Balko District Will Construct New \$124,000 School Plant

Building Will
Be Completed
August 20

BALKO SCHOOL BUILDING—This architect's drawing shows how the new Balko school building will look when completed. The wing at the right will not be built at this time, but provisions are being made to add this unit later. The building is located one mile south and two and one-half miles west of the present school, on land owned by the district. The building will be of cream brick construction, fireproof and with completely modern equipment throughout. The combination gymnasium and auditorium will be located in the wing immediately behind the main building. The curriculum of the school will be greatly expanded when this building is completed, as there will be more working space for vocational departments.

Twenty-two Schoolboy Boxers Win Titles in Third Annual Intramural Boxing Tournament

Blue Cross Goes to Work for Local People

Blue Cross went right to work for a number of people in this community this week at the Sanford Hospital. Even though contracts were signed only last week, the effective date of the contracts was April 1. Four Blue Cross patients were admitted for medical treatment, another Blue Cross patient was given surgical treatment and two boys took advantage of their Blue Cross coverage while away from home. One boy broke his foot and was admitted to a Missouri hospital. Another boy broke his arm while visiting in Oklahoma. Both of these boys will receive the same benefits under the Blue Cross as they would receive in Texas.

City Milk Delivery Service Started By Todd Dairies

City-wide milk delivery service was inaugurated in Perryton this week by Todd Dairies. Jack Todd, owner, has announced that deliveries will be made in the west side of town on Monday, Wednesday and Friday and in the east side on Tuesday, Thursday and Saturday. A dairy delivery truck was received this week by the Todd firm and will be operated by George Symons. An ingenious new card device enables the customer to place special orders for dairy products and eggs by displaying the appropriate card in See No. 5, Page 8

Radio Troupe
Here Friday

The National Jamboree from Nashville, Tennessee, hillbilly and recording star troupe, will be in Perryton on Friday, April 10, in the high school auditorium to present an evening of entertainment. Featured in the entertainment is Uncle Henry's Kentucky band, along with Carroll and Mamie Poff. The show is patterned after the famous National Barn Dance, featuring the same type of music. Carroll Acuff is the brother of Roy Acuff, famous melody mountainer whose Smoky Mountain Boys are probably the most famous hillbilly outfit in the country. The National Jamboree is sponsored by the Ranger Band. Profits from the show will be used to buy new band uniforms. Admission is 30 cents for school children and 60 cents for adults.

Spring Revival Meeting Opens Friday
With Dr. E. S. James of Vernon in the PulpitDR. E. S. JAMES
Evangelist

The Spring Revival meeting of the First Baptist church will open Friday night, April 9, with Dr. E. S. James, pastor of the First Baptist church of Vernon, Texas, in charge of the meeting. Services will be held each morning at 9 o'clock and nightly at 7:45 o'clock. Dr. James is one of the outstanding pastors and evangelists among Southern Baptists and is considered a real privilege to have him in Perryton for the revival services.

The Vernon pastor is a friend of some 15 years standing with Rev. O. C. Curtis, pastor of the local Baptist church, who is quite high in his praise of the evangelist. Carl Cade, educational director of the local church, will lead the singing during the revival. Mrs. Cade will be the organ accompanist. See No. 1, Page 8

REV. O. C. CURTIS
Local PastorRevival Meeting
Opens Sunday at
Mennonite Church

A revival meeting will open at the Perryton Mennonite church on April 11 and will continue through April 20, it has been announced. Evangelist P. S. Frey of Archbold, Ohio, will do the preaching for the revival. The Perryton Mennonite church purchased the old Church of Christ building on east fourth avenue and have completely remodeled it. A dedication service is planned for April 25, when Richard Showalter, pastor, returns from Goshen, Indiana, where he is attending school. Bishop Allen H. Erb from La Junta, Colo., is also expected for the dedication. Everyone is invited to attend the revival meeting which starts next Sunday.

Initial Practice for Baseball
Team Called Friday AfternoonSeven Home Games
For Baseball Club
During '48 Season

Perryton will have seven home games during the 1948 baseball season, with the first game coming on May 2 with Sunray. The local club will also play seven games away from home. Perryton is a member of the North Plains Athletic Association League, with members of all clubs complying with AAU rules.

Here is the season schedule for Perryton:
May 2: Sunray, here
May 9: Texhoma, there
May 16: Boise City, here
May 23: Cactus, there
May 30: Stratford, there
June 6: Dumas, here
June 13: Dalhart, here
June 20: Sunray, there
July 11: Texhoma, here
July 18: Boise City, there
July 25: Cactus, here
August 1: Stratford, here
August 8: Dumas, there
August 15: Dalhart, there

At the close of the season, the first four teams in the standings will play for the championship. The team finishing first will be seeded to the finals. The second place team is seeded to the semifinals and the third and fourth teams play a game. The winner of this game meets the second place team and the winner of this one meets the first seeded team for the title.

JUST HERE
and THERE

We think it high time for the people of the Perryton area to stop and do a little serious thinking about this subject of trading at home... and when we say people of the Perryton area, we mean the business men, farmers and everybody. We're not even offering a hint that anybody owes anybody business... what we're wanting to put across is the fact that it's just good business to trade at home.

When a business man or farmer in Ochiltree county makes a dollar profit, it means that he has more money to pay employees, taxes, donate to this and that. Remember that every dollar you spend outside the Perryton area is a dollar gone forever from this area... not one single cent of the profit on that dollar is going to pay an employee, a school teacher, a preacher, help stage fat calf shows, celebrations, buy band uniforms, etc.

This same "trade at home" thought also applies to our city See No. 7, Page 8

School Remodeling is
About to be Started

It looks like the school remodeling program is about to be started. The board of directors of the Perryton Independent School District will meet this Thursday afternoon with the architect, contractor and a heating engineer to make plans for remodeling the center building and building a new heating plant. The school board has approved the preliminary plans for remodeling the building and have been waiting on the architect and contractor to start the work. It is hoped to start on the building this month, so as to have it all finished by the time school starts in Sept.

Slough Child is
Injured by
Shotgun Blast

Russell Slough, three-year-old son of Mr. and Mrs. James Slough, received a serious injury Tuesday afternoon at their farm home east of Perryton when he was hit in the leg with a blast from a shotgun with which he and his sister were playing.

Russell and his sister, Joyce, were playing in the yard with the gun, when Joyce dropped it, and the gun discharged. The shot hit little Russell in the left leg, near the knee, inflicting a deep wound.

The child was rushed to the Perryton Hospital where it is reported he is recovering nicely from the injury.

Clean-Up Day
Will Be Held
On April 22

The Chamber of Commerce has set Thursday, April 22, as Perryton Clean-Up Day, and the entire citizenry is asked to help clean the city on that day. Arrangements for Clean-Up Day are being made by the Civic Improvements Committee of the C. of C., headed by Arch Talley.

Plans are being made to declare a half-day holiday on Thursday, April 22, while everybody turns out to clean up trash and weeds from the alleys, streets, vacant lots and around the buildings.

The entire city will be sprayed with DDT solution, as was done last year with very excellent results. The city administration will clean Main street. If bad weather interferes on April 22, the Clean-Up Day will be postponed until Tuesday, April 27.

McMurry Band
Gives Concert
Monday Night

The McMurry College band, of Abilene, Texas, will present two free band concerts in Perryton on Monday, April 12, under the sponsorship of the Junior Chamber of Commerce. The band, under the direction of Raymond T. Bynum, will present a concert at the school auditorium for the school children on Monday afternoon, then will present a public concert Monday night at the auditorium. Rooms for these visiting band See No. 9, Page 8

Three New Council Members;
Large Vote Recorded with 467
Citizens Going to City Polls

Three new members won places on the city council in the annual city election held Tuesday. Otis Burk, Jack Todd and Roy Orrill are the new members who won over Debs Riley and Alton Boxwell, who sought re-election.

A large vote was recorded, with 467 voters going to the polls.

The votes were tabulated in this order:

Burk	419
Todd	362
Orrill	309
Riley	190
Boxwell	100

Six votes were cancelled because of mutilated ballots and G. T. Leatherman received a write-in vote.

The three new councilmen took office immediately and attended the regular council meeting scheduled for Tuesday night. Holdover members on the city council are Howard Holt and Giltner LaMaster. Mayor Rufus Boerjack has another year to serve.

There were 2,487 sets of license plates issued this year, as compared with 2,036 at the same time in 1947.

The sheriff's office collected \$45,166.14 this year, compared with \$41,865.26 at the same time last year. All of this money, except a small amount for collection expense, remains in the county to be used on roads and bridges.

A breakdown of the 1948 plates sold show 1,442 passenger cars, 237 commercial, 667 farm, 32 truck tractors, 5 farm truck tractors, 59 trailers, 10 house trailers, 21 dealers and 14 motorcycles.

Ochiltree county car owners ran true to form this year, waiting until the last minute to buy the license tags. There was a line from the desk in the sheriff's office in the courthouse out in the hall and down the stairs during See No. 8, Page 8

Jaycee Dance
Saturday Nite

The Collegians, popular dance band from West Texas State College, will play for a dance to be held Saturday night, April 10, in the VFW building.

The Junior Chamber of Commerce is sponsoring the dance and proceeds will be used to send a delegation to the state Jaycee convention in El Paso on April 15-17.

Admission will be \$1.50 per person.

PUBLISHER, FATHER AND SON—J. H. Allison, vice president of The Times Publishing Co., Wichita Falls, looks over the "Progress Edition" of The Midland Reporter-Telegram, published by his son, James N. Allison (left). The edition was published in connection with the formal opening of The Reporter-Telegram's new home, one of the most modern newspaper plants in West Texas.

A Three Vote Margin

Conner Wins in Trustee Race

L. R. Conner of Farnsworth edged out Charley Kent of Perryton by the very thin margin of three votes in the race for trustee-at-large on the county school board last Saturday.

Conner received 125 votes to Kent's 122.

Voting in this race, by boxes, is as follows:

	Kent	Conner
School	112	24
Courthouse	5	7
Ridge	0	17
Farnsworth	0	14
Taz	1	8
Alfalfa	0	5
Cedar Bluff	2	13
McMillen	2	12
Waka	0	25
Totals	122	125

Harold Kershaw was reelected as county school trustee from precinct No. 2, receiving all votes cast. Harvey Urban was re-

McMillen

Texas Will Observe 'Public Health Nursing Week'

AUSTIN, Texas (AP)—The State of Texas is planning to observe national "Public Health Nursing Week" April 11-17, as proclaimed by President Harry S. Truman.

Dr. Geo. W. Cox, State Health Officer, urges high school graduates to consider public health nursing as a career.

"Public health nursing offers young women opportunities for lifetime careers which are highly useful and satisfactory. The demand for professional nurses now exceeds the supply in public health and other fields of work," Dr. Cox said. "Possibilities of travel, worthwhile service, income, and other features of the nursing profession compare very

favorably with those open to women in other careers."

Education for nursing is available in 33 schools in Texas and enrollment is now under way for fall classes, which open about Sept. 1. All schools still have vacancies. Applicants should be graduates of high school or have some college credit, with a record of good scholastic standing, be in good physical condition, and of high moral character. An interest in people and their problems, also ability to work well with one's hands is necessary.

Details regarding nursing education can be secured from hospitals, physicians, nurses' organizations, and local health departments, as well as the Texas State Department of Health.

Miss Frances Grimes, who has served as superintendent of nurses at Sanford Hospital for several months left Wednesday to visit her parents and her brother at Dallas before going on to Odessa to assume her duties at the Odessa hospital.

SALUTE TO BATTLESHIP TEXAS—Two P-51 Mustang fighter planes of the Texas National Guard fly in an aerial salute over the battleship Texas as it lay in Bolivar Roads, Galveston, Tex., en route to the San Jacinto battleground. The veteran battleship will become a Texas State ship.

Italy Eyes Canada As Lemon Market

ROME (AP)—Italian exporters have learned that Canadian purchases of lemons in the United States will be curtailed to reduce the outflow of dollars. More Italian lemons will be bought.

Heretofore, most shipments of lemons have gone by way of New York. Italian shippers hope direct sales will boost profit margins by eliminating American middle men.

Red Alimony

MOSCOW (AP)—Several Karel fathers have received jail sentences for delinquency in alimony payments in a drive by the local attorney-general to force divorced and undivorced fathers to fulfill their legal obligations to their children.

Mrs. Geo. W. Cutter came in Thursday from Mineral Wells, Texas, where she has spent several weeks for her health. En route home she visited in the home of Mr. and Mrs. W. D. Christopher, Amarillo.

GIRLS IN CAGES—They symbolize a condition India's statesmen now are trying to eliminate. Since the assumption of Indian self-rule, reformers have waged war against white slavery and conditions such as these. These two girls practice prostitution behind iron bars of unlocked cages. Prostitution is a recognized profession in India, though Indian leaders want to stamp it out.

'Return of Serfdom' Feared in Swiss Decree

BERN (AP)—Several Swiss newspapers have protested a decree by the Department of Justice whereby foreigners employed in Switzerland may not change jobs

without police authorization. One paper calls it "a return to serfdom." But the department says it is intended merely to prevent "harmful fluctuations" on the labor market, caused by the large number of foreign workers, mainly Italians, who have

entered Switzerland since

Elton Walker, of Kansas, was a Perryton resident. Mr. and Mrs. Walker recently purchased a store in Kingsley.

CO-OP PRESENTS A
GREAT NEW OIL

FURFURAL, A NEW SOLVENT
FROM OAT, RICE, COTTON SEED HULLS
AND CORN COBS, BY THE CO-OP'S NEW PROCESS
KNOCKS OUT THE IMPURITIES IN

NAPHTHENE COMPOUNDS
THAT CAUSE SLUDGE,
CARBON & VARNISH
IN MOTORS

—AND AS A RESULT,
THE FARMER, THROUGH
HIS CO-OP, HAS THE
BEST AND THE PUREST
MOTOR OIL THAT
MONEY CAN BUY!

CO-OP PREMIUM MOTOR OIL

This great new oil that is big news to oil users is the new Furfural Solvent Refined oil... it is available in two types: CO-OP PREMIUM and CO-OP HEAVY-DUTY.

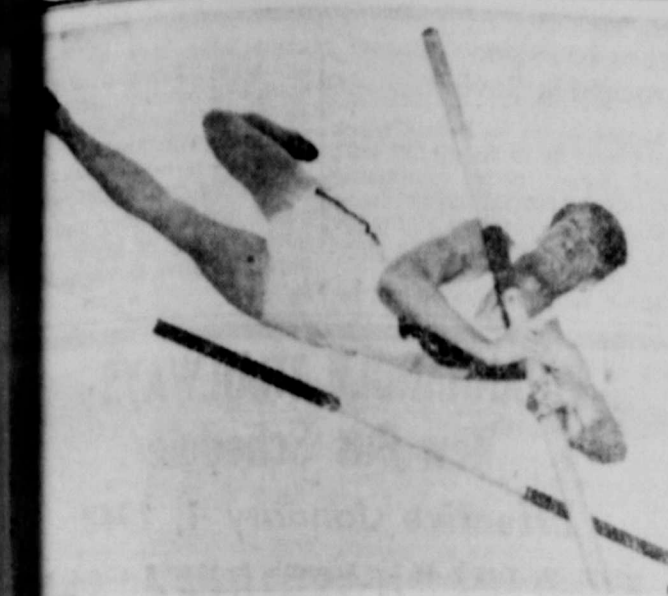

Furfural is an amazing new filter, now being used in the Co-Op refinery to purify oil of Naphthenes—those elements in ordinary oils that cause sludge and carbon to form in your motor. That's why the Co-Op Solvent Refined Oil is big news for your engine. It means the virtual elimination of motor-wearing carbon and sludge. It means instant lubrication on starting. It is the oil that will retain full 'oiliness' under greatest heat and flow freely even in coldest weather.

You'll like the great new Co-Op Solvent Refined Oil... your engine will like it too! Buy it at your local Co-Op.

Furfural is made from oat hulls, rice hulls, cottonseed hulls, corn cobs, and other by-products. It cleanses oil of impurities that refineries have sought for years to get rid of, the impurities that cause sludge and carbon to form.

FARMERS CO-OP

PERRYTON, TEXAS

HIGH SCHOOL POLE VAULTER—Paul Faulkner of Paschal High School, Fort Worth, Tex., is shown clearing the bar at 13 feet 1 1/4 inches in the pole vault event at the Southwestern Recreation and Field meet at Fort Worth, March 20. The schoolboy's effort set a record and was better than any of the contestants in high school, college or university divisions. Earl Meadows, 1936 Olympic games pole vault champion, who coached the youth, predicted Faulkner would smash all Texas records in the event.

From The SIDELINE

with HAROLD HUDSON

Fight Night seems to be getting better each year, which is only natural, since skill comes with experience. From the looks of things, in a few years those boys in the lower grades are going to be accomplished boxers if they keep improving. Some of the little fellows are quite talented already.

Coach Murry doesn't like to call this intramural boxing tournament "Fight Night." He says that the boys are not fighting, they are boxing, and they are having their best friends in a friendly spirit. We agree with anything he says, but "Fight Night" fits into a headline a lot better than "Intramural Boxing Tournament." So we are going to keep on calling it "Fight Night." And we hope there is a "Fight Night" every spring from now on.

One thing this intramural boxing has done for the school, at least according to the teachers, and that is that it has reduced the number of playground fights to a bare minimum. We know from experience that any playground has several natural bullies who make it tough on those who either don't want to fight or can't. Since nearly every boy from the first grade through high school is learning how to box, and the bullies have learned that there is always a boy just a little bit tougher than he is, the playground fighting has about ended. Now, when the teachers catch a couple of boys fighting, they are liable to take them to the gym, put the gloves on them, and let them go to it until they are exhausted. Satisfied everybody, and nobody gets hurt.

Hope the Perryton Baseball catches on, and that it gets support at the gate this year. This is an amateur proposition, and nobody gets paid for playing, but the club has a certain amount of expense nevertheless. Maybe the club won't be as good as the old Perryton team, but then again, it might be better.

There are probably a lot of good baseball players that have moved into this area since the Greys folded up, and we hope

BLUEBONNET TIME AGAIN—The earliest crop of bluebonnets (Texas state flower) decorates highway 9 right-of-way near Corpus Christi, Tex., and Monoy (No kiddin') Hopson of Sinton, Tex., fits in nicely with the floral beauty.

Vacant Lots Can Be Asset, Not Eyesore

AUSTIN—That vacant lot in your neighborhood could be turned into an asset, advises Marvin Hall, State Fire Insurance Commissioner.

"Grown over with weeds, vacant lots are not only unsightly and a devaluation to nearby property, but present a health problem and extreme fire hazard to a neighborhood," Hall said. "Insects and rodents that infest such lots usually migrate into nearby homes too."

Adjoining homes, and in one case an entire block of houses, have been destroyed by fire when matches or cigarettes were carelessly tossed into weeds in vacant lots, the Commissioner related.

"First of all rubbish should be piled up and burned in an incinerator or covered with concrete," the Commissioner recommended. "Weeds can be chopped and

raked up and burned in the same manner, or if the fire department has offered the service of standing by while a vacant lot is being burned off, that would be a quick and easy method."

To insure the cleanliness of the lot and the respect of passersby, shrubs or hedges should be planted on the lot, preferably forming a border so that paths will not be cut across it, Hall stated. An inexpensive variety of grass planted over the lot would also add much toward its good looks.

An even greater asset to the neighborhood would be a lot planted in a community vegetable or flower garden, with the cost, work and produce being divided equally between every family concerned.

"A clean, attractive and continuously kept lot would add beauty, health and fire protection to every home in the neighborhood," Commissioner Hall asserted.

Mr. and Mrs. Andrew Milledge returned home from Waynoka, Okla., Saturday where they had been called because of the illness and death of his father Lou Milledge. Services were held on Friday at Waynoka. Mr. Milledge's mother, Mrs. Lou Milledge and his brother, Clayton Milledge, his aunt, Mrs. Edna Lotterback, Sterling City, Colo.; Mrs. Flora Cook, Omaha, Nebr., and Mrs. Minnie Abbott, Lincoln, Nebr., returned to Perryton with them and were guests in the Milledge home until Sunday evening.

CARD OF THANKS

We wish to thank our many friends and neighbors for the assistance given during the time of the fire. Also for the thoughtful deeds shown afterwards, including the shower.

Texas CARE Depot Opened in Austin

AUSTIN, Tex. (AP) — The first Texas depot of the Co-operative for American Remittances to Europe was opened in Austin today.

Speaking at opening ceremonies, Gov. Beauford H. Jester termed it a "worthwhile service... as unique as one ever developed in the history of private charity."

"People in the majority of European countries do not have enough to eat. The lack of food continuing from day to day soon dries up the will to do and the feeling of hope," the Governor said.

He recommended CARE to Texans wanting to share what they have with hungry Europeans.

The service packs and ships food and clothing packages to most European countries. Similar depots are scheduled to be opened in Houston, San Antonio, Dallas and other Texas cities.

Tom Riley and Glen Muir of Canadian were in Perryton Thursday, making arrangements to play with the Perryton baseball club.

Trees to Fight Drought in Soviet

MOSCOW (AP) — Russia black earth area is to be girded with great forest belts comprising more than 2,500,000 acres of trees. Minister of Forestry Motovilov says the program will take eight years to complete.

These rich grain growing regions have been hit again by drought. The belts and irrigation—planned an unprecedented scale—eliminate this threat.

Miss Colleen Milledge, guest last Thursday and in the home of her aunt, Ralph Woolley in Waynoka, la.

Laundrying School Scheduled Wednesday, Apr. 14

Mabel Hampton, factory in home laundering practice will open a school in home laundering on Wednesday, April 14, at the Community Service building. The school is open to the women of the Perryton area and starts at 10 a. m.

Prizes will be given away to those who attend, stated C. E. Hampton, manager of the Community Service.

Hampton will discuss and detergents, conditioning agents and how to wash various types of soils and related topics. She will demonstrate modern home laundering practices with the automatic washer, dryer and iron.

Qualified to conduct the training course at the Home Laundry Institute in Bend, Ind. She will answer questions on home laundry problems at the close of the day.

Mr. and Mrs. Omar Truax have returned from a vacation trip to the West coast and to Oregon. They visited relatives in Salem, Ore., several weeks while they were away.

Paul's FLOOR SANDING We generate our own power. 412 W. Monroe or Phone 776, Berger, Texas.

Oversize Truck Permits Issued At C. of C. Office

The Chamber of Commerce office is now authorized to issue Texas State Highway permits to trucks whose vehicles exceed the legal height, width, length or load limits.

This service was sought as a convenience to truckers of this area, and in addition could render a service to trucks entering the state from the north, since Perryton is the first town. In the past, trucks have had to stop in Perryton while the driver went to either Borger, Pampa or Amarillo for the necessary permit.

Lee Little, secretary of the C. of C., attended a one-day school in Amarillo last Thursday, under Guy Lott, district engineer, and at the completion of the training was given the authorization to issue permits.

No charge is made by the C. of C. office, however, there is a \$5 fee charged by the highway department.

Sheriff W. H. Lance had the authority to issue these permits during harvest last summer, when trucks loaded with combines and tractors swarmed into the county from all points. He relinquished this authorization when harvest was over, however.

Legal limits for trucks are as follows:

Height, 12 feet, six inches.
Width, eight feet.
Truck length, 35 feet.
Truck and trailer length, 45 ft.
Gross weight, 48,000 lbs.
Overhang limit, front, three feet.
Overhang limit, rear, four feet.

Sell it with a Herald Want Ad!

GIRL DEPUTY SHERIFF—Mrs. Marion Taylor, former Dallas dress model, holds two pistols as she poses for pictures after being made a deputy sheriff in Gregg county. She is the first female deputy sheriff in the history of Gregg county. Sheriff Noble Crawford hired her as a secretary and receptionist in his Longview office and stated he believed a "feminine touch" will prove advantageous to the entire office. Mrs. Taylor is a native Texan living formerly in Henderson and worked in the FBI offices in Washington during World War II.

Artificial Rain Making Is Job for Weatherman

NEW YORK (AP)—The United States Weatherman is the only person legally authorized to make rain.

All others, unless associated with him, who may try to sow dry ice on clouds, are likely to be running one of those calculated risks.

They will be all right, however, unless someone complains about man-made rain falling where it isn't wanted—maybe on a drying crop, or on an annual picnic.

The potential complications are endless. There are no laws to govern the matter, except the statute protecting the weatherman. Best defense for misplaced rain probably will be for the amateur rain maker to call for scientific proof that the water was really his, and not an act of God, against which there are no laws. There isn't any scientific evidence yet good enough to stand up in a law court.

In fact, the United States Weather Bureau says "there is no authenticated case where precipitation reaching the ground solely as a result of seeding a cloud has amounted to more than a fraction of an inch."

It is preparing to do this near Wilmington, Ohio, in co-operation with the United States Air Force, the United States Navy and the National Advisory Committee for Aeronautics.

The weathermen propose to learn, when dry ice does cause rain, how much was from the ice and how much would have fallen anyhow.

They may investigate droughts, for which the bureau says no method so far developed is likely to afford relief.

Hurricanes are on this agenda too. The bureau says at present there is no real evidence that artificial methods will create, destroy or deflect these great storms.

As legal authority for all this, the United States Chief of Weather in Washington, F. W. Reichelderfer, cites an amendment to the Civil Aeronautics Act of 1938, making it the responsibility of the chief of the bureau to "promote and develop meteorological science and foster and support research projects in meteorology through the utilization of private or government research facilities

Many Changes Are in Store For Schools

AUSTIN—Drab, dull brown furniture used in most Texas schools will be obsolete in the future if recommendations by the Texas Association of School Administrators are put into effect.

Latest experiments indicate that a natural finish for school furniture is most acceptable, Dr. Henry J. Otto, University of Texas, consultant to the Association, says.

Furniture of the future will be flexible enough to be adjusted to the individual child's needs, he said, for the oldtime desk with a seat attached is "undesirable." Also due in the future is a chair suitable for right-handed or left handed children.

Among changes recommended by the Association in a new bulletin titled "A Ten-Year Program of Action for Texas in Elementary Schools" are:

Reichelderfer says that while no specific legislative authority appears necessary, the House has a measure pending that would authorize the Weather Bureau to conduct such experiments and appropriate funds for them.

ANNOUNCES FOR U. S. SENATE—Roscoe H. Collier, 41, of Dallas, navy veteran of World War II, recently announced his candidacy for the Democratic nomination for U. S. senator. The veteran lost both legs in a Southwest Pacific action.

Good Jobs Are Available with State Patrol

In April, 1948, the Texas Highway Patrol will conduct a statewide competitive examination for the procurement of recruits to enter the Texas Highway Patrol Recruit Training School. Those who complete three months of training in the Recruit School will receive commissions as Texas Highway Patrolmen.

Men between the ages of 21 to 35 years, not less than 5 feet 8 inches in height, of sound physical constitution, a citizen of the U. S. and a resident of the state of Texas for a year may qualify. The base pay for a patrolman is \$230 per month. The state furnishes the patrol car, operating expenses, uniforms and guns.

For visual education, at least eight acres for each school building, an adequate library, a lunchroom seating at least half the students in a small school and one-third of the large school student body; a suite of offices for administrative heads, and suitable lounges for teachers.

Patrolmen get two weeks vacation each year and have two weeks sick leave. They also have access to very cheap department life insurance, group accident and sickness insurance. Not only that, they have the benefits of the State Employees Retirement Plan.

A working week is not more than 6 days per week except in an emergency. However, a minimum of 20 hours of night work

BROWNSVILLE CANDIDATE—Augustine Celaya of Brownsville has announced as a candidate for Congress from the 15th district.

each week is required. Patrolmen have no choice of assignment, they are sent to any point in the State of Texas.

Interested applicants should write W. J. Elliott, Texas Highway Patrol, Department of Public Safety, Camp Mabry, Austin, Texas.

Mrs. Frances Ferguson received word last week that her son, Jerry, a student at Missouri Military School, Mexico, Mo., had the misfortune to fracture a bone in his foot while practicing high jump on the athletic field. Jerry is back attending classes on crutches, and will have his foot in a cast for three more weeks.

Perryton Man is Ski Trooper in Mountain Training

Sgt. Benjamin D. Johnston, son of Mrs. Trulen Gooch of Perryton, participated in the winter maneuver, "Operation Timberline," as a ski trooper in the 38th Regimental combat team. The maneuver took place high in the Colorado Rockies near the Continental Divide.

Up where the air gets thin and the deadly cold seeps through

the heaviest garments, two miles above sea level, the men of the 38th RCT lived, skied and fought the "enemy" in some of the most rugged mountains to be found in the United States.

For the first time in this type of operation, P-80 jet fighter planes operated in close coordination with the ski troops in their operations.

Mr. and Mrs. Dwight Leonard and sons, Billy and Timmy, Beaver, Okla., were business visitors in Perryton last Saturday. Mr. Leonard is a member of the Oklahoma state senate representing the four Panhandle counties.

New Textbooks for Perryton Schools

New textbooks have been selected in Perryton high school by a textbook committee of the faculty, and these books will be used for the next six years. Selection was made from a multiple choice list of textbooks selected by the state board of education.

New textbooks have been selected for the following subjects: English, Spanish, World History, General Science, Biology, Food, Clothing, Child Care, Driver Education, Economics, Trigonometry, Public Speaking, Physical and Health Education, Music Orientation.

The textbook committee is composed of Mrs. Carroll Emerick, Mrs. O. L. Anderson, Miss Betty Duke, Miss Jennie Lou Tarr, Charles Lawhorn, Glen Allison, O. L. Anderson and J. D. Davis. School remodeling is about to be

Boyd, Okla.

Many are beginning to list, etc., to prevent the soil from blowing. Some fields were blowing last week.

Fuelers and the rest of us were really pleased to have Mrs. Fuller and Billie home from Wellington on Saturday.

Wallace Wiebe helped, Ed Claybrook erect a new windmill last week to replace a wheel blown off by a whirlwind.

Sunday callers in the Claybrook home were Mrs. Chas. Jackson, Mrs. Geo. Symons and Mrs. Malaney of Perryton, Mrs. Don Seaton and Ronnie, Mr. and Mrs. E. P. Fuller, Miss Dee Dee and Billie, Mr. and Mrs. Harold Phelps, Wallace Wiebe and Jack Symons.

Mrs. Claybrook is vacationing in Perryton this week, spending Sunday night with Mrs. Malaney, Monday with Mrs. Geo. Symons, Monday night and Tuesday with Mrs. Ellis Kelly, and Wednesday with Mrs. Spencer Whippo.

CARD OF THANKS

It is with a true and humble spirit of gratitude that we offer thanks to those who were so thoughtful in their kindness during the illness and passing of our wife and mother. Mere words are inadequate to express our appreciation for the favors, the flowers and expressions of sympathy and condolence.

Perryton Post Office Receipts Increase During First Quarter

The first quarter of 1948 showed postal receipts in Perryton pushing to another new high mark, indicating that the population is still expanding and that healthy business conditions are still prevalent.

Stamp sales for the first three months of 1948 were \$7,899.61, as compared with \$6,146.42 during the first quarter of 1947, the year which set an all-time high in postal receipts for Perryton.

This is an increase of \$1,543.19 or approximately 25 per cent. Money order sales rose from \$35,000 in the first quarter of 1947 to \$40,000 this year. Postal note sales showed a phenomenal rise jumping from \$10.14 in 1947 to \$43.35 this year.

Postal receipts are useful as a barometer of population and business conditions because the demand is in direct proportion to the population. Unlike ordinary businesses, the prices are the same as in "normal" times, and a rise in post office business shows that more people are buying more stamps, postal notes and money orders, instead of the same number of people buying merchandise for more money.

During 1947 the Perryton post office receipts reached \$30,530.18, less than \$10,000 away from being a first class post office.

Evangelistic Meet Begins April 13 at Nazarene Church

Evangelistic services at the Church of the Nazarene will start on Tuesday, April 13, and will continue through Sunday, April 25. Rev. John R. Hulcy, pastor, has announced.

Rev. Charles E. Channey will conduct these evangelistic services.

A special feature of the services will be the Bradley Trio, talented singers and musicians of Muey, Indiana, who will present several selections of religious music each evening.

The services start at 7:45 p. m. Everyone is invited to attend.

Hummer, Pletcher And Rogers Win In Tennis Finals

David Hummer will represent Perryton high school in tennis singles and the team of Tommy Pletcher and Don Rogers will represent the school in doubles at the district meet to be held in Pampa on April 9 and 10.

These three players won the school tournament which has been in progress for the past three weeks to earn the right to represent Perryton at the district meet.

The Perryton tennis players are given an excellent chance to win the district title this year and go on to regional play. Hummer has been district singles champion for the past two years, while Pletcher was a member of the 1946 doubles championship team.

Vance Apple, LaRue Norris, Cecil Dodd and Fred Osborne left Tuesday on a fishing trip to Possum Kingdom.

Marriage Licenses

Clyde Wilson Tarbox and Gwen Sparks, both of Perryton, were issued a marriage license at the county clerk's office on March 31.

Lee H. Hampton of Jetmore, Kansas, and Laura E. Harlow, of Dodge City, Kansas, were issued a marriage license on April 5.

Citizens Asked Questions for Civic Progress

The board of directors of the Chamber of Commerce is sending out ballots this week to each member of the C. of C., submitting a list of civic improvements for Perryton. The members will vote on these suggested improvements, and the results will be used as a guide for the C. of C. program this year.

A similar balloting was held last year, with many valuable suggestions received.

The suggestions on which the members are voting are:

1. New industries.
2. New Post Office.
3. Cooperate with swimming pool operation.
4. Telephone improvement.
5. Extension of railroad or secure another line.
6. Park improvement.
7. City beautification.
8. Better traffic enforcement.
9. Secure traffic lights and stop signs.
10. Encourage more farmer interest in Chamber of Commerce.
11. Encourage more recreation at home.
12. Extension of highway east.
13. Encourage development of community grounds.
14. Replacement of Wolf Creek dam.
15. Relacement of Optima dam.
16. Hold quarterly membership meetings.
17. Carry out a good will tour.
18. Improvement of mail service in and out.
19. More housing.
20. Lend assistance for Canadian bridge.
21. House numbers corrected.
22. Mosquito and fly eradication.
23. More residential street lighting.
24. Prepare a folder for distribution advertising Perryton.
25. More news released by daily papers and radio.
26. More bus service.

Blance Anglund, interior decorator of the Hill Furniture Company of Amarillo, was in Perryton Thursday in connection with the re-decoration of the First National Bank.

Services Held Sunday for Mrs. Slaughter

Funeral services were held Sunday afternoon in the Baptist church for Mrs. John Slaughter, who died Saturday night in the Perryton Hospital after an illness of about a week. She was 44 years old.

Mr. and Mrs. Slaughter formerly lived in Perryton, having moved to Follett to go into business less than a year ago.

Rev. T. B. Satterwhite of Follett conducted the final services, assisted by Rev. O. C. Curtis, local Baptist pastor.

Survivors, besides her husband, are two sons, Earl L. Shuyler, U. S. Army and Larry Gene Shuyler, Follett; a grandchild, Earl Shuyler, Jr., and her mother, Mrs. Maggie Clepper, Follett.

Palbearers were Ray Wright, Gordon Wright, Don Shockley, Mark Burton, Tom Evans and C. H. Williams.

Burial was in Maize, Kansas, on Monday afternoon.

The caloric content of the per capita American diet remained fairly constant from 1920 to 1941.

Reds Say Planes Cure Whooping Cough

MOSCOW (AP)—An announcement from Riga says many children have been cured of whooping cough by taking them aloft in an airplane and keeping them there for an hour or more.

Special planes have been equipped for this treatment and the report says the children appear to be as thrilled over their rides as their parents are over the treatment.

W. C. Martin, Lubbock, visited in the home of Mr. and Mrs. M. Cudd, Tuesday night.

Many Firemen Reduce Their Time on Duty

CHICAGO (AP)—Firemen are putting in less time now in 150 cities.

The International City Managers Association says working hours were cut in the last year. Many cities reduced duty time from 84 hours per week to 72. The forces in many others went on a 48 hour week. Two adopted a 40 hour, five day week.

Mr. and Mrs. Simon Maxwell, Denver, Colo., were in Perryton last Thursday visiting friends.

Little Miss Anita Hibbs, daughter of Mr. and Mrs. Frank Hibbs, is recuperating from a fall from a divan to the floor in the Hibbs home, which broke her arm between the shoulder and the elbow.

A. C. Cotney, postmaster at Follett, Texas, was a business visitor in Perryton Monday.

No. 7 Continued from Front Page

offices, the school and the county. Who pays the taxes that supports the school, the city and the county governments? We've never heard of the slick-tongued city salesman or the firm he represents putting one cent in the treasury of our local bodies.

Perryton has a modern bakery and a most excellent dairy. It also has an ice cream and butter plant. All produce fine products. They provide employment and a livelihood for

many Perryton people and the more of their products you use the more employees they would have, the more taxes they will pay and a part of their profit will come back to you directly or indirectly.

This is true in many other lines. Perryton has other manufacturers and wholesalers... canvas products, boots and belts, pocketbooks, auto supplies, candy, printing, etc. Personally, you probably do not "owe" any of them any business... but you have a selfish interest... as a business man, public official or a private citizen... you owe it to yourself to do business whenever possible with them... for when they make a dollar profit, it goes right back into home channels.

We've mentioned only manufacturers and wholesalers... but let's not forget that Perryton retail stores in all lines are just about tops. We are very proud of the many fine, modern, progressive stores in Perryton. Here you'll find grocery, dry goods, and ready-to-wear, drug, automotive, farm machinery, hardware, building material, electrical, cleaning and retail business establishment of every nature. Perryton is rapidly becoming a medical center... fine physicians, sur-

geons and hospitals, the best of dentists and optometrists. So just "Buy Perryton"... be your needs wholesale or from a manufacturer, retail store or professional man... and by so doing you will build Perryton, make more jobs, make possible more taxes, raise the value of town and country property and a part of the profits that remain at home will eventually come back to you.

We realize that during the war years and the years of shortage since the end of the war... people kind of got away from the "trade at home" way of living. We were desperate for things and we shopped and bought where we could. It was true then that the local business man was short on merchandise, short of help and had more business than he could take care of... but the picture has changed and is going to change even more.

The time is here for a saner and better way of living... most of us have been money mad... it was just a game of "dog eat dog." Now we've got to readjust... think of the future, be better neighbors... and remember that the big town peddlers don't really give a tinker's dam about us except for what they can get out of us. Do they pay taxes, donate to churches, pay dues to the Ochiltree County Chamber of Commerce, take part in any civic affairs, support the Farm Bureau? No, they are not interested in us... of course they like to see us prosper for one and only one reason... and that is that we make dollars to spend with them.

Now that we have three new members of the city council, we are wondering just what will be the outcome of the movement to install parking meters. Personally we would like to see them given a trial. As it is we are not sure that they will work out, although most towns that have installed them still have them and are adding more meters all the

time.

We think that too much emphasis has been put on what the business men of Perryton think about parking meters. It appears to us that the customers of Perryton stores are really the ones to be concerned and consulted in the matter. Parking meters will provide a real convenience for shoppers... on the other hand they would be an inconvenience for business men and their employees who now take up most of the parking space in the business area with all day parking of their private automobiles.

And then we think that one great big reason for the City of Perryton to seriously consider them... and that is the financial return. Seems to us like we've never known the time when the city hall was not short on money to do this and to do that... parking meters would provide many thousands of dollars of revenue. So we say we'd like to see them given a fair trial... it's not like cutting your head off, if they don't work out, why then remove the meters and we'll be right back where we started with no damages to anyone except the company that installs the meters.

Looks to us like the traffic conditions in Perryton are getting a little better... but there's still room for much improvement. Now that the spring season is here, the scooter menace is with us again. We can't understand why parents persist in buying these dangerous motor scooters for their little children. In the first place it is a violation of the law for any person without a driver's license to operate a motor scooter on the streets or highways. Just tonight as we came to work, we pulled up to turn into Main Street. A string of cars were coming from the south but we had plenty of time to make a left turn into the Main Street traffic... but just as we started up there popped up a motor scooter, no lights, two small boys on it... right in front of us. It made a left turn right in front of us... we were able to stop but it was a close call and we shudder yet at what could easily have happened. Please, please, parents, use a little common sense and keep your children off these scooters. The possible price is too high to pay.

faces the south, with the gym and auditorium located in back of the main building. Classrooms are located across the 180-ft. front, separated by a full-length corridor. A row of classrooms will be built adjoining the gym, but will be constructed so they can be taken out and moved to the east wing when it is built.

The gym and auditorium is 100 by 64 feet, capable of seating 400 in the gym and over 800 when it is used as an auditorium. The stage is located at the north end.

There will be 275 steel lockers along the corridors.

The school district has already drilled a new well and have a new pump installed at the school site.

Steel framework for the gym and auditorium is standing at the site now, but will be replaced by heavier steel framework, which the school board and contractor feel will be more suitable.

With 277 square miles, the Balco district is one of the largest in Oklahoma. The tax valuation is approximately \$2,750,000. There have been ten districts added to the Balco district within the past two years.

The new building is designed for an enrollment of 250 children. There are 127 enrolled now, with approximately that many more children now attending school in Perryton and Booker. A high school enrollment of 75 or 80 is expected next fall.

There are nine on the school faculty at present, headed by A. M. Keeth, superintendent. Mr. Keeth, who was formerly dean of administration at Weatherford College, Weatherford, Okla., joined the school as superintendent at the opening of the school term last September.

Alvin Howell is principal of the high school.

Other teachers are Josephine Pruitt, English and history; Vera Mae Cole, commercial and science; Benny Valentine, music and band; Mrs. Mabel Venable, seventh and eighth grades; Mrs. Gertrude Lallament, fifth and sixth grades; Mrs. Leona Keeth, wife of the superintendent, third and fourth grades; Miss Georgine Lallament, first and second grades.

Members of the Balco school board are Harold Cornell, director, Glen Wright and Tom Wilson. Wilson, who was elected in the election last Tuesday, succeeded Alvin Colvin, whose term expired.

An expanded curriculum is expected with the completion of the new building which will give more space and equipment. Vocational agriculture and home economics will be added this fall. The music and manual training departments will be expanded.

The Balco school will be as fine as can be found in this part of the country, patrons of the district believe, when the school is completed.

Several have been working out at the ball park for the past week, and it is expected that many more will join them in this first practice.

Those who want to play must furnish their own shoes and gloves. The club will furnish all other equipment.

The diamond is being worked into shape, and a backstop is being put in place this week. The playing field has been laid out in front of the grandstands at the fair grounds, making plenty of seating space for the games.

The first game for the local club will be with Sunray on May 2, with the game to be played in Perryton.

No. 1 Continued from Front Page

The revival will continue thru Sunday, April 18.

Dr. James is known for his ability to put across his message in a direct, to-the-point sermon. A great thinker and accomplished speaker, he has won countless friends among all denominations.

The Baptist church extends an invitation to everyone in the Perryton community to join in this revival meeting and take advantage of this opportunity to hear one of the outstanding Christians of Texas.

The school district has already drilled a new well and have a new pump installed at the school site.

Steel framework for the gym and auditorium is standing at the site now, but will be replaced by heavier steel framework, which the school board and contractor feel will be more suitable.

Double Life' Portrays Ronald Coleman in Award-Winning Role

"Double Life," the picture starring actor Ronald Coleman, winner of the Academy award for the year, will be shown at the Ellis on Wed. Thurs., April 9-10.

The picture is a psychological drama, which gives Coleman a chance to run the gamut of acting situations, has been acclaimed as one of the best films in recent years.

"Double Life" gives Coleman a chance to run the gamut of acting situations, has been acclaimed as one of the best films in recent years.

Double Life" gives Coleman a chance to run the gamut of acting situations, has been acclaimed as one of the best films in recent years.

A third cast was assembled for the scenes in which they are in a stage comedy.

The setting of "A Double Life" is New York City. To make this setting authentic on the screen, Colman, Director Cukor, the production staff and 15 members of the production crew, flew to New York and filmed scenes there.

Back at the studio shooting was resumed with two production units at work. One unit filmed Colman and the other principals in key sequences. The other unit for two days shot theatre audience scenes. Two hundred and twenty-five extras were used on the first day to play one audience. The second audience was formed of 225 different people.

Mrs. C. A. Zirkle left Saturday morning for Moreland, Okla., to be at the bedside of her mother, Mrs. W. L. Haskew, who suffered a stroke and is critically ill. On Sunday, Mr. and Mrs. Rufus Bolerjack and children took Mr. Zirkle to Moreland to be with the family. On Monday, Mrs. Haskew's condition was slightly improved, but still critical.

DON'T LOOK NOW, BOB—But you're being followed, Bob Hope tries to sell himself to Dorothy Lamour in Paramount's new comedy riot, "Road to Rio," while Bing Crosby puts the hex on him. The picture features the Andrews Sisters, too, and plays at the Ellis on Sun.-Tues., April 11-13.

Hope and Crosby Hit the Road Once More; This Time to Rio

Those hilarious highwaymen, Bing Crosby and Bob Hope, have again hit the road and their latest excursion is the prize picnic of their many riotous adventures.

The new Bing and Bob travelogue, "Road to Rio," opens Sunday at the Ellis, with luscious Dorothy Lamour again co-starring with the daffy duo.

Further embellishing this comedy hit are the Andrews Sisters and the Wiere Brothers, the former adding to the film's melodic moments and the zany male trio to its madness. Then, too, there are four brand new song hits from the fertile pens of James Van Heusen and Johnny Burke. Crosby solos on "But Beautiful," teams up with Hope on "Apalachicola, Fla.," rounds out a quartet with the Andrews Sisters swinging "You Don't Have to Know the Language," then turns over the vocal chores to Miss Lamour who goes it alone with the novelty number, "Experience."

Down on their luck, clarinetist Crosby and trumpet player Hope hit the "Road to Rio" when one of their crazy money-making schemes wrecks a carnival. They stow away on a luxury liner bound for the land of coffee, romance and the samba. There they run into Dorothy Lamour, prevent her suicide and become involved in the strange doings of her aunt, who is obviously up to no good. Before the film runs its comic course there's an awful lot of laughter in Brazil.

Uniforms Provided For Soviet Miners

MOSCOW (AP)—Soviet miners are getting uniforms. The uniforms were decreed in a new law which provided ranks, pensions, seniority pay and in general "cradle to the grave" security for underground workers and engineers of the Soviet coal industry.

DRAWS TOP SALARY — Ed McKeever, who has been signed as head coach of the Chicago Rockets, is reputed to be drawing a salary upwards of \$25,000. This is a far cry from the young man who landed at Texas Tech in the 1930's with two dollars in his pocket, looking for an education. After a successful playing career at Tech, McKeever moved on to Boston College, to Notre Dame, now into professional coaching ranks.

Two Beauties Seen in Movie Of Old West

On the theory that the frontier West was not altogether a man's world, "The Vigilantes Return," outdoor saga filmed in Cinecolor, utilizes the machinations of a brace of designing females, played by Margaret Lindsay and Paula Drew.

The picture comes to the Ellis on Friday and Saturday, April 9-10.

Victims of the distaff trouble-makers in the story are rugged Jon Hall and Andy Devine. Hall portrays a frontier marshal.

For the purposes of tracking down the undercover leader of an outlaw band, the marshal utilizes an alias and ostensibly falls in with the desperadoes. However, he runs afoul of a mysterious lady informer who tips off his true identity to his enemies.

Framed for murder and threatened with lynching, Hall escapes from jail with the aid of his pal, Devine, and Miss Lindsay, a saloon queen.

Their efforts to enlist the support of the vigilantes—law-abiding ranchers who have been victimized by the renegades—and the mob's counter-attack to spoil this plan, are fraught with tense action and thrills that sustain to a spectacular climax.

Mr. and Mrs. S. P. Whippo and Ruth returned home last Thursday from a trip East. Mrs. Whippo and Ruth visited Mr. and Mrs. J. L. Cougar at Kansas City, Mo., while Mr. Whippo went on to Quincy, Ill., on business.

Mr. and Mrs. Whitey Perkins were weekend visitors recently in the home of his brother, Eckford Perkins and Mrs. Perkins at Wewoka, Okla.

CAN HE BEAT DODDS?—Gerald Karver, Penn State miler, is boosted as the man who can outrun preacher Gil Dodds, current mile king. Karver is supposed to be capable of running the mile in 4:04.

J. W. Black left Monday to return to his home at Albuquerque, N. Mexico, after visiting since Christmas in the J. B. Cartwright and S. P. Whippo homes.

Goodyear Has Two New Lines Passenger Tires

AKRON, Ohio—Introduction of two new lines of passenger automobile tires for renewal sale was announced here today by The Goodyear Tire & Rubber Company. Names of the two new lines are Corsair and Marathon.

In a letter to its dealers, Goodyear has advised that limited stocks of the Marathon are available and that production on the Corsair line has begun. It is indicated that some of the new tires will be in the hands of dealers shortly after the first of April.

At the present time Goodyear's Deluxe line of automobile tires

in the popular 6.00-16 size retails at \$15.25 plus excise tax. In the same size the new Corsair will list at \$13.95 plus excise tax and the new Marathon will be \$12.40 plus excise tax.

The Corsair is a multi-rib type of tire designed particularly for long wear and quiet running. The Marathon, originally introduced in 1938 and discontinued during the war, has a wide tread with an effective non-skid design that combines the advantages of multiple, long-wearing ribs with deep, skid-resisting, modified diamond blocks.

Mrs. Frances Ferguson, Mrs. Velta Wilson, Miss Virginia Good and Ray McWilliams were in Amarillo Monday evening to attend the Wayne King concert.

SCRIPTURE: Ezekiel 18; 24; 30:22-26; 37:1-14
 DEVOTIONAL READING: Ezekiel 34:15-31

His Message to Exiles

Lesson for April 11, 1948

CONTINUING the theme of last Sunday's lesson, we go further into the ministry of Ezekiel as God's messenger to a people in exile. For this Sunday we have chapters 18 and 34, and portions of the 36th and 37th chapters. The 18th chapter opens with a revealing rebuke to Ezekiel. God tells him expressly that he is not to say any more to the Jews that "the fathers have eaten sour grapes, and the children's teeth are set on edge. As I live, saith the Lord God, ye shall not have occasion any more to use this proverb in Israel. Behold, all souls are mine." And then God adds, "The soul that sinneth, it shall die."

GOD'S LOVE AND CARE
 ALL through these chapters in Sunday's lesson, two solemn truths appear—God's love for his people, manifest in unwearied care; and the responsibility of each soul for the sin which such commits against God.

This truth, or these truths, I should say, are equally applicable for us today. As Ezekiel was sent to remind the people of God's love and care, so must we, early in our youth, accept the responsibility of accepting his love or rejecting his love.

We cannot claim his care if we despise his will. That is the message of Ezekiel for us.

WHAT GOD IS LIKE
 NOWHERE in the Old Testament is the love of God more manifest and compelling than in Ezekiel 34:11-27. I hope that you will open your Bible to this passage. Here the Bible speaks in words that burn with the compassionate love of God for sinful souls.

"I will both search my sheep, and seek them out. As a shepherd seeketh out his flock in the day that he is among his sheep that are scattered; so will I seek out my sheep, and I will deliver them out of all places where they have been scattered in the cloudy and dark day. . . . And I will bring them to their own land, and feed them upon the mountains of Israel by the rivers."

One is reminded here of Jesus, when he said, "For the Son of man is come to seek and to save that which was lost."

A NEW HEART
 "A new heart also will I give you, and a new spirit will I put within you," Ezekiel 36:26.

Here we have, perhaps, the sublimest sentence in the prophecy of Ezekiel. God is speaking. Ezekiel is merely the messenger—the voice, as John the Baptist delighted to describe himself.

Ezekiel has faithfully declared that each individual is responsible unto God, and just as faithfully he has proclaimed God's love and care, and now he adds the third great truth, namely, that God waits to bestow the new heart and the new spirit to every repentant soul.

A new heart and a new spirit. That is what the Jews needed. That is what the world needs today—a new heart and a new spirit. Only God could give a new heart then, and only God can make such gift today.

EZEKIEL'S MESSAGE FOR US
 WOULD we listen to Ezekiel today? He has the message we need above all other words that may be spoken. He called the Jews to repentance of sin. That is what America needs today. Boys and girls need it. Men and women need it. And just as God waited patiently to bestow the new heart and spirit to Israel in the long ago, so does he wait to grant us today a new heart and a new spirit.

"Our God, our help, in ages past,
 Our Hope for years to come;
 Our shelter from the stormy blast,
 And our eternal home."

(Copyright by the International Council of Religious Education on behalf of 40 Protestant denominations. Released by WNU Features.)

There's No Substitute

"I thoroughly believe in a university education for both men and women, but I believe that a knowledge of the Bible without a college course is more valuable than a college course without the Bible. Every one who has a thorough knowledge of the Bible may be truly called educated, and no other learning, or culture—no matter how extensive and elegant—can be a proper substitute."

Arvie D. Williams, Amarillo, was a Perryton visitor on Monday.

MAN THE ACTOR—When Harry Truman became President of the United States on the death of Franklin D. Roosevelt three years ago today, he may have thought he was taking over just one job. But political cartoonists can be believed, the man who entered the White House is the nation's foremost actor, playing a new character virtually every day. Here are some of the roles he has portrayed, as seen in cartoonist—Hank Barrow of (L.P.) News.

Men Payments Purchases \$19 Million

Payments and purchases made by the Borden Company in Texas during 1947, totaled \$19,492,000, it was reported here today. Stanley Young, manager of the Borden plant in Amarillo, said that this total represented the amount paid to farmers for milk and other supplies, to employees for wages and commissions and to state and municipal governments for taxes and assessments. In addition, Mr. Young said, the Borden Company completed payments to stockholders, amounting to \$2.55 per share, to 883 stockholders who were in this state. The largest group of new stockholders were housewives, Mr. Young pointed out.

Anna Cartwright left early this week for Corpus Christi, Tex., where she will spend two weeks with her daughter and family, Mr. (L.P.) and Mrs. H. D. Hearn said.

Braves Have \$100,000 Twin Play Combination

BRADENTON, Fla. (AP)—The new double play combination with the Boston Braves—Rookie Alvin Dark at short and Eddie Stanky on second base—carries a value of at least \$100,000.

Dark, former Louisiana State athlete, received a \$40,000 bonus for signing while \$60,000 and two players—Ray Sanders and Barna Rowell—went from the Braves to the Dodgers in exchange for Stanky.

Manager Billy Southworth believes Stanky will be invaluable in helping Dark make the grade as a big league shortstop.

Texas Today

By DAVE CHEAVENS
Associated Press Staff

Austin, Texas, April 6—(AP)—Texas' Wallaceites flatly deny they have any designs to meddle in Democratic party affairs this year.

They don't want to have anything to do with the democratic precinct, county or state conventions. That makes it mutual, because the democratic leadership doesn't want friends of Wallace at their conventions, either.

Gov. Bauford Jester made this clear here recently when he revealed the party leadership is raising a war chest to fight what he called "leftist" elements who are trying to take control. He was asked if the Wallaceites are going to try to infiltrate the democratic party, and replied:

"We will know more about that after the meeting here Sunday." Jester was referring to the state gathering at which a Texas Wallace for President club was organized and plans were made for a state convention April 25 to form a new political party. It will probably be called the Texas Progressive Party, and it is being organized to make certain Henry Wallace's name is printed on the general election ballot in November in compliance with Texas' complicated election statutes.

Herman Wright of Houston, chairman of the committee, reminded the delegates attending the pre-convention session here that they would disqualify themselves as members of the Wal-

lace Party if they attended Democratic party sessions. No one argued the point.

Wright and other leaders of the Wallace movement have never been prominently identified in Democratic Party affairs, in Texas. Although most of the people questioned this correspondent at the meeting here said they had been Democrats.

Notably absent from the Wallace movement are any of the topflight leaders of the pro-Roosevelt faction of the Democratic party that won control of the party machinery in Texas in September, 1944. Many of them are active now as pro-Truman democrats.

Wright is a Houston Labor lawyer, Ben Ramey of Houston and Joe Bailey Irwin of Dallas have been active in young democratic affairs, but not since the middle-of-the-road group won control. Arthur Mandell of Houston is a labor lawyer.

The Wallace meeting was opened with prayer by a negro minister, the Rev. Stacy Adams, who has been a democratic precinct committeeman in Dallas. He said that he would resign, since he has now identified himself with the Wallace Party.

There was a great deal of talk against racial discrimination at the Wallace meeting, which was held at a dinner club where no objection was raised to admitting negroes or Latin Americans. They sat down with the anglo americans in the business sessions, and at lunch, except in one instance, and this did not involve a negro.

Two Anglo american women delegates were seated at a table which had places for four. A

Smith Announces Sale on U. S. Air Ride Tires

Extra low-pressure tires, which are expected to become standard equipment on all new cars by the end of the year, are now available replacement tires on present automobiles.

Dealers are now stocked with a full line of the new U. S. Royal Air Ride tires, reported Glen Smith of Glen Smith Conoco Service.

Car owners will in 1948 learn of the amazing change in the feel of driving brought about by this extra-low-pressure tire. They are coming through as equipment on many of the finest new cars.

Production of this special tire hostess asked if she could seat a Latin American delegate, and one of the women was heard to say plainly she would prefer not.

The Latin American was found a place elsewhere.

Working Thru College

CLEARWATER, Fla. (AP)—Curt Simmons, 18-year-old Philadelphia Phillies' rookie southpaw sensation, says it will take him eight years to go through college at the present rate. The pitcher from Egypt, Pa., started at Muhlenberg College last September, majoring in business administration but left school in March to report to the Phillies' camp.

Mr. and Mrs. Irvin Hergert were in Liberal, Kans., Sunday visiting relatives.

Jester Sets April Cancer Control Month

HOUSTON—Calling for an expansion of cancer education, research and service in Texas, Gov. Beauford Jester proclaimed April Cancer Control Month in the state.

He requested that Texans support "fully the American Cancer Society's program," and detailed that program in Texas.

"Lives are being saved thru

the American Cancer Society's program of cancer control," the governor said. The society "is the recognized organization of our state primarily devoted to these essentials," he added.

April is set by an Act of Congress as Cancer Control Month, and President Truman also has called for public support. The Texas Division campaign coincides with that in other states.

Mr. and Mrs. Miles Sumpter and Lynn and Mr. and Mrs. Eli Symons were guests of Mr. and Mrs. Chas. Allen in Liberal Sunday.

PEAK PEACETIME STEEL PRODUCTION IN 1947 FOR DURABLE GOODS

Babson Discusses "Shall I Build Now?"

ROGER W. BABSON, Editor-in-Chief

NEW YORK CITY, April 2—There are many factors connected with new building today which should hold up costs for some time. Most of the increase is due to two main causes:

Why Building Costs Are High

(1) The increased powers of labor unions causing higher wages, shorter hours, and poorer work. This is partly due to the higher cost of living, restrictions as to apprentices, and the increased demand for houses. This labor cost applies from the cutting of the timber in the forests through every step of transportation, milling, superintending, marketing, etc. up to the real estate man who sells the house. Moreover, this costly situation is encouraged by Federal and State labor laws, municipal codes, social security deductions and a dozen more additions.

(2) Another factor is the taxes which must be paid by those who cut the tree, mill the timber, sell the lumber and other building material—as well as the taxes which the contractor must pay. These all snowball up one upon another with this result: The house which ten years ago cost \$6,000 now costs \$12,000; but 50% of this increase is due to the increased taxes which our present Administration at Wash-

ington collects.

Houses Recently Built

In view of the above, I seriously doubt if the cost of building new houses will decline much for some years. It is true that the quality of building materials should improve and that labor may give more value for a dollar of wages because nonunion labor competition will become more plentiful. Ultimately, there will be a decline in building costs to a point about halfway between the cost of ten years ago and the cost today. Even such a decline, however, is some time away. So much for new construction.

Now as to the price during the next few years of houses already built. There is no building boom ahead. Residential building in 1948 may be less than in 1947; while 1949 may be less than 1948 owing to war preparation restrictions. When Universal Training and the Draft take effect, contractors may begin to unload. They may be glad to get out even and some will be forced to take losses. It's all a question of supply and demand influenced by war preparations. Thus far more people have been moving into most cities—especially returning veterans—than there were houses. Now some of these people will wish to leave and to sell their houses. At first, this may be easy; but after the supply of such houses exceeds the

present demand—prices could tumble fast. So much for houses built during the past three years.

What About Old Houses?

The most attractive thing in real estate—outside of properly located subsistence farms—are old well-built houses in the best sections of small cities. These can still be bought for half what they would today cost new; and in many cases are better than they could be built today at any price. As people become more war conscious and as the draft takes young men, they will gradually sell their homes in large cities and move into safe communities.

Hence, while big city property is going down in price, these small city properties may be going up in price. If you own such a house, continue to hold it. If you live in a good section, buy a house next to you as an investment. Many of these old houses will double in price while the new houses built for veterans during the past few years may sell at perhaps one half what is now being asked for them. Unless you want one of these now, then wait for distressed sales.

What About War Outlook?

A great question is whether a war boom honeymoon is again ahead of us? If so, houses, ranches, and most city property could hold up awhile longer. There will be no war this year; but the very preparation for war should stimulate certain buying and retard other buying. One thing that looks good are certain large houses—now on the market at very low prices—which can be made over into apartments. There will always be a demand for well-located apartments. Even these you should live in or near and attend to. There is no easy way to make money in real estate.

Mrs. Kenneth Munger left Saturday for Hobbs, N. Mex., where she will visit her daughter, Mrs. Sherwood Speegle several weeks.

Mrs. Henry Allen, Liberal, Kans., came in Tuesday to spend several days visiting in the Claude Allen home.

Glenn Turner, Higgins real estate man, was in Perryton Friday morning to transact business.

NOTICE OF SHERIFF'S SALE

THE STATE OF TEXAS, COUNTY OF OCHILTREE

Notice is hereby given that by virtue of an order of sale issued out of the Honorable District Court of Ochiltree County, Texas, by the clerk of said court on the 24 day of March, A. D. 1948, in the case of Ollie Morris vs. Vernon H. Hawkins and Julia Hawkins, No. 981, on the docket of said court, on a judgment rendered in said court on the 10 day of January, A. D. 1948, in favor of the said Ollie Morris and against the said Vernon H. Hawkins and Julia Hawkins for the sum of

\$911.93 with interest thereon from the 10 day of January, A. D. 1948, at the rate of 6% per annum and costs of suit, with a foreclosure of vendor's lien on the following described real estate, to-wit:

Lot No. 5, Block No. 5, Cranfill addition to the City of Perryton, Ochiltree County, Texas

as said vendor's lien existed on the 10th day of January, A. D. 1948, and levied upon as the property of Vernon H. Hawkins and Julia Hawkins, and that on the first Tuesday in May 1948, the same being the 4th day of

said month, at the courthouse door of Ochiltree County, Texas, in the town of Perryton, Texas, at 10 o'clock a. m., I will offer for cash, to the highest bidder all the right, title and interest of the said Vernon H. Hawkins and Julia Hawkins in and to the above described real estate. Witness my hand, this 4th day of March, A. D. 1948.

TOM'S SHOE SHOP

A Block and a Half West of
the First National Bank

It's NO. 1 on the "It" Parade

It's much the same way with cars as with people.

Some "have it" — some don't.

Some you go for, all out — without quite being able to lay a finger on why. And those — well, they usually become your firmest friends.

What is it that makes so many good folks say this trim honey's "got it"? Good looks? One has to admit it's nice to ride in a car that is unmistakably itself and not just a slightly modified version of something else.

Size, weight? Well, the polls tell us it's a pretty important factor since, if you like an automobile that does things, there just is no substitute for brawn and solid substance.

Tune in HENRY J. TAYLOR, Mutual Network, Mondays and Fridays

Power? Naturally. You can't sit long behind this big Fireball straight-eight without falling for it plenty hard.

Handling? Ride? Room? They all have their avid fans among Buick owners. Especially now with a completely new kind of engine mounting ironing out vibration build-up as never before, and in this Convertible model, with automatic top, door-window and front-seat adjustment.

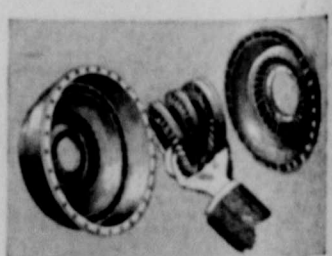

Is it the wonderful new Dynaflo Drive* that's causing so much talk?

In Roadmaster models that is certainly a big factor. You'll never know how silky smooth a drive can be — what fluent new ease there is to all your going — till you drive the car where liquid

replaces both the clutch and first, second and high gears.

But as nearly as we can find out — and we talk to a lot of people — it isn't any one thing that puts Buick at the top of the "it" parade. It's the over-all richness of this honey in all the things you've dreamed of finding wrapped in an automobile.

Ask any friend who drives a Buick — then see your dealer and get a firm order in, with or without a car to trade.

WHAT'S DIFFERENT ABOUT DYNAFLO DRIVE?

To an efficient new pump (left above), Buick engineers have added a true turbine (right) and an ingenious new supercharging pump (in hand) which produce a torque-building action in starting and accelerating. The result is the first device on any American passenger car which employs liquid to fill the function of both the clutch and the usual low, second and high gears. The clutch pedal is eliminated and a simple control gives the manual selection of power ranges and direction.

What happens if a disabled man falls in his course of being rehabilitated under the Vocational Rehabilitation Act (Public Law 16)?

Generally, Veterans Administration will take special interest in him in another way. He will be able to successfully. The situation in each case, however, is considered totally on its own merits. Can my award be reduced if the service-connected disability is shown to have increased in severity. For insurance purposes, there may be other disabilities, not service-connected, which, combined with the compensable condition produce total disability. Facts and material for determining the existence of permanent and total disability are different in insurance and compensation matters.

Q. Will a disabled veteran's compensation be reduced because he goes into training and receive subsistence under the Vocational Rehabilitation Act (Public Law 16)?

A. No.

Q. What are the conditions of eligibility for rehabilitation under the Vocational Rehabilitation Act (Public Law 16)?

A. A disabled veteran must

Nation's Increased Food Demands Is Hard on Soil

"The way we keep drawing on our land for increased production, you'd never know the war has been over for 2 years," says Pood Herndon, Chairman of the Ochiltree County Agricultural Conservation Committee. "We haven't slowed down a bit—in fact we're trying to get more out of our soil today than ever before."

This year, he explains, goals again call for record production. Except for one or two years, the land has been turning out record crops ever since 1937. American farmers are producing about 40 percent more food than they did before the war.

The chairman believes this continued high production cannot keep up without putting back in the land plant food elements that are being taken out. As he puts it, "the land will crack up sooner or later if we

don't." But, he explains, to meet consumer needs in this country and have enough food to share with Europe to help her back on her feet it is necessary to keep on producing all we can. And this, says the chairman, emphasizes the importance of the Agricultural Conservation Program with its practices to maintain soils and to keep soil losses and depletion to a minimum.

To indicate what is happening, he points out that a 30-bushel crop of wheat takes out of the ground the equivalent of a 100-pound sack of 20-percent phosphate. This means that 500 million bushels of wheat shipped to Europe would take something like 17 million 100-pound sacks of phosphate. Even more nitro-

gen and potash are used up, not to mention other essential minerals.

Growing cultivated crops open the land to erosion—speeds it up many times. To get by, this means shorter rotations, more humus from manure and crop residues, and more attention to contour farming. And just as soon as we can, some of this land should be turned out to grass or put into legumes. The ACP is set up to help farmers meet this problem.

Lloyd Phillips was in Pratt, Kans., to attend a Woolwine company meeting Monday.

Couldn't Take It

LEBANON, Ind. (AP)—Patrolman Alva Lundy has taken all the criticism he can bear. Lundy, assigned to enforce a new parking meter ordinance, turned in his badge in disgust. "I got a cussing with every ticket I passed out," he said.

Mr. and Mrs. Claude Allen were in Higgins this weekend, the guests of her cousin, Mr. and Mrs. Jack Killian. They also visited her parents, Mr. and Mrs. Henry Hale while there.

Washington Letter

By JANE EADS

WASHINGTON — Where the chimney swift made its winter home was a puzzling bird mystery for many years. It is a common bird in eastern North America in the summer.

The mystery was solved by marking the birds with numbered bands. There was great excitement in the bird-banding office one day in 1944, when the American embassy at Lima, Peru, reported 13 bands had been received from Indians. Records showed they originally had been placed on chimney swifts.

The banded birds had been killed by the Indians on the River Yanayaco, which forms the boundary between Peru and Colombia.

Bird-banding is considered one of the most important methods of getting accurate information on living birds today. The Fish and Wildlife Service says the number of banded birds reported in the past 28 years totals more than 5,200,000. Of this number more than 375,000 returns, or recovery records, have been reported.

Another well-known "operator" is the fake policeman. Bogus cops dupe citizens into opening their homes for searches which eventually cost them dearly—in foods, tobaccos and money which are confiscated.

Letter Go!

SOMERVILLE, Mass. (P)—The five little Kings of West Somerville may claim their father is a "Man of Letters"—twice over. Parent Walter King works at the post office. When the family was evicted, he found a new home in a vacant section of the local library.

CUSTER STANDS — George Armstrong Custer III, above, great grand nephew of the American Civil War general and Indian fighter, is a member of Michigan State College's varsity fencing team. Like his famous ancestor, young Custer is from Monroe, Mich.

Confidence Game Pays Dividends In Berlin Today

BERLIN (AP)—The confidence game is reaping rich harvests for Berlin crooks, and lonesome women are its chief victims. The official Soviet newspaper, "Tagliche Rundschau," surveying Berlin's crime picture, told Berliners that petty thefts could be reduced by 50 per cent if people were "more distrustful."

It had an especially unsympathetic word for man-hungry young women who "after three dances with a new acquaintance take him home and then are astonished if, next day, he has made off with their valuables and perhaps part of their furniture."

Another trick of "attractive young men" who are met thru date bureaus is to make off with the coats of their women companions after they are left in dance hall cloak rooms.

April Meeting Busy Ladies Class Held Friday

April meeting of the Busy Ladies Class of the Methodist Church was held in the home of Mrs. Anna Budock Friday afternoon. Mrs. L. H. Lance, in charge of the devotional, read the opening song, "The Word of Life." Mrs. H. W. Ragan read the story from the book of Proverbs after the opening song. Mrs. H. Truax voiced a prayer.

A birthday chant was given, and an appreciation was read by D. A. Caldwell and others read in unison to honor Anna Budock, whose birthday anniversary passed in March of the cold stormy weather.

Mr. C. Barlow Sr. had the pleasure to present the birthday gift in behalf of the class.

J. H. Neufeld, second vice-president, was in charge during business session. Following singing, "Jesus Is All the World Needs," routine reports were given.

Mrs. Caldwell read a letter from the class written by the president, Mrs. R. D. Stephenson, who is a patient in the hospital at Santa Fe, N. M., and from Mrs. Wiley, a former member, residing in Tennessee. The meeting closed with the prayer, and the song, "Be the Tie."

Refreshments were served by the hostesses, Mesdames J. H. Neufeld, D. A. Caldwell, L. H. Lance to the following: Mesdames F. B. Kile, S. J. Lett, C. A. Zirkle, H. C. Barlow, W. E. McMillen, H. W. Ragan, L. A. Seago, Belle Truax, Anna Rogers, Miss Nellie M. Perry, and Mesdames C. B. Leather, the hostesses and the hostess, Grandma Budock.

Community Mission Program Held by W. M. U.

On Thursday afternoon, the W. M. U. of the Baptist Church gave a community mission program.

Mrs. J. C. Cooper, community chairman, in charge of the program.

Sammie Roach brought a devotional, and Mrs. J. A. voiced the opening prayer. Discussed were "Total Abstinence," Mrs. Don Shockley; "Family Altar," Mrs. S. D. C. Cooper.

Don Shockley, president, read definite plans for increasing the membership and attendance of the organization.

During the social hour, the refreshment plate was served to 25 guests by the hostesses, Mesdames A. S. Brillhart, A. M. Horne, and J. H. Stephenson Jr.

Chop-Suey Dinner Friday Evening

Mrs. and Mrs. Jerome Woods and friends at a chop-suey dinner on Monday evening, and of bridge provided recreation during the evening hours.

Among the delightful couples were Messrs. and Mesdames Watson, Giltner LaMaster, Gregor, and Dr. and Mrs. Sanford.

California Vows Interest Here

Interest in her relatives and in this vicinity is the theme of Miss Ruth Elaine Carl C. Gunland in Fresno, recently. Miss Bray is daughter of Mr. and Mrs. Ray and the granddaughter of S. J. Allen, Perryton.

S. P. Tevis, aunt of the Misses Anna and Angie and Cecil and Byron of Perryton were among the guests. Miss Angie is bridesmaid for the couple.

The couple will make their home in Caruthers, Calif., where the groom is engaged in business.

Supplies about two thirds of the world's sugar.

Begin a new life with Mr. Do.

Beauty Salon SCOTT Phone 44

HOME SEWING BOON—Today's busy young woman, whether she keeps house or spends her days in an office, does a much more professional job of home sewing than her much trumpeted grandmother, and the survey shows that more women, from all classes and of all ages, are doing more home sewing than at any time since the first ready-made dresses appeared on the U. S. market. Marie Denham, successful New York model is shown as she lays out pattern for a new dress (left), carefully fits dress on thermoplastic model of her figure (center) and models a biscuit-toned shantung dress with the "new look" (right).

The Origin of the Wedding Cake Can Be Traced to the Days of Antiquity

Interesting facts regarding the origin of the wedding cake were published recently in the Bakers Review. The informative article, written by Dr. W. Schweisheimer, says that the baker who uses hours to complete the bold architecture of the wedding cake, is hardly ever aware that his work is the continuation of customs that can be traced to the days of antiquity.

Eating together is one of the earliest and most primitive marriage ceremonies. In the Fiji Islands, a marriage ceremony was complete as soon as the pair had eaten out of the same dish. Even today there is no ceremonial marriage without eating together.

In ancient Rome, marriage by "confarreatio," by eating together, was one of the strictest rites to celebrate a wedding. Only the highest and wealthiest families of Rome were allowed to make use of this expensive ceremony. Our own wedding cake probably goes back to the cake which was necessary for every legally binding confarreatio, though the two cakes were highly different.

The wedding cake to the Romans was a symbol of plenty, and each of the guests took a piece to insure plentifulness.

The early Anglo-Saxons, we are told by Lillian Eichler, had huge baskets of small dry crackers at their marriage ceremonies. Each guest took a cracker home and those that remained were distributed to the poor. Later it became the custom for the guests themselves to bring to the wedding small richly spiced buns which were piled in one huge mound on the table. It was a popular custom for the bride and groom to attempt to kiss each other over the mound, and if they succeeded they were assured lifelong prosperity.

The story goes that the wedding cake in the form of today was the idea of a French cook who was traveling through England. In London he had the opportunity to see a wedding cake.

our own hall of fame

We would like to create a special hall of fame for good telephone users. These are the folks who use the telephone party line sharingly. They respect their neighbors by not talking too long nor too often. They always replace the telephone on the hook after talking. Our hall of fame would include courteous children—considerate teen-agers—neighborly adults. This would be a gallery of really good neighbors—don't you agree?

SOUTHWESTERN ASSOCIATED TELEPHONE COMPANY

Shower Saturday Afternoon for Mrs. Guy Allen

A pink and blue shower on Saturday afternoon in the Dan Archer home was a compliment to Mrs. Guy W. Allen. Mrs. Archer was assisted in hostess duties by Mesdames Arvie Hale, Tom Waugh, Hood Wills, J. D. Davis and O'Dell Ryan.

The table was laid with a linen lace cloth centered by a crystal bowl filled with pink snapdragons and pink and blue shaded carnations. Mrs. Omar Cotter and Miss Terry Morehead, Brownfield, presided at the silver tea service.

Pink and blue carnations and pink hydrangea plants were used to decorate the entertaining rooms.

Approximately 65 guests called or sent gifts during the appointed hours.

Alton Boxwell was a guest of the Pampa Jaycees at the noon luncheon Tuesday. Boxwell is a candidate for state Jaycee vice-president.

If we don't have it, we can get it for you. Stewart Printing Co.

Entre Nous Club Meets Wednesday

Entre Nous bridge club members were entertained last Wednesday afternoon by Mrs. Glen McGibbon in her home. At the close of the games, Mrs. A. B. Hankins was awarded high score prize and Mrs. J. H. Brashears, second high.

Others seated for the games and the refreshment plate were Mesdames Fred Osborne, G. L. Kengle, Irvin Hergert, Cecil Dodd, Ray Nelson, LaRue Norris, Jack R. Todd, Miles Edwards and H. J. LeMaster.

Notia Club Meets In Wright Home

The Notia Home Demonstration club met in the home of Mrs. J. D. Wright Thursday afternoon. The program was opened by Mrs. Raymond Byers who conducted a quiz game.

The business meeting period was spent in discussion of the district meeting to be held April 30 in Perryton with Ochiltree county clubs, hostesses.

The demonstration by Mrs. Virdie P. Wheeler was the preparation of cabbage and carrots. She also discussed various foods and their nutritional value.

At the next meeting members are to bring something old or a sample of their hobby.

The luncheon plate was served at the close of the meeting to Mesdames Ralph Hale, Fay Savage, W. C. Cotner, Ed Savage, Raymond Byers, Carroll Wall, L. F. Waggoner, J. D. Wright, Bill Kellin and four guests, Mrs. Wheeler, Mrs. Chas. Thomas, Mrs. Ralph Longhofer and Mrs. Geo. Yates.

The next meeting will be in the home of Mrs. Byers, April 15.

Sell it with a Herald Want Ad!

Local Women to WSCS Conference

Mrs. E. W. Thomas, delegate from Perryton, Mrs. J. H. Sharpe, Mrs. Luther Kirk, and Mrs. Cecil Ottinger, delegate from the Book-er W. S. C. S., have returned from Plainview, Tex., where they attended sessions of the Northwest Texas Conference of the Women's Society of Christian Service last week.

At the meeting Mrs. M. B. Hilburn of Lubbock was elected president of the organization; she succeeds Mrs. J. H. Rutherford, Stamford.

Other officers elected and the districts they represent are Mrs. Uel D. Crosby, Lubbock district, vice-president; Mrs. Homer Brumley, Hereford, Amarillo district, recording secretary; Mrs. Paige Colinar, Stamford, treasurer; Mrs. C. C. Coffee, Lubbock, promotion secretary; Mrs. T. W. Whigham, Amarillo, secretary of missionary education and service.

Mrs. S. D. Hudkins, Sweetwater, Christian social relations; Mrs. J. D. Strickland, Plainview, student work; Mrs. Gordon Bennett, Hamlin, Abilene district, youth work; Mrs. H. W. Gaston, Clarendon, children's work; Mrs. J. R. Moore, Amarillo, literature and publications; Mrs. J. E. Peters, Lubbock, spiritual life.

Mrs. O. B. Jackson, Plainview, status of women; Mrs. Holland Holt, Abilene, supply work; Mrs. Luther Kirk, Perryton, missionary personnel; Mrs. George Turnley, Amarillo, Wesleyan Service Guild.

The conference was attended by 200 delegates from the wide west Texas and Panhandle area.

Junior M. Y. F. Meets With David Kent

Members of the Junior M. Y. F. of the Methodist church met Sunday evening in the home of David Kent. Mrs. J. A. Anderson, Mrs. Clifford Beck, Mrs. Alton Witt and Mrs. Aldon Bell took cars to transport the children to the Kent home north of Perryton.

Scripture was read by Pat Wood, Marilyn Scott and Lois Beck. To present the lesson, "Love Your Brother," Jane Malone told the story of Jacob from Genesis: 37, and the modern interpretation was given by Joy Anderson.

Mr. and Mrs. Kent served ice cream bars and cookies to Larry and Frank Bell, Don Bell, Ann Osborne, Kay Cayler, Joy Anderson, Pat Wood, Marilyn Scott, Donna Swink, Lois Beck, Jane Malone, Kent Apple, Bobby Wilson, Ronnie Witt, Bobby Beck, Kenton Bealmer and David Kent.

Balko School to Hold Box Supper

The Balko junior and senior classes will present a box supper Tuesday night, April 13, in the Balko school building.

The supper will begin at 8 p. m.

There will be an interesting program preceding the auction of the boxes.

Proceeds of the box supper will go towards defraying the expenses of the annual junior and senior trip.

April Fool Banquet Held Thursday Night

C. Y. F. of the Christian church entertained last Thursday night in the church recreation rooms. Miss Colene Scheil was jester for the evening's fun.

A green and white color scheme was used for the banquet decorations; a placard bearing C. Y. F. in green, and bouquets of jonquils adorned the tables.

Chas. Boatman, pastor of the church, brought the main talk of the evening, "Unfoolish Fancies," and other numbers on the program were the invocation, show, foolish harmonies, all fool's mixer, silly spree, false notes and frolics.

Young people who enjoyed the festivities were Colene Schnell, Colleen Milledge, Elaine Dietrich, Buell Holmes, Leland Wilson, Robert Wilson, Darlene Bull, Eleanor Witt, Maurice Wilson, Milton Todd, Shirley Littleton, Maresa Pittman, Roberta Clark, Cavita Thurman, Gene Boswell.

Party Thursday For Anniversary

An informal evening was spent by guests of Mr. and Mrs. T. O. Pugh, who were present for the party Thursday which marked the 26th anniversary of their marriage.

The gab-fest was thoroughly enjoyed as were the refreshments served to Messrs. and Mesdames Tom Slack, Raymond Powell, Floyd Murry, Glenn Allison, Glen McGibbon, H. J. LeMaster, R. R. Ward, Carl Blackmore, Miss Georgia Hurhley and the host and hostess.

Max Clark, Shirley Keim, Clarence Miller, Patsy Trosper, Ellama Organ and Weldon Bull.

Mr. and Mrs. Roy Miller and Mr. and Mrs. C. E. Presnell are sponsors of the group.

INCREASE YOUR "CREAM HARVEST"

with a

MCCORMICK-DEERING CREAM SEPARATOR

• Don't let a worn-out, inefficient separator reduce your "crop of cream." If you do, you're losing out on a big dividend from your herd.

A clean-skimming McCormick-Deering Cream Separator will increase your cream checks. It's just like adding an extra cow to your herd—and extra cash to your farm income.

Model S Cream Separators are now available with direct motor gear electric drive especially designed for heavy duty service. Smooth starting and positive contact are provided by an extended bearing support which holds the drive gear shaft in position.

McCormick-Deering Separators older than Model S can also be equipped with belt drive attachments.

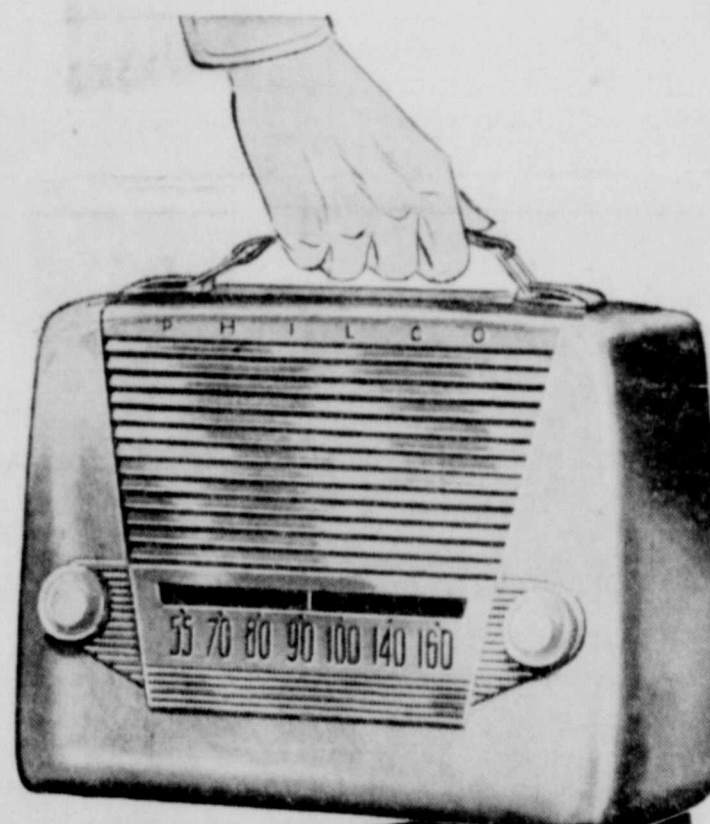

See us for complete information on these time and labor saving units.

April Fool Party At Grover Crums

Mr. and Mrs. Grover Crum and Mr. and Mrs. Kenneth Hocking were hosts for an enjoyable evening of fun on Thursday, April Fool, in the new home of Mr. and Mrs. Crum.

At the close of the pitch games which were played, Robert Holt had captured the traveling prize. Mr. and Mrs. Johnnie Luthi had high score and Mr. and Mrs. Oliver Carter, low score.

At a late hour, delicious refreshments were served to Messrs. and Mesdames Gene Cudd, Roger Tandy, Oliver Carter, Jeanne and Jimmie, Robert Holt, Edwin Malaney, Byron Kiser, Johnnie Luthi and Bobbie, Kenneth Hocking and Grover Crum and Gary.

Send a birthday card from the Stewart Printing Co.

Supper Club In Caylor Home

Supper club members were guests of Mrs. W. B. Caylor on Friday evening. Scoring awards went to Mrs. Max Boyer, high for women, and Jack Todd, high for men.

Mr. and Mrs. Boyer were present were Messrs. and Mesdames H. J. LeMaster, J. H. Brashears, Miles Edwards, Fred Osborne and Todd.

Sunday Dinner Guests

Mr. and Mrs. H. D. Barnes and Beverly and Mrs. Pearl Barnes entertained several guests at dinner Sunday.

Present for the day were Mrs. Pearl Barnes' mother and father, Mr. and Mrs. J. H. Nagel, and her daughter, Eleanor Barnes, all of Abilene, and her brother, Harold Nagel of Perryton.

Rev. and Mrs. C. E. Boatman, Billy and Butch, were Sunday dinner guests of Mr. and Mrs. Debs Riley and family.

Family Dinner Marks Birthday

A family dinner Sunday in the S. P. Whippo home marked Mr. Whippo's birthday anniversary. The event was a surprise to Mr. and Mrs. Whippo and Ruth, who greeted relatives arriving with dishes of food and best wishes.

Following the noon meal, motion pictures of the family group taken during the Yule season were shown.

Present for the day were Messrs. and Mesdames W. E. McMillen, Archie Correll, Ross Thurman, Rex Clark, Robert Kelly and Wiley, Alf Pittman and Mrs. Sue Chase, Whippo, Lewis Lannier and children, Mrs. R. T. Correll, Mrs. E. L. Whippo, Mrs. J. B. Oxford and Jac Mac, Annarillo, Mrs. Bill Seymour and son, Borger and J. W. Black, Albuquerque, N. M.

Mrs. McGibbon Hostess to Club

Mrs. Glen McGibbon was hostess to two tables of players when Friday club met in her home last week. Mrs. Fred Osborne played high.

Those present were Mesdames Max Boyer, G. W. Acker, Harlan Hawk, H. C. Brillhart, Vance Apple, LaRue Norris and Fred Osborne.

Mrs. Marion Tucker Honored at Coffee

Mrs. Marion Tucker was guest of honor at an informal coffee in the home of Mrs. Clifton Bell, 909 South Drake, on Friday morning. Pink and white flowers accented the chosen color scheme.

About 12 close friends of the honoree comprised the guest list for the occasion.

Club Women Attend District Convention

Perryton Sorosis Club was represented at Seventh District Texas Federation of Women's Clubs 27th annual convention held Monday, Tuesday and Wednesday in Pampa.

Delegates were present from 180 clubs in 49 counties of the district. Theme of the sessions was "Woman's Opportunities and Responsibilities in the New Era," with Mrs. D. L. C. Kinard, Memphis, district president in charge.

Among outstanding speakers on the program were Mrs. John J. Perry of Sweetwater, president of the Texas Federation, Mrs. H. Howard Hodge of Midland, appointed state board member, Mrs. J. W. Walker of Plainview, chairman of division of Woman's Action Committee for Lasting Peace and Dr. James P. Cornette, executive vice-president of West Texas State College, Canyon.

Mrs. W. B. LaMaster, general president of the Perryton Sorosis Club, and Mrs. Jack R. Allen, were present for the three day meeting. Attending sessions Tuesday were Mesdames H. C. Brillhart, H. T. Cutter, C. B. Rogers, Arch Talley, Audie Conley, Lloyd Phillips, J. W. Putman, Oran Bell, and D. A. Caldwell.

Story of Wedding Cake (Continued from Page 1)

portunity of seeing several marriage ceremonies, and he noticed the inconvenience of piling hundreds of small spice cakes into one solid mass.

The bride, from long tradition, has the right to cut the first slice of wedding cake. The superstition is that if any one else cuts the cake first, the bride's happiness and prosperity of the marriage are cut into.

In certain parts of Greece today the offering of cake constitutes one of the most important features of the wedding ceremony. The wedding festivities last a week. On Monday and Tuesday, the grain for the cake is sifted and carried to the mill by the bride and her girl companions. On Wednesday they bring it home, and friends come to the house to help knead the dough. The cake is baked on Thursday; portions of it are given to the company. On Sunday, the last day of the ceremonies, the bridegroom gives half of the cake to the best man and the other half to the bride on the following morning. The day after the wedding the best man appears in the home of the newlyweds, bringing with him his portion and the bride partakes of the cake.

In Bulgaria, the parents of the bride make cakes and send them to their friends. This means an invitation to the wedding. When a Bulgarian bride is led to her new home, she is met by the best man and others with a big cake, fruit and wine. In the granary of her new home the cake is displayed on a barrel of wine.

In China, the bridegroom's family sends little wedding cakes to members of the bride's family, who in turn send the cakes to other relatives and friends as invitations.

Many wedding customs have changed in the course of time and so has the wedding cake which has become more and more ornamental. Today in all civilized countries, the wedding cake is an elaborate affair, destined to be enjoyed by all the wedding guests, and still a symbol of happiness and prosperity for the newlywed couple.

McMillen Club to Have Box Supper

A box supper will be held at McMillen school on Saturday night, April 10, at 7:30 o'clock. The event, sponsored by the McMillen Home Demonstration club, is open to all, the public is cordially invited to attend.

Coffee will be served free, it is announced.

Mrs. Dowers Honoree For Informal Evening

Mrs. Knute Dowers was the honoree for an informal evening enjoyed by close friends in the home of Mr. and Mrs. Jimmie Palmer Friday. The occasion marked Mrs. Dowers' birthday.

Following hours of card games, refreshments of ice cream and cake were served.

Those present were Mr. and Mrs. Elliott Lee, Mr. and Mrs. Dowers and Mr. and Mrs. Palmer.

Virgie Lou Wilson Honored Sunday

After church services Sunday morning, Miss Virgie Lou Wilson was surprised to learn that five of her girl friends were to be her guests for the day to help her observe her eleventh birthday.

The girls rode to the A. K. Wilson farm home, there to enjoy a wiener roast at noon and a birthday gift for inspection, horseback riding and other sports during the afternoon. At four o'clock ice cream, sandwiches and birthday cake were served.

Mrs. Wilson brought the girls to town for Christian Endeavor a little early, and the Endeavor sponsors had planned a small party for Virgie Lou preceding the regular service. Punch and cookies were served by Mrs. Monroe Ballard, Mrs. Weidon Clark and Mrs. Wilson.

Enjoying the days activities were Gayla Faye Milledge, Joyce Schoonover, Elaine Clark, Marita Lou Pittman, Patsy Halpain and Virgie Lou.

Jackie Watson is Five Years Old

A neighborhood party on Tuesday morning, April 6, marked Jackie Watson's fifth birthday. His mother, Mrs. O. C. Watson, supervised hours of play and served the young guests refreshments of cake, jello and punch.

Playmates who enjoyed the morning were Chuckie Woods, Arden and Allen Bealmer, John Erickson, Gerald Schweitzer, Ronnie Smith, Regna LaMaster and Sharon Smith.

Mrs. Kershaw in Kansas for Month

Cooperating to help make reading the Herald more interesting, Harold Kershaw sends the following item by mail:

"Mrs. J. H. Kershaw is helping young Joe Howe Parsons get started in life. Joe is the new son of Blanche and Ken Parsons; Blanche is Mrs. Kershaw's sister. Mrs. Kershaw will return to Perryton April 20 when Joe will be a month old. She figures he will be old enough to take care of himself by that time!"

The Parsons live at Stanley, Kansas, near Kansas City.

Mr. Kershaw further states that his wife left a darn good cook to take care of things in her absence in the person of daughter, Connie, high school sophomore.

Pounding for Boatman Family

Rev. and Mrs. C. E. Boatman, Butch and Billy, were surprised at an old fashioned pounding last Monday evening, March 29. Members of the Christian Church, where Rev. Boatman recently assumed pastorate, went to the parsonage for the pounding, and returned to the church for hours of informal singing and visiting.

Approximately 75 members of the congregation were present for the occasion and were served a refreshment plate.

Laverne Race Meet to Open On April 14

The ninth annual race meet opens at Laverne, Oklahoma the week of April 14th and 15th. Following with races the next week on April 21st and April 22nd. The final day will be April 25th, making in all 5 days of racing with 6 races a day.

The Association is building 40 new stalls and making a number of other improvements on the track and all finishing touches will be in order by the time the meet opens.

Preparations are being made to make this meet as big or bigger than any that has been held in the past. Indications are at this time that there will be an excess of 150 horses at this meet. At this time a number of horses are on the grounds that have come from Hot Springs, Arkansas and Phoenix, Arizona, where they have been racing this winter. They are fit and ready and should produce some exceptional races.

The climaxing feature of this meet is the Buffalo Handicap Race and the Laverne Merchants \$500.00 Derby, which will be run on April 25th.

This Race Meet is sponsored by the Laverne Race and Rodeo Association, Inc., who have built one of the best race meets in this part of the country, and they extend a cordial invitation to all Race and Sport fans to join with them in this Spring Meet.

Per capita travel for Americans increased from about 400 miles a year in 1916 to about 2,400 miles in 1940.

Pro Gridging Called Easier Than College

Newsfeatures
SAN ANTONIO — Professional football is easier than the college brand, says Weldon Humble, Rice line star who played with the Cleveland Browns of the All America Conference this past season.

Home for the winter, the 1946 All-American guard plans to play pro football three more years unless something better turns up. He is considering a coaching career.

He scoffed at stories that professional football is rougher than that played in college.

"The way we play at Cleveland," he says, "it is much easier than at college. Our coach, Paul Brown, uses different teams for offense and defense, which means most players are on the bench at least half the game. As a result, they don't tire themselves out and aren't so easily injured."

Mr. and Mrs. Vernon Witt and children were Sunday dinner guests in the farm home of Mr. and Mrs. J. E. Cudd.

MEN'S WEAR STORE

Veterans NEWS

Veterans who file claims with the Veterans Administration for disability compensation or pension can help speed up service by observing seven simple rules, VA said this week.

They are:
(1) Remember to submit complete evidence concerning your physical condition, and the cause of such condition; (2) Spell your name clearly — the same way it appears on your service

records; (3) When you are informed of your "C" number, use it in all correspondence with VA; (4) Include your correct address in all correspondence.

(5) Avoid all unnecessary correspondence; (6) If you find it necessary to write, address your letters to the VA regional office concerned; (7) When requested to report for physical examination, or to submit additional evidence, do so promptly. If you cannot, let VA know.

The Veterans Administration is advertising for bids on the construction of a 200-bed General Medical and Surgical Hospital at Marlin, Texas.

Sealed bids will be received by VA in the Munitions Building, Washington 25, D. C., until 1:30 p. m., May 25, 1948, and then publicly opened.

At the discretion of the Veterans Administrator, drawings and specifications may be obtained by contractors interested in submitting bids direct to the Veterans Administration in Washington.

One out of every three World War II veterans has taken some

Bill Bangert—A Star in Four Acts

AP Newsfeatures

WILFRED (BILL) BANGERT of Normandy, Mo., has launched a campaign to qualify for the U.S. Olympic team in two different sports. But meanwhile he also is a big shot in two other fields as well, making him a four-star man.

SINGER: Operatic Baritone Bangert has been auditioned by the Metropolitan.

BUILDER: The Missouri and Purdue athlete is president of his own construction company in St. Louis.

SHOT PUTTER: Twice AAU shot put king, Bangert also is a 160-foot discus thrower. He has bettered 54 feet in the shot.

BOXER: A promising heavy-weight, he will try to place on the Olympic team.

Tech Receives Several Good Quarter Horses

LUBBOCK—Bright Eyes, American quarter mare presented to Texas Technological College last year by R. L. Underwood of Wichita Falls, is the dam of the first American Quarter colt, a filly, to be foaled at Texas Technological College since a stud of the breed was established here several months ago. Sire of the colt is Tar Baby, one of Underwood's outstanding studs.

Bright Eyes has had two offspring accepted for registry with the American Quarter Horse association, and has been accepted for permanent registry in the association stud book, according to word recently received by Dean of Agriculture W. L. Stangel.

Although the American Quarter horse is a distinct type with almost three hundred years of background, the American Quarter Horse association was established only in 1940 to establish formal standards for registry of the breed.

The horse came into the Southwest with the earliest settlers and was bred and developed by Texas ranchers as a cow horse, easily recognized by its stocky, heavy muscles in forequarters and hindquarters, intelligent heads, and short strong back and coupling. The animal is noted for its ability to make terrific bursts of speed, and famed for the outstanding records it set in short races not exceeding a quarter of a mile.

Dean McCutcheon, Howard Holt and Lonnie McGarrugh left Sunday for Dallas to attend the Scottish Rite Reunion Monday through Thursday. The men, members of the Ochiltree lodge, A. F. & A. M., will take Scottish Rite work while in Dallas.

V. R. Coon, W. M., and Elmer Harryman, J. W., of the Perryton Masonic lodge, and J. D. Andrews and Alfred Pittman visited the Cheyenne, Okla., lodge, A. F. & A. M. Thursday night to see E. A. degree conferred on Ray Anderson.

Texas Food and Climate Rated Last by Cash Crop of Tourists

AUSTIN, Tex. — Tourists spent \$178,562,365 in Texas last year. They were impressed with our hospitality but didn't think much of our food and climate.

Those findings were reported today by the State Highway Commission based on information collected at its information bureaus. The data was checked and verified by the University of Texas Bureau of Business Research.

Visitors entered the state at the rate of more than 10,000 a day, spending an average of \$8.73 each per day. The survey said. They used a total of 1,388,186 automobiles, traveling an average of 662 miles each. They stayed an average of 5.3 days.

Of the total, 52 per cent were visiting Texas for the first time. Vacation was the purpose of 58 per cent.

When they left 36 per cent had been most impressed by Texas highways and traffic services, 19 per cent with Texas courtesy, 13 per cent with the scenery, 11 per cent with the progress of busi-

ness.

Climate impressed only 2 per cent and food 1 per cent.

"This cash crop of \$178,562,365 constituted one of our largest sources of income in 1947," the survey noted.

Santa Fe Issues New Easy-to-Read Train Time Table

A new, easy-to-read time table has made its appearance on Santa Fe trains in the last few days.

T. B. Gallaher, General Passenger Traffic Manager for the Santa Fe at Chicago, today announced the innovation for the additional convenience of travelers aboard the trains.

The new time card carries an individual schedule for each Santa Fe transcontinental train, Gallaher said, and each section includes, in addition to train times, such information as mileage, altitudes, train connections at principal terminals, correct locations to reset watches, rivers crossed and the time of crossing, and other incidental information of interest to travelers, including even a list of tunnels on the Santa Fe, their length and the times the trains will pass thru them.

In the old-style time tables it was necessary for passengers on north and eastbound trains to "read up" the columns while south and westbound passengers "read down." On the new table, all schedules "read down," and there are separate sections for each direction.

Gallaher said the new folder in no way takes the place of the system time table, which also recently has been revamped, but is intended to provide Santa Fe's transcontinental passengers with a simplified time card pertaining only to the trains and routes on which they are traveling.

Mrs. Thurman Moore, Tulsa, Okla., is spending several days with her parents, Mr. and Mrs. W. E. Garrison and other relatives.

Red Tape Tangles Philippines Planes

MANILA (AP)—It's International Airport now, instead of Nichols Field, but from all the red tape you'd think there still was a war on.

Seven big airlines which use the field, backed by Airport Manager Jesus Villamor, have petitioned President Manuel A. Roxas to do something about all the red tape which arrived with civilian control. They complain that as many as 19 inspectors from government bureaus are required to supervise the arrival and departure of a single plane.

Miss Carmen Keith left Monday to return to Stephens College, Columbia, Mo., after spending a short spring holiday with home folks. Mr. and Mrs. Van W. Stewart took her to Canadian to take the train on Monday evening.

Mr. and Mrs. A. P. McCelvey left Saturday morning for Vernon, Texas, to be at the bedside of his father, A. P. McCelvey Sr., who suffered a heart attack last week.

In the interests of his own sound health and that of his family and associates, every adult should get a periodic chest X-ray. Neglect and delay are inexcusable these days when getting it takes a minimum of time and trouble. Your doctor or your tuberculosis association can advise you where and how to get X-ray examination and answer any questions you may have on tuberculosis.

Irrigation Has Drawbacks, as South Plains Farmers Know

LUBBOCK — A number of farmers outside the already established South Plains "irrigation belt" are in serious danger of ruining their land indefinitely because of high salt content in irrigation water, is a warning sounded by Dr. A. W. Young, head professor of plant industry at Texas Technological College.

A large percentage of water samples from relatively deep wells around Morton and Pecos showed high contents of salts, especially chlorides, carbonates, bicarbonates and sulphates of sodium, according to tests Dr. Young has run recently. He urged all farmers in that area to have chemical analyses run on their irrigation water before using it.

Although this water would probably produce satisfactory crops for two or three years, Dr. Young explained that it will leave heavy deposits of salt on the top soil, making it unfit even for dry farming. Natural rainfall is the only source of water that could then remove the chemical deposits, and that might take as long as 25 to 30 years, he stated.

A PATTERSON-SARGENT PAINT

White House Lumber Company

If you are 35, you can offset the debt on your home for approximately \$1 a month for each \$1,000 of the unpaid balance on your mortgage. The monthly arrangement is equally as attractive for any age.

WHERE THERE'S A HOME--there's security

More than anything else, your home means security to your family, especially to your wife. Even though you went in debt to get that home—as most folks do—it's the port of safety for your children, the haven of rest for you—a strong hold on the future for your wife.

The mortgage you placed on that home is the instrument that makes it possible for you to raise your family in pleasant surroundings... have a flower bed or two, and a garden. It's a kingdom of your own. Southwestern Life Insurance can make it possible for your family to continue to live there—may mean the difference between a debt-free home and insecurity for your family... may prevent a forced sale, and loss of equity.

A widow without income can't meet the payments on a mortgage. While you live, you plan to meet the payments on your home out of your earnings. Now, while you are earning, why not guarantee your wife that she will not have to meet those payments if death should interrupt your plans? Whatever you owe on your home—\$2,000... \$5,000, or more—there's a Southwestern Life Insurance plan to guarantee payment of the mortgage, and it can be patterned to fit your income. Without obligation, ask for a full description of a plan to fit your needs today.
