Germany.

He was married to Miss Sylvia Antanavica on July 28, 1945, in Worcester, Mass. A short time later, they returned to the Dodson area to make their home.

Mr. Dodson was active in community life and was a vice commander of the American Legion Post in Dodson.

Surviving are his wife of the home; and two sons, Duane, 16, and Jack, 9. One sister also survives, Mrs. Maggie Jo Carter of Hollis.

## Two-Day Rain Measures 5.85 Inches in Collingsworth Area

Rains that measured up to four and a half inches soaked the Collingsworth area Monday, Tuesday and during the early hours Wednesday, Sept. 14 to 16.

This will benefit the late cotton and feed in some areas,

and put wheat ground in excellent condition for sowing which is about due.

Few times during the year has the moisture been as general as during these two days, and no part of the county has reported a total of less than

two and a half inches. Three inches is considered the average.

The weather station at the State Highway Department on the east edge of town measured 3.45 inches for the two-day period.

On the northwest side of town, however, Weather Scan instruments recorded 5.85 inches for the two day period, boosting the year's total to 22.42 inches at that location.

This is more than four inches above the total 1963 rainfall of 18.12 inches.

Emmett Ware, southwest of town, reported a total of 4.5 inches for the two-day period.

Tuesday morning, Quinton Brewer reported that until that time he had received 2.8 inches and Harold Keller 2 inches.

The rainfall totaled around 3 inches in the Dodson area, according to Fred Powers of the Farmers Co-op Gin. South of that town Grady Cochran reported 3½ inches and Peck White measured 3 inches at Kelley.

Cotton farmers will get a boost to the late top crop, which in some cases is as much as a quarter of a bale per acre, Powers said. It will also help late feed in that area.

At Aberdeen, Bill Hankins measured 2.5 inches for the entire period, which will put the wheat land in that section in good condition and help grassland.

Marvin Knoll, east of Lutie, said 2.9 inches was measured in his gauge, while Donald Coleman of Dozier reported 3 inches. Knoll estimated that most of the north part of the county from which he had reports had about 3 inches.

South of Wellington, Mrs. G. T. Austin of Loco reported approximately 2.5 inches, with 3 falling Tuesday night.

The Quail area also measured around 3 inches, with most of this falling Monday night and Tuesday morning, according to Mrs. G. T. Stephens.

Cotton growers in that area differ on the benefit to cotton, but they do agree that it will help late feed.

## Cotton and Premium Net Grower \$350

The first bale of 1964 cotton ginned in Collingsworth county netted Joe Simpson \$350.40, according to Edwin Crowder, manager of the Dodson Co-op Gin, where the cotton was ginned.

Floyd Teutsch and the First State Bank bought the bale for 50¢ per pound.

Dodson merchants then raised a premium of \$110, not going out of town for the money. The cotton was ginned free by the Co-op, as it does the first bale each year.

## Calf Injures County Agent

County Agent Cecil Regier escaped serious injury when a calf chute was knocked over on him at the C. A. Wilbur farm south of town Monday, Sept. 7.

Regier was helping Wilbur trim hooves on 4-H Club calves for the county fair, and in attempting to get a calf in the chute, looped a rope around the metal holder while the calf settled down.

The calf jumped and knocked the chute over on Regier, pinning him underneath. He received a broken tooth, a cut on his face that required three stitches to close, as well as bruises.

X-rays taken at St. Joseph's where he was hospitalized until Wednesday, showed no bones were broken.

### Rockets-Irish Clash At Shamrock Friday

The Skyrockets play their first game of the season away from home Friday, Sept. 18, when they meet the AA Shamrock Irish, a team Wellington coaches rate as better than Childress.

Game time is 7:30 p.m.

"This year the Irish have a good size line, a little bit bigger than we are probably, and they play as tough a defense as we will face or have faced. Very few people are able to move the ball against them," Coach Don Beck said.

In the two games the Irish have played this year, they defeated the McLean Tigers 6-0, and the Memphis Cyclone 30-12.

In the backfield, Irish quarterback Dickie Reeves, a 190-pounder, is probably the best passer the Rockets will face this year and he also runs well. Shamrock has an outstanding halfback, Davis, who can turn in a fine running game and is a dangerous threat any time he gets the ball.

In the line, Billy Rives, 185-pound end who was chosen for all-district last year, is an accurate pass receiver and fine offensive blocker, as well as a good defensive player. Flanker back Terry is another outstanding pass receiver and split end Edwards has speed and can hold onto anything that touches his hands. With this passing team, one fine passer and three equally fine receivers, Shamrock puts out

a type of playing that is simple but sound and tough.

The Skyrockets will be without Jackie Duncan, Olan Moore and Randy West — all out with injuries that, although slight in extent, are enough that Coaches Beck and Raymond Kauffman won't take a chance with them.

"We feel the whole team has improved each week — we've improved a lot since Childress and we didn't play a bad game then," Coach Beck said Tuesday. "Our defensive play is coming along a lot better and so is offensive timing. We still have a good way to go before we will become even

## Social Security Dates Listed

Curtis Watts, field representative of the Amarillo Social Security district office, has announced the dates of his Wellington visits during the next three months. All dates are Thursday from 8:30 to 11 a.m. unless otherwise noted.

These dates are Oct. 1 and 15; Nov. 1 and Wednesday, Nov. 25; Dec. 10 and Dec. 24.

## No Loss in Dodson Bank Break-In

Nothing was taken from the First State Bank in Dodson by burglars who forced entry Tuesday night, Sept. 15, Floyd Teutsch, president, told The Wellington Leader after an investigation was completed on Wednesday morning.

"Absolutely nothing was taken. Nothing was disturbed except two knobs on the vault hinge, and the vault was not broken into," Teutsch said.

It could not be determined how many were involved in the burglary, he said, but apparently the break-in occurred before the rain which fell during the

middle of the night. Entry was gained through the back door, when the glass pane was broken out and the burglar reached through and opened the door.

Investigating the break-in were Sheriff John Rainey and members of his department; Texas Ranger Bill Baten of Pampa, and agents from the Federal Bureau of Investigation at Amarillo and Alva.

## Fitz Opens Art Classes

Dord Fitz, Oklahoma artist-teacher, is beginning fall art classes in Wellington, and as in past years, these will be held once each week.

Classes will meet at the home of Mr. and Mrs. John Sherman Friday at 7 p.m. and beginners as well as advanced students may enroll.

The course this semester is planned to give a working knowledge of oils, and with it will come a greater appreciation of the old masters.

Fitz taught and painted in the east and middle west before returning to the family ranch in Oklahoma, northeast of Higgins. He now has classes in Amarillo, Dallas, and several smaller towns of the area. His students exhibited their work in Texas shows, but also in major New York galleries.

### Colorful Fair Parade Praised by Visitors

A larger number of entries, especially in the float division, were featured in this year's colorful opening parade at the Collingsworth County Free Fair Friday, Sept. 11, and out of town visitors called the event comparable to those of much larger towns.

Winners in the competitive divisions were announced by N. M. Higdon, chamber of commerce manager.

In the commercial floats, first place went to Lewis Grocery, sponsor of T-I-ca Club, which featured a group of high school girls in red formal; second, Wellington State Bank, for a float telling of their own services; and third, Wells & Wells, carrying the high school cheer leaders.

Pony drawn vehicles: first, Jesse Hernandez and his young daughter; second, a goat cart driven by Roger Browning. Most spectacular riders: first,

### City People Suffer Many Broken Bones

At least 11 Wellington residents are under treatment for broken bones, and several others have bone injuries too slight to be put in casts, a local doctor said early this week.

The adults received their injuries at work, while football accounts for most of the broken bones among the young boys. Here are the injuries the doctor recalled:

Mrs. Wanda Holland, a nurse at the Wellington Clinic, has a

## Wellington FFA Elects Officers

Wellington Future Farmers named Bill Driver president in the annual organization meeting Monday night, Sept. 14.

Freddy Bobo is vice president; Larry Henard, reporter; Jackie Needham, secretary; Jackie Duncan, sentinel; and Don Sweet, treasurer. Danny Garcia is advisor.

Carolyn Christian was chosen Chapter Sweetheart. The date of the annual father-son banquet was set for the week of George Washington's birthday in February.

The first entertainment of the year will be Saturday, Sept. 19, when the FFA and Future Homemakers hold a hay ride and watermelon party. Jackie Duncan heads a committee to choose the location and make other arrangements.

## Revival Planned at Quail Church

Revival services will open at the Quail Baptist Church Sunday, Sept. 27, and continue through the following Sunday, Oct. 4, the Rev. Vick Johnson, pastor, has announced.

Rev. Johnson will be in charge of preaching and Joe Lennon will lead the song services, which will start at 7:45 p.m.

This will be the first revival for the church since Rev. Johnson became pastor Aug. 1. He and Mrs. Johnson came here from Saguache, Colo., where he was pastor of the First Southern Baptist Church.

They also were active in civic work there. Rev. Johnson formerly attended Southwestern Baptist Seminary in Fort Worth.

They have one daughter, Mrs. Ralph Hogue, whose husband teaches in Decatur College. There are two grandchildren.

### Norwood Seniors to Present Class Play

Samnorwood seniors will present their class play, "We 'Dude' It," Friday, Sept. 18 at 7:30 p.m.

This is a farce comedy in three acts, and the public is invited.

The cast includes Jim, an Indian boy, played by Lloyd Stice; Maria, an Indian girl, played by Nancy Hill; Bud Meacham, by Billy Wischkaemper; Charley Hudd, David Kendrick; Doris Meacham, owner of the ranch, Sue Dwight;

## Tests Show Good Water for Norwood Project

Test drilling for the proposed Samnorwood water works was completed Tuesday, Sept. 8, with good water found in three of the four holes drilled.

"From all indications, there is a sufficient quantity of water to be had at depths of from 60 to 80 feet," said Don Jennings, who is working with the Norwood group.

Water samples show hardness of from 23 to 26 grains, about the same as Wellington's city water supply.

Ed Biggs of Wichita Falls, project engineer, suggested that those users who want water that is less hard should install individual softeners. A water softener can be installed to serve the entire system but the cost will be high, he told the Samnorwood group.

The water was checked for calcium sulfate (gyp) and magnesium sulfate (epsom salts) and found to meet the standards of the State Health Department, Jennings said. It is also low in salt content.

## Singing at Full Gospel Church

A singing is scheduled at the Full Gospel Church Sunday, Sept. 20, according to Mrs. J. M. Hodge. The public is invited.

## Chevrolet Increases Truck Line by 131

To meet the increasingly specialized needs of its customers, Chevrolet has expanded its 1965 truck line to 327 models, 131 more than in 1964 and the largest number in history. "For the past several years, there has been a growing trend toward assembly line customizing of trucks," James E. Conlan, Chevrolet's assistant general sales manager for truck and fleet sales, said in announcing the new line. "The expanding and changing economy and the rising pressure of costs has created a demand for the most efficient possible truck tailored for specific load requirements and operating conditions."

"The number of different engines, transmissions, wheelbases, axles, springs and other components has grown steadily along with the introduction of whole new chassis and body designs to give the customer the best possible combination of performance, load carrying ability, and economy for his

particular operation. "For example, ten years ago we offered two basic engines, four transmissions, six rear axles, 11 wheelbases, and 127 standard options. In 1965 we will list 13 basic engines, 26 transmissions, 28 axles, 24 wheelbases and more than a thousand standard options."

Largest expansion of the 1965 Chevrolet line is in the steadily developing diesel field. The new diesel lineup will include 148 models, an increase of 126 from last year, and extend down into the 1½-ton class for the first time. To keep pace with the trend toward diesel power in city pick-up and delivery service, the division will offer a medium-duty model with an economical in-line 3-cylinder, two cycle 159 cu. in. engine developing 94 hp. It is especially well adapted to stop-and-go operations with high idling time because of its exceptional fuel economy. Also new to Chevrolet are

To meet customers' needs for more specialized trucks, Chevrolet has greatly expanded its 1965 truck line to 327 models, largest number in its history. Most expansion is in the diesel field, extending down to the 1½-ton class for the first time. New to the line are an economical

in-line, 3-cylinder two-cycle diesel of 94 hp for city pickup and delivery work, and three V6 four-cycle diesels of 130, 150 and 170 hp. A 230-cu.-in. 140-hp six-cylinder engine will be optional in the Chevy-Van, replacing the smaller 120-hp six previously offered as an option.

three four-cycle V6 diesel engines, named the Torq-Flow line. One is 351 cu. in. displacement and develops 130 hp. The others are 478 cu.in. displacement with ratings of 150 and 170 hp.

## Drouth Cuts Number but Not Flower Quality

Fair visitors expressed amazement at the number and variety of entries in the flower show, blooms of a quality that belie the heat and drouth of summer.

The purple rosette of the grand champion went to Mrs. Jones Singley on an arrangement of pink snapdragons, entered, in a low bowl, with a yellow bird as an accent note.

Chairman of this division was Mrs. Coy Vaughan, Mrs. Bob Stephenson, Mrs. L. E. Gribble, Mrs. Joe Thompson and Mrs. Dick Sweat were assistants.

Winners in the various divisions were:

Roses: first, Mrs. Woody Wood; second, Mrs. Bob Stephenson; third, Mrs. James Richardson.

Dahlias: first, Mrs. John Henard, Mrs. Ray Clubb and Mrs. Henard; second, Mrs. Stephenson; third, Earl Williams.

## Ice Capades Open Monday

Ice Capades which opens on Monday, Sept. 21 at the Tri State Fair in Amarillo always bills one production as "designed to delight the children." This year it's a "Kiddie Circus."

When it comes to a circus just who are the children? We have a suspicion their names are Grandma, Grandpa, Mom and Dad as well as Johnny, Mary Susan and David. Because a circus is to laugh—and that's for everyone.

And laugh you will, because Ice Capades' skating circus is filled with imaginative characters created for fun. In addition to the usual type of clown, you'll see a couple of durable fellows named Belliveau and Mueller who dance, caper, skitter and skate. They'd do credit to any ground-pounding circus going. But no circus can boast four such whimsical clowns as Ice Capades employ: midgets, if taken from the neck down, but pure Disneyland characters from the neck up, with great bulbous noses wiggling in time to the music.

To the senses of humor and imaginations of the people who conceive these fanciful productions, nothing could be more logical than to take a "ship of the desert," put it on skates and push it into the ice to see what happens. So what words describe a skating two-hump camel? It gallumphs, glops and lollups around the arena. In addition, it has no better manners than to flirt outrageously with the ladies in the audience.

Recent visitors in the home of Mr. and Mrs. J. K. McGill were their daughter, Mr. and Mrs. C. F. Youngblood and children, Theresa, Timmy and Debra Ann of Phoenix, Ariz. A son, Reuben McGill of Lubbock, also visited at the same time.

Mrs. Ed Hill and children of Amarillo visited last week in the home of her parents, Mr. and Mrs. Harold Watkins.

Mrs. R. C. Johnson of Dalhart visited last week in the home of Dr. and Mrs. J. Frank Johnson.

### WINNING FLOAT

ter, Julianna Hoffarth, Judy Kay Jones, Paula Kiker, Vicki McAdams, Ann Smith and Doris Tingle. Other members of the group in other parts of the parade were Jane Campbell, Karen Maxwell and Mary Saied.

### GRAND CHAMPION

This sow, exhibited by Jackie Needham, was judged the grand champion of her division in the county fair livestock show Saturday, Sept. 12.

Jackie is the son of Mr. and Mrs. Jack Needham and is a member of the Wellington Future Farmers.

## USDA Testing Lab Serves Cotton Industry

COLLEGE STATION. — The U.S. Department of Agriculture in cooperation with Texas A&M University has just released a brochure describing the operations and services of the USDA Cotton Testing Laboratory here.

In operation since 1936, the laboratory is one of two fiber and spinning units conducted by the Standards and Testing Branch, Cotton Division, of the USDA Agricultural Marketing Service.

L. J. Watson, head of the laboratory, said the organization serves all phases of the cotton industry—from producer to processor.

"The brochure describes how special equipment and trained workers perform principal fiber and spinning tests to determine the quality and suitability of raw cotton as it makes its way from the field into finished yarns, fabrics and all other processed items," Watson explained.

Here are examples of how

### Lunchroom Menu

Monday, Sept. 21: The original corn dog and mustard, sno-flake potatoes, seasoned spinach, hot rolls and butter, orange half, half pint milk or chocolate milk.

Tuesday, Sept. 22: Pinto beans with chili, sweet-sour mixed greens, carrot strips, buttered cornbread, beatnik cake, half pint milk or chocolate milk.

Wednesday, Sept. 23: Beef vegetable soup and crackers, cheese toast, raw half apple, brownies, half pint milk or chocolate milk.

Thursday, Sept. 24: Spoon-burger on a bun and mustard, lettuce and tomato salad, whole kernel corn, cherry cobbler, ice cream, half pint milk or chocolate milk.

Friday, Sept. 25: Country fried steak with gravy, whipped potatoes, seasoned green beans, bread, fruited jello, butter ice cox cookies, half pint milk or chocolate milk.

Mr. and Mrs. Joe Williams of Denton were week end visitors this past week in the home of her parents, Mr. and Mrs. James Stavenhagen.

the laboratory serves the cotton industry.

A processor who intends to make anything from shirts to drive belts must know the characteristics of the cotton he intends to use.

The ginner may want to know whether he is over-drying or over-machining his cotton.

The insecticide man wants to know what effect his product has on lint quality.

Or, the farmer is concerned about how defoliants of desiccants affect quality of cotton fiber he brings to market.

The brochure, which describes the laboratory and how to take advantage of its services, is available free from the Agricultural Information Office of Texas A&M University, College Station.

"The office of Attorney General has been operated this past year at a sizeable profit to the people of Texas, and we intend to see that this economy is maintained or bettered during the coming year," Carr said.

Teachers leave the profession in Texas at the rate of approximately 6,800 per year.

### FAT OVERWEIGHT

Available to you without a doctor's prescription, the GALAXON plan. You must lose ugly fat or your money back. One of the basic problems of losing weight is your inability to stick to a planned diet. The GALAXON plan contains a tablet and is easily swallowed. When you take GALAXON you simply don't have the urge for extra portions because GALAXON depresses your appetite and decreases your desire for food thus making it easier and more comfortable for you to diet.

Your weight must come down because as your own doctor will tell you, when you eat less, you weigh less. Get rid of excess fat and live longer. Of course, GALAXON can't do all the work for you alone. But if you really want to cut down on your eating, and lose weight, GALAXON can be a powerful helper. The GALAXON plan costs \$3.00 and is sold on this guarantee: if not satisfied for any reason just return the package to your druggist and get full money back. No questions asked. The GALAXON plan is sold with this guarantee by:

## State Recovers 3 Million in 1964

Attorney General Waggoner Carr recently released figures indicating the amount of money recovered by his office during 1963 for the State of Texas and its agencies.

The figures show that for the period of Jan. 1 through Dec. 31, 1963 a total of \$3,069,947 had been recovered for the state as compared to the 1962 total of \$1,239,443.

Carr also pointed out that his office had recovered the three million dollar amount while operating on a budget of \$1,196,000.

"The office of Attorney General has been operated this past year at a sizeable profit to the people of Texas, and we intend to see that this economy is maintained or bettered during the coming year," Carr said.

Available to you without a doctor's prescription, the GALAXON plan. You must lose ugly fat or your money back. One of the basic problems of losing weight is your inability to stick to a planned diet. The GALAXON plan contains a tablet and is easily swallowed. When you take GALAXON you simply don't have the urge for extra portions because GALAXON depresses your appetite and decreases your desire for food thus making it easier and more comfortable for you to diet.

Your weight must come down because as your own doctor will tell you, when you eat less, you weigh less. Get rid of excess fat and live longer. Of course, GALAXON can't do all the work for you alone. But if you really want to cut down on your eating, and lose weight, GALAXON can be a powerful helper. The GALAXON plan costs \$3.00 and is sold on this guarantee: if not satisfied for any reason just return the package to your druggist and get full money back. No questions asked. The GALAXON plan is sold with this guarantee by:

Lower Rio Grande Valley Chamber of Commerce vice president Jack H. Drake of Weslaco told commissioners the Valley death rate has risen 40% this year—compared to a statewide rise of 13%—because of accidents on the access roads adjacent to the expressway route.

Commission immediately authorized construction of a 1.7 mile section of the expressway within the city limits of Mercedes.

## Right-to-Work Pays Off

A great deal of Mississippi's progress in industrial development can be credited to the right-to-work law, a statute which was overwhelmingly endorsed by voters a few years ago and placed in our Constitution.

Manufacturers, seeking an "honest day's work for an honest day's pay," are quick to point out that this freedom afforded employees in the state is a fundamental attraction to industry. It shows an independence for the working man that is healthy in a free enterprise economy. Industries have found Mississippi workmen quick to learn, anxious to do a good job, and, generally speaking, willing to let management operate its affairs for a profit in the competitive market. This profit is the lifeblood of industry, and the best job insurance a worker can possess.

A recent bulletin issued by the U. S. Department of Labor — a federal agency that cannot be termed pro-business — clearly shows the value of right-to-work laws for states. This bulletin, No. 1370, reveals that states with such laws show more economic improvement than states without the law.

Right-to-work states showed percentage increase of 24.5 in new jobs as opposed to 0.5 in other states. Also, right-to-work states showed an increase of 42.1 per cent in hourly earnings of production workers as opposed to 37.5 per cent in other states. In other words, such states have more jobs, more production, more prosperity.

It is important to realize that states with right-to-work laws are not anti-labor; they are for the working man. Unions have the right to organize, and they can, in right-to-work states. Employees have the right to join, or not to join in such states. Incidentally, here are seven major reasons recently announced as to why unions win elections:

Lack of leadership by management; lack of employees recognition; failure of employees to believe in the credibility of management; lack of understanding in the area of human relations; lack of firm company policy; substandard wages and fringe benefits; and failure of management to help employees identify themselves with the company.

Business and industry should work with employees to help them "be a member of the team" for maximum prosperity.

## "What Happened to Summer?"

## CROSSROADS REPORT

Dear Editor:

I see where a Congressman is complaining that our armed services have now got a 1-to-7 ratio of officers to enlisted men, whereas as it was 1-to-18 before World War II.

My figure rigger neighbor says by using this rate of change, and a little statistical license, it can be projected that come about 1999, everybody in the Army will be a General.

Which he further figures will be a great victory for Equal Rights, but he expects that an all-General Army will have lots of problems regarding KP and cigarette butts.

I see where the people-herder corps is rejoicing, on account of many cities, states, counties, Indian Reservations, etc., are clamoring to get in on the Anti-Poverty Bill.

My cynical neighbor says he guesses the next thing we know the papers will be publishing it as News that kids like ice cream.

He doesn't think it is very hot news when the inevitable happens, such as when the sun rises, or when somebody fills up a feed trough and the customers come a-squealing and trying to get into it with all four feet.

I see where the promoters of On-the-Cuff Progress tell us that a big national debt is nothing to worry about.

Seems that under the New Economics, we can just go on using government to borrow money and grant it to us for over-living, and pass the debt on from generation to generation, and nobody will ever have

to pay it off.

My bill-burdened neighbor is anxiously waiting for the household model of this scheme to come out, so he can start operating his personal business on this lately invented immortal credit.

You can read just a little daily history and tell that us Americans are getting to be a mighty fierce people.

Some peewee nation shoots off its PT boats at one of our ships and we boldly shoot back a little, and when a gang of punks goes on a riot, we deplore it vigorously in the newspapers.

My semi-tough neighbor says we will sure be an awesome nation of folks as soon as we can work up enough backbone to stand firm even against troublemakers who are armed with votes.

## Rockets Best Tigers 28 to 15 September 11

By JACK FORD

The Wellington Skyrockets got into the win column Friday, Sept. 11 at Powell Field with a 28-15 victory over a scrappy Hollis Tiger team.

The Rockets, trailing the Tigers for the first half, finally broke loose about midway in the third quarter to score three touchdowns and four extra points, to win the game.

The Rocket fans saw the bull-like charges of Halfback Chester McLain and Fullback Neal Roberts, time and again plow into the Tiger defense for good yardage. The shifty running of Jackie Needham kept Jackie roaming in the Tiger backfield most of the night and as usual Wayne Barton played a fine game.

The Rocket line, Johnny Maxwell, David Caison, Joe Rudy, Skippy Duncan and Ray Floyd did yeoman service, especially on defense in stopping the Tiger offense.

The Rockets received the opening kickoff and put the ball in play at the Rocket 25, but a combination of a 15-yard penalty, a bad pass from center on a punt attempt, and a blunder by the officials on the number of downs, gave the Tigers the ball on the Rocket 2. In two plays the Tigers scored their first touchdown, kicked the extra point, and took a lead over the Rockets 7-0.

The Rockets came right back after the kickoff and got a good drive started. With plunges by McLain, Roberts, Needham and Barton moved the ball to the Tiger 1. Wayne Barton carried the pigskin over for the first Rocket touchdown. The extra point try failed.

From this point up until the middle of the third quarter it became a game of positioning, both teams never really threatening to score.

When the Rockets finally broke the game open in the third quarter, both teams seemed to come to life and get good scoring drives going. The Rockets put the ball in play on

their 42, a 32-yard pass from Wayne Barton to Larry Hendard got the scoring drive started, then plunges by McLain and Gary White put the ball on the Tiger 12, and from this point Needham carried it over for the second Rocket touchdown. The extra point try failed. Rockets 12, Tigers 7.

Early in the fourth quarter, after the Tigers were stopped by the Rockets, a bad punt attempt by the Tigers was recovered by the Rockets; they put the ball in play on the Tiger 35, and after short plunges put the ball on the Tiger 4. G. White carried the ball over for the third Rocket touchdown. The try for two extra points was good. Rockets 20, Tigers 7.

Again the Tigers tried to move the ball and failed, and the Rockets took over on the Tiger 15. C. McLain and N. Roberts moved the ball to the Tiger 1 yard line and from that point Roberts went into the end zone for the last Rocket touchdown. The try for two extra points was good. Rockets 28, Tigers 7.

The Hollis Tigers then decided to come to life. Putting the ball in play on their own

Rockets 28, Tigers 15. The game ended five minutes later with both teams trying to move the ball when they were in possession.

The Rockets play the tough and highly rated Shamrock Irish next week. Let's get behind the team and everyone try to make the trip to Irishland.

# HERE'S SOME MORE MOM!

Youngsters have a knack for messing up things... themselves, the house, their clothes. This is especially true during the winter months. And it takes a lot of hot water to clean up. The new 3-times-faster, quick recovery, flameless electric water heater is time saving and provides a more-than-ample supply of hot water. A strict temperature control prevents overheating and there's nothing to re-set, regulate, or turn on and off except the faucet.

It can be easily installed anywhere in the house, since there is no flame, no flue is needed. Only a flameless electric water heater is fully automatic.

## Sue Breedlove Shows Grand Champion Calf

Sue Saunders Breedlove, a senior in Quail high school, showed the grand champion calf in the livestock division of the Collingsworth County Free Fair.

A black Angus, the calf was entered in the lightweight division. Sue is a member of the Wellington 4-H Club. She is the wife of Mickey Breedlove and daughter of Mr. and Mrs. A. M. Saunders.

The reserve champion, exhibited by Keith Martin, was also a black angus and was first place winner in the heavy weight division of beef calves. The son of Mr. and Mrs. Wayne Martin, he is also a member of

Wellington 4-H. Tommy Needham of Quail FFA had the champion dairy heifer—and the only dairy animal entered in the show.

Jackie Needham showed two grand champion hogs and he and Roger Weems divided reserve honors.

Individual winners were announced by Danny Garcia and Cecil Regier, show chairmen.

**Beef calves, light weight:** first and grand champion, Sue Breedlove; second, Chuck Wilbur, Wellington 4-H; third, Gary Killian, Wellington FFA; and fourth, Mark Killian, Wellington 4-H.

**Beef calves, heavy weight:** first and reserve champion, Keith Martin; second, Sue Breedlove; third, Barbara Wilbur; fourth, Paul Wilbur. All are from Wellington 4-H.

Sue and Keith each received a halter for their calves and Gary was awarded the showmanship stick.

Wellington Top School

# Neva Baker Champ In HS Homemaking

A first year homemaking student, Neva Baker of Quail, was high point girl and received the purple champion's rosette in the high school homemaking division of the Collingsworth County Free Fair, Friday and Saturday, Sept. 11 and 12. She is the daughter of Mr. and Mrs. W. W. Baker.

Results of the events were announced by Mrs. George Henry, chairman.

A tie for one of the top places resulted for the first time in the show's history, as Mildred Lewis of Wellington and Mary King of Samnorwood had the same number of points and received duplicate lavender rosette champion rosettes.

Susan Coffee of Wellington was third, Sherry Kindrick of Samnorwood fourth and Janace Pitts of Quail fifth.

Among the overall school exhibits, however, the Wellington homemaking department was first; Samnorwood second and Quail third.

Assisting Mrs. Henry in the show were Mrs. Dee Coleman and Mrs. LaVerne Christian of Wellington, Mrs. Monty Mitchell and Mrs. Bill Hill of Samnorwood, Mrs. Norman Wilson and Mrs. Elvis Pitts of Quail.

Individual winners were:

## LETTERS from the People

Rt. 3, Box 386  
Williamsburg, Va.,  
Sept. 5, 1964

Dear Editor:

We are enclosing a check for renewal of the Wellington Leader and hope not to miss an issue. The paper is about our only way to stay associated with the activities of home and our friends which we miss dearly.

We read with interest the columns about the Boy Scouts and their visits to "The Founders" at Williamsburg. Paul Green also wrote "The Lost Colony." It is the story of the first settlement in America which vanished without a trace. "The Founders" is of the first permanent settlement, Jamestown. "The Lost Colony" plays at Manteo, North Carolina, near the resort, Nags Head.

It was called to my attention that Andy Griffith played in "The Lost Colony" before his television show.

The two plays have three things in common: 1. a love story; 2. a comic, and 3. a battle. The music of "The Founders" is recorded. "The Lost Colony" has live singing with a full choir.

I wonder if Paul Green's new play for the amphitheatre at Canyon will follow his usual pattern? The plays are wonderful and the acting very good.

If any of you are in our vicinity please give us a call. We always welcome a visitor from Wellington, which we shall always consider home.

Sincerely,  
LaQuinta and Jerry Manuel,  
Williamsburg, Va.

**Quality of Fair Agriculture Division Called Outstanding**

This year's agricultural exhibits brought some of the finest quality crops and grasses shown in the 7-year history of the Collingsworth County Free Fair.

"We had a better balanced fair this year, because it came a week or two later, and cotton and some of the other things had a chance to mature more," said Monty Mitchell, one of those assisting in handling this division.

While dry weather may have cut down the total number of entries, it in no way affected the quality of those products shown.

The winning booth this year was from the Marella community and was put in by Mike Mitchell. This was also first place winner last year. Superintendent of the agri-

cultural and horticultural exhibit was County Agent Cecil Regier. Assisting was Jake Tarter, one of the founders of the fair who has done much to build this department; also Mitchell and Wood Coleman.

Winners were: Agricultural booths: first, Marella; second, Wellington FFA; third, Wellington Ag I; fourth, Salt Fork; fifth, Wellington Ag II and Ag III; sixth, Quail Young Farmers; seventh, Quail FFA; eighth, Lillie; ninth, Fresno; tenth, Cottonwood; eleventh, Samnorwood; twelfth, Buck Creek; thirteenth, Cross Roads.

DOUBLE STAMPS TUESDAY

# Deck's DIDACTICS

—By Deskins Wells

Bountiful rain that measured over 3 inches fell over the Wellington area Monday and Tuesday bringing excellent prospects for winter wheat pasture, a factor that will be most important to cattle growers in a winter where bundles will be scarce and hay will be high. Bolls that would have been rubbings with poor fibre will mature now and make quality cotton. Again the frost date will have an important bearing on the size of the crop just as it does nine years out of ten. It is thought that blooms now will make open cotton.

The Fair has come and gone and as predicted it turned out to be the best one thus far in exhibits, parade, rodeo, horse shows—everything. It also proved the importance of holding the fair two weeks later than in former years. The weather was cool and comfortable for the first time and the agricultural exhibits were superior in spite of the hot dry summer.

The VFW Rodeo turned out to be an interesting spectacle and it had one distinction that will never be equalled by any other rodeo in Wellington in all probability. There were visitors from five foreign countries at the show Sunday afternoon. These were thirteen students from the World Travel Exchange, who stayed in Childress Saturday night. Most of the students were from Denmark, and Germany, but England, Norway and Sweden were also represented. It was the first time any of them had ever seen a rodeo.

After the show they introduced themselves and asked to be allowed to ride some of the gentler horses. Jake Leach and the other officials promptly obliged. Two of the girls from Denmark rode double and one of them fell off. One of the boys rode very well, Jake said, but instead of neck reining the horse, he guided it like you would one hooked to a buggy. The students had spent the summer in the United States and will return to their native lands in October.

Overheard on the street: "This is Constitution Week. Wish the Supreme Court would get around to reading the original document."

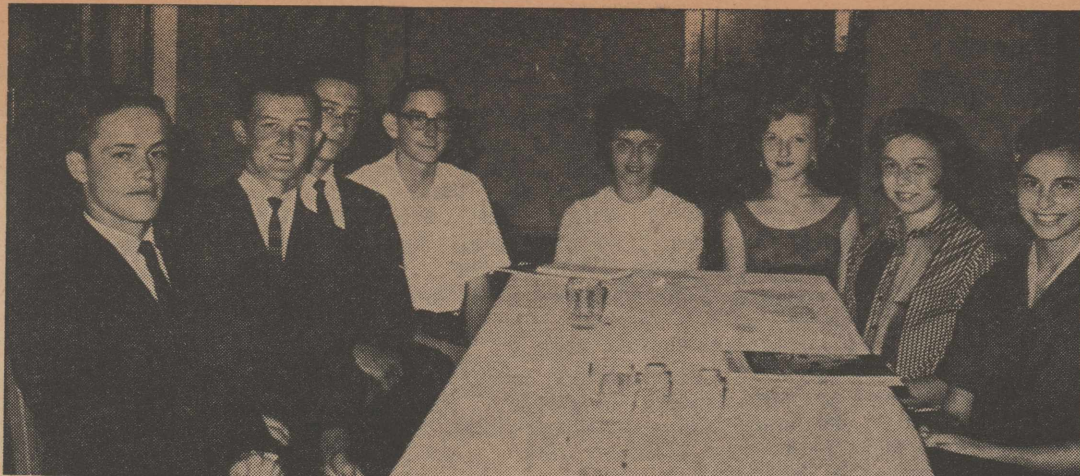

Steve Owens says there is nothing wrong about business here if it were not for the unconscionable amount workmen, farmers and businessmen have to pay in taxes. The income tax starts at 20% and the social security tax will soon be 10% even if Medicare is defeated, making 30%; but Steve claims that everybody pays over half of what they think they are earning for taxes. If you could figure all of the hidden taxes, Steve would probably be on the conservative side.

Dora McClaskey Smith and Gladys Richards have some pointed opinions concerning the practice of the weather bureau which continues to name all major tropical storms originating in the Caribbean by girls' names. And so do thousands of other Ada's, Beth's, Clara's, Dorothy's, Elsie's, Flora's and so on to Zenobia if this many major storms form and sweep toward the mainland.

The women should rise up in protest. Instead of naming the hurricanes Dora and Ethel and Gladys and Alice, why not name these disasters Lyndon and Hubert and Barry and Harry?

The National Observer devoted an entire page to Indonesia in its issue this week. Much of the story concerned the pro-Communist President Sukarno, who is regarded as the chief threat to peace in Southeast Asia and perhaps in the world. You may remember that Sukarno visited in the United States last year. Our Government had spent millions of dollars in aid on this dictator, but they really rolled out the red carpet when he came to this country. They provided him with three call girls—one American type, one Latin type, and one Nordic type—who traveled around the country with him in plain violation of the Mann Act. It is all part and parcel of our policy of appeasing our enemies and kicking our friends in the teeth. How crazy can we get?

## B&PW CLUB SPEAKERS

This panel of Wellington high school students told Business and Professional Women's Club members of their travels during the summer months. The program was given following the regular dinner meeting Tuesday, September 8. Don Paul Sweat, left, told of his trip to Europe and behind the Iron Curtain a year ago; Larry Henard and Andy Hen-

ard, second and third from left, described their own tour of the Mediterranean area this summer; Henry Wells discussed the Smithsonian Institute in Washington; while Patricia Thomas, Nancy Thomas, Nancy Holton and Joyce Holton told various stages of their own trips to New York City, the World's Fair and Washington.

## Scandinavians Visit

# Winners Named in First VFW Rodeo

The Sunday afternoon performance of the first VFW rodeo gave the opportunity for a group of exchange students from the Scandinavian countries to watch their first Texas-style rodeo. Herbert Bearden, post commander, reported.

Approximately a dozen young men and women were in the group, who made a scheduled stop in Childress and were brought here by representatives of the Chamber of Commerce in that town.

Those who wished were given the opportunity to ride some of the gentler rodeo horses. Bearden reported good crowds at both the Saturday night and Sunday afternoon performances, and added that members consider their first rodeo an outstanding success.

Stock was furnished by J. C. Hartman, Earl Patterson, P. J. White, Neil Davis, V. K. Orr, Quinton Brewer and Bearden.

## Bawcoms to Sweetwater

Ed Bawcom has been named assistant manager of the Sweetwater Sash and Door Company in Sweetwater, and he and his family are moving there this week.

He has been manager of the Shamburger Lumber Co., here. In his new work, Bawcom will be with a company servicing lumber yards throughout the entire West Texas area.

Reared here, Bawcom was graduated from West Texas State University and returned to teach in the Wellington schools one year. He also has farmed and operated custom combine equipment, and was assistant manager of the Greyhound Terminal in Kansas City. Mrs. Bawcom was employed by the Wellington school district business office here.

They have two children, Butch, 6, and Sheri, 5.

## Sain Wins in Hobby Show

A barnyard scene, built by Elvis Sain, Dodson school boy, was named grand champion in the junior hobby show of the Collingsworth County Free Fair Friday and Saturday.

Winners in the event were named by Mrs. Bill Hatch and Mrs. Earl Clark.

In class one, for children 6 to 9 years, Johnny Holton placed first with a bird bath and second with a wooden gun. Mike Jackson received third for a picture frame.

In class two, for children 10 and 11, Sidney Duncan received first place on a clock.

Competing in class three, for boys and girls 12 to 14, Elvis placed first with his barnyard scene; Gary Mike Gulley second with ceramic dogs; and Duane Ford third with a model car.

Needs. Here are the disadvantages of leasing:

Costs are high because the owner must be compensated for his risk. Desired equipment may not be available for lease when needed.

Limitations on the use of rented equipment. Business firm does not enjoy pride of ownership.

For further information on leasing, Wolf says to get copies of the Small Business Administration technical aid, "Rented Tools Can Improve Efficiency," from SBA field offices in Dallas, Houston, Lubbock or San Antonio.

Another source is "Studies in Marketing No. 6," "Marketing Aspects of Capital Equipment Leasing," Bureau of Business Research, The University of Texas, Austin.

## Sullivans to Market Week

Mr. and Mrs. James Sullivan of Sullivan Hardware and Furniture were in Dallas recently to attend the gift show and the annual stockholders meeting of the Associated Hardware Dealers, serviced by the Walter H. Allen Company, Inc.

This company offers lines of more than 200 manufacturers supplying the United States with merchandise found in Associated Hardware Dealers' stores.

The owners of these retail stores themselves have their own wholesale house in Dallas.

## Study Cotton Ginning Practice

Effects of various cotton ginning practices on cotton and cotton products are described in a marketing research report recently released by the U. S. Department of Agriculture.

A copy of the report, MRR-655, "Effects of Cotton Ginning Practices on Cotton Yarn Properties, Weaving Performance and Fabric Properties," may be obtained by writing the Office of Information, USDA, Washington, D.C.

## High Equipment Prices Prompt Users to Lease

COLLEGE STATION.—Leasing machines is one way to avoid paying the purchase costs, but leasing has drawbacks, according to Kenneth Wolf, Extension agribusiness economist at Texas A&M University.

To help agribusinessmen realize the drawbacks and advantages, Wolf has a few guidelines he suggests they use before making the lease-or-buy decision. The guidelines also apply for other equipment users.

There are two types of leases, according to Wolf. A true lease under which the lessee never intends to own the equipment and a lease with an option to purchase the equipment.

Lease costs under a true lease are usually deductible as operating expenses for tax purposes, Wolf says, but costs under a lease with a purchase option are questionable tax deductions.

Before they sign a lease arrangement, Wolf advises agribusinessmen to ask themselves "Do we want to buy all future uses of an asset or buy just periods of use, one at a time?"

After answering this question he suggests they realistically compare costs with the other advantages and disadvantages of leasing.

Here are the advantages of leasing:  
Permits use of modern equipment without depleting funds. Releases funds for other uses.

Provides protection against technological obsolescence. Eliminates the need for disposing of obsolete machinery that remains idle.

Ends maintenance problems if the agreement includes this feature. Fills temporary equipment

## Bush Campaign For Senate to Start Thursday

U.S. Senate candidate George Bush will officially kick-off his senate campaign with a rally and state-wide telecast live from the Music Hall in Houston at 8:30 p.m. Thursday, Sept. 17.

Bush, 40, a Houston oil businessman, said: "This will be the kick-off to the most aggressive, far-reaching campaign the voters of the state of Texas have ever seen. I pledge all my efforts to a hard-working campaign because I believe the voters of Texas deserve to know they have a responsible conservative that opposes the left-wing policies of radical Ralph Yarborough."

"It will be a hard-fought campaign because it is difficult to unseat a man already in office, but I believe the people of the state want a U.S. Senator who thinks and votes like a Texan. And I pledge to give my best to give Texas this voice."

His campaign officially begins on Thursday, but Bush has already hit a hot campaign trail. Since the primary runoff of June 6 he has visited most sections of the state. From Sept. 3 to 11, Bush campaigned in a "Bandwagon for Bush" hitting about 40 cities and towns throughout Central and North Texas and the South Plains. With him then was his wife, Barbara, and son, George "Bush Bluebonnet Belles," and a country music band called "The Black Mountain Boys."

## Mrs. H. D. Creath Dies at Wichita

Mrs. H. D. Creath, who lived in Wellington many years ago when her husband was first associated with the City State Bank, died Friday, Sept. 11 in Wichita Falls.

Mr. Creath returned as an officer in that bank for a period of several years about 20 years ago, but the family home was maintained at Wichita Falls where Mrs. Creath had lived 42 years.

Funeral services were conducted Monday by Dr. Howard H. Hollowell, pastor of the First Methodist Church, and burial was in Rosemont cemetery. Mr. Creath died several years ago.

She was born Nov. 6, 1878 at Beeville.

Survivors are two daughters, Mrs. Sarah C. Teare of Wichita Falls and Mrs. F. W. Higginbotham of Lubbock; a sister, Mrs. W. L. Chenaut of Albuquerque, two granddaughters and a great grandchild.

Abigail Adams, President Adams' wife, is supposed to have hung the family wash in the White House.
