Beautification Plan Pushed

A cooperative cleanup and beautification venture spearheaded by the City of Slaton, the Community Action Board and the Women's Chamber of Commerce was given a push Tuesday night after the city commission conducted a special meeting on the matter.

The role of the CAB remains tentative, pending a meeting of the group's officials later this month. However, the city commission, after hearing considerable discussion on various aspects of the program, which will put emphasis on both voluntary and mandatory removal of junk and razing of dilapidated homes and decaying structures, voted to adopt a proposal presented by Steve Ruiz and Rev. Emilio Abeyta.

Ruiz and Rev. Abeyta said they spoke for a number of residents of the southeast section of Slaton who are interested in improving the appearance and health standards of their area of town.

It had been noted earlier that many of the lots have on them abandoned autos, trash, partially burned structures or other eyesores.

On a motion by Commissioner R. J. Clark, seconded by J. S. Edwards, the commission voted unanimously to furnish a full-time supervisor for a crew to be hired and paid by the CAB for 10 weeks work in demolishing structures and cleaning up lots, and also to furnish whatever heavy equipment can be made available for the project. The entire motion was contingent upon action by the CAB when the board considers the project at its next meeting.

Mrs. T. J. Wallace, president, and Mrs. Bill Smith, a director of the Women's Division of the Chamber of Commerce pledged cooperation of their members in contacting owners of abandoned vehicles to secure their permission to have them removed. Mrs. Wallace explained that the Women's Division already has a committee for such activity, and that some members in fact already have caused removal of some junked cars here.

Ansil O'Neal, representing the chamber, already had pledged cooperation of the overall group, but the Women's Division then accepted major responsibility for working on the abandoned vehicle section of the cleanup-beautification campaign. "We want Slaton to be the cleanest town in Texas," Mrs. Smith commented, and others present agreed that his might be a good slogan for the cleanup.

Forty persons were jammed into the commission meeting room in city hall for the discussion. Mrs. Carolyn Chandler, executive director of the Lubbock County Community Action Board, and Ruiz and Rev. Abeyta, Slaton CAB representatives, presented to the commission copies of a proposal for implementing the cleanup. The main thing they wanted from the city, Ruiz explained, was a commitment to supply a supervisor for the work. It is anticipated that CAB will approve hiring of five young persons to work fulltime during the summer on the project, and the other volunteer workers may assist.

City officials also pledged cooperation in determining who owns the lots which the cleanup group considers as needing work. A tentative list of lots needing cleanup was offered at the meeting also.

After swearing in new commissioner Eugene Mask, who defeated Ward 4 incumbent Bart Diaz, and Ward 2 commissioner Otis Neill, incumbent who beat challenger Raudin Mc-Cormick, Mayor Bland Tomlinson noted that the meeting was called especially for the cleanup consideration.

"It looks like we will have a genuine community effort in this," he observed.

Also on hand for the session as observers were two representatives of South Plains Association of Governments, Truett Mayes and Walter Head.

After O'Neal's comment, "Let's don't limit it to houses; let's go ahead and get the weeds and trash, too," Mayor Tomlinson noted that junk cars and weeds are covered by ordinance.

Mayes approved the idea of the women's group working on the junk car angle, noting that in Levelland, where 900 cars were removed recently, the women were more effective in getting removal consent forms signed.

Mayor Tomlinson expressed appreciation to CAB for its survey of dilapidated homes, and to the Women's Division for its taking on the junk car survey. "This leaves the city with the job of moving the debris and cleaning up the lots," he noted.

It was observed that where property owners would not sign forms agreeing to have their lots cleaned off, legal action would be taken.

It was pointed out, however, that most owners of dilapidated property would be willing and even anxious to have it demolished and lots cleaned up, but that "they simply don't have the time and equipment to do the jobs themselves."

A separate proposal for establishing a park and playground in Ward 4 was discussed at length, but no action was taken. Mayes commented that some money is available at both federal and state levels for assistance in building parks, and also reported that SPAG provides free park planning service.

Slaton Police Car Is Struck By Gunshot

A gunshot was fired into the rear door on the driver's side of a Slaton Police car last Friday night, and the officer in the vehicle returned the fire, it was reported.

Patrolman Don Blackerby was driving the police car in the vicinity of the railroad yards and the old mill crossing when a shot struck the car about 9 p.m. Blackerby said he returned the fire, shooting twice at a person he glimpsed only briefly in the underbrush some distance away.

He said he thought he hit the suspect once, but a search of the area turned up no evidence of this. Chief of Police Glenn Farmer said investigation of the incident is continuing.

The shot was fired at the car in the same area in which a shot was fired through the windshield of a Santa Fe locomotive about 10 p.m. March 20.

Slaton Police officers were busy with a number of reports during the last week. Mrs. Marlen Mullins, teacher at junior high, reported loss of money from her purse on several occasions, totaling $44.25.

A wreck at 9th and Garza last Wednesday involved vehicles driven by Walter Louis Dworaczyk, Slaton, and Linda Beth Caraway, Midland, with damage estimated at $450. At 11:45 a.m. last Friday, cars driven by James Earl Beggs of Slaton and Eudelia Valdez of Rt. 1, Slaton, collided, with minor damage.

Several warrants were issued during the week for failure to appear on traffic cases.

Damage of $75 to the soft drink machine in the lounge at Slaton Junior High was reported after burglars were unsuccessful in attempting to break into the machine. Damage of $80 was estimated in a break-in at Foster Cafe, 900 E. Ivory, Friday. Missing were 27 packages of chewing gum and five candy bars.

Oscar Buxkemper reported theft of a tire and wheel from his pickup while it was parked near Slaton High School Friday.

Four Negro girls ranging in age from 12 to 15 years old were taken into custody at 2:52 p.m. Tuesday at a Slaton store after the store owner caught one of the four shoplifting clothing. The four were brought to the police department, where other items taken from another store earlier in the day were found. All merchandise was returned to the owners, who declined to file charges.

The girls were released in custody of their parents, one of whom took her daughter to the store, and had her pay for the stolen articles and apologize to the owner.

Mrs. Linda Wooten, 100 W. Lynn, reported theft of a 1969 Triumph 650 motorcycle from her garage, which was closed, but not locked. Value of the cycle stolen Tuesday was listed at $1100.

Pat Garza, 105 E. Powers, Friday reported theft of a stereo tape player and 13 tapes from a 1967 car parked at the residence.

Frank Cardenas, 105 S. 6th, told police a tire on his car was slashed Tuesday by vandals. In another vandalism case Monday, Ronald Thompson of Lubbock said he was driving on Division St. about 9 p.m. when a large rock was thrown through the windshield of his car. Thompson gave chase to two persons he saw running from an alley, apprehended them and brought them to the police station. A 16-year old youth faced action in the incident.

Mrs. F. H. Lowry, 220 N. 4th, reported theft of an electric trolling motor from her front porch Monday. Value was set at $85.

6,000 Vehicles Licensed Here

License plates for more than 6,000 vehicles were sold at the Slaton branch office of the Lubbock County tax assessor-collector, according to Deputy Tax Collector Mrs. Elda Reames, in charge of the office here.

Four thousand passenger cars were licensed, about 1,000 more than the previous year. In addition, licenses were processed for 1,500 commercial vehicles, 100 motorcycles, 300 farm trucks, 50 house trailers, 35 truck-tractors, 65 token trailers, and 100 cotton trailers.

Roosevelt Names Write-In Group

Write-in candidates Bobby Poynor, James Daniel and Benny Sides were elected to the board of trustees of Roosevelt School District last weekend, with the only announced candidate for a one-year unexpired term of D.D. Davis, Mrs. Jackie Miller, being defeated by Poynor.

Daniel had 142 and Sides 92 write-in votes for the regular term, as compared to 87 for Arlen Stinnett; 49 for Horace McQueen; and 48 for Ray Dickey. Poynor tallied 158 votes to 46 for Mrs. Miller, a secretary.

City Sales Tax Receipts Listed

City of Slaton last week received a total of $18,333.18 in sales taxes for the last quarter of December, according to City Secretary Alex Webb.

City sales tax receipts for the corresponding quarter of 1970 totaled $16,531.71, he reported. After each quarter, the state returns to the cities that portion of taxes collected on the 1 per cent basis for the city.

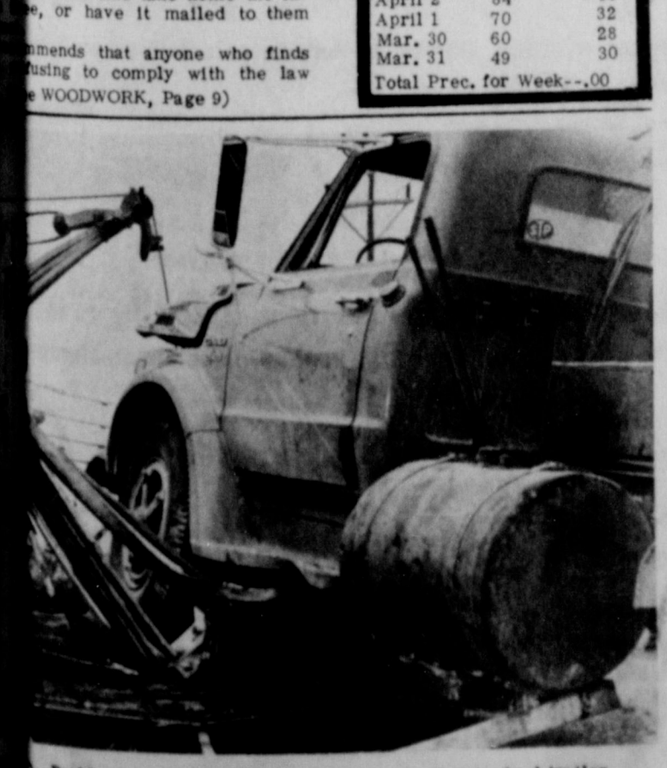

Wilson Election Results Listed

Pat Campbell and Carl Gryder were elected to the Wilson city council in Saturday's election there, defeating Lupe Arelano and Alfred Clary for the two posts. Gryder and J. W. Morton, who did not seek re-election, were incumbents.

Roy Lynn Kahlich, with 159 votes, and Alvin Kitten with 149, both incumbents, beat the challenge of four other candidates for spots on the Wilson School board. Losing their bids were Monroe Talkmitt with 62, Pete Arellano, 31, Thomas Autry, 57, Donald Klaus, 51, and Arlis Ehlers, 44.

BEAUTIFICATION PROJECT--Mrs. Velma Paul and Ruby Tuggle, employees of Slaton Pharmacy, hang two of the flower baskets being sold by the Women's Division of the Chamber of Commerce. A beautification project only, the baskets are made by Pauline's Flowers, and are being sold at cost to Slaton Merchants. Mrs. Wayne Edwards is chairman of the project. (SLATONITE PHOTO)

Mask, Neill Win Slaton City Vote

Otis Neill beat the challenge of Raudin McCormick for the post of commissioner of Ward 2 in city elections last Saturday, but Ward 4 commissioner Bart Diaz was unseated by Eugene Mask. Voting was not heavy, particularly in Ward 4.

Neill polled 105 votes to 57 for McCormick, with Bobby Joe Harlan getting one write-in. Mask won with 34 votes to 25 for Diaz.

Mask was sworn in Tuesday night.

In the school board election, R. C. Hall Jr., with 72 votes, and Betty Burks, with 63, were re-elected. Steve Ruiz and Chester Foster received seven write-in votes each.

A BIG HURDLE PASSED---Track Coach Doc Mize, left, and Pete Williams and Pat Taylor are shown standing on the new high school track, a project brought to realization through the efforts of Slaton Tiger Club, with help from other organizations and individuals. Completion of the project might be considered proof that obstacles to hurdle are not always as big as they appear. (SLATONITE PHOTO)

On the day when my house cleaning cannot minute, the sun is shining outside so nice and is perfect weather to clean the yard, dig up the go on a picnic. Housecleaning day should be drea just nice enough for the kids to go outside and enough for them to stay in and mess up two rooms be up one.

Oh, well. I hear folks who have maids and are bored with nothing to do. (I'd sure like to check out on my own.)

For a refreshing treat, try pineapple buttermilk. Combine 2 cups chilled buttermilk, 1 can (8-3/4 oz.) crushed pineapple, 1/2 medium banana, sliced, and 2 tablespoons sugar in blender container. Blend until smooth. To serve, pour over crushed ice or ice cubes. Makes 3 cups, to 4 servings.

Contrary to some opinion, pork, like other meats, is completely digestible. And today's pork averages less than 70 calories per cooked ounce.

Celery seed is excellent flavoring for sauces, salads, pickles, soups, fish or vegetables. It may also be sprinkled over cheese, crackers or rolls.

Eggs are excellent protein providers and the variety of egg dishes is almost unlimited. Eggs may be served as omelets or combined with other foods in a gourment dish.

The program, "Make Your Home More Livable" was given by Mrs. Mildred Patterson, home demonstration agent. Some things she pointed out were: "Homes are houses where people feel at home. A house is built by a builder, bulldozer and material -- a home takes imagination, love and understanding. A home satisfies the needs of the family both spiritually and physically. The key to privacy -- everyone needs some spot in their own home within the overall home."

Refreshments were served by Mrs. Jones to six old members, one new member, Mrs. D. L. Holloway, and one guest, Mrs. Patterson.

Next meeting will be April 18 at 1:30 p.m. in the clubhouse. Program will be on "Arthritis" by Mrs. Charles M. Linehan, executive director of the Arthritis Foundation. The public is invited.

Southland News

BY TOMMIE WILKE

Greetings from dear 'ole Southland. Everyone around here seems to be doing fair to middlin! Of course, I was gone a week, and I haven't really caught up on all the news (oops--nearly said gossip), but will try to give you a little reading material!

Sherri, Edmund and I went to Buchanan Lake fishing and were met there by Larry, Martha and Lea Ann. They flew in from Gila Bend and spent the week with us and we just had a ball! The only way it could have been any better was to have had our other son, Darrell, with us, but he was working and couldn't get off. We caught enough fish---not as much as usual, but enough. And as always, the big one got away. Isn't that what all fishermen say? Well, it really did. I got it to the top of the water and off it came! Broke my heart.

Congratulations to the Southland Girl's Volleyball team for winning District. They will be playing Klondike on the 10th of this month for Bi-district. The team consists of Laura and Sue Bevers, Cathy Long, Connie Abshire, Marla Shelton, Mary Ellen Flores, Jynell Hill, Dora Davilla and coach, Rodney Callaway. We'll be rooting for you on the 10th, girls.

Mr. and Mrs. H. C. Dunn recently returned from a trip to Phoenix, Ariz. where they visited with their son, Jackie. They also toured the Grand Canyon and Petrified Forrest. Mrs. Dunn said that everything was so green and pretty.

Mr. and Mrs. Edmund Stolle and Mr. and Mrs. Fred Steinhauser recently returned from a trip to Temple, Wharton and College Station. They visited in the Wharton Nursing Home with Mr. Steinhauser's sister, Mrs. Ida Wigyrs who will be 90 years young on July 11th. They visited with relatives in Temple and with the Stolle's son and wife, Mr. and Mrs. Carlton Stolle, in College Station. Mrs. Henry Spinn from Corpus Christi returned home with them for a visit.

Mr. and Mrs. Carl Wartes, Tammy and Willie Jo Montgomery, spent several days in Ft. Worth visiting with their daughter and family, Mr. and Mrs. Neely and son, who were involved in a truck - car wreck in which Mrs. Neely and son were hurt. They are out of the hospital and doing pretty good.

Visitors in the Jim Mason and Allen Miles' home on Friday were Mr. Mason's sister, Mrs. Norma Trueblood of Houston and her daughter and family, Mr. and Mrs. Ronnie Black and children of Hobbs.

Mr. and Mrs. Larry Long, Mrs. Robert Long and Cathy are visiting this week with relatives in Gilmer.

Mrs. Gladys Thurmond of Amarillo visited with Mr. and Mrs. John Leake over the weekend.

Mr. and Mrs. Roy Conrad of W. Valley, N.Y., visited in the First Baptist Church this past Sunday. They were guests of the D.D. Pennells on Saturday night.

The Southland School Board has been interviewing men for the Superintendent position created by the retirement of F. W. Callaway, and have been real pleased with the response.

Herman Havis took some of the customers of the Basinger Gin on a fishing trip to Buchanan Lake this past week. Making the trip were Oscar Heinrich, Eddie, Glen and Richard Brosch, Mark Schwertner, Stonewall Jefferson, and Herman Havis.

Mr. and Mrs. Robert Becker and children of Brownfield visited his parents, Mr. and Mrs. Willie Becker on Sunday.

Until next week remember---"The fellow who worries about what people think of him wouldn't worry so much if he only knew how seldom they do."

We just never dreamed that there would be so many different people interested in a smaller school. They will also be interviewing coaches and school cafeteria managers in the near future.

Mrs. Arthur Stolle spent a few days in Mercy Hospital recently, but is getting along real fine now. We certainly hope she continues to do so.

Rev. C. T. Jordan ran the Post Office for me while I was off on our fishing trip and he thinks, as do I, that we have some mighty fine and friendly people in our little community.

PERSONAL

Weekend guests in the homes of Mr. and Mrs. Grady Montgomery, Jr. and Mr. and Mrs. Roy Lee Montgomery were Mr. and Mrs. Gary Potter and Lee Ann of Jacksboro; Mr. and Mrs. Steve McDonald and Steve Jr. of Irving, and Mr. and Mrs. Jessie Wilson and family of Irving.

PORK QUEEN CHOSEN--Miss Helen Howe of Smithfield was selected as the 1972 Texas Pork Queen during the recent 21st annual Swine Short Course at Texas A&M University. With her is Roy Poage of Slaton, president of the Texas Pork Producers Association. Miss Howe is the daughter of Mr. and Mrs. H. M. Howe of Smithfield and is a student at Texas Tech University.

Mr. and Mrs. Ladell Willis and son of Austin visited the Mert Gentrys last week. Recent visitors of the Gentrys were Mr. and Mrs. Calvin Willis and Rhonda of Buchanan Dam, Mr. and Mrs. N. R. Boyce and Warner of Lubbock and Mrs. Elsie Willis of Slaton. Mr. and Mrs. Mert Gentry visited the Evangelical Methodist Church Sunday evening to hear their nephew, Sammie Gentry preach.

Mr. and Mrs. Benny Rudd visited Sunday with Mr. and Mrs. Charles Rudd. Other visitors included Mr. and Mrs. E. M. Rudd and Mr. and Mrs. Jim Perry and children.

Mrs. Novian of Olney, spent the holidays with her daughter, Mr. and Mrs. Edward Maeker.

Mr. and Mrs. Don Robison and children spent the weekend visiting Mr. and Mrs. Jack Martin of Anson.

Mrs. Heddie Kelly spent Sunday with Mr. and Mrs. Ed Maeker.

Mr. and Mrs. Francis Grabber had supper with Mr. and Mrs. Norbert Kitten Sunday.

Billy Klattenhoff's large barn, north of Posey, burned Friday afternoon.

Dale Kitchens ministered to the residents at Slaton Nursing Home Sunday afternoon. Mrs. Kitchens led the group in singing.

Mr. and Mrs. Magnus Klattenhoff had their children home with them Sunday.

Mrs. Alton Sumrall's mother, Mrs. A. H. Tudor of Sweetwater visited her over the weekend.

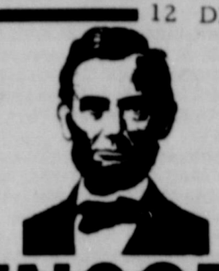

Mr. and Mrs. Roger Kitten and children spent Sunday with Mr. and Mrs. Arthur Kahlich.

We attended the Easter Community service at the Slaton First Baptist Church Friday evening.

Here's an understandable mistake. A youngster saying his prayers one night, said, "God bless mommy and God bless daddy, who gives me nice toys. God bless all the cows which give milk, and God bless all camels which give soup." Trust to see you next week.

Let's put government into hands we can depend on

When scandal rocks our state government, as it has for more than a year, it is time for Texans to take the reins of government and place them once again into the hands of an honest, capable man. This is a time when Texans need a man to believe in. A man like Dolph Briscoe. His successful experience in business and agriculture, his work in government to provide farm-to-market roads and to eliminate the screwworm have proven him a man Texans can depend on when solutions are needed. His unquestioned reputation for honesty and integrity stand him head-and-shoulders above his opponents. Never has Texas been offered such unacceptable candidates for the office of govenor. And never has Texas so urgently needed a man like Dolph Briscoe.
May 6, elect Dolph Briscoe governor.

SUNDAY'S SERMON

O Happy Day

How many happy days do you have? Why can't each day be a joyous experience? What is it that stops us from enjoying life to its fullest?

Perhaps the largest stumbling block is that we are conditioned against it. We work too hard for the wrong things, and put no effort into the things that could make us happy - love, friendship, and a sense of thankfulness for all we have. Ads tell us we will not be happy until we try this new product or that new improved product. People actually believe that the only way to happiness is through success and position.

But each day that comes to us is a new day. The day itself is not a good or bad day, rather what determines that is how we use the day. If we constantly work too hard for the wrong things, our days have few happy ones. Imagine if each day we applied a little effort to help increase love and friendships, we would all have many more happy days.

Methodist Revival Is Scheduled

Members of First United Methodist Church this week prepared for a revival which begins Sunday morning, with the Rev. John Jakway, evangelist from Hibbing, Minn. featured as speaker for two-a-day services through Thursday.

Services at the usual Sunday times will be followed by services at 7 a.m. and 7:30 p.m. through the week.

Rev. Raymond Dyess of Wellington will be song leader. The public is invited to all services, said the pastor, Rev. Bruce Parks.

LETTER FROM IRELAND

Mrs. Kim Young, the former Carla Crumley and daughter of Mr. and Mrs. J. T. Crumley of Roosevelt, is living in Ireland with her husband, stationed in the service. She writes about her first impressions of Ireland.

"At last, our plane was finally touching the runway at London's Heathrow Airport.

As I stepped from the plane, to take my first look at "foreign soil", I was greeted by a cool gust of wind and mist although it was near noon on a day in late May. I was eager to hurry through customs. . . . which is impossible to do in England.

Finally I had my baggage on a lop-sided cart and was heading for the only familiar face in this hemisphere. (In three days he'd be my husband) We said hello and made our way to a bus that would transport us to another terminal for our flight to Belfast, Northern Ireland. As we stepped to the bus, I saw a London Bobby and heard the bus driver speak; I was certain that I was no longer in Texas.

After a short wait at the terminal and a precarious flight in a prop plane put together with Scotch tape and thumbtacks, we again collected my bags and found a taxi and settled back for the two hour drive to Londonderry, sixty miles away.

The narrow, winding roads were lined on either side by a scattering of trees and rock walls ranging from two to eight feet high. They were covered by tiny green moss-like plants. Beyond the "green walls" were small rolling fields of the greenest grass I've ever seen. Each field perched on the slopes, bordered by more rock fences. Lazy cows stood or lay scattered over the hills. So my general first impression of Ireland was the illusion of a huge green patch-work quilt. . . . and rain!

Occasionally along the drive, we would see an international road sign. Most of them have no lettering, just pictures. For example, a "Slow School Zone" sign would be replaced by a square yellow sign with a shadow picture of a girl and boy carrying books and walking! "No Left Turn" is a red and blue sign with an arrow pointing left and a big diagonal slash marked over it!! If you think that's unusual, you should see the "Men Working" signs!

As we wound and bumped to Londonderry, we passed through villages and small towns on narrow streets lined by tall, dreary, moss - covered, old buildings. Tiny cars traveled in the left lane. . dangerous passing on hills and curves. I was certain we'd never arrive, but, alas. .we did.

Thus did I form my first impression of the British Isles.

In the following weeks, I will try to give readers an idea about our life and experiences in Ireland. Of special interest are the people and their customs and sayings, their homes and farming practices and the shops and towns.

Due to the controversial and dangerous situation existing here, we have not been able to learn as much as we'd like by mixing with the people. Nevertheless, we have enjoyed and shall always remember our year here and hope these articles are of interest to you as Americans."

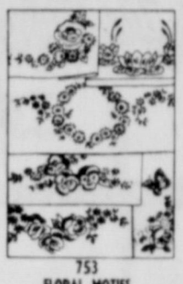

THE EASTER BUNNY, in the guise of Francelle Greer surprised Bill De Wess during the holidays at Slaton Nursing Home.

The border between the United States and Canada is the result of no less than seven treaties. Negotiators who signed the Treaty of Paris in 1782 relied upon a map drawn 27 years earlier in defining the border. The map's inaccuracies raised boundary questions that were not resolved until the Treaty of 1925.

An Open Letter To The People Of Texas

Dear Voter:

I'm a candidate for attorney general of Texas because I believe it's time for a change in the office.

Crawford Martin is seeking a fourth term. It's the first time in the history of Texas an attorney general is running for a fourth term.

Campaigns should be run on the issues and I don't like to inject personalities and personal relationships into a political campaign. But, the relationship between Frank Sharp and Atty. Gen. Crawford Martin cannot be swept under the rug.

The new book about the Texas stock fraud scandal, "Texas Under a Cloud," tells about that relationship. On page 128 the book says:

"Atty. Gen. Crawford Martin, . . . got some free newspaper publicity when it was revealed in October, 1971, that he received a 'stock tip' from Frank Sharp – while Martin and his family were Sharp's ranch guests late in 1969 and again at Sharp's Houston office early in 1970.

"Sharp was trying personally to sell National Bankers Life stock to Martin, although the attorney general said that Sharp never mentioned the possibility of Sharpstown Bank loans to buy the stock.

"Martin said that he turned the stock offer down because it would have cost too much, because NBL was in 'shaky' condition, and because he did not buy 'speculative' stocks.

"He did not comment on the ethical aspects of a state official's accepting a stock tip of that sort – perhaps, because *Martin, as attorney general, had ruled in favor of Sharp on a key legal issue about Sharpstown State Bank* only two and one half years before Sharp made the stock offer to Martin.

"Martin's ruling had the effect of increasing the bank's capitalization dramatically and thus its ability to make large loans, ultimately giving Sharp the financial resources he used in the manipulations charged by the SEC."

As you know, hundreds of Texans lost their life savings because of Sharp's stock manipulations and it probably wouldn't have happened but for Atty. Gen. Martin's legal opinion.

Don't you agree, it's time for a change in the office of attorney general of Texas?

Just so you'll know what you'd be changing to, I'd like to tell you a little about John Hill. I'm a native Texan, grew up in Wink and Kilgore, was national debate champion at Kilgore Junior College and graduated from the University of Texas Law School. I served in the Navy during World War II, practiced law (much of the time in courtrooms) in Houston, and was secretary of state from 1966 to 1968.

I certainly would appreciate your support.

It is time for a change.

John Hill

RELIGION IS NOW — a weekly message relating the world of today to the lessons of Faith and Church . . .

Thou renderest to every man according to his work.
—Psalms LXII, 12

Man must work not alone for bread. He needs yet another sustenance. The artist finds it in a sunrise captured forever on canvas; the carpenter in the sturdy lines of his own construction. Every human being builds happiness and a sense of belonging through some achievement, some accomplishment, some work of the hands. Man must work, he must do, else each hour is like a day of loneliness and nothingness.

Carla and Kim have many things to do and try to see in their few remaining weeks in Ireland and we love her for taking the time to prepare and send us these articles.

We know you will enjoy reading them as much as we and will pray with us for their safe return to "Eagle Country".

EASTER HOLIDAYS

Easter Holiday vacation began March 24 at 2:30 p.m. for students of Roosevelt. We do hope everyone enjoyed the holidays as much as we did.

The weekend and the first part of the week the weather was perfect for fishing, skiing and swimming on Lake Buchanan and Lake LBJ.

While vacationing at Lake LBJ, Joe, Bettie, Lynda, Jan and Sonja Hall and Sandra Patschke drove to the Wirtz Dam and also saw the granite rock quarries between Kingsland and Marble Falls. Sandra, Lynda and Jan picked up several pieces of both red and white granite for souvenirs.

The Joe Hall family also toured the Johnson City - Fredericksburg area. On the road to Johnson City a herd of seven buffalo was spotted grazing in a pasture close to the highway. Unfortunately the herd was not close enough for good pictures to be taken.

In Johnson City, the family toured the boyhood home of Lyndon B. Johnson. The birth place home of Mr. Johnson, located East of the LBJ Ranch home, was also open to tourist but the Hall's did not stand in the long line to tour this home.

Mr. and Mrs. R.E. Crumley from San Antonio spent a few days with Mr. and Mrs. J.T. Crumley and Bettie at Kingsland. After leaving Kingsland, the J.T. Crumley's went to Alto, in East Texas, to visit with Mrs. Crumley's sister, Mrs. Jean Lewis and her son, Barry Lewis and her father, Henry Harlan.

Joe, Buster and Larry Washington spent a few days of their vacation in Houston.

Ronnie and Donnie Jackson of San Antonio visited with their nephew Bill Jackson of Kingsland.

Jeff Earthman also of San Antonio came to Kingsland to see his relatives the Max Barnetts.

Mr. and Mrs. Grady Jackson of Buffalo Lakes spent four days in Jamaica during the Easter vacation. They were accompanied by Mr. and Mrs. Gibson Feagins of Lubbock.

Mr. and Mrs. Powell Adams and family went to New Orleans, Louisana to visit with Carol's sister and her family.

Mr. and Mrs. Tommy Adams, Bonnie and Cassie went to visit Donna's parents, Mr. and Mrs. Davis May who reside on Pipe Creed in San Antonio.

Mrs. Dorothy Scott, Mrs. Ruth Carson and her son, Stephen, from Waco spent the weekend with the Joe Halls' at Kingsland.

Mr. and Mrs. Roscoe Sides have gone to Kingsland.

Coach and Mrs. Gene Mims and family went to Abilene to visit Mona's parents.

While the August Patschke family was vacationing at Lake Buchanan, Sandra celebrated her fourteenth birthday and Dwayne celebrated his tenth birthday. Mr. and Mrs. Bill Pratho and family of Houston came to visit with the Patschkes' at Buchanan. Mrs. Pratho and Mrs. Patschke are sisters. The Patschke family and the Hall family exchanged visits also.

FLASH: Joe Hall did not loose his teeth this year while skiing at Lake LBJ.

The Ray Dickeys' went to Arkansas to visit Ray's parents. It rained the whole time.

The Floyd Roses' went to Arkansas to visit Clydie's father. He returned with them.

Easter Sunday guests in the home of Mr. and Mrs. Walter Schroeder were Mr. and Mrs. John Hodge of Kingsville, Mr. and Mrs. Jordan Hodge of Lubbock, Mrs. Hodge of Slaton, Mrs. F. W. Lueck of Slaton, Mrs. Ella Schroeder and Mr. and Mrs. Robert Schroeder and Karen.

ETR 2 and Mrs. John Hodge are on a two week's leave between a move from Kingsville to San Diego, California. Mrs. Hodge is the former Joyce Schroeder.

Mr. and Mrs. Raymond Lindsey and family spent the Easter vacation in Greenville with Mr. and Mrs. Melvin Lindsey and family.

Mr. and Mrs. Arlen Stennett and family, Mr. and Mrs. Judge McLeod and family, Mr. and Mrs. Doug Pounds and family, Mr. and Mrs. Pat Pounds, Mr. and Mrs. Harold Gregory and Bud Barnett enjoyed a week's vacation at Bridgeport. The group stayed at the El Chico which is managed by Mr. and Mrs. Delmar McLeod formerly of Acuff. They also spent a day at Six Flags.

Easter weekend visitors in the home of Mr. and Mrs. W.H. Walter were Kathy Walter of Seguin and Linda Hanf of Houston. Both are students of T.L.C. in Seguin.

BIRTHDAY PARTY

Brad Sides celebrated his sixth birthday Sunday. Present at his party were his grandparents, Mr. and Mrs. B.H. Sides and Mr. and Mrs. Ray Weaver; his great grandparents, Mr. and Mrs. Sherrod; his sister, Stacy and his mother and daddy, Mr. and Mrs. Benny Sides.

IN HOSPITAL

Adolph Sides is in the West Texas Hospital with the flu.

Early Daniels is still in the University Hospital.

Rev. Curtis Jackson of the Canyon Baptist Church is in the Methodist Hospital with pneumonia. (Room 831)

Baptist Youths Second In State

A group of 10 Slaton youngsters took part in the state Baptist R.A. Assn. track meet at Austin last week, and were flown to and from the meet by Roger Evans of Slaton Flying Service.

Slaton had two second place finishes in the competition involving more than 2,000 boys. The Slaton youngsters, sponsored by Westview Baptist Church, qualified for the state event in the regional competition at Lubbock the previous week.

Larry Beard, Bob Melton, Danny Evans and Tim Bourn won second in the 440-yard relay, and Bourn also won second in the high jump, and fourth in the 330-yard dash. Evans reached the finals in the 50-yard dash and won his last heat, but missed a ribbon by way of the stop watch.

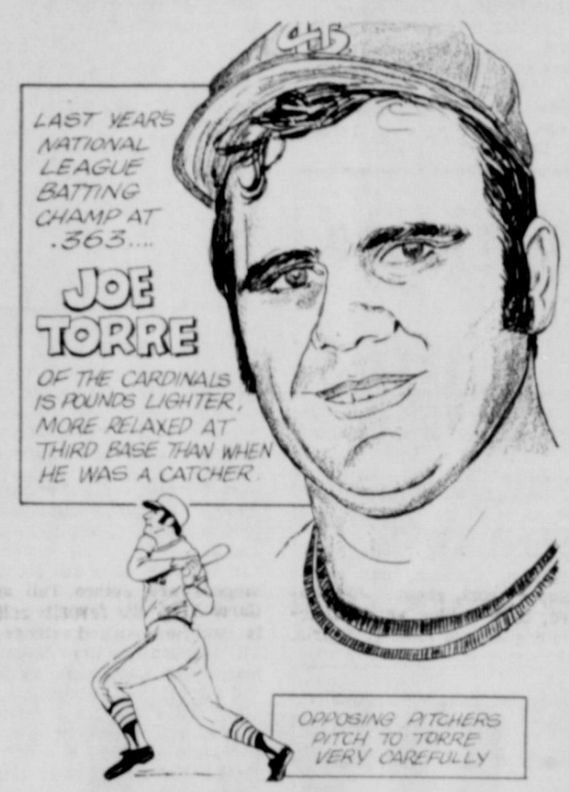

Also representing Slaton well were Kevin Kern, Scott Beard, Garon Strickland, Jim Gray, and Steve and Tony Leake.

For a whiter meringue that cuts well and is flavorful, add lemon juice before beating.

GOOD SHOWING---This Slaton team placed second in state in the R.A. Assn. meet in Austin. Shown with Roger Evans who piloted the plane transporting them to and from the meet are these members of the 440 relay team: Bob Melton, Evans, Tim Bourn, Larry Beard and Roger Evans. (SLATONITE P...

While walking the halls of SHS,
You can see these kids here are really the best.
Although the teachers don't give us a rest,
We're always ready to meet any test.

Mrs. Samples will give homework each night;
Mrs. Semetko sits with her legs wrapped up tight.
Coach Kerr is not really so dumb,
For he'll catch you and beat you for
The bad things you've done.

The girls have a good basketball team
Since they always win district, it seems.
You can't cuss the football team
Since the A-J against them always will scheme.

If you stick your nose to the wind,
You can tell that the ag boys have been at it again.
If they don't clean off their boots before they come in,
You won't have to guess where they have been.

Our school has a very efficient staff
To look at them you might want to laugh.
Though the office crew really runs great.
To hire them was a great big mistake.

Improved seat-belt systems required.

The National Highway Traffic Safety Administration urges buyers of new cars to report any violation of new seat-belt requirements or defective operation of seat-belt systems. Under requirements of Federal Motor Vehicle Safety Standard No. 208, improved systems must be on all cars manufactured after January 1, 1972.

The standard requires automatic-locking or emergency-locking retractors for lap belts in both front and rear outside seating positions; all lap-&-shoulder belt combinations to have a 3-point design in which the shoulder belt attaches to the lap belt and releases when the lap belt is released; and a buzzer and flashing light warning system that reminds the driver and his front seat passenger if they have not buckled their lap belts when the driver turns on the ignition and places the gear shift in a forward drive position.

The agency estimates that thousands of lives could be saved annually if all car and truck occupants used seat belts.

To report a violation of the new seat-&-shoulder belt requirements or a defective operation of a system, write to the National Highway Traffic Safety Administration, Dept. of Transportation, Washington, D.C. 20590.

What the AAA and Nader and those who pass all these laws don't seem to understand is that the public is a lot more concerned about price and mileage and guarantees that they are about how fast you can stop a car, or how much weight the tires will hold up.

Dear Consumer

Law Helps Protect Your Credit Rating

By Virginia Knauer
Special Assistant to President Nixon for Consumer Affairs

If you have ever charged anything at anytime anywhere, you probably have a credit record on file in a credit bureau or credit reporting agency. Generally, the record contains facts on your jobs, income, savings, loans and installment buying practices; however, the record may contain other data, such as marital status and personal history.

I feel—and I think you may agree—that this type of information should not be made available to anyone without sufficient reason. Even then, it is very important to us that the information is accurate and fair.

The Fair Credit Reporting Act, which went into effect last April, protects you from inaccurate or obsolete information in reports that are used to determine your eligibility for credit, insurance or employment.

Basically, the law guarantees your right to know what data is being reported about you. It also gives you the right to correct any false information that is being distributed.

Your major rights under the law are:

- To be told the name and address of the credit reporting agency when you are denied credit, insurance or employment at the time of such denial;
- To examine the information in your file at the reporting agency when credit-status action is taken against you;
- To be told the sources of information in your file and to whom such data has been given;
- To have such data confidential except for legitimate purposes such as credit and job;
- To have disputed information reinvestigated by reporting agency and false or unverifiable data deleted, and to have notification of deletion sent to those who received erroneous reports within a specified time.
- To be informed of investigations involving interviews with other persons about your personal life and right to be informed of the kinds of questions being asked with exceptions for some employment purposes;
- To be informed by a reporting agency when adverse public-record information (such as arrest, conviction, bankruptcies) is reported to a potential employer. This provision is not mandatory if the agency maintains strict procedures to insure that public-record information is complete and up-to-date. Generally, information may not be reported if older than 7 years, or 14 years in bankruptcy cases;
- To bring civil suit in Federal court against those not complying with credit act.

If you believe that reporting agencies or users of such information are not complying with this new law, you should contact the Federal Trade Commission, Washington, D.C. 20580.

If you write to Mrs. Knauer, address your card or letter to "Dear Virginia," Office of Consumer Affairs, Washington, D.C. 20506.

To Each His Own.. What ?

School can often be a bore if you think you've got a dry teacher. Every student has a favorite teacher, and then they have a teacher they don't like so well. The staff has decided to make a change in the faculty.

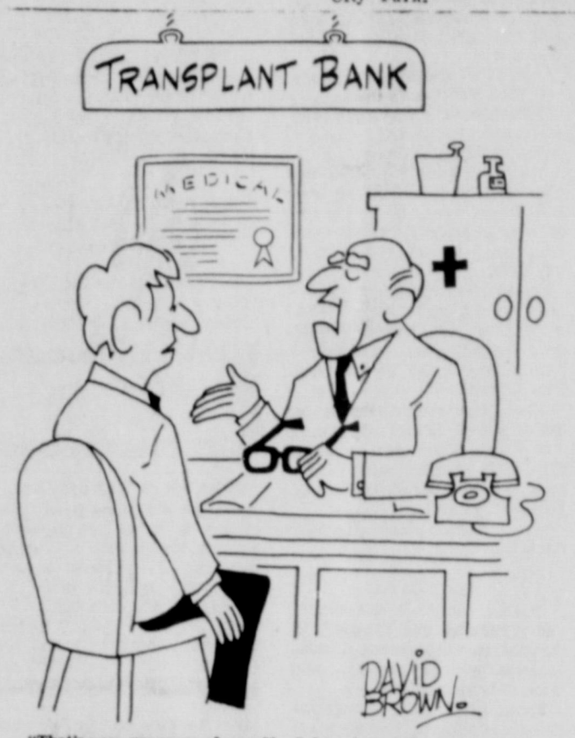

This is the ideal faculty for Slaton High School.

Can you imagine Coach Jackie Stewart teaching W. A. Carnes' chemistry class? Or, Coach Ernie Davis teaching Mrs. Beth Harlan's home and family living class? (you wouldn't learn much). Coach Weldon Mize teaching Mrs. Garene Smith's homemaking class? (he's a real cookie), or Mrs. Audean Nowell teaching JROTC? Mrs. Lin Semetko teaching varsity football? Mrs. Velma Figley teaching Paul Johnson's ag class? W. A. Carnes teaching Coach Gay Benson's basketball girls?

How about Coach Maurice Wayne Kerr teaching the one and only shorthand class of Mrs. Helen "Sammie" Kerr? W. O. Harrell teaching Spanish, and Paul Johnson teaching speech class? (ah, ah, ah).

NFO Accuses US On Grain Policie

Corning, Iowa -- U.S. Department of Agriculture sales and releases of grain have damaged farm prices as much or more than the dock strikes, the National Farmers Organization charged last week, demanding that all sales of government stocks for either domestic or export use cease until prices rise beyond cost of production level for producers.
