Jury Fix Charge Hits Hoffa Lawyer

NASHVILLE, Tenn. (AP) — An attorney preparing James R. Hoffa's defense against jury-tampering charges has been accused of the same offense and barred from practicing in federal courts.

District Judges William E. Miller and Frank Gray Jr. signed an order Wednesday night prohibiting Z. T. Osborn Jr. of Nashville from practice in their courts. Officials said the order would bar the lawyer from all federal courts.

The judges accused Osborn, 43, of offering $10,000 through a middleman to a prospective juror if he would prevent conviction of Hoffa, president of the Teamsters Union.

NO COMMENT

Neither Osborn nor Hoffa could be reached for comment.

Hoffa and six other men are to go on trial Jan. 6 on charges of attempting to influence jurors in Hoffa's trial in Nashville last year on charges of conspiring to violate the Taft-Hartley Act. Osborn, one of Nashville's leading lawyers, helped defend Hoffa in the 1962 trial.

Miller's memorandum said Osborn offered $5,000 through Nashville Policeman Robert D. Vick for the prospective juror, Ralph A. Elliott, if and when he was seated on the jury. The other $5,000 would be paid if Hoffa was not convicted.

RELATIVE

Elliott, a member of the district court panel of prospective jurors was said to be a relative of Vick's.

However, Elliott was not contacted and information obtained by Vick was turned over to federal authorities.

". . . The proof clearly indicates that he (Elliott) was never contacted in any way by Vick and that the case was never discussed with him," the judge said. "This statement is made in order that no implication of any nature will arise insofar as this particular juror is concerned."

Judge Miller said Osborn appeared before the court last Friday, and added:

UNTRUTHFUL

"His statements and answers on that occasion to the effect that he knew of no plan to improperly influence the jury in the forthcoming Hoffa trial and that he had engaged in no conversation with any person for the purpose of improperly influencing any prospective juror . . . were false and untruthful."

Osborn was one of the lawyers in the Tennessee reapportionment case, in which the U.S. Supreme Court ruled that federal courts could require state legislatures to reapportion themselves.

LAWYER Z. T. OSBORN DISBARRED
Accused of tampering in Jimmy Hoffa case

Officials Say Policy Same In Viet Nam

HONOLULU (AP) — South Viet Nam's change in government won't affect the United States attitude in the troubled Southeast Asia country, the U.S. State Department says.

Reporting on Wednesday's top - level meeting of diplomatic and military officials in Honolulu, Robert Manning assistant secretary of state for public affairs, said the meeting produced no proposals for major changes in U.S. policy in Viet Nam. He said he sees no changes in economic aid "in the forseeable future."

OFFICIALS

The conference drew together Secretary of State Dean Rusk; Defense Secretary Robert S. McNamara; Henry Cabot Lodge, U.S. Ambassador to South Viet Nam; Gen. Maxwell Taylor, head of the Joint Chiefs of Staff; Maj. Gen. Paul D. Harkins, head of the U.S. military advisory group in Viet Nam; Adm. Harry D. Felt, Pacific military commander, and other top - drawer civilian and military officials from Saigon, Washington, D.C., and Honolulu.

McNamara left Wednesday night for Washington immediately after the meeting to report to President Kennedy.

DISCUSSION

Manning's report described the day-long sessions as "more of a discussion than an arrival at a full set of finished decisions."

He said the conference produced "the raw material for recommendations" to be made to the President when McNamara, Rusk and Lodge arrive in Washington.

Rusk's return will be delayed by a visit with five other Cabinet members to Japan. Lodge is expected to confer with the President after his return to Washington Friday.

BY SYLVESTER

A statement on the conference by Arthur Sylvester, assistant secretary of defense for public information said in part:

"In general, information received at the conference indicates an encouraging outlook for the principle of joint U.S.-Vietnamese policy in South Viet Nam — that is, the successful prosecution of the war against the Viet Cong Communists."

While he was seeing McNamara off Adm. Felt was asked if the phrase "successful prosecution of the war" meant a speedup in activity against the Communist North Vietnamese.

President Hails Science Works . . .

Soviet Jets Blast Down Iranian Plane

TEHRAN, Iran (AP)—Three Soviet jet fighters shot down an unarmed Iranian plane 18 miles inside Iranian territory after it accidentally strayed into the Soviet Union, official government reports said today.

Two aerial survey officials aboard the plane were killed and the pilot was seriously injured.

The plane, on a photographic mission in connection with a land redistribution project in northeast Iran, lost its way Wednesday and flew into Soviet territory, the reports said.

The reports said the Soviet jets ordered the plane to land on a Soviet air strip. The pilot, however, found he was short of fuel and flew back into Iranian territory, the reports added.

The three jets then reportedly followed the Iranian plane and fired on it near Darghaz, in Iran. The plane was reported to have caught fire and exploded in the air.

The plane was downed while Soviet President Leonid Brezhnev was in Iran on an official visit.

News of the incident spread through the Iranian Parliament today as Brezhnev addressed a joint session on improved Iranian-Soviet relations. The president said the Iranian government and people are greatly satisfied with the removal of the "darkness" from their relations with the Soviet government.

The downed plane was a twin-engine, piston-driven civilian craft belonging to the Iranian Air Taxi Co.

Kennedy Speaks At San Antonio

SAN ANTONIO, Tex. (AP) — President Kennedy depicted his administration's New Frontier scientific program today as a bipartisan approach to the future which would benefit all mankind.

The Democratic President said in a speech prepared for dedication of the Aerospace Medical Health Center at Brooks Air Force Base that the "New Frontiers" slogan which helped him with the presidency in 1960 "is not the exclusive property of either Democrats or Republicans."

"It refers instead," he said, "to this nation's position in history today — to the fact that we stand on the edge of a new era filled with both crises and opportunities, an era to be characterized by both grim challenges and historic achievements."

This unusual bipartisanship on the part of the Prseident seemed to reflect considerable administration worry about what is going on in Texas. The state will cast 25 electoral votes, slightly less than one-tenth of the 270 total Kennedy would need for re-election in 1964.

Riding another plane, Vice President Lyndon B. Johnson and his wife accompanied the Kennedys to the Lone Star State for a first - hand look at voter reaction to the Kennedy legislative program — including civil rights — and how the President is handling foreign affairs.

IN HOUSTON

The President planned to fly tonight to Houston, where he was scheduled to speak at an "appreciation" dinner for Rep. Albert Thomas, D-Tex.

In his remarks at the medical center, Kennedy seemed to be answering those in Congress who think too much money is being shot off toward the moon in the space program.

The Senate voted Wednesday to trim $90 million from the program, reducing the total to the $5.1 billion previously approved by the House. Administration forces were pushed back to this position after repelling a bold assault by one of their usual supporters, Sen. J. W. Fulbright, D-Ark., to cut the total by $519 million.

"This program has degenerated into a great big grab bag with goodies in it for everybody," Fulbright said.

In direct rebuttal to the man he once wanted as his secretary of state, Kennedy said the space program promises as much for future scientific developments as wartime radar delivered in modern transistor radios. He said space research holds "substantial benefits for those of us who are earth-bound."

Accompanied by the First Lady, Kennedy flew to Texas to try to spread some high grade White House political oil on troubled Democratic waters. He also was mindful of the challenge of Barry Goldwater Republicans for Texas' support in next year's presidential election.

Kennedy will make five speeches and attend two receptions while in Texas. He will spend Friday night at Johnson's ranch.

ASSESSMENT

After three days of mingling with Democrats of every stripe, and even a few Republicans, Kennedy can expect to have a more accurate assessment of the reaction of voters in this sprawling segment of the no-longer Solid South to his civil rights proposals, his general legislative program and his handling of world affairs.

The party division over civil rights is illuminated by the fact that Gov. John Connally, who arranged the presidential trip initially, opposes the President's civil rights legislative package.

RALPH AND LBJ

Johnson and Sen. Ralph Yarborough, D-Tex., who don't agree on much else, support it. This includes the controversial section to enforce desegregation on businesses serving the public. Yarborough is running hard for renomination. He suspects Johnson would like to torpedo him.

Good Sale For Dinner In Austin

AUSTIN (AP) — Gov. John Connally said today more tickets are being sold to the $100 Democratic fund raising dinner here Friday than he expected.

Connally asserted that ticket sales have now "far exceeded" his earlier prediction of 2,500. Aides in the governor's office and at state Democratic headquarters refused to say how many have been sold.

Reports have told of resistance to the purchase of $100 tickets, particularly in the San Antonio area, because of friction between Connally and Sen. Ralph Yarborough. Rep. Henry Gonzalez complained that Connally has never answered a letter in which Gonzalez asked assurance that none of the proceeds from the dinner would be used to oppose Yarborough's re-election bid next year.

Democratic headquarters said 14 Texas congressmen, 28 state senators and 108 members of the Texas House have said they will attend the dinner.

The congressmen are Reps. Homer Thornberry of Austin, Wright Patman of Texarkana, George Mahon of Lubbock, Jack Brooks of Beaumont, Ray Roberts of McKinney, Albert Thomas of Houston, Jim Wright of Fort Worth, Gonzalez, Graham Purcell of Wichita Falls, Lindley Beckworth of Gladewater, John Young of Corpus Christi, Walter Rogers of Pampa, Joe Kilgore of McAllen and Olin Teague of College Station.

Debris Spotted After U2 Reconnaissance Over Cuba

KEY WEST, Fla. (AP)—The wreckage of a WU2 spy plane which vanished Wednesday, presumably after a mission over Cuba, was found today in 100-foot deep water in the Gulf of Mexico. The body of the pilot was not in the cockpit.

An air-sea search by Navy and Coast Guard planes and surface craft was continued for the pilot, Capt. Joe G. Hyde Jr. of LaGrange, Ga.

Capt. Ernest H. Dunlap, chief of staff to the commander of the Key West Navy Base, said two Navy salvage vessels, Petrel and Shrike, had reached the wreckage and determined that the pilot was not in the cockpit.

Earlier, the Coast Guard cutter Nemesis had reported finding debris at the spot 40 miles northwest of Key West and 180 miles north of the coast of Communist Cuba.

It was at this place that Hyde's plane vanished and where another aircraft eight minutes later reported sighting an oil slick.

SITE OF CRASH
. . . after Cuba mission

The Pentagon in Washington said it had nothing to indicate the fate of the pilot. The WU2 is a one-man plane.

The Strategic Air Command and the Defense Department said there was no evidence that the plane was downed by hostile action. A spokesman at SAC's Omaha headquarters said it was believed the crash was caused by mechanical failure.

A Cuban radio report said merely that a U2 "which might have been on reconnaissance activities over Cuba," crashed in the Gulf. It quoted Washington reports that "it is presumed the plane plunged into the sea due to a mechanical fault."

At 10:32 a.m. Wednesday, the plane vanished from radar scopes. Eight minutes, later, another plane spotted an oil slick in the area.

Three Navy air-sea rescue planes joined in the search.

SAC called the plane a WU2, but a Defense Department spokesman said that was only the designation for a weather plane version of the spy planes that are still flying over Cuba to keep guard against reintroduction of Soviet missiles in Cuba.

Search for the plane was being directed at Key West by the commander of Navy forces there.

Famed Birdman Of Alcatraz Dies

WASHINGTON (AP) — Robert L. Stroud, famous "Birdman of Alcatraz" died of natural causes early today in the federal medical facility in Springfield, Mo., government sources reported.

The sources said full details would be made when whatever relatives he may still have are notified.

FANS-LOTS OF 'EM-WANTED

Fair weather friends? Not for the Big Spring Steers, we hope.

Friday night will see the arrival of the state's top football team, San Angelo, to meet the Horns at Memorial Stadium. This means a full - house, enthusiastic, cheering throng of Big Spring rooters is a must for the local lads to try to spring the season's biggest upset.

Crisp, cool, real football weather is seen for the game, so bring a friend and get to the stadium early for a good seat.

Congo Seeks Red Break

LEOPOLDVILLE, the Congo (AP) — Premier Cyrille Adoula is preparing to break diplomatic ties with the Soviet Union and Czechoslovakia and expel their diplomats from the Congo, government sources said today.

The sources said Adoula would shortly publish documents, seized from two Soviet diplomats arrested Tuesday, which showed deep involvement of the two Communist countries in subversion in the Congo.

The sources said expulsion letters to the Russians and the Czechs were being readied by the Foreign Ministry. The final decision on when to deliver them is up to Adoula, they added.

NEWSMAN HELD

Soviet Embassy officials reported that a Russian newspaperman was arrested at his hotel Wednesday night. He was Benik Beknazar - Juzbachev, correspondent of the Soviet Novosti news agency who arrived recently in Leopoldville.

The Soviet officials said they still had received no news of the two diplomats who were dragged from their car and arrested two days ago.

The two, embassy counsellor Boris Voronin and press attache Yuri Miakotnykh, were arrested on their return from Brazzaville, capital of the neighboring Congo Republic, where extremist opponents of the Adoula regime are setting up a "Congolese government in exile."

DOCUMENTS

Adoula and his Cabinet Wednesday night examined documents taken from the two Russians. Well - informed sources said they included letters from Christophe Gbenye, leader of the extreme nationalist followers of the late Patrice Lumumba.

These sources said the letters included a request for five billion Congo francs — about $27 million — in counterfeit bills to be used to destroy confidence in the Congo's currency.

CHINA LINKS

Another letter reportedly asked the Russians to investigate links between Communist China and followers of former Vice Premier Antoine Gizenga, whose separatist regime in Stanleyville had Soviet support and recognition.

Gbenye and several Gizengist leaders are among the Congolese politicians who have sought the protection of Brazzaville's left-leaning provisional government.

Not Turning Back -- Envoy

WASHINGTON (AP) — Cambodia has not turned its back on the West in asking a termination of American military and economic aid, Ambassador Mong Kimny said today.

The veteran diplomat said he assured the State Department that Cambodia's chief of state, Prince Norodom Sihanouk, has no intention of rushing into the arms of the Communists.

"All we want is to be left alone," Kimny said in an interview. "Let our friends judge us by the success or failure of our policies.

"They see a war in South Viet Nam and they see civil strife in Laos while in Cambodia they see we have peace."

Kimny has represented his country here for 11 years and played leading roles in the 1954 Geneva conference on Indochina and the 1961-62 Geneva conference which established the neutrality of Laos.

Sihanouk has no plan to ask for military aid from Communist China, Kimny said, but Peking may be asked to send "A few technical experts — not military."

The Prayers Of Peter Marshall

Excerpts from the prayers of this long-time chaplain of the U.S. Senate—"a man called Peter"—make up the newest document in The Herald's AMERICANA HISTORICAL DOCUMENT collection.

IN MOTEL VENTURE

Baker Partner's Widow Meets Senate Probers

WASHINGTON (AP) — A blonde widow who fell heir to a partnership with Robert G. Baker in ownership of a plush resort motel goes before the Senate Rules Committee today for questioning about his business dealings.

She is Mrs. Gertrude (Trudy) Novak, mother of two and an employe of the Senate Small Business Committee for the last 13 years.

Behind the closed doors of the Rules Committee, Mrs. Novak was to be questioned about the motel venture and other transactions in which Baker had a part.

Baker, 35, resigned as secretary to the Senate's Democratic majority after allegations of conflict of interest.

IN MOTEL

Mrs. Novak's husband, Alfred S. Novak, was Baker's partner in the plush Carousel Motel at Ocean City, Md., that was sold earlier this year to the Serv-U Vending Co., a vending machine firm with which Baker had dealings.

Novak died in March 1962, his death ruled a suicide, and his widow inherited his partnership.

Mrs. Novak told a reporter her husband's death came after "two years of turmoil that started with his interest in that motel. . . . It's just been one thing after another."

The motel opened with a party which drew Washington figures, including Vice President Lyndon B. Johnson, but apparently fizzled financially under the Baker-Novak management.

Committee investigators were reported to have questioned Wednesday the man who blew the whistle on Baker — Ralph L. Hill.

Hill is chairman of the Capital Vending Machine Co. and plaintiff in a civil suit charging Baker and associates used improper influence to cancel a vending machine contract in favor of another firm.

His suit is what brought to public notice Baker's wheeling and dealing, and ultimately brought about Baker's resignation from his $19,600 a year state job.

Hill was questioned in secret four hours not only about the vending machine case but about other of Baker's business and financial dealings.

MRS. GERTRUDE NOVAK TESTIFIES
Widow of Baker partner appears before senators

Fugitive Held In Panhandle

PLAINVIEW, Tex. (AP)—Milton John McClendon Jr., 23, accused of murdering his great-uncle for his cash and car in Mississippi was arrested by FBI agents here Wednesday.

FBI agents arrested McClendon, who had been working as a horse trainer.

His great-uncle, Lonney Denney, was found dead in his home at McComb, Miss., Dec. 23, 1961. 87 west to US 80.

FM 700 Plan Funds Okayed

AUSTIN (AP)—The Highway Commission approved today four Fannin County projects to cost $655,000.

The commission also authorized the purchase of right of way on U.S. 287 from Quanah to the Wilbarger County line; advance planning toward relocation of Farm 700 in Big Spring and Howard County, and routing of U.S. 287 in Palestine.

The Fannin County projects are relocation of U.S. 82 north of Savoy, Bonham and Honey Grove; rebuilding U.S. 82 from Bonham to Honey Grove, costing $581,000; extension of Texas 121 to Texas 78 north of Bonham, costing $71,000; and designation of a business loop at Windom, costing $3,000.

* * *

A delegation of Big Spring and Howard County officials asked in September for the FM 700 planning and recently District Highway Engineer Jake Roberts, Abilene, had indicated that this would be recommended. He has had crews making tentative surveys of the route from US

Baylor To Hear Goldwater Speak

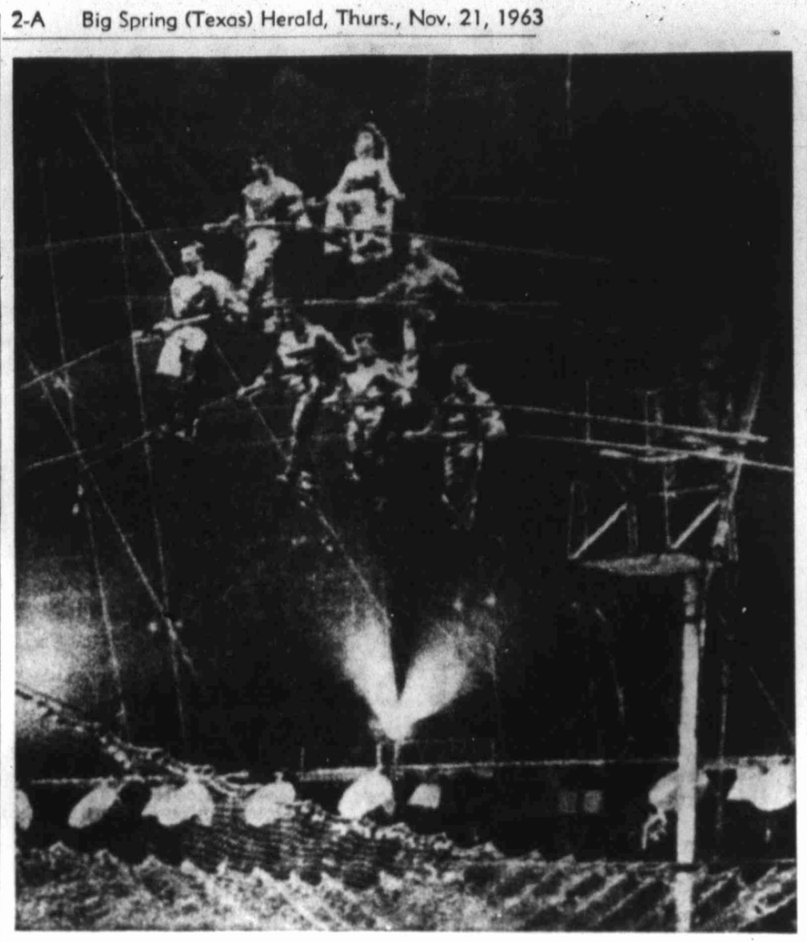

WACO, Tex. (AP) — Sen. Barry Goldwater, R-Ariz., will speak at Baylor Jan. 10.

The Baylor Young Republican Club and Abner McCall, president of the university, disclosed the date Wednesday.

Sandy Henrick, president of the club, said also that a meeting of the state GOP executive committee will be held in Waco that day.

Airline Planned

MEXICO CITY (AP) — The possibility of an airline linking Mexico and Australia soon was mentioned Wednesday by Harry Menzies, director of the Australian trade office in New York. Menzies was here for a short visit.

Wallendas Perform

The Flying Wallendas successfully cross the high wire in their famed human pyramid for the first time in public Wednesday night in Fort Worth since an accident in Detroit last year claimed two lives and left one member of the troupe crippled for life. Karl Wallenda said the pyramid is being done for the last times during Shrine Circus in Fort Worth. They are shown working above a net. (AP WIREPHOTO)

Spanish Buy Foreign Auto Licenses In Mail

MADRID (AP)—They tell the story of a visiting congressman who spotted an automobile bearing Virginia license tags.

He stuck his hand through the open front window, and said to the driver, "Hello, neighbor. I'm Congressman so-and-so from your home state of Virginia." The response was an open-eyed stare and a torrent of Spanish which left the congressman as confused as the man he addressed.

The driver had never been closer to Virginia than his Spanish post office. He was one of hundreds of foreign residents of Spain who bought license plates by mail to operate an imported car in Spain.

Officials in Madrid estimate Virginia registered automobiles in Spain in the high hundreds. Those with Florida plates are rapidly catching up.

MILD CONTROL

A Madrid automobile dealer explained why Spanish control of foreign-registered cars has been mild. Any automobile dealer here could accept orders for foreign-made cars—from Italy, France, Germany or Britain, or even from the United States. Once the cars reached the Spanish frontier the dealer needed only a pair of foreign license plates to people writing from abroad, so long as an address within their states—valid or not—was cited.

Virginia reaped a good harvest from Spanish drivers until the Old Dominion slapped an extra $25 charge on registrations for cars not insured by companies operating within the state. Since most of the applicants from Spain had only Spanish insurance, the cost was high for them.

So automobile dealers here switched to Florida.

HARDER NOW

"These two states are not the only source of registrations for cars legally—I repeat legally—imported into Spain with foreign tags," said one dealer. "We used to get cars registered in Morocco or in Gibraltar, but that is harder now."

Recently announced plans to revive transient tourist plates for cars of foreigners in Spain should rapidly phase out foreign registrations and a spoil a profitable mail-order business for American states.

DEAR ABBY

Waiting For The Hearse

DEAR ABBY: My husband has been sick for a year. The doctor said he will last maybe another three months, four at the most. I want to know if it would be proper for me to wear a large black picture hat with a wide brim and a black sheer veil over it for his funeral. My friend says veils are worn with only small hats, but I am a large woman and don't look good in small hats. Also, could I wear a black tailored suit with a green and blue flowered blouse, or must I wear all black? If I wear all black, would it be all right to wear one large piece of costume jewelry?

PREPARING AHEAD

DEAR PREPARING: Wear dark clothing, and dress as inconspicuously as possible. A funeral is not a fashion show. And you appear to be so preoccupied with what you wear that one might suspect you can hardly wait for the occasion.

• • •

DEAR ABBY: Joe and I were married in 1958 by a Justice of the Peace because it was all we could afford at the time. The first two years we had two babies. Neither of us was grown up enough to accept the responsibilities of marriage, so it ended in divorce shortly after the second baby came. I went home to my parents. We have been divorced nearly three years and in that time we have both matured a lot. We've been seeing each other, and have decided to try marriage again. I want a church wedding with a white gown and veil, Abby. I know this is not done for second marriages, but I think my case is the exception because there has never been another man in my life except Joe. And this, to me, is really like our first marriage. Please say it's all right.

STARS IN MY EYES

DEAR STARS: White wedding gowns and veils are traditional for first marriages only. But if your clergyman is willing to perform such a ceremony, I say go ahead and have it, and may God bless this union.

• • •

DEAR ABBY: How should a mother-in-law treat her ex-daughter-in-law? My son married a lovely girl. We grew very fond of one another and a truly good friendship followed. Then their marriage went sour. I can't turn off my feelings like a spigot for this girl. My son thinks I am being disloyal to him because I haven't dropped her like a hot potato. Their children are still my grandchildren. Am I wrong?

MOTHER-IN-LAW

DEAR MOTHER-IN-LAW: Probably not. Your friendships are your own and not subject to your son's veto. But if your son has remarried, an excessive show of affection for his former wife could make things awkward. Your son is wrong. Keep your friendship, but don't flaunt it.

• • •

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

• • •

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 3365, Beverly Hills, Calif.

TB Testing Program Set

Plans for the 1964 skin testing program were made at a Wednesday luncheon of the Howard County Tuberculosis Association.

Mrs. R. A. Moore Jr. was employed for the first four months of the year to administer the tests and follow-up program.

All new students in the public schools will be given skin tests and all students in all grades of schools on the North Side. In other schools, only students in the First, Fifth, Eighth and Twelfth grades will get tests.

In this regard, members of the board urged residents to return the envelopes enclosed with the recently mailed Christmas Seals. The money realized from this annual effort is important to the Christmas Seal work financing the skin testing program.

At last report, some $1,100 had been received toward a $6,000 annual budget.

Pointing out the deadliness of tuberculosis, it was announced that 2,740 Texans contracted the disease between January and October of this year.

NO POWER

The leaflet continues: "But Baptists do not believe baptism has any saving power."

Only Catholics, I suppose, believe that baptism has saving power. I not. Neither do I believe repentance has saving power; yet it is essential to salvation. So with baptism. Everywhere in the Bible that baptism and salvation are mentioned in the same passage, baptism always comes first. Salvation is always after baptism, e.g., "He that believeth and is baptized shall be saved" (Mark 16:16).

The waters of Jordan had no healing power; yet the prophet commanded Naaman to dip in that river to be healed of his leprosy. It worked, too. II Kings 5:10-14.

Baptism is actually faith in action. "For ye are all the children of God by faith . . . FOR as many of you as have been baptized into Christ have put on Christ" (Gal. 3:27).

By T. H. Tarbet, preacher, church of Christ, 3900 West Highway 80, where you are always welcome. —Adv.

Coolness, Showers Seen For Weekend In Texas

By The Associated Press

Texas basked in mild temperatures Thursday but a cool front bearing down on the state was due to bring lower readings and widespread showers over the weekend.

Temperatures before dawn Thursday ranged from 46 degrees at El Paso to 70 at Austin, Galveston and Beaumont. At Dalhart the mercury stood at 47 —24 degrees above the Wednesday morning minimum.

Most of the early morning readings were in the 50s and 60s.

Skies were generally cloudy over the state with a few light showers being reported near the upper coast during the night. Scattered ground fog was reported before dawn.

Maximum readings Wednesday ranged from 60 degrees at El Paso to a dozy 85 at Laredo.

The forecasts called for mostly cloudy skies with scattered showers Thursday and Friday. Colder weather, due to sweep into the Panhandle late Thursday, was expected to spread over the western part of the state Friday.

Ex-Marine Jailed For Killing Girl

HOUSTON (AP) — An ex-Marine, charged with murder in the slaying of a 17-year-old Houston high school girl, was to be returned here today from Louisiana.

Authorities at Thibodaux, La., said David Edward Williams, 18, arrested there Wednesday on housebreaking charges, has admitted the slaying of Donna Jean Tweedt, whose body was found in a bedroom of her home Tuesday night.

Police at Thibodaux quoted Williams as saying he hit Donna Jean with a meat cleaver when she became hysterical when he went to her home to talk about his girl friend. They said he told them he left without knowing whether she was alive or dead.

CHARGED

Williams was charged with murder in the court of Justice of the Peace W. C. Ragan here.

The body of the girl was found in a pool of blood in a bedroom of her suburban Sharpstown home. Police said she was gagged and one of her father's ties had been twisted around her neck. There was a long gash on her head.

The girl's body was found by her parents, Mr. and Mrs. S. K. Tweedt, when they returned home from work and grocery shopping. Tweedt is an insurance claims examiner. Mrs. Tweedt works at a suburban department store.

The body was on the floor. Her clothing and undergarments were disarrayed.

NOT MOLESTED

Police said she had not been sexually molested. An autopsy said she died of strangulation.

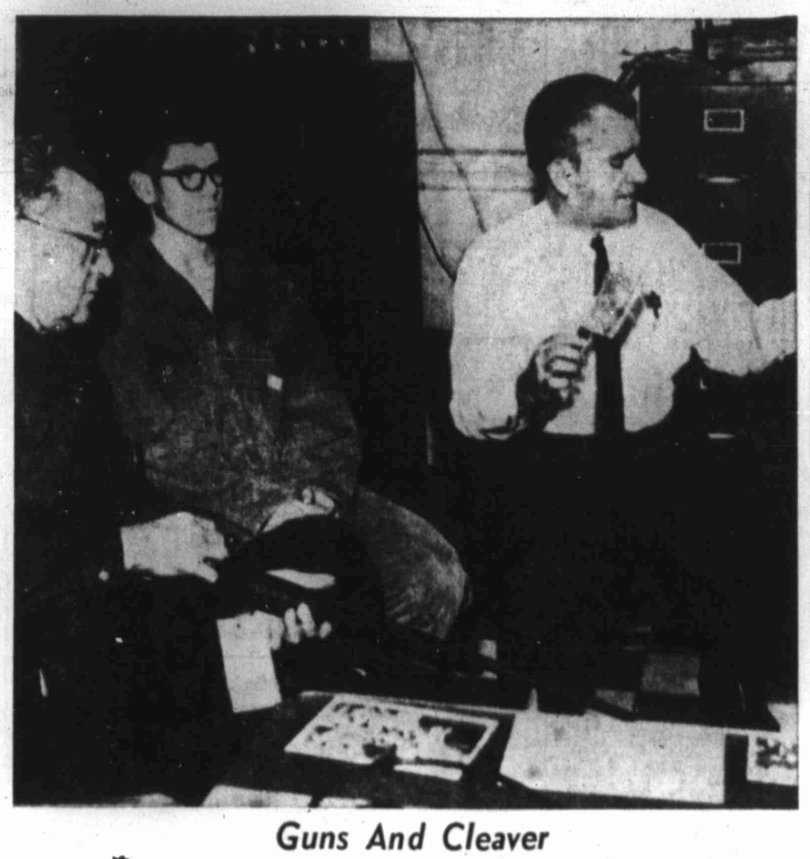

Her automobile was missing.

Capt. Harry Waguespack of the Lafourche Parish (county) sheriff's department said Williams was driving a 1961 red automobile which belonged to the dead girl.

Waguespack said Williams had a pistol in his pocket and a rifle on the car seat beside him when officers ran him down in a brief chase after the housebreaking incident but he offered no resistance.

Waguespack said Williams put up his hands when arrested and said: "Don't hurt me. I'm wanted for murder."

Williams, who wears glasses, was a classmate of the Tweedt girl. They were both seniors at Robert E. Lee High School.

Guns And Cleaver

Sheriff Eddie Ste. Marie (right) of Thibodaux, La., displays a pistol and meat cleaver taken from David E. Williams, 18, Houston, after his arrest near here. The sheriff said Williams admitted killing Donna Jean Tweedt at her Houston home. Capt. Harry Waguespack (left) captured Williams Wednesday. (AP WIREPHOTO)

Air Guard Pilots Launch Over-Ocean Training Plan

WASHINGTON (AP)—Air National Guard — "weekend warrior" pilots are spreading their wings in an ambitious new program pointing to eventual trans-oceanic training flights.

This will enhance the Air Guard's role as a combat-ready backup for the regular U.S. Air Force.

Starting Friday, Air Guard pilots from Washington, D.C., Missouri, Oklahoma,, Delaware and Massachusetts will undertake missions over the Atlantic to Puerto Rico and Bermuda.

The following weekend, Guard jets will fly to Puerto Rico from Colorado and Mississippi.

This is made possible by the Air Guard's air-refueling capability, something it acquired after the 1961 Berlin crisis and has retained through practice since then.

The Air Guard uses KC97 tanker planes, hand-me-downs from the Air Force, which now owns ultra modern KC135 jet tankers.

EYEBALLING

The KC97s lack modern radar-geared equipment for the delicate job of rendezvousing with other planes high in the air. The hookup of jets to the refueling tankers is done by "eyeball" judgment in the Air Guard.

When the Guard gets the latest equipment for rendezvousing, it will be possible to undertake cross-ocean flights, and the Guard hopes eventually to send units overseas on training exercises.

The long-range flights this weekend and next will be refueled by the Air Guard's lone tanker wing, the 126th. This air-refueling wing totals 24 planes and includes units based in Chicago, Milwaukee, and at the Clinton County Airport in Ohio.

In a three-day drill starting Friday, 12 F100 Supersabre jet fighters from the 113th Tactical Fighter Wing, District of Columbia Air National Guard, and 6 F100s from the 131st Tactical Fighter Group, St. Louis, will fly to Ramey Air Force Base in Puerto Rico.

REFUEL TWICE

They will refuel twice—over Myrtle Beach, S.C., and near Miami, Fla.—during the 4-hour and 20-minute operation.

At the same time, planes of the 166th Air Transport Group, Wilmington, Del., and the 137th Air Transport Wing, Oklahoma City, Okla., will head for Ramey from their home bases.

Meanwhile, 21 F86H Sabrejet fighters from the 104th Tactical Fighter Group, Westfield, Mass. and the 102nd Tactical Fighter Group, Boston, will fly to Kindley Air Base in Bermuda. They will not have to refuel on this two-hour trip.

On Nov. 29, 12 F100s from the 140th Tactical Fighter Wing, Denver, Colo., and 8 RF84F planes from the 186th Tactical Reconnaissance Group at Meridian, Miss., will fly to Roosevelt Roads, Puerto Rico.

COMMON MARKET

Panel Slices U.S. Chicken Claims

GENEVA (AP) — An independent panel has rejected the claim by the United States that it is losing $46 million a year in poultry exports because of the European Common Market's tariff increase, it was reported today.

The five-man panel from GATT—the General Agreement on Tariffs and Trade—reportedly put the annual loss at $26 million.

The Common Market claimed the U.S. loss was $19 million.

The United States and the six-nation European trade bloc submitted their "chicken war" to the GATT panel after long negotiations. The dispute followed an increase in July 1962 of nearly 300 per cent in the Common Market tariff on imports of frozen poultry. A booming U.S. export to West Germany was wiped out.

While the panel's finding is not binding, the United States and the Common Market made a gentleman's agreement to use it as the basis for further negotiations to compensate the United States for its loss.

Under GATT rules, the United States can raise its own tariffs on various Common Market products to a figure equal to its loss. But in this case the United States and the Common Market are expected to work out a combination of some tariff reduction by the European group and some increase by the United States.

The Common Market tariff on frozen poultry was raised last year from 4.6 cents a pound to 13.43 cents a pound. The Common Market offered in September to cut it 1.3 cents a pound, but the United States rejected the offer.

The GATT panel's damage figure was based on U.S. trade with West Germany, which took more than 80 per cent of the U.S. poultry exports to the Common Market before the dispute started. The other Common Market Nations are France, Italy, Belgium, the Netherlands and Luxembourg.

Improvement Urged In Beef

LUBBOCK — With variety being sought in holiday meals, many Texans still are mighty partial to beef. Dale W. Zinn, director of the Texas Tech beef improvement laboratory and a man who hasn't forgotten this, makes three recommendations for improving the quality of beef cattle. This is easier to do than trying to "educate" the housewife.

He first advises breeders to make selection of calves early, on the basis of inherent ability to make rapid gain, and then to feed for rapid growth and development until the calves reach their market weight. At this stage less fat is deposited in relation to muscle and bone.

Secondly, Zinn recommends selection of carcasses with an eye to minimum amount of fat thickness. He cites data taken from research projects at Texas Tech which show that each 0.1 inch increase in outside fat over the loin eye accounts for a 0.52 per cent increase in fat trim and a decrease of 0.59 per cent in boneless primals.

Zinn's final suggestion is for breeders to select carcasses which have a small amount of marbling because small amount appears to be helpful in maintaining the shape of a cut of beef in the retail package, by firming the meat."

Luera Child Dies Tuesday Evening

COLORADO CITY (SC) — Alvina Luera, 10-year-old daughter of Mr. and Mrs. Pete Luera of Colorado City, died Tuesday evening in the Hendricks Memorial Hospital in Abilene after a brief illness.

The child was born here Nov. 4, 1953, and was in the fourth grade in Colorado City schools.

Funeral services will be held at 9 a.m. Friday at the St. Ann's Catholic Church, with the Rev. Pete Rogers officiating. Burial will be in the Mitchell County Cemetery under the direction of Kiker and Son Funeral Home.

In addition to her parents, she is survived by six brothers and five sisters.

Golden Anniversary At The Met

Giovanni Martinelli poses beside a bust of himself at the Metropolitan Opera House in New York Wednesday night on the 50th anniversary of his Met debut. Martinelli, one of the Met's most famous tenors, is now 78 and still active as a singing coach. The bust, donated to the Met by its sculptress, Eleanor Mellon, was shown for the first time during the golden anniversary celebration. (AP WIREPHOTO)

Wichita Falls Blaze Claims Three Children

WICHITA FALLS (AP) — Three small children burned to death early today when fire swept through a two-story residence in southwest Wichita Falls that had been converted into apartments.

The victims were the children of Mr. and Mrs. Norman Gilbert.

Firemen managed to rescue the Gilberts' 6-year-old daughter from the flaming house but she died shortly afterward. Two boys—one 4 years of age and the other 20 months—perished in the fire.

Mrs. Gilbert, 27, was treated for burns at a Wichita Falls hospital. The father, a painter, was in Oklahoma at the time.

Occupants of other apartments in the building escaped unharmed.

The dead were Cindy, 6; Elbert, 3; and Norman, 15 months.

4-H Club Meets

The Big Spring 4-H Club watched a Civil Defense film during the Tuesday meeting in the First Federal building. About 50 persons attended. Bud Saunders, president, was in charge of the business meeting.

Refinery Blaze Finally Put Out

MEXICO CITY (AP)—A fire which started Monday at the Pemex oil refinery of Aztcapotzalco was put out Wednesday.

Damage was estimated at $1.6 million. The plant was forced to stop all work while more than 150 firemen fought around the clock to halt the blaze.

The fire started when four tanks containing six million liters of aviation fuel exploded.

Building Halted

RIO BRAVO, Mexico (AP)—Construction of a new city hall palace here has been halted because of a 1959 agreement that said the site would be used exclusively for a public garden and park for children.

Billie Sol's Allotment Cases Wiped Off Books

PECOS, Tex. (AP)—Billie Sol Estes' cotton acreage allotment cases were all but wiped from the books Wednesday through a surprise announcement by the firm which bought assets of the bankrupt promoter.

American Grain Corp., in a letter read at an Agriculture Stabilization Conservation Service hearing, said it was giving up efforts to retain allotments formerly held by Estes and his two brothers.

Through its purchase of the assets, the corporation is liable for approximately $250,000 in penalties involved in 45 cases disposed of Wednesday.

The firm, owned by Morris Jaffe of San Antonio, previously fought hard to hold control of allotments which the Department of Agriculture sought to rescind.

It won one contest in Dallas, and split with the government in another at Fort Stockton.

American Grain is now headquartered at Plainview, where it is cancentrating in the grain elevator business, much of which formerly was controlled by Estes.

Fifty cotton acreage cases were lumped together for action at Wednesday's hearing before a farmer-rancher board of three: Darrell Cox, Martin County, Jeff Wristen, Ward County, and O. V. Buck of Ector County. Wristen presided.

Action on five of the cases, however, was postponed. Four are in court litigation, and it was brought out proper notice was not given in the fifth.

Of the 50 allotments, 45 formerly were held by Billie Sol Estes. Four previously were assigned Bobby Frank Estes and one to Word Estes.

Some 1,308 acres were involved in Wednesday's cases. The allotments revert back to the USDA. The Estes brothers gained them through transfers from numerous farmers in Texas, Oklahoma and Georgia.

Self Examination Study Launched By Junior College

Howard County Junior College has embarked upon a penetrating look at itself.

Two years of self-examination will be climaxed by a visit, possibly in the spring of 1965, by a commission from the Southern Association of Colleges and Secondary Schools.

This team of experts, however will not tell the college how it might proceed in light of its purposes, objectives and resources. Rather, it will appraise the effectiveness with which the faculty has pinpointed the significant problems and dealt with them.

EACH DECADE

Every college and university accredited by the Southern Association must undertake this self-study every decade. HCJC had applied several years ago but only now has the executive secretary of the association assented to the study.

Ben Johnson, dean of the college, has been named director of the study and as such will be chairman of the steering committee. Others on this key committee, which will be responsible for the progress of the study, are Mrs. Dean Box, J. T. Clements and James Dickson. Dr. W. A. Hunt, president, is an ex officio member as he is of all committees, but it is emphasized that this is not an administrative project, but a faculty undertaking.

A committee composed of John Coffee, representing the board of trustees, Movelda Rhine, Marshall Box and Mrs Elizabeth Martin, has been shaping up a statement of purpose for the continuing study.

NUTSHELL

In a nutshell, this restates the aims of the college, developing the background of the institution; an assessment of where it is now in terms of the goals; and where it may or should be going.

Separate committees will be set up for probing into organization and administration, the educational program, financial resources, faculty, library, student personnel and physical plant. There also may be some departmental analyses.

Each committee will develop a questionnaire, and the steering committee will seek to arrive at a master questionnaire as a means of consolidating information. As data is gathered, different groups will meet to discuss, investigate and finally state its conclusions. In the end the steering committee will compress all of this into a statement of findings.

Possibly at this point, or prior to it, a consultant may be called in to assist in some phases of the study. The Southern Association points out, however, that the project is not primarily one for consultants but for the institution itself. By next autumn the tentative report should be prepared, and the executive secretary or chairman of the special commission assigned to look at HCJC will be invited for a pre-visit. If everything seems in order, a date for the committee visit will be set.

OBJECT

Object of the self - study, according to the Southern Association is to improve educational effectiveness. It is designed to help reassess objectives, measure successes in attaining them, explore ways by which educational efficiency may be improved, and prepare for increasing demands on the college. After it is all over, follow-up reports will be made to the Southern Association on how suggested courses of action are being implemented. However, if the study is as fruitful as Dr Hunt believes it will be, long before the final report is made, the faculty and administration will have set out to overcome identified weaknesses and to improve the over-all program.

Kiwanis Set Division Meet

A division training conference for 1964 officers of Kiwanis Clubs in Division 22 of the Texas-Oklahoma District of Kiwanis International, will be held in Midland Sunday, Nov. 24, from 2 p.m. - 5:30 p.m. Dell Barber, Division 22 lieutenant-governor, has announced the conference. It will be in the Sands Motel in Midland. Midland Kiwanis and Midland-Village Kiwanis Clubs will be hosts.

All presidents, both for 1963 and for 1964, all vice presidents-elect, directors-elect and carry-over directors, secretary-treasurer-elect and 1964 committee chairmen are urged to attend.

The Kiwanis Clubs in Division 22 are Big Spring, Colorado City, Midland, Midland-Village, Odessa, Ector - Odessa, Permian Odessa, Sanderson, Andrews, Monahans, Lamesa and Snyder. Barber asks that each of these clubs have full representation at the conference.

Shaw's 'Disciple' To Open Tonight

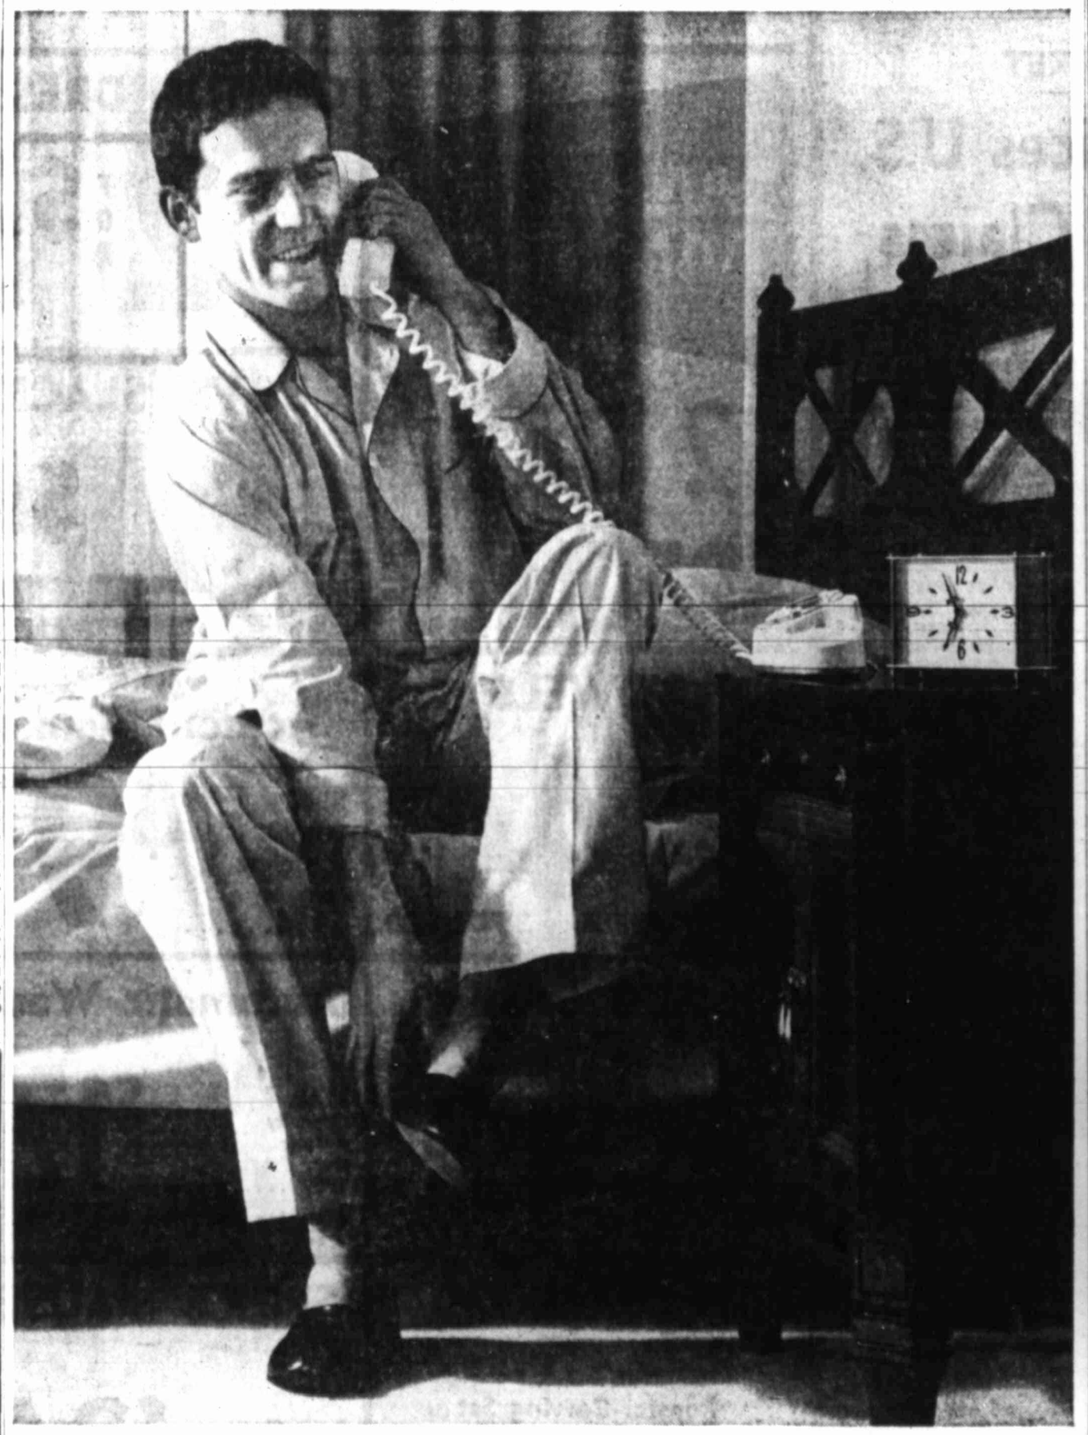

George Bernard Shaw's "The Devil's Disciple" will be staged today and Saturday at 8:15 p.m. in the Howard County Junior College auditorium. It is a product of the Hawk Players, under the direction of Martin Landers.

Tickets for adults are $1.25; persons under 18 will be admitted free.

The play employs Shaw's particular adeptness at satire, involving a Puritan family during the revolution of the American colonies.

Murder Charged

REYNOSA, Mexico (AP)—Dr. Francisco Rosales Guarado has been charged with murder in the pistol slaying of his wife Tuesday. Rosales Guarado was charged Wednesday in the shooting death of his wife, Eva, 30, just south of Reynosa during an argument.

Manned Spacecraft Center Takes Shape

HOUSTON (AP) — Deer and rabbits are losing out to the space age as the new $250 million Manned Spacecraft Center rises over a 1,700-acre tract outside Houston.

The center's intricate electronic equipment will control America's big jump into space—the Gemini and Apollo manned moonshot efforts.

Launching of the capsules will be at Cape Canaveral, Fla., but the countdown and flight decisions will be made in Texas, 1,500 miles away.

All the astronauts will train for their moon missions at the Houston center. Many already have bought homes.

The nerve center will be the integrated missions control building on which crews have been building 16 hours a day.

TWIN CONTROLS

The three-story structure will contain twin control rooms—one on the second floor and a duplicate directly above on the third floor. These rooms will contain equipment for controlling the moon shots, and will be linked to a worldwide network of tracking stations. From them will come the reports on how the moonshot capsules are faring in space.

Contractors have the 20-odd buildings.

From 2,000 to 2,400 builders have been assigned to the high priority project since ground was broken 18 months ago.

From the air, the center resembles a college campus. A modernistic nine-story administrative building faces a six-lane highway that links the project with the Houston-Galveston Freeway, five miles south.

Around the administrative building are a variety of structures for laboratores and for testing and training in life systems, spacecraft research, systems evaluation, thermochemical processes, etc.

BOOM BEGINS

Construction of the complex 25 miles east of downtown Houston set off a land and development boom for a Galveston Bay area that Hurricane Carla lashed severely only two years ago.

When the National Aeronautics and Space Administration (NASA) selected the site Sept. 19, 1961, only a few thousand people were living in the general area.

Forecasts now are that well over 200,000 people will be living around the center within a few years.

The NASA project is going up on part of an old ranch dotted with oil wells. The land, owned by the Humble Oil and Refining Co., was made available to NASA through Rice University.

Private interests nearby are putting up office buildings, motels, hotels, banks, apartments and hundreds of homes.

A modern, self-contained community, Clear Lake City, is being carved out of ranch segments flanking the space center. Long range plans call for residential and industrial development of 15,000 acres of the ranch.

ASTRONAUTS

Six of the seven original Mercury astronauts have moved into the area. All but Cmdr. Alan Shepard Jr. have built $30,000 to $50,000 homes within five miles of the center.

The official move from temporary offices in 14 Houston buildings is expected to come in March 1964. The Gemini missions are to begin late in 1964 or early 1965.

The master plan for the 1,700-acre site earmarks one section as a "lunar landing area," but NASA officials insist several other possible landing sites still are under study.

The background for selection of the Clear Lake site is unusual.

Humble Oil bought the West ranch for about $40 million in 1938.

WEST FAMILY

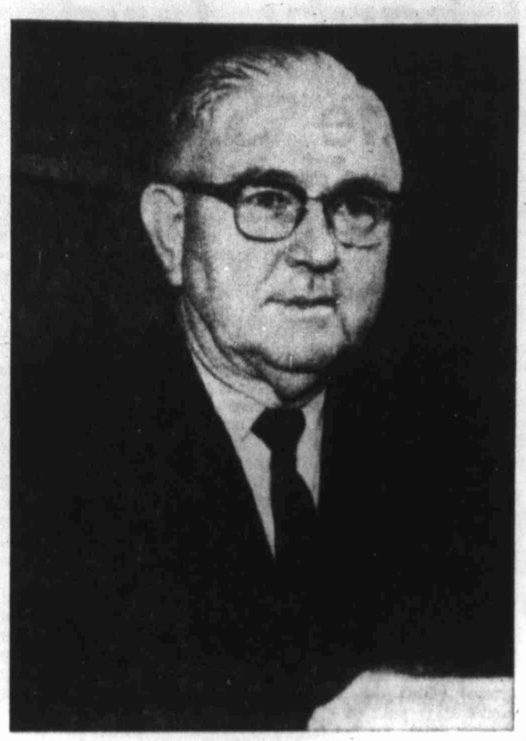

In 1942 Humble deeded to Houston's Rice University a 24-acre tract that included two mansions built by the West family.

When the Clear Lake site was selected in 1961, NASA said Humble had donated 1,000 acres of the ranch to Rice "with the understanding it would be used for the NASA project."

Rice, through a property swap made another 700 acres available.

Six months before the selection was made, Humble disclosed plans for Clear Lake City. Humble and Del Webb, the developer, formed the Friendswood Development Co., with Webb as operator.

Humble still is operating 92 producing wells on the West ranch and has retained a 20-acre easement inside the 1,700 acre NASA site.

In Row With Senate

Rep. Tom Steed, D-Okla., is in a running battle over a Senate bill prohibiting all members of Congress from using franking privileges on letters addressed only to "occupant" or so-called "junk mail," which the House sanctions. So far, Steed is ahead, leading the House forces working out a compromise with a Senate-House conference which agreed to continue the existing privileges for the House, but banned them for the Senate. (AP WIREPHOTO)

Court Studies Call To Oust Judge From Water Lawsuit

AUSTIN (AP)—The State Supreme Court began today consideration of a request that Dist. Judge J. H. Starley of Pecos be disqualified from hearing the eight-year-old Rio Grande water rights suit.

The court heard arguments Wednesday.

The trial is expected to take several years. The courts will have to determine priorities of rights of Lower Rio Grande Valley water users.

Attorneys for both sides said the economic impact of the suit's outcome and the length of the trial require assurance that no future question will arise on Starley's qualifications.

The question arose when Starley married Marion Baker Anderson of Cameron County June 1, a year after he was appointed to hear the case. Mrs. Starley's uncle, Russell Bingley, was a party to the suit as director of a water district. Her aunt, Mrs. Frances Davies, owns 95 acres of land in Cameron County.

A.W.Walker Jr. of Dallas, an attorney for the water districts, told the court that Starley is disqualified because Mrs. Davies' interest in the case makes her a party even though she is not named as a party.

Walker said the value ofthe 95 acres Mrs. Davies owns could drop $19,000 from an unfavorable decision.

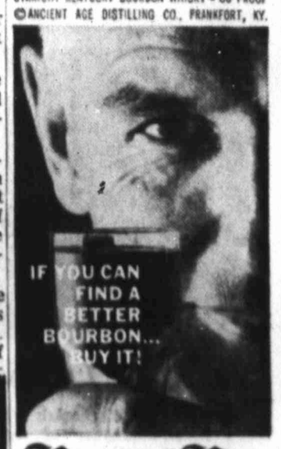

Harry L. Hall of Mission, Starley's attorney, disagreed with Walker's contention that the suit is to determine water rights of landowners. Hall contended the issue is water rights of the various districts.

"If all land owners are made parties to this suit we might as well abandon it," Hall said. "There are 25,000 to 50,000 of them, and they are scattered all over the face of the globe. No one could locate all of them."

Revolution Hailed

MEXICO CITY (AP)—Mexico celebrated the 53rd anniversary of its bloody 1910 revolution Wednesday with a series of civic functions attended by President Adolfo Lopez Mateos and a sports parade.

Denuclearizing Measure Hailed

MEXICO CITY (AP)—Foreign Minister Manuel Tello hails as a personal triumph for President Adolfo Lopez Mateos, the approval by a U.N. General Assembly commission of a Mexican-sponsored resolution to denuclearize Latin America.

"I am sure that the voting will be still bigger than the 89-0 polled at the commission, when the resolution reaches the general assembly plenary session," he said Wednesday.

Crowds Open New Store

Mayor George Zachariah (right) helped Leon Hand, manager of the new Sears catalogue store, this morning in the ribbon cutting ceremony. More than 100 shoppers were waiting for the doors of the new facility to open at 10 a.m. By noon, more than 1,000 residents had passed through the doors. "We are pleased with the first day's response," Hand said.

Group Pushes Bid For New Baseball Diamond

Four persons representing local youth baseball groups asked the parks and recreation board Wednesday for permission to construct a baseball diamond on property north of the YMCA and southeast of the Boydstun School.

The group also asked city help in construction of the diamond. Included in the group were Foy Dunlap, Frank Sabbato, Tom Farquhar and Cecil Riordan.

ONE PARK

Dunlap said only one teen-age park is available for use by "graduates" of four Little League loops. Sabbato said he does not agree with objections to the plan voiced by the administrators of the school.

No representatives from the school attended the meeting. A member of the baseball group said one objection to the proposed baseball field was that it would create a parking problem. Another said vandalism has been a problem at the school and that this might be increased with the diamond.

GROWTH

Farquhar noted there has been considerable growth in youth baseball teams since 1951. "Another park would be used by 200 boys," he said.

He said the baseball group would have no objection to the use of the field by football teams in the fall. Other points listed by Farquhar to justify the request were: (1) Having a place to play ball would keep teen-agers off the street; (2) property values would not be decreased; and, (3) the diamond may be used as a site for state playoffs.

Board members gave conditional approval of the request to build a diamond on the location. If approval is given by the school board, the parks and recreation board will ask all parties concerned to discuss the matter at a joint meeting. The parks board members indicated they would support the project in any way that they can. However, they stated it primarily is a problem which should be worked out between the school board and the city.

Parks Board Told Of Work

A parks improvement bond fund expenditure and progress report was given by city officials to the parks and recreation board at its meeting Wednesday.

Total cost for improvements completed to date is $8,970.27.

Irrigation improvements at the Road Side Park on West 80 have been completed. Park director Johnnie Johansen said pipe, fittings and value used in the system cost $86.35. Cost of labor, performed by city crews, was paid out of the current budget.

Old pipe for a gravity irrigation system which was installed at Washington Boulevard Park cost $96.05. This includes the cost of two cypress trees and four junipers planted in the park. Installation was made by regular park workers.

An additional $1,256 was spent for used four-inch pipe to be used for irrigation systems in the various parks. Pipe to be used for a sprinkling system at the city golf course cost $7,437.05. This is eight-inch pipe, and the cost includes charges for beveling the ends.

The only other expense to date has been $94.82 for two picnic tables.

Operating Funds May Pay For Park Drain System

The parks and recreation board Wednesday recommended that a $1,600 drainage system for Northside Park (West) be paid for out of city operating funds.

Further, the board recommended that other proposed improvements at the park be paid for with bond funds.

Improvements in the park, other than the drainage system, would include a chain link fence, a new roof for an existing pavilion, a sprinkler system, a combination recreation hall and apartment and playground equipment.

TOTAL COST

Cost of total improvements, including the drainage system, was estimated at about $10,000.

No action was taken on a consideration of personnel strength of the park department. Park director Johnnie Johansen said three or four part-time employes during the summer months could take care of the additional work created by improvements at the various parks.

Johansen said A. A. Marchant, 205 Washington, had requested that cypress trees and junipers be planted in Washington Boulevard Park along a strip in front of his property.

STERILE SOIL

The soil interval between plants in the park is being sterilized and rock is being spread over the surface to cut down on operating expenses. Board members said cypress and juniper bushes would be planted thickly along the length of the eight-block park if homeowners in the area would pay the cost. Board members said the park should be uniform in appearance.

Present for the meeting were Mrs. H. W. Smith, Johnnie Johansen, Randall Polk, W. D. Broughton, Jack Watkins, chairman Tommy Hart, Roy Anderson, assistant city manager, and Larry Crow, city manager.

Cows Killed In Crash

Two cows were killed about 4 a.m. today when a Basin Wax Company truck-trailer smashed into a herd of cows 9.7 miles north of Big Spring on the Lamesa Highway. Three other injured animals were put to death later.

T. R. Jenkins, driver of the truck, was en route to Snyder.

The remainder of the herd was rounded up and returned to the Howard County Feed Lots. The truck received heavy damage.

WEATHER

NORTH CENTRAL AND NORTHEAST TEXAS: Cloudy and warmer today and Friday. Low tonight 63 to 68. High Friday 78 to 83.

NORTHWEST TEXAS: Cloudy today and Friday. Windy and warmer today and tonight. Scattered thundershowers tonight and Friday, mainly in west. Cooler Friday. Low tonight 38 to 45. High Friday 62 to 80.

Charity Grid Game Slated

The second annual charity football game between Big Spring police department players and the 331st Fighter-Interceptor Squadron, Webb AFB, has been scheduled for Dec. 7 at Memorial Stadium. Kickoff time will be 8 p.m.

At a meeting between the police department committee and the base committee on plans and arrangements this morning, the groups decided proceeds from the game would be split among five agencies in Big Spring.

PROCEEDS SPLIT

By unanimous vote 40 per cent will go to the Big Spring Halfway House, 10 per cent to the Salvation Army for Christmas activities, 25 per cent to the Howard County Rehabilitation Center and the remaining 25 per cent split between Boy Scout Troop 301, sponsored by the police department, and Webb AFB Youth activities. In case the base cannot accept the funds allocated, that 12½ per cent will go to the Halfway House.

All committees have been named, and plans are to start training immediately. Each team will be limited to 24 players. The law enforcement team will work out on the high school practice field, and the 331st at Webb.

Ed Murphy, school business manager, explained the part the school would play in getting the stadium, lights and field ready for the game, and the cleanup afterwards. The school policy is to charge only the actual cost of providing facilities for charitable functions. Murphy said a flat $125 will be charged for the game unless the cost of lights is donated.

TICKETS

Tickets for the game will be $1 for adults and 50 cents for children. Invitations will be extended to the Big Spring Hospital, VA Hospital and the Rehabilitation Center's patients to attend the game free, with transportation provided.

The first game, played last year, netted nearly $2,000 for the Crippled Children's fund.

Beneficiary List Needs Updating

A recent lawsuit, in which a wife sought her husband's GI insurance which the Veterans Administration paid to his former wife, points up the failure of many veterans to keep their insurance beneficiary listings up to date, Robert W. Sisson, manager of the Veterans Administration regional office in Lubbock, said today.

The law requires the VA to pay insurance claims to the listed beneficiary. Too often, VA officials said, the original list of beneficiaries, compiled when the insurance was issued, is out of date.

Death, divorces, marriages and re-marriages are all occasions for possible beneficiary changes. Listing can be brought up to date by writing the VA office to which veterans send their insurance premium payments.

Nathan Lankford Dies Early Today

Nathan Lankford, 601 N. San Antonio, 53, died unexpectedly early this morning. He became ill and was dead on arrival at a local hospital.

Only Wednesday Mr. Lankford had served as a pallbearer at the funeral of Mrs. Charlie Merritt.

Mr. Lankford had been a resident of Big Spring for the past 30 years.

Funeral arrangements are pending at River-Welch Funeral Home.

Survivors include his widow; his stepmother, Mrs. Lizzie Lankford, Belton; one sister, Mrs. Mary Gray, Berkeley, Calif.; two brothers, Clarence Lankford, Dos Palos, Calif., and James Lankford, Houston; and one stepbrother, Charles Boles, Belton.

Republicans Set Meeting Today

Howard County Republicans will meet at 7:30 p.m. today in the community room of the First Federal Savings and Loan building. All interested residents are invited to attend.

Dick Spalding, Abilene businessman, will be speaker. Mrs. A. K. Doss Jr., Abilene, committeewoman for the 19th Congressional District, will attend also.

A highlight of the meeting includes a slide program on voter registration, brought by Jim Stowe, Austin.

Refreshments will be served.

Note Accidents

Police investigated two motor vehicle accidents Wednesday. Damage was minor. Locations of accidents and drivers involved were: at First and Gregg, a parked truck of Wesley Nail Jr., 3605 Connally, and Jessie Olgin, 700 NW 10th; at Tenth and Gregg, Gerald Dean Oliver, San Angelo, and Lenora Ollie Williams, 1403 W. 2nd.

Three Men Fined In County Court

GARDEN CITY—Two men recently arrested and charged with driving while intoxicated and one charged with illegally transporting liquor were assessed $100 fines, plus costs, in County Judge Otto Dozier's court, after entering pleas of guilty. One also was given a three-day jail sentence.

James Larry Thompson, charged with DWI and no operator's license, and Johnny Vara, charged with DWI, were sentenced Nov. 8, with the latter getting the three-day sentence.

Emiliano Lamas, Hereford, was charged with illegal transportation of liquor from the Mexican border to Hereford, and was fined Nov. 18.

Car Stolen From Hospital's Lot

A car owned by Howard Calhoun, 403 Dallas, was stolen from the parking lot of Big Spring State Hospital about 9:30 p.m. Wednesday, police said.

According to the report, the keys were left in the ignition. The car was valued at $500 to $525.

An oil field worker was arrested early Thursday morning in the 200 block of Benton. Police said he is being held for questioning in connection with the recent armed robbery of a 7-11 store on Birdwell Lane.

Two teenage boys were arrested Wednesday afternoon after a man complained they were throwing rocks at a house in the 700 block of Calvin. They were released to Juvenile Officer Bob Darland.

OIL REPORT

Tucker To Perforate

Tucker Drilling Co. is preparing to perforate and test the No. 1 Marchbanks at 6,376 feet in the Wolfcamp. This Howard County project is six miles south of Coahoma and 660 from north and 330 from west lines, section 28-31-1s, T&P survey.

In Garza County, MacDonald Oil Corp. No. 7 Dorward-Sun is an old well to be plugged back for tests of the San Andres at 2,200 feet. The project is seven miles southeast of Justiceburg and 2,310 from north and 1,320 from east lines, section 138-5-H&GN survey.

DAILY DRILLING

BORDEN

Kingrea No. 1 Miller is making hole in anhydrite below 2,482 feet. Location is 660 from south and east lines, section 587-97, H&TC survey.

DAWSON

Shell No. 1 Lee is drilling below 11,477 feet. It is C SW SE of section 126-M-EL&RR survey.

GARZA

Signal No. 1 Swenson is digging below 5,058 feet. Location is 660 from south and 1,320 from west lines, section 62-2-H&GN survey.

MARTIN

Austral No. 2 Mabee is digging below 13,190 feet. It is 853 from north and 2,173 from west lines, section 19-39-2n, G&MMB&A survey.

Mabee No. 1-B Mabee is making hole in lime below 11,475 feet. Location is 2,193 from east and 1,794 from north lines, section 19-39-2n, G&MMB&A survey.

STERLING

HMH No. 3 Foster is rigging up. This wildcat is 2,311 from south and 1,650 from east lines, section 24-22-H&TC survey.

Weather Forecast

Occasional light showers are due Thursday night over Pacific northwest and from extreme southern Plateau through southern Plains to lower half of Mississippi valley. Light snow or flurries will fall over Rockies and northern Plains into upper Great Lakes. Some rain is due along mid and northern sections of Atlantic states. It will be warmer in southeast and colder from Rockies to Ohio valley. (AP WIREPHOTO MAP)

Food Handlers Course

A total of 416 persons registered for the course in food handling taught here this week. This exceeded expectations by about 30-40. The increase is partly attributable to visitors from the area, Lige Fox, local sanitarian, said. Left to right are Mrs. Goldie De Bose, health educator of the Lubbock health department, one of the lecturers for the course, Fox and Carl Rea, both with the local Health Unit.

Criminal Appeals Court Says Evidence Scanty

The Texas Court of Criminal Appeals does not believe that the prosecution established adequate proof of possession of barbiturates in its conviction of two Howard County residents in Howard County court last spring.

Therefore it has reversed the cases of Albert Rodriguez and Trinidad Arsiago and ordered the local court to retry them.

Rodriguez was found guilty in Judge Lee Porter's court March 6 and sentenced to serve five months in county jail. He alleged in his appeal that he saw his two little nieces playing with red capsules at his mother's home and had put the capsules in his pocket to keep them from the children. He did not know the capsules were barbiturates, he said.

The appeals court ruled "the jury should have been instructed to the effect that if he (Rodriguez) did come into possession in that manner and did not know he had barbiturates, he should have been acquitted."

In the Arsiaga case, the defendant was tried April 16 and given a 60 day jail sentence and a fine of $100 for possession of a dangerous drug.

In this case, the testimony was that two city police officers came into a cafe where Arsiaga was on Oct. 7, 1962. They saw the man get up and go to the back of the cafe and then return to his seat. They looked behind a back booth and found a bottle of amphetamine and barbiturates which they said Arsiaga had stashed there.

Arsiaga, however, insisted he had been drinking beer in paper cups that Sunday afternoon and thought he was doing something illegal. He had gone to the back of the bar, he said, to pour the beer out.

The appeals court said there was "a serious question as to the sufficiency of the evidence to sustain a conviction."

Venire Picked To Try Murder Cases

Judge Ralph Caton, 118th District Court, Wednesday afternoon supervised the drawing of a special venire of 150 to serve in the scheduled trial of three murder cases set for the week of Dec. 2.

Judge Caton instructed the district court clerk's office to have the venire on hand at 10 a.m., Dec. 2.

The venire will be used in the cases of James Monroe Steward, George Ives or Emzie Woodard. The Steward case is tentatively slated to be called first. However, in the event something intervenes, one of the other two defendants will be called before the bar.

Steward is under indictment for the murder of Travis R. Hicks. Ives is accused of shooting Loma Flippen O'Neal and Emzie Woodard is accused of murdering Robert Lee Tillis.

Mrs. Furlong Rites Today

Services for Mrs. Norman B. Furlong Sr., 60, were to be held at 2 p.m. today in the Nalley-Pickle Chapel, with the Rev. Donald Hungerford, St. Mary's Episcopal rector, officiating. Burial was to be in Trinity Memorial Park.

Mrs. Furlong died unexpectedly Tuesday following surgery. Her husband is a dentist at the VA Hospital.

Surviving are a daughter, a stepdaughter and three stepsons.

Pallbearers were to be Dr. Richard W. Furlong, Dr. Norman B. Furlong Jr., James W. Furlong, V. J. Belda, Dr. Cal Guillams, and Dr. Paul Kionka.

Jury Being Picked In Damage Suit

A damage suit stemming from an automobile collision in January, 1961 is on trial before a jury in Howard County Court today. The case was slated for 9 a.m., but was delayed to 10 a.m. At 11 a.m. a jury was being selected.

The case is styled A. C. Biby vs. Alvin Vieregge. The accident which caused the suit was at Twenty-fourth and Main streets. The amount sought is $489.50 for damages alleged caused to the plaintiff's car.

Guilty Plea Gets Man Jail Term

Roy Sim Graves, 56, Coleman, pleaded guilty in Howard County Court Wednesday to a charge of shoplifting a billfold and key case from a Big Spring store. Judge Lee Porter fixed his punishment at 30 days in the county jail.

Robert J. Ward, charged with theft over $50, has been released from county jail on $1,500 bond. He is alleged to have stolen some tire molds

Generator Burns

Minor damage to the generator was caused by a short in the wiring of a car owned by Mrs. Willard Sullivan, 1506 Johnson, about 5 p.m. Wednesday. The blaze occurred at 508½ Main.

Crowds Open New Store

Mayor George Zachariah (right) helped Leon Hand, manager of the new Sears catalogue store, this morning in the ribbon cutting ceremony. More than 100 shoppers were waiting for the doors of the new facility to open at 10 a.m. By noon, more than 1,000 residents had passed through the doors. "We are pleased with the first day's response," Hand said.

Group Pushes Bid For New Baseball Diamond

Four persons representing local youth baseball groups asked the parks and recreation board Wednesday for permission to construct a baseball diamond on property north of the YMCA and southeast of the Boydstun School.

The group also asked city help in construction of the diamond. Included in the group were Foy Dunlap, Frank Sabbato, Tom Farquhar and Cecil Riordan.

ONE PARK

Dunlap said only one teen-age park is available for use by "graduates" of four Little League loops. Sabbato said he does not agree with objections to the plan voiced by the administrators of the school.

No representatives from the school attended the meeting. A member of the baseball group said one objection to the proposed baseball field was that it would create a parking problem. Another said vandalism has been a problem at the school and that this might be increased with the diamond.

GROWTH

Farquhar noted there has been considerable growth in youth baseball teams since 1951. "Another park would be used by 200 boys," he said.

He said the baseball group would have no objection to the use of the field by football teams in the fall. Other points listed by Farquhar to justify the request were: (1) Having a place to play ball would keep teen-agers off the street; (2) property values would not be decreased; and, (3) the diamond may be used as a site for state playoffs.

Board members gave conditional approval of the request to build a diamond on the location. If approval is given by the school board, the parks and recreation board will ask all parties concerned to discuss the matter at a joint meeting. The parks board members indicated they would support the project in any way that they can. However, they stated it primarily is a problem which should be worked out between the school board and the city.

Parks Board Told Of Work

A parks improvement bond fund expenditure and progress report was given by city officials to the parks and recreation board at its meeting Wednesday.

Total cost for improvements completed to date is $8,970.27.

Irrigation improvements at the Road Side Park on West 80 have been completed. Park director Johnnie Johansen said pipe, fittings and value used in the system cost $86.35. Cost of labor, performed by city crews, was paid out of the current budget.

Old pipe for a gravity irrigation system which was installed at Washington Boulevard Park cost $96.05. This includes the cost of two cypress trees and four junipers planted in the park. Installation was made by regular park workers.

An additional $1,256 was spent for used four-inch pipe to be used for irrigation systems in the various parks. Pipe to be used for a sprinkling system at the city golf course cost $7,437.05. This is eight-inch pipe, and the cost includes charges for beveling the ends.

The only other expense to date has been $94.82 for two picnic tables.

Operating Funds May Pay For Park Drain System

The parks and recreation board Wednesday recommended that a $1,600 drainage system for Northside Park (West) be paid for out of city operating funds.

Further, the board recommended that other proposed improvements at the park be paid for with bond funds.

Improvements in the park, other than the drainage system, would include a chain link fence, a new roof for an existing pavilion, a sprinkler system, a combination recreation hall and apartment and playground equipment.

TOTAL COST

Cost of total improvements, including the drainage system, was estimated at about $10,000.

No action was taken on a consideration of personnel strength of the park department. Park director Johnnie Johansen said three or four part-time employes during the summer months could take care of the additional work created by improvements at the various parks.

Johansen said A. A. Marchant, 205 Washington, had requested that cypress trees and junipers be planted in Washington Boulevard Park along a strip in front of his property.

STERILE SOIL

The soil interval between plants in the park is being sterilized and rock is being spread over the surface to cut down on operating expenses. Board members said cypress and juniper bushes would be planted thickly along the length of the eight-block park if homeowners in the area would pay the cost. Board members said the park should be uniform in appearance.

Present for the meeting were Mrs. H. W. Smith, Johnnie Johansen, Randall Polk, W. D. Broughton, Jack Watkins, chairman Tommy Hart, Roy Anderson, assistant city manager, and Larry Crow, city manager.

Cows Killed In Crash

Two cows were killed about 4 a.m. today when a Basin Wax Company truck-trailer smashed into a herd of cows 9.7 miles north of Big Spring on the Lamesa Highway. Three other injured animals were put to death later.

T. R. Jenkins, driver of the truck, was en route to Snyder.

The remainder of the herd was rounded up and returned to the Howard County Feed Lots. The truck received heavy damage.

WEATHER

NORTH CENTRAL AND NORTHEAST TEXAS: Cloudy and warmer today and Friday. Low tonight 63 to 68. High Friday 78 to 83.

NORTHWEST TEXAS: Cloudy today and Friday. Windy and warmer today and tonight. Scattered thundershowers tonight and Friday, mainly in west. Cooler Friday. Low tonight 38 to 45. High Friday 62 to 80.

SOUTH CENTRAL AND SOUTHEAST TEXAS: Cloudy with widely scattered showers today and Friday. Low tonight in 60s. High Friday 76 to 86.

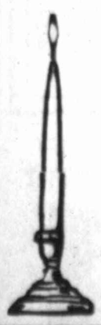

SOUTHWEST TEXAS: Partly cloudy today and Friday with widely scattered showers. Cooler in west late Friday. Low tonight 38 to 45. High Friday 62 to 78.

Charity Grid Game Slated

The second annual charity football game between Big Spring police department players and the 331st Fighter-Interceptor Squadron, Webb AFB, has been scheduled for Dec. 7 at Memorial Stadium. Kickoff time will be 8 p.m.

At a meeting between the police department committee and the base committee on plans and arrangements this morning, the groups decided proceeds from the game would be split among five agencies in Big Spring.

PROCEEDS SPLIT

By unanimous vote 40 per cent will go to the Big Spring Halfway House, 10 per cent to the Salvation Army for Christmas activities, 25 per cent to the Howard County Rehabilitation Center and the remaining 25 per cent split between Boy Scout Troop 301, sponsored by the police department, and Webb AFB Youth activities. In case the base cannot accept the funds allocated, that 12½ per cent will go to the Halfway House.

All committees have been named, and plans are to start training immediately. Each team will be limited to 24 players. The law enforcement team will work out on the high school practice field, and the 331st at Webb.

Ed Murphy, school business manager, explained the part the school would play in getting the stadium, lights and field ready for the game, and the cleanup afterwards. The school policy is to charge only the actual cost of providing facilities for charitable functions. Murphy said a flat $125 will be charged for the game unless the cost of lights is donated.

TICKETS

Tickets for the game will be $1 for adults and 50 cents for children. Invitations will be extended to the Big Spring Hospital, VA Hospital and the Rehabilitation Center's patients to attend the game free, with transportation provided.

The first game, played last year, netted nearly $2,000 for the Crippled Children's fund.

Beneficiary List Needs Updating

A recent lawsuit, in which a wife sought her husband's GI insurance which the Veterans Administration paid to his former wife, points up the failure of many veterans to keep their insurance beneficiary listings up to date, Robert W. Sisson, manager of the Veterans Administration regional office in Lubbock, said today.

The law requires the VA to pay insurance claims to the listed beneficiary. Too often, VA officials said, the original list of beneficiaries, compiled when the insurance was issued, is out of date.

Death, divorces, marriages and re-marriages are all occasions for possible beneficiary changes. Listing can be brought up to date by writing the VA office to which veterans send their insurance premium payments.

Nathan Lankford Dies Early Today

Nathan Lankford, 601 N. San Antonio, 53, died unexpectedly early this morning. He became ill and was dead on arrival at a local hospital.

Only Wednesday Mr. Lankford had served as a pallbearer at the funeral of Mrs. Charlie Merritt.

Mr. Lankford had been a resident of Big Spring for the past 30 years.

Funeral arrangements are pending at River-Welch Funeral Home.

Survivors include his widow; his stepmother, Mrs. Lizzie Lankford, Belton; one sister, Mrs. Mary Gray, Berkeley, Calif.; two brothers, Clarence Lankford, Dos Palos, Calif., and James Lankford, Houston; and one stepbrother, Charles Boles, Belton.

Republicans Set Meeting Today

Howard County Republicans will meet at 7:30 p.m. today in the community room of the First Federal Savings and Loan building. All interested residents are invited to attend.

Dick Spalding, Abilene businessman, will be speaker. Mrs. A. K. Doss Jr., Abilene, committeewoman for the 19th Congressional District, will attend also.

A highlight of the meeting includes a slide program on voter registration, brought by Jim Stowe, Austin.

Refreshments will be served.

Note Accidents

Police investigated two motor vehicle accidents Wednesday. Damage was minor. Locations of accidents and drivers involved were: at First and Gregg, a parked truck of Wesley Nail Jr., 3605 Connally, and Jessie Olgin, 700 NW 10th; at Tenth and Gregg, Gerald Dean Oliver, San Angelo, and Lenora Ollie Williams, 1403 W. 2nd.

Three Men Fined In County Court

GARDEN CITY—Two men recently arrested and charged with driving while intoxicated and one charged with illegally transporting liquor were assessed $100 fines, plus costs, in County Judge Otto Dozier's court, after entering pleas of guilty. One also was given a three-day jail sentence.

James Larry Thompson, charged with DWI and no operator's license, and Johnny Vara, charged with DWI, were sentenced Nov. 8, with the latter getting the three-day sentence.

Emiliano Lamas, Hereford, was charged with illegal transportation of liquor from the Mexican border to Hereford, and was fined Nov. 18.

Car Stolen From Hospital's Lot

A car owned by Howard Calhoun, 403 Dallas, was stolen from the parking lot of Big Spring State Hospital about 9:30 p.m. Wednesday, police said.

According to the report, the keys were left in the ignition. The car was valued at $500 to $525.

An oil field worker was arrested early Thursday morning in the 200 block of Benton. Police said he is being held for questioning in connection with the recent armed robbery of a 7-11 store on Birdwell Lane.

Two teenage boys were arrested Wednesday afternoon after a man complained they were throwing rocks at a house in the 700 block of Calvin. They were released to Juvenile Officer Bob Darland.

OIL REPORT

Tucker To Perforate

Tucker Drilling Co. is preparing to perforate and test the No. 1 Marchbanks at 6,376 feet in the Wolfcamp. This Howard County project is six miles south of Coahoma and 660 from north and 330 from west lines, section 28-31-1s, T&P survey.

In Garza County, MacDonald Oil Corp. No. 7 Dorward-Sun is an old well to be plugged back for tests of the San Andres at 2,200 feet. The project is seven miles southeast of Justiceburg and 2,310 from north and 1,320 from east lines, section 138-5-H&GN survey.

DAILY DRILLING

BORDEN

Kingrea No. 1 Miller is making hole in anhydrite below 2,482 feet. Location is 660 from south and east lines, section 587-97, H&TC survey.

DAWSON

Shell No. 1 Lee is drilling below 11,477 feet. It is C SW SE of section 126-M-EL&RR survey.

GARZA

Signal No. 1 Swenson is digging below 5,058 feet. Location is 660 from south and 1,320 from west lines, section 62-2-H&GN survey.

MARTIN

Austral No. 2 Mabee is digging below 13,190 feet. It is 853 from north and 2,173 from west lines, section 19-39-2n, G&MMB&A survey.

Mabee No. 1-B Mabee is making hole in lime below 11,475 feet. Location is 2,193 from east and 1,794 from north lines, section 19-39-2n, G&MMB&A survey.

STERLING

HMH No. 3 Foster is rigging up. This wildcat is 2,311 from south and 1,650 from east lines, section 24-22-H&TC survey.

Food Handlers Course

A total of 416 persons registered for the course in food handling taught here this week. This exceeded expectations by about 30-40. The increase is partly attributable to visitors from the area, Lige Fox, local sanitarian, said. Left to right are Mrs. Goldie De Bose, health educator of the Lubbock health department, one of the lecturers for the course, Fox and Carl Rea, both with the local Health Unit.

Criminal Appeals Court Says Evidence Scanty

The Texas Court of Criminal Appeals does not believe that the prosecution established adequate proof of possession of barbiturates in its conviction of two Howard County residents in Howard County court last spring.

Therefore it has reversed the cases of Albert Rodriguez and Trinidad Arsiago and ordered the local court to retry them.

Rodriguez was found guilty in Judge Lee Porter's court March 6 and sentenced to serve five months in county jail. He alleged in his appeal that he saw his two little nieces playing with red capsules at his mother's home and had put the capsules in his pocket to keep them from the children. He did not know the capsules were barbiturates, he said.

The appeals court ruled "the jury should have been instructed to the effect that if he (Rodriguez) did come into possession in that manner and did not know he had barbiturates, he should have been acquitted."

In the Arsiaga case, the defendant was tried April 16 and given a 60 day jail sentence and a fine of $100 for possession of a dangerous drug.

In this case, the testimony was that two city police officers came into a cafe where Arsiaga was on Oct. 7, 1962. They saw the man get up and go to the back of the cafe and then return to his seat. They looked behind a back booth and found a bottle of amphetamine and barbiturates which they said Arsiaga had stashed there.

Arsiaga, however, insisted he had been drinking beer in paper cups that Sunday afternoon and thought he was doing something illegal. He had gone to the back of the bar, he said, to pour the beer out.

The appeals court said there was "a serious question as to the sufficiency of the evidence to sustain a conviction."

Venire Picked To Try Murder Cases

Judge Ralph Caton, 118th District Court, Wednesday afternoon supervised the drawing of a special venire of 150 to serve in the scheduled trial of three murder cases set for the week of Dec. 2.

Judge Caton instructed the district court clerk's office to have the venire on hand at 10 a.m., Dec. 2.

The venire will be used in the cases of James Monroe Steward, George Ives or Emzie Woodard. The Steward case is tentatively slated to be called first. However, in the event something intervenes, one of the other two defendants will be called before the bar.

Steward is under indictment for the murder of Travis R. Hicks. Ives is accused of shooting Loma Flippen O'Neal and Emzie Woodard is accused of murdering Robert Lee Tillis.

Mrs. Furlong Rites Today

Services for Mrs. Norman B. Furlong Sr., 60, were to be held at 2 p.m. today in the Nalley-Pickle Chapel, with the Rev. Donald Hungerford, St. Mary's Episcopal rector, officiating. Burial was to be in Trinity Memorial Park.

Mrs. Furlong died unexpectedly Tuesday following surgery. Her husband is a dentist at the VA Hospital.

Surviving are a daughter, a stepdaughter and three stepsons.

Pallbearers were to be Dr. Richard W. Furlong, Dr. Norman B. Furlong Jr., James W. Furlong, V. J. Belda, Dr. Cal Guillams, and Dr. Paul Kionka.

Jury Being Picked In Damage Suit

A damage suit stemming from an automobile collision in January, 1961 is on trial before a jury in Howard County Court today. The case was slated for 9 a.m., but was delayed to 10 a.m. At 11 a.m. a jury was being selected.

The case is styled A. C. Biby vs. Alvin Vieregge. The accident which caused the suit was at Twenty-fourth and Main streets. The amount sought is $489.50 for damages alleged caused to the plaintiff's car.

Guilty Plea Gets Man Jail Term

Roy Sim Graves, 56, Coleman, pleaded guilty in Howard County Court Wednesday to a charge of shoplifting a billfold and key case from a Big Spring store. Judge Lee Porter fixed his punishment at 30 days in the county jail.

Robert J. Ward, charged with theft over $50, has been released from county jail on $1,500 bond. He is alleged to have stolen some tire molds

Generator Burns

Minor damage to the generator was caused by a short in the wiring of a car owned by Mrs. Willard Sullivan, 1506 Johnson, about 5 p.m. Wednesday. The blaze occurred at 508½ Main.

Weather Forecast

Occasional light showers are due Thursday night over Pacific northwest and from extreme southern Plateau through southern Plains to lower half of Mississippi valley. Light snow or flurries will fall over Rockies and northern Plains into upper Great Lakes. Some rain is due along mid and northern sections of Atlantic states. It will be warmer in southeast and colder from Rockies to Ohio valley. (AP WIREPHOTO MAP)

Charter For The Eagles

W. L. Thompson, left, receives a charter from Erle Robertson, Midland, Southwest area president of the Fraternal Order of Eagles, at special ceremonies Wednesday. Besides the charter, with 50 names, nine new members were inducted by th Odessa FOE team which has won the state ritual title the past eight years. Thirty out-of-town guests, including those from Odessa and Midland, were on hand for the ceremonies in the aerie hall on the Settles Mezzanine.

Baylor Bears Hope To Get Bowl Bid

By The Associated Press

While front-running Texas and last-place Texas A&M took it easy in preparation for their Thanksgiving Day game, the rest of the Southwest Conference football outfits bore down in practice sessions this week.

Texas, a top-heavy favorite over the downtrodden Aggies, drilled an hour in sweat clothes Wednesday after taking two days off from practice. Coach Darrell Royal sent the 'Horns through offensive paces and signal drills at Austin and said he believed his No. 1 ranked team would be in good shape for the Aggie challenge.

Coach Hank Foldberg used the scare technique with the Aggies, telling his charges about the great Texas team they were facing next week. But Foldberg ended his discourse by saying "we're encouraged about the future," something that Royal has been thinking about.

The second-place Baylor Bears, thirsting for a bowl game or a possible tie for the championship, stressed defense in their workouts at Waco as they prepared for Hayden Fry's vastly improved SMU Mustangs and their game at Waco.

Baylor Coach John Bridgers said two days of rain had put the Bears behind in their drills, but few fans believed a couple of lost practice sessions would hurt the chances of Don Trull and his passes to such Baylor stars as Lawrence Elkins, Trull's favorite target.

Southern Methodist, meanwhile, concentrated on defense against the Trull aerial magic and signal drills, with little contack work. Fry said doubtful starters for Saturday's game at Waco included linebackers David Wilson and Jim Sitton and center Hardy McAlester.

Coy pre-game statements came from both Rice's Jess Neely and Texas Christian's Abe Martin as they prepared their respective charges for Saturday's game at Fort Worth.

Neely said he ordered lighter-than-usual workouts for the Owls to prevent further injuries. Martin, matching Neely's psychology, said he would use sophomore Kent Nix at quarterback at least part of the game against the Rice team.

In spite of Neely's cautious drills, Rice trainer Eddie Wojecki said he believed all the the Owls would be ready for the TCU test. There was no mention of injuries in the Horned Frog camp.

At Fayetteville, Arkansas Coach Frank Broyles, already saddled with his worst November (and season) since he became mentor of the Razorbacks, prepared his charges for the invasion of Texas Tech.

Broyles said he would start Fred Marshall at quarterback although Marshall suffered a shoulder separation in last week's game with SMU at Dallas. The Razorbacks reported a good practice session Wednesday but said it was not as enthusiastic as Tuesday's crisp session.

Coach H. T. King sent the Texas Tech Red Raiders through drills that stressed punting and passing under pressure as the outfit wound up full scale workouts for Arkansas.

King indicated that David Parks may do most of the Raiders' kicking.

Bird Comes Home To Roost

The miniature T-38 which tops the derrick in the above picture—symbolic of the relationship between Webb AFB and Cosden—was back at Webb this week following a year in the Cosden trophy case. The prize was returned to Webb Tuesday by Raymond Tollett (left) and presented to Brig. Gen. Howard J. Withycombe following defeat of Cosden by the Webb golfers in the second annual Webb-Cosden matches held last Saturday.

Chiefs' Eddie Wilson Is Named 'Player Of Week'

NEW YORK (AP) — Eddie Wilson, a bench warmer who never started a game until Hank Stram shook up his Kansas City club, was named The Associated Press's Player of the Week in the American Football League.

ED WILSON

Wilson took over when Stram benched Len Dawson Sunday at Boston in a desperate attempt to shake the Chiefs out of their losing spin. They didn't lose, but they didn't win either, winding up with a 24-24 tie. It was the first time they hadn't lost in their last six games.

The 22-year-old former Arizona quarterback completed 20 of 32 passes for 258 yards and two touchdowns. He was not intercepted, and he did not panic under the Beantown Blitz from the Patriots.

Trailing late in the final period, Wilson engineered a 71-yard drive in nine plays that climaxed with a 26-yard touchdown pass to Curt McClinton.

Lance Alworth, last week's star, caught four passes for 79 yards and one San Diego touchdown and George Blair kicked three field goals for the Chargers in a 23-13 victory over Buffalo. Blair's kicks were from 39, 15 and 41 yards, the last icing the game.

Spartans Have Best Defense In Country

By The Associated Press

If statistics are an accurate gauge, Illinois is going to have its problems in its game against Michigan State Saturday for the Big Ten title and Rose Bowl bid.

Figures compiled by the National Collegiate Athletic Bureau disclosed today that the Spartans have one of the best defensive teams in the country, particularly against teams that move the ball on the ground.

Rushing happens to be Illinois' favorite mode of attack.

So if the big machines can be trusted, the Illini will have a tough time moving the ball through the Michigan State defenses.

Although Mississippi is the national leader in total defense, having yielded only an average of 138.4 yards a game, Michigan State is fourth in the list and ranks No. 1 in rushing defense.

The Spartans have permitted an average of only 71.3 yards a game on the ground. They have permitted less than two yards—1.9 yards to be exact—on every rush, as an average.

Although fourth in total defense behind Mississippi, Southern Mississippi and Memphis State, the Michigan Staters with 171.5 yards yielded per game have the best record among teams that play a completely major schedule.

The Spartans also have been stingy with points — permitting only 6.3 points a game. They're fourth nationally in this category.

Mississippi is the team leader in defense against scoring, with a .9 points a game given up, as well as over-all defense. Texas Western has the best pass defense, giving up only 40.1 yards a game through the air. Southern Methodist is the punting leader, its kickers averaging 43.1 yards on 46 boots.

Memphis State, third in total defense, is the leader in defending against scoring passes, permitting its rivals to penetrate the end zone only once through the air. Buffalo is tops at stealing enemy passes, with 21 interceptions, but Navy and Texas are close, with 18 apiece.

6-B CHART

(Eight-Man)
FINAL SEASON STANDINGS

Team	W	L	Pts	Op
Forsan	7	3	207	161
Grandfalls	5	3	152	137

Sterling City	1	3	84	113
Garden City	2	2	128	122
Imperial	1	3	64	136

LAST WEEK'S RESULTS—Imperial 34, Sterling City 32; Garden City 26, Forsan 20.

FRIDAY'S GAME—Forsan at Jayton in bi-district playoff.

Albany And Rockdale Face Big Challenges

By HAROLD V. RATLIFF
Associated Press Sports Writer

Favored Rockdale of Class AA meets a team it already has beaten—Taylor—while Albany, the top rated team of Class A, takes on undefeated, untied Goldthwaite Friday night to start the drive for state championships of Texas schoolboy football.

The major classes will be mopping up in the district race, getting ready to start their playoffs next week.

Rockdale, the 1962 state runnerup, will be expected to advance through the bi-district round with ease since it clouted Taylor 13-0 when they met in early season, although schoolboy football has a history of a team usually rebounding in such an instance.

Albany appears to be facing a much tougher row in its first game. Goldthwaite hasn't been really tested although playing competition about as tough as the Lions.

Sixteen games in each class get AA and A off and running with the first contest scheduled Thursday night when Frisco and Van Alstyne get together at McKinney in Class A.

The only clash of undefeated, untied teams comes in Class AA where Dalhart meets Tulia.

Eight district championships will be determined in Class AAAA with Ysleta Bel Air able to win District 1 by downing Ysleta, Amarillo Tascosa needing to beat Plainview to sew up District 3, Wichita Falls meeting Grand Prairie for District 4, South Oak Cliff clashing with Wilson for the Dallas district crown, Tyler Lee playing Texarkana for the District 8 diadem, Houston Bellaire and Houston Waltrip settling District 9, Spring Branch playing South Houston for District 10 and Kingsville battling Corpus Christi Miller for District 14.

Already decided are San Angelo, Fort Worth Paschal, Garland, Port Arthur, Pasadena, Temple, San Antonio Lee and Brackenridge.

Class AAA has only three district titles on the line. Graham plays Wichita Falls Rider for 4, Fort Worth Castleberry meets Carrollton for 5 and Austin Lanier plays Austin Johnson for District 13.

Already decided are Dumas, the defending champion; Andrews, Snyder, McKinney, Palestine, Corsicana, Nederland, Conroe, El Campo, LaMarque, Gonzales, South San Antonio and Pharr.

Bears Faced With Passing

CHICAGO (AP) — The Chicago Bears' excellent pass defense gets challenged a second successive week by a former Bear bomber in Sunday's meeting with the dangerous Pittsburgh Steelers.

This time the Western Division leader of the National Football League must try to handcuff Ed Brown, who once shared Bear quarterbacking with Zeke Bratkowski, current Green Bay Packer reserve.

Zeke was something less than a ball of fire as he spelled starter John Roach late in last Sunday's stinging 26-7 Bear spanking of the Packers.

The remarkable Bear secondary which currently has no fewer than three men among the top seven NFL interception specialists filched three of Brat's 11 tosses.

The 34-year-old Brown figures to be a much more bristling problem for the Bears than Zeke rusty after a long Packer bench sojourn.

Brown, traded to the Steelers in 1962 after eight Bear seasons, is having his best year. His 255 attempts already surpass his greatest number of tosses in any full Bear season. He has completed 124, one shy of his most hits as a Bear—125 in 1959. His 14 touchdown shots exceed his total of 13 for that same season, his Bear career high.

Swept out of the Bear den with Bratkowski as Chicago got the Los Angeles Rams' Bill Wade, Brown will be itching to derail personally, or at least slow up, Chicago's divisional title express.

Turkey Shoot Is Set At Ackerly

ACKERLY — The Ackerly Lions Club will hold a turkey shoot Saturday, beginning at 10 a.m. and running as long as needed, or until dark. The shoot will be held one mile north of Ackerly on US 87. Signs will mark the location.

M. Y. Bowlin, past president of the club, said shotguns and ammunition, and .22 rifles and ammunition, would be furnished.

"Shooters bringing larger rifles must bring their own ammunition," he said. "No skeet guns and no rifles with high powered scopes will be permitted."

LETTER

Grid Team Applauded

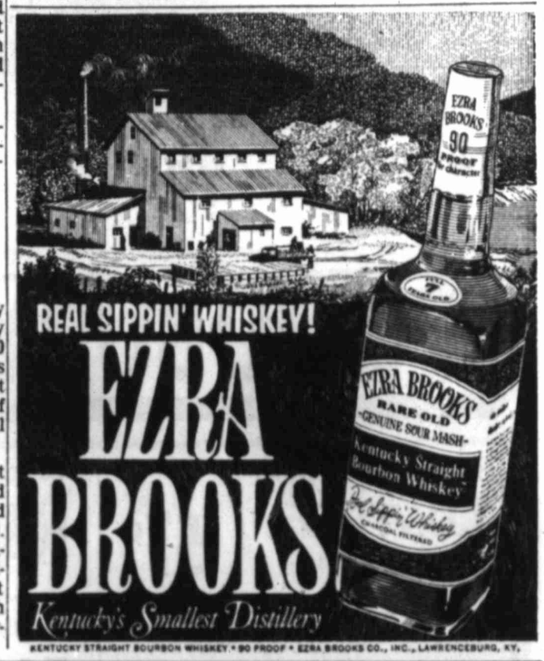

To the Editor:

Big Spring has been well represented on the football field this year with 11 fine young men playing their hearts out and a fine staff of coaches on the sidelines instructing and inspiring them to do their best.

I have enjoyed the games this season, and am looking forward with great anticipation to the game Friday night with San Angelo.

Congratulations to a fine group of boys and our thanks to you for such fine coverage.

Formidable Jayton Is Host To Forsan Club

By PAT WASHBURN

FORSAN — The Forsan Buffaloes and the Jayton Jaybirds square off for a bi-district meeting in Jayton tomorrow and the game promises to be a real slugfest.

When the 7:30 p.m. encounter opens with the official's whistle, the Jaybirds will be trying to re-enact a 50-20 rout that took place earlier in the fall on the Bison's home field.

Sonny Arthur and the Jaybirds of 5-B, winners of 10 straight games this fall, are confident that the game will be just a repeat performance of the last contest. Oscar Boeker and the 6-B Bisons are determined to switch the outcome.

That's why it will be one of the top area games of the year—both teams want the game badly. And there's no love wasted between the two schools. But then that's attributed to Arthur who has let Jayton run up the score on the last two occasions that the schools have met on the gridiron.

Boeker will take 17 men to the game—that's the complete roster. No one is injured and the Bisons are at top strength. If they don't win this game there will be no excuses.

The offensive starters will be: Kenneth Soles, right halfback, 175; David Roberson, left halfback, 170; Donnie Gooch, right end, 150; Kent Sneed, left end, 130; Ray McKinnon, quarterback, 118; Jim Alexander, left guard, 198; Mack Henderson, right guard, 170; and Dick Ross, center, 175.

On defense, there will be two new faces with Jackie Howard taking McKinnon's place and playing halfback while Larry Callahan will go in for Ross and hold down the other halfback slot. Other defensive assignments look like this: Soles, outside linebacker on the left side; Roberson, middle linebacker; Gooch, right linebacker; Sneed, left end; Alexander, middle guard; and Henderson, right end.

For four of the Forsan players, this could be their last game. The four seniors are Gooch, Sole, Henderson, and Jackie Howard. All four have seen considerable action for the Bisons this fall with Soles probably being the player that opponents will be the happiest to see graduate—he's led the Bisons in scoring and proved himself to be the most dangerous runner in the district.

A probable Jayton lineup will be: Kenny Judy, quarterback, 158; William Smith, right halfback, 140; Billy Stanaland, left halfback, 187; Donnie Rinker, center, 212; Allen Dunlap, right guard, 162; Dan Dibrell, left guard, 150; Ricky Kyle, right end, 149; and Eddie Morales, 185, left end.

The winner of the game will play for the regional championship over Thanksgiving against Windthorst, a small community of 205 near Wichita Falls. The Trojans are champions of 7-B.

The Bisons are 7-3 on the season, the same as in 1962 when they also won the district title in Boeker's first year at the helm. Losses have come to Jayton, 50-20; Gail, 20-14; and Garden City, 26-20.

Scores of the games they won are: Dawson, 36-12; Klondike, 14-6; Stanton B, 28-14; Coahoma B, 18-8; Sterling City, 26-6; Imperial, 16-6; Grandfalls-Royalty, 16-6.

Buffalo Stalwarts

Throughout the season, the Forsan Buffaloes have gotten a lot of good playing time out of the six boys pictured above, all of whom will be back for the 1964 season, with the exception of Mack Henderson, (86). Top row, left to right: Freddie Willis, freshman end, 140; Henderson, senior guard, 170; Kent Sneed, junior end, 130. Front row, left to right: Ray McKinnon, freshman quarterback, 118; Jack Ellis, freshman halfback, 116; and Larry Callihan, defensive halfback, 120.

DADS' NIGHT CANCELLED

Plans for Dads' Night to be held in conjunction with the Big Spring - San Angelo football game here Friday night have been cancelled upon the recommendation of the Texas Interscholastic League.

Fathers of the players would have been seated on the field. The Interscholastic League frowns upon such an arrangement, pointing out that there is a trend toward keeping congestion off the playing area as much as possible.

The Quarterback Club had planned the special night honoring fathers of the football players.

Schayes Is Calm On 76ers Chances

By The Associated Press

The Philadelphia 76ers, nee the Syracuse Nationals, haven't set the National Basketball Association on fire since the franchise was shifted to the Quaker City. Nevertheless Coach Dolph Schayes is confident his 76ers will make the playoffs by beating out the revived New York Knicks in the Eastern Division.

Beaten in two previous games by the Knicks, the 76ers turned the tables on the New Yorkers Wednesday night, 118-101, as Lee Shaffer and Hal Greer combined for 54 points. It was the first Philadelphia victory of the season over the Knicks and gave the 76ers a two-game lead over the team they must beat to make the playoffs.

The Detroit Pistons snapped a three-game losing streak by coming from behind to defeat the Cincinnati Royals 124-118 in Wednesday's other scheduled NBA game.

Rodney Payne All-District

STANTON—Rodney Payne, a senior end, was the lone Stanton player named to the All-District 7-AA football platoons chosen by the coaches.

Payne was placed on the offensive unit.

Eight Crane players were named to the two units and two of those, tackle Bill Heiser and back Kirk Looney, were chosen to play both ways.

Payne was also named to the honorable mention list on the defensive unit, as Stanton linebacker Donnie Thompson.

The platoons:

OFFENSIVE PLATOON

Ends—Mike Coffee Sr., McCamey; Rodney Payne Sr., Stanton.
Tackles—Jack Tompkins, Sr. McCamey; Bill Heier Sr., Crane.
Guards—Pat Castro Sr., Sonora; Ronnie Pool Sr., Crane.
Center — Bill Whitwell Jr., Crane.
Backs—Elillo Leyva Jr., Alpine; Johnny DeMaria Sr., McCamey; Kirk Looney Jr., Crane; Paul Cormier Sr., Crane.
Fifth Back—(tie) Eddie Howell, Soph., Sonora; Bill Elliott Jr., Sonora; Bill Elder Sr., Crane.

HONORABLE MENTION

Ends—Ruben Martinez, Alpine; Joe Villegas, McCamey; Mike Robbins, Crane; Jimmy Short, Crane.
Tackles—Alfred Perez, Sonora; Maxie Delrie, Sonora; Mike Jones, Crane; Lee Roberts, Alpine.
Guards—Mike Blackwell, McCamey; Joe Cobos, Alpine.
Centers—John Friess, Sonora; Elidio Gonzales, McCamey.
Backs—Tony Green, Alpine; James Moody, McCamey; Floyd Smith, Crane; Gerald Penny, Crane; George Gonzales, Alpine; Johnny Merck, Sonora; Rubin Castillo, Sonora.

DEFENSIVE PLATOON

Ends—Merck Sr., Sonora; Robbins Sr. Crane.
Tackles—Castro Sr. Sonora; Heiser Sr., Crane.
Guards—Alfred Perez Sr. Sonora; Demaria Sr. McCamey.
Line backers—Looney Jr. Crane; Mike Blackwell Sr. McCamey; Howell, Soph., Sonora.
Backs—Leonel Cardova, Soph. Alpine; Penny Jr., Crane; Larry Moore Sr., Sonora.

HONORABLE MENTION

Ends—Rodney Payne, Stanton; Orlando Sandate, Alpine, Roy Glasscock, Sonora; Doug Connor, Alpine.
Tackles—Mike Jones, Crane; Herman Gonzales, Alpine.
Guards—Everett McDougal, Crane; Delrie, Sonora.
Line backers—Donnie Thompson, Stanton; Whitwell, Crane; Tommy Weston, Alpine; Villegas, McCamey, Jim Brown, Sonora.
Backs—Moody, McCamey; Elliott, Sonora; Smith, Crane; Joe Valentuela, Alpine; Ridgley Holifield, McCamey; Elder, Crane.

Swapping Hits Big Leagues

NEW YORK (AP) — The official lid was off today for interleague trading in baseball. General managers who have been feeling each other out on the telephone now are free to get down to serious business and swap for real.

The three-week interleague period, during which big league clubs can trade without the necessity of getting waivers, opened at midnight Wednesday.

Judging by the American League deal in which the Detroit Tigers traded Rocky Colavito for Jerry Lumpe and pitchers Dave Wickersham and Ed Rakow, that's apt to be plenty of action.

The New York Mets, who need plenty of everything, declared they are ready to deal Veteran outfielder Frank Thomas, a right-handed pull hitter, is their chief stock in trade since they swapped right-hander pitcher Roger Craig to the Cards for outfielder George Altman.

Most of the wheeling and dealing is expected to occur during the minor and major league meetings at San Diego and Los Angeles early next month.

Angelo Star

Jim Rich, San Angelo's back who faces Big Spring here Friday night, is District 2-AAAA's leading ground gainer. He has picked up 614 yards in 122 carries for a five-yard average.

Lithuanian Is Pitt Leader This Season

PITTSBURGH (AP) — If you're looking for a secret behind the sudden revival of Pitt as a major football power this year, you'd have to go further than the onfield exploits of Paul Martha and Fred Mazurek.

Martha, the speedy halfback, and Mazurek, the flashy quarterback, have grabbed the headlines for their clutch performances in boosting the Panthers to a 7-1 record and No. 5 ranking in the nation.

But the key to Pitt's success is a relatively unknown senior end named Al Grigaliunas, who serves as team captain. For without the leadership of the gutty Lithuanian immigrant, it's doubtful the Panthers would even be near a possible post-season bowl invitation.

"I don't think there's any question about his value to this team," said Frank Carver, the Pitt athletic director who has been appraising Pitt players since his undergraduate days in the 1930s. "He's the finest captain I've seen at Pitt since Joe Schmidt."

Schmidt, who has gone on to greater fame as an all-pro linebacker with the Detroit Lions, was the Pitt captain in 1952. Carver's comparision takes on even greater significance when one realizes that Joe Walton of the New York Giants and Mike Ditka of the Chicago Bears also followed in Schmidt's footsteps.

Martha, touted by Carver as the greatest Pitt back in 25 years, makes no secret of his admiration and respect for Grigaliunas.

"In the past few years we've had some dissension on our team, and the captains haven't done a thing about it," Martha said. "But Al has put some fight into us. The guys respect him for the way he acts and the way he handles himself."

Mazurek, a junior who could be Grigaliunas' successor, agreed adamantly with Martha.

Grigaliunas, a B plus student in industrial engineering, became a leader intrinsically. Before Al was born his father was killed by the Russians while trying to escape shipment to Siberia.

He and his mother lived through many Allied bombings in Germany, and they roamed the post-war refugee camps for years before a sponsor brought them to America.

US Tennis Hopes Gain Confidence

ADELAIDE, Australia (AP)—Dennis Ralston of Bakersfield, Calif., raised the Davis Cup hopes of the United States Thursday when he defeated Australian ace Roy Emerson in the semifinals of the South Australian Tennis Championships.

Ralston turned back the No. 1 ranked Australian 6-4, 2-6, 3-6, 6-2, 12-10 and will meet Australia's John Newcombe in the finals Sunday.

The U.S. challenges Australia for the Davis Cup Dec. 26-28 on the Adelaide courts.

Seagraves Boasts Amazing Record

SEAGRAVES — Seagraves, District 5-A football champion, will be favored to break its bi-district jinx when it plays Merkel, the 6-A titlist, in Big Spring at 7:30 p.m. Saturday.

Seagraves, which has lost only one game to a Class A school during the past four seasons, will try for the third consecutive year to overcome the bi-district jinx.

The 1963 version of A. D. Shaver's crew carries a 9-1 season record with them as they face Merkel. The Eagles have wins over Farwell, the 3-A Champions; Muleshoe the 3-AA Champions; and Eunice, N.M., the team that is playing for its third consecutive state championship in New Mexico; and Stanton another AA school in pre-district play.

The lone loss on this year's schedule was handed the Eagles by Lovington, N.M., a school that would be at least classed as AAA or AAAA by Texas standards. The defeat came when the Eagles were crippled by injuries.

The Eagles also have a 32-7-3 record for the past four years. Even though the Eagles have lost only once to a class A school, State Champion Rotan in 1962, they have yet to clear the bi-district hurdle. The ironic part is that the Eagles have twice lost the battle of penetrations and first downs.

In 1960, the Eagles were the highest scoring class A team in this part of the State averaging 41.5 points per game and allowing their opponents only 8 points per game, yet the Eagles lost to Plains on penetrations as the teams tied 20-20. The Eagles finished the season the same way White Oak did this year; 9-0-1 and yet were left out of the State play-offs.

In 1961, the Eagles were only 6 inches away from their first bi-district victory as the clock ran out before the Eagles could punch across the winning touchdown. Rotan advanced in the State play-offs by virtue of first downs as the two teams tied 22-22.

Then in 1962 came the lone defeat by a class A school in the past four seasons. Seagraves bowed to Rotan, the eventual State Champion of class A, in bi-district.

The 1963 Eagles are led by the leading scorer of the South Plains, halfback Clyde Keltner, who has scored 143 points this season. He has carried the pigskin 164 times for 1,030 yards, an average of 6.3 per carry.

CLYDE KELTNER
Ace of Eagles

Rounding out the backfield are Bo Faulkenberry, a diminutive halfback who has scored 30 points and toted the ball 44 times for 294 yards, an average of 6.7 per carry. Bo only weighs 118 pounds, but he has been worth his weight in gold to the Eagles this season.

Monty Sansom, an end, was switched to fullback to fill a void caused by an injury. His number has been dialed 102 times as he has carried for 733 yards, an average of 7.2 in seven games and 50 points. Charley Flemmons, the signal caller, is the fourth member of the backfield. He has scored only 8 points this season, but has thrown 9 touchdown passes. He also completed 29 of 63 passes this season.

Donny Fields, a fullback, who was injuried earlier in the season has carried the ball 26 times for 126 yards, an average of 5 yards per carry. Donny should should see limited service this week. He will be making his second appearance since an injury suffered in the early part of the season. Danny Rosson, another halfback may see limited service on defense.

The line is anchored by Cleve Garrard, Robert Gilmore, Jackey Roberts, Jimmy Bagley, Billy Joe Cathey, Scott Johnson, Chester Payne, James Reasonover, and Steve Markley. The offensive unit has traveled 2535 yards on the ground this season for a game average of 253.5. They have also used the airlanes for 746 yards an average of 74.6 per game.

The defensive unit has held the opponents to 1571 yards rushing, an average of 157.1 per game. The opponents have been able to travel only 346 yards in the air for an average of 34.6 per game. The Eagles are scoring an average of 30.9 points per game and allowing the opposition an average of 10.8 points per game.

Outstanding players of the Eagles include Clyde Keltner, halfback, an All District selection in 1962 as well as All Regional and All South Plains; Monty Sansom, an end and fullback, All District in 1961-62, All Regional and All South Plains in 1962. Both of these boys have been mentioned as All State material. Other star performers are Cleve Garrard, 1962 All District defense, Jimmy Bagley 1962 All District defense, and Robert Gilmore All District offense 1962. The 1963 All District selections have not been made.

Four-year record:

1963		1962	
8 Muleshoe	6 8 Hamlin	18	
26 Farwell	15 32 Crosbyton	6	
52 Eunice	6 56 Whiteface	6

LOOKING 'EM OVER

With Tommy Hart

Off the San Angelo team which visits here Friday night, coach Emory Bellard loses four centers, two left guards, three right guards, three left tackles, three right tackles, three left ends, two right ends, one quarterback, three left halfbacks and four fullbacks next year — a total of 28 boys.

The Cats are so rich in talent, however, they may not lose stride. Too, they'll benefit from graduates of two of the finest junior high teams ever to play in San Angelo.

Ronnie Henson is in his last season as the Bobcat quarterback but in Pascuel Piedfort the Felines may have a replacement who may overshadow Henson in feats of derring-do.

Big job Bellard will have is to find someone to fill the shoes of tackle A. Z. Drones and center Jim Grissen. Some say that the University of Texas decided to integrate its athletic teams in 1964 in order to recruit Drones and keep the University of Southern California from getting him.

Yes, Jim Rich, the leading ground gainer in the conference, will return to the Bobcats in 1964 to haunt enemy clubs.

• • • •

Roger Staubach, the Navy football whiz who was sent out to NMMI in Roswell, N.M., a couple of years ago to brush up on his studies and who subsequently played basketball here against HCJC, is the brother of a priest.

Roger still is toying with the idea of following his brother into the ministry. If he did wind up in a seminary, he'd eventually return to the Naval Academy as a chaplain.

• • • •

Abilene High loses 22 boys off the team that knocked off Big Spring last week.

Wally Bullington, who may have saved his job with the victory, will have to get along without Bob Bearden, Rusty Harris, Tommy Wilson, Mike Murphy, Bob Chumley, Dicky Phipps, Jimmy Key and Randy Goldsmith, to name a few.

The Abilene speed was amazing. How do they come up with boys like that over there year in and year out?

• • • •

Bill Milam, the Stanton coach, told Midland scribe Tom Rice that his Buffaloes are going to win five ball games in 1964.

His 1963 club, winless (but with two ties) in ten starts, was primarily a senior outfit but Bill apparently sees enough talent on the way up to fan the hopes of Stanton football backers.

One big thing in Bill's favor: Stanton drops a notch to Class A and the competition there shouldn't be as rough, although Stanton will be thrown in with the like of Wink, Seagraves and Plains.

• • • •

That Philadelphia pro football team which played and lost to the Dallas Cowboys last Sunday reportedly is rocked with dissension.

The Eagles opened the season looking every inch title contenders, but has since fallen upon evil days.

One of the reasons for the disintegration of spirit is the fact that the Eagles are up for sale. Such a thing often happens to a team when syndicates of businessmen with eyes on capital gains and other gimmicks get into sports. The club probably would have been sold by now had not the advance ticket sale been so hefty.

Nick Skorich is said to be a lame duck coach.

Some of the "name" backs for Philadelphia have a particular dislike for ex-Oklahoma star Tommy McDonald, which is the big reason he hasn't been getting the passes like he did in other seasons.

Modest Inn At Cisco Began Hotel String Of Conrad Hilton

CISCO, Tex. (AP) — When Conrad Hilton went into the hotel business, he wanted and got the best.

The first known investment by Hilton in hotels was in this town 100 miles west of Fort Worth during the 1917-1920 oil boom.

He didn't come here to buy a hotel. He got into the hotel business by accident. He really came here to invest in a bank.

When that plan collapsed, he and three others bought the Mobley Hotel early in 1918.

80 INNS

The Mobley was not the sort of hotel Hilton would add to his current chain of about 80 sophisticated inns circling the globe.

But it was first-rate for that time and place. It was the best in the oil boom town where men seeking their fortune were happy to find any place to sleep.

Business was so brisk that room rentals at the Mobley turned over three times a day.

"We kept the beds hot making them up," Hilton recalled later.

YEAR BEFORE

The 25-room hotel was of brick, built a year before the boom started.

Mrs. Cassie Mobley, alert at 83, is one who recalls Hilton.

When that bank deal fell through, Hilton decided to invest in the hotel.

Mrs. Mobley said recently that Hilton formed a partnership with three men and they paid $40,000 for the hotel. As she recalls, it was a cash transaction.

CONRAD HILTON BEGAN AT CISCO
String of 80 plush inns now boasted by Texan

One of the partners operated the hotel for a time. Then Mrs. Mobley returned to run the inn until Hilton and the others sold it in 1920, about the time the boom ended.

SHORT TIME

Mrs. Mobley said Hilton lived in Cisco only a short time while he sought to make the bank deal. After forming the hotel partnership, he made occasional trips to the town but never stayed more than a few hours.

Cisco residents who recall Hilton describe him simply as a nice fellow. He was one of thousands who came to Cisco during the oil boom. He was in his 30s.

The hotel became a nursing home for the elderly in later years and changed hands several times.

NURSING HOME

It now is called the Golden Age Nursing Home. It is presentable on the outside. The interior could stand a lot of redecorating.

After Hilton sold the Mobley, he put together a small hotel chain in Texas. Then the depression wiped him out.

Hilton started another group of hotels, much more impressive this time. In 1949, he became the man who bought the Waldorf.

His hotel interests zoomed in 1954 when he took over the Statler chain.

Copters Crash On Purpose To Aid Air Safety Studies

PHOENIX, Ariz. (AP) — Ten large military helicopters have crashed at the Deer Valley Airport north of Phoenix in the past three years.

Within six months, two four-engine transports probably will smash into a nearby mountainside.

Neither poor pilots, faulty aircraft nor sabotage is to blame.

It's done on purpose by the Aviation Safety Engineering and Research Division of Flight Safety Foundation, Inc. The object is to find out what causes injuries in aircraft crashes, and to test equipment designed to minimize such injuries.

The division began crashing helicopters in 1960 under a contract with the U.S. Army Transportation Research Command. The experiment with transports, tentatively scheduled for February and March, will be done under contract from the Federal Aviation Authority.

OBSOLETE

"The aircraft we are crashing are obsolete and on their way to the junk yard," says division manager Victor E. Rothe. "We have to dig up parts to make some of them work."

Rothe says that information gathered from the tests has resulted in safety modifications for helicopters being flown in South Viet Nam.

Inside the helicopters are instruments, dummies, standard equipment and experimental devices designed by the division. Manufacturers also may have new designs aboard.

Experimental equipment may include new seat and restraint systems, fuel tank structures, fuel solidification chemicals, and setups to cut off electrical circuits to prevent fire.

BIG KILLER

"Fire is the big killer in crashes," Rotte says. "If you can reduce and prevent injuries, persons have a greater chance to escape once the whole thing has come to a screeching halt.

"We feel that as long as there is living space within the aircraft, the crash is survivable.

"Our emphasis is in what causes injury to people in crashes. You always end up with hardware—something involved in the design of aircraft."

In addition to the tests, the organization also investigates about 30 military, private and commercial crashes each year.

Research data is distributed in publications, and members of the staff may act as consultants to the Army and manufacturers. The division also conducts a two-week course in crash injury investigation, reporting and analysis.

The non-profit research organization began in 1942 at Cornell University. When the division moved to Phoenix in 1957 it had only a few employes. Now there are 52.

Kicked Kitty Finds Haven

UTICA, N.Y. (AP) — Many days and 300 miles away from Boston, the woman could not forget the sight of the cruelly mistreated kitten at the Old North Church.

Mrs. Harold Becraft of Utica recently visited the famous church.

In the courtyard, she made friends with a skinny stray kitten. The animal fled, however, when a boy kicked it. Mrs. Becraft could not forget the animal.

She phoned the Animal Rescue League in Boston and the organization found the kitten. Mrs. Becraft is having it shipped to her home — which already houses cats, monkeys, rabbits, birds, dogs, a racoon and a chipmunk.

Mrs. Becraft is employed by the Humane Society.

Dockets To Start Dec. 2

Wayne Burns, county attorney, is drawing up a series of county court criminal dockets which will continue through the week of Jan. 21, 1964.

First of the dockets is to be started Dec. 2. On the dockets, Burns is setting down all pending appeal cases from corporation and justice of peace courts. These appeals will be tried when ready the first week of the docket session.

On Dec. 2, Burns said, not only will the appeal cases be sounded to determine those ready for trial, but cases set for Dec. 10, Jan. 15 and Jan. 21 will also be called. These are straight criminal cases.

Most of the active matters now pending on the county criminal case list will be set for disposition on one of the several dockets.

Jury panels will be in court each of the weeks.

The first jury panel will report Dec. 3. Appeal cases announced ready to be heard by a jury will be given their day in court.

Rodeo's Top Men Named

DENVER — Pro rodeo has named its 90 top money winning cowboys of the 1963 season for the sport's fifth annual championship title play-offs upcoming this month in Los Angeles. Twenty-five contestants are from the tri-state of Oklahoma, Texas and New Mexico.

On the entry roster for the National Finals Rodeo, Nov. 26-Dec. 1, from Oklahoma are: George Williams, Tulsa; Bill Feddersen, El Reno; Bob Wegner, Ponca City; Joe Green, Sulphur; Bobby Goodspeed, Wetumka; Barry Burk, Wagoner; Don Huddleston, Talihina; and Billy Hale, Checotah.

From Texas, Guy Weeks, Abilene, who earned $28,100; Bernis Johnson, Cleburne; V. A. Palmer, Clarksville; Ronnye Sewalt, Chico; Leonard McCravey, Memphis; Dickey Cox, McKinney; Carl Nafzger, Olton; Jim Bob Altizer, Del Rio; Lee Cockrell, Panhandle; Billy Joe Deussen, Ponder; Leon Bauerle, Austin; C. R. Boucher, Burkburnett; and Jim Bynum, Waxahachie.

Twelve head of animals from the Oklahoma bucking string owned by Elra and Jiggs Beutler, will be used during the finals. These animals were used in the Big Spring (Tex.) rodeo.

On the roster of Beutler's delinquents for the finals are: Mississippi, Black Diamond, Grubline, White Mesa, Nowata, Hot Seat and Bandit.

BIG SPRING DAILY HERALD

SEC. B BIG SPRING, TEXAS, THURSDAY, NOVEMBER 21, 1963 SEC. B

MRS. GERALD LEE LACKEY

Couple Marries In New Mexico Rites

The marriage of Miss Pamela Dorothy Elliott and Gerald Lee Lackey is announced by her parents, Mr. and Mrs. Walker Dodd Elliott, Las Cruces, N.M. Vows were exchanged Nov. 15 in the Elliott home with the Rev. Melvin Snodgrass officiating.

Lackey is the son of Mrs. Vera Lackey, Big Spring.

The double ring service was performed before an improvised altar, banked with white carnations and marked by candelabra holding lighted tapers.

Wearing a green wool, fur-trimmed suit and matching green accessories, the bride was given in marriage by her father. Her corsage was an orchid.

Miss Janett Anne Elliott, sister of the bride, was attired in a sheath of winter - white wool and green accessories. She wore a corsage of tangerine carnations.

Robert McCarty, Big Spring, was best man.

RECEPTION

A reception was held afterward. Guests, registered by Mrs. Robert Alvarez, were served from a white, linen-covered table, centered with a tiered wedding cake. Mrs. L. R. D'Amico presided.

Among out of town guests were Mrs. Vera Lackey, Ernest Lackey, Mr. and Mrs. Edward G. Lackey, Robert McCarty, George McGann, Clyde McMahon and James Weaver, all of Big Spring.

The couple is now at home in Mesilla Park, N.M. The bride, a graduate of Las Cruces High School, attended New Mexico State University. Now employed at Mesilla Motor Company, the bridegroom graduated from Big Spring schools and attended Texas Tech, Lubbock.

Purposes Of Church Explained

Mrs. Harwood Keith led the recitation of The Lord's Prayer to open the Tuesday afternoon meeting of the Mary Zinn Circle, First Methodist Church. Mrs. Dave Duncan was hostess to 12 class members as Mrs. S. R. Nobles presided. The devotion was given by Mrs. Jakie Bishop who read a poem.

The program, led by Mrs. H. H. Stephens, was entitled, "The Churches' Beginning Where We Live." Those participating and their topics were Mrs. T. G. Adams, "What the Church Means in History"; Mrs. Nobles, "What the Church Means in Personal Experience"; and Mrs. D. F. Bigony, "What the Church Means in the Life of the Community." To conclude the program, each told what the church means to them personally.

Members voted to present a gift to Mrs. Jim Dickson, church secretary, who is resigning that position. Following the benediction refreshments were served to members and a guest, Mrs. G. H. Fleeman.

The circle will meet Dec. 3 at 3 p.m. in the home of Mrs. Herbert Johnson, 601 E. 18th St.

DANCE DATE IS SATURDAY

Previously announced for Friday night, the Big Spring Country Club dance will be held, instead, Saturday night from 9 until 12 o'clock. A five-piece orchestra will provide music for dancing, and the charge will be $3 per couple.

Hobo Stew Made At Church Party

Hobo stew was cooked over a campfire on the church grounds when 16 members of the Junior Youth Fellowship, First Christian Church met.

Meeting Saturday at the church they went to homes of members who did not attend to "beg" ingredients for the stew.

Hostesses were Mrs. Russell Hoover, Mrs. Edison Taylor, Mrs. Alan Kernodle and Mrs. Bob Simpson. Adult guests were the Rev. and Mrs. John Black and Mr. and Mrs. Joe B. Johnson. Mrs. Johnson is superintendent of the junior department.

Program Featured At Luncheon Meeting

A luncheon and a special program were features of the Fairview Home Demonstration Club's meeting Tuesday at the Prairie View Baptist Church.

Preceding the Thanksgiving meal, a devotion from the scriptures and a reading, "The Three Stone Cutters," were given by Mrs. Shirley Fryar, president.

Ten members were present. Guests were Mrs. Edgar Phillips, Mrs. J. W. Rives and children, Joyce and Johnnie, Mrs. B. M. Newton, Mrs. W. C. Fryar, Mrs. Phillips Stovall and daughters, Annette and Nannette, Mrs. R. C. Thomas and children, Karen and Kirk Lee, Mrs. Carl Grant, Miss Twila Lomax, Mrs. Arthur Franklin, Mrs. Delaine Crawford, Miss Arah Phillips, Mrs. Cecil L. Kirkland and Lucille Engle.

Miss Phillips, guest speaker, showed films and talked on East and West Germany. In the program she featured Berlin, the divided city, describing the 46-mile-long "Wall of Shame." She said that from 1945 to 1961 some one million East Berliners fled to West Berlin to escape the Communist regime, therefore the Russians built the wall to make it almost impossible to cross. "Communism would spread in all directions," she explained, "if it were not for the American troops which occupy West Berlin."

"Berlin is a beautiful city and properous with many industries, new boulevards and lovely parks," Miss Phillips pointed out. "There are very few signs of World War II." She referred to West Berlin as an island of democracy in a large Communistic country.

During a six-hour visit to East Berlin, she observed the unhappiness shown by the people who were withdrawn and uncommunicative, always in fear of informers.

The next meeting was announced for Dec. 10 at 2 p.m. in the home of Mrs. Fryar.

HINTS FROM HELOISE

Pre-Fry French Fries For Ready Servings

I own and operate a lunch room. This is the way I prepare French fries:

Pre-fry French fries at 400 degrees just until the water is cooked out . . . three or four minutes!

Drain throughly and let stand until cold. Place in plastic bags and then put in freezer. I have found this method to be very good and we never have any brown or limp French fries in our lunch room.

HELOISE

It takes only a minute or two to have gold crisp fries by putting them in your deep fryer again at 400 degrees

Sally Orr

• • •

Dear Folks:

Do let me give you a word of caution about disposals that will perhaps save you a service call.

Do not use disposals to dispose of . . . wood, metal, glass, string, paper, bones or chicken skin etc. As an extra precaution I suggest that you do not put celery stalks in it either. Eventually this turns into strings. What a mess!

Heloise

• • •

Dear Heloise:

Here is an idea for that gift bottle of toilet water that you have received and will never use.

I poured some in my sprinkler bottle along with the water, and sprinkled all of the bureau scarves, pillow slips, and cotton dresses before ironing. This is one way to use it up and everything smells good. Makes ironing faster. Reader

• • •

Dear Heloise:

This might be common knowledge, but I just recently discovered it for myself, and was so thrilled that I wanted to pass it along to others.

If you wipe over your hot, plugged-in coffee pot with your soapy dishcloth (be careful you don't burn yourself) this will remove all of the ugly stains and leave it shiny and new looking. One does not even have to dry it! Mrs. B

Shop To Open At VA Hospital

The opening of a gift shop for patients at the Veterans Administration Hospital was planned Monday evening when the American Legion Auxiliary met at the Legion Hut.

The shop, operated by volunteers, will be open Dec. 9-13 in the TV room of the hospital's second floor. Patients may choose gifts for their immediate families without cost. These gifts are Christmas-wrapped and wrapped for mailing free of charge.

Mrs. Leonard Barlow announced that any organization is welcome to donate gifts for the shop or make donations of money to be used for purchasing gifts.

Hicks And Wife Visit In Knott

KNOTT (SC)—Mr. and Mrs. John Hicks have returned to their home in Waurika, Okla., after visiting here with his sister, Mrs. Lloyd Liles, and family. Also they visited the local school where they were guests for lunch. Hicks, formerly of Washington, D. C., is a retired Navy officer. Mrs. Hicks is a social worker in Oklahoma.

Mrs. H. U. Cook of Conroe is visiting her son-in-law and daughter, Mr. and Mrs. Raymond Stevenson.

Mrs. E. C. Airhart, accompanied by her husband, and Mrs. Elsie Smith visited Tuesday with their sisters, Mrs. J. R. McArthur and Mrs. E. S. McArthur, in Spur.

Mrs. J. W. Motley has purchased a home in Dunn and moved there from her residence here.

Makes Donation For Basket

Mrs. Max Green was hostess Tuesday morning at her home to six members of the Ann Dwyer Circle First Baptist Church. Mrs. Welby Jackson, circle chairman, presided as the meeting opened with the watchword.

A cash donation was made toward the purchase of produce for a Thanksgiving basket.

The study of the mission book, "Mandelbaum Gate" was continued under the leadership of Mrs. Robert Polk.

Mrs. Richard Grimes, 600 Linda Lane, will be hostess Dec. 3 when circle members will meet in her home at 9:30 a.m.

Airport WMS Studies Book

Dr. H. Leo Eddleman's book, "Mandelbaum Gate," was the basis of a five - hour mission study and meeting held Tuesday by the Airport Baptist Church Woman's Missionary Society.

Dr. Eddleman, who resided in the Holy Land for seven years, wrote of the situation existing in the Near East between the Arabs and Jews. He described in detail the problems and progress of the Southern Baptist missionaries in Israeli.

The meeting opened with Mrs. Don Williams, pianist, playing the national anthem of Israeli. Miss Laurel Grandstaff, who lived in Nazareth for two years, showed costumes typical of those worn in the area and showed slides which she had taken there.

Study of the first three chapters was led by Mrs. Curtis Smith, Mrs. Neal Bryant and Mrs. Norman Ezzell.

Following a covered dish luncheon, served from a table centered with a miniature camel caravan, members of the Sunbeam Band sang an Israeli song.

The final chapters of the book were discussed by Mrs. James Denny and Mrs. Ernest Hodo. The Rev. Jack Stricklan, minister of East Fourth Street Baptist Church, showed slides taken during his recent trip to the Near East. The meeting adjourned after prayer was led by Mrs. Bryant. Ten attended.

Canasta Club Makes Report

Mrs. Roland Fryar was hostess to the Hi-Lo Canasta Club Wednesday morning at her home, 1412 Stadium. Refreshments were served to members comprising the two-table session.

Winning high, Mrs. Philip Stovall and Mrs. Fryar received bottles of hand lotion. The next session will be with Mrs. Ronald Fryar, 4208 Parkway. A Thanksgiving dinner will be served following the morning game.

Mission Study Held For WMU

Opened with a hymn, the meeting of the Woman's Missionary Union of Berea Baptist Church was held at the church. Thirteen members were present for the study taken from the book, "Mandelbaum Gate" with Mrs. John Townsley, the leader.

Mrs. Norman Lester read the prayer calendar, and prayer was given by Mrs. Vaughn Martin. The president, Mrs. Dick Ames, announced a youth revival to be held Nov. 29-Dec. 1, and offered the closing prayer.

Clark Visits Here

R. T. Clark of Coffeyville, Kan., is visiting this week with his son and daughter-in-law, the Bob Clarks, 2103 Morrison.

Groebls Attend College Jubilee

The Ted Groebls have returned from El Paso where they visited their daughter, Mozelle Natalie, and attended the Texas Western College Golden Jubilee Homecoming. They were accompanied by their daughter-in-law, Mrs. Ted Groebl Jr.

Mozelle and Kathy Johnson, Big Spring, both members of Delta Delta Delta Sorority, served as duchesses to the homecoming queen, Sharon Criswell, San Antonio. The queen and her court were presented at the homecoming dance and during half-time in the Texas Western-Texas Tech football game.

Tri Delta won the sweepstakes award for its parade float.

Circle To Serve Hospital Patients

Laundry workers at the state hospital will be served refreshments Friday by members of the Mary Willis Circle, First Baptist Church. The project was planned as the group met Tuesday morning in the home of Mrs. Delbert Simpson.

Mrs. Walter Wheat read the call to prayer with Mrs. Glen Faison leading the prayer. The last two chapters of "Mandelbaum Gate" were studied under the direction of Mrs. Carl McGlothlin.

The eight attending were dismissed with prayer by Mrs. Pool. Mrs. Faison will be hostess for the Dec. 3 meeting.

WMU Meets At Sand Springs

Plans were completed Tuesday morning for community mission work during November and December by the Woman's Missionary Union of Sand Springs Baptist Church. Hostess to the eight members was Mrs. Bob Johnson. The prayer calendar was read by Mrs. Melvin Atwell.

Favors Made For City Rest Homes

Miniature, candy-filled cornucopias were made by the Ladies Home League of the Salvation Army during a Wednesday session at the Citadel. The favors will be taken to the rest homes next Wednesday.

A bake sale was planned for Nov. 25-26 in the basement of the Citadel, after which routine business was discussed. Mrs. William Thomas read the 89th Psalm, and the closing prayer was given by Mrs. Richard L. Holder.

Christmas Party Planned By Class

A Christmas party was set for Dec. 13 in the fellowship hall of Midway Baptist Church when the Willing Workers Class met Tuesday evening with Mrs. Walter Barbee. The devotion on Thanksgiving was worded by Mrs. J. R. Swann. Refreshments were served to seven members and a guest, Mrs. J. W. Graham, who is the mother of Mrs. Barbee.

Supper Held At OES Meeting

The Tuesday evening meeting of Big Spring Chapter No. 67, Order of the Eastern Star, was opened with an invocation by Fred Eaker.

Forty members and two guests, Mrs. Algus McCarley, Portland, Ore., and Capt. Margaret Wyatt, were present for the salad supper which preceded the regular meeting.

Mrs. Charles Graham, worthy matron protem, conducted the meeting which was opened with the reading of a Thanksgiving poem.

Hostesses for the dinner were the chapter officers. C. R. McClenney pronounced the benediction.

Husbands Guests At Dinner Meet

Husbands were dinner guests Tuesday evening at the Evening Lion's Auxiliary meeting in the Downtown Tea Room. Hostesses were Mrs. Dee Bennett and Mrs. Bert Shive.

A Christmas party was set Dec. 17 when a covered dish affair will be held in the home of Mrs. Earl Penner.

Thirty-four members and guests attended.

Garden Council Plants Flowers At Hospital

A report on the re-planting session, held Nov. 7 at the state hospital's rehabilitation center, was heard Wednesday when the Big Spring Garden Club met with Mrs. Glen Lepard, Sand Springs.

Mrs. J. E. Hogan said that iris, vinca and chrysanthemums were among the plants provided, and that shrubs would be purchased to be planted soon. Also, she suggested that the council apply for the Sears award on the basis of work done at the hospital.

Mrs. J. R. Tonn, vice president, conducted the meeting as members voted to sponsor a flower show every two years rather than annually as it has been in the past. The show will be held in the spring one year and the next show scheduled in the fall.

Refreshments were served by the hostess to seven representatives. The Planter's Garden Club will be the hostess group Jan. 22, when the council again convenes; the place to be announced.

WHAT'S FOR DINNER MRS. SKINNER?

A distinctive way for you to deftly delight the most discriminating gourmet. Serve a poultry stuffing that can begin a holiday tradition.

SAUSA-RONI STUFFING

2 cups SKINNER Elbow Macaroni
1 lb. ground pork sausage
½ cup chopped onion
½ cup chopped celery
1 tsp. parsley flakes
1 tsp. garlic salt
2 tsp. poultry seasoning
1 egg, slightly beaten

Cook macaroni as directed on package. Meanwhile brown crumbled sausage; drain off fat. Add onion, green pepper, celery, parsley flakes; brown slightly. Add seasonings, macaroni. Remove from heat; add beaten egg; mix well. (If dressing not as moist as desired, blend in another slightly beaten egg.) Salt inside cavity of fowl; pack dressing in cavity loosely. Roast fowl at 300° to 325°, allowing ½ hour per lb. This amount will stuff a 4-lb. fowl (6 to 8 servings).

AND make sure the stuffing's "right" by starting with Skinner Macaroni . . . made with 100% amber durum wheat . . . a special wheat grown in a special area . . . to make the finest and best tasting macaroni.

The sweetest joy, the wildest woe is love. —Bailey

DAILY GUIDE—Well, here it is, a really romantic day; a truly valentine day in the gray month of November.

Those born around Dec. 10 can hardly fail to be roused to some strong emotional expression, while those born around Aug. 11 or April 8 can also expect a romantic encounter, stimulating social invitation, or trip.

All Sagittarians, Leos and Arians can expect some special enjoyment, entertainment or gift.

All others need not feel out of this festive picture, for the general atmosphere is bound to have a romantic glow. But don't think that people might not become aggressive, outspoken and inclined to throw their weight around. In fact, some sharp encounters can make the news lively.

Taurus—financial gifts; Gemini—martial or other alliances sparked; Cancer—over-emotional reactions may cause illness; Virgo — excitement at home base; Libra — near kin, neighbors add interest; Scorpio—not counting the costs today; Capricorn—secret romance; Aquarius—happy friendships; Pisces—public attention.

• • •

HAPPY BIRTHDAY, SCORPIO! Next May a short cycle of a year begins, and it can bring you great opportunities through partnerships or marriage.

In June and December, some high points can cast a very glamorous glow over your personal relationships. You will need to be very realistic, since there are still responsibilities at home base which need your attention.

February could bring a crisis in domestic matters. In the summer months, a coming trend can start you turning to old ties, in preference to some of the recent new ones, which are sometimes of doubtful value.

Resolution Honors Jack Mitchell

LAMESA (SC)—Lamesa City Council has adopted a resolution of appreciation to the late Jack Mitchell, fellow councilman who died last week following a long illness. The resolution, signed by all councilmen, will be presented to Mrs. Mitchell by Mayor Clyde Branon.

Mitchell, an ardent civic and fraternal worker, operated a van and storage company here.

Mexico Party Abstention Plan Gaining Momentum

MEXICO CITY (AP)—A plan for Mexico's second strongest but small political party to abstain from putting up a presidential candidate in next summer's election gained strength Wednesday.

The National Action Party's (PAN) headquarters said the Hidalgo State convention had endorsed the plan. Backers call the plan a protest of one-party dictatorship by the government's Institutional Revolutionary Party (PRI).

The government party has dominated election for a quarter of a century.

Should National Action decide against backing a candidate, it probably would leave PRI's nominee, former Interior Minister Gustavo Diaz Ordaz, unopposed.

Other opposition groups are expected to endorse the government party's candidate.

A decision will come in the party's national convention this weekend.

Wisconsin Kills Bill For Betting

MADISON, Wis. (AP)—The Wisconsin Assembly killed on a 50 - 39 vote without debate Wednesday night a proposed constitutional amendment to permit pari-mutuel race track betting with proceeds marked for education. The state bars all forms of gambling.

TRADITIONAL BIRD AND TRIMMINGS
Other fowl may be served, but turkey remains favorite

Thanksgiving Diners Want Roasted, Stuffed Turkey

Stuffed turkey and pumpkin pie have long been traditional foods on the Thanksgiving dinner table in homes throughout the U.S.A. Often each family has favorite foods or recipes that they prepare when celebrating Thanksgiving. Even before 1863, when Abraham Lincoln proclaimed the last Thursday of November to be a day of national Thanksgiving, traditions were developing and changing gradually with the times.

Hardly any man goes to the country to shoot a wild turkey for the family feast of today. Nor does he expect his wife to buy a whole pumpkin as the first step in baking the pumpkin pie. Instead they undoubtedly go to the supermarket together to select the modern foods for their traditional holiday dinner.

Though they may buy a ready-to-stuff turkey and the many ingredients for the stuffing, there is available an already-stuffed turkey that only needs to have the wrapper removed to be ready for the oven. The already-stuffed turkeys range in weight from 5 to 17 pounds. To perpetuate the enjoyment of cold roast turkey sandwiches and second day meals it is wise to allow 1½ to 2 pounds of already-stuffed turkey per person.

Convenience and time are gained without damage to the precious tradition because the turkeys are filled with an old-fashioned bread stuffing gently seasoned with onion, celery and sage, salt and pepper.

Those who are accustomed to having specialty stuffing such as corn bread or sausage stuffing may want to make a small casserole of the stuffing and tuck it into the oven near the end of the roasting time for the turkey. Making the sausage stuffing is simplified by using the fully cooked sausage.

SAUSAGE STUFFING IN-A-DISH

8-ounce package sausage
8-ounce package seasoned stuffing
1 cup water
½ cup butter or margarine
1 egg, slightly beaten
¼ cup finely chopped celery

Brown sausage as directed on package. Cut into ½ inch pieces and combine with remaining ingredients. Spoon into 1½ quart casserole. Bake in a slow oven (325 degrees F.) about 45 minutes. Yields 4 to 6 servings.

CORN BREAD STUFFING IN-A-CUP

¾ cup finely chopped onion
¾ cup finely chopped celery
2 tablespoons butter
4 to 5 cups crumbled corn bread
1 teaspoon salt
Dash pepper
¼ teaspoon poultry seasoning
¼ teaspoon sage
½ cup giblet broth or water
1 egg, well beaten

Cook onion and celery in butter until tender. Add mixture to corn bread which has been placed in a bowl. Sprinkle with seasonings. Combine. Add broth and egg. Toss together with forks. Spoon into buttered 5-ounce custard cups or a 1-quart baking dish. Bake in a moderate oven (350 degrees F.) allowing 20 minutes for individual molds and 30 to 45 minutes for baking dish. Yields 6 to 7 servings.

As for the family fond of oysters with their Thanksgiving dinner, they may want to start a new tradition by serving scalloped oysters seasoned with bacon.

SAVORY BACON-OYSTER SCALLOP

9 to 12 slices bacon
18 to 24 oysters in natural liquor
1½ cups crushed cracker crumbs
3 tablespoons melted butter or margarine
1 cup milk
2 teaspoons horseradish
1 teaspoon parsley flakes
⅛ teaspoon pepper

Partially cook bacon. Cut slices of bacon in half. Drain oysters and save oyster liquor. Wrap 1 piece of bacon around each oyster. Place cracker crumbs in 8 inch pie plate. Combine melted butter, ¼ cup oyster liquor, milk, horseradish, parsley flakes, and pepper. Pour over cracker crumbs. Press bacon-wrapped oysters into cracker crumbs. Bake in a moderate oven (375 degrees F.) for 25 minutes. Serve hot with roast turkey. Yields 6 servings.

SAUSAGE RICE STUFFING

½ lb. bulk sausage meat
2 tablespoons butter
½ cup chopped onion
½ lb. fresh mushrooms, chopped
2 2-3 cups packaged pre-cooked rice
3 cups water
2 cups diced celery
½ cup chopped celery leaves
3 teaspoons salt
¼ teaspoon pepper
½ teaspoon savory
¼ teaspoon thyme
¼ teaspoon sage

Place sausage meat in saucepan and saute until brown. Add butter, onion, and mushrooms and saute 3 minutes longer. Then add rice, water, celery, celery leaves, and seasonings. Mix just until all rice is moistened. Bring quickly to a boil over high heat, uncovered, fluffing rice gently once or twice with a fork. (Do not stir.) Cover and remove from heat. Let stand 10 minutes. Makes about 10 cups stuffing, or enough for a 10 to 12 pound dressed turkey. Turkey should be roasted at once after stuffing.

Another "no bread" stuffing for the holiday turkey is made with bite-size shredded cereal biscuits. This stuffing fits the requirements of convenience and speed while retaining the whole-grain flavor.

GOLDEN BREAD
A speedy one-bowl recipe

Try Pumpkin Bread For Seasonal Treat

One of the joys of the autumn season is the abundance of pumpkin and the popularity of dishes featuring pumpkin filling and flavor.

The surprise of the season, however, is a new Golden Pumpkin Bread, a novel quick bread creation that brings your family a delightful new way to serve a pumpkin flavored treat.

Using the companion spices and flavorings that enrich the taste of pumpkin, this bread can serve as a dessert, as a brunch idea, lunch box treat or companion for coffee or cider for evening get-togethers.

As easy to mix and bake as a batch of cookies, Golden Pumpkin Bread calls for a speedy one-bowl recipe. Created for self-rising flour, Golden Pumpkin Bread rises to perfection in the oven. With the leavening agent, no baking powder, salt or yeast is needed and preparation does not call for any rising intervals.

GOLDEN PUMPKIN BREAD

1 cup canned pumpkin or mashed cooked pumpkin
1 egg
1-3 cup shortening
1 tsp. vanilla
¾ cup sugar
2 tbsps. pumpkin pie spice
¾ cup milk
2½ cups self-rising flour
½ cup nut meats

Cream shortening, sugar, vanilla, spices. Add egg and mix well. Add milk, self-rising flour, pumpkin and nuts. Blend thoroughly. Bake in a greased and floured loaf pan in moderate oven (350 degrees) for approximately 55 minutes. Or until toothpick inserted in center comes out clean. Allow to cool in pan for a few minutes, then turn out on rack to continue cooling before slicing.

Golden Pumpkin Bread keeps well wrapped in a plastic bag in the refrigerator or may be frozen for future use.

Home Economist Abandons Career For Homemaking

By JO BRIGHT

Mrs. J. C. Pickle, 415 Hillside Drive, poured two steaming cups of black coffee and offered cookies before sitting down at the small white table in her kitchen. She proved to be a good choice for this week's featured cook since she is known for her other homemaking abilities, too.

"When J. C. and I married I was a teacher and home economist by profession," she said, "but now I'm a homemaker by choice."

Mrs. Pickle believes that every girl should take home economic courses in school.

"When it became necessary for my husband to follow a bland diet, my knowledge of foods was a great help. It enabled me to prepare dishes that he needed and liked but not harmful to his health." Pickle is no longer restricted to a limited food choice, so he is enjoying his wife's cooking more than ever.

TAUGHT SCHOOL

Mrs. Pickle majored in home economics at Murray State College in Murray, Ky. She taught school for several years before becoming associated with the Kentucky Utilities Co. as home economist. She has not worked since coming here in 1946, except as receptionist, occasionally, at the Nalley-Pickle Funeral Home which her husband operates with Coy Nalley.

"We are hearty breakfast eaters, which means I usually serve cereal, bacon and eggs, toast, and all the other things that go with them," she continued.

When the Pickles entertain, it is usually in an informal manner. Rollers on her table server makes it convenient to have buffet dinners either in the dining room or on the patio. The split-level yard at the Pickle home is fenced with concrete blocks in a latticed design; the focal point being the black wrought iron gate leading to the rear section. Lavender and yellow mums still bloom in the flower beds, and a balsam vine is still clinging to its colored pods. This year Mrs. Pickle planted three tomato plants which, so far, have produced enough for 14 pints of chow-chow.

MRS. J. C. PICKLE

BOTH WORKERS

Mr. and Mrs. Pickle are active in civic and church work, especially that involving young people. She is Girls' Auxiliary director at First Baptist Church where she teaches a girls' Sunday school class and is co-chairman of the Christene Coffee Circle. Also, she is secretary for the concert board, vice president of the 1905 Hyperion Club, and a member of Kiwani Queens. As board chairman for the Rainbow Girls, she has assisted with concessons at the football games.

A sampler in the den of the Pickles' home says, "The way to a friend's house is never long," and many friends travel the street where they live.

SLICED GREEN TOMATO RELISH

1 gal. chopped cabbage
1 gal. sliced green tomatoes
1 stalk celery, sliced
2 big white onions, chopped
3 sweet red peppers, chopped
3 sweet green peppers, chopped

Mix these six ingredients well, add 1 cup salt; place in cheese-cloth bag and let drip over night.

3½ pts. vinegar
5 cups sugar
1 box mixed pickle spices

Mix vinegar and sugar, bring to boil. Add pickle spices tied loosely in three bags. Add drained mixture, bring to boil and boil for 20 minutes. (Will lose crispness through longer cooking.) Remove spice bags and seal in sterilized jars. Makes 8 pints.

WHITE FRUIT CAKE

5 egg whites
1 cup sugar
2 cups flour
2 tsps. baking powder
1 qt. or 1 lb. pecans
1 lb. candied cherries
1 lb. crystalized pineapple

Sift baking powder with one cup flour. Beat egg whites stiff; add sugar slowly, then sifted flour and baking powder. Flour fruit with other cup of flour. Add to batter, then add pecans. Pour into stem pan lined with aluminum foil and bake in slow oven (275 degrees F.) for 1 hour and 40 minutes.

KENTUCKY CAKE

1 cup sugar
1 cup water
1 cup raisins
1 tsp. cinnamon
1 tsp. allspice
½ cup butter or margarine
2 cups flour
1 tsp. soda

Bring first six ingredients to a boil, stirring lightly. Remove from heat and cool. Then add flour sifted with soda. Bake in loaf pan at 350 degrees until firm. One and one-half times the recipe makes cake for pan size 13 x 9 x 2½ inches.

When done, top with broiled icing:

BROILED ICING

1 cup brown sugar
1-3 cup margarine
4 tbsps. cream or canned milk
½ cup coconut

Mix and heat until melted. Spread on cake and broil until bubbly.

PLUM CONSERVE

5 lbs. Italian prune plums, seeded
5 lbs. sugar
3 oranges, peeled and thinly sliced
1 box raisins
1 cup pecans, broken

Mix seeded plums, sugar and raisins. Let set overnight. Cook very slowly until thick, add oranges and then add pecans just before removing from fire. Leave until cold, seal into sterilized jars.

FALL WINDFALL . . . AMERICANA PIES
Pumpkin, shoofly and mincemeat all use molasses

These Americana Pies Still Flavored With Molasses

The first crisp days of autumn bring a variety of delights, prominent among them the traditional pies of the season. Who doesn't take pleasure in the sight of pies lined up in the kitchen to cool? And who doesn't enjoy the wonderful aroma of unsulphured molasses, an indispensable ingredient in these delicious pies?

Molasses has long been a favorite with American housewives. Early in our history, it was the basic household sweetener; every cabin and covered wagon had its handy molasses jug, cheek by jowl with its salt shaker.

Today, we still consume molasses with gusto.

Unsulphured molasses adds marvelous zest to pumpkin pie, which traditionally turns up at this time of year. Shoofly Pie makes use of molasses, too. It is a Pennsylvania Dutch favorite, but good food knows no boundaries and will be welcome anywhere. And unsulphured molasses goes into Mince Pie, made in a brand new way. Our recipe calls for dehydrated mincemeat, an economical and convenient advantage. In addition, fresh, chopped apples add wonderful tang and texture.

FAVORITE PUMPKIN PIE

2-3 cups sugar
1 tbsp. flour
½ tsp. salt
1 tsp. ginger
1 tsp. cinnamon
¼ tsp. nutmeg
⅛ tsp. ground cloves
½ cup unsulphured molasses
2 cups canned pumpkin
3 eggs
1 cup evaporated milk
1 unbaked 9-inch pastry shell

Sift together sugar, flour, salt, and spices into mixing bowl. Add molasses, pumpkin, and eggs; mix well. Stir in evaporated milk. Pour into unbaked pastry shell. Bake in moderately hot oven (400 degrees F.) 50 minutes, or until knife inserted in center of filling comes out clean. If desired, garnish with whipped cream.

SHOOFLY PIE

1½ cups sifted all - purpose flour
½ cup sugar
½ tsp. nutmeg
1 tsp. cinnamon
⅛ tsp. salt
1-3 cup butter or margarine
¾ cup unsulphured molasses
¾ cup water
½ tsp. baking soda
1 unbaked 9-inch pastry shell

Sift together flour, sugar, nutmeg, cinnamon, and salt. Add butter or margarine; cut in with two knives or pastry blender until it is the texture of coarse meal. Combine molasses, water, and baking soda. Pour into unbaked pastry shell; spoon crumbs over top. Bake in moderate oven (375 degrees F.) 35 minutes.

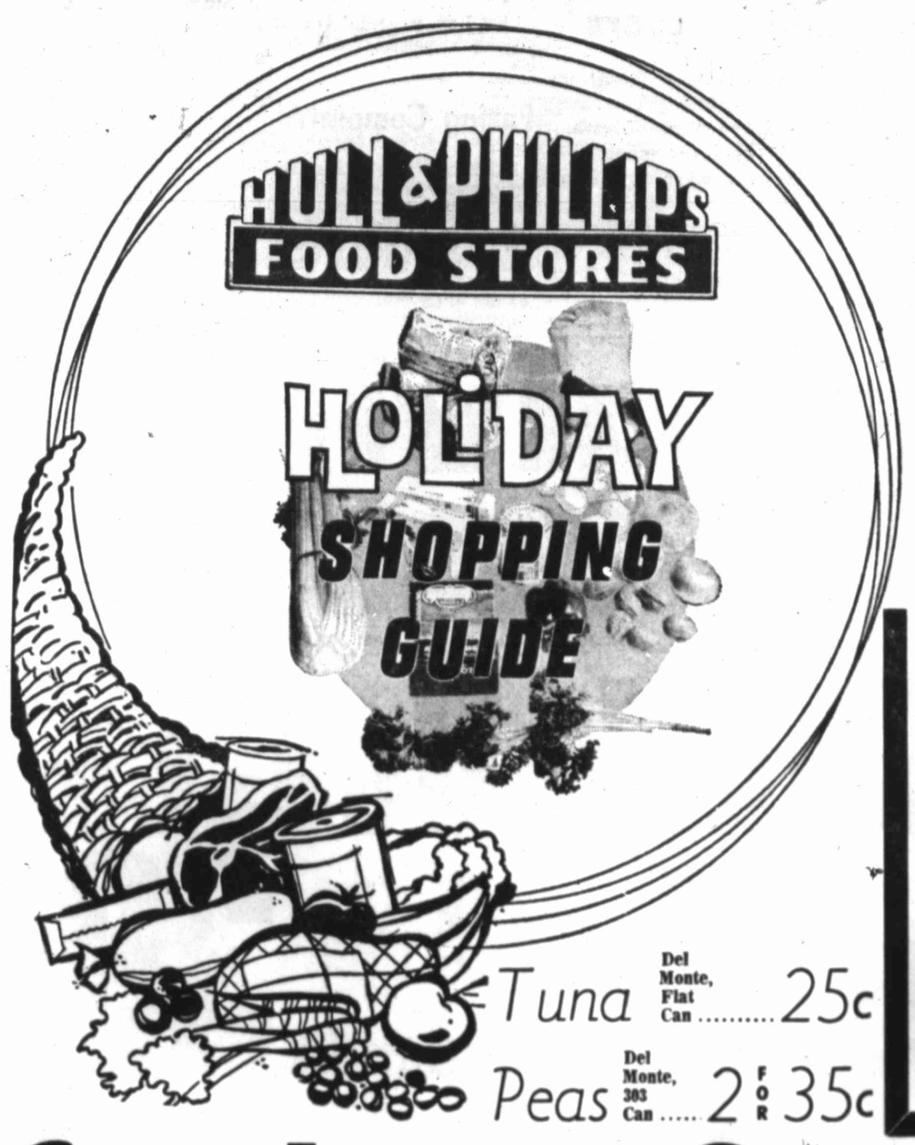

MOLASSES MINCEMEAT PIE

1 pkg. (9 ozs.) dehydrated mincemeat
1¼ cups water
½ cup unsulphured molasses
2 medium apples, peeled, cored and finely chopped
Pastry for 2-crust 9-inch pie

Turn mincemeat into a 2½-quart saucepan; add water and stir until lumps are broken. Stir in molasses and apples. Place over medium heat until mixture comes to a boil. Boil rapidly one minute. Line pie plate with half the pastry; turn in mincemeat mixture. Top with pastry; flute edges. Cut slits in top of pastry to allow steam to escape. Bake in hot oven (425 degrees F.) 30 minutes.

"Tent" Your Turkey

For The Most Delicious Bird Ever To Grace Your Holiday Table!

The tent is fashioned of aluminum foil and placed atop the fowl. It provides a roasting action which produces golden brown just-right results with such reliability that this technique is fast becoming standard poultry cookery.

It's easy to see why tenting is so popular. First, foil used tent-fashion over the bird permits a small amount of heated air to flow around and brown the bird while, at the same time, retaining moisture. Second, the need for both basting and covering is eliminated. It replaces the old-fashioned and hard-to-handle cloth dipped in fat.

The tent-type hood is easily made by tearing off a piece of aluminum foil 4-5 inches longer than the turkey, and creasing it lengthwise through the center. The prepared fowl, greased with oil, butter or margarine, is placed on a V-shape rack breast-side down or up, as you prefer, and the foil is set tent-style over the turkey. Pinch the foil lightly at the drumsticks and brest to anchor. If the legs or the top of the breast begin to brown too rapidly, the foil tent can be pressed down over these parts to prevent further browning.

STEERS BEAT SAN ANGELO

Alliance Proposed For Texas Water Protection

AUSTIN (AP)—The president of Texas Mid-Continent Oil and Gas Association called today for an alliance with all other groups —"in the industry or outside of it, official, semi-official or civic —who wish to protect the waters of this state."

James L. Sewell, Dallas, said his association has formally authorized the use of its facilities to devise an effective water conservation program.

Sewell was the oil industry's first speaker as the Texas Water Pollution Control Board resumed hearings on the disposal of oil field brine into open pits on the Ogallala Formation.

90 PER CENT

He said his association is made up of some 4,000 members, which account for more than 90 per cent of the oil and gas production of Texas.

In September, the board heard a recommendation by Texas Water Commission geologists that unlined pits for disposal of brine be eliminated because the brine was contaminating ground water in the Ogallala area.

The Ogallala Formation underlies all or parts of 48 counties in the High Plains area and covers some 31,500 square miles.

E. W. Purdy, Midland, an engineer for Humble Oil Co., suggested the Ogallala area be divided into five smaller areas "as a reasonable approach to control of any possible pollution problems."

SUBDIVISIONS

The five subdivisions Purdy suggested would be area No. 1 of Andrews and Martin County; area No. 2 of the Middle High Plains counties; area No. 3 of Panhandle counties; area No. 4 of 36 counties where regulations already are in effect, and area No. 5 consisting of Crosby, Dickens, Garza, Borden, Howard, Winkler, Ector, Midland and Glasscock counties.

He recommended a special public hearing be held in about 60 days to consider Andrews and Martin counties, with further hearings scheduled at 60-day intervals.

Drouth Area For Mitchell

WASHINGTON (AP)— Thirty-five additional counties have been designated as drouth areas by the U.S. Department of Agriculture. The action makes them eligible for livestock feed relief programs.

Eighteen of the counties were declared eligible for both the livestock feed grain program and for the program permitting grazing and haying privileges on lands diverted from crops.

Sixteen were declared eligible for the feed grain program only. One, Hood County, was declared eligible for the haying and grazing privileges.

Those eligible for both programs: Angelina, Bowie, Callahan, Coke, Coleman, Delta, Franklin, Harrison, McCullough, Mitchell, Palo Pinto, Runnels, Sabine, San Augustine, San Jacinto, Smith, Titus and Tom Green.

Those eligible for feed grain assistance only: Atascosa, Bell, Bosque, Cherokee, Crockett, Eastland, Fannin, Foard, Frio, Houston, Jack, Llano, Polk, Rusk, Shelby and Waller.

Texas High Court Rulings

AUSTIN (AP)—State Supreme Court proceedings:

Civil Appeals reversed, trial court affirmed:

Bay Petroleum Corp. vs. O. B. Cumpler and wife, Chambers.

Writ of mandamus petition conditionally granted:

Harris County Fresh Water Supply District No. 55 vs. Waggoner Carr, attorney general.

Applications:

Writs of error granted.

Great American Insurance Co. vs. C. H. Langdeau, receiver of Southern Industrial Life Insurance Co., Travis (2).

Writ of error refused:

Thelma D. Parr vs. John J. Pichinson, Nueces.

Rehearings of applications for writ of error overruled:

Dr. Walter T. Edwards vs. Ward Associates, Inc., Dallas.

Texas vs. one 1960 International truck-tractor; one Strick trailer and 950 cases of whisky, Mitchell.

Julian A. Weslow Jr. et al vs. G. Frank Lipper, Harris.

Pan American Insurance Co. vs. S. A. Stokes, Cochran. Petitioner's motion to dismiss application for writ of error is granted, and the application is dismissed.

Set for Jan. 15:

Great American Insurance Co. vs. C. H. Langdeau, receiver, Travis.

* * *

AUSTIN (AP)—Court of Criminal Appeals proceedings:

Affirmed:

Ramon Adame, Hidalgo.

Curtis James Perry, Gregg.

Lester Kinnibrugh, Willie Mach Alexander, Mrs. J. B. Florence, Isabel P. Lopez, Ismael Lucero, Phillip Brown, Felix M. Bryand Jr., Raymundo Castillo, Lewis Charles Johnson, Johnny Ramerez Marin, Earnest James Steward, Billy Joe Ortega and Bob Arnold Wright, Lubbock.

Reversed and remanded:

Albert Rodriguez, Howard.

Trinidad Arsiaga, Howard.

Appeals dismissed:

Cleo L. Byrd, Clarence Auston Cagle, and Walter Morris Webster, Cass.

Bobby John Collier, Clyde M. Mills Jr., Claudie R. Mosley and Armon Baxter Welch, Gregg.

Thomas R. Gestes, Lubbock.

Appellants' motions for rehearing overDaniel L. Reagan, Kerr.

Louis Barrera, Robertson.

Oil Production Shows Increase

TULSA (AP) — U.S. oil production rose last week, the Oil and Gas Journal said.

Daily production averaged 7,500,832 barrels, up 12,137.

Oklahoma rose 13,800 barrels a day to an average of 563,000. Arkansas produced 76,500, Colorado 102,600, Louisiana 1,462,775, New Mexico 292,100 and Texas 2,576,000.

Brotherhood Hosts Youths

Royal Ambassadors of the Walter Robinson Chapter Tuesday evening were guests of the Brotherhood for the Midway Baptist Church at a pancake supper and joint meeting.

Bill Westbrook presented a brief history of Royal Ambassador work and Carl Frazier presented pins for advancement in RA work to six youths. Receiving pins were Ricky Stone, Dicky Stone, Steven Stone, Freddy Gibson, Ricky Gibson and Jerry Groves.

Main speaker for the evening was Chaplain Neil Wolfe, from Webb Air Force Base, who presented a challenge on the father-son relationship.

The program closed with Vaughn Sandell leading the group in a hymn.

Pleads Guilty

Coleeta Buttler Wooley, charged with DWI, entered a guilty plea to the charge in Howard County court Tuesday afternoon. Judge Lee Porter sentenced the woman to pay a fine of $50, costs in the case, and serve three days in the county jail.

Official Seeks Halt To School's Daily Prayers

BOSTON (AP) — Massachusetts Atty. Gen. Eward W. Brooke today asked the State Supreme Judicial Court to order the North Brookfield School Committee to discontinue the practice of daily prayers and Bible reading in public schools.

The court returned a short order of notice directing the school committee to answer by Dec. 4. Brooke said he appeared before Justice Jacob J. Spiegel who can either hear the case himself or refer it to the full bench.

No temporary restraining order was asked or issued, Brooke said.

"For several months now there has been a dialogue. . .as to whether or not North Brookfield has to comply with the law as interpreted by the U.S. Supreme Court," Brooke said.

"I have no doubt they are sincere...

"But I am compelled to seek uniform compliance with the law."

Paving Completed

LAMESA (SC)—Fourteen paving projects totaling $53,366.27 were completed in Lamesa this year by E. W. Cope Construction Co. Of the total, property owners paid $46,150.63 while the municipal government bore the rest of the construction and engineering costs.

Pollution Hearing Called Dec. 6-7

WASHINGTON (AP) — Hearings will be held in Austin, Dec. 6-7 on Texas water pollution problems.

In making the announcement, the House government operations subcommittee on natural resources said Gov. John Connally of Texas would be invited to be the first witness.

Representatives of various water and wildlife conservation groups, state health officials and spokesmen for petroleum and other industries also will testify.

Retired Preacher Makes, Donates Canes As Hobby

HICO (AP) — Rev. E. E. Dawson, a retired Baptist minister, has made a hundred canes and given away all but six. Those will be given, too, to people who need them. The 100th cane may be his last. He has run out of material.

The cane-making started several years ago when the Rev. Dawson saw an elderly crippled man hobbling down the street with the help of a partially-trimmed tree limb. He offered to make him a real cane.

Since then the pastor's canes have been sent all over Texas and to many other states. He has never accepted money for a cane. They have cost him about 40 cents each — a few cents each for the rod, the rubber tip, glue and paint.

The first canes were made of old broomsticks and mop handles. Then he bought wooden rods from the lumber yard, but he can no longer get rods since the lumber yard stopped stocking them. So he is giving up his hobby.

The Rev. Mr. Dawson, who is 83, retired 18 years ago after serving pastorates throughout Texas. Another longtime hobby he has given up is the making of pulpit stands. He never kept count of them, but probably 50 or 60 Texas churches are using the sturdy mahogany-topped stands he made for them. He particularly liked to give them to small churches with little money for buying church furnishings.

Drive Nearing Halfway Mark

COLORADO CITY — The Mitchell County United Fund is nearing the halfway mark in its campaign to raise $20,130.

The advance gift division, headed by Jess Craddock, has raised 62.8 per cent of a $10,000 goal. The special division, led by Ralph Lee, Jeff Taylor and G. D. Foster, has reported 53.3 per cent of a $1,700 goal.

Other division status reported by chairmen are: branch house, C. C. Thompson, 50 per cent of a $1,600 quota; public employes, Frank Ginzel, 42 per cent of a $1,700 objective; employes, Bob Reiley, 1.5 per cent of a $3,130 objective; women's general, Mrs. C. Brice Webb, 37.1 per cent of a $900 quota; Westbrook, Rex McKinney, 25.8 per cent of a $300 quota; farm and ranch, Elmer Martin, 19.5 per cent of a $1,000 quota. The campaign so far has produced $8,172, said Bill Carter, chairman.

Unit Inspected

LAMESA (SC) — The annual general inspection of Troop C, First Sq., 124th Cavalry, Lamesa, was conducted at the National Guard Armory here Monday by Lt. Col. W. B. Smith of the Inspector General's office, Fourth Army headquarters, San Antonio. Col. Smith reviewed armory facilities, equipment and administrative operations Monday afternoon. That night he inspected Guardsmen in ranks and studied the training program.

Climbing Incomes Can Be Misleading

NEW YORK (AP) — Hardest for many Americans to comprehend are the government figures on personal income and the cost of living.

More often than not the government agencies report that personal incomes have risen to a new high and that the cost of living hasn't budged much.

Millions of citizens usually react by grumbling that they sure haven't noticed any gains in their incomes while the bills seem to get a little higher month after month.

Both the skeptical citizens and the government statisticians could be right.

CHANGE TOTALS

Somebody's income has gone up—enough of the somebodies to change the totals for the nation.

And costs of some things you may not be buying just now may have gone down enough to offset rises in the prices and fees and fares and rents you may be paying. And so the government's consumer price index rises little, if at all.

The government has just announced the biggest monthly increase in personal incomes in 18 months—$3 billion at an annual rate. But the Department of Commerce reminds civilians that one-third of that boost is due to a military pay raise.

The rest is distributed among increased payrolls in a number of factories in many industries, and in state and local government offices, along with some gains in rents, dividends and interest. Higher employment totals also swell incomes a bit for those in the selling, financing and servicing endeavors.

5 PER CENT

The impressive record now tops $470 billion on an annual rate, 5 per cent up from the previous year.

Closely tied to the rise in personal incomes perhaps are the spending intentions the Census Bureau reports.

It says 4.5 per cent of the 17,500 families it questioned last month plan to buy a new car in the next six months, compared to 4.1 per cent a year ago, and 21.5 per cent plan to buy at least one household appliance within six months, compared with 20.7 per cent in October 1962. Those intending to buy a new house within 12 months edged up to 2 per cent from 1.9 per cent a year earlier.

Play Safeway's Exciting

"The Price Is Right" Game

1. **Win $100.00 CASH.** When you have collected cards with all four words — "The" "Price" "Is" "Right" bring them to Safeway for your $100.00 CASH PRIZE. Don't forget each card can be a JACKPOT WINNER.
2. **Win a TV Bonus Prize.** Each card contains a "TV Big Winner Number." Keep all cards you collect, and check each week with the night time "The Price Is Right" show on ABC Television, Wednesday evening. Any and all cards can be played against any "TV Winner Number." If you have a number that matches exactly the amount won by the show's big TV winner, bring the card to Safeway and you may win up to $500.00.

BIG JACKPOT BOARD LOCATED IN EACH SAFEWAY STORE
Save all "The Price is Right" cards and play each week for the duration of the game.

3. **Win Merchandise.** If the card you have is a merchandise winner, the item will appear below the "TV Big Winner Number."

No Violence For Bridgers

NEW YORK (AP) — Charles Goren, the contract bridge man, is just back from taking 300 card players on a cruise to the Orient, and not one husband threw his wife overboard for a bad bid.

And vice versa.

It might have been the sea air, although Goren doesn't believe most of those stories about husbands and wives fighting over the bridge table.

"Even if they argue a little," he said, "at least they are together. The husband isn't out with the boys."

But Goren didn't organize the cruise to promote domestic tranquility.

He is out to sell bridge in the Orient, where the benefits of point count bidding are only starting to penetrate.

Goren and his 300 card players took over the ship President Roosevelt and traveled for 42 days to various Asian ports. At sea he lectured on bridge and supervised games.

In Tokyo and Manila his team of American experts played matches.

Goren plans to take another cruise to the Orient next year.

"I can't stay out of action," Goren said.

Does he ever get sick of bridge?

"Not at these prices."

Students Paint Tech Stadium

LUBBOCK—While a few other student bodies are busy painting rival campuses, Texas Tech students are painting their own. Tech's beautiful 40,000 seat stadium was recently expanded and still has its bright "new" look.

Under direction of Alpha Phi Omega, men's service organization, more than 50 men and women turned out Saturday to paint it with concrete seal coat. Before the day ended, they'd painted the entire stadium with 144 gallons. The seal coat will preserve the "new" coloring of the concrete and keep dirt and stains out of concrete pores.

Air Problems

Daily situations faced by bank tellers will be discussed by a panel of Permian Basin tellers Thursday. This will be the occasion for a meeting of the National Association for Bank Audit, Control and Operations at the Odessa Country Club. Big Spring's representative on the panel is Betty Rains of the First National Bank. Dick Ream is vice president for the association.

A Devotional For The Day

We all, with unveiled face, beholding the glory of the Lord, are being changed into his likeness from one degree of glory to another; for this comes from the Lord who is the Spirit. (II Corinthians 3:18. RSV.)

PRAYER: Help me, O God, to reserve times when all else but Thy greatness can be shut out of my life. Then having seen Thy glory, may I learn to share it with others. In Christ's name. Amen.

(From The 'Upper Room')

Angry Rebuttals From The Club

Harsh truth is an unwelcome intruder in the contemporary United States Senate, especially when it jostles sedate members of The Club, and horrifyingly so when the leadership is impugned. It took a special brand of maverick courage for Sen. Thomas J. Dodd, D-Conn., to violate the Senate's unofficial but ironclad urbanity rule and blast both party's leadership for not leading.

Dodd's scorn was appropriately acid. He noted the array of major administration bills unlikely to come to a vote, despite a year-long session, including the tax cut (which Sen. Byrd's committee is sitting on) and the civil rights bill (which will come up so near mandatory adjournment that a filibuster can block it). He noted that only five of 13 appropriation bills have been completed for the fiscal year that began last July 1, and the executive branch is now preparing next year's budget without knowing what this one's is.

"I do not believe," the sharp-tongued Connecticut Democrat said, "that a similiar situation can be found in the entire history of the Senate."

Sen. Dodd's colleagues fell on him like a ton of brick. He was, he said in a later speech, made to feel like "a skunk at a lawn party," but he did not recant his criticism. Another phalanx of senators moved to rebut the substance of his remarks, but ineffectually. Ridiculous, for example, was the counterattack comment by Sen. Stuart Symington, D-Mo., that the Senate calendar of pending business is as clear as he has ever seen it. (Of course it is, everything is bogged down in committee and can't be put on the calendar for floor action.)

The trouble is that most senators just don't want anybody messing with the "club." Witness the irate outburst of Sen. Everett M. Dirksen, GOP leader, against a bill which would require senators to divulge outside financial interests annually. He was in righteous indignation, claiming this was riding the coat tails of the Bobby Baker expose. Perhaps, but it also would impose a bit of ethical conduct which might be painful.

Problem In Cambodia

The rejection of United States aid to the tune of about $30,000,000 a year might ordinarily be greeted with as much enthusiasm here as apparently among the followers of Prince Norodom Sihanouk, the ruler of Cambodia.

Alas, it isn't quite as simple as it seems. This tiny Southeast Asian nation is nestled between Thailand, Laos, and South Viet Nam, and thus its drift into Communist domination could threaten the flanks of these allies.

Until now, Sihanouk had sought to remain neutral in the Southeast Asian tug of war, and though there is no firm indication he is abandoning this course, it is of some significance that he announced plans to call in "experts" from Red China to set up what he called state control. Earlier, he had reiterated plans to move toward "advanced socialism" with nationalization of the banks and of the export-import business.

Were this small country to come under Communist domination, a wedge would be driven between the anchor of the southeast bastion.

This is something to occupy the attention of Secretary of State Rusk and Secretary of Defense McNamara, Ambassador Lodge and other officials as they are meeting in Honolulu.

ALL A MATTER OF DIRECTION

David Lawrence

Catholic Bishops And The Court

WASHINGTON—A remarkably significant pronouncement has just been issued by the Catholic bishops of the United States. Unlike the annual statements of this group in other years, it doesn't emphasize its own sectarian beliefs but embraces instead the objective of many religions as it reminds the American people of Abraham Lincoln's phrase — "This nation under God."

THE CATHOLIC bishops in their statement dealt with the most delicate questions in the relationship of church and state in implicit rather than explicit terms, thus leaving it to observers to apply the expressed principles either to the Supreme Court's decisions on prayer in the schools or to the limitations on government aid to private schools that happen to be founded by religious groups or to many other issues before the Congress of the United States today.

There was no lack of explicitness, however, as the bishops advocated equal rights and opportunities in the community for citizens of every race or color without discrimination or unfairness. This was also specifically proclaimed in a similar statement by the Catholic bishops 20 years ago.

AN INTIMATION that perhaps the Supreme Court in the past has been more tolerant of religious expression in public institutions than it is today may be derived from the following excerpt of the bishops' statement:

"The recognition of the right of conscience has been basic to our civil traditions. Citizens have found in this a bond of union and the favor of the law in countless cases. No personal right has been so fiercely defended by public authority and so generously construed in court. The tradition of our nation corresponds with the words of Pope John XXIII, 'every human being has the right to honor God according to the dictates of an upright conscience and, therefore, the right to worship God privately and publicly.'

"A FURTHER bond of union has been the general recognition of religious homage to God as a duty as well as a right."

In one paragraph, the bishops suggested as "urgent questions" the following:

"Are we coming to regard God and religion as irrelevant to everyday life? Have our relative richness and our passion for technological progress stifled our concern for the spiritual needs of man? Are we trying to solve problems of social justice by expediency, with an eye to human convenience rather than the divine will?"

PERHAPS THE passage in the bishops' statement that will produce much discussion for a long time to come is that in which the American judicial system is scrutinized. The bishops said:

"Strongly operative among us is the aspiration to establish justice. The courts must maintain vigilance against procedures which offend this cardinal virtue of the decent society.

"But the people must be vigilant, too, lest the courts, however unconsciously and with whatever lofty intent, annul the original determination that ours be a government of laws, not of men.

"OUR COURTS must see that the law of the land is so interpreted as to be free from undue influence of particular schools of thought. It has best served the American tradition when the law reflects a community consensus or common understanding of what is best to achieve the commands of justice."

Does this mean that the frequently mentioned "radical" or "conservative" philosophies attributed to individual justices are being criticized? Does it imply support for the oft-repeated argument that the courts must "follow the election returns" and that the judges must be swayed by contemporaneous emotions? Does it support the theory that the high court should, like a national legislature, be guided by public opinion, rather than be bound by the literal phrases of the Constitution itself?

WHETHER OR NOT one agrees with all the points made by the Catholic bishops' statement, it is well worth careful reading by persons of all denominations.

Communism Given Foot In Asian Door

WASHINGTON (AP) — For this country South Viet Nam has been a cork in a bottle, preventing communism from spilling into all the Southeast Asian peninsula. The cork just got tweaked.

Cambodia, next door to Viet Nam, has canceled all American help. It will almost certainly now depend more on Red China, giving communism a foot in the door even wider than Viet Nam.

CAMBODIA IS in the very heart of the peninsula, bordered by Viet Nam, Laos and Thailand.

Prince Norodom Sihanouk, the Cambodian leader, has said he is convinced the Communists already have won the battle for Viet Nam and feels his own neutral country will eventually fall to communism.

His attitude and his refusal to accept any more American guns or money are a searing reminder the United States is living on borrowed time in Southeast Asia, and perhaps all Asia.

THE RED Chinese, trying to catch up with the 20th century and still lacking nuclear weapons, have so far avoided a showdown with this country in Southeast Asia by not intervening directly.

It can only be a matter of time before the belligerent Chinese feel strong enough to try to drive American power and influence out of Asia altogether.

Meanwhile it can use what is obvious and comes handy, like subversion, various pressures and even local Communist guerrillas to avoid a direct confrontation with this country.

FOR THE United States, which for years had its hands full trying to achieve effective anti-Communist resistance in embattled Viet Nam, the years ahead seem sure to hold more critical, dismal, unhappy days.

Just this week President Kennedy in Florida said the American states must be ready to go to the aid of any Latin-American government requesting help against a Communist takeover.

When this country feels so strongly about preventing Communist penetration of this hemisphere, it is not unnatural the Red Chinese feel the same way about Western penetration or interference in Asia.

WHAT CAN the United States do?

What it is doing: trying to bolster anti-Communist or neutral Asian regimes to prevent a Red takeover.

What hope of success can it have in the long run?

Probably only this: That perhaps the Red Chinese Communist government will somehow collapse or that, over the intervening years, it can be induced to let its neighbors work out their destiny in their own way.

At the moment both seem like forlorn hopes.

Hal Boyle

'Square' Once Was Compliment

NEW YORK (AP) — You've blown out a lot of candles on a lot of birthday cakes if you can look back and remember when—

It was a compliment to be called square.

Wives tried to look their best at breakfast, so husbands would go off to work with a pleasant mental picture of them.

It was widely predicted that the end of prohibition would wipe out gangsterism in America because there would be no other major source of profits for criminal mobs.

Only bankers and big businessmen wrote checks. Ordinary folks paid their bills in cash or stood in line at the post office to buy a money order.

The streets of Manhattan were alive with the tinkling music of hurdy gurdies, and the monkey doffed his hat if you gave him a nickel.

It was romantic to snuggle with your best girl on the top front seat of a doubledeck Fifth Avenue bus. These lumbering vehicles also were the delight of sightseers, but the Irish conductors hated to climb the stairs for the fares.

Every workman's lunch pail carried a liverwurst sandwich and a slab of homemade apple pie.

A juvenile delinquent was a boy who spent all his coins looking at the girlie machines in the penny arcade—and then bragged to all the other neighborhood kids how much he knew about women.

If you said a bad word, your mother promptly washed your mouth out with soap instead of worrying about whether she should take you to a psychiatrist.

Saloons had separate entrances for the ladies, who always drank in a back room.

It took more than your first pair of long pants to prove you were a real man. You also had to be able to light a kitchen match on the seat of them.

Blue Grass

FRANKFORT, Ky. (SC) — When pioneers began arriving in Kentucky the central prairie region was a rolling land covered with a wild growth of grass bearing tiny blossoms of a dusky blue color. They called it blue grass and that eventually became the name of the area.

Attendance Up

SEMBOR, Yugoslavia (p)—The Radnicki Soccer Team of this North Yugoslav city tried a new trick to attract more people to its games.

The club announced women would be admitted free.

It worked, officials said. More men came, as paying escorts of women who wanted to see the games free.

To Your Good Health

Doctor-Patient Relationship Defined

By JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: I recently went to a new doctor. He didn't ask any questions. He only took my blood pressure and listened to my heart. I hadn't been to a doctor in over a year, and figured that because of having had a cancer removed several years ago, and having diabetes and arthritis, I needed a good checkup. I quit going to this doctor.—MRS. R. S.

Dear Doctor: After reading your article on cancer of the colon I felt I had to write to you. I lost my husband two months ago. He had the bowel symptoms you wrote of, and had at least four of what were supposed to be "complete medical checkups," but the doctors, twice different ones, said he was O.K.

He had a backache and knew something was wrong. He returned for another checkup and the doctor finally used the proctoscope and discovered what he thought were polyps. Within a week my husband underwent surgery, but the cancer was too far advanced and he died shortly thereafter. This could have been avoided if the proctoscope had been used in the first examination. I hope no one else will have to die because of what I feel was on oversight.—Mrs. L. H.

Neither of the above letters makes me feel very happy, as you may well imagine, but rather than throwing brick bats, perhaps I can suggest several things which may help in the future.

First, I think that the proctoscope is not being used as much as it should be. Patients don't like it, because it is an "undignified" procedure, and uncomfortable. But it saves lives! And by the law of averages, if it is to do any good it will have to be used many times without benefit in order to catch the cases which happen to be critical.

Second, ideally every "medical checkup" ought to be "complete," but this isn't feasible. There aren't enough doctors, and there's also a question of money and time. If we lived by wishes instead of facts, we would never take a test that turned out "negative," and we would never neglect to take a test that proved "positive." But how can we do that? We can't!

Third, it is highly important to have a personal physician and learn to know him and have him learn to know you. Usually the doctor will be a general practitioner or an internist. But there are exceptions — a pediatrician for a child, or a gynecologist, who often notices some symptom outside his specialty, and so on.

Fourth, the patient, if he is dealing with a new doctor, should make it quite clear what he wants when he asks for an appointment for a checkup. Does he expect a routine, quick and inexpensive survey? is he worried over any particular problem? Or does he want "the works," and is willing to pay for it? Time must be allotted for the more complete examination and should be planned in advance.

Fifth, for any new patient, I regard a history as a fundamental requirement. Otherwise, how can a doctor evaluate the problems involved? I recall vividly a patient who denied rectal bleeding. Blood was discovered on examination. It was too late. He died in six months from the cancer of the colon.

* * *

NOTE TO MRS. C. H.: Yes, a borderline diabetic can become pregnant. So can diabetics. In either case, go to your doctor as soon as you even suspect pregnancy. (Every woman should do this, but it is especially true of diabetics.)

Billy Graham

I have trouble making friends. I am a Christian, and I get the feeling that people shun me because of this. Must I sacrifice friends just because I am trying to live right? F.M.

Though it is true that Jesus said, "Take up your cross and follow me," it doesn't always follow that real Christians have no friends. You may lose some of your friends who love conformity to the crowd more than a good conscience, but you should gain others. Christ gives one inner strength and people are attracted to a person of strength.

Ask yourself these questions: Am I cheerful? Do I compliment others freely? Am I critical of those who do not conform to my ideals? Do I feel better than my associates? Do I glory in my own goodness, or do I give God the glory for what I am?

The best way to have friends is to be one. Search out some lonely young person and be friendly with him. Don't wait for others to come to you. If you would share Christ, share yourself, your love and your understanding.

Around The Rim

Fine Arts And 'Un-Fine' Street

Prospects for a "fine arts center" here was discussed earlier in the week, a commendable project. It has a head start in that the Little Theatre already has a building suitable for such a center, by virtue of the Prairie Playhouse in the City Park. The shell is there, and it could easily be converted into a proper fine arts center without excessive cost.

THE ORGANIZATION has held the building many years and made some progress toward utilizing it as a playhouse. It has had free rein over remodeling, despite the fact that the city could make good use of the structure to store equipment for its burgeoning parks department.

A survey for the center comes at an opportune time. Perhaps a decision can be reached either to do something with the building or relinquish it to the city. In either case, the building would be put to good use.

* * *

A CLIPPING from a northern newspaper passed this way the other day wherein a columnist takes up his cudget against the killing of ducks, deer and other animals currently falling before the guns of the sporting men. I'll not start a mammoth stack of protest mail by adding to what that writer had to say.

But there is one point made there which bears repeating, in case you missed it. The Department of the Interior recently ruled that Eskimos in the Alaska area may not hunt ducks out of season—even though the meat is used to feed hungry children. It was pointed out that killing ducks in Alaska would reduce the numbers along the flyways frequented by the big city hunters in the United States.

Not that it makes any difference to the rest of us, but I wonder what the Eskimos make of it?

* * *

I SUSPECT that Scurry Street carries more traffic than any other non-highway street in Big Spring. And as the business aspects of the southern part of the city continue to grow, this traffic will almost certainly increase.

At the same time, Scurry Street probably has one of the worst surfaces in the city. South of Fifteenth Street, it is a badly deteriorated country lane, a constant working ground for the city street patching crews. North of Fifteenth, it has lost ground too, even though it was a good pavement at one time. Between Eighth and Ninth, water stands during rainy periods as the drainage is poor. There are no curbs in places and weeds grow in the street right of way.

INFORMALLY, some city officials have taken the commendable attitude that some adjacent property owners have paid for paving once (north of Fifteenth) and should not have to do it again. At the same time, many of these property owners might be quite willing to pay their share to get better paving. The entire length of the street is zoned either commercial or retail. To realize this potentiality, a good pavement would be a big step forward.

—V. GLENN COOTES

Politicians Will Miss Carrie

When Carrie Finnell died last week, the New York newspapers paid out passing tribute to the artiste who, 40 years ago, invented that all-American entertainment form: the strip tease.

As if this were not enough to enshrine Miss Finnell in Broadway's Hall of Fame, she went on to the invention of an even more awesome theatrical art form which she made peculiarly her own—peculiarly her own because, as far as I know, no one has ever duplicated Miss Finnell's accomplishment.

THE NEW YORK Times, for instance, with masterly reticence said that Miss Finnell "had become accomplished in the muscle-control of her bosom," and left it at that.

The New York Herald-Tribune ventured a little farther. It said, and truly, that "her act had to be seen to be appreciated, but it may be said that it depended upon Carrie's unique ability to manipulate her ample bosom north, south, east and west, clockwise or counterclockwise, all the while (she stood) otherwise immobile."

"MANIPULATE" is a poor choice of word. Miss Finnell's talent resided in the fact that she could rotate her bosom as, the Herald-Tribune stated, "clockwise or counterclockwise" in a display that was unique but, by present entertainment standards, both guileless and wholesome.

If I was surprised by the timid descriptions of Miss Finnell's Broadway and night-club act, I was amazed that no obituary so much as mentioned her influence on national politics in the 'Forties and early 'Fifties. I do not recall a major political convention of either party in those times at which Miss Finnell was not a star performer.

OF COURSE, she was not listed on the convention programs of either the Republican or Democratic parties and, as far as I know, she was never inside a convention hall. She was always too busy entertaining delegates in some plush night club in whatever city housed the convention.

Miss Finnell, who died at 70, was a fat, jolly woman, who had a mesmeric attraction for the serious, high-minded types who serve as convention delegates. Such was the affinity that a city bidding for a national political convention first made certain that Miss Finnell was available for a club appearance during the conclave.

JUST HOW MUCH influence she had on the politics of our time, it is difficult to determine now. But, as a reporter at these conventions, I retain a distinct memory of harassed chairman of, say, the rules committee, or the committee writing the party platform, being stymied for want of a quorum.

But the chairman always knew where to look for his committee members. He simply took a taxi to the night club where Miss Finnell was appearing and rounded up his boys.

NOW THAT she is gone, it is not too much to say that we shall not see her like again. National political conventions have not been the same since she retired some years ago. If there is any sentiment in Republican or Democratic bosoms—and that's where Miss Finnell would want it—both national conventions in 1964 will set aside a minute of silent tribute to their unofficial delegate.

Holmes Alexander

'Uncle's Got It'

WASHINGTON — In Costa Rica, where the Alliance for Progress is trying to open up new lands, there was need for a mapping survey.

Three well-qualified U. S. firms submitted bids to the Agency for International Development (AID). They were International Geotechnics and Resources, Inc., of White Plains (N. Y.), Aero-Service, Inc., of Philadelphia and Fairchild Equipment and Camera Company of Los Angeles. Although it's a cardinal principle of the Alliance that private investment shall be encouraged, these firms didn't get the work. The reason, succinctly stated, was this:

"Uncle's got it."

UNCLE SAM, in this instance, was the U. S. Corps of Engineers. The Engineers, through their subsidiary, the Inter-American Geodetic Survey, have got the Latin American map-making business sewed up.

Another firm, Lockwood, Kessler and Bartlett, of New York City, had an eye on a $150-million irrigation project at Yaque del Sur in the Dominican Republic. The company ran into the same blank wall.

"Uncle's got it."

THIS TIME Uncle Sam was doing business under the alias of the Tennessee Valley Authority (TVA). That's a laugh because TVA, despite its multitudinous activities, doesn't do irrigation work. TVA officials, upon inquiry, could name only one member of its staff with previous experience in irrigation.

SENATOR Milward Simpson (R., Wyoming), who looks like a shrewd country lawyer but has studied at the Harvard Law School, took these and similar matters to the Senate floor last week. He noted with approval that the House of Representatives and the Senate Foreign Relations Committee had both recommended the encouragement of private enterprise in technical assistance under the new Foreign Assistance Act. But he noted with disapproval that a section of the existing law, the Humphrey Amendment, contradicts these recommendations by authorizing AID to hire Federal agencies, as illustrated in the given examples.

VETERAN WASHINGTON legislators have become purblind to such inconsistencies. In this session, it's often been the new men—like Simpson—who see why Federal enterprise keeps grabbing the business which should go to free enterprise. Simpson offered an amendment to block the loophole. He had an airtight case. Senators Fulbright, Humphrey, Morse, Javits and Aiken supported the Simpson Amendment which passed without making much news on a voice vote.

SO FAR, SO GOOD —but the Kennedy Administration has a record of talking private enterprise, but of favoring Federalia. It's going to take constant vigilance by business, and business - minded legislators, to see that American Capitalism—a term we should use more often—gets the call over socialism. Senator Morse (D., Oregon), who has led this year's tighten-up fight on foreign aid, congratulated Simpson, saying:

"I am trying to move the bureaucrats out and the entrepreneurs in."

That's the language of Capitalism. We need more of it.

(Distributed by McNaught Syndicate, Inc.)

Too Few Trimmers

HONOLULU (AP)—There are so many coconut trees in Hawaii that there aren't enough people to keep them trimmed.

Trimming of trees on public streets and parks is necessary to prevent sore heads and dented cars—the nuts are not particular where they fall.

But the state employment service said there aren't sufficient trimmers on hand to keep the trees free of overripe and potentially dangerous nuts.

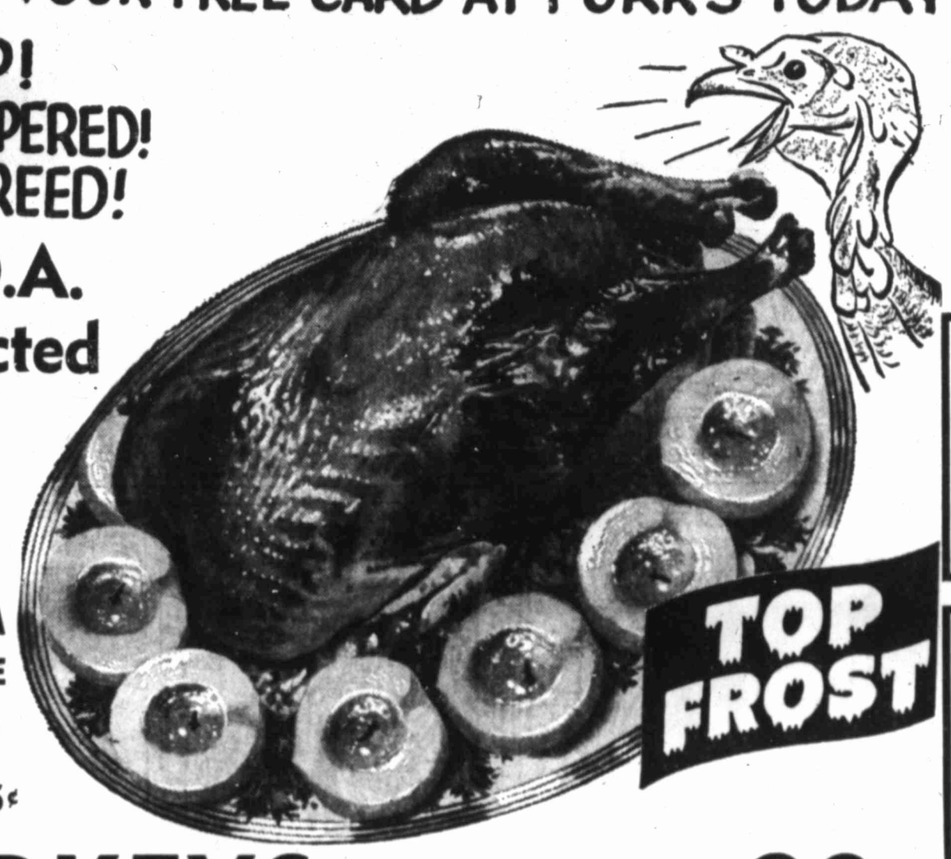

WIN-UP TO 100,000 FRONTIER STAMPS IN FURR'S STAMP BONANZA

Pick up your FRONTIER STAMP BONANZA card at FURR'S SUPER MARKETS IN BIG SPRING, at 11th Place Shopping Center. When all free punches on the left side of the card (letters A through L) are punched out with an official punch, the sealed flap will be opened by Furr's store manager or assistant. You will receive the number of FRONTIER STAMPS printed under the flap.

WHY

do stores start Christmas before Thanksgiving?

That's a question that's often asked, and it deserves a sincere answer.

★ Your newspapers appreciate the spirit that prompts many of the objections to early Christmas shopping promotions.

★ However, when the reasons for the urge to "Shop Early" are examined, the most critical agree it's MORE than a problem for stores alone.

★ So we're happy to take this opportunity of presenting some of the problems that confront all stores at holiday time.

★ Every successful store directs its best effort toward perfecting a helpful service to ALL its customers. And since many customers ask stores to make it easier for them to complete their gift shopping before the crowded post-Thanksgiving period Christmas merchandise and displays are brought forward early to accommodate them . . .

★ And scarcely a major store in the nation could cope with the store traffic that would be generated if any part of early Christmas shopping was postponed until after Thanksgiving. Even under present circumstanes most stores are strained to capacity during the peak of the season, to maintain the kind of store service all shoppers have learned to expect.

★ When you recall the extremely crowded conditions of stores the final two or three weeks before Christmas the problem becomes evident.

★ If no early Christmas shopping were done this condition would be multiplied many fold. (Actually there would not be enough room behind the store counters for enough salespeople to serve shoppers during this period between Thanksgiving and Christmas.)

★ The same condition exists in regard to the children's visits to Santa Claus. Thousands of children and their parents look forward to their annual visit with him and unless he makes an early appearance many hundreds would be doomed to disappointment simply because it's physically impossible to reach him in a shorter time.

★ Those in the store business know that an extremely large percentage of the Christmas gifts that are selected are items that are in plentiful supply the entire year.

★ If you were to ask the thousands of retail employes – and as a group they represent one of the largest employe groups in Big Spring–they would tell you that much of the stress and strain of their Christmas would be relieved if the shopping public would anticipate Christmas shopping throughout the year. Then you'd seldom hear your friends in retailing remark, "I'm simply worn down to my knees by Christmas Eve."

★ Granted that the problem is not a one-sided one, it should be recognized that stores are faced with the problems of convenient service to customers, of maintaining helpful employe relations, of providing a place where those of the public who cannot, or do not, plan ahead may select the traditional gifts for their loved ones and friends.

★ We are sure that if all of our storekeepers could chat with you, personally and informally, that you would be convinced of their sincerity, and that in the true spirit of Christmas, they would not be criticized for their efforts to perform a helpful service to their shopping public.

★ Finally, for all these reasons, and for others which will occur to you, don't you agree that beginning Christmas shopping early makes that task for you easier, faster and a whole lot more pleasurable?

★ So do yourself and your favorite stores a favor . . . start shopping now . . . while selections are at their best . . . while you have plenty of time to compare before choosing . . . while sales personnel can give you the kind of service you prefer.

And, to insure delivery by Christmas, be sure to mail your overseas packages by December 10!

GEORGE WOMACK
... honored artist

One-Man Show Set

COLORADO CITY (SC)—The Colorado City Brush and Palette Club has announced a one-man show in Civic House here from 1-6 p.m. Sunday.

The honored artist is George Womack, charter member of the Brush and Palette Club. He has painted for about 17 years. Fifty-two of Womack's paintings and drawings will be on exhibit.

Womack's art is largely self taught, but his painting has won local and statewide awards. They have won five Citation Awards in the Texas Fine Arts Association in the past five years. His paintings have been exhibited in Austin, Big Spring and Dallas.

He is a member of the Abilene Fine Arts Museum, past president of Brush and Palette and an official in the West Texas Art Association.

Womack has traveled widely, is a vice president of the City National Bank, and is prominent as a church and civic leader.

The public is invited, Curtis Baker, publicity chairman for the show said.

Water Reservoir Drops In Texas

AUSTIN (AP) — The drouth dropped water stored in Texas reservoirs in October, the Texas Water Commission said Wednesday.

Stored water in major reservoirs decline from 7,466,000 acre-feet to 7,186,500 during the month.

Conservation storage at the end of the month was 61 per cent of potential capacity, compared with 80 per cent last year.

Kiwanis Club Annual

Chili Supper

The organization with the reputation of making the best pancakes in West Texas now adds chili and beans to their schedule of events.

Hemphill-Wells

Building Fund

The Elks Lodge building fund is $500 richer following a gift from the B.P.O. Does last Saturday. Mrs. A. N. Rutherford, president of the Does, presents the check to Leland Graves, exalted ruler. The money will probably be used for drapes when the lodge's new building is erected, according to Graves. The check was presented at a dance held in the lodge hall Saturday night.

'Civil Rights Smog' Hits Congress, Senator Says

WASHINGTON (AP) — In the news from Washington:

SMOG ON THE HILL: Sen Hubert Humphrey put a stethoscope to Congress and diagnosed that it is a victim of "a civil rights smog."

Humphrey, assistant Senate Democratic leader, said that once the battle over civil rights legislation is over, "the problems of managing the Congress will be over."

"Until that day," he warned Wednesday, "leaders can implore and deplore . . . but there will not be much improvement."

His implication was that Congress' wheezing pace is caused by maneuvering of Southern foes of civil rights legislation—many of them entrenched in key posts in Congress.

With time running out, there's little likelihood the measure will be acted on this year.

• • •

DISARMAMENT: The House approved Wednesday by a 252-133 vote a bill authorizing $10 million a year for the U.S. Disarmament Agency.

This is the same amount the Senate approved but only two-thirds of what the agency had requested.

Disarmament Agency chief William Foster had testified that such a slash in the agency's funds would mean a 40 per cent cut in its research contracts.

The bill goes back to the Senate where adoption is likely.

• • •

ALABAMA CHARGES: The Justice Department has challenged Alabama officials to back up charges that department lawyers had concealed dope adicts, consorted with sex perverts, contributed to the delinquency of minors and fomented insurrection.

The allegations were communicated to the department in a telegram from Robert D. Wilkinson, foreman of the Dallas County (Selma, Ala.) grand jury investigating the Justice Department's activities in connection with racial strife in Alabama.

The grand jury plans to visit Washington Monday and question Atty. Gen. Robert F. Kennedy.

Asst. Atty. Gen. Burke Marshall, chief of the department's Civil Rights Division, said in a telegram to Wilkinson and Circuit Solicitor Blanchard McLeod that "it is hard to believe these charges are seriously intended since no names, dates or other identifying data are given."

County Cases To Be Tried In '64

By agreement, trial of condemnation suits over land of H. S. Moss taken by the state for highway needs, will not be heard in Howard County court until after Jan. 1.

Lee Porter, county judge, who had listed the Moss matters for disposition next week, said attorneys for the landowner and the state had conferred and agreed to delay the hearings until the end of the year.

There is a possibility of a compromise on some of the four suits, Porter was told.

Castro Seeking Execution Of Two Canadian Pilots

OTTAWA (AP)—Prime Minister Fidel Castro's government is going to ask the death penalty for two Canadian pilots, Prime Minister Lester B. Pearson told the House of Commons Wednesday.

Pearson said the pilots are to go on trial Saturday on charges of smuggling explosives and endangering the security of the state. He said his government is following the case with "most serious concern."

The men — Ronald Patrick Lippert, 32, of Kitchener, and William David Milne, 31, of Montreal, were arrested Oct. 24.

• • •

TAIPEI, Formosa (AP) — President Chiang Kai-shek's Kuomintang party promised today to hold general elections and reorganize the Central government "when the mainland is recovered."

The promise was contained in the platform adopted at the party's ninth National Congress.

Nationalist China's last election was held in 1947, before the Communists conquered the mainland.

• • •

SAIGON, Viet Nam (AP) — South Viet Nam's new revolutionary government will establish a commission to investigate crimes committed during former President Ngo Dinh Diem's tenure of office.

GOREN ON BRIDGE

BY CHARLES H. GOREN
(c 1963: By The Chicago Tribune)

Both vulnerable. North deals.

NORTH
♠ A Q 7
♡ 9 8 6 5
◇ A K Q 8 5
♣ 8

WEST
♠ 8 6 4 3
♡ K
◇ 10 9 6 4
♣ K Q 10 4

EAST
♠ J 10 9
♡ Q 10 4
◇ 7 2
♣ 9 7 6 3 2

SOUTH
♠ K 5 2
♡ A J 7 3 2
◇ J 3
♣ A J 5

The bidding:

North	East	South	West
1 ◇	Pass	1 ♡	Pass
3 ♡	Pass	6 ♡	Pass
Pass	Pass		

Opening lead: King of ♣

The small slam reached by North and South is a reasonable effort. When South responded with one heart, the opening bidder's hand became worth 18 points in support of that suit [15 high cards and 3 for the singleton, because it is to be remembered that the North hand now becomes a dummy in support of hearts]. The jump to three hearts is quite acceptable, and the only objection is North's lack of a trump honor. Facing a partner who could open the bidding and follow up with a jump, South realized that his side had all the necessary ingredients for the slam formula. So, without further ado, he bid six hearts.

West opened the king of clubs taken by declarer's ace. With the appearance of the dummy, it was immediately apparent to South that he had more than enough tricks and the only problem was to hold his trump losers to one. He entered the North hand with the ace of spades and led the nine of hearts. East promptly played the four, and the declarer after a moment's thought, put in the jack from his hand.

West was in with the king of hearts and he returned a spade. South won the trick in his hand and laid down the ace of trumps. When West showed out, another heart trick had to be conceded to East and the slam was defeated.

Declarer had made the proper play in leading a heart from the dummy and, if East had covered with the ten, it would have been correct for South to play the jack from his hand. This protects him from losing two heart tricks in the event that East has the K-Q-10 of trumps.

When East follows with a small heart, however, South should play the ace from his hand. This has the advantage of eliminating any guess work on the next lead of the suit. In addition, the play of the ace gains whenever West has the singleton king or the singleton queen. It loses only when he has the lone ten. Two chances are certainly better than one.
