Three Sections—18 Pages

NUMBER 17

Some Rain Wheat In Area

Some rain came last week just in time to save wheat that had been severely damaged by dry weather only to be saved by a severe rain on April 9. The rain, which fell on Thursday, Friday, Sunday and Monday, brought a total of 1.02 inches in Perryton, with general rain throughout the area.

Jack Allen measured the day's rainfall as follows: Thursday, April 17, .11; Friday, April 18, .22; Saturday, April 19, .35; Sunday, April 20, .34; Monday, April 21, .02.

The rain was heavier in the part of the county, with rain gauges recording a two-inch fall. It became clear to the west and the light rain seemed to be in the west part of the county.

Feeling by a light, gentle rain has already helped the crop. Fields that a week ago were quite yellow are green and farmers are once again optimistic about the chance of a good crop.

The small wheat that didn't seem to be as damaged by the freeze seemed the most from the area. The larger wheat is a much slower recovery.

Week ago, there was quite a talk about plowing up the wheat. Now it appears the wheat will be allowed to mature.

Little more rain wouldn't hurt, but the wheat can't stand a while with the recent rain.

Rogers Is

Candidate for

Commissioner

L. Rogers of Farnsworth has been named by the Herald to be a candidate for county commissioner, precinct 2, sub-

ject of the action of the voters in the Democratic Primary.

Rogers has been a resident of Farnsworth since 1918, with exception of several years in Oregon. He is a former representative from this district.

He moved with his family to Farnsworth in 1886. He worked on farms and clerked in stores when a young man and in 1898 was working in Ohio when the Spanish-American war broke out. He volunteered for three years and served in Gen. Miles' Expedition to Mexico.

After his discharge in 1899 he went to Perryton Normal University.

See No. 5, Page 6

FIRST WIREPHOTO HERE—Paul Threlfall, chief photographer of the Wichita Beacon, is shown transmitting a photograph from Perryton to Wichita over a long distance telephone line from the Herald office. While wirephoto is nothing new, it was the first time a photograph had been transmitted this way from Perryton. Above, Threlfall is watching the revolving cylinder from which the photograph is transmitted.

HISTORY OF A SORT

Sending Picture Over Phone Wire New Experience for Us

When the Wichita boosters visited Perryton last Thursday, history of a sort was made when Paul Threlfall, chief photographer of the Wichita Beacon, sent a picture over the telephone line from the Herald office to the Beacon in Wichita. The picture, taken that morning in Spearman, appeared in the afternoon edition of the Beacon.

This is the first time a wire photo has been transmitted from Perryton and the process was watched by a number of interested spectators in the Herald office.

Marvin Leland, chief of the Beacon's public relations staff, set the stage for the transmission and Paul Threlfall, chief photographer, did the actual mechanical work of transmission.

After making the picture in Spearman, Threlfall developed it and made a print on the train enroute from Spearman to Perryton. He brought the print to the wirephoto apparatus set up in the Herald office, called the Wichita Beacon by long distance, connected a couple of wires, shouted "Final" flipped a switch and a picture was on its way to the Beacon photographic department.

Actual picture transmission was performed by a portable Associated Press wirephoto transmitter. This gadget is about the size of a large suitcase and in-

eight minutes sends an 8x10 photograph any distance. The print is put on a revolving cylinder and a photo-electric cell "scans" the picture, sending impulses over the telephone wire which activate a receiver at the other end. The receiving end develops a negative from which a photograph of any size can be made.

Cutlines, or descriptive matter about the picture, were pasted on the bottom of the print here and were transmitted to the other end with the picture.

Threlfall has been with the Beacon since 1933 and now heads the entire photo department. He was president of the National Press Photographers Association last year.

Rural Telephone Application Sent

The board of directors of the North Panhandle Telephone Cooperative met April 17 and completed the final papers for the rural telephone application now in Washington.

Definite information is expected within a few weeks regarding the application of funds for constructing rural telephone lines.

Directors of the organization are L. R. Stump, Charles Imke, Frank Davis, Frank Shaller, George Robbins, W. M. Good and Ira Harbour.

Bell Visits Scotland Relatives of Lee's

Jimmy Lee of the Hotel Perryton Coffee Shop received a letter last week from Duane Bell telling about a very enjoyable visit with Jimmy's sister in Glasgow, Scotland. Duane, an Oxford student, had a two weeks vacation which he spent on a tour of Ireland and Scotland. He was in the home of Jimmy's sister, Mrs. Elizabeth Sykes, for an afternoon. Mrs. Sykes was born in Canada but went to Scotland to live with her grandparents when a small child. A grown son is now preparing to emigrate to Western Canada and the entire family hopes to go to Canada within a few years.

Plan Local Blood Drive

A drive for blood to be sent to the Korean battlefields will be held during the week of May 12-17, sponsored by the Epsilon Sigma Alpha sorority in Perryton. Details of the blood gathering day will be announced at a meeting of civic club representatives in the Hotel Coffee Shop Friday night.

Due to the pressing need for blood, the Army has made special arrangements to visit a number of cities outside the range of mobile blood units, and will collect the blood, refrigerate it, then take it by plane to the processing center at Fort Sill, Okla. From there it will be sent direct to Korea.

Arrangements for the blood drive will be made by the sorority.

Large Crowd at Rain Meeting; to Seek Local Funds

A capacity crowd of farmers and ranchers were present in the district courtroom Tuesday night to hear artificial rain making explained by the Water Resources Development Corp. of Denver. The courtroom seats were filled and a number of men stood around the courtroom during the program.

This estimated crowd of 200 persons was a big contrast to a similar meeting held here a year ago when only 15 persons appeared.

L. R. Conner of Farnsworth acted as chairman for the meeting. Don Dale of Guyton, secretary of the Oklahoma-Texas-Kansas Weather Improvement Association, spoke in glowing terms how the cloud seeding had aided rainfall in the Guyton area during the past year.

Lee Cox, representative of the Water Resources Development Corp. showed a film, "The Story of Rain."

Huber Well Is Completed As A Producing Gasser

Services Set Today for Mrs. Gyger

Funeral services will be held this afternoon at 4 o'clock in the First Christian church for Mrs. Wayne Gyger, who died Tuesday night in a local hospital after an illness of several months duration.

Rev. J. W. McKinney will conduct the final rites. Pallbearers will be Kenneth Hocking, Bob Schuster, Irvin Hergert, Henry Richardson, Sidney Jines and V. W. Richardson.

Mrs. Gyger was born August 29, 1921 at Kansas City. She came to Texas with her parents at an early age and attended school in Lefors and Amarillo.

She was united in marriage with Wayne E. Gyger on February 14, 1944 at the Pampa Army Air Field while Sgt. Gyger was stationed there. After his discharge he moved to Perryton.

Baptist Spring Revival Opens

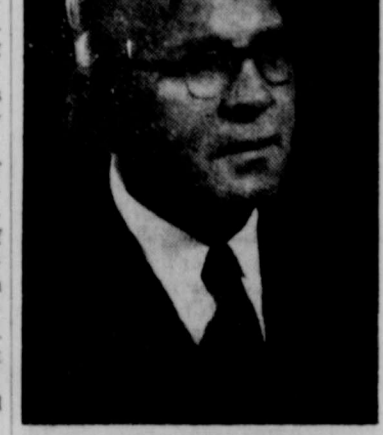

The Spring Revival of the First Baptist church opens tonight, with Dr. E. S. James, pastor of the First Baptist church of Vernon in charge of the meeting. Services will be held twice daily through the closing day, Sunday, May 4, according to Rev. O. C. Curtis, pastor.

Bill Burton, educational di-

rector of the church, will direct the singing and Joe Erickson will be in charge of instrumental music.

Services will be held each morning at 10 o'clock and each night at 8 o'clock.

City to Send Questionnaires Regarding Paving of Streets

The city will soon send out questionnaires to property owners to determine if a city paving program can be started in the near future. All property owners who do not have paving will receive a questionnaire.

Each property owner will be asked if he is interested in putting in curb and gutter, a six-inch flexible base, and two courses, asphalt topping. He will be asked to indicate whether he would like to pay cash for the paving or pay it out in one or two years.

City manager J. B. Whigham pointed out that if enough persons are interested, a contract can be secured which will result in lower paving prices than if it were done in small sections.

May 5 Is Deadline for Democratic Filing

May 5 is the filing deadline for persons desiring to have their names appear on the official ballot in the Democratic primary election to be held on July 26. It was announced this week by Otis Burk, county Democratic chairman. No name can be placed on the primary election ballot unless application is made to the county chairman on or before May 5. "This should not be overlooked by potential candidates," Burk said, "for it is a strict provision of the law."

Six Indictments Are Returned By Grand Jury

Six indictments were returned by the Ochiltree grand jury, which was in session all day Tuesday and Wednesday morning. Included in the true bills were two cases of forgery, two of swindling with a worthless check and two cases of child desertion. John Bolin served as foreman of the grand jury.

Paul Gaundier was indicted in connection with a check for \$900 given to the Polar Pantry of Dumas last December in payment for some Christmas trees. The check, drawn on the First National Bank, was worthless.

Paul Kinser was indicted in connection with a forged check given to the W. W. Virtue store last fall.

Gaundier is confined in the county jail and Kinser is under an appearance bond.

Names of the others indicted were withheld pending their arrest.

District attorney Bob Gallaway said Wednesday that the state is prepared to bring at least one case.

See No. 8, Page 6

Spring Carnival Interest Grows

A number of civic clubs and organizations have reserved space for the Jaycee Spring Carnival, to be held May 23-24 at the Veterans Memorial Building. There are still a number of booths available for organizations wanting to participate, according to Sidney Jines, Jaycee carnival chairman.

A wide variety of booths has been indicated. There will be bingo, penny pitching, baseball throwing, shooting gallery, bottle spinning and many other games of skill and entertainment.

Any organization that is interested in having a booth at the carnival may secure a diagram of booth space and a letter of explanation from Jines.

Animal health supplies, fresher-better from Burk's.

Another Location Is Staked Three-Fourths Mile South

The J. M. Huber Corp. No. 1 Pazourek well, located 6 miles south of Farnsworth is a producing gas well. After completing testing the well this week, the company has now set up separation and storage tanks and will move the rig to a new location 3/4 mile south of the Pazourek location.

Farm Bureau to Open Annual Drive Wednesday

The annual Farm Bureau membership drive for Ochiltree county will open Wednesday night, April 30, with a kick-off dinner in the Hotel Coffee Shop, president W. H. Lance has announced. Membership goal for the Farm Bureau this year is 400 members.

Members of the Ochiltree county Home Demonstration clubs will be in charge of the membership drive this year and the kick-off dinner will be attended by members of the County Council and their husbands.

The Home Demonstration Club county chorus will furnish entertainment at the kick-off dinner.

Membership dues in the Farm Bureau are \$7.50 per year. Every farmer in the county is eligible for membership, Lance said. The drive will end on May 10.

Testing a four-foot section of the pay zone resulted in a show of 6,800,000 cubic feet of gas through a half-inch choke. An undetermined amount of distillate was recovered with the gas.

The well is bottomed at 8,096 feet. The pay zone is between 8,019 and 8,060 feet. Bottom hole pressure was 2,775 pounds.

Since the separators and storage tank were not set up until 5:45 p. m. Wednesday, it will be several days before the well cleans out and starts a flow of oil that can be measured, company officials said.

The new location is in the NE 1/4 of Section 19, Block JT, TW4 NG Survey, due south of the Pazourek well. The east half of section 19 is owned by Art Froese of Los Angeles, a former resident who worked at the Panhandle Lumber Co. in the early days of Perryton. The west half of section 19 is owned by Fred and W. J. Smith.

The location was staked Wednesday and the drilling rig will be skidded to the new location.

See No. 4, Page 6

Spearman Boosters Visit Here Monday

A caravan of Spearman boosters will be in Perryton Monday, advertising the annual Spearman Celebration which will be held on Friday and Saturday, April 25-26.

Included on the celebration program is a rodeo, parade, dance, barbecue and street carnival.

STILL GOING STRONG—Plenty of folks can remember when this 1927 Model T Ford was the latest thing on wheels, but on the other hand there are a lot of youngsters to whom this automobile is a real curiosity. Located on the Garland and Dent Motor Co. lot on Main street, the '27 Ford is visited daily by youngsters who want to know where the gear shift is located, want to know what a magneto is, and are curious about the two levers below the steering wheel. The Ford was acquired recently from an Oklahoma farmer and is in good condition, with two-wheel brakes, original body and accessories. It comes complete with gas measuring stick, spark plug wrench and extra set of clutch bands. Above, Garland Redfern is shown applying a safety sticker to the venerable machine, proving that this Model T will still take you there and get you back.

AUSTIN—These two girls won first place in the regional debate contest at Lubbock last week. They are Pat Wood, left, daughter of Dr. and Mrs. Manse Wood and Pat Stephens, right, daughter of Mr. and Mrs. Carl Stephens.

COMMUNITY PUBLIC SERVICE VISITORS—Present for the meeting of Panhandle Division members of the Community Public Service Co. last week were R. L. Bowen of Fort Worth, president of the company, center; B. L. Smith, secretary of the company, right. On the left is C. E. Whippo of Perryton, division manager of the company.

Steel Building At Cemetery

A steel building has been erected at the Ochiltree cemetery to cover the electric pump at the cemetery well and also to serve as a storage place for the equipment used at the cemetery. The building, erected Tuesday by the county, is a 30 by 24 foot steel structure with an earth floor.

Tale of a Black Cat And Three Kittens

When a prisoner at the local jail went out Tuesday morning to put trash in the trash barrel located inside the eight-foot metal fence, he was startled to have a black cat jump out of the barrel at him. He was even further surprised to learn that three newborn kittens rested in the bottom of the barrel. Calling upon the county cat and kitten expert, deputy sheriff Clyde Tarbox, the prisoner received the advice to put the trash elsewhere and leave the barrel to the cat and kittens. Tarbox is now waiting to see how the mother cat is going to get the three kittens out of the barrel and over the fence. The prisoner says now he's seen everything.

Indians were cultivating a variety of "butter bean" in New Mexico when the Spaniards arrived in 1540.

BREAK GROUND FOR NEW CHURCH—Approximately 100 persons attended the ground breaking ceremony of the Fellowship Baptist church on Easter Sunday at the building site on the corner of S. Ash street and SW 6th avenue. Above, E. E. Stuard, trustee, is turning the first shovel of earth. Trustees pictured above are A. D. Ferguson, Robert Lewis and Ben Harris, along with Rev. Everett Cavin, pastor. The new church will be started in about two weeks and is to be a 40x100 foot building, brick veneer, with classrooms and auditorium.

Legion Auxiliary President Resigns

Mrs. R. P. Hurn, president of the American Legion Auxiliary since last August, has submitted her resignation, effective April 22.

Mrs. Manse Wood is the first vice president of the organization and Mrs. Don Boyle is third vice president.

The annual election of officers is held for the Legion and Auxiliary each August.

QUEEN REGENTS—Macqueline Shields, left and Sue Williams, right, were crowned Queen Regents of the Girls Auxiliary of the Baptist church in a ceremony held Sunday night at the First Baptist church. This is the highest rank to be achieved in the GA. Their attendants are, left to right, Jud Shields, Judy Reimer, Lois Carol Williams and L. M. Hawkins.

Contract Is Let For Moving Ball Field Lighting

Don Shockley Electric has been given the contract for moving the lights and wiring from the baseball field towers at the rodeo grounds and it is planned to move the towers within the near future, according to county judge Howard Slaughter.

The towers will be moved to the new location for the baseball field in the northwest corner of the fair grounds. A blueprint will be provided for placing the towers by an electrical engineer, Slaughter said.

The baseball field has been filled in and leveled. When a backstop and bleachers are provided, it will be ready for use in daytime. Some work has been done toward raising funds for a wooden fence around the field and it is expected to be erected in the near future.

The type of lighting for the rodeo arena has not been decided definitely. There is a proposal erecting wooden light towers around the arena similar to those at the football field.

In an average year, U. S. forest fires burn over areas larger than Delaware and Rhode Island combined.

Luffa gourd sponges are especially useful for filtering oil.

Sergeant Subs For Captain as Guest Speaker

Master sergeant Robert W. Kriebel of the Amarillo Air Force Base filled in for Capt. Porter L. Oakes, public information officer of the base, as guest speaker at the annual Business and Professional Women's banquet held Thursday night in the Hotel Coffee Shop.

Kriebel, who is editor of the Jet Journal, official newspaper of the Amarillo base, spoke briefly of the civic cooperation the Air Force has found in Amarillo and in the Panhandle in connection with the reactivation of the base.

Capt. Oakes was with the Amarillo goodwill boosters on the South Plains and was unable to be present for the banquet.

Out-of-town guests were present from Canadian, Beaver and Liberal. Also present were civic club presidents and representatives from Perryton.

Mrs. Dorothy Wilson was program chairman. Mrs. Ann Sultor, club president, introduced the

visitors. Mrs. Wilson gave the address and from the president of the Business and Professional Women's Club, Entertainment was given by Jerry Drennon, who sang solos; Joe Erickson, who played two piano solos; and Graves gave two songs.

Perryton Band To Region

The Ranger band, high school band of Perryton, Friday and Saturday will compete in the Region Festival.

Director J. D. Drennon of the Ranger band will lead the band and the judge will follow on Saturday. At Canyon, the band will compete in the schools of the Panhandle, reading, twirling, and individual instrumental.

Services Held Tuesday for Mrs. Peacock

Funeral services were held Tuesday afternoon at the First Methodist church for Mrs. Pauline Peacock of Cochran, Ga., who died April 18 at Cochran. Mrs. Peacock was a sister of the late E. L. Whippo and while she had never lived in Ochiltree county, had made numerous visits and had many relatives here. She purchased a lot in the Ochiltree cemetery on her last visit to Perryton.

She was born March 8, 1878 in Indiana and was married to Dr. John Peacock, now deceased. She was 74 years of age.

Rev. Lloyd H. Jones and Rev. J. W. McKinney conducted the final rites. Pallbearers were Archie Correll, Leland Wilson, Robert Thurman, Charles Whippo, Jr., Paul P. Bates and James H. Whippo, Jr.

Survivors include a son, John Peacock; a daughter, Mrs. Sarah Ann Roth; a grandson, Frank Roth, all of Cochran, Ga.; a brother, James H. Whippo, of Corvallis, Oregon; and the following nieces and nephews: Mrs. R. T. Correll, Mrs. W. E. Mc-

TO DIRECT FARM BUREAU DRIVE—These women, members of the Ochiltree Home Demonstration Club County Council, will direct the county Farm Bureau membership drive, which opens next Wednesday with a kick-off dinner. Millen, Mrs. A. K. Wilson, Mrs. E. R. Thurman, C. E. Whippo and S. P. Whippo, all of Perryton; Mrs. Ermina Pewtherer, Monterey, Calif.; R. Lynn Whippo, Sacramento, Calif.; Lawrence Whippo, Gasquet, Calif.; Mrs. Katherine Wade, Toledo, Ore.; Mrs. Louise Carson, Mrs. Esther Swain, Mrs. Mary Ellen Lengele, Donald F. Whippo and James H. Whippo, Jr., all of Corvallis, Ore.

Out-of-town relatives for the services were Mrs. Sarah Ann Roth and Johnnie Peacock, Cochran, Ga.; James H. Whippo, Jr., and Paul P. Bates of Corvallis, Ore.

Interment was in the Ochiltree cemetery.

Nurses to Meet Friday Night

A meeting of all registered and graduate nurses has been called for Friday night in the Red Cross room in the courthouse annex.

The meeting will begin at 8 p. m. and the subject for discussion will be plans for assisting in a community disaster.

The warmth of a fabric depends generally on its thickness and, more particularly, its thickness under a given pressure.

If cotton and nylon socks are about the same general thickness and weight, they will be equally warm.

Yeale Pupils In Sunday Recital

Mrs. Hallie H. Yeale will present her pupils in the final piano recital of the season at the school auditorium on Sunday afternoon, April 27, at 3 o'clock.

Pupils in the recital are Charlotte Pyles, Ola Sue Johnson, Lenora Newman, Linda Rogers, Gaynelle Leatherman, Jimmy Carol Newman, Sara Mize, Ellen Erickson, Dorrance Osborne, Nancy Wright, Tim Wright, Judy Holdeman, Sharon Kay Nies, Roxana Traylor, Carolyn Kelly, Connie LaMaster, Earlene Anderson and Karen Crum.

Mr. and Mrs. Kenneth Turner and son of Shattuck, Okla. were guests in the Fred Turner home, Sunday.

West of Gray

By Mrs. D. W. Springmeyer

Those visiting the Miller Bantam Farm this week were Bobby and Kenneth Hood, Elvin McDonald, Dr. and Mrs. George Mayfield, Mr. and Mrs. Doyle Schafer of Texhoma, Okla. and Rev. Jimmy Burkham and Elston. Dr. and Mrs. Mayfield and Mr. and Mrs. Doyle Schafer purchased sock.

A large number of people from this community attended the Wahl-Gibson wedding Monday evening at Balco.

Mr. and Mrs. J. D. McDonald were among those attending the Balco Junior and Senior Banquet Tuesday evening.

The Revival is in progress now with a good attendance.

We were glad to see this inch of rain. We sure hope the wheat will come out now after such a hard freeze, most everyone thought it was dead, but some is

showing green once more.

Elvin McDonald was among the FFA boys going to Goodwell, Thursday.

D. W. Springmeyer helped Cecil Watson Saturday afternoon.

Buddy Harris and Elvin McDonald were with the band going to Altus, Friday.

Mr. Holly stopped by the Springmeyer place to see how much it rained. He said our community had more than they did south of us.

Clifford Miller visited Saturday morning with Elvin McDonald.

Rev. and Mrs. Jimmy Burkham and Rev. Walker from Waynoka were entertained Tuesday by Mr. and Mrs. Jimmy Blair, Wednesday by Mr. and Mrs. J. D. McDonald, Thursday by Mr. and Mrs. Edgar Burkhalter and Friday by Mr. and Mrs. D. W. Springmeyer.

Mr. and Mrs. Russell Ragsdale

Belts and Pulleys

Farm — Industrial — Any Size

Thanks...

I wish to thank everyone for their patronage during the many years that I sold belts and pulleys in this area. I know that you can depend on Perryton Implement Co. to maintain a complete stock and I recommend them to you.

C. W. KING

PERRYTON IMPLEMENT CO. has purchased the entire stock of belts and pulleys from C. W. King. All V-belts and pulleys have been removed to the Perryton Implement Co. where they have been indexed according to size. 3 nationally known brands of belts and pulleys including the famous J. H. Gruver and Son line will be available to farm and industrial users.

Special Orders

Prompt attention will be given to special orders for belts and pulleys not in our stock. In most instances overnight delivery can be made on any size. We also have the service of a belt and pulley engineer. This expert can solve any problem you have concerning belts and pulleys.

drive has been made through the U. S. Army and Air Force recruiting station at Pampa, where a similar drive is now under way.

No day has been set for the drive, but it will be during the week of May 12-17, Mrs. Allen Good of the sorority explained.

The blood will be taken from donors by Army medical technicians or local nurses. The processing center at Fort Sill will type the blood and it will not be necessary for a donor to know his blood type.

All civic clubs and organizations in the city and county have been asked to participate in the drive. It is the first time that local citizens have had an opportunity to give blood for servicemen in the Korean war.

Local Club Boy Wins Prizes at Dairy Show

Ernest Hardy, son of Mr. and Mrs. Willis Hardy, won first place in the FFA and 4-H Club Dairy Show at Plainview last week, competing against club boys of the Panhandle and South Plains.

The local youngster won first in the sub-junior heifer class in the open division of the show and won first in producer-of-dam class with two animals.

He also won third place in the sub-junior bull class with Judy's Royal Bob.

His winning heifer was Martinus H. Birtie. All three of his winning dairy cattle are Brown Swiss. He bought the heifers from Martin Fulcher of Black, Texas last January and bought the bull from H. H. Unruh of Baiko last October.

Ernest is a first year member of the local Future Farmers of America class and is a junior in high school. He plans to build up a Brown Swiss herd of dairy cattle.

sity and was qualified to teach school. After teaching a while and clerking in a hardware store, he went to Spokane, Wash. In 1903, where he worked in a wholesale hardware store until taking a job as traveling representative for the Sherwin Williams Co.

He came to Texas on a visit in 1918, but later quit his job with the Sherwin Williams Co. and came to "Rogerstown" as it is shown on the old maps, now Farnsworth, when the railroad came. He operated a ranch in partnership with his brother, F. P. Rogers and later engaged in the general mercantile business in Farnsworth.

He and his wife spent from 1938 to 1945 in Oregon, where he had a small farm, then returned to Farnsworth.

In making his announcement for the commissioners' office, Rogers said, "I thought I had 'retired,' but retirement is hard to adjust to. Three things impel me now: One, to have some kind of part time job, for benefit of my morale; two, some degree of urge to play a small part in civic affairs; three, the economic factor—I have about run out of money."

Mrs. J. C. May returned Saturday from a ten days visit in Temple, Houston and Dallas. In Temple she visited Mrs. Tom Thompson, a former Perryton resident, in Houston she visited her sister, Mrs. Tom Shirley and visited Mrs. J. T. Ridgeway and other friends in Dallas.

Mozelle Parr Resigns at REA

Miss Mozelle Parr, electrification adviser for the North Plains Electric Cooperative for the past three years, has submitted her resignation, effective May 1.

The directors of the REA cooperative had discussed the possibility of discontinuing a part of the educational and power use program of the cooperative for several months and Miss Parr's resignation was a result of these discussions.

Miss Parr has not announced her future plans except that she intends to continue her work in the rural electric field.

charge from the Air Force in 1945, the couple came back to Perryton to make their home.

She is survived by her husband; two sons, Dempsey and Randolph; her mother, Mrs. Faye Thomas of San Diego, Calif.; two brothers, Glen O. Ferguson of Oklahoma City and A. C. Thomas of San Diego, Calif.; two sisters, Beverly Ferguson of Los Angeles, Calif., and Sally Ann Henderson of Van Nuys, Calif.

Cars Damaged in Saturday Wreck

Two cars were damaged in a collision which occurred Saturday night during the rain just east of Perryton. No one was injured.

The collision occurred when Arthur Boese, driving a 1949 Ford, going east on highway 117, turned left down the road to the Perryton Sale Pavilion.

Max Fisher, following behind Boese, started around the Boese car at the same time and the two vehicles met.

Damage was estimated at \$150 to each car.

Helen Halpain was riding in the Boese car and Fisher had as passengers Johnny King and Earl Hyatt.

The accident was investigated by state highway patrolman Jack Shields.

July and August were named for Julius and Augustus Caesar.

ening weather, the group met in the church basement and had refreshments at the home of Mrs. LeRoy Reeves.

Those attending were Mesdames Robert Barlow, Dean Leighnor, James Hardy, Warren Gum, J. R. Stump, C. U. Pope, H. N. Elledge, Virtie Faries, G. E. Blackwell, Paul Hardy and Byron Tevis.

Rita Crain of Amarillo spent the week end with her parents, Mr. and Mrs. Orville Crain.

At school, the tension is growing greater by the day. The common question, nowadays, "How many more days until school is out?" is being asked by the youngsters. The answer is approximately three more weeks.

Bible School will open May 28 and continue for two weeks. The sessions will be held in the school building.

The Brownies met in regular session Thursday with Mrs. Dean Leighnor and Mrs. J. R. Stump, leaders. Work was discussed on the float to be entered Saturday in the Spearman Celebration parade.

Buddy burners were made by the group. These will be used at the next meeting to fry hamburgers on.

Gisela Roeper was invested as a Brownie in Troop 1 of the Waka Brownie Troop making a total of 14.

Brownies attending were Jeanene Frantz, Pat Turner, Nadine, Alene, Carol Ann, Laura Jane Wiebe, Judy Stump, Gisela Roeper, Jerry Ann Butler, Carolyn Mae Leighnor, Sandra Molesworth, Annie Burger, Mary Bess Brillhart, Patsy Turner and Glenda Butt. Patsy Turner is the president for this six weeks with Gisela as secretary.

There was a good attendance

FIRST PLACE WINNERS—Each of these four girls won first place in the 4-H Club Dress Revue held recently and each received a blue ribbon. Shown modeling the dresses they made are, left to right, Gail Crum, daughter of Mr. and Mrs. Jack Crum; Sandra Stump, daughter of Mr. and Mrs. J. R. Stump; Charlene Selby, daughter of Mr. and Mrs. Charles Selby; and Joyce Pearson, daughter of Mr. and Mrs. Harlan Pearson.

SECOND PLACE WINNERS—These girls won second places in the county 4-H Club Dress Revue and are shown modeling the dresses they wore in the revue. They are, left to right, Earlene Schwalk, Bonita Dunning and Dixie McGarraugh.

at Sunday school in spite of the muddy roads. The attendance at church Sunday night was larger as Miss Hatsuko Kanazawa of Nagasaki, Japan showed colored slides of her native country.

Mr. and Mrs. J. R. Stump and family enjoyed supper Saturday in the home of Mr. and Mrs. Ed Doores of Perryton.

LaVerne Burger with her house guest, Miss Kanazawa both of McPherson College visited during the spring holidays with Mr. and Mrs. G. A. Burger.

Gisela Roeper and Jerry Ann Butler were guests of their teacher, Wilma Fletcher, Monday night.

The Waka Baseball team has been having some practice work outs. The team had a practice game with Spearman Wednesday night at Spearman. Another practice game is scheduled at Waka on Sunday afternoon.

The position of players thus far are catcher, Jr. Dunning; pitchers, Irvin Molesworth and LeRoy Reeves; first base, Lester Ward; second base, Jack Hendrix; third base, Dean Leighnor; fielders, Eldon Boese, Billy Newingham, Mickey Ward, Herbert Butt is the general manager.

Pat Turner spent Monday night with Judy Stump.

A group of workers met Monday and Thursday evenings in the J. R. Stump quonset to work on the Brownie float. Those helping were Mr. and Mrs. B. J. Turner and family, Mr. and Mrs. Dean Leighnor and family, Mrs. Herbert Butt and family and the Stumps.

Marilyn Robinson of Snyder is finishing the school team at Waka. She is in the sixth grade and is living with her grandparents, Mr. and Mrs. H. L. Bishop.

Darrell Teater Now a Corporal

WITH THE 40th INFANTRY DIV. IN KOREA—Darrell D. Teater, son of Mr. and Mrs. Daniel E. Teater of Farnsworth, Texas, was recently promoted to the rank of corporal while serving with the 40th Infantry Division in Korea.

The division, a California National Guard unit, is holding a sector of the central Korean front south of battered Kumsong. It was transferred to Korea last December after having been part of the security force in Japan since April 1951.

Corporal Teater, a senior military policeman in the 40th Military Police Company, entered the Army in September 1950.

In civilian life he was employed as a service station attendant.

Mr. and Mrs. Ross Goodner and Mrs. Logan Gregg of Beaver were Perryton visitors, Monday.

GOD'S LIVING LETTERS

By Kirby Page
Sponsored by
PERRYTON MINISTERIAL ALLIANCE

Many of the great men of history have spent time in jail. Long ago Jesus pointed out that one generation slays the prophets and another generation builds monuments in their honor.

In our own day, Mahatma Gandhi spent much time in jail. He was confined for 2,089 days in Indian prisons, and 249 days in South African jails—a total of more than six years behind the bars. He had no horror of imprisonment, no sense of being disgraced. On the contrary, he actually enjoyed prison life. On one occasion when he was at liberty, he startled a friend by stopping in front of a high wall, stroking it as one does a horse, and exclaiming: "This is my favorite jail!"

Mr. Gandhi's imprisonments came as the consequence of his efforts to win freedom for his people. He was opposed to violent revolution, but insisted that the British let his people go. His campaigns of non-violent, non-cooperation were based on these ideas:

1. When confronted with flagrant evil-doing, never acquiesce or consent to it. Therefore, British rule of India must not be accepted, but resisted. 2. Never resist evil with evil. Therefore, do not take up arms against Britain. A new type of resistance

Special Missionary Service Featured

A special missionary service will be featured Thursday night at the Assembly of God Church located on the corner of SE 1st and Elm street.

Rev. Finkenbinder, who is the superintendent of the Latin American Bible Institute, will be the speaker of the evening. Rev. Finkenbinder will be accompanied by two Latin American students, who will furnish music and singing for the service.

must be substituted for revolutionary war. 3. Resist evil with good. Therefore, engage in non-violent non-cooperation with the alien government. At announced times refuse to pay taxes, resign government positions, and in other ways refuse to help the evildoers continue their evil-doing. 4. Accept the consequences in a spirit of active goodwill. 5. Have faith in the power of sacrificial non-violence.

At one time more than 60,000 Indian patriots were in British prisons in their own land in their non-violent struggle for independence. And the fact is written into history that national freedom for India came without armed warfare.

Velum originally was made from the skins of calves, lambs and kids.

Christian Science

7th and Colgate
Services 11 a. m. each Sunday
Public Cordially Invited

"God will redeem my soul from the power of the grave: for he shall receive me" (Psalms 49:15). These are the encouraging words of the Golden Text for the Lesson Sermon entitled "Proclamation After Death" to be read at Christian Science churches on Sunday.

A citation from Proverbs offering practical advice is included in this text: "Keep thy heart with all diligence; for out of it are the issues of life" (4:23). That death is not the "Open, Sesame" to perfection is shown in these

words from the Christian Science textbook by Mary Baker Eddy: "The sin and error which possess us at the instant of death do not cease at that moment, but endure until the death of these errors. To be wholly spiritual, man must be sinless, and he becomes thus only when he reaches perfection. . . . Universal salvation rests on progression and probation, and is unattainable without them" (Science and Health with Key to the Scriptures, pp. 290, 291).

The University of Texas has a permanent fund which is increasing by approximately \$17 million a year.

Balko Schools Give Clothing

BALKO — The Balko schools contributed approximately 200 pounds of clothing during the Tenth National Children's Clothing Crusade held this fall. It has been reported to D. L. Boyer, Balko school superintendent.

The clothing collection at Balko was under the supervision of the Balko Future Homemakers Association chapter.

The Balko collection was part of a national total of 100,000

pounds of clothing made under the auspices of Save the Children Federation, a child service organization that renders aid to children in six countries of Western Europe, in Lebanon, in Korea, on American Indian Reservations and in isolated rural areas of America not reached by other agencies.

Tyler, Texas raises more than two-thirds of the commercial rose bushes grown in the United States.

Mrs. Juliette Low organized the Girl Scouts in America in 1912.

"Quote"

and unquoted
"Many blondes are a cross between a brunette and a drug store."—Dan Bennett.

"A real politician is one who can throw his hat in the ring without endangering his scalp."—Franklin P. Jones.

"Practically all the corruption and scandals we have read about

during the past several years are the inevitable results of the spending."—William L. NAM president.

"The trouble with men is they think women can't do without them; that they are women is that they can't do without them."—Erna Muller.

"If you will help me in my government in the American there will never be a government running the wrong way."—Gen. Bradley

CONFUSION of CREATION

How interesting are the workings of God! He takes the nucleus, the cell, the molecule and the protoplasm and forms staggering miracles. He even takes bodies who have gone almost to Hell and makes men out of them. The laboratories and the human bodies are His work shops. It was He who pulled the switch that set it all to work.

True science and true religion never conflict. God does not contradict Himself. His words and His works harmonize. Modern knowledge compels the revision of the theory that the earth is flat and that the sun daily revolves around it. Yet, it remains true that... "In the beginning God created the heavens and the earth." Religion once declared the work of creation was completed in six days of twenty-four hours each, and outlined in detail the creative process. With increased knowledge teachers are much less dogmatic as to time involved and procedures followed. God is still saying: "My thoughts are not as your thoughts, neither are your ways my ways."

His church is a good place to learn that fancied discords blend in harmony. Increasing numbers of people are able to see through His microscope... "longer in trees, books in running brooks, sermons in stones, and good in everything." Every scientific finding by man is rooted in God. This is the confusion of creation.

HEALTH FOR ALL

To Rock or Not to Rock

Through the years the question of whether to rock or not to rock the baby has been debated by the public and the medical profession alike. A few years back the picture of a cradle for an infant was so closely allied to old-fashioned notions that it always brought a smile to the lips of the modern generation. Time has turned backward, however, to where now a cradle and a rocking chair are very much in vogue again, and the picture of a mother gently rocking her child as she hums a little song is as up-to-the-minute as the policy of letting the infant work out his own feeding schedule.

These changes in policies have rocked back and forth since mankind first discovered that he could exert some control over the health of his body. Back in 150 A. D. in Rome the question of rocking the baby was a medical topic of the day and Galen, the medical scholar who set up regulations that held sway for 1500 years, took a firm stand in favor of a gentle rocking, accompanied by a lullaby. He implied that the rocking gave the internal organs the motion they required and the lullaby seemed to be the motion to sway the mind.

He had bitter opponents for his ideas back in those days. Different ideas about health are as healthy for the study of medicine, keeping it in motion and alive, as the rocking motion of each person is vital to his health.

Motion is recognized today as the keynote of life. All parts of the body, even the tiny cells, are constantly undergoing some ac-

tivity. There must be motion to retain life.

Like the pendulum of a clock, the organs of the body follow a rocking motion. Every organ is cradled in a sac which sets the limits of its rocking. Without the power to rock or swing, the organ is unable to perform its duty.

"Stasis" is the medical word for lack of motion, whether it be of the bloodstream or the organs of the body. Stasis in your body, like static on your radio, causes discord.

There is a slight pause in the healthy swaying of the parts of the body. When the pendulum of a clock reaches as far to one side as it can go, there is a pause before it swings back. If it gets stuck and fails to swing back, there is lack of motion similar to that caused by adhesions in the body, when one organ or part of the body grows to another, causing a stickiness that interferes with the swing and sway of motion.

The organs of the body may be considered as the works of many different clocks. The bloodstream and fluid channels of the body are the "springs" of your physical clockwork. Before man learned to coil up wire and fix the spring of a clock, clocks were run by drops of water, comparable to the modern clock springs. The water flowed past a regular into a basin. In the basin was a tall notched stick set in a cork. As the basin filled, the stick rose and the notches on the stick turned the hands around a numbered disk, the clock face.

Fish Eating Horses

EDMONTON, Alta. (AP)—John Kaasa has proof that at least two horses in the Northwest Territories prefer eating fish to hay. Kaasa, a camera enthusiast, returned here with his prize movie of the fish-eating horses. He produced a photo from the movie series showing two big, white horses eating, with apparent gusto, a pair of fish.

"This fish-eating is sort of a habit with the horses—like smoking," Mr. Kaasa said. "They can't get enough. When the Indians hang out their fish for drying and curing, the horses will come along, pull them down and eat them."

Different organs of the body have different clock mechanisms but they all need that inflow of fluid, the springs of their clockwork, to keep them working.

Exercise keeps the springs feeding the different parts of the body. Too much exercise winds the springs up too tight, making the organs tick too fast. Too little exercise has the effect of letting the clock run down, not giving the vital organs of the body enough drops of water to keep their clocks functioning efficiently.

KC Convention Set at Guymon

Members of 27 Oklahoma councils of the Knights of Columbus will gather in Guymon May 4-5 to attend the 47th annual state convention of the Catholic laymen's fraternal order. Councils in the Perryton area are cordially invited to attend, according to Harold Dondlinger of Hitchland, Grand Knight of Guymon Council 3309.

After Masses Sunday, May 4, at St. Peter's Catholic church, there will be an initiation conducted in the parish hall just east of the church.

Business sessions will be held Monday, May 5, in the Venetian room of Hotel Dale, with Charles Wade, state deputy of Lawton, presiding.

New York City Farm

NEW YORK (AP)—New York City owns a farm in Queens borough for training high school students in agriculture. Now it's planning to erect a \$425,000 high school building there.

Jerry Cartwright, who is stationed with the navy in Florida, spent last week end with his father, J. B. Cartwright of Booker, and with relatives in Perryton.

Wrestling Minister

COLUMBUS, O. (AP)—The Rev. William Charles Jones wrestles with sin—and other wrestlers. He is pastor of the Nelson Memorial Presbyterian Church. While he never wrestled professionally, he taught wrestling at Hanover College in Indiana and at the University of Kentucky.

Every few days the 190-pound preacher goes downtown to Al Haft's second-floor gymnasium for a workout with some of the promoter's mat stars. The professional wrestlers treat him just like any other wrestler—except they watch their language a little more.

The Capitol of Texas is higher than the National Capitol; 308 feet compared to 287 feet, 5½ inches.

Year of Opportunity

Governor Allen Shivers, in an address the other night at Dallas, said that he is trying to help Texas gain a stronger voice in the Democratic Party and national politics.

This objective is one that all loyal Texans should endorse regardless of party affiliation and however widely they may disagree as to methods of procedure.

The governor also said that the "open race" for the presidency makes 1952 a strategic year for pursuing this objective. Texas, the largest state in the Union, and one of the biggest in population, has never been as strong in the Democratic Party as it should have been. Its voice in national politics has always been far weaker than that of any of the other "big six" states.

This has been simply due to the fact that the vote of Texas in presidential elections has been taken for granted by both Republicans and Democrats. With the exception of one campaign, it has voted Democratic, regardless of the candidates and the platform of the Democratic Party.

Until Texas assumes its place among the doubtful states, it will continue to be taken for granted. It will never have a voice in national politics commensurate with its population and wealth. It will continue to be a "Mee too" Democratic state.

It is a healthy trend to see the Republican party taking hold this year in Texas and the Democratic Party breaking away from the old guard that call themselves "Loyal Democrats".

Until Texas becomes a real two-party state or at least forces attention from the Democratic Party, it will never swing the weight as it should.

Leading political leaders of both parties are working toward this same end—to get Texas among the leaders in the national political scene.

Wide Smiles

Those wide smiles evident in this community after the rains on Saturday and Sunday don't necessarily belong to a farmer—although all farmers are happy.

The welcome rain, which came just in the nick of time—means about as much to the merchant, the wage earner and others of this community, as it does to the farmer. For, with a few exceptions, all of the cash income for this county comes from the farm, and when crops are good, we all enjoy the benefits.

Yes, we can't remember a rain which fell at a more opportune time as this one. Now all we need is just a little bit more.

More Bicycles For Russia

MOSCOW (AP)—About a third more bicycles are to be made in Russia this year than last.

The chief administration of the motorcycle and cycle industry said new schedules also call

for the production this year of a "tourist tandem."

Guests in the L. D. Stinson home last week end were their son Gene and Frank Tepping and Norman Smith, all students at Oklahoma University.

Herald Classifieds Get Results!

From the SIDELINE

with HAROLD HUDSON

One of our straight-laced friends has told us that we shouldn't have mentioned the use of deodorized toilet tissue in our column last week. In the course of our conversation, we asked him if he had ever heard of halitosis, psoriasis, sanitary napkins, medicine for piles, laxatives, and any number of other more or less distasteful products. Of course he had, since our magazines, our newspapers and the radio are full of such mention nowadays. Since there is nothing apparently wrong with advertising these products, we saw no harm in mentioning a new product which will come on the market soon — chlorophyll treated toilet tissue.

In the course of our business we take a lot of pictures for the Herald and every once in a while after the paper comes out, the subject of one of our photograph efforts will stop us and say "That picture sure didn't look much like me, did it?" We always agree that it didn't but he is brutally frank, perhaps it did. Our pictures may not look like a person looks to himself when he peers into the mirror, putting on his best front, so to speak, but the picture is apt to look like a person appears to other people.

Of course, when you get right down to it, none of us realize how we look to others. The only time we see ourselves is in the mirror or in a photograph, and a candid photo of a person in action is not going to be near as flattering as one made in front of studio lights, carefully posed.

Notice where a 77-year-old Dutchman won a pipe smoking contest recently, making 3.5 grams of burley tobacco last 9.5 minutes and 18 seconds, a new world record. And the Fort Worth Star-Telegram reported a veteran federal officer as saying that his long experience shows him that pipe smokers don't go to jail. They are the meditative kind, he says, the kind who just don't get into trouble.

This may be so, and probably is. However, we've noticed that a man with a pipe doesn't talk too much, with a pipe between his teeth, and the folks around him aren't able to talk either—after all, you can't talk when you can hardly breathe. By cutting

down on the conversation, it naturally follows that crime is lessened—or does that conclusion naturally follow?

A pat on the back develops character, if administered young enough, often enough, and low enough.

We can't get too sympathetic with the Air Force officers who are now in trouble for refusing to fly. After all, they are in the reserves through their own choice, and are supposed to follow orders. Who ever heard of an infantryman refusing to go on night patrol because he is afraid his wife will worry about him? And we don't like the remark attributed to a group of officers in Frankfurt, when a proposal was brought up to reduce flight pay from \$200 a month to \$30 a month—"There'll be a helluva lot more fliers who will refuse to go up in airplanes." Is flying that dangerous—even in the states? If so, we have been misled by the commercial airlines who have spent quite a bit of money proving to the public that airplane travel is safer than private automobile, bus or even train.

A new dial telephone has been invented in Germany, which if successful, is expected to invade this country as the French phone did. The German phone is different in that numbers are called by whirling discs forward or backward rather than spinning a single disc clockwise as at present. The inventor explains that the new phone will permit faster dialing. The question is: What will we do with that extra time?

We have a lot of labor saving devices around nowadays and as far as we can see, people have even less time than formerly. We have to admit we save a lot of time with our dial telephone over the old hand-wound job, but after much diligent checking, we can't figure out what has happened to the extra time we've saved with the new phone.

We can add this time to the time saved by automatic gear-shifts, brown 'n serve rolls, ready-tied bow ties, sliced bread, power lawn mowers, zippers, self-winding watches, automatic washing machines, disposable diapers and pre-cooked hams. This should add up to quite a stack of time saved—what's happened to it?

At last we have our Jaycee gavel back, much to our relief. The Jaycee clubs of the Panhandle have a "galloping gavel" program whereby each club takes a gavel to another club, promoting inter-city relations, and at the end of the year, the club which hauled the gavel the longest distance with the most men gets an award. The Amarillo Jaycees brought this club the gavel on March 17, on a day when the local Jaycees were getting ready to sponsor the circus. On that day, club was dismissed early, and everyone went to the Memorial Building to move bleachers.

We had the gavel, and rode out in the circus advance agent's car. Trouble was, we didn't ride back with him, and he left town with our gavel. We wrote letters by the bushel, and had them coming back from cities in the Panhandle, Arkansas and Louisiana. Finally, as we had given up hope, and had resigned ourselves to some sort of punishment from the other Jaycee clubs of this region, in came the gavel.

Wolf Creek Philosopher Has Suggestion For Tired Fliers

(Ed. note: The Wolf Creek Philosopher is probably all mixed up this week, his letter indicates.)

Dear editor:

Every morning for more than eight months now the newspapers have been carrying a daily report on the progress of the true talks in Korea. It's become sort of like the weather report, you know it's one piece of news you can always find in the paper, or the market report, regardless of whether the price of cattle is going up or down or standing still, there'll be something in the paper on it, and I've been thinking.

You know, the papers lately have also been carrying some reports of pilots who are tired of flying and had rather stay on the ground, and I think I can sympathize with em, many's the time I've looked over a hot, weedy field and immediately felt too tired to plow, and I blamed sure wouldn't want to get court-martialed for it.

But here's what I'm gettin at. Why can't some of these tired aviators volunteer for the true talks? Seems to me it's one of the safest jobs in the army, it takes place out of the sun in a tent, and apparently I has a good future. Also, the working hours ain't so bad, I noticed one day last week the true talks lasted fifteen seconds, and a man who objects to working fifteen seconds a day is just being unreasonable, he just ain't trying to get along. I'd come close to volunteering for that job myself, with them kind of hours, if they was holdin the talks out here instead of in Korea.

If you think this suggestion has any merit, you can pass it along to the proper authorities. By the way, I have noticed the followin Democrats have decided

from Albuquerque, N. M. this week.

Proving that perseverance pays off, after all.

Scientists Probe Mounds

DUBLIN (AP)—Irish archeologists are to probe the secrets of mounds at Tara, in County Meath, which was once the royal capital where the kings of Ireland reigned from before the time of Christ.

Excavations will start at the site known as the "earthwork" of the mounds. The first early Christian mounds said to have been built here more than 1,000 years ago.

Texas produces about 10 percent of the sulphur in the world.

JUDGING
Contest entrants will be judged from their photographs by the MOTHERS. This method of judging the pictures will insure each baby a chance of winning. Pictures will be judged on May 10. Winners will be announced June 5.

New COOL Speed-Lens be used . . . Eliminates movement . . . Insures pictures!

SHE'S THE SAFEST LADY ON THE ROAD

With Chrysler POWER STEERING plus Chrysler POWER BRAKES

At the wheel of a new Chrysler, you have quicker, surer control of motion than you've ever had in a car. You can't imagine what it's like: till you drive it! With this full-time power steering, hydraulic power does 4/5 the steering work at your gentle pull on the wheel! You also turn the wheel 1/3 less distance. And on rough roads, soft shoulders, snow or sand, "wheel fight" just doesn't happen. Your hand actually has five times the usual steering control, through every minute of every mile . . . with the same sure "wheel feel" at all times!

With this safer way to steer, power brakes make stops at all speeds safer and easier, too. Power from the engine "boosts" every touch of your toe. Actually you stop with up to 2/3 less foot pressure than non-power brakes. You can bring your Chrysler to a halt from full speeds in many feet less distance than other cars of comparable size can stop. See your Chrysler dealer soon. Feel for yourself why thousands of owners say Chrysler offers the two greatest advances in many years in driving safety and driving ease!

tain about any adminis-

olicies.
are some questions and
to point up fundamen-

tal facts about the Presidential
Precinct Convention:

Q. When will it be held?

A. On Saturday, May 3.

Q. At what hour?

A. The law requires that it be
held between 10 a. m. and 8 p.
m. Outside the largest cities, it
usually is opened at 2 p. m. The
County Chairman of the party
is required by law to file a list
of times and places with the
County Clerk at least ten days
before the convention day. This
list must be posted on the Court
House bulletin board.

Q. Who can take part in the
Precinct Convention?

A. All qualified voters who
live within the voting precinct.

Q. Must each person show
proof of his right to vote in the
Precinct Convention?

A. Yes. He must bring with
him to the convention, his Poll
Tax receipt or his Exemption
Certificate.

Q. I've been training under
Public Law 16. Recently my ser-
vice-connected disability was re-
rated downward to zero percent,
which means I'm no longer re-
ceiving compensation checks.
May I continue with my Public
Law 16 training even though my
disability is now noncompens-
able?

A. Yes. You will be permitted
to go ahead with your training
under Public Law 16 until you
attain your training objective.

Q. I'm a retired officer who
has seen service in both World
Wars. I recently elected to re-
ceive disability compensation for
my service-connected disability.
Instead of retirement pay.
Does that make me eligible for
VA's outpatient treatment?

A. Yes. You may be eligible
for outpatient treatment—in-
cluding drugs, prosthetic appli-
ances and other necessary sup-
plies—for your service-connected
disability.

Q. At the present time, I am
serving in the Navy, and I am
covered by the free \$10,000 in-
demnity. Who gets the money
in case I die while in service?

A. If no beneficiary was nam-
ed, the money will be paid in the
following order: to surviving
spouse, child or children, parent
or parents, or brothers or sisters.
Any beneficiary in these cate-
gories may be named, and if
such a designation is made, the
order may vary.

TEXAS GI'S IN POW CAMP—Texans get together anywhere—including the Prisoner of War camp somewhere in North Korea. Frank Noel, an Associated Press photographer who made the picture, is himself a Red captive. This picture, passed by UN and Communist censors, shows the Texans, left to right: Front, Cpl. Rufus Douglas, Pfc. Billie W. Jones, Pfc. James R. Wells and Pfc. Billy Campbell. Rear, Pfc. Gene L. Roberts, Cpl. Paul C. Smith, Pfc. Jose Sanchez, Cpl. Lee Merworth and Pfc. Billy J. Smith. Homes of the prisoners were not available. (UPI Photo)

Veterans Forum

Q. A lot of household debts
have piled up on me in recent
months. Included are large doctor
bills, grocery bills and furniture
bills. May I get a GI loan to pay
all these bills?

A. No. GI loans may not be
obtained for the purpose of pay-
ing household expenses.

Q. I've been training under
Public Law 16. Recently my ser-
vice-connected disability was re-
rated downward to zero percent,
which means I'm no longer re-
ceiving compensation checks.
May I continue with my Public
Law 16 training even though my

CANDIDATE AGAIN—Alfred M. Scott, of Austin, will seek election to the Texas Supreme Court's place 1 for the second time this year. Scott ran second in a three-man race in 1950. He is a former assistant Attorney General for the state. (UPI Photo)

Rotarians In Attendance Contest

DU QUOIN, Ill. (AP)—Pinckney-
ville Rotarians wheeled an acci-
dent victim into a Rotary meet-
ing in their efforts to win an at-
tendance contest with the Du
Quoin club.

Moreover the Pinckneyville
member was wheeled into the
Du Quoin club to get credit on
Pinckneyville's record. It's a rule
that visitors' attendance be cred-
ited to home clubs.

The visitor was Ray Shute who
had been injured at Pinckney-
ville. He had not been released
from the hospital in time to at-
tend his home club's weekly
meeting, so he was taken to Du
Quoin in an ambulance.

Cunningham Now Serving in Korea

49th FIGHTER-BOMBER WING,
KOREA—AMN/2C Richard D.
Cunningham of Perryton, Texas,
recently arrived in Korea for
duty as a jet aircraft mechanic
with Fifth Air Force's 49th
Fighter-Bomber Wing.

In this job, Cunningham will
make various maintenance in-
spections and repairs on sleek F-
84 Thunderjets that fly daily
bombing and strafing missions
against the enemy.

Prior to coming overseas, he
was stationed at Presque Isle Air
Force Base, Maine.

Cunningham was graduated
from Perryton High School in
1948, and attended West Texas
State College at Canyon, before
joining the Air Force.

His new unit attacks the
North Korean and Chinese Com-
munist troops, armored equip-
ment, and rail installations to

Language Study Easier

CINCINNATI (AP)—Learning
foreign languages is not the ted-
ious grind it once was—at least
not at the University of Cincin-
nati.

Here the students have a
large soundproof laboratory
where they get acquainted in-
formally with the language
while they learn it. They have
foreign-language records and
movies, a tape recorder and a
short-wave radio for foreign
station and Voice of America
broadcasts.

The four hours of lab work are
in addition to three hours of
regular classroom study each
week. One beginning class con-
ducted a debate entirely in Span-

ish after only four months of
study.

Dr. Chesley M. Hutchings, act-
ing head of the department of
romance languages, originated
the group study method a num-
ber of years ago. The laboratory
has been in operation since 1950.

ish after only four months of
study.

Here Is Proof

THAT CHIROPRACTIC IS HELPING PEOPLE
WITH THEIR HEALTH TROUBLES!

TO WHOM IT MAY CONCERN:

For approximately two years I had been bothered by a combination of pains and
symptoms that made me suffer daily and made me unable to rest or do my work as a
person normally should. During that period I was unable to sleep due to the pains in my
back and chest and the stomach complaint that bothered me.

Early in September I consulted Dr. Mayfield of Perryton who x-rayed my spine,
examined me and made nerve graph charts of the nerves coming from my spine. He found
conditions existing in my spine that interfered with important nerve centers and nerve
trunks. Regular adjustments were started and my progress was rapid. I began to feel
much better and my complaints vanished one by one. After less than two months I was
practically well and now I have a check-up and adjustment every two months just to
insure my good health.

I feel that Dr. Mayfield has improved my health a great deal thru the adjustments
and am now able to work and sleep without difficulty or pain. I recommend Chiropractic
and Dr. Mayfield to my friends whose health is not as good as it should be.

Signed MRS. CLAUDE STOWE
Spearman, Texas

MRS. STOWE

Read This True Statement!

Statement by prominent Medical Doctor reprinted from Long
Island Advocate, Brooklyn N. Y. Dr. N. J. Shapiro, M. D. of
Allendale, N. J. has this to say about the science of Chiroprac-
tic.

"In my 40 years of medical practice I have learned to look
upon all healing agencies without prejudice. . . Records show
that more than 50 million people have derived benefits from
Chiropractic without the use of drugs, medicine or surgery.
Chiropractic, therefore, has passed the experimental stage
and is no longer a theory but rather an established principle,
and its system is built on science and knowledge of natural

laws of health and disease.

Chiropractic clinics should be established in all our hospi-
tals and institutions side by side with medical clinics, for bet-
ter results.

Chiropractic is no mystery. It holds no great secrets under
iron-bound covers, but rather consists of this principle: that
pressure upon nerves connecting with vital organs may inter-
fere with the normal transmission of vital nerve forces, and
cause disease. The Chiropractor locates the vertebral sub-
luxation (misplacement) in the spine and adjusts it by
hand manipulations, restoring it to normal position."

NOTE: The above statement is not made by a Chiropractor—it is made by an M. D. who
recognizes the value of Chiropractic and the premises on which this great profession is
based.

DO YOU THINK A PERSON WITH A SPINE LIKE THIS COULD BE HEALTHY?

This is a reproduction of an actual x-ray photograph of a persons
spine who was Dr. Mayfield's patient. Of course, this is a greatly
exaggerated condition, but lesser conditions can exist and still be
abnormal—when pressure exists on spinal nerves and spinal
nerve centers the body is not healthy simply because nerve func-
tion is impaired. NERVE FORCE IS VITAL TO HEALTH. When
such conditions as this are removed thru Chiropractic adjustments
health will be restored. As proof of this are the results that we
see each day as people get well of Asthma, Headaches, Constipa-
tion, Neck Troubles, Migraine, Nervousness, Neuritis, Neuralgia,
Arthritis, Menstrual Cramps, Prostate Troubles, Liver Trouble,
Sinus Trouble, Sciatica, etc.

Literature explaining Chiropractic and many specific complaints
available—yours for the asking.

GOOD GARDENING—Soil care starts with the tool pictured above—the shovel. The best gardeners know the proper balance between mineral particles and organic particles and add the missing ingredients as needed. Of course, most folks don't go quite that deep into it when they plant a garden, but everyone knows that the ground has to be spaded up before planting.

• Blue Mound

By MARIE BLOSSER

(Too late for last week.)

Marie Blosser was hostess to the Blue Mound Ladies Club which met Tuesday in the club house. The members quilted and embroidered during the day.

Roll call was answered by eight members and three visitors. The guess box was won by Anna Buechner.

The next meeting will be April 22 in the club house with Lois Buechner as hostess.

Mr. and Mrs. Corwin Padgett and son were Saturday evening visitors in the E. M. Padgett home.

Mr. and Mrs. Wendell Ferguson and family spent Sunday in the Joe Smoot home at Laverne, Okla.

Mr. and Mrs. E. M. Padgett, E. G. Pribble and Mr. and Mrs. Corwin Padgett and son were Sunday dinner guests of Mr. and Mrs. A. C. Partridge.

Mr. and Mrs. Doyle Rorabaugh and Teryl were callers in the Wendell Ferguson home Friday.

Anesia Ferguson is visiting this week with her grandparents, Mr. and Mrs. Joe Smoot, at Laverne, Okla.

Mr. and Mrs. George Buechner and daughters, and Mr. and Mrs. Gene Buechner and daughters were Sunday dinner guests.

of Mr. and Mrs. Ralph Cramer.

Mr. and Mrs. Wendell Ferguson, Eric and O'leen were Sunday evening callers in the Levi Blosser home.

Elvena Morris spent the Easter holidays with her parents, Mr. and Mrs. John Morris.

Andy Morris and Mr. and Mrs. S. S. Cook were Sunday visitors in the John Morris home.

Mr. and Mrs. T. B. Morris were Sunday guests of Mr. and Mrs. Albert Morris.

Mr. and Mrs. G. R. Case, Mr. and Mrs. Marion Neufeld, Mr. and Mrs. Morrison Osborne and Debra and Mr. and Mrs. Larry Unruh were Sunday guests of Mr. and Mrs. Elmer Unruh.

Sunday dinner guests of Mr. and Mrs. Omar Barnes were Mr. and Mrs. B. L. Barnes, Mr. and Mrs. Chester Barnes and family, Mr. and Mrs. Lester Barnes and family and Mr. and Mrs. Ralph Pattison and family.

Mr. and Mrs. L. E. Rorabaugh and Mrs. Maxine Beck attended the Sunrise Services at Balco, Sunday morning.

Mr. and Mrs. L. E. Rorabaugh and Mr. and Mrs. Billy Beck and sons attended the basket dinner in the park held by the People's Chapel Sunday.

Sunday dinner guests of Mr. and Mrs. Delbert Sager were Mr. and Mrs. A. P. Sager, Mrs. Effie Christopher, Mrs. Mary Stornes, Mr. and Mrs. Cecil Sager and Dewayne, Mr. and Mrs. Ralph Renfrow and Mr. and Mrs. Dick Naylor and family.

Mr. and Mrs. A. L. Beckwith and Mr. and Mrs. Kenneth Beckwith and family attended the basket dinner at the Balco Apostolic Church Sunday.

Mr. and Mrs. Levi Blosser and Garry, Carl Morris and Mr. Meeks were fishing at Supply, Sunday.

Mrs. and Mrs. Elmer Reisswig and Doneta attended a family dinner at the home of Mr. and Mrs. G. W. Ottinger Sunday.

Pakistan Feels Pinch of U. S. Inflation Policy

KARACHI (AP)—Pakistan's normally-booming raw wool trade has gone into a slump in the wake of a slowdown in United States buying.

After an unprecedented boom in the nine months ending on March 31, 1951, alarmed leaders of the Pakistan wool merchants association have called on the Pakistan government to abolish both export duties and sales tax levies on wool.

As a result of competitive stockpiling by western countries, the wool price had shot up by more than 70 per cent. Now a U. S. anti-inflation policy has dictated a let-up in stockpiling and the price of wool is on the downswing.

GOD BLESS AMERICA!

Notla Club Has Meeting Thursday

Mrs. Arnold Good entertained the Notla Home Demonstration Club, last Thursday afternoon, in her home in the Notla community.

The meeting opened with a discussion of the Texas food standard. The remainder of the meeting was spent in a round table discussion on "Gardening."

Refreshments were served to Mesdames Fred Hale, Ed Savage, Herman Callihan, B. L. Hance, Ralph Hale, Fay Savage, Don Gurley, Carpenter, Carol Wall, the hostess and her mother.

Supper Club Entertained In Sullivan Home

Mr. and Mrs. Fred Sullivan entertained their supper club, Saturday evening, in their home at 610 S. Fordham.

The serving table was centered with greenery.

Guests were Mr. and Mrs. Drew Ellis and Mr. and Mrs. Tom Slack.

Members attending were Mr. and Mrs. Fred Nies, Mr. and Mrs. John Sammons, Mr. and Mrs. Alton Witt, Mr. and Mrs. J. C. Sims and the host and hostess.

Following dinner card games were enjoyed.

Susie Griffith Is Party Honoree

Susie Griffith, daughter of Mr. and Mrs. N. B. Griffith, 113 S. E. 8th Ave., celebrated her third birthday, April 16, with a party at her home.

A western theme was carried out in decorations and favors. The birthday cake was topped with a chocolate fence and cookie horses.

Those present to help Susie open her gifts and eat birthday cake and ice cream were Terry Faries, Randy Faries, Kathy Byars, Pat Drake, Gale Williams, Emily Emerick and Tryna Faries.

Ceramic Club Has Meeting Tuesday Evening

Mrs. Tip Collingsworth was hostess to members of the Perryton Ceramic Club, Tuesday evening, in her home at 1201 S. Colgate.

Members brought clay to the meeting and poured molds.

Mrs. Jerral Harris of Spearman was a guest of the club. Members attending were Mesdames Elmo Bennett, J. W. Chase, Alva Drake, Frank Holdeman, E. S. Lyell, R. Martin, Rollin Shearer, D. D. Tallaferro, Marshall Stone, Bill Trayler and the hostess.

The next meeting will be on May 12, at 7:30 p. m., in the home of Mrs. Alva Drake, 6 S. Cedar.

WEDDING DATE SET . . . Mr. and Mrs. Claude Saunders of Balke announce the engagement of their daughter Ouida, to Galen Sargent, son of Mr. and Mrs. Willie Sargent of Balke. The wedding will take place June 8 in the Apostolic Church at Balke.

Coronation Service Held For Girls Auxiliary Sunday Evening

The formal coronation service honoring the junior and intermediate Girl's Auxiliary of the Baptist Women's Missionary Society was held Sunday evening, in the sanctuary of the church.

This is an annual affair where the girls receive recognition for the work they have done during the year.

The altar was decorated with large baskets of yellow gladioli and greenery backed with palms and candelabra holding yellow tapers. The candles were lighted by Jo Nita Watson and Judy Hawkins.

Preceding the coronation Glenda Foster played a program of organ music and a vocal duet was sung by Valda Jean Day and Dolores Clark.

The coronation service was conducted by Mrs. Thelma Davis. Ben Flowers and Bob Williams were heralds.

Those honored were Maiden, Nancy Reitz; ladies-in-waiting, Darlene Russell and Brenda Rickard; princesses, Ruth Ann Smith, Barbara Margrave, Judy Woodward and Barbara Burns; queens, Joan Nelson, Joyce Slough, Marilyn Reitz, Shirley Stone, Ola Sue Johnson and Ann Portwood.

Jackie Shields and Sue Williams received green and white capes and queen regent pins. This is the highest recognition that can be received in the Girl's Auxiliary.

Each girl was attended by a flower girl and crown bearer. Mrs. H. C. Williams and Mrs. Robert Holland are counselors of the group.

Following the coronation service members of the Women's Missionary Society honored the above group with a tea in the banquet room.

Yellow and white iris, flanked

Supper Club Entertained In Hergert Home

Mr. and Mrs. Irvin Hergert, 701 S. W. 9th Ave., entertained their supper club, Saturday evening.

Spring flowers centered the serving table. The smaller tables were decorated with arrangements of purple iris.

Mr. and Mrs. Giltner LaMaster were guests. Members present were Mr. and Mrs. O. C. Watson, Mr. and Mrs. Wilford Lance, Mr. and Mrs. Paul Loftin, Mr. and Mrs. Joy Hergert, Mr. and Mrs. Charles Taylor and the hosts.

In the games of bridge, following dinner, Mr. and Mrs. Watson held high score, Mr. and Mrs. Loftin held second high and Mrs. LaMaster won the deuce prize.

Club Entertained Friday Afternoon

Mrs. H. C. Brillhart entertained her bridge club, last Friday afternoon, in her home east of Perryton.

Those present were Mrs. G. W. Acker, Mrs. W. C. Herndon, Mrs. Vance Apple, Mrs. Glen McGibson, Mrs. Harlan Hawk, Mrs. Max Boyer, Mrs. LaRue Norris and the hostess.

Mrs. Boyer was high scorer for the afternoon.

Plans Discussed For Blood Drive

Mrs. Allen Good, 1126 S. Amherst, was hostess for a meeting of the Epsilon Sigma Alpha Society, Tuesday evening.

During the business meeting plans were discussed for the blood drive which will be made in Perryton in the near future. Recruiting Sgt. Davis A. Brown of the Pampa area will be the principal speaker at a public meeting in Perryton to discuss the blood drive, the date to be announced later.

Committees for the coming drive were announced as follows: Contact committee, Mrs. Lindsay McWilliams, Mrs. Glen Johnson, Mrs. Bob Barnett and Mrs. Allen Good; publicity committee, Mrs. Good, Mrs. Gene Brothers and Mrs. Johnson; card committee, Mrs. Sammy Phelps, Mrs. McWilliams and Mrs. Bob Turner; poster committee, Mrs. Don Enterline, Mrs. Joe Cagle and Mrs. Turner.

Officers for the coming year were announced. The new officers are: president, Mrs. Allen Good; vice president, Mrs. LaVaun Pattison; secretary, Mrs. Bob Barnett and treasurer, Mrs. Glen Johnson.

At the conclusion of the business meeting Mrs. Barnett was honored with a "pink and blue" shower.

Punch and cake were served to Mrs. Barnett, Mrs. LaVaun Pattison, Mrs. Don Enterline, Mrs. Bob Turner, Mrs. Glen Johnson, Mrs. W. L. Good, Mrs. Gene Brothers, Mrs. Sammy Phelps, Mrs. Joe Cagle and the hostess.

Susanna Wesley Class Meets Tuesday Afternoon

Mrs. Omar Truax and Mrs. J. S. Thrasher were hostesses to the Susanna Wesley Sunday school class of the Methodist Church Tuesday afternoon, April 22, in the Truax home at 1121 S. Drake.

The meeting opened with the group singing "An Evening Prayer." Mrs. J. E. Cudd gave the devotional and Mrs. C. F. Jones offered a prayer.

The highlight of the afternoon was a book review, "A Man Named Peter," given by Mrs. Manse Wood.

Mrs. Ellen Jordan of Amarillo and Mrs. McFadden of Watonga, Okla. were guests.

Members attending were Mesdames M. M. Cudd, Kirt Williams, M. L. Brillhart, L. H. Littau, B. F. Moon, Martin McCarty, Jack Dodson, H. C. Brown, J. E. Cudd, E. W. Thomas, Manse Wood, C. F. Jones, L. R. Conner, Lloyd H. Jones, J. Edmund Kirby, J. M. Kirby, T. M. Osborne, R. T. Bowen, Robert Barlow, P. W. Wermske and the hostesses.

Herald Want Ads pay well.

Miss Erdman To Be Guest Speaker

Miss Loula Grace Erdman, Texas Panhandle Author, will be guest speaker at the annual guest day tea of the Perryton Sorosis Club on April 30, at 3 p. m., in Fellowship Hall of the First Methodist Church.

Mrs. Anderson Is Club Hostess

Mrs. J. M. Anderson, 505 S. Baylor, was hostess to the Delta Deck bridge club, Tuesday afternoon.

Mrs. Harold Malone and Mrs. J. W. Putman were guests of the club. Members attending were Mesdames Sibley Jines, Aldon Bell, Orlan Bell, Paul Williams, Dwight Sims, Clifford Beck, O. C. Rogers, Ross Leatherman, Gilbert Mize and the hostess.

At the close of play Mrs. Beck held high score and Mrs. Mize second high.

Huntoon Club Has Meeting In Latham Home

Mrs. Jim Latham was hostess to the Huntoon Home Demonstration Club, April 16.

Mrs. Mary Watson Jones, agent gave the demonstration on raised doughnuts. A basic sweet dough was used in the demonstration and Mrs. Jones stressed the importance of kneading the dough thoroughly. She further stated that to quicken the process time one may double the amount of yeast called for in the recipe without a yeast taste occurring in the finished product.

Guests for the afternoon were Mrs. Harry Reimer, Mrs. Jack Crum and Mrs. Corwin Trosper whose home is near Higgins and who formerly lived in the Huntoon Community.

Members present were Mesdames Edward Schroeder, J. S. Thrasher, Rhodie Stollings, Corwin Padgett, Roy Stollings, Orville Cook, Jack Collins, Mrs. Jones and the hostess.

At the close of the demonstration a pear salad, doughnuts, made during the demonstration and coffee were served.

The next meeting will be on May 21, in the home of Mrs. Martin Kershman.

Church Group Meets April 17

Mrs. Max Clark was hostess to group 5 of the Christian Women's Fellowship of the Christian Church, April 17.

Mrs. Roy Johnson conducted the business meeting.

Mrs. Leland Johnson gave the devotional and Mrs. Bob Urban led the program. Mrs. Clark, Mrs. Johnson, Mrs. Harvey Kile and Mrs. Weldon Bull assisted on the program.

The meeting was dismissed with the Missionary benediction. Refreshments were served to the above and to Mrs. Joe Cagle and Mrs. Robert Bowles.

MR. and MRS. VERNON O. GIBSON

Wahl-Gibson Wedding Vows Read In Baptist Church at Balke

Nuptial vows were solemnized, April 14, in the First Baptist Church at Balke, Okla. for Miss Ruby Wahl, daughter of Mr. and Mrs. T. J. Wahl of Boyd and Vernon O. Gibson, son of Mr. and Mrs. Harold L. Gibson of Hardesty.

Rev. Denny Sullivan read the double-ring service. Decorations at the altar featured large baskets of gladioli and yellow tapers in branched candelabra before a background of greenery.

Mrs. Lon Godley of Hardesty played a program of nuptial music and accompanied Miss Marshall of Hardesty as she sang "O Promise Me," "Because" and "The Lord's Prayer."

Escorted to the altar and given in marriage by her father, the bride wore a gown of white slipper satin and Chantilly lace, designed with a scalloped yoke of nylon net and fitted bodice of lace with long fitted sleeves terminating in petal points. The full skirt, accented with panels of lace, extended into a chapel train. Her finger-tip veil of imported illusion fell from a tiara of seed pearls and rhinestones and she carried a crescent shaped bouquet of red roses tied with white satin streamers.

Miss Betty Wahl of Enid, Okla. served her sister as maid-of-honor. Her dress was of orchid lace and net and she carried a colonial bouquet of yellow gladioli.

Bridesmaids were Miss Bonnie Gibson of Waco, sister of the bridegroom and Mrs. Kenneth Jost of Hillsboro, Kansas. Their dresses were of pastel green net.

For her daughter's wedding, Mrs. Wahl chose a navy crepe dress with pink accessories. Mrs. Gibson, mother of the bridegroom, wore a tan dress with pink accessories. Both wore pink carnation corsages.

Following the ceremony, a reception was held in the church banquet room. The bride's table was laid with a white imported linen cloth and centered with a four-tiered wedding cake. White wedding bells and streamers completed the table decoration.

Mrs. Don Eiland presided at the guest book.

For a wedding trip to south Texas and New Mexico, Mrs. Gibson traveled in a steel gray suit with navy accessories.

Mrs. Gibson graduated from Bethany high school and attended Oklahoma Baptist University. Until recently she worked for the Light Grain and Milling Co., Inc. at Liberal, Kansas.

Mr. Gibson graduated from Hardesty high school and served in the armed forces one year. He is engaged in farming near Hardesty.

Current Events Dept. Entertains With Dinner

The Current Events Department of the Perryton Sorosis Club entertained with a dinner party, Tuesday evening, honoring their husbands. The party was given in the Bill Fletcher ranch home south east of Perryton.

Hostesses were Mrs. Fred Tarbox and Mrs. Mildred Wright.

The buffet dinner was served from a table laid with a white linen cloth and centered with an arrangement of orchid chrysanthemums and yellow carnations. Following dinner games of Samba and 42 were played.

Those present were Mrs. Beulah Stark, Mrs. Luther Wade, Mrs. A. S. Brillhart and Mr. and Mrs. H. T. Cutter, Mr. and Mrs. W. L. Herndon, Mr. and Mrs. Dan Manning, Mr. and Mrs. F. M. McGee, Rev. and Mrs. J. W. McKinney, Mr. and Mrs. Don Shockley.

Also Mr. and Mrs. Mark Burton, Mr. and Mrs. Mart Wagner, Mrs. Wright and Mr. and Mrs. Tarbox.

Club Women Attend Convention

Several members of the Perryton Sorosis Club and the Jennie June Junior Club attended the 31st annual convention of the 7th district of Texas Federation of Women's Clubs, in Borger Thursday, Friday and Saturday of last week.

Hotel Borger was headquarters for the convention but sessions were held in the Frank Phillips Junior College Auditorium and luncheon meetings were held in the high school and college cafeterias.

Mrs. W. B. LaMaster presided at the American Home luncheon Friday at 1 o'clock and Mrs. A. J. Kelly won a door prize at the Friendship Hall tea, Friday afternoon.

Other Sorosis club members attending were Mesdames Jack R. Allen, Harold Kershaw, Audie Conley, C. E. Rogers, Clifford Beck, Orlan Bell, Joe Erickson, J. D. Johnson, A. S. Brillhart, F. M. McGee, Charles Garrett, Lloyd Phillips, Mark Burton, Luther Wade, R. T. Correll and L. R. Conner.

The Jennie June Club won 1st place in the junior division of press books and was awarded a certificate for having 100% subscription to the Texas Clubwoman magazine.

Mrs. Clair Brillhart presided at the Workshop breakfast on year books, Saturday morning.

Other members of the club who attended the convention were Mrs. Warren Cudd, Mrs. Kenneth Hocking, Mrs. Bob Holt and Mrs. Harold Hudson.

More than four hundred Panhandle women were registered at the convention.

Xi Lambda Dinner Held Tuesday

The Xi Lambda Chapter of Beta Sigma Phi Sorority held their regular meeting and a covered-dish dinner, Tuesday evening, in the directors room of the First National Bank.

Hostesses for the evening were Viola Miller, Juanita Brillhart and Jean Blank.

During the business meeting it was voted to buy and donate three hospital beds to the Red Cross.

Honorary members were seated at a table decorated with red and white carnations. The other tables were centered with arrangements of tulips.

Honorary members present were Mrs. D. D. Shanks, Mrs. Carl Ellis, Mrs. A. J. Kelly, Mrs. Van W. Stewart and Mrs. H. C. Sanford.

Sorority members attending were Yvonne Acker, Opal Archer, Glenna Bell, Maurine Bostick, Sylvia Boxwell, Eulene Brillhart, Lena Mae Brillhart, Moina Caldwell, Doris Mae Chase, Beth Fuescher, Mabel Halsey, Doris Harlow, Hellen Hergert, Violet Hergert, Ruby Hocking.

Also Marcelia Holt, Jane Hudson, Carol Jines, Edna Lance, Janice LaMaster, Mary Jane Luthi, Betty Shackelford, Marguerite Schollenbarger, Wilma Schuster, Billie Taylor, Gwen Wade, Pauline Woodward and the hostesses.

Miss Parr Speaks At Waka Club

"Certified lamps give from 50% to 100% more light than regular comparable lamps, each using the same lamp bulb," stated Miss Mozelle Parr, of the local REA office, to members of the Waka Home Demonstration Club April 16, in the home of Mrs. J. M. Randolph.

"Light Conditioning" was the interesting subject of Miss Parr's demonstration. She stressed good lighting, which varies with the activities which are carried on in each room in the home. Booklets entitled "See Your Home in a New Light," "Electric Lamps that You Can Make or Modernize" and "Planning Your Farmstead Wiring and Lighting" were handed out to club members by Miss Parr.

During the business meeting it was voted to have a demonstration on textile painting, using the ball point painting tube, at the second meeting, this next September, in the home of Mrs. Marvin Groves.

Following the business meeting, Mrs. Louis Frantz gave a demonstration on flower making from nylon hose. Mrs. H. N. Elledge demonstrated organically flower making.

Refreshments were served to Mmes. H. Roeper, Louis Frantz, Mae Newingham, Irvin Molesworth, Mozelle Parr, visitors and to the following members: Mmes. LeRoy Reeves, Allan Dennison, Harley Elledge, Jr. Dunnihoo, J. R. Stump, J. L. Wagnon, Eldon Gurley, M. J. Groves, Miss Maud Stump and the hostess.

The next meeting will be May 7, at 2:30 p. m., in the home of Mrs. LeRoy Reeves, in Waka. Club members are reminded to bring information on expansion work, so the report may be turned in.

Troop 8 Meets At Christian Church

Girl Scout troop 8 met last Thursday afternoon after school in the scout room of the First Christian Church. Marilyn Reitz was hostess for the afternoon.

Janice Sanders was welcomed as a new troop member.

During the meeting the girls continued work on tooled leather bill folds.

Those present were Mrs. Golla Tandy, leader and Mrs. C. W. King, co-leader of the troop and Girl Scouts, Barbara Powell, Ann Portwood, Carla Sue Blackmore, Shirley Stone, Beverly Barnes, Charlene Seiby, Janice Sanders, Linda Miller, a visitor and the hostess.

Lipscomb HD Council Has Meeting April 14

The Lipscomb County Home Demonstration Council met at the court house on Monday, April 14.

The meeting was called to order by the chairman, Mrs. Ray Altmeier. Club reports were given by Booker, Darrouzett, Follett, Loland and Lipscomb clubs. Mrs. Leo Schwab was appointed chairman of the finance committee, due to the resignation of Mrs. Max Blau. Mrs. Schwab gave a report on the progress of the plans for a kitchen at the

fair. A report was given on the sale of articles at the dress review. Locust Grove is to have a Radio Program, April 19, over KEYE. Mrs. Leo Schwab will give the Educational Report at the THDA District meeting to be held at Pampa on May 8. April 27 to May 3 has been designated National Home Demonstration Club week. It was voted that each club should work on a community project during that week.

Delegates elected to represent Lipscomb County at the THDA District meeting were Mrs. Dan Conley, Mrs. W. L. Harp and Mrs. Johnnie Redelsperger. Alternates

are Mrs. Wayne Hessel Plain and Mrs. Cope. Guests present were Mrs. Akers and Mrs. Elmer Schab, Mrs. Ray Altmeier, Oscar Peterson, Mrs. K. B. son, Mrs. Cecil Peterson, Alex Schoenhals, Mrs. Peil, Mrs. Kelly Groves, Waters, Mrs. Edna Gifford, Mrs. Homer Gifford, Mrs. E. Mrs. Pat Murphy and Pugh.

Class Meets In
Furnish Home

The T. E. L. Sunday school class of the First Baptist Church met in the home of Mrs. Fred Furnish, Tuesday afternoon. Mrs. Mamie Speers was co-hostess for the meeting.

Mrs. J. D. Wade gave the devotional from the 11th Chapter of Hebrews.

Instead of the regular program the group had a prayer meeting in preparation of the coming revival meeting which will begin on April 24, with Dr. James of Vernon preaching.

Ice cream and cake were served to Mesdames Nannie Morris, G. I. Horne, Mary Miley, J. D. Wade, T. P. McLain, N. G. Nelson, T. M. Wright, E. B. Morgan, A. M. Horan, G. D. Holt, Clyde Cofer, J. M. Grigsby, Anna O'buck, C. C. Carter, J. W. Bennett, J. W. Cayler, J. L. Blackburn and the hostesses.

Tax Evaders
Face Checkup

KUALA LUMPUR, Malaya (AP)—Income tax experts from the Board of Inland Revenue in the United Kingdom are to help combat income tax evasion in Malaya.

A large section of the Asian business community is believed to be evading income tax. At present only one in 500 in the Federation of Malaya and one in 100 in Singapore pay income tax, according to official statistics.

Children's Health
Day Points Need
For Crippled Aid

AUSTIN — Children's Health Day will be observed throughout the nation on May 1, in the hope of insuring that tomorrow's children will be sturdier than were those of yesterday.

In Texas, state health officials are shooting for a record of benefiting an even greater number of handicapped children than the 4,320 which were cared for under the states' crippled children program in 1951.

It will mean new hope for the child with a club foot, a cleft palate or harelip, a crippling burn, bow legs, or a curved spine.

State Health Officer Geo. W. Cox, whose department has administered the program since 1945, said many people "don't realize they can get state financial assistance for the physical restoration of many crippling conditions."

Eligibility for help is set by legislative statute. The law says any person of normal mentality under 21 years old whose physical functions or movements are impaired by reason of a joint, bone, or muscle defect . . . is eligible for care, providing the county judge where the child resides certifies that the parents cannot finance the needed care and treatment.

Physical restoration is the pur-

Lodge Official to
Be Local Guest

George Moffett, Chillicothe, Grand Junior Warden of the Masonic Lodge of Texas, will be a guest of the Ochiltree Masonic Lodge No. 910 on Wednesday, May 7 at the Masonic Hall, H. E. Young, Worshipful Master of the local lodge, has announced.

All Masons are invited to attend the meeting. A supper will be served.

Masons from Higgins, Gruver, Follett, Darrouzett, Booker, Canadian and Spearman have been invited.

pose of the program. Some of the conditions which are accepted for treatment are infantile paralysis, osteomyelitis, club feet, harelip, cleft palate, arthritis, rickets, tuberculosis of the bone, flat feet, congenitally dislocated hip, muscular dystrophy, supernumerary fingers and toes, web fingers, amputation, Pott's disease, and many others. If the attending physician recommends prosthetics, the appliances are supplied.

The program does not include such handicapping ailments as rheumatic fever, hearing and visual deficiencies, or epilepsy.

Crippled children of indigent parents have been available for state aid since 1933. Formed first under the Department of Education, the program was transferred to the State Department of Health in May, 1945. Since the transfer, a total of 12,589 handicapped children have been returned to normalcy or near-normalcy.

Wrong Name

IDAHO FALLS, Idaho (AP)—The sailor told officers he selected from a telephone directory a name to sign to a \$25 check.

Deputy Sheriff Joe W. McNeill told him his selection was bad. He picked John M. Sharp. Sharp is the county prosecuting attorney.

COMMUNITY PUBLIC SERVICE COMPANY
Your Friendly Electric Company

It makes you comfortable all over

BUICK engineers have a habit of getting at the bottom of things.

So they're not content to stop with putting beneath you cushions that are luxuriously soft and deep.

They also put big, soft, deep coil springs between you and all four wheels — and big, soft tires between the wheels and the road.

But real riding comfort calls for more than cushioning up-and-down jolts and jars.

There's end-sway and side-roll and "wander" to be controlled. There's sure-footed balance on curves. Not to mention the importance of having a frame stout and husky enough to make the whole car feel safely solid.

So Buick engineers have gone through

the list—come up with a ride that cost a cool million dollars and more for special engineering, tooling and components.

Does that cover Buick's comfort story? It certainly does not.

There's the comfort of driving a car that instinctively holds the road — the comfort of ample room and a wide-open view of the world around you — the comfort of fabric colors that please the eye and fabric textures that please the touch — and the effortless smoothness of Dynaflo Drive.*

Then there's the mental comfort of bossing power mighty enough to meet any demand you make upon it in emergency — 8-cylinder power — high-compression power — valve-in-head power — Fireball power, that makes you proud of the

miles you get from a gallon of gas.

And maybe you'll also find comfort in knowing that this great automobile can be yours at a price that is still just a small step above what's known as "the low-priced three."

On top of all this, driving a Buick's a barrel of fun. Why not drop in tomorrow and ask us to prove it?

Equipment, accessories, trim and models are subject to change without notice. Wheel Covers standard on Dynaflo Drive, optional at extra cost on other Series. White sidewalls optional at extra cost when available. *Standard on ROADMASTER, optional at extra cost on other Series.

PRIDE OF ST. LOUIS — Dan Dailey, as the immortal Dizzy Dean, takes time off from his pitching chores to lead the Sportsman's Park band in a hilarious moment from "The Pride of St. Louis," which comes to the Ellis Theatre on Tuesday-Thursday.

Sticky Seat

BOELUS, Nebr. (AP)—No, he didn't swallow his gum, 2½-year-old Bruce Jensen insisted.

Then where did he put it, his father, Paul Jensen, inquired. "I put it on a chair," said Bruce.

His father asked him which one. "Move over, daddy; move over and I'll show you," replied the boy.

Lindbergh's flight across the Atlantic took 33 hours and 29 minutes.

Fabulous Dizzy Dean Story Is Told In 'Pride of St. Louis'

"The Pride of St. Louis," which narrates the life story of Jerome Herman Dean, the gifted athlete who crowned his way across the national baseball scene for seven years to become a baseball immortal, comes Tuesday-Thursday to the Ellis Theatre with Dan Dailey in the starring role.

Among the highlights shown on the screen as the story of the garrulous yet lovable, zany pitcher unfolds are the 1934 All-Star game in Washington, the 1934 World Series between the St. Louis Cardinals and the Detroit Tigers, which climaxed the year in which the famous "Me and Paul" combination amassed the total of 49 victories—30 for Dizzy and 19 for Daffy, who went on to win two games each in the series, and the 1938 World Series between the Chicago Cubs and the New York Yankees. Such familiar baseball figures as Frankie Fisk and the famous "Gas House Gang" of the Cards are depicted in the film.

Dan Dailey who plays the role of the fabulous 'Dizzy' trained for three months with Ike Danning, one-time backstop for the St. Louis Browns, Pittsburgh Pirates, Baltimore Orioles and the Los Angeles Angels, to perfect the pitching style of the famous

Dean. Being almost the exact counterpart in size of the Dizzy Dailey, 6 feet 4 inches tall and weighing 189 pounds, filled out the St. Louis Cardinal uniform in perfect style. Joanne Dru, in the role of Patricia Nash, the Houston girl who became Mrs. Dean and exerted a leveling influence on her husband's life, gives the picture its romantic flavor.

'Steel Town' Is Rated as Top Action Thriller

All the danger, excitement and drama of a giant steel mill in operation has been caught by the camera in "Steel Town," which comes to the Ellis Theatre on Friday and Saturday, starring Ann Sheridan, John Lund and Howard Duff.

Ann Sheridan as "Red" McNamara, the daughter of a steel worker, brings to her performance that racy quality of both the wise and sincere girl, who is plenty snappy with a smart comeback.

John Lund is seen as the brash sophisticated nephew of the steel plant's owner, who is determined to learn the steel business from the ground floor, but concentrates most of his efforts on the winning of Howard Duff's girl friend. As a down-to-earth steel worker, Duff has created a hard hitting characterization in a difficult role requiring both force and restraint.

The story concerns the mill owner's spoiled nephew, played by Lund, who insists on learning all phases of steel making before taking over the plant. Not only does he steal the girl of his crew chief in the open hearth section but he also causes the crew to lose the sweepstakes in the tonnage race by a ridiculous error. He does, however, vindicate himself in a heroic rescue, a highlight of the gripping story.

In some of the early experiments of transmission of photographs over electrical circuits as many as 25 films were used simultaneously.

Though rated in geography books as an arid area, New Mexico has sections in which the average precipitation amounts to 35 inches a year.

SW Associated To Change Name

The name of the Southwestern Associated Telephone Co. will soon be changed to General Telephone Co. of the Southwest, Roy Autry, president, has announced. Autry said that the name was being changed along with those of all of the other major subsidiaries of General Telephone Corp.

He added that this involved no change in the management of operations of Southwestern Associated.

The name changes will affect 12 subsidiary operating companies.

Steam Plant Serves Canneries

SAN PEDRO, Calif. (AP)—Fish canneries on the Pacific Island are served by a horsepower developed by a recently completed million-dollar co-operative steam plant. The canneries checked the cost of their own boilers and found they were saving money by constructing the community steam plant.

TEXANS IN WASHINGTON

By TEX EASLEY
(P) Special Washington Service

WASHINGTON (AP) — While Congress devotes most of its attention to weighty world and national problems, it also takes time to consider hundreds of personal bills that concern only individuals and their private lives.

Three Texans are named in a score or more of such measures involving servicemen. Approved by both House and Senate and sent to President Truman for his signature, they involve the adoption of orphaned children in Japan and Germany and waiving of immigration laws to permit their entry into the United States.

Master Sgt. Albert Sidney Brisco, native of Ford City, Tex., and his wife, Jennie Helms Brisco, born in Paris, Texas, are authorized under one of the bills to

bring into the U. S. without regard to immigration quotas, little Hans Werner Brisco, born July 8, 1950 in Munich.

Sgt. Juan M. Valdez of Edinburg and his Japanese wife are involved in another of the measures. It authorizes them to bring into the U. S. the three-year-old daughter of Mrs. Valdez, who was officially adopted by the Texan after the marriage of the couple last year. As the wife of an American serviceman, Mrs. Valdez already was authorized to enter this country.

Sgt. Edward W. Gentry and his wife, Fern, both of San Antonio, are authorized to bring in as their adopted son, two-year old Kazumi Yamashita.

The House Agriculture Committee probe of Movie Actor Rob-

ert Montgomery regarding his adverse radio news comments on the foot-and-mouth disease control program was largely a verbal battle between the Hollywood celebrity and Waco's affable and very informal congressman Bob (The Farmer's Friend) Poage.

Time and again when Poage would ask Montgomery a question, the latter would respond with a question. Unlike many congressmen who would sharply remind the witness he was present to answer questions and not to ask them, Poage would oblige with an informative reply.

Montgomery, somewhat reluctantly, agreed to let Poage speak later on his radio broadcast program to tell about the foot-and-mouth disease control program in Mexico. He said he would much rather have Secretary of Agriculture Brannon appear.

Throughout his testimony, Montgomery referred to Midland's Congressman Ken Regan as a source of his critical observations which precipitated the hearing.

Regan, speaking out after Montgomery finished, supported the actor-commentator and declared that recurring outbreaks of the disease in Mexico were probably planted by individuals wanting to perpetuate their jobs. He exonerated top, responsible officials of blame.

The hearing developed one of those exceedingly rare situations in which members of the Texas congressional delegation differed openly. Most of the times they iron out their differences privately, but Poage and Regan clashed sharply for a moment as the rest of the committee and the spectators listened.

"Well, regardless of how the disease got started," Poage said, "We had to get in there and stamp it out."

"If your neighbor's house was on fire, you wouldn't stop to worry about whether it was started by accident or arson when you went to put it out."

TV Ruling

COLUMBUS, O. (AP)—Here's a break for the kiddies: In divorce cases involving children, the television set goes to the parent who gets custody of the children.

That's the way Domestic Relations Judge Clayton W. Rose says he's going to run his court here.

Salmon and mackerel contain vitamin D.

MEET YOUR FIREMAN—13—R. L. "Peck" Cook, plant superintendent of the Equity mill, has been on the Perryton Fire Department for two years. He joined the department after the Equity elevator explosion when the firemen said they'd like to have a member from the Equity. It takes him about two minutes to get to the fire station when the whistle blows and he believes the Pontiac Body Shop fire was the worst one he's fought.

East of Boyd

By Mrs. Aldeen Rodgers

Everyone is happy about the nice shower we received over the week end.

On Saturday evening, April 12, a group of friends met at the Fred Whittet home to honor Mrs. Jim Smith, Mrs. Mel Klassen of Turpin, Mrs. Fred Whittet and W. H. Williams of Boyd on their birthdays.

Guests present for the occasion were Jim Smith, Mr. and Mrs. Orville Houston, Mr. and Mrs. Hagen Gardiner, Mel Klassen, Mr. and Mrs. Jim Heshey, Mrs. Naomi Cantrell and Bill Kulon of Turpin, Mrs. W. H. Williams and Fred Whittet of Boyd.

Mr. and Mrs. Morris Atkinson, Patsy and Donald of Turpin were hosts to a family dinner, April 13, honoring Mrs. Atkinson's mother, Mrs. Fred Whittet, on her birthday.

Guests attending were Mrs. James Robb, Jean, Denise and

Peggy of Forgan, Fred Whittet, Freddy and Ruth, Mr. and Mrs. Wayne Jones of Boyd, and John Farrow of Turpin.

The community extends all good wishes to Mr. and Mrs. Vernon Gibson, who were married April 14 at Balco. The young couple went on a honeymoon to the southern states. Mrs. Gibson is the former Ruby Wahl, daughter of Mr. and Mrs. T. J. Wahl.

The Turpin Junior Class gave their play, "The Eager Miss Beaver," Friday night to an appreciative crowd. Each member of the cast performed his or her part very well with "The Eager Miss Beaver" especially well portrayed by Miss Leota Sherrill.

Royce Rodgers spent the week end with Jerry Williams.

Mr. and Mrs. Vere W. Hayden of Crystal City visited relatives here part of last week.

Mrs. Fred Whittet, Mrs. W. H. Williams, Mrs. R. C. Pyle and Mrs. Johnnie Davis, Roger and Merle were among those who attended the regular meeting of Turpin WSCS, Tuesday afternoon, at the home of Mrs. Naomi Cantrell in Turpin.

Some of those from Boyd shopping in Liberal, Kansas Saturday were Mrs. Vernon Ratzlaff and Duane, Mr. and Mrs. Laverne Davis, Karen Sue and Jerry, Earl Watkins and Anita, Mr. and Mrs. Lewis Whittet, Freddie and Ruth, Mr. and Mrs. Aldeen Rodgers, Mrs. Marilyn Rowbotham and Patricia Ann.

Mrs. Emmitt Nichols took some of the 4-H girls to Beaver Saturday.

J. L. Bobbitt did some electrical wiring for George Kirton Friday.

Mrs. George Kirton has been going to Beaver almost every day to visit Mrs. Dolph Kuykendall, who suffered a stroke and has been seriously ill.

Mrs. George Kirton and son Jerry and Royce Rodgers were in Perryton Saturday.

Mr. and Mrs. T. J. Wahl were in Liberal, Kansas on business Saturday.

Mrs. Ray Wahl has been ill with a severe sore throat.

Pepper for Dollars

SINGAPORE (AP)—More pepper will bring us more US dollars. This is the opinion of the proprietor of one of three Chinese companies responsible for the recent revival in the pepper-growing industry in Singapore.

It was pointed out that the United States always has been the main purchaser of pepper. Singapore's soil does not meet requirements for pepper, but modern methods of fertilization can set this right.

FORD WINS AGAIN!

TAKES FIRST PLACE IN CLASS "A"

IN THE 1952

Mobilgas
Economy
Run

New Ford Mileage Maker SIX Thriftiest in its Field!

Again this year... as in the past two years... Ford was first in gas economy over all other cars in its price class in the Mobilgas Economy Run. In this toughest test, a stock model Ford Six equipped with Overdrive (optional at extra cost) averaged 53.855 miles per gallon and 25.463 actual miles per gallon.

This was a very special triumph for Ford's All-New Mileage Maker high-compression SIX. For now, with its new design providing 101-horsepower and free-turning overhead valves, Ford is definitely pound-for-pound the most economical low-priced car to run! Yes... Ford's thrift was clearly proved by the 1,415-mile grind from Los Angeles to Sun Valley. And a very important factor contributing to this victory is Ford's Automatic Power Pilot which squeezes the last ounce of power out of every drop of gas.

*The AAA Contest Board determines the winner by a "miles per gallon" formula to insure equal chance for all cars in each class regardless of size and weight. Miles per gallon equals the car weight (including passengers) in tons, multiplied by number of miles travelled, divided by number of gallons consumed.

"Test Drive" the Economy Winner Today!
