HOLD ELECTIONS IN MANY STATES

MUNICIPAL AND STATE OFFICERS BEING CHOSEN TODAY IN NUMEROUS PLACES

NEW YORK CITY CONTEST

Mayoralty Result and Sulzer Fight Hold Center of Interest Throughout the Country

Election are being held today in many of the States of the union, municipal and state officers being chosen in about a third of the commonwealths. No congressional elections are being held.

Interest centers in New York City, where both the mayoralty contest and the Sulzer fight have attracted nation-wide attention and where one of the most bitter campaigns ever waged has been in progress for the past few weeks. Massachusetts is also being closely watched, as that commonwealth may choose a Progressive as governor.

MASSACHUSETTS CONTEST PRESENTS MANY ANGLES.

Boston, Mass., Nov. 4.—A return to power, after three off-years, by the Republicans; a rise to power for the first time in an Eastern state by the Progressives, or a victory for Democracy which Democrats declare will mean branding the Bay State after the lassoing, tying and throwing performed by them in the past three years, today is being decided at the polls in the annual gubernatorial elections. One other interesting feature of today's elections is whether Gov. Eugene N. Foss, thrice governor under Democratic colors, after having borne the Republican banner in Congress, can retain the admittedly big personal following he has always had, and break all Bay State records by slipping for a fourth successive time into the chief executive's chair. This year Foss is an independent.

Of course, Foss, Charles Sumner Bird, Progressive; A. P. Gardner, Republican and David I. Walsh, Democrat, all claimed certain success today. Walsh, by the way is a follower of the Wilson doctrines, and he is the first Democratic lieutenant governor ever elected in Massachusetts. He received many thousand more votes last fall than did Foss. One thing was admitted by all parties today. It was that all signs pointed to the largest vote in the history of of the state. The Socialists alone declared they will double the vote of 1912. No election in many years has aroused such interest and early reports received here from all sections of the state were to the effect that the vote would be above normal.

MUNICIPAL AND ASSEMBLY ELECTIONS IN NEW YORK.

New York, Nov. 4.—The regular municipal and assembly elections are being held throughout New York State today. Besides these voters today are balloting on nine justices of the supreme court; chief justice and one associate justice of the court of appeals; two congressmen and one State senator are being elected from New York City. Successors are being chosen to fill out the unexpired terms of Francis Burton Harrison, appointed governor general of the Philippines and Timothy (Big Tim) Sullivan, who was killed by a train last summer and Ex-State Senator Stephen J. Stillwell, whitewashed of charges of bribery by Tammany at Albany, but later tried, convicted and sentenced to Sing Sing on the same charges. Up-state, the voters are choosing a successor to ex-Senator tor Franklin. D. Roosevelt who resigned to become assistant secretary of the navy.

Chief interest centered in the New York mayoralty election, this campaign having been the bitterest since the days of Boss Tweed of Tammany Hall, and the notorious "Tweed Ring." Although impeached and removed from office as governor, William Sulzer one of the dominating factors in today's elections. His statement as to the domination by Chief Murphy, of Tammany Hall, had a sweeping effect. John Purroy Mitchell, appointed by President Wilson as collector of the port of New York, and the Fusion candidate for mayor, become the favorite over Edward E. McCall for mayor soon after Sulzer's story was published.

The entire Mitchel campaign has been conducted as an onslaught on Tammany domination in politics. Yards of statistics have been quoted showing extravagance of a Tammany administration. The chief point backed by Tammany on which the fight on Mitchel was made was his stand on the subway question while president of the board of aldermen.

McDaniels was lodged in jail this morning.

Down the Mississippi and Across the Ocean Bottle's Long Journey

By Associated Press.

Rochester, Pa., Nov. 4.—When the Beaver River was at flood height last March, Clarence Mitchell wrote a note, signed his name and address and sealing it in a bottle, tossed the bottle into the flood. Last night he received a letter from Frank Warthing in Glasgow, Scotland, saying he had picked up the bottle on the Scotch coast. The bottle, to reach its landing place, had floated down the Ohio and Mississippi Rivers to the Gulf of Mexico and had drifted across the Atlantic Ocean to the Scotch coast.

CONNECTICUT WOMAN IS SENTENCED TO HANG

By Associated Press.

IMPORTANT WAR CENTERS IN MEXICO WHERE REBEL ATTACKS ARE IMMINENT

Mexico City, Nov. 4.—The opposition of the United States government to the Huerta regime has encouraged the rebels in many sections. Battles are expected at Chihuahua, Montrey and Torreon. These points are old time hotbeds of revolt. An attempt will be made by revolutionists to liberate the many dangerous criminals in the prison at Montrey, Mexico City is vigilantly patrolled by the federals and the prison here is overcrowded with accused disturbers. Street fighting may break out at any moment. The streets approaching the national palace are doubly guarded.

Eagle Pass, Texas, Nov. 4.—Armies on both sides in northeast Mexico concentrating at Monterey in one of the largest troops movements in Mexico's recent revolutions. Orders arrived here from Governor Carranza for every constitutionalist in this section to hurry to Monterey where fighting is reported in progress. The constitutionalist forces now concentrating about Monterey said to number 6,000, drawn all the way from Torreon, in north central Mexico, to Matamoras in the extreme northeastern corner.

GRAND JURY IS STILL AT WORK

NO INDICTMENTS YET BROUGHT IN FOLLOWING ALLEGED MURDER CONFESSION

WOMAN'S LAWYERS TALK

Say They Have Urged Her to Tell all, But are Sure Charges Will not be Sustained

By Associated Press.

Dallas, Texas, Nov. 4.—Grand jury investigation continued today into the Meade Barr confession involving himself and Mrs. Ellie M. Lake in the murder of Miss Florence Brown here last summer. It was said the jury had so much to discuss and confirm that no action was expected today.

Mrs. Lake's attorneys issued a statement that they had urged her to go freely before the grand jury with whatever information was wanted, and that they were confident Barr's charges reflecting on her, the nature of which is still kept secret, would prove unfounded.

Barr claimed he gave the knife with which he cut Miss Brown's throat to a street sweeper in St. Louis, where he visited soon after leaving Dallas the morning of the murder. Dallas police today said they have asked in St. Louis to ff to confirm the story.

Attorney's Statement.

"We, her attorneys, advised her to appear before the grand jury as often as they wanted or called for her and to answer all or any questions that are asked her; to be perfectly frank and open in her testimony before that body.

"Mrs. Lake and her husband lived on South Haskell in an apartment house. When she first moved there one of the tenants in this apartment house was Mr. and Mrs. Sanders, Mrs. Sanders being the sister of Meade Barr. These two families naturally became acquaintances, and often played cards at night and had many friendly chats on the porch together, this being the extent of her acquaintance with the Sanders family and Meade Barr, who lived with

them. She, however, often assisted Meade Barr's sister, Mrs. Sanders, in preventing him, Meade Barr, from drinking at home.

"While we fully intend to protect her in all her legal rights, yet we intend to let the grand jury take its course in a thorough examination before any steps will be taken in her behalf, and we do this because we feel that in justice to Mrs. Lake and all that are interested in running down the murderer of Miss Florence Brown, that the people may know that justice was done and had its course, and that Mrs. Lake will be duly exonerated from having any knowledge of this, the most heinous crime that has ever been perpetrated in the city of Dallas.

NO REPLY TO U. S. DEMAND FOR HUERTAS' RESIGNATION

Silence In Mexico City Regarding Communication From Washington In Form Of Ultimatum

By Associated Press.

Mexico City, Nov. 3.—There was no indication here today that President Huerta has yet delivered any reply to the communication from the United States government, telling him he must resign the presidency without loss of time and that he must not leave as his successor any of his adherents whom he might be able to control.

In official quarters here, as well as at the United States embassy emphatic denials were still made as to the transmission or receipt of the communication from the American government. A meeting of the Mexican cabinet, however, was called for today, at which it appeared probable the matter would come up for discussion.

Wilson Goes Home to Vote While Capitol Eagerly Awaits Development

By Associated Press.

Washington, Nov. 4.—President Wilson let the Mexican situation simmer a few hours today while he went to Princeton to vote. The tension over this government's ultimatum to Huerta was not relieved by the president's absence, however, and just before he left the State house, he conferred with Secrtary Bryan.

All officials here were consistently silent over the notice to Huerta to vacate the provisional presidency of Mexico and seat no partisan. The understanding was that the attitude here is to make no announcement and await the next step.

The greatest interest centered about Huerta's conference with the Mexico City diplomatic corps. As soon as Charge O'Shaughnessy had delivered the latest note, Huerta called in the diplomats, but no announcement has been made of their conference. President Wilson planned to be in touch with the situation practically every hour he is away.

An air of confidence in official circles is taken to indicate that the United States is satisfied that practically all the great powers have agered to support the administraion's policy, at least to the extent of observing a strictly neutral attitude and allowing the United States to test its own plan for restoring peace in Mexico.

Today Secretary Bryan issued a statement. He declined to discuss the use of the word "ultimatum" note or "advices," saying he had no more to say than the statement itself conveyed. It was as fallows:

"I have made it a rule not to discuss newspaper reports concerning international matters, but the nature of the dispatches from Mexico this morning suggests a departure from the rule at this time. No ultimatum has been sent to Mexico and it is unfortunate that the press should give credence to such a report."

Discussjon of the passibility that President Wilson might again take the Mexican situation to Congress in a personal address was revived in administration circles again today.

POLICEMEN QUIT AT INDIANAPOLIS

Mayor Issues Warning to Dealers in Fire Arms Not to Sell Guns or Ammunition

By Associated Press.

Indianapolis, Nov. 4.—Special precautions were taken today against violence in the street car strike. Almost the entire police force was on duty. The special deputies appointed yesterday by the sheriff also were on guard to keep order. A special warning was issued by Mayor Shank warning dealers in fire arms and keepers of pawn shops not to sell fire-arms or ammunition.

Thirty patrolmen of the Indianapolis force turned i ntheir badges today rather than ride on street cars and protect strike breakers. A squad of fifty more policemen, detailed to guard a car which was preparing to start, protested so strongly that the effort to resume traffic was abandoned.

Members of the police force joined in the cheering which followed the order sending strike breakers back to the barns.

VOTING HEAVY IN NEW YORK TODAY

ROTTEN EGGS AND VEGETABLES ARE USED AS WEAPONS AT ONE BOX

IN THE SULZER DISTRICT

Vote There Larger in Proportion Than in Rest of City—Some Arrests Made

By Associated Press.

New York, Nov. 4.—Throughout the city today there were indications of an unusually large vote in the city mayoralty and assembly elections, evidencing the great interest in the fight between Tammany and Fusion. About twenty-five arrests for alleged irregularities in voting had been made up to noon. Among those arrested were four Columbia students.

In Sulzer's district the vote up to mid-afternoon was larger in proportion than in any other in the city. Sulzer's supporters said all indications pointed to his election. In the second assembly district where there is a hot contest between Alfred E. Smith, present democratic speaker of the assembly and Morris Cohen, the Fusion candidate, adherents of both were bombarded with rotten eggs and vegetables when they appeared at the polling places.

Clement Driscoll, president of the Voters' League in intereceding for a challenged voter, was set upon by gangsters. Police rescued him.

GENEROUS RAINS HERE: PANHANDLE GETS SNOW

Heavy Showers Throughout Northwest Texas Monday Night—Much Colder in Amarillo

A warm soaking rain, which began early this morning and since the world [illegible] TELL US SO and we will appreci[illegible] a very opportune time for the farmers who were unable to get their wheat planted before the first rains of the fall, and is expected to make winter pasturage still more plentiful in this section.

Three inches of snow in the Panhandle from Amarillo north to Texline, was a feature of the weather situation in that section last night. From Amarillo south to Fort Worth there was a good rain, about the same as in this city and there is no doubt that the precipitation covered a wide territory, as is shown by reports from the Valley and Northwestern offices.

The snow in the Panhandle is the first of the season in Texas and is an unusually heavy snow for November. It is expected to be of much benefit to Panhandle wheat, which was already in good condition. The temperature at Texline was thirty-two, and at Amarillo thirty-nine, according to reports received at the Denver offices here.

TWO BLOCKS OF PAVING ARE OPENED TO TRAFFIC

Tenth Street in Use for Short Time From Lamar to Austin, but is Closed Again Today

Two blocks of the new paving on Tenth street was open to traffic Sunday and yesterday, being closed again today on account of its interfering with the work of the wood block workmen. From Lamar to Austin the paving was near enough completed Sunday to admit vehicles, although there was still some work to be done.

Today's rain is expected to furnish a good test of the weathering qualities of the new pavement. Work is going forward steadily on that part of the work west of Austin street and it is expected that a month or so more will see the pavement completed all the way. On the wood block part of the work, the foundation has been set and consistent progress has been made.

ORGANIZATION OF $50,000 COMPANY

ADDITION ACROSS WICHITA RIVER IS SOON TO BE PUT ON MARKET

NEW BRIDGE IS PLANNED

Stockholders Make Proposition to the County Commissioners—Name of New Addition Not Chosen

Organization of a $50,000 company to handle an addition to Wichita Falls, across the river, was started yesterday afternoon when the stockholders met and elected directors. A proposition to the county commissioners to pay half the cost of a $24,000 bridge across the river at the foot of Lamar avenue, was made.

The name of the new addition and of the company back of it, was left up to the directors, who will hold a meeting shortly. The directors chosen are C. W. Bean, N. Henderson, J. M. Bell, M. Staniforth, J. M. Bland, B. J. Bean and A. L. Huey.

The addition to be sold, as heretofore explained in The Times, is the Bean and Markowitz property north of the river and west of the Denver tracks. With a bridge across the river on Lamar, the lots would be within easy walking distance of the business district, and the company hopes to bring about the construction of a bridge sufficiently substantial to accommodate a street car line. A. L. Huey and J. L. Sadler, the latter of Oklahoma City, have been the prime movers in the organization. The stockholders include:

N. Henderson, J. J. Lory, T. T. T. Reese, M. Staniforth, A. L. Huey, J. Leroy Sadler, C. W. Bean, J. Markowitz, John Thomas, F. A. Lee of Weatherford, J. F. Dibrell of Seguin, Reese A. Allen, L. H. NOTED ENGLISHMEN ON OPPOSITE SIDES IN HOME RULE DISPUTE

London, Nov. 4.—Sir Edward Carson and Premier Herbert Asquith have clashed again over the home rule situation. At Newcastle, England, Sir Edward, leader of the anti home rulers, made a spirited address. "I will consider all the overtures when they are put into plain language," said Sir Edward, referring to Prime Minister Asquith's hint at a possible compromise on the Irish home rule by letting part of Ulster remain for a time under the control of the British parliament. "I will submit them with the best advice I can to those who trust me." Carson continued, "but I tell the government that as far as I am concerned any offer will be of no use unless it is consistent with the solemn covenant which the government has driven Ulster into." That covenant pledges its signers to resist home rule "by all means that may be found necessary to defeat the present conspiracy."

THE STATE PRESIDENT SENDS WEEKLY LETTER

Dear Friends:

Everything is now in readiness fo our great convention and the success of this meeting depends upon you.

The tremendous amount of work connected with the preparation necessary in getting up this convention can only be realized by those who have a hand in getting up the varied matter so essential to a successful whole.

What part the individual club is in duty bound to play in the convention is to seriously consider its obligation to the mother organization, the Texas Federation of Women's Clubs and to make every possible effort to have a representative attend the convention.

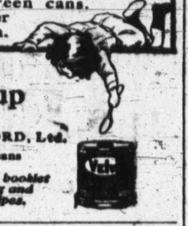

A large attendance is inspiring and bespeaks appreciation of the many

Then, too, we should pay tribute o Mrs. Philip N. Moore, past presi lent of the general federation and et her see our convention at its est. It is indeed an honor to have ained her consent to come to us, or this she does at great inconvenience, being obliged to lay aside the nany duties that fill her busy life.

I would call the attention of clubs o the fact that a delegate can repre ent only one club; that the constitu ion does not permit a delegate to epresent more than one club.

"READY MONEY" IS REAL COMEDY PLEASES CROWD

Nichita Theatre Production Proves Decidedly Entertaining and Au dience Enjoys It

(By Pauline Mears)

Stephen Baird possessed a gold mine minus the gold, a fiance with a mama in the objective case, and qualter. Later he acquired a number f counerfeit thousand dollar bills. What these bills did for him, and the ubsequent happenings formed the asis of "Ready Money" presented at he Wichita Theatre last night. "Ready Money" was a comedy and was unique nd different from the ordinary comdies in that it was really funny. The arge audience was well pleased and he laughs came thick and fast. Corett Morris as Stephen Baird, was unny, exceedingly so, but it's no wonder he couldn't sell stock. He played is part excellently, however, and in a most convincing manner. Bruce Elmore, as William Stewart, T. E. ones as Sidney Rosenthal and Robert oms as Sam Welch, Baird's pals, played their parts very well. They at east kept up with the latest sartorial dictates. Kline as Jackson Ives, the counterfeiter, introduced the melodramatic touch into the play and handled the role very cleverly. W. Marsh as the husbnad of Mrs. James E. Tyler and Wilson Stuart as Morgan, the wealthy mine owner, represented familiar types in a fairly creditable manner. Welch's man servant would have been much better as an artist of the burnt cork variety. The rest of the male cast did excellent work. Mae Keese as Mrs. James Tyler, Mary Sullivan as Miss Grace Tyler, the fiance, Ruth Farnum as Miss Ida Tyler, and Marjorie Conroy as Miss Margaret Elliot furnished the feminine support. The girls were good looking and cleverly costumed. Mrs. Tyler, the stern parent, furnished much merriment in connection with her lamb like spouse. The other girls handled their parts very creditably, the little love scenes and by-plays being worked in admirably. Miss Mary Sullivan, in the role of fiance, portrayed a type that would stick to a fellow through thick and thin.

The first fifteen minutes of the play were uneasy ones for many in the audience, for fear that "Ready Money" should be rather flat, as Sam Welch, the millionaire's son, was decidedly unconvincing. However, when the brave young hero and the crafty villain appeared in the calcium, things livened up and when at the end of the first act the lights came on they revealed an audience wearing a broad, satisfied grin. There were moments when the situation bid fair to grow tense, but Steve or some one else introduced the comic element, and a laugh soon followed. Taken all in all, "Ready Money" was a real comedy, better than nthe average and all present were glad they went.

Burned Out, But Still in the Game

I have been so busy since my recent fire that I have not had time to prepare an add telling you that I was still in the game and that I was getting ready to re-open in a new location with new goods, new fixtures and new ambitions.

My new location is in the Reese building. I expect to open between now and the 15th. The exact date will be announced later.

I am going to show the people of Wichita Falls what a modern pure food store could be and will be. I will be better off in many respects than I was before the fire. That means that you will be able to get better goods and better satisfaction for your money.

UNION LABEL

Wichita Falls, Texas, Nov. 4, 1913

The charge that the Robertson fire insurance law is responsilbe for the high rate of interest being charged for farm loans, is just another attempt to pull the wool over the eyes of the Texas voters long enough to have them repeal this law—by odds the best for Texas of any law enacted since the days of James S. Hogg. No more is being charged for farm loans now than was the case before the Robertson law was enacted. This law does not forbid outside insurance companies loaning their money in Texas, but it does require that foreign insurance companies invest a certain percentage of their Texas business in Texas securities. Thats the why for this "howl" or "demand" for the repeal of this splendid law, and any candidate for office who favors its repeal should be snowed under.

We have had and shall have no animadversions to make on the pro conconference in Dallas Saturday. But we do not just see how the meeting has improved the situaiton one whit. In the first place we believe Judge Lee Zumwalt of Denton was correct when he urged upon the meeting that next March would be quite too long to defer the primary conventions. By that time undoubtedly the candidates—in the field will have solidified their forces, and long before that time hundreds or thousands of men in strong sympathy with the desire for State-wide prohibition will have determined between the material available and it will be difficult to shake them from their convictions. And the plan evidently presupposes that other pro candidates will be in the race, a supposition which the facts do not seem to bear out. Dr. S. P. Brooks has been prominently mentioned, but Dr. Brooks will have to be conscripted, if he runs, since he has made up his mind to run for the Senate in 1916 and would prefer not to get in where the water is hot and when no man will come out without some animosities being engendered. Cullen Thomas, we feel sure, has made up his mind not to run unless he were certain of being the choice of a strong majority of the pros. Tom Bell has unequivocally eliminated himself from further consideration. M. Mc Crane apparently has no political ambitions. And unless some one of these should enter the race—which we deem quite improbable—it appears that the primary conventions would be confined in their choice to Will H. Mayes and W. P. Lane, both already in the race "to stay regardless." If that is the final condition eventually, they might just as well not hold the primary. In meantime the antis seem as badly split as the pros. Indeed, they have a lot more material on which to split, the nominations to date, this was written Monday afternoon including seven antis—Hanger, Willacy, Worsham, Mills, Terrell and Morris—Against two pros, Lane and Mayes.—Denton Record Chronicle.

According to figures furnished the Times by the department of Commerce, Washington, D. C., the total number of bales of cotton ginned in Wichita County up to October 18, 1913, was 2991, as against 5,157 same date last year. In Archer county 2,403 bales had been ginned up to that date as against 4,706 bales same date last year. These gin reports are collected for the two counties and forwarded to Washington by O. P. Marble of this city, and they can be relied upon as accurate. In the count, round bales count only as half, but there are no round-bale gins in either Wichita or Archer counties.

Dispatches from Washington today regarding the Mexican situation look more like business than they have heretofore and the prediction that things would come to a crisis this week was not far wrong. Provisional President Huerta has been notified to step down and out and in giving this order President Wilson made it plain that Huerta would not be permitted to name a successor through whom he, Huerta, could control or dictate the future policy of Mexico. The United States cannot afford to back down from the position Presidents Wilson has taken, and unless Huerta obeys the order, it will mean the recognition by this country of the constitutionalists, or intervention.

"AS A MAN THINKETH"

In the November Womans Home Companion, Ralph Waldo Trine writes a most suggestive article entitled, "Thought as a Force in Daily Living." Following is an extract:

"The type of thought we entertain has its effect upon our energies and to a great extent upon our bodily conditions and states. Strong, clear-cut, positive, hopeful thought has stimulating and life-giving effect upon one's outlook, energies and activities; and upon all bodily functions and powers. A falling state of the mind induces a chronically gloomy outlook and produces inevitably a falling condition of the body. The mind grows, moreover, into the likeness of the thought one most habitually entertains and lives with. Every thought reproduces of its kind.

"Says an authoritative writeer in dealing more particularly with the effects of certain types of thoughts and emotions upon bodily conditions; 'Out of our own experience we know that anger, fear, worry, hate, revenge, avarice, greed, in fact all negative and low emotions, produce weakness and disturbance not only in the mind but in the body as well. It has been proved that they actually generate poisons in the body, they depress the circulation; they change the quality of the blood, making it less vital; they affect the great nerve centers and thus partially paralyze the very seat of the bodily activities. On the other hand, faith, hope, love, forgiveness joy and peace, all such emotions are positive and uplifting, and so act on the body is to restore and maintain harmony and actually to stimulate the circulation and nutrition."

"To one who does not allow himself to be influenced by fears or forebodings is the one who ordinarily does not yield to discouragements. He it is who is using the positive, success-bringing types of thought that are continually working for him for the accomplishment of his ends. The things that he sees in the ideal his strong, positive and therefore creative type of thought is continually helping to actualize in the realm of the real."

WIRELESS FOR AVIATORS

Saturday Evenig Post.

Wireless distress call outfits are now available for aviators who may be forced to come to the ground far from a habitation, and French airmen operating in Southern Algeria have been eqiupped with the apparatus. The outfit consists of a light sending instrument and a balloon to carry wire three hundred or four hundred feet—high enough in the air to give a range of many miles for the message.

The wire weigh about twenty pounds—so it requires a balloon containing a little over two hundred cubic yards to carry them. Compressed gas is supplied and the weight of the entire outfit is about one hundred pounds. When the aviator is stranded in a strange or lonely country he can fill the balloon and send out a distress message in twenty minutes.

Governor Sulzer, of New York, hasn't many sympathizers in this section of the country in his trouble with the Tammany Tiger. He has been found guilty of doing the very thing which he so bitterly condemned in others, but in many ways has been conducting his affairs in a way not calculated to inspire confidence in or respect for him as a man. His fate appears to be deserved.—Brownwood Bulletin.

We'll know after today how the people of New York look upon the impeachment of Sulzer. The Sulzer matter was quite prominent in the mayoralty campaign in New York City, which closed today. If Tammany wins, it means an endorsement of Sulzer's impeachment. But if Tammany loses, Sulzer will be entitled to a large part of the credit for Tammany's defeat, and in that event he can come again. The laws are more strict now than used to be the case. Those who write so glibly about justice having been meted out to Sulzer might go back a few years and see where, if they attempted to do now as they did then, they stand a reasonable fair chance of getting into trouble, the kind that might not only unfit some of them from holding office, but land them in the penitentiary. Sulzer did wrong, but from our way of looking at the matter he was tried for his offense by a gang of grafters who had to convict him, or be convicted themselves. For that reason, the Times is not going to shed any tears if, in today's election in New York City the self-respecting people of all parties club together and swat Tammany, and while engaged in this swatting start Sulzer back to the top of the ladder by electing him to the legislature.

"ARMED TO THE TEETH" IS ANTI-TRUST PROGRAM

President Will Not Launch any Recommendation Until Currency Bill Is Disposed of

By Associated Press.

Washington, Nov. 4.—President Wilson said today he would not launch any recommendation for anti-trust legislation until the currency bill was passed, and that it would be his aim to keep the currency question the center of attention. He made it plain, however, that he had some very definite ideas on the trust question.

"An anti-trust program, armed to the teeth," is the way those close to the president described his plan.

TWO MEN ARE HELD FOR ATTACK ON TOM SMITH

Charles Kaufman and David Black Granted $1,000 Bail—Preliminary Hearing is Held

Charles Kaufman and David Black waived a preliminary hearing in Justice Brothers court Tuesday morning on charges of assault with intent to murder Tom Smith Monday afternoon and were bound over under $1,000 bond each.

Kaufman and Black were arrested Monday afternoon but were allowed to go to their homes Monday night under the watch of a guard. This was permitted because Black's wife is ill.

The only evidence taken at the hearing this morning was a statement by Deputy Sheriff Carnes who arrested the two men. He said that Black told him that he went out to give Smith a beating for an alleged insult to his wife and that he took Kaufman along to see it done. He denied that both men attacked Smith and also denied to Carnes that he had kicked Smith.

County Attorney Boone stated that the state would show that both men had a part in the attack upon Smith and that Black kicked him after he was down. Attorney Blankenship agreed to a bond of $1,000 each for the two defendants after an effort to have the county attorney agree to a lesser amount.

Smith who was unconscious for some time after being beaten passed a restless night. It is believed he has a broken rib or two. He has a severe bruise on his head above one of his ears and is otherwise bruised and his face lacerated.

LILY LANGTRY HERE IN MOTION PICTURES TONIGHT.

Adding another triump to its growing list of achievements the Famous Players Film Company responsible for the productions of "Queen Elizabeth" with Sarah Bernnardt, "The Prisoner of Zenda" with James K. Hackett, "Tess of the D'Urbervilles" with Mrs. Fiske, has now presented Lily Langtry, universal stage favorite and world-famed as one of the greatest emotional actresses of the day, in a tense dramatic play, "His Neighbor's Wife." This will be at the New Majestic tonight.

The role provides her with one of the strongest characterizations of her illustrious career, and her vigorous portrayal is strengthened by a story teeming with intense suspense and appeal. A good woman's unswerving faith in the man whose name she has taken, her courageous devotion to her husband when she learns he has been faithless, her nobility and loyalty in her willingness to sacrifice her life for his, are suggested without resorting to hysterical exaggeration, but rather by means of a careful and precise delineation.

Lily Langtry's art makes the film preach a powerful sermon. "His Neighbor's Wife" is as true as life itself, a play that is enacted every day in homes all over the world, simple, direct and with an admirable moral. The usual brief subtitles accompany the film to enforce and emphasize the action, but no words are needed to explain the clearly told story. Mrs. Langtry has a highly sympathetic part—that of a faithful wife whose devotion which nearly cost her life, is rewarded in the end by the redemption of her false husband, and she plays it with faithfulness and sincereity. The two husbands and the other wife support her adequately and are respectively Capt. Leslie T. Peacock, Sidney Mason and Irma La. Pere.

Says Money or Lack Of It Is Cause Of Many Marriage Troubles

Chicago, Nov. 4.—Money—or the lack of it—is at the bottom of most martial troubles, according to Miss Carolyn Grimsby, social secretary of the court of domestic relations, where nearly all Chicago's family rows get airings. "It is the present industrial system that is really at the bottom of family troubles," said Miss Grimsby today. "The husband, works for a small wage. When he comes home tired at night he hasn't the home he wants, because his wife hasn't the money to make it attractive. She is irritable from struggling to make both ends meet. He is tired out from hard work. Whose fault is it if they don't get along. Drunkenness causes more trouble than any other one thing, I believe, but it is not so much that a husband comes home drunk on Saturday night, as it is that he comes home without his pay envelope. His wife faces the problem of feeding his children all week without his weekly earnings. No wonder she demands his arrest for non-support. Our biggest rush comes on Monday mornings and most of the cases are the results of Saturday night 'jags.'

"The 'triangle' is as common in our court as in the problem play. We find it more often in the middle class than in the families of more poorly paid workers, and it makes its appearance solely because some one man or wife—has found life a little too dull and existence too drab on the average salary of the middle class men. The man we'll say—whose salary is just the average, may have been 'one of the boys' before his marriage. After marriage, he feels bound down. His salary is too small to permit many shows or evenings out. His wife suddenly grows unattractive to him chiefly because he can't afford to dress her the way she dressed before marriage. The 'other woman' enters, completing the triangle and they find their way in here. The middle class supplies us with most of our triangle tragedies."

COTTON GINNINGS MUCH BELOW FIGURES OF 1912

Government Report, Up to October 18, Shows Decided Falling off in This County

Wichita county's cotton ginnings up to October 18 had been only about sixty per cent of the number of bales ginned up to the same date last year, according to figures made public today by the department of commerce.

There were 2991 bales ginned up to October 18, 1913, compared with 5157 bales at the same time last year. The figures were compiled by O. P. Maricle, government crop reporter for this county.

The farmers of this county will get considerably more than sixty per cent of what they got last year, however, on account of the marked advance in price.

Archer county ginned slightly over fifty per cent of the 1912 figures as to October 18; her ginnings to October 18 this year were 2034 bales, as compared with 4706 bales last year.

COLLECTION IS SOUGHT ON "SIN KILLER'S" NOTE

Those Who Indorsed For Negro Here Recently are Called Up For the Money

"Please send check for $4.50 to cover balance on Griffin note." This was the substance of a letter received by Sheriff R. L. Randolph. Mr. Randolph was one of those who endorsed for Sin Killer Griffin, the negro evangelist, when the latter borrowed money first to get his tent out of the express office and later to erect a tabernacle during the negro's evangelistic campaign here recently.

Sin Killer came here when there had been no rain for nearly two months. He announced he would bring rain and within a few days after his announcement it started raining. If Sin Killer's supplications brought the rain they were powerless to stop it for rains continued so frequently for weeks afterward that it seriously interfered with Sin Killer's meetings and finally when the negro was compelled to give up an unequal contest against the elements he was behind in his financial obligations. Before leaving the city he announced, however, that he would send back the money to square off every obligation.

Several endorsers are hoping that Sin Killer won't try to monkey with the weather man's job at the next place he starts a meeting.

CONSCIENCE FUND GETS NICKEL FOR CONDUCTOR

Bowie Man Sends Five Cents in Stamps for Ride Which he Took Here Last Summer

Five cents more for the "conscience fund" has been received in Wichita Falls, sent from a Bowie individual at that. The traction company gets the nickel and the Bowie party gets a relieved conscience. The nickel was paid in stamps, and is explained by the following letter:

"Dear Sir: During the Baptist encampment at Lake Wichita I boarded one of your cars at the car barn and as the conductor came through I offered him my fare, but he declined to take it and I supposed at the time that he simply meant to charge only one fare out to the lake, so I returned my nickel to my pocket. But I later decided that he was under the impression that I had paid my first fare and for that reason declined my offered fare.

"I mentioned the matter to a friend on the car and he remarked that the loss of a nickel would not break up the company, which I am sure is true. But it will relieve my feelings some to pay you the five cents I owe, so I enclose five cents in stamps for the first fare which was not collected by your conductor. Sincerely yours,

"A PATRON."

No one here has any recollection of the incident and it is not known whether the patron really owed the company the five cents or not; at any rate, the company now has the nickel and the conscience of some one in Bowie is lightened.

Under this decision Massachusetts will be able to collect many thousands of dollars as an excise tax upon foreign corporations doing business in that State. Laws Continued in Force.

Section XIX. The Board of Aldermen shall have the power to levy and collect an annual occupation tax on all occupations, callings, business and professions taxed by the State of Texas from time to time to the amount of one-half of the amount of occupation tax levied by the state, and shall have power by ordinance to provide adequate means for enforcing the collection of the same.

Section XX. All laws and parts of laws now in force providing for the levy and collection of taxes not in conflict with the charter relating to the City of Wichita Falls are hereby continued in full force and effect.

Poll Tax Lists.

Section XXI. The City Clerk shall, as soon after the first day of February of each year as possible, obtain from the Tax Collector of Wichita County, Texas, a certified list of the names of all persons taking out poll tax receipts and exemption certificates in the respective voting wards of the City of Wichita Falls, to be used by the City Clerk in passing upon any petition required to be signed by qualified voters of the city, and said certified list shall be open to inspection by the public.

CHAPTER XIII.

ARTICLE I.

Franchises Public Utilities.

Section I. The ownership, right of control and use of the streets, highways, alleys, parks, public places and all other real property of the City of Wichita Falls is hereby declared to be inalienable to said city except by ordinance passed by vote of the majority of the Board of Aldermen as hereinafter provided; and no franchise or easement involving the right to use the same, either along, across, over or under the same shall ever be valid unless expressly granted and exercised in compliance with the terms hereof and of the ordinance granting the same. No act of omission of the city, its Board of Aldermen, officers or agents shall be construed to confer or extend by estoppal or indirection any right, franchise or easement not only expressly granted by ordinance; provided that all valid rights and franchises heretofore granted shall not be affected hereby.

Section II. No street, alley or public highway in the City of Wichita Falls shall ever be used by any person, firm or corporation for the construction or operation of a street railway, telegraph line, telephone system, electric light and power system, gas works, water works, sewer system or any other business of public or quasi public nature without obtaining authority therefor under franchise granted by the Board of Aldermen in accordance with the provisions of this act. It shall be the duty of the Board of Aldermen and the City Attorney to bring suit to enforce this provision against any person, firm or corporation violating the terms thereof for the purpose of ejecting the offender from the occupancy of such property and to recover damages for the illegal use thereof.

Section III. The City of Wichita Falls shall have the power, subject to the terms and provisions hereof, by ordinance, to confer upon any person or corporation the franchise or right to use the property of the city, as defined in the preceding sections, for the purpose of furnishing to the public any general public service, including heat, light, water, power, telegraph or telephone service, refrigeration, steam, or the carriage of passengers or freight within the said city and its suburbs, over the streets, highways and property of said city, or for any other purpose whereby a general service is to be furnished to the public for compensation or hire, to be paid to the franchise holder, whereby a right to in part, appropriate the streets, highways or other property of the city is necessary or proper.

Section IV. No franchise or privilege shall ever be granted to commence at any time after six months subsequent to the passage of the ordinance granting the same, and no franchise shall be directly or indirectly expended beyond the term originally fixed by the ordinance granting the same, earlier than two years before the expiration and then only on such terms and conditions as the Board of Commissioners may prescribe, nor shall any franchise be granted to any person or corporation, their associates, assigns or successors, to acquire the phhysical property, rights or franchise of another person or firm or corporation to whom or which a franchise has already been granted by the city, whereby the rights and properties held and used under such franchise are assigned to another person, firm or corporation which holds a franchise extending beyond the time of the expiration of the franchise of the person, firm or corporation selling such physical properties, rights or franchises.

Section V. The City of Wichita Falls shall have the power by ordinance to grant or extend any franchise or right not prohibiteed in the preceding section hereof, which ordinance shall not be passed finally until its third reading, which readings shall be at three separate regular meetings of the Board of Aldermen, the last of which shall take place not less than thirty days from the first. No ordinance granting or extending a franchise shall pass any reading except by vote of the majority of the Board of Aldermen and such ordinance shall not take effect until sixty days after the adoption thereof and its third final reading; provided that if at any time before such ordinance shall finally take effect a petition or petitions shall be presented to the Board of Aldermen signed by Five Hundred of the bonafide qualified voters of the city, then the Board of Aldermen shall submit the question of the granting of said franchise to a vote of the qualified voters of the City of Wichita Falls at a special election to be held in said city, provided that notice thereof shall be published in a daily newspaper published in said city at least twenty days successively next preceding the holding of said election. Ballots shall be used briefly describing the franchise to be voted on and the terms thereof and containing the words, "For the granting (or extension) of a franchise," and "Against the granting (or extension) of a franchise." The vote shall be canvassed by the Board of Aldermen and should it result in a majority of those voting thereon casting their votes "For the granting (or extension) of a franchise," then by order entered in their minutes the Board of Aldermen shall so declare, and said franchise shall at once take effect. But should a majority of such votes be cast "Against granting a franchise," as ascertained by the Board of Aldermen, then said Board, by order entered in their minutes, shall so declare, and such franchise shall not take effect.

Should the Board of Aldermen at any time fail or refuse to grant or extend any franchise by ordinance duly presented, the refusal of of the Board to pass such ordinance, granting or extending such franchise should a petition signed by 25 per cent of the bonafide qualified voters of the city be presented to the Board of Aldermen requesting that the question of the granting or extending of such franchise be referred to a vote of the people, the Board of Aldermen shall order an election which shall be held and conducted as above provided for the referendum vote, and should the result of such election be in favor of the granting or extending of such franchise, then the ordinance providing for the granting or extension thereof and previously submitted to the Board of Aldermen shall be in effect from and after the declaration of the result of the election by the Board of Aldermen.

Section VI. No franchise shall ever be granted or extended for longer term than thirty years except by vote of the people, and then only in case at an election held for the purpose of determining whether or not such franchise shall be granted. Two-thirds of the votes of such election shall vote in favor thereof, but in no case shall any franchise be granted to extend beyond 40 years. No franchise or privilege now in existence shall be extended beyond the period now fixed for its termination, directly or indirectly, or through any means whatsoever, except as herein provided, and any ordinance or transaction in violation or evasion of this prohibition shall be absolutely void. No subsidiary franchise or franchise of any character appertaining or relating to any other franchise shall ever be granted to any franchise holder or to any person or firm or corporation acting for him directly or indirectly, except for the unexpired term of the original franchise, and any such grant in violation of this prohibition shall be absolutely void. No franchise, privilege or easement granted by the City of Wichita Falls shall ever be used or operated so as to extend or enlarge any other franchise or privilege granted by said city, and any violation of this prohibition shall operate as a forfeiture of each and all of such franchises, privileges and easements when judicially ascertained.

Section VII. All persons or corporations to whom franchises may hereafter be granted or their assigns and successors shall, as compensation for the right or privilege enjoyed, pay to the city a sum of not less than two per cent and not more than four per cent of the gross receipts of the business pursued by the holder of the franchise. Provided further, that whenever any such new franchise shall be granted to any street railway corporation the Board of Aldermen shall prescribe rules and regulations for determining the amount of receipts arising from the use of such new franchise.

HIGHER COST OF DYING IS REDUCED BY TARIFF

Coffins and Other Burial Accessories Should be Cheaper Under the New Bill

Washington, Nov. 4.—Americans can die and be buried cheaper today than ever before. The new tariff law offers this cheering prospect. It is teeming with possibilities for reducing the high cost of dying. Undertakers may face a cut-rate war.

Lower taxes in the new law on almost everything from coffins to tombstones are the features which tend toward lowering the expense of "shuffling off." Foes of the new Democratic law insist, however, that the "ultimate consumer" will get little real economical joy or benefit from the reduced import taxes; that the undertaker may get some supplies cheaper, but his bill will not show any reduction. Here are some of the possibilities tending to make one's demise a greater financial success.

Mahogany, rosewood and satinwood for coffins are all cut five per cent in the new law. Silvered and gold-plated coffin handles are given an increase tax of five per cent, however. Outer packing boxes are reduced 15 per cent. Slight tax reductions are made on undertaker's chemical supplies for embalming, which helps some financially. The duty on attar of recess alone is cut five per cent. Cut flowers for funerals are still taxed one-fourth of their value, but then the general run of funerals have few imported flowers.

Mourning stationary is reduced in the new law, but hardly enough to save any money for "Mrs. Weeds" at her stationer. Tombstones ought to go on the bargain counter, if the retail purchaser is given the benefit of the tariff reduction of 25 cents a cubic foot in the new act.

Hangman's hemp is reduced in taxes from two cents to one cent a pound, a significant tariff revision. Oh, yes. Another illuminating feature indicative of "passing in one's chips" cheaper, is that asbestos, brimstone, firewood and bonedust are also on the free list in the new law. But life-saving apparatus is on the free list, also.

The Real Maple Flavor

You can't imitate the flavor of genuine, pure maple syrup. Even when it is adulterated, its flavor is so different from every other sugar that the added ingredient is sure to be detected by anyone who has ever tasted the pure maple syrup.

White Swan Maple Syrup is made altogether from the maple sap which flows from the trees in late March and early April. This does not require one bit of additional sweetening. It is simply strained and boiled down to the proper consistency for syrup. It is as genuinely delicious as it could be if you had watched the sap flow from the trees into the pails and had strained and boiled it in your own kitchen. Absolutely pure, clear and delicious, its delicate maple flavor unmarred by added ingredients or unnecessary processes.

BUY YOUR GOODS FOR CASH

Some Stores Sell With a Small Payment Down, the balance to be paid from month to month on installments. Some others at the rate of 50 cents to $2.00 a month. Some others sell on the 30 days, 60 days, 90 days and never plan. Some other stores have running accounts and long extended fall accounts. All such stores must of necessity loose many accounts; that is they are supposed to loose it. Think a minute! Who really looses it? These stores must keep going, must not they? then who really "holds the bag?" It's the **consumer;** he is the one that "pays the freight," and these additional expenses are of necessity added to the price of the goods, to cover the loss. To sum it up it's simply this—"the good ones" to pay for "the bad ones;" and in addition to this **loss**—added to the goods there are some other losses—you pay for bookkeeper's salaries, stenographer's salaries, collector's salaries, large stationery and stamp bills used for sending out statements and duns—"and the half has not yet been told." Now, lets compare—

Our only terms are cash; we never extend time; we open no accounts; we do not sell goods on credit nor on the installment or partial payment plan. Our low prices do not permit it. If we were to adopt any of these methods we would have to raise our prices materially to take care of the losses that surely come from bad debts and accounts that are not collected, as well as from the additional expense of this method of doing business. We would have to make the good customer pay enough additional to take care of the poor customer—the fellow who doesn't pay. Moreover we strongly advise any reader or customer against buying goods on any credit plan or installments, partial payments.

The Credit Plan, Installment or Partial Payment Method of Purchasing Goods is the Most Costly for Any Purchaser. The price you pay when you buy goods on time is always 25 to 50 per cent **higher than if you paid cash,** and whether you buy from us at our low prices or from some other house, our advice is this: Do not buy on the credit plan or the partial payment or installment plan under any circumstances. Every dealer, whether he sells over the counter or by mail through a catalog and who sells on time, who accepts partial payments, must have big losses from those who can't or won't pay, and every good customer of his who does meet his payments promptly must make up for these large losses. It will pay you to borrow the money from your bank or from some other source, and then pay cash, as the saving, especially if you purchase from us at our astonishingly low prices, will pay several times the interest on the borrowed money. When you buy goods from us for cash you pay only the cost of materials and labor, with our one small percentage of profit added. Not one penny do you pay for bad debts; not one penny for any endless amount of bookkeeping and collecting, and not one cent extra profit. You cannot afford to buy on time and pay the necessary high prices when we can sell you better merchandise for a fraction of the prices asked by dealers who sell goods on the credit plan, or installments or partial payments. No we have no "copyright" on this plan, positively no. Any one else who will can do it too; but so few stores are satisfied with the small margin of profit it is necessary to accept to make this plan a success. Here is the Jones-Kennedy Co's plan—SPOT CASH—not the ordinary term, spot cash, one price, absolutely one price to all alike. A "Hottentot" can buy as cheap here as a "Philadelphia Lawyer." No bookkeepers, stenographers or collectors, no big stationery and stamp bills, no charge accounts, no LOST ACCUNTS, and all other expenses that are possible to eliminate are cut out.

governor and lieutenant governor the only elective officials of the commonwealth and giving the former authority to appoint the secretary of state, auditor of state, treasurer of state and attorney general. The short ballot for township officers, permitting the passage of laws for the election or appointment of officers in these political subdivisions. Exemption from taxation of state, county, municipal, township and road bonds. Making women eligible to appointment as members of state boards or positions in state departments and institutions affecting or, caring for women and children. A small legislature. The general assembly submitted all but the last proposal. The small legislature proposal was put before the voters on an initiated petition fathered by the liquor interests. A proposed law prohibiting the shipment of liquor into "dry" territory, submitted by the anti-saloon league on an initiated petition also is being voted on. Ballot reform is undergoing a severe test in the local election today. Both its proponents and opponents admit uneasiness over the outcome. Under the new charter recently adopted by Cleveland and said to be the most progressive of any municipal charter yet adopted in this country the voters cast their ballots for but two city officers—the mayor and a councilman for their ward.

The corporation court docket was clean this morning, there being no cases for Judge Ry'e attention.

INDIVIDUALISM

Did you ever stop to think wat it was that made your friend Jones or who ever it happened to be the kind of a character he was. Every time you think of him you remember some distinct characteristic.

What is it? You don't know and you never will, unless the Creator gives you a better vision in the enxt world, but the human brain is such a wonderful thing that it looks and at once perceives the varied characteristics that go to make up the different individual.

No other business calls for individualism like the one in which we are engaged. Our customers seek oftimes to reflect the most marked characteristics, and we thus record history for future generations to consider.

We always try to reflect the life of the individual, as near as possible, using marble, granite or bronze and the English language.

The Enduring Gift

Every woman loves a Diamond. Every boy, girl, youth and man has at some time admired a fine diamond ring. Diamonds have always been *more* than gifts. They carry with them more than a mere "gift" sentiment. A birthday diamond, for example, always delicate because of its sweet significance, as will as the regard of the giver and the enduring quality of the gift itself. So, when you give, let your gift fulfill that existing desire for something beautiful. Give a diamond—a handsome diamond—a diamond you can afford, the gift that you will endue. For whatever gift occassion—birthday, holiday or anniversary, you will find the diamond most appropriate no matter what it is for.
